

America's "Secret Weapon"—Basic Field Manual on Home Front!

Enlisted in the fight to save Democracy is a strong and secret weapon — the American newspaper.

It is strong in the sense that it has done and is doing one of the biggest war jobs in the country. It is secret only in the sense that it is so closely woven into our daily lives that we are scarcely aware of its influence. It is not a secret that the Axis high command may not know, because even though they may know it is there, they do not understand it nor do they know how to fight against it. How can those who are accustomed to a propagandized, dictator-controlled press understand newspaper promotions which tell the country's readers the truth about themselves, that prod them for their inactivity, sell them on war bonds, scrap drives, vitamins, share-the-ride, Red Cross, AWVS, USO, army and navy relief and unified all-out action for victory . . . how do they understand the free dissemination of uncolored information on war regulations. The Axis cannot be expected to understand that force that makes for Unity of Pur-

pose and Truth.

Today, only in the United States and some parts of the British empire can men and women read the news of their neighbors and of the world without the blighting touch of governmental control.

In America alone, next in battle after the front line fighters are the nation's newspapers — nothing, except information that would help the enemy, if circulated, has been kept from you. Every new war restriction and regulation has been written up promptly and its complications explained in detail, so that the wheels of Victory-Speeding America might be kept moving smoothly. Your Grosse Pointe Review has been and will continue to be your "Basic Field Manual on the Home Front." "Orders of the Day" have covered everything from saving kitchen greases to learning how to put out incendiary bombs.

The Review is all-out for Victory . . . not just in spirit . . . we mean actively in the battle to win. Like other newspapers all over the country, The

Review's policy is to promote everything that will help to win the war. Yes, The Review has lost two men from its staff to the armed forces. But that isn't being all-out, it's just a beginning. The Review, through its news columns, through its display advertising, is keeping you informed of every vital duty you must perform to help win. As a free American voice, representing thousands of American people, it is a go-between for the government and the people. In Germany, you do what you are told, because you are told; in America, you do what you should, because you are informed.

Washington has tackled the biggest job ever attempted. But, it has made its plans based upon the assumption that voluntary co-operation by newspapers would be forthcoming . . . vital co-operation needed to "reach the people."

The salvage saved, grease gathered, conservation put into practice and bonds bought, are testimonials; real, tangible, provable testimonials to "America's Secret Weapon — Basic Field Manual on the Home Front."

POINTE PARAGRAPHS

By THE POINTER

Still another week has passed without selective service chief, Louis B. Hershey making up his mind about married men. In fact, we are slightly amazed that this week has passed without his making further contradictory statements on their status. If one, at least a score of married men have remarked to this columnist that the nation's No. 1 agitator of married men's peace of mind, is none other than Mr. Louis B. We are not quite convinced that such action is conducive to "morale" that is being urged and instilled into everyone.

How many Pointers felt their pulses beat just a little faster as they saw their community respond to the scrap metal appeal by piling salvage at the curb last Friday night and Saturday. We aren't going to let our boys down by sending them away to fight for us without the necessary tools. Keep that in mind for the next tin collection, Oct. 10, and for the next scrap pickup, to be announced at a future date.

Warren Glaser, publisher of the Raritan Valley News, Wall Street, Raritan, N. J., liked this column's tirade against "tired senators" who were complaining over a much needed rest through spokesman Rep. Charles A. Eaton, Republican, of New Jersey, in our issue of Aug. 20. He reprinted the entire column as part of an editorial and sent along a check for the paper with his thanks for permission to see it.

The most widely read column in this newspaper throughout the world is "With the Men in Service." Why? Because, this newspaper is sent free of charge to every Grosse Pointe boy in the service, upon request. Those boys in Australia, the Solomon, England, Scotland, Africa, South America, Alaska and elsewhere in this global war, turn first to see where their Grosse Pointe friends are, what branch of the service they are in and what they are doing. Therefore, readers of The Review, as friends, neighbors and relatives of those boys, will be performing a patriotic service to our armed forces in this country or abroad, if they will report for publication on the activities of our Grosse Pointe service men. It isn't a question of modesty. Address "Men in the Service Editor," The Grosse Pointe Review.

Christ church chapel on Grosse Pointe boulevard is keeping her men in the service constantly in touch with the Pointe through a monthly paper, The Bellringer, sent to every member in the service. The Mothers' club, Christ Church Chapel club, is sponsor of the paper, which carries a letter from the Rev. Francis P. Creamer, the Bellringer, in each issue.

Norbert P. Neff, city clerk, Grosse Pointe, immediately following the solemn ceremony of swearing in Leslie P. Young as justice of the peace, served the new justice, his wife and father with some very fine apple cider, direct from the farm of Henry L. Meisinger . . . the kind that makes your mouth water to think about. In serving, Mr. Neff made a very apt observation, somewhat as follows: "Just as the office of justice of the peace is the first step in the American method of administering the law, and the final appeal body is the U. S. Supreme court, so, it is fitting, that the new jurist should be served with some truly American, made-in-Michigan apple cider, as his first unofficial act in office."

Metropolitan AWVS Headquarters to Open

Official opening of the new metropolitan area headquarters of the AWVS at 35 East Adams, will be held next Tuesday afternoon with tea being served between the hours of 3 and 7. An AWVS flag, donated by Seward L. Meriam, will be presented to the headquarters during the afternoon. Everyone is invited to stop in during the opening.

Tentative Plans Made for Hallowe'en

Preliminary Meeting Held Monday; Full Details In Making

Preliminary plans for a great third annual Hallowe'en celebration in Grosse Pointe on Saturday night, Oct. 31, were made last Monday night at a meeting of the Pointe Hallowe'en celebration committee in the high school.

Originally inaugurated with the motive of promoting real entertainment for the youth of the area, to help to "keep them in line" at this most mischievous season, the object of this year's observance will be essentially the same. With, however, full cognizance being taken of the tempo of the times, as regards the war effort.

The idea was started three years ago by a group of like-minded club members and individuals in the Pointe, under the direction of the late Doctor Monroe. Many members of the original committee are again serving this year. Namely, Edward Pongracz, chairman; Mrs. Edward Dale, secretary; Willard Hosking, treasurer; George Elworthy is a member of the executive committee.

Committee chairmen are: Miss Bernice Moore, food; Duke Kennedy and Paul Moreland, co-chairman of tickets and bond and stamp sales; Forrest Geary, entertainment; Neil Blondell, salvage and Chiefs Fluitt, Piel and Trombly, safety.

Tentative plans call for a program for elementary children with their parents at Pierce junior high and the Neighborhood club. Junior high and senior high students will be feted at the high school auditorium, where dancing will follow the evening program.

Tentative plans call for admissions to be paid only by the purchase of war savings stamps. Food tickets, likewise, will be available on the same basis. An effort will be made between the entertainment acts, to sell bonds and stamps to parents.

City of Grosse Pointe Law Enforcement Officers

Pictured above, seated, is the City of Grosse Pointe's new justice of the peace, Leslie P. Young, who was sworn in Monday morning by Norbert P. Neff, clerk, in the presence of his father, W. E. Young and his wife, Mrs. Leslie Young. On the left is Hugh Ferry, police commissioner and on the right is Thomas V. Trombly, chief of police.

Coast Guard to Review Auxiliary on Detroit River, Sunday, October 11

An assembly of some ten flotillas of coast guardsmen will be reviewed on the Detroit river Sunday, Oct. 11, in which many Grosse Pointe members of the coast guard auxiliary will take part.

Complete details as to time will be released later. The committee in charge of the Grosse Pointe section are T. H. Connell of Meadow Lane, Grosse Pointe and J. W. Tumlin, 16623 Lawton, Detroit.

ATTENTION !! BLOOD DONORS

The American Red Cross blood donor mobile unit will be at the Mason school, Vernier road near Mack avenue on Saturday, Oct. 3, between the hours of 10 a.m. and 4 p.m.

Persons wishing to donate a pint of blood for emergency use by our army and navy are urged to make appointments by applying to the Grosse Pointe Shores village hall, Niagara 2260 between 10 a.m. and 3 p.m.

The same service will be available at the St. Columba Episcopal church parish house on Friday, Oct. 9, during the same hours. Appointments may be made by telephoning Mrs. Philip Day at Niagara 9115.

Trucks Work Late to Gather Grosse Pte., Gratiot Salvage Gifts

Grosse Pointe and Gratiot township residents arose to the call for scrap by piling up the staggering total of 198 tons of salvaged metal and rubber last weekend in a united effort in co-operation with Detroit's contemporary campaign.

So great was the response that municipal trucks were running behind all day Saturday in pickups and were compelled to work late into the day on Sunday to collect the staggering contributions of salvage material. Mountainous piles were assembled at municipal offices as the fleets deposited their collections.

Acclaimed an "exceptional success" by Neil Blondell, secretary for the City of Grosse Pointe and member of the Wayne county salvage committee, and acting as chairman of scrap collection for the Grosse Pointe and Gratiot area, he issued the following statement:

"The enthusiastic support of the citizenry of Grosse Pointe and Gratiot township in our all-out effort at 'getting in the scrap' is very gratifying, indeed, and I personally wish to heartily thank everyone for their fine co-operation. Everyone should realize that they have responded to a vital need of industry to keep our factories going to supply the tools of warfare for our boys and every American soldier or sailor on every battlefield in the world. I assure you that the emergency is a real one and it must be met and continue to be met by your continued contributions of scrap and processed tin."

Direct credit for the success of the drive was ascribed to complete newspaper co-operation in emphasizing the need and importance of the campaign and keeping the public informed on the plans for the pickup.

A break-down of the tonnage by municipalities shows:

Grosse Pointe Park	75 tons
Grosse Pointe Farms	50 tons
City of Grosse Pointe	35 tons
Grosse Pointe Woods	19 tons
Gratiot township	11 tons
Grosse Pointe Shores	8 tons
TOTAL	198 tons

Tin Collection Oct. 10

Mr. Blondell further wished to make a special appeal to residents of the area to continue to process tin cans for the second tin pickup which will be on Saturday, Oct. 10. Tin, also, is vitally needed in the war effort and every householder is urged to co-operate in the drive.

Instructions for the preparation:

Scrap Too Heavy?

Anyone in Grosse Pointe or Gratiot township who may have pieces of salvage which are too heavy to manage, can call Neil Blondell at Niagara 5800, chairman of scrap collection for the area, and arrangements will be made to have the material moved to a salvage depot.

Automobiles are no exception. Anyone having an old car, truck or piece of machinery which is no longer needed, which should be scrapped, may report the same to Mr. Blondell.

Sendoff Party for 18 Who Leave Here Friday for Army

The Home Front committee announces that a sendoff party will be given Friday morning, Oct. 2, at 6:45 for 18 men who are leaving for service. The co-sponsors for this sendoff will be the Grosse Pointe Fire Fighters Association. The sendoff will be held at the Neighborhood club, followed by a parade in honor of the 18 men leaving for service down Cadieux and Kercheval avenue.

L. J. Martin, president of the Fire Fighters association has appointed a committee headed by Martin Nielsen to make the arrangements for the program. Other members of the committee are Henry DeClerk and Joseph Kolley. President Carl Goddard of Grosse Pointe Park will briefly express the greetings and good wishes of the community.

The newly inducted men will gather at the Neighborhood club at 6:45 with their families and relatives and will be entertained by the Grosse Pointe Breakfast club with coffee and doughnuts and music furnished by Robert Cosley at the piano and Bart Everskus of WJW as accordion player. Following the preliminary entertainment at the Neighborhood club a parade will follow headed by the coast guard of the American Legion, a group of high school band under the direction of Dewey Kalkbrenner, uniformed members of the police and fire departments of the Grosse Pointe villages, and members of the auxiliary firemen. Local Jack Brees and Lt. Col. Ed Keeler will act as parade marshals.

A special appeal has been made to all citizens and residents to contribute to the fund for the group which will be used for the purchase of a new fire truck for the Detroit induction company.

TANK TO RETURN TO BATTLEFRONT

Roy Barbeau commander of the Gen. R. A. and Col. F. M. Alger Post, No. 995, VFW, presenting a check for \$100, realized from the sale of the six-ton Renault 117 tank to Neil Blondell, area scrap chairman. The tank is a relic of World War I. Henry Van Wormer, post commander, looks on. A top the tank are two workmen from the Eveready Milling Co. company, which donated the moving services.

Grand Opening Of Burns Henry Post New Home Sunday

On Sunday, Oct. 4, the Burns Henry Post No. 303 American Legion will formally open its new quarters at 18322 Mack avenue, Grosse Pointe Farms.

The opening will be preceded by a parade of ex-service men with drum corps. It will form at Mack avenue and Seven Mile road at 2 p.m., proceeding to Chalfonte avenue, to McKinley to the new quarters. The Post was organized in 1921 and has made excellent progress each year with increasing membership. All service and ex-service men and their friends are cordially invited to inspect the new location.

School War Policies To Be Discussed on Radio

"How War Policies Affect the School Curriculum" will be the topic of a program sponsored by the department of public instruction over WAAR on Friday, Oct. 2 at 2 p.m. The speaker will be Robert Koopman, assistant superintendent of the department.

Attention! Gratiot Township Taxpayers

Starting next week, "The Truth of Dictatorship in Gratiot Township" will be told in detail in The Grosse Pointe Review columns. The feature will be submitted by Eugene Pongracz.

Pointe Michigan Students Acting As Advisors

Upperclassmen from Grosse Pointe who are acting as orientation advisers to new students at the University of Michigan this week are Betty Henkel, 1145 Bedford road, Jean Palmer, 652 Pemberton and Carson Greenwald, 907 Field road.

Orientation week activities are designed to acquaint the incoming students with the facilities and activities of the campus.

LEFT FOR HARVARD

H. J. Jones, former member of the Washington Post, left Sunday for Harvard university where he will complete his senior year.

THE FENDER PASSENGER

Hitler may ride in the empty seats of cars that ply the streets of Grosse Pointe, Detroit, the state and nation, but Death rides on the fenders. In spite of the excellent vigilance of our traffic enforcement officers and the exemplary student patrol system in the schools, serious injury or violent death may be visited upon some innocent little child any day unless extreme caution is exercised by every motorist.

Summer time would seem a better time for warning, but thanks to the fine park systems of the villages, fewer children are actually seen on the streets during that period than when the schools are in session.

It is altogether impossible to police every street at every time of the day to completely discourage reckless driving and fast driving when children are on the streets.

The careless abandon of youth causes them to act first and think afterward. In a game of "sock the next guy" or "tag" an impulsive youngster may dart suddenly out into the street without looking for oncoming cars, or even thinking about them.

Motorists train themselves in the art of driving to avoid collision with larger objects, such as other automobiles which they are meeting, overtaking or passing cars parked at curb. Their reactions are trained along this line. It is, therefore, important that parents also warn their children to avoid taking chances by playing games in the streets, guessing at the speed of cars when crossing the streets, etc.

We are quite sure that everyone reading this item would feel very badly were they to be guilty of running down a youngster, whether the victim were injured, maimed or killed. It is very proper, therefore, that a little thought be directed along the line of exercising the utmost driving care while children are on the streets.

In 1917, 1918 and 1919 the United States built a total of 1,299 ships of all categories. By December 31, 1943, we expect to complete 2,300 merchant vessels and 700 smaller craft, altogether, more than 2 1/2 times within a two-year period — the tonnage of ships built during the three-year period of World War I and after.

New England is the only region in the United States that uses more fuel oil than gasoline.

FORMER POINTE NEWSPAPERMAN MARRIED

Scene at the reception given immediately following the wedding of Mr. and Mrs. Robert E. Lubeck, who were united in marriage Wednesday night, Sept. 23, in Christ church chapel, Grosse Pointe Farms. The bride was the former Doris Clarke, daughter of Mr. and Mrs. Carl Clarke of Washington road. Formerly an employe of The Grosse Pointe News, Mr. Lubeck is the son of the Arthur E. Lubecks of Alden Park Manor. Bridesmaids Jane Grew and Caroline Nixon look on as the bride and groom are greeted by Madeline Ricker. The bride's father is at the right side. —Photo by George Genematas

CHRISTIAN SCIENCE CHURCHES

"Unreality" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, Oct. 4. The golden text (Gal. 6:8) is: "He that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting." Among the bible citations is this passage (1 John 2:15): "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 451): "If our hopes and affections are spiritual, they come from above, not from beneath, and they bear as of old the fruits of the Spirit."

THE PARTYLINE

Mr. and Mrs. R. H. Webber, of Lake Shore road, have announced the engagement of their daughter, Mary Eleanor, to Joseph R. Parker, son of Mr. and Mrs. J. F. Parker, of Duluth, Minn. Elizabeth Moran Parrish, daughter of Mr. and Mrs. Chelie Elliott Parrish of Hillcrest road, became the bride of Frances Jones, aviation cadet, U. S. army air corps, Saturday afternoon at 5:30 in the rectory of St. Ann's church in Houston, Texas. Lieutenant Jones is the son of Mr. and Mrs. Lloyd Penniston Jones, of Colorado Springs and Bermuda. Mr. Jones was best man for his son. The address of Lieut. and Mrs. Jones will be 127 River Oaks Garden, Houston, Texas. Nancy Jennings, daughter of Mr. and Mrs. John Joseph Jennings, IV, of Grand Rapids, formerly of Grosse Pointe, became the bride Saturday afternoon of Lieut. Philip John Whiteway, son of Mr. and Mrs. Philip John Whiteway, of Haddonfield, N. J., in the Grosse Pointe Memorial church. A reception at the home of Mr. and Mrs. Charles L'Hommedieu on Kenwood road followed the ceremony. The couple left for a honeymoon to Philadelphia and will be at home on King street road in Alexandria, Va. Mr. and Mrs. Ralph H. Backus were hosts at a small party in honor of Col. and Mrs. William Coleman, of Selridge Field, at their home on Buckingham road Sunday night. New residents of Grosse Pointe Shores are to be Mr. and Mrs. Mathew K. Millenbach, who were married Saturday, Sept. 12, in St. Ambrose church. She is the former Margaret Rita Nicholl, daughter of Mr. and Mrs. N. J. Nicholl of Nottingham road. Mr. Millenbach is the son of Mr. and Mrs. Mathew N. Millenbach, also of Nottingham road. Mr. and Mrs. Joseph A. Krausmann, 1409 Kensington road, announce the engagement of their daughter, Marcella Mary, to Norman L. Fetha, USCG, son of Mr. and Mrs. John Fetha, of Lakewood avenue. The wedding will take place on Saturday, Oct. 24. Ralph S. Caultkins, son of Mr. and Mrs. Henry L. Caultkins of Lewiston road, left late last week for the Choate school. Numerous pre-nuptial parties are scheduled in Grosse Pointe for Mary Gage who will become the bride of Hervey Cushman Parke at Christ church chapel on Oct. 21. First will be a linen shower at the home of Cynthia Allington on Cadieux road on Oct. 8. William Mertz, Jr., will give a supper party on Friday, Oct. 9, at his home on Lake Shore drive. Mrs. Shoemaker has planned a supper and kitchen shower at her home on Ford court for Sunday, Oct. 11. Mrs. John Bigle and Mrs. Lawrence Forton will entertain jointly at a personal shower on Oct. 12. And a luncheon and pantry shower is being given by Mrs. George Sumner Baker and Mrs. Frederick Colby, Jr., at Mrs. Baker's home on Friday, Oct. 16. Mr. and Mrs. Thomas F. Brown 1023 Maryland, announce the engagement of their son, Frances N. Brown, to Miss Dorothy Phares of the Moonland Plantation, Alexandria, La. Brown is engaged with the 107th Medical Battalion, "somewhere in Australia."

TIME OUT

WELL IF THERE WASN'T one great stir last weekend. Seems like everyone did something — and why not? All kinds of girl-swirls in shape of luncheons, slumber parties and unplanned shindigs. AT LILLIAN RADKE'S LAST Saturday at 12 bells gathered Mym Atkinson, Elise Larson, Mary Tyree, Mary Holdman, Mary Titus, Mary Ann Willison and Alfrida Radke for luncheon. AND SATURDAY JACKIE EWING and Bill Boydell and Nancy Mosta and Jim Waldron very exclusively stepped out to the tune of dinner and dancing at the Country club. IN HONOR OF HER SISTER-in-law, Betty Hutchenreuther held a tea at her Neff road home. Dropping in and out were Betsy Bodgess, Rheta Plegier, Jackie Rohn, Madeline Ricker, Angela Wirster and Gerry Whitstock. "HOW WE LOVE TO SLEEP" ... but that's not what slumber parties are for. Those who mention the word are deadpans, sourpusses, drags and worst of all sensible. Ask Nancy Hewitt, Elaine Smith, Shirley Simon, Dean Schultz and Betty Georgie, who slept ... or rather stayed all night at June Frederick's home on Oxford road last Friday. BILL HANSON SKIPPED OUT to Oscoda, Mich., last Friday to return just in the nick of time (if not later) for school on Monday morning. MAYBE WE DIDN'T WIN (13-0) at the football game last Saturday, but it was one game that certainly didn't lack in spirit. Saw Frank Parcells (of Yale) yelling like fire with no intermission. Besides there were "Doc" Edwards, Captain Barthel, Janice Scott, Pat Jerome, Joe Bracken and Elaine Raisse. They were among the many, of course, of course. IT'S RIGHT INTERESTING TO note where certain certians are spending their Saturdays and after school hours working. Bruce Havers is at a filling station; Ginny Collins and Sue Cotte at Best's, and Bob Fluitt as shoe salesman at Kerns. It's wonderful how they give up their Saturday morning sleeping session for the love of work (money is a mere afterthought.)

Launch Drive for Merchant Marines

Special efforts to secure the registration of every former merchant marine seaman and officer living in Michigan are being made by all United States employment offices, it was announced today by John L. Craig, director of the U. S. Employment Service for this state. "Thousands of men who formerly went to sea undoubtedly are living in Michigan," Craig said. "There is no better way they can serve their country now than to help man the two thousand ships of the Victory fleet which will be built by the end of 1943."

REVIEW WANT-ADS GET RESULTS!

RULES
to help keep your electric appliances in
tiptop shape
FOR THE DURATION!

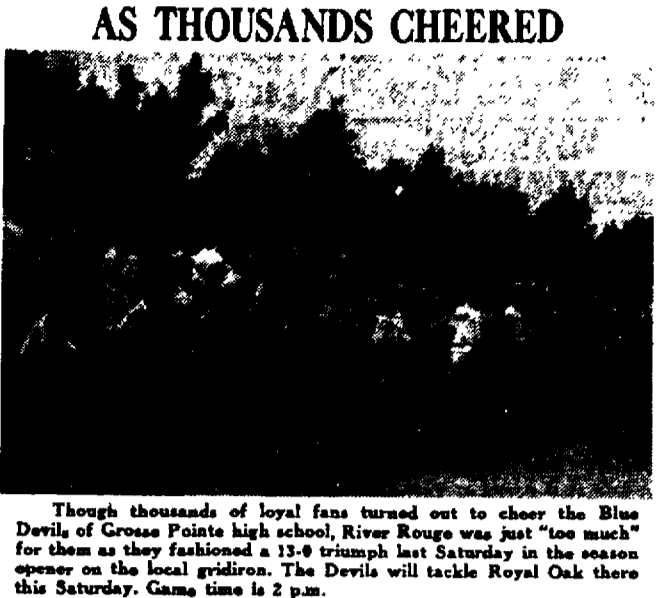

YOUR REFRIGERATOR. Defrost regularly—but don't chip off the frost with a knife or sharp tool. Whenever you defrost, clean out the inside of the refrigerator with lukewarm soapy water. Avoid over-crowding. Never store foods that do not require refrigeration. Locate your refrigerator away from heat sources. Do not put hot foods in refrigerator to cool. Unless your refrigerator has a "sealed-in-off" motor, have it oiled and inspected regularly.

YOUR ELECTRIC RANGE. Keep the porcelain exterior clean. Do not use a stiff brush or sharp instrument to remove spilled food from heating elements. Food should be burned off. Do not let spilled food dry or harden on the range. Ventilate oven after each baking or roasting operation—leave door open. When cool, wipe inside of oven with a damp cloth.

YOUR ELECTRIC WASHER. Wringer rolls are rubber—and precious. When through using wringer, release pressure on rolls so that they can stretch and breathe. Don't try to force belt buckles, metal buttons, etc., through rolls. When finished washing, drain and rinse the tub, and wipe dry with soft cloth. Drain the hose. Rinse and dry agitator or suction cups. Do not overload washer—this puts strain on motor.

YOUR VACUUM CLEANER. Before cleaning rugs, pick up such metallic things as hairpins, tacks, nails, etc., by hand. These can cause bag punctures, belt-cuts, or even get tangled up in the fan. Be sure nozzle and brush are adjusted properly. (Improper adjustment may break rubber belt.) Empty dust bag frequently. Once a month, turn it inside out and brush thoroughly. Never wash bag. Keep brushes free from hair and threads.

THE DETROIT EDISON COMPANY

AS THOUSANDS CHEERED
Though thousands of loyal fans turned out to cheer the Blue Devils, of Grosse Pointe high school, River Rouge was just "too much" for them as they fashioned a 13-0 triumph last Saturday in the season opener on the local gridiron. The Devils will tackle Royal Oak there this Saturday. Game time is 2 p.m.

River Rouge Romps to 13-0 Triumph Over Grosse Pointe High School Saturday

Under threatening skies and before a great crowd, Grosse Pointe's battling Blue Devils went down to a 13-0 defeat at the hands of River Rouge Saturday.

After three plays of the second quarter Rouge had its first touchdown. The Pointe line turned back three running plays and then a fourth-down pass netted 6 points.

Early in the third quarter Rouge scored again on a 54-yard drive led by Pope, and climaxed when Pope scored on a tackle smash from the 7-yard line.

The Devils outplayed River Rouge during most of the first half and all of the fourth quarter, but the heavier Rouge line, averaging 185 lbs., rose to the occasion and stopped the locals four times inside the 10-yard line.

In the first quarter with Fullback Ted Held spinning and driving, the Blue Devils went from their 13 to the Rouge 20, but the drive was stopped when Reese's pass was intercepted. From then on until the aforementioned Rouge touchdown the play was even. River Rouge started its drive late in the first quarter. Franzen and Cole smothered the try for the extra point after the touchdown.

After the kickoff Lamb's punt put Rouge on its 8-yard line. A poor kick put Grosse Pointe on the Rouge 20. Lamb got a first down and Dana followed suit, putting the Blue Devils within striking territory, but the Rouge line stalled the Devils' attack deep in River Rouge's territory.

The third quarter opened with

Football Rules as Interpreted by J. Dunton Barlow

The discussion of football rules in this and following editions are based upon what is commonly known as the interscholastic rules. Readers should remember that there are three different sets of rules now in use, namely, professional, college and interscholastic or high school. The high school rules are not new for they have been in use in many states for a good many years. Not until 1941 were they adopted by the Michigan High School Athletic Association. This year the high schools in 33 states are using them.

Time will not permit a general discussion of the differences in the three sets of rules. Questions addressed to the Grosse Pointe Review will be answered in the order received. Such questions will be welcomed and may include various rulings under the various codes.

This week's article will deal with scoring situations. Almost everyone knows what a touchdown is, but how many people are confused about the safety? There are four types of plays on which scores may be made. 1. Touchdown, 6 points. 2. Try for point after touchdown, 1 point. 3. Field goal, 3 points. 4. Safety, 2 points.

To make situations more clear, we will use one of the Grosse Pointe teams and their opponents of the preceding week for illustrations. It is important that you get clearly in mind certain definitions. These will be given from time to time as the situation arises.

The touchdown: It is scored when the ball is carried on, over or above, their opponent's goal line, or is declared dead in legal possession of a team behind their opponent's goal.

Example: River Rouge is defending the south goal. This goal is known as River Rouge's goal line. A Grosse Pointe boy carries the ball over the goal line and the ball is declared dead behind the line. Touchdown. If the ball had been advanced to a spot directly over the line and then the runner had been shoved back into the field of play it would still be a touchdown, for the moment the ball, or any part of it, is over the line it is dead and should be so declared by the referee.

Grosse Pointe forms 1 pass to a man standing across the goal line and the man catches it. If he is in the right here it could be made a catch that there are two parts to a football

pick the ball up before it crosses the line and run for a touchdown. A place kick is one where a player holds the ball on the ground for a teammate to kick it. A drop kick is one in which a player drops the ball and kicks it just as it strikes or just after it strikes the ground.

The safety is one of the most confusing plays in football to the spectator. The one important thing to remember is the word impetus. Who gave the ball the impetus to go across the goal line?

Example: St. Paul and St. Charles are playing and St. Charles is defending the south goal. St. Paul has the ball on their own one yard line (one yard from the north goal line). The score is 6-0 in favor of St. Paul. It is second down and near the end of the game. St. Paul doesn't want to take a chance on St. Charles blocking a kick and recovering it, or recovering a fumble nor do they want St. Charles to get the ball if they did kick. The ball is snapped to a backfield man standing in his own end zone. After getting the ball the runner steps out of bounds or falls to the ground. The ball is declared dead in the end zone in St. Paul's possession behind their own goal line. St. Paul gave the ball the impetus to go across its goal line. Safety. Two points for St. Charles. Score 6-2 for St. Paul. St. Paul played it safe and took no chances, hence, the name safety.

Because St. Paul did play it safe the rule makers have made it impossible for St. Paul to keep the ball for the rule saying following a safety the team making the safety shall put the ball in play by a free kick from their own 20 yard line.

A safety is not always intentional in this illustration. But you get the idea about impetus. If the ball is declared dead in back of the goal line of the team defending the goal and the impetus came from that team it is a safety. Example: St. Paul punts. St. Charles catches the ball in its own end zone and drops to the ground. Not a safety. Impetus came from the attacking team (St. Paul) and not the defending team (St. Charles). This is known as a touchback.

A safety may also be scored as the result of a foul. If a team fouls behind its own goal line and after the penalty for the foul is inflicted, the ball is still behind its goal line a safety is declared and the opponents are awarded two points. For

the benefit of the old football fans there is a rule change that should be noted.

Prior to this year a forward pass by the offensive team that was incompletable or went out of bounds behind its goal line was a safety. This year such a situation is not a safety unless the pass was intentionally grounded behind the passer's own goal line.

There are two ways that the spectator can always tell if a safety has been scored if he is in doubt as to the impetus. One, the referee will raise both hands above his head with the palms together. Second, following a safety the team against whom the safety is scored has to put the ball in play by a free kick (the same formation as used at the beginning of a game) on their own 20 yard line.

A touchback is the opposite of a safety. The ball is dead behind the goal line of the team defending the goal the impetus having come from the attacking team. Illustrated above when St. Paul punted across St. Charles' goal line. Following a touchback the ball is always put in play by scrimmage by the team against whom the touchback was scored on their own 20 yard line.

Next Week—The Officials and Their Duties. The Free Kick.

TUMBLES FROM BIKE
Miss Ann Fraser was painfully injured Tuesday morning when she slipped and fell from her bicycle in the driveway of her home at 516 Notre Dame. Lacerations on the knee were treated by a physician. She is employed in the office of the city clerk in Grosse Pointe.

Southeastern Woman's Club
Birthday luncheon and Needlework Guild shower will be at Saint Mark's church, Monday, Oct. 5, at 12 noon. Mrs. J. C. Robinson is sponsoring the shower. Mrs. John W. Griffin, of the American Red Cross, will be the speaker. For reservations phone Mrs. Alfred Robinson at Tuxedo 2-6812.

Trombly School N-E-W-S
The mothers of the 1B children enjoyed a pleasant afternoon at Trombly on Wednesday, Sept. 30. Tea was served by Mrs. H. W. Re-

berdy, room mother; and the Mesdames Cecil Buckner, A. P. Callies, Leland Carter, J. T. Condon, E. O. Dauch, C. A. Istock, Theodore Konelke, Nicholas Lodes, Gilbert Michael and Adolf Rossel. Frank Welchenbach, acting principal, and Miss Mary Gargan, 1B teacher, discussed "How the Home Assists the 1B Child."

After the talks, mothers joined in the discussion.

Defer School Notes
The 3B's in Mrs. Stahl's room have been studying about the different kinds of leaves. They have made a collection of such kinds as elm, maple, poplar, horse chestnut, sassafras, oak and mulberry. They mounted the leaves and made one large booklet of them. Then they made spatter paintings of the leaves to decorate the room and drew leaves on paper plates, colored them with crayons and painted them with black poster paint.

The children have become more aware of the trees in their community and are conscious of the differences in the fruits, seeds and leaves

Philatelists Will Meet in Park Friday Evening
The Grosse Pointe Collectors club meeting next Friday evening will be held at the home of Richard Langworthy, 1153 Beaconsfield, Grosse Pointe Park.
Meetings up to now, have been

held at the home of Heinz Hoffmann in Grosse Pointe Woods. Langworthy has succeeded Hoffmann as secretary. All stamp enthusiasts living in the Pointes are invited to attend meetings of the club. The club has only one officer and there are no dues.

Detroit Lions Make Headquarters at Savarine Hotel

Of interest on the east side is the encampment of Detroit's national league football players, the Lions, who are making their headquarters at the popular Hotel Savarine on the east side.
Two members of the squad, who were handed a somewhat surprising setback last Sunday by Cleveland's Rams, are Harry Seltzer, fullback, who is nursing torn ligaments in his left arm and Augie Lio, guard, who suffered a twisted ankle.

Big Program at Shores Theatre

The management of the Shores Theatre, Mack at Nine Mile road, announce that their features for Sunday, Monday and Tuesday provide "one of the most entertaining programs we have ever offered."
Johnny Weismueller and Maureen O'Sullivan are co-starred in Tarzan's Secret Treasure and Milton Berle, Brenda Joyce and John Shelton are featured in "Whispering Ghosts." A timely newsreel and cartoon complete the entertainment.

WAR BONDS AND STAMPS ON SALE AT BOX OFFICE

Amount of Scrap Collected in G. P. Farms Believed to be Highest Per Person Here

According to information furnished by Harry A. Furton, village clerk, the Grosse Pointe Farms residents really cleaned up last Saturday when over 50 tons of scrap was removed from the streets and delivered to swell the county total.

The Farms has about 2,000 homes and a population of 8,000 which makes a per home collection of 50 pounds each and a collection of 13 pounds for every person in the village.

The employees of the village, aiding in the collection of the scrap, waived the provision of their agreement with the village, requiring the paying of time and one-half for work in excess of 40 hours in one week, as a donation to the cause. This amounted to an additional \$80 to be added to the proceeds from the collection. The employees finally cleaned all of the streets by working until 9:30 p.m. in the rain and darkness.

An early morning checkup of the scrap in Grosse Pointe Farms indicated that it would be possible to collect all of it with two crews and three trucking units, however, by 9:30 in the morning the streets were piled so high that all available equipment and men were called out.

MAIRE SCHOOL N-E-W-S

Mrs. William Adams, adult education chairman for Maire P.T.A., has announced three courses to be given beginning next week. On Tuesday, Oct. 6, from 9:30 to 11:30, a course in knitting will be given by Mrs. Marvel Ide; on Wednesday, from 1:30 to 3:30, a course in home nursing and care of the sick by Miss Gertrude Barlow; and on Friday from 9:30 to 11:30 a course in home management will be given by Mrs. Robert Foster. The course on home management will deal with such topics as saving time and energy. Good family relations in planning use of family money. All three courses will be given in room 303 of the Maire school.

Alger Theatre Goes Over-the-Top in War Bond Sales

Exceeding their quota by more than five thousand dollars, the Alger Theatre at East Warren and Outer Drive wound up its active campaign on the sale of war bonds last week.
Manager Eller stated this week that he wished to express his sincere appreciation to the patrons of the theatre for helping to make the drive a success. Although the month of September is over, he wishes to have it known that the theatre is still selling bonds and will continue for the duration. Patrons will find the theatre a convenient place to buy their bonds.

WITH THE MEN IN SERVICE

Capt. Vernon R. "Tut" Burroughs, son of Mrs. Leona F. Burroughs and the late Henry O. Burroughs, is spending a short furlough in Grosse Pointe at the home of his mother, 1213 Maryland. Captain Burroughs was formerly stationed at Camp Shelby in Mississippi. More recently he has been attending and has been graduated from the commanding general's staff school at Fort Leavenworth, Kan. He is visiting his mother enroute to Camp Claiborne, La., for which point he is leaving today.

Richard Lawton Barnett, 20 years old, 1402 Hampton road, Grosse Pointe Woods, has been enlisted for officer's training in the U. S. naval reserve.

He is a student at present at Highland Park Junior college, and he will be held on inactive duty by the navy until he is graduated from four years of college work with a degree.

Sergt. Robert P. Oldham, recently transferred to Camp Beale, Calif. has been promoted to staff sergeant with Co. AA, 93rd Armed Reconnaissance battalion of the 13th Division of the army.

The Detroit recruiting office located in the Federal building, has announced that four Grosse Pointe youths have been found qualified by aviation cadet examining board No. 4 and are awaiting calls to active duty.

First on the list released is David Newell Mills, 247 Woodland Place, son of Wilson W. Mills, chairman of draft board 57. Young Mills is an attorney, having attended Choate, Wallingford, Conn., Harvard and Michigan. Mills is married to the former Julia Conner.

A graduate of Grosse Pointe high school, where he received letters in football, baseball and basketball, Joseph M. Faust, 20, 2621 Lakewood, son of Mr. and Mrs. Alexander Faust, is likewise awaiting call. He is at present employed at Briggs.

Robert Alan Moffat, son of Mr. and Mrs. Fred L. Moffat, of 673 Washington road, who attended high school at Southeastern and Grosse Pointe, later entering Western Michigan Teachers college, has been accepted. At present he is employed with the Detroit Universal Duplicator company.

Charles F. Tuschling, Jr., 20, son of Mr. and Mrs. Charles F. Tuschling, Sr., 1930 Lochmoor, Grosse Pointe Woods, is the fourth Grosse Pointe boy to be accepted. Young Tuschling graduated from Concordia college, Fort Wayne, Ind., where he was best captain of his school battalion, captain of the rifle team in 1940 and a distinguished marksman.

Leo Ryan, machinist mate, first class, now stationed with the U. S. navy at Jacksonville, Fla., is a member of his post's football team which recently administered a shellacking to the University of Florida 20 to 7. Ryan played football at Grosse Pointe high school.

Son of Mr. and Mrs. William Ryan of 1383 Beaconsfield, two other Ryans are serving our country, namely his brothers, Robert and James. This columnist knows of no other Grosse Pointe family with as many men in the service, and the Ryans can rightfully be proud.

Pvt. James Ryan is with the AEF, "somewhere in southern Australia, where he has been seen frequently by "Pete" Weins and other Grosse Pointe boys. Pvt. Robert Ryan is stationed at New Orleans, La., with a provision battalion.

Pfc. Philip Frazier, of Grosse Pointe, arrived home recently after six months of service in the army. He is now stationed at Camp Claiborne, La. On Thursday, Sept. 24, Private Frazier was united in marriage with Lillian Reno of Ridge road. A reception followed the wedding ceremony. Private Frazier was to return to camp today.

Lieut. Roland E. Fluit, has been transferred from Brooks Field, San Antonio, Texas, to Salt Lake City, Utah.

Richard Vincent Frato, son of Mr. and Mrs. Nicholas V. Frato, 526 Notre Dame, was accepted for enlistment in the U. S. navy at the post office in Detroit this week. He was sworn in Monday afternoon and entrained an hour later for the Great Lakes naval training center in Chicago, where he will be stationed for a period of basic training.

Mr. and Mrs. Edgar Tommas of 1384 Lakepointe have received a letter from their son, Edgar Tommas, Jr., who is with the USMC, stating that he is proud to have received a nomination to private first class. He was not able to divulge more than that he is located in the "tropic zone."

Two Fine Features at Alger Theatre Starting Friday

The husband takes a trip! "The Wife Takes a Flyer!" The flier takes advantage!

There, in a nutshell, is the laugh-packed story of Columbia's hectic new comedy, "The Wife Takes a Flyer," which opens Friday, Oct. 2 for seven days at the Alger Theatre with Joan Bennett and Franchot Tone starred. Joan is the loveliest creature who ever occupied enemy territory; Franchot is a Yankee daredevil in the RAF who dives head-first into intrigue, danger and romance!

This fine picture is only half of the week's entertainment.

Dorothy Lamour introduces two new jungle pets in her new starring film, "Beyond the Blue Horizon," opening Friday, Oct. 2 at the Alger Theatre. The new Paramount adventure romance in technicolor features Richard Denning, Jack Haley, Patricia Morison, Walter Abel and Helen Gilbert.

Dotty's two new jungle friends are Go-Go, a comic chimpanzee, and Satan, a huge bengal tiger. Many laughs result from the chimp's antics with Jack Haley. The tiger is believed unique — it swims!

'Frog-Voice' Vows 'Em at The Pointe

Frog-Voiced Roger Cote, recently with Frank Gagen at the Book, plus a varied assortment of novelty entertainment, is packing them in these days at Howard Duncanson's intimate club The Pointe.

Barber shop harmony was never so sharp, little Sally Romine was never lovelier, Mel Steckley's band was never more mellow, musically speaking. You'll be in for many a pleasant surprise on your next visit to The Pointe. No cover, of course, at any time.

Victory Garden Council Revert

The Grosse Pointe Victory Garden council met on Tuesday morning, Sept. 29, to review the Summer's work and to make plans for the Winter and for next year.

The enthusiasm of Grosse Pointe residents turned 136 individual plots from sod infested furrows into fruitful patches of vegetables and tomatoes, with a garnishing of petunias, zinnias and marigolds. Fruitful indeed. Three plots oversupplied the many crippled children at the Sigma Gamma convalescent home, and the junior Sigma Gammas, who have sowed and weeded, are planning for Winter storage space for the surplus. Another co-operative effort were the gardens worked faithfully all Summer by 22 school children under the guidance of Mrs. Stanley MacKenzie of Grosse Pointe Woods. Though no record could be kept of the pounds of peas and bushels of potatoes, cucumbers, and tomatoes consumed and stored by individual families the figures, it was estimated, would do credit to this era of ciphers.

The highly successful vegetable exhibit wound up the season. Under the leadership of a chairman, Mrs. Lynn McNaughton, who arrived at 7 a.m. on Saturday morning, Sept. 12, at the Grosse Pointe Neighborhood club, and with the timely assistance of Mr. Sayward of the Eastern Michigan Horticultural Society, the final produce from the community Victory Gardens went on display. Many of the awards were indeed the result of the unflagging interest of the exhibitors as, for instance, the prize exhibit of pumpkins — children of a single last year's Jack-O-Lantern.

Exhibitors from the community garden plots were:

- J. Stanley Richardson, Lakeland plot.
- Mrs. Paul Frauuseth, Lothrop plot.
- Joseph Houbien, Lothrop plot.
- Mrs. Marcella Vanderamliere, Lothrop plot.
- Mrs. Harvey Henness, Lothrop plot.
- Mrs. Robert Waldron, Lakeland plot.
- Mrs. Stanley Mackenzie, Hawthorne plot (for 22 school children).
- Mrs. Charles A. Zittle, Cadieux plot.
- Mrs. J. Haines, Lothrop plot.
- Mrs. Louis Herman, Jr., Cadieux plot.
- Mrs. W. J. Ward, Lothrop plot.
- Mrs. Pearl Farnum, Harcourt plot (for Girl Scout troop No. 199).
- Richard Solderberg, Cadieux plot.
- Ralpa Fowler, Lothrop plot.
- Mrs. O. A. Soderberg, Cadieux plot (preserves).
- Mrs. H. C. Kink, Harcourt plot.
- Mrs. T. B. Lewis, Harcourt plot.
- Bobbe Lewis, Harcourt plot (children's garden).
- Joan Lewis, Harcourt plot (children's plot).

the use of their lands. The second was that the appreciation of the council be expressed to the Grosse Pointe municipal and village officials of their cordial and helpful co-operation and invaluable assistance.

There will be community Victory Gardens again next Summer. If possible, even better ones. Next week's issue of The Grosse Pointe Review will contain information about the future garden plans and application blanks for next year. Please return the blanks promptly, because the plots will be plowed this Fall. Plowing will not be done, however, until all of the crops have been gathered in. Next week's Review also will publish helpful hints for putting away a Victory Garden.

Navy Needs 60,000 More "Seabees" Now!

Opening of a drive to enlist at least 200 Michigan men each week in the "Seabees," or navy construction battalions, was announced today by Lieut. Byron E. Flechtner, officer in charge of navy recruiting for this area. He said that at least 60,000 more "Seabees" are needed nationally.

The "Seabees" are men from 17 to 50 years old, inclusive, who build vital naval bases in all parts of the world and defend them against attack, if necessary. Thus, the "Seabees" are serving their country at war, both as producers and fighters.

Principal Walter Cleminson Outlines Role Of High School in the War Effort

Immediately meeting the challenge to enlist civilian youth in the most direct effort to co-operate with the national war effort, W. R. Cleminson, principal of Grosse Pointe high school, last week issued the following bulletin to the personnel at the high school:

"Never have we had so little time in which to do so much."
—FRANKLIN D. ROOSEVELT

"The job of the schools in this total war is to educate the nation's manpower for war and the peace that follows. . . . It's up to the schools and colleges of America to use every means at their disposal to train men and women for direct participation in the war effort."—Gen. B. B. Somervell, commanding general of supply, war department, Aug. 28, 1942.

"Teach your students that our future will be what we are strong enough, and resolute enough, and intelligent enough to make it against the opposition of able and ruthless men who have determined to make it something else. . . . We will get no more than we work for, and unless we work hard enough and intelligently enough, we shall be worse off than we could ever have imagined."—Elmer Davis, director of war information, Aug. 30, 1942.

"We must expect 18-year-olds to be taken into the war, and we must prepare them for it or the government will take over secondary education. . . . I caution you to begin preparing seventh and eighth grade students for a war and armed peace which may last six, eight, 10, 15 years. . . . The American people will have to make greater sacrifices in food, recreation, etc. . . . There will be severe penalties on people and institutions who do not make their contribution. . . . This war is characterized by fighting with learning. . . . The Year Ahead Is Not To Be a Usual Year."—Dr. J. B. Edmonson,

RABAUT ON JUNKET TOUR

Washington — In spite of, and partly because of, the war, the relations of the United States with South and Central America have become closer. Here in our own community we feel these closer ties. The Spanish language is being taught to our children in the schools more than ever before; many of us in business are looking to the south as a field for trade after the war is over; classes in adult education are stressing the cultural background of our southern neighbors; and many of us are dancing South American dances to South American music. In general, there is more of a sympathetic feeling of co-operation between all the peoples of the western hemisphere. They have become more a part of us than the warring nations of the Old World. They are young and fresh and vigorous like ourselves.

This paper, therefore, is publishing a series of articles on Latin America based on the official trip made last year by our own representative, Louis C. Rabaut. As chairman of the subcommittee on appropriations for the departments of state, commerce, justice and the judiciary, Congressman Rabaut was asked by Cordell Hull, secretary of state, to head a delegation of five members of congress on a trip of almost twenty thousand miles, visiting nearly every country in South and Central America. The principal reason was to study the effect of the millions of dollars which our own federal government is spending in those countries. In that respect, the trip was highly successful and has earned the appreciation and praise of many. Vast amounts of money will be saved because of the recommendations made by the committee. But that technical side has been preserved for posterity in a 40-page report. These articles will touch on only the more interesting and colorful aspects of the trip.

The entire journey was completed in 80 days flying over the equator, through Brazil to the straits, the high Andes. During this

George Messersmith, former United States ambassador to Cuba; Fulgenio Batista, President of Cuba and Congressman Louis C. Rabaut, of the fourteenth district of Michigan.

Sugar and tobacco, of course, are the principal industries; and the United States is their best customer. Because of its proximity to the United States, Cuba is a mecca for American tourists who spend 10 to 15 million dollars annually to enjoy its tropical breezes and pleasures. Horse racing is particularly popular.

The President, Fulgenio Batista, was elected two years ago and has been doing an excellent job. He is the outstanding figure in Cuba today and much of the social progress achieved during the past five years has been due to Colonel Batista. When he became President a new constitution went into effect which is republican in character. Batista is friendly to the United States and has expressed the conviction that Cuba's economy "can be overcome only by close co-operation with the United States."

In the accompanying picture, President Batista is shown with Rep. Rabaut and former ambassador, George S. Messersmith. Mr. Messersmith has been named to Mexico where he is expected to replace Daniels as our ambassador.

many years to strengthen and enlighten the loyalty of the American people."—Educational Policies Commission, February, 1942.

We must begin now in modifying our program to meet these demands. Below is a partial list of topics for investigation and study assigned to the various departments. Consider them carefully now, collect materials related to them, and in your next departmental meeting divide up the assignments of planning for the presentation of the various topics. This work will call for many special departmental meetings within the next few weeks. Fridays are free from conflicts as a rule. Plan schedules for including them and other topics and dropping or condensing topics which have been included in our course outlines. Perhaps some of the topics below should be transferred to other departments. Please turn in your problems and suggestions to me. Again, the list below is by no means complete.

Guidance
Pre-induction and pre-flight aeronautics courses (fundamentals of electricity, photography, shop work, machines, radio, automotive mechanics, code practice, radio maintenance and repair.) Stress mathematics and science and the above classifications of study and training. Informal sympathetic guidance to boys and young men in their selection of the branch of armed service for which they are best prepared to go on with further training in school, and provide that training. It is quite probable that by the end of 1943 six million or more Americans who are not now employed will then be engaged in war production. Probably most of these will be women taking jobs now held by men. This concerns greatly our guidance of girls now in senior high grades to prepare for work. There is great demand for more secretaries, typists, clerks, bookkeepers, and, of course, there will be a great demand for women in industry operating machines. All of our young people, boys and girls, must prepare to work. That takes precedence over the regular traditional program preparing for college. The colleges are changing their programs greatly to meet demands of the war. We need not be too concerned with the credit which colleges will approve on our new courses aimed to prepare our students to contribute to the war effort. Through proper guidance, there can be preparation for both in most cases. "The year ahead is not to be a usual year." The planning for the program above must be done quickly in order to change enrollments set up by three-year plans by Nov. 15.

English
Build and maintain morale. Attention to understanding of wartime pressures and strains on individual pupils and helping them to stand up under these strains. New publications on aviation, army and navy units of armed services. Branches of armed services and their particular assignment, need for special training, history, insignia. Service etiquette. Promotion and rank in the various branches of service. Service lingo. Study of war heroes. Writing letters to men in the service. Volunteer, unpaid participation in war effort. Radio programs.

Home Economics
Food substitutes. Nutrition. Conserving foodstuffs. Child care.

Industrial Arts
Machine shop training, automotive, drafting for more, particularly girls, to go directly into production work upon finishing high school. Training more boys and girls in less time to be better prepared to meet the requirements for mechanized warfare.

Mathematics
Refresher courses in upper grades to master understandings and skills in arithmetic and general mathematics. Application of mathematics to science and mathematics and science training needed by those who will be inducted into the armed services within the next one, two, or three years or more. Inflation. Buy war bonds. Ten per cent clubs.

Physical Education
First aid. Physical fitness program to increase bodily vigor of our eleventh and twelfth grade boys especially. Good mental hygiene. Becoming free of defects and diseases that might keep men out of the armed services. Proper habits of rest and recreation. Nutrition. In general, developing our physical education program far beyond our present requirements, both in content and semesters required. This we must do if we are to prepare our present boys from the tenth grade up for their going into the service one, two, and three years from now. There are many who think that the knockout punches against the Japs and Nazis will be given about four years from now by armies which to quite an extent will be made up of young men who are now entering senior high school. Physicians will not be available as they are even now. Nurses, too, will be needed to treat our casualties at the front which Gen. Ben Lear predicted at Kansas City, Sept. 20, would in all probability far exceed American losses in the first World War. We must understand better how to keep our bodies strong and well.

Science
The blood bank (blood plasma, its use and great importance and the need for many more blood donors.) Conservation of natural resources and human resources. Substitutes. The chemistry of warfare. Aeronautics. Elements and materials which are now cut off due to aggression by the Japs and the Nazis. The importance of radio technician study, meteorology, and photography. Identifying aircraft. Rationing.

Social Studies
The ideals of democracy. Understanding the pre-war economic problems of the United Nations and our foe. Inflation. Price ceilings. War geography. Ocean routes. Air

Four average homes could be heated for a year with fuel oil from a tank car, but four heavy bombers would stay aloft less than 11 hours using the same amount of gasoline

It looks like Miss Noreen Sullivan hated to see her bicycle go in the scrap drive last Saturday. Daughter of Mr. and Mrs. Edmund B. Sullivan, 1367 Beaconsfield, Noreen is soon parked "for one last time" astride her beloved toy.

ST. JAMES LUTHERAN CHURCH
Rev. GEORGE E. KURZ, Pastor
St. James Lutheran church of Grosse Pointe worship every Sunday in the Punch and Judy Theatre. The morning service is at 11 a.m. Sunday school is at 9:45 a.m. The Rev. George E. Kurz, pastor, announces that Holy Communion will be observed next Sunday, Oct. 4. On Sunday, Oct. 11, the congregation will hold Mission Festival. The Rev. A. H. A. Loeber, pastor of Messiah Lutheran church, Lakewood

at Kercheval, will deliver the sermon. Pastor Loeber is also the secretary of the English district mission board of the church at Lakewood. Visitors are always welcome at St. James church.

MESSIAH LUTHERAN CHURCH
Southeast corner of Kercheval and Lakewood avenues. A. H. A. Loeber, pastor, 1434 Lakewood ave. Telephone Lenox 2121.

Legal "Laxity" in City Is Only Newspaper Duplicity

What is the matter with the City of Grosse Pointe? One week we regretfully read a story in our contemporary newspaper that a motor law ticket given in that municipality means little "and that laxity charges" were brought to a head.

Since Justice Uvick was accused of being "most lenient with culprits" and the story was headlined "Law Breakers Have Little Reason To Be Afraid of Face Justice Here" we started with an interview of Justice Uvick.

"I cannot and will not discuss or retry the case of any person in any newspaper. I've read the story and regret that it is not of sufficient importance to merit any comment or reply."

The award of the plaque is based on records compiled over a year. Of all cities under 10,000 in population, the City of Grosse Pointe has the best record in the United States bearing on the safety of pedestrians.

Furthermore, attempt to show a comparable record of another justice in reality furnished no fair comparison. Justice DeBaeke, we are sure, would be the first to have prevented such an inference if he had been advised or consulted.

The author did, however, pay Justice Uvick an unintended compliment by stating that the particular case in question took four hours of the court's time. This, in our opinion, certainly indicated something akin to thoroughness and an opportunity for all parties to present their case fully.

What our critic failed to state is that when Justice Uvick suspended sentence and costs, is that he received no compensation whatever for all the time taken. We have learned that he has not once asked for compensation in any such case all the years he has served as judge.

The greatest error that the critic made, however, is to assume to know the law and thereby display, in print, his ignorance concerning the very essence of his criticism. The author said: "In all cases, police stated there was sufficient evidence to convict the motorist of the minimum state penalty."

One would have to be quite credulous to make even himself believe that "in all cases" listed everyone had to be guilty when violation tickets are given to all concerned in an accident occurring not in the presence of an officer.

Adult Education Classes to Start at Trombly School

Under the sponsorship of Wayne university adult education department a series of lectures open to the public is to be started next Tuesday at the Trombly school on adult education.

The first class will be held at 10 a.m., Oct. 6 with Mrs. Donald C. Stevenson, of Grosse Pointe, as instructor on the subject: "Understanding Family Relationship."

The second class will be on Wednesday, Oct. 7, on the subject, "Food and Nutritional Needs of a Family" with Mrs. Warren Sissman as instructor.

All classes start at 10 a.m. and will be held on succeeding Tuesday and Wednesday mornings for a period of 10 weeks. Classes meet in the Girl Scout room, No. 214, in the Trombly school. A fee of 50 cents covers the entire series of lectures for the term.

The classes are highly recommended for their practical, educational and social value.

Pointe Camera Club To Meet October 6; Lecture Scheduled

On Tuesday evening, Oct. 6, the Grosse Pointe Camera club will have an illustrated lecture on the "Faults of Negatives and How to Correct Them." The lecturers will be E. A. Ketterer and Ted Hewitt who have spent a great deal of time in gathering together the various types of negatives and their faults.

Another new feature announced by Dr. C. J. Marinus, president of the club, is the analyzing of the negatives and prints of the members which have not been submitted to the judging by the club. Each member, may, if he so desires, have a personal conference with the judges on his prints and negatives.

Photographic war posters will be submitted by the club members to its judges, and those chosen as the best are to be submitted as part of the U. S. camera's war poster contest.

Defer School PTA Membership Drive Defer parents, please take note. Our PTA needs your membership and active interest to carry on its plans for the year. Due to the many demands of the war emergency, the executive committee, at a meeting on Tuesday, Sept. 28, voted to cancel the annual October card party, previously announced.

Adult Education Courses Offered by Board of Education

Adult education courses, sponsored by the Grosse Pointe board of education, announced this week by Forrest M. Geary of the public schools, offer a wide variety of subjects for both men and women. A full schedule has been worked out, starting with the first week in October.

Enrollment may be made at the first scheduled meeting of the class or by calling Niagara 2000, extension 25. All classes, except those designated otherwise, will be held from 7:30 to 9:30 p.m., and unless otherwise specified, will meet at the Grosse Pointe high school.

Co-sponsoring agencies are Wayne university, University of Michigan, state board of control for vocational education, OGD, AVWS, Grosse Pointe U. of M. club, Trombly PTA, Defer PTA, Maire PTA, Richard PTA and Mason PTA.

Class starting date for the period Oct. 5 to 12: Oct. 5—Spanish I, conversational; Tailoring and Dressmaker Finishings; Citizenship Preparation at Pierce junior high school; Typing; and Advanced Shorthand.

Oct. 6—Art Education I, drawing, composition and water color; Home Nursing at Trombly community house, 1 to 4 p.m.; History of Music at Pierce junior high school; Citizenship Preparation, 7 to 9 p.m.; Mathematics, preparation for armed services; Beginning Shorthand; Understanding Family Relationships at Trombly school, 10 a.m. to 12 noon; Knitting at Maire school, 9:30 to 11:30 a.m.

Oct. 7—Typing; Food and Family Nutrition at Trombly school, 10 a.m. to 12 noon; Home Nursing at Maire school, 1:30 to 3:30 p.m.

Oct. 8—My Country in a World at War, lectures; Advanced Spanish, conversations; Women's Gym; Women's Swimming; Advanced First Aid; Standard First Aid.

Oct. 9 — Budgeting and Home Management at Maire school, 9:30 to 11:30 a.m.; Creative Weaving at Richard school, 9:30 to 11:30 a.m.

Oct. 12—Blueprint reading; Present and Future World Problems in main library; Meteorology and Home Mechanics.
