

Vote "NO" on Home Rule—Proposal Number 2—Next Tuesday

POINTE PARAGRAPHS

By THE POINTER
Yes, it was a poor year for tomatoes... or was it? There seems at present to be plenty of the over-ripe variety being plastered around on parked cars, doorsteps and windows. Many things have been damaged and stained by this prank. Everyone enjoys a good laugh, especially in these days of sober, serious faces, and the jester of yore is replaced by the comedian of today. But, the fool of yesterday is still the fool of today!

Here's another sadly wasteful prank... soaping windows in the face of threatened rationing of soap. The base of all soaps is grease and grease is being recruited for the manufacture of explosives in the war effort. We wonder how many bombs for Berlin could have been made out of the material wasted by unthinking youths over the country this season. And, in addition, soaping windows is often very damaging, for the acids in some soap permanently scar certain glass, so that traces can never be removed.

While on the subject of waste... we can't help but comment upon the fact that a plan has been submitted to our Chief Executive for publication of an official daily newspaper by the government. Such an announcement indicates that the press-smearing clique in Washington is getting primed for another blow at the reputation of the nation's newspapers. Thus, the government is considering making new and needless inroads upon already strained supplies of manpower, raw materials and machinery. And, we cannot see that such a step would contribute anything important toward the winning of the war. All we can think about is an ex-papierhanger, his garlic-eating puppy and a back-stabbing yellow dog... all of whom have their own "official newspapers."

The Ogden, Utah daily Standard-Examiner carried this unique classified ad last week: Owner of 1940 Ford would like to correspond with widow who owns two tires. Object: Matrimony. Send picture of tires. An answer came from Salem, Ore., direct to the newspaper. It read, in part: "If this guy is no longer interested, perhaps you know someone who will have them fixed when I know where it's to be sent. My age, 62; weight, 145; 5 feet five inches. Tires are young yet—don't know why!"

National selective service headquarters lists 92 occupations in communications services, including newspapers, as activities "essential to the support of the war and requiring a reasonable degree of training, qualification or skill to perform the duties involved." The schedule omitted completely the tasks of reporting, copy-reading and photography. How do you think we feel?

25 Tons of Scrap Collected by Grade School Pupils Here

Amazing results were obtained in the two-week scrap drive conducted in the elementary schools throughout the Pointe, with an estimated total of 25 tons of scrap material collected as the drive ended last weekend. An approximate per-pupil average of 18 pounds of scrap was obtained. The high average of over 50 pounds to the pupil at both Trombly and Vernier schools was pulled down by lower collections at other schools.

Every conceivable type of junk was collected... heaters, stoves, autos, hot water tanks, rubber, aluminum, etc. Arrangements have been made to sell the scrap for \$7.00 per ton, with the funds derived to go into a special fund at the respective schools, to be used for the direct benefit of the children. Scrap dealers will pick up the junk this week at each school. Estimated collections at the various schools were:

YULE MAILING DATES EARLIER

Packages and mail to men "overseas" must be mailed by Nov. 1, was the reminder passed on this week by Postmaster Frank Walker in Washington. And, with indication that regular Christmas mailings will be the heaviest in many years, Walker said that with an acute shortage of personnel, lack of trucks and other equipment, "omnibus Christmas cards and gifts should be mailed at least 20 to 25 days before Christmas."

'Home Rule'?

Vote "NO" on Amendment 2, unless you want to disfranchise 150,000 Wayne county voters who are now in uniform serving their country on the world-wide battle front. These men are entitled to a voice in deciding the form of government for Wayne county.

Vote "NO" on Amendment 2, because this is no time, when the country is engaged in an all-out, total war, to inject such a controversial issue into a campaign. Men's minds are distracted by worry over the safety of loved ones, over the many complex problems the war has thrust upon them, over taxes. They are working long hours in war production and return home at night tired physically and in no mental condition to give careful consideration to the radical proposal of changing the Wayne county form of government.

Vote "NO" on Amendment 2, because there is no emergency in county affairs that forces a decision at this time on a change in government. County finances were never in a more healthy condition. The bonded indebtedness of the county is less than \$1,000,000. Compare this with the financially embarrassed city of Detroit government which has incurred an indebtedness of over \$350,000,000 and has the highest tax rate in the history of the city. And this happened under a streamlined, non-partisan, Home Rule form of government. Stopped by the staggering debt from further profligate spending the city of Detroit now seeks to tap a new reservoir of income by twining its extravagant tentacles around the county. Stop this move by voting "NO."

Vote "NO" on Amendment 2, because it seeks in its long recital, to establish the form of government, the elected charter commission, if the amendment should carry, would have to approve. It shackles the power of a charter commission and having written this form of county government into the state constitution, should it be found to be ineffective, it can only be changed by asking for another state-wide election. Other states have granted the right to counties to reorganize by an enabling amendment to their constitutions that contained hardly more than a dozen words. This proposed amendment contains 669 words and prescribes the form of government to be set up giving a two-thirds control to the City of Detroit of the proposed amendment was drawn in this form. Was it because the so-called reformers feared that the people in their wisdom would draw a charter that would prevent the city from raping the county government.

Vote "NO" on Amendment 2, because it provides for a non-partisan election of county officials which has resulted, in the case of Detroit, in denying representation in the city government to every minority group and perpetuated in office the same gang that has now brought the city to the brink of financial ruin.

Bi-partisan government insures honesty on the part of elected officials because of the dual responsibility—responsibility to the people at large and responsibility to the party that nominated and elected them. This insures honesty and efficiency of administration.

Vote "NO" on Amendment 2, because it is undemocratic. It will deny direct representation on such populous communities as Grosse Pointe, Highland Park, Hamtramck, Dearborn, Trenton and Wyandotte on the board of supervisors. It places the legislative powers in a small body of men elected at large and with no particular knowledge of the needs and requirements of any individual community. The present board of supervisors is truly representative. Every township and every community has its personal representative on the board. Each supervisor knows his own community and is able to vote intelligently on all proposals that affect his home area.

Proof that the present system is efficient is to be found (Continued on Page 2.)

High School Hours Changed Effective Monday to Relieve Transportation Load

Readily co-operating with the office of defense transportation, this week the Grosse Pointe board of education simultaneously announced new school hours and school bus schedules, covering transportation of high school students, only in Grosse Pointe.

No change, it was emphasized, is being made in either elementary or Pierce junior high school hours. The announced changes affect only the high school.

New hours at the high school will be from 8:30 a.m. to 3:20 p.m., thus releasing buses used for school transportation during the peak load hours of 4 and 6 p.m., for civilian use.

School buses serving students living in Grosse Pointe Park will leave the Detroit city limits at 7:55 a.m. School buses will leave Grosse Pointe Shores at 7:35 a.m. Evening bus trips will be made immediately after school is recessed for the day. These changes have been made at the direct request of the ODT, in order to help the Lake Shore Motor Bus company meet the problem of providing additional bus facilities. The change in the high school schedule will release buses for regular service.

Respected Park Octogenarian Dies Following Illness

Funeral services were held Monday at 2 p.m., at the Bethel Baptist church for Adolph J. Drees, retired shipwright of the Detroit-Cleveland Navigation company, who passed away Friday morning at his home at 1138 Wayburn, following an illness of two years. The Rev. Paul Wengel officiated at the service. Interment followed in Forest Lawn cemetery.

One of Grosse Pointe Park's best liked residents, Mr. Drees had made his home here for the past 22 years. Mr. Drees, and his wife, Dora M. Schramm Drees, celebrated their fiftieth wedding anniversary in 1937. She preceded him in death on March 24, 1938. Mr. Drees had been a resident of Detroit for 61 years.

Active in community affairs, the deceased was a former deacon of Bethel church and participated in church activities until he became ill two years ago.

He is survived by a daughter, Mrs. Dora A. Brooks, four sons, John, Edward, August and Louis and four grandchildren.

GENERAL ELECTION NEXT TUESDAY IN GROSSE POINTE

The polls will be open from 8 a.m. to 8 p.m. Eastern Standard Time next Tuesday for the election of national, state and county officials in the township of Grosse Pointe and the City of Grosse Pointe.

Included on the ballot will be five separate proposals which are to be submitted to the electors at the polls. Reference may be made to the offices to be filled and the questions to be decided upon by turning to the respective election ads inside this edition.

Sendoff Party Will See 40 Leave for Army Monday

Of the seventy-six potential servicemen inducted, the examinations on Oct. 19 eliminated all but forty who are to leave on Monday, November 2 after the sendoff party to be given by the Metropolitan Club of America, Spirit No. 20, consisting of Grosse Pointe Firemen and Policemen has bade them friendly farewell.

The party is to begin at 6:45 a.m. and will be held at the Neighborhood Club. Dr. Henry T. Holt of 20551 Mack, Grosse Pointe will give an inspiring message, and there will be enjoyable musical entertainment.

Refreshments, in the form of the ever-popular doughnuts and coffee, will be served by the members of the Grosse Pointe Breakfast Club including Mesdames Douglas Crane, Harry Lipski, Kenneth Thomas, Catherine Waddell, Herbert Mendel, A. J. Miller, Mary Jo Thompson, John Munro, Gilbert Currie, William Punga and George Glenwallis.

Boxes containing magazines, playing cards, cigarettes, candy, gum and fruit, prepared by Mrs. Douglas Crane will be given to the boys to shorten the traveling time and to do snack duty.

The boys will then march from the Neighborhood Club to Cadieux (Continued on Page 3.)

Riotous Ruffians Attack Students in Local Restaurant

About fifteen members of a gang of ruffians are being hunted by the Grosse Pointe Park police for the malicious destruction of property and the assault of several patrons of Cupid's restaurant at 1624 Mack avenue last Sunday.

The boys, said to be ranging between the ages of 17 and 21, broke a table and two chairs, and without provocation, hit a 17-year-old U. of M. student, who prefers to have his name withheld, over the head with a chair that broke with the force, beat him with the pieces of the chair, and then fled to three waiting cars before the police arrived.

The student, who had been accompanied by his college roommate and two friends, suffered cuts on the head which required that two stitches be taken. All in the foursome were innocent onlookers when the attack took place.

The gang is thought to be connected with several other neighborhood disturbances as they seem to instigate agitation. Some think they are the so-called "Zoot Suit gang," but there has been no verification as yet.

Gasoline Rationing

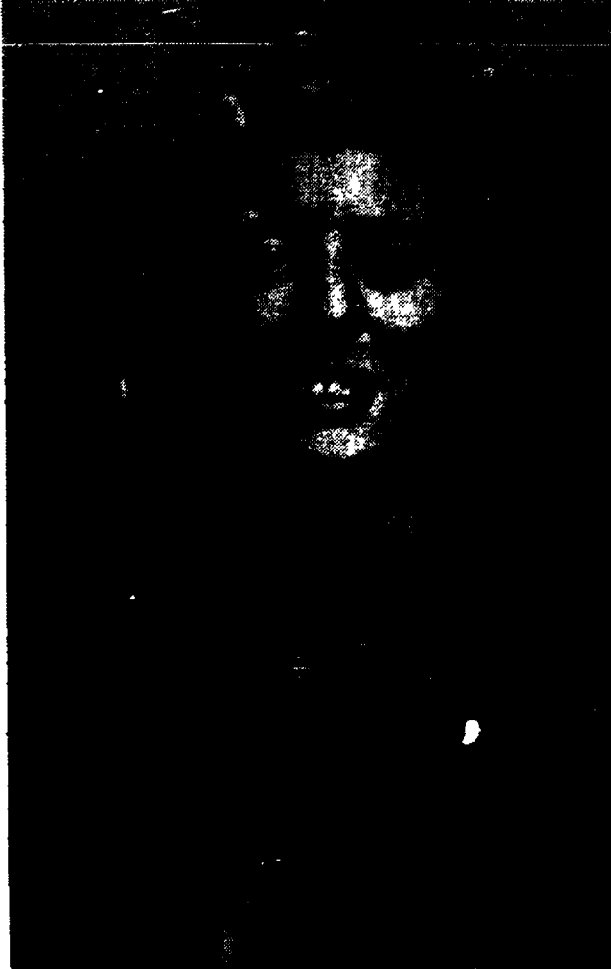

Who will handle gasoline rationing in the Grosse Pointe area was a question on every driver's lips this week.

The answers have not all been worked out, but progress is reported by the Grosse Pointe Rationing Board, of which Aloys Ghesquiere is chairman.

Procedure will probably be somewhat similar to that in use for sugar and fuel oil rationing. Meanwhile volunteers are being enrolled both through the OCD headquarters, N. L. 4000, and the Rationing Board itself, T. V. 2610, N. 30.

Vote Early Tuesday, November 3rd

Gwen Dew Presented by U. of M. Club

Gwen Dew, the well known newspaper woman, whose uncorroborated articles, "I Was a Prisoner of the Japs," recently appeared in The Detroit News, will be presented by the University of Michigan Club of Grosse Pointe at Pierce Junior high school auditorium, Wednesday evening, Nov. 4, at 8:15.

Directly opposite war in the Far East, Miss Dew has a first hand story to tell of conditions as they exist. Although in poor health, as a result of her six months as a prisoner in Hong Kong until she returned on the Gripsholm Aug. 25, Miss Dew feels it is her responsibility to bring to the American people, as quickly as possible, her personal knowledge of the Far

East war situation. She has spoken before large assemblies of from twenty-five to thirty-five hundred at Scranton, Pittsburg, Carnegie Hall and St. Louis, where she recently spoke the Washington University Lecture series, corresponding to our Town Hall series.

Miss Dew is a University of Michigan alumna. Tickets are available at Grinnell's in Grosse Pointe; the Grosse Pointe library, Pierce junior high school and the Grosse Pointe high school, also from any member of the board of governors. Members will be admitted upon presentation of their new 1942-43 dues card. All proceeds, over and above expenses will go to the scholarship fund.

MORE ABOUT RAISE IN FARMS...

Further light has been thrown upon the subject of the ten per cent raise for firemen and policemen in the village of Grosse Pointe Farms which was announced last week in this newspaper.

Contrary to the impression of "railroading," created last week, it has been learned that the matter of the raise had been under advisement by members of the board of trustees since first presented by representatives of the departments more than six months ago.

Councilmen Strittmatter, Snay, Moore and Sutton's eyes on the motion to grant the raise, came only from their conviction on the advisability of such a move.

The various departments of the Farms have been losing men due to the lack of increased compensation, as compared with the attractive salaries offered outside of municipal employment. And, most of the other village employees had previously been awarded similar substantial increases.

And, with the increase, department chiefs affected are still paid less than department heads in the other Grosse Pointe municipalities. The department men are still paid less than the men in the Detroit police and fire departments.

We understand that funds are available that will take care of this increase or pay raise, and the tax rate for next year will not be affected by this increase.

League Dinner Tonight

The Municipal Women's League will hold their monthly dinner meeting at the Detroit Turners' tonight at seven o'clock. The girls from the Park will be the hostesses.

BENEFIT DANCE

An old-time dancing party will take place Friday, Nov. 6 at 9 p.m. at St. Paul's school gymnasium. The proceeds will be used to benefit the Park...

Committee Makes Final Arrangements; Plan Fine Program

Final arrangements for easily the finest Grosse Pointe Halloween celebration, scheduled for Saturday night, were completed by the committee Monday night in the high school, with a well-balanced program of entertainment for all age groups planned.

Starting at seven o'clock, the third annual entertainment for younger kiddies and elementary students will get under way at the Neighborhood club and in the Pierce junior high school, with band music, playlets, novelty dances, a juggler, a magician, singing and movie cartoons.

Due to limited facilities to handle the crowds expected, parents are asked by the committee to accompany children only if the youngsters need escorting at both the Neighborhood club and Pierce junior high school entertainments.

Launch War Chest Drive on Monday; Final Plans Made

Grosse Pointe's War Chest drive will get under way Monday as nearly four hundred volunteer solicitors start an every home canvass to raise this area's share of the quota for local charity, the needy in foreign lands and war relief for the men in our armed forces.

A final organization meeting was held at the Neighborhood club Tuesday night by Co-chairmen Mrs. Edwin C. Parker and Gaylord W. Gillis, Jr., for District 6, with workers being supplied with kits and instructions. A speaker from downtown headquarters outlined the aims of the War Chest.

This year, the canvass will cover everyone, not just one person in a household. Husbands, wives and children will be solicited and every nickel counts, says Mr. Gillis, in the effort to raise these sorely needed emergency funds.

Zone chairmen for District 6 are: Mr. and Mrs. John Gardner, Bishop road, Grosse Pointe Park.

Mrs. Harold Gregory, 1984 Hawthorne, Grosse Pointe Woods.

Mrs. Alfred R. Glancy, Jr., 66 Renaud, Grosse Pointe Shores.

Mr. and Mrs. Edgar L. Fink, 252 Vendome, Grosse Pointe Farms.

John L. Kenower, Village Lane, Grosse Pointe.

ONLY ONE

To the everlasting credit of one resident of Grosse Pointe, it is revealed that only one contribution of five dollars for the Halloween fund has been received by the committee.

Surely more than one person in the Pointe wants to see the young folks enjoy some good wholesome fun. The committee has spent more than a month meeting and planning the event. They deserve to be excused from the financial responsibility.

Come on, Pointers, let's Give. Mail it, or place your cash or check in the hands of any member of the committee. They are listed in this article.

Miss Bernice Moore, food chairman, has arranged for 4,800 servings of ginger ale and 4,800 doughnuts for junior and senior high school students for the dances at the Neighborhood club and high school, which get under way at nine o'clock. (Continued on Page 3.)

Next Tin Can Pickup Nov. 21; Start Saving NOW

Attention of residents of the Pointe and Gratiot township is called to the next processed tin can pickup—an announced for Saturday, Nov. 21.

"Start saving tin now," pleads Neil Blondell, area salvage chairman, "so that we can best the mark of fifty per cent collection on Oct. 10." It was explained that the little effort and time required to properly prepare the tin will pay big dividends in furnishing our men in the service with the materials so vitally needed for waging the war.

Here are the simple directions for preparation:

1. Wash cans, removing labels.
2. Open both ends, tucking in.
3. Step on cans to flatten.
4. Place in separate container ready for pickup.

Draft Board 57 Receives Flag From Alger Auxiliary

"There isn't a more valuable gift the Board could receive," said Judge Joseph Belanger as he expressed thanks on behalf of Draft Board 57 as he received the American flag from Mrs. Poole, representative of the Ladies' Alger Auxiliary of the VFW, at a short ceremony at 12 noon Tuesday in the board's office in the Municipal Building.

"We are proud to play an integral part in the preservation of every thing for which the flag stands," added the Judge, vice-chairman of the board, as the 3x5 flag was presented while Chairman, Wilson W. Mills, members of the Board, and the auxiliary paid their silent tribute to the colors.

Pointe Hunter Shot Accidentally Near West Branch, Oct. 20

Whitely partridge hunting with friends near West Branch, on October 20 Walter Schweikart, attorney, of 758 Lakepointe, Grosse Pointe Park, was accidentally shot by John Bruders with 75 or 80 pellets which struck him on his left side from the top of his head to his leg. One of the pellets pierced his left eye. He was operated on this week by Dr. Froelich of Ann Arbor who says it is problematical whether or not the eye can be saved.

A pocketbook that he had placed in his left breast pocket for safe-keeping was the means of preventing possible death for several of the pellets went through the wallet hitting his ribs.

Mr. Schweikart is a former justice of Grosse Pointe and is the brother of the Grosse Pointe Supervisor, Carl Schweikart.

DETROIT "OLD-TIMERS" DEFEAT POLITE ALL-STARS

Billy Rogell's Detroit Tixer "Old Timers" baseball club defeated the Grosse Pointe All-Stars Sunday afternoon on Kerby field, 4 to 2, in a benefit baseball game for Former Coach Ray Huber of St. Anthony. Upwards of two hundred dollars was realized from the crowd who attended. Considering the weather, a fine turnout of fans was reported.

DON'T CHANGE THE STATE CONSTITUTION WHILE THE BOYS ARE AWAY IN THE ARMY VOTE "NO" ON "HOME RULE" (PROPOSAL No. 2)

"WE LEAD, OTHERS FOLLOW"

DICTATORSHIP

(An Editorial)

Dictatorship roots in the apathy of citizens over possible loss of their liberty. We Americans are fighting a war to save our freedoms — the FREEDOM TO VOTE, to worship, to speak and to print as WE think, not as some dictator says we should think.

Good government depends upon selection of good representatives and upon the "voice of the masses" in determining the order of government. If you want to practice what you preach, to save democracy at the polls as well as on the seas and battlefields, then cherish your FREEDOM OF FRANCHISE as free Americans and

VOTE TUESDAY

HOME RULE

(Continued from Page One.)

In Wayne county's low-bonded indebtedness, in its low tax rate. Do you know that Wayne county is the fourth largest county in the United States and that it is pointed to, throughout the country, as one of the finest examples of good county government?

Vote "NO" on Amendment 2, because it will repeal the 15-mill provision in the constitution which has been such a beautiful check on county expenditures. In other words, under the present limitation, counties are prohibited from spending more than 1 1/2 cents per dollar valuation. If the proposed amendment is adopted, this check on expenditures will be removed and with a 21-man, non-partisan board of supervisors, dominated by 14 city representatives a new orgy of spending, the like of which will only have been equalled by the city of Detroit's profligacy, will be inaugurated.

And then watch the taxes jump. Unless some of the ablest legal authorities in Michigan are mistaken, the phraseology of Proposal 2 is so broad that, if it is adopted, a profligate and spendthrift county legislative body, looking always for more money to spend, can tax church property. Under present basic law this is forbidden.

Would you welcome a tax levied on your churches? Then, vote "NO" on Amendment 2. Vote "NO" on Amendment 2 if you believe in representative form of government. Under our present system of county government, every township, every hamlet, every minority group of race and religion and color, is represented. Under the proposed amendment, the governing legislative board is cut to 21, dominated by a 2 to 1 majority of city supervisors, elected at large but 14 of which must come from the city.

Thus minority representation is denied. Do you want proof of this? Then, look at the personnel of the city council of Detroit. For years many of its members have perpetuated themselves in office. There has been no attempt to make the city council truly representative of the polyglot and polysectarian and poly-racial group that make up the population of Detroit. Indeed, until the last election, labor had no voice in the city government. Is your group represented in the city council? Then, vote "NO" on Amendment 2.

Vote "NO" on Proposal No. 2, unless you want to give an opportunity to special interests to seize the county government, start an orgy of extravagant spending and burden the county with a heavy tax rate. Other large counties in America have had so-called home rule thrust upon them with disastrous effects. Cook county in Illinois in which Chicago lies was "modernized" in its form of government and today, like Chicago, is in the hands of special interests, heavily burdened with taxes and run by a few politicians whose own selfish interests rather than the good of the community, dictate the policies.

Vote "NO" on this amendment, unless you want the same thing to happen here. Look over the men who are backing the proposed change in the form of government. They are the same ones who have led Detroit to the brink of financial disaster and are now looking for an opportunity to tap a new source of income, that they may shift the heavy burden of taxation from the city of Detroit to the county by forcing upon the county many of the functions which properly belong to the city but which, because of financial stringency, caused by past extravagances, it is unable properly to perform.

Don't let this coterie of selfish taxpayers grab the County building as it has the city hall. Vote "NO" on the phony Home Rule proposal.

Vote "NO" on Proposal No. 2, if you want to keep Wayne county free from graft. Don't be fooled by the spacious arguments of the pseudo-reformers that the Wayne county government is corrupt and that streamlining its form will prevent corruption. Detroit has had a "Home Rule," non-partisan form of government for years, yet a year ago one-third of its council membership was either in jail or fighting to keep out of jail by appealing from jail conviction for graft. A former mayor is still out of jail pending appeal and scores of policemen from high positions to lowly patrolmen are either serving time or waiting for higher courts to pass on convictions. Yes, there was some corruption found in the county government—a sheriff and a prosecutor were convicted and three auditors were either convicted or removed from office for graft. None of these actually stole county funds. Yet the city of Detroit has lost almost a million dollars of the taxpayers' money in the past few years, in actual theft by employees, notably the Tyler and Lewis defalcations. Does this speak well for a "Home Rule" centralized, non-partisan, form of government?

Keep Wayne county government democratic in its form and efficient in its performance. Vote "NO" on Proposal No. 2.

FUTURE SAILORS!!

Michael Daniel, age 3, and Adam John, 4, sons of Mr. and Mrs. Adam J. Forster of St. Clair Shores, have been caught above in an "at ease" pose. "That camera doesn't scare me," said Michael. Adam is slightly bored.

TIME OUT

By BONNIE ESSERT

BALLS OF FIRE WAS THE pep rally last Friday evening. Hot stuff. Whole school practically was there — gals in blue jeans and plaid shirts to keep warm (not that a mile high bonfire didn't provide a supply—and surplus of sweet heat. There, all packed up with school yells, were Pat Tobin, Jim Ryan, Tom Hedgess, Bill Hanson, George Brooks, Bill McPherson, Art Franz-en, Tom Pleger, Bud Riching, Dick Robbins, Doty Vining, Peggy Erne, Ginny Robinson, Rosemary Mc-Nierny, Bonnie Tait and Donna Hoskin.

AFTER THE FIRE CAME ashes and also hag shindigs. Jackie Brown had the gals for a pajama party. Marilyn Brotz, Mary Janice Palmer, Mary MacBeth, Angie Wurster, Ginny Collins and Faye Barrett. Woe, what sleepless nights.

MARTHA McCRAY HAD A sleepy slumber number at her house that very same evening. Present were camp acquaintances like Calie Wade, Pat Jerome and Beth Claver.

(BY THE BY THE RALLY sure packed the pep into some for the very next day some super spirit was sparked off at the game.)

WHAT A POWERHOUSE WAS Jeanette Hinckley's last Saturday night. She rounded up great groups of chilton to dance and toast a cake. Bill Hanson was with Jeanette; Rozanne Rupp with Doug Putnam; Phyl Hammer with Glen Holt; Angie Wurster with Chuck Lee; Myrt Atkinson with Bob Everett; Betsy Bodgess with Bob Fluit; Jackie Rohn with Bill McPherson; Joan Broadbridge with Cap Barthell; Jean Garrettson with Joe Bracken; Gerry Whittstock with Jim Mc-Goodwin (back from Albion for the weekend.)

AND FOR NEXT WEEKEND Jim Trousdale has a party on the brew. It's hard-luck and that means a lot of fun (and that's no wolf at the front door.) Some of the couples will be: Judy Stuchell and Bob Beyer; Pat Jackel and Bill Modrack; Nancy Armour and Jim Dougherty; Jackie Ewing and Jack Uhl; Lois Gehrig and John Lapp, and Pat Seymour with Jim.

'NOTHER HARD-TIME, GOOD time party was thrown at Skip Mehlenbacher, Dick Saxton, Doty Wehmeier, Gordon Matthews, Bob Murphy, Doris and Phyl Ruhl, Roy Kevdel, Jan Hunter, Carol Jacobson and Joe Schmitt.

Vote Early Tuesday, November 3rd

India Authority Town Hall Speaker

Krishna Sridharani, leading authority on India will speak at Detroit Town Hall at the Fisher theatre, Wednesday morning, Nov. 4. Author of the best seller, "My India," "My America" and the current book, "Warning to the West," Sridharani in his lecture "Storm Over India" will explain the failure of the recent British and American missions to his native land.

Vote Early Tuesday, November 3rd

THE PARTYLINE

Mr. and Mrs. Melvin Berg, of 412 Calvin, Grosse Pointe Farms, are the proud parents of a baby boy, weighing seven pounds and one-half ounce, born Oct. 23 at 1:30 p.m. in Women's hospital.

Last Thursday morning Monica Marie Lauer, daughter of Mr. and Mrs. Herman A. Lauer, of Country Club drive, became the bride of Lieut. William Paul Brown, son of the Paul J. Browns, of Washington road. The ceremony was held in St. Paul's church on Lake Shore.

Mr. and Mrs. Harold A. Strickland, Jr., of 620 Barrington road, returned from Chicago this week.

Helen Marie Schanbeck, daughter of Mr. and Mrs. Fred J. Schanbeck, of 588 St. Clair avenue, wed Eli John Igna, son of Mr. and Mrs. John Igna, of 17374 Northlawn avenue, in services at 10:30 a.m., Saturday, in St. Paul's church on Lake Shore.

At nine o'clock Saturday morning, Mildred Theresa Monnig, daughter of Mr. and Mrs. Anthony Monnig, of Balfour road, was given in marriage by her father to Thomas William McPharlin, of Belanger road, in Saint Clare of Montefalco church. Breakfast for the immediate families was served after the ceremony at the Wardell and the reception was held there that evening. The bride and bridegroom left for their honeymoon trip to Chicago and will be at home on Buckingham road on their return.

The Women's Association of the Grosse Pointe Congregational church held a meeting Tuesday, Oct. 27, in the home of Mrs. Ernest Ray, of Yorkshire road. Mrs. Nellie Sargeant Johnson, guest speaker, is associated with the adult education program at Wayne university. She exhibited her collection of historic textiles to illustrate her talk.

Mr. and Mrs. Leslie L. Alexander, of Bishop road, announced the engagement of their daughter, Natalie McNierney, to Lieut. John B. Mass, Jr., of the USMC, at a tea in their home Sunday afternoon. Lieutenant Mass is the son of Mr. and Mrs. J. B. Mass, of Washington road. He attended the University of Notre Dame.

Marcella Mary Krausmann, daughter of Mr. and Mrs. Joseph A. Krausmann, of Kensington road, was married to Norman Louis Fetha Saturday morning at 10 o'clock in St. Clare of Montefalco church. Fr. Hubert Kiener, uncle of the bride, performed the ceremony.

As members of the decorations committee for the annual Tour dance at Marygrove college, Jeanne

Baker, 1415 Bishop road, and Carol Breon, 586 University, both seniors, have important roles in plans for the ball. Sponsored by the senior class, the Tower dance is one of three outstanding formal parties of the school year. It will be given Friday evening, Nov. 6, in the grand ballroom of Madame Cadillac hall on the campus.

Mrs. John W. Staley of 1040 Harvard road, and Mrs. Henry S. Sanger of 16924 Cranford Lane are visiting in New York.

A benefit party was held last night at the Masonic Temple, Second and Temple, sponsored by the women's auxiliary to the Grace hospital to help raise funds for an iron lung and for the Grace hospital camp for diabetic children.

Members of the committee in charge were the Mesdames Reed Zens, R. Scott, F. Gottschalk, C. Eaton, H. Jarry, O. Gittons, T. Gallenough and N. Marsh.

Mrs. Albert Verkeyn, formerly Lillian Van Steelandt, spoke her marriage vows recently to Master Sergeant Verkeyn. She is the daughter of Mr. and Mrs. Richard Van Steelandt, of Rivard boulevard.

Mr. and Mrs. Albert Meder of University place, were hosts Saturday evening at a buffet supper at the University club, marking Mr. Meder's birthday. On Sunday, Mrs. Meder left for New York to visit her son-in-law and daughter, Mr. and Mrs. Wilbur M. Alling, Jr.

Capt. and Mrs. Thornton Brodhead, of Harvard road, entertained Saturday night at a small informal dinner in their home in honor of Lieut. Com. Merton C. Wilson, USN, of East Outer Drive, who left for active duty with the medical corps Sunday. Following the dinner, they went to the Wilson home where open house was held after nine o'clock. The party was attended by one hundred guests.

Mrs. Claude McDonald and daughter, Mary Lou, of Maumee road, returned this week from a visit in Chicago with Mrs. McDonald's brother-in-law and sister, Mr. and Mrs. Floyd Mansur.

Mrs. J. B. Holden returned to Boston last week after a two week visit with Mrs. Russell A. Alger on Provençal road.

Mrs. Howard B. Knaggs, of Trounaine road, and her mother, Mrs. George Gagner, of Hamilton drive, returned last week from a visit in New York.

Mr. and Mrs. Harold A. Strickland, Jr., of Barrington road, returned the first of this week from a visit in Chicago.

Dr. and Mrs. Gordon R. Maitland of Washington road, are entertaining Mrs. Maitland's sister, Mrs. W. C. Weir of Paola, Kan.

Mrs. Louis B. Gascoigne, of Beaconsfield avenue, returned Tuesday after spending a week with her parents, Mr. and Mrs. Gerald McCoy, of Grand Rapids.

Clothes Problems of Women in War

The war is bringing more women out of the kitchen — and into the public eye. Whether they work in war plants, for civilian defense, the Red Cross or USO — they want to keep up their appearance, in the home and among their friends.

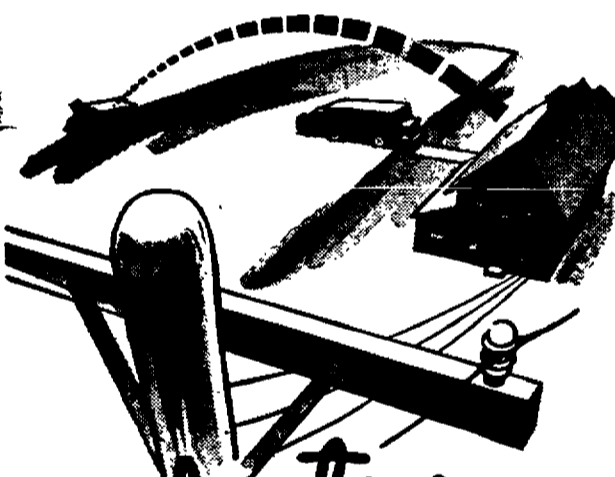

That's where professional dry cleaning does its share. SUPREME cleaning keeps your clothes fresh and smart — makes them look better and wear longer. You'll face any public with confidence wearing SUPREME dry cleaned clothes. And our moderate prices will be no strain on your wartime budget.

WPB Order Affects Cooking

Available Facilities Must Be Utilized

Families or persons planning to change their residence were urged Saturday by the War Production Board to investigate thoroughly the utilities available for cooking in prospective living quarters. This precautionary advice was given by James E. Wilson, WPB's deputy regional director in charge of the priority division, in explaining a WPB order which prohibits connection of an electric range where complete gas facilities are available and the connection of a gas range where complete electric facilities are already installed.

He added, however, that in cases where neither complete gas nor electric facilities are available on the premises, and the premises are not equipped with ranges of any kind, service extensions may be made for either gas or electric connections.

Republican Mass Meeting Saturday

The Republicans of the fourteenth district are having a mass meeting at Denby high school, 12800 Kelly road, Detroit, on Saturday night, starting promptly at 8.

Speakers of the evening will be candidates Harry Kelly and Judge Homer Ferguson and the entire state ticket.

This is Grosse Pointe's district. The sponsors urge the public to attend and bring friends.

HALLOWE'EN
 (Continued from Page One.)

Dusky Leroy Smith's syncophants will play for the dance at the high school and Gene Owens and his band will provide the music for dancing at the Neighborhood club.

At least 200 of greater Grosse Pointe's 350 volunteer auxiliary policemen will be on duty that night, according to Chief Trombly, co-chairman of safety for the evening with Chiefs Fluitt and Piel. In addition, staffs of teachers will be on duty at each point and members of the Burns-Henry and Alger Posts are being asked to assist. A meeting of the safety committee was held with Dr. Paul Essert Monday to make plans for handling the crowds.

The committee in charge of this year's celebration is: Edward Pongrac, chairman; Mrs. Edward Dale, secretary; Willard Hosking, treasurer. George Elworthy is a member of the executive committee. Paul Moreland and Duke Kennedy are co-chairmen of tickets; Neil Blondell, chairman of lumber, and Police Chiefs Fluitt, Trombly and Piel, safety.

"Bathers" Submerge Pointers 20 to 0
 Grosse Pointe high school's Blue Devil football team suffered its sixth consecutive setback of the season before a large crowd last Saturday afternoon on the local gridiron with M. Clemens shutting them out 20 to 0.

The Devils inadvertently earned excessive points to the cheer death in the Border Cities league standings from Saturday's game.

Vote Early Tuesday, November 3rd

Belgium Day at Pointe Rotary Meeting Monday
 Two nationally known Belgians will be the honor guests and speakers at the regular meeting of the Grosse Pointe Rotary club at the Wither hotel next Monday noon.

Setting aside the day for the observance of "Belgium Day," the club has invited the Rev. Father Van Hout, Belgian pastor of Detroit, and Peter Ryce, Belgian consul at Detroit, to address the meeting. A large attendance is expected.

Routine Matters Occupy Park Council Monday

On Monday, the Grosse Pointe Park Commission met in the Municipal building to discuss a number of routine subjects.

A communication from Joseph P. Sumeracki in regard to passing a resolution on the distribution of proceeds from the State Land Sale suggesting that the village work on a percentage basis .0624 of money received. This would be a simple way of computing the share. This was referred to the village attorney upon the proposal made by Commissioner VanDeusen.

The committee on compensation insurance, consisting of Commissioners Johnson and Parshall, made the recommendation that the insurance be renewed, Monday, October 26 being the date of expiration, with the same organization as of last year. The proposal was made by Commissioner Johnson and supported by Commissioner VanDeusen and was passed by the commission.

War damage insurance, at a premium of \$500 per year, on village buildings and contents was referred to Commissioner Johnson and Cunningham for study and they were given the power to act and place insurance without further delay.

The request for permission to park a trailer in the rear of the East Side Gear & Tool Co., was advised for denial by Commissioner Cunningham as he recommended that it would be a bad precedent and that it was a violation of the zoning ordinance and building code. The commission agreed that it was unwisely.

Village Clerk Stammen reported on the smoke complaint made by the resident at 1385 Maryland on a chimney at 1387 Maryland and said he found the chimney of same to be lower by about eight or 10 feet than the adjoining building. He advised the tenant to put a metal chimney over the present one thus alleviating the annoyance and is trying to get a price for the resident. The commission decided it best to wait for a more satisfactory report at the next meeting.

The commission received the formal resignation of Village Manager Streed who is leaving for a war job and expressed their regrets that they will not have the benefits of his services after Nov. 1.

DEFER SCHOOL N-E-W-S

SCIENCE IN THE 1ST GRADE—
 Science is transforming the world about us every day, and has much in common with the idea of democracy itself as it reveals to us the importance of being open minded. The child should be familiar with the many changes that go on about him, for the way an individual interprets his environment has much to do with the kind of a person he is. The six conceptions of science are — space, time, change, adaptation and interrelationship.

Our environment is composed of two kinds of things: Those that live (plants and animals) and those that do not live (air, soil, stones, water, fire and wind).

In our study of animals this Fall we noted their differences, their homes, feet, mouths, tails, eyes and how their coverings were used as a protection or for warmth. Our classroom scrapbook led into a discussion of how many animals live on land, some in the water, others in both water and land, while still others change their structure and must change their homes correspondingly.

When we talked about things that live that are not animals, we found many different kinds of plants. Our scrapbook is filled with many colorful pictures of trees, flowers, shrubs, vines, vegetables and grains.

With Winter approaching we are having a daily demonstration of how our lives are affected by heat, cold, melting, freezing, evaporation, light and shadow. We are now using the thermometer to show how each day differs in temperature.

Simple concepts about the wind, air, sun, a magnet, lever, inclined plane and the pulley will be included in the rest of our first grade science work.

The many ways we use to enrich these concepts are by: Discussions, experiments, reading, science table, bullet board and the use of slides and educational films.

SENDOFF

(Continued from Page One.)
 and Kercheval, where they will board their special busses to the music provided by the Burns-Henry Post Drum and Bugle Corps.

The Metropolitan Club of Detroit urges all residents of Grosse Pointe to turn out for the sendoff and to encourage the boys with their presence. Surely for these lads who are about to give their all for their country, their country's citizens can give them support and cheer them as they leave.

The soldiers who are leaving November 2nd are:

Thomas D. Smith, 14939 Hampton road, Grosse Pointe Park; Hilmuth E. Bandemer, 1400 Three Mile Drive, Grosse Pointe Park; Helge Sodergren, 1214 Calvary avenue, Detroit.

Hugh B. Barnes, 1201 West Lafayette avenue, Detroit; Grison E. Fennell, 3107 Alter road, Detroit; Louis J. Lappan, 122 Oak street, Grosse Pointe Farms; Clifford I. Carlson, c-o Winnipeg Baseball Club, Winnipeg, Canada; James A. Jones, 825 Washington road, Grosse Pointe; Anthony Guesimo, 850 Lakeshore road, Grosse Pointe Shores; William M. Hicks, 1580 Cook road, Grosse Pointe Woods.

Richard C. Ploch, 529 Barrington, Grosse Pointe Park; Lionel W. Parlin, 793 St. Clair, Grosse Pointe; Francis J. Metz, 6116 Lakeview ave., Detroit; Donald G. Cannon, 1084 Beaconsfield, Grosse Pointe Park; Raymond G. Hilgendorf, 344 Ridge, Grosse Pointe Farms; Fred H. Hiescher, 1317 Lakeshore avenue, Grosse Pointe Park; Joseph M. Gallagher, 1047 Drexel avenue, Detroit; Warren F. Ricketts, 1216 Kensington, Grosse Pointe Park; Hudson P. Bradley, 869 Barrington road, Grosse Pointe Park.

Thomas J. Kaufman, 442 Saint Clair avenue, Grosse Pointe; Joseph Crothers, 632 Notre Dame avenue, Grosse Pointe; Julien L. Imbo, 469 Calvin road, Grosse Pointe Farms; Roger A. Demelenaere, 1412 Beaconsfield avenue, Grosse Pointe Park; Frederick M. Sutton, 1454 Beaconsfield avenue, Grosse Pointe Woods.

Filbin, Jr., 1443 Yorkshire road, Grosse Pointe Park; Walter T. Deimel, 1059 Bedford Grosse Pointe Park; Ralph H. Huvaere, 1289 Maryland, Grosse Pointe Park; James M. Sullivan, 1101 Beaconsfield, Grosse Pointe Park; Ralph H. West, 936 Rivard, Grosse Pointe; Gerald H. Prince, 4732 Lakepointe, Detroit.

Harry H. Freiburger, 11626 Woodward, Detroit; Joseph L. Marsack, 166 Oak, Grosse Pointe Farms; Daniel R. Cronin, 953 Washington, Grosse Pointe; Chas. R. Chambers,

900 Nottingham, Grosse Pointe Park; Chilton I. Drysdale, 1056 Lakepointe, Grosse Pointe Park; Traver J. Pelkey, 61 Oak street, Grosse Pointe Farms, and Enos B. Bookwalter, 319 Rivard, Grosse Pointe.

NEW MANAGER
 Ann W. Stall is the new manager of the Kercheval avenue store of Alger Cleaners, located in the City of Grosse Pointe at 16922 Kercheval.

Trombly School N-E-W-S

Scrap, scrap, scrap for our great country, Bring in the scrap to school each day.

For we mean both young and old. Save your scrap for the Japs so bold. We will make a better record day by day.

(Tune—"Tramp, Tramp, Tramp, the Boys Are Marching.")
 With this song for their rallying cry, pupils of Trombly school "Scrapped" enthusiastically during last week's school salvage drive. Stoves, heaters, grates, scythes, lawnmowers, pumps, porch gliders, and sundry metal articles were tossed into an ever-mounting scrap heap. Mr. Hoyt, father of Sally Hoyt, 6A, turned in his title to a 1930 Chevrolet, and it will soon find its way into the salvage mills.

Estimates of the scrap pile vary from five to eight tons. Non-ferrous materials and rubber were kept in a separate pile. The 6B class weighed this part of the pile and totaled 224 pounds of rubber and 320 pounds of aluminum, copper and brass.

The Trombly home soldiers are definitely in the scrap.

BABY BOY

Dr. and Mrs. C. W. Kennedy, of 464 McKinley, are the parents of a baby boy, born Thursday morning, October 22 at the Harper hospital.

Attraction at Shores Theatre Starts Sunday for Three Days

One of the most talked about pictures of the year brings lovely Joan Fontaine and an all-star supporting cast, including Tyrone Power to the screen of the Shores Theatre, Mack at Nine Mile road, for three days starting Sunday. "This Above All" the Power-Fontaine starring vehicle.

As an added attraction, another production, featuring Noah Beery, Jr. in "Dudes Are Pretty People."

promises fine entertainment along with a color cartoon and late news. Wednesday's bargain matinees at 3 p.m. are gaining favor.

Channing Pollock at Cass Theatre Nov. 6

Channing Pollock, author, playwright and journalist, and a popular speaker with the Town Hall audiences, is returning after several years absence to speak for the Detroit Town Hall in the Cass Theatre, on Friday morning, Nov. 6, at 11 o'clock.

Channing Pollock is aptly delineated as the "liveliest personality in America."

Tickets may be had at the Cass Theatre. A subscription luncheon to honor Mr. Pollock follows the lecture at the Book-Cadillac.

GOVERNOR, CONGRESSMAN SPEAK AT SAVARINE

Gov. Murray D. Van Wagoner and Rep. Louis C. Rabaut were among the distinguished guests and speakers at a district meeting held in the Hotel Savarine on East Jefferson Wednesday afternoon.

Vogue Hallowe'en Party Saturday

The Vogue theatre, Harper at Harvard, is staging a huge Hallowe'en costume party Saturday afternoon, October 31, with the doors scheduled to open promptly at 12:15 and a mammoth show starting at 12:30.

Prizes of passes to the theatre for the funniest and best costumes will be given. The show consists of an hour of cartoons, the first chapter of a new serial, "King of the Mounties," plus the two new full-length features which started Friday.

NEW AIR RAID WARDEN CLASS AT SAVARINE

A new class for air raid wardens, meeting regularly from 4 to 6 p.m., each Wednesday and Friday, will be opened tomorrow night at the Hotel Savarine on East Jefferson. The public is welcome to attend any or all of the meetings.

CARTOON PARTY

A cartoon party, rather than a costume party is planned for the kiddies at Saturday's 12:30 matinee. A full hour of cartoons, chapter 4 of "The Secret Code" and two fine features make up the program.

Music Hall Artist Stars at Stevadora

There is another grand variety show at Eddy Shepherd's Club Stevadora this week. New acts give it a lot of snap and punch. An outstanding performance is turned in by Phil DeJongh, the French music hall entertainer who proves that magic and music can be blended into perfect entertainment.

Exploiting the combined musical talents of Harry James and his orchestra and the celebrated Andrews Sisters, Universal's comedy-tunefest, "Private Buckaroo," comes Friday to the Alger theatre.

Hallowe'en Party at Fiesta Bar This Saturday Night

A gala round of entertainment is promised at the Fiesta Bar on Saturday night's observance of Hallowe'en.

George Kalman's famous Romany orchestra will provide his inimitable brand of dance music for guests of the evening. And, a brand new show will feature the well-known Herb Roshier and Shadow act, which has been so popular in Detroit night clubs.

Vogue Sets Up Star Program; Starts Friday

Two excellent features are in the offing on a big double attraction bill at the Vogue theatre, Harper and Harvard, starting Friday.

In the first feature, "Eagle Squadron," produced by Walter Wanger for Universal release, will tell the screen's first story of American fighter pilots in the Royal Air Force when it opens Friday at the Alger theatre.

The long cast of notable players is headed by Robert Stack and Diana Barrymore, youngest member of the American stage and screen family, who makes her motion picture debut in "Eagle Squadron."

The second star-packed feature, "The Magnificent Dope" combines captivating Lynn Bari, with versatile Don Ameche, and Henry Fonda plus the inimitable comic Edward Everett Horton.

War Background In Varied Bill At Alger Theatre

A well balanced round of entertainment is in store for movie-goers at the Alger this weekend as light musical comedy and a dramatic story of adventure, both in the war tempo of the times are scheduled for seven days, starting Friday.

Hailed by the critics as one of the great novels of our generation, and America's No. 1 best-seller for many months, Eric Knight's "This Above All," has at last been brought to the screen by 20th Century-Fox, and arrives at the Alger theatre on Friday.

Featured in the cast of the film are Thomas Mitchell, Henry Stephenson, Nigel Bruce, Gladys Cooper, Philip Merivale, Sara Allgood, and Alexander Knox.

Exploiting the combined musical talents of Harry James and his orchestra and the celebrated Andrews Sisters, Universal's comedy-tunefest, "Private Buckaroo," comes Friday to the Alger theatre.

Augmenting the Harry James aggregation and the Andrews trio are Dick Foran, Ernest Truex, Shemp Howard and Mary Wickes.

Informal Fun A Feature Nightly At 'The Pointe'

Hallowe'en will hold no horrors for visitors at The Pointe this weekend, as Howard Duncanson's club has arranged a round of entertainment which will chase away those goblins and ghosts.

Special new novelty numbers by Mel Steckley's musical men, lovely lilting tunes by petite Sally Romine and good guttural croaking by frog-voiced Roger Cote, will be mixed with hot and sweet dance tunes, off-the-record acts and close-harmony singing.

Philatelists to Meet Friday in Farms

The Grosse Pointe Collectors' club's next meeting will be held at the home of Kenneth A. Fulton, 407 Manor, Grosse Pointe Farms, Friday, Oct. 30, at 8 p.m. All members are urged to attend.

At Yakima Indian Agency, Wash., automobile driving has been cut more than one-third by Indians and Agency employees, who are riding horses again to save rubber and gas.

Pointe Camera Club To Meet Tuesday Eve.

At the Grosse Pointe Camera club meeting on Tuesday evening, Joe Monroe, professor of photography of Cranbrook, will lecture on the topic of "Negatives, Their Faults and Corrections." To illustrate his talk, Mr. Monroe will carry on the development of the negatives before the assembly.

Taking of the children models at the club's last meeting proved to be one of the most interesting evenings the club has had. The little models acted like professionals, striking various poses so the photographers could take their pictures.

Students Broadcast Over WJR Next Friday Morning

Four Grosse Pointe high school students will participate Friday on the CBS's program "The School of the Air."

The program, which is broadcast from 9:15 to 9:45 over WJR Friday mornings, will be a discussion on "Democracy in Wartime." It will be entirely un rehearsed.

The first part of the program will be a dramatization in keeping with the week's subject, and the discussion by the Grosse Pointe high school students will comprise the latter part of the program.

Last Friday's discussion was carried on by students from Fordson high school. It was the second broadcast of the series.

The four students will be chosen from the civics III classes by their classmates some time this week.

"Since these classes have been studying democracy this year more than ever before, it is a fine opportunity for our students to express themselves," Leroy Selmeier, instructor, said.

PEP SESSION FRIDAY BEFORE MT. CLEMENS TILT

Last Friday night more than a thousand Grosse Pointe students loyally displayed their school spirit at perhaps the greatest pep rally that Grosse Pointe has ever seen, given in view of the football game between Grosse Pointe and Mount Clemens, which took place Saturday.

Sid Efronson, 12A, and Joe Brackman, 12B, were among the speakers who led the crowd in "Alma Mater" and other Grosse Pointe songs. A snake dance terminated the gathering.

Vernier School News

The kindergarten and first grade rooms gave a tea for the mothers on Wednesday, Oct. 21. Miss Bradley met with the kindergarten parents and Mrs. Haas with the first grade mothers. They explained some of the aims and plans for each room.

Later the groups gathered together for tea prepared by the Mesdames A. Englehart and David James. The Vernier pupils have been doing a splendid job gathering scrap this week. They have enlisted the help of the parents. A movie show was enjoyed Monday afternoon by everyone who participated.

Grosse Pointe AWVS Unit Elected New Officers at Meeting Wednesday, Oct. 28

At 10:30 Wednesday, Oct. 28, the Grosse Pointe unit of the AWVS held a meeting at the home of Mrs. Alger Sheldon, of Lakeshore road,

Cheunijck Found Guilty on Assault Charge in Court

Camille DeCunick of 1468 Maryland made a complaint on Oct. 17 that Gerard Cheunijck, 53 year old Brown City resident, had assaulted him.

Patrolman Verdonck arrested the defendant at the Rathskeller, 15404 Mack avenue, and Cheunijck appeared before Judge Belanger on October 23 and was found guilty and placed on probation for thirty days with a ten dollar fine and twenty-five dollars restitution for complainant or thirty days in jail.

to elect new officers for the year. Mrs. Alger Sheldon and Mrs. Howard Bingham, chairman and co-chairman, respectively, were appointed on the previous recommendation of the Grosse Pointe unit by the Metropolitan Detroit unit.

The officers elected were: Mrs. Lawrence Pez, vice-chairman; Mrs. Otis Walker, treasurer; Mrs. Ralph G. Sicles, Corresponding secretary and Mrs. Andrew Hotchkiss, recording secretary.

Seven members at large will be appointed to make an executive board with the officers. The unit thanked Mrs. Sydney Small, chairman for the past seven months, for her untiring efforts and enthusiasm.

Mrs. Small expressed her appreciation for the fine co-operation of the members of the unit.

Tire Blows Out; Loses Control; Crash Results

At two o'clock, Wednesday, Oct. 21, Ted Templeton, son of Mr. and Mrs. Theodore Templeton, 1424 Bishop road, driving north on Harvard road, had a blowout on the right front tire causing him to lose control and strike a car parked in front of 1246 Harvard, owned by W. L. Wright.

Barbara Waddell age 21, of 761 University place, a passenger in the car was injured and taken to Grosse Pointe hospital by Park police, where she was treated for a broken jaw, lacerations under the chin, bruised mouth, and abrasions on both knees.

Templeton, unhurt, was given a violation ticket for reckless driving, "car not under control" and was to be detained at the station for appearance in court at 8:30 Wednesday morning, but was released by Sergeant Logan in the custody of Mrs. Waddell, the injured girl's mother.

As no witnesses appeared at the trial, Templeton was dismissed.

Notice Regarding Absentee Ballots

Applications for absent voter's ballots must be made not later than 12 noon, war time, on Saturday, Oct. 31, and applications made after such time cannot be considered.

Those interested may call Niagara 5800 or see Norbert P. Neff, city clerk, in the municipal offices at 17130 Maumee avenue.

These ballots are not to be confused with the war ballots which are sent out from Washington upon request, for the war ballot enables one to vote only for the office of senator or congressman. Thus it is essential for those not able to vote in person to contact their city or township clerk and receive an absent voter's ballot which permits them to vote for all state, county and national offices and all propositions and amendments.

Grosse Pointe Is Entitled to Lansing Representation

Ralph H. Kirby, in conducting his campaign for election to the state legislature on the Republican ticket, brings out the important matter of re-apportionment of state representation that under the law must come up before the next session of the state legislature. Mr. Kirby stresses the point that under the present population Wayne county is entitled to a total of 42 seats in the house and senate, and because of the fact that Wayne county pays approximately sixty per cent of the taxes for the state, he will, if elected, do all in his power to bring Wayne county its just representation.

Mr. Kirby feels that the Grosse Pointe community with a population of over thirty thousand is entitled to their own representative in Lansing, and he pledges the voters of Grosse Pointe that he will honestly and sincerely work towards that end.

Ralph H. Kirby is married and a home owner, living at 3500 Bedford, in Detroit, just north of Grosse Pointe. Belonging to many civic groups and clubs in and around Grosse Pointe, Mr. Kirby has always had the interests of its citizens at heart.

Processing Fuel Oil Applications

Residents of the Grosse Pointes and Gratiot township who have not sent in or brought in their fuel oil applications must mail them to the local rationing board, 341 Fisher road, according to information released today.

A corps of registrars has handled applications from Monday, ending with tonight, during the hours of 9 a.m. and 9 p.m. in the girls' gymnasium at the high school. Approximately 200, or only a fraction of users, applied on Monday.

Coupon books are not available as yet. Those persons needing to make purchases of oil are instructed to proceed and to promise delivery of their coupon to the dealer when the book is received. The board will notify applicants by mail when their applications have been processed and the coupon books are available. None will be sent to fuel oil users thru the mail.

St. Matthew's Annual Turkey Luncheon

The annual Turkey luncheon, with all the "fixin's," will be served to St. Matthew's Womens club and their guests on Thursday noon, Nov. 12, at the parish hall, Harper and Buckingham roads.

After luncheon cards will be played with table and door prizes for the lucky ones.

For reservations call Mrs. Bernadine Fix, of 9151 Yorkshire road, Tuxedo 2-2473, chairman; or Mrs. Louise Hoffman, 4397 Grayton road, Tuxedo 2-0887, or Mrs. Willard Crowley, 5317 Courville, Niagara 3474.

WITH THE MEN IN SERVICE

Among the class of 225 candidates to be commissioned at the Aberdeen school of the ordnance department recently, was William Pershing Hall, son of Stephan F. Zetar, of 15127 E. Jefferson, Grosse Pointe. Lieutenant Hall entered the service through the National Guard in April, 1942. He is a graduate of Grosse Pointe high school and attended the University of Michigan.

Joseph O. Fentecost, P. 3-C, U. S. Navy from Wold-Chamberlain Air Base, Minneapolis, Minnesota and his wife, the former Mary Louise Girard, and his brother Pfc. Charles S. Fentecost, of the U. S. Marine, Oceanside, Calif., spent last week at their home, 1352 Lakepointe avenue, Grosse Pointe.

Maj. Harold J. Atkinson, son of Mrs. Katherine S. Atkinson, 16710 E. Jefferson, Grosse Pointe, has been transferred to Fort Mason, Calif. He is attached to the Inspector General's Department.

Ernest Heabert, son of Mr. and Mrs. Frank A. Heabert, 643 Notre Dame, has been promoted to Private First Class in the U. S. Marine Corps. He is stationed in the Solomon area at Guadalcanal.

Pvt. Frank Gracey of the Army Air Corps, Lowry Field, Colo., was called home on account of the death of his brother, Edward, 34, of 8392 East Outer drive, who was associated with the Detroit Furnace Co. The deceased was a member of the Polish Century club.

Funeral services were held at 10:30 last Thursday.

The boys are the sons of Joseph Gracey, world war veteran, and Mrs. Ann Gracey Worthy, of the Gratiot Post of the ladies' auxiliary of the VFW.

Corp. Waldo "Buss" Beupre stopped into The Review office to say "Hello" and to thank this paper for sending him this weekly copy, says everyone reads it. He is on a 14-day furlough from Spence Field, Moultrie, Ga., where he is a member of the base weather squadron which to quote "Buss" is "merely playing with balloons." His two brothers, Albert and LaVerne are also in the service. Their parents are Mr. and Mrs. Albert E. Beupre, of 274 Kerby road, Grosse Pointe.

Clayton A. Bennett, son of Mr. and Mrs. Gordon F. Bennett, of 647 University place, is in the base hospital at Lemoore, Calif., having contracted tropical fever during his training for the Air Corps. He enlisted in the RCAF on June 7, 1941 at Portage LaPrairie, Manitoba and transferred to our forces in June of this year. When stricken, he had only four more days of flight until he received his wings. He is a graduate of Grosse Pointe high school.

Pvt. Ian Miller Smith, formerly of 1224 Maryland, has been promoted to the rank of corporal. He is with the 671st Signal Corps, Hearst, Ont., Can.

Lieut. Com. Leon J. Jacobi, of 729 Fisher road, has been promoted to commander. Jacobi recently was transferred from ship duty to engineering sea duty on the east coast. A graduate of Annapolis, class of 1921, he was associated with the Detroit Edison company before he was called to active duty in October, 1940.

The promotion of Harry S. Bradley, Jr., of 1450 Lakeview, from corporal to sergeant, was announced by the commanding officer of the Sacramento air depot.

Mr. and Mrs. Philip J. Phillip, of Pemberton road, have received word that both of their sons have been promoted to lieutenant (junior grade) in the U. S. Coast Guard Reserve. The sons, Gordon P. and Philip J. Jr., are on sea duty in the north Atlantic. They have been in the service since July, 1941.

Robert M. Wright, son of Mr. and Mrs. W. J. Wright, 936 Nottingham, recently received his commission as a second lieutenant at officers' candidate school, Fort Oglethorpe, Ga. A graduate of Grosse Pointe high school, Wright enlisted in the National Guard in 1940 and served at Forts Knox and Leonard Wood. Now at Robns Field, Macon, Ga., he has been spending a 10-day leave with his parents here.

Mrs. Marietta France, of 1316 Maryland avenue, Grosse Pointe, Park, wife of 28-year-old Corp. David L. France, of the U. S. Marine, recently learned that her husband was killed in action on Guadalcanal.

Corporal France had worked for three years in the Ford Motor Co., before he returned to active duty in November, 1940. He had been in the Marine Corps for three years, previous to his enlistment in the Marine Corps. He and his wife were married two years ago.

IMPORTANT Change of Schedule Grosse Pointe High School

Effective Monday, November 2, Grosse Pointe High School will open at 8:30 A.M. and will close at 3:20 P.M. School buses serving students living in Grosse Pointe Park will leave the Detroit City Limits at 7:55 A.M. School buses will leave Grosse Pointe Woods and Shores at 7:35 A.M.

These changes in schedule have been made at the request of the Office of Defense Transportation. The Lake Shore Motor Bus Company is faced with the problem of providing additional bus facilities and the change in the High School schedule will release buses for regular service.

CALLING ALL BRIDGE PLAYERS

Tuesday, Nov. 3, at the Ernst Kern Co. cardroom at one o'clock. Every bridge player and every card player is invited to attend a rally and get acquainted with all the other card players. Duplicate bridge, party bridge and other card games will be played. Proceeds will go to furnish a Thanksgiving fund for the USO.

A small charge will be made, but a whole of a time will be had by all.

Bring your club, bring your foursome or come alone, but don't fail to be there.

The Victory Bridge League wants to welcome you, for other information call Lenox 9622.

Pointe ACRC Unit Offers Recruiting To Boys 18 and 19

The Aviation Cadet Recruiting Corps of the Grosse Pointe unit of the AWVS, under Col. Maxine R. Quirk, has established recruiting information substations in the following places, for the purpose of furnishing 18 and 19 year old boys with

information about the U. S. Army Air Corps and other branches of the service: Grosse Pointe: Grinnell's, open 6 to 9 p.m.; Punch & Judy lobby, 7 to 9 p.m. Detroit, East Side area: City airport, 2 to 10 p.m.; Hannan YMCA, 10401 East Jefferson, 6 to 9 p.m.; Northeast YMCA, 10100 Harper, 6 to 9 p.m. and Motor City Recreation, 3616 Connors, 7 to 10 p.m.

Dominican Hi Mothers Club to Meet Nov. 4

The Dominican high school Mothers' club, will hold their next meeting on Wednesday evening, Nov. 4, at 8:15, at the school, Whittier and McKinney roads.

Entertainment will be offered by Mr. and Mrs. Eddie McGrath and their daughter, Rose Mary. Tea will be served. All mothers of Dominican alumni and other women interested in the work of the school are cordially invited to attend.

Tiny lead seals for the covers of meter boxes were saved by meter repairmen in Fairmont, W. Va., who turned in 42 pounds of precious lead scrap.

Sheriff Baird Is Well Qualified For Re-election

Racial groups, labor organizations and outstanding civic organizations are urging the re-election of Sheriff Andrew C. Baird on the Democratic ticket.

Baird has raised the sheriff's office to the highest level of all county offices, carrying out not only the routine duties of the office, but also assuming responsibility for the protection of more than 60 vital war industries in the out-county. Baird's road patrol of 60 men in 30 radio equipped cars also guard the army's ferrying command air port and the naval base at Grosse Ile.

Under Sheriff Baird's efficient administration of the sheriff's office the Greek-Americans and various other racial groups have been given representation on his staff.

Of Scotch-Irish descent, Sheriff Baird is a self-made man. His first job was section hand on the Wabash railroad. Studying law at night, he was admitted to the bar, practiced as an attorney and was later appointed assistant U. S. district attorney.

His war duties division co-ordinates all county law enforcing activities with the Army, Navy, Coast Guard and FBI. Sheriff Baird's identification bureau is utilized by the Army and Navy ordnance departments and as chief of all auxiliary police in the out-county districts, under civilian defense, has organized more than 500 volunteer riflemen, who have been highly trained to repel enemy parachute invasion.

In addition, Sheriff Baird has won back the confidence of the public in the office itself, by restoring it to a position of dependability and usefulness in county government. . . . All sound reasons for his re-election.

National Issues Unite Michigan Behind Roosevelt

Both national and state politics are taking a definite trend as the first final elections of the nation since war was declared, draw to a close. One aim seems to be predominant in the minds of every loyal American — and that is the thought of national and party unity.

A short time ago former Republican governor of Michigan Chase S. Osborn came out in support of war Gov. Murray D. Van Wagoner and U. S. Sen. Prentiss M. Brown, both Democrats, who are appealing for re-election on Nov. 3 next with the statement that they are both in accord with the Democratic wartime aims of Franklin D. Roosevelt, commander-in-chief of the armed forces, and that men able to work in close co-operation with the Chief Executive of the nation must be elected if Wayne county and Michigan is to continue to play the all-important part in the vital crisis of winning the war.

"I am willing to wipe out my record of the last 10 years and go before the people solely on the issue of electing a congress which will support the President in assuring, so far as humans can, the peace of the future," Sen Prentiss M. Brown said recently, further pointing out that industry, labor, management and most ultimate consumers are in accord with the Democratic principals of President Roosevelt, and that they have united under the Democratic banner to bring unity and speed victory for the Allies under the leadership of our President.

Governor Van Wagoner asks the voters of Wayne county and Michigan to weld themselves into a strong unified body and vote for the tried and tested state, county and national officials up for re-election under the Democratic principles so necessary to win this war and secure a permanent peace.

The Wayne county democratic nominees seeking re-election are: William E. Dowling, prosecuting attorney; Andrew C. Baird, sheriff; Caspar J. Lingeman, county clerk; Jacob P. Sumeracki, treasurer; George Dingman, drain commissioner; Bernard J. Youngblood, register of deeds and Coroners Albert A. Hughes and Edmund J. Knobloch.

Park Police Recover \$71 Worth of Clothing Stolen from Cleaners

Grosse Pointe Park detectives arrested Theodore G. Miller, a Crown Cleaners' employe, who lives at 774 Connors, and Jack L. O'Berr, of 3941 Montclair, an employe of the Mitchell Cleaners, when they found \$71 worth of stolen clothing in their possession on Oct. 23.

The larceny report had been given by Benjamin Coogan, of the cleaning firm, of 15323 East Jefferson avenue, on Oct. 21, when he discovered that the garments were missing.

Both boys were turned over to the waivard minor division for prosecution.

Football Interpretations

—By J. DUNTON BARLOW—THE FREE KICK—

In football there are two ways in which the ball may be put in play; namely, by a free kick and by scrimmage. You are all familiar with the manner in which a game is started. That kick, at the opening of the game, is known as a free kick. After the opening kickoff you are also familiar with what happens, the center gets down over the ball and passes it backward to one of the backfield men. That is known as putting the ball in play by scrimmage.

There are three different free kicks. First, the kickoff; second, free kick following a safety and third, free kick following a fair catch.

The free kick is so-called because the opponents (receivers) must remain 10 yards ahead of the spot from which the ball is kicked until it is kicked, thereby removing all possibility of the kick being blocked.

The kickoff is used to start the game and at the beginning of the second half. Also following the try for point and following a successful field goal. Before the game starts, the officials and the captain of each team meet, usually in the center of the field, to discuss ground rules and decide upon which goal the respective teams are to defend.

The referee tosses a coin in the air and the visiting captain calls heads or tails, while the coin is in the air. The winner of the toss has one of two privileges: First, he may designate which team shall kick off or second, he may designate which goal his team will defend. The losing captain has his choice of the same two options at the beginning of the second half. The referee will put his hand on the shoulder of the winning captain so that the spectators may know who wins the toss.

Example: St. Ambrose-St. Bernard game.

St. Bernard wins the toss and elects to receive. St. Ambrose elects to defend the south goal.

St. Ambrose players line up across the field in back of their own 40 yard line. They may kick the ball from any place on the 40 yard line by a place kick or a drop kick. (The drop kick is seldom used in this play). St. Ambrose players must remain behind the 40 yard line (restraining line) until the ball is kicked. St. Bernard's men must not be ahead of the 50 yard line and five of their players must be ahead of their own 45 yard line until the ball is kicked. Violation of the above rules calls for a five yard penalty and another kickoff five yards ahead or behind the kicking team's 40 yard line.

Example: St. Ambrose is ahead of the line at the kick. The kick is made again from St. Ambrose's 35 yard line and no player may be ahead of that line at the kick. St. Bernard's new restraining line is St. Ambrose's 45 yard line and five of their players must be ahead of the 50 yard line. If one of the above fouls or any other foul is made before the ball goes out of bounds the kick is made over. If there is no foul on the play and the ball is kicked out of bounds the ball is put in play by scrimmage in one of two places. If it is out of bounds between St. Bernard's 40 yard line and their goal line it is put in play by scrimmage on St. Bernard's 40 yard line. If between St. Ambrose's 40 and St. Bernard's 40 on the yard line where it went out of bounds. Note: The ball is always put in play 15 yards in from the sidelines. If the ball is kicked straight down the field and goes out of bounds across the end line it is a touchback and the ball is brought in to the receiving team's 20 yard line and put in play by scrimmage. If the ball goes through the goal posts it is not a field goal.

On a free kick all players are eligible to recover the ball. The receivers (St. Bernard) may advance the ball but the kickers (St. Ambrose) may not advance the ball if they recover it. If, however, St. Ambrose kicks the ball over the goal line and they fall on it before it goes out of bounds they have a touchdown.

The kickoff must go 10 yards (unless it goes out of bounds) or to the receiver's restraining line (i. e. 50 yard line) to make it a valid kick off unless one of the receivers touches it before crossing the 50 yard line.

Flotilla 76 Members Donate 22 Pints of Blood to Red Cross

Twenty-two pints of blood were given Tuesday, Oct. 27, by donors of the U. S. Coast Guard Auxiliary, Flotilla No. 76 to Mrs. Kathleen Young representative of the AWVS for the Red Cross plasma supply, a fitting scene for Navy Day.

Harris McFarlane is the commanding officer of the flotilla which holds its monthly meetings at the Crescent Sail Yacht club.

BURNS HENRY AUXILIARY

At our October business meeting, our unit contributed \$15 to the war chest. We will also do our part in the solicitation of funds for this worthy cause. Anyone who can donate their service for this two weeks' drive, please call our community service chairman, Sylvia Sharpe at TU. 2-2259.

Our child welfare chairman, Alice Marrs, is asking donations of stuffed animals either made or purchased, to be sent to children in hospitals at Christmas. Her goal this year is 300. Last year being our first year making stuffed animals, we sent 100 to the Children's hospital, and we found they could use a great many more. If there are any Girl Scouts or young women that would care to make any animals for these animals for these children in their spare time, call Ivanhoe 6089, and I am sure they will be greatly appreciated by our chairman and hospitalized children.

A piano was donated to post headquarters clubroom by Mary Del Barba, a member of our unit. Mary is also our hospital chairman and has credited our unit with quite a number of hours. She is on the Detroit districts rehabilitation committee along with Hazel Allor, a co-chairman on emblems, trophies and awards, and Elva Nielsen is district historian.

We are very proud to have these three members representatives on Detroit districts.

Mason School N-E-W-S

A parents' bulletin board is kept in E. Quinlan's kindergarten room, on which parents may find information which will help guide them in co-operating with the school, to assist the child in making a natural and happy adjustment to group life.

Since birthdays are one of the important events in a little child's life, an attractive bulletin board showing a gaily colored birthday cake and candles on it is kept each month. Names of children having birthdays during the current month are placed under the cake. The children sing "Happy Birthday" to those who are celebrating. This is one way to satisfy the child's wish for recognition. The children in Miss Crowley's kindergarten went on an excursion to see the changes that had taken place in nature during autumn. They saw many indications that Winter was not far away, and plan to go later to see other changes in the outdoors.

After discussing what makes a good American, the 1B grade decided to paint a mural called "I Am An American." The school, flying an American flag, and a home surrounded by a colorful garden occupy prominent places in the picture. Flying protectingly above are many airplanes.

October brings Hallowe'en fun to the boys and girls of 2B grade in Room 210. Pumpkins — big, fat, golden ones are literally rolling into school. Such fascinating moments when these same round pumpkins became saucy Jack-o-lantern fellows during science class. The children were amazed at discovering the seeds and pumpkin pie material so plentiful inside of each one.

Park Detectives Recover Loot from Service Station

Properly stolen on Oct. 19, from McMann's service station, totaling \$21.10 in value, was recovered by Grosse Pointe Park detectives. The police were unable to arrest the suspects as they were reported on their way to Texas.

Letters to the Editor

Oct. 23, 1942
The Grosse Pointe Review,
15121 Kercheval,
Grosse Pointe Park, Mich.

Gentlemen:
The opposition in Grosse Pointe to reorganizing the Wayne county government under the proposed Home Rule amendment appears to center on the idea that Grosse Pointe will not have representation on the board of 21 members. It seems clear to me that there is no foundation whatever for this idea.

The geographical situation is such that a voting district can only be comprised of Grosse Pointe and the remaining portion of Gratiot township. This means that the 30,000 people living in Grosse Pointe are absolutely assured of a representative in the county government.

The benefits of an improved Wayne county government would in any event, completely outweigh the cost of Grosse Pointe representation in that government. Since Grosse Pointe is bound to be represented there, would appear to be every reason for all who live in Grosse Pointe to vote on Nov. 3 in favor of the proposed Home amendment.

Sincerely,
KENNETH L. MOORE

EMPLOYMENT PLACEMENTS SHATTERED IN SEPTEMBER

All monthly placement records were overshadowed by the U. S. Employment offices in Michigan during September with the filling of 25,676 jobs by that agency.

ST. JAMES LUTHERAN CHURCH

Rev. GEORGE E. KURZ, Pastor
St. James Lutheran church of Grosse Pointe worships every Sunday in the Punch and Judy Theatre. The morning service is at 11 a.m. Sunday school is at 9:45 a.m. The Rev. George E. Kurz, pastor, announces the following coming festive services:

Harry F. Kelly stands for:
—The right of small business to survive. "Michigan's 66,000 small businesses must not be unnecessarily sacrificed in this war effort."
—The proper use of the governor's appointive power. "My selections will be based on merit and qualifications and not in payment of political debts."
—The increase in Old Age Assistance. "It must be adequate to take care of increased costs of living."
—The right of labor to organize and to engage in collective bargaining. "Any peacetime rights given up by labor to further the war effort must be returned intact at the war's end."
—The practice of rigid economy in State Government. "Reserves must be built-up to enable the State to operate during the post-war reconstruction era."
—The liberalization of the Workmen's Compensation Act. "Its coverage must be made all-inclusive, and its benefits made to conform with today's costs of living."
HARRY F. KELLY

Before you tell other people how to live their lives . . . BE SURE you live your own life. The first thing in the human mind is where did you come from.
WE MAKE — Tobin's Irish Mixture and Cookie Jar Tobacco

MacRae Competent Office Holder
Highly endorsed by labor and its organizations and definitely preferred by the Civic League, Richard A. MacRae, the first district's candidate for state senator, is what he appears to be—a man of ability and integrity.

Rubbing elbows with the so-called "little fellow" is no new experience for "Dick." Once a bench workman, later a builder and realtor, he kept on striving and studying in the D. H. T. and the Detroit College of law until he achieved his first goal, an admission to the bar as a lawyer. PTA and education groups are of constant interest to Richard MacRae for he was a school teacher in his earlier years and fully realized their importance. The erection of the new John R. Williams school in 1928 and the organization of the north-east Kiwanis club in 1927 were given his unceasing encouragement and were aided by his insistent spurring. The Eastern Detroit Realty Association has seen the active participation of Mr. MacRae, and he has been competent legal counsel for several years.

As a holder of public office, Richard MacRae has already proved his merit. He held a seat in the Michigan legislature upon election in 1928 and his actions brought his re-election in 1930, serving until the end of 1932. He gave no cause for the voters' misgivings and proved himself to be a loyal legislator who did not forget that he was the servant to whom the people had relegated the power to act for them. In summary Richard MacRae's past works serve to be the mirror in which his future achievements will also be reflected. The image is clear-cut and altogether pleasing. He has done it before and he can do it again. Will you give him the opportunity of proving his competence as the next state senator?

Re-election on Record Urged for Weideman
Carl M. Weideman, lawyer for 22 years and present circuit court commissioner, is a candidate for re-election at the polls next Tuesday, Nov. 3. Born of an old Detroit family, prominent in political and business life of this city for more than 100 years, Commissioner Weideman has the enthusiastic backing and endorsement of all leading civic, patriotic and labor groups throughout the county because of his efficient and courteous conduct of his public duties.

Carl M. Weideman was congressman of the fourteenth district from 1932 to 1935. At this time he was one of the four leaders in the congress of the United States fighting for an adequate national defense, and this before most people were aware of the danger that was to confront America. He also fought for fair pensions for disabled veterans and for more liberal naturalization laws, for these men were his comrades-in-arms during his service in the World War and he knew their problems well.

The office of circuit court commissioner is a busy one, and in addition to its regular statutory duties, it has now been brought into particular prominence because of the wide spread effect of the so-called rent control act, which froze rents as of April 1, 1941. While this act is considered an emergency war measure, it has, nevertheless, increased the work of the commissioner tremendously, both in volume and in importance. Due to the drastic shortage of houses the intelligent administration of this law is extremely vital to the welfare of thousands of Americans, and requires the services of a man of the proven competence and experience of Commissioner Weideman to handle the thousands of cases dealing with this act.

BABY GIRL
Mr. and Mrs. Ford Hopkins Whelden, of Merriweather road, announce the birth of a daughter, Priscilla Rebecca, on Oct. 22. Mrs. Whelden is the former Gertrude Darden, of Suffolk, Va.

Edward Behrendt Candidate for Sheriff
Edward Behrendt, today, announced his candidacy for sheriff on the Republican ticket. Mr. Behrendt said that he had been a deputy sheriff for four years under the late Henry Behrendt, who was formerly sheriff in Wayne county from 1930 to 1932 and from 1935 to 1937. Mr. Behrendt, since June 1, 1939, has been an investigator in the bureau of investigation, department of state, under Harry F. Kelly, secretary of state.

Murphy Qualified for Court Commissioner
Outstanding among the candidates for office of circuit court commissioner on the non-partisan ballot at the election next Tuesday, Nov. 3, appears the name of Arthur J. Murphy, prominent Detroit attorney. Mr. Murphy, in his first bid for public office has received the endorsement of labor groups and a preferred rating by the Detroit Citizens League, together with the endorsement of other prominent civic and fraternal organizations. Mr. Murphy is married and has three children, and resides in Detroit at 15375 Ohio avenue. He is a member of College Park Kiwanis club.

Essert Discloses Shelter Centers
The establishment of four shelter centers for use in case of air raids was announced yesterday by Paul L. Essert, superintendent of schools, and chairman for Red Cross disaster relief in the Grosse Pointe OCD area. The four, arranged as nearly as possible in accordance with the populations of the zones covered, are Grosse Pointe High School (headquarters), with the medical center in Grosse Pointe Country Day School nearby; Detroit University School (both shelter and medical); Pierce Junior High School, with the medical center in the main Public Library, and Beacon school, 19475 Beaconsfield avenue (for which the medical center will be located at the Detroit University school).

Copies of a mimeographed notice listing the area clothing, shelter, foods, register and medical chairmen, are being distributed to air raid wardens.

Volunteer Road Repairmen Needed
The Grosse Pointe office of Civilian Defense is frankly in need of men who have had experience in road building and repair and is issuing a call for volunteers. A mass meeting of all employees of highway departments in the five villages and Grosse Pointe Township has been called for 8 p.m. Wednesday, Nov. 4, in the Neighborhood House, 177145 Waterloo avenue at St. Clair. Murray Smith, Grosse Pointe Farms municipal engineer, chairman of the OCD's utility group, will speak, and George Elworthy, area co-ordinator, will explain the organization of road repair crews which would be sorely needed in case enemy bombs disrupted vital highway communications.

Boy Messengers Meeting Tonight
Boys over 16 who are looking for a chance to help Uncle Sam win the war will have their chance at 7:30 tonight at a meeting in the Grosse Pointe OCD headquarters at the Neighborhood Club, 17145 Waterloo, where a reorganization of the messenger corps will be discussed. By a recent ruling Boy Scouts younger than 16 have been asked not to participate in messenger corps work which would keep them on the streets late at night. Hence a large number of boys were lost to the corps, and their places must be filled promptly.

Courses of instruction will be offered each Thursday night. Boys will be trained individually and in groups and will practice carrying messages, the success of whose transmission would be vital in case of a bombing disaster.

Claude G. McDonald Rep. for Congress
Claude G. McDonald, in an interview, made the following statements: "The New Deal strategy seems to be the setting up of bureaus and overstaffing them with the result that a certain proportion of the votes are subsidized. Millions of people are dependent on the Democratic party and its sympathizers for their livelihood. In most cases, they vote for the side that controls their jobs. There are 5,000,000 people or more on the government payroll today. I am told the Navy department alone, before the war, was employing 30,000 people. At the same time, Japan was employing 1,000 people to do the same job. This sort of overstaffing is not only expensive but it tends to reduce efficiency, and is the reason for a good part of the bungling that has gone on. Another phase of the New Deal strategy is Regimentation. I will admit that there is a certain amount of this necessary in war time, but I do not approve of the very obvious attempts to use the war as an excuse to put across some measure that further restricts and regiments the people unnecessarily.

"Your gas rationing in this territory is one example. In my opinion, this is entirely unnecessary and is going to be very harmful to the defense program, because of the long distances working men have to travel to and from their jobs. It will create a traffic problem that will be next to impossible to solve. Sugar rationing is another attempt, the registering of men up to 65 years of age is another, and it's all part of a plan that was worked out long before the war started.

"I think we should do everything in our power to get back to the Republican form of government, which the founders of this country adopted, and which the New Deal seems bent upon destroying. You never hear men from our government refer to us as a republic anymore, as they did when I went to school. Our great leaders of history always referred to this country as a republic. When they call us a democracy, it includes too many different forms of government, and it doesn't properly describe our own government. Let's learn to have pride again in our way of life. Let's be proud of our own heroes, both past and present — let's build up a strong national spirit; that is the only way wars can be won. Let's get back to the sound principles of republican government, by putting the control into the hands of the majority, and taking it away from an organized minority, that is so bent upon experimentation and change.

"Let's all go to the polls and vote, particularly at this election. Let's know our candidates — let's stop voting for a man because we like the way he parts his hair. Let's scrutinize the candidates carefully and pick the men with successful records in their chosen fields — men who have the fighting instinct in sufficient quantities to make them a success in whatever field they choose to pick. This is the type that we can depend on to stand up for their own ideas and rights in public office, and the ideas and rights of their constituents."

Park Women Takes Own Life Monday
After leaving a note saying that she was in ill health and would be a burden, Mrs. Isabel Robertson, 43 years of age, committed suicide in the garage of her home at 753 Barrington Road, Monday, October 26, at about 10 a.m. She was discovered suspended from a rafter in the garage with a clothesline doubled around her neck about 1:25 p.m., by three lady friends who had gathered at the home of Mrs. Nicholas Lodes, of 777 Barrington road, and had been awaiting her arrival. When she failed to appear they became worried and proceeded to the Robertson residence.

Detectives Butts and Louwers of the Grosse Pointe Park police were notified and they removed the body to the morgue. Mrs. Robertson is the wife of Everard P. Robertson and the mother of Norma 15, and Alan, 10.

Defer PTA Offers Nutrition Class For Homemakers

Everyone interested in nutrition, and that includes all homemakers, is strongly advised to join the nutrition class which meets at the Defer school tomorrow from 1:30 until 3:30 p.m. under the guidance of Mrs. Judith Sisman. This class will prove to be very helpful, teaching the planning and preparing of interesting and balanced meals so necessary during these busy days of rationing and shortages. The class is sponsored by the Defer PTA and the only cost is a registration fee of 50 cents for the course of 12 lessons.

RETAIN

CARL M. WEIDEMAN
CIRCUIT COURT COMMISSIONER
• World War Veteran
• Former Congressman
• U. S. Supreme Court Attorney
• Endorsed by Civic and Labor Organizations
NON PARTISAN BALLOT

BLUE DEVILS TO PLAY FORDSON THERE SATURDAY

Grosse Pointe high gridders will take to the road Saturday, seeking their first victory of the season as they are entertained by the Fordson high eleven there.

Vote Early Tuesday, November 3rd

RE-ELECT.....
LOUIS J. SCHNEIDER
CIRCUIT COURT COMMISSIONER
"A Fine Record Merits Re-election" — Highly Recommended Non-Partisan (Political Advertisement)

RE-ELECT SHERIFF ANDREW C. BAIRD
Sheriff Andrew C. Baird is the chief law enforcing officer in Wayne county . . . The Heart of The Arsenal of Democracy!
HE IS
Experienced Proven Resourceful Trustworthy AND
HIS RECORD SPEAKS FOR ITSELF !!!

He maintains an all-important civil division of deputies who serve as police officers in the courts of the circuit judges and circuit court commissioners of Wayne county. In addition, a special division is maintained in recorder's court for condemnation cases. This civil division also keeps all records and is responsible for the service of subpoenas and writs.

He maintains a detective bureau of highly trained law-enforcing and crime-detecting officers.

He maintains the county jail which last year housed a total population of 144,000 prisoners.

He maintains law and order in unincorporated communities comprising approximately 200,000 in Wayne county.

He has maintained the high moral condition of the county by suppressing gambling and prostitution.

The safety of our country — our homes — our very lives, may depend on the type of man who serves us in this vital post. Remember THAT when you go to the polls November 3rd.

Christian Science Lecture by Dr. Hendrick J. de Lange, C. S. B.

Under the Auspices of the First Church of Christ, Scientist, Detroit, at the First Church Edifice, Cass and Hancock Avenues, Friday Evening, October 23, 1942

A Lecture on Christian Science Entitled Christian Science: The Science of Existence by Dr. Hendrick J. de Lange, C. S. B. of New York City

Man's Real Selfhood
Christian Science refutes material sense testimony with its belief about man as being equipped with a spiritual human mind impregnated on a destructible material body. To man is assigned the exalted status of direct, divine manifestation or idea. In this sense, the textbook (Science and Health, p. 475) defines man as "the compound idea of God, including all rights of God, God, divine Mind, the All-Being, is conscious of itself only. In this self-consciousness, Mind expresses itself as man."

The Messiah's Mission
Christ Jesus' nature and mission were better understood by Mary Baker Eddy than by anyone else. She comprehended that his mission consisted in breaking down the "middle wall of partition." The revelation of God as divine Principle made her aware of the fact that the works of the Master were natural and scientific in the highest sense. Her words, although unlearned and unpolished, were so full of truth that they have become the basis of the healing work of Christian Science.

Existence Mental Activity
The possibility of such a radical change is understood when one recognizes that existence is primarily a mental activity. This may be conceived without materiality. Nobody exists without mental activity. The fact that which argues that there is something outside of mentality—the material world, so called.

Mrs. Eddy Divinely Inspired
The author of the textbook here quoted came to these fundamental teachings by pure inspiration. There were human reasoning. There never existed a more genuinely intuitive woman than Mrs. Eddy. She understood spiritual intuition and trustfully followed it up with penetrating insight and loving thoughtfulness. This was her inspiration. She was inspired to Christian Science and progressive in her scientific conclusions and demonstration. Her healing was the result of spiritually perceiving the true character of existence, regardless of material appearances.

Reverencing from Cause to Effect
In Christian Science one thinks from cause to effect. The nature of the one primal cause determines what is true and real as effect. What ever appears as contrary to the nature of the one cause must be classified as untrue and unreal, however true and real it may seem to be from within its own misconception. Hence the conclusion in Science and Health (p. 127) that "everything entitled to a classification as truth, or science, must be comprised in a knowledge or understanding of God."

One's Faculty to Discern the Ideas of Infinity, eternality, oneness, perfection, aliveness—however dim and restricted this perception may seem to be—shows that these ideas exist. It is the faculty that points to the fact that they must have a source. The nature of this source must be infinity, eternality, oneness, perfection, aliveness—in other words, this source is God. It is impossible to assume that infinity contains matter. Matter is a quality, that perfection contains imperfection; that aliveness contains lack. For this reason, matter, time, duality, imperfection, lack—and thereby sin, sickness, and death—are necessarily to be discarded as unreal and untrue.

Treatment Utilization of Truth
The thought activities here indicated in the Christian Science prayer or treatment. Briefly it may be defined as the utilization of divine power in removing whatever suggestions may seem to have placed themselves between oneself and his primal source, or preventing such erroneous occurrences.

Fear Analyzed
Whenever a suggestion of fear claims to whisper screams that it is your experience, remind yourself of the great liberating fact that the threats of fear are never directed against your real and only self. They are directed against an erroneous, mortal, personal concept of man. If you have unthinkingly identified yourself with that erroneous concept, believing that it was you, you have sovereign divine power to annul this wrong identification. Moreover, you have scientific ability to forestall a false suggestion, in case it attempts to insinuate a wrong identification. Fear is objectionable because, by giving it to it, you identify yourself with the very thing of which you are afraid. Hence, Job's well-known saying "The thing which I greatly feared has come upon me."

Headling Explained
All real Being is Mind; therefore the healing in Christian Science effects a removal of false beliefs which, externalized, evidence themselves either as diseases of the body or as disturbing conditions by the way of family relations, business difficulties, and world problems. Should the healing not readily follow the treatment, it might be well to ponder a statement made by Mrs. Eddy in "Retrospection and Introspection" (p. 54), "Millions are believing in God, or God, without bearing the fruits of goodness, not having reached its Science."

Let us take a case of disease. For the sake of simplification, the false beliefs assumed to be the source of disease may be divided into three groups. The first group pertains to life, the second to body, and the third to health. As far as human sense is concerned, life belongs to the material body and is dependent upon it. Life is assumed to start with the birth of a material man and to end with his death. In Christian Science, this is recognized to be a misapprehension. In accordance with Christ Jesus' declaration that to know God is to be eternal, life is identified with God. Indeed, in Christian Science textbook states (p. 465) that "Life is a synonym for God. God being All, there is but one Life, and inevitably the only Life expressed as man. Let us, then, think of life, as any mind that is thinking, finite frailties of a material entity, but as the infinite perpetuation of divine Principle itself."

Again, body is humanly regarded as connected with matter, which is nothing but objectified limitation—the expression or embodiment of mortal, so-called, mind. Obviously, this is the false concept about that which body divinely is as Principle's expression or embodiment of itself. St. Paul's statement coincides with this when he wrote his fellow Christians in Corinth that they were "the temple of the living God." This temple or body is immune to disease, disintegration, death. It consists in knowing oneself as divine idea. Being aware of this divine knowledge as real existence as body is health, and thereby regeneration to what is humanly considered to be body. Why? Because it lessens fear, the most disintegrating of all evil influences. Also because it removes the limitations attached to a false concept, thus making it possible to experience more and more tangibly the spiritual knowledge or embodiment of right ideas which one really is.

Mortal Mind Myth
The tendency to materialize spiritual facts is the product of that which Christian Science calls mortal mind. "That which neither exists in Science nor can be recognized by the spiritual senses" (p. 127) textbook's disposal of mortal mind (p. 582), which appears to interfere with the logical unfolding of real existence. While the term "divine Mind" refers to the actual and existent, the term "mortal mind" refers to "nothing claiming to be something" (ibid., p. 581). Then, all that there is to mortal mind is the term. Its claim is a claim of sheer negation. Its supposed activity has been designated in Christian Science as animal magnetism or hypnotism. Animal magnetism or hypnotism attempts to operate through thought transference. Thought transference postulates the belief in two or more minds. In order to counteract animal magnetism, the first thing to be done is to refrain from believing that one has a mortal or human mind. A human mind implies mental manipulation. The recognition in Christian Science that one's true selfhood is the expression of the one infinite, all-inclusive divine Mind, is the basis of understanding and discarding the mortal mind myth of animal magnetism. The one divine Mind need not be transferred. Its infinite perfection, power, and permanence are already ever present.

Science Protective and Preventive
The scientific way of eradication—on the basis of evil's nonexistence—has been explained by Mrs. Eddy in the following statement: "No and Yes, p. 36." "The system here is a report to his higher self and relation to the Father, and there could find rest from unreal trials in the conscious reality and reality of his being—holding the mortal as unreal, and the divine as real."

Freedom Spiritual
It was in the United States of America that truth first found enough receptivity and expression to announce real freedom. Freedom is not primarily political, but a spiritual mode of life. Man divinely self-governed shows forth true freedom. Organized evil can never obliterate man's individual self-governed deity. Our work is to maintain this fact of individual self-government, and to be alertly aware that this is an essential element for the welfare of the human race. The one and only way to help

how "this retreat from material to spiritual selfhood" enabled the Master to triumph over every form of evil, death included.

Church the Consciousness of Truth and Love
Spiritual integrity makes it possible to understand more clearly the mental nature of all existence. Thus it is discerned that church primarily is a spiritual body, not a material building and organization. When Peter recognized Christ Jesus' real nature, by declaring that he was "the Christ, the Son (consciousness) of the living God," the Master inferred that he was the Father who Peter had vowed was the Rock, or spiritual foundation, whereon Jesus would build his church (see Matthew 16:18-19).

The Movement's Universal Scope
The understanding and consequent embodying of the blessedness of divine Principle constitutes a vital part of one's qualifications for membership in The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and in one of its numerous branch churches or societies throughout the world. With such a well-prepared and well-equipped membership, the Christian Science movement is best able to fulfill its mission. This mission is nobly set forth in the second paragraph sub-rose "Church," on page 583 of Science and Health. The spiritual attitude and altitude of thought on the part of the Christian Scientist, as surely "elevating the race, rousing the dormant understanding from material beliefs to the apprehension of spiritual ideas and the demonstration of divine Science," however formidable mortal mind's opposition may assume to be. The mission of the Christian Scientist is best able to fulfill its mission. This mission is nobly set forth in the second paragraph sub-rose "Church," on page 583 of Science and Health. The spiritual attitude and altitude of thought on the part of the Christian Scientist, as surely "elevating the race, rousing the dormant understanding from material beliefs to the apprehension of spiritual ideas and the demonstration of divine Science," however formidable mortal mind's opposition may assume to be.

Existence is Science
By fundamentally being this Science of Existence, the Christian Scientist is experiencing his divine selfhood—existence as it really is. Hereby he is benefiting humanity by spiritually expressing in everyday life the beauty of existence, its nobility, joy, bounty, blessedness, and progressive unfoldment. As the Christian Science textbook (p. 427) so aptly informs us, "The belief that existence is contingent on matter must be met and mastered by Science, before life can be understood and harmony obtained." This was the fuller scientific awareness that one is a divine Science, a divine being power and real activity. We are privileged to go forth and live this Science of Existence, which has no other purpose than to bless.

Attention
The understanding and consequent embodying of the blessedness of divine Principle constitutes a vital part of one's qualifications for membership in The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and in one of its numerous branch churches or societies throughout the world. With such a well-prepared and well-equipped membership, the Christian Science movement is best able to fulfill its mission. the human race is to help the human yield to the divine. Christian Science encourages humanity to do this. Christian Science shows that there need not be any hesitation in this yielding to real existence and no fear that something of value will be lost in so doing. Science and Health assures us (p. 302), "It is impossible that man should lose anything that is real, when God is all that eternally is." The human is not a precious and necessary entity of its own. There is nothing to it but a finite, imperfect, temporal, perverted sense of the divine. What ever seems to be humanly commendable, desirable, enjoyable, and right, is not human but the divine appearing, however faintly, in the human. The possession and enjoyment of the divine itself, as a result of being identified with it, is undoubtedly far more thrilling, practical, and worth while.

With such a well-prepared and well-equipped membership, the Christian Science movement is best able to fulfill its mission. This mission is nobly set forth in the second paragraph sub-rose "Church," on page 583 of Science and Health. The spiritual attitude and altitude of thought on the part of the Christian Scientist, as surely "elevating the race, rousing the dormant understanding from material beliefs to the apprehension of spiritual ideas and the demonstration of divine Science," however formidable mortal mind's opposition may assume to be.

Attention
The understanding and consequent embodying of the blessedness of divine Principle constitutes a vital part of one's qualifications for membership in The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and in one of its numerous branch churches or societies throughout the world. With such a well-prepared and well-equipped membership, the Christian Science movement is best able to fulfill its mission. This mission is nobly set forth in the second paragraph sub-rose "Church," on page 583 of Science and Health. The spiritual attitude and altitude of thought on the part of the Christian Scientist, as surely "elevating the race, rousing the dormant understanding from material beliefs to the apprehension of spiritual ideas and the demonstration of divine Science," however formidable mortal mind's opposition may assume to be.

C. S. Houston Active East Side Citizen

C. S. Houston, one of the outstanding candidates for state representative, has been an East Side resident for many years. He has been very active in civic and political programs in the city of Detroit and numbers his friends from all walks of life. His family is well known to East Siders and his sister was a recent visitor at his home after her return from 18 years of service in China, where she had been for the past 18 months a prisoner of the Japs. Mr. Houston's many friends

for election to the office of state wish him success in his campaign representative on the Republican ticket.

HENRY LAVERS,

TOWNSHIP CLERK, GROSSE POINTE
TOWNSHIP, WAYNE COUNTY, MICHIGAN

CONGRESSMAN RABAUT IN PERU

Congressman Louis C. Rabaut of Michigan (center) with Sr. Gerardo Balbuena, president of the Peruvian chamber of deputies at Lima. The officer in uniform was assigned to serve as Mr. Rabaut's guard of honor.

EDITOR'S NOTE—This is the fifth in a series of articles on Latin America, based on the official trip made by our own representative, Louis C. Rabaut, as chairman of an appropriations committee investigating federal expenditures.

WASHINGTON — Peru enjoys a republican form of government, and is headed by genial, democratic President Manuel Prado, but Lima, its capital is known as the "City of Kings." Centuries of fascinating history lie behind this name, and add color to the many interesting aspects of modern Peru.

Peruvian history goes far back into the era before the Spaniards came to South America. At that time Peru was the home of the great Inca empire, which ranged along the high plateaus of the Andes mountains from Ecuador on the north to Bolivia on the south. Capital of the ancient Inca empire was Cuzco, situated in the Peruvian mountains, where relics of the splendid Inca capital and court are still to be seen.

When the intrepid Spanish "conquistador" (conqueror) Pizarro overcame the Inca forces by a combination of arms and deceit, he founded a new capital near the Pacific ocean shore, and call it Lima, the city of kings.

For more than 400 years Lima has grown and flourished as one of the

greatest cities of South America. There was founded the first university in the new world, the University of San Marcos to which students from the United States have gone in increasing numbers recently as part of the cultural interchange between the United States and Peru. Lima was the seat of the viceroys who ruled South American colonies for Spain.

It was fitting that this capital should be one of the leading places to be visited by the group of U. S. congressmen, headed by the Hon. Louis C. Rabaut of Michigan, who toured 17 countries to visit American diplomatic missions and inspect the progress of the Good Neighbor policy.

Special receptions and honors were given to the American legislators by their friendly Peruvian hosts who conveyed upon them the friendly sentiments which Peru holds for the United States. The illustration shows Congressman Rabaut of Michigan on the occasion of a banquet arranged in honor of the American delegation by the Peruvian congressmen. A special guard of honor was assigned to Mr. Rabaut, as seen in the photo, when he made his address to the Peruvian chamber of deputies.

Recent developments have emphasized the close relations between the United States and the Andean re-

public of Peru. The sister republic has broken off relations with the Axis powers, thereby helping to restrict the activities of German and Japanese agents in the hemisphere. Moreover, vast supplies of strategic materials, particularly minerals, have come from Peruvian mines to the industries of the United States where the weapons of war are forged.

Outstanding event in Peruvian-American relations recently was the visit to the United States last Summer of President Manuel Prado of Peru. The chief of state visited President Roosevelt in the White House, and toured important centers of American war production before returning home. His comments on his return were more enthusiastic than ever about the United States and its certainty of victory.

Peru's mountainous territory makes mining its chief industry. American capital has helped to exploit the natural resources of this land which even in the Inca days produced fabulous amounts of mineral wealth. Cutting through the mountains are narrow river valleys or canyons where agriculture is practiced. Along the coastal area lie the larger farming sections which produce sugar, rice, long-staple cotton and other products.

Van Wagoner Has Kept All of His Campaign Pledges

For many years, Michigan's government has been pledged to provide decent care for certain unfortunate persons, such as crippled children, who have lost the support of the breadwinner. For the first time, under Governor Van Wagoner's administration, every one of those pledges was kept.

"If it comes to a question of balancing the budget or caring for crippled children," he said, "I will take care of the kids first."

By ending waste and political favoritism, Van Wagoner did both — brought state social services to new high levels, and still wiped out all state deficits and built up the first surplus Michigan has seen in over 20 years.

RECORD REVIEWED—

1. Wiped out, for the first time, the state-aid waiting list of 30,000 aged persons and mothers with dependent children. Previously, 30,000 persons, just as eligible as 88,000 who were receiving aid, had to wait until someone among the 88,000 died, before they were even considered for state aid.

2. State social security appropriations were increased one-third, so that every eligible person received aid, and received increased aid to meet higher living costs.

3. State hospitals were boarded up and kept idle under the previous Republican administration, while 3,000 mentally ill citizens roamed the streets, or waited in jails for the treatment the state had promised them. When Governor Van Wagoner took office, he opened all idle hospitals, and took care of the entire 3,000 — the largest number of new mental patients ever hospitalized by any state administration.

4. Previously, the state was content to hospitalize mental patients, and make them permanent state wards. Governor Van Wagoner developed an entire new mental hygiene program aimed at curing and preventing mental illness, and releasing thousands of patients, and instituting new treatment programs, in-

ustrial mental hygiene — these are the new Van Wagoner programs which the medical profession declares are the most important mental treatment developments Michigan ever knew!

5. Two years ago Michigan had a crippled children program which the medical profession had repudiated as cruel, and ruled by political considerations instead of needs of the children. Governor Van Wagoner set up a new, adequate program, based on needs, which today gives crippled children the best treatment Michigan ever gave them, and which is ready to meet effectively any infantile paralysis outbreak.

6. The present state administration has expanded its public health program to take in new fields such as venereal diseases, cancer, tuberculosis control, providing free blood plasma to every community. Health officials declare these programs will save thousands of lives each year.

7. Increased state financial aid was granted county health units, enabling them to establish county departments of health. Rural and resort sanitation programs were expanded and improved.

All of which adds up to why Van Wagoner's constituents and friends ask that you support the administration that "has a heart" and re-elect Murray D. Van Wagoner, Michigan's war governor, a Democrat.

Louis J. Schneider Deserves Re-election

The office of Circuit Court Commissioner is one of the most important because it takes human understanding as well as jurisprudence to handle the many problems that present themselves from day to day. The record of Judge Schneider proves that he possesses a sound understanding of the needs of the people in this position and in 5 years on the Circuit Court Commissioner bench has had an outstanding record of service.

His record of service entitles him to a re-election to the office of Circuit Court Commissioner. He has served the people of Grosse Pointe Park for 5 years and his record speaks for itself. He was elected on November 3, 1937.

Prentiss M. Brown Principles Stated

Lauded by national magazines such as "Time," and innumerable newspaper editorials for his fight with our Commander-in-Chief to keep the laboring man's food and rent costs on a parity with wages, Sen. Prentiss M. Brown is a candidate for re-election next Tuesday, Nov. 3.

Senator Brown, who has 12 years' continuous service in the nation's capitol, and who as one of the senior senators on Capitol Hill was entrusted by President Roosevelt to the very important job as floor leader for the first price control act, to keep farm prices on a comparative level with wages. The law is most important to the citizens of Michigan, as compared to other states. Michigan is first in war production and has more wage earners than any other state in the union. When reduced to words of one syllable, the bill simply means that the working man and woman on salary will be able to purchase meat, produce and other farm products at a comparative level and with a ceiling on future price increases.

When President Roosevelt announced in a radio address that such legislation was necessary, Sen. Robert F. Wagner, chairman of the banking and currency committee went to Senator Brown. "Prentiss," he said, "you're the man to handle this bill because you know the subject." But it is a terrible thing to hand a man just before election. You'll have to fight the farm bloc. I want you for this job, but if you'd rather not, I'll certainly understand."

Senator Brown took the job, and despite the political pressure from the farm bloc on the South and West, he in the face of what looked like a certain defeat, put it over. As a result, the nation's food supply is being protected. Sen. Prentiss M. Brown will be a great asset to the nation if re-elected. He has served the people of Michigan for 12 years and his record speaks for itself. He was elected on November 3, 1930.
