Michigan trunkline traffic for the Labor Day week-end this year was nearly fifty per cent greater than the traffic for the same period in 1944. Traffic for this holiday, however, was still 33.3 per cent less than that for the Labor Day weekend in 1941, the last pre-war year. This is a sure sign that the people are anxious to get back on prewar footings.

Residents of Oxford road and other sections in Grosse Pointe Woods registered what appears to be a justifiable "beef" with The Review this week over the unpredictable schedule being maintained lately in the village by the contractor who picks up trash. Several days after the regular pickup schedule, piles of rubbish were still blemishing and ruining grass in front of many

Thief Captured in

Two Grosse Pointe Park robberies were cleared up this past week with the arrest of Charles F. Parks, Jr., 29, of 840 Ford, Lincoln Park, by Toledo police.

Parks was captured at "work" in Toledo home. Through circulars, Toledo police notified Lieutenant Louwers that they were "probably"

Lieut. Louwers and Officer H. Hennig drove to Toledo, and after some questioning, Parks confessed to the looting of the Roy Gifford home at 1160 Berkshire and the theft 25, and the robbery of the George Eversman home, \$84 Westchester on Aug. 13. The automobile has been recovered.

As first reluctant to answer the Park detective's questions, Parks finally admitted that he entered the Gifford home, However, the police soon realized that although he had mentioned the Gifford hop _ he was actually telling of the Eversman rob-

Parks pleaded guilty to burglary in Toledo. Sentence will be pronounced later.

An accomplice is now being sought by the police departments of several Michigan communities for burglary. He is Walter Eychas, 27, of Saginaw, Mich He has already forfested a Michael in Ray City, Mich.

Artillery Battalion is returning to Club Drive, Grosse Pointe Woods, this hospital. -Defenders of the vital ports of the United States with a remarkable and other members of the battalion Cherbourg and Antwerp, and heroes in the Bulge, the 788th Anti-Aircrait Corp. Jack F. Reed, 1960 Country turn home.

No one can buy Barbiturates (sleeping tablets) at Busch Drugs without a physician's prescription - not for any price, because we don't want that kind of money. Uninformed abuse by the public of "sleeping tablets" can have harmful consequences . . . even cause death. Sound sleep is a natural restorative of energy. It should come naturally. If it doesn't, due to some physical condition or mental strain, a physician should be consulted. If he prescribes a Barbiturate, we'll fill his prescription.

highest importance to the operations of the infantry battalion for which he works. The modern infantry organization is tied together with a complex net of communications and the efficient operation of this net depends in a large part on the operators. Corporal Pisano has also worked as a wireman for his battation communications section.

He has served over twenty-five months in the Pacific area, in the Hawaiian Islands, in New Guinea, on Morotai Island in the Netherlands East Indies and in Northern "The water is so beautiful it looks Luzon. The soldier wears the combat infantryman's badge, the good

THEY READ WERE HEALED

WHILE FULL PROVIsion is made in Christian Science for specific treatment for the sick, many people have been healed, not a few of them when their condition had seemed hopeless, simply through the thoughtful reading of the Christian Science textbook, SCIENCE and HEALTH with Key to the Scriptures by Mary Baker Eddy

The last hundred pages of the book are given over to testimonies of such healing. These remarkable experi-

ences illustrate the influence of thought on the condition of the body - an influence fully explained in Christian Science. They show how thought is improved as it takes in the message of this book, and how the body naturally responds to the improvement.

This great book can be read, borrowed, or purchased (in various editions at prices beginning at \$2.00) at

· SPEBSQSAI-These letters stand, not for an alphabet government agency, but for the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., an international and rapidly growing organization with 180 local chapters in the United States and Canada, and the U. S. armed forces in camps and at such far removed places as Guam. The newly organized Grosse Pointe chapter is the 42nd in Michigan, which 10 a.m. Rally Day service with all state happens to be the singin'est in epartments of the church school in the Union, and the national headthe sanctuary. Younger children will quarters of the organization is located in Detroit under the management of a former Pointer, Carrol P. Adams, international secretary.

The purpose of the society is to preserve the old songs as sung by a male quartet, without accompaniment, and according to the individual quartet's interpretation of original harmony and variations. The society has gone far in establishing this distinctly American type of singing as a part of American folk music. It has been outstanding in providing entertainment at army and navy camps and hospitals through the medium of its hundreds of organized quartets. The Grosse Pointe Balladaires is one of the local units which has made numerous appearances at Percy Jones hospital, Romulus Air Base, the Veterans Facility,

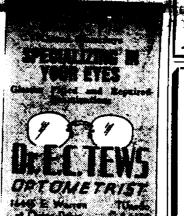

Grosse Pointers who may be interested in quartet singing, either as singers or listeners, may obtain information about the new organization by calling H. LeRoy McKinney at NI 5634 or Mark P. Roberts, LE

The facts about the ELECTRIC APPLIANCE SITUATION

People come into our offices-and to department stores, hardware stores and other appliance dealers-with one question uppermost in their minds: "When can I get a new electric iron? Or an electric clock? Or a washer? I understand they're being made again. And I've seen them advertised in the magazines."

Here are the facts about the electric appliance situation. Manufacturers are resuming production of a limited number of appliances. Until they can reconvert their plants to full peacetime operation, the number built during the first few months will be small.

The demand will far exceed the supply. At least at first, what appliances are available will be spread so thin among the various appliance dealers that there will be very few on any one dealer's shelves. It may be a year before the supply is plentiful-perhaps longer. The first appliances released by manufacturers will go to department stores, hardware stores, home appliance shops, etc.-dealers whose very existence depends upon the sale of merchandise. The Detroit Edison Companybecause it handles appliances only incidentally to its principal business of selling electric service-will be among the last to get them. Our policy has always been "See your dealer first," Until the dealers' shelves are stocked, we shall have very few electric appliances for sale.

Please remember that your dealer's supply will be short. He is anxious to sell you the appliances you want, but he can obtain no more than his limited allotment. We are equally anxious to have electric appliances once more available for all who want them. We hope the time may not be too far off.

THE DETROIT EDISON CO.

Your dealer will be glad to give you helpful information about the particular appliance you want, and answer any questions you may have. When new electric appliances are again available, he will help you select the model to fit your needs.
