Over 250 Victory Gardeners Eye Spring Weather

Woods Residents Will Receive Surplus Plots

If the fine weather continues in Grosse Pointe, the local Victory garden plots will be dished and staked within the next few weeks. This was the announcement made here this week by the garden council officials.

POINTE PARAGRAPHS

by THE POINTER

A night clerk in a Chicago hotel which had been destroyed by fire testified before the board of inquiry that he could have extinguished the blaze before it got out of control if he had known how to operate a fire extinguisher. This incident prompts the question: Does your household or business staff know how to operate the fire extinguishers, if any, in your home or at your business?

To date "Roger the Horseman's" cap has not been found. It is hoped that some one will find it soon and return it.

We know that spring has come for the changing of the various fire extinguishers and that they are appearing in the streets.

Registrations to date for gardens stand at over one hundred in Grosse Pointe Park; approximately seventy-two in the City; and 84 in the Farms.

Residents of Grosse Pointe Woods have been calling the Victory Garden council to ask if they might reserve gardens in the community plots of the other villages. Their applications will be accepted as long as space is available. The residents are advised to call the municipal clerks in the Farms, City, or Park for further information. Preference will, of course, have to be given to local residents first, but only if reservations from the local residents are received promptly.

Michigan had the largest number of Victory gardens last summer of any state in the Union. This record is one to be proud of and one which made a material difference in the food supply. Since last autumn, almost all of France, Belgium, Italy, and part of The Netherlands have been liberated. It will not be possible to immediately resurrect the complete agricultural facilities of those countries. Their populations are looking to America for food after almost six years of war. We cannot afford to waste our surplus.

Eight Boys Leave for Army; Three to Wait for Graduation

Selective Service Board 57 in Grosse Pointe Park announced this week that eight men have been scheduled for induction next Tuesday, March 27. Three other lads have been notified that their induction will be held up pending their graduation in June.

The men will report at the Neighborhood club, St. Clair and Waterloo, at 6:15 a.m., EWT, at which time send-off ceremonies will take place. At each induction from the Pointe, members of the Home Front committee and the women of the Breakfast club provide entertainment and refreshments for the departing men and their families, relatives and friends who are invited to see them off.

Those leaving next Tuesday are Howard H. Cole, 13209 E. Vernor Highway; Richard Q. Studer, 2073 Beaufait; Charles T. Ward, 973 Washington; William C. McCloskey, 204 Lakeview; leader; Rudy C. Leiker, 2223 Roslyn; John G. Lapp, 813 Trombley; Archie J. Damman, Jr., 668 Pemberton; and Richard G. Knight, Jr., 1141 Yorkshire. The three boys whose induction has been postponed until June are Thomas H. Joyce, 995 Nottingham; Lawrence J. Mahoney, 971 Lakepointe; and William J. Halliday, 1102 Beaconsfield.

PROCLAMATION

Whereas, the week of March 19 has been designated as Victory Garden Week in Michigan,

And Whereas the stringent national food situation makes it more imperative than ever before that every family have a Victory Garden so that they will not lack for the right kinds of foods and health will be maintained,

And Whereas Michigan has set a goal of more than one million Victory Gardens in 1945,

Now therefore we, the undersigned, do hereby call upon all of our citizens to take part in the observance of Victory Garden Week by planning now to have a Victory Garden, growing sufficient foods in these gardens so that there will be not only fresh produce for the table, but a sufficient quantity to preserve and store for winter use, and by providing our own foods help to achieve Michigan's goal and do our full share in the war effort.

Young Park Marine Killed in Iwo Jima Invasion

Word was received here recently of the death of Pfc. James J. Phillips during the battle at Iwo Jima on March 1. His parents are Mr. and Mrs. Burt Phillips of 1152 Nottingham road, Grosse Pointe Park. He was 19.

James enlisted in the Marine Corps at the age of 17 in August, 1942, and received his basic training

PFC. JAMES J. PHILLIPS at San Diego, Calif. He spent 13 months in the Aleutians, at Dutch Harbor and Attu.

Last summer this Marine was home on his first leave and was then sent back to California and shipped to Guam in September. It was during the invasion of Iwo Jima that he was killed.

Postpone Action; Manager Hints Similar Move

A bombshell was dropped into the laps of the Grosse Pointe Park village commissioners Monday night, when Ward S. Van Deusen announced to those assembled that it was his wish to resign the presidency of the village. This announcement followed the swearing in of the

three new commissioners: Elmer F. Ulrich, James McMillan and William Gillett.

Commissioner Howard Parshall was named the president pro-tem for induction of the new commissioners and President Van Deusen asked to make some remarks following their installation.

Enumerating the accomplishments of the commission during his term of office, but listing business and other reasons, including the state of his health, as his grounds, President Van Deusen asked the commission to accept his resignation from the office of village president. He was elected to this post last spring.

Coming as a complete surprise to members of the commission, they refused to accept this but tabled it for 30 days for further consideration.

Following Mr. Van Deusen's declaration, Village Manager E. B. Lane also addressed the commission and stated that he didn't have to stay on as village manager, either. He said that he would answer various criticisms which were directed at him "in due time." (The Review reminded that a protest over statements in water was filed from the Detroit Water Board on Jan. 1, 1945, in which it was stated that the water was not safe and unpalatable.)

Discussion Group Chooses Socialized Medicine As Topic

The Grosse Pointe Discussion group will hold its third meeting of the current series on Wednesday, March 28 at the Grosse Pointe high school, at 8 p.m.

Representative Rabaut to Visit Europe's Liberated Areas Upon Official's Request

Edward Rabaut, secretary of Michigan, last week was named by the secretary of state to make a special trip to the liberated areas of Europe. In a letter just received, Edward Rabaut stated:

Expect War Development Project in G. P. Farms

The Grosse Pointe Farms board of trustees was told Monday night of the plans of a real estate company which is planning the construction of a war housing development at Roland and Chalifont. The project will consist of 70-80 dwellings.

The development would proceed immediately; it will consist of duplexes and will be rented for the duration. After the emergency, the company will determine whether the dwellings will continue to be rented or to be sold.

President Names Committee Members, Other Appointments

James K. Watkins, Grosse Pointe Farms village president, announced the appointments of the members of the board of trustees to the various committees which will deal with all problems of village government.

Finance committee: William F. Connolly, Jr., chairman; R. Gervys Grylls and B. Dave Bushaw.

Police and Fire committee: J. R. Sutton, Jr., chairman; Connolly and Richard Maxon.

Grylls and Connolly will handle affairs of the legal committee. Maxon was named head of the public works committee; his assistants will be Grylls and Bushaw; the latter will head the recreation committee with Sutton and William Kirby as members; the building and zoning committee will consist of Kirby and Grylls.

Sutton was named president pro-tem, and Harry Furton, village clerk, was named village accountant.

Other appointments are as follows: Murray M. Smith, village engineer and superintendent of the water department; Theodore Beaupre, building inspector and superintendent of the park and pier; Carter Piche, highway commissioner; and Peter A. Hall, assistant village commissioner.

Raymond Jeffs, of the village, and Sutton and Connolly, in the use of their offices, were named to the position of village clerk. The position of village clerk is now held by Raymond Jeffs. The position of village clerk is now held by Raymond Jeffs.

Pointers Have Fair Chance of Bathing This Summer Here

An unofficial agreement was reached recently by Murray M. Smith, Grosse Pointe Farms village engineer, and William C. Harper, Macomb county drain commissioner regarding the Lakeshore interceptor, its operation and cessation of operation.

Mr. Smith pointed out that by the discharge of the Nine Mile road sewage into Lake St. Clair rather than into the county interceptor sewer, carried pollution into the lake. This is done to such an extent during May, June, July, August, and September, that swimming is prohibitive. This fact is known by the banning of swimmers in Lake St. Clair until the middle of last July when the interceptor gates were closed.

Mr. Harper felt that it would be better to manually operate the diversion control during spring thaws and rains and said that during the five summer months mentioned there would be no diversion into the lake except in case of "torrential rains." If any change in the operation of the interceptor should be made, he agreed to notify the Farms of his reasons.

Invite Pointers to Discussion of Dumbarton Oaks

The Lions club of the East Side of Detroit, at its regular luncheon meeting Wednesday noon at 12:15 p.m., at the Whittier, will hear William C. Harper, president of the Detroit Bar Association and a national authority on international law, deliver an address on the Dumbarton Oaks conference with particular reference to the international court of justice. He is a graduate of Princeton and is very conversant with the subject matter.

Members of the Grosse Pointe village board have been issued an invitation to attend the conference and to deliver an address on the requirements of the foreign service.

It is well known that the success of Rabaut's South American investigation prompted the present suggestion. On that occasion the former under secretary of state, Sumner Wells, said that he was at a loss for words to describe the good that had been accomplished. It is hoped that the trip to Europe will further assist our foreign relations.

Stettinius told Rabaut that: "The necessity of taking an active part in the political, social and economic reconstruction of the world after the war will call for the best our country has to offer. We wish the congress to study with us what will be needed to carry out successfully these important commitments."

It would be of great practical value to the congress to have the best information at its disposal on special committees concerning the war and their bearing on the requirements of the foreign service.

State Propositions

Official action was taken Monday by the Grosse Pointe Farms board of trustees when they authorized Harry Furton, village clerk, to address communications to the Michigan state senate and state house of representatives, registering their approval and disapproval of certain bills which are coming before the respective bodies.

The board urges the passage of House Bills No. 7 and 294 which propose the distribution of the sales tax revenue to the municipalities. It also urges, through Senate Bills No. 237 and 229, the re-distribution of the gas and weight tax monies to the individual communities.

Opposition was registered toward Senate Bill No. 107 by the trustees for this bill calls for a reduction in the returns from liquor taxes to the municipalities from 85 per cent to 40 per cent.

Woods Establishes New Commission for Park Upkeep

An ordinance was adopted Tuesday night by the Grosse Pointe Woods commission for the purpose of creating a municipal park commission with the definition of its duties. The village park will be located on Mack; it will be part of the newly acquired site purchased by the village.

The village president will appoint a seven man commission: Three members for one-year term; two for a two-year term; and two for a three-year term. The members must be owners of assessable property and cannot be employees or officials of the village. No compensation for their services will be received.

Ernst & Co. were again engaged to audit the books of the village of Grosse Pointe Park this week. In conformity with the plan which was adopted last year, the work will be carried on for the sum of \$1350 in addition to the assistance which will be given by village employees.

Two Persons Injured in Auto Accident

Mrs. Ida Otto, 60, of 1031 Lakeshore, and Arthur W. Ratz, of 304 McKinley, were injured in an auto accident last Friday night on Cadillac near Charlevoix, the former suffering from body bruises and the latter from shock.

The accident occurred when Albert Otto of the Lakeshore address, while driving on Cadillac, hit the Ratz car which was traveling on Charlevoix. Both cars sustained damages.

Rene Longeville of 4001 Neff road, while driving on Mack avenue last Thursday night sideswiped a parked car in attempting to avoid another car in traffic. The parked car is owned by Lewis E. Beiter, 1894 Broadstone.

Find Young 'Peeping Tom' in G. P. Park

A 16-year-old Detroit youth, a resident of the East Side, was taken to the Wayne county juvenile home Monday by Park police following his arrest Sunday night on a window peeping charge.

The boy was picked up by Officers A. Meadon and J. Van de Ginste while they were investigating a call that Harold Sadowski residence, 919 Barrington. He was found hiding in bushes near the house.

A complaint against the boy will be filed in juvenile court.

Bitten on Hand
Police reports showed last week that Kenneth Solterick, seven years old of 117, Maryland was bitten on his right hand by a neighborhood dog.

Offered for April

Victory gardeners and vegetable growers will be offered a short course in growing vitally needed food at the Grosse Pointe high school the first three Wednesday evenings in April. Each session will cover essential phases of vegetable growing for beginners and discussion of troublesome problems, new varieties, and the most advanced methods of culture for experienced gardeners.

V. R. DePetris, who has been teaching courses in victory gardening which have greatly contributed to the success of many Grosse Pointers' efforts over the past two years, has again volunteered his time to conduct the present course.

The dates are Wednesday evenings, April 4, 11, and 18. A different room at the high school than that occupied last year, with more comfortable furniture for adults, will be used. The sessions will start promptly at 7:45 and will end at 9:30 p.m. There is no fee.

Persons interested in attending are asked to phone the board of education, NI. 2000, ext. 25, for reservations. Those wishing special phases of gardening discussed should make known their needs when calling.

The course is sponsored by the Grosse Pointe board of education and the Grosse Pointe Victory Garden council.

Missing in Action

THE war department notified Mr. and Mrs. Frederick C. Ford, of 1632 Bishop road, that their son, Lieut. Alfred Ford, 23, is missing in action over Germany. They received word Tuesday, March 14,

Reports Narcotics Missing
I. Miller, proprietor of the Miller Drug company, Wayburn and Kercheval, reported to police that approximately \$75 worth of narcotics were found to be missing from his store last Friday. No trace of the drugs has been found.

When Farms police went to the unoccupied Ledyard home on Cloverly road last Sunday to investigate a call that "someone was in the house," they found nine youngsters, all sisters, brothers and cousins, who were told that they could "have fun" out in the empty house. They were sold by the officers that it was private property and to leave. They found that the youngsters had even brought picnic lunches.

With all the talk about the changing of time, Grosse Pointe residents can rest assured that they needn't turn their clocks either forward or backwards because the Pointe will go along with Detroit — whatever that is. But to solve the mystery, the official time is Eastern War Time, and don't let anyone tell you different.

Another racket which we have discovered to be prevalent in Detroit and which will soon be cracked wide open is in the home modernization field. Everyone is warned that overcharges on repairing has been noted and all are asked to be careful to check any company thoroughly before doing business to make sure the contract is in order, to make sure that there are no trick clauses, to get competitive bids, and to see that money paid is for actual construction work.

The Gabriel Richard Council of the Knights of Columbus will honor Laurel Doyle, its second gold star on its service flag by initiating a class of 100 candidates into the order.

Was Some One Hungry?
Mrs. E. Kerr of 23034 Nine Mile road, St. Clair Shores, thought that she would ease her aching arms last Saturday and leave her bag of groceries in a Kercheval avenue store while she completed her week-end shopping.

When she returned to pick up her groceries, they were nowhere to be seen.

A police officer later found the semi-empty grocery bag in the rear of the store containing only — a package of gum and a magazine.

WHO IS MR. MORELAND???

The last official act of Park Commissioner Paul Moreland, incumbent candidate to succeed himself, who was rebuked by the electorate which accorded him the lowest vote in the recent election, was to criticize the voice of the public which decisively defeated him and gave Village Clerk Wm. G. Stamman a fine vote of confidence.

At the Park commission meeting Monday night, Mr. Moreland answered a letter of eulogy from President Ward S. Van Deusen with a vitriolic attack on Mr. Stamman, the public who re-elected him and made certain statements bordering on the libelous, if not entirely, concerning a former highly respected village official.

Mr. Moreland made a rather peevish effort to discount the weight of this newspaper without, of course, knowing whereof he spoke, for The Review has the only sworn circulation and sworn paid circulation in Grosse Pointe. Is it because he resented the exposure made by The Review of the water rate raise in the Park, an act in which Mr. Moreland participated along with other members of the commission? No doubt the electorate would have much more appreciated a little diligence upon his part in answering that situation instead of trying to create one of his own. Such a feat certainly did not add to his stature, nor contradict the electorate's estimate as officially recorded in the vote.

By way of contrast, The Review would like to point out the gesture of another defeated candidate, who sought office in another village on the same election day which saw Moreland reelected. Elsewhere in this issue appears an ad with an entirely different theme and attitude, expressed thusly, "We Lost the Election, But We Won Friends." By way of contrast again we say how refreshingly different from the sour grape attitude adopted by Mr. Moreland. The Review admires the sportsmanship of Mr. Hill.

Results of the Park election proved beyond the shadow of a doubt that the Park residents do not want to be told how to vote. It also proved that the electorate will reward faithful honest service by returning a servant to office, just as it rebuke an official which it apparently feels has fallen short and should be succeeded by one showing more promise.

Mr. Moreland's "swan song" smelled strongly of sour grapes and it did nothing to rectify his stature in the eyes of his friends, his imaginary enemies or the electorate which deposed him.

By casting a vote for Mr. Stamman, YOU, Mr. Taxpayer of Grosse Pointe Park, performed a disservice to the community by re-electing Mr. Moreland. You were practically told that you should cast a double-cross on the commission who tried to tell you that you were not to vote at all. It is none of your business how the government is run.

It is considered a high honor on the campus. Miss Jaekel is pursuing the pre-medical course and Miss Searles the liberal arts course.

Patricia will complete this Saturday night for the office of Greek Goddess at the interfraternity ball in Albion's Kresge gymnasium. She will represent the Kappa Delta sorority. Music for the ball will be furnished by Gene Devine and his 14-piece orchestra from Lansing. This is an outstanding event in the Albion social calendar.

Complete text of Mr. Moreland's pedagogical brand of the vitriol would make rather boring reading to the rightly advised. In fact, even casual perusal would only tend to assure the electorate of their estimate as reflected in the vote.

If the citizens of Grosse Pointe Park refused to give ear to the commission when being told how to vote, why would they care to give audience to an EX-commissioner.

Who is Mr. Moreland???

Dr. Dittmer to Address Bethany School PTA

He has lectured on sex hygiene at Wayne university and Valparaiso university. Bethany school is at the corner of Chautauque and East Outer Drive. The public is invited to attend. Mrs. Alger Shelden Re-elected Chairman of Grosse Pointe Unit AWVS March 14th

On Wednesday, March 14, the Grosse Pointe unit of the American Women's Voluntary Services held its third annual meeting and election of officers at the Neighborhood club.

Reports for the fiscal year ending Jan. 31, 1945, were read by the chairman of the various activities of the unit, and the following officers were elected for the coming year:

Mrs. Alger Shelden, chairman; Mrs. Howard M. Bingham, first vice-chairman; Mrs. Edward C. Balm, second vice-chairman; Mrs. Gage W. Cooper, recording secretary; Mrs. R. G. Sickels, corresponding secretary and Mrs. Otis U. Walker, treasurer.

Mrs. Shelden thanked the unit for its achievements during the past year, but warned of the danger in looking back and re-living triumphs. She pointed out that this fourth year, just beginning, will be a test of courage and endurance, for it is the long pull that is hard and much of the work of the AWVS will seem monotonous, and as time goes on the effort will have to be greater to counter-balance the seeming endlessness of the war and all that it makes necessary.

"Although much of our work is repetitious and therefore dull," said Mrs. Shelden, "it is not half so dull as the lives of most of our boys in camps or overseas — with the rain and the wind — the drilling — the same food, the endless waiting. Our boys are meeting and defeating this enemy. Perhaps it will help if we realize that we are facing the same enemy."

Among those attending the meeting were Mrs. John J. O'Brien, member of the national board of directors of AWVS and chairman of the Detroit unit, who spoke briefly, and Mrs. Arlon B. Clark, state chairman. The meeting closed with the awarding of merit ribbons. Mrs. Clark gave a short, congratulatory address and presented Mrs. Shelden with a ribbon for 5,000 hours of voluntary service. Awards for 3,000 hours were made to Mesdames Howard M. Bingham, Harold H. Klein and Robert Slaymaker. There were seven members who received awards for 2,000 hours; 14 for 1,000 hours; 24 members for 500 hours; and 12 for 250 hours.

Erin Go Faul! Sure and 'tis a fine time everyone had at the "hag" dance at GHS last Saturday night — 'tis right here we saw the wearin' o' the green 'n the smiling Irish eyes.

Ye ole gym was decorated in true Irish fashion — there were paintings of beautiful Irish colleens 'n even a little green leprechaun a-lookin' down from the wall on all the dance shininagens!

Sure, 'n 'tis none o' the strong Irish tea 'e'd be havin' to drink but there was plenty o' cokes 'n doughnuts to be had. Over by the coke stand saw Annie Sullivan 'n Howard Hekey, Peggy Toncray 'n Bill Massnick, Nancy Anderson 'n Johnny Laop, Dona Dahlen 'n Jeff Wilshire, Adel Gillett 'n Joe Hickey, Joey Joinstone 'n George Eversman, Betty Cobel 'n Archie Dammann and Joanie Clerk 'n Jack Wilson.

By gorrah! The dance wouldn't have been complete without the huge replica of Paddy's pig decoratin' one of the walls. And ye can be sure 'twasn't any blarney the kids were givin' out when they stood around admiring the decorations. Pat Hall 'n Dick Knight, Barbara Sicles 'n Floyd Nixon, Booley Bowen 'n Speed Ritter (who was home on leave from the navy), Doty Walton 'n "Julie" Huebner, Marty Butterfield 'n Shorty Taylor, Marilyn Lamb 'n "Caw" Cameron, Alma Larsen 'n Jack Marshall and John Rummel and Bunny Kitson.

St. Patrick would have been mighty proud of Donald Duncan when he bought the picture of the beautiful colleen 'n an Irish lad for a \$1,000 war bond. Donald's date for the dance was Pat Loring. The other murals that decorated the walls were also sold for war bonds and stamps.

The hag line was unusually large at the dance 'cause about thirty of the boys were in Lansing for the regional basketball playoffs. A few of the colleens in the hag line were Janie Heron, Kathy Stuart, Sara Malcomson, Buggs Borgman, Betsy Bauman, Cynthia Penoyar, Shirley Smith, Karin Linrh, Mary Ella Andrus, Sally Baker, Lois McNierny, Franic Kretschmer, Katie Kalheisch, Annie Davis, Diane Faulk, Doris Buser and Janet Reed.

Some of the kids who made their debut at the dance were: Dick Ralph, Bill Chapman, Jack MacKensie, Lee Kirchen and Bill Halfday.

Since Bing Crosby and Frank Sinatra have been in the spotlight — swooning seems to be the fad — and guess that is just what the gals at Wayne U. are doing 'cause a G.P. lad — namely — Wood Giest is one of the four candidates for "Swoon Boy" of the frosh class at the university. But Saturday will tell the tale when the gals of the school will have to pick "the" one.

Pierce Junior High School Junior Red Cross Group Passes Goal in Recent Campaign

A drive for funds for the American Junior Red Cross was held for one week between March 1 and 8 at the John D. Pierce Junior high school, and during the drive a total of \$1,207.47 was collected. This compared with \$643.43 which was collected in the 1944 drive.

The "kick-off" for the drive was an assembly on March 1. The keynote speaker was Lieut. Cmdr. J. P. Ottaway of Grosse Pointe, who has recently returned from the South Pacific after 80,000 miles of travel and five major engagements there. He is at present stationed at Grosse Ile.

Mrs. Alice Moody Sheaffer presented the school with a Red Cross flag and is now flying from the school flag pole.

The Pierce Red Cross council members, composed of 27 members, presided at the meeting. They gave the Red Cross creed and led the student body in Red Cross songs and the pledge.

The council members conducted the drive in their respective homerooms. The goal for each room was \$25; 17 homerooms met this goal

Hostess Corps Features 'Bunny Hop' Saturday

Group II of the Grosse Pointe Hostess Corps will entertain servicemen at another of the Corps' house parties at the Neighborhood club, Saturday night, March 24. The party, under the chairmanship of Shirley Beaupre, will follow the Easter theme and has been named the "Bunny Hop."

Senior hostesses and the party chairman met at the home of Mary Smith, on Lincoln road to discuss initial plans for the dance. It was decided that paper rabbits inscribed with the names of the hostesses will be pulled out of tops of hats by the servicemen in order to meet their first partners of the evening.

On Miss Beaupre's committee are Mary Margaret Babcock, Louise Vander Ross and Anna Marie Weir. Miss Weir and her band will provide the music.

daughter of Mr. and Mrs. A. S. Bradley, of 436 15th avenue, N.E. His parents are Mr. and Mrs. Karl B. Goddard, of 1240 Yorkshire road, Grosse Pointe Park.

Marana Army Air Field, Tucson, Ariz. — Raymond P. Bandemer, son of Mr. and Mrs. Paul A. Bandemer, of 1406 Buckingham, Grosse Pointe, has been promoted to private first class at Marana (Ariz.) AAF.

Private Bandemer, already accepted for army air forces pilot training, is an On-the-Line trainee at Marana, awaiting assignment to the 34th Bomber Group, which is being transferred to the Western Flying Training Command basic pilot school last July from the college training

detachment of the University of Missouri, Columbia, Mo. Before Private Bandemer entered the army March 17, 1944, he was graduated from the Grosse Pointe high school.

An Eighth Air Force Bomber Station, England. — Donald G. Navarre, 25, whose wife, Mrs. Eleanor V. Navarre, 1467 Wayburn avenue, Grosse Pointe Park, has been promoted from corporal to sergeant. Sergeant Navarre is radio operator and waist gunner on a B-17 Flying Fortress participating in Eighth Air Force

operations. He is a member of the 34th Bomber Group, a unit of the Third Air Division, the division cited by the Pres-

ident for its now historic England-Africa shuttle bombing of Messerschmitt aircraft plants at Regensburg, Germany.

Sergeant Navarre is the son of Mr. and Mrs. Julius Navarre, 245 North Franklin avenue, Dearborn, Mich. Before entering the AAF in July, 1943, the sergeant was employed as a secretary by the Great Lakes Steel corporation, Detroit. He attended Redford high school and the Detroit Business Institute.

15th AAF in Italy.—Three Grosse Pointe men, two of whom are brothers, have had identical army careers since entering the AAF in February 1942 and are now assigned to a 15th AAF P-51 Mustang fighter group in Italy.

The pilots, Second Lieuts. John R. and Charles R. McKinley, 41 Colonial road, brothers, and Second Lieut. Mark C. Rowley, 600 Lincoln road, will fly combat against the enemy with a group that has participated in every major aerial operation of the Mediterranean Theatre since April 1943, and that has the outstanding record of having destroyed 483 enemy planes in aerial combat on 425 missions. This group has been awarded two Distinguished Unit citations for outstanding achievements in aerial combat, and was the first fighter group to fly the historic Italy-to-Russia shuttle mission in June 1944. Col. Ernest H. Beverly, Laurinburg, N. C., commands this unit.

The principal type of aerial operation upon which they will fly will be high altitude heavy bomber escort in aerial assaults upon strategic railroad yards, oil refineries, landing grounds and aircraft production plants in Germany and German controlled territory.

The three pilots have trained together from the time they had basic training at Miami Beach, Fla., and received their pilot's wings on May 23, 1944 at Eagle Pass, Tex.

The Lieutenants McKinley are the sons of Mr. and Mrs. John R. McKinley, Sr., 41 Colonial road, Grosse Pointe Shores. Lieutenant Rowley is

the son of Mr. and Mrs. Mark L. Rowley, 600 Lincoln road, Grosse Pointe.

Capt. Earl W. Lawitzke of 817 Washington road, a liaison officer, and Pvt. Herman P. Miller, of 350 Rivard boulevard, an ammunition handler, were members of the 346th Field Artillery battalion, which fired 1,200 rounds into German defenses recently as Fifth Army doughboys took Monghidoro, 25 miles south of Bologna, on the Italian front.

Destroying tanks and self-propelled guns and blowing up enemy ammunition dumps, the 346th poured out 126,000 shells from its 105-millimeter cañon in the outfit's first 150 days in combat. The battalion fired as many as 4,500 rounds in a day at Futa Pass to facilitate the breaching of the Gothic Line by the 346th's parent organization, the 91st "Powder River" division. The artillery battalion played a key role in the capture of Poggio, Pietramala and Loiano and has reached a point where its punch is being felt by Germans guarding the approaches into the Po Valley.

The 346th silenced a German battery as it undertook its initial mission car Cecina last July 11. Along the Arno river, the battalion kept Germans on the north bank in a state of confusion while infantry bridged the water barrier and established bases for the drive into the Gothic Line.

The outfit's ammunition wasn't big enough to blast out the concrete fortifications of the hilltop village of Poggio, but the 346th laid down such

an effective concentration that the defenders were forced to cower in their emplacements while doughboys moved into the town, dug out the Germans and took 200 prisoners. The service battery of the 346th has been awarded the Meritorious Service Unit Plaque for outstanding service and performance of duty.

CHRISTIAN SCIENCE CHURCHES

"Matter" will be the subject of the sermon in all Christian Science churches throughout the world on Sunday, March 25.

Among the Bible citations is the passage (1 Corinthians 15:48, 49): "As is the earthy, such are they also that are earthy; and as is the heavenly, such are they also that are heavenly. And as we have borne the image of the earthy, we shall also bear the image of the heavenly."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (280): "Rightly understood, instead of possessing a sentient material form, man has a sensationless body; and God, the soul of man and of all existence, being perpetual in His own individuality, harmony, and immortality, imparts and perpetuates these qualities in man, — through Mind, not matter."

'Sad Sacks' Organized in Gratiot Township; for Teen Age Boys and Girls

They do have something in common with the character depicted in the famous cartoon, "The Sad Sack," the group of teen age boys and girls of Gratiot township who have formed a club under the same name. They are far from being sacks although they may feel they have been sadly neglected as far as a means of clean and wholesome recreation is concerned.

This was apparent during a meeting of the group in the home of its sponsor, Mrs. Leona Vuchay, 19700 Kenosha, Saturday night, March 10. It was well conducted, well attended and was followed by dancing to record music in the basement and a lunch of ice cream and cake furnished by Mr. and Mrs. S. Newman who live across the street. All of which bears out Mrs. Vuchay's contention that the teen agers in the township need and want some form of recreational activity outside of their homes and after work and school hours.

The club has already grown to a membership of about forty-four girls and boys in a little over a month's time. It is hoped it will spread to include every youth in the township with the help of parents, the school board, the township fathers and business men.

"This is something that is vital," said Mrs. Vuchay. "We want our children to have wholesome recreation. That is why we have plans for the Sad Sacks having a ball team, both baseball and basketball — even football in season. We are planning to have dances and plays, hay rides, bowling contests as well as escorted trips to the operettas and museums. Anything young people like to do."

"We are going to try to hold our meetings at the Beacon school if possible," she continued. "We would even like to have an old barn we could fix up where we could give shows and parents and the public could attend."

She went on to outline a program of art classes, sewing circles — any number of activities that could and probably would make Gratiot township a more homey place to live in between grown ups and children alike. And why not?

This is a problem — a youth's problem. The township fathers have been, by necessity, too busy securing needed improvements and extensions to give much thought to what the children needed or wanted, along the lines of recreation. Both they and the residents are being asked to step in now and keep a good movement moving. The Sad Sacks will continue to hold their meetings in Mrs. Vuchay's basement every other Saturday night. The next meeting will be March 24. And all teen agers are urged to join with them and attend regularly.

Bird Study Course Offered Nature Lovers at Richard

A course in bird study of special interest to residents of the metropolitan area, desiring a knowledge of the common birds and how to attract them to their own gardens, will be started at the Richard school, Tuesday night, March 27, at 7:30.

Clarence Messner, president of the Michigan Audubon society will be in charge and will discuss the problems of identification, migration, nesting, feeding, ecology and conservation. It is also planned to have several short field trips.

You may register for this class by calling the Grosse Pointe board of education, Nl. 2000, ext. 25.

Boy Scout Band Wants Players Now

Calling all Scouts in the metropolitan-Detroit area who play band instruments.

The long wanted and needed Boy Scout band is developing rapidly under the leadership of Graham Overguard, director of music of Wayne university. William Scanlon is band director.

The Boy Scout band rehearses every Saturday morning from 9:30 to 11:30 in the Wayne University Band Building, Third and Warren.

Every Scout who plays a band instrument is to join this great organization. Scouts who wish to play in the first concert, should start rehearsals next Saturday morning. There is a special need for basses, baritones, trombones and horns. Large instruments will be furnished at the band building by the university.

American Legion 303 N-E-W-S

In the Bay City Bowling Tournament No. 1 team took No. 2 team for three games even though 73 pins a game was handed to No. 2 team, a swell time was had by all, but sleep was out of the question, due to the over ambitious antics of two Legion bowlers who were seeing the town from 8:00 p.m. till 5:30 a.m. and coming to our rooms and keeping us aroused to the point where there was no sleep. One bowler received a black eye (painted) while sleeping in a big chair, and we understand that he came all the way back to Detroit "Incognito." Neither team was in the money.

Sunday service, 10:45. Sunday school, 9:30. Mid-week service, 8:00 p.m. Mt. Olive Lutheran church earnestly invites you to attend its mid-week lenten services, held every Wednesday night throughout Lent at eight o'clock. We ask you to interrupt the routine of your temporary interests and distractions to join us in the consideration of the sufferings and death of Him who came to establish our salvation. You cannot afford to pass Him by. Your eternal destiny is involved in His Passion. Your attitude towards Him determines your eternal fate. He constitutes the one great issue of your life. We ask you to arouse yourself out of your preoccupation with the trivialities of life and pay heed to the essential values of eternal verities. "What is a man profited if he gain the whole world and yet lose his own soul?" Your life is rapidly running its course. You do not know the hour of its termination. If you reach the end of the road without the companionship of Christ, you will end a miserable life as a spiritual bankrupt.

sale for the upper grades.

These experiences were truly functional. In English classes discussions, publicity plans, announcements, rehearsals, oral and written reports had to be made to carry thru this gigantic fast moving activity. Arithmetic classes were used to estimate prices, make sales slips and practice salesmanship. While the sales were in progress, change was made and actual sales were written up. Two store detectives checked on all out going patrons (in a discreet manner of course). Total sales were recorded and reported. Four cashiers and ten clerks served on the sales committee.

The Red Cross Drive was launched March 1st with the WJR broadcast by Junior Red Cross members and short resume of each grade's plans for the drive was given by each of the room delegates who wore the Junior Red Cross insignia on a headband.

The grand finale given Wednesday, March 7, 1945 consisted of a G. I. Canteen talent show furnished by pupils and teachers. Everyone who desired to participate in the show was required to go through a try-out. Two separate try-outs were held after school hours in order to preview the 85 different pupil acts.

songs and dances. After the try-outs were judged the best numbers were selected by the committee of teachers and students.

Some of the highlights of the show were piano and bank instrument solos, skits a la Abbot and Costello, ballet and tap dancers, diary dramatization and a romantic South Sea Island skit.

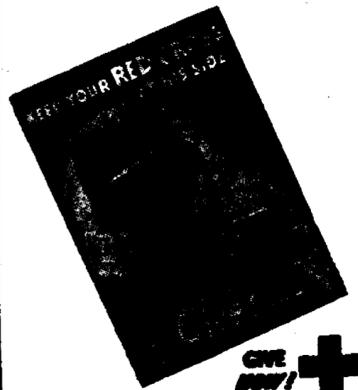

Everyone paid 5c for a ticket made by the 5th and 6th grade art classes. These Red Cross insignia tickets were sold in the rooms prior to the show.

The teaching staff was justly proud of the Trombly Junior Red Cross workers for the ingenuity displayed in making money, the indefatigable effort given and the resulting total amount of \$180.00 earned.

Christian Scientists Contribute Much to War Relief

The Christian Science war relief of Sixth Church of Christ, Scientist, of Detroit report that more than 11,596 pieces of clothing, bedding and knitted articles have been sent to their general headquarters in Boston for shipment to war sufferers abroad. The local committee meets every Monday, Tuesday and Thursday from 9:30 a.m. to 4 p.m. and from 7 to 9 Tuesday nights. Information will be gladly given from the workroom, 14730 Kercheval avenue, by telephone, Lenox 0951. Those who wish to donate garments or other articles to the committee or to help with the work are invited to call the chairman by telephone, TU. 2-3016.

There is a critical need for infants' and boys' clothing. All used garments should be thoroughly cleaned and repaired, and may be sent to this workroom.

The local committee is one of more than fourteen hundred units in the United States preparing materials for shipment to sufferers in the war torn countries. As a result of this united effort more than three million garments have been supplied to civilians who have suffered as the result of the war, and in addition 400,000 knitted garments have been furnished to men and women in the armed services. Since the beginning of the war,

materials have been distributed in England by almoners appointed by the churches, and now arrangements have been made to establish organizations to distribute relief in the liberated countries.

The Christian Science churches have for more than a year been sending clothing to the Russian War Relief.

Local Post Office Reviews Overseas Mail Regulations

As the teen age boys and girls reach the age for induction into the armed services and are transferred overseas, mothers, fathers, sweethearts, etc., who heretofore paid little or no attention to mailing regulations become vitally concerned. The resumption of limited mail service to liberated countries has also resulted in anxious relatives and friends in America inquiring about a means of communicating or sending articles to those who have suffered as a result of the war.

Following are a few simple regulations:

Mail matter to servicemen and women within the United States may be sent under domestic limits of size, weight and rate of postage.

To the armed forces overseas parcel post packages are limited to 5 pounds in weight, 15 inches in length and 36 inches in combined length and girth. The rate is the same as that between the mailing point and the office from which they leave.

United States. Articles to the army forces overseas must be requested by the addressee. Only one parcel up to the limits provided may be accepted for each request letter which must be presented with the parcel. They can be mailed by the same sender to the same addressee no oftener than once a week and cannot be insured or registered. To the Navy, Marine Corps and Coast Guard overseas they may be mailed with the same frequency and no request letter is necessary. Registration and insurance to these forces is permitted and the limits of weight and size are the same.

Small parcels to the army forces overseas up to eight ounces, except foodstuffs and candy, and also un-mailable articles, are permitted without request and without regard to frequency, providing they are sealed and sent at the first class rate. Such parcels may be registered if specific request for the articles enclosed have been made by the addressee.

The air mail to all servicemen overseas is limited to a letter in its ordinary form and up to two ounces in weight. The rate of postage is 6 cents for each half ounce or fraction thereof. These limitations are imposed in the interest of conserving cargo space on airplanes and permitting the rapid transit of as many letters as possible. V-mail should be used in the interest of still further conserving cargo space.

The rate for air mail to servicemen located within the United States is 4 cents per pound.

Richard School N-E-W-S

Parents and friends were recently invited to Miss Norris' 2A room at Richard school. A group of children under their own direction put on a radio skit. Movies taken of the children in the room last fall were shown, and the reading of their first newspaper publication completed the program.

Their newspaper is called The Little Paper and sold for two cents a copy. The paper includes pictures, stories, happenings at home and at school, and news events submitted by members of the class as their unique contributions.

Children in the second grade develop a keen interest in creative writing. They are conscious for the first time of their power to create in the new medium of expression. The purpose of the paper is to reproduce these exact impressions as a means of reliving our pleasant experiences and to make individual growth an eager pursuit.

The spring of 1945 finds Richard school going strong in Defense stamp sales.

The director of this activity, Olive Stringer, reports that the minute-man flag flies in the March wind which tells everyone 90 per cent of the boys and girls at Richard are buying defense stamps. Our individual sales vary from one ten cent stamp to \$10 worth of 10-cent stamps. We are especially interested in having each child do his part whether it be large or small.

Richard school faculty and children are very grateful to Mrs. Ruth Walker who very loyally comes to their school every Tuesday afternoon to sell bonds and stamps.

To date March 12, 1945 our total defense stamp sale is \$3,080.35 and our bond total is \$43,070.00 for the 1944-45 school year.

The seventh war loan campaign will open May 14. We hope each child will have his stamp book filled and be ready to purchase his bond during this drive. This will be the last war bond drive before school closes for the summer vacation.

Will Make Toys

Teen-age boys and girls at St. Elizabeth's Community House, a Community War Chest agency, are starting a Junior Red Cross unit to make toys for Polish children overseas. The boys are working on models of Polish planes, while the girls are making cuddle toys from socks. A group of older teen-age girls are working on afghans to be used as knee warmers for the servicemen at Percy Jones hospital.

Lenten Production Now Playing at Players Theaters

The Catholic Theatre's Lenten production, "Behold the Man," now playing at The Players theatre on East Jefferson, will run through the 28th. A Lenten play, unique because of the change from Biblical to modern background in the second act, "Behold the Man" is fast moving with excellent dialogue.

Author Father Daniel A. Lord, S. J., has written several outstanding religious plays, among them "Pilate the Governor," and "Fantasy of the Passion." He is particularly well-known for his editing of the periodical "The Queen's Work" and numerous pamphlets.

North Carolina provided more soldiers for the Confederacy than any other state.

Romantic Comedy Billed for Screen at Aloma Theatre

"The Impatient Years," a romantic comedy, stars Jean Arthur, Lee Bowman and Charles Coburn which is a gay and tender comedy with some of today's realities.

This film will be shown at the Aloma theatre tomorrow and Saturday.

"The Impatient Years" is a touching and timely story about a soldier, Lee Bowman, and a girl, Jean Arthur, who meet, marry and honeymoon all on his four day furlough—and want a divorce on his next. Through the insistence of the girl's father, Charles Coburn, the judge decrees that they retrace the steps that led to their first meeting and see if they can recapture their love. From then on laughs flow abundantly.

"The Impatient Years" is a gay but tender comedy enriched with Jean's warmth and charm. Her talent for making the most of a laugh situation is definitely known and in this movie she uses her ability to the utmost. Bowman gives an excellent portrayal of the bewildered bridegroom; Coburn is his inimitable self, and Bill Brown as the pesky boarder is good for an extra share of laughs.

A companion feature will also be shown.

Muskrat, or "marsh rabbit" as it is sometimes called, was a prime favorite, especially in winter, with the aborigines of North America.

Marlene Dietrich in 'Kismet' on Screen at Colony Theatre

Ronald Colman and Marlene Dietrich head the cast of MGM's eye-filling new spectacle in technicolor which will be shown at the Colony theatre tomorrow and Saturday.

"Kismet" tells the story of Hafiz, the beggar magician who plots to have his daughter marry royalty. His schemes become involved when the daughter, Joy Ann Page, meets and falls in love with a handsome young man she believes to be the palace gardener but who is in reality the Caliph himself.

From that point on the complications develop along the kind of entertainment lines that will keep you entertained and absorbed from fade-in to fade-out. Hafiz himself falls in love with the queen of the dancing girls and makes a "deal" with the Grand Vizier involving his own daughter.

The companion feature with this is "The Conspirators" starring Hedy Lamarr and Paul Henreid.

April 1 Deadline for Enlistment in U. S. Coast Guard

The Coast Guard announced today that April 1 was the deadline for applications to take entry examinations for the Coast Guard academy four year regular officers course.

High school graduates, or high school seniors 17 to 22 are eligible for the academy course. It is the Coast Guard equivalent of Annapolis or West Point, and is located at New London, Conn. Upon graduation, cadets are commissioned en-

signs in the regular Coast Guard.

Entry is attained via competitive examinations rather than by congressional appointment. Prerequisites are sound physical condition, height of at least 5 ft. 6 in., and academic credits totalling 8.5 units. Subjects credited must include English, physics, mathematics, and chemistry. Examinations will be given in Detroit in May.

Applications to take the examination, however, must be made before April 1, by writing to the Commandant, U. S. Coast Guard, Washington 25, D.C.

MacArthur can use your scrap paper.

The second picture to be shown is "The Impatient Years," this is a gay but tender comedy enriched with Jean Arthur's warmth and charm. Rackham Concert to Climax Youth Festival March 23; Pointer Takes Part

The city-wide Detroit Youth Festival now in progress with Karl

Krueger as director, Valtor Poole as assistant director, and Mary Carrick as concert director will be celebrated in this city until tomorrow, when a final Youth festival concert will be given at the Rackham Educational Memorial Auditorium, 80 Farnsworth avenue, at 8:30 p.m.

The festival ensemble, with Stanislaw Schapiro, violinist; Mary Carrick, pianist; Jack R. Boesen, violinist; Guyton Amato, violist; and Jesse Forstot, cellist; the Wayne university dance workshop; and the Robert Nolan choir, will present chamber music, dance pantomime, and choral songs for the teen and college age groups and adults.

The Wayne university Dance Workshop, directed by Ruth Murray and Delia Hussey, will present a modern pantomime entitled "Tremendous Trifles of 1945," a dance interpretation of present-day civilian problems — transportation, rationing, and juvenile delinquency — the last a satirical study of a women's club conferring on the problems of youth.

Among the members of the Dance Workshop is Mary Alice Barker, 267 Balfour road, Grosse Pointe Park.

Sponsors of the venture are the Detroit public library, Wayne university, the University of Michigan extension service, and the inter-racial committee.

Have you donated that pint of blood yet?

Pella Rolscreen Porches
Once in place... ALWAYS IN PLACE... No Putting Up... No Taking Down...
No Painting... No Storage... No Repairing

When Pella ROLSCREENS are once installed they become a permanent part of the porch. They need never be taken down or put up. A touch of the finger and ROLSCREENS roll up, automatically, onto hidden rollers. They are just as easily lowered.

★ **ROLSCREEN FEATURES** ★

ROLSCREENS will not bulge or tear. Special clear vision "Alumina" wire-cloth releases from the guides if it is ever struck or bumped and it automatically re-enters the guides when the ROLSCREEN is raised. Admits 10 to 20 per cent more light than screens with wide ugly frames.

CHANGE YOUR
Porch Into A Sun Room
With Pella Casements

- ★ Rolscreens
- ★ Dual Glazing
- ★ Draft-Tight Weatherstripping

ALSO

- ★ Invisible Combinations
- ★ Quick Change Combination Windows
