With all the talk of red points and the "un-attainable," we thought we'd pass on this little story to you. The other morning, after a young lady we know, dropped some red points on the grass on Kercheval avenue, but she didn't take time to look for the last one. A short time later, a youngster of three, while riding his tricycle down the walk, found the last red point and picked it up, screamed: "Meat! Mama, buy meat!"

These children certainly learn young, don't they?

Despite some rumors which have been circulated and questioned in Grosse Pointe Park these last few weeks, we find that Charles Parrish, Park village president, re-appointed E. B. Lane, Park village manager; William Johnson, controller and Charles Heise, treasurer.

We understand that Detroit will become one of the cultural spots in the country now that the city is to have its own music hall. Announcement was made this week that the Wilson theatre has been rechristened the Music Hall and it becomes the official home of the Detroit Symphony orchestra.

Talking about coincidence! Yesterday, June 20, four birthdays were celebrated by two fathers and two daughters. Frank Dansbury, City fireman, and Albert Wyffels, City police officer, were discussing birthdays the other day when each discovered that their anniversaries were on the same day. However, the climax came when each said to the other, "My daughter's birthday is also on the same day as mine!"

If anyone misses Rosemary Schaefer out in the City assessor's office, it is because she is convalescing from an operation which took place last week. Speedy recovery, Rosemary!

To set several minds at ease—the City of Grosse Pointe fathers notified Norbert Neff, chairman of the Home Front committee, that they will finance the next sendoff scheduled in Grosse Pointe. It will be by personal contribution of the council members.

Some confusion reigned in the Farms' council chambers last Monday night when the councilmen decided to reconsider Sidney Boer's raise in salary which was granted him in the new budget. After reconsidering it — they granted the raise.

Not so with Joe Beaupre's and Ray LaBelle's, for after reconsidering their raises, which was stipulated at the same time as Boer's, the councilmen decided that in the latter's cases, the answer is—No raise. Seems—as though they couldn't make up their minds.

City Attempts To Settle Employees' Sick Leave Plan

Voices were raised at the discussion concerning the sick benefits which the employees of the City of Grosse Pointe are to receive when the representative of the local union pointed out faults in the plan presented by Councilman John Mack and Thornton Waterfall Monday.

The sick program calls for two weeks for sick leave, and if the individual required more, his vacation time could be applied with the leave. The employee must forego his vacation if this is done. Another stipulation set forth was that sick leaves could not accumulate from year to year.

Although the union representative did not agree with the above plan, he said he would present it to the employees, and if they agreed to it, the plan would be returned to the council for approval or disapproval.

Two Men Sentenced For Breaking and Entering Bar

Appearing before Judge Chester P. O'Hara, in Wayne county circuit court, John Doka, Jr. and William A. Boreo, who broke into Kelly's Bar several weeks ago, heard their respective sentences. Doka was adjudged insane and committed to the Ypsilanti State hospital.

Recalled the Bronze Star Aboard the USS Franklin

LIEUT. JOHN B. BARR, third from right, just prior to his receiving the Bronze Star from Vice-Admiral A. A. Fitch, deputy chief of naval operations for air, aboard the USS Franklin on May 21. To the far left is Capt. Leslie E. Geary, commanding officer of the Franklin at the time she was attacked by Jap planes off the shores of Japan.

Lieut. John B. Barr, 26, son of Mr. and Mrs. W. M. Barr of 315 McKinley road, Grosse Pointe Farms, was one of the heroes aboard "Big Ben," the now famous carrier USS Franklin, whose miraculous survival of an aerial bombing in the Pacific has become one of the most dramatic sea stories of the war.

The ship which the Japanese sank in New York and Lieutenant Barr is safely in Grosse Pointe, relating his experiences he had while fighting the fires aboard the carrier.

The Franklin was operating 60 miles off Japan near Kobe with a fast carrier task force on the morning of March 19. Many of her planes were on deck, loaded with bombs, rockets and machine gun ammunition, preparing to take off.

It was at this, her most vulnerable moment, that a Jap dive bomber streaked down out of the clouds and released two 500-pound bombs. Within a minute the bombs had started a train of fires and explosions which for hours seared and shattered the carrier's frame. Resulting fires were fed by thousands of gallons of aviation gasoline.

Theft of Gas Tabs Reported to Police by Gas Station Owner

Frank Van Dame, proprietor of Van's garage, 17372 Mack avenue, told City police Monday morning that thieves had taken A, B, C, and T gas coupons worth 776 gallons of gas and approximately five dollars in cash from a cash drawer.

Investigation disclosed that police officers had notified him that his door was unlocked Saturday night. He arrived immediately and locked the door, but failed to look inside to see if anything was missing.

Detroit Receives Check

Grosse Pointe Farms paid one of its recent bills with a check for \$6,812.33; this was paid to the City of Detroit for the use of the city's sewers in transmitting sewage to the disposal plant.

To Purchase New Truck

Grosse Pointe Farms opened bids Monday night for the purchase of a new heavy duty truck for village work, especially for snow plowing, and referred them to the public works committee with power to act.

Kerby-Beaupre Intersection in Farms Is Scene of Two Minor Accidents in 3 Days

Two accidents in three days occurred at the intersection of Kerby and Beaupre in Grosse Pointe Farms.

The Franklin must be abandoned, her crew wrote one of the brightest chapters in the long story of naval heroism at sea. With 341 shipmates killed, 431 missing and 300 wounded, those who were left outfought the fires, patched up the damage and brought the 27,000-ton ship 12,000 miles back home.

Park Son Buried in Luxembourg, Parents Are Told

The death of Pfc. Kenneth Needham, 24, was announced here this week; he was killed and buried in Luxembourg, Germany, on March 11 while participating in the push towards Berlin; it is believed he was with Patton's Army. He is the son of Mr. and Mrs. Thomas Needham of 1351 Lakepointe.

Missing for two months, Mr. and Mrs. Needham finally received word

of their son's death. Previous to this, he had been wounded and had returned to health in a French hospital. The extent of Private Needham's wounds was not known, however.

Graduating from Grosse Pointe high school in 1940, Private Needham entered service on October 18, 1941 and after training at Camp Claiborne, Arkansas and Camp Meade, West Virginia, he left for Europe, where he was killed.

Announce Honors At High School

Grosse Pointe high school will announce the names of graduates who have received the highest honors in their classes.

In the class were 20 students bringing to a total of 3,798 the number of graduates of Grosse Pointe high school since the first class in 1925.

Two boys who have completed their high school work while serving in the armed forces were included on the senior list. They are Ralph Seioff, a gunner on a merchant ship.

Mr. Cleminson also read the names of 15 boys who were formerly members of the graduating class, but who left school in order to enter the services and who have not yet been able to complete their high school work. They are: John Bartemier, Richard DeSpelder, William Hurd, Thomas Kilets, John Leasure, John MacMahon, Raymond Rochelle, John Sanger, John Snell, Albert Soja, Everett Valrance, Mason Weaver, Robert Wehmeier, Edward Wilcox, and Thomas Williams.

Highlight of the commencement ceremonies were three short addresses delivered by honor graduates. Speaking upon the general topic "Young America Looks for Peace," John Williams presented pertinent thoughts upon the situation "In Asia," John MacKenzie discussed "In Europe," and Jeanne Jacques spoke upon "In the Western Hemisphere."

Two of the speakers, Jeanne Jacques and John Williams, were named honor girl and honor boy respectively when Mr. Cleminson announced the class honors. Their names will be engraved upon a trophy provided by the Mothers' club to serve as a symbol of recognition of the highest achievement attained in each graduating class.

ODT Says Taxi Company Here Not Necessary

The Office of Defense Transportation last Thursday advised James H. Webb, operator of a filling station at Kercheval and St. Clair that in their opinion taxi service in Grosse Pointe is unnecessary.

Farms Police Chief Reports to Council on Dog Situation

In response to a request to look into the matter of dogs running at large in Grosse Pointe Farms, Joseph Trombley, police chief, reported to the council meeting Monday night and made a recommendation upon which no action was taken.

The chief said that since the new dog ordinance was passed late in 1943, the number of dogs which were impounded doubled and tripled those picked up in former years.

He explained that all policemen on duty in scout cars are instructed to pick up all dogs found running at large. However, with the men in uniform, this entails hardships on the men themselves as well as on the duties which they are to perform. When it is possible, one officer is kept in coveralls with a car and the necessary dog equipment and is on duty for eight hours either in the morning or afternoon.

In the recommendation the chief made for more rigid enforcement of the dog ordinance, he asked the council to purchase an old model car with a pickup body so that a box could be built on it, and a man employed during the summer months, who would do nothing but pick up dogs. His hours of duty could be regulated to existing conditions in the village.

City Repairs Post Office In Order To Collect Rent

Norbert Neff, city clerk, notified the City council Monday night that in communicating with post office officials, certain repairs and adjustments must be made in the city-owned post office building on Mack and Moross streets.

The new recreation park in Grosse Pointe Farms will be put into playing condition this summer upon recommendation of Murray Smith, public works superintendent. This new park is located at Webster and Kerby and adjoins other village property on Kerby to be used for village purposes.

An appropriation of \$2,000 was made by the village council to begin grading and seeding the property and to provide off-street parking facilities.

Underground Signal System Proposed

Upon the recommendation of the commissioner of public safety, Clarence Blessed, the City of Grosse Pointe council will study the advisability of burying the community's signal system as a postwar project.

Mr. Blessed said that this venture would be very feasible for it would eliminate the cutting or destroying of trees which hamper the signal system, it would add to the attractiveness of the city by the removal of poles and wires and it would save the taxpayers' money in the maintenance of the system.

Hold Shopping Center Question Dormant for Week

Although a few interested Grosse Pointe Farms residents appeared at the council meeting Monday evening to be on hand if any future developments arose, the council did nothing regarding the proposed shopping center at Kercheval and Moross roads.

Representatives from the developing company cleared up points which were brought up for discussion and agreed to an additional week for further study by the council.

It was decided that a meeting will be held next Tuesday evening, June 26, for future discussions.

Few Days Remain For Final Spurt In Current Drive

A final spurt is needed in Grosse Pointe to send the Seventh War Loan drive well over the two million dollar mark. This announcement was made this week by the co-chairmen of the drive, Kenneth L. Moore and Richard L. Maxon. The drive will be concluded at the end of June, with nine more days to go.

Children and Autos Involved in City Accidents Thursday

Suffering only from abrasions on her elbows, five year old Carole Meximiuk of 933 Rivard boulevard, was released from Bon Secours hospital last Thursday after she had been struck down by a moving automobile.

Mrs. Georgina Todd of 4104 Woodhall, while driving near 936 Rivard, hit Carole when she dashed into the street from behind a parked car. Mrs. Todd was absolved from any guilt by the girl's grandmother. Officers Flannigan and Ostwedder took the victim to the hospital.

Later the same day and also on Rivard, William Trombly, nine years old, of 839 Rivard, ran into the side of a car when the auto was backing out of a driveway at 923 Rivard. The driver was Walter Lutz. The car had stopped on the sidewalk when William, riding his bicycle, hit the car; he was uninjured.

Work To Begin On New Farms Park At

The new recreation park in Grosse Pointe Farms will be put into playing condition this summer upon recommendation of Murray Smith, public works superintendent. This new park is located at Webster and Kerby and adjoins other village property on Kerby to be used for village purposes.

An appropriation of \$2,000 was made by the village council to begin grading and seeding the property and to provide off-street parking facilities.

Mr. Smith told the council that some fill is needed for the property which will be spotted over the area and later top dressed. This work will be done by the public works department during the coming summer months.

Farms Employees Seek Wage Increase

A petition was presented to the Grosse Pointe Farms village council Monday evening bearing the names of the employees of the highway department, and the police and fire departments, seeking an increase in their wages.

In support of this petition, approximately every member of these three departments attended the meeting Monday.

Trustee R. Gervais Geyls moved that each petition be referred to its respective committee but this motion was voted down.

It was then unanimously decided to refer the petitions to the finance committee for further study. A report will be given at a later meeting.

Youth Rapidly Recovering From Attraction Injuries

Binon Stroh, 14, of 133 Ridge street, Grosse Pointe Farms, has been recovering rapidly in Bon Secours hospital following injuries received when he was struck by a school bus.

Council Refuses To Purchase Pine Woods As Nature Preserve

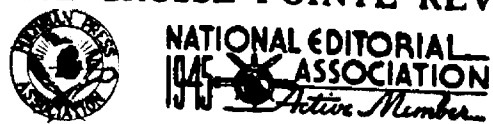

Despite the numerous communications from supporters of the Grosse Pointe bird class, the Grosse Pointe Farms council turned down a request to purchase the property known as the Pine Woods as a nature preserve and public park.

Backing up the decision of the council were approximately forty residents of the Farms who attended the meeting, protesting the purchasing of this property. In addition, the council had on its table, a petition containing 125 names of other residents who did not wish the village to take over this parcel of land.

Representing the latter group, Ben O. Shepherd said that the property is bounded by high-class residential property which would be greatly depreciated if the Woods would become a public park. He also brought out that the removal of any property from the tax roll not only reduces the assessed valuation causing a distribution of the loss of taxes to the remaining assessable property but it also destroys the future possibilities of new taxes.

Other points which were brought out against this were that the position of such a large area from which all residents of Grosse Pointe would benefit, would be impractical. It would also bring in residence of other communities, and the Pine Woods would be lost to the village.

"WE LEAD, OTHERS FOLLOW"

Help Lick the Food Problem

Besides fighting a war in the far corners of the earth, American soldiers and sailors in their spare moments find time to plant Victory gardens...

With this example before us, we on the home front can hardly do less. The man who "doesn't think he'll bother with a garden this year" because the war is practically over, may rue his shortsightedness next winter.

This situation makes victory gardens and home canning one of the most important wartime activities on the home front in 1945.

The citizens who grows his own will be doing a patriotic war service, and his family will not have to worry about crop failures in other parts of the country, or food transportation difficulties.

Francis M. David, 30, metalsmith, first class, USNR, Grosse Pointe Woods, was in charge of the engine room aboard one of two 7th Fleet PT boats which destroyed a small enemy freighter in a daring daylight sweep into Darvel harbor, North Borneo, on April 27, three days before Australian amphibious forces invaded the nearby oil-center city of Tarakan.

As the PTs made their swift stab into the enemy camp, Lightning fighter planes, which had met them

many miles off the Borneo coast, roared overhead to provide air cover. David's wife, Mrs. Betty Jane David, lives at 1833 Norwood Drive. He has taken part in 32 combat patrols during his nine months in the Southwest Pacific. David owned and operated the Deluxe Collision Shop before entering the navy in January, 1942.

He is the son of Mr. and Mrs. William J. David, 2183 Dickerson avenue. He has a daughter, Frances Jane, 2.

Santa Ana, Calif. — Tech. Sergt. Douglas J. Putnam, 21, son of Mr. and Mrs. L. Putnam, of 420 Roland, Grosse Pointe Farms, is currently assigned to the AAF Redistribution Station No. 4 at Santa Ana Army Air Base.

Sergeant Putnam, a radio operator with the Eighth Air Force, entered the service March, 1943, and went overseas in July, 1944. He has been awarded the Air Medal with four ribbons and the European Theater Ribbon with two Battle Stars. At this redistribution station, an operation of the Personnel Distribution Command, combat returnees of the AAF receive complete medical examinations, classification interviews and reassignment to domestic stations of the AAF.

U. S. Naval Air Station, Honolulu, T. H.—Lieut. (jg) William S. Page,

USNR, of Kinston, N.C., is now operating at the naval air station, Honolulu, T. H., in the communications department.

His wife lives at 700 W. Vermont avenue, Kinston, and his father, Blinn S. Page, makes his home at 1128 Devonshire road, Grosse Pointe Park.

William Andrew Fetters, son of Mr. and Mrs. W. G. Fetters, from 618 Notre Dame, was graduated recently from the naval air technical training center, Norraan, Okla. While at the Norman school he studied the aviation specialty field for which his recruit training aptitude tests showed he was best suited. The newly graduated man is now awaiting duty orders either to sea or to a naval base.

An Eighth Air Force Bomber Station, England. — Staff Sergt. Russell D. Michael, 21, of Detroit, greeted V-E Day with a chestful of medals — had had won the Air Medal with five Oak Leaf clusters during 35 missions over the deceased Third Reich as tail gunner of a B-17 Flying Fortress. His fifth cluster was awarded after Sergeant Michael, son of Mr. and Mrs. R. D. Michael, of 18923 Washtenaw avenue, Detroit, had helped defend his Fortress from the last desperate attacks by German planes in the bombing of some of the major points of resistance which then remained. The

bombs on enemy targets. Cited by the war department as a "Distinguished Unit," they have also been awarded the Croix de Guerre by General DeGaulle and the French government for outstanding combat achievements.

An aerial gunner, Sergeant Siewert has been overseas since August, 1944. He was a student at Grosse Pointe high school before entering the army in January, 1944. He flies in the Marauder "Porky."

Pvt. Robert A. Tyler, son of Mr. and Mrs. William Tyler of Grosse Pointe, is now stationed at Camp Joseph P. Robinson, Ark. His wife, Mrs. Irene Tyler is now living with her mother in Detroit.

Private Tyler is a graduate of Grosse Pointe high school.

CWO A. W. King, CEC, USNR, recently arrived home on leave from a 20-month tour of duty in the South Pacific. CEO King sent a beautiful gavel to his Kiwanis club of Grosse Pointe from Guam and landed in San Francisco on the day it was received by the club.

CWO King flew 9,000 miles in order to arrive in Grosse Pointe.

Theodore Kay Friedt, 18, son of Mr. and Mrs. Glenn Harner Friedt, 256 Pemberton road, is receiving his initial naval indoctrination at the U. S. naval training center, Great Lakes, Ill.

His recruit training consists of instruction in seamanship, military drill and general naval procedure. During this period a series of aptitude tests will be taken by the recruit to determine whether he will be assigned to a naval service school, to a shore station or to immediate duty at sea.

Arthur C. Wiesenberger, Jr., 18, son of Mr. and Mrs. A. C. Wiesenberger of 1055 Balfour road, left recently for the NATTC in Memphis, Tenn. where as seaman second class, he will receive his preliminary training.

He enlisted in the naval air combat (V-6) last February in New Hampshire where he was attending flight preparatory school, Tilton, N. H. His call was delayed to permit him to finish his senior year and receive his high school diploma.

Sergeant Robert H. Proffitt, 17, 1942, 12 Fortresses took off from the same field the 384th has occupied for the past two years, to stage

the initial American four-engine bomber attack on the continent.

A Grosse Pointe airman, First Lieut. William E. Jelneck, 22, was a navigator on one of the 384th's bombers on the historic Skoda mission. He has been with the unit since reaching England last August.

The son of Mr. and Mrs. William D. Jelneck, 451 Manor, Lieutenant Jelneck entered the service in Feb-

ruary, 1943. A veteran of 31 bombing operations, he wears the Air Medal with three Oak Leaf Clusters, awarded him for "meritorious achievement" in aerial combat.

There's a Little PING in the Motor

You seek expert care for your car at the very first sign of trouble because the car must last for the duration of the war. How much more important it is to "have a care for your heart" which must last for the duration of your life. Deaths from heart disease are increasing in spite of the fact that heart disease, when detected in its early stages, may often be arrested. The symptoms of heart disease are readily recognized by a physician. Many a man, through self-diagnosis, has sentenced himself to a life of fear by misinterpreting pains and aches as heart disease. Others have died suddenly by belittling the symptoms. If you have any doubt about your heart—see your doctor. It's the only safe course.

CHRISTIAN SCIENCE CHURCHES
 "Is the Universe, including Man, Evolved by Atomic Force?" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, June 24. The Golden Text (Psalm 24:1) is: "The earth is the Lord's, and the fulness thereof; the world, and they that dwell therein."
 Among the Bible citations is this passage (Psalm 33:6, 9): "By the word of the Lord were the heavens made; and all the host of them by the breath of his mouth. For he spake, and it was done; he commanded, and it stood fast."
 Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (295): "God creates and governs the universe, including man. The universe is filled with spiritual ideas, which He evolves, and they are obedient to the Mind that makes them."

dents displaying the most outstanding qualities of good citizenship went to William Rogers and Margaret Gray.

Robert Moffat was the winner of the Bausch & Lomb medal given the member of each graduating class whose record in science and mathematics is exceptionally high and who gives the most promise of future distinction in the field of science. Moffat has 70 hours of credit in mathematics and science with a straight A average.

Ross Heron, a member of the January graduating class, was awarded the alumni athletic award which goes to one boy each year. The winner is considered the outstanding boy athlete of the year. Heron won three letters in basketball and three in tennis. His name will be engraved upon the Plebian club trophy.

A war bond was presented to Carole Castricum by the Rotary club in recognition of her record of the most unselfish service to the school.

Elaine Schroeder was chosen as the member of the band who has excelled in musicianship, citizenship, and loyalty. Her name will be engraved upon the band trophy provided by the Rotary club to recognize the contribution of its outstanding graduating members.

As the highest ranking boy who is also a varsity letter winner, John Galvin won the Trinity college alumni award, a dictionary.

Eight graduates were announced to be winners of scholarships.

The Mothers' club presented its major award of \$250 to Jean Gherman. The mothers also awarded \$200 scholarships to Shirley Johnson and to Alden Worcester of the January class. These awards bring the total amount of money given to Grosse Pointe high school graduates in scholarships to \$10,150.

University of Michigan Regents alumni scholarships have been won by Phyllis Collins, Margaret Gray, and Dorothea Wallace.

Wellesley college has awarded scholarships to two members of the June class, Elizabeth Crane and Mary Downing.

Jean Gherman is also the winner of the Michigan State college scholarship. Audrey Keithley won the Wayne university scholarship.

The entire class, which included 49 honor graduates who have maintained an average in scholarship of B or better was commended both by Mr. Cleminson and by Dr. Paul L. Essert, superintendent, for the way it has met the challenge of the war years. Dr. Essert pointed particularly to the classes voluntary sponsorship of the Seventh War Loan Drive in the high school as an achievement characteristic of its spirit of vital service. This was done, Dr. Essert explained, in the place of leaving some more tangible memorial of the class to the school.

The Rev. Charles W. Scheid pronounced the invocation and benediction. The Girls' Glee club directed by John E. Finch sang three numbers, and the high school band played the processional and recessional.

The portico of the library was decorated with flags and flowers to serve as a platform. The mothers also entertained the graduates, their families, and friends at an informal reception in the girls' gymnasium after the ceremonies.

F. M. Sibley, Lumber Co. Head, Is Dead

Frederic Merrill Sibley, 61, president of the F. M. Sibley Lumber company, died June 14 in Harper hospital. He resided at 750 Whittier road, Grosse Pointe Park.

A boating enthusiast, he belonged to the DAC, the Yacht club and the Museum of Art Founders society. For 20 years, Mr. Sibley was on the First Presbyterian church board of trustees. He was a director of the Equitable Trust company, and a member of the board of directors of the Detroit Retail Lumber Dealers Association.

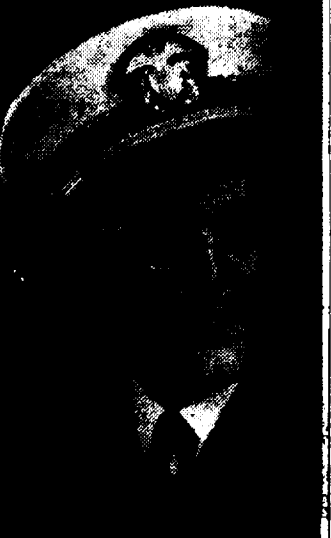

Surviving are the widow; son, Lieut. F. M. Sibley, USNR; four daughters, Mrs. Robert Powers, Grosse Pointe; Mrs. Albert A. Tietz, Cincinnati; Mrs. T. Latta McCray, New York; and E. Joy Sibley, Grosse Pointe.

Receives Slight Concussion After Falling Out of Truck

While riding with David J. Logan, Jr., of 1436 Beaconsfield in a Greater Detroit Landscaping truck last Tuesday afternoon, 16-year-old Edward Sanders of 1144 Maryland, fell out of the truck onto the pavement at 1196 Balfour and injured himself. Examination at Bon Secours hospital showed a slight concussion, but after treatment, the youth was sent home.

Arthur V. Angott of East Detroit driving a delivery truck Monday night, received a bruised leg when his truck was hit by a car backing out of a driveway at 973 Balfour. The car was driven by Mrs. Marion Brier of 154 Touraine.

Home On Leave

Ensign Jack Humphreys, 20, son of Mr. and Mrs. Jack Humphreys, Sr., of 1172 Yorkshire, will report next Wednesday in Miami, Fla., for advanced training, following a leave spent here with his parents. He graduated from midshipman school at Cornell university on June 1 as a deck officer.

Graduating from Grosse Pointe high school in January, 1943, Ensign Humphreys entered V-12 training at the University of Michigan on July 1, 1943. He was a pre-medical student.

Additional Mooring Space to Be Available in Farms

Orders and an appropriation of \$600 were given Monday by the Farms council to improve and expand the mooring facilities at the village pier, at the foot of Moross and Lakeshore.

When these improvements are made, mooring spaces for several additional small boats will be available. These will be awarded to those boat owners whose applications are on file in the clerk's office, but who were too late in returning them at the start of the season.

New Truck Saves Mileage for Village

The purchase of a new garbage truck in Grosse Pointe Farms has cut the number of trips to the pig farm where the village garbage is disposed. With the former equipment, reported Murray Smith, public works superintendent, the village made eight trips of 40 miles each but with the new equipment with its increased capacity, they will make only six trips in the summer and possibly four or five in the winter.

In addition to this saving, better local service will also be given. Every home in the village will now receive two weekly garbage collections and stores and clubs three collections; previously some residences had only one collection per week.

Beacon School Graduates 41 in Exercises Last Thursday

The ninth graduation class of eighth grade students took place at Beacon school, Gratiot township, last Thursday evening, June 14 at 8 p.m. Forty-one students received their diplomas from Miss June Salisbury, Wayne County visiting teacher; Miss Salisbury was also the principle speaker.

The presiding officer was Miss Beth Sheridan, principal of the school.

DePetris Warns Grosse Pointers That Critical Food Situation Is a Reality

"Grow what you can and can what you grow" was the warning issued this week by Vincent R. DePetris, chairman of the Grosse Pointe Victory Garden council, as evidence mounted that the country is facing its most critical food shortage since the war began.

The facts were disclosed at an emergency meeting called in Chicago by the War Food Administration to discuss ways of stimulating the public to greater efforts in growing Victory gardens.

Michigan was represented at the session by Paul R. Krone, chief of the Victory garden section of Michigan OGD and member of the extension service of Michigan State college, who informed Mr. DePetris that the government was greatly concerned over the situation and saw in the Victory garden the only hope of alleviating it.

"The facts are that seed sales to Victory gardeners and commercial vegetable growers are much less this year than a year ago," said Mr. DePetris. "Commercially canned vegetables for civilian consumption will be sharply reduced. In 1943 vegetable consumption amounted to 100 pounds per capita; on the basis of anticipated production this year it is estimated that it will be only 75 pounds per capita."

Mr. DePetris stressed that it is not too late to plant a garden. "There is still sufficient time to have a very good garden which will produce many crops suitable for canning and preserving," he said. "There is a special need to plant tomatoes, corn, snap beans and carrots. In view of the meat scarcity it is also advisable to plant such crops as edible soy beans, lima beans, snap beans and, where space permits, navy beans. By sowing seeds in July a fall crop of peas can be grown. These crops will help materially to furnish the protein necessary in our diets, if supplemented with milk or other animal proteins."

Gardeners who want advice on what to plant, how to plant it and what to do with the crops when they are harvested can obtain it through V. R. DePetris, 230 Grosse Pointe boulevard, or by asking the Victory garden consultants on the community plots on Monday nights, or by writing the Michigan OGD, Box 1318, Lansing, Mich.

"Every ounce of food that can be produced in a home garden should be produced," Mr. DePetris said. "Make sure that no vegetables or fruits go to waste. Those foods not eaten fresh should be preserved. The facts presented at the Chicago meeting show that the need for the home garden cannot be over-emphasized. These gardeners who have been asked to give up because of the war should be encouraged to produce their own food."

Approximately two pounds of used household fats are required to make the ingredients for one incendiary bomb.

Pointer's Battalion Receives Letter Of Praise From Officers

Pfc. Carl J. Fritz, at the present time stationed in Germany, was a member of the 292nd Engineer combat battalion which received a letter of commendation from Maj. Gen. A. R. Bolling, Maj. Gen. A. C. Gillem, Jr., and Col. Albert Boehm, on May 15.

Private Fritz's home residence is 124 Lakepointe; he is seen in the above picture, third from left, standing.

The letter of commendation read in part: "I wish to express my appreciation to the officers and enlisted men . . . during the entire period from the crossing of the Rohn river until the Elbe river was reached for their assistance was . . ."

"The initial crossing of the Rohn and the subsequent rapid advance of the division, as well as the supply problems created by this advance, were expedited greatly by the fine work of this group and its attached units.

"I request that the personnel who have participated in these activities be informed of our appreciation for their fine work and co-operation . . ."

VICTORY IS NEVER CHEAP

Lives of Money!

They're giving their all... back them up with YOUR dollars!

AS THE battle lines approach the heart of the enemy's homeland, the fighting grows fiercer . . . and more costly in men, materiel and money. That's one reason why every red-blooded American must back this mighty 7th War Loan with every dollar he can lay hands on. Another reason is that this is really two drives in one. In the same period last year, you were asked to invest in two war loans, as against one this time.

No need to tell you that War Bonds are the safest and best investment in the world. So pour out your might, Americans, in the MIGHTY 7th War Loan. Let's show our valiant Fighting Men that we're backing them to the limit of our means . . . 100%.

1945 Boy Scout Camporee to Meet at Renmoor Club

On June 23 and 24 District Three of the Detroit Council of the Boy Scouts of America will hold their 1945 Camporee at Renmoor Golf Course, Lochmoor Boulevard, south of Mack avenue.

District three comprises most of the East Side of Detroit, extending east from Bellevue to the Eight Mile. In this area there are 106 troops and 3,338 Boy Scouts.

The purpose of a camporee is to give the Boy Scouts an overnight camping experience, a chance to demonstrate what they have learned to their friends and families, and an opportunity to partake in contests and quality for various awards.

Visitors will be allowed Saturday night and from 10:30 a.m. to 3:15 p.m. on Sunday. This will provide an excellent opportunity for friends and families of the Boy Scouts to observe first-hand various aspects of Scouting. The boys will pitch their own tents and cook their own meals. There will be first aid demonstrations, exhibitions of campcraft, knot-tying contests and many other activities.

The 1944 camporee of District 3 was the largest ever held in Detroit, and this year's will undoubtedly be still larger. The site selected — Renmoor Golf club — will provide ideal accommodations for Boy Scouts and spectators.

New Sidewalk

A total of 300 feet of sidewalk along the east side of Fisher and south of Mack will be replaced or repaired this summer. Plans officially announced this week. A contract for the work has already been awarded after bids were opened Monday.

MEET THE GUMBATSU

YOU'LL LEARN SOMETHING

If you think Germany's Nazis tough, take a good look at Japan's Gumbatsu.

They are the SS, the Gestapo all over again. But the acceptance of their fanatical rule has been far more deeply ingrained in their 70-odd million slaves.

The Gumbatsu is an unholy alliance of high-ranking soldiers, industrialists, wealthy land holders and members of the Imperial Household.

It controls Japan absolutely. Diabolically clever and ruthless, it has managed to get control of 400 million others—nearly a quarter of the earth's population.

The Gumbatsu has taught its slaves well.

The Japanese soldier would far rather die than submit to capture. Death is, in his own mind, his passport to Heaven. If he were lying on the battlefield badly wounded, and a soldier in strange uniform offered him water, he would use his last ounce of strength to kill the stranger.

He would then be dying for an allegiance the Gumbatsu had taught him. The

American soldier would likewise have died. Because of the Gumbatsu.

Read the statistics. A hundred thousand Japs killed. A handful of prisoners. The civilians on a captured Japanese island committing suicide *en masse*.

All right. If you can neither capture a Jap nor succor him, you must kill him. But that costs many more American lives. And many, many times more American bullets, guns and planes. And more ships to transport more ammunition over more miles.

It's a gigantic job to lick the Gumbatsu.

If it is to be done in any reasonable time, it will take all of us to do it.

We must stick by our war jobs.

We must keep buying bonds and giving blood.

We must get to realize, every one of us, what we're up against in the Gumbatsu. That's the quickest way of getting the Gumbatsu to realize what they're up against in us.

How you can help

- 1 Keep that war job!
- 2 Keep buying Bonds!
- 3 Keep doing all your country asks!

We are trying to serve our Savior and our country by giving both children and adults the pure Gospel of Jesus Christ, which alone can make one wise unto salvation. In short, our only aim is to save souls, and our only means is the Gospel. If you

have no church of your own, we are confident that a visit to either our Sunday school or our church services will make you feel that you are needed and wanted, and that, if you so desire, you too can become a part of us and our program. Won't you accept our well-intended invitation.

NOTICE OF Public Hearing

"NOTICE is hereby given, in accordance with the Provisions of Act No. 207 of the Public Acts of the State of Michigan for the year of 1921, as Amended, that a public hearing will be had at the Municipal Building, in the Village of Grosse Pointe Woods, Wayne County, Michigan, on the

17th day of July, 1945
 at 7:00 o'clock, P.M., Central Standard Time (8:00 o'clock, P.M. Eastern War-time) upon a proposed Amendment to Ordinance No. 34 of the Village of Grosse Pointe Woods, adopted June 18, 1940, which proposed Amendment is as follows:

'AN ORDINANCE TO AMEND ORDINANCE No. 34 OF THE VILLAGE OF GROSSE POINTE WOODS, MICHIGAN, ADOPTED JUNE 18, 1940, ENTITLED:

'AN ORDINANCE to regulate and restrict the location of trades and industries and the location of buildings designed for specified uses, to regulate and limit the height and bulk of buildings hereafter erected, to regulate and determine the area of yards, courts, and other open spaces, to limit and restrict the maximum number of families which may be housed in dwellings hereafter erected or altered, and for said purposes divide the Villages into districts, to provide a method of administration, and to prescribe the penalties for the violation of its provisions.'

SECTION 1: That the first paragraph of the sub-heading "District B" of Section 24, Ordinance No. 34, Village of Grosse Pointe Woods, adopted on June 18, 1940, be amended to read as follows:

SECTION 19. District "B" shall embrace all land fronting on Mack Avenue for its entire length within the Village and to a depth of 300 feet from the center line of Mack Avenue, as established by officials of the Wayne County Road Commission, under date of February 1, 1945, provided, however, that, in no event shall the depth of said district exceed the platted depth of lots, as determined by the recorded plats thereof.

SECTION 2: All Ordinances or parts of Ordinances in conflict herewith are hereby expressly repealed, only to the extent necessary to give this Ordinance full force and effect, and that the Zoning Map made a part of the aforementioned Ordinance be, and the same is hereby accordingly revised.

SECTION 3: The Provisions of this Ordinance are hereby declared to be immediately necessary for the public health, peace and safety and are hereby given immediate effect."

BOB HOPE STARS WITH NEW LEAD IN COLONY FILM

As a return engagement, "The Princess and the Pirate" will be shown at the Colony theatre next Sunday, Monday and Tuesday. The companion feature will be "What a Blonde."

Bob Hope and Virginia Mayo play the leading roles in "The Princess and the Pirate," a comedy which has been rated tops by servicemen and civilians alike. Bob, in his typical Hope manner, is the person who has pledged himself to save the princess who has been captured; the princess is played by Miss Mayo, a newcomer to Hollywood. After a great deal of rough and tumbling performances which provoke laughter, the story comes to a climax which makes everyone "howl," but revealing it here would spoil the effect.

"What a Blonde," the accompanying feature, co-stars Leon Errol and Veda Ann Borg in a second, fast-moving comedy.

Mason School N-E-W-S

The Mason teachers were guests of the room mothers at luncheon on Thursday, June 14. Mrs. Bristol,

president of the PTA also attended the delicious and cooling luncheon which the room mothers prepared for a very hot day. The teachers were very grateful for the pleasant social respite in a busy day of closing-of-school activities. Miss Ethel Tucker, principal, voiced the feelings of the teachers in thanking the room mothers and saying how much the luncheon was appreciated.

Mrs. C. Wade, chairman of the room mothers, with the assistance of Mesdames D. Lowe, and W. Wressel, and several others planned, prepared, and served the luncheon.

The Mason school staff bade farewell to several of its teachers at a tea Tuesday. The tea table was dominated by the Mason Express Train, the cars named appropriately for the destination of the teachers whose baggage stood waiting on the pany-strewn station platform. One of Mason's poetess - humorist had written rhymes, concerning the plans of each departing member, which were enjoyed by all. The baggage car contained gifts which were presented to those leaving. The teachers who were so honored feel this was the most enjoyable social event of the year and give their thanks to Mrs. Reva Harwood, Miss Elizabeth Grady, and the other members of the staff for this and the other lovely parties of the year.

ALAN LADD STARS IN TECHNICOLOR MOVIE AT SHORES

"And Now Tomorrow" is the featured picture to be shown at the Shores Sunday, Monday and Tuesday. The picture co-stars Alan Ladd and Loretta Young. It is filmed in technicolor.

The story centers around Loretta Young who has become deaf thru a nervous disorder. Her untiring faith has led her from specialist to specialist in an effort to regain her hearing. She is introduced one day to a young doctor who had had some success in curing deafness in a Philadelphia clinic and who is a close friend of the family physician. Resigned to try everything at least once, she accepts treatments from the young doctor, played by Alan Ladd, but it was not until a drastic experiment was made that the young lady regains her hearing - and Mr. Ladd's affections.

The accompanying picture to be shown is "Hangover Square" in which Laird Cregar and Linda Darnell play the feature roles.

Two 15 year old boys were warned by City police who took their cars away from them last Thursday for driving recklessly in the underground garages at Cranford Lane and Notre Dame.

ALOMA THEATRE BILLS POPULAR STAGE SUCCESS

The "Doughgirls" will be one of two first class pictures to be shown at the Aloma theatre tomorrow and Saturday. The second feature will be "And Now Tomorrow," co-starring Alan Ladd and Loretta Young.

The "Doughgirls" is a fast-moving and one of the best comedies of the year. The story has been adapted from the popular stage success which broke records in New York. Among the top attractions playing feature roles in this film are Jack Carson, Ann Sheridan, Alexis Smith, Jane Wyman and Eve Arden. The story centers around the problems of the room shortage in Washington when Jack Carson and his bride, Jane Wyman, are crowded out of their bridal suite in their hotel. This is neatly done by Ann and her husband, (who lands there first), and by Alexis and her bridegroom and Eve with her gun. The latter is a Russian sergeant who finds the bride suite is much more to her liking than the room at the embassy. However, everything ends in a humorous mood with everyone happy.

Saturday, June 30 is the final day for registration for the annual school election in Gratiot township, to be held on July 9. Unregistered voters may register June 30 at the Beacon school, 19475 Beaconsfield between the hours of 3 and 8 p.m. One school board trustee will be elected on July 9.

Pointe Students Receive Wayne University Degrees

Seven students from Grosse Pointe were awarded degrees, presented to 777 men and women, at Wayne university's 17th annual commencement held recently at Masonic Temple. An estimated five thousand people saw Dr. David D. Henry, newly-appointed president of the university, confer the degrees.

Because most of the university's men students are now in the armed services, women outnumbered men in this year's class by more than four to one. Thirty-eight graduates, now on active duty with the armed forces, were granted degrees "in absentia."

The local graduates were: William Martin Northwood, 233

Kenwood Court; Dorothy H. Archambault, 1231 Bishop; Russell Walden Bradley, 601 Washington road; Beverly Ann Brownell, 1312 Hawthorne; Marjorie Chavey, 1453 Nottingham; Harriet M. Harris, 1026 Yorkshire, and Marion P. Lancaster, 1420 Brys Drive.

Council Orders Removal of Debris From Vacant Lot
 Norbert P. Neff, city clerk, was authorized to notify Mrs. Stephens T. Mason, residing in Tuscon, Ariz., that the debris and cut stone which fills a vacant lot owned by her on Rivard boulevard near Maumee must be removed upon orders from the City council.

Elected Chairman
 At a meeting of the board of directors of American Airlines, Inc., held in June, C. R. Smith, formerly major general, U.S.A., was elected chairman of the board, a newly-created position, and Ralph S. Damon was elected president of the company.
 A. N. Kemp, the wartime president of the company remains on the board of directors and will make his headquarters in California where he is chairman of the board of the Pacific Mutual Life Insurance company and a director and a member of the executive committee of the Standard Oil company of California and other interests.

Waves Help Restore Health to Sick and Wounded Marines
 The humanitarian work done by 152 Waves in the Marine hospital at Camp Pendleton, Calif., is typical of the contributions being made by Wave hospital corps personnel.
 Under supervision of doctors and nurses, these Waves help restore health to sick and wounded Marines, brought back from overseas battle areas. They work in the hospital's 38 wards, dispensing medications, assisting with diets and meals, helping with bedside nursing and upkeep of the wards and treatment rooms.
 Over 4,500 therapy treatments are administered each month. Waves specialize in nerve injuries, remedial exercises, hydro-therapy and electro therapy. An occupational therapy shop provides facilities for patient work in crafts like drawing, braiding, belt-making, carpentry and leather work.
 An acute need for more Hospital Corps personnel prompted the Navy recently to increase its national Wave enlistment quota to 2,000 per month. Approximately half the women who enlist will be assigned to the Hospital Corps after their two-month recruit training period. Women, 20 to 36 years old, can get further information about the Waves at any Navy Recruiting Station. In lower Michigan, these stations are in Detroit, Flint, Grand Rapids, Jackson, Kalamazoo, Lansing and Saginaw.

American Legion Auxiliary
 The members of this unit express their deepest sympathy to Mr. and Mrs. Clair Craig in the loss of their son Richard; he died in a Russian hospital from wounds received in action. Gladys, his mother, is one of our charter members and a past president.
 Mary Del Barba is expecting her son-in-law, William Joy, home soon. He has been a prisoner of war for over a year.
 Grosse Pointe held a very important meeting Monday evening. Yearly reports were in order and it is with a great deal of satisfaction that we look back over a very serviceable year. Mrs. Lillian Knoff, unit president has been on the job for the past nine months and her committees have functioned very favorably.
 Due to being accepted for 1946; let us get at them and be first over the top. Alice Marrs, child welfare chairman, made reservations for Patsy Hoyt at the American Legion billet at Otter Lake and Pat is out there for the summer.
 Election of officers for 1946 will be held in August and it might be well to consider those candidates, who are to be elected, with a great deal of thought and be ready to cooperate with them in the future as in the past.

Increased Projects
 Continued progress in the state highway department postwar construction project planning is reported by Charles M. Ziegler, state highway commissioner. The number of projects for which blueprints have been completed has been increased considerably in the last few weeks, while plans for other projects have been started during this period. A number of surveys also have been started and completed.

Stolen Gear From Park Cruisers Found in River
 Detroit police recovered several articles of stolen gear and fishing equipment which had been taken from three cruisers which were docked at the Grosse Pointe Park village pier last Friday. The articles were returned to their respective owners.

Leads the Nation
 According to latest reports the Detroit area council, Boy Scouts of America led the nation in waste paper collections during the General Eisenhower-Boy Scout campaign of March-April, this year. Quite unaware that any national record was being broken and only attempting to do just an outstanding job, as is usually the case, local Scout officials were much surprised to receive letters of congratulation from national Scout officials and the local salvage chairman.
