POINTE PARAGRAPHS

A report to city police early Sunday morning, March 5, said that pedestrians and motorists, alike, were giving a certain house on Notre Dame a wide berth.

When the officers arrived they found a man, wearing a large black overcoat, high top galoshes, large fur mittens and a woolen parka on his head, found walking briskly in several feet of snow pushing a two-wheel cart.

After squinting their eyes, the officers found that to behold, this strange figure was Ed Potgracz Jr., who was seeding his lawn for spring.

We have just discovered that the post office department has put lipstick impressions on V-mail on the taboo list — seems that the lipstick smudges not only the one piece of mail but several pieces and no one wants a Yank in some faraway land to share his girl's kisses with some other Yank, does one? So, girls, you'll just have to be content with those little X's on the end of your letters if you want to show any sign of affection for that "one and only."

Do you know how fast the wind was traveling Tuesday, March 7? Just for curiosity's sake, we called for the official weather report, and a very sweet voice informed us that the wind was traveling 25 miles per hour. But by the way our hair, men's hats and women's skirts were traveling, we bet that the wind was going much faster.

The residents of the city were so quiet on March 7 and 8 that not a single entry was made on the police blotter.

Anyone wishing to obtain more information regarding the Security fund (pension program) of the City of Grosse Pointe, are asked to call Neil Blondell, city assessor, who will give full details about the plan.

Police were called to Hollywood road last Saturday afternoon to investigate a report that some boys were shooting B-B guns. Investigation revealed the guns were wood-en—no damage could be done with them.

the grounds of the Grosse Pointe high school, Grosse Pointe boulevard and Fisher road.

The canvas of the five Grosse Pointes by the local air raid wardens should be completed by April 6, thus giving sufficient time to arrange for the preparation of the name plates.

If for some reason a home of a serviceman or woman has been missed by the warden, the resident is asked to complete the form below and send the information to their respective public library or a library branch or to their respective village or city clerk.

As it has been pointed out before, the publication on Feb. 17 of the entire list of names which was available early in February by the Honor Roll Association was made to enable the parents and friends to make sure that their serviceman or woman will be included in the honor roll. For this reason, this final check is being made to make certain that the honor roll list is as complete as possible.

The honor roll will include all service people on the active list in the army, navy, coast guard and marines, which includes Wacs, Spars, WAVes, and lady Marines, and army and navy nurses, the seabees, members of the V5, V8 and V12, army and navy aviation cadets, and army and navy reserve officers, serving in this war.

Van Deusen Park President; Watkins Ghesquiere Remain

Torpedo-Bomber Pilot Describes War With the Japs

Ensign Lee F. Ross, son of Mr. and Mrs. E. R. Ross of 780 Barrington road, Grosse Pointe Park, is spending a leave with his parents after seeing fighting and action as a pilot of a torpedo bomber in the South Pacific.

Ensign Ross, after receiving his commission at Corpus Christi, Texas, Sept. 22, 1943, joined a squadron, "Torpedo 6" soon after he left the United States Jan. 2 for Pearl Harbor. He entered active duty from Pearl Harbor Jan. 16.

Piloting his torpedo bomber from an aircraft carrier, was engaged in the fierce five-day battle for the Marshall islands, Jan. 29 to Feb. 2. He proudly boasts that he helped "wipe out" a large Japanese air field on Roi as well as assisting in the capture of the island of Namur.

After resting up at a harbor in another island in the Marshall group, for about 10 days, the ensign and his bomber group were assigned to the battle which was to take place at Truk, the island which has been in the headlines for the past month. As in the case with the Marshalls, the American forces advanced to the island undiscovered and surprised the Japs.

In less than four hours after the Yanks arrived at Truk, the Hellcats — fighters — downed approximately 150 Jap planes (to our loss of six to 10 planes) and opened the way for the torpedo bombers to advance. Ensign Ross and his crew took part in the complete destruction of their target — a Japanese seaplane base.

After this action, Ensign Ross and his entire crew were given leaves. However, this naval officer expressed his desire to "see action again" and expects a similar assignment as soon as his leave is over. For completing five missions over enemy territory this Pointe airman, has been awarded the Air Medal.

Asked what the boys do for recreation and pastime, Ensign Ross said, "read for one thing. I've never read so many books and articles as I have until I was stationed on the aircraft carrier. Besides reading, we play ball, football and most any other game we like. You see, the deck of a carrier is very large, enabling us to do almost anything in the line of sports." Besides the sports, the boys in general, as soon as they reach a close proximity to Pearl Harbor, turn on the radio and "listen to music and more music."

Ensign Ross, entered the service June 7, 1942, is a graduate of Grosse Pointe high school and attended Highland Park junior college.

Association Pays Tribute to Retiring Village Head, President Karl B. Goddard

The Citizens Association of Grosse Pointe Park pay tribute in the name of the Park residents to Karl B. Goddard, retiring village president, after spending the past four years doing his utmost in making the Park "A better place to live in."

The Review adds its sentiments to those of the Association and knows that these are the same sentiments of the entire village. It also welcomes Ward S. Van Deusen to his new post as village president, and knows that he will earnestly serve the Park to the best of his capacities, the same with which he has served as commissioner in the past.

A considerable amount of campaigning in Grosse Pointe Park and in the Woods brought to the polls a record number of voters last Monday. The election in the Farms, how-

ever, resulted in a total of 423 votes the reason given for this small turnout was due to the lack of campaigning there.

In Grosse Pointe Park where interest centered on the proposed pension plan and the charter changes regarding the village fire department both amendments were defeated. Those residents wishing for a pension fund for all the municipal employees cast 652 votes as against 14 cast by the opposition. The amendment to make a separate department out of the fire department lost by a vote of 1334 to 739.

Ward S. Van Deusen, who will leave the council table in the Park defeated Louis B. Ver Weibe of the post of village president, 1338 to 762.

Two incumbents, Homer C. Fritts and Howard P. Parshall, will resume their duties as commissioners as well as Joel C. Sage who was elected Monday. The total number of votes cast for the six candidates are as follows:

Homer C. Fritts, 1235; Howard P. Parshall, 1232; Joel C. Sage, 107; Gilbert W. Groehn, 817; Joseph Baker, 802; and Erwin G. Alfes, 762.

A total of 1318 residents of Grosse Pointe Woods walked or rode to the polls Monday to cast the large number of votes ever cast in the village. Of these, 959 voters returned A. A. Ghesquiere to his post as president as against a total of 343 for Arnold L. Dissing.

Edward Vanderbush and Arthur H. Post, commissioners of the community since it became a village in 1927, were again returned to the posts. The third member who will assume his new duties will be George A. Beauchamp. The number of votes cast for each candidate for the commission follows:

Edward Vanderbush, 660; Arthur H. Post, 591; George A. Beauchamp, 631; Robert E. Baker, 218; Charles Hanneman, 291; Rex H. Johnston, 393; Herman Lauer, 356; and E. C. Mohan, 207.

James K. Watkins, unopposed to the presidency of the Farms board of trustees, was given 329 out of possible 423 votes cast in the village election.

John Sutton Jr., incumbent, re-elected to his post, and the new trustees are Richard L. Max and B. Dave Bushaw. Following are the totals of votes cast:

John Sutton Jr., 289; Richard Maxon, 257; B. Dave Bushaw, 17; John H. Flancher, 154; and William G. Kerby, 145.

In addition to the president and the three trustees who were elected the present clerk, treasurer and assessor were re-elected. They are Harry Furton, clerk, 333; Alton O'Connor, treasurer, 330; and Francis A. Beapre, assessor, 338.

The newly elected president and commissioners will be sworn in sometime within the next month.

My dear Mr. Goddard: On the eve of your retirement as village president of Grosse Pointe Park, the officers and directors of our association have asked me to express to you their sincere appreciation of the excellent work that you have done in the past four years as the head of our village. You have given generously of your time and have been unstinting in your efforts to be of service to your fellow townsmen. We believe that your record will serve as an inspiration to those who follow you to do a great job. While we keenly regret your decision to retire from public office we cannot but admit that you have done more than your share and are fully entitled to step aside and let others carry the burden for a time. Yours very truly, M. H. Collinson, President.

Officers Club Proves Success; Thousands Visit the Quarters

The Grosse Pointers together with a few Detroiters that are responsible for the Officers club in the Tuller hotel can feel proud of the fact that the quarters provided for commissioned officers is well patronized.

Over 350 officers and their ladies attended the opening dance on Saturday and other dances are planned weekly. This coming Sunday, March 19, Newell Banks, a world famous checker champion will entertain in the club rooms at 3:30 p.m. The entertainment committee are hard at work getting suitable features for the club and announcements will be made.

Although the club rooms, which have been organized and financed by a non-profit corporation, have only been open about ten days it has been visited by well over a thousand of the 2,500 commissioned officers in the area. Paid membership cards have been issued at over 350.

Mrs. Marcy C. Budroe, resident director, together with hostesses are on duty from 11:30 a.m. to 11:30 p.m. each day, to chat or dance with unaccompanied officers. Transient officers are always welcome.

It was noted one day this week that commissioned officers of every branch of the women's services were in the club rooms at one time. The Wacs, the Spars, the Waves, and the lady Marines were all chatting about their own branch of service and congratulating Miss Francis Booth and others of the executives on their fine work in bringing about the splendid club rooms.

Readers of The Review are asked to help share in the club's work. An urgent appeal is being made and by helping you will be giving considerable aid to the war effort. Many young officers are being transferred to Detroit at this time for very important war work on the moving of supplies for the invasion and the shortage of living quarters is vital. The service committee of the club is listing houses, rooms and furnished apartments for rent. Call Cadillac 3860 or write or drop in at the Bagley avenue entrance to list your rooms. If there is a room in your home available it should be made to do a war job and the biggest war job it can do is to house an officer helping win "your war."

Plan Elaborate Decorations for Gala 'Street of Paris' Hostess Corps Party

Probably the most elaborate setting ever devised for a Grosse Pointe Hostess Corps party is now taking form at the Neighborhood club in preparation for Saturday night's "Streets of Paris" frolic.

Rocco DiMarco has designed the murals which are to create the sidewalk-cafe atmosphere, while Mesdames DiMarco, E. R. Little, Alice Hartwick, and other members of the Grosse Pointe Artists Association, assisted by members of the Hostess Corps administrative committee, have been painting away nights and days to execute the design. Their finished product will include the skyline of Paris, authentic in all details.

In the meantime, Marjorie Little, chairman, and her committee of junior hostesses are arranging other aspects of the party. They announce that Jane and Helen Davis, entertainers, will donate their skill as strolling musicians to the evening's successes, and that an intricate system of paper goblets, wine jugs, and French names will serve to introduce servicemen guests to their hostesses.

On Marjorie's committee are Marjorie Allor, Ellen Little, Marjorie Ebner, Beverly Albyn, Eleanor Gerrow, Barbara Ketterer, and Kay Andrews.

Working in conjunction with the downtown USO, the Hostess Corps

expects to provide entertainment for well over a hundred men in uniform. Its parties at the Neighborhood club are semi-monthly.

IS HIS LIFE WORTH IT?

United States Army and Navy medical authorities spare no expense to save a life. Every skill known to medical science is employed. But even the highest medical authorities admit that scientific skill alone cannot completely restore the war wounded to normal useful lives. For there are some wounds that neither drugs nor surgery can heal — the wounds that come from worry and loneliness — from fear and dread of facing the future — the wounds of missing you and the folks back home.

That is where your Red Cross goes to work. Wherever our fighting men go, the Red Cross is with them — doing for them what you would do if you were there. Its clubmobiles and rest homes are all over the world. Its services reach the prison camps and hospitals in every war zone. Innumerable and vital ways the Red Cross supplements the work of the medical divisions in the field — co-operating heart and soul to save lives!

How much is a life worth — the life of some boy you know? How much are you going to give to see that some boy, wounded at Tarawa, Guadalcanal, the Gilberts, at Salerno, Sicily or Africa, gets another fighting chance — the chance which the Red Cross gives him?

The answer is up to you now! Keep shaking your head YES when you are asked for a donation to the Red Cross.

Return Home Dr. and Mrs. Harold E. Cross and baby daughter have returned to their home in Grosse Pointe Woods after much needed rest in Florida. Healthful Exercise Woods police reprimanded three boys last Thursday afternoon who, after purchasing a half dozen eggs, threw them at a Woods market window. The boys washed the window, at the insistence of the police, and were taken home to their parents by the officers.

Headquarters, European Theater of Operations. — On "D" day, the plans now being perfected by a field artillery unit will come into play. Until that time, the officers and men of this headquarters are giving full

time in carrying out pre-invasion training which is preparing them for the split-second decisions they will make when their 105 and 155 mm guns smash the Nazi Fortress of Europe.

This intensive training program is designed to keep the men battle-keen and ready and its ever-increasing tempo is paced to reach its climax in the offensive.

The vital role of artillerymen has been proved many times in the battles in Northern Africa, Sicily, and Italy, where intense barrages from big guns have smashed Nazi counter-attacks and defenses and paved the way for the Allied advances.

"The only thing we're saying right now is that we'll be throwing our share of shells where they will count the most," said the commander of this planning group. "We have a wonderful example to follow in the achievements of other artillery units in the Mediterranean campaign and we intend to prove that we can lay down just as heavy and effective a barrage as they ever put down."

Among the men who are in the headquarters unit which will see action in this "big push" is Capt. Frederick E. St. John, 32, of 1217 Bishop road.

Miami Beach, Fla. — Joseph H. Parsons, former managing partner of the Clark, Klein, Brucker and Waples law firm of Detroit, has been promoted from the rank of captain to that of major at army air forces training center No. 1, here.

Major Parsons, son of Herbert H. Parsons, of 1006 Buckingham road, Grosse Pointe Park, was commissioned a captain from civilian life in August, 1942. He attended AAF officer training school, Miami Beach, and was then assigned to positions of large responsibility in training groups. He is now executive officer of the 908th training group of AAFTC No. 1.

From the University of Michigan, Major Parsons received an A.B. degree in 1925 and a J.D. degree in 1927.

T-Sergt. Signe H. Karki has been awarded the good conduct medal at Fort Des Moines, Iowa.

Feminine Bluejacket Annabelle Nabors, 20, 501 Neff road, Grosse Pointe, has completed her "boot training" and is now enrolled in the Iowa State Teachers college campus, Cedar Falls, Iowa.

Past civilian experience and "boot" training aptitude tests were the basis for her selection to the specialty school. The yeomen course of study includes shorthand, typing, naval correspondence, records and forms, and current events. The college-slanted course is complete with physical education and pleasant university social functions.

Successful completion of the 12 weeks' course makes the feminine Bluejacket eligible for a petty officer rating before she is sent to active duty at some naval shore station.

Pvt. Charles Georgi, son of Mr. and Mrs. F. M. Georgi, 844 Lakeshore road, is spending a 30-day furlough visiting his parents. He is accompanied by his wife. Private Georgi is stationed at Camp Polk, La. Betty Lou Georgi, his sister, has come from MacMurray college, Jacksonville, Ill., to visit her family while her brother and wife are here.

Richard (Dick) Wegert, 17, son of Mr. and Mrs. George Wegert, of 456 Notre Dame, left yesterday for Michigan Central college in Mount Pleasant, Mich., to begin his training as a naval cadet. He graduated from Grosse Pointe high school last month.

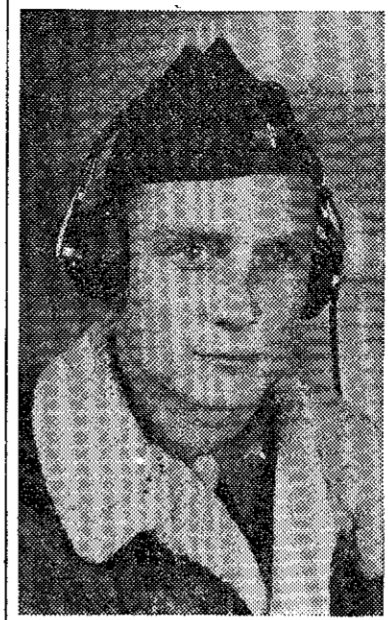

Ensign Robert J. Geldart, pilot in the naval air force, is visiting his parents, Mr. and Mrs. James R. Geldart on Beaufait avenue in Grosse Pointe Woods. Ensign Geldart is on leave until March 17, when he will join his squadron at Norfolk, Va.

John Simpson of Kercheval avenue returned to the Pointe Tuesday afternoon after a short visit with his son SOM 3C Bob Simpson, who had a 36-hour leave in New York City.

Kirtland Field, Albuquerque, N. M. — Aviation Cadet Donald L. Morrison of Grosse Pointe, a recent

graduate of the army air forces bombardier school here has been commissioned a second lieutenant and awarded the silver "wings" of the aerial bombardier, supplementing previously won aerial gunner's insignia.

Lieutenant Morrison is the son of Mrs. T. C. Morrison of 794 University Place, Grosse Pointe, where the

lieutenant graduated from high school in 1938. He was a member of the football, basketball, track and tennis teams and later attended Detroit Institute of Technology and Michigan College of Mining and Technology. In civilian life he was employed as an engineer with the U. S. army. His brother is serving with the U. S. naval air force.

Prior to his successful completion of 18 weeks of flight and combat training in high level precision bombing and navigation at Kirtland Field, Lieutenant Morrison was stationed at Kingman, Ariz., where he graduated from the army air forces flexible gunnery school as an aerial gunner.

Now ready for active duty, his destination is not disclosed.

The Way Back is Tough!

The soldier in the picture above had two battles to win—one against the enemy—the other to fit himself for usefulness in the postwar world. All the skill that army medical authorities can muster is employed to restore the maimed and crippled to useful, normal lives—but all the science in Christendom can't make over a human mind and soul with artificial legs and arms alone. That's where your Red Cross was asked to help, and the Red Cross now supervises a vast program of arts and skills in which the hospitalized are taught to do things. This is just one of the many vital services performed by the Red Cross—and a mighty reason why we all should give generously in this campaign.

Fort Knox, Ky. — A new contingent of enlisted men from the nation's armored divisions was inrolled today in a special course of instruction in the gunnery department of the armored school.

Included in the class was Pvt. John F. Casey, husband of Mrs. John Casey, of 785 University Place.

The gunnery department will train these men to become experts in the maintenance and repair of the carbines, rifles, tommy guns, machine guns, mortars and cannon used by the armored divisions. Upon completion of the course, they will return to their units as armorers and gun mechanics.

The huge armored school graduates several times more officers and enlisted men than the average civilian university or college.

Recent graduation exercises at the naval training school for women reservist yeomen at the Iowa State Teachers college campus, Cedar Falls, Iowa, saw feminine Bluejackets Candace Hunt, 36, of 1305 Buckingham road, Grosse Pointe Park, promoted to the petty officer rate of yeoman third class.

The graduate was selected for her specialty training on the basis of her "boot training" aptitude tests and past civilian experience. The completed course of study included shorthand, typing, naval correspondence, records and forms, and current events.

The petty officer is now awaiting active duty orders to some shore station within the continental limits of the United States.

Corp. Clement Chagot is spending a 10-day furlough with his parents, Mr. and Mrs. M. J. Chagot of 1010 Balfour road. He is stationed at Pope Field, N. C., where he is in special service.

Lieut. J. B. Dawsey, USNR, is spending a 10-day leave accompanied by Mrs. Dawsey visiting friends and relatives in Grosse Pointe and Detroit. He has been stationed in Washington, D. C., where he was recently honored by being admitted to the practice of law before the U. S. Supreme Court. At the completion of his leave he will report for a special assignment in the Pacific.

First Sgt. George J. Kalowich Jr., has arrived home to spend a 25-day furlough at his home, 408 Neff road, from Camp Irwin, Calif., and expects to leave for overseas soon.

Great Lakes, Ill. — Two Grosse Pointe Farms, men were among those graduating from intensive courses of specialized training at recent service school ceremonies here at the U. S. Naval training station.

The men were selected for their specialized training on the basis of their recruit training aptitude test scores. Graduates are advanced in ratings and then sent to sea, to shore stations, or to advanced schools for active duty or further training.

The recent graduates, the schools in which they trained or their rates are:

Edwin Harrison Lamb, 18, son of Mr. and Mrs. R. E. Lamb, 275 McKinley road, torpedoman school; and Walter Watson Tait, 19, son of Mrs. Helen B. Tait, 69 Meadow Lane, signalman school.

Pvt. Lillian P. Olde, Wac, daughter of Walter Olde and the late Mrs. Olde, 1267 Lakepointe, Grosse Pointe, has finished basic training at Daytona Beach, Fla., and has returned to Fort Sheridan, Ill., where she is working as an acting supply sergeant.

SKI TROOPER

PVT. ROBERT RODGERS, 21, son of Mr. and Mrs. Robert Rodgers of Lakepointe, spent a furlough with his parents. He is a member

of the U. S. Mountain (Ski) troops at Camp Hale, Colo. He is pictured in full dress while training in the Rocky Mountains. Bob was called into active duty in June, 1943, while studying at Butler university, Indianapolis, Ind., and training in infantry communications at Camp Roberts, Calif. Approximately six weeks ago, he volunteered for national ski patrol system and is now in wire and radio communications in the mountain troops.

ROTARIANS 'PLAY' AT HOSTESS CORPS PARTY

—Photograph by A. G. Vaughn

THE Grosse Pointe Rotary club was co-sponsor with the Grosse Pointe Hostess Corps at the servicemen's party held at the Neighbor club Saturday night, Feb. 19. The theme for the evening was set in the historical "gold rush" era and all Corps members and Rotarians attended the party in their finest of "gay nineties" costumes. Some of those who were found mingling with the guests were the above. Standing, from left to right, William Watkins, Lou Demitry, Ray Vanolyko, Bob Boyer, Ernie Graham, C. D. Houston, Ernie Denne, Bill Schultz, and Walter Cleminson; seated, Miss Dawn Wright (dressed as Mao West), and Frank Palmer.

ENTERTAINMENT AT USO PAATY

BETTY RUEHLE held a USO party at her home at 1108 Nottingham recently and some of the boys and girls gathered for their picture in the recreation room of the house. The boys, members of all the services, were entertained by the girls standing, left to right, Carolyn Bancroft, Jean Wilson, Jeanne Bracken, Mary Bracken and Eleanore Beck. Seated are Pauline Bertrand, Betty Ruehle, Yolanda Lunetto, Margaret Smith, and Anne Nicolo. The young member of the party is Janet Wilson.

Gratiot Township Housewife Traps Fake Radio Dealer

When Mr. and Mrs. Alfred Kriebel of 20236 Kenosha, Gratiot township, became suspicious of Harry Renau, whose business address is 9730 Conant, Hamtramck, and swore out a

warrant for his address, they brought to an end a year's search for an elusive radio repair man the Better Business Bureau of Detroit and the police of Wayne county have been trying to locate for the past year. Renau was found guilty of larceny by conversion in Justice Harry Gorman's court, and sentenced to \$100 fine and 90 days in jail.

"We take in radios like a grocer

takes in potatoes," Renau stated, in answer to questioning by Joseph Bannigan of the prosecutor's office in relation to just what he had done with the combination radio-phonograph taken from the Kriebel home on Jan. 20 for repairs, the radio part of which Mr. Kriebel finally located and obtained, although the whereabouts of the phonograph is still in doubt.

It was brought out in the trial that Renau's business had no name, that he had been employed at Dodge's, that he got his radio repair training from his one, two or three employees in the shop during that time and that his firm name and price ceiling "probably" were not listed with the OPA. When asked where he had been and why he had been so hard to locate by the Kriebels from Jan. 20 up to the present time, Renau admitted a poor memory, even to his house number on Kentucky avenue.

This drama is the powerful story of the lives of a young Jewish maiden, Miriam, and Varrus, a Roman soldier, who seek to work out their lives around the world-shaking events of the Passion and Death of the unscathed Christ. Familiar names are Mary Magdalen, Pilate, Caiaphas, Barabbas and Judas. The complications of the economic, social and religious upheavals of the period are

presented in a refreshingly different style... the whole giving a fitting climax to the Lenten season.

Tickets for "Barter" are available at Grinnell's, McDevitt's and the Catholic Theatre office, Chancery building, 1234 Washington boulevard, or telephone Cadillac 1700 for reservations.

Shores Theatre Schedules Fine Double Bill Features

The management of the Shores theatre, Mack avenue at Nine-Mile road, has arranged for a fine double bill of top notch features for March 19, 20, and 21.

The first film on this bill is a picture which has been acclaimed by all as a film worthy of the superb acting abilities of Jimmy Cagney. It is "Johnny Come Lately" in which Cagney is co-starred with Grace George.

The second feature billed is the noteworthy film in which lovely Olivia DeHavilland and Robert Cummings are starred. The picture, "Princess O'Rourke" is a comedy which is the perfect tonic to quiet your war nerves. The film dialogue and acting is a compliment to the fine story.

RED TAKES A LESSON

RED SKELTON tries to find out how Tommy Dorsey does it, as he experiments with the trombone of the top band man today. Dorsey seems to enjoy instructing Skelton in the art of tromboning between scenes from M-G-M's musical comedy, "DuBarry Was a Lady," coming to the Esquire Theatre next Tuesday, Wednesday, and Thursday.

Music, Adventure Billed Together at Aloma Theatre

A fine double bill featuring music and adventure is scheduled for the patrons' entertainment at the Aloma theatre, Charlevoix and Wayburn, March 19 and 20.

Lloyd Nolan and Donna Reed are co-starred in an adventure packed film titled "Apache Trail." This story is filled with dynamic action, full-fledged fights and first class drama. The plot of the story with its high-powered climax holds your interest throughout.

The second feature on this bill stars Bob Haymes and Lynn Merrick in "Swing Out the Blues" with music as the highlight.

Joe Blow Remains As Top Comedian at Club Stevadora

The name Joe Blow has come to mean something to the entertainment world centered around Detroit, for this first class comedian is making "em roll in the aisles" at the Club Stevadora, Harper avenue near Gratiot.

Eddy Shepherd, realizing Joe's great popularity has engaged him again for the coming week. Eddy will act as master of ceremonies for this week's show and his introductions of Blow as well as the members of the rest of the show is nothing but a first class job.

Those introduced are Boyd Senter known throughout town as the musical centipede; Skippy Little, a snappy swing singer; Dick Cole, a romantic singer; as well as Jack Roberts and his orchestra and the Pearl Magley Dancers.

For a real show and for an evening of fine entertainment, drop in at Eddy Shepherd's Club Stevadora and enjoy yourself.

Consultant Decorators Open New Studios Here

Announcement is made this week by Elliott J. Sullivan, of the opening of his new studios today at 15305 E. Jefferson in Grosse Pointe Park. Consultant decorators, Mr. Sullivan and his staff are available immediately to residents on the East Side who have decorating, curtain and drapery problems.

Formerly with the Jefferson Curtain Shop, Mr. Sullivan has been serving Grosse Pointers for the past 12 years. A cordial invitation is extended to the public to visit the studios, where a fine example of his versatility will be seen in the conversion of an unsightly service station building into a modernly appointed and unusually attractive studio.

Lost Pet Finds Owners Concerned Over Phone Call

One of the meanest tricks yet discovered in Grosse Pointe was found this week by a Pointe resident who lost his cat.

The pet, brought here by Mr. and Mrs. J. T. DeFrees of 1025 Bishop when they moved from Park Ridge, Ill., in October, 1943, was discovered missing by its owners Feb. 29.

After placing a lost and found ad, the couple eagerly awaited for the results. Instead, a telephone call informed them that a feminine resident had their cat and that she was going to keep it, for she said that the DeFrees took it from her six months ago.

The DeFrees immediately began to explain that they had come to the Pointe only last October, and "please, could they see the cat?" for they could easily identify it. He is a solid blue-gray Persian cat, with crooked teeth and its tongue is always hanging out.

The woman who has the cat would not consent to this and hung up.

The DeFrees are still wondering who has their Illinois cat, but who thinks it is a native Michigander.

Brave Policemen

Officer J. Flannigan and J. Onstedder of the City police force, rescued a Collie dog from a float of ice at the foot of Lakeland last Monday morning.

As soon as it was set down on land the dog scampered away. It didn't even wag its tail in thanks.

Adaptation of Popular Novel on Colony Screen

The adaptation of a popular novel, plus that of a favorite radio program, makes up the double bill which will be shown on the Colony screen Sunday and Monday, March 19 and 20.

"Lost Horizon" in which Ronald Coleman and Jane Wyatt are co-starred is that popular story written by James Hilton. The fine acting, wonderful scenery, made to order dialogue, makes this one of the best pictures to come out of Hollywood in the past few years. It is a picture no one should miss.

With this, "Henry Aldrich Haunts A House" in which Jimmy Lydon and Charles Smith play, is the second added attraction. All Henry Aldrich fans should not fail to see this picture.

Mason School N-E-W-S

The boys and girls in Mrs. Spalding's 1A have just completed a miniature Naval Air Base, an activity originally inspired by the many airplanes, jeeps, etc., which the children brought to school during the last Bond drive to show what their buying of bonds represented.

One section of this "city" has been built into a pretty residential area where the officers and their families live. Another section has been built up as the air base and training field. This includes a large Administration building with the radio station on one floor, and having a fine towering aerial across the street which the boys have built with construction toys. A large harbor holds many ships and other naval equipment. A garage is set up to keep the many tanks, jeeps, and other machinery in most excellent condition and to train the mechanics. A supply store, barracks and tents comprise another section where the soldiers and sailors eat and sleep. The recreation center reminds the children of one of the many different ways in which their Red Cross money is used to give the soldiers entertainment and relaxation after strenuous hours of work.

Since completing the activity sev-

eral groups have been invited to visit the room and the children of the 1A grade have tried to impress their visitors with the necessity of buying war bonds and stamps to aid in the construction of such bases and to

help train the men to be competent in each of their various duties. It gives a closer feeling to know that the money is used in this country far away from active warfare.

Last Thursday morning, the lower grade pupils of Mason school enjoyed an assembly program held in the gym. The topic of the day was "Safety in School and Out." The service girls of Mason gave an excellent interpretation of their share in maintaining safety in the school, after which Police Chief Goulette

of the Woods spoke on "Safety to and From School." The assembly, closed with "America" and the pledge of allegiance to the flag of the United States.

New Club Rooms Prove A Success for Camera Group

Tuesday evening, the Grosse Pointe Camera club will have its second meeting in its new home at the Neighborhood club.

Don Thomas, president of the club, said that it will be a splendid evening for the photographers because arrangements have been made to have five models posing at one time for the members to take pictures of. The outstanding model will be "Miss Michigan of 1943" who has consented to pose in costume.

The last meeting held by the club, had the largest attendance in its history. It was voted by all that the new clubrooms gave greater freedom to the use of cameras and settings.

Mr. Thomas invites all who are interested in photography to attend and enjoy themselves. The meeting will start promptly at eight o'clock.

To the Editor:

I want to thank The Grosse Pointe Review for the fairness and clarity of the news items regarding the recent election and also to request the use of this column to thank the voters of Grosse Pointe Woods for their fine, loyal and enthusiastic support of my re-election as president.

It was especially gratifying to observe the unselfish manner in which the scores of friends canvassed their neighbors and friends to get out a representative vote. It was the largest in the history of the village.

I will do all I can to merit the confidence placed in me and solicit their further good counsel, advice and cooperation in meeting the problems before us.

Yours sincerely,

Alois A. Ghesquiere, President

Editor
Grosse Pointe Review
Dear Sir:

Permit me to use your columns to correct a mistake made in a publication of The Grosse Pointe Park Civic News, published by "The Minute Men" on Saturday, March 13 and distributed to homes throughout the Park.

My name was carried on the masthead of the paper as president of the group, whereas I am not identified with this group or any other group and this was done entirely without my knowledge or authority.

Very truly yours,
John C. Staudt

To the Editor:

In a recent issue of The Review, you mentioned the Lake Shore Coach Lines was rendering a real service to their patrons and that they appreciated the manner in which the people responded. As a habitual rider on these busses I have made many observations and it has not been my pleasure to notice that the riding public respond very well.

One wonders sometimes how some of these drivers manage to keep cool, calm and collected under many of the trying circumstances they have to endure.

About 20 per cent of the passengers will crowd on the first bus that comes along and demand a transfer, despite the fact that the very bus that will take them to their destination is immediately behind. Many I notice after getting aboard the bus ask the driver "Where does this bus go?"

The matter of having change ready before the bus arrives is the exception rather than the rule. More often the first money they pull out usually is a bill.

To the driver's repeated request that the patrons please move to the rear, few pay any heed. This is usually because some lady has anchored herself by both hands across the aisle in the middle of the bus and refuses to budge — and certainly no gentleman can crash through. The front of the bus piles up until the driver's view of the corners and side streets is obscured and for safety's sake he is compelled to pass up many folks standing on the corners.

Many women display a complete lack of the first rudiments of decency and fair play. On a recent date I witnessed an expectant mother who boarded the bus at Grand Circus Park, stand swaying and clutching to a handle of the bus all the way out to the city limits. There were 10 women, some young, who sat perfectly nonchalant next to this lady.

Another time I saw a woman balance a two-year-old child on one arm and holding to the rear of the driver's seat for the same distance. There was only one man seated on the bus and he was on the rear seat. All those women sat serene and allowed that mother to stand and sway for miles rather than offer her a seat.

It certainly does not bode well for the future of our womanhood when such crass selfishness is displayed. It is true that they have taken on many of the customs of the men but they most certainly have not adopted their manners.

It is true, as you state, that under the handicap of the shortage of equipment, lack of repair parts and excessive increase in population and labor shortage, the bus company has done a remarkable job, but really and truly, the traveling public is not co-operating as well as one might expect.

Why must the women shoppers board the busses in the rush hours causing those who are tired from a day's work to either transfer or crowd into a bus, or even worse, be left standing on a corner? Why cannot the school children, of all ages, be taught a little manners, and use up the standing room, or better still, take their own school busses home? The drivers have enough to do without having to contend with a bus of

noisy children.

Then, of course, there is the man who makes a habit of getting on the bus with a half smouldering cigar, which makes everyone near him become ill.

But why continue? Suppose we all try a little more to co-operate and thus make the driver's job easier and our own ride more comfortable. What do you say?

I Am a Wac

by LIEUT. FREDDIE BOYLE

At the risk of sounding like a press agent for the Girl Scouts, I am going to write about the way life in the Women's Army Corps builds character. For that is one of the many advantages of joining the Wac, and advantages are always weighed when women consider joining the service.

There is a responsibility that goes with wearing a uniform which most of us do not consider until we put it on. The average woman walks unnoticed on a busy street, but a Wac in uniform, weaving her way through the crowd knows she is as obvious as a "silver thread among the gold." This realization tends to make her more careful about her personal appearance, more particular in choosing a place of entertainment, more dignified in her behavior, and thus increases her will power and self control.

In the same trend of thought, an army uniform carries with it a certain prestige and a feeling of self-confidence which many women never experienced in civilian life. Some Wacs who prior to enlisting perhaps shrank from stage appearances before frightening audiences, find that with army discipline and a khaki uniform in their favor, they can make speeches before even more critical public gatherings.

Just the other day a Michigan Wac wrote from her basic training post. "We do things we never thought ourselves capable of accomplishing. I am really not sure just how they get done, but the amazing thing is that they do." Perhaps it is army discipline again that is responsible for "getting things done" — things that women in prewar days considered impossible. At any rate, the army has helped many of us acquire that all-important will to accomplish.

In civilian life there is many an aspiring career girl who finds it far from easy to make a business contact and state her purpose with poise and conviction. But I know a Wac officer who does not hesitate to call at the offices of even the vice-presidents of large corporations. It is different when you have a whole army to back you up.

Kerby PTA to See Garden Movies

The movie, "The Four Seasons in Our Garden," in color, will be shown at the Kerby school PTA meeting at the school next Tuesday evening at 8:30.

The title of this picture aptly describes the thoroughness with which the garden is covered in the picture. Beginning with soil preparation in the early fall, it carries through the cold winter months into spring with the early spring flowers and flowering shrubs. It covers planting, transplanting, pruning and spraying. The midsummer flower show time is shown in all its glory, with many beautiful scenes of borders and beds arranged for color harmony and effect. Particular emphasis is placed on good varieties of annuals. The picture is well titled and subtitled, and a beautiful background of music suited to the garden atmosphere accompanies the showing.

This educational as well as entertaining picture was produced and will be presented by Charles Williams, a noted expert in the field of gardening.

All members are urged to attend the meeting and see the timely showing of the film.

THE OLD JUDGE SAYS . . .

"Sorry Judge, my shipment of suspenders still hasn't come in. Some articles are mighty scarce these days. I don't get anywhere near as much as I could sell."

"With the war going on, Frank, we've got to expect those things. It's true of luxuries just as it is of necessities. Take whiskey, for example. There's a real shortage in that. It's to be expected when you realize there hasn't been a drop of it distilled in this country since way back in October, 1942.

"The only thing distillers have been making during that time is war-alcohol for the Government. So, I wasn't surprised a bit to read how bootlegging and black markets have sprung up around the country as a result of the dwindling supply. Our 13 years of prohibition proved that if folks can't get legal whiskey, they'll get illicit whiskey. Sure hope the shortage doesn't last too long. I'd hate to see this country turned over to the bootleggers again."

A Life Was Ebbing Away . . .

Precious blood . . . ebbing . . . ebbing . . . lost in the foul mud of a battlefield. And a precious American life slips fast away. Blood Plasma—for mercy's sake hurry . . . hurry!

And there is a medical corpsman with that little bottle and the long tube, in time! Another life is brought back . . . to come home again! Another boy will live to say, "Thank God for the Red Cross!"

It's happening this very minute, somewhere out there; thousands of times it has happened since December 7, 1941. Your blood is doing it. Your dollars given to the Red Cross are doing it. Yet, this is only one of the many things which makes the Red Cross dear to service men! The list is almost endless!

"THE RED CROSS IS TOPS!"

—plain talk from the fighting man who knows

Wherever the going is toughest—in desert and jungle and alien land—there you will find the Red Cross, side-by-side with our eleven million fighting men and women.

Coffee and doughnuts and companionship—is this all the Red Cross offers? Let's see—

—if a soldier at camp must be found quickly, perhaps notified of trouble at home, who helps him obtain leave, and advances railroad fare and money if necessary? THE RED CROSS.

—if it is humanly possible, who gets your letters in to the boy prisoner of war—and who gets his letters out? THE RED CROSS.

—wherever possible, who sends every week through the barbed wire of the prison camp ELEVEN POUNDS of American food for your boy—meat, cheese, sugar, chocolate bars—and real American cigarettes? THE RED CROSS.

—if a soldier is wounded, who provides him the blood YOU gave, who cares for him in his convalescence, who provides sympathy and comfort and understanding? THE RED CROSS.

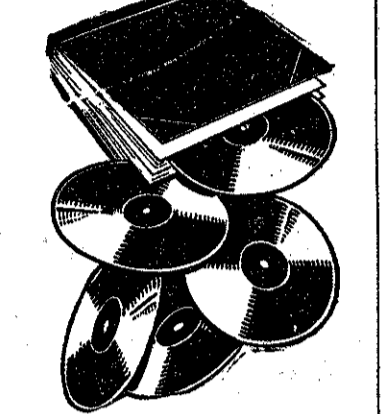

These are just a few of the services our men and women are grateful for. There are many others. When you dig into your pocket this year for your annual Red Cross contribution, dig deeper than ever before. Can your money be spent for any worthier cause?

PEACE EVANGELICAL LUTHERAN CHURCH
 East Warren at Balfour
 REV. ENNO G. CLAUSS, Pastor
 H. E. KOEHLINGER, Vicar
 Some people have the strange idea that Christianity ought to shield a person against all the heartaches of life, said Pastor Claus. "They think," he continued, "of Christianity in a kind of superstitious way as though it were a charm which would keep sickness, disappointment, crosses and suffering away from the person who wore this charm. That is not true. The fact is that some of the most loyal sons of God and some of the most beautiful and consecrated daughters of the heavenly Father have been among the greatest cross-bearers of all time. Come and hear Sunday morning's message: "The Christian and His Trouble." Services are held at 8:30 a.m. and 11:00 a.m. Sunday school for those in the cradle roll to those in the Bible class meet at 9:45 a.m.
 "The Smiting of Jesus" is the theme for the fifth midweek Lenten service, Wednesday, March 22, at 8:00 p.m.

TIRED OF READING WAR FUND ADS?

Tired? Tired, did you say?

Out there, propped against a shell spattered palm tree, is a boy from Michigan. Maybe he's dreaming of home — if he isn't just too tired to dream. Through mud and desert, through gunfire and land mines, through swamps and volcanic reefs, he has followed orders to push on—on—on!

If you were there, YOU would do something for him. You would see to it that he got some refreshments — and maybe a little relaxation when he got back to his base and had a little leave. You'd put him to bed between some clean white sheets and say "OK soldier—now have a good night's rest!" You'd do a lot of little things if you were there. That's where the Red Cross comes in. You can't be there—but the Red Cross *is* there—in there with all our boys — doing the things you would do!

And if he were sitting in your chair now, and you were out there in his place—yes, you can bet your life on it — he would dig down and give generously, because he knows what it is to be tired — and knows what it means to have the Red Cross at his side.
