

# COUNCIL REFUSES TO RECOGNIZE UNION FISHER ROAD BOUNDARY LINE DISPUTED

## Administrators See Little Need For Employees' Union

The City of Grosse Pointe council refused to recognize the union which has been organized by the municipal employees and who have become members of the Michigan and Greater Detroit Council of Local Government Employees No. 77, last Monday night at their regular monthly meeting.

This action came about after approximately an hour and a half of discussion during which time, the mayor, councilmen, a representative of the local, and taxpayers expressed their views.

Lawrence Stranahan, the representative chosen to speak for the employees, identified himself as a resident of Detroit, living in the vicinity of Alter road and Mack avenue, and the one who organized the City employees. His stand, he said, was to recommend, on the advice of the employees, the following working conditions:

1. All time over eight hours in one day and over 40 hours in one week shall be compensated at the rate of one and one-half times the regular rate of compensation, provided however, that in the event of inclement weather the employee may work longer than eight hours at regular pay so that he may work 40 hours per week during a pay period. However, if a holiday falls in the pay period, it shall be construed as eight hours work by the employee as far as overtime pay is concerned.
2. All time worked on Sundays and regular holidays and any emergency, shall be compensated at twice the regular rate of compensation.
3. The regular recognized holidays shall be: New Year's, Memorial Day, Fourth of July, Labor Day, Thanksgiving and Christmas.
4. Sick leave shall be allowed at the rate of 15 work days, and accumulative to 100 days. In case of funerals, or urgent personal business, time may be deducted from the sick leave at the discretion of the department without loss of time to the employee.
5. Two weeks vacation shall be allowed after one year of employment, and one week after six months.
6. Seniority shall be used as a basis for any contemplated layoffs, or persons in like position.
7. In case of inclement weather and the employees report for work,

It has come to our attention of late in the manner in which some people seek to avoid the OPA restrictions on ceiling prices. A friend of ours relates the following: Answering an ad in a Detroit daily for a stove and refrigerator, the caller was informed by the seller that the refrigerator was "eight years old and had a ceiling price of \$48, however, inasmuch as there is no ceiling prices on electric stoves, he was toying with the idea of parting with stove and refrigerator for \$275, but there was still another herring in the deal. The seller also had some furniture, and would part with the previously mentioned items and a bedroom suite for \$335." We would say that price control seems to miss the goal in this case.

Another case brought to our attention involves an auto deal. The ceiling in this case is \$340, however a radio was forthcoming in order to charge another \$30, but at latest reports, the radio is still undelivered and therefore a price violation is in the making.

Do some of you Grosse Pointers feel that you are still not doing enough for the war effort? Do some of you think that there must be something else that you can do? (Continued on Page 4.)

## Township Clerk Preparing to Mail Soldiers' Ballots

Next week, several thousand soldiers' ballots will be mailed from the Grosse Pointe township clerk's office, to the men and women in the armed forces serving all over the world and whose former addresses read "Grosse Pointe."

Each serviceman and woman has received, during the past few weeks, a card which is signed by the recipient, countersigned by the commanding officer, and then mailed to Henry Lavers, township clerk. The clerk has received all Grosse Pointe township cards and is now busy getting the ballots prepared to mail.

These ballots are received by the service person in a double envelope, the enclosed envelope is addressed and returned to the township clerk. It is the enclosed envelope which is signed by the voter and on which the oath of the elector is taken.

The ballots, identical with those to be used here in November, are marked and then returned by mail, usually air mail. Here they are all kept together until election day when they are to be taken by the clerk to the voter's home precinct where it is, then counted along with all the votes cast.

PVT. THOMAS SULLIVAN Aug. 17, where many of his friends, former classmates and teachers attended.

## RECEIVES NUMEROUS AWARDS

CAPT. GEORGE S. SMITH

An Eighth Air Force Bomber Station, England. — Capt. George S. Smith, 22, of Grosse Pointe Shores, Mich., has been awarded an Oak Leaf Cluster to his Distinguished Flying Cross for "extraordinary achievement" as pilot of the Eighth Air Force B-17 Flying Fortress "Joker" during numerous bombing attacks on Nazi military and industrial installations.

Captain Smith, the son of Mr. and Mrs. Thomas C. Smith of Grosse Pointe Shores, already held the Air Medal with five Oak Leaf Clusters and the DFC.

The Michigan flier received the DFC as the result of an attack on industrial objectives in Kiel, when despite intense and repeated enemy fighter attacks, a badly damaged plane, no oxygen supply, and two wounded gunners aboard, he continued on to bomb the target and bring his crippled Fortress home. His crew accounted for two enemy fighters that day.

"My roughest mission," the pilot said, "was Emden, a few days before Kiel. Flak knocked us out of formation, riddling our fuselage with holes, hitting an engine so that one propeller was windmilling wildly. All alone in the sky, we had some twenty different fighter attacks. My crew destroyed two fighters, and damaged another, and then we successfully evaded further attacks by diving into cloud cover.

"I won't forget Bremen either," he continued. "We came back with an engine flaming for a long while, but finally it burned itself out."

Captain Smith began flying in combat over Nazi-land by leading his squadron, then flew as group lead pilot for eight missions, and upon being made command pilot led larger flight formations.

A graduate of Grosse Pointe high school, he went on to attend Walsn college, later being employed by the Burd Manufacturing company, of Detroit as a timekeeper.

## Children Respond to Plea for Waste Paper; Collect Fourteen Tons Here

In response to the urgent request of the salvage division of the WPB made to the schools in June, to find some way to keep the waste paper rolling into the paper mills, a drive for waste paper was put on Aug. 7-12 by the children attending the summer playgrounds sponsored by the Grosse Pointe board of education.

Forrest Geary, supervisor of community service for the board of education announced this week that the drive resulted in a total of 14 tons of paper. The playgrounds and their standing follow: Trombly, first; Maire, second; Defer, third; Richard, fourth and Mason, fifth.

The children and playground directors wish to express their appreciation to all residents and to the local newspapers for their help in making this drive a success.

Lynn M. Bartlett, who has been in charge of the regular monthly paper drives conducted by the schools, stated that he was most gratified by the results of this drive and extended his appreciation and commendation to the boys and girls who made the summer collection such a success. Mr. Bartlett announced that plans are now under way for eight paper drives to be conducted by the schools of the area during the coming year. He stated that according to recent information received from the salvage division of the WPB the collection of waste paper is the nation's number one salvage job and there must be no let down in this program. The residents of Grosse Pointe are asked to lend their full co-operation in this valuable wartime project during the coming school year.

## Accident Leads to Investigation and Arrest

Louis Eilois of 700 Elmwood, Detroit, was released on \$100 bond last Thursday morning by Justice Joseph Belanger in the Park justice court after he was held pending investigation for having a shotgun in his car. He was also held for investigation of the policy racket.

The above action came about after Eilois collided with a car being driven by Pete Wilhelsen of 1102 Lakepointe at Jefferson and Audubon last Thursday morning. The Park detective bureau has confiscated the Eilois car and gun.

## Lieutenant 'Missing in Action' on Bomb Mission in S. Pacific

The casualty lists for Michigan men last week erroneously reported First Lieut. Albert J. Phillips, of 1229 Bedford, as wounded in the South Pacific. Mrs. Janith R. Phillips, his wife, has been notified by the war department that he has been "missing in action" since June 20 in that area.

According to the war department, her husband was on a bombing mission over Rabaul, New Guinea, when the entire formation ran into a severe storm. At this time, the planes lost contact with the ship in which the lieutenant was flying, and the plane did not return to its base. The commanding general said that he had no idea what happened to the plane.

Lieutenant Phillips was awarded three Oak Leaf Clusters to his Air Medal since the beginning of this year for his participation in the raids in the South Pacific.

## Youthful Employee Traps Man Selling Gas Coupons, Tires

Donald Shirk, 643 Notre Dame, teen age employee at a service station in the City, called City police last Saturday afternoon and said that a man had just visited the station and attempted to sell him gas coupons and tires.

By the description given by Shirk, City Officers Blinn and McFarlin, picked up the man who gave his name as Samuel Mucha, 21, of 681 Canton, Detroit, who readily admitted that he had tried to take orders for gas coupons at 10c a gallon or 30 cents a ticket, and for tires. He said, however, that a friend had the coupons and he was only trying to help him sell the coupons.

Mucha, also known as Samuel Mucha, is on parole from Inoia. He was turned over to the OPA for investigation, but later escaped from the officers.

## EIGHT APPEAR IN PARK JUSTICE COURT YESTERDAY

Six speeders and one charged with driving without an operator's license and one allowing an unlicensed driver to operate his car, appeared before Justice Joseph Belanger in the Park justice court yesterday morning.

The following were fined \$15 each for speeding: Donald J. Beaudry, 547 Eastlawn; John Ruff, 21820 Colony, St. Clair Shores; Robert Semmler, 715 Berkshire, \$15.

The following were fined \$10 each for speeding: Sidney L. Terry, 9120 Dwight; Robert J. Drahn, 321 Moross; Don Mancini, 1029 Whittier. Jerome Dellas, 4239 Alter was found not guilty on a charge of allowing an unlicensed driver to use his car.

Mrs. Ann Dellas, 4239 Alter, was fined \$20 for driving without an operator's license.

## Urge Bicyclists to Attend Rally Next Thursday

Calling all bicyclists! This is the call which Police Chief Thomas V. Trombly has issued to all boys and girls in Grosse Pointe to attend a big bicycle and safety rally at the Neighborhood club on Thursday, Aug. 31 at 2:00 p.m.

Chief Trombly is desirous that every child attend this affair and hear the latest rules of safety, including all those which concern bicycle riders.

Pat Kaulitz and Miss Pauline Masak, activities directors, have promised bicycle races and other festivities in addition to refreshments for all those who attend.

## Park Resident Reports That His Boat Was Ransacked

Richard L. Leslie, 895 Beaconsfield, reported to Park police that sometime between Aug. 14-16, his boat, docked at the small dock at the waterfront park, had been broken into and field glasses, flashlights and hunting knives were among the loot.

## Officials Desire Trial Period for Fire Aid Agreement

Whether Grosse Pointe Park and the City of Grosse Pointe are going ahead with the mutual fire aid agreement which has been "on the fire" for the past few months, without the signed intentions of the Farms, is yet to be seen, according to an announcement last Monday night.

Officials of the Park and the City are very anxious to see this agreement begin functioning because of the reduced number of personnel and the depreciation of equipment, and they feel that the mutual assistance would do much to eliminate any serious results which would be caused if a severe fire took place in these communities.

Farms trustees, the last few times this agreement has been brought up, have stated that the proposition needs more study before they wished to do anything about it. Clarence Blessed, city commissioner of safety, was asked by the City council to see if the Farms will not make a definite statement regarding their intentions.

In the agreement, briefly, both fire departments are to answer all but the minor calls in the Park and City; the Farms department is to only give standby service. For several years, a gentleman's agreement has existed between the three communities regarding standby service, but it is the intentions of the Park and the City to put the agreement down in writing.

Many City councilmen expressed the desire that they would like to see the mutual aid agreement "signed and sealed" so that the trial period of 30 days could be carried out. They said that if the agreement failed to live up to expectations, it could be readily dropped at the end of the trial period.

## Large Field Competes in 3rd Annual Tennis Meet

Grosse Pointe championships have been decided in the third annual tennis tournament sponsored by the board of education for residents of the Pointe. Championships were decided in seven classifications with a total entry of 121 players.

Champions and runners up in the different divisions (winners first) are as follows: Men's singles, Ross Herron, William Casteel, 7-5 and 6-3; boys' singles, Paul Grubbs, William Penoyar, 6-2 and 6-3; women's singles, Pat Kronner, Sally Ware, 6-2 and 7-5; men's doubles, Ross Herron-Ray Roth, Tom Healy-William Casteel, 4-6 and 6-4;

Mixed doubles, Ross Herron-Connie Nestor; Tom Healy-Pat Kronner; boys' doubles, William Penoyar-Paul Grubbs, Tom Wilson-James Barker, 6-4 and 7-5; women's doubles, Marilyn Smith-Pat Kronner, Jackie Ewing-Connie Nestor, 6-2 and 6-2.

Laurence Westerville, high school tennis coach and high school playground supervisor, considers this year's tournament as one of the best yet, the caliber of play by the contestants throughout the tournament was excellent.

## Apprehend Youths Making Sport of Smashing Lights

Three youths, one 16, and two 17 years of age, were picked up by Patrolmen Yacks and Beaupre of the Farms late Monday morning after they were found to be the ones who broke an electric light globe in the vicinity of Beaupre and Hillcrest.

After some questioning by Detective Serg. E. Bolo and Detective E. Labadie, the boys admitted that they were guilty of breaking several globes in the Farms, Park and the City. All three are the sons of well-to-do families in the Farms and the City.

The youths were turned over to Douglas C. Christiansen of the legal department of the Detroit Edison company for disposition of the case; it is believed they will be charged with the malicious destruction of property, or will make restitution for the damage.

## Farms and City Disagree On 33-Foot Parcel

Observers are wondering if the dispute concerning the Fisher road boundary situation between the City and Farms will ever reach a decision for now each municipal government has adopted a resolution recommending a different boundary line.

There is one point of agreement between the two communities: That is the private claim line which extends from its intersection with the center line of Mack avenue south-easterly to Jefferson avenue. At this point, the difference in the recommendations is made.

Trustee George L. Schlaepfer of the Farms, on June 27, advocated that at the intersection on Jefferson avenue, the boundary line should then be turned southwesterly along the center line of Jefferson avenue 33 feet to the present boundary line, then southeasterly along the line to the United States harbor line of Lake St. Clair.

However, the City does not wish to make this "jog" in the boundary line, and recommends that the line continue straight through to the harbor line. This recommendation was made by Councilman Chester F. Carpenter.

City officials feel that approximately two hundred dollars would be realized each year from this piece of property, and it would not in the least compensate for the funds used to maintain their proportionate share of Fisher road. The Farms wants this piece of property for they feel that this will protect them against possible future loss of personal property tax in case a boat were to be moored to the present dock which lies entirely within the extension of the 33 foot strip of land.

## Robbery Reads Like Fairy Tale

Arraigned before Justice Leslie P. Young on charges of being intoxicated and disorderly, and while in this condition, committing an act of grand larceny, Eugene LaRue was found guilty in the City justice court last Tuesday night and sentenced to 60 days in the Wayne county jail, plus a fine of \$25 and \$5 costs. In the event the fine and costs are not paid LaRue will serve 15 additional days at the county abode.

The story began last Sunday morning when a private detective and his wife stopped for a traffic light at Kercheval and Cadioux.

A man, later identified as Eugene LaRue, 49, of 11438 Jefferson, walked over to the car and said "I have the stuff; drive over to Best's and we'll get it."

Using his detecting mind, the plain clothesman drove up in front of Best & Co. and parked. LaRue, using a pass key, immediately reappeared with some woman's clothing and a man's suit.

After completing two trips into the building, and depositing the articles on the rear seat of the car, LaRue locked the door and said, "Oke! let's go."

The private detective, his wife and his passenger, laughing and joking, drove toward Detroit on Jefferson avenue, and nearing the Park police station, LaRue said, "Wouldn't it be funny if you turned in here!" The driver laughing, answered "for the fun of it, let's drive around the police station." As the car passed the building, the driver turned and grabbed LaRue, taking him into the station.

After relating the events of the theft to Detective Lieut. A. Louwers, police were detailed to the shopping district on Kercheval, looking for the man that LaRue had mistakenly missed. Here, City police picked up Ralph Slater, of 328 Benetue, and held him for investigation. Slater's description fitted that of the party who LaRue missed.

Chief Thomas V. Trombly said, concerning Slater, "Anything we have had on him was purely circumstantial and he was being held only for investigation."

Upon questioning at his trial, LaRue blames his act of thievery on his being intoxicated. While in this condition, he became boastful and decided to get "Annabelle," (police have not identified her further), some clothes from Best's, but ended up in jail.

## Third Infantile Paralysis Case Reported in Pointe

Dr. Thomas S. Davies, Grosse Pointe township health commissioner, reported another case of infantile paralysis. This is the third case in the Pointe. The victim is a teen age girl in the Farms who is hospitalized in Ohio.

The state of Ohio now has two residents from the Pointe hospitalized there. The second victim is also from the Farms. The third victim is a resident of the City and has been pronounced as cured.

## DFC Awarded Lieutenant Trombly at English Base

An Eighth AAF Bomber Station, England. — First Lieut. Raymond J. Trombly of Grosse Pointe, pilot of a B-17 Flying Fortress, has been decorated with the Distinguished Flying Cross for "extraordinary achievement" on bombing attacks on enemy-held Europe.

Lieutenant Trombly, 22, is the husband of Mrs. June H. Trombly, 1023 Nottingham road, and the son

LIEUT. R. J. TROMBLY

of Mr. and Mrs. Raymond Trombly, 807 Hampton road, Grosse Pointe.

Veteran of more than a score of combat missions, Lieutenant Trombly has taken part in three bomber attacks each on Berlin, Munich and Merseburg, Germany. His other targets include Oeschersleben, Schweinfurt, Hamburg, Leipzig and Augsburg.

The citation accompanying the award read in part: "The courage, coolness and skill displayed by this officer upon these occasions reflect the highest credit upon himself and the armed forces of the United States."

Lieutenant Trombly wears the Air Medal with three Oak Leaf Clusters. A graduate of Grosse Pointe high school, he was a student at Michigan College of Mining and Technology before enlisting April 15, 1940.

THE STORY OF PLASMA RIDGE

Have you ever heard the story of Plasma Ridge? I want to tell you that story because it's a perfect example of what our men are going through overseas and what we can do to help them.

Plasma Ridge was just another hill with a number when the Marines landed at Cape Kloucester. But when they started toward the top, they ran smack into a carefully planned ambush. Japanese machine gunners pinned them down. The wounded had to dig themselves into foxholes while 50-calibre lugs criss-crossed the air above. There was no getting the wounded down the hill, and many of them needed immediate treatment.

Gallant navy medical corpsmen, serving with the Marine units, crawled up the hill under enemy fire, shielding the precious cargo with their bodies so it would get to the men who were dying in the hastily improvised foxholes just a few hundred yards away. That precious cargo was dried blood plasma, from the blood of volunteer donors back in the United States—halfway round the world from that South Pacific island.

Scores of Marines were saved by that plasma on Plasma Ridge. One navy doctor told a reporter later, "Every direction you looked in, someone was getting the plasma in a foxhole. That hill went down in Marine Corps history. The men called it Plasma Ridge, a never-to-be-forgotten tribute to the people whose blood provided that life-saving supply of blood plasma.

All over the world where men are fighting for us, blood plasma made from the blood you give to the Red Cross as a volunteer donor is saving lives. Will you make an appointment today to save the life of a fighting man. You can make your appointment by calling CHerry 1200. Call CHerry 1200 NOW.

Gratiot Township Residents Prepare for Paper Drive

Community interest in the curb collection of waste paper on the East Side by air raid wardens of Area 9 on Sunday, Sept. 10 is growing rapidly.

In addition to working with 22 Boy Scout troops in the area, the wardens have also been promised help from the neighborhood war clubs and the American Legion. The Gratiot Avenue Improvement Association and other groups have also offered their assistance.

It is hoped that all 30,000 residents will flood the streets with their tied bundles on Sept. 10 and add new glory to the community. Through

their co-operation the wardens were able to collect 300 tons on their initial drive, the first of its kind ever held in the city, and more than one hundred tons on their second collection.

No other group in the city has been able to top either figure and the wardens of Area 9 hope to set a new city record on Sept. 10.

The proceeds from the collection will be donated to the Percy Jones hospital to help comfort wounded servicemen. From the previous collections the wardens were able to turn over \$5,000 to the Percy Jones hospital.

The area to be covered is bounded on the north by Eight Mile road; Van Dyke on the west from Eight Mile road to Grinnell to Gratiot; Harper on the south from Norcross to the city limits on the east.

Clarice VerLinden, RCAF Flier Repeat Marriage Vows

The marriage of Clarice VerLinden and Flying Officer J. T. Williams St. Aubin, RCAF, was solemnized yesterday morning, at ten o'clock by the Rev. Francis Van Antwerp.

The bride, well known Park deputy-village clerk, is the daughter of Mr. and Mrs. John P. VerLinden of 1153 Wayburn avenue. She was attended by Mrs. John H. VerLinden Jr., as matron of honor, and the following bridesmaids: Virginia Lang, Patricia Schneider, Kay St. Aubin, and Mary Grace Schneider.

The groom, who has been on active duty in England for the past two years, is the son of Dr. and Mrs. J. H. St. Aubin of Pointe Aux Roches, Ont.

Miss VerLinden wore a bridal satin and chiffon gown with a long train; her imported veil with a cap of orange blossoms, was full length. She carried a colonial bouquet of baby's breath and white roses.

Her matron of honor was attired in dusty rose faile taffeta while the bridesmaids wore dusty blue; all carried white prayer books.

Maurice St. Aubin was his brother's best man, and the ushers were Leo Chauvin and Joseph Mather, both of Windsor, William Schneider and John H. VerLinden Jr.

Following a breakfast in the morning and a reception in the evening at the Whittier hotel, the couple left for a honeymoon trip in the East. It is expected that the groom will remain in Canada for duty there.

To Be Married

The wedding of Lieut. Herbert W. Devine and Miss Helen Gertrude Durber will take place Sunday at the post chapel at Lowry Field, Denver, Colo. The bride is the daughter of Mr. and Mrs. Joseph Durber of Piedmont road, Detroit, and the groom is the son of the Joseph Devines of 1340 Kensington road.

Arrives Home From Vacation in Northern Ontario Sunday

Marilyn DeSimpel returned to her home on Buckingham road last Sunday after enjoying a week's vacation as the guest of Rosemary McClarty, daughter of the McClartys of Three Mile drive, at their summer estate in northern Ontario.

Previous to this, Marilyn had been visiting with friends in Clinton, Iowa.

REVEAL ENGAGEMENT

REP. AND MRS. Louis C. Rabaut of Three-Mile Drive, announce the engagement of their daughter, Mary Jane, to Chief Petty Officer August Amato, USNR, son of Mr. and Mrs. Michael A. Amato of Chicago. Chief Amato is at present stationed in Virginia.

Neighborhood Club N-E-W-S

The Neighborhood club day campers presented at their weekly special event a minstrel show last Friday.

The minstrel show was outstanding with its southern tunes and atmosphere and the gay colored gentlemen and ladies dancing and singing typical minstrel show songs. Glenn Winters as interlocutor was perfect in his role as were the two end men, Bones played by Douglas Smith and Sambo played by Charles Schaller. Freddie McFayden and his sister sang a duet and one couldn't ask for anything sweeter on the way of songsters. The colored-mammies performed a soft shoe tap and everyone went away feeling they had a pleasant sojourn in the old South. Next Friday the day campers will

have a thrilling event to look forward to, that being a treasure hunt. All children in the community are invited to attend.

The final event will be held Aug. 30. The circus — come one — come all — Don't miss the thrills and excitement — as presented by the Neighborhood club day campers.

Two City Streets to Be Resurfaced

Bids are to be asked by the City council for the seal-coating of Chalfonte and Goethe, which work will be undertaken as soon as possible. The application of two coats will cost the taxpayers approximately nineteen hundred dollars.

Issue 3,100 Park Permit Cards

City Police Chief Trombly reported to the council Monday night that his department has issued 3100 park cards to residents.

Grosse Pointe Board of Education Receives Award of Merit; Training Recognized

At its regular meeting on Aug. 7, the Grosse Pointe board of education was presented an award of merit by the Michigan state board of control for vocational education for outstanding contribution to the program of vocational training for war production workers operated in co-operation with the U. S. office of education and essential to the conduct of World War II.

During the first 18 months of the war when machine operators, inspectors and various other technicians were needed at a very rapid rate for the production of war goods, the local board of education made its shops and supervisory services available for training war workers. For several months, these shops were operated on a 24-hour a day basis, running three shifts of teaching service. Over seven hundred workers were trained to a point that they were ready to enter some phase of the war production field and a large proportion of them were absorbed by the war production industries.

This work for the local board of education was directly supervised by Forrest Geary, supervisor of community services for Grosse Pointe public schools.

The award presented to the board on Aug. 7 consists of a certificate of recognition signed by Eugene B. Elliott, superintendent of public instruction; Alexander Ruthven, president, University of Michigan; John A. Hannah, president, Michigan State college; Mary Farnsworth, president, state board of education; and George H. Fern, director, state board of control for vocational education.

In accepting the award which was conveyed to the board by the superintendent of schools, Charles A. Parcells, president of the board of education, expressed the extreme gratification in behalf of the community that it had been able to serve in this way the needs of the nation because it had recently completed the construction of the Industrial Arts building with its fine machine shop equipment which could be easily converted into war production training facilities. He also pointed out the necessity of the fact that the emergency had simply emphasized the necessity of this type of training in every community and fully justified the efforts of the community in the planning and construction of the Industrial Arts building.

The president of the board also pointed out the high quality of work and the service that had been given and that a great deal of credit for this achievement was due to the fol-

lowing teachers and workers: Paul Augenstein, William Baker, William Cowan, Edward Figelski, A. J. Kingsbury, Charles Peterson, George Rank, Howard Schaerer and Gustave Vandenbussche.

Floating Club Serves Merchant Seamen As Recreation Club

A former German steamer captured by the British has the distinction of being the first floating recreation club to serve American merchant seamen. The floating club has been placed in service in the Southwest Pacific by the war shipping administration and the United Seamen's service, according to a report received by the Detroit war chest. The United States acquired the

steamer from Britain under reverse lend-lease. Incidentally, it was the first ship to be acquired in this manner.

This former German vessel now cruises among Southwest Pacific island ports and serves as a residence and club giving merchant sailors a change from the monotony of sea duty.

# SERVICE PARADE

Lieut. James N. McNally, who has been stationed with the naval forces in Augusta, Ga., arrived in the Pointe last week preparatory to leaving for San Francisco where he will receive further orders. Lieutenant McNally brought his family and they will remain here.

Word has been received that Edward J. Schanbeck, son of Mr. and Mrs. Fred Schanbeck of 588 St. Clair, has been promoted to chief storekeeper while on duty in the south Atlantic.

Three Grosse Pointe men are receiving their initial naval indoctrination at the U. S. naval training center, Great Lakes, Ill.

Their recruit training consists of instruction in seamanship, military drill and general naval procedure. During this period a series of aptitude tests will be taken by the recruits to determine whether they will be assigned to a naval service school or to immediate duty at sea.

When their recruit training is completed, these men will receive a period of leave. They are: Harold E. Sutton, 29, son of H. E. Sutton, 1605 Faircourt; Richard A. Caille, 18, son of Mr. and Mrs. C. Myers, 58 Meadow Cove; Leonard Cooley, 18, son of Mr. and Mrs. J. Cooley, 3511 Bishop road.

A-C Donald Hirt, has been transferred from El Reno, Okla., to Keeley Field, Miss.

Second Lieut. Mark C. Rowley, of 600 Lincoln road, Grosse Pointe, is now stationed at Woodward AAF, Woodward, Okla., for fighter pilot training.

Lieutenant Rowley, son of Mark L. and Clara A. Rowley, entered the

LIEUT. MARK C. ROWLEY army in February, 1943. He was an aeronautical engineering student at the University of Detroit in civilian life.

San Antonio Aviation Cadet Center, Tex.—At the San Antonio Aviation Cadet Center, potential pilots, bombardiers and navigators are receiving preflight training to prepare

them for aerial instruction and duties as aircrew members in the army air forces.

The future fliers are subjected to a rigorous 10-week program of instruction covering physical, academic and military training. At the cadet center, a unit of the AAF training command, they study maps and charts, aircraft identification, small arms and other subjects while being conditioned physically for the long training period ahead. Bombardiers, navigators and pilots receive the first five weeks of preflight instruction as a group, then are separated for specialized training.

The present class includes 354 from Michigan, five of them are from Grosse Pointe and vicinity:

William Charles Schofield, 966 Lincoln road; Thomas Edward Stuck, 459 Moran road; Stewart Albert Riard Jr., 798 Westchester; M. James Walker, 1144 Berkshire road; and Richard Charles Guilmond, 1838 Hawthorne road.

Camp Wolters, Tex.—Pvt. George Albert Allard, 19, son of Philip F. Allard, of 934 Vernier road, Grosse Pointe Woods, has arrived at this infantry replacement training center to begin his basic training as an infantryman. He has been assigned to a battalion stressing rifle.

Stuttgart, Ark.—The silver wings of the AAF and a commission as second lieutenant were today presented to Flight Officer Edward H. Farmer of 167 Moross road, Grosse Pointe, at the Stuttgart Army Air Field, Stuttgart, Ark. F.O Farmer is the son of Mr. and Mrs. H. E. Farm-

F.O. EDWARD FARMER er of Grosse Pointe. Before entering aviation cadet training he was a student. F.O Farmer now goes on to a transition flying school for further combat training in larger aircraft.

Lawrence K. Waterbury, of 886 University place, who was commissioned a second lieutenant in the air corps on June 24, from officers candidate school in Miami Beach, Fla., and is now stationed at Venice, Fla., at the army air base there.

Richard Walter D'Hondt, 19, seaman first class, was a member of a U. S. navy crew in the American assault force which invaded France. This was Richard's first action with the enemy. He is the son of Mr. and Mrs. J. D'Hondt of 611 St. Clair. He attended Grosse Pointe high school.

Army Air Base, Richmond, Va.—Corp. Austin W. Baird, of Grosse Pointe Park, was recently awarded the Good Conduct Medal for having honorably completed one year of service. He is attached to unit personnel section at the air base.

Aug. 19, 1944 Richmond, Va. L. B. Oldham The Grosse Pointe Review 15121 Kercheval Ave., Grosse Pointe Park 30, Michigan Dear Sir:

For quite some time I have wanted to inform you and your staff that I am very grateful to be in receipt of The Grosse Pointe Review regularly.

It is indeed refreshing to be able to read about events or happenings at home as one does not seem so far removed from the former familiar scenes.

I have lived in Grosse Pointe since 1926 and anticipate taking up my residence again in the City upon the cessation of hostilities. My home is located at 913 Fisher road. This residence being presently leased.

In closing I want to thank you for placing me on the mailing list and want you to know that I look forward to receiving my copy of the home town newspaper.

Very truly yours, Lieut. William A. Purvis

Lieut. Donald L. Morrison has been transferred from Chatham Field, Ga., to Langley Field, Va.

## I Am a Wac

by LIEUT. FREDDIE BOYLE

Fort Oglethorpe, Ga.—Last Thursday night I boarded the train in Detroit with 57 excited Michigan women who were anxious to get started on army careers. They are quartered in the reception center now, sleeping on army cots, rising at the boom of a cannon instead of the sharp clang of an alarm clock, standing inspection and eagerly drinking in volumes about how to transform themselves from civilians to Wacs. These Michigan recruits are discovering the transformation is interesting and not quite so simple as replacing the "Miss" or "Mrs." prefix with "Private."

They got off to an encouraging start when they found pennies and "good luck" notes under their pillows — gifts of other newly-enlisted Wacs who left the reception center for basic training companies.

Pvt. Ann Younan from 1415 Fisher, Detroit, said she is going to love being a Wac, regardless of what job she has to do and we know she will, because she said the greatest thrill of her life came when she recited the "I do solemnly swear..." oath of enlistment. Her next greatest thrill was the trip from Detroit to Fort Oglethorpe with the other new Michigan Wacs. We predict the most wonderful experience yet will come when Ann stands retreat (lowering of the flag) for the first time.

Saturday some of the recruits took their aptitude tests, the results of which will help determine the assignments they will receive after basic training. Tomorrow they will go on a GI shopping spree, a complete new outfit (if everything is in stock), with necessary alterations, free of charge.

Within a few days these eager women who left Detroit last week in civilian clothes will be stepping smartly off with the last foot in the uniform of the Wac.

But it is more than a change of clothes that brings about this transformation. It is the beauty and precision of a military strut, the light in a Wac's eyes, the snap of a smart salute, and that "something about a soldier" that is called "esprit de corps."

Two Grosse Pointe men are receiving their initial naval indoctrination at the U. S. naval training center, Great Lakes, Ill.

Their recruit training consists of instruction in seamanship, military drill and general naval procedure. During this period a series of aptitude tests will be taken by the recruits to determine whether they will be assigned to a naval service school or to immediate duty at sea.

When their recruit training is completed, these men will receive a period of leave. They are: James R. Marshall Jr., 18, son of Mr. and Mrs. J. R. Marshall, 607 Lincoln road; and Donald J. Waldow, 18, 681 Washington road, son of Mr. and Mrs. O. A. Waldow.

## Wac Enlistments Show Big Gain in Lower Peninsula

Lansing.—Wac enlistments in the Lower Peninsula of Michigan showed an increase of 27 per cent in July over June, bringing the area from 45th to 15th place among the 59 recruiting districts of the United States, according to information transmitted to Capt. Donald S. Leonard, state director of civilian defense, by Lieut. Nina Muncy, commanding officer of U. S. army recruiting in District No. 1, Sixth Service Command.

While actual figures are restricted information, enlistments in the Women's Army Corps in the district for June and July combined were almost double those for April and May, Lieutenant Muncy said.

Lieutenant Muncy attributes the spurt mainly to the invasion and a revamped program in which the Michigan OCD has, at request of the army, taken over responsibility for all organized civilian co-operation in Wac recruiting. Although the army-OCD program is in operation, it also is still being developed, leading to the expectation that when fully under way enlistments in the Lower Peninsula will show a further, high increase. The Upper Peninsula is not included in the program as it comes under the jurisdiction of the Wisconsin Service Command.

## Christmas Gifts to Prisoners of War Must Be Sent Now

Christmas boxes for prisoners of war and civilian internees in Europe must be sent now if they are to arrive in time, Mrs. Henry Patten, prisoner of war sub-committee chairman of the Detroit and Wayne county Red Cross chapter, announced today.

"Next-of-kin Christmas boxes for Americans in German hands must be shipped to Europe in Red Cross vessels, then transhipped to Geneva, Switzerland, for distribution to prison camps by International Red Cross committee delegates," Mrs. Patten pointed out. "Disrupted transportation on the continent will also tend to slow distribution. This, plus censorship delays, may cause deliveries to take several months."

The provost marshal's office is not issuing a special Christmas parcel label, next of kin of prisoners and internees should use the current gift box label to send their holiday gifts, she said.

"The local Red Cross prisoner of war sub-committee will be pleased to assist families in selecting the contents of the gifts boxes and in packaging them to conform to postal requirements," Mrs. Patten said.

Special Red Cross Christmas boxes of food and gifts are being prepared for shipment to prisoners and civilian internees, she said. These will be supplied to captive Americans in the same manner as are the regular Red Cross food parcels.

"It is not yet certain whether Christmas boxes can be sent this year to Americans held in the Far East," Mrs. Patten declared. "Last year the Gripsholm carried Christmas boxes to the Orient, but so far the Japanese government has not issued a safe conduct permit for a similar voyage this year."

## MESSIAH LUTHERAN CHURCH

Southeast Corner of Kercheval and Lakewood Avenues. A. H. A. Loeber, pastor, 1434 Lakewood Avenue. Telephone LEnox 2121.

"He hath done all things well!" This word spoken of the Savior by the multitude will be the theme of the sermon next Sunday, Aug. 27.

Two services will be conducted, the first at eight o'clock and the second at 10:30 a.m. Holy Communion will be celebrated in the late service.

The Sunday school will meet at 9:15 o'clock.

## PEACE EVANGELICAL LUTHERAN CHURCH

Warren and Balfour ENNO G. CLAUSE, Pastor MARVIN MARTIN, Vicar

The Rev. Enno G. Claus, pastor, will return to his pulpit next Sunday, Aug. 27, after having spent an enjoyable vacation with his family at St. Clair Flats, Mich. His theme for the 8:00 a.m. and 10:45 a.m. services is: "Which Choice Will You Make?"

"Every human being must make a certain number of choices," Pastor Claus said. "Every human being must answer the question as to what he is going to do in life, what he will be, a doctor, lawyer, business or pro-

fessional man. We must choose our friends. We must make a choice also with reference to God and our religious faith. Sometime or another in his life every human being must meet these questions and make his choice." You are most cordially invited to attend the services and hear Pastor Claus' Sunday sermon. Sunday school for all ages at 9:30 a.m. Pastor Claus invites mothers with children under six years of age to avail themselves of the nursery, which is conducted during the late service, that they may be able to attend the service undisturbed. Two competent mothers of the congregation are in charge of the nursery each Sunday morning.

CHRISTIAN SCIENCE CHURCHES

of the lesson-sermon in all Christian Science churches throughout the world on Sunday, Aug. 27.

"Christ Jesus" will be the subject. The Golden Text (Isaiah 49:5) is:

GROSSE POINTE PARK FLOWER and GIFT SHOP

Owned and Operated by "Billie" Myler

15114 Kercheval Avenue LEnox 2511

"When You Say It With Flowers — Say It With Ours"

"Though Israel be not gathered, yet shall I be glorious in the eyes of the Lord, and my God shall be my strength."

Among the Bible citations is this passage (John 1:14): "And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (332): "The Christ is incorporeal, spiritual, — yea, the divine image and likeness, dispelling the illusions of the senses; the Way, the Truth, and the Life, healing the sick and casting out devils, destroying sin, disease, and death."

Announcing... Fall Term Opening Grosse Pointe Public Schools Monday, Sept. 11, 1944

ADVANCE REGISTRATION

For Junior and Senior High School Students not in Grosse Pointe Public Schools Last June

Should Be Made in Junior and Senior High School Offices

AUGUST 28 — SEPTEMBER 1

9:00 a. m. — 3:00 p. m.

All Offices Closed September 5 and 6

We urge a physical check-up for every school child before starting the school year.

Every boy and girl in school every school day — our nation's best line of defense today and tomorrow.

GROSSE POINTE BOARD OF EDUCATION NIAGARA 2000

He helps keep trouble from happening

He's the Central Office Maintenance Man

— and a vital part of good telephone service. He keeps the central office equipment in good working order.

The speed and accuracy with which he does his job have a great deal to do with keeping telephone service flowing smoothly — especially these days when the wires are needed for war.

BRIDE - TO - BE

AVONNE KATHERINE DEVINE'S engagement to Ensign William Harry Merritt III was revealed recently by her parents, Mr. and Mrs. Joseph Devine of 1340 Kensington. He is the son of Mr. and Mrs. William H. Merritt Jr., of Woodingham Drive, Detroit. He is stationed at the naval training school, Plattsburg, N. Y.

Hit and Run Driver Agrees to Settle for Auto Damages Here

When Jack Hough, 2245 Parker, saw the car ahead of him sideswipe a parked car and speed on last Sunday morning on Jefferson near Lakepointe, he took after him and tried to stop him. Failing in this, Hough called Park police. Police checked the license and it was found to be owned in the name of John Yarbo, 1124 Hibbard, Detroit.

Later, St. Clair Shores police arrested a driver who they alleged was drunk. This turned out to be Yarbo.

Later Yarbo came to the Park police station and reported the accident at Jefferson and Lakepointe and agreed to pay for all damages to the parked car. The parked auto is owned by Helen M. Kustusch, 15127 Jefferson.

Victory Garden Production Cut by Hot Weather

Despite sporadic rains, parched Victory gardens here have been burned up under the intense rays of the sun and a crop loss of 25 per cent below early season estimates may be expected, according to officials of the Grosse Pointe Victory Garden Council.

The lack of rain has been so severe that even the break in the weather failed to fully revive thirsty garden plants.

Unfortunately, the later crops are the ones that are suffering most. Late sown carrots, beets, beans and similar fall crops have not germinated at all satisfactorily and the seed that did germinate is making very slow growth. Earlier planted corn suffered very badly and cucumbers, potatoes and melons are in many instances virtually gone.

The extreme drought also has brought a great deal of blossom rot in tomatoes and the wilting plants as a whole are ripening poorly.

Despite these discouraging conditions, Victory gardeners are urged to continue their efforts and try to harvest as much as possible, especially those who have grown their own foodstuffs for home canning.

Two Ticketed After Accident

Thursday afternoon when Mrs. Ann Dellas of 4239 Alter road, Detroit, attempted to make a right turn into Kercheval avenue from Wayburn, she struck a car driven by Alex DeClercq, 3533 Nottingham, Detroit.

After the impact, the DeClercq car jumped the curb and crashed into a store building, wrecking the front, at 15003 Kercheval, scattering bales of straw and cardboard cartons which were stored in the window.

Mrs. Anna Pappas, 34, of 1363 Wayburn, was taken to Cottage hospital for treatment for bruises and cuts. Mrs. Dellas was given a ticket for driving without an operator's license, while her husband was given a ticket for allowing an unlicensed operator to drive.

Stripping brooms of frills saves 1,650 tons of steel wire annually, 135,000 pounds of cotton twine and between forty and fifty thousand gallons of lacquer.

Pointe Paragraphs

(Continued from Page One.)

There is, and it is a vital problem here in the Pointe. It is the housing situation for married and unmarried teachers. Off the record, we have heard that if a family wishes to take in a teacher as a roomer, they will not be prosecuted under any zoning or restriction laws. These teachers have one of the most important jobs to do, and in order to do it they must be free from the worry of where they are going to live, therefore, this is a problem which should be solved by Grosse Pointers immediately. Open up your homes to these teachers or invite them in to live in that extra room of yours. Call the board of education if you're willing to do this and tell them of your wishes. The telephone number is Niagara 2000.

Down in Zanesville, Ohio, there is 106 pounds of pulchritude who for three years has been changing tires, batteries, lubricating cars and changing oil at a filling station. This auburn haired young miss drinks milk instead of cokes to try to put on enough weight to be able to donate some of her blood to the Red Cross blood bank, says "if I get up to 110 pounds they'll take me." Doing a man's work prevents her from gaining, but it hasn't dimmed her femininity.

Postmaster Roscoe B. Huston advises that at the request of the war department, the provisions for the acceptance of small packages of foodstuffs including candy up to eight ounces without request therefore is rescinded.

The arrangements under which such small parcels were accepted without the presentation of a request from the addressee was established in order to facilitate the sending of small essential articles, such as watches, eyeglasses, fountain pens, etc., and later extended to other articles. However, the number of gift packages containing foodstuffs and candy became so great as to place a severe strain on the facilities available for their transmission overseas.

Foodstuffs and candy in ordinary parcels not exceeding five pounds in weight, 15 inches in length and 36 inches in combined length and girth may be continued to be accepted if request therefore from the addressee is presented at the time the packages are mailed. This also does not modify the arrangements under which Christmas parcels may be sent without request from September 15 to October 15.

"Huge quantities of these eight ounce parcels are being mailed," said Postmaster Huston, "all of which must necessarily be returned to the sender."

Mailers are requested to refrain from sending such parcels and to further pass the word along to friends and relatives all of whom are pretty much concerned about such matters.

The provisions for the acceptance of eight ounce parcels containing essentials has been further modified to permit registration thereof when the articles are requested by the addressee. These must be sealed and sent as first class mail.

Be an air Wac... air Wacs help to keep 'em flying.

Saturday Is Busy Night for Gratiot Township Police

Outside of questioning and releasing four youths who had created a disturbance at the East Side Drive-In theater; warning a driver who was doing over sixty; police of Gratiot township were called to the scene of an accident at Elkhart and Harper. Lake Burkhardt, 1575, Beniteau, Detroit, crashed into a tree after falling asleep. He was uninjured.

Shortly afterward, a car driven by Jesse Sidorsky, 20688 Washtenaw was struck from the rear by a car operated by Wendell Haynes Bunch, 9122 Hall, Detroit, at Harper and Kenosha. Hall was without an operator's license. He was ticketed for reckless driving.

While investigating the Hall accident, two cars collided in front of a lunch stand on Harper, and before officers arrived both cars had driven off.

MOUNT OLIVE EVANGELICAL LUTHERAN CHURCH

Radnor (Lincoln Road) at Mack KENNETH W. VERTZ, Pastor

Mount Olive Lutheran church, a modest but progressive church, invites all within this area who have no church affiliations to make Mt. Olive their church home.

Services are held every Sunday at 10:45, Sunday school at 9:30. Our Sunday school, staffed by trained and conscientious teachers, also extends a sincere invitation to all children not attending any Sunday school. There are classes for all age groups.

Mount Olive became an independent congregation the first of the year. It owns its own property, and is at the present time liquidating the remainder of its indebtedness, while at the same time making plans for an enlargement of its present facilities.

Our church holds the Bible to be the inspired Word of God, the only source and rule for Christian faith and life. We believe and teach that man is justified before God and saved not by human works but alone by God's grace, for Christ's sake, by faith. Anyone seeking further information concerning our teachings or wishing to become members of our church may confer with the pastor at any time.

UNION

(Continued from Page One.)

they shall be allowed two hours regular pay for reporting.

8. The City, at the voluntary request of the individual, shall deduct union dues on the statement submitted by the treasurer of the union.

It was pointed out by the mayor and councilmen that the wage scale for city employees is higher than surrounding communities; in addition the City contributes approximately one-half for hospitalization and death benefit insurance, and all drivers are insured for protection.

Regarding vacations, the union representative was told that all regular highway employees with more than one year of service are entitled to two weeks vacation with pay and the method used in selecting vacations is by a drawing. All employees are paid full time while they are sick or are absent for some necessary reason although it is expected to make up this time when it becomes necessary to work after the regular eight hours or Saturdays.

Overtime — Overtime, one of the provisions set down by the union, is paid employees at the rate of straight time. This has been done in the past because it has been figured that in order to keep the men on the job it would be better to have one vacancy so that money could be divided among the rest of the men in extra time. Councilmen said that there is no question but that 90 per cent of the present extra time can be eliminated by filling this vacancy.

Asked why they wanted a union since working conditions are very favorable among the employes, Mr. Stranahan said that the men felt they wanted a spokesman for their group. At this, Mayor Dill said that Councilman Chester Carpenter has been their spokesman since 1928, and after doing such a fine job of it, he

could not understand why they wanted an outsider. Several other councilmen followed the mayor's remarks, highly praising Mr. Carpenter's services as commissioner of the highway department and also expressed bewilderment over this one fact. Councilman Carpenter, himself, said that the employes have always felt free to approach him if they wanted anything from the council and he did not know of anytime when they were dissatisfied. Up to the recommendation of Mayor Dill, the council unanimously voted that recognition of the union by the City council would not be made.

HEATING BY REFRIGERATION... Your electric refrigerator "manufactures" cold. Why isn't it possible to "reverse" the refrigeration cycle and produce heat? Then, in winter you could use cold outdoor temperature to heat your home! Actually, the idea isn't new. It originated with Lord Kelvin over 50 years ago. A few installations have been made—mostly in more temperate climates than Michigan's. So far, the idea isn't practical for general use, but our research engineers have it in their "active" file. Someday new developments may transfer it from the realm of experiment into a practical machine.

SUMMER SNACK... For something new and different, try this recipe from our Home Service Department:

- Tomato and Salmon Toast
6 slices bread
6 slices American cheese
5 tbsp. flaked salmon, seasoned
12 slices bacon
6 slices tomatoes

Place a slice of cheese on each slice of bread. On top of cheese put the flaked salmon. Place tomatoes on salmon and two slices of bacon on each slice of tomato. Broil until bacon crisps and cheese melts.

DISTINGUISHED SERVICE... More than 1500 of our employes are now in the armed forces—about one out of every five. Of this number, 36 are women. There are 16 gold stars on the company's Service Flag. Every branch of the service is represented, and over 500 of the 1500 employes are overseas. Five Distinguished Service Crosses have been awarded to Edison men.

POWER GRID... Putting the Axis "on the griddle" is more than a figure of speech in southeastern Michigan. The uninterrupted flow of electricity to thousands of war plants has made possible new production records in all sorts of vital war materials. And one of the things that assures this uninterrupted electric supply is the "power grid" or network which covers all this area. If for any reason there is a power failure somewhere in the system, the "grid" connection makes it possible to restore service immediately by feeding in power from another point. Should a turbine in one plant shut down, other Edison plants pick up the load and keep the electricity flowing. The far-flung Edison network is interconnected with the Consumers Power Company on the west, and with the Detroit municipal power plant, lending added strength to the combined power grid.

—The Detroit Edison Co.

### REMEMBER?

**One Year Ago This Week**  
Tragedy stalked the family of Herman C. Dakoske of 1169 Nottingham at their summer home near New Baltimore when Mrs. Dakoske, Charles, 16, and Thomas, 14, were victims of a storm on Lake St. Clair. Mr. Dakoske was the only surviving member of the tragic fishing party and was treated at St. Joseph's hospital in Mount Clemens.

Many additional requests for space for exhibits had been coming into the AWVS headquarters for the Grosse Pointe township fair of wise savings for war needs. Many more exhibits were then accommodated

because of construction which had just begun for the fair scheduled for Aug. 23.

A volunteer fire department had been formed by residents of Gratiot township, Odilon Houtekier, supervisor, announced.

After a great deal of wrangling, a compromise was reached by Grosse Pointe Woods commissioners to draw up plans and specifications for the construction of an open drain on the westerly village line from Prestwick to the Allard-Stanhope easement with a 36 inch reinforced concrete barrel.

Members of the board of education were busily compiling the totals of the names of the men in service who lived in Grosse Pointe. The

### TROTH TOLD AT PARTY

AT A SATURDAY night party for friends, Mr. and Mrs. Howard Chandler of 2022 Fleetwood drive, told of the engagement of their daughter, Joyce Ann to Sergeant William F. Hart, son of Mr. and Mrs. Joseph Hart of 1899 Lancaster. The couple attended Grosse Pointe high school. Sergeant Hart is now stationed at Loughlin Air Field, Del Rio, Texas.

work at that time was fast approaching the end and was to have been released to the public.

Draft board 57 scheduled two of the heaviest draft calls for the month of August . . . five youths left for service from this area . . . water pressure in the Woods was increased from 19 to 55 pounds in the new water main . . . attendance at the waterfront park in Grosse

Pointe Park took a decline because of the ban prohibiting paying guests . . . a survey found that the tax returns in the Pointe were very favorable.

**Five Years Ago This Week**  
Grosse Pointe's new John D. Pierce high school opened with the rest of the public schools. The construction of the new building broke all speed records in this area.

Membership was increasing monthly in the Grosse Pointe revolver club . . . schools were scheduled to open on Sept. 6 . . . the veterans' convention was held in Boston . . . Vacancies in the army here and overseas were announced by Maj. Joseph Backus, infantry recruiting officer . . . Mrs. Charles Lockwood spoke at a brief commemoration program in celebration of the Bill of Rights . . . the Detroit Federal Symphony presented another in its series of programs.

**10 Years Ago This Week**  
The European countries were again shaking hands and agreeing that there wouldn't be a war, but equipment was still being manufactured.

Citizens of the City were urged by the clerk to register for their annual primary election.

The Garden Club of Michigan, the Little Garden Club and the Junior League Garden club co-operated with the Grosse Pointe and Eastern Michigan Horticultural society in the annual fruit and flower show, sponsored each year at the Neighborhood club.

Society notes made mention of Grosse Pointe residents visiting the Hawaiian Islands and Europe. Something that has been momentarily interrupted by the war!

Funeral services were held for Robert Talbot Romine, a former officer of the Hudson Motor Car company at his home, "Shoreacres."

**15 Years Ago This Week**  
Though no definite announcement could be made at the time regarding developments on the waterfront park in Grosse Pointe Park, favorable progress in this matter was being made.

Individuals, prompted by a keen sense of civic pride, had been quietly but effectively working to satisfy the demands of the Park residents for a lake front park.

Success marked the determined efforts of the Grosse Pointe Park police when they brought to justice the burglar who had been terrorizing residents for some time. The thief, found to be a young lad from Hamtramck, stole several thousand dollars worth of jewelry and gems; approximately two-thirds had been recovered.

Warren Packard, 35 year old inheritor of the Packard motor millions, of 420 Washington road, was killed and his instructor, Talbot Barnard, 3648 Bedford, was seriously injured when Packard's seaplane went into a tailspin at 500 feet and crashed into a canal near Grosse Ile.

Neighbors applauded Mrs. Clara Morrish of 8 Port Drive, Grosse Pointe Park, who refused to allow eight U. S. customs patrolmen to search her home without the necessary search warrant. Mrs. Morrish held the officers at bay at the point of a gun, unflinching, for eight hours in her home. This action came about when Mrs. Moorish and her family returned in their boat from a Lake St. Clair cruise, and border patrolmen thought two pails in the boat contained liquor, but Mrs. Moorish insisted it was sand, and there the matter rested.

#### Children Bitten

Eleven year old Jean Corbett of 57 Merrivether road, was bitten by a neighbor's cat last Saturday, while on Monday, four year old Alice Wise of 4503 Radnor, was bitten by a dog.

### New Boon for Deep Freeze Users

TODAY'S frozen food conscious housewives will take keen interest in the new frozen food packaging kit which has been developed by the manufacturers of Frigidaire to assist them in preventing frozen food from drying out and to help preserve their original freshness, appearance and taste. Included in the kit, which will provide moisture-vapor-proof protection for approximately 175 items, are pint and quart size boxes, lined with moisture-vapor-proof heat-sealing cellophane in convenient design for packaging fruits, vegetables, etc.; also extra large cellophane bags for meats and vegetables and stockinette material for use in packing table cuts of meat, fowl and other foods. A full set of illustrated instructions is included showing correct step-by-step procedure, plus an inventory record book for the user to keep an up-to-the-minute record of what she has stored and where. Further information may be obtained by calling TYler 5-5542.

### Romantic Musical Scheduled for Colony Theatre

The gay, glad romantic musical "Harvest Moon" co-starring Ann Sheridan and Dennis Morgan as Nora Bayes and Jack Norworth, opens at the Colony theatre today and Saturday. The company picture is "Buckskin Frontier" with Richard Dix and Jane Wyatt. All the joy and heartache, glamour of life backstage in the early days of the American theatre form the background of "Shine on Harvest Moon," the song-packed musical biography of Nora Bayes. Ann, as Nora Bayes, sings, dances and romances with Morgan, the popular singer who became the singer's husband and professional partner. The film accounts the trials and tribulations that hounded the young heads before they "arrived."

### Fun and Talent Is Keynote of Show at Club Stevadora

The new revue at Eddy Shepherd's Club Stevadora is packed with fun, talent and is expertly paced. Amazing card stylist Henri baffles patrons with his unusual card designs (he uses 14-inch long cards). Henri's clever manipulations are produced with a tricky flip of the wrist and fingers. Pert and lovely Ethel Shepherd offers currently popular tunes in her repertoire. "I'll Be Seeing You" and "It Had to Be You" received hearty applause from the audience. Tenor Don Richmond includes "One Alone" and "I'll Walk Alone" in his selections. Harry Whitney, master of ceremonies, provokes laughter with his zany dancing and ad lib comments. Jane Steward's line of talented dancers frame the show with colorful production numbers. Mel Steckley's orchestra plays for the show and dancing.

### Management Bills Technicolor Hit for Shores Theatre

The management of the Shores theatre, Mack avenue at Nine-Mile road, has billed a technicolor hit and a bang-up comedy for its patrons for three days showing, beginning next Sunday. The technicolor hit "Desert Song" with Dennis Morgan and Irene Manning co-star. This picture is one that will please every movie patron for not only is it a story beautifully told, but the singing, acting, scenery, costumes and dialogue are first class. The second feature added to this bill is a story which everyone has some notion about even before entering the theatre. It is "Rationing" with Wallace Beery and Marjorie Main. Anyone who has seen this pair, or either one separately, knows full well that the predicaments which the two get into are bound to end up as laughs.

### Woods Business Men Meet for Bowling League Tuesday

The Grosse Pointe Woods Business Men's Bowling League will hold its first meeting of the season next Tuesday night, Aug. 29, at eight o'clock in the home of Al Sieg, 1930 Country Club Drive. Election of officers will be held and entries of teams for the coming season will be discussed. New members are invited and anyone interested in joining the league is urged to attend. The opening date for the season, which will probably be some time next month, will be decided upon. All those interested in renting are asked to call Eugene Rantala at CA. 2812.

### Comradeship in New Guinea

HIGH ABOVE the jungle of New Guinea, American nurse Lt. "Woodie" A. Ray, of Jefferson, Georgia, lights a cigarette for one of the Australian casualties during the flight from the front line back to a base hospital. American nurses take great pride in doing this work and the Australian boys think the world of the nurses who not only act as nurse, air hostess and "mother" to them, but take a keen interest in where their charges lived before the war and what they want to do when it's all over.

### 'King's Row' Returns to Thrill Patrons of Aloma Theatre

Patrons of the Aloma theatre will be happy to know that they will again be able to see one of the most talked-of novels adapted for screen use return here. It is "King's Row," scheduled for Sunday and Monday. Its companion picture is "Wac Parachute."

### Legion Auxiliary acting as hostesses for mothers who attend.

War for us will be interested in witnessing the impressive Legion services, because their boys will probably belong to the Legion when they return," said George C. Dollar, co-chairman of the event. Dr. Warren E. Bow will be master of ceremonies in the installation, and tribute to the veterans of this war will be given by him and by Governor Kelly and Mayor Jeffries. Legionnaires representing 74 posts in the city are now actively soliciting funds among their friends and neighbors for the two million dollar Legion Memorial home, planned for the service of the veterans of World War II. Preliminary subscriptions, as this part of the campaign was being organized, have passed the \$60,000 mark.

### Ralph C. Wilson, in addressing an organization meeting of Legion workers stressed the community's obligation toward the boys fighting this war.

"When we sent these boys over seas to fight for us, we incurred an obligation which cannot be fully met until we have prepared adequately for their return," he said. "Detroit should be happy to make this Memorial home available to these boys, so that Legionnaires, who know veteran problems and are eager to be 'Parents of the boys fighting this big-brothers to the youngsters now fighting, can do the job they have so willingly undertaken."

Terracing, combined with cover crops and proper crop rotation, can greatly increase yields and improve the value of lands that are now losing more and more of their top soil each year.

### Filipinos to Receive War Relief on Day of Liberation

Philippine War Relief, Inc., has become a member agency of the national war fund, according to word received today from the Detroit war chest. This brings the total war fund agencies to 22. The agency, like a number of others, must wait the day of liberation to bring actual material assistance to the 17,000,000 Filipinos under Japanese domination. In the meantime the agency is the Filipinos' hope that help will come to relieve their distressing conditions. The Philippine Archipelago, attacked simultaneously with Pearl Harbor, Wake, and Guam, is the largest territory under the sovereignty of the United States to be in enemy hands. The people there who depended on the United States and other foreign sources of supply for part of their food and nearly all their medicines and clothing are now laboring to feed the maw of the Japanese war machine on a less-than-existence diet. Funds collected by the Detroit war chest this fall will assist these people as soon as they can be reached.

### Enumerate Simple Rules for Saving Valuable Fuel Oil

The OPA asked all fuel users in the Detroit district to save as much fuel as possible throughout the next heating season beginning Sept. 1. They give the following simple methods of protecting fuel. 1. Keep heaters turned down during the day and turned off at night after the family has gone to bed. Pull down all window shades during the evening. 2. Don't burn heaters in rooms not being used, and when you leave a room, pull down the shades and shut the door of that room. 3. If possible, in the evening arrange for the entire family to be in one room instead of several rooms. 4. Cook complete meals at the same time whenever possible in one oven or in one service unit. 5. Fill in cracks around windows and doors at all times and don't leave outside doors and windows open any more than necessary.

### Greater Percentage Lansing—Vehicular traffic across the Straits of Mackinac for the first seven months of 1944 was 8.6 per cent greater than in the same period of 1943, but 60.2 per cent less than in the same period in 1942, reports Charles M. Ziegler, highway commissioner.

### Job Prospects Good

For every 100 men employed in Minneapolis, St. Paul and Duluth in 1940, 120 will find jobs in the post-war set-up, a local businessmen's group reports, following a survey. Deaths in Michigan were down slightly for the first three months of 1944. The Michigan department of health reports 14,830 deaths against 15,011 for the same period last year. From Jan. 1 through June 9 there were 24,873 cases of measles reported to the Michigan department of health. During the same period there were reported 1,873 cases of whooping cough, 6,051 cases of scarlet fever and 116 cases of diphtheria.

### Lawrence Institute to Start Classes on Monday, Sept. 11

Opening of registration in the college of engineering at Lawrence Institute of Technology is announced today. Applications for admission may be made immediately. Approximately twenty per cent of the student body is expected to be discharged service men, Genevieve G. Dooley, registrar, has estimated. The college year begins Monday, Sept. 11. In addition to the day school, the regular night school will be continued in order that returning veterans may accept day employment in local war industries.

### Propose New Wading Pool in City Park for Next Year

The consulting engineers of the City of Grosse Pointe have been authorized by the council to prepare plans for the construction of a new wading pool in the municipal park to be ready for the young children at the start of the swimming season next year. This action took place Monday night. Because of the condition of the present wading pool, it was agreed that construction of a new one would be the least expensive in the long run, for by the time engineers would have reinforced all sea-walls and made the pool fit for bathing, the cost would run into a great deal of money. The location for the new proposed pool is the grass plot which lies between the pavilion and the washrooms.

### American Legion to Hold Mass Meeting Next Sunday Night

At least 25 posts of the American Legion in Detroit will hold a mass installation of officers in ceremonies in Cass Tech at 7:30 Sunday night, Aug. 27. A special tribute to the fighting men of World War II, and the official kick-off of the Legionnaires' participation in the two million dollar Legion Memorial home campaign will feature the installation program. Preceding the services in Cass Tech will be a parade of the officers and members of the posts participating, with nine drum and bugle corps and a Legion band. The parade will form at Legion headquarters, 375 State street, will march to Washington boulevard, past the Book Cadillac and Statler hotels, out Grand River avenue to Second boulevard and north to Cass Tech. The public is invited to witness the parade and to attend the installation ceremonies. Special attention is to be paid mothers of boys now
