"WE LEAD, OTHERS FOLLOW"

OUR OWN MEMORIAL

One year ago yesterday the Grosse Pointe Honor Roll edifice was unveiled and vesterday the second Memorial Day service was scheduled at that shrine.

During the past year, thousands of Pointe residents have stopped at that spot or at least gazed at it in passing, either when riding or walking. The longer the Memorial stands, the more one is impressed with its significant simplicity and beauty. Other communities have seen fit to erect a Memorial of a

kind or description. Pictures of such edifices have found their way into the daily and weekly press. And, many residents of the Pointes in their travels during the year have had opportunity to see others. By way of comparison, none can scarcely compare with the dignified beauty of Grosse Pointe's Honor

And so, our own memorial will stand, not only as a tribute to our heroes but as a credit to the committee who so carefully planned and designed it.

BECAUSE SOMEONE BROKE THE STREET LIGHT!

Bitter experience—reckoned in smashed cars and bleeding, broken bodies—proves that the less street light there is in a community, the more accidents.

And here's the point: Few streets in America have enough light at night. That makes every street lamp specially important.

Anyone who breaks a street light may be condemning a fellow American to sudden

death or crippting injury at that darkened spot a few hours later. REPORT BROKEN LIGHTS

The last rear tire of one jeep was orn to shreds. The hood and headlight of the second jeep were riddled Not a man was injured as the entire group dove into ditches and tail

A Filippino guide made the trip to point out land mines and Japanese supply areas. He failed to discover the mine on which one of the men landed as he jumped from his ecp. The mine failed to explode.

Snilson and Saile said, "Somebody Upstairs is really pulling strings for our reconnaissance platoon."

They add, "Everyone of us seems to have a horseshoe around his neck for our job is to explore enemy territory into which no American troops have entered." "Not one of us," they continued, "has received a scratch in spite of the fact we have probed the mountains and plains of New Britain, Luzon, Panay, and Negros.

During the late April engagement when the two jeeps were hit Snilson and Saile and their buddies changed a tire on their vehicle while under fire. In order to withdraw it was necessary for them to crawl backward in ditches along rice paddies.

They further stated, "Our job is to get in, get the information, get the hell out of there, and report what we have found to headquarters. I guess that is the reason we have heard bullets and shrapnel without feeling any of their bad effects."

Victory Volunteer

As you read this, your armed forces are fighting their way toward the great victory. Every American must do his part—that means every American must back this greatest of all War Bond drives-the mighty, urgent Seventh!

TWO BIG DRIVES IN ONE!

r. . . Last year, by this time, you were asked to subscribe in two drives. Since this is the first drive in 1945, we must be ready to back it up to the hilt. That means you must substantially increase your bond buying during the Seventh. E. Let's get ready now to welcome the volunteer salesmen with a generous heart and an open pocketbook. Thousands of men, women, boys and girls are giving their time to take your bond subscriptions. They know

how vital this drive is-show them you know, too, by buying bigger, extra bonds.

... If you have any income, from any source—whether from work, land or capital-you have a personal quota in this drive. Find out what it is-and be ready to do your share when your victory volunteer calls.

... The need is greater than ever before. As we push closer to victory, the cost of waging war gets higher and higher. More guns, more ships, more planes are needed every day. That's why we must put every ounce of effort behind the Seventh War Loan. And remember, too, war bonds are still the world's safest investment-they represent savings for your future-victory for your country.

CHOOSE THE ONE THAT BEST SUITS YOU

The "basket" of securities to be sold under the direction of the State War Finance Committee, is especially designed to fit individual investment requirements. Marketable securities will be dated June 1, 1945:

- Series E, F, and G Savings Bonds
- Savings Notes, Series C
- 2½% Bonds, maturing June 15th, 1972 # 21/4% Bonds, maturing June 15th, 1962
- 11/2% Bonds, maturing December 15th, 1950
- maturing June 1, 1946

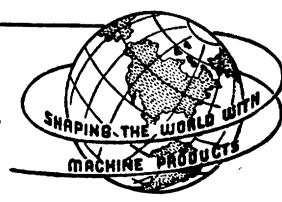

Contact your bank for further details as to who may buy these securities, and the period during which they are available to various classes of investors.
