

POINTE PARAGRAPHS

By THE POINTER
Ace dog catcher, Patrolman Bernard McFarland of the City of Grosse Pointe, suffered a slight reverse in fortune this week. Having persuaded four errant canines to join him in his squad car he sighted a fifth and coaxed the dog to his vehicle. When he opened the door to admit his newest recruit, the other four made a hasty exit. With the city charging a \$2 impounding fee, City Clerk Norbert P. Neff opines that the erstwhile dog catching champion owes the municipality eight dollars.

Did you know that this area, which is leading the nation in tin can salvage is lagging behind in the collection of waste kitchen fats? Figures released by Edwin J. Anderson, Wayne County Salvage Committee chairman, show that we are running 55% below the government quota and are depriving the war effort from material which is critically needed in making explosives for our armed forces in Africa and the South Pacific.

Waste fats are some of the little things that count big with the boys. The tablespoonful of fat, oil, meat drippings or grease is BIG because it contains glycerine. Glycerine makes explosives for bullets and shells. So, don't pour it down the sink. It doesn't matter how many different types of waste fat you put into a container, so long as they are strained. Save every drop. Keep in a cool place and when you have a full can, take it to any meat dealer. He'll pay you and send along your valuable contribution to help make shells and bullets for the boys.

We aren't too old yet to feel a wave of sympathy for the men in service and the wives and sweethearts left behind as we gaze at this beautiful moon. It really is a sad thing that life's romances are more and more being conducted by those who agree will save the fats, silk, nylon . . . all of which will shorten the separation.

Patric Michigan spring into the Pointe at 8:30 Sunday. It was the kind of a day that made you want to drive and see new spots. Rationing made different arrangements. To relieve the monotony, Mother Nature provided intermittent surges of snow between long stretches of spring sunshine.

Frank E. Phillips, efficient member of the gasoline panel of the Warester, Mass., Price and Rationing board, was recently puzzled by the numerous letters addressed to "Mr. Phillips." It all came about, he thought, through the efficiency of his stenographer, Mary Dorsey, who, all good and efficient stenographers, had placed in the lower left hand corner of all official documents the initials FEP-M.D. And, it seems that all persons wishing to deal with the board were exceedingly careful to accord Mr. Phillips with all courtesies due such rank.

Rationing at a Glance

(Valid for Grosse Pointe Area)

Stamp 17 good for 1 pair through April 15. (Certain types of shoes not rationed).

Fuel Oil
Coupon 4 good for 11 gallons thru April 17. Coupon 5 good for 11 gallons through Sept. 30.

Grosse Pointe Ration Board is closed Wednesday at noon. Open other days 8:45 a.m. to 5 p.m.

OCD First Aid Class to Start Next Monday, March 29

An OCD course in first aid will be offered starting Monday in room in Grosse Pointe high school. Weekly sessions will be held each Monday, beginning at 7:30 p.m.

CLEAN-UP DAYS APR. 2, 3

All Merchants Invited to Meeting Tonight

Board of Trade to be Form'd

The third of a series of meetings for the purpose of forming a Grosse Pointe board of commerce or retail merchants association will be held tonight at 8:30 at the Neighborhood club. All business and professional women of the area are urged to attend.

Chief objectives of such an association are to promote uniform closing dates, establish credit exchanges, provide added protection to local merchants and to create better service by local stores for residents of the Pointes.

Immediate outcome of previous meetings will be seen in an announcement in this week's Review of a large block of retail merchants electing to close at 12 noon Wednesdays. Led by representative grocers and meat dealers, a considerable portion of the business houses of the Pointes have decided to follow their lead in closing for the afternoon on Wednesday and eliminating deliveries for that day.

With William Moir of the Farms Market again acting as temporary chairman, tonight's meeting will be occupied with reports from local men who were delegated at the last meeting to investigate similar associations in Highland Park, Birmingham, the Oak Ridge, and East Warren business groups.

It has been emphasized that the group is still strictly in the formative stage and that representation is desired from every type of business and profession in the Grosse Pointe area. No by-laws have been adopted, no fees for admission or dues have been established and election of permanent officers has also been deferred until the membership in the group is more complete and a set of plans for operation has been adopted. It is urged that a large turnout take place tonight, so that problems of each and every type of business and profession can be heard and considered in furthering the organization.

Twenty-two business and professional representatives appeared at the last called meeting on March 11. And a considerably larger number is expected to come to the meeting tonight, since each person present at the previous meeting promised to contact other friends and business associates and bring them to tonight's meeting.

Liquor Thief Awaits Circuit Court Trial

Frank Walker, 32, colored, of 288 Winder, Detroit, who was arrested last week by city police when caught stealing four cases of liquor from a local store, was found guilty when arraigned this week and bound over to the circuit court for trial. He was released on \$500 cash bail bond.

Governor Harry F. Kelly to Be Honor Guest at Rotary Convention Here April 11 and 12

Gov. Harry F. Kelly will be the chief speaker and honor guest at the annual district conference of the 153rd District of Rotary International which will be held at the Country Club of Detroit Sunday and Monday, April 11 and 12.

Blue

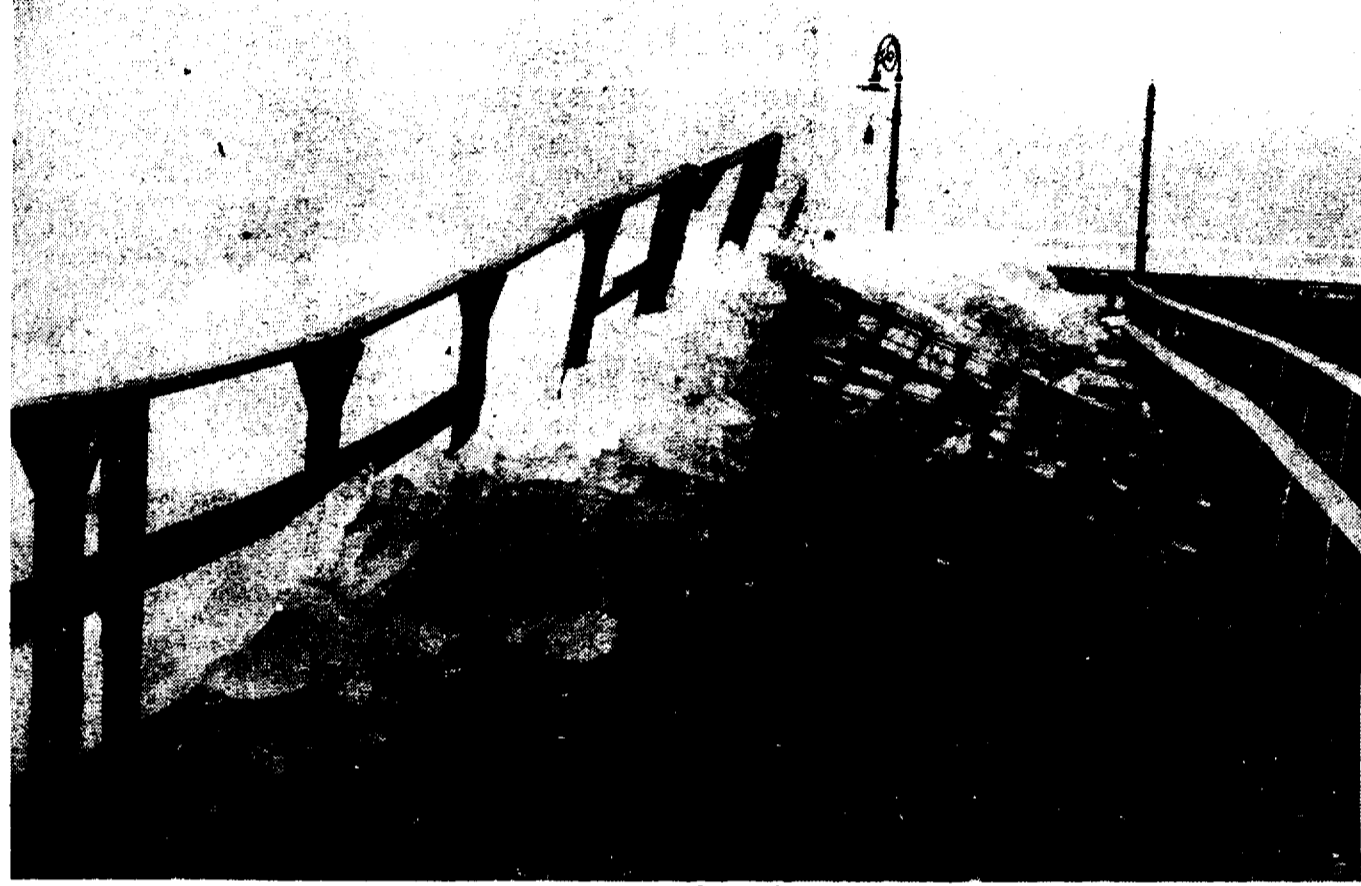

Blue receipts will be used by your Review carrier boys in collecting the optional delivery charge of 10 cents for the month of March.

Watch for him when he starts collecting Friday.

Please pay only regular carriers with official Review 1943 Blue Receipts.

Thank You

Offshore Wind Thrusts Ice Under Piling at City Pier

Damage of undetermined amount was caused to the park pier in the City last weekend as an offshore wind drove ice under and against the piling, tilting the dock to an approximate 30 degree angle. City Councilman Chester F. Carpenter, chairman of the Park committee, stated that a minimum of expense would be incurred in putting the pier into usable condition for the duration.

Military Authorities Will Permit Pointe Service Record Compiled by Home Front

Norbert P. Neff, chairman of the Home Front committee, reported this week that Army G2 and Navy intelligence has notified him that they do not disapprove of the proposed compilation of a Pointe-wide service record of local men and women who serve in World War II.

Because information to be contained in the permanent record might be prohibited by military authorities, sanction was sought before work on the directory was to begin. Included in the record will be the name, home address, date of service entry, next of kin and basic service branch of each man and woman from the Grosse Pointe municipalities who serves in the Army, Navy, Marines, Coast Guard, etc., and their auxiliaries. Rank may be added at a later date.

The Home Front has named Miss Florence Severs, Pointe librarian, permanent custodian of the directory. Work of filing and classification will be done under her direction.

Included will be the name and date of every man or woman who has entered the service, by draft or as a volunteer, from St. Ambrose, St. Paul, St. Clare, Detroit University School, Grosse Pointe Country Day School, etc. Also on the list will be any boys or former Grosse Pointe women who enter the service through any other draft board or point of enlistment.

Hostess Corps Party Register Deserves Preservation

A spokesman for the Home Front committee stated this week that the register used by the Hostess Corps should be fittingly preserved as a record of Grosse Pointe's hospitality to fellow-countrymen and fighting men of our Allies in World War II. The public library was suggested as a proper place of deposit.

Included on the register are signatures, addresses and information on Scotchmen, Australians, Frenchmen, Dutch, Norwegians, Englishmen, Irishmen, and practically every country on the globe, who have been guests at the parties given by the Hostess Corps and house guests in many Pointe homes during the war.

Detective Secures Fingerprints After Hardware Robbery

Three or four distinct fingerprints were obtained by Detective Sergeant Trombly of City of Grosse Pointe police from the storm window which was removed by thieves who broke into the Grosse Pointe Hardware store on East Jefferson last weekend.

Entrance was gained by breaking a pane of glass on a lean-to around the rear door. Julius Nagel, proprietor, reported loss of one dollar in pennies and a quantity of old coins taken from the cash register and three or four Boy Scout pocket knives. Other losses may be found in taking inventory.

Next Pointe Sendoff Wednesday, Mar. 31

A sendoff party for those boys from the group of 82 who reported for induction yesterday will be held at the Neighborhood club next Wednesday morning at 6:45.

The Home Front committee and Breakfast club will be in charge, with Norbert Neff acting as chairman. An anonymous sponsor, has pledged to assume all expenses of the party through Clerk Harry A. Furton of Grosse Pointe Farms.

Police and Firemen Rescue Dog from Ice Last Friday

Grosse Pointe Farms police and firemen rescued a black scottie dog from the ice off Lakeshore drive near Provincial last Friday by use of a pike pole. The pet belonged to Doctor Kidder, 204 Provincial.

Lieut. Gov. Keyes to Address Women's Republican Club

Lieut. Gov. Eugene C. Keyes will address a meeting of the Grosse Pointe Women's Republican club to be held Monday, March 29 at 2 p.m., in the Neighborhood club.

Sales in Bonds and Stamps Are Soaring at AWWVS Booth

The U. S. War Bonds and Stamps booth in the AWWVS headquarters at 17027 Kercheval avenue has done a flourishing business to date in March with \$12,275 in bonds and \$1,347.75 in stamp sales for a total of \$13,622.75.

Pointe residents like the convenience of being able to convert stamps into bonds at the AWWVS without having to go to a post office or bank.

Huge Service Flag Will Honor Grosse Pointe High School Students in Country's Services

A huge service flag, with each former student and all alumni represented by a star, is being planned for Grosse Pointe high school, with the announcement this week that already a list of 405 boys now in the armed forces has been compiled.

Prior to this announcement, a list has been prepared from the records of Draft Board 57, as of March 1.

City Residents Are Warned to Pay '42 Taxes by March 29

Neil Blondell, deputy city treasurer, announced this week that the treasurer's office in the city is now compiling the 1942 delinquent tax roll.

Special Classes in Air Raid Protection to Be Held on Wednesday Nights

Starting with last night, a series of three special meetings are being held on consecutive Wednesday nights at Grosse Pointe high school on air raid protection.

Pointe-Wide War on Rubbish; Name Trash Burning Rules

At a meeting held Tuesday morning at the Grosse Pointe Farms Municipal building, representatives of the various communities discussed and laid plans for a clean-up program to condition vacant lots for the Victory Garden program and to improve the appearance of the five Grosse Pointe communities, Park, Farms, Woods, Shores and the city.

The meeting was held at the direction of the Victory Garden council who designated Norbert Neff, city clerk of Grosse Pointe, assisted by Harry Furton, clerk of Grosse Pointe Farms and William Stamman, clerk of Grosse Pointe Park, and members of the Victory Garden council, to instigate a clean-up program. The Grosse Pointe communities were further represented as follows:

Grosse Pointe Farms: George F. Dansbury, fire chief and Carter Piche, highway commissioner;
Grosse Pointe Woods: Arnold Diesing, member of the village commission and John F. Hansen, highway commissioner;

City of Grosse Pointe: Ledger Chauvin, fire chief and Jerome Huevaere, highway commissioner.
Grosse Pointe Park: E. B. Lane, village manager and Edward Rector, fire chief.

Grosse Pointe Shores: O. C. Ingalsbe, police chief.
Board of education: Harold Hubbard, director of administrative services.

Ask 100% Cooperation
The clean-up program will be carried out on the use of appropriate tools to conserve materials, while continuing to offer all essential services and eliminate all non-essential for the duration.

Paul I. Moerland was given an official welcome by the village president and in response pledged himself to attempt to merit the confidence of the electorate and commission.

Appointment of special committees was deferred until the next regular meeting.

Homer C. Fritsch, last year's commissioner of public health and civilian defense was named president pro-tem.

Bids on bonding of village officials were referred to the village manager and commissioners of public works and public affairs, with power to act.

Commissioner Parcels was absent from the meeting.

Victory Garden Rally at Mason School Next Tuesday

The Grosse Pointe Woods Garden club will sponsor a Victory Garden rally, to be held in conjunction with the Mason school PTA on Tuesday evening, March 30, at eight o'clock. V. R. DePetris, chairman of the Victory Garden council for Grosse Pointe, will be the speaker of the evening.

Gardening Course to Start Tonight at Richard School

A course in gardening will start tonight, Thursday, March 25, at the Richard school at 7:30 p.m. Grand Hampikian of the Michigan state vocational department will conduct the course.

Reservations may be made by calling the Grosse Pointe board of education, N.E. 2000, extension 25.

Colored Youths Given Sendoff

A contingent of four colored youths registered with Board 57, enroute for Fort Custer yesterday morning, each happily clutching a gift package from the Grosse Pointe Home Front committee.

Numerous Field Fires Cause Alarms in Grosse Pointes

Four or five of the Grosse Pointe municipalities have been kept busy during the past week or ten days answering held fire alarms in all the villages.

Since last Thursday, six runs have been made in the Farms and a similar number of calls have been answered in the city, Park, Shores and Woods.

President Goddard Asks Alert Body in Grosse Pointe Park

At Monday night's meeting of the commission of Grosse Pointe Park, the first of the new year, usually termed the organizational meeting, President Karl B. Goddard called for alert, co-operative action by all commissioners for the duration.

In the presence of a competent village manager, explained Mr. Goddard, the commission must not relax, but rather should consult with him and make suggestions, so that the village of Grosse Pointe Park will remain "out in front, looking after the best interests of the people of the community at all times."

Down on the use of appropriate tools to conserve materials, while continuing to offer all essential services and eliminate all non-essential for the duration.

Paul I. Moerland was given an official welcome by the village president and in response pledged himself to attempt to merit the confidence of the electorate and commission.

Appointment of special committees was deferred until the next regular meeting.

Homer C. Fritsch, last year's commissioner of public health and civilian defense was named president pro-tem.

Bids on bonding of village officials were referred to the village manager and commissioners of public works and public affairs, with power to act.

Commissioner Parcels was absent from the meeting.

Patriotic Women Needed

To sell War Savings Stamps in stores in the Grosse Pointe area, if you can give three hours a week to this worthwhile work call Texe L. 1080 and give your name and times you can work.

The Only Way We Like It

There is no doubt but that people in this area would like to be able to use their automobiles a lot more than they do today.

But, we are pleased only if we can be assured that this loosening of the rules has been done because our supplies of gasoline and rubber are more adequate and not because officials in charge are attempting to make things easier for us.

For, although we may grumble at times at the shortages and sacrifices we are called upon to make, any good American would grumble a lot if he thought government officials were putting his comfort above the needs of the boys on the fighting fronts.

We like the idea of plenty of gasoline, plenty of meat, plenty of butter, plenty of canned foods, but we want them only when we can be certain that we are getting them because the supply for our armed forces is more than adequate.

Scotland Visitor

The J. W. Cummings of 1310 Beausfield, who have been entertaining some of the RAF boys from Port Albert, were pleasantly surprised last week when their nephew, Cadet A. Calderwood, arrived from Scotland to complete his course in navigation.

Patriotic Party

Miss Edith Marko, Letty and Frances Kretchmar, Patsy Bloodworth, Roland Ricard, Paul Friese and Kirke Moore gave a patriotic party at the home of Edith Marko, 1045 Balfour road, Friday, March 19.

SCRAP THE JAPS

By BONNIE ESSERT

Spring has come The grass has riz I wonder where The flowers iz.

With spring also has come the age old symptoms of spring fever. Is it sweet—or is it disturbing?

Springing into action is J. Mason who is taking a clipper (maybe a bus) down to Colgate for to partake in festivities there with Mike Ware. Rize and shine, gal.

Last Friday eve Joan Kaiser had some of the senior girls over for a dinner. A two-layer chocolate cake was the double feature consumed by Jane Fredericks, Shirley Simon, Marilyn Brotz, Ginny Collins, Betty Georgie, Angela Wurster, Marilyn Smith, Gerry Wittstock, Lillian Radke, Faye Barrett.

A super case of S. A. Dance was delivered last Saturday eve. Consuming were Jeannette Hinckley and Bill Hanson, Martha McGray and Rudy Hirt, Jackie Brown and Dick Robbins, Mike DeBuck and Bob Dougherty and Marge Wolfe and Jeep DeBarba. Stags like Nate Van Ordale, Bert Nicholl, George Hubbard, etc.

Pot-luck last Saturday was at Jo Broadbridge's. A week-end guest, Marilyn Martin was one of the people there. Also Rozie Rupp, Ellen Hyde, Anne Lesrenx, Jackie Rohn, Gloria Butts and lots of other people.

Buffet Supper in Honor of Army Men

Mr. and Mrs. Julius L. Berns and the latter's sister, Florence Meabrod, of Bedford road, entertained at a buffet supper in the home Saturday night in honor of Maj. Mack A. Ziel, Capt. William Cochran, Capt. Gordon Weisman, Lieut. Morey Hill and Lieut. William A. Tucker.

Troth Told

Mr. and Mrs. Leslie A. Hilligos, of Guilford road, announce the engagement of their daughter, Marcelle Gail Burns, to Pvt. James L. Pritchett, son of Mr. and Mrs. Russell J. Pritchett, of Cadillac road. Private Pritchett is stationed at San Diego.

Wedding Told

Mr. and Mrs. Wellington Murray Gordon, of Evanston avenue, have announced the marriage of their daughter, Frances on Saturday, March 13, at First Church of the Covenant, to Claud Gillilan, son of Mr. and Mrs. William Gillilan, of Lakepointe avenue.

Rovanne Whelden entertained the Pointers club of the Grosse Pointe Unitarian church in her home on Merriweather road for supper at six o'clock Sunday.

Saeman-Danforth Rites Saturday, March 20

Grosse Pointe Memorial church was the scene of a wedding Saturday evening at eight o'clock when Margaret Joanne Saeman, daughter of Mr. and Mrs. Frank C. Flumerfelt, became the bride of Ensign James C. Danforth, Jr., USNR, son of Dr. and Mrs. James C. Danforth, of Lakepointe avenue.

The bridal gown of deep ivory satin was made coat effect with a high neckline and Chantilly lace forming the vest and the front paneling of the skirt. The skirt had a cathedral train and long sleeves ending in points over her hands.

Mrs. Wallace Caldwell, as matron of honor, wore dusty rose silk jersey and carried a cascade of pansies and lilacs. Her headdress was rose net and veiling trimmed with lilacs.

Mrs. Wallace Caldwell, as matron of honor, wore dusty rose silk jersey and carried a cascade of pansies and lilacs.

Bits of Old Erin Basis of Hostess Corps Party at Neighborhood Club Last Saturday

The O'Tooles, Flannigans, Kellys, and O'Reillys were out in full force Saturday night for the Grosse Pointe Hostess Corps dance at the Neighborhood club. Some one hundred fifty men from the Royal Canadian Air Force, the Royal Air Force, the American Air Force, the U. S. Navy, the Fleet Air Arm, the U. S. Army and the Royal Australian Navy kissed the blarney stone and danced around the Lakes of Ireland at the gay St. Patrick's party arranged by the hostesses.

Mary Ann Dewey, chairman, was assisted by Henrietta Kiernan, Grace Brailay, June Barit, Barbara Grut and Jane Emory, all of them carrying out the Irish theme by wearing green posies in their hair to say nothing of delectable little shamrocks on their dresses.

Movie Background Music Topic of Grosse Pointe Mothers' Club Meeting Next Monday

"Developing appreciation for the background music used in producing 'movies.'" Both novel and instructive this will be the subject of a most unusual program arranged for the Grosse Pointe Mothers' club meeting on March 29.

To add that it will be presented under the direction of Mrs. Max Williams of Royal Oak is, no doubt, simply one's interest in being present. Mrs. Williams is censorship chairman of 'movies' in Royal Oak and first vice-president of the Greater Detroit Motion Picture Council.

Mrs. Williams will illustrate her talk with music, which has been well chosen to complete a round-up of highly qualified talent. Mrs.

Pointe Red Cross Drive Now Entering Its Final Week

As the Grosse Pointe Red Cross emergency war fund drive moved into its last six days this week, Mrs. Forman Johnson, director, appealed for more voluntary contributions from all persons who may have been missed by house-to-house solicitors.

With Mrs. Paul Grubb's division in Grosse Pointe Farms reported to have collected some \$5,200 and Mrs. Lawrence G. Peetz's committee in the city a similar amount, indications were this week that the total would reach approximately ten thousand dollars, or not a great deal less.

A shortage of solicitors in Grosse Pointe Park, Woods and Shores has caused those communities to lag behind other municipalities and residents there are urgently requested to make contributions by mail at once.

Last week's appeal resulted in one lady driving to Mrs. Johnson's house with two checks for \$25 and a friend of Mrs. Johnson's, with whom she used to shoot, sent her a substantial check by mail, even tho a previous donation had been made downtown. Many other sizeable contributions have thus been made.

Mrs. Johnson gave high praise to her workers this week and expressed her appreciation for the generous response of the general public. Donations can be made direct to Mrs. Forman Johnson, 1022 Bishop and made payable to the American Red Cross.

New Courses in Tailoring Offered

Two new courses in tailoring and dressmaker finishings will start at Grosse Pointe high school, Monday, April 5 and Tuesday, April 6, at 7:30 p.m.

These are 10-week courses and they will be under the direction of Mrs. Mary Robertson. These days when women are more than ever considering making over garments as well as new ones, they will find these classes very helpful in solving their problems of finishing and tailoring.

Wilma Coughlin, and Betty Swain were the bridesmaids. Their dresses were French blue marquisette and they carried pansies and African daisies. Their headdresses were of tiaras of French blue net and veiling.

Robert Danforth was his brother's best man and the ushers were Robert Powers, Gordon Simpson, Robert Leslie and Howard Klein.

Mrs. Flumerfelt wore a heavy white lace bodice with a black chiffon skirt. Her small feather hat was fuchsia and she wore pink spray orchids. Mrs. Danforth's gown was gray crepe with a turquoise belt, gloves and a small hat. She wore lavender orchids.

A reception followed at the Whittier and the couple left for a 10-day trip. For traveling the bride wore a navy blue flannel suit with navy and white accessories and the white orchids from her bouquet pinned to her coat.

Capt. C. Phillip Forrester won the prize for being the Irish Lad of the Evening. His home is in Belfast, Ireland. A member of the RAF, he is now stationed in Canada. Captain Forrester entertained the group with spirited piano renditions of Irish songs, and he led the group in singing them.

Mrs. Fred Munroe saw to it that the entire group of 150 men arrived in Grosse Pointe from the USO, and Mrs. Ferris Fitch made the important arrangements for the billeting of 48 men for the night.

Among the Grosse Pointe girls who turned into Irish colleens for the evening were Ellen Little, Hommie Herbert, Elizabeth Harris, Mary Lou Allan, Jocelyn Moore, Sue Stevenson, Carrie Hubbell and Susan Dannreuther.

Mrs. David C. Gillis, of Meadow Lane, and Mrs. Richard W. Jackson, of Merriweather road, have returned from a three weeks stay at Miami Beach, Florida.

Mr. and Mrs. John R. Marshall, of Lincoln road, were hosts Saturday evening at dinner in their home for 12 friends.

Don Moore, son of Raymond C. Moore, is taking a few days to do New York City and visit his brother Dick at West Point before entering the Armed Forces the 31st of this month. Don has been studying at Albion College.

Rhythmakers Entertained Sailors at Their Hut Sunday

The "Rhythmakers" from Mrs. Fraser's studio of the Grosse Pointe School of Music sang for the sailors in their brand new hut Sunday night.

This charming group of girls was enthusiastically applauded by the boys who joined them later in singing popular tunes of the day. Dancing rounded out a delightful evening.

Engagement Told

Mr. and Mrs. Henry E. Martz, of Washington road, announce the engagement of their daughter, Bette Jane, to Howard Haines Todd, son of Mr. and Mrs. Oran Todd, of Woodhall, Detroit.

Trombly School N-E-W-S

The 2A-3B Trombly Home Soldiers were thrilled to receive a letter from the White House which complimented them on their war work. This letter was a reply to a letter which they had written to the President.

Letter writing has been a major activity of these Home Soldiers. They write letters to the armed forces to cheer them and to inform them of our Red Cross and other war activities.

Another activity which they enjoy is cutting the postmarks from envelopes and placing them on the cities from which they were sent. Thus far 95 postmarks have been placed on the map. This gives the children some understanding of the location of the cities of our country.

The following is the letter we received from the White House, March 4, 1943.

My dear young Friends: That the boys and girls of the country are displaying such patriotic interest during these difficult days is indeed gratifying to the President. All that you say in your nice letters has been noted with deep appreciation and I have pleasure in conveying to each and every one of you the President's very best wishes.

Will you be good enough to tell your teacher, Miss Martin, that the President is grateful for her kind thought for him and for the spirit of helpfulness which her letter evidences. GRACE G. TULLY, Private Secretary.

THE PARTYLINE

Mrs. Harry M. Knapp, of York-shire road, entertained her Gamma Phi Beta bridge group Wednesday evening in her home.

Mr. and Mrs. Frank Farwell, whose marriage took place on Feb. 17, have returned from their wedding trip to Hot Springs, Va. They are visiting Mr. and Mrs. Douglas Campbell, Mrs. Farwell's parents, of Rathbone place, while Mr. Farwell awaits his orders to report for duty with the USAAF.

Mrs. Charles Stinchfield, Jr., of Harvard road, left last week for New York to accompany her daughter, Diane, who is returning to the Ethel Walker school in Connecticut.

Frances Stroh, who has been visiting her mother, Mrs. Dwyer Kin-nucan, of Beverly road, has returned to the Westover school, in Middleburg, Conn.

Countess Cyril Tolstol, of Lewiston road, is in New York visiting her daughter, Mrs. Forrest B. Lindley.

Mrs. Yates Smith and Miss Mar-jorie Smith, of Grosse Pointe Park, have arrived in New York and are stopping at the Hotel Weylin.

Ensign Harvey Smith, who is stationed at Norfolk, Va., arrived Wednesday to spend his leave with his wife, who is living temporarily with her parents, Mr. and Mrs. Samuel Semmes, of Country Club drive.

Mr. and Mrs. George A. Bigler, of University place, left last Friday by plane for Miami for a few days. They will go on from there to Fort Lauderdale for three weeks.

Mr. and Mrs. Edgar B. Whitcomb of Leka Shore road, are at the El Rancho Hotel in El Paso, Texas, where they will remain for two more weeks.

Mrs. David C. Gillis, of Meadow Lane, and Mrs. Richard W. Jackson, of Merriweather road, have returned from a three weeks stay at Miami Beach, Florida.

Mr. and Mrs. John R. Marshall, of Lincoln road, were hosts Saturday evening at dinner in their home for 12 friends.

Don Moore, son of Raymond C. Moore, is taking a few days to do New York City and visit his brother Dick at West Point before entering the Armed Forces the 31st of this month. Don has been studying at Albion College.

Priscilla Bennett, daughter of Mrs. E. S. Bennett, of 411 Country Club, Grosse Pointe Farms, has been commissioned a WAVE ensign and assigned to active duty. She attended Smith college and before her enlistment was employed by Sigma Gamma association and the Junior League of Detroit.

man for Millenbach Motor Sales before his induction into the Army.

CAMP WALLACE, TEXAS. — Pvt. Leland R. (Lee) Symons, has just been selected to attend the anti-aircraft artillery officers candidate school and upon successful completion will be commissioned a second lieutenant in the Army of the United States.

Private Symons is the husband of Edna M. Symons, 385 Eastlawn, Detroit. Prior to entering the Army, he was employed as manager of the Grosse Pointe branch of Grinnell Bros.

Lee was active in sports and music while attending Grosse Pointe high school, where he graduated in 1931. His brother is in the Army in Washington.

Enters Army

DONALD HELMERS
 Donald Helmers, son of Mr. and Mrs. J. Helmers, of Barrington road, an instructor at the Ford Motor company, has left for Camp Swift, Texas, for service in the Army. There he will receive his basic training and then will enter an officer candidate school.

Helmers is a graduate of Grosse Pointe high school, Ford's Apprentice school and the Detroit Institute of Technology, where he received his first class papers in engineering with a very high rating. During the past year, he has been an instructor at Ford's Naval training school.

R. Bridges, of 135 Moran, Grosse Pointe Farms, has been transferred to the naval training center at Pensacola, Fla., for intermediate flight training. He attended Denison college and was a member of the varsity football and track teams.

Herbert H. Beever, of 2017 Hunt Club drive, Grosse Pointe Woods, is among a group of six Detroit area youths that have started a five-month course at Fenn college, Cleveland, which will qualify them as army aviation cadets.

Don Cope of Grosse Pointe was among the group of 10 students from the Detroit area who were in the enlisted reserve corps at Hillsdale college, who were called to duty recently.

Next Wednesday evening beginning at 8 p.m., Faith will again have a midweek Lenten service in which Mr. Linhart will preach the fourth sermon, "Victory Over Self," of a series based on the theme: "Valley's 'V' for Victory." Set aside your Wednesday evenings for this period of meditation and prayer.

Worship service, 10:45 a.m. Sunday school, 9:15 a.m. Bible classes, 9:15 a.m. Adult Lecture, 4 p.m. Midweek Lenten service, March 31, at 8 p.m.

ST. MARK'S METHODIST CHURCH

Among three former University of Detroit students who have entered the final stage of flight training at the Naval air station at Corpus Christi, Texas, is Cadet William W. Ballew, son of Mr. and Mrs. T. R. Ballew, of 1207 Hawthorne, Grosse Pointe Woods.

Capt. George B. Shaeffer, of 134 Merriweather, is on active duty in the Pacific theatre of war with the engineer amphibians, the so-called "Cape Cod Commandos."

Desert Training Center, Calif.

Grosse Pointe Review Gentlemen:

I am still receiving your very good paper and look for it every week. We have been on the desert five months and now we're going to move off. Thanks for sending me the paper each week. Regardless of where we are sent, I always hope I can get that paper as it keeps me informed on what's happening back home.

Sincerely yours,
 Pvt. Charles Wolf
 (Address withheld from publication because the one given was for overseas and it might reveal military information to the enemy if published.)

Camp Stoneman, Calif.
 March 15, 1943

Grosse Pointe Review

Dear Sir:

Many times in the past months I have intended to write you and thank you for sending me The Grosse Pointe Review, but something always came up to interrupt my writing that letter.

I can't begin to tell you what it means to me to get the home town paper sent to me down here in California. It keeps me in touch with the happenings in Grosse Pointe and also of many of my friends who are in the service here in the states and overseas.

In the past six months I have been stationed in several camps, from Mississippi to California and always received The Review. I feel pretty good when, at mail call, The Review is handed to me. Thanking you again, I remain,

Corp. Gene Reyntens
 Camp Stoneman, Calif.

Lieut. L. M. Weil, 2007 Country Club drive, Grosse Pointe Woods, has been transferred from Fort Monmouth, N. J., to Camp Murphy, Fla.

Donald W. Neisch, son of Mr. and Mrs. Theodore Neisch of 1977 Country Club drive, Grosse Pointe Woods, is going to get his chance to fly for the Navy.

He enlisted last week under the Navy's new program that makes the prize flight training course available to 17 year old high school seniors and graduates. He will not be called to active duty until he graduates from Grosse Pointe high school this spring.

In the naval aeronautics course, valued at more than \$27,000, Neisch will learn to discharge the duties of pilot, bombardier, radio man and navigator. When he has completed the course he will be awarded his Navy Wings of Gold and a commission as an ensign in the Naval reserve or a second lieutenant in the Marine Corps reserve.

SAN ANTONIO AVIATION CADET CENTER, Texas. — Part of the might their commander-in-chief will use to force the "unconditional surrender of the Axis," a large class of future air fighters has been advanced from preflight training at the San Antonio Aviation Cadet Center to Army air forces flying fields.

Primary school is the next step of the class in the rigorous Army career that will be climaxed when its members receive the coveted silver wings of a pilot and commissions as officers.

Those advanced include 95 from Michigan, including Aviation Cadet Francis C. Skiffington, 1317 Beaconsfield, Grosse Pointe Park.

Sgt. Hodson B. Swank has returned to Camp Polk, La., after spending a 10-day furlough with his parents, Mr. and Mrs. Archer D. Swank of Alier road. Sergeant Swank has been stationed at Camp Polk since June, 1941 and has been with the Third, Seventh, and Eleventh Armored Infantry Divisions, respectively, assigned to training new recruits.

A graduate of Grosse Pointe high school, he was employed as a sales-

Edward D. Zerbe, H.A. 2-C, son of Mr. and Mrs. Edward H. Zerbe, of 1238 Whittier Drive, Grosse Pointe Park, has completed his hospital corps training at San Diego, Calif., and has been transferred to the U. S. Naval hospital at Bremerton, Wash.

Congratulations are in order for Mrs. Verna C. Dierick, petite and pretty 26-year-old daughter of Mr. and Mrs. Warren Piche, Sr., 347 Hillcrest, Grosse Pointe Farms, who is the smallest member of the USMC reserve to enlist from this area to date.

Mrs. Dierick, long in different branches of government service, who now handles gasoline and other appeals for the OPA, enlisted in the USMC reserve auxiliary Thursday, March 18, and just managed to meet the five-foot minimum requirement.

She will report at Hunter college, N. Y., on April 22 for training. A native of Grosse Pointe Farms, she will be remembered as having attended St. Paul's high school.

Her brother, Warren Piche, Jr., who enlisted in the USNR V-7 class last year, will finish his course at State Normal this fall and then proceed to the University of Notre Dame, South Bend, Ind., to enter officer's training school.

Mrs. Dierick's husband, Pvt. George H. Dierick is serving overseas with the Army.

Robert Bower of the U. S. Army signal corps, has finished his training in Pre-Radar at the American School of Television in Chicago, receiving a diploma and a certificate of merit in both radio and radio mathematics. He spent last week at his home here on Maryland, returning to Chicago Sunday night to take up a course in electronics.

Valere Huyvaere, the second son of Mr. and Mrs. Victor Huyvaere, 1259 Maryland avenue, left Fort Custer March 2, and is now stationed at Keosauqua, Iowa, in the medical corps, medical detachment. He also has a brother, Ralph, in the armored division at Camp Polk, La.

Richard H. Bridges, son of Earle

KEESLER FIELD, Miss. — Trained as an expert airplane mechanic, and qualified to service and maintain the United Nations' huge B-24 Liberator bombers, Pvt. Lionel W. Parkin, son of Mr. and Mrs. Joseph H. Parkin, 793 St. Clair ave., Grosse Pointe, Mich., was graduated Wednesday from Keesler Field's Army air forces technical training command school.

Robert Bower of the U. S. Army signal corps, has finished his training in Pre-Radar at the American School of Television in Chicago, receiving a diploma and a certificate of merit in both radio and radio mathematics. He spent last week at his home here on Maryland, returning to Chicago Sunday night to take up a course in electronics.

Valere Huyvaere, the second son of Mr. and Mrs. Victor Huyvaere, 1259 Maryland avenue, left Fort Custer March 2, and is now stationed at Keosauqua, Iowa, in the medical corps, medical detachment. He also has a brother, Ralph, in the armored division at Camp Polk, La.

Fine Attractions at Aloma Theatre Sunday and Monday

Two unusually fine pictures have been announced by the management of the Aloma theatre, Charlevoix and Wayburn, for next Sunday and Monday.

The much talked about hit, "This Gun for Hire" will be seen, starring winsome Veronica Lake and the popular character actor, Alan Ladd. The picture has been hailed as one of the top dramatic hits of the current cinema season.

Appearing on the same bill is a new musical comedy team, Dorothy Lamour and Jack Haley in "Beyond the Blue Horizon." Both pictures are on movie-goers must-see list.

State Table Tennis Tournament Apr. 3, 4

The dates of the Michigan State Table Tennis tournament have been announced by the president of the association, John Twigg, as April 3 and 4.

Entries are being accepted by the tournament director, Graham Steenhoven, 1446 Nottingham, Grosse Pointe Park.

The event will be held in conjunction with the Briggs Employees tournament at the Fairview Gardens, Mack and Fairview avenues. Starting time will be 7 p.m., Saturday, April 3. The tournament will close Sunday, April 4.

Solovox and Singing Star Highlight Alger Cafe Entertainment This Week

Nightly attractions at the Alger Cafe on East Warren are Joe Wohl at the beautiful Solovox and popular Billie Bysher, outstanding Detroit songstress.

Dancing on Friday, Saturday and Sunday is drawing large attendance at this newly decorated and interesting night spot.

A woman member of a methods group at a large war plant offered suggestions for manufacturing operations that more than cut operating time in half.

Army and Navy Make Specialized Training Available to Area Youth

The Army has announced that it is giving an Army college training program test (A-12) along with the Navy college training program test (V-12) Friday, April 2, in the Grosse Pointe high school cafeteria at 8:45 a.m.

Bowling Benefit Nets Home Front Committee \$25.53

A crowd of several hundred people which attended the bowling match between the Woods Recreation team and Oak Cleaners at the Woods bowling alley last Saturday night contributed \$25.53 in a collection taken up for the Grosse Pointe Home Front committee, which sponsors sendoff parties for local boys entering the service.

Oak Cleaners captured only the third game in the match as they were defeated by the score of 2895 pins to 2775. The first game was won by the Woods Recreation, 904 to 902. In the second game the Woods boys rolled an even thousand to 873 for the Oaks and repeated their thousand and performance in the third to be nosed out by the Oak's 1005.

In the absence of Carl Schweikart, Grosse Pointe township supervisor, who was invited to roll the first ball in the match, David McCarron, sponsor of the Oak Cleaners and Rene Degriek, owner of the Woods Recreation, rolled the first balls.

Both the Oak Cleaners and Woods Recreation stated that they were glad to bowl for the benefit of the Home Front and would welcome the opportunity for other matches as long as they could help.

Sally Romine Now at Fiesta Bar

That lovely little dynamic singer, Sally Romine, who is such a favorite in Detroit night spots, is singing currently at the Hotel Savarine's Fiesta Bar.

With Gene Fenby's musical men and Dick Winkler as emcee, another popular attraction offered is the Floretta and Voyette mental and magic act.

Lambert F. Whetstone, headmaster of the Detroit University school and Grosse Pointe Country Day school, has advised that Detroit University School has been designated along with Grosse Pointe high as a center for these examinations and prospective boys should contact Mr. Whetstone, also, for application blanks.

The Army test is designed to provide information useful to the armed forces in:

(a) Selecting students for college training under the Army specialized training program.

(b) Classifying all others in respect to relative trainability.

The purpose of the Army specialized training program is to train men in technical and professional skills required by the Army. Doctors, engineers, psychologists, linguists, physicists, mathematicians, and students of foreign areas are needed in large numbers. The Army has established its program in colleges where such training can best be given.

After an individual has completed the normal 12 weeks of basic military training at an Army camp and has shown that he is capable of entering the specialized training program, he will be assigned to an Army specialized training unit as an enlisted man on active duty, receiving the pay of a private, to take up a curriculum of study for which he has shown himself qualified.

Students who prefer the Navy program should fill out the admission and identification form for the Navy college training program test (V-12). Those who prefer the Army program should fill out the admission and identification form for the Army college training program test (A-12). Those who have no preference may use either card, noting that they have no preference. Blanks must be secured in advance at the high school office.

The purpose of the Navy college training program is to produce Naval officers. If a boy passes the Navy test and is accepted for this training, he will be sworn into the Navy and sent to a prescribed college free of charge. There he will be in uniform, receiving regulation pay, and under general military discipline. "Any high school senior or graduate who is within the age limit, and has obtained and filled out the 'Admission and Identification Card,' may take the tests," announced Walter R. Cleminson, principal of

Grosse Pointe high school. Those wishing to take either one of the tests must qualify in one of the following groups:

(a) High school and preparatory school graduates who will have attained their seventeenth but have not reached their twenty-second birthdays by July 1, 1943, regardless of whether they are now attending college.

(b) High school and preparatory school seniors who will be graduated by July 1, 1943, provided they will have attained their seventeenth, but have not reached their twenty-second birthdays by that date.

(c) Students who will have attained their seventeenth but have not reached their twenty-second birthdays by July 1, 1943, who do not hold certificates of graduation from a secondary school but who are now continuing their education in an accredited college or university.

Marillac Guild to Have Bake Sale

A bake goods sale sponsored by Marillac Guild of St. Mary's hospital, will be held Friday, March 26 and Saturday, March 27, at 17012 Kercheval avenue (next door to Propert's Haberdashery) between Notre Dame and St. Clair avenues.

Mrs. Fred Allor is in charge of the sale, and promises a large selection of delicious home made baked goods. Mrs. Allor will be assisted by the Mesdames Harold Frear, J. Van Assche, William Tenbusch, Dalton Snyder, DeSpelder and William Cooney.

Front Door Smashed at Schettler Drug Store

The plate glass in the front door of the Schettler drug store at 17453 East Jefferson avenue, was broken by a piece of concrete at 12:20 a.m., Tuesday. Police notified the manager who found no evidence of entry or theft.

Big Technicolor Production at Shores Sunday

The latest technicolor sea epic, starring swashbuckling Tyrone Power and lovely Maureen O'Hara in the "Black Swan" is scheduled for a three-day run at the New Shores theatre starting Sunday.

Included in the impressive cast is the screen's favorite character giant, Laird Cregar and a host of other favorites. Filmed entirely in technicolor, the production is lavishly staged in all the color and romance of the days of pirateering.

Companion feature of the three days is "Street of Chance" featuring Claire Trevor and the star of stage and screen, Burgess Meredith. A cartoon and up-to-the-minute newsreel complete the program.

Mickey Rooney on Triple Kiddies' Bill at Colony Theatre

Friday and Saturday's features at the Colony theatre will appeal to both young and old as America's favorite star, Mickey Rooney will be seen in his latest triumph, "A Yank at Eton."

Playing with the Rooney feature is the sky epic "Wings for the Eagle" starring lovely Ann Sheridan and the new masculine favorite, Dennis Morgan. As an added attraction, El Brendel is featured in the special attraction, "His Wedding Scare."

A special kiddies' matinee will be given at 12:45 p.m., Saturday, with all three pictures promising to offer excellent entertainment to the youngsters.

Riotus Pair Snoop Artists in Hit Feature at Vogue

Bud Abbott and Lou Costello turn sleuths in their newest laugh riot "Who Done It" which opens Friday for a seven day run at the Vogue theatre, Harper and Harvard.

Never a dull moment and never a laughless second are promised as these comic artists call up shades of Sherlock Holmes.

Appearing as the second feature is the return of the classic "Sergeant York," starring Gary Cooper, Walter Brennan and Joan Leslie. Withdrawn from the screen last summer, the picture has been playing to record houses downtown in recent weeks. No one should miss Cooper's finest acting in portraying the true-life story of World War I's greatest hero.

Mickey Rooney on Triple Kiddies' Bill at Colony Theatre

Friday and Saturday's features at the Colony theatre will appeal to both young and old as America's favorite star, Mickey Rooney will be seen in his latest triumph, "A Yank at Eton."

Playing with the Rooney feature is the sky epic "Wings for the Eagle" starring lovely Ann Sheridan and the new masculine favorite, Dennis Morgan. As an added attraction, El Brendel is featured in the special attraction, "His Wedding Scare."

A special kiddies' matinee will be given at 12:45 p.m., Saturday, with all three pictures promising to offer excellent entertainment to the youngsters.

THE OLD JUDGE SAYS...

"I've been meanin' to ask you for the last couple of weeks, Judge, what you think of this prohibition talk that keeps croppin' up every so often." "I've heard some of it too, Henry, and I feel like this about it..." "It comes from a comparatively small group of reformers... the same type that plunged us into prohibition during the last war. And, as we all remember, into nearly 14 years of the worst crime and gangsterism

this country has ever known. Everybody had all the liquor they wanted only it came from bootleggers at exorbitant prices and the government was deprived of millions and millions of dollars in taxes." "It seems to me, as I told my Congressman down in Washington last week, that we've got all we can do here at home to help win this war without wasting time arguing about things we know, from sad experience, won't work."

Board of Education Budget Outlook Bleak Unless State Makes Adjustment

Whether a 10 per cent cost of living adjustment up to a maximum of \$125 provided for all school employees during the current half year can be continued during the coming budget year of the board of education or whether all available sources of revenue will have to be marshaled in the direction of paying locally what might be lost in state aid in the present session of the legislature, was the issue that the board of education and Supt. Paul L. Essert wrestled with at a meeting of a budget committee of the whole on Monday evening, March 20.

As announced in January, a cost of living adjustment was granted to all employees of the board of education, excepting the superintendent. This adjustment was 10 per cent of the salary of each employe which was to be paid to him during the last five and a half months of the budget year ending June 30, 1943. While this upward adjustment of all employes of the public schools did not exceed for any individual \$125 for the half year period, it brought most of the public school employes in line with the so-called "little steel formula," since there had been on July 1, 1942, an upward average increase of salary schedules of about three per cent, unless the employe had reached his maximum. In other words, since Jan. 1, 1941, by reason of the 10 per cent cost of living adjustment during the current half-year, in addition to the upward revision of salary schedules, most of the employes except those at maximums are now receiving approximately 13 per cent increase of salary over January, 1941.

While the members of the board of education and the superintendent felt that the present gradual but continuing rise in cost of living thoroughly justified their attempting to renew this 10 per cent increase in cost of living adjustment during the coming budget year, there was some doubt expressed by the superintendent in his report of revenues to the board of education whether it could be done if the board would have to meet locally the anticipated losses in state aid unless the present state aid bill which has passed the senate is approved this week by the house of representatives in the state legislature. Because of the fact that the state legislature has, according to reports, seemed to overpend or over-appropriate their budget, it is likely and highly probable that the amount of state aid to schools will be cut back by the legislature from a fifty million dollar appropriation to a forty-seven and a half million dollar grant. If this amount is cut back, it is certain that Grosse Pointe will lose from \$40,000 to \$50,000.

The superintendent pointed out that in the tentative budget estimates, sharp economy had been practiced and a great many curtailments have been made but that it was impossible to make sufficient reduction in expenditures to provide for a sufficient balance to cover these anticipated losses in state aid and at the same time to extend the cost of living adjustment over the current budget year, without seriously crippling school services which are taxed to capacity during the war.

He reported that this would be true even if the board used its entire limitation on the tax rate. So far the board of education has not had to use the .25 mills in excess of its 15 mill limitation to provide for the Mason school building which was voted by the taxpayers in September, 1941. In other words, the board has been able to provide for the \$25,000 a year due on this Mason

building from its current operating expenses without exceeding the tax rate limitation. If, however, it becomes necessary to make up a \$50,000 loss locally as a result of the loss in state aid, it would be doubtful whether the board could do this and meet the renewal of the cost of living adjustment within its tax limitation.

GROSSE POINTE WOODS PRESBYTERIAN CHURCH

Special Lenten Sermons
A series of five special addresses for the Lenten season is being announced by Dr. Joseph A. Vance, acting pastor of the Grosse Pointe Woods Presbyterian congregation, worshipping in the Mason school on Vernier road, east of Mack avenue, on "Christianity, the Religion for This Twentieth Century World." His subject next Sabbath at 10 a.m., will be "What Is This Christian Religion?"
The mixed chorus directed by the

organist, Edgar Alden Barrell, Jr., will sing "Like as the Heart" by Macfarlane, and the junior choir consisting of girls and boys will sing "Praise Ye the Father," by Gounod.
The Friendship Guild of the congregation is giving its annual spring frolic at the school Friday evening, March 26, tickets for which may be obtained from Mrs. W. B. Orr, Jr., Tuxedo 2-7276.

MESSIAH LUTHERAN CHURCH
Southeast corner of Kercheval and Lakewood avenues. A. H. A. Loeber, pastor, 1434 Lakewood avenue. Telephone Lenox 2121.

On Wednesday, March 31, the fourth of six midweek Lenten services will take place. The theme of the sermon will be: "Jesus Scourged." The time of the service is 7:45 p.m.
Next Sunday, March 28, the pastor will deliver the third sermon in a series of four on the "Four Freedoms." Two services will be held, the first beginning at 8 a.m., the second at 10:30 a.m. The Sunday school will meet at 9:15 o'clock.

Notice Of Biennial SPRING ELECTION
GROSSE POINTE TOWNSHIP, WAYNE COUNTY, MICHIGAN

NOTICE IS HEREBY GIVEN that the Biennial Spring Election will be held in the Township of Grosse Pointe, Wayne County, Michigan, on

Monday, April 5th, 1943

YOU ARE FURTHER NOTIFIED that the polls for said election shall be open from 7:00 o'clock in the forenoon to 8:00 o'clock in the evening, Eastern standard war time.

YOU ARE FURTHER NOTIFIED that the following officers are to be voted for at said election:

STATE OFFICERS
2 Justices of the Supreme Court
2 Regents of the University of Michigan
1 Superintendent of Public Instruction
1 Member of the State Board of Education
2 Members of the State Board of Agriculture
1 State Highway Commissioner
(To Fill Vacancy)

COUNTY OFFICERS
1 Circuit Judge, 3rd Judicial Circuit
(To Fill Vacancy)
1 County Auditor

YOU ARE FURTHER NOTIFIED that the following proposed amendments to the State Constitution will also be submitted to the electors at such election:

A proposed amendment to Section 18 of Article VIII of the Constitution relative to the election of Township officers for terms of two years.

A proposed amendment to Section 2 of Article XIV of the Constitution relative to validating certain alienations of mortgages of homestead lands after the lapse of 25 years.

YOU ARE FURTHER NOTIFIED that also at said election, the following officers of the Township of Grosse Pointe will be voted for:

1 Supervisor
1 Clerk
1 Treasurer
1 Justice of the Peace
1 Highway Commissioner
4 Constables
1 Member of the Board of Review

YOU ARE FURTHER NOTIFIED that the following special propositions will be submitted at such Township election:

I.
A proposition to fix the salary of the Supervisor and of the Clerk in lieu of all per diem charges for certain services.

II.
A proposition to provide that the Township Board shall consist of the Supervisor, the Clerk, the Treasurer, and four (4) Justices of the Peace.

HENRY LAVERS,
Township Clerk,
Grosse Pointe Township, Michigan.

'He So Loved the World'
What know these men who would ascribe
This war, its horrors, to God on high
Who would cast destruction upon mankind,
To wander homeless, starve and die?
What say these men (how so informed)
Divinity is cruel, distraught with hate;
He'd turn the devil loose upon the earth
To rampant run o'er His estate?
What think these men, with caustic words,
Who say men sinned and for their shame
Our just God, to right this wrong,
In anger sets the world aflame?
What do these men, to affirm their poise,
To finger-point and condemn the world,
Say God's love turned to burning wrath
Emblazoned on war's banners,
now unfurled?
What are these men who would level Him
To material man, his wants and greeds,
To hatreds, jealousies, a Director of strife,
In vengeful anger for our erroneous deeds?
What hear these men? Hark to these words!
"Suffer little children to come unto Me,
I give rest to weary and the heavy laden,
I am God, thy Father, in love for eternity."
What see these men as springtime calls?
All nature blooms with vibrant urge—
This is His work, not death, but life!
Evil, alone, is master of war's grim dirge.
—B. J. Cotton

Kerby School N-E-W-S
The Kerby PTA met March 16. Dr. Marion Fitz-Simons, psychologist, discussed the subject of "Our Children and the War." She had an encouraging viewpoint which pointed out that the present situation presents many opportunities to children for wholesome work.
The following officers were elected for the coming year:
Howard Rose, president; Horace Will, vice-president; Mrs. Ruth West, secretary, and Mrs. Robert Condor, treasurer.
Harry Barnard, the outgoing president, announced that the final meeting of the Kerby PTA will be a musical one in which the children will participate, and will take place May 18.

That Kerby pupils have been taking an active part in Junior Red Cross work was demonstrated in an exhibit recently. Among articles made were the following: Patchwork quilts, knitted squares for afghans, scrapbooks and holiday trays favors for veterans hospitals.
The pupils have also collected playing cards, magazines and books for Red Cross appeal.

Richard School N-E-W-S
Plans are being made for another adult education class at Richard school. This will be a course in Victory Gardening. It will begin today at 7:30 p.m. Mr. Hampikian will be the leader. Many patrons of the school will recall that Mr. Hampikian had very successful classes here in gardening for several years, with as many as 60 people in each of his courses. A home repairs class meets Wednesday afternoons from 2 to 4 and a knitting class meets Wednesday mornings from 9:30-11:30 a.m. Parents and friends of the schools are very cordially invited to be present at these courses. Phone Mr. Geary at Niagara 2000 or Mrs. O'Leary at Niagara 8995.

Maire School N-E-W-S
A "Schools at War Flag" has been awarded to the Maire school. These flags are given to any school in which at least 90 per cent of the pupils regularly purchase directly through the school, one stamp of any denomination, during the school month. The treasury schools at war flag, is the same as the minuteman flag for payroll savings given to industrial firms, except for reversal of color. The payroll savings flag has a white minute man and stars, on a blue background while the schools at war flag has a blue minute man and stars on a white background. The schools at war flag may be flown on the school staff beneath the American flag during the school month following the 90 per cent participation. The school may fly the flag as long as the 90 per cent monthly ratio is maintained.

Maire school children have purchased \$4,485.00 worth of war savings stamps or bonds so far this year. The largest amount purchased

Christian Science Lecture by Oscar Graham Peeke, C. S. B.

Under the Auspices of the Second Church of Christ, Scientist, Detroit, at the Second Church Edifice, 147 E. Grand Blvd., Near Jefferson, Tuesday Evening, March 23, 1943

A Lecture on Christian Science
 Entitled **Christian Science: The Religion of Intelligent Thinking and Victorious Living**
 by **Oscar Graham Peeke, C. S. B.**
 of Kansas City, Missouri
 Member of the Board of Lecturers of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

The Victorious Gallilean
 Almost two centuries ago there appeared in a nation which was under the yoke of conquerors, a man who understood the meaning of victory better than any individual who had ever walked upon this planet. He was concerned not at all with the material concept of the word, but solely with its spiritual significance. He knew all about victorious living and showed to those who had eyes to see and ears to hear that by living in obedience to the law of God what threatens or assails the happiness and well-being of an individual or nation may be proved to be powerless.

This man was hated and reviled by many who clung to pharisaical systems because he presented and taught a code of ethics which ran counter to their materialistic and self-serving religious concepts. Regardless of threats, vilification, and efforts to silence him, he continued for three years to preach and teach the gospel of Truth and Love, and to demonstrate by many wonderful works, his great practical value. His every accomplishment was to show humanity that the way to victorious living is through spiritual thinking; and when evil did its utmost to destroy him, he gave an example of his immeasurable power that is still being such thinking and living. He was the only one among men who nobly and so selflessly as this man the great Gallilean, Jesus of Nazareth.

Jesus' doctrine, which he declared was not his but the Father's who sent him, is today acknowledged by scores of millions of people to be the true Christian idealism. But can we truly state that the majority of Christians are willing to follow in the way he marked, and which, as he plainly showed, is the one way which leads to the real victory—victory over the mental enemies which are directly responsible for the various ills that beset mankind? Sickness, poverty and lack, when Christians are evil believers in the Christian Science declaration that God knows nothing about, and therefore are nothing but supposed effects of false material thinking. While they apparently continue to take their toll, the ascending cry is frequently heard: "Where is God? Does He exist, and if so, why does He allow these things to go on?" Doubtless just such cries were ringing in Jesus' ears when he wept over Jerusalem.

The Revivification of Jesus' Teachings
 It is well for humanity that the steady operations of Christian Science have brought about the leavening of a great deal of human thought. Its discovery in 1866 by Mary Baker Eddy came at a time when Christianity was at a very low ebb. The grand religion founded by Christ Jesus had come to be grossly misinterpreted and severely mutilated. The mighty works he accomplished, and taught others to do, were declared to be miracles which God intended should not be duplicated in any future age, and the deep and constant study of the Bible in its original language, which had become chilled by the introduction of dogma and creed.

From the hour of its discovery Christian Science commenced to revivify the sacred teachings of the master Christian. In particular it restored the element of healing in its olden time the forces of evil which against this demonstrable religion, for Christian Science not only announces evil, but also uncovers and exposes its secret modes of operation; it strips evil of all false glamour and shows the correct method by which its unreality and nothingness may be demonstrated.

The Bible and Science and Health
 The alliance of God and the unreality of matter and evil were revealed to Mrs. Eddy through her deep and constant study of the Bible. In her textbook of Christian Science, "Science and Health with Key to the Scriptures" (p. 110), she states: "In following these leadings of scientific revelation, the Bible was my only textbook. The Scriptures were illuminated by reason and revelation were reconciled, and afterwards the truth of Christian Science was demonstrated." This is an important statement. Mrs. Eddy demonstrated her interpretation of the Scriptures to be correct. She heard as Jesus heard. It is on the unshakable basis of demonstration that Chris-

tian Science has proved itself to be the promised Comforter which, as Jesus declared, "will guide . . . into all truth."
 Christian Scientists love the Bible. They study it daily in connection with the second chapter of Genesis and the Bible and Science and Health are the impersonal preachers in all Christian Science churches and societies throughout the world. The sermons, which are rightly called Lesson-Sermons, for they are studied by students of Christian Science throughout each week before hearing them read in the Sunday service, are comprised of Scriptural texts and their correlative passages from Science and Health. The Lesson-Sermons are published in the advance in the *Christian Science Quarterly*. Daily study of the Lesson-Sermons enables the student to comprehend more and more clearly God's allness and the nothingness of matter, evil, and mortality.

As an example of this, a man who was quite new in the study of Christian Science went to a Christian Science practitioner for treatment. He desired to be freed from a painful condition which had become almost chronic. The practitioner asked him if he had been studying the Lesson-Sermons.

He replied that he had not, that he did not seem to get much out of the Bible, had never read it to any extent.
 "What about Science and Health?" the practitioner inquired. He stated that he had been reading that book just before going to bed, that when he was not too tired. "But," said he, "I find it difficult to understand what is stated about God's allness and the nothingness of matter, evil, and mortality."
 The practitioner endeavored to show him that he really should study the Lesson-Sermon, and do so each morning before he went to work, even if it necessitated his getting up a little earlier.

He went away, but came back in a couple of days complaining that he was no better. Asked if he had done as advised, he answered by saying that he had been very busy with other things.
 The practitioner then quoted the Scripture, "If ye be willing and obedient, ye shall have the good of the land." "It cannot be said," he continued lovingly, "that you have shown the inclination to be willing or obedient. My part of the work for you has been done. The rest is up to you."

The man left, apparently in a rather rebellious frame of mind. However, he came back rejoicing on the following Monday. He then stated that it came to him quite forcibly that he needed to change his thinking about a lot of things. In a humble and expectant frame of mind he had taken up the study of the Lesson-Sermon, had got out of bed considerably earlier each morning for that purpose. At the end of the week, he said, he was still not at all clear about God's allness. However, as he listened to the familiar words being read in the Sunday service, he found that the questions unfolded to him; and when the service was over he found that he was healed of the physical difficulty as well.

Irrefragable Fundamental Truths
 Indicated in the Bible are certain fundamental truths which deeply impress the thought of the earnest student of Christian Science, for they are laid upon the basis of which all Christian Science demonstrations are made. True dominion over evil is attainable by having a correct understanding of the truth that God is Spirit, the one infinite Mind, the divine Principle of the universe, including man, the Soul of all existence, that He is Life, Truth, and Love, the only Creator, and that His creation is entirely spiritual and altogether good.
 The Bible also indicates that God is omnipotent, omniscient, and omnipresent, that is, all-power, all-knowing, all-present. However, it is oftentimes asserted that because God is the all-knowing Mind, He must know matter, evil, and mortality. But this is false reasoning because if God does know these errors He, being the only Creator, must have brought them into existence. This conclusion which is contradictory to the Biblical statement that "God saw every thing that he had made, and behold, it was very good." Is evil good? Is mortality good? Is matter good? Each is all-power, all-knowing, and therefore diametrically opposed to the nature of God. Is it conceivable that infinite, divine Spirit or Mind could create anything that has none of the divine characteristics? If it is conceivable that light could produce darkness, then the answer might be "Yes."

Logically, then matter, evil, and mortality are not entities. Christian Science shows them to be false concepts of the carnal, or mortal mind, and demonstrates their nothingness, and the allness of God, the divine Mind. This being so, it should readily be seen that the author of these false concepts must also be a falsity, a nonentity. Christian Science declares that the divine Mind is the only Mind that exists, and that the universe, including man, is the spiritual reflection or idea of this one creative Mind. Demonstration of God's power can be made on no other basis.
 Of course the material senses are not in agreement with this. But these so-called senses are illusory—they are the supposed avenues through which the so-called mortal mind falsely claims to control man's senses. The correct method, as Paul terms "the old man," they should be put off, as he counsels, and as rapidly as possible, for they testify only to materiality, to sin, sickness, and death.

The True Status of Man
 The new man to be put on, of whom Paul also speaks, is the man of God's creating, whose senses are spiritual. As God is Spirit, this new man created in God's likeness must necessarily be spiritual. What is revealed of mortal man has no true existence. Mortal man can be nothing more than a counterfeit of the

real man. Being mortal and material he cannot express true intelligence nor real life. His so-called existence is a dream existence, a dream of life and intelligence in matter. He is depicted allegorically in the second chapter of Genesis as formed from the dust, indicating the insubstantiality and nonexistence of such a man. Also the prophet Isaiah has this to say: "Cease ye from man, whose breath is in his nostrils; for wherein is he to be accounted?"
 Christian Science says to each of us: Know yourself to be the man that is to be accounted of—the new, or real man. This man is forever new, always manifesting newness of life, beauty of character, freshness of intellect. He is wisely alert, for the divine Mind rules his mind; that he lives to love, for he reflects and expresses Infinite Love and Immortal Life. He rejoices in the consciousness of true dominion, for he is governed by divine Principle and expresses the Soul of all real existence. This is the only man that God knows, therefore should we not all know and demonstrate in the human consciousness? It matters not how wicked and diseased an individual may consider himself to be, he must, sometime or other—either here or hereafter, through continued suffering or by Christian Science—change his thinking and become regenerate. The seed that is why not now? Christ-healing is for all, and "now is the accepted time"—the time to empty the consciousness of whatever the obstructing beliefs may be, so that the Christ may enter in and heal.

Christ-healing Is for All
 It should be understood that no one is debarred from the benefits of Christ-healing. Sometimes a person will say, "I think I am too wicked to be healed in Christian Science." This is not so. Christian Science heals sickness and disease by over-coming the thoughts in the human consciousness. It matters not how wicked and diseased an individual may consider himself to be, he must, sometime or other—either here or hereafter, through continued suffering or by Christian Science—change his thinking and become regenerate. The seed that is why not now? Christ-healing is for all, and "now is the accepted time"—the time to empty the consciousness of whatever the obstructing beliefs may be, so that the Christ may enter in and heal.

The Beauty of the Straight and Narrow Way
 It is unwise to delay in doing that which is essential to one's well-being and spiritual growth. Oftentimes a statement like this is made: I should like to be a Christian Scientist but am not ready to give up certain pleasures. Also, sometimes one says that the way in Christian Science is too straight and narrow. Can these be called statements of intelligent thinking? How could God's way be so straight and narrow? It certainly is a joyous way and a healthful way. Its narrowness is that none of the inflated beliefs of false pride, self-will, bigotry, or intolerance can be brought into it; nor is there any room in it for the so-called pleasurable beliefs of the senses. Those who enter that way and themselves glad to be rid of all such useless and harmful baggage. And the straightness of it is the beautiful part about it, for it enables one to keep always in sight the high goal which he is to reach, and which becomes clearer and more lovely as he draws nearer and nearer to the goal of true and perfect manhood in Christ. Assuredly this way is the way of peace, harmony, joy, and well-being—the way of true intelligence.

Healing Through Reading Science and Health
 Oftentimes people are healed of disease just by reading the textbook. In such cases the reader becomes so deeply interested in, and reverent toward, the spiritual truths which illumine the pages of the book, that these truths literally flood his consciousness with their healing light, thus destroying the dark errors of mortal belief which were the cause of whatever happened to be the discordant condition.

The Power of True Prayer
 Christian Science is the religion of prayer. The motivating power of true prayer is intelligence, that is, spiritual thinking—in fact, such thinking is prayer. Thus it may be seen that to pray without ceasing, as Paul admonishes, is both possible and expedient. Prayer enables us to recognize, accept, and utilize God's spiritual bounty, to demonstrate its substantiality and live as victors.
 The first chapter in the Christian Science textbook is "Prayer." A Protestant clergyman once said to me, "I wish every child, man, and woman were familiar with the chapter entitled 'Prayer' in Mrs. Eddy's book, 'Science and Health.' Our ministers have made similar statements, and many sermons based on the truths contained in Science and Health are today being preached from Protestant pulpits.

The spontaneous outpouring of love and gratitude from an overflowing heart to the all-loving Father and Mother of all, whom we understand to be infinite divine Love, is prayer that blesses and heals. Speaking of prayer, the experience of a woman, an acquaintance of mine, a lovely character, who once formulated a letter expressing her gratitude to God. It happened in this way: she became suddenly afflicted with a rheumatic condition, and suffered great pain. She decided to rest, and she lay alone with God. The pain continued day after day, and night after night, until she was at the point of being discouraged.
 One night during the suffering she decided, in order to get her thoughts away from herself, to answer a letter that a friend had written to her. Having done so, and the pain still persisting, the thought came to her to write a letter expressing her gratitude to God. Immediately she acted on the impulse. To her surprise, she found nothing for herself; it was composed principally of a spontaneous outpouring of gratitude to her heavenly Father. She commenced by stating her deep love for Him; then she enumerated the many blessings which God had bestowed upon her since she had first found Christian Science. More and more came the remembrance of those blessings. More and more became the increase of her gratitude, until it was more than she could put into words. Tears came to her eyes, and she felt that there was so much to be thankful for, far more than she ever before had realized.
 She finished and signed the letter, then closed her eyes and continued to ponder gratefully and happily God's goodness and infinite love. Do you not suppose that God answered that prayer? The answer came in the silence of that night, through the realization of her freedom as a child of God, created in His likeness.

She arose, victorious over the error that had bound her. Her heartfelt gratitude—and gratitude is always an essential element in true prayer—had brought the victory.
 "The glories of earth and heaven and man" is a quote which should be quite evident that prayer is a vital necessity for healthful and peaceful living. How greatly is a nation benefited by the prayers of those in who love God supremely, and who pray to Him understandingly! The Bible records outstanding incidents of the utilization of the mighty power of God, made available through prayer, to achieve glorious victories. The practical way, and there can be no truly satisfying achievement by any other way, the cultivation of selflessness and humility, gratitude and love, is prayer that leads to the recognition of man as God created him, and enables us to cease from taking limited views of life and of man's glorious possibilities.

On page 264 of Science and Health we read this statement: "When we learn the way in Christian Science and recognize man's spiritual being, we shall behold and understand

God's creation,—all the glories of earth and heaven and man. . . . To behold and understand . . . all the glories of earth and heaven and man," Christian Scientists contend is a most engaging prospect. These glories become ever more resplendent and spiritually tangible to those who learn to pray intelligently.
 Several of the patriarchs of the Bible beheld something of "the glories of earth and heaven and man" because they lived very close to God. Christ Jesus was the most notable of all such examples. By precept and example he showed the man in God's likeness is not limited by any material object, boundary, or circumstance. He made it quite plain that by the very nature of his relationship to God, man is endowed with immeasurable power to overcome discordant conditions, that he possesses God-bestowed dominion over all the earth. "Nothing shall be impossible unto you," he declared. The great is the need today to the Science of man's unity with God, and that he meant just what he said.

Jesus, Our Way-shower
 "The glories of earth and heaven and man" Jesus beheld with marvelous and constantly increasing vision of the glories of the earth of God's creating, and of man as God's perfect likeness, and he indicated that his followers should also do so. A favorite topic of his was the kingdom of heaven, here at hand, a joyous and harmonious sense of life to be acquired by intelligent thinking and victorious living. He taught that we should reject false material sense testimony and realize the presence of this kingdom, because it is not far off, but within us—within the consciousness of the man of God's creating, the man we should know ourselves to be. To his spiritual consciousness, the earth was marvelously beautiful. He was always conscious of the real earth, just as he was always conscious of the real man. While to human sense he was asleep in a boat at a time when the elements were boisterous, his spiritual consciousness, his true selfhood—was awake, alert, and aware only of the tranquil elements of the earth of God's creating. He demonstrated his perfect discernment of this reality when, in a moment of time, he stilled the storm. It is to be noted that Jesus rebuked the unspiritualized thought of his fearful disciples.
 To a consciousness so spiritualized no mortal mind discord could present itself as a power to disrupt the harmony of God's creation. "The seed of earth abide the living creature in their true state, as God created them, the cattle, the fowl of the air, the fish of the sea, all of which are pure, perfect, harmonious, and deathless, and over all of which God gave man dominion—the dominion of tenderness and love reflected through Himself."
 Jesus demonstrated his perfect discernment of "the glories of earth and heaven and man" when, by feeding a multitude, he supplied a human need. To him there were only a few loaves and fishes at hand. To his spiritualized consciousness, however, there was neither lack nor limitation, but always the limitless bounty which the earth of God's creating continually brings forth, the only earth that really exists, in which it is not necessary to plant seed to grow wheat, with which to produce flour for making bread, nor any need to cast nets into the sea to catch fish. In this earth every needful thing is always at hand. Jesus made use of the seed that is within itself, which is spoken of in the Science of Genesis: "The seed within itself," we read in Science and Health (p. 506), "is the pure thought emanating from divine Mind." This is the seed, or the thought, which heals, regenerates, and supplies all human needs.
 The point in all this, that there was nothing supernatural about anything that Jesus accomplished, all was divinely natural, hence the simplicity of it all. Intelligent thinking is a simple process. It requires self-abnegation, of course. However, Christian Science shows us what a marvelous, satisfying, health-giving, and life-giving attainment it is to behold even a little of the glories of true creation, and have the ability to demonstrate in some measure their reality. Christian Science declares to us today that we are all God children. The only earth in which we live is God's good earth, right here, the only heaven is within us, within our true consciousness, and the seed within itself—"the pure thought" emanating from divine Mind—"comes ceaselessly to all of us even as the sun ceaselessly sheds light to all alike. Through spiritualization of thought 'the seed within itself' may be recognized, appropriated, and utilized by each one of us to supply human needs, to bless, to save, to heal, to promote longevity, to demonstrate immortality.

Man's Limitless Capabilities
 We all must learn to demonstrate over all finite concepts. In Science and Health (p. 268), it is stated, "Man reflects infinity, and this reflection is the true idea of God, for God is the one Mind, infinite and eternal. Anyone should be able to see the incongruity of believing that infinite Mind could be expressed in, or know anything about, finite things. It should appear just as incongruous to believe that we, as ideas or reflections of that Mind, are subject to so-called laws of limitation. We need to know that we live in the kingdom of God, of infinite Mind, which has no boundaries, no limits. In this kingdom man's capabilities are measured only by the good which ceaselessly unfolds to him.
 Then whatever is right for us to do, let us do, gratefully, joyfully, and with assurance of our God-bestowed ability. "We are more than conquerors through him that loved us," declared Paul. This being so, every human problem that appears to be difficult can be mastered through intelligent thinking—through reflecting the divine Mind.

God's creation,—all the glories of earth and heaven and man. . . . To behold and understand . . . all the glories of earth and heaven and man," Christian Scientists contend is a most engaging prospect. These glories become ever more resplendent and spiritually tangible to those who learn to pray intelligently.

 "The glories of earth and heaven and man" Jesus beheld with marvelous and constantly increasing vision of the glories of the earth of God's creating, and of man as God's perfect likeness, and he indicated that his followers should also do so. A favorite topic of his was the kingdom of heaven, here at hand, a joyous and harmonious sense of life to be acquired by intelligent thinking and victorious living. He taught that we should reject false material sense testimony and realize the presence of this kingdom, because it is not far off, but within us—within the consciousness of the man of God's creating, the man we should know ourselves to be. To his spiritual consciousness, the earth was marvelously beautiful. He was always conscious of the real earth, just as he was always conscious of the real man. While to human sense he was asleep in a boat at a time when the elements were boisterous, his spiritual consciousness, his true selfhood—was awake, alert, and aware only of the tranquil elements of the earth of God's creating. He demonstrated his perfect discernment of this reality when, in a moment of time, he stilled the storm. It is to be noted that Jesus rebuked the unspiritualized thought of his fearful disciples.
 To a consciousness so spiritualized no mortal mind discord could present itself as a power to disrupt the harmony of God's creation. "The seed of earth abide the living creature in their true state, as God created them, the cattle, the fowl of the air, the fish of the sea, all of which are pure, perfect, harmonious, and deathless, and over all of which God gave man dominion—the dominion of tenderness and love reflected through Himself."
 Jesus demonstrated his perfect discernment of "the glories of earth and heaven and man" when, by feeding a multitude, he supplied a human need. To him there were only a few loaves and fishes at hand. To his spiritualized consciousness, however, there was neither lack nor limitation, but always the limitless bounty which the earth of God's creating continually brings forth, the only earth that really exists, in which it is not necessary to plant seed to grow wheat, with which to produce flour for making bread, nor any need to cast nets into the sea to catch fish. In this earth every needful thing is always at hand. Jesus made use of the seed that is within itself, which is spoken of in the Science of Genesis: "The seed within itself," we read in Science and Health (p. 506), "is the pure thought emanating from divine Mind." This is the seed, or the thought, which heals, regenerates, and supplies all human needs.
 The point in all this, that there was nothing supernatural about anything that Jesus accomplished, all was divinely natural, hence the simplicity of it all. Intelligent thinking is a simple process. It requires self-abnegation, of course. However, Christian Science shows us what a marvelous, satisfying, health-giving, and life-giving attainment it is to behold even a little of the glories of true creation, and have the ability to demonstrate in some measure their reality. Christian Science declares to us today that we are all God children. The only earth in which we live is God's good earth, right here, the only heaven is within us, within our true consciousness, and the seed within itself—"the pure thought" emanating from divine Mind—"comes ceaselessly to all of us even as the sun ceaselessly sheds light to all alike. Through spiritualization of thought 'the seed within itself' may be recognized, appropriated, and utilized by each one of us to supply human needs, to bless, to save, to heal, to promote longevity, to demonstrate immortality.

Man's Limitless Capabilities
 We all must learn to demonstrate over all finite concepts. In Science and Health (p. 268), it is stated, "Man reflects infinity, and this reflection is the true idea of God, for God is the one Mind, infinite and eternal. Anyone should be able to see the incongruity of believing that infinite Mind could be expressed in, or know anything about, finite things. It should appear just as incongruous to believe that we, as ideas or reflections of that Mind, are subject to so-called laws of limitation. We need to know that we live in the kingdom of God, of infinite Mind, which has no boundaries, no limits. In this kingdom man's capabilities are measured only by the good which ceaselessly unfolds to him.
 Then whatever is right for us to do, let us do, gratefully, joyfully, and with assurance of our God-bestowed ability. "We are more than conquerors through him that loved us," declared Paul. This being so, every human problem that appears to be difficult can be mastered through intelligent thinking—through reflecting the divine Mind.

Assurance of Victory
 And is it not love that the world needs more than anything else today? Christian Science demonstrates the law of Love. Christian Science is indeed the promised Comforter; it has proved itself to be so to a great host of people who believed themselves to have been left comfortless. Christian Science is binding up the brokenhearted; it is giving to those who mourn the oil of joy, and for the spirit of heaviness the garment of praise. Its feet are indeed beautiful upon the mountains, for it bringeth good tidings of the coming of a new and true order in international relationships; one which will be established and energized by increasingly intelligent thinking.
 Men and women are seeing ever more clearly that, because of false material concepts, the balance of power in the human consciousness has too long been held by lethargy, vacillation, greed, doubt, and fear, causing individuals and nations to drift like rudderless ships with the tide of unintelligent thinking.
 Intelligent reliance on the one Mind is the necessary steadying influence in all human affairs. It is the guarantee of victory over the aggressive forces of evil, and is the safeguard of true democracy. Such reliance will enable us to pray intelligently and effectively for all mankind; for the safety of our valiant soldiers and sailors in near and far-off lands, on the sea, and in the skies. It will enable us also to stand undismayed and confident in the ultimate triumph of right, and while thus standing, to behold and understand more and more, "the glories of earth and heaven and man."

Small as it is, the 1 1/2 cents for electricity does a BIG job, especially at a time when nearly all other living costs are rising. Electricity is one item that has NOT gone up. The average unit cost of residential electricity is at an all-time low. The Detroit Edison Company.

Today's cost of electricity is only ONE-AND-A-HALF CENTS of the average family budget dollar

OF ALL THE ITEMS in the family budget, probably none gives so much for so little as the money you spend for electricity. Only a CENT-AND-A-HALF of the average budget dollar goes to pay your electric bill . . . yet look at the things electricity does:

It lights your house, washes and irons clothes, cooks meals, vacuum-cleans rugs, washes dishes, makes toast and coffee, grills sandwiches, bakes waffles, keeps accurate time, runs a food mixer, operates the radio. Here is how the cost of electricity compares with other items in the average family budget:

AVERAGE FAMILY DOLLAR	
Food	35.2c
Rent	17.5c
Clothing	10.9c
Personal Care, Recreation, Household Expenses	10.8c
Gifts, Contributions, Miscellaneous	6.3c
Transportation	6.1c
Household Furnishings	4.4c
Fuel, Ice	3.8c
Medical Care	3.5c
Electricity (at Detroit Edison residence rates)	1.5c
TOTAL	\$1.00

(All figures except electricity U. S. Department of Labor statistics)
 Small as it is, the 1 1/2 cents for electricity does a BIG job, especially at a time when nearly all other living costs are rising. Electricity is one item that has NOT gone up. The average unit cost of residential electricity is at an all-time low. The Detroit Edison Company.

 Sunday School Edition pocket size, blue or brown cloth \$2.00
 Library Edition, cloth \$3.00
 Pocket Edition with index to marginal headings, black, blue or brown morocco, limp \$5.00
 Oxford India Bible paper—French and German Translations, library editions, cloth \$2.50
 And Other Editions
 This book and other works of Mrs. Eddy, and all authorized Christian Science literature may be read, borrowed or purchased at all Christian Science Reading Rooms.
 Second Church of Christ, Scientist, Detroit, maintains a free Reading Room at 704 East Jefferson Avenue near E. Grand Boulevard
 OPEN DAILY

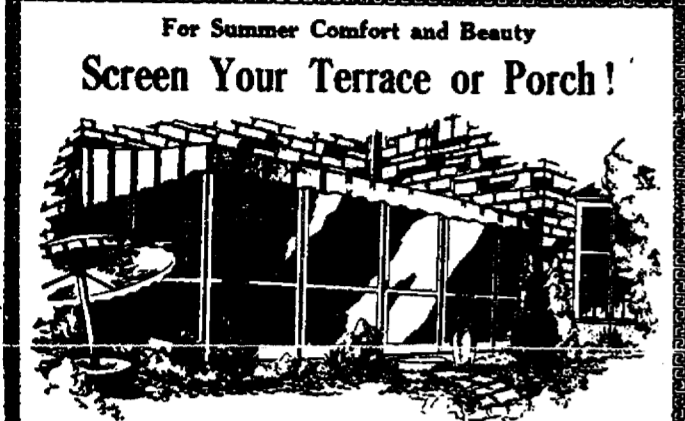

CHRISTIAN SCIENCE CHURCHES
 "Reality" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, March 28.
 The Golden Text (1 Corinthians 2:9): "Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love Him."
 Among the Bible citations is this passage (John 1:1, 3): "In the beginning was the Word, and the Word was God. All things were made by him and without him was not anything made that was made."
 Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 331): "The Scriptures imply that God is All-in-all. From this it follows that nothing possesses reality nor existence except the divine Mind and His ideas. . . . Everything in God's universe expresses Him."

 ers, radios, etc. Call TU. 2-1919.

40,000 War Workers
 It is estimated that more than 40-
 000 men and women, trained for
 war work in free classes conducted
 by local boards of education, will be
 added to the state's war labor force
 in the first six months of 1943. John
 L. Craig, Michigan director of the
 U. S. Employment Service, revealed
 today.

Uncle Sam's grocery bill for feed-
 ing enlisted men runs to \$2,800,000
 a day, at the rate of 56 cents a day
 for each Army man.

**Practice Exercises
 Planned for Air
 Raid Wardens**

Air raid wardens of the Grosse
 Pointe area will soon be called out
 on practice exercises, under a plan
 disclosed by Chief Warden C. D.
 Blessed.

The plan, announced by Mr.
 Blessed at a meeting of zone wardens
 and their alternates on March
 6 at the Neighborhood club, is in-
 tended to give wardens practice in
 performing their duties without the
 necessity of imposing a blackout or
 full alert on the entire area or on
 the general public.

All wardens in a designated
 district would be notified in advance
 that the practice exercise would be
 held at a designated time, whether
 in daylight or at night, and each
 would be required to be at his post.
 While the exercise is in progress,
 surprise practice incidents will be
 staged. For example, a simulated
 bombing would be announced at a
 certain corner, which would require
 first aid equipment, etc. The wardens
 at the scene would notify the police
 and fire headquarters of the zone,
 as in the case of a real incident,
 and the proper details would be
 activated.

District and zone wardens as well
 as Mr. Blessed and his deputies
 would check on the efficiency of the
 wardens involved, and any errors
 would be corrected at later district
 meetings.
