Announce Deadline For Honor Roll Memorial Listings

The deadline for the names to appear on the Grosse Pointe honor roll for dedication on Memorial Day has been set for May 10 by officials of the Grosse Pointe Honor Roll Association.

Would like to See State Law Amended Regarding Parsonage

President Ward S. Van Deusen of the Grosse Pointe Park village commission expressed his opinion regarding the state law governing tax-exempt parsonages at the commission meeting Monday night.

Two communications were received by the clerk requesting the parsonages be taken from the tax rolls. The first was from the Protestant Episcopal church of the Messiah, located on East Grand boulevard, asking that the pastor's home at 1309 Yorkshire be tax-exempt.

The second request was made by the Grace Evangelical and Reformed church located at Kercheval and Lakepointe to erase their parsonage from the tax rolls; the home is located next to the church.

After reviewing these two communications, Mr. Van Deusen said that inasmuch as their requests were within the state law, they must be granted. However, he said, it is in the case of the Protestant Episcopal church on which he bases his opinion that the state law should be amended.

He said that there should be some provision made whereas the parsonage, in order to become tax-exempt, should be situated within a certain distance of the church.

Mr. Van Deusen further explained that as the law is now interpreted, if a home has been proven a parsonage, it claims exemption. If this is the case, he said, Grosse Pointe could easily become a community of parsonages whose churches could be located anywhere in the whole of metropolitan Detroit.

However, after the commissioners and Mr. Van Deusen expressed their opinions, they concluded that the Park could do nothing about this and must abide by the law as it is now written.

Governor Proclaims Michigan Food Month

STATE OF MICHIGAN Executive Office Lansing

PROCLAMATION

In proclaiming the month of May to be "More Michigan Food Month", I am asking the cooperation of the public in realizing the following objectives during 1944:

1. As consumers—become better acquainted with Michigan's diversified, quality food products; use more of them, and thus help relieve over-burdened transportation facilities.

2. As producers—grow more Michigan food and thus help prevent an anticipated shortage of vital foodstuffs next winter; plant more and larger Victory Gardens this spring.

3. As retailers—purchase and sell more Michigan foods.

As 1944 appears to be the year of crisis, so Michigan must mobilize its resources at once to win this battle of food at home. Everyone has an essential job to do. I respectfully enlist your support in its performance as an important contribution to Victory.

Therefore, I, Harry F. Kelly, Governor of Michigan, do hereby proclaim May as "More Michigan Food Month" and request that its purpose be brought to the attention of all the people in the interests of their accomplishment.

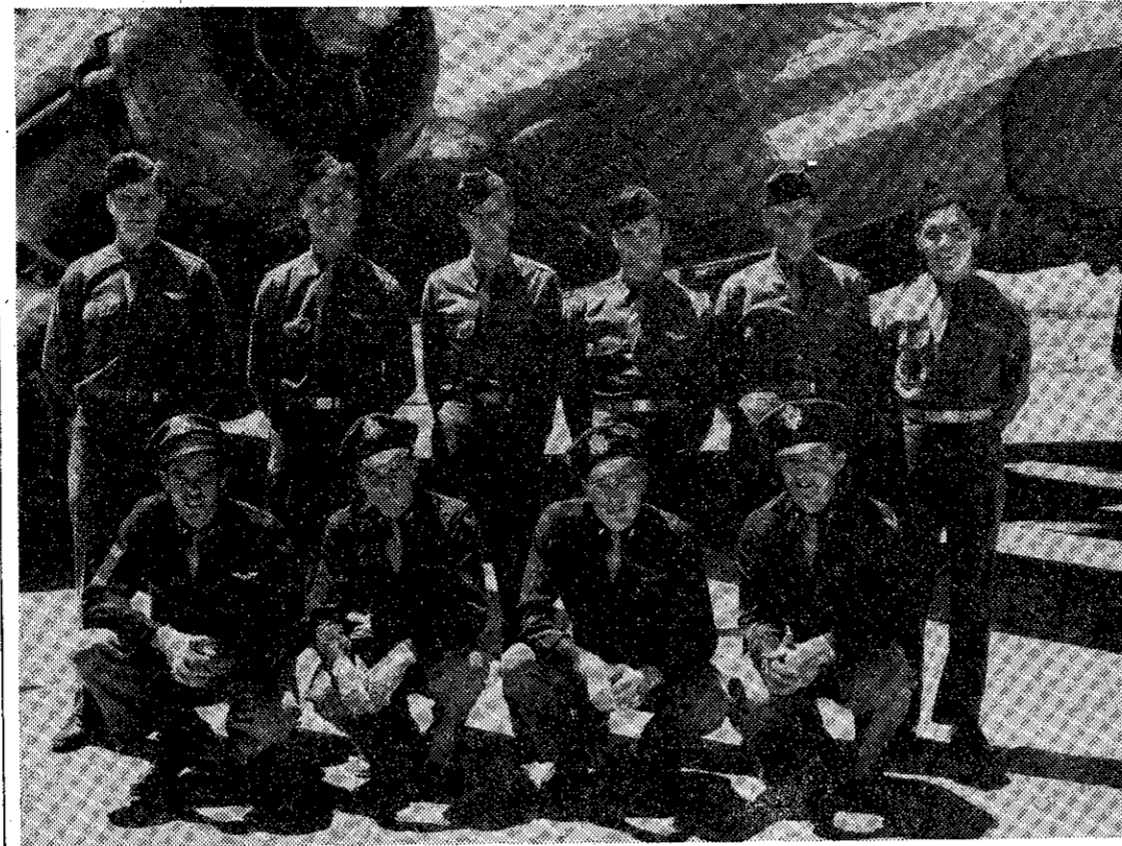

Given under my hand and the Great Seal of the State of Michigan, this twenty-first day of April, in the year of Our Lord, One Thousand Nine Hundred Forty-four, and of the Commonwealth, the One Hundred Eighth.

BY THE GOVERNOR Harry F. Kelly

BY THE SECRETARY OF STATE Herman H. Dignan

Reproduced above is a proclamation by Gov. Harry F. Kelly calling for statewide emphasis during the month of May on the importance of Michigan agriculture and the food industry generally to the wartime needs of the nation in this "year of crisis."

POINTE BOMBARDIER WITH FLYING FORTRESS CREW

LIEUT. BRUNO MAS, of 866 Cadieux road, is shown above, fourth from the left in the front row, with the crew of a Flying Fortress which has been trained by the Second Air Force at the army air field in Alexandria, La. Lieutenant Mas, the bombardier of the crew, has completed an intensive course in combat flying at the Alexandria field and in the near future will go overseas to a combat area. He is the son of Mrs. Josephine Mas and the husband of Mrs. Frances Rodeck Mas, who lives at the Cadieux road address. He is a graduate of Hamtramck high school and attended the University of Detroit.

Seventeen-Year-Old Girl Tied Up While Alone in House

A 17-year-old girl was found in a hysterical condition Wednesday night, April 26, by her father in their home in Grosse Pointe Farms, after the girl had freed herself from ropes with which she was bound by a youth who entered the house while she was studying.

The girl told police that her parents had left for church services about 7:30, leaving her alone. Shortly after ten o'clock, she heard the front door knob turn, and thinking it was her father, she went and opened the door.

A youth, standing in the door, and forced his way into the house, threatening her with a dagger. He then bound her hands behind her with a piece of rope. However, before doing further harm, the girl convinced the youth that her father was expected momentarily, and learning this, he fled.

About 15 minutes later, the father returned and found his daughter locked in another room. She said that the youth wore a white cloth across his face with holes for his eyes.

Farms detectives are working on the case.

Woods Police Halt Wild Driving Spree

Grosse Pointe Woods police halted a wild-driving spree last Friday night when it was reported to them that a group of boys were driving down Oxford road at a high rate of speed.

The officers found a 15-year-old Park youth who said he was given the car by a neighbor to wash. Instead he decided to call on a friend in the Woods and wash it there.

Police called the owner and asked him to claim his car on his way home and drop the youth at his home.

Park Announces Members of Board of Review

Upon the recommendation of the Park president, Ward S. Van Deusen, it was agreed upon that John Staudt and James Atkinson will become members of the board of review.

The board will meet on May 15 and 16 from 8 a.m. to 8 p.m. to review the 1944 assessment roll, and any complaints will be heard at this time.

Farms Victory Gardens Now Being Disked

Harry Furton, Farms village clerk, announced this week that the community Victory gardens are now being disked in some localities and the remainder will be taken care of as soon as the conditions of the ground permit disked.

Stolen Bicycle Returned to Owner

The bicycle owned by Master Ducastel of 1248 Maryland which was stolen on April 28 from in front of a local theatre, was returned to him the following day.

Police Ask Warrants for Three Youths After Looting Homes

Grosse Pointe Park police are asking for warrants for three youths who are charged with breaking and entering the Guy Powell home at 729 Pemberton road on Tuesday, April 25, after the group was apprehended in a West Side home on April 27 by Detroit police.

The boys are John Tefo, 16, George McCann, 17, and John Howe, 17, all of West Side addresses. At the present time, Tefo is being held at the juvenile detention home while the latter two are in the Wayne county jail.

After being questioned by Detective Sgt. Arthur Louwers of the Park, the two confessed to entering the Powell home, as well as attempting to enter 789 Pemberton road. Tefo said that they were frightened away before they were able to gain entrance to the house.

He also said that approximately two weeks ago, he attempted to gain entrance to a large white home but while trying to get into the house through a window in the attached garage, a shadow crossed the door, warning him that someone was in the house.

This same group of boys are wanted by the police in Highland Park and Detroit for similar charges. Tefo, who appeared to be the "brains" of the group, said that while he was in Hollywood, Calif., recently, he "pulled 40 jobs before he was caught by police."

Commission Denies Three Soliciting Permits for Park

Three people were denied soliciting permits Monday night by the Park commission who felt that the residents do not want to contend with the ringing of doorbells and being confronted by people selling something.

The first request to be denied was that of Mrs. Helen Kutner of 1352 Wayburn who said that she solicits her customers by telephone and delivers articles made by blind people. Although soliciting by telephone was questioned by the commissioners, it was agreed that under provisions of a Park ordinance, permission could not be granted.

Col. C. M. Murray whose address was the Samaritan Army, Inc., Detroit, was denied his request to distribute Christian literature two times a year to the Park residents. The literature would have been distributed from house to house.

The third request was that of Genevieve Konar of 1445 Lakepointe, who asked to be given permission to solicit business for beauty products in this area. Her petition, likewise, was denied.

Strange Noises?

A Buckingham road resident reported to Park police that in the house next door, whose occupants were away, there could be heard a strange noise. She asked the police if they would investigate.

After walking around the house several times and peering into the windows, and after the caretaker was summoned, it was found that a tack had been placed in the doorbell button and the bell was ringing.

Invasion Meditations

A number of churches on the East Side of the city have announced that they will be open for prayer and meditation whenever the expected invasion of Western Europe takes place. Some churches have already observed the practice of being open for devotions during the week. It is believed that the special concern of parents, wives, and friends, for their loved ones in the armed services will lead many to welcome this opportunity for intercession and communion.

Ration Books Stolen

Mrs. Helen Lappa of 1359 Lakepointe, reported that her gasoline ration books were taken from the glove compartment of her car which was parked in the rear of a restaurant at Wayburn and Jefferson last Friday evening.

Spread Budget On Tax Rolls

The 1944 budget for the village of Grosse Pointe Park was approved by the commission at its meeting on May 1, and is ready to be certified by the village assessor and spread on the tax rolls. Ward S. Van Deusen, village president, said that due to the budget battle which is fought every day and which resulted in a surplus from the budget for 1943, he hopes that the current year will be as successful.

Although Monday night's meeting was designated a public hearing set aside for any resident to express his views regarding the budget, only Karl B. Goddard, ex-president of the village, raised his voice. He commended the commission and the village manager for the very fine job of determining the budget, saying that they are well provided to do the job which they have undertaken.

Although a cash-on-hand surplus is not a new thing in the village, it was found that with a 95 per cent collection of all taxes, this was easily done last year, and the citizens of the Park are to be complimented on this fact, according to President Van Deusen.

The method of determining the surplus reapportioned is made up of the cash balance from the general fund as of March 31, 1944 — \$29,057.93. Added to this is the estimated prior year's tax collections of \$11,700. Deducted from this is the estimated current tax delinquency of \$18,120.93, leaving a net balance of \$22,637.

In regards to the other half which makes up the surplus, it is found that the balance in the debt service is \$32,725.56. Added to this is the estimated prior year's tax collection of \$8,300 with a deduction of the current tax delinquency of \$14,903.58; this leaves a new balance of \$26,121.98.

These two totals make up the surplus of \$48,758.98 which has been reappropriated in this year's budget. The budget which was passed is as follows:

Table with 2 columns: Category and Amount. Includes General government, Finance, Public safety, Parks and recreation, Public works, Water supply, Capital improvement, Contingency, Debt service, Revenues, Property tax, Miscellaneous revenues, Water department revenues, Surplus reapportioned.

Additional Honor Roll Names

A third supplemental list of honor roll names has been released this week by the Grosse Pointe Honor Roll Association and appears elsewhere in this edition. These names will be added to the complete list which will be erected upon the 100th anniversary of the

Robber Disregards Woman's Challenge Ransacks House

One of the boldest thefts in Grosse Pointe Park in the past few months, took place early Wednesday morning at the home of A. J. Bloodsworth, at 1025 Devonshire. Shortly after four o'clock, Mrs. Bloodsworth was awakened in her room by someone walking. After calling out, she was told in a voice which was trying to imitate her husband's, "I'm going into the bathroom." Realizing that it was a burglar, she pretended to go back to sleep.

During the 20-minute "visit" of the thief, Mrs. Bloodsworth watched the man enter her husband's room, her daughter's room, and her own room going through everything he touched. Each time when he returned to her room, he would flash his light on Mrs. Bloodsworth, to see if she was still sleeping.

Although she admitted later that she was very frightened watching the intruder go into the various rooms of the house. At one time she attempted to reach for her bed telephone, but before dialing the police, the thief returned.

The loot obtained from dress drawers, jewel cases and wallets included in excess of one thousand dollars. This included jewelry and cash. As soon as the thief left the house Mrs. Bloodsworth immediately called

Morning Sendoff to See Ten Men Leave for Navy

A group of 10 men will leave tomorrow morning, Friday, from the Neighborhood club, to enter the U. S. navy, after sendoff ceremonies prepared for them by the members of the Home Front committee and the women of the Breakfast club.

Friends and relatives, as well as visiting servicemen and women, are invited to attend the sendoff, which will begin at 6:45 a.m. Those who are leaving are Nicholas A. Mayer, 71 Vernier road; James R. Hamilton, 303 Kerby road; Douglas J. McIlroy, 462 Notre Dame; John E. Danaher, 699 Lakeshore; Raymond M. Veado, 18557 Elkhart; Warren E. Dodge, 11391 Roxbury; Leonard J. Rintz, 20461 Washnetaw; Cyril H. Saicns, 20310 E. Eight Mile road; James W. Campbell, Wilkinsburg, Pa.; Vernon Sylvester, 155 Grosse Pointe boulevard.

Victory Gardens Still Available in Farms Says Village Clerk

Harry A. Furton, Farms village clerk, reports that there are still a number of community Victory garden plots available. The location of the community projects and gardens available are as follows:

- Radnor Park area 15; Lothrop Road Gardens between Kercheval and Ridge road 5; Kerby Road Gardens at Kerby and Beaupre 5.

Applications are assigned in the order received and residents who have been planning for Victory gardens and have been unable to locate for themselves may be assigned a garden by calling at the office of the village clerk, making application and payment of a \$3.00 fee which includes the plowing and disked cost.

Present Retiring Trustee With Resolution on Citizens Behalf

At the close of the meeting held Monday night in connection with postwar projects, the members of the village trustees adjourned with a little ceremony when James K. Watkins, village president, presented Joseph Snay with an attractively prepared resolution extended to him by the village trustees on behalf of the citizens of the community for the services rendered in his 21 years as a member thereof.

Board of Education Begins Census May Asks Co-operation of All Pointe Parents

According to the Michigan state law, each school district in the state is required to take an annual school census during the last 20 days of May. This enumeration will be started in Grosse Pointe on May 11, and every home in the community will be visited by an enumerator.

All families, whether there are children of school age or not, are required by law to give the necessary information. All census enumerators have been furnished with an identification card signed by L. M. Bartlett, director of census enumeration for the Grosse Pointe board of education, which will be gladly shown by them on request.

This census is made necessary so that corrections and additions to the census records, kept on file at the local board of education offices and state department of public instruction in Lansing, may be made. All children between the ages of birth and 20 years of age inclusive residing in the district are included in these records.

Why???

The Review has learned that further reduction of the police department personnel has been contemplated by the village commission. Because of the bold robberies occurring in the Park as a result of the summer vacation season to be taken by the officers it is of vital importance to every resident to contact the village president, commissioners and the village manager and express their disapproval in this matter.

Park police. When she attempted to tell her husband and daughter, she discovered that they had "slept the whole thing."

Investigation by police shows that the intruder broke a small pane in a rear window to gain admittance. He left through a rear door. Police believe that he had an automobile waiting for him on Buckingham footprints show this to be true.

Tuesday night, police were called to the Richard Sterba home at Bedford, on a prowler report. However Detective Sgt. Arthur Louwers could not connect the two together.

Henry W. Piel, police chief, said all residents, who are asked suspicious questions or see suspicious persons, to immediately call the police.

Cadieux-Notre Dame Victory Gardens Are Ready for Planting

The first community Victory Garden plot in Grosse Pointe ready for use was staked out Tuesday afternoon, and the first community gardener was turning soil before the day was over. W. Fetter, assisted by his young daughter, has the honor of opening season on the Cadieux-Notre Dame plot, situated south of Kercheval.

This plot has been laid out in gardens of larger size than available last year, and all expenses have been applied for. It looks like a banner season compared with last year, when it was of May before the gardens could be worked.

THE JUNIORS DOWN GRO SSE Pointe high way certainly deserve a pat on the back for the super-duper job they did on the junior prom last Saturday.

All the kids were sure to be on time for the dance but I did see Dick Ryan 'n Carole Pierson. Jim Bailey 'n Betty Pinkston; Woody Guisti 'n Marilyn Buck; Floyd Nixon 'n Marilyn Shields; and Jim Holt 'n Jeanne Quail make their appearance a little later.

All the kids, who didn't have a share in planning the dance, were very anxious to see for themselves what the big surprise of the evening was going to be.

The big surprise of the dance occurred when a real honest-to-goodness fortune teller started to tell the kids' fortunes in a little tent affair right outside the gym called "Mertz and Mystic."

Jack MacKenzie 'n Katty Stewart; Dave Fairless 'n Barbara Sickels; Gardner Strawbridge 'n Barb Hawksworth; Tom Castner 'n Bonnie Tait; Jim Trousedale 'n Letty Kretschmar; Mike Bloy 'n Evie Osborne; Jack Wilson 'n Joanne Morrison and Jack Seeber 'n Bette Marchand were seen coming out of the fortune teller's all smiles — could it be Miss Mystic was right?

Dick Dossin 'n Gloria Schlitters; Lois Gehrig 'n Marvin Adams; Marge Wolfe 'n Bill Maas; Drew Smith 'n Ruth Ann Sheaffer; Bobby Jones 'n Don McLean; Marge Botts 'n Fred Seltzer; and Mac Barnum 'n Judy Stuchell were grouped around the piano during intermission to listen to Jim Hamilton impersonating such favorites as James Cagney, Ronald Colman, and Ted Lewis, and Jim Holt and Floyd Nixon singing a few songs in their famous two part harmony which was not bad at all in fact it was really good.

Before the dance, Larry Diamond invited a few of the crowd over for a dinner party. Saw George Schreck 'n Peggy Erbe; Bill Erbe 'n Mary Lou Long; and Jeanne Simmons, who was of course Larry's date.

Open houses galore swarmed the Pointe after the dance Saturday. Jack Wilson hung the welcome sign on his door and all the kids didn't forget to go. Practically everyone showed up, so they say.

Dear Sir:

I have been receiving The Grosse Pointe Review each week I have been in the service. I have enjoyed very much such articles as "Listen" and of course the "Service Parade." I have been very much interested to read all the swell articles which mean so much to a fellow away from home. I am stationed in the biggest camp in the world and it is Camp Pendleton. Here we are training to be physically and mentally fit Marines. We are training to do any kind of communications work; and have learned

to operate teletype machines, radios as well as code. We are also switchboard operators, pole climbers, wiremen, repairmen. In general we are all-round men but we call ourselves just plain "communicators." Thanking you again, I remain,

Headquarters Army Air Forces Central Flying Training Command, Randolph Field, Texas. — Climax of the effort made by midwest and central United States to assist in manning the great air fleet designed to blast the invasion path through Europe was reflected in graduation ceremonies today at 11 southwest advanced flying school for pilots of the AAF training command.

Hundreds of young men from the midwest and central section of the United States received their commissions as fighter and bomber pilots at the 11 schools in Texas and Oklahoma. Ohio, which led the nation at graduation ceremonies five weeks ago, was second in total number of graduates at today's ceremonies with 298, close behind Texas which had 326. Illinois was third with 264. Every state in the nation was represented at the ceremonies.

Pilots who will man the controls of Thunderbolts, Lightnings, Mustangs and other fighter planes were graduated from the Texas schools at Eagle Bass, Aloe and Foster fields at Victoria and from Moore Field at Mission. Fortress, Billy Mitchell, Marauder and Liberator pilots were graduated from the bomber pilot schools in Texas at Waco, Ellington Field at Houston, Brooks Field at San Antonio, the army air fields at Lubbock and Pampa and from Oklahoma schools at Frederick and Altus.

Among the new pilots are two men from Grosse Pointe. They include Lieut. Robert O. Derrick, 174 Ridge road, and Lieut. Ralph W. Savory Sr., 1413 Nottingham.

In the past year that I have served in the army, I have noticed that too many women take the wrong approach when they contemplate enlisting in the Women's Army Corps. They worry about how little money they are going to make as a soldier in comparison with the high salaries paid in their civilian occupations. Some women hesitate to enlist because they fear having to work for someone they dislike or perhaps they will not be allowed to do the kind of work for which they consider themselves best qualified. Others feel sure they will not be able to get along with the rest of the women in the barracks, or maybe its just that they object to living with so many people. They complain further that they do not like to take orders and that they frown on the necessity for regimentation.

In the army, as in civilian life, it is most unlikely that any woman will find everything about her job and her living quarters exactly as she would like them to be. Wars and wartime conditions have never been especially pleasant, but when we become involved in a world-wide struggle it is our duty to help. So rather than look at the prospect of service from the angle of how much unpleasantness there is attached to the job, why not find out how much good you can do for your country, your fellowman, and for yourself? Why not remember that even if you do draw an assignment not exactly in line with your preference, it will, at least, be a job that will help win the war... and that is the task at hand... How about concentrating on the opportunity for service rather than on the risk of a few unpleasant duties?

Sergeant Skarg, whose unusual former occupation earned him the title of "skip tracer," is also in charge of his unit's baseball program. At present he is supervising the construction of a baseball field on a site that used to be a golf course.

"Englishmen can't make heads or tails of our game of baseball," Sergeant Skarg reports, "but you ought to see us trying to figure out their equivalent of the diamond sport — cricket. It just doesn't make sense!" Inducted in August, 1942, at Fort Custer, Mich., Sergeant Skarg was sent to Camp Berkeley, Tex., for basic training. He was assigned to his present unit at Camp White, Ore.

Sergeant Skarg is married to the former Miss Margaret C. Tucker, who lives at the Kerby road address.

★
Herbert H. Beaver this week received a much coveted pair of pilot wings and was commissioned a second lieutenant in the United States

army. This event marked the completion of one of the most rigorous courses of training prescribed by the army air forces training command.

Lieutenant Beaver entered the army air forces last year as an aviation cadet and was sent to the classification center at Nashville, Tenn., where he was chosen as potential pilot material. From there he went to the AAF training command and preflight school where he underwent arduous toughening-up exercises and study. He received his primary and basic flying training at various training fields in the southeast and was then sent to the army air forces advanced flying school at Marianna, Fla., for two months intensive course in single engine flying tactics and operations.

Lieutenant Beaver is the son of Mr. and Mrs. Albert Beaver, of 2017 Hunt Club drive, Grosse Pointe Woods. He attended Grosse Pointe high school.

Initial Trip for Detroit-Buffalo Run Scheduled for May 6

The earliest opening of navigation between Detroit and Buffalo in several seasons was revealed today when officials of the Detroit and Cleveland Navigation company announced that the D&C steamer Greater Detroit will make its initial trip of the season to Buffalo on Saturday evening, May 6.

"This year, of all years, it is particularly fortunate that an unusually mild winter has made this early opening possible," James McMillan, general manager, said in announcing the 1944 schedule. Because of the extremely congested condition of other types of transportation and the present scarcity of hotel accommodations, the big D&C steamers, serving as the traveler's hotel while enroute, will provide welcome relief for travelers between these two cities. With the convenience of overnight service each way every night, and with ample accommodations for pleasure travelers as well as for those traveling on business, the 1944 season is expected to be one of the busiest in the 76 years history of the D & C Lines," he explained.

"A feature of the D&C schedule," McMillan continued, "is the fact that arrival and departure times permit a full day's business activity in either city."

"In addition to relieving the travel congestion between these cities, the regular nightly sailings to Buffalo will aid considerably in the movement of freight between these industrial centers, it was said. The D&C steamers have a total capacity for handling more than 1000 tons of freight nightly, McMillan explained.

The D&C schedule calls for sailings from Detroit and from Buffalo each night at 5:30 and arrival in each city the next morning at 9.

Neighborhood Club N-E-W-S

Junior Victory Gardens—
Plans are now underway for the boys and girls who have applied for junior Victory gardens on the Neighborhood club playground to plant their seeds next Saturday May 6, at 9:30 a.m.

And good news for those who were late in applying, a program for home Victory gardens will be held in connection with the summer day camp program.

Summer Day Camp—
And of course there will be more news about summer day camp which will be held five days a week Monday through Friday. On Monday, Wednesday and Friday the day camp will be sponsored by the Neighborhood club for both boys and girls and on Tuesday and Thursday the day camp will be sponsored by the Camp Fire girls but will be available to all girls.

The volleyball fellows and girls had a grand hike and cookout last Thursday night. The girls provided the potato salad and ice cream and spent the evening before baking cookies for the big affair and we can say the boys did justice to the swell food.

Momnie and Popsie Night—
All the boys and girls classes are now preparing for their grand finale of the season to take form in a momnie and popsie night at which time the parents will enjoy an evening of entertainment put on by their youngsters. The date has been set for Wednesday night, May 31.

Defer School N-E-W-S

The girls and boys in 1A are observing Humane Week or kindness to animals by having a pet show. They have bunnies, pandas, dogs, cats and bears.

They have learned how to feed and take good care of them and have read many stories about animals and are now enjoying the story of "Honey," the city bear who escaped from the truck that was taking him to the zoo.

The children know that animals are their faithful friends.

Vernier School N-E-W-S

The second grade and third grades at Vernier joined the Junior Audubon club. These children are finding out many things about birds. They all wear badges with a picture of a red-winged blackbird. Both rooms get pictures about birds and a magazine each week from the National Audubon society.

We are getting ready to have a garden. We are busy making plans. Everyone in Vernier school will help with our garden.

The sixth grade boys and girls went to the opera, "The Barber of Seville," at Pierce Junior high school. They all liked it.

Second Grade Group Composition, Vernier school.

Poppy Day Volunteers to Sell on Park Streets

Michael A. Whalen, in the name of the Disabled American Veterans, was granted permission to station Poppy Day volunteers on the streets of Grosse Pointe Park for May 24 and 25 when the group sells their poppies made by the disabled veterans.

Trombly School N-E-W-S

The 5A class has been assembling exhibits showing the evolution of communications from earliest times to the present. Members of the class are acting as curators and will be prepared to give lectures on their communications exhibits.

Bernie Falk, 6A teacher at Trombly school and Vernon Hicks of Mason school gave a splendid and enjoyable gymnastics exhibition for the Trombly children on Friday, April 21. The latter part of the program consisted of a clown act with Mr. Falk playing the clown much to the amusement of the pupils.

The 1A-2B room had four bunnies as visitors recently. Two belonged to Mickey McGinty and two belonged to Ann Bacon. They were taken to several other rooms for short visits to be affectionately admired and gently petted.

The kindergarten, 1B-1A rooms have planted seeds and are learning about how they grow and how to care for a garden! Later they plan to sell the plants to Victory gardeners.

The bulletin cases display colorful arrangements of the arrival of spring. Spring hats, cleverly made of paper and paint by fifth and sixth grade pupils, a dancing circle of vegetable-fashioned from paper and ideas, cards of flowers, birds and umbrellas, and gardening plans denote the various themes of spring.

Judith Wilson 4A and Daniel Wilson 2A transferred to Highland Park schools. Lynda Gaskell is a new 3A pupil from St. Louis, Mo.

The 6B grade of Trombly school ended their social studies unit on Friendliness by taking a trip to the Goodwill headquarters.

In making a tour of the building, the students saw the handicapped people working, making many fine articles out of old and discarded objects. They noticed how careful the Goodwill is about using everything that is brought to them, not even one little button is thrown away. They realize the friendly thoughtfulness of the Goodwill organization when they were told that never are the workers reminded of their handicap.

The pupils all came away from the Goodwill with a great admiration for the organization and the opportunities it offers. One student expressed the feeling of the whole class when he said, "I'm going to fill our Goodwill bag as full and as fast as I can!"

Bon Secour Guild to Hold Annual Meeting

The Bon Secour Guild will hold its annual meeting Tuesday, May 9, at 1:30 p.m., in the Bon Secour hospital.

Mrs. Elmet T. Labadie will preside at the meeting and call for annual reports. Officers for the coming year will be elected.

The Rev. P. L. Cogan, O.S.A. will be the guest speaker. Tea will be served after the meeting. Mesdames Russell Piche and William J. Meade will pour.

Voted Memberships in Realty Association

At the last meeting of the board of directors of the Eastern Detroit Realty Association, which was held April 27 in the residence of Dave Franklin on Outer Drive, the following real estate brokers were elected to membership in the association:

Joseph W. Carney, 10232 Chalmers; J. Gerald Gunn, 305 Ashland; and Mrs. Madge Beauchamp, 3081 Drexel. Several other applications are pending.

Woods Church Group Purchases New Site

Calvary Lutheran church, Grosse Pointe Woods, has purchased a plot of ground, 495 feet long and about 100 feet or more deep, along Vernier road (Eight Mile) between Helen and Jackson for their future church site. This is a great step forward in the history of the congregation, and we have a great deal to be thankful for since the congregation has been greatly blessed by the Lord in many ways. According to present plans the future church will face Helen avenue. The type of architecture will be Colonial in every detail to fit in with the type of architecture that is predominant in the village.

Famous Authority on Japan to Speak at Jefferson Avenue Baptist Church May 7

Dr. William Axling, of Japan, speaks at the Jefferson Avenue Baptist church, East Jefferson at Lakeview on Sunday morning, May 7, at eleven o'clock.
 Dr. William Axling of Tokio, Japan, has rightly been called the "statesman-missionary" of that country and his service to the Japanese people has brought him many times before leaders in high places. In recent years, until Pearl Harbor, Dr. and Mrs. Axling lived among the Japanese laboring people in lower Tokio. Here as the only missionary family among over one million industrial workers they carried on extensive social welfare, educational and evangelistic work. After months of internment the Axlings returned to America among the "repatriates" who arrived in New York on the "Gripsholm" in December, 1943.

Dr. Axling is a native of Nebraska, a graduate of Nebraska university and of Rochester Theological Seminary. Dr. and Mrs. Axling went to Sendai in 1901 and were later transferred to Morioka where they were 120 miles from the nearest "foreign" neighbor.
 In 1906, the Axlings went to Tokio. In that great city Dr. Axling founded and developed the Tokio Misaki Tabernacle, that great institutional church, open every day in the year, with a program of evangelization, education and social service. The whole building is used as a community center. The work of this church was so much appreciated by the Japanese that the government, as well as individuals, helped in the restoration program after the earthquake. The settlement, connected with the church, does a worthy work in the slum sections of that great city.

Dr. Axling rendered a notable service at the time of the Washington conference on the Limitation of Armament in 1921, when his intimate knowledge of the Japanese people in all stations of life made him an authority on certain points and led to important conferences with representatives of the various delegations. During his furlough which occurred at that time, he gave 253 addresses to help promote better international relationships; speaking many times before influential citizens, and on one occasion to a group of congressmen upon their invitation and desire to know conditions in Japan.

Dr. Axling has held important positions including the presidency of the Conference of Federated Missions of Japan and the executive secretaryship of the Japan National Christian Council. He was one of the secretaries of Japan's delegation to Jerusalem and Madras meetings. He served the Kingdom of God Movement as its secretary.

Dr. Axling is the author of "On the Trail of the Truth About Japan," "Japan on the Upward Trail," "Japan Wonders Why" and the "Life of Kagawa."

American Legion AUXILIARY

Our spaghetti dinner was a grand success in spite of the rainy weather, just a regular 303 get-together. Our district president, Agatha Schulte, was our guest and two members, Lyda Ellerick and Dr. Bertha Hapke, whose business keeps them from attending meetings were present. It sure seemed good to see them. We hope our birthday party in May will bring everybody back out again, watch for the date. The climax of the evening came when Bill Vanden Heuvel presented our president with the unit colors, beautifully re-lettered, we do appreciate his kindness.

Our juniors are still at work doing that which keeps our unit out in front. Doris Nielsen is chairman for the cancer drive and will be a busy young lady this week, keeping check on her crews at the various theaters. Jane Bishop has been assigned to the Red Cross canteen at the Romulus air base in addition to her regular assignment at the blood bank.

We are happy to welcome a new member, Mrs. Jenny Ford, and hope to see her at the next meeting.

Mrs. Kathryn Vanden Heuvel was elected second vice-president and was installed by our junior past president, Marie Casey. Congratulations Kay.

Phyllis Wiggert is reported ill and we hope her recovery is rapid.

Rowna Weaver is now a navy "mom" as her son is in boot training

at Great Lakes, and Lille Knoff will be one also in a few days when son Jerry leaves for the navy.

The last week in May brings us poppy day again, Elva Nielsen is signing up her salesmen, so if you want your regular corner or school, get in touch with her soon. Lots of extra salespeople are needed this year.

Two of our members have been doing some gadding about, Doctor Hapke in Florida, visiting son Ernest

and basking in the Miami sunshine, while Chaplain Margaret Berfeld took a jaunt into Canada, but it wasn't sunshine that she found as she was snowed in during her entire stay.

Community Club Asks Purchase of Property

Officials of the Grosse Pointe Woods Community club sent in a

written request to the Woods commission Tuesday night asking them to purchase the property on which the former Club Hoop-Dee-Do building stood, as it is understood that this property is for sale.

A. A. Ghesquiere, village president, referred the matter to the recreation committee for further study.

Park Victory Gardeners Invited to Attend Question - Answer Session Tuesday, May 9

Grosse Pointe residents, who expect to grow vegetables on the Harcourt and Cadioux roads community plots, are invited to attend a question and timely suggestion hour dealing with Victory gardening Tuesday evening, May 9, at eight o'clock at the Park Municipal building. The meeting has been planned by Mrs. Frederick S. Ford, garden chairman for the Grosse Pointe branch of the Women's Farm and Garden Association; Miss Lucille Brown, a Harcourt plot gardener; and William G. Staman, clerk of the village. The expert answering garden problems will be V. H. DePetris.

Each of the community plots in the Grosse Pointe area is under the general supervision of a local garden club whose representatives, together with the municipal clerks, form part of the membership of Grosse Pointe's Victory Garden Council. Sponsoring the Harcourt road and the Park-Cadioux road plots respectively are the Women's Farm and Garden Association and the Pointe Garden club.

For each of the two Park plots there is a committee composed of garden club representatives and gardeners on the plots.
 The committee for the Harcourt plot, located near Essex, is: Mrs. Ford, chairman; Mrs. V.R. DePetris, vice-chairman; and Mesdames Lynn McNaughton, Wilson W. Mills, Eugene Lemis, Frank Goldie, Charles F. Lambert, B. E. Hutchinson, Henry L. Newman, J. C. Drysdale, D. L. Smart and the Misses Lucille Brown and Clarice Verlenden.

The committee for the Park-Cadioux road plot, located at the corner of Kercheval, is: Mrs. H. D. Schmitz, chairman; Mesdames Clarence L. Fox, W. K. Wheelock, H. A. Baxter, and Emil Leidich.

Members of the committees will be present Tuesday night, and will welcome suggestions that will benefit those gardening and that will keep the appearance of the plots in good order.

'Tropical Night' Party Planned by Hostess Corps for Next Saturday Night, May 6th

Summer dresses and flowers in their hair will help members of the Grosse Pointe Hostess Corps create atmosphere for their Tropical Nights party to be given Saturday night for servicemen at the Neighborhood club.

Palms galore, leis, passports, a board walk, and a tropical isle in the center of the dance floor will also do their bit in making the party both amusing and decorative.
 In charge of all such details are Barbara and Jean Schultz, Miriam Gardner, Mae Jean Nyman, Rosemary Lappan, Shirley Clark, Betty

Olsen, and Betty Lou Comerford. The Schultz sisters are co-chairmen.
 Like all Hostess Corps parties Saturday's affair is under the general supervision of Mrs. Fred Munroe, general chairman; and Miss Pauline Masak, party director. Mrs. Gilbert Currie and Mrs. Fred Rising have charge of the registration of hostesses.

Of the 1,700 members of America's 19 major symphony orchestras, nearly two hundred are now women, one even holding the position of concertmaster.

We Met the Challenge...

"We are the food army of Michigan. There are nearly 200,000 of us—each with our family, our bit of soil, our hopes, our ambitions. Ours is a never-ending battle—sometimes against drought or rain, against cold or heat, against pests and disease, against shortages or surpluses, and always against time.

"No state in the union grows a greater variety of products. Proud as you must be of Michigan's industrial contribution to ever-approaching Victory, proud, too, you should be of her agricultural greatness. For Michigan, last year, was asked to produce a record-breaking tonnage of food—food to feed our own people, food for our fighting men around the world, food for our allies, food for the starving in China, in Africa, in Italy.

"It was a challenge to the farmers of our state. And we accepted it, though there were many who said it couldn't be done.

"We won the battle of food. We won it in spite of the help we didn't have, the equipment we couldn't obtain. We won it in spite of a jesting Nature that washed out our early plantings, bogged down our tractors, destroyed precious days and weeks. We harvested nearly 500 millions of dollars' worth of vitally-needed food, an all-time record.

"We met the challenge as you have met the challenge in your work—as your food retailer and wholesaler from the smallest independent to the largest chain store operator met it without complaint. They were beset with problems, too—ration stamps, ceiling prices, countless Government reports, increased operating costs, inadequate help and often shortages of merchandise.

"They made it possible for the food we produced to provide you with the energy to do a fighting job on the home front.

"They brought you our luscious berries, cherries, melons, peaches, pears, plums and apples from our fruit areas... sugar from our beets, millions of gallons of health-building milk, cream and other dairy products for your children and war workers, golden honey, top-grade potatoes in abundance, poultry, eggs and meats from our farms... fresh vegetables in never-ending streams and much more packed in our canneries... peas and beans and tomatoes and body-building, vitamin-enriched root vegetables... carrots, turnips, beets... all from Michigan farms and orchards and processing plants.

"The cooperation of your food merchants made our victory possible. Michigan working together has overcome almost impossible odds. That is the bright hope of the future as we enter upon a new season... we who till the soil of Michigan and distribute its food."

Democracy Depends on Small Business
 Preservation of our democratic institutions depends in large measure on our ability to maintain and strengthen the foundations of small and medium-sized independent enterprise. Ganson Purcell, chairman of the Securities and Exchange Commission, recently told a group of Texas bankers.

In peacetime, more than 50,000,000 trees were used annually in this country.

Government Competition Is Scored
 Opposition to widespread government ownership of productive resources, government competition with private industry and detailed government regulation of business operations is expressed in a statement by Robert P. Nathan, former chairman of WPB's planning committee.

Latin-American Band at Courville

AS PART of his program of improving the popular Courville Cafe, 16340 Harper, Emilio Vaz, your genial host, this week announces that starting Wednesday night, May 10, he is proud to present Don Ramon and his Latin-American orchestra for nightly dancing and entertainment, Wednesday through Sunday, including Sunday matinee. The band recently completed extended engagements at the Casino La Conga and Grand Terrace Casino. Mr. Vaz is a widely experienced night club operator, formerly of Uniontown, Pa., where he owned and operated the Gallatin Knight club, where many Detroiters have stopped, enroute East.

MIX ROMANCE WITH DANGER

LOVE... is a synonym for both of them—yet Jean Harlow and Maureen O'Hara get deeply involved in "The Fallen Sparrow," romance-laden thriller made from Dorothy B. Hughes' best-seller of the same name, and which plays at the Esquire Sunday and Monday.

'The Lodger' on Colony Screen for Sunday and Monday

A fine program of top-notch entertainment has been scheduled by the Colony theatre, 15635 Mack avenue, for Sunday and Monday. The first on the program is the well-talked of picture titled "The Lodger" in which dashing George Sanders and lovable Merle Oberon are co-starred. This picture has a dash of comedy, of tragedy, of mirth and of excitement and promises to be a treat for anyone who attends. It is filled with mystery and drama, thrills and laughter. The companion feature stars David Bruce and Grace McDonald in "She's for Me." This also promises to rate high in your list of entertaining movies and should not be missed.

Complete Change in Policy Adopted at Club Stevadora

A complete change in policy has been adopted by Eddy Shepherd at his Club Stevadora, 8715 Harper avenue at Crane, to make the club the biggest and most entertaining night spot on the East Side of Detroit.

Eddy recently supervised the complete redecoration of the club and with its soft lights, subtle wall decorations and the beautiful general appearance, it becomes one of the most interesting places in which to spend your evenings.

There is no cover or admission charge for patrons except on Saturday and Sunday and it is reduced. There is no amusement tax until 9 p.m.

This week Billy Joy returns to the Stevadora with his hilarious comedy satire on the weaker sex. In addition to this fine act, there will be featured other surrounding dance, comedy and singing acts.

'No Time for Love' on Double Bill at New Shores Theatre

Comedy and mystery are teamed for the double bill which will be shown at the Shores Theatre, Sunday, Monday and Tuesday.

The first picture stars Claudette Colbert and Fred MacMurray in one of the most hilarious comedies to be presented in the neighborhood theatres. It is "No Time for Love," and as it is briefly suspected in the title, Claudette, as the proficient business woman, can find no time for the foolishness which Fred gets into as her employee. Together, the team does a fine job of making your sides ache from laughter.

The mystery end of this double bill stars Victor Jory and Pamela Blake in "The Unknown Guest." Completing the show is a favorite Walt Disney color cartoon.

Before the war between three and five million travelers a year crossed the threshold of France at Calais on the tip of the bulge.

Tyrone Power in 'Johnny Apollo' at Aloma Theatre

The return engagement of one of the most popular movies to be seen in a long time will be reviewed by Aloma theatre patrons Sunday and Monday.

The picture, "Johnny Apollo" in which Tyrone Power and Dorothy Lamour are co-starred. This film contains all the elements necessary for a good show: Interesting dialogue, perfect climax, in addition to fine acting and well-placed scenery. Besides this the action and adventure encountered by Power and Lamour makes this a very extra-special picture.

Teamed with this is Johnny Weismuller and Nancy Kelly in another of those famous series, "Tarzan's Desert Mystery."

Detroit Community Symphony Orchestra

The spring concert of the Detroit Community Symphony orchestra will be held on Friday evening, May 26, at the Jefferson Avenue Methodist church. Joseph Roy Lanyon is the conductor of this popular East Side organization. The soloist will be Helene Wyhan Nordstrom, pianist.

Cass Town Hall Announces Change in Policy for Wartime

Following the policy of the New York Town Hall which has reduced the number of their lectures due to wartime conditions, Detroit Town Hall at the Cass Theatre will change its policy only for the duration and will present 12 lectures for their Friday morning series, instead of 20.

This wartime program for the most crucial year in American history opens with the brilliant noted journalist and radio commentator, Dorothy Thompson on Friday, Oct. 20, and includes Sir Normal Angell, the foremost authority in the world on the general problems of international relations and peace; Pierre Clemenceau, grandson of "the old Tiger of France," Georges Clemenceau, courageous young French patriot who is serving the French national committee in Washington; Sylvia F. Porter, New York financial columnist called "The Girl of Wall Street"; and Town Hall's favorite Jay Allen, foreign correspondent, interpreter of world events and author.

Among others listed are: Ethel Barrymore, daughter of the famous actress, Ethel Barrymore; Jack Barnett, the war's ace cameraman and noted war correspondent; Milton Hindus, brilliant literary critic of the New York Herald Tribune and editor of The Atlantic Monthly bookshelf; Harold J. Kennedy returns to the Town Hall platform to give his annual review of Broadway plays, and Henry J. Taylor, ace correspondent, constant commuter to Europe since 1935, author of "Time Runs Out." Others complete the list to be announced later.

Call the Town Hall office, CA. 6993 for further information.

Mason School N-E-W-S

An interesting program of folk dances was presented by the 2A pupils of Miss Beasley and Miss Quigley, on April 20. The program included dances from various European countries, such as the rollicking Swedish "Blekking" and the dainty dance from the children's opera "Hansel and Gretel." The audience particularly enjoyed the American dances, and the finale "Turkey in the Straw."

The dance program was presented as a regular assembly in the morning, and repeated for other groups of children in the afternoon. It was an outgrowth of the regular physical education program, with correlation of music, rhythms, and directed play.

The 4B group in Room 204 gave an assembly program in the Mason auditorium on Thursday morning, April 21.

The play was an original skit called "A Day With the 4B's." It showed part of a regular school day without a teacher present, and no substitute teacher available.

The usual mischievous pranks were played when children are left alone, but they showed that they were dependable.

The spring songs sung by the group were part of the weekly music activities under the direction of Miss Horak. Donald Schmidt sang a solo, "Oh, What a Beautiful Morning." He was accompanied by Mrs. Schmidt.

The skit ended with a pledge to the flag and the singing of our national anthem.

Postwar Projects Discussed at Farms Meeting Monday

The Farms board of trustees gave the go-ahead sign to Murray Smith, village engineer, to draw up designs and plans for eight postwar projects which are contemplated for the village as soon as construction can be started.

The projects which are receiving immediate attention are: Pavement and repaving; Fisher road; Grosse Pointe boulevard relief sewer; Mack avenue relief sewer; general sewer relief; Chalfonte water main; general water main; water reservoir and garage. The total estimated cost for the eight projects is \$343,000.

Those projects which will receive future consideration but which will also require outside consultation are: Municipal building and police station; fire station; department of public works garage; and the village pier and harbor. These will approximate \$337,000.

Policemen Play Nursemaids to Lost Youngsters

A slight epidemic of lost boys took place here this past week with the result that various officers, both of the Woods and Detroit, played nursemaids to the youngsters until their parents claimed them.

It all started in Grosse Pointe Woods last Saturday when at 2:45 p.m., a scout car found Gerald Lehr, of 1769 Roslyn, age 2½ years, wandering around. Soon after their radio gave a description and name of their charge.

Approximately two hours later, they found another lad of the same

age who was lost. The second lad turned out to be David Michalak of 1609 Brys drive.

Sunday night, Detroit police picked up a two year old boy at Somerset and Mack avenue, who was lost. After a short wait the lad was identified as Joe Kolley, of 1319 Beaconsfield.

IT'S A *big wash* for the duration...

give your electric washer this PREFERRED TREATMENT

To help your washer stand up under the big load it faces for the duration, keep in mind these few simple rules:

- (1) Drain washer and rinse tub thoroughly after each washing. Remove agitator or suction cups and rinse.
- (2) Wipe dry with a soft cloth to remove any soap curd or lint that may remain. If your washer has a spinner dryer, this too should be cleaned, rinsed and wiped dry.
- (3) Don't try to force thick, bulky articles through your wringer—and especially don't run through belt buckles or other hard objects that might cut the rolls. They are rubber, and precious!
- (4) Release the pressure on wringer when not in use. This saves the spring and the rubber, and prevents the rolls from becoming flat on one side.
- (5) Don't overload your washer. Cramping in too big a wash simply puts a strain on the motor, and results in a less satisfactory job.
- (6) When you finish washing, dry the wringer thoroughly, also dry the connecting cord and wind it up carefully. Leave cover off washer to prevent it from becoming musty.

CHRISTIAN SCIENCE CHURCHES

"Adam and Fallen Man" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, May 7.

The Golden Text (Ephesians 5:14) is: "Awake thou that sleepest, and arise from the dead, and Christ shall give thee light."
Among the Bible citations is this passage (II Tim. 3:16, 17): "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 200): "The great truth in the Science of being, that the real man was, is, and ever shall be perfect, is incontrovertible; for if man is the image, reflection, of God, he is neither inverted nor subverted, but upright and Godlike."

An armored tank division requires 25,000 gallons of gasoline to move 100 miles.

ST. JAMES LUTHERAN CHURCH
GEORGE E. KURZ, Pastor

"A Warning and a Promise and a Task" is the sermon subject of the Rev. George E. Kurz, pastor of Saint James Lutheran church of Grosse Pointe, at the church next Sunday, May 7. St. James congregation holds services in the Punch and Judy theatre, Kercheval at McKinley road, beginning at 11:00 a.m. The Sunday school meets at 9:45 a.m. The congregation owns property on McMullan road, just north of Kercheval, and plans to erect a colonial style church building as soon as conditions permit after the war's end. People in the community without a church of their own are cordially invited to worship at St. James church and send their children to the Sunday school.

Industry Cuts 100 Years Off Nature

A new chemical process that changes soft wood into hard wood, adding millions of acres of timberland to America's useful resources, is announced by E. I. du Pont de Nemours & Co.

Development of the process opens the door, the chemical industry believes, to a vast untouched field of industrial activity, opportunity and employment.

The chemical treatment "enables industry to create in a few days woods harder than ebony, which nature takes a century to grow." The

process can be used to transmute to hardness 1,000 types of soft wood, now little used by industry. To the latter type belong 200,000,000 acres of Southern pine forests.

German reconnaissance planes have been reported over London at a height of 10 miles.

Sure We Know There's A War On—

BUT

WAKE UP, MICHIGAN!

YOU HAVE A JOB TO DO

... Right Here At Home!

Your job is to use **MORE MICHIGAN** foods whenever possible. Their quality and flavor have made them nationally famous . . . they contain vitamin freshness from Michigan farms and gardens . . . blessed by a bountiful nature in Michigan's famed temperate climate protected by the winds off the lakes. You help yourself to health when you help yourself to **MORE MICHIGAN** foods. It is also of great importance to you and to the country when you use **MORE MICHIGAN** food; you help relieve vital war transportation. Railroads and trucks must give right-of-way to war materials. A short haul from farm to food store is a patriotic contribution this year. Remember, when you go to your food store, buy **MORE MICHIGAN** foods.

That's Why We Say—

"THANKS"

for giving the boys a break"

You do some one a real favor when you stay off Long Distance lines from 7 to 10 at night. When a lot of people do that, a lot of service men's calls get through quicker. . . . The soldiers and sailors—

their folks back home—and the telephone company are all grateful for your help. . . . So tonight and every night, "give seven to ten to the service men." That's about the best time they have to call.
