#### THE POINTER

Improvements in the Pointe post office are proceeding to such an extent these past few days what with the lowering of the entrance and step, the new lighting system plus the creamy coat of paint - on the faside. When this is done, you'll hardly recognize the inside of the City-owned building, especially when the post office department sends out the new cages and other regular fix-

Just to make certain that everyone becomes familiar with the small button which all honorably discharged veterans of World War II

wear, The Review will reproduce the emblem and carry on this small edueational program so that no one will ask, "What is that small eagle pin?"

The Office of Censorship at least trusts weakly newspapers, even if it doesn't let them participate in the "news beat" when releasing "securky information" previously banned for publication.

To elucidate: The publisher, as well as the editor of The Grosse Pointe Review knew each time the late President Franklin D. Roosevelt was abroad or sojourning in the States, dating from the early beginning of the war. But, no mention was made, either in the news columns, or by word of mouth. Again, when the Jap balloons started landing in the States, uch information was withheld from the public, although known by this newspaper.

Further, this newspaper knew

a new paint job, etc., we hear hat it and the City office building will be reshingled.

Farms police sent home three Detroit youths last Friday afternoon with his parents, was sent on a misa private swimming pool on Vendome road. Said the boys when they were questioned by the officers, "We had to swim somewhere, didn't we?"

We bet that none of you knew that our City policemen are also daredevil riders!!! Last Friday afternoon an excited Rivard boulevard resident excitedly called police and said that a runaway horse had been seen in the neighborhood - heading south from Goethe on Rivard.

In Officer Andy Teetaert's own words, the capture of this steed is described: 'Officers 'Montana' Deraedt and 'Wyoming' Allor were on eall. They found the animal and fimally corralled it on Lakeland; 'Montana' rode him into the station."

Another rooster was heading for the pot last Sunday because neighbors complained of its steady crow-- poor rooster, but lucky fam-

#### **DANGEROUS PLAYTHINGS**

Recently one small boy was killed and two others were berlously injured, as a result of playing "Marine Raiders" with a souvenir rifle from the German battlefront. This should be warning to all mothers and fathers, or any owners of war souvenirs, to keep them out of reach of those who do not know to handle them.

Even if the gun is not loaded, a child may find a bullet beinewhere and insert it in the chamber. And since many of the gues picked up by soldiers are in a damaged condition; for exple the safety catch may be broken or defective, the person "fooling around" with it in the future may accidently cause ry or death to someone. A blunt saber point is just as dangdis 4s à sharp one.

So let's keep those pistols, automatic rifles, sabers, and wes out of the reach of the careless, and leave the display of the articles to someone who does know how to handle them.

#### CHRISTIAN SCIENCE CHURCHES

"Spirit" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, August 12.

The Golden Text (I Cor. 2:11) is: "What man knoweth the things of a man, save the spirit of man which is in him? even so the things of God knoweth no man, but the Spirit of

Among the Bible citations is this passage (John 4:24): "God is a Spir-it: and they that worship him must worship him in spirit and in truth. Correlative passages to be read from the Christian Science textbook, 'Science and Health with Key to the Scriptures," by Marp Baker Eddy, include the following (334):
"Spirit being God, there is but one Spirit, for there can be but one in-finite and therefore one God."

#### BETHANY EVANGELICAL LUTHERAN CHURCH Outer Drive E. and Chatsworth REV. O. G. L. RIESS, Pastor GEORGE TAYLOR, Vicar

Services at Bethany Lutheran hurch are held regularly each Sunday morning at 10 o'clock. The pas-tor will deliver next Sunday's sermon and the service will be conduct ed by George Taylor. Mr. Taylor is the new vicar at Bethany for the

oming year. Classes of instruction are also conducted each Sunday morning. These are regularly held at 9:30 a.m. and are for all age groups. And for the convenience of parents with small children, Bethany has its primary kindergarten department continue its sessions 'til the end of the main

#### How Does Christian Science Heal?

H E DISAPPEAR-ANCE of organic and functional disease, as well as of trouble in other forms, is continually recorded among those who have turned to Christian Science for help.

The method of such overcoming of difficulty is prayer - a spiritually scientific manner of thinking based on the teaching of Christ Jesus,

What this prayer is and how anyone can understand it and use it effectually in accordance with his need are fully explained in the Christian Science

#### Name Chairmen for Fall Community Fund Drive

Announcement of top leaders for the 1945 Community War Chest campaign, which will be held Oct. 8-31, was made this week by Edwin St. James Lutheran church of J. Anderson, campaign general Grosse Points, the Rev. George R. chair

The Swidey school, which soin correspond will add vice chairman-tiance to meet throughout the summer months, begins at 9:45 a.m. long list of war activities, while "Warmings of Christ" will be the Patrick V. McNamara returns, after a year's absence among the camially those without a church of paign leaders, as the vice-chairman their own, are cordially invited to representing labor. McNamara is worship at St. James church and vice-president of the Detroit and send their children to the Sunday Wayne County Federation of Labor and served as a war chest campaign

House plants need fresh air daily, leader in 1943. Vice-president of the General Moors corporation, Frank R. Pierce has been appointed a campaign vicechairman and will also head the campaign's public relations committee. Oscar Webber, vice-president and general manager of the J. L. Hudson company, will serve as chairman of the corporation gifts committee in addition to his post as a campaign vice-chairman.

Mrs. Henry Shelden follows in the footsteps of her father, who was the first president of the Detroit Community Fund, when she takes over her position as a campaign vice-chairman this year. Mrs. Shelden has been a worker in community fund and war chest drives since she left school. She will represent women among the campaign leaders in the October drive.

A top officer of each of Detroit's tree previous war chest drives, Henry Wineman, president of People's Outfitting company, will again be a vice-chairman this year.

#### 19,000 More Wacs Sought in New Recruiting Program

A program to recruit 10,000 additional members in the next six months for the Wac was announced; by the war department recently, Main purpose of the program is to supply trained workers to assist in redeployment of army troops to the Southwest Pacific, in line with the war department's over-all policy to speed the war against Japan, and to facilitate discharge procedure for veterans with high point scores returning from all battlefronts.

Recruitment will be pointed toward. obtaining women with clerical skills or aptitudes. Skilled clerks, typisis. and stenographers will be assigned to jobs upon completion of their basic training at the First Wac training center, Fort Des Moines, Ia. Untrained women will attend a clerk's so ool at Fort Des Moines following their basic course.

In addition, trained women will be reconited for the following assignments: Ortptographic technician, camera technician, wen is observer, airplane propeller specialists, atrplane instruments specialist, optometrist, key punch machine operafor, teletype me have, by ho operator, statistical clinik, pharmanists, draftsman and dental laboratory

#### MT. OLIVE EVANGELICAL LUTHERAN CHURCH Radner Avenue at Mach KENNETH W. VERTZ, Paster

"How I used to dread washday! And all the time I didn't need to, for the all-electric laundry was proving its worth in thousands of homes. Then, just before the war I bought an all-electric laundry. And ever since, washday has been so simple there is nothing to it!

"To think of the time-consuming, wearying work I used to do that was unnecessary! There was the drudgery of handling the clothes through soaking, washing, rinsing and wringing out, then the jobs of hanging them out to dry, and gathering them in and ironing the lot by hand. And the buttons that were torn off ... and broken ... and lost! Well, those days are gone forever. Now I simply put the clothes in the washer, and go on about my business while the washer goes on about its business. Later I transfer the damp-dry clothes to the dryer-the only time I touch wetness-and in about 15 minutes they're ready for quick handling on the automatic ironer. My soapy-handed friends are awaiting the day-not so far off now, I hearwhen they, too, will no longer dread washday."

tricity in industry have been dramatized by their sudden mass application in war. The development and acceptance of new electric appliances in the home has been more gradual . . and hence less noted. Now look about you. Observe how electricity has taken over the work in your home. Reflect on the appliances you want and plan to buy. The changes in your own way of living demonstrate a truth that here. strate a truth that becomes increasingly clear: The old-fashioned way is the waste-

#### A FAIR QUESTION

What advantage is there to a worker in the so-called "capital-istic system"? Any? He has to give his boss part of his labor. What does he get in

return besides pay?

If the worker were in business for himself, he might have to pay rent of \$2 or \$3 a day for his shop. And he might have to pay \$2 a day interest on money for machinery and tools and interest on money to buy raw materials.
Also, he would have to invent something to sell, and find a way to sell it.

These are the things which s worker gets from "capital" in return for the fraction of his day which he is working for his employer,

Employers and workers both give something to and get something from each other. There's ne real reason they shouldn't get

#### Scouts Aid Fitness **Health Chief Says**

Commenting on the numbers of American young men with the will to serve their nation who were rejected as physically unfit for military service, Surgeon General Thomas Parran of the U.S., Public Health Services are seed. Public Health Service praised the physical conditioning asect of the programs of the by Scouts of America. "An American has been de-

fined as a man who knows which way to take to reach tomorrow," says Dr. Parran. "Scouts." he continued, "are trail blazers. They can be depended upon to blaze a trail from enthusiastic youth to steadfast maturity. Work experience and physical conditioning through directed activities help the maturing Scout to take his place in a man's world

"I regret that more of our young men coming up for ex-

ties undt for military advice and for wartime responsibili-ties in civilian life. Boy Scouts, who have been allied with groups of their fellows, building for character, citizen-ship and health are FIT. Strength is there, and moral timber. Young men, so dis-siplined, are the best of to-

# TOKYO KNEW ABOUT THE B-29 BEFORE YOU DID

Cantured avidence reveals

Americans knew it existed

In far-away Burma, early in 1944long before the B-29 became frontpage news at home-long before our own forces in China and in India were notified to expect this great superbomber-came news of its existenceuncomfortably accurate technical description-positive facts as to proposed bases ... from the JAPS. It was all in an official bulletin of the Japanese Army found among the papers captured in a Jap stronghold in Burma.

This was not information obtained by the enemy through air reconnaissance or the capture of prisoners or official documents in combat - it was a leak of supersecret information right out of this country, transmitted directly to the High Command in Tokyo.

What did Tokyo do with this informotion? What action did they take?

What did it mean to our Chinese allies and our own troops? It is significant that shortly after they obtained this information the Japs mounted a new offensive in China and set out to capture the specially constructed air fields built by hand by the Chinese people for the heavy B-29s. Months of laborious, back-breaking labor of thousands of Chinese workers were sacrifixed by demolition in a heart-breaking few hours in the retreat before the onslaught of the attacking Japanese. Stores of precious gasoline-partsand other scarce hard-to-get stores flown at great risk over the famous "Hump" were put to the torch. A terrific set-back-an almost unendurable discouragement.

We must keep our secrets. The best way is to keep quiet.

## STORY OF CHINA Kent Jewelers William Bretz, P-M 3C, of 1385 MISSIONARY Announce New AT NEW SHORES Watchmaker

One of the finest novels to be adapted for screen use is A. J. by Kent Jewelry company, 13933 E. the crew that was saved when the Cronin's "Keys of the Kingdom;" it Jefferson, that William Shaulis has USS Gamber Bay was sunk last will be shown at the Shores theatre been added to the staff as manager Bretz received the Purple next Sunday, Monday and Tuesday. Gregory Peck, popular newcomer

to the screen, plays the lead as Father Chisholm in this story of a missionary priest who spends the greater part of his life among the Chinese people. After choosing his profession to become a priest, he volunteers to leave his home in Scotland and sail for China. There he encounters a mission which had burned to the ground and only "rice" Christians-those who joined the Church only because they were able to obtain free food.

Finding that he must start from scratch, Father Chisholm slowly wins respect and friends as well as souls to his Church. Another heartbreak is encountered when a group of soldiers for the opposition enter the city, and after causing destruction to many homes, set fire to the mission, burning down the Church building for the second time. The priest is also shown in his later life with his assistants in the mission and the fine work which they accomplished.

The first flight by a man-carrying rocket plane was made Sept. 30, 1929, at Frankfort, Germany, by Fritz von Opel, German automobile manufacturers have thus far anmanufacturer.

## WESTERN MOVIE SCHEDULED FOR COLONY SCREEN

One of the Saturday Evening Post's best serials of the Old West, "Tall in the Saddle," has been adapted for the screen, and will appear at the Colony theatre Friday, Aug-

lar John Wayne and Ella Raines in a story of the west. John, the cowboy, comes into a new town prepared to become foreman on a huge ranch. When he arrives there, he learns that the owner of the ranch had been killed and not wishing to become involved in a situation of which he knows nothing about, hires out for work with a ranch of which Miss Raines is manager.

After several escapades in which John is nearly shot, he uncovers a mystery in which the local judge is conected with a group of men who are trying to swindle the heiress of the dead rancher out of her property. After a wild ride through beautiful western terrain and valleys. John, accused of murder, proves to the law enforcing officers the crookedness of the judge and his gang

Car left before 10:00 a.m. will be ready by 6:00 p.m. with all tires carefully inspected and repaired or recapped

#### Wings of the Navy

It was a cool day in Chicago, and element of gasoline. So the admiral left his car at home and began to hoof it.

Walking became wearisome, the So the admiral decided to take a Pfc. George Braund, son of Mrs. bus to his destination. Not familiar

With a magnanimous gesture, the driver waved the dime aside and said to the admiral: "Keep it. No charge for servicemen, Mac."

So - a dime's a dime, and a uniform's a uniform.

Queen Elizabeth was one of the first persons in history to wear
