A new method of computing voting returns will be tried out in Grosse Pointe township at the primaries Sept. 15, according to Henry Lavers, township clerk.

Woods Orders Purchase of Site For Village Hall

The Grosse Pointe Woods village commission authorized purchase of four lots adjoining the present municipal building to be used as the site for a future village hall.

Neff to Conduct 'School' for Voters

In accordance with established practice, Norbert P. Neff, city clerk of the City of Grosse Pointe, will conduct a "School" or question-and-answer session for newly registered voters or electors who may desire information as to the manner of voting on Friday evening, Sept. 11, at 8 p.m. in his office at 17150 Mautrice avenue.

Public Schools to Open Tuesday; Take Enrollments Now

All Grosse Pointe public schools will open for a full day of school for pupils on Tuesday, Sept. 8. Parents are urged to enroll their children on the opening day of school or prior to that time.

Registration at the high school and Pierce junior high school will continue through the week from 9 a.m. to 4 p.m. Elementary schools will be open beginning yesterday between the hours of 9 a.m. and 4 p.m. Parents of students who will be entering the Grosse Pointe schools for the first time are urged to enroll their children before the opening of school in order to avoid delay.

In order that children may be enrolled with a minimum of confusion and delay the following suggestions are made: 1. Parents of all pupils who are enrolling for the first time in the Grosse Pointe public schools should bring the birth certificates for such pupils with them at the time of enrollment. This will save considerable delay in completing the child's enrollment. 2. Parents of pupils in the elementary schools and in grades seven and eight who are transferring from another school either in Grosse Pointe or from outside of the district should bring with them the child's report card or other record showing the child's grade placement in school. Final enrollment cannot be made until such cards are presented. 3. Students enrolling in grade nine and above who are transferring to the Grosse Pointe public schools from other schools, must present a transcript of their credits earned in other schools or have such transcript of credits sent directly to the Grosse Pointe high school or Pierce junior high school before their schedule of courses can be made. Parents are advised to call the office of the school in which students are enrolling at the time of enrolling to get a list of the transcript requirements. 4. It is suggested that what school work has been completed be brought with the student enrolling. This will save time in completing the enrollment process. 5. All the necessary papers to complete enrollment should be brought to the school. 6. No enrollment will be made after 2:00 p.m. on the opening day of school.

**SOMERSET CLEANERS

(Continued from Page One.)

and the rationing have made pedestrians of many motorists who today are using their cars only for essential driving. And it is a particularly happy fact that today, when pedestrian safety is of paramount importance, we are reaping the benefit of the work that was done in this connection during the year 1941—a year when our efforts toward pedestrian safety have been so effective as to receive national recognition.

The National Pedestrian Protection contest, as you may know, was started in 1939 and it has been a yearly event since then. It provides a means of recognizing the efforts of the various cities and states in their programs of pedestrian safety and in their safety records so far as pedestrians are concerned.

It is interesting to note that an analysis of traffic accidents since the start of these annual National Pedestrian Protection contests three years ago, clearly indicates that highly favorable results are being achieved. In 1941, for example, non-pedestrian fatalities increased 20%, while pedestrian deaths showed only a 7% increase. And in 1940, non-pedestrian deaths increased 9%, while pedestrian deaths showed but 3% increase. These figures give the national picture of progress and do not apply to the City of Grosse Pointe alone.

During 1941 every one of the 48 states, the District of Columbia and 573 cities participated in the contest. And here, gentlemen, is a fact of which all of us can be proud . . . Of 18 states, in which winning cities are located, there is only one state that has more than three winners and that state is MICHIGAN. Twelve states had one winner each, three states had two winning cities and two states had three winners. But seven cities in Michigan are receiving awards! And here is another fact of which you gentlemen in particular can be proud . . . the City of Grosse Pointe is only the second Michigan city in the history of these annual contests to become a first place winner!

In determining the winners in the contest, the judges considered two major factors after, of course, dividing the cities into groups according to population figures. The first of these factors was pedestrian traffic accident records.

In this section of the contest, Grosse Pointe did not have a single pedestrian death during the entire year, and the records showed only 49 injuries to pedestrians during the same period. This is indeed remarkable when one considers the fact that Grosse Pointe is located within the greater Detroit industrial area which was probably growing faster in population during 1941 than any other section of the country. The greater number of newcomers to this area meant not only more persons on the streets but a considerable increase in pedestrians unfamiliar with your traffic and traffic regulations.

The second factor that was considered by the judges in determining the winning cities in each population group was each city's pedestrian protection program. And here the City of Grosse Pointe far out-ranked any other city in its population group! On this phase of the contest alone, Grosse Pointe well deserves the award that is being given it. There can be no doubt that Grosse Pointe's excellent pedestrian protection program is the result of the combined efforts of your city officials, civic and other citizen groups. It was this combined effort working for a common goal that made Grosse Pointe second to none among all cities in its population group.

How far the City of Grosse Pointe outdistanced all other competing cities in its population group in this phase of the contest can best be understood when we consider briefly a few of the activities aimed at pedestrian safety conducted in your city . . . activities which duly impressed the judges and which garnered many credit points for your city.

The excellent safety educational program conducted by your police department and the department's enforcement of traffic rules and regulations went far toward building credit points in this phase of the contest for the City of Grosse Pointe. The highly commendable safety program conducted in your elementary schools gathered more credit points. This program, as you know, included your school safety patrols, the distribution of AAA safety lessons in the schools, and placing of posters and the AAA sponsored bicycle clubs among the school children.

Another activity that was instrumental in gathering additional credit points for the City of Grosse Pointe was the traffic school, that the police department has conducted monthly to instruct drivers and pedestrians in the proper observance of the traffic rules and regulations. These schools were started in December, 1940, and up to this time have given instructions to well over a thousand attendants.

— EDMONSON —

(Continued from Page One.)

Other factors that influenced the judges in favor of the City of Grosse Pointe included your analysis and assembly of pedestrian safety facts, the completeness of your organization for traffic safety, the quality of your engineering service and many improvements to traffic facilities which have contributed in whole or in part to pedestrian safety.

The part that the Automobile Club of Michigan has been privileged to play in aiding in your many varied activities is greatly appreciated.

There is no doubt that the City of Grosse Pointe conducted in 1941 one of the most outstanding pedestrian protection programs ever reported to the national contest board of judges. And while your pedestrian accident and death record in 1941 was excellent, it is a happy fact that the major portion of the effect of last year's program will be felt this year. Just as the results of the 1939 program were felt in 1940 and those of the 1940 program were felt in 1941, so are we feeling today the results of our efforts last year. And this is our good fortune! For, as stated before, today more than ever the need for pedestrian protection is greater than at any time in your city's history.

In recognition of a job well done and with complete assurance that the award is well deserved, the American Automobile Association, through the Automobile Club of Michigan, is extremely happy to present this First Place Award in the 1941 national pedestrian protection contest to the City of Grosse Pointe.

— EDMONSON —

(Continued from Page One.)

opportunities that teachers will have a better chance to take active part in community life because of the need for civilian service. Already, since the war, Grosse Pointe teachers have rendered distinguished service in air raid protection, emergency shelter work, as air raid wardens, in first aid, in blood bank contributions and in welfare work as well as direct participation in armed services and in Detroit industrial production.

The listing of many of these probable events in education during the years ahead was the key note of the planning conference in which all of the employees of the schools were planning the opening of schools on next Tuesday, Sept. 8.

Other consultants and speakers at the conference in later meetings were Dr. R. L. Jenkins, director of the Michigan Child Guidance Institute; John Sullivan, assistant professor in the Wayne university college of education; Miss Gertrude Whipple, supervisor of reading at

Wayne university; and Ted Rice, consultant to the Michigan Second Curriculum Study.

Many local educators participated in the conference which closes tomorrow evening.

Members of the board of education and representatives of the Parent Teachers Council, the Mothers club, the Grosse Pointe Teachers Association, Grosse Pointe Secretarial Association, and Grosse Pointe Custodial Association were platform guests at Dean Edmonson's address.

Mrs. Delos Parker Heath, of Kercheval avenue, returned last week from New York bringing back her son Bill who has been at Camp Kieve, in Nobleboro, Me., this Summer.

HAY FEVER

HAY FEVER can positively be quickly relieved when Dr. Stover's Golden Oil when used in an atomizer creates a vapor which instantly clears the sinuses and permits free breathing as nothing but a vapor can. Spray nose and throat gently at first, as the tropical oils are full strength and require only a little at a time. After using two or three times within a half hour complete relief will follow.

No need to suffer longer — you can get it at Swift-Snyder, Bob's Drug and Notre Dame Pharmacy.

"YOUR DOLLAR BUYS MORE"

DO RIGHT BY YOUR refrigerator

...it must "keep things cool" until Victory!

YOUR REFRIGERATOR will last longer if you take reasonable care of it, and that's doubly important today when no more refrigerators are being made. Remember that the one you now have must keep cool for the duration. Treat it accordingly!

- (1) Defrost regularly according to manufacturer's instructions, and empty drip water immediately. Heavy frost on the coils makes your refrigerator work overtime, and increases operating cost. Never use a knife or sharp tool for defrosting.
- (2) After defrosting, wash the entire interior of refrigerator (coils, shelves, trays, etc.). Use lukewarm water and mild soap, followed by fresh water with a little baking soda. This banishes ice-box odor and leaves your refrigerator clean and fresh.
- (3) Wipe up fruit and vegetable juices as soon as they are spilled. (They harm the finish.) Wash the outside surface of your refrigerator with warm water and soap, and dry with a soft cloth.
- (4) Don't overcrowd your refrigerator. Place left-overs in small containers to save space. Always let hot foods cool before placing in refrigerator.
- (5) Unless the motor of your refrigerator is hermetically sealed, have it oiled and inspected regularly.
- (6) Be sure there is adequate air circulation all around your refrigerator. Move it an inch or two out from the wall if necessary. The Detroit Edison Company.

Blues Singer Contest Winner Is Featured at Pointe

A holiday of gala entertainment will feature the weekend at the Pointe Bar where Howard Duncanson is inaugurating a completely new show to start out the Fall season.

Lovely Sally Romine, fetching winner of the blues singer contest conducted by the Pointe Bar, will be featured beginning this weekend. Mel Steckley, popular bandman, who has won the patrons in his former appearances, is back at the Pointe with a complete repertoire of new tunes and new arrangements.

Additional attractions will be added and expanded as the season gets under way to keep up the traditional policy of "tops" entertainment always found at the Pointe Bar.

PLAQUE

(Continued from Page One.)
done in this connection during the year 1941 — a year when your efforts toward pedestrian safety have been so effective as to receive national recognition.

In determining the winners in the contest, the judges considered two major factors — the pedestrian traffic accident record of each city and the pedestrian protection program sponsored by each city. In each phase of the contest, Grosse Pointe's record was outstanding. According to the records, Grosse Pointe did not have a single pedestrian traffic death during 1941 and only 49 pedestrians were injured during the same period.

"In the entire history of these contests which dates back to 1939, Grosse Pointe is only the second Michigan city to win a first place award," Vernor commented. "But this year seven other Michigan cities won awards ranging from second place to honorable mention. Michigan was the only state that produced more than three winning cities."

Two Baseball Games On Tap for Labor Day in G. P. Farms

Grosse Pointe baseball fans will be treated to some interesting baseball on Labor Day at Kerby Field, Grosse Pointe Farms. A team composed of Grosse Pointe stars will match their skill with Sam's Bradford Shoes, winner of Class C championship in the Detroit Baseball Federation, and rated the best 20-year old team in the country.

This game will be the first of a doubleheader, beginning at 1:30 p.m. The second game will find Bradford playing Grosse Pointe Shores, runner-up in the Grosse Pointe league Class B championship.

Grosse Pointe stars will present Bruce Bockstanz of Oberlin college as captain, Bill Schmidt and Ralph Strem of the University of Michigan; Art Wittstock, University of Virginia; Warren Piche, Ypsi Normal; Forrest Piche, formerly of Ypsi Normal; Bob Gouin, former St. Paul star; Joe Faust, Jack Dillon and Bob Carman, former Grosse Pointe high school stars, and Ted Held, currently of the high school. Russ Gregg will be manager and coach for both teams.

Bradford Shoes is managed by Joe Cameron, who guided his last team to the national championship in 1941, and Bradford has not lost a game this season. Dick Bodycombe of the University of Michigan, will get one of the pitching assignments for Bradford. A large crowd is expected.

JUNK RALLY

(Continued from Page One.)
that gas stations had made a rubber drive weeks before this effort; and, the total does not include that collection, nor salvage donated to charities or sold direct to junk dealers.

The break-down in round numbers by pounds of salvage according to material follows:

Iron, Other Metals	24,000
Rubber	1,800
Rope	340
Rags	3,300
Burlap	1,700
Paper	120,000
TOTAL	151,140

It is to be pointed out that the collection of salvage did not end with the "Junk Rally" last weekend. Vital materials are still needed by industry to meet the stepped-up war production schedule. Anyone having material which they will contribute, is asked to call the AWVS salvage headquarters, Tuxedo 1-1050, and arrangements will be made to pick it up or to have a reputable dealer call for it.

Salvage for the state of Michigan is under the direction of Kenneth M. Burns of the Detroit bank, chairman of the salvage committee of the Michigan council of defense, directing the state-wide effort.

Edwin Anderson, of the Goebel Brewing company, is chairman for the salvage committee of the Wayne county council of defense.

Neil Blondell, assessor of the City of Grosse Pointe, is a member of the Wayne county committee.

McFaul Ordered to Return for Trial On Morals Charge

Extradition papers have been prepared by Grosse Pointe Park police for the return of Elroy A. McFaul from Great Lakes, Ill., to stand trial before the Wayne county circuit court on the charge of molesting a minor youth in the village.

McFaul was arrested on the sex charge last December and was bound over for trial by circuit court when he appeared before Justice James McNally in the justice court. He was arraigned before Judge Ira Jayne in circuit court in July when he was released on bond and ordered to appear for examination Aug. 24.

McFaul then enlisted in the U. S. navy, police said, and was sent to the Great Lakes training station. He had previously tried to enlist in the army but was refused because of the pending charge against him, it was said.

When he failed to appear in court on the date set, Judge Jayne ordered extradition proceedings begun.

The Park police have written to the navy department in Washington asking them to grant permission for McFaul's return here.

'Royalty of Hokum' Top Week's Bill at Club Stevadora

The Baron and Baroness Emerson, billed as the Royalty of Hokum, move in to continue the headline entertainment policy at the Club Stevadora this week.

Following right along in the fun and frolic are The Banfields, with a comic ball bouncing novelty act. Musical fare is provided by Jean March, the chanteuse of swing and blues, and Jack O'Neil, Irish tenor. The DeRoy Glamour girls dish up more of their stellar routines to round out the show.

The executive staff of the Grosse Pointe public schools held a reception last Monday afternoon for the Pointe's 40 new teachers.

Grosse Pointe Baseball League

Grosse Pointe Shores noted on Blazer Auto, 5-4, in the first game of a double header Sunday to qualify them to meet Galls Jewelers in the second game, the final match of the playoffs.

In the nightcap, Galls Jewelers, after trailing the Shores for eight innings, staged a rally in the ninth inning, to tie the score at eight runs. A second rally in the tenth gave Galls, the two-run margin of 10-8 and the trip to Battle Creek where they will represent the league in the state tournament Sept. 4 through 7.

Ernie Roberts, the only Shores pitcher available for the double feature, went the whole 19 innings.

Grosse Pointe will meet the Detroit representative in the first round Friday, Sept. 4, at 5:30 p.m. at the Kellogg Field diamond.

Bowling League Has Opening

The Grosse Pointe Business Men's Bowling league has an opening for a team with a sponsor. There is also a full team, already organized in the league, which is looking for a sponsor. Anyone desiring to sponsor a team and any team with a sponsor is asked to call Arlington 4727. Bowling will start Sept. 18.

Counting Board

(Continued from Page One.)
on the legality of such boards being appointed from Julius L. Berns, township attorney.

The idea was suggested to him after the state elections two years ago when the voters raised a hullabaloo over the slowness with which the votes were counted and the returns made known.

"The election board comes to the polls at 6:30 the morning of election," Schweikart said. "After the polls close they start counting the votes and sometimes are there all night and until the middle of the next afternoon. By that time they are so tired that their work slows down and errors are likely to occur. This system, used all over the state, has been subject to lots of criticism because the results were not known until sometimes two or three days after the election."

At the primaries this year, counting boards will be brought in just before the polls close and the election boards, after taking care of all the details during the day, will be relieved of the tedious job of counting the ballots. The sole purpose of the counting boards is to secure an accurate and efficient counting of votes in a shorter time, Schweikart emphasized.

"The township officials are trying this method to provide service to its residents by expediting and facilitating the return of our count to Wayne county election officials," he said.

Claude G. McDonald Is Candidate for Congress in Primary

A lifelong resident of the fourteenth district, Claude G. McDonald, 17430 Maunee boulevard, Grosse Pointe, is a candidate for nomination to congress on the Republican ticket.

Mr. McDonald comes from a family of native Detroiters, both his father and grandfather having been born in Detroit, the latter being born in the old Fort Pontchartrain barracks. His grandfather was also active in the political life of Detroit serving as alderman from the old seventh ward.

McDonald attended the public schools in Detroit until he was called into service in World War I. After his discharge in 1919, he entered the Detroit factories. Subsequently he got into the construction of housing and financial business. At the present time he is engaged in investment banking with offices in the Buhl building.

In his statement of policy, Mr. McDonald says: "Having worked at manual labor as well as having engaged in business, I feel that I appreciate the problems of labor as well as management. The financial problems of the laboring man have been of great concern to me, knowing from experience what he has faced in the past and what he might face in the future. Believing, as I do, that the matter of war taxation and post-war taxation needs men in congress who can view taxation from a non-political point of view.

Park Replaces Two Patrolmen

Two patrolmen have been added to the Grosse Pointe Park police force this week, Police Chief Henry Piel has announced.

They are Arthur J. Conlon, 1049 Wayburn avenue, and Philip G. Finke, 1252 Maryland. Both are married.

They replace former patrolmen W. Sam Bastien, who resigned from the force, and Alfonso Boone, who resigned to enlist in the navy.

SILVER WEDDING

Mr. and Mrs. William A. Gant will celebrate their twenty-fifth wedding anniversary Sunday, Sept. 6, at a high mass of thanksgiving in old St. Paul's on the lake, Grosse Pointe.

A breakfast has been planned for the family and the members of the original wedding party. The couple have seven children: Rose Mary, Josephine, William Jr., Joseph, Lawrence, Jerome and Patricia. William Jr., who is studying at Maryknoll Seminary, in Maryknoll, N. Y., will be unable to attend.

Their home on McKinley road will be open to their friends during the afternoon and evening.

Doctor Hoxie Opens Offices on Mack

A. T. Hoxie, M.D., has opened offices at 15517 Mack avenue where he specializes in the treatment of asthma, rheumatism, skin troubles and other chronic and nervous conditions. Doctor Hoxie has been associated with Dr. L. H. Gilleland, of Detroit, for the last two years.

BRIDE WEARS IVORY SATIN

Mrs. Howard C. Neale (the former Ruth Elizabeth Bohm) became the bride of Sergeant Neale at a ceremony read by her grandfather, Saturday, Aug. 15, at the Jehovah Zion Evangelical Lutheran church in Detroit.

A family reunion was staged last week when Mr. and Mrs. Charles T. Ellis and their son Roger, of Harvard road, returned from Fisherman's Paradise near Ballaire, and their daughter Janet came home from Four-Way Lodge on Torch Lake where she had been spending the Summer.

Bride's Grandfather Officiates at Ceremony Uniting Ruth Bohm and Sergeant Neale

Standing under an archway formed from gladiolas and astors and before an altar banked with flowers and lighted tapers, Ruth

Elizabeth Bohm, daughter of Mr. and Mrs. Louis W. Bohm, of Berkshire avenue, Grosse Pointe Park, spoke her nuptial vows to Sergt. Howard C. Neale, in the Jehovah Zion Evangelical Lutheran church, Detroit, on Saturday, Aug. 15, at 4 o'clock in the afternoon.

The Rev. Herman E. Heyn, grandfather of the bride, officiated at the single ring ceremony.

The groom is the son of Mr. and Mrs. Fred Neale, of Engleside drive, Detroit.

The bride was lovely in an ivory satin gown with long train and she carried a shower bouquet of white roses.

Miss Betty Neale, sister of the groom, served as maid of honor wearing a gown of pale pink net trimmed with imported lace.

Bridesmaids were Esther Bohm, Lillian Frantz, Betty Roberts, Shirley Olsen, Blanche Heyn, May Nielsen, Charlotte Schultz, and Shirley Grenzke, who were gowned respectively in blue, green, orchid and yellow.

Little Joan Heyn, wearing blue net, served as flower girl, and Norman Bohm, small brother of the bride, was ring bearer.

Lieut. Russell Moore, of Hollywood, Calif., a classmate of the groom, was best man. Ushers were Harold Bohm, Roy Vormelker, Reynold Semmler, William Gerber, Robert Shaw, Claude Roberts, Albert Schultz and Alan Olsen.

The church was beautifully decorated with gladiolas and astors with a background of palms and cibodium ferns. The aisle was arched with astors and gladiolas and the altar was arranged with banks of flowers behind cathedral candelabra holding seven lighted tapers.

Following the wedding ceremony a reception was held in the grand ballroom of the Book Cadillac hotel.

SISTERS ANNOUNCE TROTH

The engagements of two sisters was made known this week when Mr. and Mrs. James Dominic, of Roslyn road, Grosse Pointe Woods, announced the forthcoming marriage of their two daughters, Constance Aileen Lightfoot and Gloria Daraldine Lightfoot.

Aileen has chosen Saturday, Sept. 26, for the date of her marriage to Ensign Raymond Frederick Dietz USNR, son of Mrs. Margaret Dietz of Terry avenue, Detroit, and the late Henry F. Dietz. Ensign Dietz is stationed at Great Lakes, Ill. Miss Lightfoot is a graduate of Grosse Pointe high school and the bridegroom-elect attended the University of Michigan.

Gloria will become the bride of William John MacLeod, Jr., on Oct. 22. Mr. MacLeod is the son of Mr. and Mrs. W. J. MacLeod, of Roslyn road, Grosse Pointe Woods. He is a graduate of the University of Michigan and was affiliated with Lambda Chi Alpha fraternity.

Junior Jottings

By BONNIE ESSERT

THERE'S A MAD RUSH BEING staged for week night dates and parties and all other swirls that probably will be a neat dream of the Summer gone after the first day of school. Sensible children will have their noses right in the good 'larnin' books and never, ever take them out (it says here!)

YOU KNOW THE CIRCUS was in town last week, and guess who were seen feeding the monkeys — Rosemary McCarthy with Jack Doherty and Marie Thompson with Bob Kundinger. Marie hails from Coral Gables, Fla., and has been looking over our town (and being looked at!) for the last two weeks.

"WHO'S SCARED?" — BEING said weakly by gals who will be frosh at Dennison come September ... and Lannie Uridge, Kappa Kappa Gamma at Dennison, must have overheard and understood the woe of being a "mere" with a fear of starting to college ... Lannie gave a "get-acquainted" party for to-be Dennison frosh: Ann Alling, Nancy McClaren, Jane Amos, Shirley Anderson, Peggy Knapp, Joyce Roberts, Doris Clarke, Hazel Wallace,

Katherine Bryant and Millie Malzewskie. THAT MAD RUSH TO GET away and get back (do we have to?) before school starts is being carried on by Jeanette and Barbara Hinckley ... who bounced out last week to Pennsylvania until school (that word!) starts ... Margo and Mary Downing left recently (and suddenly!) for a two week holiday in Cleveland.

"MORE DARN FUN" SAY ANY Leverenz and Jean Garrettsen of their recent week's vacation at East Tawas. SORRY TO KEEP MENTIONING it, but here comes that word again — school! In the women's world it means a rush to the near-

est department store for additions to the wardrobe ... Janet Uhl, Joan Mason, Lorraine Franklin and Connie Nester were seen solo shopping this past week ... The general trend of things seems to be long-jacket suits and one-pleat skirts ... with, of course, the age-old sweater and skirt.

Here's what he's doing...

And here's what you can do to help him!

When his basic training's over and he's sent to fight the best fighting Nazis and Japs, you want him to have the finest fighting equipment a man ever had—

For you, you can help him get it . . . by putting every dime and dollar you can into War Savings Bonds—at least 10 percent of your pay every pay day!

So take a look around. You could save more, couldn't you—for him—if you took the bus to work or shop instead of the car?—if you didn't go for a drive on Sundays?—if you didn't buy that "extra something"?—if you cut

some useless spending here and some more there. Sure you could.

And just think! Those extra dimes and dollars put into War Savings Bonds might end the war sooner, bring him home safe and sound a day, a week, a month sooner than if you didn't save those dimes and dollars.

When you think of it that way, it makes you want to go out right now, doesn't it, and bring home the biggest Bond they've got at the bank or at the Post Office? Well, why not? There's nothing you could do that would help your boy more!
