

By MARTHA SAGER

This column can feel only grim amusement at newspaper accounts of the "savage" natives on the Solomon Islands.

If you're the kind who hates to hear about other people's operations here's a tip. Avoid the residence of 853 Rivard boulevard, where Mr. and Mrs. Robert Haslett, side by side, are recuperating from two emergency appendectomies.

Questioning of Mr. Haslett's buddies in the city has disclosed two diagnoses of the above series of events, neither, we might add, of the unprejudiced sort.

ONE BUCK... One government department might profit from rereading some of the recent official orders growing out of the war.

Patriotic, but misinformed housewives have been causing some confusion around the Grosse Pointe war ration board offices recently.

The sincere interest of Grosse Pointers in the local Share-a-Ride program was reflected again this week.

Large knitting needles and crochet hooks are urgently needed for use at the A.W.S. workshop.

Housing Shortage for Teachers Threatens Pointe School System

Flooded Basements, Streets Bring Usual Complaints, Excuses

Government Priorities Prevent Woods, Park from Securing Needed Equipment; Officials Say

Every year at this time, Grosse Pointe experiences a heavy storm. Every year the streets and basements are flooded.

This year is no exception. The storm came last weekend; this week have come in turn the complaints, the excuses and the explanations.

Farms Army Pilot Suffers Severe Burns In Plane Crack-up

Was Planning Visit Home At Time of Accident; Army Orders Investigation

First Lieut. Frank E. Werneken, Jr., son of Mr. and Mrs. F. E. Werneken, of 206 McKinley, Grosse Pointe Farms, received severe burns and head injuries Sunday in a crash of an army bomber in a swamp near Raleigh, N. C.

Lieutenant Werneken was piloting the plane, a P-36 Martin bomber, at the time the crash occurred.

Lieutenant Werneken was starting off from Raleigh, N. C., to return to his home base at MacDill Field, Tampa, Fla., after weather conditions prohibited his contemplated flight to Detroit.

Body of 3-Year-Old Boy Recovered from Lake Last Night

The body of Lloyd LaForest, 3-year-old, who was drowned Saturday night when he fell from a boat in Lake St. Clair was found floating opposite the Grosse Pointe Yacht Club about 8.30 last night.

The body was sighted by Emerick Keimew and T. Faber Martin, both of Detroit, and members of the Crescent Yacht Club who were taking part in a race.

The boy was out sailing with his parents, Mr. and Mrs. Lloyd LaForest, of Mr. Clemens, when the tragedy occurred.

NOTICE The Grosse Pointe Review again wishes to call to the attention of those writing to the editor that all letters submitted for publication in this newspaper must bear the name and address of the writer.

Poised for Action . . .

Here is the scene at the new air raid warden headquarters as enacted for last night's blackout.

Home Canning Rules for Annual Show

Nine Classes Open; Entries Due Sept. 12

Nine classes of exhibits in home canning will be a feature of this year's fruit, flower and vegetable show being held Sept. 12 and 13 at the Neighborhood club under the auspices of the Grosse Pointe and Eastern Michigan Horticultural Society.

The classes include jelly, jams, marmalades, preserves, butters, canned fruits, pickles, canned vegetables and dried cooking herbs.

Ribbon awards will be made in each case with special recognition being given to outstanding exhibits.

All entries in these classes must have been processed by an exhibitor and must be labeled as to contents.

Warning Notice Once again, a youthful racketeer is at large in the Pointe, posing as a representative of The Grosse Pointe Review.

Failure to Process Tin Cans Hinders Salvage Drive

Pointe-wide response to government advertising and editorial appeal in the columns of The Grosse Pointe Review last week in the national salvage campaign proved to be a disappointing one.

WASH cans thoroughly after emptying contents. Remove paper labels. (Labels usually come off anyway in softening process.)

School Authorities Band to Probe Lack of Housing

Teacher Shortage Seen as Result Of Problem Here

When a new teacher coming to Grosse Pointe resigned because he couldn't find a house to live in, the teachers of Grosse Pointe public schools and of the Detroit University and Country Day schools combined forces to see that it doesn't happen again.

A meeting of the medical, nursing and emergency food, clothing and shelter divisions was called immediately following the blackout to test the responsibility of those units.

The switch in time of the blackout from 11 to 10 p. m., had led defense leaders to expect some confusion here, but only minor violations, and those few in number, were reported.

A check-up at the air raid warden headquarters, two hours after the conclusion of the blackout test, revealed that only one warden had reported a violation at that time.

Five incidents were reported by City of Grosse Pointe police, two of which were technical violations, where residents had left their cars locked while parked at the curb.

Probably ten men with families will enter teaching service in various Grosse Pointe schools in September. The problem which faces the community is to find four to six.

Youth to Face Circuit Court on Negligent Homicide Charge

Tells Court He Doesn't Remember Details of Fatal Crash; Released on Bond

Lloyd J. LeBeau, 18, of St. Clair Shores, was bound over for trial by circuit court Monday night when Justice Victor DeBaeke decided that the testimony of three witnesses was sufficient to establish reasonable cause for holding the youth on a charge of negligent homicide.

LeBeau was the driver of the car involved in an accident last month which led to the death of Miss Helen Krause, 22, of Mariborough avenue, Detroit.

LeBeau testified that he remembered nothing about the accident, that he had apparently fallen asleep at the wheel or lapsed into sudden unconsciousness just before the crash.

Hit-Run Driver Rams Into House in Flight From Accident Scene

Driver, Passenger Treated For Minor Wounds; Had Been Drinking, Say Police

James C. Marinus, 274 Lewiston avenue, Grosse Pointe Farms, was tickered for reckless driving when he crashed into the corner of the home at 344 Kercheval avenue while fleeing from the scene of an accident with another car.

Dr. William M. Bremer, 302 Tonawanda road, told police that he was driving east on Lake Shore drive when his car was struck by the automobile driven by Marinus.

Back to School
David M. Bogle, son of Mr. and Mrs. Henry C. Bogle, 423 Lakeland

avenue, will return to his classes at the Missouri Military Academy, Mexico, Mo., on Sept. 7.

GROSSE POINTE AWVS STAGE 'UNIFORM DRILL'

Grosse Pointe's AWVS got their first real taste of army discipline Tuesday evening when two U. S. army officers came out to Grosse Pointe high school to lead them in a "uniform drill." Members turned out en masse for the affair, the first of a series of such drills. Shown in the top picture are, left to right: Lieut. Loraine Rotheret; Capt. Harry Olsen, U. S. army air corps recruiting service; Mrs. Sidney Small, chairman, Grosse Pointe AWVS; Col. Maxine Quirk, Sergt. Norval Fortune, U. S. army recruiting office; Lieut. Regine Freeman and Lieut. Nancy de Rostang. Below them is a picture of the women who took part in the drill. — Review Staff Photographer

FARMS, WOODS COUNCILS MEET THIS WEEK
The Grosse Pointe Farms village council will meet Monday evening, Aug. 17, at 8 o'clock in the village hall, 90 Kerby road.
The Grosse Pointe Woods village commission will hold its next regular session the following night, Tuesday, Aug. 18, at 8:30 o'clock in the Woods municipal building.

Junior Jottings

By **BONNIE ESSERT**

THIS WEEK WE'RE FEATURING red, white and blue... gals in the AWVS who are working as cadet recruiters... signing up boys for the air force at the hangars here and there. Mary Jane Barrows, Elizabeth Cooke, Mary Lou Kappel, Virginia Livermore, Erna Lee Brietsch, Julie Belanger, Janet Lhl and Sara Beeler are a few of the many taking time-out for the flag in this special way.

YES, PEOPLE ARE STILL coming and going... Faye Barrett is back from Crustalaine Camp and Jean McGonachie is sparking out next Saturday to Wilmington, Ohio, to visit her aunt.

THE OTHER EVE... FRIDAY it was... we saw Jackie Hirt and Dick Stein, Barb Nixon and Jim Stein, Pat Tobin and Bob Everett and Ann Leverenz and Dave Johnson funnin' it... They tell me everyone held his breath but weather sweetly permitted dancing outdoors.

TED JOHNSTON AND AL AND Harry Winning are leaving next Saturday to take a long-awaited trip through the north Woods... The trip was thought of way back and has been in the planning process ever since... The fellows will be gone about two weeks.

ANN ARBOR ARRIVALS really poured in last week... Guess the college crowd hasn't forgotten the old home town after all... Marcia Netting arrived last Wednesday and Kay Sherman, Dotty Castriem and Florence Fee spent a week at Marcia's... Still in the social whirl, Marcia staged a potluck supper with Marilyn Bard, Dotty Jacobson and Ruth Ives the appreciative guests.

Mrs. McKenna Found Guilty of Disturbing Neighborhood Peace

Justice DeBaake Requests Report From Psychiatrist Before Passing Sentence on Woman

Mrs. George McKenna, 1410 Rockwood road, was found guilty of disturbing the peace and using obscene and profane language when she appeared before Justice Victor DeBaake in Grosse Pointe Woods on Tuesday morning. Justice DeBaake found her guilty by default of passing sentence on Monday evening, Aug. 17. He commented that a psychiatric report be turned in to him before that time. The charge against Mrs. McKenna was brought by neighbors on Rockwood road.

Tea table was one of the most... (text partially obscured)

Fritz Kreisler to Appear October 27

Fritz Kreisler, world famous violinist who was injured in a traffic accident a little more than a year ago, has completely recovered and his 1942-43 concert tour has been completely booked.

Early this year Kreisler appeared in concert at Albany, N. Y. and at Springfield, Mass., where he thrilled large audiences with his brilliant performances.

Among the many cities Kreisler will visit this coming season is Detroit where he will appear at the Masonic auditorium on Tuesday evening, Oct. 27.

Season ticket holders will have the choice of attending either the concert by Kreisler, or a concert by Serge Rachmaninoff on Oct. 12.

Other outstanding attractions on this series are: The famous Philadelphia Symphony Orchestra, conducted by Eugene Ormandy on Nov. 3. On Tuesday evening, Dec. 15 the General Platoff Don Cossack chorus will appear. Richard Crooks, tenor of the Metropolitan Opera Association will be presented on Jan. 8, 1943, assisted by William Primrose, world famous violinist. On

Thursday evening, Feb. 4 the Ballet Russe de Monte Carlo is scheduled for their annual appearance here and the series will close on Monday evening, March 22 with Marian Anderson, contralto.
Season tickets are now on sale at the Masonic Temple and the downtown box office at Grinnell Brothers Music Store will open shortly.

Brown eyes indicate warmheartedness, black a desire for power, hazel, a merry disposition, blue, optimism, gray, wisdom, green-gray, astuteness and talent according to a student of the subject.

Bomb 'em with JUNK

JUNK NEEDED FOR WAR
Scrap Iron and Steel

Needed for all machines and arms of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.

Other Metals—Rubber—Rags—Manila Rope—Suriap Bags

Needed for making bombs, fuses, binoculars, planes, parachutes, gas masks, barrage balloons; wiping rags for guns; tin cans; insulation for electric wiring.

WASTE COOKING FATS—Strain into a large tin can and when you get a pound or more, sell in your meat dealer, tin cans—wanted only in certain localities—Waste paper and NOT NEEDED (at this time)—Razor blades—glass.

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your Junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

Catholic Information

Bugs! In the last half of the last century Samuel Stehman Haldeman became a Catholic. Because he was an outstanding intellectual of his day and held the Chair of Natural Sciences at the University of Pennsylvania, his conversion caused much comment. The story is told that the eminent professor, when asked what led him

to the threshold of the church, would answer with the single word—"Bugs!" "Bugs!" his amazed inquirer would ask. "Why bugs?" To which the scientist would reply as follows: "No matter how tiny the insect, I have found that the God Who made it, provided one organism that controlled all parts and kept them working together. I believe that when He was making so big a thing as the church, He would do as much

for it. There is only one church with such a single controlling organism. That is why I became a Catholic." Of the more than 60,000 people who embrace Catholicism yearly in this country, there are probably several hundred reasons therefor. But what more gigantic intellectual reason than Professor Haldeman's tiny bug! These articles are published with the hope that you will find them both interesting and informative and with the hope that their friendly nature will encourage you to ask for information on many other things so generally misunderstood by our good friends of other creeds. Write to: Catholic Information Society of St. Paul's Church, Mary Laasars, 328 Rivard, Grosse Pointe, Mich.

Blackout

(Continued from Page One.) evidently the result of negligence on the part of furniture movers. One of these incidents occurred on Rivard Boulevard, the other on St. Clair avenue. Most serious case, from early appearances, occurred on Calvin avenue in Grosse Pointe Farms, where lights were found burning throughout one house, long after the warning signals had sounded. Investigation of this case, too, was still under way as The Review went to press. One of the most interesting and most vital phases of the civilian defense program occurred following the actual blackout, when the staffs of the various shelter centers were ordered to report. Should a raid occur, it would be these units who would furnish immediate protection to those caught on the streets, and clothing, food and refuge to those whose homes were destroyed or made uninhabitable. Four such units have been established in this area, all in school buildings.

Draft Boards Advised to Defer Science Students

Local selective service boards are urged to consider occupational deferment for students who have completed two years of study in scientific or specialized fields at colleges or universities, in a bulletin issued by Lewis B. Hershey, director of selective service. This directive to local draft boards marks a new phase in the effort to allocate manpower on the basis of the needs of the total war program. It is designed to maintain a continuous flow of technically and scientifically trained personnel which is more important in this war than in any preceding war. Local board 57 has been following this practice in the past, board members declared, deferring all those men in the upper half of their period of

study and who are studying in scientific or specialized fields. The same practice has been followed in the case of medical students. Students in law schools who have only one more year of study before receiving their degrees are also being deferred, board members said. Selected graduate students also are included in the recommendation for deferment. In addition to specifically listing fields in which shortages of personnel exist, the new bulletin issued by Director Hershey also includes a new provision, a 60-day period of deferment beyond graduation in order that persons who have completed their course of study may "have an opportunity to engage in a critical occupation in an activity necessary to war production or essential to the support of the war effort." The bulletin recommends deferment of graduate or postgraduate students if, in addition to pursuing

additional studies, they are acting as "graduate assistants" or are engaged in scientific research of value to the war effort, provided such research is supervised by a recognized federal agency. Engineering positions dominate the list of fields recommended for deferment. Aeronautical, automotive, chemical, civil, electrical, heating, ventilating, refrigerating, air conditioning, marine, mechanical, mining and metallurgical including mineral technologists, radio, safety and transportation (air, highway, railroad and water) engineers are included. Other positions on the recommended deferment list are: Accountants, chemists, geophysicists, industrial managers, mathematicians, meteorologists, naval architects, personnel administrators, physicists including astronomers, psychologists and statisticians. Students of agriculture, bacteriology, biology, agri-

cultural engineering, cartography, hydrology, osteopathy, pharmacy and those majoring in the teaching of physical education are still eligible for deferment, but how long this exemption will be continued is not certain as these fields are not included in the latest list issued by selective service headquarters. From birth to death, Alexander Schafer lived within an area of three blocks in the town of Schaffersburg, Pa., and still was a resident of four different counties, Chester, Lancaster, Dauphin and Lebanon. The territory in which he lived was subdivided from 1712 to 1786, thus accounting for the changes according to historical researchers. During a lecture on plotting firing for coast artillery guns in Camp Callan, the lieutenant asked: "What is azimuth?" The answer was, "A kind of coughing or sneezing."

July Traffic at Straits Drops 43% Over '41

July reports of traffic at the Straits of Mackinac showed a 43 per cent decline as compared with July of 1941, it was announced this week by G. Donald Kennedy, state highway commissioner. On the basis of these reports, Kennedy said that the Steamer Straits of Mackinac would no longer be held in readiness to work in conjunction with the other three state-owned boats. Crews which have been kept on board this boat will be released immediately. The boat, however, will be kept in condition to go into service should any of the other boats be forced to stop operations for any reason. Crews from other boats can be transferred. The Straits of Mackinac has been kept ready for immediate service during peak hours as was necessary at several periods last year. Kennedy said that the present action would in no way interfere with maintaining of present published schedules. During July of 1942, the boats transported a total of 46,009 as compared with 80,444 during the same month of last year. Total vehicles for 1942 through July are 128,044 as compared with 167,502 for the same period of 1941 or a decrease for the year to date of 23.6 per cent.

Musical Variety Show at Stevadora

Eddy Shepherd's vacation must have done some good for this week he presents a fine variety show that has lots of entertainment value. Esther DeRoy and her Glamour Girls set the pace with new routines and dance specialties. Boscart, the suave deceiver turns out to be an excellent magician who presents some fine tricks that are quite uncommon. The eccentric dancing comedians, Nichols and Haley, make a return appearance this week and make a decided hit in the laugh department. The vocals are well taken care of by the Irish tenor, Jack O'Neil and charming Ethel Shep-

herd. The surprise of the show is a diminutive chap named Tony DeMarco (not the ballroom dancer) who stomps and taps his way into great favor with the audience. Joe Banker and his orchestra play the show in grand style as usual.

PARK COUNCIL MEETING IS POSTPONED

The regular meeting of the Grosse Pointe Park village commission, scheduled to meet last Monday night, has been postponed to Monday evening, Aug. 17. The original meeting was postponed when an insufficient number of commissioners appeared to create a quorum. The meeting this Monday will be held at 8 p.m. in the village municipal building, Jefferson at Maryland avenues.

—CONCERT—

(Continued from Page One.) church last Fall and has been engaged again to sing there this Fall and Winter. She was soloist at the Jefferson Avenue Presbyterian church for four years. She has been booked to sing before the Detroit Musicians League this Fall and at the convention of the Michigan State Teachers Association in Detroit in October. Mrs. Schleicher is a member of the Tuesday Musicale, the Musicae Art Club and of Sigma Alpha Iota, national music society.

Following is the program for tonight's concert as announced by Valter Poole, conductor:

AS FOR THE RUBBER PROBLEM . . .

Collection Agencies Realize No Profit From Rubber Salvage, Government Spokesman Says

Charges that the four large national scrap rubber brokers appointed as buying agents of the Rubber Reserve Company are making excessive profits in the scrap rubber salvage program led the Michigan salvage committee this week to issue a clarifying statement outlining the true facts relating to the operation of these brokers.

The Rubber Reserve Company was authorized by the Reconstruction Finance Corporation to purchase scrap rubber at a uniform price throughout the country. This practice was necessary in order to bring out much scrap which previously had been uneconomical for the dealers to handle.

To carry out its program the Rubber Reserve Company appointed as buying agents four large scrap brokers, A. Schullman, Inc., of Akron, O.; H. Muehlstein & Co., of New York City; Nat E. Berzen, Inc., of New York City; and Loewenthal Co., of Chicago, Ill. These four agents went out of private business on June 18, selling their inventories, closing their books and becoming virtually U. S. government employees.

These four companies ordinarily buy and sell approximately eighty per cent of all the scrap rubber in the country. They have nationwide organizations and can handle all the scrap that will be bought by Rubber Reserve Company. Other scrap dealers may sell scrap rubber to Rubber Reserve Company through any one of these four companies at \$25 per ton, carload lots, l.o.b. point of shipment, and six cents a pound for tubes.

All the scrap rubber these four agents buy or sell belongs exclusively to the federal government. The brokers have no financial interest in it. They are to receive a commission for handling which is equal to or less than the customary commission established in the trade for years and is considerably less than it would cost the government if the same functions were to be performed by inexperienced agents which the government would have to set up.

Miscellaneous rubber must be sorted, graded, cleaned of foreign substances and prepared for mill shipment. The four agents of the Rubber Reserve Company are equipped to do this with experienced personnel.

All profits which result from high grade scrap sorted out accrue not to the four brokers but to the government to help offset the loss which the Rubber Reserve is going to take in buying low grade rubber, such as rubber mats. The agents will receive a fixed fee, to be determined on the basis of a 60-day trial period, for sorting miscellaneous scrap rubber regardless of contents. At the end of the trial period, the books of all four agents will be audited by the RFC and fees adjusted on a cost basis.

These rubber purchases are entirely independent of and in addition to the rubber gathered by the oil companies in the Scrap Rubber Drive authorized by the President.

Grosse Pointe Baseball League

Results second round playoffs: Grosse Pointe Shores, 9, 9, 5; East Detroit, 8, 13, 2.

E. Roberts and Gregg; Farnum, Walz and Schang. Blazer Auto, 2, 8, 1; Ulrich Lumber, 0, 6, 1. Pugh and Stuedle; Walker and Wertz.

Grosse Pointe Shores is leading in the playoffs with 2 wins and no defeats. East Detroit and Blazer Auto are tied for second spot with one win and one loss. Ulrich Lumber and Gale Jewelers are credited with one loss each, neither team having won.

Schedule Aug. 16 East Detroit vs Blazer Auto at East Detroit. Ulrich Lumber vs Gails Jewelers at Hazel Park high. Grosse Pointe Shores, bye. Games start at 3 p.m.

Local Warden Is Honored by U. S. Marine Corps

The U. S. marine corps has awarded the certificate of Honor to Reserve Recruiting Official to Ralph D. Johnson, of the J. I. Hindon Company, for his splendid cooperation in World War I. Johnson and his staff were in charge of the Detroit and Michigan U. S. M. C. promoting the best interests of the great branches of our military services. Johnson is also active in the local civilian defense work, serving as air raid warden under R. E. Beale, chief of District 3.

men according to the list released last week from the navy recruiting office. The local men who enlisted are: William R. Mills, Frank L. Klebba and Frederick C. Moore.

14 Men Leave Friday For Army Service; Plan Send-Off Party

Pianist to Play Songs Boys Request as Feature of Party Tomorrow Morning

The 14 men who march away from Grosse Pointe Friday morning to begin their active service with Uncle Sam's army will go with their favorite songs ringing in their ears, according to the plans being made by Mrs. Martin Nielsen, chairman of the special committee of the Ladies Auxiliary to the Burns Henry Post, American Legion, which is co-sponsoring Grosse Pointe's next send-off party for draftees.

The auxiliary has engaged Bob Casey to play for the party and he has offered to play all requests that the boys and their friends at the party Friday morning make.

A second feature of the party will be a talk by the Rev. Earl Papke, who is himself awaiting his draft call, according to Mrs. Hazel Allor, auxiliary president. Rev. Papke, a theological student at Kap University in Columbus, Ohio, is serving as guest pastor this summer at the First Evangelical Lutheran church in Detroit.

As in past parties of this kind, the drum and bugle corps of the Burns Henry Post will again be on hand to add color and music to the parade. Marian Bishop will be there twirling her batons and the flags merchants are now displaying before their stores on Kercheval avenue are expected to add another unit of patriotic color to the parade.

As in past parties, two members of the Breakfast Club will serve the departing draftees with breakfast of coffee and doughnuts.

The Legion Auxiliary is co-sponsoring the party with The Home Front, a local organization designed to provide the boys leaving for service with a farewell party and to welcome them on their return.

The men leaving Friday are those accepted for service from the group who reported for final physical examinations at the Detroit induction center on Aug. 1. They are:

- John F. Casey, 1849 Prairie avenue, Detroit; Carl J. Corsi, 1609 Lochmoor boulevard; John F. T. Henry, 19035 Huntington (limited service); Leon H. Maenhout, 1335 Anita; Wilbur Manning, 1134 Wayburn; Ben J. McLachlan, 277 Merriweather; John F. Moran, 1035 Bishop (limited service); Robert J. Nester, 577 Lincoln; Raymond E. Platz, 826 Barrington; Emil Plewka, 383 Lae Shore; Victor C. Schneider, 1155 Wayburn; John G. Sloan, 17131 Kercheval; William A. Waldie, 2188 Ridgemont (limited service); and Joseph C. Whalton, 1040 East Grand boulevard.

—PILOT—

(Continued from Page One.) Mrs. Werneken flew to Raleigh Monday afternoon to be with her son.

The injured man enlisted in the army air corps in June, 1941, and received his preliminary flight training at Parks Air college and at Randolph Field. He received his wings and his commission as a second lieutenant in February after completing his final training at Ellington Field, Texas. He was promoted to first lieutenant in June and has been serving as an instructor at the MacDill Field bomber base in Tampa.

Before his enlistment, Lieutenant Werneken was a teacher at the Grosse Pointe Country Day school. He is a graduate of Cranbrook and Yale universities.

Ships' Galleys Produce Fats for Explosives

Cooks of Great Lakes steamers are turning in cooked fats from their galley as their ships pass the Soo locks. D. J. McDermott, chairman of the household fats section of the

salvage committee of the Chippewa county council of defense, has arranged with the U. S. Steel company fleet for salvage of the cooking fats, badly needed now for glycerine used in manufacture of explosives. This material has previously been thrown overboard and wasted.

DOGGERUTS By MARY BLAKE Cream Service Dept. Confection Co. 1 1/2 cups butter 3 tbsp Cocoa 1/2 cup sugar 1 egg 1/2 cup milk 1/2 cup oil 1/2 cup brown sugar 1/2 cup flour 1/2 cup nuts 1/2 cup raisins Cream butter and sugar, add beat on eggs and beat until light and fluffy. Dilute the Cocoa with water. Mix dry ingredients and add them with the milk, combining quickly with a slight 1/2 hour knead. Put in roll out to 1/2 inch thickness. Cut with a doughnut cutter. Fry in deep hot fat (350° F) but enough to brown a 1 inch cube of bread in 60 seconds. About 2 minutes is required for cooking. Drain on soft paper and roll in confectioners' sugar.

Nurseries to Aid Only Mothers in Defense

The need and facilities for community provision for day care of children of mothers working in defense industries is now being investigated by the Grosse Pointe committee for day care of children.

Dr. Essert has appointed the following committee to study the problem of day care of children in Grosse Pointe. Harold Husband, Mesdames Donna King, Jetta White and Ruth Flom, chairman.

The committee is not concerned with taking care of children while the mother is taking a first aid course or while she does her marketing. Only the children of mothers actually engaged in defense work will be eligible for consideration.

The WPB estimates that one hundred thousand women are needed to help fill the war labor quota in the Detroit defense area alone. It will be practically impossible to meet this labor quota if no facilities are provided for the care of the children of women war workers.

Information on the V-1 change was given Lieutenant Flechtner by Lieut. Trusdell E. Wisner, assistant inspector of navy recruiting, central division, in charge of Class V-1. He came to Detroit from Chicago to publicize V-1 changes.

Navy to Accept High School Seniors; Active Duty Later

Changes in navy recruiting regulations of wide interest to high school senior men and those in college have been announced by Lieut. Byron E. Flechtner, officer in charge of the United States navy

Call and Delivery Service Tuxedo 1-1510 Preferred Cleaners Wm. "Bill" Thompson Our Specialty Tailors and Furriers 18312 Mack Ave. At McKinley

Under former Class V-1 regulations, enlistees who failed to remain in college for two years or to pass the V-1 classification examination were called immediately into active service as apprentice seamen.

New V-1 rulings announced by Lieutenant Flechtner enable students in V-1 who fail to remain in college for the required two years or to pass the classification examination to go to one of the navy's flight training centers, providing they can pass physical and mental

Further information on changes in Classes V-1 and V-5 of the naval reserve may be obtained at navy recruiting stations.

Letters to the Editor

Dear Sir: It was quite an unexpected pleasure to receive The Grosse Pointe Review recently. I had no idea the paper was being sent to Pointers in the service and was very glad to see the familiar name "The Grosse Pointe Review" in my mail.

Words cannot express the feeling one has when word of this type comes from the home town. We all appreciate and look forward to a continuation of this admirable service.

With sincere thanks, I remain, CADET CLAYTON SCHWARZ

Editor, Grosse Pointe Review. Dear Sir:

I wish to call to your attention an article entitled "There's a Moral Some Place, etc." This type of an article deliberately "panning" an officer of the law "smells" of personal prejudice and should have no place in your paper.

As I understand Patrolman Bem is a new man on the force and just getting his "bearings." When you question his integrity you also do that of those who selected him for this job. This, in my estimation, is very poor sportsmanship and judgment.

I also learned on further questioning that this traffic offender was

In printing this letter The Grosse Pointe Review is breaking one of its established principles, that all letters submitted for publication must carry the name and address of the sender. The letter printed here was not signed; but in view of its intensions against the character of this newspaper, the publisher decided to print it in full. We want no whispers or gossip that the Review refuses to print a letter directed against it.

Merchants Warned Of Collection Racket

The Dry Goods Journal has warned all of its subscribers in the retail business to beware of the collection agency rackets now on the increase. War times always produce more of these get-rich-quick schemers who make the merchant sign a misleading contract before they start to work.

Other fake collection agencies pose as account-purchasing concerns and profess to buy the delinquent accounts outright. The duplicity is no less real, and the merchant holds the bag. Every retail merchant ought to be warned against these insidious collection racketeers, several of whom were sent to federal penitentiary a few years ago for their malpractices.

Schools to Open Sept. 8; Teachers Institute Sept. 1-5

Practically all plans have been completed for the opening of Grosse Pointe public schools on September 8. School offices will be open during business hours all of the week of Aug. 24. Parents of children new to the school system have been urged to register and enroll them in advance.

All schools will open and close 30 minutes later this year than last so that school bus schedules will not conflict with commercial and industrial demands of the war. The schedule for this year will be: Elementary schools--9:15 to 12 in the morning, and 1:15 to 4 in the afternoon.

Secondary schools--9 to 3:30. The secondary school lunch periods come at different times for several shifts.

Probably fifty-five hundred children will enter the public schools of Grosse Pointe. This is an expected increase of 300 over last year. There will be 207 teachers, 35 of whom are new to Grosse Pointe. This unusually large number of new teachers is due mainly to resignations due to war conditions, military service and other causes associated with the war.

Because of the large number of new teachers and because of the unusual demands of the war on teaching services, the Grosse Pointe public schools will hold a special planning conference the week of September 1-5 to organize and simplify the work of the year. This conference will use both local and outside leadership. Tuesday, Sept. 1, will be devoted to general meetings and a determination of purposes and objectives. Dean Edmonson of the University of Michigan will deliver the main address on "What's Ahead for Education in 1943."

Wednesday, Sept. 2, will be given over to special interest groups in the following fields: Community service, audio-visual aids in teaching, records and reports, mental health in war time, reading in secondary schools, elementary core curriculum, secondary core curriculum, evaluation of teaching, and special education for exceptional pupils. Thursday, Sept. 3, will be given to plans for pupil guidance and study of materials to be used in classrooms and Friday, Sept. 4, will be set aside for grade group and departmental meetings in co-ordinating the teaching of reading, spelling and social studies

in the elementary schools and developing study habits, and text reading in the secondary schools.

During the week a picnic and a luncheon meeting will be provided to help new teachers get acquainted.

The school year will open with the new Mason addition of 12 rooms ready for occupancy in which 350 more pupils of Grosse Pointe Woods will find a new school home. Alterations to the Grosse Pointe high school of rooms vacated by the shops when the Industrial Arts building was completed, will provide for a modern, well-equipped commercial department. The high school will probably have an initial enrollment of 1,799 students as compared with 1,550 a year ago. Other minor alterations, repairs and paintings have been practically completed in the seven elementary schools and the two secondary schools.

Federal manufacturers' excise taxes for the last eight years on gasoline, lubricants, motor vehicles, accessories and tires have totaled \$2,422,000,000, an average of \$302,750,000 a year.

speeding at the rate of 65 miles per hour which alone must have proved he was intoxicated.

I know you employ women reporters, and my guess is that this article was written by a woman. Men don't do this sort of thing.

I sincerely hope you ask this person to send Patrolman Bem an apology. His experience in life, I'm sure, entitles him to make a decision on when a person is drunk or not.

I've had several phone calls from "Woods Citizens," informing me of this article, and they are most indignant for this reporter's lack of judgment in this unnecessary "public" criticism.

I trust you will not allow your paper to be guilty of such poor sportsmanship again. For Mr. Bem needs encouragement to do his duty, not "panning."

Sincerely, A WOODS CITIZEN

(Editor's Note: The Review regrets that the writer of this letter gained the wrong impression from the article in question. The reporter who covered the story had no prejudice in mind. She merely wrote what happened, as the writer may ascertain by questioning any of the persons in the court room that night. A careful reading of the article will show that the offender was fined for speeding. The Review feels that no apology is necessary on a story which merely relates the actual facts.)

'Fathers of Sons In Service' Club Being Organized

A number of East Side fathers whose sons are serving in the armed forces of the government are organizing a group to be known as the Fathers of Sons in Service.

The object of the organization is to look after the best interest of the sons of the members, to see that their sons who are sacrificing their time as well as their lives are not neglected by their families, to keep up the morale of their sons in every way possible, and to see that employment of the boys is taken care of on their return from the war, as it is well known that service men returning from the last World War found themselves unemployed. At present each father is pledged to write to his son, at least once each week. Other objectives will be discussed at future meetings.

It is the belief of the organization that a large membership of fathers of sons in service could do much in arousing the populace to a greater awareness of the dangers besetting the government and to change the lax attitude of many to one of service and war consciousness.

Absent Voters Ballots For Primary Election Sept. 15, 1942

Any voter who will be absent from the Township on September 15th, 1942 the date of the General Fall Primary Election can vote at said Election by making application to the Township Clerk at his office in the Municipal Building, Grosse Pointe Park, Michigan, for an Absent Voters Ballot.

Men in the Military Service of the United States can likewise vote by obtaining an Absent Voters Ballot. Those desiring such a Ballot should make application at as early date as possible so that the Ballot can be mailed to the voter and returned prior to Election day.

HENRY LAVERS, Township Clerk.

STORM

(Continued from Page One.) Council is already studying other means whereby current may be secured for the pumping station.

Streets and basements in the City of Grosse Pointe, too, were flooded in the weekend storm. But this, city officials say, was an unusual situation there. Some homes were flooded for the first time in years, they said, the newly constructed main in the Village Lane section having provided for that heretofore flooded area.

Cause of the flooding here was rumored to have been due to failure of Detroit officials to open the gate wells at the Jefferson-Ashtand station.

Thirty-two complaints were telephoned in to Grosse Pointe Park Village offices by residents there, F. L. Streed, village manager, said. The situation in the Park was accredited to the long-standing need for larger laterals leading into the central mains. Why not construct these larger laterals? Government priorities.

The entire question of the sewer situation in the Park was accredited last Winter after Jerome & Co., consulting engineers for the village, had made an exhaustive survey of the entire sewer set-up. The survey and the study were completed last May, Streed said, and the village sought to obtain a priority rating from the War Production Board. The answer of the WPB was a flat refusal.

During this time, however, the village undertook a program of sewer cleaning and the storm over the weekend showed that it is a success in most instances, Streed said. Most lines where stoppages had been removed worked adequately and no reports were made of flooded basements along those streets.

Streed also made comparison between the severity of the recent storm and the one of a year ago this time. This year, he said, one and three-quarter inches of rain fell in about two hours as compared to the 1.1 inches of rainfall in 20 minutes that occurred last year.

EAST SIDE MERCHANT IS GIVEN WIDE PUBLICITY FOR PATRIOTISM

EDITOR'S NOTE-The following article appeared in the last issue of "Retailers for Victory." Wayne county retail war savings committee weekly tabloid, referring to A. J. Forster, well known East Side Jeweler & Optometrist.

Hitler and Hirohito's public enemy No. 1 on the East Side is none other than A. J. Forster, jeweler and optometrist, of 14400 Charlevoix, who, on July 16, made a supreme bid for the maximum sales of war savings stamps by buying a full-page ad in The Grosse Pointe Review.

REMEMBER?

15 Years Ago This Week The Mack Avenue Business Men's club held a special meeting to urge the construction of a new airport on the East Side. The club favored the site of 745 acres in Gratiot township lying between the Seven and Eight Mile roads and Harper avenue and Kelly road. It is suggested that the East Side should have a larger and better airport than the Lynch-French road site, the club stated in its recommendation to the city-county airport committee, to the proposed Lynch-French road site so as to provide runways, better approaches and hangar accommodations for East Side residents who, as soon as a municipal field is provided, will buy their own planes and operate them from the field.

10 Years Ago This Week The largest non-rigid airship in the United States at the time was being constructed by the Goodyear Zeppelin Corporation of Akron, Ohio, for use by the army air corps in coastal patrol work. The ship, it was announced, was to have an overall length of 233 feet, a diameter of 54 feet and a height of 69 feet. It would have a gas capacity of 360,000 cubic feet and a gross lift of 22,200 pounds. It was designed to carry up to 1,300 gallons of fuel.

Five Years Ago This Week Alfred J. Garska, president of Grosse Pointe Park, Jules L. Berns, village attorney, and Charles Marden, village engineer, met with the Detroit common council in a hearing to determine the cause and responsibility for the flooded conditions following heavy rains that Summer which resulted in flooded basements and streets throughout the village. Berns pointed out that the village had a contract with the city whereby Detroit was obligated to draw off and dispose of all storm water as well as all sewerage coming from the Grosse Pointe main.

The Grosse Pointe engineer claimed that an hour after one of the storms he checked the main sewer in Jefferson avenue and found it filled to capacity, causing laterals to back up into basements and streets. Martin Fisher, acting Detroit engineer, claimed that because of the increased population and extensive building in the Pointe in the last few years, the trunk line sewer in Grosse Pointe was no longer large enough to carry off the water draining into it. Creation by the board of education of a new position of director of instruction, with a salary of \$5,000 per year, and the subsequent granting of permission to Dr. S. M. Brownell, superintendent of schools, to serve as a part-time lecturer at Yale university, was causing rumblings of discontent among Grosse Pointe parents as reflected by a front page editorial in The Grosse Pointe Review. The situation was further aggravated by the fact that the board of education had brought in an out-of-town man to fill the position of principal of Grosse Pointe high school instead of advancing a qualified man already in the system.

One Year Ago This Week After 16 years of publication in Grosse Pointe, The Grosse Pointe Review changed its appearance, going from a seven-column into an eight-column paper. Damage of from \$10,000 to \$15,000 was estimated when the attic caught fire at the home of R. L. Spitzley, 26 Renaud road. Cause of the fire was unknown.

Mrs. Mary K. Trombly Taken by Death in Her Seventy-Seventh Year

Funeral Services Were Held Monday Morning With Burial in St. Paul's Catholic Cemetery

Funeral services were held Monday morning, Aug. 10 at St. Paul's church for Mrs. Mary Kutchney Trombly who died Friday afternoon at her home at 405 Neff road. Burial was in St. Paul's cemetery. Mrs. Trombly was born 77 years ago at Centerville, Mich. Her husband, Thomas J. Trombly, died in 1930. She was a member of the St. Paul's church and a member of the Grosse Pointe Women's Club. She was a devoted mother and a kind and generous friend. She is survived by her husband and two children, Mrs. J. J. ... and Mrs. ...

He has never misled his public, either in advertising or sales and has always enjoyed the confidence of the entire East Side of Detroit. Consequently, it will be appreciated with what weight his full-page announcement struck, when he headed it off with "This Is the Greatest Sale We've Ever Had," and then went on to tell the public that he was offering up to \$1,000,000.00 worth of war savings stamps and bonds, backed by the guarantee of the United States government, at savings such as these... \$25 Bond on Sale at \$18.75 (You Save \$6.25) etc.

Writes Personal Message

A personal message, signed by Forster was incorporated in the ad, which read "We are behind you boys one hundred per cent; and we will consider it a favor and privilege to have you drop in and buy your bonds and stamps from us. Signed... A. J. FORSTER."

Forster is a man who didn't have to be asked to co-operate with the Retailers for Victory stamp sales campaign. He has been selling war stamps since June and as early as last month, took his regular newspaper space in The Grosse Pointe Review to urge the public to buy bonds and stamps.

"It's just as important to us to sell bonds and stamps as it is to do any other kind of business," said Forster. "We actually can't sell too many," he continued, "for we, here at home, have a job to do and it is up to us to see that it is well done. Every person in our store is on his toes to do a job for the government, too," he added, "we are all reminding our customers and we make every sale that we can."

Donated Radio Time

In addition to spending over a hundred dollars for the page ad, Forster eliminated commercial advertising from his regular daily radio broadcast for an entire week to urge the public to back the boys by buying bonds and stamps.

Further proof of this man's civic-mindedness is his taking up one of his display windows last holiday season to co-operate with the city-wide safety movement in a very effective display. Certainly, the East Side's No. 1 patriot is to be congratulated and highly commended for his unselfish loyalty to the cause of Freedom and deserves city-wide appreciation for

his generous contribution to the war effort.

Attention Bowlers...

Eugene Rantala, president of the Grosse Pointe Woods Business Men's league has called a meeting of all bowlers for Friday night, Aug. 21, at 8 p.m., at Charlie Nightingale's tavern on Mack avenue in the Woods.

Plans for the coming bowling season will be discussed and entries considered. Any one interested in league play and bowling is invited to attend. Any one desiring further information may call Mr. Rantala at Tuxedo 2-7869.

CHRISTIAN SCIENCE CHURCHES

"Soul" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, Aug. 16.

The golden text (Psalms 35:9) is: "My soul shall be joyful in the Lord; it shall rejoice in his salvation."

Among the Bible citations is this passage (Isiah 55:3): "Incline your ear, and come unto me; hear, and your soul shall live; and I will make an everlasting covenant with you, even the sure mercies of David."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 390): "It is our ignorance of God, the divine Principle, which produces apparent discord, and the right understanding of Him restores harmony."

Truth will at length compel us to exchange the pleasures and pains of sense for the joys of Soul."

Russians Report Arrival of American Relief Supplies

Miss Myrtle Powell, acting secretary of the Detroit Russian War Relief announced today the recent arrival in the Soviet Union of four shipments of relief supplies sent by Americans through Russian War Relief, Inc.

Relief, Inc. The relief agency was notified in a radiogram from Moscow authorities to Edward C. Carter, president of Russian War Relief, Inc. Russian War Relief, Inc., has been shipping relief supplies to Russia at a constantly increasing rate since last Sept. 12, when it was organized, Carter said. The organization plans to raise and spend \$6,000,000 for American supplies for Russia this year.

BEST WISHES TO THE GROSSE POINTE REVIEW ON ITS EIGHTEENTH BIRTHDAY FROM Another Faithful Servant Of the East Side BELDING'S CLEANERS AND DYERS 15139 Kercheval Avenue Lenox 5800

Best Wishes To The Grosse Pointe Review On Its 18th Birthday From A Good Friend

Sure, it Makes You Mad!

DO YOU REALIZE that thousands of our good American soldiers are behind barbed wire—with Jap sentries marching up and down outside?

Do you know that American women and children, too, are in Jap concentration camps?

How long do you *want* them there—and what are you willing to do to get them out?

You can't do it by flag-waving, by slogans, and by cheers.

It takes planes—tanks—guns—bombs—shells—ships. And these don't grow on trees.

You—and you—and you—must *buy* these things. Not the Jap way, nor the Nazi way, nor the

Fascist way. The *American way*—freely and gladly. In War Bonds!

The *easy way*—just by saving a dime from every dollar every payday. TEN PERCENT of your pay. The management of your company will save it for you, and every time it adds up to \$18.75, they'll buy a WAR BOND for you.

You'll get *interest* on that money. It will increase every year, until for every \$18.75 you invest, you'll get \$25 in ten years.

And *your money* will buy the stuff to beat the Japs—to attack them—to bomb them, to make them wish to their heathen idols they'd never picked a scrap with Uncle Sam!

And the sooner you do your part, by backing up our boys, the sooner they will blast the Japs right out of their sandals.

Down will come that barbed wire, and out will come your fellow Americans. Home again—to a free, decent, clean country—the country we all love.

And you'll be sitting pretty, too. You'll have the clear conscience of having done *your part*, and you'll have built up financial protection for you and your family.

So let's get going. Do *your part*. Ten percent—a *dime from every dollar every payday*.

Invest *your share* in VICTORY!

5 Reasons Why

- 1 By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
- 2 You prove that you are a patriotic American.
- 3 You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
- 4 You prove to our enemies that we are a United People.
- 5 You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's *safest* investment, by buying a share in the world's most powerful country.

EVERYBODY—EVERY PAYDAY 10% IN WAR BONDS

St. Paul's Parish to Hold 37th Annual Picnic Saturday

St. Paul's parish will hold its 37th annual excursion to Bob-Lo Saturday morning, Aug. 15. The boat will leave promptly at 9:30 a.m. from the foot of Woodward avenue.

Late Grass Seed Planting Advised

Acting on the suggestion of Claude R. Wickard, U. S. secretary of agriculture, that beautification of home grounds is a definite part of the victory garden program because it is a morale builder, George Tomlinson, director of Victory Gardens for the Michigan council of defense, is advising home gardeners to plant grass seed in the late Summer or early Fall to produce the best lawns.

PEACE AIMS OF DEMOCRACY

Pamphlet Encourages Frank Discussion of Meaning of 'Four Freedoms'; Commemorates Signing of Atlantic Charter

Full discussion of United Nations peace aims is a powerful weapon in the winning of the war, Elmer Davis, director of the OWI, said this week in releasing a pamphlet entitled "The Four Freedoms."

Legal Notice

These articles will be exhibited for public inspection on and after Sept. 1.

HENRY W. PIEL, Chief of Police, Village of Grosse Pointe Park.

NOTICE

Is hereby given that the Major Burns Henry Post 303, whose premises are located at 18322 Mack Avenue, Grosse Pointe Farms, Michigan, has applied to the Michigan Liquor Control Commission for a Club License to sell beer, wine and spirits to bona-fide members only, and that it is the intent of the Liquor Control Commission to grant said license upon the expiration of 10 days from the date hereof.

Dated: August 11, 1942.

Freedom of Religion

"We of the nations united in war, among whom all the great religions are represented, see a triumphant peace by which all races will continue the belief in man, the belief in his elusive and untouchable spirit, and in the solid worth of human life."

Freedom from Fear

"Aggressive war, sudden armed attack, secret police, these must be forever circumvented—the first move to free people from fear, is to achieve a peaceable world which has been deprived of its power to destroy itself. This can only be accomplished by disarming the aggressors and keeping them disarmed. Last time they were disarmed, but they were not prevented from rearming. This time they will be disarmed in truth."

Plan Russian War Relief Picnics

The United States Russian war relief committee will hold a picnic on Sunday, Aug. 16, at Swiss Valley Park. Proceeds will go to the purchase of medical supplies for R.W.R. A dance group from the Russian section of the I. W. O. will give a group of dances. Miss Luba Pokolenko will sing a good dance orchestra will provide music for dancing and prominent speakers will address the gathering. Alexis M. Benedeff and Steve Pawloff are in charge of arrangements. M. Pawloff is president of the United Russian war relief committee and has been the most active in securing a relief fund in the Russian section of the I. W. O.
