Police, Firemen Join Lions Club in Paper Sale

For the sixteenth successive year, members of the Grosse Pointe Lions Club this morning are appearing on local street corners seeking your financial aid in raising charitable aid through the annual Goodfellow "Old Newsboy's Day" sale.

It is the desire of the Goodfellows that every man, woman and child in Grosse Pointe be contacted before the day is over by some member of this organization. Assisting the Goodfellows will be the members of the police and fire departments of all Grosse Pointe municipalities.

Although the list of the needy is not as great as in former years, there is still a surprisingly great number of families who are despairing because of the rise in the cost of living, in comparison with their incomes.

Chairman Carl Schweikart and Co-Chairman Victor H. DeBaekke have set a goal of \$5,000 for this year's drive. As in previous years, the money realized from the sale of this newspaper will be used to distribute baskets of food and clothing among underprivileged in the community and all excess money will be placed in the Goodfellow fund of the local Lions, to be used throughout the year. From this fund, the Lions club each year supplies needy children and families with medical service, optical aid, dental care and with such necessities of life as rent, coal, shoes, etc. The Neighborhood club, under the direction of George Elworthy, is the distributing agency for all Goodfellow relief work in this community throughout the year.

The Lions club has held this Goodfellow sale every year since their organization in 1929. Thousands and thousands of dollars have been applied through this channel to bring the common necessities of life to less fortunate families.

Thank You for
Your Co-operation

Goodfellow Chairman Carl Schweikart and Co-Chairman Victor H. DeBaekke wish to publicly thank all who are making this Goodfellow sale of The Grosse Pointe Review the success which has been assured from year to year; and especially those chiefs of police and fire departments who are co-operating with the Grosse Pointe Lions club.

THIS IS YOUR PAPER

The Goodfellow Edition of The Grosse Pointe Review seems to be a good number in which to urge all Grosse Pointers to read it thoroughly. It is the most practical and convenient medium for imparting information of importance to residents and is used by all governmental units for the publishing and dissemination of legal items. Local ordinances and legislation is produced in detail in its columns as are many important messages. Through its pages will be found timely items regarding social, school and church notes, news of the various local clubs and other organizations. Keep up with the local events, legislation and news, read The REVIEW.

What You Gave When You Bought This Paper Today

Yes, at Christmas time everyone seems to dig easier into their pockets for a worthwhile cause. Today was one of those days, wasn't it? But have you ever stopped to realize just what you have done for some needy child or family by contributing to the Goodfellow who sold you this Grosse Pointe Review?

Whenever you or any member of your family becomes ill, you never hesitate in calling for your doctor, but there are many persons here in Grosse Pointe who cannot telephone a physician because they know when his bill comes, it can never be paid. It is these people who receive assistance from the Grosse Pointe Lions Club through their Annual Goodfellow sale.

It is the same story with the dentist, optician, the landlord and store keepers. The under-privileged are given aid in all these things through the charitable Lions club.

Some of the organizations who are assisted by the Lions are the Wolverine Boys, Children's Camping, Red Cross, Volunteers of America, China Relief, Community Fund, Boy Scouts, Flood Relief, Cancer Control, Veterans of Foreign Wars, Grosse Pointe Woods Community House, Grosse Pointe Halloween party, Woman's Field Army, Fresh Air Camp and the War Chest.

The Lions also contribute to the Leader Dog League for the Blind for those whose eyes have been made useless by the loss of sight.

The club has given money to be used for Grosse Pointe sendoff parties for the boys leaving for the armed services, has provided ambulance service in emergency cases, donated to the Naval Armory boys' party, the soldiers' dance, the Soup Kitchen Guild and other worthy causes.

These are but a few of many of the less fortunate people you have just helped by buying this paper. In behalf of them, The Review says: "Thanks a Million!"

Yes, Virginia

[Each in 1937, little Virginia O'Hanlon wrote the following letter to the editor of the New York Sun: "I am 8 years old. Some of my little friends say there is no Santa Claus. Papa says, 'If you see it in The Sun it's so.' Please tell me the truth—is there a Santa Claus?' The editor writes a newspaper and literary classic in reply to this childish plea. It is reprinted here:]

ES, indeed!

"Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age—they do not believe except what they see—they think that nothing can be which is not comprehensible by their little minds.

"All minds, Virginia, whether they be men's or children's, are little.

"In this great universe of ours, man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge.

"Yes, Virginia, there is a Santa Claus.

"He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The eternal light with which childhood fills the world would be extinguished.

"Not believe in Santa Claus! You might as well not believe in fairies!

"You might get your papa to hire men to watch in all the chimneys on Christmas Eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign that there is no Santa Claus—the most real things in the world are those neither children nor men can see.

"Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there—nobody can conceive or imagine all the wonders that are unseen and unseeable in the world.

"You tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, or even the united strength of all the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside the curtain and view and picture the supernal beauty and glory beyond.

"Is it all real?—ah, Virginia, in all this world there is nothing else real and abiding.

"No Santa Claus! Thank God!—he lives, and he lives forever—a thousand years from now, Virginia, nay, ten thousand years from now, he will continue to make glad the heart of childhood."

The title of Santa Claus is no longer confined to the jolly old man with the long white whiskers. We have hundreds of truly fine Santas right here in the Pointe area...

Families deprived of the meager necessities of life will enjoy a Christmas in the true spirit of the season. The Goodfellows will see to it that each of the Pointe's "Christmas" families will be supplied with food, fuel, clothing and gifts.

This Christmas Eve as the members of the generous Pointe families, who made Christmas possible for those less fortunate gather in their homes, we feel sure that they too, will feel the true spirit of this season, and know the joy of giving.

All of our loved ones will not be home this Christmas because there's a war to be won — a war that we hope and pray will end before we again solicit for the Goodfellows' Drive.

Pointers Appear in Albion Christmas Choir December 17

Presenting an unusual program of Christmas music, the Albion college choir of 60 women's voices will be heard in concert Sunday afternoon, Dec. 17, at 4:30 in the First Methodist church of Albion, with David Strickler, director of college vocal organizations, conducting. The public is invited.

Two young women from the Grosse Pointe area will appear as members of the Albion choir: Shirley Jean Brattin, sophomore, daughter of Mr. and Mrs. Floyd C. Brattin of 1327 Nottingham, first soprano; and Barbara J. Morey, daughter of Mr. and Mrs. Robert G. Morey, 421 Cloverly road, a freshman who will sing second alto.

Instead of the customary oratorio which always draws heavily on male voices, the college's Christmas concert will this year include the works of composers from medieval times to the modern era, representing a field of rarely heard vocal literature from the pens of Bach, Handel, Schubert, Praetorius, Vittoria, Wolf and Holst.

The choir will be assisted by the Albion college string quartet under the direction of Dr. Conway Peters; an instrumental trio composed of senior Suzanne Porter, harpist from East Jordan; senior Barbara Barnhart, flutist from Constantine; and Senior Dorothy Minshall, violinist from Dowagiac; and a string ensemble drawn from the Albion college orchestra.

War Chest Provides Ambulances, Services

The report of a recent London bombing stated that the 'target' of the flying bomb was a group of houses. The military damage was nil, but the bomb killed small children riding scooters. It buried old women. It blasted small kitchens where workingmen's wives were cooking.

To help these people who must suffer the destruction of war, the British War Relief society, one of the agencies partially supported by contributions to the Community War Chest, has 336 ambulances in operation, as well as mobile kitchens, children's clinics, clothing distribution centers and many other vital projects.

These are some of the services Community War Chest dollars provide for our fighting allies.

With the Fifth Army, Italy. — Staff Sergt. Thomas J. Kaufman, of 422 St. Clair, Grosse Pointe, a squad leader, is fighting in Italy with the 361st infantry regiment, which spearheaded the advance of Lieut. Gen. Mark W. Clark's Fifth Army from Velletri to the Arno river without having once given ground.

The 361st is part of the 91st "Powder River" division, currently in the Florence-Bologna drive.

The regiment landed in Italy last May 31; in two days moved into the line and fought its first battle just north of Velletri while attached to the 36th "Texas" division. The 361st was one of the units that took the Albano Hills and Lake Albano making possible the fall of Rome.

Bypassing Rome, the regiment continued to advance north on Highway 1 and participated in the capture of Tarquinia, which fell June 8, and Montalto, 10 miles further north, which fell on the following day. The 361st then went on to defeat the "key" terrain feature of Poggio di Gernans at Magliano and capture Moscano on July 17.

The outfit next won a signal victory at Ponte d'Istria, where the unit captured more than 200 Germans. One company of the 361st had crossed the Ombrone river and entered the town; two other companies had flanked the village. A German force counterattacked in the town and was taken by surprise by the flank companies.

France. — Pfc. Charles Ciaramitaro is now fighting in France with the famous fighting 90th division, one of the first divisions to land in the invasion of the continent. His regiment, commanded by Col. Christian H. Clarke Jr., and his division, have received much praise for magnificent contributions to the Battle of France. The 90th division gained its fame in combat among the hedgerows of Normandy in the early days of the invasion and later the famous Battle of Foret de Mont Caestre. This same outfit figured in the capture of the important city of Le Mans and was instrumental in closing the bloody Falaise Gap and the resulting capture of several thousand German prisoners.

Pfc. C. Ciaramitaro joined the division in February 1944, and has participated in some of this division's many big battles across France. This soldier is a pioneer ammunition bearer.

He has been awarded the Combat Infantryman's Badge awarded to combat infantry fighters.

Dear Sirs:

I have just started receiving The Grosse Pointe Review since I've been overseas and I wish to express my appreciation for your fine co-operation in sending the paper to me. I hope the paper continues to come, as it brings me a lot closer to home and also tells me what's going on, and who is in service.

I am afraid I have a slight complaint to make tho'. I've noticed in most of your papers that the fellows that are overseas are hardly mentioned, but I guess I don't realize the difficulty you have in obtaining information on the fellows overseas, unless they write to you. I have some information as to the whereabouts of some of the fellows, and I would like to pass it on to you. There is Bob Conner, who is in England and George Graham, who is also out here in the South Pacific.

Well, thanks for your co-operation in sending The Review, and I'll close hoping that I will continue to receive the paper.

Respectfully yours,
Ray Giles, Y3C, USNR

Vanco Machine In New Home

From the modest beginning in half of a double garage at the rear of his home at 1377 Beaconsfield in 1941, Vanco Machine & Engineering is now housed in a new \$250,000 building at 19550 Harper avenue, Gratiot township. The task of consolidating other plants owned by Jasper Van Opynen, sole owner of Vanco Machine & Engineering, was accomplished without the loss of a single day's production although it involved the moving of dozens of pieces of heavy machinery and the installation on new units which had been added. All of which is in keeping with the production record which was saluted this summer by the army and navy with the presentation of the coveted Army-Navy E award.

Located well back from Harper, the grounds immediately in front of the building are in the process of being landscaped with a liberal use of pines and shrubbery. To the right of the building is the receiving dock and to the left is the shipping dock. The front of the building contains

the business offices, the sales manager's office, the chief machinist's office, and that of the owner, Mr. Van Opynen. Immediately back of these are the rest rooms, showers and washrooms of the personnel as well as the mechanical employees.

In the large room at the rear, one corner is set aside for the testing and inspecting laboratory with a staff of engineers on hand to keep a constant check on the work. Another department is set aside for stock and parts and tools.

As explained above, the company is engaged entirely in war production doing subcontract work for the Ford Motor company, the nature of which cannot be divulged.

Choirs of Faith Lutheran to Present Candlelight Service

The three choirs of Faith Lutheran church, corner East Jefferson and Philip avenues, under the direction of Mrs. Nova M. Bransby, will present a program of Christmas music and carols on Sunday afternoon, Dec. 17, at five o'clock. The three choirs of over 100 voices will present a varied program of sacred Christmas music.

An organ recital presented by the organist-director, Mrs. Nova Bransby, will be given 15 minutes prior to the service beginning at 4:45.

The program will be given in an atmosphere of Christmas decorations and lighted candles. The congregation also will be given the opportunity to sing some of the familiar hymns and the pastor, the Rev. C. H. Lange, will present the sermonette on the subject, "The Soul of Our Song."

Those who have visited and worshipped at Faith Lutheran church during the Yuletide season have been inspired by the splendid quality of the music presented in those services and also by the decorative talents displayed in the interior decorations of the church.

The Sunday school program of Faith Lutheran Sunday school will be presented on Friday night, Dec. 22, beginning at 7:30.

The Midnight Christmas service will be given on Sunday night, Dec. 24 at 11:30 p.m. A large attendance is anticipated for these services.

I Am a Wac

By SERGT. RUTH C. WOLF

The women in our ranks who, probably feel the deepest sense of patriotism are mothers. The Women's Army Corps is proud of its mother enlistments, of which there are many.

Mothers make good soldiers. Their aims in joining the service are substantial ones. Some have sons in uniform, some have daughters. Many mothers have joined the service after receiving war department notes which begin with the all too familiar words, "We regret to inform you—"

Attempts have been made to define patriotism. But those unfortunate people who have experienced the destruction a war department note can cause, need no definition. Their aim is to end this war as quickly and as completely as possible.

A Wac mother whose goal shines forth like a clear bright light wrote the following letter:

"I am the mother of Lieutenant [redacted], missing in action. It is in that capacity, in which I am writing, "During World War I, I served as a yeomanette in the navy.

"My son is just a name to you, but to me, he was a handsome, brilliant boy with great hopes and dreams for the future. He lived a longer lifetime in his 20 years than many people who reach a much older age. He didn't want to die, but there was no choice for him when it came to fighting for and protecting the great American ideals which I hope have not been lost sight of in this struggle for life itself.

"I have been assigned to recruiting duty in the Wac since receiving the message of his death . . . and I have been able to steel myself to the point that I can stand before groups and tell them about him . . .

"I will fight to the finish. When it is over, there is nothing left for me except a clear conscience and the fact that I can look myself in the face and say: 'I did my part!'"

(signed) A Wac Corporal

Deaths due to diphtheria were up 50 per cent in the first nine months of 1944.

CHRISTIAN SCIENCE CHURCHES

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, Dec. 17. The Golden Text (John 1:1, 3) is: "In the beginning was the Word, and the Word was with God, and the Word was God . . . All things were made by him; and without him was not any thing made that was made."

Among the Bible citations is this

passage (Psalms 33:6): "By the word of the Lord were the heavens made; and all the host of them by the breath of his mouth."

Correlative passages to be read from the Christian Science textbook, "Science and Health With Key to the Scriptures," by Mary Baker Eddy, include the following (256): "All things are created spiritually. Mind, not matter, is the creator. Love, the divine Principle, is the Father and Mother of the universe, including man."

PLANS JANUARY NUPTIALS

DONA LEE HENDERSON

Dona Lee Henderson and Lieut. James Murray Northrup, USAAF, whose engagement was announced in the early summer, have now decided upon Saturday, Jan. 13, for their wedding date. Dona Lee is the daughter of Mr. and Mrs. William F. B. Henderson, of Yorkshire road, and Lieutenant Northrup is the son of Mr. and Mrs. H. Murray Northrup, of Three Mile Drive.

Plans for the nuptials were made when the bridegroom-to-be was home on leave recently after having received his commission in San Antonio, Tex., on Nov. 25. He left last week for his new station at Chantue Field, Ill.

The young couple will exchange their vows at an evening ceremony in Grosse Pointe Memorial church, when the Rev. Frank Pitt will read the marriage service at eight o'clock. A reception will follow.

Dona Lee has asked her fiance's sister, Lois Northrup, to be her maid of honor. The other bridal attendants and the best man and ushers will be named later.

The bride-elect will be feted at a pre-nuptial party on Jan. 6 when Mesdames Clarence E. Bleicher and Albert J. Wetlaufer will entertain for her.

Dona Lee attended Randolph-Macon women's college and is a member of Kappa Alpha Theta sorority. Lieutenant Northrup attended Albion college and is a member of Sigma Chi.

Detroit Symphony Earns Eight Day Vacation

After 12 weeks of strenuous and exciting work, the Detroit Symphony will have an eight-day Christmas vacation, Dec. 18 to Dec. 26.

These have been historic weeks—the Detroit Symphony has played two concerts on Saturday mornings, and their Saturday evening concerts have been broadcast on a coast-to-coast network and re-broadcast to all the armed forces. They have

played in an army camp, have raised nearly two million dollars in a War Bond concert and they have recently cut records for Victor Red-Seal.

Director Karl Krueger will spend his holiday in New York City.

The first guest artist with the Detroit Symphony when they resume work after Christmas, will be the top-drawer duo-pianists, Pierre Luboschutz and Genia Nemenoff, appearing Dec. 28.

Christmas Meal Planning Is Next AWVS Address

If you have been following the series of demonstrations at the Grosse Pointe unit of AWVS on Kercheval avenue, "Practical Preparation for the Christmas Holidays, 1944," your clothes and your home are freshened, your gifts are about finished, the pine and balsam are ready to hang from the door knocker—and now you are about to plan the Christmas dinner.

Miss Irene Hickey, of Grosse Pointe, home counselor of the Michigan Consolidated Gas company, will speak at AWVS headquarters on Tuesday, Dec. 19, at 2:15 p.m. on the subject of "Holiday Cookery, Menus and Gifts of High Attractiveness on Low Points." She will tell how to make bright cookies to fill the gift boxes you have made, candies using little sugar, tiny ornaments baked for the tree, fat pud-

dings tied up with packages to surprise a friend on the night before Christmas, croissants and Christmas buns; and then the Christmas dinner itself that is so much a part of the American Christmas tradition.

Miss Hickey has spoken at AWVS before and her interesting talks are greatly appreciated because she brings really practical assistance and professional knowledge of her subject to the community, as well as a delightful personality. Everyone is invited to attend this final demonstration of the series.

Group Elects Officers

At the latest meeting of the Save the Children Federation of Grosse Pointe Woods, the following new officers were elected:

Mrs. Verne Feller, president; Mrs. Cecil Patterson, vice-president; Mrs. Lawrence Alfred, secretary; Mrs. Roland Ewart, treasurer and Mrs. William Wylie, purchasing agent.

First Class Double Feature Scheduled Tomorrow at Colony

The management of the Colony theatre, 15635 Mack avenue, has arranged for a first class double bill to be shown tomorrow and Saturday, Dec. 15 and 16. The first on the bill is "The Story of Dr. Wassell." This picture stars Gary Cooper and Laraine Day in a technicolor triumph based on the adventures of a heroic country doctor who wins the plaudits of the President of the United States by his daring, courage and loyalty. Heading the featured cast are Signe Hasso, Carol Thurston, Paul Kelly, Dennis O'Keefe and Barbara Britton.

Gary in his usual shy but serious manner easily portrays the famous Dr. Wassell who wrestles with the problems of the wounded at the battle front.

Belita, European skating sensation, is starred in "Lady, Let's Dance," a gay musical romance featuring the music of Henry Busse and the acting of James Ellison.

Woods Police Seek Injured Automobile Thieves

A convertible coupe was found on Cook road by Woods police Sunday morning with the windshield and two side windows cracked. The car was stolen from the Edward Speacht residence, 1010 Harvard road, some time Saturday night.

It is believed that the thieves may have injured themselves and Park police are urging any resident with the knowledge of such injured persons, to immediately contact them.

Prize Winning Play Adapted for Use on Screen at Aloma

Eugene O'Neill's prize winning play "The Hairy Ape" starring William Bendix with Susan Hayward is one of the two fine pictures appearing at the Aloma theatre Dec. 15 and 16. The second feature is "I Love A Soldier" starring Paulette Goddard and Sonny Tufts.

The first motion picture of "The Hairy Ape," O'Neill's famous modern fable of the beauty who reached thru a barrel chest and touched a tender heart, is a drama of two individuals on opposite sides of the railroad tracks — a spoiled society girl and a rough and ready coal stoker. Bendix is seen as the hairy-chested "ape" who is jolted almost into insanity by the invective hurled at him by Miss Hayward. John Loder and Dorothy Coningore have prominent roles.

Paulette and Sonny are teamed together for the first time since "So Proudly We Hail" and the sensational pair rollic through a story of love in wartime that is a happy combination of pathos, comedy and drama.

Fire vs. Police

As William Mason of 455 Belanger was driving out from the rear of the business district into Notre Dame last Monday morning in a Farms emergency fire truck, he drove into one of the City's police cars driven by Officer Andrew Teetaert. After the laughs were over, both men discovered very little damage on their respective vehicles.

Big Winter Hit at Shores Theatre This Week-end

One of Paramount's big releases for this winter — the Paulette Goddard-Sonny Tufts co-starring romantic comedy, "I Love A Soldier" — opens at the Shores theatre Dec. 17, with the stars of "So Proudly We Hail" teamed again.

"I Love A Soldier" concerns itself with the story of a shipyard worker, Paulette, for a South Pacific hero played by Tufts. In an early scene Sonny has a meeting with Paulette to bring back some trinkets which his buddy, killed in action, wanted returned to her. The romantic spark is touched off immediately but then the big blow comes when Paulette discovers that Sonny is already married to a woman who's suing him for divorce. From then on the action is fast and furious. Barry Fitzgerald, who scored the most notable triumph of his career in Bing Crosby's "Going My Way," is cast as a laugh-getting motorman in "I Love A Soldier." The supporting cast also includes Mary Treen, Beulah Bondi and Walter Sande.

Another star-packed hit attraction completes the program.

Man Dies From Heart Attack While Shoveling Snow

The Park fire department was summoned to the home of Wesley B. Van Dresser, 1005 Berkshire, late Monday afternoon, in an attempt to revive Mr. Van Dresser who had collapsed while shoveling snow. He was pronounced dead from a heart attack soon afterward by the attending physician.

Symphony War Bond Concert Is A Success

The war bond concert by the Detroit Symphony orchestra on Dec. 17 was more of a success than the sponsors had even dreamed of. Admission to the concert with Josephine Antoinette, soprano, and Claudio Arrau, pianist, Karl Krueger conducting was by the purchase of a bond only, and it has been estimated that the sales totals will have reached more than \$2,000,000 when the final checks have been made.

Hurok's ballet theatre will present five performances with the Detroit Symphony on Dec. 14, 15, 16, 17 with a matinee on the 17th. The star dancers include Nana Gollner, Nora Kaye, Hugh Laing, Lucia Chase, Rosella Hightower, Paul Petroff, Dimitri Romanoff, Janet Reed, Anthony Tudor, John Kriza, Alicia Alonso, Nicolas Orloff, Harold Lang, Richard Reed and numerous others who have scored greatly during the fall season of this company. By special arrangement prima donna ballerina Tamara Toumanova is starring with the ballet this season. There are classic and modern numbers to be performed each selected for its popular appeal.

22 Cases of Chickenpox Reported in Pointe

Davies, township health commissioner, reported to Supervisor Carl Schwiekart this week that there were 22 cases of chickenpox reported in the township, four of them existing in the City. There were five cases of dog bites; three of whooping cough and two each of scarlet fever and scabies.

Gratiot Township Minus Handcuffs and Escaped Prisoner

Somewhere in the Detroit, Grosse Pointe or Gratiot township area, there is a man at large, possibly under the pretext of injuries to bandaged wrists, who, in reality, is hiding a pair of blue steel handcuffs which belong to the Gratiot township police department. If anyone sees this man, they are asked to call the nearest police department immediately.

The man, known only as Patrick Sullivan, was arrested at Harper and Huntington road on Wednesday, Dec. 6, on an assault and battery charge against a woman.

Under the custody of Chief Charles Millard and Lieutenant Lewis with the complainant, "Sullivan" escaped while preparations were being made with Justice of the Peace Jones to obtain a warrant. A search of the vicinity was immediately started without result. About 8:00 p.m., Sullivan walked into a filling station at E. Warren and Pennsylvania and asked the attendant to cut the handcuffs off—a friend had put them on by mistake. The attendant notified McClellan station, promising to follow "Sullivan" who had already started away again. This was done but through mixed signals, the police and the attendant lost him again.

A new scholarship fund for students majoring in home economics has been established at Wayne university, following acceptance by the board of education at its last meeting of the sum of \$1,500 from the Borden Company.

The grant provides that during each of the next five years an award of \$300 be made to an outstanding home economics student at the beginning of her senior year.

Other gifts accepted include the sum of \$200 from the class of 1944 and a grant of \$500 from the American Philosophical society to be used for the study of the effect of atomic and molecular dimensions upon chemical properties. The study will be directed by Dr. Herbert C. Brown, assistant professor of chemistry in the college of liberal arts.

Holiday Mailing Facts and Schedules

Postal officials, after carefully studying the current situation and observing the little response to early mailing, are fearful of what is in store for them from now until December 25. Movement of the huge volume of holiday mail is a serious problem even under normal conditions. With space limited, transportation facilities overburdened and the present manpower shortage very critical, the 1944 holiday mailing is expected to seriously cripple the United States Mail Service. This must be avoided if possible in order that items and official correspondence incident to the war will not be delayed.

It is expected this year's holiday mailing will far exceed last year when over 68 million letters and greeting cards and 435,000 sacks of parcel post were dispatched from

Detroit. In the same time over 80 million greetings and 278,000 sacks of parcels were received for delivery. If delivery is assured before Christmas, this huge volume must be mailed early.

Thus far only a small percentage has been presented. Now is the time to buy postage for greeting cards. No investment pays more dividends than a supply of postage stamps. Much time and many steps are saved when an im-

portant message must be sent on short notice. The lines are already of considerable length at stamp windows. In a few days post office lobbies will be congested with people buying stamps for greeting cards. The smart mailer will be prepared with a supply.

Ammunition Plants Triple Output

Ten typical army ordnance ammunition plants are turning out approximately 100,000 tons of smokeless powder and TNT a month.

Col. Alexander G. Stone, commanding Fort Wayne ordnance depot, said today that every effort is being made to step up production, not only in these plants, but in an additional 50 army ordnance ammunition plants in various parts of the country.

Although the production of certain types of ammunition has tripled since the beginning of this year, the needs of our armed forces in Europe and the Southwest Pacific have gone up even faster.

Here are a few examples:

American combat units in Holland and Germany need six million rounds of artillery and two million rounds of mortar ammunition every month.

According to recent overseas and training reports, our soldiers used up nearly 140,000 rounds of bazooka ammunition in one month.

The army ordnance carbine is only one of the smaller lightweight weapons used by our infantrymen and paratroopers. Yet in one month alone more than 25 million rounds were fired.

Chemical Solution Protects Christmas Trees From Fire

Lighted candles hold no fears for the young lady trimming her Christmas tree, for it has been sprayed with a non-inflammable wash.

Christmas trees are still a hazard. Electric lights may have short circuits; and some folks are careless with cigarettes and matches.

To fireproof the tree, first get it from four to six days before you intend to decorate it. Then weigh the tree and buy one-fourth as many pounds of ammonium sulfate as the tree weighs. This chemical is available in most stores that sell seeds and fertilizers.

For each pound of ammonium sulfate use 1 1/2 pints of water to make the fireproofing solution. Mix the solution in something tall and narrow that will hold the tree upright. Then saw off the end of the tree diagonally so as to give a large cut surface. Set the tree in the solution in a cool place, away from the direct sunlight, and leave it there until most of the solution is absorbed. The foliage will stay green if the temperature of the room is from 55 to 65 degrees Fahrenheit.

Mosquitoes are so numerous on Guam that one sick bay was issuing 1,500 small bottles of insect repellent a day.

"Be kind to our customers. The war won't last forever."—Sign in a Miami furniture store.

Aircraft industry ingenuity has reduced the cost of a B-29 Superfortress to \$600,000. The first B-29 to be built cost \$3,392,396.60.

Living costs have gone up more rapidly on farms than in cities, government indices show.

Since Pearl Harbor the U. S. army air forces have trained 163,147 pilots, 31,293 bombardiers, and 31,906 navigators.

"One Nation indivisible with liberty and justice for all." It seems important to us that this pledge of allegiance to our flag is singularly appropriate at Christmas time. The observance of this pledge with a background of the true meaning of Christmas can only lead to a world of happiness with the brotherhood of man as a predominating factor. The combination of these thoughts at Christmas time will mean a genuine happy American Christmas.

When's the next time you'll be broke?

Hard to say, isn't it?

In fact, you haven't given it much thought. Things are going well now. The job pays fine, and it looks as if it will last forever.

But suppose it doesn't? Suppose, in the years after the war, you find things slowing up. What then?

Sure... maybe a good man can always get a job. But isn't it a great thing to have a nice soft cushion to fall back on if and when things don't go right?

And right now, if you're in the Payroll Plan and tucking money away regularly, week after week, you're fashioning the best kind of cushion you can possibly have, a *big wad of money invested in War Bonds.*

Here's why:

War Bonds are the safest investment in the world.

War Bonds give you \$4 back ten years from now for every \$3 you invest.

War Bonds are your stake in the good things of tomorrow—security, independence, travel, a decent old age.

And today, War Bonds give you a chance to put your money into the fight—the best reason of all!

Think *that* over. And when you get your check... chuck a good portion of it into Bonds... even though you're buying them already. Buy War Bonds—and hang onto them.

Oklahoma farmers have been setting the nation an example of what the airplane may mean to postwar America. Thirty farm families in the state are now using planes for business. A dozen farmers flew from their homes recently to attend a

farm conference at Oklahoma A&M college in Stillwater. "You may take Guam, but you'll never recapture California!"—Propaganda-happy Jap captured by U. S. Marines.

Gum, extracted from Gracilaria, a seaweed, can be used in place of the more costly agar in radar tubes. "St. Peter, take note!"—Long Beach, Calif., man who willed \$250 to a church.

Crayon, Lipstick Add Gay Colors To Yule Candles

Christmas candles for gifts or table decorations can be made at home from bits of discarded candles, and the whole family may have fun doing it.

There is no limit to the shape and size of mold to be used. Card-board boxes such as salt packages or ice cream cartons are very satisfactory. The cartons in which buttermilk is sometimes sold are good for the tapered candles. Good results have even been reported with fancy gelatin molds of certain types and with jelly glasses.

The wick may be fastened through a hole in the bottom of the card-board containers, but in smooth-bot-

tomized molds, it must be kept in place by pouring in a little wax at a time around it, and then allowing it to harden.

Arrange two small sticks at right angles at the top of the mold and tie the wick in the center so that it will be held securely in place during the whole process.

Common string, the wick from an old candle, or commercial candle wicking sold at variety stores or in needlework departments may all be used for the homemade candles.

All wax to be used in a single candle should be melted in the same container, as it is difficult to match colors. Wax crayons are good coloring matter, and some women have used lipstick with success. As the wax cools in the mold, a hole will be formed down the center. Enough wax of the same color should be saved to fill this hole.

Lacking enough old candles to make the large ones now so popular, tallow candles can be made from these proportions: 10 ounces of tallow, 1/2 ounce of camphor, 4 ounces of beeswax and 2 ounces of alum. Melted paraffin, which is sometimes used, is hard to dye and breaks easily.

To make dipped candles, one end of the wick is fastened to a stick or pencil, and the wick dipped into the melted wax for a short time. As many candles as can be fully immersed at each dipping may be made at one time. If the surrounding air is cool, it is not necessary to dip the candles in cold water.

For a clear bright red candle, it is best not to use such dark colors as blue and green candles in the melting down process. However, very often the layer of color is just on the outside, and it can be scraped off and the rest of the candle used.

Chef Describes How to Carve Turkey Properly

Fine roast turkey reigns supreme over the American Christmas table. But no matter how large or small it may be, the obstacle of carving the bird must first be overcome before it can be enjoyed.

Since carving is almost an art in itself, a few expert suggestions are made by Maurice Gonneau, chef at a downtown hotel in New York.

Before starting to cut the turkey, sharpen the carving knife with the steel. The correct way to sharpen the knife is to hold the steel securely in the left hand, passing the blade against the far side of the steel with a quick stroke toward the left hand.

When the knife is sharpened, remove the second joints by putting fork between second joint and drumstick. Insert knife between carcass and second joint and cut, then with the fork pull the joint free from the carcass. If turkey is properly cooked this will be easy. Next remove the wings by cutting very carefully, inserting knife toward the joints and pull out as with the second joint. Take care not to cut into the breast.

With the breast of the turkey facing you, slice the white meat with a downward stroke and away from the bone. Next cut the drumstick free from the second joint and slice the latter. Then cut the tail with lower back meat and cut out the "oyster" which is a small amount of dark meat on the back which is always in demand because of its delicate flavor.

Serve the meat with the stuffing, giblet gravy and cranberry sauce. Spoon out the stuffing which is placed first on the plate. Cover with one piece of dark and one piece of light meat, unless there are special preferences, and cover with giblet gravy. Place helping of cranberry sauce on the side.

Railroads are now handling about two and one-half times the amount of freight traffic and more than four times the volume of passenger business they did before the war.

Part Time Employees Need Social Security

All persons, young and old alike, expecting employment during the holiday season in helping merchants with the Christmas rush must have Social Security account numbers, Francis L. Pendergast, manager of the Harper field office of the Social Security Board, announced today.

It matters not whether the work is to be full or part time, a Social Security account number will be needed by you if you accept such

employment. One reason this is so essential is that the assignment of an account number and card assures the worker that all wages he receives will be credited to his Old-Age and Survivors Insurance Account. Another reason is that Treasury law requires an employer to report the wages paid to his employees. In reporting these wages, the employer must show the names of his employees as they appear on their Social Security cards and also their account numbers.

Elected Secretary. Mary Lou Watson, daughter of Mr. and Mrs. J. Gordon Watson of McKinley road, was recently elected secretary of the junior class at Albion college. Miss Watson is a member of Kappa Delta sorority and Sigma Alpha Iota, national honorary musical sorority. She is also the associate editor of the Albionian, the college yearbook, a member of the Pleiad staff, is in Contributors' club, for students majoring in English, and the French club.

With the passing of each year, our Christmas Greetings to you become more and more an essential part of our lives.

This year, perhaps more than ever, we have looked forward to the opportunity of sending a message of good cheer to you. We are aware of the disappointments that have been yours; we are familiar with the good things in life which have been yours to enjoy. And at this Christmas time, we want it to be one of those great occasions which you will long remember as being a happy season, full of hope for Health, Peace and Contentment.

Christmas is a time for greeting old friends, for laughter and rekindled memories, for love and jollity and the dropping of workaday cares;

Christmas is a time for music—for playing and singing old songs and new, for "White Christmas," "Jingle Bells," "Deck the Halls," and "Santa Claus Is Coming to Town";

Christmas is a time for giving—to the newsboy on the corner, the folks at the office, the cop on the beat—a time for leaving loaded baskets on doorsteps; for promoting a grab-bag at the USO; a time for sharing the cheer in your own heart with all;

Christmas is a time for play... family games with old and young... a time for playing house with sister and helping Junior's bright new train deliver its freight on time;

Christmas is a time for enjoying the gentler graces of life—a hospitable table, fine food and mellow wine—a time for sharing these graces with others—Christmas is a time for the good life;

Christmas is a time for reflecting on the bounties that this good life in a free land gives to Americans—a time to resolve anew to cherish and defend them;

Christmas is a time for prayer—a time to pray that on a Christmas soon to be our loved ones far away will have returned home to us, safe and well, their labors crowned with Victory and a lasting Peace.

Families Assisted Through Social Security Benefits

The distribution of the million "social security" benefits now in force illustrates vividly the family importance of federal old-age and survivors insurance, Francis L. Pendergast, manager of the Harper office of the social security board at 8037 Harper avenue, pointed out yesterday.

While many persons think the program provides benefits in old age, Mr. Pendergast said, it is significant to note that nearly forty per cent of the million beneficiaries are children and young widows who have children under 18. There are 109,000 young widows with children receiving \$2,155,000 a month in benefits, and 288,000 children of deceased or retired workers receiving \$3,500,000 a month. When wives of retired beneficiaries, who must be 65 to be eligible, and the 65-and-above widows of insured workers who have died are added to the young widows and children, Mr. Pendergast said, the family value of the program shows up even more — with approximately six hundred thousand women and children and about four hundred thousand aged men on the benefit rolls.

More than one retired insured worker in every four has a wife who is drawing half as much in benefits each month as he gets. There are 418,500 retired workers (many of them women) receiving \$9,846,000 a month; 122,000 of them have wives past 65 and they are receiving \$1,518,000 a month.

"While the number of aged widows of insured workers is smaller, with 58,000 receiving \$1,172,000 a month," Mr. Pendergast pointed out, "their protection under this insurance program enables them to maintain their dignity and enjoy a peaceful old age. Most of them have earned this by helping their husbands through useful working lives."

The smallest group of monthly beneficiaries, Mr. Pendergast said, is made up of aged dependent parents of insured workers who died without leaving a widow or child. They number 4,500 and receive \$59,000 a month.

Old Glory

Old Glory waves over American homes at Christmas time. The Stars and Stripes are symbolic of the true meaning of an American Christmas. It represents a freedom of doing the things we want to do—of being happy, with loved ones and friends. Although the Yuletide is celebrated throughout the world there is no place where people are more privileged to enjoy this festive occasion as happily as those within the boundaries of this nation. This is our heritage—to participate in the freedom made possible by our courageous forefathers who founded this nation on the basis of Liberty and Justice. It is our moral obligation to carry on the traditions of Christmas as a definite part of the American way of life. This is what we mean when we say we wish you a merry American Christmas.

Season of Sentiment

"This Above All" season we reserve for the feeling of good will, family get-togethers, the exchange of greetings and gifts, and all good things in general. This year our sentimentality has reached new heights. Our thoughts are with our boys overseas, so far away from home on Christmas.

Thinking about absent loved ones is not enough. They're thinking of you, too, and how they wish they could be with the family for the holidays. Write to them often, tell them every detail of Christmas at home.

A FRIENDLY WORD

The value of a friendly word at Christmas or at any other time carries a significance unsurpassed. It adds to the feeling of satisfaction that comes from the knowledge of having friends during times such as those we have experienced during the past months. A friendly word is something that is indelibly impressed in the minds of people who have endured sacrifices and difficult times.

It is with full knowledge of the real meaning of a friendly word that we express our Christmas Greetings to you. When we say, "Merry Christmas," we want you to accept it as a word of cheer and goodwill. May all the blessings of a glorious Christmas be the good fortune of our many friends.

General Hines Praises Michigan Veteran Program

Michigan's system for handling rehabilitation of its veterans continues to be a model for the entire nation, Brig. Gen. Frank T. Hines, administrator of veterans affairs, said in Chicago last Wednesday.

General Hines said that only three or four states had met the full requirements of federal standards for readjusting former service men to civilian occupations.

Michigan, he said, was the first state to have a workable plan in operation and has continued its lead through the work of the state office of veterans' affairs, which was established by the 1944 legislature at the request of Governor Kelly.

General Hines predicted the peak of government responsibility for veterans' care will be reached in 1975 and will then cost six million dollars a year.

Over 100 local councils of veterans affairs, sponsored by the office of veterans' affairs, have been created in Michigan communities to service the returning veterans.

Grosse Pointe Post 303 Boys Drum Corps

What could make a practice more complete than to have an ex-member return for an evening of drill? That is what happened last Wednesday when none other than our ex-drum sergeant and good friend, Sam Fittes walked in to say "hello" to all the boys. Sam is in the Coast Guard, and has been aboard the U. S. S. Gen. William Mitchell since it was commissioned.

This trip Sam had many and varied experiences to tell, first, of bringing German prisoners over from Europe, and then to tell of the beautiful hanging gardens, and odd funeral biers to be found in Bombay, India. He said that he didn't appreciate the intense heat, but regardless of that it was a most interesting journey. We gathered that he has become quite adept in the practice of bartering with the natives—so watch your step, boys.

The Ancient Order of the Deep acquired a new member when the Gen. William Mitchell crossed the Equator, and from all appearances, a hilarious time was had by all concerned at the initiation.

A ten day leave was granted Sam on his return to the states, and he didn't lose much time flying home to see his family and friends. The whole corps joins in to wish him good luck and smooth sailing on his trips to come, and say he is welcome back anytime.

We are happy to report that we have a new assistant working with the corps now. Charles Emory, recently discharged from the navy, is out giving a hand to the boys, and is much appreciated.

It seems very good to see our Uncle Louie Baldwin back in civies once more, too, and we are in hopes of seeing him out to practice again real soon.

JOIN THE TOY CLUB—Christmas Sale

The Rosary Sodality of St. Joan of Arc church, St. Clair Shores, will hold a Christmas sale this evening, Dec. 14, concluded by a card party. The party will begin at seven o'clock.

Soldiers Record Christmas Songs, Poems for 'Home'

Not all the recorded Christmas messages that fathers and mothers receive this year from their boys and girls in service will be the "Merry Christmas, Everybody, How is everything at home?"—type.

At the Detroit USO, which is one of the 24 agencies receiving funds from the recent Community War Chest campaign, workers in the Recordio room report that many of the service people visiting the club are singing their holiday greetings. "White Christmas," "Silent Night" and "Noel" are proving very popular.

One serviceman searched through the library until he found several appropriate poems, one for "mom" and one for "dad." These he read into the microphone, one on each side of the record, to send home his Christmas greeting.

Christmas Tree Season Here Again

Again we are in the season of the year when Christmas trees are being cut and hauled to towns and cities to take their important part in the Christmas season. Charles Figy, Commissioner of Agriculture, states, that already the department has found that some folks have forgotten that there is a state law requiring anyone moving Christmas trees or decorative boughs on the highway, to be ready for a check up of credentials showing a bill of sale where the trees were purchased. If they are cut from a party's own land he should carry some legal document denoting ownership of said property. The written bill of consent shall contain the legal description of the land where such Christmas trees, boughs, shrubs, vines or native plants were cut as well as the name of the legal owner, and must be signed by two witnesses. This law was enacted in 1933 and was put on the statute books for the purpose of protecting Michigan's Reforest Program and to prevent the taking of trees from property unknown to the land owner.

THE STAR OF BETHLEHEM

It is good to know that the star of Bethlehem shines brightly at Christmastime on those whom we love even though they may be scattered to far corners of the world. A comforting thought is the knowledge that the significance of Christmas is universal and that folks everywhere will pause in reverence for an added moment of happiness.

We are certain that the Christmas spirit will predominate everywhere not only for this coming season but for the years to come. It will result in genuine contentment for all the peoples of the world at a time when such happiness is essential to maintain perpetual peace.

Warn Motorists That Tires Must Be Recapped

Indicating that there is little relief in sight for passenger tire users, Mel F. Santmyers, Chief Tire Rationing Officer, advocated extensive recapping for truck and car owners in the important Detroit defense area.

"Recapping of tires in Detroit has fallen off 50 per cent during the last thirty days despite the fact that the tire outlook is dark," said Santmyers.

"The December tire quotas, although approximately the same as in November, constitute a warning to the operators of public and private transportation vehicles which cannot be disregarded. In the Detroit District alone there is a backlog of over 6,000 large truck tire applications. Instead of being able to work off any of this backlog during the month, our quota by the War Production Board will enable OPA to meet only 25 per cent of the estimated December eligible applicants."

Pointe Navigator Assists in Rescue of Marine Pilot

In a dramatic rescue by a Navy PBV-Catalina, a critically injured Marine fighter pilot was hauled from the open sea near here recently shortly after a forced water landing in his disabled plane.

The PBV was piloted by Lieut. (jg) Lindsay C. deGuebery (27), USNR, of Hannibal, Missouri. Copilot was Lieut. (jg) Charles Warren Pacey (28), USNR, former Paxton, Illinois, attorney.

The incident occurred during a training flight by the PBV, with Lieut. (jg) deGuebery acting as patrol plane Commander. He was directed to the rescue scene by a fighter plane which had been on a training mission with the downed plane.

When picked up, the injured Marine pilot was near exhaustion and suffering from shock, severe concussions, and lacerations of the face and loss of blood. Injured in the landing, he had been unable to inflate his life-rat. Medical officers declared that only the timeliness of the rescue

and first-aid measures aboard the PBV had saved his life.

The PBV crew included Eng. Jas. S. Harris, USNR, of Grosse Pointe, Mich., the navigator; Gordon Edward Anderson, ACM, USNR, plane captain; Clinton Wesley Harryman, AMMPlc, USNR, second mechanic; Lawrence Ryle Foley, ARM2c, USNR, first radioman; Paul Henry Hamburg, ARM2c, USNR, second radioman; Vincent Joseph Sharkey, AOM2c, USN, first ordnanceman, now in flight school; Ivan Forrest

Mills, Jr., AOM2c, USNR, second ordnanceman.

Lieut. (jg) deGuebery, and the crew were commended by their commanding officer, Lt. Comdr. Gerard S. Bogart, USN, for excellent performance of duty.

Ensign Harris is the son of Mr. and Mrs. A. O. Harris of 306 Roosevelt Place; he attended University of Michigan.

Procurement of men for the Seabees reopened recently after being closed to cover one year.

Sunday, Dec. 17, is "White Christmas" at Peace church. The plan is simple. Everyone attending Sunday school or church is asked to bring an article of non-perishable food, wrapped in white. The food donations will be sent to the Institute for the Deaf. Peace church continues with two services each Sunday morning, the first at 8:30 a.m. and the other at 11 a.m. Pastor Claus' topic for the Sunday sermon is "Unstaggering Faith." You are cordially invited to worship at Peace church. During the late service a nursery is conducted for the convenience of mothers with young children. The nursery is in charge of competent mothers of the congregation. Peace Sunday school begins at 9:45 a.m. A very large part of the Sunday school hour next Sunday will be spent in rehearsal for the children's Christmas Eve service to be held at Peace church on Dec. 24 at 5:00 p.m. All children of the Sunday school are urged to come next Sunday, since this will be the last regular rehearsal before Christmas Eve. The final midweek Advent service in preparation for Christmas will be held at Peace church on Wednesday, Dec. 20, at 8:00 p.m. Continuing his series of sermons on "The Surpassing Christ" Vicar Marvin Martin will speak at this final service on the theme: "Jesus and Moses." The preparation of the soul for Christmas is of greater importance than outward, external preparation. Prepare them by worshipping in this special Advent service.

On Sunday, Dec. 17, the Sunday school will meet for its regular session from 9:15 to 10:15 a.m. In the afternoon of the same day at 2:15 o'clock it will have its final rehearsal of the Christmas program to be rendered on Christmas Eve.

MOUNT OLIVE EVANGELICAL LUTHERAN CHURCH
 Radnor Avenue at Mack
 KENNETH W. VERTZ, Pastor

This little white church around the corner, although not very impressive outwardly, still has a warm and welcome atmosphere within for all who enter its portals. Divine services are held every Sunday at 10:45, and Sunday school at 9:30 with classes for all age groups. Our Sunday school, staffed by trained and conscientious teachers, is never too full to receive new members. Our church also sponsors religious training classes for children as well as adults who desire a better understanding of the fundamentals of the Christian religion. The children's classes are held in the church parlors every Saturday morning from 9:00 to 11:00, while the adult classes meet on Monday or Thursday evenings at 8:00. If you or your children desire membership in either of these classes, consider this announcement as our personal invitation.

Carry bag or basket when shopping.

A candlelight Christmas pageant, entitled "The Way of Peace," will be given next Sunday night at seven o'clock at Bethany Lutheran church. The church choir will sing many of the well-known Christmas hymns and carols, and thus lend much to the beauty and significance of the tableaux setting. Following the pageant, a program remembering Bethany's 100 men and women in the various branches of service will take place in the church auditorium.
 In the 10:30 morning service of divine worship the Holy Sacrament of the Lord's Supper will be celebrated. The sermon will be delivered by the pastor, who will continue his series of Advent sermons which stress man's need of soulful preparation for the coming of the world's great King and Savior. Various choral numbers will be rendered by the senior choir.
 One hour earlier, at 9:30 a.m., Bible groups, kindergarten, and Sunday school classes meet to further and deepen their knowledge of their Lord and Savior. All neighborhood children, desirous of attending a Sunday school, are urged to come.
 Then, also, the congregation most cordially invites all residents of the community to come on Thursday evenings at eight o'clock and hear their pastor support the claim of the Lutheran church, that no man-made wisdom is imposed upon or added to the divine Biblical truths — that it teaches only God's wisdom. Everyone is welcome.

Grosse Pointe Men Included in Unit Given Citation

A number of Michigan men, including two from Grosse Pointe, are among the personnel of a fighter group which has just been cited for outstanding performance of duty in action against the enemy in the Mediterranean theatre of operations.

The award of the streamer of a Distinguished Unit was made by Maj. Gen. John K. Cannon to Sergeant Robert H. Proffitt, 1137 Nottingham, and Thomas R. Swegles, formerly of 15127 Windmill Pointe drive. In company with the group commander, Lieut. Col. Areile W. Nielsen of California, and in the presence of the officers and men of the group drawn up in parade formation, General Cannon advanced to the group's color guard and affixed the Distinguished Unit streamer to the group's regimental colors.
 The group, which was formed in Great Britain in 1942, has been overseas for two years, and has taken part in every major campaign in the Mediterranean theatre.

The citation, read at the ceremony by Capt. Walter Maciej of Frackville, Pa., read in part as follows: "In contributing to the success of the operation strangle, a vital phase of the Allied effort which resulted in the liberation of Rome, the 350th Fighter Group performed above and beyond the call of duty in rendering unique and heroic services. Of their own volition and in addition to their designated duties, personnel within the group successfully interdicted supply routes at such strategic points as Tarquinia, Grosseto, Leghorn and Pisa, while continuously maintaining their regularly assigned reconnaissance patrols and sea searches covering Corsica, Sardinia, Tunisia, Italy and the Tyrrhenian and Ligurian seas. The outstanding leadership, tireless devotion to duty and extraordinary heroism displayed by the officers and men of the 350th Fighter Group during combat operations on April 6, 1944 have set this group above and apart from other units involved in comparable effort during the same period and have given great credit upon themselves and the military service of the United States."

Bicycle Recovered
 Shirley Butche, 15701 Windmill Pointe drive, reported that she had recovered her bicycle which had been stolen from Trombly school Dec. 1.

Through the first nine months of 1944, there were 83,544 babies born in Michigan.

It's Another
American Christmas

From the times of our forefathers, America has enjoyed a traditional Christmas. It has always been and will always continue to be a festive season of good fellowship and good cheer. It is a time for remembering friends and loved ones, one to give thanks for those blessings which America enjoys.

Although our lives have been affected by circumstances and events within the past months, the spirit of Christmas remains unchanged. From the pleasures of the Yuletide season today we gain strength with which to meet the problems of tomorrow. From the thoughtfulness of those whom we hold dear, we obtain a sense of well being and a desire to create greater achievements.

The American Christmas must remain traditional regardless of conditions and events. It is our obligation to keep alive the glorious customs that have been the predominating factor of the American Christmas for many, many years.

Let us be happy and considerate of others this Christmas so that we may obtain the greatest enjoyment the season offers. This is our Christmas wish for you.

2,000 Years Ago . . .

YES, NEARLY 2,000 years ago in a lowly manger, a Savior was born and nestled in the hay with no pillow for his head and no crib for his bed. We are told that the stars and the angels looked down where the little babe lay, asleep in the hay. In those days there was little heat even in a house, let alone a manger and the roofs were of such quality that storms and rains let the elements through freely.

TODAY . . .

YES, TODAY, 1944 years after the Prince of Peace was born, the world is embroiled in a terrible conflict to liberate the world from oppression. Here at home, however, we are fortunate in having many of the conveniences not granted to that little Baby 2,000 years ago, nor to our men in the service spread over the globe. You can have good heat and good roofs over your head. We are specialists in . . .
