

WOODS TURNS DOWN ZONING AMENDMENT

Need More Study on Decision on 'Popcorn Wagon'

The problem of whether Ernest "Tony" Koinis and his popcorn wagon should remain at Bishop road and Jefferson, should be removed to Somerset road and Jefferson or should leave the village of Grosse Pointe Park altogether still hangs fire, for it was decided Monday evening that an additional two week's study should be given the matter.

Before this decision was reached a key-day session prevailed in the commission meeting, with the commissioners voicing their opinions regarding the popcorn wagon, as well as legal counsel representing Mr. Koinis.

Commissioner Paul I. Moreland, presiding in the president's chair for the evening, reviewed the recommendations which were made on June 12 by a special committee, after C. H. Buhl of Ellair Place requested that something be done to halt the nuisance and noise created at the foot of Bishop road.

He said that to remove the noise and nuisance, the first thing he recommended was the removal of Koinis' popcorn wagon to Somerset and Jefferson; it would eliminate any customers going to the foot of Bishop; it would take the wagon away from the homes and place it where there are less homes; it would be on a wider part of Jefferson.

The second recommendation called for two large police signs to be placed at Bishop and Jefferson; and the third: Police should give special attention to this dead-end street and issue tickets to violators.

John H. Flancher, who was requested by the American Legion to represent Mr. Koinis, briefly outlined to the commission that because of war restrictions, Mr. Koinis is not able to obtain fixtures with which to furnish a store, either at this time nor two years ago when a similar problem arose. Commissioner Sage questioned the intentions of Mr. Koinis, stating that he didn't think that the latter had ever intended or attempted to equip a store. He said second-hand stores have all kinds of equipment for such an establishment, but a spokesman from the floor assured Mr. Sage that even second-hand equipment requires priorities.

Mr. Flancher presented the commission with a petition signed by 13 residents who live on Bishop, Kensington and Ellair place near Jefferson, as well as on Jefferson, requesting the commissioners to allow the popcorn wagon to remain in its present location. The petitioners said that they have seen no nuisance caused by the wagon.

E. B. Lane, village manager, made a check on the last two Saturdays of the traffic conditions; he said that 11 cars turned south on Bishop and parked, while 16 crossed Jefferson; the second Saturday, the numbers were 14 and 22 respectively. He said that such conditions contribute somewhat to the traffic hazard.

Henry Piel, police chief, said that his department has never received any report as to accidents although it is a congested corner. Only two cars have been reported in the past two weeks parked at the foot of Bishop road, the original "bone of contention" with Mr. Buhl.

Asked if Mr. Koinis could be forbidden the use of the streets, Fred McGraw, village attorney, said that no ordinance prohibits the use of the streets by a commercial vehicle, but the commissioner of public safety could designate a "No Parking" area at Bishop and Jefferson.

The matter rested there with some talk of drawing up an ordinance prohibiting such businesses to operate. No one said whether such an ordinance could be retroactive.

To Attend Police Chiefs Conference July 10-12

Henry Piel, Park police chief, was authorized by the village commission to attend the annual conference of the Michigan Chiefs of Police association to be held in Carlevoix July 10, 11 and 12.

POINTE PARAGRAPHS

by THE POINTER

We have learned that young Hal Hudson, of 586 Notre Dame, who was quite a star with the Class D Baird club of the Detroit Baseball Federation, was recently signed by the St. Louis Browns and was farmed out to their Newark, O., club for the summer. From all reports from Newark, Hal is becoming the south-paw star of the club. He just recently celebrated his 17th birthday.

With the ban on swimming, it has been brought to our attention that some of the more ambitious youths who want their daily dips have been trying to acquire them in some of the private pools on the large estates.

Meet Sally Evans, she's the new young lady who is gracing one of the desks in the Farms village office. You'll probably hear her voice on the phone if you chance to call.

With the possible chance that swimming for Grosse Pointers will begin soon, those issuing park permits in the various municipalities are warning their respective residents that they should not wait until the last moment to obtain their permits. If the weather is as hot as it has been this past week, no one will want to miss one minute of swimming by standing in line waiting for their permits to be issued to them.

Sgt. William Rice of the Farms police force, is laid up with his leg in a cast again, because the bones didn't knit properly after he broke his ankle last winter in a fall while investigating a hold-up report at the Highland Park water works plant.

The waste paper you collect, bundle and turn in is rapidly reprocessed into wall paper for our fighters. They use it in over 7000,000 ways. They must have it so never burn or throw it away. Paper boxes contain replacements of rapidly worn out equipment, trucked in close to the front lines by the quartermaster corps. Paper food cartons go all over the globe and numerous other paper products depend on the paper which is collected by the school children tomorrow.

Early Deadline for Copy Next Week

Due to the Fourth of July holiday on Tuesday, contributors are requested to submit newsmatter not later than Monday noon for publication in next week's issue of The Review. Church and club announcements should be in this office not later than Saturday noon.

The Want-Ad deadline at 3:00 p.m., Wednesday will be observed as usual.

Car Sideswiped

Mrs. P. Van DeGinst reported to police last Thursday that someone had sideswiped her car during the night.

Your Review Carrier Boy Is Now Collecting for the Month of June

Review carrier boys will start collecting the 10c optional payment charge for the paper this week-end for June delivery.

He Has an Official Receipt Book
He Will Give You a Signed Receipt
June Receipts Are Printed on Pink Paper

PRESENT FIRST AID KIT TO FIREMEN

MRS. DAVID L. BLAIR, first aid field representative of the American Red Cross, is shown presenting a first aid kit to Harry Sietz, chief of the Gratiot township fire department last Saturday night at the close of an extensive first aid training course. At the extreme right is Odilon Houtekier, supervisor of Gratiot township; and at his right is Holly Johnson, instructor of the course.

Spectacular Display Promised Pointe Residents at Fourth of July Celebration

The giant Fourth of July celebration and bond rally to be held for Grosse Pointe residents on the Mason school grounds has been planned to be more spectacular than ever, announced Arnold Diesing, chairman of the affair which is sponsored annually by the Grosse Pointe Kiwanis club.

To spur the efforts of the Fifth War Loan Drive, a bond booth will be set up by the Grosse Pointe AWWs at 8:00 p.m., and for every war bond purchased, the purchaser will be given a ride in a jeep. There will be two jeeps there to take care of the crowds.

The afternoon program will begin at two with a coin scramble for children from three to 14 years; refreshments will be available at modest prices; Grosse Pointe Scout Troop No. 290 will be on hand to assist the committee with the day's activities.

The evening program is as follows: 6:00—Hollywood Tigers vs. Kiwanis Lads in a softball game. 7:00—Erection of bond booth and beginning of jeep rides. 8:00—Outdoor entertainment. Includes wide variety of talent provided by local residents and a wealth of patriotic music. There will be a community sing to give all a chance to show how America can sing. 10:00—Giant fireworks display. It promises to surpass in splendor and grandeur any of the five previous displays.

If rain should cause postponement of the celebration it will take place on the following Saturday; if that day is rained out it will take place on Sunday, July 9.

Relief in Sight for Grosse Pointe Bathing Enthusiasts

Dr. Thomas Davies, Grosse Pointe township health commissioner, is prepared to test the swimming waters of Lake St. Clair the day the gates of the new interceptor are opened, and this day is fast approaching, for Warren Township and East Detroit are taking definite steps to clear up this condition.

Warren township representatives met Tuesday night and agreed upon certain conditions of the contract offered them Monday; they will meet tomorrow night, to come to an agreement on the rates. East Detroit met Monday night and came to the same conclusions.

Earl Tallman, Warren township supervisor, said that his community wishes this condition to be cleared up too, as soon as possible, but because 90 per cent of the sewage passing through the interceptor will come from the township and East Detroit, the approximate cost of \$8 per million gallons is too high.

If the interceptor is opened within the next week, Dr. Davies will take daily tests of the water and will advise the citizens through the municipal clerks and the press the opening day of swimming.

City Fire

City firemen extinguished an awning and roof fire at the home of L. P. Hood on June 21; damage was kept at a minimum. Sparks from the chimney caused the blaze.

Ask Dog Owners to Obtain Canine's License From Clerk

Walter Goulette, Woods police chief, has asked that residents obtain dog licenses from the village clerk, thus saving the police department from issuing tickets for non-compliance. These licenses were due May 1.

Jewelry Stolen From Bloodworth Home Located in Chicago

Although many of Grosse Pointe's burglaries were solved with the apprehension of Irving Goldfarb on June 12 and his subsequent confession on June 13 of breaking and entering six Park homes, one robbery is yet to be cleared.

It is the bold theft of the A. J. Bloodworth home, 1025 Devonshire during the early morning hours of May 3, when, while Mrs. Bloodworth watched, a young thief ransacked drawers and closets in the upstairs bedrooms of her home and escaped with a considerable amount of jewelry and money.

A lead has been gained by Detective Lieut. Arthur Louwers from Chicago police who informed him that two articles of jewelry were found in two pawn shops in Chicago belonging to Mrs. Bloodworth.

Investigation revealed that the articles were pawned by a well-dressed Negro who corresponded with the description given police at the time of the theft by Mrs. Bloodworth. The jewelry recovered was a lady's wrist watch valued at \$500 and a man's watch valued at \$75.

Man Injures Hand While Washing Windows Here

Answering a call for an ambulance at 765 Bedford road last Friday afternoon, Park police found that Emmett Sheridan, 41, of 5320 Connor, had pushed his hand thru a window while washing it, cutting himself severely. The officers immediately took him to a physician's office where 18 stitches were required to close the wound.

Sheridan was employed at the E. W. Stewart home on Balfour.

Drivers Collide

Oren Williams, of 612 St. Clair and Porter McClain, of 7010 E. Warren, both driving cars, collided last Saturday evening as the former was backing out of his driveway and the latter was starting up. Very little damage resulted.

Regal Cleaners closed for vacations July 3-8 inclusive. — Adv.

Imperial Cleaners closed for alterations July 3 to 8. Please pick up all garments now.—Adv.

Two More Sites Offered for Postoffice

Grosse Pointers have proven that when they want something, they cooperate fully in order to get it. This fact was shown this week when V. D. Burlingame, inspector for the post office department, announced that two additional sites had been offered by residents for consideration as the future location of the Pointe branch office.

These new sites bring the total to three. They are located in the vicinity of Kercheval and Notre Dame, and on Fisher road, but definite locations are not revealed.

Investigation of the proposed sites is proceeding and Grosse Pointers have been promised the decision of the postal officials as soon as the information is available. This, however, may take weeks or months, as the final decision must come from Washington.

Graduate of Class of '44 Buried June 28

Funeral services for Earla Bowman, daughter of Mr. and Mrs. Earl Bowman, 1323 Lakepointe, were held Wednesday afternoon from Cooper Brothers Mortuary, with Dr. Seymour of St. Mark's Methodist church officiating.

Six of her classmates from Grosse Pointe high school acted as pallbearers. Interment was in Woodlawn cemetery.

A popular and much-loved student and lifelong member of St. Mark's church, Earla succumbed Sunday morning after an illness of three months. Unable to attend her 1944 graduating class exercises, she was brought an honorary diploma at her home by Walter Clemenson, principal, two weeks ago.

Born in Detroit Dec. 23, 1925, the deceased moved with her family to Grosse Pointe two years later. She attended Deifer and Pierce Junior high before entering the high school.

Surviving are her parents; four sisters, Mrs. Mary Virginia McMinn, who graduated in 1940, Mrs. Charles E. McMinn, who graduated in 1941 and twin sisters, students at Pierce, Jacqueline and Pauline.

Recover Stolen Auto

An automobile which had been left at a local service station and not called for, proved to be a stolen car from Detroit. Detroit police returned the car to its owner.

Picking Cherries

A group of youngsters were reprimanded by City police last week for picking cherries from a neighbor's tree and trampling on a flower bed.

Stolen Fender Skirts

Martin Champagne of 115 Oak street told Farms police that the fender skirts were stolen from his car sometime on June 25.

Residents Object to Decrease of Property Value

The petition of the Parkwood Land company to amend the zoning ordinance of the village of Grosse Pointe Woods to permit a building depth of 600 feet, doubling the present ordinance which permits business construction to a depth of 300 feet along Mack avenue was unanimously denied by the village commission Tuesday night.

A special meeting was called upon the order of Alois A. Ghesquiere, village president for Tuesday night at nine o'clock, and after considerable discussion, based upon testimony presented at a public hearing at the Mason school Monday night, upon motion of Commissioner Burgess, seconded by Commissioner Whitty, the body voted unanimously to reject the petition of the land company.

Record of the public hearing will be found in succeeding paragraphs:

Zoning Hearing—

Some two hundred residents of Grosse Pointe Woods, who live adjacent and near to the proposed business building development on the westerly side of Mack avenue near Seven Mile road, gathered in the Mason school Monday night for a public hearing on the project before the village commission.

Alois A. Ghesquiere, president, opened the meeting by introducing the members of the commission as the village attorney, Julius Berg, who explained the legal phase of the current village zoning ordinance and the method by which it could be amended.

The present zoning ordinance, explained by Mr. Ghesquiere, was adopted in June, 1940, after some eight months work by a zoning committee appointed by him. By a provision of the ordinance, 300 feet from the center line of Mack avenue is zoned for business development. The Parkwood Land company has petitioned the commission for amendment to that ordinance to permit a building depth of 600 feet.

FOR THE KIDS AT LEAST!

Grosse Pointe Park residents have suggested that hydrant water be used to fill the bathing pool, allowing the children some relief during this hot weather.

Pointe Lieutenant Decorated With Silver Star

Lieut. James H. Roberts, son of Mr. and Mrs. Thomas Roberts of 160 Kerby road, received the Silver Star for courageous leadership of his men under fire while unloading supplies and vehicles in landing operations in the vicinity of Gela, Sicily. He also received the Purple Heart last fall.

The quotation from his camp paper attached to the Silver Star award was as follows:

"James H. Roberts, first lieutenant, Service Company, 16th Infantry. For gallantry in action in the vicinity of Gela, Sicily. Despite constant enemy bombing and strafing during landing operations, Lieutenant Roberts fearlessly exposed himself aboard his ship and skillfully directed unloading of vehicles and supplies. His courageous leadership and initiative under fire set an example to his men and contributed materially to the success of the operation."

Urge Park Residents to Comply With Ordinance

Ordinance No. 123 of the village of Grosse Pointe Park directs that it is the duty of the occupants of premises in the village to provide standard size garbage cans or containers with tightly fitting covers. It also directs that standard containers or cans be kept in proper condition at all times. Failure to comply with these provisions constitute a violation of the ordinance.

Garbage cans should have tightly fitting covers to prevent the disturbance of their contents by cats and dogs, and to prevent the propagation of rats, flies, and insects.

A recent survey has shown that

opened the meeting by introducing the members of the commission as the village attorney, Julius Berg, who explained the legal phase of the current village zoning ordinance and the method by which it could be amended.

The present zoning ordinance, explained by Mr. Ghesquiere, was adopted in June, 1940, after some eight months work by a zoning committee appointed by him. By a provision of the ordinance, 300 feet from the center line of Mack avenue is zoned for business development. The Parkwood Land company has petitioned the commission for amendment to that ordinance to permit a building depth of 600 feet.

Attorney Edward H. Yost, president of the Parkwood Land company, was given the floor first, on behalf of the petitioners. He explained that the investment in land alone, some thirty-two acres, was between a hundred and a hundred and fifty thousand dollars, representing a purchase of over a quarter mile of Mack avenue frontage starting at Seven Mile road and extending into the Village of Grosse Pointe Woods. He cited the convenience to Woods residents of having a shopping center and amusement center of this proportion close at hand and also pointed out the investor's investment of some hundred thousand dollars, as an increased source of tax revenue nearly 25 per cent of the current assessed valuation of the village which would permit expansion village services in all departments.

Vanco Engineering Denied New Site by Farms Trustees

Jasper Van Opynen, owner of Vanco Engineering company, withdrew his request to purchase a parcel of village-owned property this week after he was informed that the board of trustees, upon the advice of a special committee, after it was found that his company could not operate in the village under the present zoning ordinance.

The council members were notified of the findings of the special committee by the following: Village Council, Grosse Pointe Farms, Mich. Gentlemen:

After an inspection of the present plant of the Vanco Machine and Engineering, and after consultation with the village attorney, the undersigned have come to the conclusion that it seems unlikely that the type and volume of processing work carried on by this company is permitted in Grosse Pointe Farms under village zoning ordinance and amendments thereto.

This committee, therefore, recommends that the Vanco Machine and Engineering's offer to purchase a large property on Mack avenue between Kerby and Moross be considered.

Very truly yours,
R. L. Maxon,
George L. Schlaepfer

The president and members of the council were contacted and all were in agreement with the report. A case is considered approved formal action will be taken at next regular meeting.

"WE LEAD, OTHERS FOLLOW"

FAMILIAR FIGURE IS MISSING

Almost as quietly as he made his entry into the Grosse Pointe community, a beloved citizen left this community this month after some seven years of constant contribution to its cultural and social life.

Primarily a music man "Bill" Watkins was also a man's in every sense of the word. Service was his creed . . . he never known to turn down a request and he volunteered services freely.

Hundreds of Grosse Pointe boys now serving on the seven will remember his deft piano playing at the sendoff parties in the Neighborhood club. Six o'clock in the morning was never early to help out for "Bill" Watkins.

Large credit for the Grosse Pointe Honor Roll Memorial, goes to "Bill" who became president of the association and led it faithfully, and fully.

His men's chorus proved a rich and joyful experience to more than a score of men who liked to sing and to the hundreds who heard them in informal programs.

His record as president of the Grosse Pointe Rotary club outstanding and club activities were at their best during his term.

At the schools, students, pupils, parents . . . everyone misses "Bill" Watkins . . . in every respect a hard man to replace.

ME ALONE WILL TELL

Whether spokesmen opposing the amendment of the Grosse Pointe zoning ordinance are right or not will be better known with the elapse of time.

It was revealed Monday night at the hearing that the developers who propose to erect a large business center at the old limits on Mack near Seven Mile road, have acquired all the frontage on Mack avenue for over a quarter of a mile ending at Seven Mile road. If the Woods restriction limits the building to a depth of 300 feet, as at present, the proposed store and other large store buildings may be built in Detroit, the Woods side of the property used for parking alone. In a case, the community will by no means avoid the "nuisance" value of the project and will lose the increased assessed value of some two million dollars.

On the other hand, if the amendment is not changed, the developers may elect to parcel out the land, zoning for residence, while conforming to all restrictions on building, may not the land to the character of people or race which residents in Woods might wish.

It is questionable if the two hundred odd taxpayers who attended Monday night's meeting, out of a community of over thousand residents, represented the sentiments of the entire community.

Star Planes in Variety

The airplane industry will have at three dozen private airplane models for the postwar flying enthusiast to choose from.

Twenty-two companies plan to specialize in personal aircraft, with a variety of planes that will include a single-place, short-range plane; two-place aircraft selling at about \$1,500; 2-, 3- or 4-place planes selling for \$2,500 or more; sportsman models and helicopters.

Women's Republican Club Plans Big Meeting for July 7

The Women's Republican club of Grosse Pointe will meet at the home of Mrs. Camron B. Waterman, 330 Lincoln road, Friday afternoon, July 7, at two-fifteen. The meeting may be reached by either the Jefferson or Kercheval bus.

This meeting should prove particularly interesting as it follows immediately after the Republican national convention and prior to the July 11 primaries here.

Mrs. Dudley C. Hay, re-elected last Sunday in Chicago to again represent Michigan as its national committeewoman, will report on the convention and the Republican presidential candidate.

William Hannan, the congressional candidate for the 14th district has requested an opportunity to address this meeting and it is hoped that other candidates will also be present.

All Republican women are urged to attend and bring a new neighbor. In fact with the great number of new residents in Grosse Pointe, it would be particularly appropriate to designate this day as "New Neighbor Day" and take that opportunity to show our graciousness and welcome to those women who have chosen Grosse Pointe in which to make their homes permanently or for the duration. It is requested that you make the effort to call on a new neighbor today and invite her to attend this civic meeting with you next Friday.

Historic Memorials Society Elects New Officers

Mrs. Louis Gascoigne was chosen president of the Historic Memorials society at their annual meeting recently. Elected to serve with her were: Mrs. Louis M. Edgar, first vice-president; Mrs. Howard B. Holden, second vice-president; Mrs. Sidney C. Probert, recording secretary; Mrs. Robert Bruce Rutherford, corresponding secretary; Mrs. Malcolm D. MacQueen, treasurer; Mrs. Clarence Edwin Pratt, historian, and Mrs. Richard Fyfe Barnum, flag custodian. Returned to their offices were Miss Marie F. Roe, chaplain, and Mrs. Alfred W. Crabb, registrar.

New members named to the executive committee are Mrs. Malcolm McGregor, Mrs. James Ogden Lennox, and Mrs. William F. Connolly. Retained on this committee are Mrs. Edward H. Eichelzer and Mrs. C. Haines Wilson.

Mrs. Alfred G. Wilson, retiring president, was made an honorary president, joining Mrs. Charles Horton Metcalf, the only other person to hold this honor.

An honorary life membership and a corsage were presented to Mrs. Laban A. Parsons, who has been a member for 35 years.

JUNE BRIDE

MRS. BENJAMIN J. WEIR was Jacquelyne Yvonne Dyson before her marriage to Benjamin Weir on Monday morning in St. Ambrose church, at a double ring ceremony. The bride, who is the daughter of Mr. and Mrs. Dewey J. Dyson of Westchester road, was attended by Donna, her sister, as matron of honor, and Gloria Schiappacasse, Jacqueline Gosser, Shirley Neville and Ann Green Hunt from Ypsilanti; the flower girl was Abbie Hunt. A wedding breakfast was held at the home of the bride; the reception followed later in the evening. The Rev. Edwin Schroeder officiated at the ceremony.

Victory Garden Exchange Set Up by AWVS

A Victory Garden exchange has been set up by the consumers division of AWVS to assist in keeping surplus Victory garden crops from going to waste.

Any person interested in obtaining fruits or vegetables may call the consumers desk at AWVS TU. 1-1050 and give her name, telephone number and information regarding the kind and amount of produce desired. When a gardener has surplus produce she may notify this same office who will check the list of prospective customers for someone interested in that particular crop.

Save to Win—Turn Fats in!

To Kenyon College

William Andries Cole, son of Mr. and Mrs. Andries M. Cole of Manor road, Grosse Pointe, left Saturday for Kenyon college, where he was awarded a Detroit regional scholarship.

Fats Have Gone to War — Save More!

610 Students Attend Summer School Classes in Pointe

H. Leroy Selmeier, in charge of the summer school sessions at Grosse Pointe high school announced this week that 610 students are attending classes this summer. The grades from the third through the 12th are represented; this is the first time that third graders are attending summer classes.

Sixteen teachers are conducting classes and one part-time teacher is also employed by the department. The enrollment per teacher is unusually heavy this year, said Mr. Selmeier.

The courses which are most popular with the younger children in the elementary grades are arithmetic, spelling and reading, with approximately six pupils in each class. The courses which the junior high and high school students favor are English, algebra and history.

A new course which was added to the curriculum this summer is mechanical drawing, while shop and Spanish had to be cancelled because of the small enrollment.

Woods Mothers' Club Hold Last Meeting Until Next Fall

The Grosse Pointe Woods Mothers' club, who have been sewing for "Save the Children Federation" group held their last meeting until fall, at the home of Mrs. V. C. Fellar on Hampton road.

This group has the honor of being the original S.F.C. group in this area, starting in October, 1942. There are now approximately 34 groups co-operating with the Detroit clothing center. The contributions of this group have been sent to the southern mountains, where the S. C. F. carries on a sponsored school program.

To meet emergency needs of the children in Europe, kits for European children are being made, with donors of the kits designating the country to which they wish the kit be sent; a friendship card will be enclosed with each kit, naming the donor.

Any group interested in making these kits are asked to contact Mrs. Mabelle Cleverdon at 3720 Woodward; Temple 2-2510 for further information.

The Wood's group will meet with Mrs. J. W. Schwem, 1338 Hampton road, Sept. 21, to continue sewing; the group extends an invitation to anyone interested to attend this meeting.

Laura Davis Wins Honors at Detroit Commercial College

Miss Laura Davis, daughter of Mr. and Mrs. Walter Davis, 1141 Grayton road, Grosse Pointe Park, has won the general efficiency award of the Detroit Commercial college for 1944. This announcement has just been released by the awards committee of the college. It is the highest award granted by the college.

Miss Davis, an active member of the last year committee, was graduated last week from the two-year course of the college in secretarial science and business administration. She is graduate of Grosse Pointe high school, class of June, 42.

Congratulations

Lieut. and Mrs. John Gilbert Sharpe announce the birth of a daughter, Joanne Mary, on June 21. Mrs. Sharpe is the former Jeanne Berry, daughter of Mr. and Mrs. Clinton F. Berry of Rivard boulevard, and is at present living in Alhambra, Calif. Lieutenant Sharpe has been stationed at Camp Haan, Calif., for the past year.

HEALTH IS A HEAD START

in the Pursuit of Happiness

The "pursuit of happiness"—one of the unalienable rights in the Declaration of Independence—is a grueling race calling for all the stamina that only vigorous good health can supply. Therefore, if you seek happiness, seek first to safeguard your health. Since it's easier, pleasanter, and more economical to preserve your health than it is to regain it, live moderately according to these simple rules—eat nutritious foods; get sufficient rest; exercise regularly in the open air; learn to relax; see your doctor and dentist regularly. Do this, and you'll find that good health has given you a head start in the pursuit of happiness.

Successors to Swift-Snyder

Col. Merlin I. Carter, station commander of AAF Dyersburg, Tenn., announces the promotion of Charles M. Marsack from private first class to corporal. Corporal Marsack is the son of Mr. and Mrs. Frank P. Marsack, who reside at 213 Oak street.

Prior to his entry into the armed services he was employed by the Ford Motor company, Dearborn.

Corporal Marsack has completed the final phase of combat crew training at this field and is now ready for combat duty as a gunner aboard a Flying Fortress.

Charles L. Phlypo, the Marine son of Mr. and Mrs. Eugene Phlypo of 1327 Lakepointe, reported yesterday at the Naval air station in San Diego, Calif., after spending a furlough with his parents, the first one in almost two years. He has seen action for the last 16 months in the South Pacific.

Mr. and Mrs. Robert R. Moran, of Moran road, left Tuesday to visit their son, Lieut. Jack Moran before he leaves for overseas.

An Eighth AAF Bomber Station, England. — The promotion of Raymond J. Trombley of Grosse Pointe from the rank of second lieutenant to first lieutenant was announced recently by Col. Eugene A. Romig of Byesville, Ohio, commanding officer at this B-17 Flying Fortress station.

Pilot of a Fortress, Lieutenant Trombley has taken part in 13 combat missions over enemy Europe. He has been decorated with the Air Medal and One Oak Leaf Cluster.

A graduate of Grosse Pointe high school, Lieutenant Trombley, 22, was an engineering student at Michigan College of Mining and Technology before entering the service April 15, 1940. His wife June lives at 1023 Nottingham road. His parents, Mr. and Mrs. Raymond Trombley, live at 807 Hampton road.

The following poem was written by Corp. Eddie Cramer who is stationed in New Guinea and who lives in Grosse Pointe Woods:

OVER THERE

Mud, rain, bugs and heat,
Powdered foods are all you eat.
Jungle rot and all that stuff,
Makes living here sort of tough.

No more dates with you bundle bunny,
No one around to call you Honey.
Take a train till you turn yellow,
Sleep nights without a pillow.
Go to a show two years old,
Sit out in the rain and catch a cold.
Get the latest "43" POST,
Cooks always burning the toast.
We're not crying or turning back,
We'll be the last who'll ever slack.
We're the guys who are over there,
Fighting for the right to breathe free air.

Nothing so good as a daily letter,
Two or three make it even better.
So let's all take more care,
And write more mail for us guys "OVER THERE."

With U. S. South Pacific Army Forces. — Lieut. Gen. Millard F. Harmon, commanding U. S. army forces in the South Pacific, announced the award of the Oak Leaf Cluster in lieu of an additional Air Medal on June 8 to First Lieut. Albert J. Phillips of 1229 Bedford road, Grosse Pointe Park, as pilot from March 8 to March 29, 1944.

A bronze Oak Leaf Cluster is awarded for meritorious achievement while participating in sustained combat operational missions of a hazardous nature during which enemy opposition is met, or during which an area is traversed where enemy anti-aircraft fire is effective or where enemy fighter patrols are habitually encountered. The missions for which the award was given were with the 13th AAF.

San Antonio Aviation Cadet Center, Tex. — At the San Antonio aviation cadet center, potential pilots, bombardiers and navigators are receiving preflight training to prepare them for aerial instruction and duties as aircrew members in the AAF.

The future fliers are subjected to a rigorous 10-week program of instruction covering physical, academic and military training. At the cadet center they study maps and charts, aircraft identification, small arms and other subjects while being conditioned physically for the long training period ahead. Bombardiers, navigators and pilots receive the first five weeks of preflight instruction as a group, then are separated for specialized training.

The present class includes 309 from Michigan, five of them from Grosse Pointe, they are:

William L. Kuivinen, 846 Lincoln road; John Joseph Lafessa, 1231 Nottingham; Daniel Ray Simmons Jr., 538 University Place; Fred Armer Reed, 720 Pemberton; and Robert Allen Powers, 2008 Country Club drive.

Sidney E. Lathrop, son of Mr. and Mrs. L. E. Lathrop, of 1042 Wayburn, is home on a two-week furlough from his duties as radio operator at Camp Crowder, Mo. When he leaves the Pointe, he will return to Shenango, Pa.

Kennard L. Jones, 1322 Nottingham road, Grosse Pointe Park, has been promoted from first lieutenant to captain at Patterson Field where he is assigned to the dental clinic.

He was a dentist in Grosse Pointe before entering the army May 10, 1943. He reported soon afterwards to Patterson Field where he has been since.

Captain Jones attended Iowa State college, 1925-26 and was graduated from the University of Iowa dental school in 1931. He is a member of Phi Delta Theta social fraternity and Phi Omega dental fraternity.

He was born in Lime Springs, Ia., where his mother, Mrs. Hugh W. Jones, lives. He is married to the former Louise E. Arn of Iowa City. One brother, Capt. Everton Jones, is in the field artillery, and another, Melancthon Jones, is a pharmacist mate in the navy.

Fort Knox, Ky.—Another class of qualified radio operators have been graduated today by the Communication Department of the Armored school.

Graduates included: Private Leon N. Zechiel, son of Mr. and Mrs. Alton N. Zechiel, 840 Lincoln road.

Private Edwin A. Wendt, husband of Mrs. Dorothy Wendt, 1001 Beaconsfield.

Their arduous 12-week labors be-

hind them, the graduates have returned to their units in armored divisions and separate tank battalions throughout the United States. There they will play an important part in the signal communication system which controls units on maneuvers and in combat.

Each soldier in the course learns the International Morse Code, the "dit-dah" alphabet, and progresses through radio procedure and a study of radio sets. Final phase is field operation, in which radio sets are operated from scout cars under simulated battle conditions.

The Communication Department is one of eight in the mammoth Armored school, "University" of the armorers. The school rolls off its human assembly lines each year many times more trained technicians than the average civilian university or college.

Brig. Gen. P. M. Robinett is commandant of the Armored school.

—Photo AAF Training Command

Donald J. Rosselle, 22, son of Mr. and Mrs. Ralph J. Rosselle of 915 Hampton road, Grosse Pointe Woods, was a member of the 26th class of aviation cadets to graduate from the Columbus AAF near Columbus, Miss., on June 27, 1944. He received the silver wings of a flying officer and commission as a second lieutenant in the AAF. Lieutenant Rosselle entered pilot training last July, and attended flying schools at Americus, Ga., and Greenwood, Miss., before his graduation at the advanced flying school near Columbus, Miss. Before he enlisted for pilot training he attended Michigan College of Mining and Technology. He is a member of Kappa Delta Psi fraternity.

Pvt. James J. Phillips is spending a 30-day furlough with his parents, Mr. and Mrs. Burt Phillips of 1152 Nottingham road. He has been in service two years and this is his first visit home since he enlisted. Private Phillips has been stationed in the Aleutians over a year and has many interesting souvenirs collected during his stay there.

Aviation Cadet Edward A. Kelly Jr., 18, son of Mr. and Mrs. Edward A. Kelly, of 1041 Wayburn, Grosse Pointe Park, was recently awarded an expert's medal for proficiency in firing the .45 caliber automatic pistol at Maxwell Field, Ala., an installation of the AAF training command.

Here he is completing nine weeks of intensive military, physical and academic training.

An Air Service Command Station (Somewhere in England). — Lieut. Bruce K. Bockstanz, son of Mr. and Mrs. Sidney J. Bockstanz of 1320 Grayton, is now overseas and has participated in a course designed to bridge the gap between training in the states and soldiering in an active theatre of war. At one of the air service command stations known as central depots, Lieutenant Bockstanz was carefully processed by classification experts who make certain that he was well fitted for the job assigned to him.

Security training, personal hygiene, a talk by a special officer informing him of facilities for healthful recreation and a lecture by the chaplain are all in turn a part of the soldier's preparation for duties overseas.

His next station will be one from which America's fighting planes take off to smash the Nazi war machine.

Before entering the army he was a student at Oberlin college.

U. S. Army Forces on New Britain. — Two life-long friends of Grosse Pointe, have been reunited here after a separation of three years.

Sergt. Frederic Forbush, Lincoln road, and Ensign James L. Farley, 1092 Grayton road, last saw each other at Grosse Pointe in 1941 shortly after their graduation from college.

Since the reunion the soldier and

sailor have been playing host to each other, talking over old times spent at Pointe Aux Barques summer resort and comparing the merits of army and navy chow.

Sergeant Forbush, classification specialist in an infantry regiment, has served in the army since August, 1941, and overseas since Aug. 23, 1942. Prior to assignment to New Britain, he was on duty in Hawaii and the South Pacific.

He is a graduate of Kenyon college with a major in psychology. Sporting a black beard which gives him a real sea-going appearance, Ensign Farley has undergone several bombing raids while transporting combat troops in amphibious operations.

Commissioned a year ago, he is a graduate of Dartmouth college, where during his senior year he was sports editor of Daily Dartmouth.

He is a son of Mr. and Mrs. I. J. Farley.

I Am a Wac

by LIEUT. FREDDIE BOYLE

Last night I met six Polish Wacs who are the guests of the American Wacs in Detroit for the greater part of this week. We took them to their hotel, and then talked to various members of the party for a short time.

Two of the Polish Wacs (or Pestkas as they are called) were deported to Russia after the Russians took the eastern section of Poland. One of them worked on a Russian state farm as a farmhand and another worked in the forests, sawing trees just as the men do. She said she received enough money to buy food for herself. However, she had her mother and four younger sisters with her, and she had to sell her clothes in order to support them.

Sergt. Stefanie Soltan is the member of the group that belongs to the Black Brigade. She and one other woman went into Norway in 1940 with the First Highland Division of the Polish Army, doing canteen work in much the same fashion as our American Red Cross workers do. Sergeant Soltan was decorated for bravery, but I was interested to note that the sergeant made no mention of her outstanding achievements herself. A gentleman from the Polish information center brought up the subject.

An attractive blonde, Corporal Kos told of living in Japan with her family. She was in that country at the time of Pearl Harbor and gave private lessons in English, and did various other jobs. She speaks Russian, Polish, English, and Italian. Corporal Kos did not go into detail about her escape from Japan, but she did say it was difficult to get out of the country.

Pvt. Stanislaw Zeremba, another member of the group, was born in Chicago. Her mother and sister are in Poland, and she has not heard from them since 1940. Her father lives in Hamtramck, and he met her at the railroad station last night.

Every member of the group has interesting stories to tell of the hardships they and their people have undergone. And all of us were impressed with the lack of emotion these brave young women showed in relating the stories of their lives since Germany invaded their country.

They have come through their suffering in magnificent fashion, and make us Americans who have met them feel very small and inadequate. So many of us who have not been out of the states during this war have no idea of sacrifice.

Wayne Band Plays Series of Summer Concerts

The Wayne university summer school band will play a series of free concerts in various Detroit city parks beginning Wednesday, July 5, it was announced today by Graham T. Overgard, professor of music education at Wayne and director of the band. The series is sponsored by the Detroit department of parks and recreation. The time and place of the concerts will be announced at a later date.

Officers Club Needs Housing Listings in This Vicinity

With the invasion comes a most urgent need at the Officers club of Detroit for additional listings of furnished apartments and houses, for the long waiting list of officers, arriving daily.

The Officers club of Detroit is a non-profit corporation, organized and financed by a group of Detroit citizens providing all commissioned officers suitable club quarters in the Tuller hotel. Entrance to the club is on the Bagley avenue side directly opposite the Hotel Statler and has been in operation as host to over ten thousand officers since March 3.

The home service, which includes the listing of furnished apartments and houses is one of the most important factors according to many of the officers. An urgent appeal is now being made because of the large number of officers being rushed into Detroit on important war work at this critical time. Anyone having listings should phone them to Mrs. Mary C. Budroe at Cadillac 3860 or drop in at the club rooms.

The weekly dances at the Officers club continue to be well patronized, a dance is held every Saturday night for all officers in this area. On Sunday, July 1 to Aug. 1 without penalty.

day special entertainment and a buffet is featured, officers are invited to attend, and in addition can make use of golf and other privileges.

Heading the executive board of the officers club is George Slocum with George Lackey acting as secretary and Alvan Macauley Jr., a treasurer. Much credit for the success of the club can be given to the women's committee and active of that will be found the Misses Francis Booth and Ruth Ruen, and the Mesdames Henry Wineman, H. A. Shuler, and C. D. Blessed.

Motorists Crashes Into Lake Shore Coach Sunday

John A. Ball, of 1118 Kensington while driving on Kensington last Sunday, collided with a Lake Shore coach which was traveling on Chalmers and operated by Joseph Alrich of 2991 St. Jean.

Cora McLean, 74, of 683 University, a bus passenger, suffered shock and a bruised knee.

Minor damage to the vehicles resulted.

Park Tax Bills in the Mail This Saturday

The tax bills for the village of Grosse Pointe Park, will be in the mails this Saturday, announced William Stammen, clerk, payable after a dance is held every Saturday night for all officers in this area. On Sunday, July 1 to Aug. 1 without penalty.

10:00 a.m. Morning worship with sermon by the pastor. Sermon subject, "The Sense of Smell," the first of a series on "The Five Senses."
10:00 a.m. Church school for children. The nursery will also be open.
Thursday, 10:00 a.m. Red Cross sewing.

**CHRISTIAN SCIENCE
CHURCHES**

"God" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, July 2.

The Golden Text (II Samuel 22:32, 33) is: "Who is God, save the Lord? and who is a rock, save our God? God is my strength and power; and he maketh my way perfect."

Among the Bible citations is this passage (Psalms 62:7, 11): "In God is my salvation and my glory; the rock of my strength, and my refuge, is in God. God hath spoken once; twice have I heard this; that power belongeth unto God."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 228): "There is no power apart from God. Omnipotence has all-power, and to acknowledge any other power is to dishonor God."

A huge parade has been scheduled for next Wednesday night, June 29, when 300 Kercheval avenue merchants will participate with floats, music and street dancing.

Select Public School Music Supervisor to Succeed Director William Watkins Here

According to an announcement by Dr. Paul L. Essert, superintendent of schools, the services of Glenn H. Woods, for many years director of music in the Oakland, Calif., public schools, and for the last two years in charge of music in Cranbrook school, has been engaged temporarily on a war-emergency basis to assume the duties of William Watkins who recently resigned to take up a small farming location in the state of Washington.

Dr. Essert pointed out that the community was very fortunate in being able to obtain the services of Mr. Woods for the next year while

more careful study of candidates for the position was being considered by the board of education. According to Mr. Watkins, Glenn Woods is one of the top men in the field of public school music in the United States and during his service in Oakland built one of the most outstanding programs in music in the nation.

Mr. Woods has had years of experience in not only training and developing voices and instrumental work and orchestras for children but is an outstanding leader in the field of community music and developed many adult choruses and conducted

choirs in St. Paul's Episcopal church, Kansas City, Kan., and St. Marks, Berkeley.

In his program of supervision and direction of music in Oakland, he was in charge of the entire music program of 200 teachers and made outstanding contributions in the direction and composition of music for vocal and instrumental use. Some of his compositions are being used widely through the schools in the country.

Dr. Rudolph D. Lindquist, former headmaster of Cranbrook school and

now superintendent of schools in Santa Barbara, Calif., says, "In my opinion Mr. Woods is one of the best persons in the country for the training of young people's voices. His work in this field in Oakland gave him national notice. He is also qualified to direct work in other music fields."

Mr. and Mrs. Woods have no children and are residing at the present time in Cranbrook but will move to Grosse Pointe as soon as they are able to find suitable quarters where Mr. Woods will during the summer spend his time in getting acquainted with adult and community music possibilities and preparing for the opening of school.

vestment of individual property owners in the district would exceed one million, seven hundred thousand dollars.

Judge Ernest LaJoie, Detroit attorney, asked to be heard in rebuttal, as an interested owner in the land development. Judge LaJoie stated that first sentiments in such matters were not always lasting and that his associates had designed the proposed development with a thought to establishing an asset to the village and a convenience to the residents. He asserted that his company, as developers, would be much better than some others who might come into ownership of the land if they were not permitted to proceed. If the amendment does not pass, according to Judge LaJoie, Grosse Pointe Woods will only obtain the detrimental features of the project, without a sizable portion of its benefits, for that part of the development lying in the Woods will then be used for off-street parking.

The meeting was closed with President Ghesquiere stating that the commission would weigh all views expressed at the meeting and reach a decision within a few days at another meeting.

Increase Garbage Rates for Park Markets, Restaurants

Upon recommendations of E. B. Lane, village manager, Park commissioners have authorized the village to establish a fee for the collection of garbage from business establishments where there is an overabundance collected.

A survey made by Lane disclosed that markets and restaurants dispose of from ten to sixty gallons more garbage a week than the ordinary householder. Because of this, he thought that an additional charge should be made and recommended

Amendment Refused

(Continued from Page 1.)

fire, police, highway, etc. Mr. Yost states that on the original plotting, the area on which his company proposed to build was referred to as "the frog pond" because of its low, swampy character, which would be corrected. He concluded by saying that his company and other real estate authorities believed that the benefits of the development would far offset the detriments.

Mr. Ghesquiere next recognized Leonard C. Lendzion, also an attorney, who resides at 1692 Severn road, who announced that he was speaking for the residents of Severn road and the Country Club Woods Association. Mr. Lendzion stated that he, along with other property owners of the district, had bought and built there because that section was promised by the subdivision to be kept residential. He said that they objected to amending the zoning ordinance for three reasons:

First: Amending the ordinance would be discriminatory against those who had invested in that area first and Mr. Lendzion stated that according to the present ordinance, no amendment could be considered by the commission before 50 per cent of the residents of the area were consulted. The second objection was that the amendment would be confiscatory. According to the speaker, a million and a half dollars in property was the investment of the individual property holders there in the subdivision and Section 18 of the present zoning ordinance states that it cannot be amended to repeal any existing covenants of the subdivision. The third objection was that it would establish a precedent to remove the residential character of the village at other points, all of which, in the eyes of the spokesman and his association would be detrimental to their investment as individuals. Mr. Lendzion was soundly applauded at the conclusion of his speech.

Kenneth Scott, 1614 Newcastle road, speaking for the inhabitants of Newcastle, stated that they were all opposed to changing the ordinance as did Mr. Schick, 1649 Severn.

Speaking for the residents of Broadstone, Fred Cross, 1657 Broadstone, told the commission that his constituents wanted them to tighten the zoning ordinance rather than relax it.

A Mr. Grigsby, of Allard road, injected a little humor and interest into the discussion by stating that his investigation of theatres revealed that the proposed theatre, seating 3,500 people would draw people into the Woods from a five mile radius, and as high as ten thousand persons on week-ends, creating traffic hazards.

A Mr. Benzin, residing at 762 Lochmoor boulevard, speaking in behalf of the Lochmoor improvement association, stated that his members were opposed to the amendment because it would affect the real estate values throughout the community in a detrimental way and that they wanted the rural character of the village maintained.

Albert Beaver, representing the Grosse Woods Association, which is made up of residents of West Mack, Lennon to Stanhope, stated that his board of directors wished to go on record as opposed to the change.

Leonard Jennings, 683 Lochmoor, appealed to the commission to strengthen, rather than amend, the existing ordinance, to remove this and any other threats to its change.

Charles Vance of Severn road, told the commission that he would be glad to sell his house to any member of the council, if they decided in favor of changing the amendment.

A resident of Grosse Pointe Farms, said that the majority of the residents, in fact 98 per cent of those living in the Mack-Chalfonte area, are opposed to the amendment.

A Mr. Mervyn Gaskin, 731 Oxford road, speaking for himself, stated that the assessed valuation of residents of the area to be affected by the change would exceed the investment of this promotion and he believed that the commission should protect the present stockholders.

John D. Boehm of Crestwick road, stated that his neighbors were all opposed, as did a Mr. Adams, who stated that the residents of Country Club Woods should always be able to dictate the character of any development.

Arthur Scully, a real estate man, stated that he appreciated the sentiment of all those who had spoken and believed that the character of the village should best be maintained as residential. He said that the in-

that the fee be fixed at one cent a gallon or 10 cents a collector's bucket.

Commissioners Damman and Parshall both said that this rate was too low for the amount which is collected; the latter recommended that it be increased to two cents a gallon or 15 cents for a collector's bucket.

These changes were agreed upon by Mr. Lane and received the approval of the entire commission.

"I went on a three-day berry-cating marathon. It was worth it." — Capt. Jack Bryant, airman returned from the Pacific and suffering a bad case of hives.

"We forgot to hold the election." — Cascade, Idaho, officials asked for primary results.

Motor Machinist's Mate IC Blair Martin, son of Mr. and Mrs. Alfred Martin, 1260 Beaconsfield has been promoted to the above rating from machinist's mate 2nd class. He is stationed in the South Pacific on minesweeper duty. A graduate of Grosse Pointe high school, he entered service prior to Pearl Harbor.

"For the sake of all of us, but mostly for the sake of our soldiers and sailors, let us hurry, hurry, hurry not only in winning the war but in being ready for the peace." — Bernard M. Baruch and John M. Hancock.

AT LAKEWOOD

Capt. Jack Lloyd, 75-year-old western character, hailed as America's premier soldier of fortune, when in his days of the old west he beat 67 men to the draw, is appearing at the Lakewood in advance of "Union Pacific" in which he appears.

CAPT. JACK LLOYD

Captain Lloyd blazed the principal trails from the Rio Grande to the Couer O'Alene country, served with Judge Roy Bean "The Law West of Pecos" was a Texas Ranger on several occasions, and has served in many of the famous western mining and cow camps as a peace officer. For several years he was "looked after" by "Calamity Jane."

As a personal friend of Col. William F. Cody, "Buffalo Bill" he was with the Cody show during its first European engagement, giving many performances before the royalty of the eastern world.

Merchant Doubles Advertising to Promote War Bonds

During the month of June, A. J. Forster, jeweler and optometrist of 14400 Charlevoix, doubled his advertising program in The Grosse Pointe Review to promote the sale of War Bonds for our boys over there, entirely discontinuing his usual schedule of promoting his quality jewelry and optical business.

Mr. Forster wishes to thank the public for their excellent co-operation and he is sure that the boys will be glad to know that the people are backing them up by buying Bonds.

Maire, Kindergarten	53	90	90	74	31
First	30	90	92	75	23
Vernier, Kindergarten	30	83	80	60	17
First	36	96	90	85	39
Mason, Kindergarten	136	85	83	51	31
First	97				

The percentages as regards diphtheria, vaccination and whooping cough are good. Attention should be given to increasing the number of tuberculin and schick tests. Grosse

Courageous Women and Their Story at Shores Theatre

A story of the courageous women of Bataan with their hardships and tears will be shown at the Shores theatre Sunday and Monday. "Cry Havoc" in which Margaret Sullivan, Ann Sothern and Joan Blondell co-star, brings the story of the few nurses and their civilian aides to the audience of this country. When Margaret, as a lieutenant in the nurses' corps, sends one of her assistants for help and she comes back with nine "green" girls, action really starts.

After roll call has been taken of this mixture of an art student, switchboard operator, music student, junior executive, burlesque queen and others, the girls get down to work in their GI coveralls amidst bombings, strafing, blood and disease.

With this will be shown "Rookies in Burma" with Wally Brown and Alan Carney.

"Our present system of taxation is one part tradition, one part political expediency, one part utter confusion."—Elmo Roper, public opinion poll specialist.

Colony Schedules "Jane Eyre" for Friday and Saturday

The Colony theatre has scheduled "Jane Eyre" with "Trocadero" for Sunday and Monday. "Jane Eyre," starring Joan Fontaine in the title role and Orson Welles as the striking Edward Rochester, a moving love story which seemed hopeless but which endured to be one of the most dramatic fulfillments in screen history.

The picture is filmed with Thronfield Hall as the scene of most of the action; it is a magnificent stone manor which hid so terrible a secret that its very owner dreaded coming there. However, the presence of Jane Eyre transformed the barren unlovely place into a place in which warm and love could dwell.

Rosemary Lane and Johnny Downs are co-starred in the second feature.

Get in It — Fate Help Win It!

Emergency First Aid Station Established in Gratiot Township

Along with the gigantic task of helping with almost everything connected with our war effort, the American Red Cross still finds time to protect and assist those of us left on the home front. This was attested in the presentation of certificates and an emergency first aid kit by Mrs. David L. Blair, first aid field representative of the American Red Cross, to Harry Sietz, chief, and the members of the Gratiot township fire department, last Saturday night, after an extensive training period conducted by Holly Johnson, Red Cross instructor.

The purpose of this new station is to take care of accident victims on the township's highways as well as in any home where they may be needed, to save a life if possible under any conditions.

"I have nothing but the highest praise for these men," Mr. Johnson stated, "for the manner in which they gave up evenings at home after work just to come down here and master this all important factor in their work as firemen. And, believe me, they have made the best of it during their 15 weeks of training."

According to Mrs. Blair, there are eight of these stations under her supervision in Wayne county. "As a rule, she stated, the training is divided into two sections, the standard and advanced training — but these men of the Gratiot group kept on until they had mastered both. They rate with the highest in the county."

An example of the value of this training either at home or on the job, was shown in the case of Anthony Maronto, Gratiot fireman. During the early stages of the course he was awakened by his wife, to find that his four year old son had split his lower lip and was bleeding profusely. Anthony used a pressure method he had learned and the bleeding stopped at once. He is still just a little confused over how simple a serious thing can be — especially if people would heed the advice of the American Red Cross and put it into immediate use.

Hil F. Best Sets Forth Platform If Elected to Congress

It is said that a citizen who has been successful in his own business and has given generously of his time to public causes is the type of person who deserves careful consideration when he announces his candidacy for public office.

The people of the 14th district now know that Hil F. Best is seeking the Republican nomination for congress on July 11.

A well-known publisher made the statement that he had known Best in a business way for a good many years and knew him to be aggressive, intelligent and absolutely honest in his convictions.

He went on to say that he thought it was a fine thing in our democracy to see a young man of Hil F. Best's ability come forward and offer himself as candidate for congress and he would recommend Best to the voters.

Best is familiar with the workings of congress — he has been a representative of publications for the past 20 years — he can serve as a representative of the voters of the 14th district and give them the right type of representation.

There has been a lot of talk about the age at which a person may become eligible to vote being lowered from 21 to 18. There is nothing in the Constitution to prevent this and Best goes on record as saying he favors such a move. If 18-year olds are old enough to fight, they are old enough to vote. Thirty-four per cent of the men in the navy are below 19.8 years old.

Best thinks that the 14th district is more interested in jobs after the war than anything else — in order that industry may create more good jobs. He will work and vote to remove all obstacles being thrown in its path.

Upon the return of the 14th district's young men from the armed services, Best guarantees to vote for their welfare and rehabilitation.

Best claims no personal connections, no business ties and no political alliances which will cause him to swerve from any definite stand which would be to the best interests of the 14th district.

He will give his entire time to the job as congressman and will appreciate your consideration at the primary election July 11. "I promise to give the 14th district the type of representation that I know they want — and deserve. I shall work at all times for all the residents of the 14th district," is a direct quote from Hil F. Best.

Reports Indicate Top Crop of Peaches, Cherries This Year

Recent reports of the Michigan and federal crop reporting services indicate Michigan this year will have one of its largest crops of fruits in history, particularly peaches and cherries.

Past records show, states Charles Figy, commissioner of agriculture, abundant crops are usually associated with a quality product. The peach crop now in the making, appears to be the finest quality on record and people of our state and the central west states, if nothing unforeseen happens, should have available in about six weeks a swell supply of peaches to fill those waiting empty jars. Reports indicate that Michigan

this year will be having 3½ million bushels of peaches. This compared with 2,182,000 bushels of a 10-year average of 1,452,000 bushels a year ago.

William Goagley, state chemist, whose staff of chemists follow the fruit crops for disease analysis each year, states that the generous rain so far and the limited labor and some spray supplies on fruit farms is showing up traces of brown rot. This

disease each year with some fruits takes a heavy toll. Reports throughout the state indicate that orchard owners are doing everything possible to prevent outbreaks of brown rot so as to be able to finish this quality crop of the important fruits of the state now in the making.

Some of the early cherries in southwestern Michigan are now being harvested.

One whole section of Casual Coats is ready for you. In many colors, tones and snappy styles. From .99-14.95-20.00

NO IDLE HANDS HERE

THERE are no idle hands at the summer day camp which began its summer season at the Neighborhood club last Monday, when approximately one hundred boys and girls attended opening classes and gatherings. Among many of the activities which found favor with the varied group was the handcrafts class which was conducted under the shade of nearby trees. Girls of all ages worked busily making paper dolls with multi-colored costumes and among those who hung their's on the fence in the background are from left to right: Mary Jane Keeler, Mary Jane Jelneck, Victoria Keeler, Sally Carr, Helen Cook, Mary Fox, Pat Carrier, with Joan Mullins sitting in the foreground.

More Rags Needed to Avoid Shortage, Salvage Head Says

Lansing. — Unless renewed effort to salvage waste rags results in substantial increases in collections within the next few weeks the army and navy may by August face a serious shortage of wiping cloths, according to Kenneth M. Burns, chairman of the state salvage committee of the Michigan OCD.

"The rag situation is rapidly approaching a critical point," Burns said. "The WPB tells us that 15 million pounds of rags are used monthly for wiping cloths. Of this amount 52 per cent goes to the army and navy and the remainder to war plants.

"The demands of the army and navy by August are going to be at least a quarter greater for wipers. These rags must come from the homes. A wiper is any cloth at least 12 inches square, which can be used to clean guns, polish metal, or remove grease from industrial parts.

"In addition to wiping cloths, 45,000,000 pounds of rags are needed each month for building material. At present, 90 per cent of all roofing material is of asphalt, owing to the lumber shortage. Rags are required to act as a binder in the asphalt. Formerly 90 per cent of all roofing material was used in building military cantonments and barracks. Today only 10 per cent is used for such purposes, 86 per cent goes for essential civilian housing under priority regulations, and four per cent is provided for lend-lease."

Grosse Pointe residents who have a supply of rags which can easily be made into wiping cloths are asked to salvage them by the following manner: Residents of the Farms and Park may deposit the rags with their paper which is picked up for salvage on their regular collection day; City residents will continue to salvage their rags in the manner which they have been following for the past year; Woods and Shores residents are asked to call NL 5800 if they have a supply of suitable rags for salvage.

"The need for rags is great," continued Mr. Burns, "collection is seasonal, and if we don't get them now, when house cleaning time is just about over, we will not get them for months. So we are asking for special co-operation from the public. Salvage committees and charitable organizations are equipped to handle rags from homes having accumulations."

ST. JAMES LUTHERAN CHURCH
GEORGE E. KURZ, Pastor

"Jonah Cast Overboard" is the sermon subject of the Rev. George E. Kurz, pastor, at St. James Lutheran church, Sunday, July 2, starting at 11:00 a.m., in the Punch and Judy theatre, Kercheval at McKinley road. This is the third in a series of sermons on the Old Testament Book of Jonah. Pastor Kurz reports that a transaction has been made with the board of education whereby the purchase of additional property adjoining the church site was consummated. The Sunday school, which will continue to meet throughout the summer months, begins at 9:45 a.m. People in the community without a church of their own are cordially invited to worship at St. James and send their children to the Sunday school.

Shorten the War—Save More Fats

New Medical Discovery, Disease Causes Germs

Atlantic City, N. J. — Dr. William P. Mowry of Detroit, addressed the centennial convention of the American Institute of Homeopathy, which is the oldest medical society in America, being held here at the Claridge hotel, last Tuesday.

Doctor Mowry stated, "For the past 19 years, the Russian government has authorized and financed a tremendous medical research program into the cause of disease and the right basis for administering drugs in healing the sick. This work is being done by the All Union Institute of Experimental Medicine, with headquarters in Moscow. Several of their laboratories and over 100 collaborators have long been assigned to this subject. Among their recently announced findings are that germs accompany but do not cause disease, and that the first medical fallacy is that a drug has definite and unchanging qualities. Instead, its characteristics are radically altered by the size and frequency of dosage, how given, and the condition of the patient at the time of each dose, whether another drug is also given and even whether another drug is present in the patient's system.

"I have verified the truth of both of these findings in the treatment of arthritis and neuritis. In fact many patients who come to me are almost walking drug stores, which condition must first be cleared up before they will respond to treatment for their real ailment."

Doctor Mowry also said: "Penicillin will hold an intriguing interest to the medical profession for 10 to 20 years yet. No drug has yet been found which destroys bacteria and which does not also destroy living tissue when given in customary size doses. Does the strange action of penicillin of unsexing certain kinds of bacteria instead of destroying them, mean that we have at last discovered a drug which is perfectly harmless to all living tissue and all organs of the body? Time alone will tell."

Spurt Noted in Local Bond Drive

Some results have been seen in the Fifth War Loan state of emergency which was declared last week by Co-chairmen Kenneth Moore and Richard Maxon for a definite increase has been noted in Grosse Pointe bond sales.

The total to date is \$1,263,721. According to the chairmen, a great number of small bond purchases will be required if the Grosse Pointe area is to even equal the market set in the other war loan drives.

School Secretaries Elect New Officers at Meeting

The Grosse Pointe school secretaries held their annual spring picnic and election of officers meeting at the village park Monday, May 19. The new officers are: Germaine Van Sundert, president; Agnes Banach, vice-president; Elizabeth Stohrer, secretary, and Irma Kaulitz, treasurer.

Fats Have Gone to War — Save More!

Neighborhood Club N-E-W-S

The opening of the Neighborhood club summer day camp took place on Monday, June 26, and over one hundred excited boys and girls participated in games, handcraft activities and getting acquainted with new friends. For the parachute contest, the boys were busy making parachutes during their handcraft period and in the final contest Sammy Armstrong took first place with his parachute.

The girls made and dressed paper dolls and Dona Graham's doll took first place.

The mothers who are giving their time and ability assisting with the Neighborhood club day camp program are the Mesdames Lawrence Pennell, Julie Ann Schlitt, John Wardle, and the students who are helping are Marian Lancaster and Alice Pettibone from Wayne university and June Fox and Peggy DeTomas from Marygrove college. The special event for Friday at two o'clock is a peanut hunt. Don't miss it!

The following boys and girls volunteered their services as leaders in keeping the playground safe and clean:

Clean-up squad—Marian Vlietinck, Joan Cole, Charles Emery and Charles Kubasta.

Safety squad—Owen Hoare, Richard Craig, Millicent Vinitzky and Shirley Yuronis.

The Campfire day camp will start July 6, at 9:30 a.m. and will be held on Tuesday and Thursday during the month of July. The camp is open to all girls and the fee is 25c. The program will include handcraft, campcraft, nature study, hikes, cook-outs, and games. Girls may register Tuesday July 6, at 8:30 a.m.

Five Park Streets to Be Resurfaced in Near Future

An extensive street improvement program similar to the one last summer, will take place in Grosse Pointe Park. The sum of \$24,886.92 has been estimated to cover the cost of the 1944 program.

A seal coating will be applied to three streets: Nottingham between St. Paul and Vernor highway; Buckingham between Kercheval and Jefferson and Devonshire between St. Paul and Jefferson.

Entire resurfacing will take place on Buckingham between Mack and Kercheval and on Devonshire between Mack and St. Paul.

In addition, the regular maintenance of filling cracks, etc., will be taken care of.

Park Buys Bonds

Grosse Pointe Park will invest \$25,000 in Series G war bonds, it was decided at the commission meeting last Monday night. The money will be deposited in the village's sinking fund.

Finances Good

E. B. Lane, Park village manager announced Monday night that for the second consecutive year, the village did not have to borrow money in anticipation of the tax collections.

Martin L. Leacock Seeks Congressional Seat for 14th District

In an interview with Martin Leacock, a Republican seeking to represent the 14th district in congress, stated that his primary reason for aspiring to the office of Congressman is his profound interest in world affairs and his sincere belief that all mankind looks to America for deliverance.

The Congressional election this year, he continued, will be the most important in the history of the United States, because upon it will depend the fate of the American form of Government by the People, and the right to rule through our elected representatives.

Mr. Leacock believes that the United States of America has been cast into world leadership not simply by chance but because history has shown America and America to be capable of world leadership. As we lead in this war, we must also lead in peace.

Because the inherent tolerance and generosity of the American People embraces all races, nationalities and creeds, America has the right duty, and God given trust to demand and to lead in the arrangement of a durable peace.

America at home has domestic problems now and perhaps always will have them, but if we fail to solve them promptly, it will not because of our inability to do so, but because of our ignorance of circumstances, or our refusal to recognize our responsibility to each other.

Labor and Industry, Mr. Leacock continued, are the back-bone of our national system and the life of our depends on the life of the other. I am for a strong, better unified, better co-ordinated sound labor-capital legislative program that works for both ways to protect both employer and employees.

"I am, however, opposed to extending bureaucratic control over the private lives of the citizens and the business man, and the trend toward more and more centralized control, power in Washington. The present trend toward dictatorship and government by commission must be promptly halted if we are to retain our customary liberties."

"Send me to Washington to possess the courage to stand up for the rights of their constituents, to undo the unwarranted power the hands of one man or a group of men in our national Capitol."

If I am the choice of the Vote in the 14th District, I pledge to all, and dare all, in the interest of the people instead of a few favorites."

Boys Disappear When Approached by Man

A resident of Berkshire road planned to Park police early Saturday morning that two boys were loitering around the parked in front of his home. The guests left, he attempted to go to the boys, but they drove away.

RETURN LOST BICYCLE TO YOUTHFUL OWNER

Farms police returned found at the Neighborhood Saturday morning to George Manthor road.

Instructions Given for Overseas Mailing of Christmas Parcels

EDITOR'S NOTE: Instructions for Christmas mail for members of the armed forces overseas are to be given in three installments. Below is the second installment as prepared by the post office department.

Preparation—

Owing to the great distance this mail must be transported and the handling and storage it must undergo, it is absolutely necessary that all

articles be packed in boxes of metal, wood, solid fiberboard, or strong double-faced corrugated fiberboard reinforced with strong gummed-paper tape or tied with strong twine or both. It is highly desirable that all fiberboard boxes be securely wrapped in heavy paper, if available, as experience has shown that boxes without an outer wrapper often become crushed or split, thus allowing the contents to escape. Furthermore, as each parcel is subject to censorship, delay in handling may be minimized by securing the coverage of the parcel so as to permit ready inspection of the contents.

When combination packages are made up, including miscellaneous

toilet articles, hard candies, soaps, etc., the contents should be tightly packed, in order that the several articles may not be loosened in transit, damaging the contents or the covering of the parcels. Christmas boxes should be enclosed in substantial containers. Hard candies, nuts, caramels (including those covered with chocolate), cookies, fruit cake, and chocolate bars individually wrapped in waxed paper, should be enclosed in inner boxes of wood, metal, or cardboard. Soft candies, whether home made or commercial, do not carry well. Sealed packages of candy, cigars, tobacco, and toilet articles in simplest mercantile form may be placed in parcels without affecting the parcel post classification of such packages. Sharp-pointed or sharp edged instruments, such as razors, knives, etc., must have their points or edges protected so they cannot cut through their coverings and damage other mail or injure postal employees.

Perishable Matter—

Perishable matter will not be accepted, and the sending of fragile articles should be discouraged.

Prohibited Articles—

Intoxicants, inflammable materials (including matches of all kinds and lighter fluids), and poisons, or compositions which may kill or injure another, or damage the mails, are unmailable.

Addresses Must Be Legible—

In typewriting, or ink. Copies of sales slips of retail stores should not be used as address labels. The complete address should also be shown on a sheet of paper inside the parcel in order to permit identification of the addressee in the event the outer wrapper becomes torn, mutilated, or destroyed in transit. Parcels addressed to overseas army personnel should show in addition to the name and address of the sender, the name, rank, army serial number, branch of service, organization, APO number of the addressee and the post office through which the parcels are to be routed.

(To Be Continued.)

Record Number of Tank Engines Produced by Ford

The Ford Motor company announced today it has produced more than 10,000 tank engines at its Lincoln plant.

The engines are V-8 design, developing 500 horsepower, and have been adopted for use in all tanks. Their particular advantage is in ease of field service, five major sub-assemblies making it possible to replace damaged engine sections without returning the tank from its field of operation.

Make munitions in your kitchens!

REMEMBER?

One Year Ago This Week

All municipal employees of Grosse Pointe Park were granted raises amounting to approximately six per cent of current salaries by action of the village commission Monday night . . . at an approximate cost of some ten thousand dollars per year in the village.

Independence Day will be marked in Grosse Pointe by a giant fireworks display at 10 p.m. Sunday night on Mason school grounds.

A letter was received by the Grosse Pointe Park commission from Pierre V. Heffler, village attorney, requesting a leave of absence to take up his duties as a U. S. naval officer.

Woods and Park residents were asked by their respective officials to conserve on the use of water for sprinkling.

A plan was presented to Woods officials to form a large drainage system which would include the Woods and Gratiot townships. It would help do "away with future flooded conditions and was approved by all the representatives who attended the meeting.

Principal Walter F. Cleminson announced that summer school enrollment this year is over 600, which is slightly higher than the average of previous years.

The verdict of Justice Joseph P. Uvick of the City court in the rooming house case of the City of Grosse Pointe vs. Mrs. Pearl Adams was affirmed Tuesday in Wayne county circuit court.

Five Years Ago This Week

Last Monday night a group of irate property owners and residents of Grosse Pointe Park attended the council meeting for the purpose of voicing their opinions as to the way the recreation park is being run. Bitter and sarcastic criticism of the high fence recently erected around the park continue to be expressed and visitors to the park have labeled the new fence "the park kennel fence."

D. J. Leitbauer, newly-appointed commissioner in charge of the park, has taken full credit and responsibility for the fence. The great hubbub was due to the refusal of the commission to allow St. Ambrose children to use the park for their annual picnic.

10 Years Ago This Week

The petition for writ of mandamus filed by Robert L. Butts, Grosse Pointe Park patrolman suspended April 23 for seemingly neglect of duty, was affirmed by the Wayne county circuit court June 15 with Judge Joseph A. Moynihan presiding. The court held that the village commission was without its authority in ordering the dismissal of Butts.

At the City council meeting a proposed new ordinance regulating the owning and harboring of dogs, the ordinance was developed in response to the frequent complaints or comments that many dogs were unleashed and running at large, some were vicious and that persons had been bitten by dogs.

Degrees were awarded to eight Grosse Pointers from the University of Michigan and to 111 from Grosse Pointe high school.

The tax budget for the village this year is about \$15,000 less than last year.

Frederick J. Plotts Candidate for 14th Congressional District

"Government by the People" is the essential need today in Washington, says Frederick J. Plotts, Republican candidate for the nomination to Congress from the 14th District.

Elimination of all unessential Bureaus, Boards, Commissions and Agencies would remove Government obstacles to business, reduce the government payroll, and make many more men available for more essential work.

Only then Mr. Plotts goes on to say can people rule again through their duly elected representatives, and business can be turned back to business men.

A definite Labor Policy must be formulated by representatives from management and labor to create unity, so together they can face the tremendous task of conversion to peace time production when this war is won.

Mr. Plotts, a native Detroitier is married and the father of one child. He has been practicing Law in this city for more than 21 years and during that time has served various businesses as counsel and in the capacity of a director, thus gaining considerable knowledge and understanding of the problems of labor and management.

This together with the keen interest, he has always taken in State and National Government affairs qualifies him highly for the position he seeks at the primaries on July 11th.

The True Spirit of the Victory Garden Is Brought Home to Grosse Pointers

"We ought not to allow the enemy to prevent us from carrying on all these things which will make life better later on."

—Mrs. Winston Churchill

In these well chosen words spoken by Mrs. Churchill in war blitzed England, is expressed something that should inspire all of us to greater efforts in our community life.

Undoubtedly one of the things that

goes for better living is gardening in its many phases. Be it a wartime necessity aimed at food production, flower gardening for the morale building side, or a pursuit for mental or bodily relaxation, from whatever angle we look at it, we shall gain the satisfaction of having accomplished something worthwhile, and in addition have got to know better our fellow gardeners and fellowmen.

Here in Grosse Pointe it is up to each and all of us to lend our support to the splendid efforts of the Grosse Pointe Victory garden council in their work of sponsoring the numerous Victory garden allotments throughout the community, and later on to take an active interest and pride in the Victory garden harvest show, to be staged Sept. 9 and 10 at the Neighborhood club, Grosse Pointe.

This exhibition will be in two sections, sponsored jointly by the Grosse Pointe and Eastern Michigan Horticultural society and the Grosse Pointe Victory garden council.

You are cordially invited to enter exhibits of flowers, fruit and vegetables grown in your Victory garden lot or from your own home garden.

By taking a part you will be helping towards making this a more progressive, better and friendly community.

Pointe Firefighters to Attend Fire College in Ann Arbor

Several hundred Michigan firemen, some from Grosse Pointe, municipal officials and others interested in fire department services are expected to attend the 16th annual Fire college, sponsored by the University of Michigan extension service in co-operation with several state firefighters' organizations, which will be held in the Rackham building, in Ann Arbor, from July 11 to 14, inclusive.

Lieut. John Burgess from the Park will attend the college and will be instructor in a ladder evolution class for other delegates. Edward Rector, Park chief, a member of the program committee; Ledger Chauvin, City chief; and George Dansbury, Farms chief, expect to attend at least one day's session of the college.

The college is designed to offer instruction in the latest methods of fire prevention and fighting, and the general improvement of department services. A number of famous speakers will be heard, and some of the subjects which will be discussed are the fighting of fires caused by static electricity; magnesium fire control in industrial plants; fire alarm signal systems; postwar apparatus; and combating arsonists.

The highlight of the four-day program will be a trip to Romulus air field, where firefighters of the U. S. army will give a demonstration of the use of water and foam fog.

Associations co-operating with the university in sponsoring the Fire college are: Fire marshal's division of the Michigan State Police; Michigan State Fire Chiefs Association; Michigan State Firemen's Association; Southeastern Fire Chiefs Association; Michigan State Firefighters Association; Michigan Municipal League; Michigan Inspection Bureau; and the state board of control for vocational education.

Rotary Establishes Wayne Scholarships to Begin in the Fall

The newly-established scholarship committee of the Detroit Rotary club announces that beginning in September it will annually award three-year scholarships in Wayne university to two crippled or underprivileged children. The scholarships were established in memory of the late Paul H. King and the late Dr. Marten S. Rice.

The club announcement indicates that the scholarships will be awarded only to students who are unable to finance their college careers and that in choosing candidates consideration should be given to their general scholastic averages during four years of high school and to their special talents. Each candidate is required to submit an essay on the subject "What I Hope to Accomplish in My Adult Life."

Upon the conclusion of the three years covered by the award, the Rotary scholarship committee may recommend to the Rotary Education Foundation such students as merit further financial assistance for the completion of their college courses.

Recipients of the awards will be chosen by a committee which includes the president of the club and the executive vice-president of the university.

Postwar Planning Funds Approved This Week

Lansing. — First requests from cities and counties for postwar road planning funds made available on a 50-50 matching basis by the state legislature, in special session last January were approved this week by the state administrative board on recommendation of Charles M. Ziegler, state highway commissioner.

Under the approval of the highway commissioner and administrative board the applicants may now proceed to draw the plans for the approved projects with assurance that when the plans have been finished and approved by the highway commissioner half of the cost of the plans will be paid by the state.

On Increase

A 53 per cent increase in newly reported cases of gonorrhea in Michigan and a 26 per cent increase in syphilis reported was revealed by the Michigan department of health. From Jan. 1 through May 31 there were 4,785 new cases of gonorrhea reported, against 3,111 through May last year. During the same period 7,129 cases of syphilis were reported against 5,669 last year.

"They are the guys that wars can't be won without."—Ernie Pyle, speaking of the infantry.

Milk Weed Floss Needed in Fall; Don't Destroy It!

Attention! Patriotic weed pullers! Don't destroy the lowly milkweed. This is a warning from the hundreds of thousands of members of the Junior Red Cross, who, early this coming fall, will go out in force to gather the milk weed floss — to help win the war.

Milk weed floss, the fluffy stuff in the pods of this common weed, is the best material yet found to replace kapok in the life jackets being supplied our fighting men who go to sea in ships, or over the sea in planes. The floss in two bushel bags of milk weed pods fills one life jacket.

Kapok, which we used until Pearl

Harbor, is found mostly in Java, and the Japs aren't letting us have any of that life-saving material now. So, after extensive research, the army found that milkweed would serve almost as well, and that's when the vast army of Junior Red Cross boys and girls was given the job of collecting the weed.

It will be early, or middle September, before the floss can be harvested, but so limited is the national available supply, against today's tremendous need, that none can be wasted. So, for the war — plead the youngsters, who want to help build life jackets for their brothers and their fathers in service — put up with the milk weed.

Schools and other groups wishing to participate in the fall collection, are asked to call the Junior Red Cross to secure the open-mesh bags in which the pods must be packed.

Cancer Research Institute Buys New Detroit Site

The Detroit Institute of Cancer Research has purchased from the Detroit Edison company the Detroit Edison club property at the northeast corner of St. Antoine and Frederick, and will remodel the two buildings there as a temporary cancer research laboratory, with plans to make the grounds available as a playground for children of the neighborhood.

Dr. Rollin H. Stevens, physician in the David Whitney building and president of the institute, made this announcement yesterday. The property is 200 feet by 150 feet, he said. The institute has already requested the department of parks and recreation to provide playground supervision, and if supervision is granted the major part of the grounds, formerly used as tennis courts, will be opened to the public.

"We chose this location because it is on the site of the projected medical science center," Doctor Stevens said. "We expect to work very closely with the Wayne University College of Medicine, which will be the nucleus of the center, and so our situation in this particular place will be of great advantage to both the institute and the center. Eventually we expect to replace the present buildings with a large new laboratory, fully equipped and staffed."
