Grosse Pointe community lecture series will open its 1944-45 season next Tuesday night, Oct. 24, at 8:30 o'clock in the John D. Pierce auditorium, Kercheval and Balfour, with an outstanding attraction, namely: Louis Fischer and Jay Allen in a joint discussion of the European countries involved in the war and what our postwar relationships with them should be.

LOUIS FISCHER

JAY ALLEN

Louis Fischer is a member of the contributing board of editors of Nation magazine and recognized throughout the world as one of the best informed journalists of his generation. Jay Allen has been an outstanding newspaperman for over 20 years, he covered the war in Spain; German invasion of France; imprisoned by the Nazis for five months during which time he was threatened by execution as a spy; the invasion of North Africa and Mediterranean countries found Allen as one of the first correspondents to storm up the beach.

The remainder of the series will bring many outstanding personalities in this order: Nov. 28, Edward Tomlinson; Jan. 23, Robert St. John; Feb. 20, Edmund Stevens; and March 20, John Goette.

Reservations for season tickets or for single admission tickets to the lectures may be made by calling the Grosse Pointe board of education, N.E. 2000, ext. 25.

Red Cross Mobile Blood Donor Unit Here November 15

Although Grosse Pointers are given many occasions in which to donate their blood, they will be further rewarded by having the Red Cross mobile blood bank unit at St. Clare's school, Audubon and Mack on Wednesday, Oct. 15.

Mrs. Edward Heubner is in charge of this mobile unit; she asks that all appointments be made with her by calling N.E. 5367.

In order to obtain the mobile service from the Detroit Red Cross, those in charge are hoping that at least three hundred reservations will be made by Grosse Pointers. This is the amount which must be guaranteed before the mobile unit can be sent to local neighborhoods.

Because of the increasing necessity of blood plasma, Mrs. Heubner urges all who can do so to make an appointment between the hours of 1:30 and 6:00 p.m., during this time a large group of donors can be accommodated at one time.

FIRE IN COAL PILE GIVES MASON SCHOOL STUDENTS VACATION

FIRE STARTING from spontaneous combustion over the week-end in the coal pit containing upwards of 150 tons of coal at the Mason school caused school authorities to dismiss school Tuesday noon until Thursday morning this week. When first discovered it was thought to be localized, but when efforts failed, a large hole was drilled through the 12-inch steel-reinforced concrete to allow the coal to be removed by the above steam shovel in three-quarter ton bites of the bucket which alone weighs 3,600 pounds. Smoke can be seen coming out of the pit and the coal taken out was subsequently spread and sprinkled with hoses. The loss is covered by insurance.

Aid Move Against Home Rule Proposal

Officials of 82 counties outside Wayne this week began their intensive drive to help the 450,000 voters in that county, outside Detroit, oppose adoption of State Proposal No. 4 at the Nov. 7 election.

There is a common bond between the local units of government in Wayne outside Detroit and the cities, villages, and townships of the rest of the state. The officials of the 11 cities, 13 villages and 18 townships have written their fellow officials showing how Proposal 4 will annex them to Detroit without their consent, for all practical purposes, including the assessment of property for taxation.

The Michigan Institute of Local Government and the Wayne County Committee for Representative Government have combined to fight the proposal, which represents the fourth effort in 10 years by the foes of local government to start the breakdown trend in Wayne, apply it eventually to other counties, and extend non-partisan, irresponsible government after that to the state government.

In addition, strong Labor support has been rallied against Proposal No. 4 this year on the ground that the interest of home owners, workers and small business men were not protected. These groups stand to suffer higher taxation if Detroit controls Wayne's legislative body because Detroit's debt and tax rate have been soaring, while the county's debt is negligible and its tax rate has been going steadily downward.

Village Engineer Proposes Steps for Rat Annihilation

Murray M. Smith, village engineer of Grosse Pointe Farms, told the Farms board of trustees Monday evening of the menace of the rat population which is causing serious trouble in Detroit.

Regarding the situation in his own village, he said, "It is difficult to estimate the number of rats or the extent of damage they are causing in our community, but from a recent survey I made of our places of business and also of some residential areas, there was considerable evidence of rat feeding and nesting. It would appear that the Victory gardens have created another source of food supply for additional rat population."

In order to make some special effort to keep the village either free of rats or down to a minimum basis, he suggested several steps which are proposed for the public works department.

First — All places of business have been given until Nov. 1 to obtain adequate rubbish and garbage containers under the ordinance.

Second — Three men spent a day with the Detroit crews (Oct. 17) to get some experience in the use of two "Cyanogas" guns which were purchased with 25 pounds of cyanogas at a cost of \$39.

Third — Mr. Smith proposes to use the same method as Detroit in killing rats around business places and in Victory gardens and also in easements back of residential property whenever complaints are received. This operation of killing the rats will be carried on in conjunction with a program to stop feeding them by enforcing the use of tight garbage containers.

Mr. Murray concluded his remarks, "It appears from experience of other cities that no community is able to completely free themselves of rats, but they have been able by proper and sufficient effort to hold the rat population to a safe minimum and we believe that the time has come in this community to start and carry on a continued function of rat elimination."

Apprehend Three Youths Stealing Gas From Trucks

A 14 year old Park youth is in the hands of juvenile authorities and two 17 year old boys, Joseph Walter, 721 Continental, and Douglas Hardesty, 753 Algonquin, were fined \$45 after they were apprehended stealing gasoline from Greater Detroit Land-scaping trucks parked at Beaconsfield and Charlevoix last Friday.

Hardesty has an extensive juvenile record.

Missing Hub Caps

Negotiations Made in City

Many points were cleared up Monday night in the council chambers in the City between councilmen and the employees of the public works department as part of the negotiations which were promised if the latter men ended their strike on Oct. 10 and returned to work.

Mayor Hugh Dill presided at the meeting until he was called away on an emergency; Councilman D. M. Ferry Jr., then took the chair. The meeting was held in a most orderly fashion even though many points were disputed for some length of time. Everyone who attended was

The successful bidders were Welsh and Hill with a bid of \$46,579; the only other firm who submitted a bid in accordance with the advertisement was Max J. Kogan with \$33,500. The following realtors did not submit bids with terms conforming to the conditions: Van Deusen & Van Deusen, \$60,000; Herbert W. Hall, \$48,750; and Kendrick Realty company, \$50,437.

Pigeon Enthusiasts Ask That Action Be Withheld in Farms

Owners of pigeons which have been disturbing residents in the Farms for several months appeared at the board of trustees meeting Monday night to ask that action be withheld until an investigation is completed by members of the pigeon club. This plea was in response to the request of a group of residents to the trustees that an ordinance be adopted prohibiting such fowl in the village.

The board assured the pigeon enthusiasts that they will be notified of any further action by the trustees.

Private Owned and Community Plot Owners Take Part

Clean up your Victory garden week will be inaugurated in the communities of Grosse Pointe Park, City and Farms between Oct. 21 and 28. Not only those gardening on community plots, but persons using privately arranged for fields, are asked to co-operate as the cleanup will be

part of the rat destruction campaign being waged on the home front. Please burn all dried vegetation on the garden — the ashes are good fertilizer. (Corn stalks will burn, unless soaked with rain, if stacked upright and other dried material is used for kindling.) Any vegetation and refuse which cannot be burned should be carried to the curb for pickup by the municipal trucks. Cleanup Contest —

Shores Policeman Stops Prowler With Two Shots

Ernest Morris, colored, of 216 Alfred street, Detroit, is in a serious condition in Receiving hospital as the result of gunshot wounds inflicted by Lieut. Fred Demling of the Grosse Pointe Shores police last Friday, after the latter attempted to question him about his suspicious actions.

Lieutenant Demling was preparing to go on duty at 5:30 a.m. when he noticed a strange car turn into a driveway next to his home; knowing that a prowler was on the loose in the vicinity, he went outside and attempted to question Morris. The latter hit Demling in the face and started to run; at this point, the officer fired, the bullets hitting the colored man in the hip and arm.

Police believe that this was the climax to a series of house breakings earlier in the evening. However, because of his serious condition, he admitted only the theft of one car. Detectives in the Farms are trying to connect his earlier actions with two break-ins in that village and one in the Shores, in addition to two car thefts.

At approximately 2:00 a.m. Wylie Carhart of 279 Grosse Pointe boulevard, awakened and was investigating noises in a nearby bedroom when he discovered that a prowler opened a rear window and jumped onto a canvas top of a screened in porch. He fell through the top and escaped after breaking the porch frame work. Entrance was gained by prying a screen on a rear window.

Two and a half hours later, Mrs. Ledyard Mitchell of Kenwoor was awakened by strange noises in the bedroom. At first, too frightened to call out, she finally awakened her husband who shouted at the fleeing man.

Shortly afterward, a prowler, believed to be the same in all cases, was frightened from the home of Alfred Wilson of 37 Lochmoor boulevard when the latter, after discovering a stranger in his home, was calling the police.

As the Shores police were approaching the house, the prowler fled in a parked car. After abandoning the car in a vacant field, he was able to steal another and fled towards Vernier. It was at this point that he turned into the driveway near the Demling home where he met up with the lieutenant.

Where plowing is to be done this fall and brussels sprouts are still bearing, try transplanting them to flower pots. Beets, salsify (oyster plant), and carrots may be packed in baskets in damp sand; they should be stored if possible at a temperature of between 30 and 40 degrees. Rutabagas and cabbage require about the same temperature. Rutabagas should be coated with paraffin to preserve them from drying out; cabbages should have their roots trimmed off. A hard frost probably will kill the tomato vines. Those still bearing may be pulled up by the roots and hung in a temperature of between 40 and pepper plants should be burned.

Deadlocked in Woods Zoning Controversy

George Burgess, commissioner of Grosse Pointe Woods and chairman of the special committee appointed to study the proposed change in the zoning laws to allow the Parkwood Land company deeper business frontage and parking, reported to the commission Monday that the members are at a deadlock: Five are for the change and five are against it.

Because of this deadlock, the commission will meet next Monday evening to give the deciding vote.

Woods to Construct Own Service Honor Roll

A contract was awarded to C. A. Patterson by Woods commissioners Monday to begin construction of an honor roll for the village's service people next to the municipal building on Mack avenue. The memorial is to be completed by Nov. 1.

MAY PURCHASE LAND

Maxon Brothers informed the Farms trustees Monday night that the administrators of the Hock family estate wish to dispose of that piece of property adjoining the village dock and have offered it for sale to the village.

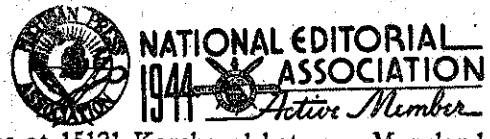

Reasons to Vote 'No' on Home Rule

EDITOR'S NOTE: The following reasons are part of a series of 16 reasons to vote "No" on the proposed Wayne county home rule amendment to the state constitution, and were prepared by the committee for representative government opposing the adoption of the home rule amendment. They are submitted in the interest of interpreting the proposed amendment. It is to be remembered that the Grosse Pointe township board is unanimously recommending the rejection of the proposal.

13. An overwhelmingly majority of the citizens of local units of government in Wayne county have rejected this proposal. In 1942 the amendment was rejected by the people of all of Wayne county outside Detroit. It was defeated by large majorities in 22 of the 29 political subdivisions of Wayne county. The people of seven cities and 15 townships voted 23,618 "no" to 12,744 "yes" and all of the people outside Detroit voted 36,745 "no" to 32,312 "yes." Its majorities came only from Detroit and those communities directly attached to or surrounded by Detroit. The people in the cities and townships of Wayne county have a right to remain independent under the protection of the constitution and are entitled to have the assistance of the people of similar communities throughout the state in so doing.

14. It consists of legislative matter that should not be in the constitution. It is replete with specific provisions and detailed specifications for the local government of Wayne county.

AN ALL-AMERICAN PLATFORM

Among the other things that the dictators can't be expected to understand about our American way of doing things is how we can be hammering the daylight out of them with both fists — and still be arguing violently over who is going to be our next President!

That's the way we do it — and do it well — in a democracy and that's the way we'll keep on doing it long after Hitler and Hirohito are dishonored dust.

Masters in their own right, the American people themselves will decide next month which political party is to administer their affairs for the next four years. Each party has its own platform to offer in its bid for votes. But there is what might be termed an "All American Platform" that all of us agree upon, and it is this:

"Americans want productive jobs — making and doing things, worthwhile.

"Only private employment — on the farm, in the factory, and in all other fields of endeavor — can provide the kind of jobs which create prosperity and real security with freedom.

"To have jobs there must be employers. To have employers there must be investments. To have investments there must be incentive to invest — the possibility of fair profit to offset the possibility of loss."

On that platform we will win a better America.

War is a paradox. It kills men; and yet, under its impetus, medical science evolves new methods... new drugs... that save lives! Millions of wounded men will survive this war who would have succumbed in any earlier conflict. Just as certainly as our forces are winning the war against political tyranny, so, too, is the war being won against the tyranny of diseases and infections that once terrorized mankind. The miracles of Sulpha and Penicillin are household knowledge, and even now, we have these wonder-working drugs at the disposal of your physician.

With U. S. Forces in France. — Sergt. George R. Groves, 29 Hasell street, Charleston, C. C., was the first hungry Yank to register when a Red Cross club opened in a Britany city the town went "on limits" for the first time since the Americans arrived in Britany.

In true army tradition, doughnuts and coffee served at the opening party but this time they were made by French housewives. In addition to the food, a dance was staged. Girls from this thriving community came in droves to be taught how to "cut a rug" and to be initiated in the intricacies of American dancing which were new to them.

The program was arranged and directed by Corp. Stanley Diner of Mt. Vernon, N. Y., and Pvt. William Ross of Washington, D. C. An all-soldier orchestra under the leadership of Tech. Sergt. Nathan Bloomberg, 353 Parsons avenue, Cliffside, N. J., played for the dancing.

Quarters for the Britany club are in a hotel in the downtown section of the city, once occupied by members of the Nazi Luftwaffe. Accommodations include a dining room, music room and numerous lounges. The club supervisor is Mary Alice Gale of Silver City, N. M.; assistant director, Mrs. Arthur O'Connor, Grosse Pointe Farms, Mich.; and program director, Jean Daugherty, Fergus Falls, Minn.

A U. S. Army Port, England. — Members of this Harbor Craft company stationed with an army transportation corps port at this south coast port are contributing much to the flow of Allied troops and supplies to France.

These men operate many small craft which keep the great fort in which they work free of traffic jams. The craft, most of which are tug boats, aid the larger cargo vessels and transport ships in maneuvering to and from their docks. In addition, they do frequent jobs of towing barges and other equipment about the vast harbor waters of their port.

Manning these little ships of the "army's navy" are soldiers who, as civilians, worked on farms, in factories; and in the shops of America. Many had never had experience with ships prior to joining this Harbor Craft company, but now these same men are contributing much towards the efficient outloading operations of Allied shipping.

★
Among the members of this Harbor Craft company is Corp. Paul Van de Ginste, 35, of 1413 Lakepointe, a dock hand.

Working in a medical detachment, he hit the beach of France early and is attached to the transportation corps of the U. S. army.

He is the son of Dr. and Mrs. C. Taylor Hall, of Grosse Pointe.

Staff Sergt. John Paul Berres, son of Mr. and Mrs. A. J. Berres Jr., of 476 St. Clair, Grosse Pointe, was reported wounded twice in Germany on Sept. 19. Letters from him were received by his parents before the official notification by the war de-

partment was received on Oct. 12. Sergeant Berres attended U. of D. high school and the University of Notre Dame.

He enlisted in the army in June, 1943 and was sent overseas in July of this year assigned to Lieut. Gen. Courtney Hodges' first army. Wounded first by machine gun fire and later by shrapnel he is reported convalescing in a military hospital in England. He is being awarded the Purple Heart with Oak Cluster. A brother Albert J. III is with the Marines on Guam. Sergeant Berres' father is manager of the Detroit chapter of the American Red Cross.

Brothers Stationed Together at Base in New Guinea

First Lieut. Robert L. Seeley who has been in New Guinea for the past 14 months as a navigator on a troop carrier plane, sent the following letter to his parents, Mr. and Mrs. Fay L. Seeley of 1451 Beaconsfield:

Sept. 6, 1944
Dear Folks:
I haven't any letters to answer but I do have some exciting news for you. Day before yesterday at 1700 o'clock, I received a telephone call and much to my surprise, it was my "little" brother George. He had just arrived from the states at a base about thirty miles from where I am stationed.

I immediately received permission to go and see him; I spent three days there. It was certainly great to

see him again and he looks fine. He expects to move momentarily and he is still in a staging area. He has a good chance of being station at the same place as I am because ATC has a big new station here.

George doesn't like our New Guinea. I think the sickness and disease prevalent over here have him a bit worried.

He had a nice crossing and enjoyed himself. He is continually talking about Barbara Anne, (Lieutenant Seeley's 10 month old daughter whom he has not seen).

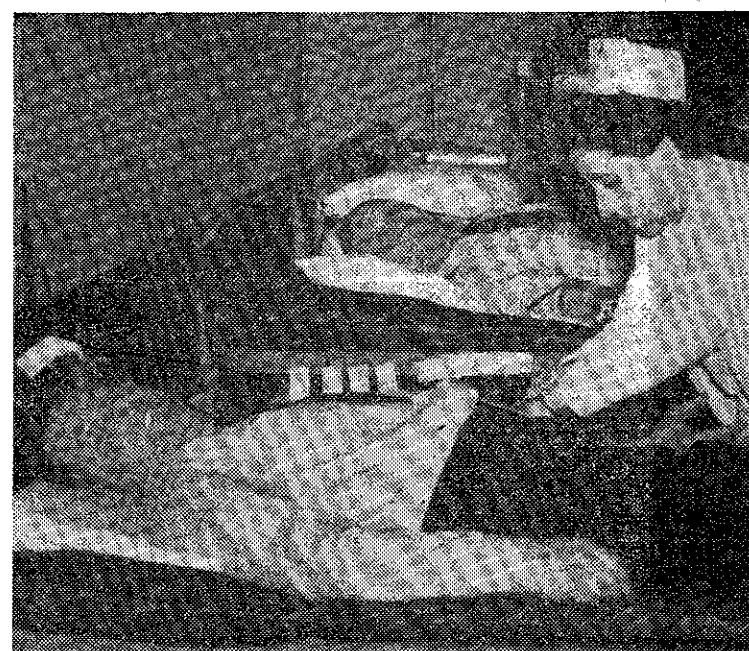

Nothing much new with me; I've been working pretty hard lately. Love to mom and dad,
Bob

Later word received from Lieutenant Seeley is that his brother is attached to the ATC and is now permanently stationed at Bob's base.

Detroit Symphony Orchestra Plays Opening Concert to Enthusiastic Audience Here

The opening concert of the 1944-45 season by the Detroit Symphony orchestra was a complete triumph. Masonic Temple, with a capacity of 5,000, was filled to the rafters long before Karl Krueger lifted his baton to direct the orchestra of 110 men in the national anthem.

OLIN DOWNES

The enthusiastic audience was glorious to watch — it was a real cross-section of dynamic Detroit's population with those from the "gold coast" exclusive neighborhoods rubbing shoulders pleasantly in the crowd with those whose modest purses could afford only the least price tickets.

GOOD WISHES FROM A FRIEND

*Mr. J. D. Curley
 Detroit Edison Co.
 Dear Mr. Curley:
 I have just received your letter of the 15th and I am glad to hear that you are still enjoying the service of the Detroit Edison Company. I am sure that you will continue to do so for many years to come. I am sure that you will continue to be satisfied with the service of the Detroit Edison Company. I am sure that you will continue to be satisfied with the service of the Detroit Edison Company.*

"...We have always appreciated the luxury, economy and courtesy which the patrons of your organization receive. In these days of high prices, poor quality and unsatisfactory service in almost everything we spend our money for, it is a real pleasure to realize that one can still have the same measure of service, economy and quality in our electric service as we enjoyed before the war. Good wishes for your continued and well-earned success."
 (signed) Thomas P. Curley

THANK YOU, Mr. Curley. We value your letter of friendly appreciation. It is stimulating to all of our people and is particularly appreciated by our Customers Service Men. Even during wartime, The Detroit Edison Company has tried to maintain the high standards of service our customers expect and deserve. We know, however, that we are far from perfect, and we hope you will be equally prompt in telling us when we fail. That would be just as stimulating and even more helpful. Here is the record of Edison services in wartime:

- LAMP EXCHANGES.** Residence customers have always been able to exchange burned-out lamp bulbs for new bulbs without added charge. This service is now operating as usual.
- APPLIANCE REPAIRS.** Despite the delay and difficulty in getting parts, our Appliance Repair Division has kept in service tens of thousands of irons, toasters, percolators, clocks, etc., at only a nominal charge for repairs.
- IRON CORD EXCHANGES.** Defective iron cords (badly frayed or worn) are exchanged without charge for new cords of standard length. During the war we have rebuilt thousands of cords from salvaged materials.
- FIRST SUPPLY OF LAMPS.** For thousands of new war homes, and for other houses being served for the first time, we have provided a first supply of lamp bulbs without extra charge.
- TROUBLE CALLS.** On emergency calls to restore service we were slowed somewhat by transportation difficulties but still answered a majority of these calls within an hour.
- HOME SERVICE DEPARTMENT.** The advice of our Home Service staff helps customers with rationing, sugar shortages, etc. They provide recipes and information about cooking, canning, special meals for school children, etc., as well as assistance with home lighting.

In war or peace, we try to furnish the best electric service in the world. Always welcome are letters from our customers. Your criticisms and suggestions guide us in making Detroit Edison policy.

ime and a half compensation for Sunday and holiday work in direct opposition to the men's demands of double time; the spokesman said that the matter will have to be taken up with the men at a meeting of their own. This same situation also occurred with sick leave for the council want this to remain as closely as possible to the plan which has been in operation for the past few years. The employees want 15 sick days, accumulative to 100 work days; this is equivalent to 20 weeks.

The group of employees, attending the meeting, left to go into private session, and expecting them to return, Frank Lowmaster, representing a group of taxpayers on Washington road, asked for the floor. He told the council that he became interested in their problem of the strikers and wanted to find out what some of the difficulties were. He explained that this was not criticism; only information which he was able to gain and pass on.

After some persuasion, he said, he was able to obtain from some of the employees a few of the minor grievances, which became accentuated during a strike. He was told that there was an absence of sanitary facilities at the City's bale house; that the men couldn't understand why they had to salvage the Park's and Farms' salvable materials; there were too many bosses and the men were transferred from job to job.

Although the men did not return to the meeting, Mr. Lowmaster was answered by councilmen and department heads. The first condition is being remedied; the second condition was brought about at the insistence of the government to salvage all materials and since the City had the equipment, they were asked to assist their neighbors; regarding the last two conditions, Councilman Carpenter, in charge of the department, said there is only one foreman — the superintendent; and no instance could be discovered where men were transferred from one job to another.

Mr. Lowmaster was assured by the council that the points which he was able to bring to them were very helpful and they thanked him for assisting them in trying to settle any of the grievances of the men.

Registrations for 1945—

The need for Victory gardens will be as great next year and community plots will again be available. The sizes of gardens in these plots in the City and Farms will be increased to between 1,800 and 2,000 square feet. Those in the Park already are this large.

Registrations for gardens will start Monday, Nov. 15 at the municipal offices in the Farms, City and Park, and continue at the \$3.00 rate thru Dec. 15. Gardens will be plowed this fall and disced in the spring. Persons cancelling garden reservations before April 1, 1945 will be refunded \$2.00; if cancelled after the disking is done and up to May 1 the refund will be \$1.00. However, if other applicants are found to take the gardens in time to do a full season's planting the entire amount will be refunded.

Four hundred four families gardened on the community plots in Grosse Pointe Park, City and Farms alone this past season, and probably as many more were planting on private plots. It is hoped that a like number will be ready to shoulder spades and hoes when spring comes in 1945.

Judge Frank B. Ferguson,

a candidate for Circuit Judge, says it is important as never before in the history of our country that our free institutions be sustained by men who believe in them and that our laws be interpreted with equal justice for all and with special privilege for none.

Judge Ferguson was born in Harrison City, Pennsylvania, in 1893 and graduated from the University of Pittsburgh Law School in 1917. He has practiced law in Michigan 27 years, taught in Public School 3 years and was instructor in Civil and Criminal law at the Detroit College of Law for 10 years. MGM's tuneful, zestful new musical hit, "Two Girls and a Sailor," starring Van Johnson, June Allyson, Gloria DeHaven, Jimmie Durante and the bands of Harry James and Xavier Cugat will be shown Sunday, Monday and Tuesday at the Shores theatre.

By way of contrast, the second feature is "Black Magic" with Sidney Toler.

"Two Girls and a Sailor" is the merry, mad story of two girls who fall in love with a mysterious somebody who quietly arranges to fulfill all their hopes for a large scale career for servicemen and sends them orchids in the bargain. Johnson is the sailor and the Misses Allyson and DeHaven play the singing-dancing sister act. There's comedy by "Schmozz" Durante and Gracie Allen, whose one-finger concerto is a classic of its kind. In addition, there are songs by Lena Horne, Carlos Ramirez and Virginia O'Brien and serious music by Jose Iturbi and popular tunes by Harry James and Xavier Cugat.

Park Takes Part in State-Wide Safety Campaign

Concerned over the large number of pedestrians being killed and injured in traffic accidents, state and local police launched a state-wide pedestrian safety campaign Oct. 15, Henry W. Piel, Park police chief announced this week.

More than 100 civic and community organizations will participate in the campaign which is to be conducted jointly by the Michigan State Safety Commission and the Traffic Safety Association of Detroit.

In urging pedestrians to avoid having an accident by following all rules of safe walking, Chief Piel pointed out that a total of 207 pedestrians were killed in auto mishaps in Michigan during the first six months of 1944.

Accident records show that two-thirds of the pedestrians killed in rural traffic accidents and six out of 10 killed in urban accidents were either violating the law or committing an unsafe act, Chief Piel said.

Because three out of four fatal pedestrian accidents occurred during hours of darkness, special emphasis will be placed on the hazards of night time walking and driving, he said.

All police have been instructed to apprehend motorists attempting to drive with only one headlight or with a dim or misdirected headlight.

In support of police enforcement efforts during the campaign, Chief Piel said that educational posters and leaflets prepared by the Michigan State Safety Commission and the Traffic Safety Association will be distributed warning pedestrians to stop and look both ways before stepping off the curb and to take extra safety precautions when walking

This little white church around the corner, although not very impressive outwardly, still has a warm and welcome atmosphere within for all who enter its portals. Divine services are held every Sunday at 10:45, and Sunday school at 9:30 with classes for all age groups. Our Sunday school, staffed by trained and conscientious teachers, is never too full to receive new members. Our church also sponsors religious training classes for children as well as adults who desire a better understanding of the fundamentals of the Christian religion. The children's classes are held in the church parsonage every Saturday morning from 9:00 to 11:00, while the adult classes meet on Monday or Thursday evenings at 8:00. If you or your children desire membership in either of these classes, consider this announcement as our personal invitation.

Let's Face the Facts
Good government requires practical men with executive ability and a strong sense of public responsibility. Michigan has found the right combination in the group of men who, under the leadership of Governor Kelly, will administer our State government during the next two years.
Your Republican administration has increased Government efficiency, brought the State through precarious war years in good shape, and has carefully planned for post-war employment, veteran re-employment, care of the dependent aged and children and a multitude of other immediate problems.
Good government has always been hard to get. Now that we, in Michigan, have it, let's keep it!

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (42): "Death will be found at length to be a mortal dream, which comes in darkness and disappears with the light."

BETHANY LUTHERAN CHURCH
Outer Drive East at Chatsworth
OSWALD REISS, Pastor
KENNETH LINDSAY, Vicar

Bethany Lutheran church will have a special mission service next Sunday morning at 10:30. This year's mission festival takes on added significance as it marks the 50th anniversary of the Lutheran church, Missouri synod activity in foreign lands. An outstanding guest speaker, the Rev. H. F. Wind of Buffalo, N. Y., will preach the sermon on this festive occasion. He is a foremost missionary worker in the penal and numerous charitable institutions in Buffalo. In his sermon he will stress personal evangelism, showing that each and every individual Christian's opportunities for doing missionary work right here at home first are unlimited. Overcrowded penitentiaries, the increasing number of court cases involving juveniles, and the shocking number of divorces granted each year all attest to this fact, he said. If you are without a church-home, Bethany invites you to come and hear this stirring message.
For the convenience of mothers a nursery is also conducted during the service. This allows all parents of small children to worship undisturbed.
