

CANCEL PRIMARY ELECTION IN FARMS

AT A fellowship banquet held Jan. 30, St. James Lutheran church of Grosse Pointe launched a campaign for funds to construct a church on the site, located on McMillan road, just north of Kercheval avenue, opposite Gabriel Richard school. In keeping with the architecture of this section, the new structure, designed by George D. Mason and company, architects, will be of colonial design. The exterior will be of red face brick, stone and wood, with an Ionic colonnade and a graceful, dignified tower and steeple. The estimated cost of the project is eighty-five thousand dollars. St. James Lutheran church of Grosse Pointe was organized as a mission, with seven charter members, in February 1940, holding services in the library of Grosse Pointe high school. These facilities were soon outgrown and arrangements were then made to worship in the Parish & Jubilee theatre, where services are still being held. The congregation purchased its church site on McMillan road in 1941 and this property was cleared of bushes and trees in 1943. In July 1944, St. James became a fully self-supporting congregation. Construction of the new edifice will start as soon as existing restrictions on building have been lifted, and the necessary materials and labor are made available.

POINTE Military Awards for Pointe's Husband... Mobile Blood Bank

...hope that nothing like this happens here) — The want-ad page in the copy of The Cadillac Evening News he'd received from home had a nostalgic appeal for Harry A. Wilson, 39, of the town of Cadillac.

Stretched out in front of his tent on Saipan, the navy Seabee ran his finger down the listings.

"All wool hunting coat, shirt and breeches, size 38-40; pair of laced rubber boots, size 10; price \$50 for entire outfit," one advertisement offered.

"Well," Wilson said, glancing at the breeches size, "that's my size."

He noted the boot measure, "Well, well, that's my size, too."

At the mention of \$50, he commented: "That's a good price, too."

Then he jerked to attention. "Heck," he exclaimed, "That's my phone number, too."

Turned out his wife had placed the ad.

By the looks of the report which was published in The Review last week concerning the school's waste paper drive, we found that the smallest school, Vernier in the Shores, topped all the other and larger schools. There seems to be a laxity on the part of the children and the parents in collecting their waste paper, now so vitally needed by the paper mills. However, some residents are taking this drive to heart, and after missing the school drive, called the salvage depot at the City, to take care of their collection of paper.

All residents could start now and begin saving their waste paper for the next drive on Feb. 23, the day after George Washington's birthday.

Just as the clock struck 12 last Wednesday night, friends of the Hoskins brothers, Merwin T. and S. Willard, gathered at the Whittier hotel as guests of Vanco Machine and Engineering, broke out with the song, "Happy Birthday." Feb. 1 is the anniversary for both men, not twins; there is two years difference in their ages. This gave the brothers an opportunity to congratulate each other on the occasion.

...ons service in World War II are mounting up for Pfc. Franklin J. Wahl, husband of the former Shirley Ann Champine of 384 Kercheval, Grosse Pointe Farms.

Two citations have been awarded Private Wahl, the first in July and the second in August, 1944; the scene of the action was France. In addition to the citations which were the Bronze Star and the Oak Leaf Cluster to the Bronze Star, Private Wahl has also received the Purple Heart; he has been wounded twice.

The first award was presented for meritorious achievement on July 20. After an enemy force had over-ran a bivouac area of the 67th armored regiment, setting several tanks, half-tracks and ammunition carriers on fire, causing explosions, many of the American troops were injured.

Private Wahl, in company with several officers, finding it was impossible to defend any longer the division reserve area in which they were located because of exploding ammunition and pieces of flying shells, made his way back to his original bivouac area.

The citation continues: "Protected only by a friendly .30 caliber machine gun, he made his way over fields clearly exposed to enemy mortar, machine guns, mines and wreckage from the burning vehicles. All the light from the fires. Arriving at his bivouac area he found several American soldiers wounded and worked from 0130 to daybreak assisting in the treatment and evacuation of 16 injured and 10 dead in one battalion and an unknown number of dead and injured of an infantry regiment. Several seriously wounded soldiers were saved by the skillful and prompt evacuation by Private Wahl."

Not content with the saving of the above men's lives, Private Wahl seriously endangered his life for the second time on Aug. 20, during action near Verneuil.

Caught between the enemy and American lines were six men, wounded and exposed in an open field to heavy enemy machine gun and small arms fire. After three medical men attempted to reach these men, volunteers were sought. Private Wahl and another aid man volunteered to go out to bring in the wounded soldiers.

"A white flag," said the citation, "was taken and waved while the wounded soldiers were being approached. After they had been reached, Private Wahl rendered first aid and with the assistance of the other aid man, carried them to safety. The valor and courage displayed by Private Wahl reflect great credit upon himself and are in keeping with the highest traditions of the military service."

In the Grosse Pointe Farms home, his wife and 18 month old son, Dennis, who he has never seen, await further word from this hero. The parents, of Mrs. Wahl are Mr. and Mrs. George Champine of the Kercheval avenue address.

...The mobile blood bank of the American Red Cross, sponsored to enable a movable blood bank unit to operate as temporary neighborhood units in Detroit and suburban areas, will again visit Grosse Pointe on Monday, March 5.

The unit will be at St. Clare school, Audubon and Charlevoix from 1:30 to 6:00 p.m.

Mrs. Edward T. Huebner, taking registrations for the unit, said when releasing the date for the visit: "Our fighting men on all the fronts of the world need whole blood and blood plasma. Many come back home praising the work of the blood banks set up all over the country; this is our chance to help those who will need help and to thank those who already have used the plasma or the whole blood."

In order to have the unit visit Grosse Pointe, 325 registered blood donors are required; all donors are asked to make their reservations with Mrs. Huebner by calling NL 537.

...Court Cases Heard in G. P. Woods

The following court cases were heard by Justice Joseph Belanger in Grosse Pointe Woods last Monday; they were charged with not having their cars under control, causing an accident:

Charles H. Voorhees, St. Clair Shores, \$5.

Robert Ishell, 3550 Gifford, \$20.

Harry Kanter, 17322 Barlow, \$15.

William Allen, St. Clair Shores, \$30.

Edward Heron, 859 Tennessee, speeding, \$55. Four accident cases were dismissed.

...Rep. Louis C. Rabaut Criticizes Veterans' Discharge Button

Washington. — Congressman Louis C. Rabaut, Democrat of Grosse Pointe, has brought to the attention of congress the public indifference to the veterans' discharge insignia.

In an extension of his remarks in the house of representatives, Rabaut stated: "The lapel button given to the men and women who have been honorably discharged from the service is being criticized by both the public and the ex-servicemen themselves. The design is insignificant and has merited no recognition from the public. The veteran himself feels the emblem lacks distinction and in a majority of cases he fails even to apply for one."

Citing several cases in Detroit where there was a lack of recognition of the emblem, Rabaut concluded by saying that public officials, Legionnaires, and many others are united in the protest that a greater government owes these men at least a recognizable emblem symbolic of devotion and service.

...City Receives Check From Road Commission

As its share in the weight and gas tax collected in Michigan in 1944, the City of Grosse Pointe has received a check for \$12,169.09 from the Wayne county road commission. This money will be used for street repaving, interest on street bonds, and for other road maintenance.

The state collected \$5,977,101.73 for weight and gas tax.

...Honor Ralph Henderson

Members of the Grosse Pointe Rotary club congratulated with a stag dinner for Ralph Henderson at the Vicer post at Grosse Pointe on St. Paul Monday night. Henderson was president of the club at the Grosse Pointe Rotary club but rendered his resignation upon moving to New York.

...Park Infantryman Wounded in Belgium

Mr. and Mrs. Gerald McCray of 1434 Yockshire, learned last week that their son, Pfc. William G. McCray has been slightly wounded while serving with the armed forces in Belgium. Later word revealed that he is now hospitalized somewhere in England.

Pfc. McCray, known as "Jerry" to all his friends, is being recognized only as a private. The extent of his wounds is not known.

A member of an infantry division, Jerry McCray is a native of Grosse Pointe and has been in service for two years. He graduated from Grosse Pointe high school in 1941.

High School Graduates 117

Diplomas were awarded Thursday night to 117 students of Grosse Pointe high school at commencement exercises in the high school auditorium.

Because they are already serving in the armed forces, 12 of the graduates were not present at the ceremony.

Seven boys have been inducted only recently and completed their high school work before entering service. They are Arthur Antonissen, Norman Cummings, Ralph Fluit, Elmer Knope Jr., Ronald Radde, William Pierson, and Robert Schick.

Parents of the boys in uniform were invited to attend the commencement, and many of them were present.

W. R. Cleminson, principal, also read a list of boys who had formerly belonged to the Class of February 45, but who have dropped out in order to enter the country's service. One of them, George Downey, was killed in France in August, 1944. The others are Kenneth Ames, Fred Buckbinder, Peter Clark, Walter Davies, James Doot, Fred Farr, Harry Grunwald Robert Haslett, Sylvester Lingeman, Richard Myers, William Thompson, and Edward Van Tassel.

Wearing grey caps and gowns the graduates marched into the auditorium to the strains of Elgar's "Pomp and Circumstance," traditionally Grosse Pointe high school's commencement march.

The high school band directed by D. D. Kalember played the processional and recessional.

The Rev. Joseph J. Bohr pronounced the invocation and benediction. The A Cappella Choir, directed by G. H. Woods, sang "The Lord's Prayer" and the Hallelujah Chorus from "The Messiah." Wood Geist, a "The Messiah." Wood Geist, a

Justice Sentences Youth, Reckless Drivers Monday

Four reckless drivers, including a veteran, just returned from New Guinea, appeared before Justice Leslie P. Young in the City court last Monday night. A 17 year old youth also appeared before him on a charge of pulling a fire alarm box.

John Howie, Mt. Clemens, apprehended for reckless driving at Notre Dame and St. Paul, was fined \$30; Tresa Sensi of 988 Lincoln was fined \$15 for the same offense which occurred at Mack and Lincoln.

A stiffer sentence was imposed on John Snell, 18, of 259 Lewiston for fast and reckless driving. In addition to a \$65 fine, his operator's license was revoked for one year, he was referred to the Wayne county probation department for a year, and he must spend 10 sessions in the Detroit traffic court.

Leniency was shown by Justice Young in the case of Arthur Alexander of 18501 E. Warren, who was also charged with reckless driving at Mack and Cadieux. Alexander has just recently returned from a two year tour in New Guinea and is suffering from malaria. Justice Young complimented the youth and his buddies for a "swell job" in the Pacific, and had him pay only \$5 court costs.

President Watkins Unopposed; Four Seek Board Seats

A second Pointe village has cancelled its primary election this spring. No primary is necessary in Grosse Pointe Farms because as the deadline passed Saturday for the filing of nomination petitions for five offices, it was found that only four

Emergency Coal Relief System Again Clarified

Certificates of necessity for coal may be obtained from the clerk of your municipality and NOT from the ration board or the OPA. Arrangements for this emergency coal have been made by George Elworthy, local OCD director.

So many people have mistakenly called the OCD, the OPA or the local ration board that The Review has been asked to emphasize that these certificates can be obtained ONLY at the office of your village clerk.

Persons to qualify for this emergency certificate of necessity must have less than a five-day supply of coal and have exhausted all efforts to obtain coal by delivery from dealers.

Applications may be made to the following municipal certificate agents in Grosse Pointe and Grosse Pointe Shores:

Park: William G. Stamman, LE. 6200; City: Norbert P. Neff, NI. 5800; Farms: Harry A. Furton, NI. 6600; Woods: Philip F. Allard, NI. 0876; Shores: A. H. Bennett, NI.

Painter in Unit Cited by General de Gaulle, Killed in Action

Cited very recently by General de Gaulle with the Croix de Guerre as a member of the 441st bomb squadron, Staff Sgt. Nicholas Bentas was reported killed in action on Jan. 19. He was the husband of the former Mary Finnegan of Grosse Pointe Woods, and son of Mr. and Mrs. C. Bentas of Detroit.

The telegram reached his family Monday afternoon, nothing more is known of the circumstances.

NAVAL CAPTAIN

Commander Leon J. Jacobi of the U. S. navy whose home is at 729 Fisher road, has been selected for a captaincy. This rank corresponds to a full colonelcy in the army.

Captain Jacobi was called to active duty in October 1940 and has been on the Atlantic for the last two years, attached to Adm. Alex Sharp's staff in a technical engineering capacity.

Born in Mount Clemens, Mich., Captain Jacobi was graduated from the Naval Academy at Annapolis in 1921. He is married to the former de Vecmon Ramsay of Silverport, La., who is living on Fisher road with their two sons, John and Kenan.

Before returning to service Captain Jacobi was associated with the Detroit Edison company.

...Cub Scouts Compete With Weather Vanes

The Cub Scouts of Grosse Pointe will hold their next regular meeting next Tuesday night, Feb. 14, at 7:45 p.m. at the Ritz ball room, 2400 Woodward. The program will include a contest in which the weather vanes which are being made by the boys.

Council Expects Large Attendance at Special Meeting

From early reports, the meeting planned by the Farms council for tomorrow (Friday) night at 7:30 p.m., to hear an explanation of the proposed retirement system for village employees, is expected to be well attended.

A. C. Gabriel, actuary, who served in an advisory capacity to the special committee, will make the explanation. He is thoroughly familiar with such plans, having sponsored about fifty-five thus far, and has a unique and very interesting way of making one acquainted with retirement systems such as is proposed in this case.

The members of the committee who recommended the plan are expected to be in attendance as well as members of the council. President James K. Watkins will preside.

The meeting is open to anyone who cares to come and the village council members particularly urge the taxpayers to attend.

Vanco Machine and Engineering Entertains in Celebration of New Modern Plant Jan. 31

Jasper Van Opynen, owner of Vanco Machine and Engineering, played host at diner for over one hundred friends, associates and high ranking army officers Wednesday night, Jan. 31 at the Whittier hotel, to celebrate the opening of the company's beautiful modernistic plant on Harper avenue on Dec. 1.

Maj. Harvey Humphrey, USAAR, who presided at the presentation ceremony of the Joint Army Navy "E" award last summer, spoke to the guests and complimented the Vanco personnel on maintaining the same high standards while not interrupting production in moving to their greatly expanded new quarters. On the lighter side of the program, Emmet Harvey Stone and Irish Reary, Johnny King and others of Reary's fame entertained the guests.

Mr. Van Opynen made the following remarks, following Major Humphrey's salute to Vanco:

"If I had for the next two minutes the silver tongue of our President, I think I would be a lot better, or I think I could experience of Justice King or Harvey Stone, then there would be standards while not interrupting

"WE LEAD, OTHERS FOLLOW"

A STRONG LINK

Perhaps not everyone realizes what a great world asset has developed from the Boy Scout movement.

Around the world the Scout movement for over three decades has proved to be an effective means of building understanding and good-will among youth.

Both Mussolini and Hitler feared the power of Scouting and abolished the Scout organizations in their countries in favor of their own heel-clicking, hate-fostering youth programs.

Now the Boy Scouts of America in observing their 35th anniversary takes the theme "Scouts of the World—Brothers Together."

University Women Meet Tonight on Fisher Road

The East Side group of the Detroit branch of the American Association of University Women will meet tonight at eight o'clock at the home of Mrs. Wallace Temple, 184 Fisher road, Grosse Pointe.

Marine Corps Women to Give Party Tomorrow

The Detroit Unit No. 1, Marine Corps Auxiliary, will sponsor a card party tomorrow night at eight o'clock in the Veterans building, 704 E. Jefferson.

Approved List of Motion Pictures for Children

The following list of movies have been approved by the Grosse Pointe council for February 10, 11 and 12.

K. of C. Dance

A Valentine dance will be given by the K. of C. Ladies' Aid Society in their hall at 10, M. Street, on Friday, Feb. 10, at 8 o'clock.

Six Pointe Girls Participate in College Project

East Lansing, Mich. — Six Michigan State college students from Grosse Pointe are among 132 members of the Home Economics club who are participating in a community service project to alleviate the shortage of help, Jeanette A. Lee, assistant to the dean of home economics, has announced.

One group of girls takes care of children, while another group assists busy housewives in making plans for family dinners and other small occasions.

The following Grosse Pointe girls are participating: Caroline Quandt, freshman, daughter of Mr. and Mrs. August Quandt, 1433 Somerset; Harriett Ott, sophomore, daughter of Mrs. Harriett Ott, 15321 Windmill; Shirley Means, junior, daughter of Mr. and Mrs. F. C. Anderson, 241 Ridgmont; Evora Kingan, junior, daughter of Mr. and Mrs. John Kingan, 1379 Lakepointe; Barbara Hutson, sophomore, daughter of Mr. and Mrs. J. Donald Hutson, 822 Harcourt; and Mary Louise Halde-man, sophomore, daughter of Mr. and Mrs. Albert Halde-man, 1037 Beaconsfield.

Informal Party Planned by Pointe U. of M. Club

The University of Michigan club of Grosse Pointe invites its members and their friends to a party Saturday night, Feb. 17. It will be at the Alger Post VFW clubhouse at 1745 St. Paul.

University Women Hear Speaker at Meeting

Members of the Grosse Pointe branch of the American Association of University Women met at the home of Mrs. R. W. Sibbert of Yorkshire on Feb. 1, Mrs. Forrest Burchfield, the Michigan legislative chairman of the AAUW in her address to the group, outlined the foreign policies of the United States.

Fine Arts Sorority Meets Next Tuesday

The regular monthly meeting of Sigma Eta, fine arts sorority, will be held at the home of Mrs. Miles L. Sutton, Tuesday, Feb. 13, at 8:30 o'clock. A program of solos and readings from the American opera "Porgy and Bess" by Gershwin will be given by Genevieve Rander, Edith Costly, Edna Sutton, Delight Ross and Lucille Kenefick.

Federation Meeting

The monthly meeting of the Save the Children Federation of Grosse Pointe Woods will be held at the home of Mrs. Verne Seller, 1825 Hampton road, next Thursday, Feb. 15. New members are welcome.

TECHNICIANS NEEDED

THE UNITED STATES army is in need of 8,000 medical technicians immediately. Why not do your part today? For more information, call Randolph 5457.

Woods Residents Discuss Postwar School Program With Superintendent

Dr. Paul Essert and the members of the Mason PTA indulged in some postwar dreaming on the subject of new school buildings, at the Jan. 30 meeting at Mason school.

This was the second of two talks by Dr. Essert on the Grosse Pointe board of education's plans for the future. Dr. Essert began on a sober note. "We must remember," he said, "that Hitler and Hirohito must both be licked before these plans can go beyond the blueprint stage, and it may be some time after that before they can really materialize."

The selection and purchase of sites for new school buildings was begun as a program by the school board many years ago and has recently been completed with the purchase of four future sites for elementary schools and one junior high.

Here, Dr. Essert made the interesting point that in the years before the war, the Grosse Pointe school population had been increasing at the rate of about three hundred fifty pupils a year, which meant that normally one new school was needed every year. As it is known, this increase has gone up in the community during the war years, which makes the problem of overcrowding in schools an acute and painful one.

Slides of some recently built schools in other parts of the country were shown to give an idea of the lines along which the board had been thinking. For one thing, Dr. Essert is strongly convinced that elementary schools of the neighborhood type are wanted, within walking distance for all children, rather than the consolidated type of school to which large numbers of children are carried by bus.

Dr. Essert strongly urged that parents and citizens who have an interest in the kind of school buildings which are going to be built after the war, should begin now to think about it and to organize themselves as a group for further study of the mat-

ter, "so that we can make this time of waiting an opportunity to analyze our needs and to plan the facilities of our future schools in relation to those offered by other community building projects."

Pointer Establishes Kalamazoo College Scholarship Fund

The Hoff scholarship fund, a scholarship announced to assist one or more worthy Grosse Pointe high school students to receive their college education at Kalamazoo college during the next four years, was established at the college by Mr. and Mrs. Robert F. Hoff, 276 Kenwood court, Grosse Pointe, it was announced today. Mr. Hoff is a member of the Kalamazoo College Associates.

The amount of the scholarship will depend upon the varying needs of the students making application, it was revealed. For the four-year course the minimum scholarship will be \$400 and the maximum scholarship will be \$700. Applicants, besides recommendation by high school authorities, will be considered on the basis of scholastic standing, leadership in worth while student and community activities, superior character and personality, good health, and definite educational plans beyond the freshman year. A personal interview with a representative of Kalamazoo college will also be required.

Bon Secours Guild Gives Valentine Party

The Notre Dame de Bon Secours Guild will have a Valentine dessert-bridge on Tuesday, Feb. 13, at 1:30 p.m. at the hospital on Cadieux road in Grosse Pointe.

Mrs. J. A. Brown is chairman of the party. She will be assisted by Mrs. J. E. Gibb, refreshment chairman; Mrs. J. W. Campbell, table prizes chairman; and Mrs. L. J. Corr, door prizes chairman.

There will be a business meeting at 1 p.m.

Milton Caniff and Roland Coe, popular cartoonists, started drawing in Boy Scout camps.

List Committee Workers for St. Paul Party

The committee members who are working for the huge games party and dance to be held tomorrow night (Friday), in St. Paul's gym, have been preparing for this event for several weeks. Mrs. M. J. Kearins is chairman of the affair; she is assisted by Mrs. Russell French as co-chairman.

Chairmen of committees are the Arthur Sutherland, the Raymond Huettemans, the Louis Fishers, and the Mesdames John Auckland, Warren Piche, William C. Roney and Raymond Danaher, and Mr. Russell French.

Assisting them are: The Henry Fords II, the Theo. Treftzers, the Alvin Guoins, the Frances Beapures, the Russell Piches and the Ed Bradys; Messrs. M. J. Kearins, Everett Lundberg, and Al Wettlauffer; Mesdames Fred Baer, Leo Bartemeir, John Teel, E. Labadie, I. Backman, James Rasmussen, A. Backman, Weiff, N. Barba, W. Al-lard, Harry Hammond, Charles Tanner, A. Doherty, A. Allard, G. Fields, E. Houllihan, D. Piche, C. Piche, G. Sullivan, J. Duffy and J. Reed; Mary Lou Murphy.

Various Activities Neighborhood Club

The annual meeting of the Neighborhood club was held recently and the following officers were elected to serve for the year 1945:

Mrs. C. J. Edwards, president; Mrs. Wessell Booth, first vice-president; Mrs. A. F. Edwards, second vice-president; Mrs. Rothe Farr, third vice-president; Mrs. J. J. O'Brien, fourth vice-president; Mrs. D. Hotchkiss, recording secretary; Mrs. J. G. Standart, assistant recording secretary; Mrs. Allen Edwards, corresponding secretary; Mrs. Julian Bowen, assistant corresponding secretary; Mrs. Sidney T. Miller Jr., treasurer; and Mrs. Claude Mulkey, assistant treasurer.

The following trustees were elected to serve for a three year term: Mesdames Earl Holley, W. P. Stevens, S. T. Miller Jr., A. F. Edwards, James Turner, H. S. Finkenstaedt, John J. O'Brien, and Julian Bowen.

Some interesting items selected from the various annual reports were as follows: A total of 216,712 people attended the Neighborhood club in 1944.

Total number of boys and girls attending the summer day camp held at Camp Grosse Pointe, 1944, 1,200.

Services, including 200 were entertained at the club by the Grosse Pointe Hostess Corps.

Total number of families given service by the social service department, 175.

Total number of children sent to nearby camps, 29.

A total of 83 families were given Christmas help.

It is interesting to note by the various types of groups that met at the Neighborhood club during the year 1944, how nearly every phase of community interest was contacted.

Church groups, garden clubs, civic groups, political groups, visiting nurses, salvage committees, civilian protective groups, and all types of welfare and hospitalizations centered from the Neighborhood club.

The financial assistance obtained through the generosity of the Thrift Shop, and the efforts of its many volunteer workers, contributed in no small measure, to the success of the extensive program carried on by the Neighborhood club in the year 1944.

World Day of Prayer Set for Friday, Feb. 16

The annual World Day of Prayer under the auspices of the Detroit Council of Church Women will be observed Friday, Feb. 16, from 12 noon to three o'clock in the Woodward Avenue Presbyterian church, Woodward at Philadelphia. The Rev. Oscar F. Blackwelder of the Lutheran Church of the Reformation, Washington, D. C., will be the speaker. Dr. Nellie Huger will be in charge of the music. The soloist will be Mrs. Florence Wenzel, president of the Guild of church musicians and soloist at St. Paul's cathedral and First Presbyterian church.

Mrs. A. Middlestead will be in charge of the program, assisted by Mrs. R. Hendrickson, president of the council; Mesdames J. Stahler, T. T. Brumbaugh, A. A. Putnam and other outstanding church women.

The theme of the World Day of Prayer will be "That ye should show forth the praises of Him who hath called you out of darkness into His light."

Church Women Meet

The Women's Association of the Grosse Pointe Congregational church will meet at 12:30 p.m., Tuesday, Feb. 13, at the home of Mrs. C. L. Sober, 707 University.

Fuel Guide As a guide to users of fuel oil for home heating, the Detroit district office of OPA today said that no more than 59 per cent of the annual ration should have been used up to this time in the Detroit area.

SERVICE PARADE

Miami, Fla. — Back in the United States after a tour of duty overseas in the China - Burma - India theater, Staff Sgt. William C. Keegin, Grosse Pointe, is clearing ATC's Miami AAF following a trans-ocean flight to Miami aboard a giant ATC transport plane.

Sergeant Keegin, 21, has served 12 months as a flight engineer on a B-25 with the 22nd bomb squadron. A veteran of 45 combat missions over Burma and Southern China, he has been awarded the Air Medal.

The warrior is the son of Mr. and Mrs. Curtis W. Keegin, with whom

he lives at 593 Rivard boulevard.

★
Somewhere in So. Pacific
Dear Sir:

Just a note to give you my new address out here in the South Pacific. I would like very much to continue receiving The Grosse Pointe Review for it is really a comfort to read what is going on in the Pointe.

I have received it ever since I entered service two years ago. Thanks many times.

Sincerely,
Corp. Raymond R. Rochelle Jr.
USMC.

Pfc. John J. (Red) Maison of the USMC, is home visiting his parents and family, the John Maisons Sr., at 170 Lakeview on a 42-day furlough. He has recently returned after spending approximately two years in the South Pacific.

In addition to his overseas ribbons, John is also wearing on his tunic ribbons for the Purple Heart and two presidential citations.

Battle stars on these ribbons represent the fierce battles of the Philippines, Saipan, Palau, the Aleutians and the Marshall and Gilbert Islands.

★

Maxton, N. C. — Glider pilots in training at Laurinburg - Maxton Army Air Base, the I Troop Carrier Command's Combat Crew Training Center for glider pilots, receive both an intensified military training course and a course in combat flying techniques in the CG-4A glider. The military course covers training in all of the weapons used by airborne army, tactical maneuvers and other military subjects. The flight training course features precision flying and tactical formation landings in small fields.

Among the glider pilots now in training is Flight Officer James Vincent Minter of 426 McKinley road, Grosse Pointe.

Lieut. Robert J. Trombley is spending a short leave with his parents, Police Chief and Mrs. Joseph Trombley, following his graduation from the army air forces school at Spence Field, Ga., recently. Lieutenant Trombley graduated as a pursuit pilot and received his commission as second lieutenant. His father is chief of police in the Farms.

With the Fifth Army, Italy. — Staff Sgt. Thomas J. Kauffman, son of Mrs. Mary Kauffman, 442 St. Clair, Grosse Pointe, has been cited by the 361st infantry regiment of the 91st "Powder River" division and awarded the Combat Infantryman Badge for actual participation in combat against the enemy with the Fifth Army in Italy.

Standards for the badge are high. The decoration is awarded to the infantry soldier who has proved his fighting ability in combat.

The handsome badge consists of a silver rifle set against a background of infantry blue, enclosed in a silver wreath.

★

CAPT. RICHARD M. CONLON

An Air Service Command Depot in Ireland. — The promotion of Richard M. Conlon from the rank of first lieutenant to captain was announced recently by Maj. Gen. Hugh J. Knerr, commanding general of air service command. He is the son of Mr. and Mrs. R. J. Conlon of 1031 Maryland, Grosse Pointe Park.

Captain Conlon has been overseas for the past 16 months, serving as station adjutant. Previous to entering service, he was a personnel technician in the General Motors corporation.

He is a graduate of St. Ambrose high school and attended the University of Detroit.

★
Mrs. Gertrude Thomas of 664 St. Clair, is taking his boot training at the naval air technical training center in Memphis, Tenn. Prior to his enlistment he was a student at Wayne university.

Additional Adult Education Classes Listed Below

Enrollments for adult education classes in millinery, fashion design, beginning sewing, beginning shorthand, ballroom dancing, Algebra review, and advanced bridge may be made by calling the Grosse Pointe board of education NI. 2000, ext. 25.

The class starting date schedule follows:

At the High School—
Thursday, Feb. 8. Bridge; and fashion design.

Tuesday, Feb. 13. Ballroom dancing; shorthand for beginners; and Algebra review.

At Mason School—
Monday, Feb. 12. Millinery.

At Pierce School—
Tuesday, Feb. 13. Sewing for beginners.

Pioneer Guild to meet
Next Wednesday Afternoon

The Pioneer Guild of the Grosse Pointe Woods Presbyterian church will meet next Wednesday, Feb. 14, at the home of Mrs. C. G. Wellfonder, 1293 Hampton road at 1:15 p.m. There will be tea and the book, "Time for Decision" by Sumner Welles, will be reviewed by Mrs. Fred Hauck.

Initiated
Miss Shirley Jean Brattin, daughter of Mr. and Mrs. Floyd C. Brattin of 1327 Nottingham, has recently been initiated into the Zeta Epsilon Lambda fellowship at Albion college where she is a sophomore taking a pre-nursing course. Full membership in ZEL is awarded those who have earned a specified number of service points by participation in social service projects.

Announce Births
Mr. and Mrs. Joseph A. Youngblood, nee Kraus, of 1113 Lakepointe, announce the birth of a daughter, Mary Ellen, at Grosse Pointe hospital on January 30, 1945.

Mr. and Mrs. W. J. MacLeod Jr., nee Laxitaw, formerly of Rocky road, now of Adlen Park Manor, announce the birth of a son, Richard John on Jan. 25.

Before the Japs occupied the Philippines there were 36,212 Boy Scouts in the Islands.

★ I AM A WAC ★

by SERGT. RUTH C. WOLF

"See the chaplain!" This particular remark is a rather common one among members of the armed services because few and far between is the service man or woman, far from home, who needs no counseling or fatherly advice.

A chaplain's job is a big one. Chaplains not only advise and console, but on their shoulders rest the responsibility of providing religious life for soldiers of many creeds. This is a big order when one thinks of the religions represented in one camp alone. Because the maintenance of services in chapels entails many duties, assistants are welcomed by army chaplains at posts, camps, and stations throughout the United States and in many war theatres.

For the first time in the history of the San Antonio aviation cadet center, San Antonio, Tex., 28 members of the Wac attended the AAF chaplains transition course last month. This course is two weeks long. During the two weeks period Wacs make an extensive study of AAF organization, war orientation, military correspondence and filing, practical office procedure and physical fitness. As most assistants are musicians, the school offers a course of instruction in choir directing and organization. A choir is organized during each session in order to furnish the students with training in methods of such organization and with the direction of choirs on their own posts.

The first 28 Wacs to attend the aviation cadet school completed the two weeks specialized course on Jan. 16, 1945. Two days later, 30 more Wacs arrived to attend a similar course. According to the director, Lieut. Col. Glenn T. Witherspoon, chaplain, "Wacs are taking their duties as chaplain's assistants very seriously."

Dr. Essert to Speak at Mair PTA Meeting Tuesday Night

The Mair school PTA will hold its next meeting on Tuesday, Feb. 13. Classroom visits will be held from 7:30 to 8:00 p.m.

Dr. Paul L. Essert, superintendent of schools, will talk at the speakers session beginning at eight. His subject will be "Trends in the Grosse Pointe School System." An open forum will be held after the talk.

All parents are urged to attend.

Lawrence Tech Starts Spring Enrollment Monday

Enrollments for the spring term, starting Feb. 12, at Lawrence Tech are now being taken according to Miss Genevieve Dooley, registrar of the engineering college. With over sixteen hundred Lawrence Tech students in the armed forces, the student body has decreased considerably. However, Miss Dooley believes that the spring term will show a marked increase in enrollment.

Become a Wac medical technician.

Christian Science Lecture to Be Held in Mount Clemens

Under the auspices of the First Church of Christ, Scientist, Mount Clemens, Mich., B. Palmer Lewis, C.S.B., of New York City, will deliver a free lecture on Christian Science, entitled "Christian Science: Its Teaching and Its Practice," Friday evening, Feb. 9 at eight o'clock in the Mt. Clemens high school auditorium. The public is invited to attend.

Reckless Driving

Angelo Soano, 10934 Charlevoix, was ticketed for reckless driving, causing an accident last Sunday evening, when he collided with William M. Dumaux of 15112 St. Paul at Kercheval and Cadieux.

Accidents Increase As Sleet Makes Dangerous Streets

The number of accidents which occurred in Grosse Pointe over the week-end increased as the sleet and snow made the public streets dangerous highways for all vehicles. Among the first to occur was on Friday afternoon when Joseph Kennedy of 895 Lakepointe, 16 years old, backed into a car driven by Marguerite Koppin of 1404 Grayton, while on the Grosse Pointe high school grounds. Slight damage resulted.

Later William E. Holloway, 3988 Woodhall was driving on Ridge road in the Farms, in attempting to make a right turn on Lewiston, his car was rammed into by an auto operated by Mrs. A. Donovan of 3060 Seminole, who was driving in the same direction.

Estimated damages of \$200 each was the result of an accident involving cars driven by Theodore Schultz, 5590 Bedford and Josephine S. Mitchell of 60 Kenwood road at Moross and Grosse Pointe boulevard last Sunday.

Cadieux road had three accidents at different intersections last Sunday and Monday. The first took place Sunday afternoon when a car driven by Bernard Dorobek, 1063 19th street, skidded into a car driven by Hal H. Smith Jr., of 582 Rivard boulevard at Jefferson and Cadieux. Smith was making a left turn from Jefferson avenue.

Scene of the second accident Sunday was at Mack and Cadieux. Melvin Beaubien of 16423 Chesterfield, crashed into a parked car owned by Richard Trombley, 650 Notre Dame.

City police issued two reckless driving tickets Monday. The recipients were Harold W. Merrill, 393 Notre Dame and Robert G. Wilsher, 798 Trombly. They were involved in a crash at Cadieux and St. Paul.

Neighborhood Club Offers Information on Wac Recruiting

There is an urgent need for Wac medical technicians in the army medical department.

Recruits are needed to fill a number of vacancies, so if you are not a registered nurse you may still qualify for this branch of service.

Women between the ages of 18 and 30 are needed as X-ray technician, laboratory technician, etc.

Good stenographers, occupational therapy assistants, medical stenographers, etc. The army will instruct you if you are without previous training.

For further information contact the Wac recruiting office, or ask to see a copy of "The Wac with the Medical Department" at the OCD located in the Neighborhood club.

AWVS Safety Drive Stresses Dangers of Fire Hazards

Second in a series of articles presented by Grosse Pointe Unit of AWVS in connection with the national AWVS safety campaign.

Statistics show that one person dies every hour in the United States by fire. Better fire defense in the home is the first step in saving these lives. The most common causes of fire in the United States are:

Careless smoking habits. One of the most important rules for smokers is — Do not smoke in bed.

Rubbish. Accumulation of trash is an invitation to a fire.

Flammable liquids in the home. Only non-inflammable liquids are recommended for home dry-cleaning purposes.

Electrical hazards. Do not run

wires under rugs. Do not leave the electric iron with the current on when you answer the doorbell or the telephone. Keep electric cords in repair. Make sure your radio is properly installed. Inspect electrical toys and other appliances regularly. (Use only approved materials and equipment; look for the Underwriters' Laboratories label.)

Lamps and stoves. Devices using kerosene or gasoline have caused untold loss of life and property thru careless handling.

Overheated and defective chimneys and flues have caused many fires in home and industry.

Overheated and defective heating equipment ranks seventh in common causes of fire.

Bonfires, burning rubbish in the open, and forest fires cause heavy losses every year.

There are 22 sets of brothers in one Canadian anti-aircraft battery now in England.

LOOKING AHEAD

Doctors, surgeons, pharmacists all are looking ahead to the near future when the new miracles of medicine and method, produced in the crucible of war, will be in common use for the alleviation of pain and the saving of life. Some of these new drugs, PENICILLIN and SULPHA, for instance, are even now giving new hope to the afflicted, and we are prepared to fill prescriptions calling for them. Your doctor knows that he can always depend upon us to obtain as quickly as possible, all the new drugs science is developing in its steady advance towards a happier and healthier life.

Newman Foundation Plans Second Meeting

The Cardinal Newman Foundation will hold its second meeting of the year at Newman House, 5165 Second Boulevard, tonight at eight o'clock.

The Rev. Raymond Clancy will outline the papal pronouncements on labor and management. Father Clancy's talk will be followed by a panel discussion directed by the Rev. James Maguire, chaplain of the Wayne university Newman club. Resource speakers will include Laurentine Collins, Augusta Bookmeyer, William F. Connelly and the Hon. Edward Command.

Members of the Wayne university

Newman club are to be guests of the foundation and will participate in the discussion.

Miss Catherine Morgan is chairman of the program committee.

JEFFERSON AVENUE METHODIST CHURCH
E. Jefferson Avenue at Marborough
REGINALD R. FEUELL, Pastor
Sunday, Feb. 11, 1945

10:00 a.m. Morning worship service. Harold Thompson will speak on the subject, "The Layman's Place in the Church."

10:00-11:55 a.m. — Church school for beginners, primary and junior departments.

11:15-11:55 a.m. — Church school classes for intermediates, young people and adults.

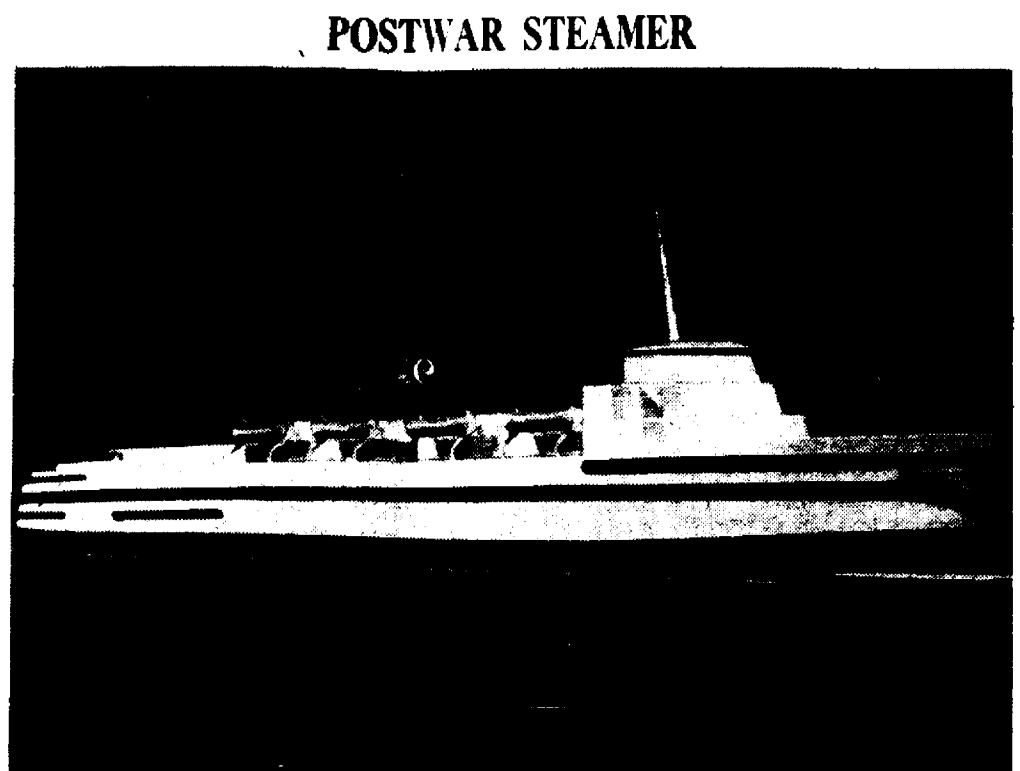

5:30 p.m. Dr. Sidney D. Eva will speak on "Lincoln." There will be several musical numbers by the choir.

7:00 p.m. Youth Fellowship meeting with Mrs. William DeVoe as speaker.

Wednesday, 6:30 p.m. First Lenten fellowship supper meeting of the season. Dr. King D. Beach, pastor of the First Methodist church, Jackson, will be the speaker. Reservations must be made for the supper.

Thursday, 10:00 a.m. Red Cross sewing. Bring sandwiches for lunch. Coffee and dessert will be furnished.

Friday — This is World Day of Prayer. People in all parts of the world will be setting aside some part of the day for meditation and prayer. The hour of public observance in Jefferson Avenue Methodist church will be 2:00 p.m. Mrs. William DeVoe will give a short devotional message. Every one is invited to attend.

POSTWAR STEAMER

To the many postwar plans for improvement of the nation's transportation facilities can now be added current Detroit & Cleveland Navigation company plans for the replacement of the steamer Greater Buffalo, requisitioned in 1942 by the War Shipping Administration and converted into the U. S. S. Sable, aircraft training carrier.

Gibbs and Cox, internationally known firm of naval architects have prepared the plans for this replacement vessel. Model of the proposed new ship exhibits the sleek lines and trimness that characterize the modern trend without departing from the stability that is traditional in great ships.

The proposed ship, according to information released today by James T. McMillan, president of D & C Navigation company, will have an over-all length of 523 feet; beam at the hull, 70 feet; and extreme beam, 87 feet. She will be of twin screw type with 12,000 shaft horsepower generated from two sets of compound steam turbines. The four boilers will be oil-fired. Speed will be 22 statute miles per hour.

Study of the specifications relating to passenger accommodations for sleeping, dining and recreation reveal that the proposed ship will be thoroughly modern. Passenger capacity is rated at 1215 to be accommodated in 592 rooms ranging from three-person deluxe rooms (with bath) to two-person Pullman type rooms (with toilet and lavatory). There are five decks—a dining room seating 300 at one time, a cafeteria, men's bar, women's lounge, club cafe, 250 seat motion picture theatre, covered promenades and sun deck.

Mr. McMillan points out that every attention has been paid to the matters of inherent stability in the ship and the greatest safety for crew and passengers.

All D & C ships in the past have featured express freight accommodations and have been designed to meet public convenience by carrying passengers' automobiles. The new ship has, in addition to full passenger load, a freight capacity of 1,000 tons, and will accommodate 100 automobiles.

MESSIAH LUTHERAN CHURCH
Southeast corner of Kercheval and Lakewood avenues. A. H. LOEBER, Pastor, 1434 Lakewood. LE. 2121

On Ash Wednesday, Feb. 14, the first of six mid-week Lenten services will be held; the time is 7:45 o'clock in the evening. In these services the first six of the Seven Words of Christ from the Cross will be the texts of the sermons, the seventh to be treated in a service on Good Friday afternoon. The text for Ash Wednesday will be the Savior's prayer: "Father, forgive them, for they know not what they do."

For the next three Sundays, the sermon subjects will be the following: Feb. 11, "Faith"; Feb. 18, "Hope"; Feb. 25, "Charity." The time of the two Sunday morning services is 8:00 and 10:30 o'clock. The Sunday school meets at 9:15 a.m.

Anyone desiring a copy of the complete pulpit program for the season of Lent, can call the church office, L. E. 2121, or address his request to 1434 Lakewood avenue, Detroit 15, Mich.

LUTHERAN CHURCH OF THE REFORMATION
Vernor Highway East at Lakewood
REV. C. F. STICKLES, D.D., Pastor

9:30 a.m. Classes for children of all ages and an adult Bible class for men and women.

11:00 a.m. "Can We Plan?" is the question upon which the pastor asks everyone to center his attention at the Sunday morning service.

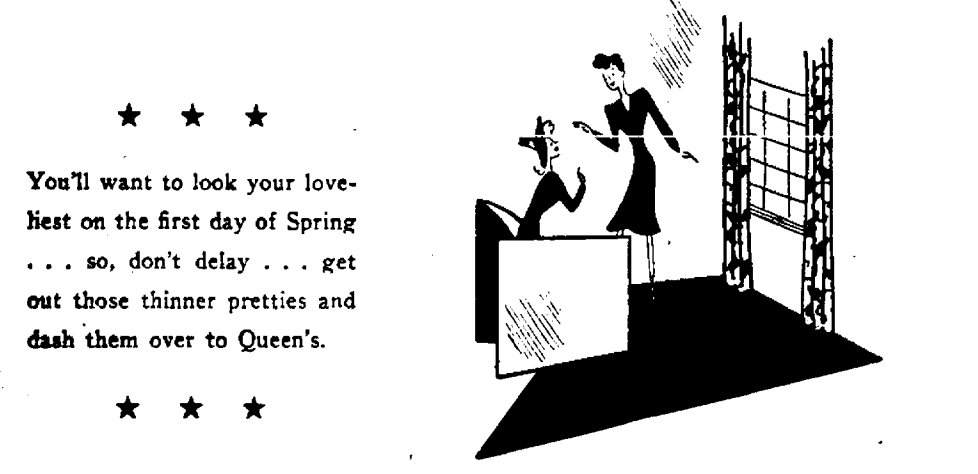

4:00 p.m. First meeting of the adult class for those who plan to unite with the church on Palm Sunday.

6:00 p.m. Luther League.

8:00 p.m. Brotherhood. This ladies' night. The whole congregation is invited. Interesting meeting, program and social hour.

Send fats to the Philippines. MacArthur needs tin.

whence law comes? On page 115 of "Science and Health with Key to the Scriptures," its author, Mary Baker Eddy, has defined God as: "Divine Principle, Life, Truth, Love, Soul, Spirit Mind." With the exception of these words is employed in the Bible to define the nature of God. Five of them, Mind, Spirit, Soul, Life, and Truth, were thus employed by Moses, and Love was used by John as a synonym for God.

"Mrs. Eddy uses the word 'Principle' in defining God. Principle is the great first cause, that which bases, decides, and controls all true being, that which is strong, reliable, and undeviating. Life is a synonym for Principle. God, because it has the elements of eternity. Thus unchanging activity, harmonious continuity, and unceasing power are attributes of Life. Truth is God, per-

Both Dorothy and James rank exceptionally high in scholarship. James also won the Bausch and Lomb medal, which is awarded to a member of the graduating class whose record in science and mathematics is exceptionally high and who gives the most promise of future distinction in the field of science. His record in 60 hours of science and mathematics was a straight A.

Ross Herron won the Trinity college alumni award, a dictionary, given to the highest ranking boy in each class who is also a varsity letter winner.

Shirley Smith and Kenneth Frantz were awarded the American Legion citizenship medals, which are presented by the Major Burns Henry Post No. 303 of the American Legion to the boy and girl who display outstanding qualities of good citizenship. The winners are chosen by a faculty committee and by a vote of the senior class.

Three scholarship winners were announced, Richard Palmer, Ross Herron and Alden Worcester. Richard's scholarship to Wayne university came to him in recognition of his achievement in his band work. It is a hundred dollar a year scholarship, renewable for four years.

Ross Herron's scholarship is a four-year tuition scholarship to Kalamazoo college carrying a \$600 value.

The high school Mothers' club presented a hundred dollar cash scholarship to Alden Worcester. It may be used in any accredited college.

Included in the role of 117 graduates were 27 honor graduates having an average of B or better for their three years of work in the senior high school. They are: Arthur Anderson, James Armour, Eda Mae Brunsard, Franklin Burn, Mary Cobane, Patricia Foster, Kenneth Frantz, Ida Fraser, Betty Fricke, Wood Geist, Phyllis Hagen, Ross Herron, John Hines, James Holt, Lesley Hulbert, Dorothy Jemal, Marilyn Johnson, Elizabeth Klaver, Richard Knight, Suzanne Juvinen, Floyd Nixon, Alfrida Radke, Patricia Slowin, Donald Sullivan, Peggy Toncray, Hunter Tyree and Alden Worcester.

Commencement speeches at Grosse Pointe high school are customarily given by members of the graduating class. James Armour, Betty Lois Fricke, and Donald Sullivan did the honors as student speakers Thursday night. Their general topic was "Education — A Mighty Force in the World." The preparation of their speeches was supervised by the Misses Helen Mutton, Virginia Walcott and Mrs. Kay Welchenbach, all of the high school English department.

The decoration and arrangement of the stage for the ceremonies was taken care of by the Mothers' club. The mothers also entertained the capacity audience at an informal reception in the auditorium following the exercises.

Graduation of the Class of February, 1945, brought to a total of 3,597 the number of students graduated from Grosse Pointe high school since the first class of 24 members in June, 1925.

Excerpts From Mrs. Herzog's Christian Science Lecture

Lecturing in Sixth Church of Christ, Scientist, Detroit, last Monday evening, Mrs. Anna E. Herzog, C.S.B., a member of the Christian Science board of lectureship, said in part:

"The child begins his mathematical calculations by learning that one and one are two. Later, with mature experience, he may be calculating mathematically in terms of light years and astronomical distances. Thus it is in the great problem of spiritual growth and progress, only by accurate obedience to divine law can one increase his proficiency in applying that law, and thus achieve greater benefits from the law's application.

"Christian Science teaches that healing of any problem — such as sin, sickness, lack, loss, or fear — can be worked out only through complete reliance on the supreme Lawgiver, and through strict conformity to divine law. Spiritual law in operation is the activity of divine Mind. What then is this Mind from

God, tender, powerful, intelligent, and everlasting. Soul is God; it is radiant, sinless consciousness. Spirit is God, incorporeal and ever present, all-pervading and as beneficent as the active, wise, and never-failing Mind which is God. It is such a God, the one and only God, from which divine law emanates.

"As has been said, spiritual law in operation is the activity of divine Mind. Man's real being expresses that activity in obedience to law. The real you, the real man, is the creation of God, the idea of Mind, the manifestation of Principle, the reflection of Love. He is the likeness of Spirit, the image of Truth, the child of Life.

"God's law, as expressed in the ten commandments, and the teachings of Christian Science, requires man to express God's nature. Grow-

ing into the realization of our selfhood as that real man, by growing out of the belief that we are mortals, is the work ahead of us all. We need to know that the real man constantly expresses the faculties of Mind. He has perception — true, broad, mental vision. He has apprehension — intelligent, quick, and accurate understanding. In fact, the real man expresses all of the activities and qualities of Mind, unchanged by any bores of heredity, environment, history, time, war, or accident. Christian Science teaches the application, the utilization, of the divine and beneficent rules of immutable Truth."

Floodlights on Edison Stacks Used As Aviation Markers

"Floodlights on the stacks of the company's Conners creek plant will be continued during the WPB's brownout, which was effective Feb. 1. The seven stacks, sometimes referred to as the 'seven sisters,' are used by civilian and military pilots as a marker, and they are also a serious hazard to aviation if unlighted," Angus D. McLay, vice-president and sales manager of the company said today. Not only the Detroit Edison plant, but all other plants with chimneys, radio towers or tall buildings must be lighted under aeronautical regulations as markers.

"Hundreds of inquiries have been received from Detroit Edison customers anxious to conform with the new order. Customers will be assisted by the company's power engineers and sales personnel in effecting more economical use of electrical energy and meeting the requirements of WPB's order — keeping in mind the necessity of maintaining health and safety.

"Several hundred tons of coal have been saved by Detroit Edison during the past few days as a result of the voluntary compliance by customers with the WPB's new nationwide 'brownout order,' Mr. McLay added.

Receives Federal Aid
Farmer, city dweller, the tourist and through traveler will share in the benefits of postwar construction on Michigan highways, Charles M. Ziegler, highway commissioner, told the Michigan State Association of Supervisors at their annual meeting here last week.

Michigan will receive \$16,683,000 a year in federal aid funds for three consecutive years immediately following the end of the wartime

emergency, Commissioner Ziegler explained to the supervisors, with \$4,135,000 to be expended on farm-to-market roads; \$5,713,000 in urban areas and \$6,835,000 on federal aid trunklines. This money will be matched 50-50 by Michigan, thus doubling these amounts.

the voters to turn out on Feb. 19 to register their choice for this important position.

Mr. Fritz is a well known resident of the community, having resided in Grosse Pointe for the past 22 years. His parents live at 1139 Beaconsfield avenue and his three brothers are in the service. William himself enlisted in the U. S. Naval Reserve upon his graduation from Grosse Pointe high school and after four years of service received his honorable discharge.

He then attended the Detroit Institute of Technology, majoring in political science. In 1943 he volunteered for induction in the U. S. army and was sent to Camp Hood, Tex., in the tank destroyer division. He soon was promoted to corporal and sent to the officers candidate school, graduating in July of the same year and commissioned a second lieutenant. During his advanced training period, however, he suffered an injury which compelled his retirement to the inactive status.

At present, Mr. Fritz is attending Wayne university law school, besides being busily engaged in organizing an American Legion post for World War II veterans. For the past six years he has been active in Republican politics and for the past four years has been elected delegate to the county convention. In 1942 he was a candidate for state senator in the first district and received a very substantial vote in Grosse Pointe.

He favors reapportionment of Wayne county to give Grosse Pointe a representative in the state legislature, separate from the Detroit district and will unceasingly work to bring about this change.

Make New Appointments at American Airlines

Agency, which pointed out that American Airlines reservations and ticket offices, it was announced by J. A. Tompkins, district traffic manager. Mr. King joined the company in 1944 and for the past 2½ years has held the position of central region supervisor and ticket office manager and acted as an advisor for that phase of company business in Detroit.

R. G. Roulston has been named central region manager — reservations and ticket offices for American Airlines. He has been with the company since 1936, was formerly reservations and ticket office supervisor in Chicago.

Airline Intends to Lower Passenger Fares

American Airlines, Inc., contemplates a general reduction of 6½ per cent in passenger fares throughout its national and international system to be effective on or about Mar. 1, 1945, according to an announcement by A. N. Kemp, president of the airlines.

In announcing the reduction, Mr. Kemp said "the decision to make a reduction was reached by American some time ago as the result of a continuing study of our rates which the company has been conducting. We have developed many new operating methods and improved maintenance procedures which have resulted in greater efficiencies and much high utilization of aircraft so that in spite of the fact that the company is paying higher wages to employees and higher prices for material and supplies than ever before in its history it is carrying increasing quantities of war traffic and with a limited number of aircraft available to us during this period. The company is experiencing very high load factors with a resultant lower cost-per-passenger mile. We are happy to make this reduction in passenger fares and look forward to further opportunities to do so from time to time in the future."

Community War Sufferers Aided by Funds

More than a million Chinese war sufferers benefited directly during 1944 from funds contributed to the Community War Chest and the National War Fund, according to a year-end report received this week from United China Relief, one of the 24 Community War Chest agencies. These people received assistance in the form of food, seed grain, medicine and cash.

This war chest agency further reports that during the past year it has assisted 30,000 war orphans, 15,000 refugee students and a number of blinded soldiers; aided 80 mobile units which care for the wounded at the front through the Chinese Red Cross and furnished hospitals with drugs and medical supplies. It has given support to a national health program and assisted the Chinese cooperatives, which provide employment and produce war materials.

working with medical officers and army nurses in army hospitals throughout the country. They are helping soldiers regain their spirits after the long, tedious months of healing. They are helping wounded men recover full use of their limbs. They are working as medical, surgical, dental, and laboratory technicians.

Wac medical technicians give biological tests, type blood for transfusions, make blood counts and prepare vaccines, working in the wards of the big army hospitals. Wac surgical technicians assist medical officers and army nurses in wards and operating rooms.

Emphasizing the need for more Wacs in the medical department, Maj. Gen. Norman T. Kirk, the sur-

geon general, U. S. army, said: "As the campaign for the liberation of nations under the Axis yoke intensifies, the need for more army hospital personnel grows by leaps

and bounds. The army medical department urgently requires the services of patriotic young women for direct assignment or professional training as hospital technicians."

INCOME TAX SERVICE
This March you must choose one of three methods in computing your income tax, and the method chosen is of tremendous importance to you.
The simplified system for individual taxes may be advantageous to some people, but for the majority of taxpayers, all with different incomes and deductions, it may well be the most costly way. The following example demonstrates the computation of a tax three ways on the same income resulting in three answers:
Fred Wilson, a single man, travels for a wholesale concern. His earnings were \$4995.00. His traveling expenses were \$900.00 for which he was not reimbursed. His home, which he owns and occupies, was damaged by fire, and he suffered a loss of \$650.00 over and above the insurance.
Mr. Wilson's Tax is:
If computed by the Collector \$954.00
If Form 1040 is filed, using the tax table \$752.00
If Form 1040 is filed, actually computing the tax \$696.25
If you have a tax problem, you are cordially invited to make use of the free consultation service offered by our organization. You will receive accurate and reliable information. Our personnel has the knowledge, experience and facilities which come from years of tax work.
Our office is open daily from 9:00 A. M. to 6:00 P. M. We pay your travel and our business is TAXES.

Township Clerk Lavers Candidate for Re-election Here

Grosse Pointe township's popular clerk is a candidate to succeed himself in office on the Republican ticket in the township primary election on Feb. 19.

His friends and associates are urging his re-election upon the basis of his fine record in the office to which he was appointed when Carl Schweikart became township supervisor, succeeding the late Norbert Denk.

VANCO

(Continued from Page One) be nothing to it. Nevertheless, I don't have to say a few words, but I would like to and I have to say what I have in my mind and in my heart.

"The story of Vanco Machine and Engineering is the same story as thousands of other shops and factories in our United States. It all comes down, regardless of strikes, ups and downs, our philosophy (which is once in a while wrong), to one point: To come back to normal. I of course, as owner of Vanco Machine, think that our shop did a very big share. Many times I come to the conclusion that that is a very selfish attitude, that it is impossible to have any success at all by oneself.

"Tonight I meet people here whom I have never seen before, people behind the curtains, people who indirectly did their share to our success and our progress. Without these people and all of them, regardless of the spirit and ambition and the nerve that we have at Vanco Machine, it would have never existed.

"The new building, the new equipment, the doubled and in some cases trebled production, are all made possible by the people in this room and the employees of Vanco Machine & Engineering, and I am often wondering when we figure it out in percentages, how much outside help I have had to be so successful. I often come to the conclusion it is more than fifty per cent. I can talk that way. I came from the other side.

"I knew very little about the word 'democracy' and above all, regardless of my experience all over the world, it has taken the last four years to find out what the words United States means. United the big and the small men; united in mind and in habits, and one thing that I have found out in my eight years' experience in the United States is that the Yankee is glad to give a hand to any one, regardless of nationality, or anything else.

"We can't lose this war! Regardless of our mistakes that are bound to happen. Perhaps we are not serious enough and our minds do not believe in war. We teach our children and our whole educational program is based on humanity and peace and to give a helping hand.

"Let's be thankful, not through my new building, but to live in a country where examples like myself are still possible. Let's be thankful to be Americans! "Thank you!"

PCA Completes Plans for Nonstop Runs to Chicago

New nonstop air service between the war-busy cities of Detroit and Chicago, which will aid in breaking the existing air bottleneck, will be inaugurated by PCA (Pennsylvania-Central Airlines) on Feb. 10, J. B. McCullough, PCA district traffic manager here, announced today. Permission to begin operations was granted by the Civil Aeronautics Board, which recently awarded The Capital Airline this important nonstop route.

Twelve fast daily flights will leave Detroit for Chicago, of which seven will be nonstop. The remaining five will continue to serve the cities of Flint, Lansing, Grand Rapids and Muskegon and Chicago.

The addition of the new nonstop flights will augment to 28 the daily departures from this city by PCA's Capitaliners, Detroit being one of the major points on PCA's network that covers 12 states east of the Mississippi. Included among these flights are express-type operations from Detroit east to Cleveland, Pittsburgh, Washington, Baltimore, and Norfolk, as well as high-speed flights west to Chicago, Milwaukee and Michigan cities.

The new direct flights will result in the funneling of many more air-travelers through Detroit, for no longer will Chicago-bound travelers from the eastern industrial centers find it expedient to transfer to another airline, before reaching Detroit. All of PCA's flights from Chicago, destined for eastern cities, will likewise include Detroit as a port of call.

All schedules have been revised. Mr. McCullough stated to permit the speediest service over the entire PCA system, resulting from the new Detroit-Chicago flights.

Select New Pastor for Eastminster Presbyterian Church

On Monday morning, Feb. 5, at the meeting of the Detroit Presbytery held in the Fort Street Presbyterian church, the Rev. Theodore V. Moldenke, of Hempstead, N. Y., accepted the call of the Eastminster Presbyterian church, to become its next pastor. Detroit Presbytery will

REV. THEODORE MOLDENKE

install Dr. Moldenke as the next minister of Eastminster church on Feb. 25, 1945 at 7:30 p.m.

Dr. Moldenke has had a wide and varied experience before his call to Eastminster. For three years he was a foreign missionary stationed at Rajahmundry, India. After returning to the United States, because of his wife's health, he became a national missionary founding six churches in unchurched areas in and about New York City. At one of these churches of which he has been pastor, he conducted from 1925 to 1945 the first psychological life adjustment clinic in the Presbyterian denomination. Since that time several prominent city churches have given similar counseling service. Later he was requested by his presbytery (Brooklyn-Nassau) to extend this life adjustment center to include all the 83 Presbyterian churches of that presbytery under the auspices of their board of Christian education.

Dr. Moldenke is accompanied to Detroit by his wife, the former Clara E. Winslow, of Saco, Me., and their daughter Patricia. They also have another daughter Priscilla, who is a social welfare worker for the state of Maine with her headquarters near their summer home at Orono, Me., on the Maine coast.

"Dr. Moldenke comes from the third generation of ministers in his family, since both his father and grandfather also had pastorates in New York City.

Dr. Moldenke is the fourth pastor of Eastminster Presbyterian church. He is the successor to Dr. Carl E. Kircher, who resigned the pastorate to become the minister of the First Presbyterian church, of Redlands, Calif.

MT. OLIVE EVANGELICAL LUTHERAN CHURCH

Radnor Avenue at Mack KENNETH W. VERTZ, Pastor

The little white church around the corner, although not very impressive outwardly, still has a warm and welcome atmosphere within for all who enter its portals. Divine services are held every Sunday at 10:45, and Sunday school at 9:30 with classes for all age groups. Our Sunday school, staffed by trained and conscientious teachers, is never too full to receive new members. Our church also sponsors religious training classes for children as well as adults who desire a better understanding of the fundamentals of the Christian religion. The children's classes are held in the church parlors every Saturday morning from 9:00 to 11:00, while the adult classes meet on Monday or Thursday evenings at 8:00. If you or your children desire membership in either of these classes, consider this announcement as our personal invitation.

GROSSE POINTE WOODS PRESBYTERIAN CHURCH

REV. ANDREW F. RAUTH, Minister

Sunday, Feb. 11, 1945 10:30 a.m. Morning worship with the observance of Cub and Scout Sunday, both groups in attendance. Sermon theme, "Right Religious Reverence."

Vincent R. DePetris Speaks on Soil Conservation

Vincent R. DePetris was the speaker Monday at the regular noon luncheon of the Grosse Pointe Rotary club at the Whittier hotel.

Speaking on conservation and the growing importance of erosion control, reforestation and rehabilitation of land in the United States, Mr. De-

Petris described steps now being taken by the government and cited the increased interest now being shown by industry as well as agriculture in the problem of protecting the soil.

He pointed out the resulting arid and desert-type land both in this country and abroad which had come from failure to scientifically diagnose the ultimate causes.

★ 10 YEARS AGO TODAY ★

Sergt. Ed Trombley of the Grosse Pointe City police department issued a general invitation to all Pointe residents to avail themselves of their complete fingerprinting service.

Adventures of American Airman at Aloma Theatre

Co-starring Ray Milland and Barbara Britton, Paramount's "Till We Meet Again" is scheduled for the Aloma theatre tomorrow and Saturday.

"Till We Meet Again" describes the thrilling adventures of an American aviator, played by Milland, who finds his way back to safety after being shot down over occupied France. Milland's salvation is due solely to the invaluable assistance of the French underground. Active in the movement are the nuns of a French convent, led by Mother Superior, played by Lucille Watson. A young novice, played by Miss Britton, is assigned the dangerous task of escorting Captain Milland to the coast with important Nazi plans which are in his possession. The Nazis, knowing that an American pilot is nearby, throw out a dragnet to effect his capture. How Milland and his ingenuity and the nun's undying faith successfully thwart Nazi plans makes this a great story.

War Reporter to Speak

The only war correspondent to ride into the Nazi-occupied Siegfried Line in a chartered taxicab will appear at Detroit Town Hall in the Fisher theatre at eleven o'clock, Wednesday morning, Feb. 14.

He is Robert J. Casey, for 25 years an ace of the Chicago Daily News foreign service.

The current membership of the Boy Scouts of America is 1,800,000 boys and men.

Training Program Reopened for Coast Guardsmen

Seventeen-year-old youths enlisting under the Coast Guard's newly reopened training program at Manhattan Beach Station, Brooklyn, N. Y., may be assigned to duty in one of the below-named classifications, the Detroit recruiting office has announced:

Amphibious Assault, Coast Guardsmen at Guadalcanal, Salerno, Saipan, Tarawa, Normandy, and in every invasion since the war's beginning have been entrusted with the special task of transporting troops safely from ship to enemy shore. They have manned the great armada of the beachheads — the LST's, LCI's and LCT's, maneuvering men, tanks, and supplies ashore with minimum loss under constant enemy fire.

For their phenomenal success in recent operations at Wadke and Biak Islands in the Philippines, Gen. Douglas MacArthur paid particular tribute to Coast Guardsmen who manned landing craft. Special commendation from the commander of the American forces was inserted in each man's service record.

Troop Escort, Coast Guard cutters, DE's and frigates are playing a leading role in breaking the U-boat menace in enemy-infested waters. One Coast Guard captain has achieved an all-time record by guiding 18 convoys through the North Atlantic in the course of two years without losing a single ship.

Air-Sea Rescue. The Coast Guard operates the new Air-Sea rescue agency now functioning on all frontiers. This is the aviation era's counterpart of rescue service formerly rendered surface vessels. It is only a matter of minutes after a crash at sea until Coast Guard planes and surface craft have effected rescue of the victims. As part of the air-rescue program are Coast Guard pilots flying anti-submarine and search patrol and utilizing newly streamlined communications systems.

Youths, who have completed at least one year of high school, may visit or write the Coast Guard recruiting office, Room 531 Lafayette Building, Detroit. All applicants must present their birth certificate.

Opera Society Plans 'Il Trovatore' As Second Performance

The Michigan Grand Opera Society, Inc., announces its second performance, "Il Trovatore," to be given at the Masonic Temple on Tuesday night, Feb. 20. Stellar roles will again be sung by stars coming in from New York, Gertrude Ribla, dramatic soprano, will appear as Lady Leonora, and Alexander Sved, baritone, will sing the role of Count di Luna. Detroit's own Winifred Heidt will come to town to sing the part of Azucena, the gypsy kidnapper; Ferrandi will be sung by Alfonso Pedroza, sensational bass.

The local chorus of 50 voices will be under the direction of a guest conductor, invited by D. Cesar Caffoni, with the orchestra again picked from the Detroit Symphony. Armando Agnini, stage director for "La Traviata," will return on Tuesday night to direct the production of "Il Trovatore."

Small solo parts have been picked from Detroit talent.

"Served Wherever Quality Counts"

Dramatic Screen Story at Colony Adapted From Novel

The screen adaptation of Anna Segher's novel, "The Seventh Cross" starring Spencer Tracy, will be shown at the Colony theatre tomorrow and Saturday.

"The Seventh Cross" is an exciting dramatic adventure fraught with suspense and desperation. Skillful character delineations are contributed by Hume Cronyn, Signe Hasso, Jessica Tandy and Agnes Moorehead.

"Hail the Conquering Hero" is a happy contrast to the above picture. It is a story filled with nonsensical dialogue and action which stars Eddie Bracken and Ella Rains. The trials and troubles in which Eddie finds himself make up the hilarious plot of the picture, and his helpmate, Ella, involves the two of them deeper and deeper into trouble.

CAP Dance to Be Held at Eastwood Park Sunday

The annual Civil Air Patrol (an auxiliary of the USAAF) Valentine dance will be held in the World's Fair ballroom at Eastwood Park, Gratiot avenue at Eight Mile road, Sunday night, Feb. 11.

Lowry Clark and his 11-piece Grande ballroom orchestra will be featured along with Gerry Melvin and her D & C floor show.

Capt. George E. Bennett, commander of Squadron 633-2 is general chairman and will be assisted by Lieutenants Pat Patten, Paul Gassman, Charles Emzilian, William Light, William Ferguson and W-O J. W. Barrette and George Overby.

Special guests will include 250 men from the air force at Selfridge Field and all Michigan wing personnel.

Many get-acquainted features are planned. Gratiot street car service direct to Eastwood park all evening. The public is cordially invited.

The army needs you; join the War medical technicians.

Coming Sunday, February 18: Red Skelton, Esther Williams in "BATHING BEAUTY" In Technicolor

Cary Grant in 'Arsenic and Old Lace' at Shores

Cary Grant and Priscilla Lane in "Arsenic and Old Lace" will be the feature offered at the Shores Sunday, Monday and Tuesday. This story concerns two Brooklyn Biggias who murder their lonely male boarders. This they accomplish with the unwitting aid of an equally daft nephew who thinks he's "Teddy" Roosevelt. The return of the second and criminally insane nephew, wanted by police, with still another corpse adds to the hilarious complications. Discovery of what's going on by the only sane Brewster, Cary Grant, who is a dramatic critic, brings matters to a head, and how! From that point on, anything can happen, ad does!

The brilliant supporting cast includes Josephine Hull, Jean Adair, the Borgias, Raymond Massey, Peter Lorre, Jack Carson, James Gleason and Edward Everett Everett Horton, and a host of other stars.

ATSC Supplies for AAF Match Climate Conditions in War
Wright Field, Ohio. — Without benefit of weather reports from the major battle areas, one could glance at supply records at Air Technical Service Command headquarters, Wright Field, Dayton, Ohio and come up with a good guess as to climate encountered by our fighting men in the European and Pacific combat areas. Typical of this are three such orders, anti-icing fluid and aircraft skin for United Kingdom; rust preventative compound for the Pacific. The same orders also present vividly the speed with which supply division personnel, under the direction of Maj. Lester T. Miller, chief, galvanize into top speed in answering requisitions for overseas material. Take the anti-icing fluid request. Records reveal that approximately ten thousand gallons of the fluid previously had been dispatched to the United Kingdom for distribution to front line combat bases. However, an emergency cable indicated that the early supply was nearing exhaustion and more was needed. That cable was received Nov. 23 and indicated a need for 8,000 gallons as quickly as possible. A quick check of records at ATSC, engineering, procurement, supply and maintenance nerve center of the AAF, revealed that the entire quantity was on hand at the Topeka, Kan., depot. The lot, weighing 82,000 lbs., could be crated and ready for shipment to Newark, N.J., in a few hours, officials at the depot promised. They made good on the promise too. On arrival, by plane, at Newark, location of the Atlantic overseas depot operated by ATSC, the lot was divided into four parts and was shipped in four days — by plane to distribution points in England. Wartime Milk Need Forecasts New Ideas for Postwar Dairies

outstanding aid to the war despite the task of successfully handling the greatest demand in history for milk and dairy products, according to Leonard N. Francke, executive secretary of the Michigan Milk Dealers Association. "The great Michigan dairy industry is proving that it is one of the country's economic assets in wartime," he says, "and the lessons learned during these trying times of conflict already point the way to improved service to consumers in the post-war world. "More milk is being distributed to greater numbers of people than ever before in U. S. history. The millions of men and women in the armed forces are trained on fresh milk. This means that vast new groups of milk conscious young men and young women will have a predominant influence on future consumer habits. When the war ends these strong, healthy and patriotic ex-service people will hardly forget about milk and dairy products. They will make up a new force in the consumer world already sold on the nutritional and economic value of our No. 1 wartime food. "Recently Col. Paul P. Logan, of the subsistence branch of the army quartermaster general's office, said that milk runs like a theme song thru the vast military food supply; and that there is no more important item in the soldier diet than milk. Colonel Logan also declared that America's dairy cows are doing an unsung job of tremendous value to the armed forces. "Thus, our industry which had to learn quickly how to increase production and create new methods of distribution is undergoing post-war training at the same time. We believe our experience in overcoming manpower problems, difficulties of supply, conservation of tires and lack of new equipment will make possible a postwar industry offering a product of improved quality that means a higher consumption level than the prewar average." Detroit Sends 99,328 Men Into Navy Service A total of 99,328 men were sworn into the navy during 1944 at Detroit's navy training and induction station, according to an announcement today by Lt. Colonel Byron E. Johnson, director in charge. The first contingent of men from Detroit was 3,508, between July and August, 1941, and 17,983 between September 1941 and January 1942. The largest contingent of 17,172 men, between February and April, 1942, was 17,172 men, between February and April, 1942.
