

No. mail men do not ride buses and street cars free, although you many times have seen them board the same and pass the driver or conductor without paying.

A feature writer from Detroit's morning daily was only one-third right within the ken of this columnist. An unintentional scoop on the President's visit to Detroit was assigned to Birmingham's weekly paper, The Eccentric, through a phrase in an antique dealer's ad, which read: "President in Detroit this week, elections in November."

Acting in conjunction with the Metropolitan Detroit war chest, Grosse Pointe has been designated as District No. 6, and Mrs. Edwin C. Parker of Grosse Pointe boulevard and Gaylord W. Gillis, Jr., named as co-chairmen by Mrs. Harry Bourke of Grosse Pointe and Hale Clark of Detroit, co-chairmen of the Metropolitan Detroit war chest.

Put prepared tin cans on the curb Friday night for collection Saturday morning, Oct. 10. Last collection amounted to 400 tons. Oct. 10 we want 1,000 tons. The Detroit area is way out in front, ahead of other cities in scrap drives. Let's prove that we can continue to maintain this leadership.—Wayne county salvage committee.

Eliminated in advance as a prospect for editorial writing on The Galveston (Texas) News was an applicant who wrote: "I always do what is told to me without any back talk. I am a willing worker and use no profane language."

Rumor has it that Miss Rosemary Schaeffer, employed in the offices of the City of Grosse Pointe, has perfected a new type of handlebar grip for her bicycle, especially adapted for use in rainy weather. No patent has been obtained. It should prove a worthy contribution to public safety during these days of conservation and rationing.

Services for Mrs. Catherine Miltenbach Treis, widow of the late Nicholas Treis, were held at 9:30 a.m., Monday in St. Ambrose church, following prayers at the Griffith and Wade funeral home on East Jefferson. Interment was in Mt. Olivet cemetery.

Mrs. Treis succumbed Friday at the home of her daughter, Mrs. Frank A. Schehr, of 1038 Lakepointe, Grosse Pointe Park. Member of a prominent pioneer family, she was born in Detroit 86 years ago. She is survived by another daughter, Mrs. Edward A. Rutt; two sons, George and Richard; a sister, Mrs. Millie Koch Zimmerman; 14 grandchildren and three great grandchildren.

1,100 Speed Signs Now Being Replaced G. Donald Kennedy, state highway commissioner, this week ordered the removal of all signs indicating speed zones in excess of 35 miles per hour on state trunklines.

Kennedy said by the end of the week all 1,100 signs throughout the state will be replaced by new ones eliminating highway travel in "control zones" to 35 miles per hour in accordance with Governor Van Wageningen's proclamation regarding the new nation-wide speed limit to save tires.

SECOND TIN CAN PICK-UP SATURDAY

Need 500 Volunteers for War Chest Drive

Pointers Asked to Sign for Augmented Effort in November

An appeal for a minimum of 500 volunteers was made this week by Gaylord W. Gillis, Jr., 31 Radnor Circle, to assist in Grosse Pointe's war chest drive which supplants by merger the usual community fund effort in this and other communities across the country, with the triple objective of serving the needy in foreign lands, the armed forces of the United States and local charity.

Acting in conjunction with the Metropolitan Detroit war chest, Grosse Pointe has been designated as District No. 6, and Mrs. Edwin C. Parker of Grosse Pointe boulevard and Gaylord W. Gillis, Jr., named as co-chairmen by Mrs. Harry Bourke of Grosse Pointe and Hale Clark of Detroit, co-chairmen of the Metropolitan Detroit war chest.

In asking for a minimum of 500 solicitors in the Grosse Pointes, Mr. Gillis explained that a corps of that size was necessary in order to both lighten the efforts of every solicitor and to conform with the national tire and rubber con-

Because of its patriotic nature, Pointers are expected to respond freely to the request for volunteer solicitors. It is extremely important to the success of the drive locally that a corps of volunteers is organized early, in order to complete the planned division of areas before the opening of the campaign. The war chest drive formally opens on Oct. 26, but actual solicitation will be concentrated between the period of Nov. 2-12.

Readers of The Review will find a convenient volunteer enrollment blank on the front page. Armed forces of the United States, local charity and needy in foreign lands who will benefit by the war chest are the following organizations: USO, local Catholic, Jewish, Protestant and non-sectarian welfare groups; British War Relief society; Greek War Relief Association; Maple Leaf Fund; Polish American council; Queen Wilhelmina Fund; Russian War Relief; United China Relief; United Jewish Appeal and War Prisoners' Aid committee, all of which are serving the needy of Allied Nations.

Church goes in the Pointe area will hear the following announcement from the pulpit on Sunday, Oct. 10 and 17: "The war chest of metropolitan Detroit has requested me to make a plea for some campaign workers for the campaign which takes place from Nov. 2 until Nov. 12. This applies to residents of the Grosse Pointe area only. The war chest wants as many workers as possible, so that none will have to bear too heavy a burden. It is the endeavor of the war chest to have each worker solicit in his or her own block. Those wishing to have a hand in this patriotic work, may sign their name, address, and telephone number in the annex."

Pointe war chest headquarters will be opened at the Neighborhood Club on Saturday. Zone chairmen in the various villages announced Tuesday are: Mr. and Mrs. John Gardner, Bishop road, Grosse Pointe Park; Mrs. Harold Gregory, 1984 Hawthorne, Grosse Pointe Woods; Mrs. Aired R. Glancy, Jr., 66 Renaud, Grosse Pointe Shores; Mr. and Mrs. Edgar L. Fink, 252 Vendome, Grosse Pointe Farms; John L. Kenower, Village Lane, Grosse Pointe.

D. Roger MacNaughton, of 174 Fisher road, Grosse Pointe, is among the 171 students enrolled in the naval reserve officers' training corps at the University of Michigan for the Fall semester. MacNaughton is a sophomore in the literary college.

Notice of registration to qualified electors not already registered is being made for the general election to be held Nov. 3, in the township of Grosse Pointe and the City of Grosse Pointe. For the township election, residents of the Pointe may register with their respective village clerks up to and including the 20th day preceding election and the township clerk, Henry Lavers, will be in his office in the Municipal building during the hours of 8 a.m. to 5 p.m. on Wednesday, Oct. 14. Residents of the city may register with the city clerk, Norbert P. Neff, who will be in his office at 1213 Maumee between the hours of 9 a.m. to 4:30 p.m. on Oct. 14.

Thank You! Oct. 5, 1942 Grosse Pointe Review, 15121 Kercheval, Grosse Pointe Park, Mich. Dear Editor: The Grosse Pointe Park Fire Fighters Association wish to thank everyone who turned out and assisted them in making the sendoff party for inductees last Friday morning a success. GROSSE POINTE PARK FIRE FIGHTERS ASSN. BY ALFRED J. MARTIN, President.

Becomes Honorary Post Member

Bill Kane, past commander, acting for Commander Roy Bariteau swears Thomas E. Merritt, aviation chief radio man, into membership in Alger Post.

Hero of South Pacific Naval Action Joins Alger Post, VFW Here Last Saturday

At a public ceremony in the club rooms of Alger Post No. 995, VFW, Saturday night, Oct. 3, a new, young and very outstanding veteran of a new world war took his oath of obligation into ranks of America's oldest, gold stripe organization, the Veterans of Foreign Wars of the United States. He is Thomas E. Merritt, aviation chief radio man, USN, son of Mr. and Mrs. Victor Van York, 14889 Alma, Detroit.

Local Residents Warned Not to Hoard Gasoline

Due to the impending advent of gasoline rationing and other regulations limiting transportation by automobiles, there seems to be an inclination or tendency on the part of the public to store gasoline in drums or other containers in their garages, basements or otherwise on their premises.

This is absolutely contrary to regulations existing under state law and local city ordinances, stated Ledger L. Chauvin, fire chief, in a warning issued by him based upon inquiries made by residents of the city as to whether or not gasoline could be so stored. "Storage of gasoline on residential premises creates an extremely dangerous hazard to the occupants and neighbors nearby, as well as a grave, additional risk to the firemen called upon to control fires in the vicinity of such stored inflammable liquids," said Chief Chauvin, continuing his warning "I must warn and caution all of our people that such action likewise may cancel fire insurance on their premises."

Inspections of premises reported as violating this regulation will be made and the violation abated by whatever process necessary, the chief stated.

He has been on foreign service for the past nine months which entitles him to membership in the VFW. But it was with a mixture of proud and suppressed gravity that Roy Bariteau, commander of Alger Post, turned the obligation proceeding over to Bill Kane, past commander, who accepted young Merritt into Alger Post as the first man to return, in person, from this new world war and take his place among the men of Alger Post who have fought America's battles all over the world in the years gone past.

Warning, Pranksters!

Police officials of Grosse Pointe Woods this week issued a warning to children and parents of minors that further perpetration of Halloween pranks would result in prosecution to the full extent of the law. Destruction of property and trespassing are not to be tolerated. The edict follows reports of several minor malicious acts recently.

Several complaints have been received in the Woods from women who have been victims of being frightened by rubbish thrown on porches while their husbands were working nights. Police promise punishment for any youth caught in such pre-season Halloweening.

Mobile Blood Unit at St. Columba Friday

The American Red Cross blood donor mobile unit will be at the St. Columba Episcopal church parish house on Friday from 10 a.m. to 3 p.m. Persons wishing to donate a pint of blood for emergency use by our army and navy are urged to make appointments by telephoning Mrs. Philip Day at Niagara 9115.

Residents Have Until Wednesday, Oct. 14 To Register Here

Notice of registration to qualified electors not already registered is being made for the general election to be held Nov. 3, in the township of Grosse Pointe and the City of Grosse Pointe. For the township election, residents of the Pointe may register with their respective village clerks up to and including the 20th day preceding election and the township clerk, Henry Lavers, will be in his office in the Municipal building during the hours of 8 a.m. to 5 p.m. on Wednesday, Oct. 14. Residents of the city may register with the city clerk, Norbert P. Neff, who will be in his office at 1213 Maumee between the hours of 9 a.m. to 4:30 p.m. on Oct. 14.

No Salvage Drive at Present for Grosse Pointe Schools

In view of the short time which has elapsed since the Pointe-wide salvage pickup on Saturday, Sept. 26, Grosse Pointe public school authorities announced this week that no concerted drive for scrap would be made at present under the banner of the school system.

Instead, it was explained, the school children would be called upon to lend their efforts in the next concerted drive staged in the area under the direction of Neil Blondell, member of the Wayne county committee and chairman for this territory.

The schools have been stressing the importance of salvage since the outset of the campaign and will continue to make a continuous drive as in the past, for the duration.

Sendoff Party Draws Crowd of 400 Friday At Neighborhood Club

Approximately four hundred friends and relatives of the 18 men who left for service from the Neighborhood club last Friday morning were treated to a fine program of entertainment co-sponsored by the Home Front committee and the Grosse Pointe Fire Fighters Association.

The Grosse Pointe Breakfast club as usual served coffee and doughnuts to the boys who were leaving. L. J. Martin, president of the Fire Fighters association, with a committee composed of Martin Nielsen, Harry Decker and Joseph Kolgy, introduced Norbert P. Neff, Grosse Pointe city clerk, Fire Commissioner Johnson and Detroit's famous sports announcer, Ty Tyson, who in turn addressed the draftees and audience.

Excellent musical entertainment was provided by the high school band under the direction of Dewey Kalember. Other attractions were piano solos by Robert Cosley and vocal selections by Burt Deckerjisk, WWJ accordionist.

Following the entertainment a parade formed, headed by a color guard of the American Legion, the high school band, members of the village fire departments and auxiliary firemen. They accompanied the bus carrying the boys to the corner of Kercheval and Cadieux.

Virginia Youth Lodged in Detention Home

Failure to pay the rent disclosed the correct age of a 15 year old boy rooming at 1468 Maryland avenue, upon investigation by the Grosse Pointe Park police. Erskine left his home in Madison Heights, Va., and came to Detroit. He worked as a dishwasher in a hotel after falsely reporting his age as 17 years. After questioning the youth was taken to the juvenile detention home.

County Parent-Teacher Council Meets Tuesday

The first meeting of the Wayne county council of PTA's will be held at the Gibraltar school on Tuesday, Oct. 13. Miss Ruth Rogers, state department of health, will be the speaker.

Place Processed Tin At Curbs Friday Nite; Expect More Cans

More metal in the heart of the Axis, rain or shine, Saturday, as Grosse Pointe municipalities and Gratiot township join in their second tin can collection. Residents are asked to place their processed tin in containers at the curb Friday night, in order to be ready for municipal trucks which will start making the rounds promptly at 8 a.m. Saturday.

A stirring appeal to residents of the Pointes and Gratiot township was issued this morning by Neil Blondell, assessor of Grosse Pointe, member of the Wayne county salvage committee and chairman of salvage for this area. "We want to match and beat the trend nationally for communities to double and even triple their previous tin tonnage collected in our drive this Saturday," said Blondell. "We gathered 32 yards of processed tin on Aug. 29, which amounted to approximately seven tons. We can do better, especially if every householder will perform his or her patriotic duty."

More Plans Made For Hallowe'en Party in Pointe

At a meeting of the Grosse Pointe Hallowe'en committee held in the high school Tuesday at 8 p.m., details of the program of the evening were further worked out. The meeting was very well attended by adults as well as student committees representing all Parochial and public schools.

Students recommended a 50-cent charge for dancing at the high school for junior and senior high students, with 25 cents to go for the purchase of a war stamp and the balance to be used to help defray the costs of the entertainment.

It was recommended that elementary children buy a 10 cent admission ticket, for which they will receive a 10 cent war stamp and be admitted to entertainment at Pierce or the Neighborhood club. Candy and noisemakers were voted for the small children and no charge for admission will be made to parents accompanying children.

It was decided to set up booths at points of entertainment for the sale of war bonds and stamps. Contributions to the Hallowe'en fund are being received by Chairman Pongraz and Treasurer Willard Hoskins. Enrollments may still be made in the University of Michigan extension series of eight monthly lectures on "Books and Total Victory," to be sponsored here by the University of Michigan Alumni club of Grosse Pointe township, Miss Florence Sever, chairman of the committee in charge of enrollments, announces. "Basic Books for Background," the first lecture, will be given by Olive Deane Hornel at eight o'clock on Monday evening, Oct. 19, in the auditorium of the John D. Pierce junior high school.

U. of M. Announces Extension Series At Pierce Junior

The first four lectures will discuss problems and ideas in contrast with the last four which will deal primarily with peoples and places. The entire series is closely keyed throughout to the war effort.

Reading lists are distributed with each lecture, naming the titles of the best books on the lecture topic. In addition, mention will be made in these each month of the best in "escape" literature. Consideration will also be given to important developments in the drama. The fee for the entire series of eight one-hour lectures is \$3.00.

AWWS Instructor Classes to Start at High School Monday

Instructor classes in home mechanics, sponsored by The Grosse Pointe unit of the AWWS, will start Monday evening at 7:30 at the high school, with subsequent meetings each Monday and Wednesday thru a series of nine meetings. Classes are for the purpose of training instructors for the public educational program to follow. There will be three periods of instruction on electricity, two on carpenter work, one each on plumbing, motor mechanics, home safety and preservation of floor coverings. Mrs. William Innes is chairman of the AWWS institute of home mechanics and Mrs. John McAuley is chairman of home mechanics. Instructors are greatly needed for the program to follow. Hence, anyone interested in taking the training is urged to enroll, or to call AWWS headquarters, Tuxedo 1-1650.

Dedicate Mason School Annex Tuesday

On Tuesday evening, Oct. 13, at eight o'clock, the new 12-room addition to the Mason elementary school on Vernier road will be officially dedicated by the board of education. The program of the dedication will be participated in by Joseph Krausmann, contractor for the building, who will officially present the building to the architect, B. V. Gamber, of Derrick & Gamber, Mr. Gamber in turn will present the keys to the building to Dr. Charles A. Parcellis, president of the board of education, after which pupils of the sixth grade of the Mason school will then be taken on a tour of the building by all those who are attending, after which the members of the PTA will serve refreshments. This addition to the Grosse Pointe school plant was authorized by public ballot in September, 1941, due to the rapid growth of the Grosse Pointe Woods and Gratiot area which has grown so rapidly in the last few years that even now the new plant is filled to approximate capacity. The new addition consists of 10 standard size classrooms, complete with elementary education purposes, a small room for tutoring and special education and a large room for kindergarten, a separate receiving room, textbooks storage room. While the building has been built at a remarkably low cost of less than \$100,000, it is very attractively and durably built according to the best standards of elementary planning. The rooms are well lighted and with excellent ventilation and are especially attractive and well planned with bookshelves and will have to remain in this condition until after the war. It was thought at the close of school last year that the population of Grosse Pointe Woods and of the school district portion of Gratiot township would be so large that they could not all be accommodated in the Mason school. Due to a change in residential building, however, some of the vacant space of the school has been able to arrange for additional space in Grosse Pointe Woods and the district portion of Gratiot township would be so large that they could not all be accommodated in the Mason school. Due to a change in residential building, however, some of the vacant space of the school has been able to arrange for additional space in Grosse Pointe Woods and the district portion of Gratiot township would be so large that they could not all be accommodated in the Mason school. THE GROSSE POINTE REVIEW

Offices at 15121 Kercheval between Maryland and Lakepointe
The Only Weekly Newspaper Covering All the Homes in Grosse Pointe and Grosse Pointe Shores

A Patriotic Challenge

The War Chest needs you—and you, and you—at least 500 volunteers in Grosse Pointe to assist with the drive which supplements the usual community fund effort for needy in foreign lands, the armed forces of the United States and local charity.

Mrs. Edwin C. Parker and Gaylord W. Gillis, Jr., co-chairmen of District No. 6 of the War Chest explain that a corps of at least 500 is necessary in order to conform with the national tire and rubber conservation program and also to shorten the distance to cover for each solicitor.

Volunteers are needed. Use the box on the front page, today!

Citizens League Economy Program Now Lies Forgotten in Waste Basket

From the discussion being held by the village commissioners of Grosse Pointe Park, it appears that they have or are about ready to cast their favorite campaign slogan in the waste basket. Since they have employed a new manager and controller there seems to be no limit in their effort to get all the help these two new employees desire to assist them in running the village affairs.

Three weeks ago the new controller stated in open meeting that the village books were in bad shape and that it would take him from three to six months to bring things up to date. Upon investigation the books were found posted as of June, 1942, by the former controller, who was asked to resign on June 15, 1942 for a matter for which he was not entirely to blame but had to take the rap, nevertheless.

It was suggested by Commissioner Parshall that they might get a junior accountant who would cost about \$20.00 per day to help bring matters up to date, from an auditing concern. All this in face of the fact that the former controller had done this work himself with the assistance of other members of the office force and had done so for the past five years when a great deal more business was transacted than is done today.

Thus the new village manager, who by the way gets the tidy sum of \$4,800.00 per year for his superior knowledge as a civil engineer and varied experience in village operation, stated at the last village commission meeting that he is so busy that he has to have a helper, namely, another engineer, to find the sewers and manhole covers throughout the village which have been stationary for the past 25 years!

In the early part of this year the village commission engaged the firm, George Jerome & Co., civil engineers, to make a survey of the sewer system within the village and make a recommendation as to the necessary changes for which they were paid the sum of \$6,010.00. They also had these men locate and establish all manhole covers in the entire sewer system for which they were paid the additional sum of \$904.00.

Now the new manager wants an engineer hired by the year which would cost between \$4,000.00 and \$4,800.00 for his services in assisting the doing of this work all over again.

The sewer cleaning program is being widely discussed surely does not need another engineer to oversee.

Upon entering the village's offices these days one would hardly think that the village commissioners were conscious of the fact that this country is at war and that all the pleas being made for conserving and spending on non-essentials were being heeded. But, nevertheless, they or their new manager have seen fit to streamline the village offices which have served the public for the past 25 years or more and surely could have served for the duration, but what matters to him if it does cost twelve to fifteen hundred dollars of the taxpayers' money—he does not have to make up any part of it.

From all the complaints and information we are able to gather, it appears that this village could get along very nicely without a village manager and as Commissioner Johnson stated in open meeting, any reason for not promoting some of the present help which have been with the village for the past 15 or 20 years and know all the angles in connection with the handling of garbage, rubbish, sewer cleaning, and water maintenance instead of all this high-powered and high-salaried efficiency cannot be readily seen.

What the people want is service and that is what they are paying their taxes for and it appears as though they are going to get it some of these days—Manager or No Manager.

BY BONNIE ESSERT

IT'S ENOUGH TO FLOOR YOU—the number of girl-swirls thrown last week. Why, every one or three minutes I'm hearing of another one to add to my list. Guess I'd better stop adding 'em though, cuz the deadline (the zero hour is closing in on me.)

GINNY BAILEY HAD THE hags for Friday. Ditto to Anne Levenenz and likewise to Bev Waddell. At Bev's house there were Jean Lindeman, Jean Corfield, Eileen MacRae, Bets and Mary Jane Kreller, Pat Stimson and Mary Ellen Gallarno.

I see big doings in the future. The first S. A. dance is next Saturday (if you didn't know.) A few of the sure-fire couples that will attend are Myrt Atkinson and Bob Everett; Jeanette Hinckley and Bill Hanson and Nanette Emery and Don Neisch.

After a rip roaring' Royal Oak game I saw packed in various buggys Jack Drew, Dave Walton, Bill McPherson, Compton Beaumont, Joan Broadbridge, Jean Garretson and Phil Hammer, heading cross country toward home.

In Ann Arbor last Saturday to see the game were Al Berres, Jack Snowday, Cal Vogt and Art Powell.

Some (like Mary Palmer and Art Franzen) are planning to trip it up to Ann Arbor to see next week's game (weather permitting.)

And last, but definitely not the least is Dotty Vining's party in honor of Doria Lubeck, Rheta Pieger, Betsy Bogdoss, Ann Johnston and Cal Nixon were a few of the supporting cast.

Mission Festival To Be Observed at St. James Luthetran

St. James Lutheran church of Grosse Pointe will observe its second annual mission festival next Sunday, Oct. 11, the service beginning at 11 a.m., in the Punch and Judy theatre.

The Rev. A. H. A. Loeber, pastor of Messiah Lutheran church, Kercheval and Lakewood, will deliver the sermon; the Rev. George E. Kurz, pastor of St. James, will conduct the service. It is most fitting that Pastor Loeber should preach the sermon at St. James church on Sunday. Not only was he very instrumental in founding the Grosse Pointe congregation two and one-half years ago, but he is also the secretary of the mission board of the English district of the church at large. As such his visit to St. James church, which owes its beginning and subsequent development to the generous support of the mission board, will be of an official nature.

There will be special music by the choir, under the direction of William F. Fenske; Mrs. John Sherman will be the soloist. Sunday school will be held at the usual hour, 9:45 a.m. People in the community without a church connection are cordially invited to worship at St. James church and to send their children to the Sunday school.

Victory Bob

Permanent Waving comes from personal attention to every detail, a study of your personal characteristics which is necessary to the creating of a coiffure of beauty. Remember, too, we have the largest selection of permanents on the East Side. We suggest the Victory Bob as pictured above.

Pointer Is Promoted to First Lieutenant

HERBERT J. PATTISON SR.—LIEUT. HERBERT J. PATTISON JR. Word has just been received in Grosse Pointe that Lieut. Herbert J. Pattison, Jr., son of Mr. and Mrs. Herbert J. Pattison, Sr., of 854 Lakepointe, was awarded his first lieutenant's bars on Oct. 1 and is pilot instructor at Barbados Field, La. Lieutenant Pattison received his wings and commission as second lieutenant at Luke Field, Phoenix, Ariz., on March 6, 1942. He is married to the former Jean MacArthur Kay of Yorkshire road, Grosse Pointe. The above picture was made late this summer while Lieutenant Pattison was home on furlough. He is shown with his father at the Briggs plant, where the Senior Pattison is an engineer. The background is a company barometer on which recordings are made on war bond sales.

Stankrauff-Olson Nuptials Read Saturday Evening at Faith Lutheran Church

Miss Hazel C. Stankrauff, daughter of Mrs. Frank Stankrauff and the late Mr. Stankrauff of 958 Beaconsfield, became the bride of Mark Olson, of Detroit, in a quiet wedding ceremony Saturday night at Faith Lutheran church on East Jefferson.

The Rev. R. D. Linhart, pastor of Faith Lutheran, read the wedding service which started at 8 o'clock. Only attendants were the bridegroom's niece, Miss Helen Anderson, of Detroit, and Russell F. Stankrauff of Grosse Pointe Woods, brother of the bride, who acted as best man.

Associated with the U. S. Rubber company here, Mr. Olson is the son of the late Mr. and Mrs. Jens Olson, of Duluth, Minn.

Following the wedding ceremony, a reception was given at the home of the bride's mother. A wedding supper was served to immediate members of both families.

After the reception, the couple left for a short wedding trip by boat to Cleveland. They are making their home at 958 Beaconsfield, Grosse Pointe Park.

REMEMBER?

15 Years Ago This Week The Jefferson Savings bank on Mack avenue, was held up by two armed bandits, Henry DeYonker, manager, and R. Edgar, clerk, were in the bank at the time. DeYonker managed to press a button summoning Officer Meade of the Park police department, who captured one of the bandits.

Dr. Maria Coolidge of the University of Michigan extension division was the guest speaker at a parent-teacher meeting at Trombly school.

18 Years Ago This Week Residents of Merrivether road in Grosse Pointe Farms, submitted a petition to the Grosse Pointe school board at its regular monthly meeting asking that their section be included in the Gabriel Richard school district, rather than for the children to have to attend the more distant Kerby school. A committee from the board of education was appointed to investigate the possibility of the Richard school being able to carry the "load" of added enrollment.

Mr. and Mrs. Joan S. Newberry of Lake Shore road were visiting in New York City. The Grosse Pointe Yacht club decided to remain open all winter with a round of parties scheduled for the entertainment of members.

Five Years Ago This Week Grosse Pointe high school's football team defeated Royal Oak 37 to 6, Monday afternoon at the high school athletic field. Grosse Pointe Farms police started fingerprinting children attending school in that village. A Wayne university course in parent education was announced for Trombly and Deifer schools.

One Year Ago This Week Ground was broken for the new Ben Secord hospital on Cadzow road. In one of the most spirited school elections in several years, Grosse Pointe taxpayers and parents by a vote of 11 to 1 gave the school board a mandate to issue a \$300,000 bond issue to build an addition to the Mason school.

Oaks Too Strong For Blue Devils Win 26 to 0 Saturday

Royal Oak's Acorns romped over Grosse Pointe's Blue Devils last Saturday afternoon in the Oak stronghold, with a barrage of touchdowns to win 26 to 0 for Grosse Pointe's worst setback this season. The Acorns maintained their uncrossed goal line record of the season as well as remaining in the undefeated class.

Beresford, defensively, and Lathrop and Lamb, offensively were best for the Blue Devils, who were playing against a weight and power advantage with which they could not cope.

Blue Devils to Meet Monroe There Friday

Coach "Bill" Healey will take his Grosse Pointe gridders out of town for the third time this season as the Blue Devils tackle the tough Monroe eleven there in a night game Friday night. The kickoff is scheduled for 8 p.m.

**Football Interpretations**  
—By J. DUNTON BARLOW—

Last week we discussed the various types of scoring plays for after all, the scores are the aim of all games. This week we will discuss briefly the officials and their duties.

The rules provide for four officials, namely, referee, umpire, head linesman and field judge. Only on the larger colleges and universities will you generally find all four officials. Most high school games in this part of the country do not use a field judge.

All officials have concurrent jurisdiction in the calling of fouls. One is no more important than the other in the smooth running of the game. No one has eyes on all sides of his head and therefore it is not expected that any one official will be able to see all fouls. As a consequence, each official has certain things that he is to watch for and because of his position on the field is the most logical to be charged with the responsibility.

The referee is the official in charge of the game, the official in chief, so to speak. He is the one to decide upon ground rules, if such are necessary; the one who decides whether the ball offered for play is satisfactory; if in his judgment the game should be shortened because of impending darkness he may voluntarily do so and he is the sole judge of the score. The referee inflicts all penalties and sees that the ball is put in play properly.

On all plays from scrimmage (where the ball is passed backward from the center) his position is behind the team with the ball. As soon as the ball is snapped he follows the ball carrier to mark the spot to which the ball has been advanced and from where it will be put in play the next time. He carries a whistle and when the runner is stopped it is his duty to blow the whistle thereby stopping play. He is the only official with a whistle and when it is blown the ball is dead and play ceases even though he blows it inadvertently. He must keep his eye on the runner (ball carrier) all of the time for if any portion of the runner's body, except his hands or feet, touch the ground the ball is dead. One can readily see that if he looked away for a moment the runner might slip to one knee and get up without seeing it. As a consequence the referee cannot look for fouls such as holding or tripping on the field during a play. He can only see those things that come between his line of vision and the runner.

At the time the ball is snapped the referee can easily tell if the formation is illegal. He can also observe whether the kicker or passer has been run into or ruffed up. On long forward passes or kicks down the field the referee is not expected to get down there so the umpire, field judge or head linesman take over the duties of watching the runner depending upon which is nearer the ball.

In case of a foul being called by one of the other officials, that official tells the referee the foul and he in turn explains the foul to both captains and tells them where the ball will next be put in play if the penalty is accepted and where if the penalty is declined. The captain of the offended team has the right to refuse or accept the penalty and expresses his choice to the referee, who then places the ball for play according to the captain's choice.

**Next Week—The Umpire and Field Judge.**

**New Organist at Woods Presbyterian Church**

Mr. Edgar Alden Barrell, Jr. assumes his duties as organist and music director at the Grosse Pointe Woods Presbyterian church this Sunday, October 11th. Mr. Barrell is taking the place of Capt. Kenneth W. Smith who is on leave of absence for the duration.

Mr. Barrell comes with an exceptional background for this work. A graduate of Harvard University, A. B., he also did graduate work at the University of Pennsylvania toward a Master of Education degree. He has been the organist and music director in several New England and New Jersey churches. For seven years he was an editor for the Theodore Presser Co., music publishers in Philadelphia. During this entire period he was a regular contributor to the "Etude." Following this he was music critic for the New Bedford Massachusetts "Standard Times," outstanding musical publication of that area. Various music publishing houses have published over twenty-five compositions by Mr. Barrell including numbers for the organ, piano, voice and anthems. He has studied music in Philadelphia, Cambridge and Boston and has travelled abroad. At the present time he is Master of English at Detroit University School.

**Gratiot Township Subject to Law Suit Says State Board of Health; Call Present Condition Health Menace to Residents**

**By EUGENE FIORNACK**

The state board of health by quite a lengthy letter advised Supervisor Houtekier that Gratiot township placed itself subject to damages thru their rubbish and garbage disposal system. This letter, Supervisor Houtekier, has kept strangely away from the people. Even though, Supervisor Houtekier is vice-president of Gratiot township's Democratic club, who likewise prints The Gratiot Democrat, he still fails to publish the letter so that the people may know what is going on. Certainly the people are entitled to know if the township is in danger of a law suit and any threats made against the township.

We are still living in a democracy and the people pay taxes for this information. If Mr. Houtekier fails

to print this letter within two weeks then this column will print it. We believe, Gratiot township taxpayers are entitled to this courtesy. It is evident, by this letter that to properly control the dump, it would be necessary to have a bulldozer on duty during the times the dump is open, and it would be likewise necessary to have a man on duty who could cause arrest, in other words, a police officer. This would be too expensive.

It seems, Supervisor Houtekier would rather subject the citizens of Gratiot township to a law suit rather than comply with the health laws. However, the people have nothing to say, as was proved by the meeting, Sept. 16, when 300 people turned out for the public hearing on rubbish and garbage disposal. The sole purpose of this meeting was to express their views and to decide the matter of handling the rubbish and garbage system. The taxpayers' efforts went for naught when Supervisor refused them the right to vote. It is a civic right in a democracy. (One of Houtekier's campaign promises, two years ago, was: "The people shall be masters of the affairs;

the officers the servants.") Why the change of attitude, Mr. Houtekier? At the board meeting, Monday, Oct. 5, a bill was approved whereby the township paid the water board \$240 for the rubbish and garbage service for the month of September. Just why the taxpayers were not informed as to how much would be received to offset this \$240 expenditure, is something Supervisor Houtekier keeps strangely quiet. His attitude is, "It's none of the people's business." But it is some of the people's business, and the people are objecting to Gratiot township paying its rubbish and garbage man \$2.85 per hour, when the rate in Detroit is 90 cents per hour.

The people would like to know why a secret meeting was called on Sept. 14, without notice and with only three members of the board present, whereby a supposed resolution was passed to purchase a truck, and the check for the truck made out the same day of the meeting. It certainly didn't take long for Supervisor Houtekier to find a truck or was the truck bargained for before the meeting was held. But the strangest of all, when Supervisor Houtekier was asked at the public hearing on Sept. 16 what model the truck was, he didn't know. He did know that it cost \$1,225. Or did it? When Clerk Lyle was asked what model the truck was, he wasn't sure but thought it was a 1940 model.

We believe Mr. Houtekier should publish the make of the truck, the capacity for hauling, the mileage on the truck, the model and the year spent, and what the automobile blue book valuation is. The people are entitled to know how their money is being spent.

REVIEW WANT-ADS GET RESULTS!

**WARTIME HINTS**  
for a lady who wants to **SAVE** electricity and appliances!

**SAVING ELECTRICITY** A cardinal rule today is this "Use as much electricity as you need, but don't waste it." There are many practical ways of saving electricity in your home—

**SMALL APPLIANCES** Don't jerk cord from socket when finished using. Disconnect by grasping plug. Don't clean wire of heating element (toaster, grill, etc.) with fork or sharp tool. Never dip appliances in water. Let appliance cool before storing away. Always clean grids on electric iron after using. Don't let electric iron overheat.

**YOUR HOME LIGHTING** Dust shade right—robbing you of as much as one-fourth the light you pay for. This is pure waste. Keep lamp and fixture clean. Wipe bulbs and reflector bulbs frequently. Dust shade inside and out. Use the right-size bulbs in your lamps and fixtures, and select shades with a white lining.

**ELECTRIC COOKING** Use the thrift cooker of your electric range often. Plan complete meals that can be cooked in the oven at one time. Finish surface cooking on "grill" or stored heat wherever possible. Use flat-bottomed utensils last big enough to cover heating unit. Cook with little water and cover utensils with a tight lid.

**YOUR REFRIGERATOR** Don't overwork your refrigerator. Unless the motor is hermetically sealed, if he is oiled and inspected regularly, be sure there is adequate air circulation all around the refrigerator. Defrost regularly. (Never use a knife or sharp tool for defrosting.) Clean inside of refrigerator with lukewarm water and mild soap.

**YOUR ELECTRIC WASHER.** Drain washer and rinse tub thoroughly after each washing. Remove agitator or suction cups and rinse. Wipe dry with a soft cloth. Don't force thick, bulky objects through your wringer—hard objects like belt buckles, etc. Release pressure on rolls when not in use, and dry wringer thoroughly. Don't overload your washer.

**THE DETROIT EDISON COMPANY**

**Alger Post Auxiliary**

On the evening of Oct. 17, Mrs. Mary Keller and committee are sponsoring a card party, to be held in our club rooms at 17145 St. Paul avenue in Grosse Pointe. This party is an annual affair with our auxiliary and proceeds are sent to our orphans' home in Eaton Rapids, Mich. We never forget the children of our comrades who have answered the last call. It takes money to clothe, feed and educate these blind, and we ask the public to kindly lend us a helping hand. Besides table prizes and lunch there will be many door prizes.

On Tuesday, Sept. 29, we opened our Fall season of Red Cross sewing and knitting. The club rooms on St. Paul avenue will be open every Tuesday from 10 a.m. to 3:30 p.m., and those living in the local community are invited to come out and help us sew and knit for the boys who are so nobly defending us at this time.

**Attend League Convention**

Many city officers of Grosse Pointe were in attendance at the sessions of the Michigan Municipal League convention held last Thursday and Friday at the Detroit-Leland hotel.

**McDonald States Election Stand**

Taking this opportunity to thank the Republican voters of the 14th district for their confidence in selecting me as their standard bearer in the congressional race, I want to assure them at this time that if elected I will carry out the duties of this important office in a highly business like manner, and without fear or favor to the best interest of the district and our own United States.

Since I was born and raised in this district and am living with my family at 17430 Maunee, Grosse Pointe, I have a knowledge of the activities and needs of the district. While I am not a politician in the sense of the word it is my belief that now, more than ever, a real business administration is needed in Washington and that my knowledge and business experience can be of great service.

What is foremost in my mind is a complete and early victory over our enemies and to this I pledge 100 per cent support to all measures that will help to bring it about. We must remain free to criticize any and all actions of our leaders, whether appointed or elected, when they make for delaying or detracting from all out war efforts. In this respect would also state that I favor outlawing strikes in defense plants for the duration, however, labor should be heard and grievances given recognition which could be settled by arbitration and without stoppage of work, because I consider it treasonable to hinder, delay or blunder behind the lines while our boys are giving their all at the front.

Let me also say frankly: I do not believe that candidates can honestly make a lot of campaign promises because circumstances surrounding certain issues might be entirely changed when it comes time for action and in justice to himself and his constituents, he may have to reverse himself. During this campaign, however, I will, from time to time, make clear my viewpoints on certain issues and further explain my platform.

**Benefit Lecture at Christ Church Wednesday**

An illustrate travelogue on "Central America" with Dr. F. Marion Barker as commentator, will be given at Christ church chapel on Grosse Pointe boulevard on Wednesday evening, Oct. 14, starting at 8:30.

Proceeds from the evening will be used to defray the cost of Christmas boxes for the members of the chapel in the armed services; by the Mothers' Club, Christ Church Chapel Service club. Admission will be charged.

**Rotary Club Gives Trophy to High School Band**

Now on exhibit in a showcase in Grosse Pointe high school is the trophy presented to the Grosse Pointe high school band in recognition of its service to the community by the Rotary club of Grosse Pointe.

This trophy was provided by the Rotary club to show its appreciation for the band's appearances at the early morning turnouts for the draftees from Grosse Pointe as well as for the many other public appearances it has made for the community in the past.

The name of the student who has excelled in musicianship, citizenship, and general contribution to the welfare and development of the band will be inscribed on the trophy annually. This student will also receive a medal in recognition of his or her services.

The first student to attain this honor was Marion Bishop, June '42. Her name is the first to be inscribed on the trophy.

**Good and Goody Return to Stevadora**

It's crazy week at the Stevadora for when those two fugitives from an insane asylum, Good and Goody start to clown, you think that they are lunatics. In fact they are the craziest guys in town. Held over for a second week is the romantic tenor singer Jimmy Dale. Further comedy is added to the show by another team of crackpots, Stanley and Macklin who will just about do anything for a laugh. The sock-entertainer here is Ethel Shepherd, Detroit's grandest singer. Esther DeRoy and her Glamour Girls are doing new routines that are enhanced by the specialty dancing of Evelyn Brock and the blonde bombshell, Anna Lee. It's a good show and very entertaining.

**Two Fine Films, Disney Cartoon at Shores Theatre**

Headlining the Sunday, Monday and Tuesday show at the new Shores theatre, Mack and Nine Mile road, are two fine pictures, presenting Bette Davis and Olivia de Havilland in "In This Our Life" and Alan Baxter with Gertrude Michael in "Prisoner of Japan."

The attractions present well-balanced entertainment and are supplemented by a Walt Disney cartoon and an up-to-date newsreel.

**"Do's" and "Don'ts" for Fire Week Are Outlined by Grosse Pointe Park Fire Chief**

Army and navy casualties have been appearing in American newspapers ever since Pearl Harbor. But the civilian casualties that take place even in peacetime are rarely brought to public attention. Fire alone accounts for 15,000 lost lives every year, and 60 per cent of the fatal fires get their start in private homes. In time of war there is danger that this figure may be materially increased.

Civilian defense leaders have complete information on the most effective means of extinguishing incendiary bombs, and Ed Rector, fire chief of Grosse Pointe Park, has compiled a list of the common fire hazards that bring tragedy to many American homes in peace as well as in war. Many communities hold inspections of all residences during Fire Prevention Week to seek out these hazards. But every citizen can help by checking them in his own home and taking steps to eliminate them.

Heating equipment, including stoves, flues and chimneys, is a frequent cause of residential fires and should be checked by an expert. Chimneys should be cleaned and, if they are defective, completely rebuilt.

An examination of all exposed wiring and extension cords on lamps or appliances should be made for worn insulation. The family should be taught the danger of leaving cords connected to any electrical appliances when they are not in use.

Flammable wooden roofs which not only ignite readily but contribute to the spread of flames from one house to another should be covered over with fire-resistant material such as asphalt shingles or asphalt roll roofing, slate, tile and asbestos.

The house should be equipped only with safety matches, and even these should be kept in a metal container beyond the reach of small children. They should not be kept on top of the stove. Any oily or dirty cleaning rags around the house should be put in covered metal containers to lessen the menace of spontaneous combustion.

All rubbish, which feeds flames, should be cleaned out of closets, storerooms, attics and basements. Paint-soaked or oily work clothes should be hung out where they are exposed to the air.

No gasoline or other flammable cleaning fluids should be kept in the house for home dry cleaning.

The garage should be checked over as carefully as the house. A fire extinguisher should be provided in a convenient place. Here, as in the house, combustible rubbish must be cleaned out.

**Extra Feature at Alger Along With Two Fine Pictures**

The "Battle of Midway," in technicolor, is a headline attraction starting Friday for seven days at the Alger Theatre, East Warren at Outer Drive, in addition to two excellent feature pictures with extremely fine casts of well-known stars.

Tomorrow the Alger offers a film that is fraught with surprise and suspense. It is the picturization of Ellen Glasgow's novel, "In This Our Life," and brings to life on the screen the shocking story of a woman who would cheat, lie, steal and even murder to gain her own ends. Bette Davis is in the leading role with Olivia de Havilland, Dennis Morgan, George Brent in support. John Huston, directed the dramatic film and Howard Koch adapted the novel for the screen.

"The Great Man's Lady," which comes Friday to the Alger Theatre, finds the three luminaries who appeared together so successfully in Cecil B. DeMille's "Union Pacific," again cast by Paramount. This time, as then, their roles are played against the exciting background of America in the making. Miss Stanwyck is said to be superb as the woman loved by two red-blooded men—McCrea, the hard-headed man of action, and Donlevy, the soft-hearted gambler, the two men, too, topping everything they've ever done.

**Baby Boy**

Mr. and Mrs. Joseph Delor, Jr., of 4129 Guilford, are the proud parents of a 7 pound 4 ounce baby boy, born Saturday, Sept. 26 at Cottage hospital. Paternal grandparents are Mr. and Mrs. Joseph Delor, Sr., of 849 Loraine, Grosse Pointe. Maternal grandparents are Mr. and Mrs. Truman Woodruff, 4129 Guilford, Detroit.

**Added Features at Fiesta Bar Friday, Saturday and Sunday**

The management of the Fiesta Bar in the Savarine hotel on East Jefferson has announced a featured added attraction for Friday, Saturday and Sunday, in addition to Jimmy Gonzales and his South American band.

An internationally famous dance team will present tango, conga and rumba numbers which are promised to be both excellent and unique. The well-known Miss Ryan mc's the show. There is no cover charge.

**World Adventure Series Suspends for Duration of War**

George F. Pierrot, world adventure series founder and managing director, announced this week that the series would suspend its activities for the duration due to the possibility of an attendance drop because of the curtailment of transportation facilities.

"The world adventure series has always operated on a non-profit basis, charging just enough to cover its operating expenses," Mr. Pierrot said. "About 45 per cent of our patronage is suburban. We purpose, schedule most of our lectures on Sunday afternoons, in order to permit the entire family to attend. It looks as though the Sunday driving of private cars will be frowned upon, or prevented entirely. Our ticket prices are extremely low, and we must have a large volume to get by. Any substantial cut in revenue would put us below the break-even point." It is our intent, however, to reopen the world adventure series at the earliest possible moment.

The series was organized in 1933 to help support the Detroit Institute of Arts and in paid attendance is the largest lecture course of its kind in the world.

**Spirited Spirituals "Rockin' Rhythm" Hits Now at Pointe**

Amen singin' in the Negro spiritual fashion is setting up a hullabaloo at Howard Duncanson's intimate club, The Pointe, these days.

Lovely little Sally Romine, talented vocalist, leads off as "parson" in the best request number of the season. Frog-voiced Roger Cote, formerly at The Book, teams with Sally on some Put-Put music.

There's no band better ever than Mel Steckley's hot and sweet outfit which provides the musical background for the show and dancing. Duncanson mc's his own informal entertainment.

**Victory Gardens**

By VINCENT R. DePETRIS

It is becoming more and more apparent as time passes that food and food production will play a dominant role in winning this war.

In the rush toward armament many people have overlooked the urgency of preparing on the home front toward food production on our many fertile but idle land areas.

It is clear to all that both our fighting men in the service of our government and the non-combatant workers on the home front who must supply the needs for our war machine must be properly nourished.

What effect will the production of vegetables in Victory Gardens have on the general food supply of the nation? Many have asked this question in a manner which would seem to throw skepticism on the Victory Garden program. To properly answer this question we must bear in mind that the average Victory Garden plot as set up this past year will supply all of the vegetables during Summer and Fall for an average family of three or four people. This is a considerable quantity of life giving vegetables teeming with health giving vitamins.

Nor is this all. It means that the amount of food produced right here at home in our spare time will release that much more food for our fighting forces and industrial workers. It means too that the manpower needed to produce and transport this food to our cities will be saved and utilized for other urgent needs.

The Victory Garden program inaugurated by the government last year thus ceases to be a boondoggling idea. It is both practical and useful. Indeed it is urgent.

Men, women and children who have shown interest in Victory Gardens must be looked upon as truly patriotic citizens who are helping more than they realize to relieve us of a threatened food shortage.

The Victory Garden program in Grosse Pointe went over the top 180 per cent. Credit for this must go to the sponsoring garden clubs, to the councils and officials of the five Grosse Pointe communities, to the press and to the Victory Gardeners themselves.

They all co-operated to the fullest degree to bring about these highly gratifying results. Their efforts have made Grosse Pointe a model for the rest of the country.

The plans for the coming season have already been drawn up by the Victory Garden council. These plans embody the following features:

1. Obtaining registration for garden plots this Fall.
2. Cleaning and plowing this Fall.
3. Securing additional gardens at convenient locations for the anticipated increase in registrations.
4. Training and education of Victory Gardeners through the Winter and early Spring months.

The Grosse Pointe Victory Gardeners were a great success. Those desiring new gardens make application immediately to their local clerk.

**Hostess Corps Party**

The Neighborhood club was again the scene of a colorful dance last Saturday night when about seventy service men from the downtown USO were transported to Grosse Pointe to attend the affair. As so many of the boys are unaccustomed to the American way of dancing the feature of the evening was a dancing lesson ending with a lively conga that was interpreted by the men according to the locale from which they came, from a sailor's hornpipe to a Scotch jig, with the co-operation of a splendid band.

The girls in the Hostess Corps were especially pleased to see so many of the same uniforms that were present at the first party including Jacques Prior of the Free French, Jack Ballentine and Lenny Parsons with 16 others of his Majesty's navy. Russ Kahlman of naval training station has attended every one of the six parties the Hostess Corps has given. All the boys expressed enthusiasm about the hospitality of Grosse Pointe from Sergt. McEwen from New Zealand to one of our own boys of Grosse Pointe, Corporal Ver Beke home on leave.

The committee wishes to stress that any lad at home in uniform is most welcome to these parties.

Highlight of the evening was the service rendered by the high school Camera club, represented by Lloyd Loring who took pictures of many of the men, taking their addresses in order to present them with a much coveted picture of themselves to send home. The AWVS also sent a photographer, Mrs. Hopkins, who also is contributing her services and materials to enable the men to have a likeness of themselves.

The Mesdames William Teetzel, Mark Loring and Frank Brossy were kept busy ladeling drinks and keeping "cookie jars" full to the brim with home made sweets collected by Mrs. Clyde Adams.

Special guests of the evening were Rt. Hon. Cyril Cane, British consul and Mrs. Cane and Dr. Rex Cranson of the Rotary club and Mrs. Cranson.

Pauline Masak of the Neighborhood club and Susan Dannreuther, senior hostess of the evening, directed the dances including the usual mixers, with a prize for the sealed orders dance.

Mrs. Ethelbert Spurrier, chairwoman, announces that the next party will be given Oct. 17.

Assisting the chairmen are: Mesdames Fred Dansbury, Alonzo Backman, Carl Meininger, Eugene O'Keefe, David C. Turner, Theo. W. Trefzer, Ambrose J. Singer, Norbert Barba, Jules Olivier, Raymond Huettman, Warren Piche, Arthur Fauser, Charles Tanner, Harry Hammond, Robert Curtiss, Raymond Foley, Harold Frear, G. Russell French, president of the society, is head of the reception committee. Admission will be charged.

Start Saving Tin NOW for October Tenth Collection.

**GIRL SCOUT NEWS**

October promises to be a busy month for Girl Scouts.

From national headquarters comes the announcement of the victory fund drive and the goal is 10 cents per girl, more if possible.

Mrs. Willis Bugbee, of Kensington road, chairman of the Grosse Pointe district committee, has scheduled a meeting of the district committee, troop committees and the Leaders association for Wednesday, Oct. 14, in the Miller Memorial home, Christ church, at 10 a.m. Everyone is to bring a box luncheon and coffee will be served.

On Saturday, Oct. 24, there will be a Play Day for Brownies and Scouts of the Grosse Pointe area in the Pierce junior high school from 10 a.m. to 4 p.m. Every girl is to bring a nose bag lunch.

Mrs. Harry Bernard, of Merrifield road, is chairman of the victory fund for the Pointe and has asked that all troops will make final reports on Play Day, which immediately precedes national Girl Scout week, Oct. 26 to Nov. 2.

Special guest of the adult Girl Scouts of Grosse Pointe at their institute at Miller Memorial Hall, Christ church, on Wednesday, Oct. 14, will be the Leader's Association chairmen of the entire Detroit area, the 10 district committee chairmen and Miss Catherine Richards, executive secretary of the Detroit Girl Scouts, Inc.

The program includes as speakers the Mesdames Sydney Usher, Paul Hunsicker, Mark K. Edgar and Frank Welchenbach.

Discussion groups will be led by Mrs. Clifford Hismelmay, Mrs. C. B. Breine and Mrs. Charles Gosser.

**St. Paul's Annual Fall Card Party**  
Friday, October 16

### Mason School N-E-W-S

Mason school has welcomed 10 new teachers to its staff this year, and many new pupils. There are 80 children enrolled in beginning kindergarten, while the total enrollment of the school is 679.

All the boys and girls are enjoying the new facilities made available

by the recent building addition. They include 12 classrooms modern-ly equipped, a book room, receiving room and two fine showcases.

#### Junior DAR Meeting

Junior members of the Gen. Josiah Harmer Chapter, DAR, will meet at the home of Miss Eleanor Whyte, on Northlawn avenue, on Tuesday evening, Oct. 13. Miss Whyte is president of the junior group.

### Interesting Revelations Are Outcome of Representative Rabaut's Trip to Brazil; the United Nations Newest Ally

Congressman Louis C. Rabaut of Michigan and Foreign Minister Oswaldo Aranha of Brazil, who has voiced strong friendship for the United States.

Symbolizing the friendly relations between the United States and Brazil is the accompanying photograph of Congressman Louis C. Rabaut, of the 14th District of Michigan, and Oswaldo Aranha, Brazilian Foreign Minister. Brazil, traditionally a great friend of the United States, has now joined us in the war.

Last year Congressman Rabaut visited 17 Latin American republics as chairman of an appropriations subcommittee investigating Federal expenditures. The trip was taken at the instigation of Secretary of State Cordell Hull. A series of brilliant dinners and receptions, as well as opportunities for serious conversation with Brazilians of all types, featured the visit of the American legislators to our most powerful Good Neighbor. Their welcome in Brazil was characteristic of the reception they received everywhere throughout South and Central America.

Of tremendous importance to the war effort of the United States has been the contributions made by the indescribable wealth of natural resources provided by Brazil. Rubber, chrome, manganese, vegetable oils, and bauxite for aluminum, are but a few of the raw materials that have come in a steady stream from Brazil to the war industries of this country.

Brazil's army, navy, and air force, of significant size and power, have also jumped to close cooperation with United States forces. Brazil's eastern tip, at Natal, lies only 1700 miles from Africa not much farther than the distance from Detroit to Miami, Florida. It forms one of the most important points in the Western Hemisphere, both for defense and for the maintenance of airplane routes to the United Nations forces in Europe, Africa, and the Near East.

It might not be too much to say that Brazil touches individual Americans more intimately than any other American country. Every time you drink a cup of coffee, you are probably consuming some raised in Brazil, for Brazil is the world's largest coffee producer. Coffee trade between the United States and Brazil first grew up during the Napoleonic wars, and became one of the most important items of commerce between North and South America.

Originally settled by the Portuguese, whose language is now spoken in Brazil, this country has attracted people from all over the world during her peaceful history. Brazil was at one time the home of the Portuguese government, when Napoleon drove King John VI from Lisbon. Later, King John returned to Portugal, and the Brazilians declared their independence under his son, Pedro I. Brazil has retained close relations with the motherland. Under the presidency of Getulio Vargas, the country has risen to new heights of achievement and progress.

One of the outstanding developments in present day Brazil is the reestablishment of the rubber industry. Rubber was first produced in the Amazon Valley, which at one time produced the world's supply. Later, the British and Dutch developed plantations of rubber trees in the East Indies, which gradually supplanted the wild Brazilian trees as the chief source of this essential product.

Now, with the East Indies in the enemy's hands, the world again turns to the Amazon for rubber. Co-operative efforts of Brazilians and Americans are being directed towards the production of as much wild rubber as possible right now, and the development of plantations of improved rubber trees for future use.

The work of developing new rubber plantations and improving the cultivation of the rubber trees, as made possible in part by Federal appropriations for such work advo-

cated by the congressional committee of which the Hon. Louis C. Rabaut is chairman. An important feature of their visit to Brazil was to check up on the progress of this vital work, in which the United States department of agriculture is co-operating.

#### MacRae Candidacy Well Founded

We take the liberty of presenting to the voters of the first district, Richard A. MacRae, candidate for state senator. Mr. MacRae is highly regarded, and has earned the respect of the community by his good work in matters of public interest.

"Dick" MacRae, as he is familiarly known to his friends, is, like many of us, a self-made man.

Coming to this country from Canada, where he was born of Scotch parents, he worked at the bench as a workman, later became a business man in building and real estate, and continued improving himself by study in the D. H. T., and the Detroit College of Law, and gained admittance to the bar as a lawyer.

As Mr. MacRae had been a school teacher in his early years, he has always been interested in matters of education, and active in PTA groups. Partly through his efforts, the new John R. Williams school was built in 1928. He helped organize the northeast Kiwanis club in 1927, and he has been active in, and for several years has been legal counsel for the Eastern Detroit Realty Association. He was elected to the Michigan legislature in 1928, and re-elected in 1930, serving until the end of 1932. While there, he showed that he was an able legislator, and one who was always alert to look after the interests of the people who elected him.

#### Youngblood Letter To Review, Readers

Oct. 5, 1942  
Grosse Pointe Review,  
Grosse Pointe Park, Mich.  
Gentlemen:

May I gratefully acknowledge the opportunity accorded me by the neighborhood and community newspapers to present my candidacy for register of deeds in the recent primary election.

The spirit of fair play and willing-

BERNARD J. YOUNGBLOOD

ness of the community newspapers to permit candidates seeking public office to present their case through the medium of the press is one of the strongest safeguards of our American democracy, and the greatest guarantee that free press still exists in the country.

I recognize that the uncontrolled and unbridled newspapers of this country probably exert more influence in molding progressive and constructive sentiments in communities than even the large dailies with a more controlled program. I am grateful to you for the opportunity given to me by the citizens of the community in which your paper

circulates, and I wish to give the citizens every assurance that if I am elected as register of deeds of Wayne county in the Nov. 3 election, that they will receive conscientious and constructive service. My program will be progress with economy. I pledge a civil service administration for my employes, with all promotions on a merit basis.

With kindest personal regards to

**Unused Street Lamps in Village of Grosse Pointe Farms "Are Not Salvage"**

Residents of Grosse Pointe Farms have recently been casting salvageminded eyes upon a number of unused metal street lamps which dot certain sections of that village and registering their thoughts with officers of the village.

Harry A. Furton, village clerk, in order to clarify the questions raised on the subject, is permitting the publication of excerpts of a letter from an official of the Detroit Edison company, addressed to a resident of the Farms, and a copy of which is on file in the clerk's office. It follows:

"It is true these (unused street lighting poles) belong to the Detroit Edison company, but they are not scrap material by a long way. They are poles that were installed by the Edison company under contract with the village, and were operated for street lighting until the worst years of the depression, when at the earnest request of the village, we discontinued operating them, in order to save money for the village. Both parties expected that they would be back in service when times got better. The company voluntarily waived a valid clause in the contract in order to co-operate with the village in helping them meet an emergency. . . . I want you to know why the poles have been standing there for some years not used. They are not scrap. They are just as good as new, and we have left them there instead of taking them into our stock. They do not cost the village anything, and we still hope that at least some of them may finally be put back into service. We have taken out a few for service in other municipalities, and we hope eventually all of them will be back in service again."

## Twenty-Fifth Anniversary at Faith Lutheran

The Faith Lutheran church, East Jefferson and Philip avenues, will celebrate the twenty-fifth anniversary of her organization at a special festival service next Sunday morning at 10:45. The service will be conducted by the Rev. D. L. Linhart, pastor, who founded the congregation as a mission 25 years ago and has served it ever since. The sermon will be delivered by the Rev. Theo. P. Fricke of Washington, D.C., who is the first son of the congregation to enter the ministry. Faith congregation was organized on October 14, 1917 with 51 charter members. The membership now numbers over 1,700, and is one of the largest in Detroit and of the American Lutheran church.

The 25th anniversary program will terminate at a special banquet to be held next Wednesday evening at which the charter members will be the guests of honor.

## Grosse Pointe Board of Education Okehs Victory Revision of High School Program

Based on the program of the high school victory corps defined by the United States office of education, broad and sweeping changes were made at the regular board meeting of the Grosse Pointe board of education in the requirements for high school graduation in Grosse Pointe. The board formally approved a program submitted by Dr. Paul L. Essert, superintendent of schools, which had been worked out by a committee consisting of John R. Barnes, assistant superintendent of schools; Walter Cleminson, principal of the high school and selected members of the high school faculty and student body.

While the plan will not enforce requirements for graduates of the present semester. All June, 1943 graduates will be required to complete one semester or more from a list of technical and war preparation courses. All January 1944 graduates will be required to complete two or more semesters from the same list. Eleventh grade pupils of the present term will be urged to complete even more than the required amount. The list of required subjects differ somewhat for boys and girls of the senior year. A list from which boys may select their required military or industrial preparation courses are: Metal shop, pre-flight aeronautics, Physics I or II, trigonometry, solid geometry, auto mechanics, photography, fundamentals of electricity, meteorology, international code, machine shop, fundamentals of arithmetic review. The list from which the girls may select their requirements are: Office practice, shorthand, typewriting, child care, foods and nutrition, general metals, machine shop, auto mechanics, drafting, chemistry, first aid and home nursing, physics, advanced mathematics and fundamentals of arithmetic review.

In other words, every senior boy will be required during his 12th and 12A terms eventually to have two semesters from the required list while girls do not need necessarily to carry their required work in the twelfth grade as long as they can complete it before graduation.

**Physical Requirements Increased**

In addition to the technical requirements of seniors, the board approved an intensified physical education program for boys which will increase their physical education requirements and contribute to their conditioning for military service.

Beginning the second semester of 1943 all 12B and 12A students will be required to take physical education five periods per week. All boys in grades 10 and 11 will be required to take two or more periods of physical education per week. No changes in graduation requirements for physical education for girls will be urged to continue their physical education classes throughout the senior high school and courses should be modified to meet war and industrial demands on the physical capacities of girls. The physical education program for boys will be revised to include calisthenics and a well rounded sports program which tends toward more of the bodily contact type of sports similar to the preliminary conditioning program of the armed forces. Emphasis will be given, for example, to boxing, wrestling, endurance swimming, and military track which includes much of the conditioning type of field and track work that is expected of boys beginning their military service. Other changes to be made in the high school program will consist of an expectation of definite standards of performance in the fundamentals of arithmetic even by seniors of the high school who have need for a review of these fundamentals from their earlier education. The plan will also contemplate a revision of the social studies program to include a study of war economics and geography based upon present day problems. The requirements of the program will be complete effective with the second semester of the present school year.
