

CITY SERVICES RESUMED THIS WEEK

Senator Ferguson Speaks at Pierce Tuesday Night

Men To Begin Negotiations With Council Monday

With the definite promise of negotiations scheduled for next Monday night, City employees of the public works department returned to their jobs Tuesday morning after a strike which lasted since Sept. 22. Street and signal maintenance, water service and the collection of garbage and rubbish began immediately Tuesday morning.

POINTE PARAGRAPHS

William Stamman, Park village clerk was commended by the village commissioners Monday night for his fine work with the Victory gardens here this past summer. He was given this vote of praise for the manner in which he handled applications and for his interest in the gardens and the gardeners.

Postal authorities warn against trying to camouflage prohibited articles in overseas gifts to servicemen. Last year, they report, someone tried to conceal a bottle of whiskey in a loaf of Vienna bread. The broken bottle was found by a navy specialist who detected an "unusual" odor seeping through the package.

It seems that the governing bodies were handing out orchids this week for Chief Thomas Trombly was complimented for the bicycle rally which his department staged in August for the young cyclists of the vicinity at the Neighborhood club by the City council. They passed a resolution approving of his action and commended him for his initiative.

Detective Lieut. Arthur Louwers of the Park police department, is asking the assistance of all Park residents to apprehend a group of youths who have been shooting street lights and globes with high powered rifles.

Announces Winner for Appointment to West Point

Rept. Louis C. Rabaut, Democrat of Grosse Pointe, has announced his nominee for appointment to the U.S. military academy at West Point. Frederick Slocum Gallagher was the successful candidate and was awarded the principal appointment. He is the son of Mr. and Mrs. Fred C. Gallagher, 1318 Somerset road, Grosse Pointe.

Youngsters Bitten

Ann Buckbinder, 329 St. Clair, three years old, was bitten on the finger last Thursday morning and Myron Yacks, 11 years old, a new-boy in the Farms, was bitten on the leg Saturday afternoon.

List Further Classes in Adult Education Schedule for Grosse Pointe Residents

Classes in effective English and vocabulary building, conversational Spanish for beginners, gym and swimming for women, and open badminton, will start this evening at Grosse Pointe high school. Enrollments will be accepted at the first class meeting.

a large delegation of employees, no agreement was determined upon any of the demands set forth by the employees. The mayor and the councilmen declared that final action would be taken next Monday night on as many points as could be covered in one meeting.

However, one demand was immediately denied the men through the individual questioning of each councilman and the mayor; the employees will not receive any back compensation for the time they were on strike. To substantiate their decision, several residents and taxpayers of the City who entered the meeting late, forcefully backed up the council in this decision, saying that they wanted no part in paying wages when the men did not work.

The reason for the wage demand, said a union spokesman, was that the men gave the City a 30-day notice before leaving their jobs, and since the City did not heed the warning, they thought they were entitled to their pay. It was brought out that only in very rare cases has it ever been known that strikers were given their pay while they were on strike, and the City was not justified in this case to agree to their request.

Although two council members did not give a definite answer, other members gave their opinion that they were not adverse to granting time and a half for over 40 hours and double time for Sundays and holidays. They made it plain, however, that their final decisions in this matter as in all others, would be given next Monday.

They have also agreed to give considerable consideration to the demand for seniority.

When the question of sick leave was brought up, no one would voice their definite opinion. Up to now, employees have received their pay when sick, although it was expected that the time would be made up; many times it was not made up. The employees now want 15 paid sick days a year and if not taken, that time would be allowed to accumulate to a total of 100 days over a period of years. This, as with many other major and minor points, will be "ironed out" in future meetings.

Because the men heard these opinions of the mayor and councilmen, and because they believe that many of their demands will be met. They retreated into a private session in the city hall where they decided that they would start work Oct. 10.

Five Boys Find Body of New-Born Babe in Water Pail

Five young boys, residents of Grosse Pointe Farms, made a hurried call to the police station last Saturday afternoon, saying that they had found the body of a baby in a water pail in a field at Lewiston and Kercheval.

Investigation by police could not reveal the identity, but it is believed that it was a new-born Negro baby. The body was sent to the Wayne county coroner's office.

Out County Areas Urge 'No' Vote on Amendment No. 4

A state-wide "No" vote on Amendment No. 4 is urged in resolutions passed by nine cities, 16 townships and 10 villages in the out county, Chester Carpenter, secretary-treasurer of the committee for representative government, said today.

Charging that Amendment No. 4 is a deliberate attempt to annex all of Wayne county to the city of Detroit, Supervisor Carpenter of Grosse Pointe pointed out that adoption of the amendment would abolish local units of government and place the out county under the thumb of Detroit politicians.

"Amendment No. 4," said Carpenter, "contains provisions through which Detroit would control the drafting of the charter and dominate 14 of the 21 members of the proposed so-called streamlined board of supervisors."

"Amendment No. 4," continued Carpenter, "is a poorly disguised scheme to deceive the voters and seize the county, lock, stock and barrel. It is, frankly speaking, another attempt to take over the revenues of a prosperous county and place them at the disposal of financially embarrassed Detroit with its colossal debt of \$332,125,738.75."

The Institute of Local Government of Michigan, under leadership of D. Hale Brake, state treasurer, supports local units of government in Wayne county, Carpenter declared. The institute, composed of county officials of the entire state, advocates a "No" vote because:

Amendment No. 4 discriminates between large and small units of government. Amendment No. 4 extends centralization of government by weakening basic units of local government.

Amendment No. 4 destroys the two-party system. Amendment No. 4 places out-county taxpayers at the mercy of metropolitan extravagance.

"It is not Home Rule," concluded Carpenter. "It is, rather, an attempt by Detroit politicians to rule and assess every taxpayer's home in the out county of Wayne."

Auto Thief Leads Five Police Cars A Merry Chase Here

Police from two counties which included five municipalities were given a merry chase last Friday evening between eight and nine o'clock by a motorist who escaped them in a stolen car.

A call was received by township WRD, the Grosse Pointe station police radio, from St. Clair Shores, saying that Shores police and Mount Clemens officers were chasing a car on Jefferson which had been stolen from Mt. Clemens. They asked that Pointe police join in the chase.

Grosse Pointe Shores police were waiting and joined the other two cars. The chase led through the Farms where another scout car joined the party.

It was while the City scout car was being serviced that the officers received their call and upon leaving the City garage, they, too, joined the pursuers at St. Clair and Jefferson. By this time the police cars and the thief were traveling between seventy and eighty miles an hour, but it was the City scout car which, after passing their neighbors, came the closest in catching the stolen car.

At Philip and Jefferson the chase ended rather abruptly as the pursued turned into Philip and eluded his followers. Owing to the high rate of speed, City officers could not make the turn down the side street and had to continue on Jefferson. The remaining chasers also lost the victim.

The irony of the whole story is the fact that the thief, still unknown, left his "1937 model car" in the vicinity of Philip and stole another!

THE SIGNAL LIGHT

Many objections and complaints have reached this office regarding the operation of the signal light in front of the Pierce Junior high and Defer schools during the time when children are coming to school and also when they leave for their homes.

It has been suggested that inasmuch as an officer is required to control the traffic light, that the light be dispensed with and the officer direct traffic from the middle of the street. This suggestion is made with the safety of the greatest number, in mind. Motorists agree that inasmuch as the signal at this location does not operate 24 hours a day that there is the possibility of a driver day dreaming while driving and fail to see it, thus causing possible injury to some school child, whereas with an officer of the law in the middle of the street, the chances of failure to obey his signals are minimized.

Everybody wants Grosse Pointe streets to be as safe as possible; let's have a remedy to make them safer.

Incidentally

BY MARILYN SHIELDS

The kids in the Pointe need not worry 'bout lack of social life this year 'cause the calendar is simply brimming over with the promises of dances, dances, and more dances in the air.

Don't think there was one person in Grosse Pointe high who missed the "Cider Swing" last Saturday night. With a moo-moo here, and an oink-oink there and a cluck-cluck everywhere 'ole MacDonald 'n his farm invaded the girls' gym as a result of the talented artists of the decoration committee. Some of the guys 'n gals 'sippin' cider through a straw 'were Maggie Hansen 'n Don Barrett, Alma Larson 'n Jack Marshall, Nancy Joos 'n Joe Hickey, Fred Auch 'n Bev Brown, Betsy Bauman 'n Jeff Wilshire, Cow Cameron 'n Kathy Stuart, Wood Giest 'n Betty Auch, Gail Whitehead 'n Ed Isbey, Joanie Clark 'n Drew Smith, Elmer Knope 'n Doris Trask, Sally Baker 'n Shorty Taylor, Marilyn Buck 'n Don Sullivan, Gail Ringis 'n Ray Roth, Dick Kremmel 'n Do Do Guimond, Jeanne Quail 'n Jim Holt, Floyd Nixon 'n Barbara Sickels.

There wasn't a blessed soul doing the good 'ole fashion barn dance but saw plenty of the kids doing some honest to goodness jitterbugging (if that's what you call it) Saw Marty Butterfield 'n Bob Johnson, Letty Kretschmer 'n Roy Shuman, George Hubbard 'n Jo Ann Russell, Johnny Dickinson 'n Barb Blair, Jack Wilson 'n Barb Molyneux, Marilyn Shields 'n Johnny Galvin, Art Brownell 'n Sue Hoffman, Jimmy Flom 'n Marge Simon, Peggy Hatch 'n Dick Jackson, Bill Caruthers 'n Carol Hawksworth, Macky MacPherson 'n George Eversman, Pat Robinson 'n Bud Roesch.

Some of the guys home on furlough who showed up with their dates were Jack Seeber, navy; Ted Potter, army air corps; Dick Stavoe, ASTP; with Betty Marshand, Cynthia Penoyar, and Joan Stivenson respectively.

In the stag line were Frank Thorn, Jim Bailey, Dick Ryan, Bill Kerr, Bill Rogers, Walter Gibbs, Howie Hickey and Bud Racicot, and Dan Lafferty.

'Nother dance this week-end was over at St. Paul high school. They had a super band that really did things up right. The freshman initiation was earlier in the day so it was kind of an introduction dance for the Freshies.

Just a few of the kids that were there were Nancy Verbeist 'n Dick Champine, Lonny Bachmann 'n Barb Blair, George Meath 'n Mary Smith, Shirley Eschrick 'n Eddie Hubner, Jack Seber 'n Marty Butterfield and Ray Roth 'n Pat Cameron. In the stag line were Larry Gant, Arnole Parsons, Mac Cavanaugh, Burnie Osebold and Tom Hangneld.

With representatives from all the Grosse Pointe high schools, the Pointers club held their first meeting last week to elect the new officers and make plans for all the ump-teen dances that are coming up.

There will be a dance every Friday night. One big dance, with a band, no less! And two minor dances with records every month. On the remaining Fridays the club will be open for dancing by way of the juke box. Incidentally, the first big dance is tomorrow night with Jack Titus and orchestra giving forth with same super music.

The officers elected at the meeting were: Dick Dickson, DUS, president; Bobbie Hawksworth, GPHS, vice-president; Ann Stringer, CDS, secretary and Sandy Malcomson, GPHS, treasurer. With all these kids in charge of things, the Pointers club can't help but be a success again this year!

After spending two glorious months south of the border, down Mexico way, Betty Pinkston finally returned to Grosse Pointe by plane last week.

Grosse Pointe Artists Hold First Meeting The first board meeting of the Grosse Pointe Artists association was held in the studio of the new president, Mrs. W. R. Meier. The new board members are Mesdames W. Beresford Palmer Jr., vice-president; Wilfred C. Casgrain, treasurer; Carlton Hascall, corresponding secretary; Frank Lindeman, recording secretary; John C. Pear, parliamentarian; and David O. Hamilton, John Voght, Rocco DeMarco and John S. Goodman.

The next meeting will be held at the home of Mrs. Palmer on Nov. 1 at 3:30 p.m., while the next general meeting will be held on Oct. 25 at the president's studio. Wayne Claxton of Wayne university will be the critic of the evening.

Club Vice-President Miss Harriet Jozefiak, daughter of Mr. and Mrs. Edwin Jozefiak, 1175 Lochmoor, has been elected vice-president of the Dramatic club at Marygrove college, where she is a junior this year. Miss Jozefiak is majoring in art.

ENGAGEMENT ANNOUNCED

MR. AND MRS. Philip H. Cloudman of Shaftsbury road, announce the engagement of their daughter Dorothy, to Staff Sergt. Robert P. Oldham, son of Leon B. Oldham of Grosse Pointe Woods. Miss Cloudman attended Albion college and graduated from the University of Michigan. Sergeant Oldham is a graduate of Albion college.

Woods Friendship Guild Sponsors Annual Rummage Sale

The Friendship Guild of the Grosse Pointe Woods Presbyterian church is giving its fourth annual rummage sale on two days, because of popular demand—Friday and Saturday, Oct. 20 and 21. A new location has also been chosen this year. It is a store on Mack avenue, one block north of Eight Mile road.

Mrs. Lauren D. Wild is general chairman of the affair. Her assistants are Mesdames Wesley B. Orr, William Stathers, Russell Baude, I. D. Marr, John Rowe, Ray M. Nelson, H. H. Freiwald and Gordon N. Cameron. Mrs. Farrell B. Weber is president of the guild.

First PTA Meeting Scheduled for Pierce

The first meeting of the Pierce PTA will be held at Pierce tomorrow night at eight o'clock.

According to the custom of the past few years, this meeting is combined with the traditional open house which 7B students hold for their parents each semester. An auditorium program will follow the regular business meeting, and then an opportunity to meet the teachers in their classrooms is afforded all parents. A good turnout is anticipated.

Douglas B. Crane With Army Engineers

Douglas B. Crane, past president of the University of Michigan club of Grosse Pointe, is taking a leave of absence from his law practice, to serve with the U. S. army engineers as negotiator for termination of war contracts. After completing his service he will return to his office and resume his law practice.

Garden Club Members to Hear Lecturer

The next regular meeting of the Garden Club of Michigan will be held at the home of Mrs. Julian P. Dick Jackson, Bill Caruthers 'n Carol Hawksworth, Macky MacPherson 'n George Eversman, Pat Robinson 'n Bud Roesch.

Begin Leader Course Next Tuesday at Defer School

A training course for leaders with Brownies and intermediates of the Girl Scouts will begin next Tuesday, Oct. 17, in the Defer school from 10:00 a.m. to 3:00 p.m. Other meetings will be held Oct. 24 and 31 and Nov. 7.

SERVICE PARADE

Corp. Raymond F. Donaldson, son of Mrs. E. Donaldson of 1436 Kensington, Grosse Pointe Park, was graduated last week from the AAF flexible gunnery school, Laredo army air field, Laredo, Tex., a member of the AAF training command. He is now qualified to take his place as a

CORP. R. F. DONALDSON

member of a bomber combat crew. Along with his diploma, he received

a pair of aerial gunner's silver wings and a promotion in grade at brief graduation exercises held here. He was prepared for his place in America's stepped-up air offensive by a comprehensive six weeks course in every phase of aerial gunnery warfare. Besides learning to fire every type weapon from camera guns to the deadly caliber .50 Brownings, he studied turret manipulation, aircraft identification, stripping and reassembling of machine guns while blindfolded. He climaxed the course by air firing on towed targets.

An Eighth Air Force Station, England. — Two air force soldiers from Grosse Pointe, are members of an Eighth Fighter command P-51 Mustang group which recently passed the 450-mark in victories over Nazi planes, becoming the third American fighter group in the European theatre of operations to make such a record.

The soldiers are: Sergt. Alexander H. Stock, service squadron electrician, 945 Lakeshore road, and Staff Sergt. Wayne W. Springer, fighter squadron mess sergeant, 754 Notre Dame.

manager for Packard Motors in Detroit, was inducted in May, 1942. Sergeant Springer was employed as a cook in the Randolph Coffee Shop in Lincoln, Neb., before he enlisted in December, 1940.

As a part of the organization which enables the fighter pilots to devote all their time and energy to the pursuit and destruction of the Luftwaffe, they are helping to keep American fighter planes in combat against the enemy over every corner of occupied Europe.

The fighter group, commanded by Col. William J. Cummings Jr., of Lawrence, Kan., established a record for American units in this theatre when it destroyed 44 enemy planes on the ground and seven in the air in one mission. And in four low-level attacks, the group destroyed 118 German planes on the ground, an average of more than 29 per mission.

Midland Army Air Field, Tex. — Completing the toughest 18 weeks in the AAF training program, a large new class of bombardier-navigators today received their commissions as second lieutenants and flight officers from Col. Charles H. Dowman, commanding officer of this key bombardier school. Among the new

officers was David F. Trombley, son of Mrs. Mary Trombley of 432 Cadioux road.

Already skilled as aerial gunners, today's graduates are real triple-threat members of the deadly aerial combat teams. In their study and practice of dead-reckoning navigation they have learned its application to the problem of bombing enemy targets and how it can aid in making evasive action more effective. They have become as familiar with aerial reconnaissance photographs of enemy installations as with the road map of Texas. They have learned camouflage and how to detect it; they have studied the weak points of enemy ships; they have learned to identify enemy aircraft. They are bombardment experts.

Pfc. Bernard E. Callens, USMC, son of Mr. and Mrs. A. B. Callens of 4891 Radnor, is recuperating at the naval hospital in Hawaii from two

attacks of malaria. He was evacuated from Guam July 29 where he was in the third Marines that made the beachhead in Bougainville. He attended school for six months in Guadalcanal in communications. He had been in the Marines two years and overseas for one.

Lieut. Fred W. Gerow notified his parents, Mr. and Mrs. A. C. Gerow of Notre Dame, that he was promoted to first lieutenant on Sept. 9, his birthday, while on the battlefields in France.

Ensign George E. Gerow is expected home on leave from St. Simons Island, Ga., some time this month.

Pfc. Gordon Tanner has been awarded the Infantryman's Badge while serving overseas. He is the son of Mr. and Mrs. Andrew Tanner of 752 Notre Dame.

Mrs. Carl W. Koss of 1034 Nottingham road, returned from Baltimore, Md., where she visited her son and his wife, Lieut. and Mrs. Carl H. Koss, USNR, for the past month. While there, Mrs. Koss attended the commissioning of her son's ship, Lieutenant Koss returned from the Southwest Pacific last March after 16 months' service on PT boats. He will soon go overseas again and his wife will return to Grosse Pointe to stay for the duration of the war.

Sergt. George Stallard of the RAF, whose home is Plymouth, England, and for the past year stationed at Port Albert, Canada, as a navigation instructor, has just spent a short leave with his uncle and aunt, Mr. and Mrs. Garfield Thomas, 684 St. Clair, Grosse Pointe.

Sergeant Stallard is returning to England to resume combat operations. Previous to coming to Canada he had completed 32 bombing missions over enemy territory as pilot of a Halifax bomber.

A U. S. Army Port, England. — Facilitating the flow of Allied troops and supplies to Europe is the job of men attached to a harbor craft company stationed with the U.

S. army transportation corps port in England. These men operate many small craft which keep the port clear of traffic jams. The small craft, most of which are tug boats, aid the larger cargo vessels and transport ships in maneuvering to and from the docks. Manning these little ships are soldiers who, as civilians, worked on farms, in factories, and in the shops of America. Many had never had experience with ships before joining the harbor craft company. Yet these men have gone about their tasks with enthusiasm and are contributing much to keeping Allied shipping routes operating smoothly.

Among the members of this harbor craft company are Staff Sergt. Floyd T. Champine of 180 Lakeview, Grosse Pointe Farms and Pvt. Robert E. Schultz of 770 Berkshire.

Donald J. Haigh informed his parents, Mr. and Mrs. Arthur Haigh of 1128 Maryland, that he is now a seaman first class.

Robert B. Danforth, studying the V-125 program of the navy, has been transferred from Great Lakes to the college of medicine at Wayne university for further medical stud-

ies. He is living with his parents, Dr. and Mrs. J. C. Danforth, 529 Lake Pointe.

Visiting Parents Mrs. Evelyn MacEwen of Cleveland is visiting her parents, Mr. and Mrs. John J. MacEwen. She leaves Tuesday for training in the Wac.

Mothers' Club to Hold Open House for Parents Monday

Under the auspices of the Mothers' club an open house for parents of all students of Grosse Pointe high school and Brownell Junior high school will be held next Monday evening, Oct. 16, at the Grosse Pointe high school building.

The affair is being sponsored primarily so that parents may have an opportunity to meet all of their children's teachers.

Teachers will be in their homes from 8:00 to 9:30 o'clock. Each will be assisted in greeting parents by two mothers represented in the homeroom's role.

A brief program will be given in the auditorium at eight o'clock. Matters of school organization will be explained and officials introduced.

Special invitations have gone out to the parents of students who are new to the school. Invitations have been mailed also to the parents of all students.

Only those pupils who are assigned duties for the evening are expected to attend the open house.

Pointer in Group That Withstood 12-Hour Attack

With the Fifth Army, Italy. — From a thick walled stone bastion, Pvt. Niel W. Byrne, 837 Berkshire road, Grosse Pointe Park, and a small group of fellow infantrymen of the 88th infantry division recently stood off a 12-hour attack of battalion strength on the Fifth army front in Italy.

Wandering into an unknown area late at night, Byrne's group decided to bed down until morning. At daybreak one of them investigated their position and excitedly announced that they were in "one hell of a spot." They were surrounded by a battalion of Germans.

With the radio, they contacted an artillery unit of their division and called for concentrations of fire around the house to keep the Germans away. The strategy worked and many casualties were inflicted on the unwary enemy.

A few of the Germans managed to crawl through the artillery fire, but they were picked off by the riflemen firing from the windows of the house. One Kraut was shot as he was about to throw a grenade thru a window. The grenade exploded in his hand.

In the 12 hours that the Yanks held their fortification they repelled seven German attempts to flush them. From time to time the artillery fell close enough to shatter pieces off the roof.

A large part of the battalion was knocked out before the doughieets were able to rejoin their company.

Park Radio Operator Participates in Crash Landing in France

An Eighth Air Force Liberator Station, England. — First Lieut. Arthur F. Kenyon of Chicago, Liberator pilot in the group commanded by Col. James H. Isbell has won himself the nickname "Lucky" after his experiences of the past week. On Tuesday, Sept. 5, Kenyon and his crew were returning from a mission to Karlsruhe, Germany, with one engine dead due to mechanical failure. Northeast of Paris he left the formation. When he failed to show up back at his base in England and no word was received, they thought his luck had run out.

But on Thursday night Kenyon and his crew returned to tell of their experiences in which lady luck again played the starring role.

He had left the formation when he found his plane was nearly out of gasoline, spotted an abandoned airfield north of Paris, and landed on the end of a bomb-scarred runway. Midway down the field his left wheel hit a 500 pound bomb which the Germans had rigged as a mine. His left tire blew out and the detonating charge of the bomb exploded, but the bomb failed to go off. Unable to turn off the runway, his right wheel hit a bomb crater. As it slid tail-first across the field, the fuselage cracked in three places. Finally as the crew scrambled out, their plane burst into flames and no sooner had they gotten a safe distance when the gas tanks exploded. Not a member of the crew was injured.

They contacted a party of U. S. army engineers working a short distance from the airfield and obtained transportation into Paris where they spent the evening in sightseeing.

The next day they traveled to a nearby airfield and after encountering some delay in obtaining transportation through official channels, Kenyon spotted a transport plane warming up on the field. "Got room for 10 of us going back to England," he shouted to the pilot.

"Sure, hop in," was the reply. Technical Sgt. Glen G. Schuster was serving as radio operator on Kenyon's crew. He is the son of Mrs. Alma Lamb, 1163 Maryland, Grosse Pointe Park. Other members of the crew were: Flight Officer William J. Bohner, co-pilot, Manhasset, N. Y.; Second Lieut. Ernest M. Sands, navigator, Minot, N. D.; Technical Sgt. Fred P. Gonot, aerial gunner, Bridgeport, Ohio; Staff Sgt. Charles W. Angeline, aerial gunner, Berkeley, Calif.; Staff Sgt. Edward A. Miklaucic, aerial gunner, Millvale, Pa.; and Staff Hergt. James C. Robinson, aerial gunner, Denver, Colo.

Michigan Stamp Club Holds Anniversary Event

The Michigan Stamp club will hold its 30th anniversary bourse and novice exhibition in the Book Cadillac hotel Oct. 21 and 22.

Allan Lichtig, president, has appointed Horace Hartwell to handle the bourse and Hartwell reports the tables sold out. John B. Jackson is in charge of the exhibition which will consist of 30 frames, one for each year of Michigan's leading stamp club. Each frame will hold 16 sheets.

The judges picked by the general committee are, A. M. Livingston, Morton Frank and Harry Bass, the latter from Windsor, Can.

"For Meritorious Achievements..."

Air Transport Command Base, India. — Award of the U. S. Army Air Medal "for meritorious achievement" and promotion from a second to a first lieutenancy, came almost simultaneously this month for Lieut. Albert D. Beaupre, of Grosse Pointe Farms; according to the release of orders from headquarters, AAF, India-Burma sector, China-Burma-India theater.

He is the son of Mr. and Mrs. A. E. Beaupre, 274 Kerby road.

The Air Medal is the award presented at the end of 150 hours of operational flight, according to the citation, "over the difficult and dangerous Assam-China air routes, where enemy interception and attack was probable and expected."

Lieutenant Beaupre received the award for his activities as a pilot on the India-China division's "aerial sky-way of supply" for the forces on the China battlefronts, specifically between Oct. 22, 1943 and Feb. 29, 1944. Since his arrival in this theater he has been continuously on duty with the ATC's China routes.

Issues Instructions for Renewal of Gas Coupons

A. A. Ghesquiere, chairman of the Grosse Pointe ration board, urges the public when applying for renewal of gasoline rations, to apply 10 days earlier than the date on the coupon book in order to speed up the processing of the application.

This is necessary because the processing is now handled at the mailing center downtown. The mileage record, which was given with the new "A" coupons at the schools, must be attached to the renewal application.

Today the Coast Guard is larger than the nation's peacetime navy.

A Ninth Air Force Fighter-Bomber Base, France. — Second Lieut. Alfred B. Ford, 1032 Bishop road, Grosse Pointe Park, a combat flyer with Col. Anthony Grosseetta's Ninth air force raider group in France, has been recently awarded the Air Medal for meritorious achievements while participating in aerial flights against the enemy.

Lieutenant Ford received his wings at Moore Field, Tex., Jan. 7, 1944, and soon afterwards he went overseas where he joined the raider group.

He was graduated from Hill school, Pottstown, Pa., with the class of 1940, and he attended Yale university before entering the AAF.

Lieut. Ford is the son of Mr. and Mrs. Frederick C. Ford, 1032 Bishop road, Grosse Pointe Park.

Begin Formulating Plans for U. of M. Club Activities

Dr. Leland V. Hewitt, president of the University of Michigan club of Grosse Pointe, presided at the October meeting of the board of governors at which fall plans of the club were formulated. Chairmen were appointed to head the various committees, and they have already swung into action. Leslie P. Young is directing the program committee with plans well under way for promising events of genuine interest. Harry Hogan heads the membership committee; Paul Franseth, scholarship; Miss Frances Huff, badminton; Mrs. R. W. Larwin, publicity; and Dr. E. R. Stoliker, social activities.

There's going to be a party Saturday night, Nov. 4. Plan to come and have a good time participating in opening the season of your club. Details later — Save the date.

Park Officers Find Container Filled With Siphoned Gas

Two 16 year old Park youths were apprehended by Park police last Friday night when they attempted to carry away a five gallon container of gasoline.

A short while before this, Park

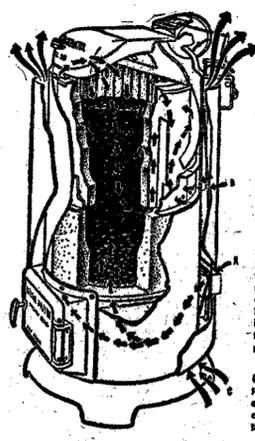

officers found this drum near a truck owned by the Ray M. Whyte company and parked in a field near Beaconsfield and Jefferson. It was evident that gasoline had been siphoned from the truck into the can.

Officers Enders and Ingalsbe, waiting near the truck, arrested the youths when they returned. The boys were taken to the station where they were questioned and placed on probation.

A. The Conservator operates on a modified down-draft principle. Measured primary air enters at control (A), is preheated below grate and port used to burn coal at grate level. The balance is carried through a tube to top of stove where it drives volatile elements down through magazine.

B. The volatile elements enter combustion chamber outside of the fire brick where they are mixed with a measured amount of secondary air superheated after entering at (B). The mixture is ignited through lattice in the fire brick and burned completely.

C. Room air is drawn into the heat exchanger at (C) and ejected at the top, forcing circulation of warm air throughout the house.

"WQJL EMERGENCY!"
CALLING TRUCK 23
CALLING TRUCK 23"

5:01 P.M. In one day, at 5:01 p. m., a tool and die company producing equipment for B-29's sent an urgent call to the Edison Company reporting that its electric power was off and vital war production halted.

5:02 P.M. In one minute a Detroit Edison trouble dispatcher had contacted the emergency crew of truck 23 — at that time in the vicinity of the crippled plant — by short wave radio over our Station WQJL.

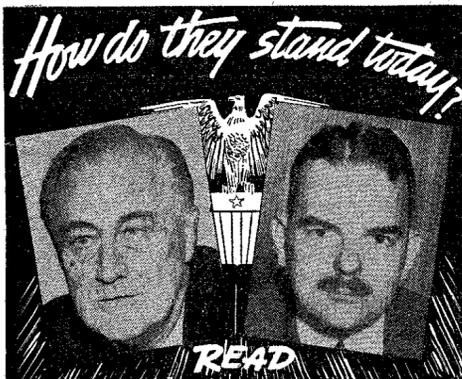

5:03 P.M. Truck 23 — responding to the call of its short wave receiver — was speeding on its way toward the trouble even before the dispatcher finished giving complete details.

5:09 P.M. In six more minutes the skilled overhead lines crew of truck 23 was at work repairing the break in the system, so that war production could resume.

5:40 P.M. Just 39 minutes after Detroit Edison received the emergency call, power was restored and vital war work was moving again.

We are not always able to equal this record for speed. But by means of two-way FM (Frequency Modulation) radio, 49 Edison cars and trucks are always in touch with our central trouble switchboard, permitting emergency crews to be dispatched speedily to the scenes of major emergencies. We are constantly seeking new ways to improve our operation and give better service to our customers.

Council Turns Down Chester Carpenter's Request

Although several of the City councilmen would not give their opinions Monday night as regards to the so-called county home rule amendment appearing on the ballot in November, it was deemed inadvisable that the council as a whole go on record as opposing the amendment. This was a refusal of Councilman Chester Carpenter's request that his colleagues support the opponents of the proposal.

Huguenot Society Calls Annual Meeting to Order

The seventh annual meeting of the Huguenot society of Michigan will be called to order at 11:00 a.m. Saturday, Oct. 14, by the new state president, Mrs. Sidney C. Probert of Kensington road, at the Book Cadillac hotel.

In the business session, reports of officers and chairmen will be followed by an election of officers. After luncheon, an address will be given by Prof. Arthur C. Turgeon of Wayne university. Music has also been arranged. Luncheon reservations should be made with the president.

Mrs. Osmond D. Heavenrich is chairman of membership and Mrs. Edward J. Savage is chairman of nominations and publicity. Many out-of-state as well as Detroit area members will be in attendance, including Mrs. Henry B. Joy, Mrs. Lloyd DeWitt Smith and other Grosse Pointers.

SCF Sewing Club to Meet

The SCF sewing club will meet at the home of Mrs. Tom Wylie of 2045 Brys Drive, next Thursday, Oct. 19 from 11:00 a.m. to 4:00 p.m. New members are welcome.

Sickly Children

Recent estimates show that approximately 78 per cent of the children in Greece between the ages of three and 18 are in a subnormal state of health and on the verge of tuberculosis.

Soccer Team to Stage Benefit Game Saturday

The Michigan Soccer Football Commission will stage a benefit soccer football game at Mack Park, Fairview avenue at Mack on Saturday night, Oct. 14, at 7:45. As a preliminary, a juvenile team of boys, all under 15 years, will play at 6:45 p.m.

The Royal Air Force club from Port Albert, Ont., will meet a select team of Michigan stars. This game is for the benefit of the athletic fund at Percy Jones hospital at Battle Creek. The entire proceeds will be given to this fund, for the individual commission members and friends have underwritten the game.

Port Albert team will arrive Friday night and will have a reception at St. Andrew's society hall, where they will also be guests of St. Andrew's Saturday night after the game.

John J. MacEwen, 861 Beaconsfield, is secretary of the commission. Percy Jones hospital is doing the job of restoring returned injured soldiers to normal life again; they need athletic equipment and by patronizing this game, your admission will help buy something for the boys.

CELEBRATES 20th ANNIVERSARY

Grace Evangelical and Reformed church, Kercheval and Lakepointe, will observe the 20th anniversary of its founding with special services Sunday morning and evening. The Rev. Frederick H. Engelsdorfer,

minister of St. Peter's Evangelical and Reformed church, Lawndale near Michigan, and first pastor of Grace church, will preach at the 11 o'clock service. At 7:30 p.m., the preacher will be the Rev. Robert C. Stanger, pastor of Bethel church, and president of the Michigan-Indiana synod of the denomination.

Schedule Opening Meeting for Trombly PTA Wednesday

The Trombly school PTA will hold its opening meeting on Oct. 18, at 7:45 p.m., in the auditorium. The officers for this year will be introduced and they are as follows: Edgar Reitz, president; Mrs. Lee Coart, first vice-president; Miss Donna Lund, second vice-president; Dr. David M. Davidow, third vice-president; Mrs. Warren Hirt, corresponding secretary; Dr. Lyndle R. Martin, recording secretary; Mrs. H. J. Hagen, social chairman; and Mrs. Kenneth Beardslee, ways and means chairman.

The meeting will be opened with a welcome from President Reitz. Mrs. Ethel Cowe, principal, will introduce the teaching staff and briefly explain the plan of the meeting, which is to be an innovation for our PTA—Parents then will go to the various classrooms, where each teacher will take over for small group discussions of the "Reports to Parents" used in Grosse Pointe.

The social hour is scheduled to begin at 9:00 p.m. A large committee is at work to make it one to be remembered. Don't miss this part of the meeting. We are planning so that new members can meet neighbors and make new friends and old members can enlarge their acquaintances in the community. There will also be refreshments.

Organized in October, 1924, the congregation met for a time in a store on Eastlawn avenue, and then in a lodge hall. From 1925 to 1936 it worshipped in a frame chapel which now serves as a Sunday school building. In 1936, during the pastorate of Rev. Warner Siebert, the present English Gothic building was erected. The membership of the church today is 236. The Rev. Huber F. Klemme is now its minister.

Anniversary festivities will come to a close Tuesday evening with a banquet at which the chief speaker will be the Rev. F. Lueckhoff, superintendent of the Evangelical home for orphans and old people.

Health Head Warns Hunters of Rabbit Fever

Hunters of Rabbit Fever With the opening of hunting season the state department of health reminds hunters to be on the lookout for rabbits with tularemia, or rabbit fever. This disease is infectious and the germs can go through healthy

skin, giving the disease to humans, according to Dr. William DeKleine, state commissioner of health. Best way to avoid rabbit fever is to avoid handling wild rabbits with the bare hands, and to be sure that all rabbit meat is thoroughly cooked before eating.

DESPITE CRITICAL SHORTAGES RAILROAD MEN CAN GET NECESSARY RAILROAD WATCHES

HAMILTON THE WATCH OF RAILROAD ACCURACY.

To keep America's rolling stock on the move... to transport millions of men and billions of tons of vital equipment and supplies, accurate watches are necessary.

Only recently the War Production Board authorized the manufacture of these additional railroad watches to help meet critical shortages. These watches are beginning to arrive. They are available to railroad men only whose present timepieces are inadequate or unreliable. A "certificate of need" signed by a railroad supervisor or other railroad authority is required. Before-the-war prices are still in effect.

Drama and Comedy Filled for Patrons of Aloma Theatre

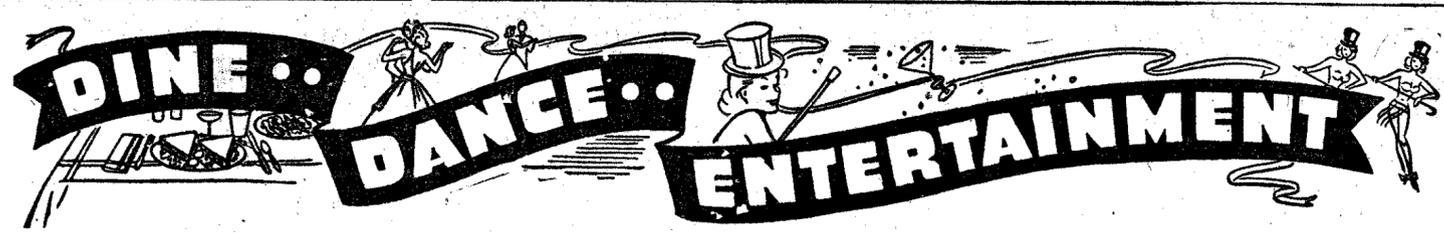

A double bill which combines drama and comedy will be shown at the Aloma theatre tomorrow and Saturday. "Passage to Marseille" is an intense story packed with thrills and drama in which Humphrey Bogart and Michelle Morgan are co-starred. With all the suspense of a spy story, with all the romance necessary, it is a sure which should not be missed. "Once Upon a Time" is a story of a caterpillar starring Cary Grant and Janet Blair. Cary, deep in debt, tumbles upon a lad with a dancing act and makes a fortune through the publicity which is handed out with this discovery.

Solicitors to Hear Chairman of Drive

In 500 places throughout Detroit and its suburbs meetings of community war chest solicitors will be held simultaneously Friday, Oct. 20, for the campaign beginning Oct. 25 through Nov. 10. They will be held in school auditoriums, church halls, community centers and private homes; but all will be united by means of a radio broadcast over station WWJ at 1:45 p.m.

Benjamin E. Young, campaign chairman, will give an address at this time which will be heard at the 500 meetings. A dramatization of the work of community war chest agencies will also be featured on the broadcast.

Volunteers who wish to solicit for the drive may do so by calling CO. 1600.

Colony Schedules 'The Great Dictator'

A picture which took months to film and which has been enjoyed by many since its release will be shown at the Colony theatre, tomorrow and Saturday. It is "The Great Dictator" starring Charles Chaplin.

This picture is a burlesque of the rule of Hitler and his fellow dictator in Europe a short time ago. Chaplin as the dictator completely ridicules the one-man rule and creates a riot of laughs with the various situations with which a dictator must cope. He played the dual role of a French barber who looked like Hitler and was often taken as the ruler, and Hitler himself.

Chaplin is supported in the cast by Jack Oakie who portrays Mussolini.

Story of a Dancing Caterpillar Shown at Shores Theatre

The story, fantastic as it may seem, of a dancing caterpillar, will be shown at the Shores theatre Sunday, Monday and Tuesday, together with a dramatic war film. Cary Grant and Janet Blair are co-starred in "Once Upon a Time" while Humphrey Bogart and Michele Morgan appear in "Passage to Marseille."

"Once Upon a Time" begins in the office of Cary who is a well known theatrical producer but who has been put behind the eight ball because of a few failures. He is badly in need of money and while pondering his situation on the streets of New York, he comes upon two lads who are trying to sell a "peep" into a box to see a dancing caterpillar. Cary's keen theatrical mind immediately sees into the future and through publicity on the radio and in the press, he tells the world of this great discovery. The interesting story of the trust put into him by the lad and his sister, played by Janet Blair, is a story which produced laughs as well as peculiar situations.

Show at Stevadora Held Over for Second Week

Headlining the revue at the Stevadora for a second week is Charles Carlile, famed tenor and former CBS singer. Charles offers a varied repertoire which includes many popular semi-classical numbers. Blonde Ruth Raye, sweet and swing singer sings currently popular hit parade numbers, and the Dixon brothers, knockabout comedians create much laughter with their nonsensical routines and ad lib quips.

Harry Whitney, master of ceremonies, clicks solidly with his "Army Rookette" routine, and the Rhythm Rockettes, a graceful line, appear throughout the revue in spectacular production numbers. Mel Steckley's orchestra plays for the revue and dancing.

Bob Marble, accomplished pianist, plays your favorite piano melodies during the interludes.

Mason School N-E-W-S

Mason school teachers welcomed the four new members of the staff at a four o'clock tea on Thursday, Oct. 5. Three of the teachers are from Wisconsin and the fourth is from Nebraska. Elizabeth Robson of Beloit, Wis., is teaching kindergarten children. Beverly Jackson of Sparta, Wis., has a 1B group. Both Miss Robson and Miss Jackson are graduates of National College of Education at Evanston, Ill. Elvera Rieck is from Mondovi, Wis. She will work with a 5B group and fifth and sixth grades in language arts and arithmetic. Miss Rieck's training was taken at Eau Claire State Teachers' college and the University of Minnesota. Josephine Cole of Omaha, Neb., will work with a 6B class and fifth and sixth grades in music. She had her training at the University of Michigan and is on the permanent summer staff of the National Music Camp at Interlochen, Mich.

Musical Training Included in Saint Paul's Curriculum

Music, both liturgical and secular, choral and orchestral, has become one of the fundamentals included in the curriculum of St. Paul school this year.

At a definite 20 minute period every day, a qualified teacher gives students in each grade their musical training. The teacher in general charge of the music program of this school is Sister Julian Marie.

A school chorus composed of 40 children is in process of organization at this school. The accomplished students from this group will have a chance to participate in a

WE DIDN'T — DO YOU?
Lock your car. Despite the constant warnings of the police departments there are still motorists who leave their cars at the curb with the windows up and the keys in the switch, only to return later and find it gone and probably wrecked like the car above.
Walter Martin of 14745 Flanders stopped his car in front of a grocery store at Hayes and Houston about three o'clock Oct. 3 to do some shopping. He left the car open and the keys in the switch. A few minutes later upon his return, the car had been stolen. Police were notified immediately. Two hours later Chief Charles Millard and Sergt. Bud Glosser of the Gratiot township police department, found it after it had struck a fire hydrant at Old Homestead and Beaconsfield in the township. The investigation revealed the car was stolen by a youth in his twenties, of medium height and wearing a light jacket.

Gratiot Township Residents Meet to Discuss Zoning
A committee of six members of the Gratiot Township Home Owners' club met with the township board last Monday for a further discussion of the new zoning law and the effect it would have if factories were allowed on the east side of Harper avenue in the midst of the most populated residential section.
When asked if factories were desired in this area only for tax revenue, it was brought out that they afforded an opportunity for the employment of local men. It was also brought out that revenue could be obtained from smaller concerns but they have not been forthcoming in the township; in addition, the residents could not support the amount of stores required to carry such a tax load nor would the revenue support the operation of the township.
Some of the residents of the Home Owners' Club asked that the district uses in District B be eliminated and the uses of District A be applied to District B according to the existing ordinances. It was also suggested that if factories are allowed in the township, they be erected in a less populated section near Eight mile road or Kelly road.

ST. JAMES LUTHERAN CHURCH
GEORGE E. KURZ, Pastor
"The Ark of Salvation" is the sermon subject of the pastor of St. James church at the service next Sunday, Oct. 15, beginning at 11:00 a.m.
The service on Sunday is the first of two preparatory services for the observance of Christian Education week at St. James church. The week of Oct. 22 to 29 has been set aside for this purpose, thereby giving the various groups within the congregation an opportunity to discuss the timely subject: "Christian Education in the Home." The observance will culminate in a fitting climax on Reformation Sunday, Oct. 29, when the subject of Christian education will be discussed in connection with its Reformation period background. People in the community, especially those without a church of their own are cordially invited to worship at St. James church and send their children to the Sunday school, which meets at 9:45 a.m.

BETHANY LUTHERAN CHURCH
 Drive East at Chatsworth
 OSWALD RIESS, Pastor
 KENNETH LINDSAY, Vicar
 Bethany Lutheran church, has its service of worship at 10:30 a.m. Sunday morning the pastor will read the sermon. A nursery for children is available during this service.
 Kindergarten, Sunday school, and classes all begin at 9:30. The pastor will bring out the story of King Ahab and his unscrupulous queen, Jezebel — how envy and

jealously often lead to very heinous crimes. In order to get a fruitful vineyard this wicked pair had the owner, Naboth, innocently stoned to death. Such people God justly punishes. And the visitation of God's wrath upon King Ahab and Queen Jezebel concludes the incident.
 All those without a church home are invited to enter Bethany's open doors. Come! You are always welcome at Bethany.
 A lot of "good fellows" are free and easy with dough that somebody else slaved to make.

Hit and Run Driver Found Near Scene of Crash
 Park patrolmen apprehended Tena O. Burke, of 5220 Canyon, last Monday morning a short distance from the scene of an accident in which she took part earlier. Emil DeGriek of 15016 Mack avenue, heard a crash and upon investigation, found that his car had been hit. He obtained the license number and called police. A short time later, police located Miss Burke parked on Charlevoix between Maryland and Lakepointe.

Service Parade
 Robert J. Byrnes Jr., 20, 266-Rivard, Grosse Pointe, was enrolled recently in an intensive course at the radio naval training school located on the campus of the University of Wisconsin, Madison, Wis.
 Selection to attend the specialty school was made on the basis of his recruit training aptitude tests. The course includes the operation, function and maintenance of radio transmitting and receiving equipment, and the sending and receiving of messages in international code.
 Successful completion of the course will see the Bluejacket graduate as a qualified radio operator with the fleet.

Dear Sir:
 I would like to thank you very much for sending me The Grosse Pointe Review for the past eight months. Now that I have arrived at my new destination here, I would like to have the paper sent to my new address.
 Since I entered the service, The Review has been a great way of keeping in touch with the things going on back-home as well as keeping track of my friends who are also serving their country.
 Once again I send my thanks to you.
 Yours truly,
 Bob Haslett, F2C

Dear Sir:
 Just a line or so to let you know that I haven't been receiving the paper for some time and miss it very much. I have been transferred to a different hospital and if you will please send The Review to my new address, I will appreciate it so much.
 There are so many interesting things in it about home. I want to thank you for sending it to me in the past for it has been a great morale builder.
 Sincerely,
 Pfc. Philip Frazier

Since the barracks weren't ready, pyramidal tents were pitched. Beds made of interwoven reeds resting on stilts were constructed. Steel helmets were wash basins. Five-gallon cans served as tables, chairs, desks and laundry tubs.
 Early in 1942, U. S. army engineers and quartermasters had laid the foundation for an enormous service of supply depot at the camp, but by the time the "Desert Rats" arrived, Marshal Rommel, commander of the Nazi Africa corps, was practically a next door neighbor. General Montgomery and the British Eighth army remedied this by ousting Rommel from North Africa.

Mack Avenue Business Frontage For Sale--Bids Wanted

Notice is hereby given that the Village of Grosse Pointe Farms, a Municipal Corporation, located in Wayne County, Michigan will receive sealed cash bids for the purchase of the parcel of vacant land located in the Village at the northeast corner of Kerby Road and Mack Avenue, having frontage of 504.37 feet, more or less, on Mack Avenue and a depth of 195.41 feet, more or less, subject to building and use restrictions, if any, and applicable provisions of the Village Zoning Ordinance, and described as follows:

That part of Lots 1, 2, 3 and 4 of Survey and Subdivision of Easterly part of Private Claim No. 404, being Estate of Mrs. Margaret Tucker, deceased, made for Commissioners in Partition of said Estate January 4, 1881, and recorded in Chancery File No. 6386, Village of Grosse Pointe Farms, Wayne County, Michigan, said land being more particularly described as follows, to-wit:
 Beginning at the point of intersection of the Easterly Line of Mack Avenue (60 feet wide) with the Northerly Line of P.C. 404, thence along the Northerly Line of P.C. 404 South 60 degrees 06 minutes East 195.41 feet to a point; thence South 20 degrees 01 minutes 30 seconds West 504.37 feet to the Northerly Line of Kerby Road (60 feet wide); thence along the Northerly Line of Kerby Road North 60 degrees 06 minutes 15 seconds West 195.06 feet to the Easterly Line of Mack Avenue, thence along the Easterly Line of Mack Avenue, North 20 degrees 01 minutes 30 seconds East 504.37 feet to the point of beginning.

The bids will be opened by the Village Council in the Council Chamber in the Village Hall, 90 Kerby Road, in said Village, on the 16th day of October, A.D. 1944, at eight o'clock in the evening. Conveyance will be by deed and the Village will furnish, at its option, either complete abstract of title or title insurance policy in amount of accepted bid. The highest net cash bid will be accepted but no bid of less than Thirty Thousand (\$30,000.00) Dollars net cash will be considered. Bids may be deposited with the undersigned and each shall be accompanied by a certified or cashier's check, payable to the Village for at least 5% of the amount of the bid, to be applied on the purchase price of accepted bid and to be forfeited to the Village in case of default by maker of accepted bid. Deposits of unsuccessful bidders will be returned. The successful bidder must complete purchase within ten days after delivery of abstract or title insurance policy.

Set Up Numerous Clubs for Merchant Seamen

Trailing our armed forces into every theater of activity, United Seamen's Service, an agency of the Community War Chest, has set up during the past two years 121 service clubs on the six continents. On the second anniversary of its formation last week, the agency was able to report that it has taken care of 2,149,165 merchant seamen.
 For these voluntary seagoing war workers, United Seamen's Service clubs attend to cares and troubles, taking care of everything from restoring lost papers to straightening

Headquarters, U. K. Base.—With 25,000 miles of travel and 16 months in North Africa behind them, the "desert rats" of a U. S. army ordnance battalion, now in southern England, await the "go" signal for a cross-channel trip to France.
 Activated July 4, 1942, and dubbed "Aberdeen's Own" by Maj. Gen. C. T. Harris, Jr., the organization includes 80 different types of specialists. Its long trek began at Newport News, Va., when the battalion boarded the Mauretania. Longshoremen stuffed the ship with supplies. Soldiers were swallowed by the liner as fast as they poured out of troop trains.
 Rio de Janeiro was the first port of call. Leaving Rio, the ship moved into the open sea, towards Africa.
 The first port of call in Africa was Durban, a small but modern city at the southeastern tip of the "dark continent." A local belle serenaded the troops from the dockside, and the troops cheered lustily at the end of each song.
 At Tewik, a port at the southern entrance to the Suez Canal, the Ordnance disembarked. The remainder of the trip was overland.
 "We rode by rail through desert wasteland, viewing sand, sun and more sand," said Master Sergt. Ernest G. Oberosler, 22, of Kevin, Mon., the battalion sergeant major. "Later we traveled by truck to our 'home.'"

THE DOCTOR'S OUT!
 Suddenly—Mary's "sore throat" became desperately serious. The doctor was needed urgently—but the doctor was out on other calls. This serves to emphasize the importance of calling your doctor at the first sign of illness. Tell him the symptoms as accurately as you can and he'll decide whether an immediate call is necessary. Delay, all too often, ends in an emergency call—and since the doctor's time is rationed stringently (he's caring for double and triple his normal practice)—it's better to be safe than sorry!

Indigence and Opulence

Capitalism, the much discussed subject
 Responsible for splendors and grandeur
 In the midst of squalor and evictions
 Cries out in fear and trembling
 To warn a nation of totalitarianism
 Totalitarianism through governmentalization
 Or Capitalistic totalitarianism of a nation
 We the people know both as bureaucracy
 And ask, "Where then is the democracy
 For which we all crave in vain?"

Opulence abundance, to the people belongs
 Not to just a few but the masses and throngs
 Opulence abundant this world offers all
 The grotesque, the medium, even the small
 Should labor, live, love and play.

Governmentalization of this beloved nation
 Why? Because capitalism like a vulture does roam
 Depriving the masses of food and of home
 To fatten their purses and to keep their nurses
 While the masses with poverty groan.

We would all like a nation
 With worldly goods sufficiently rationed
 That no one need ever hungry go

Indigence appalling disposed of too always
 Burdensome multi-billions for a few no more.
 A new nation, a new population
 With people united, all for one and one for all
 No human ladders as stepping stones used
 No slanders, no falsehoods, no greeds
 This is the cry of a nation, a new and righteous creation.

MOUNT OLIVE EVANGELICAL LUTHERAN CHURCH

Radnor Avenue at Mack
 KENNETH W. VERTZ, Pastor

This little white church around the corner, although not very impressive outwardly, still has a warm and welcome atmosphere within for all who enter its portals. Divine services are held every Sunday at 10:45, and Sunday school at 9:30 with classes for all age groups. Our Sunday school, staffed by trained and conscientious teachers, is never too full to receive new members. Our church also sponsors religious training classes for children as well as adults who desire a better understanding of the fundamentals of the Christian religion. The children's classes are held in the church parlors every Saturday morning from 9:00 to 11:00, while the adult classes meet on Monday or Thursday evenings at 8:00. If you or your children desire membership in either of these classes, consider this announcement as our personal invitation.

I Am a Wac

by LIEUT. FREDDIE BOYLE

Interest never lags in the mystery of a convoy trip to an overseas port, and our office has just received some excerpts from letters which tell the story better than anything we have seen yet.

"I've just landed on the shores of a British Isle with the grandest and happiest group of Wacs," writes one lucky woman in khaki "But don't get the impression that travelling on a troopship is a luxury cruise. It isn't. But Wacs, like good soldiers, took it in stride.

"The trip was the first sight of the ocean for many of us. Only two meals a day were served on board. A tight schedule didn't give us time to stand in the chow line three times a day; and boat drills and physical training made the time fly.

"Wacs ran the ship's sick bay, library, chaplain's office and a few of us were assigned as secretaries to officers. The prize assignments of all, however, were radio operators. The assistant radio operator was a Wac, working the ship's radio, sending and receiving messages under wartime conditions.

"The Wacs' ship entertainment committee kept things lively. We put out a daily paper, and a ship's intercom system carried music and entertainment to all troops on board continuously for 16 hours.

"Then came the big day. We dropped anchor, left our ship for a lighter (English for ferry), and for the first time, for most of us, stepped on foreign soil.

"The harbor was picturesque; the trains looked just like the movies' with separate compartments. As we choo-chooed through the lovely country, the people shouted, got off their bicycles to wave; housewives opened windows hurriedly and leaned out and smiled, everyone friendly and apparently glad to see us."

Navy Enlistees Can Continue With Their Educations

Navy men can continue high school and college educations thru spare time study in their choice of nearly 7,000 different courses, offered by 80 of the nation's outstanding colleges and universities.

This was announced today by Lieut. Comdr. Byron E. Flechtner, Officer in Charge of Navy recruiting in this area, in urging 17-year-old men to investigate the opportunities

offer by the Navy. These courses are made available through the U. S. armed forces institute. All Navy men can select the study subjects they desire as well as colleges of their choice offering the courses. The cost is only \$2 per course.

Recently, a Navy yeoman completed work toward his college degree through this plan.

The courses include many specialized branches of aviation, art, business and management, engineering,

English speech and writing, foreign languages, history, law, medicine, practical shop work, sciences—virtually every field of study offered in high schools and colleges.

Nightly Sailings Will Continue to Buffalo and Cleveland

A schedule of nightly sailings of D & C steamers to Cleveland and to Buffalo throughout the autumn season was announced today by James MacMillan, general manager of the Detroit & Cleveland Navigation company. "While it is our usual practice to maintain service to these two ports as far into autumn as possible," he said, "In this year of heavy travel it is more important than ever that full facilities be maintained in order to relieve as much as possible the rail and road congestion between Detroit and these cities."

The present schedule calls for nightly over night sailings each way between Detroit and Buffalo thru October and between Detroit and Cleveland on through November. "In addition to the relief that this continuation of service will give to passenger travel, the huge freight-carrying capacity of these steamers will materially aid in the movement of war materials between these ports during these months," MacMillan said. Another feature of this service is the convenience to business travelers who may wish to use the boat as their hotel while in port, it was

Army Ordnance Develops New Cable Cutter

Fort Wayne, Mich. — Army ordnance is supplying our invasion air forces in France and the China-Burma-India theatre with a new emergency cable cutter.

Col. Harry Adamson, commanding Fort Wayne ordnance depot, explained today that gliders, towed by aircraft, can normally disengage the tow cable at the proper time for landing.

Occasionally, however, an emergency may arise which will require the aircraft to disengage itself from the glider in a hurry. For such emergency situations, ordnance developed a foolproof cable cutter which cuts the tow cable instantly by an explosive charge.

The explosive unit is located outside the plane and is exploded by means of an electrical detonator within the plane.

The cutter is for emergency use only and is employed only when it is necessary to detach the plane from the glider tow line in order to save personnel and equipment from destruction.

The ordnance department, ASF, received a letter of commendation

from the AAF for the quick and efficient manner in which the development, manufacture and shipment of invasion explosive charge assemblies was accomplished.

Average Person Knows the Basic Inflation Facts

Mr. and Mrs. John Citizen may know little if anything about economics, but their good common sense has led them unerringly to the basic causes of wartime inflation and has also made them aware of things the individual himself can do to help keep prices down, according to a recent survey by Elmo Roper, noted public opinion analyst.

The people's co-operation with the nation's efforts to keep inflation under control has already been clearly demonstrated by the success which the program has achieved so far.

They Know the Answer—
 On the question, "What does inflation mean to you?" nearly three-fourths of those interviewed give a correct answer. This shows a widespread realization that as far as the average person is concerned inflation means rising prices and a declining purchasing power of money. Men are somewhat better informed of this particular fact than women, according to the survey, while the greatest awareness is found in the upper economic level. As to age groups, those between 35 and 49 are better informed than the younger and older groups.

A similar understanding is found by the interviewers regarding the main causes of rising prices. More than two-thirds of those questioned say inflation is the result of "People spending more money when there are fewer goods to buy instead of saving it." In this case women disclose a greater knowledge than men. Disobedience of rationing regulations is regarded by the average individual as the No. 2 reason why prices go up, and here again women are out in front. Though leaders agree with the people at large that the spending factor is the leading cause of rising prices but regard the second major reason as "Failure on the part of government to keep prices and wages down." The average man is less inclined to criticize the government and put this factor in fourth place.

What the Individual Can Do—
 The overwhelmingly majority of the people — more than four-fifths of those interviewed — feel that the individual can make a personal contribution to help keep prices down. As to specific things to do, their first choice is "Buy only what we need and make what we have last longer," voluntarily mentioned by over two-fifths of those interviewed. Second ranking is given to "Follow the ration rules and price ceilings," the choice of more than a third of those questioned.

Only a small percentage mention other points in the government's economic stabilization program, such as buying and holding war bonds, saving, paying taxes willingly, and co-operating with the wage stabilization program. Apparently, despite their fundamental role in keeping inflation under control, these factors are too indirect in their operation for the average person's immediate comprehension.

But the man in the street is thoroughly aware of the virtue and desirability of thrift. This shows up in the question on what the individual can do with his money to hold back inflation. Here the interviewers found that more than two-thirds of those questioned favor paying off debts, nearly three-fifths choose putting money in a savings bank, and well over two-fifths are for the purchase of life insurance.

Medical Supplies to Russia
 More than two hundred types of medical supplies have been sent to the Soviet by Russian War Relief, a Community War Chest agency. This material has helped Russian doctors save the lives of millions of wounded soldiers and civilians.

Greek War Relief Increases 1944 Food Shipments to Greece

Food shipments to Greece for the year ending August 1944 show an increase of 72,176 tons over the previous year, according to a report of the Greek war relief association received yesterday by the Detroit war chest.

The total amount of food sent during the past year was 272,495 tons. The total amount of food sent to Greece during the two years that Swedish vessels have been allowed to transport large-scale shipments for an occupied country has been 472,814 tons. This relief program of Greek war relief, was approved by Allied and Axis governments in August 1942.

Foods sent for the first time last year include cocoa, ovaltine, pabulum, fish, rice and sugar. Products on which the amount of shipment was increased over the previous year are cereals, flour, spaghetti, cod or halibut liver oil, concentrated milk, pulse and dried vegetables, concentrated soup and stew, and wheat.

Pointe Wac Among First to Enter Liberated Paris

The week of Sept. 16 to 23 was a big week for the Wacs in Michigan. News that the first Wacs, 27 of them from the state, had arrived in Paris, was followed by word that during that week Wac recruiting in the Sixth Service Command, of which Michigan is a part, had topped the other service commands throughout the country by 17 per cent.

Rocket Gun Blasts Enemy; Performs Remarkable Feats

The aircraft rocket gun of the ordnance department, army service forces, is doing some remarkable feats against the enemy. Col. Harry Adamson, commanding Fort Wayne ordnance depot, said that probably the most interesting was one that recently happened in the China-Burma-India theatre of operations. Several of our planes were out on a mission. Returning to their base, they flew through a dense cloud formation and one of the planes became separated from the rest. When the pilot emerged from the clouds, there were four Zeros waiting for him. He let one rocket fly and it made a direct hit on one of the Zeros and blew it apart. While attempting to avoid the debris, two of the remaining Zeros collided and crashed. The other Zero fled. The pilot was credited with downing three Zeros with one shot, a very creditable performance.

CUT-RATE Health?
 ● Health is worth more than all our material assets heaped together. Don't take chances with it. And don't expect to get it back at cut-rate prices! If your health isn't what it should be—if you're a bit under par—go at once to a good Physician—the best you can find. And then carefully follow his considered counsel. One of his first suggestions may be to bring his prescription here for compounding!
