

AUTOMOBILE THEFTS SOLVED IN POINTE

POINTE PARAGRAPHS

by THE POINTER

Last Thursday as the first day of duck season slipped in during the wee hours of the morning, hunters found Carl Schweikart, township supervisor, and his pal, Pete Moor, with guns on their shoulders and shells in their belts, ready for whatever was coming.

Remembering that they are always the victims of the "bitingest" mosquitoes, they thought they'd be victims of all this DDT advertising and try some while hunting.

Using their squirt gun with flexible wrists, they squirted 'n' squirted and came back with great confidence in the new discovery.

The only trouble, they said, with DDT is that it not only chased away all the mosquitoes, but the ducks didn't show their bills either! The duck hunters came back duck-less.

Wouldn't you know it! It seems as though the gasoline and oil strikers are not only causing a great deal of inconvenience to motorists, but the weather man hasn't been exactly too gentle either.

We wouldn't mind doing a little extra walking these gasless days, but who wants to do it in torrential rains? You can bet your rubber boots that we have many sympathizers along this line who arrived at the office with wet feet or curl-less coiffures, or both.

Oh, for the days of gasoline and sun!

Did you know that airlines are flying babies free, with diapers and special diets thrown in the bargain?

Another sign of peace-time days found in the Pointe: Your favorite brands of ice cream without those special ices — marshmallows on the counters — canned corned beef for that snack — more liquor on the shelves.

Interest Focused On Lecture Series

Initial announcement of the program for the 1945-46 season of Grosse Pointe Lectures, Incorporated, taxed the available season ticket supply to the extent that only about 200 seats are still open for reservation.

The series will again be held in the John D. Pierce school and auditorium, Kercheval near Balfour, at 8:30 p.m., Tuesday nights, starting on October 23. An even more pretentious list of speakers has been made available for the season by the committee on speakers of Grosse Pointe Lectures.

Prompt and early reservations will greatly facilitate final arrangements, such as necessary verification and mailing of season tickets to patrons. The board of directors has expressed particular concern over any delay on causing disappointment to possible patrons who wait too late to obtain tickets for this year.

Reservations may be made by calling the Grosse Pointe Board of Education, N. L. 2000, extension 25.

The speaker and topic to be discussed is listed below with the date of the lecture.

Tuesday, October 23 — Harrison Forman, "Report from Red China."

Tuesday, November 13 — Frazer Hunt "What's Ahead for America."

Tuesday, January 15—Carl Sandburg, "American Folk-Lore."

Tuesday, February 12 — Volney Hurd, topic to be announced.

Tuesday, March 12 — Dr. Syud Hossain, "What About India."

Driver, Passenger Injured in Crash in Farms Sunday

Several accidents took place in Farms Sunday afternoon, sending two persons to the hospital, and property damage in the amount of \$1,000.

On Sept. 14, Officers Endres and Hough found the restaurant open at 2:10; they warned the proprietor that he must close earlier. The following morning they gave him a ticket for the same violation.

Tickets were then issued on Sept. 21 and 22 for further violation.

Park Sailor Explains Excitement in Participating in Occupation of Japan

Charles E. Toepp, SIC, is taking part in the support of the occupation of Japan, according to word received here. He tells of the excitement which he has encountered while in Tokyo Bay in the following letter to his mother, Mrs. F. A. Aldard, 1006 Beaconsfield, Grosse Pointe Park:

"As you can tell by the stamp you see where I am, right in Tokyo Bay. Yes, I finally got here. Never thought that when I came into the bay I would get this excitement."

"We are in charge of the Amphibious Forces for the 3rd Fleet. Our outfit is known as 'The Tokyo Force' and we have the honor of landing the first American forces in the Tokyo area, and we are going to land the troops on the imperial soil of the little yellow stinkers. We are landing elements of the Eighth Army who fought in the Philippines. For some reason or another I am very excited and I guess that I sound like a school boy. You can tell everybody that I would get this excitement."

"These operations out here surely are a lot different than those in Europe as we never had the transports and cargo ships that they have here. I was in the largest invasion in Europe."

"A survey was conducted by Henry Piel, Park police chief, E. B. Lane, village manager, and William L. Potts, AAA representative, regarding traffic conditions on some of the Park streets."

A survey of moving traffic at Cadieux and Jefferson upon the recommendation of Commissioner James McMillan to find out if a signal light would be a protective measure at this intersection.

Findings of the group revealed that insufficient traffic passes this point to warrant a traffic light. There should be at least one thousand vehicles passing a given point per hour, and 25 per cent of this total coming from the minor street.

Final disposition was delayed because of the absence of Commissioner McMillan Monday.

In addition to the Cadieux-Jefferson survey, Mr. Potts reported on the general survey of traffic conditions in the Park. Through his recommendations, installation of modern standard traffic signs will be undertaken by the village. He said many accidents and near-accidents will be avoided if this system is changed to that followed by most of the surrounding municipalities.

Parking conditions were found to be adequate although angle parking at Jefferson and Beaconsfield should be discontinued, he said.

Appearing before Justice DeBaek in the Park justice court, Vincent M. Lawson of a Detroit hotel, was found guilty of running a signal light and driving with expired license plates. He paid \$20 in fines.

Youthful Thieves Also Linked To Accessory Thefts

The police department of the City of Grosse Pointe has solved eight automobile thefts with the possibility of two more, when two youths from the City were apprehended and sent to juvenile detention home on this charge Saturday.

A third lad, resident of Grosse Pointe Park, was implicated in the theft of auto accessories with the two youths for the past year, especially in the Park.

Two boys are fifteen years old; the third is sixteen, and because of their age, The Review withholds their names.

The first boy was picked up by East Detroit police early last Friday morning for speeding sixty miles an hour on Gratiot near Eight Mile road. When checking registration, they found that he was driving a car owned by Emery Hatch of 588 Lincoln road.

The boy told Chief Thomas Trombly that he drove the car to a riding stable on Ten Mile road in St. Clair Shores where he stole a saddle, intending to sell it in Detroit. It was found on the rear seat of the Hatch automobile.

They are also the ones who attempted to steal the Clarence O'Dell auto from 694 Lincoln; this theft was prevented by the members of the family who discovered them driving away. They said they had stolen the keys earlier in the evening, knowing that they would return later to drive the car away.

They also confessed taking the license plate from Mrs. Clare Bryant's car at 682 Lincoln, which was found in the O'Dell car. These thefts occurred September 9.

Besides these, they also admitted stealing R. E. McConnell's vehicle from University place, and which was found smashed by the Farms police at 21 Lakeshore road, August 31, and John Blake's car from 265 Washington road and Dr. Blake, at 575 Lodge.

After a large part of this confession was obtained by Chief Trombly from the first boy to be apprehended, he later tried to deny everything after one of his companions joined him in the detention home. After repeated questioning, the two admitted to these thefts.

Chief Trombly and Sgt. Edgar Trombly of the City, are being assisted by Detective Lieutenant Louwers of the Park.

The three boys have been turned over to the juvenile authorities.

Service Station To Be Erected By Tom Boyd, Inc.

Final approval was given Tom Boyd, incorporated, to erect a sales and service station at Nottingham and Jefferson, last Monday night by the Park village commission.

Plans for the station and sales room were submitted and Mr. Boyd told the commissioners that he purchased the lot immediately adjoining the business lot in the rear. Because of this, Mr. Boyd was able to provide for a five foot easement on this additional property and still retain his original building plans. This proved satisfactory with the commissioners.

A service station is now being razed to make way for the new building.

Reflection of Moon Causes Prowler Call

Investigating a prowler call at 1033 Devonshire road last Thursday morning, Park police found that the supposed "light" burning in the house was the reflection of the moon shining through the window.

To Invest Funds

\$75,000 in surplus funds of Grosse Pointe Park will be invested in U. S. certificates of indebtedness, with a maturity date of September 1, 1946.

REMEMBER?

ONE YEAR AGO

The residents of the City of Grosse Pointe were abiding by the wishes of their councilmen and buried their garbage for the duration of the strike which went into effect in the City by the members of the public works department. The councilmen were guided in their decisions by the wishes of many residents; the men went on strike on September 22 when they did not appear for work in the morning.

After waiting since June, 1943, to receive final action on his writ of mandamus to show cause why the commissioners of Grosse Pointe Park should not rehire him as a member of their police department, Hugh McHugh reached a settlement with the village out of court for the sum of \$1,500.

Lieut. A. Van Baellaere and Officer J. Onstvedder of the City police arrested two 16-year-old Detroit youths when they were caught in the act of ransacking a car on Rivard boulevard.

A mobile blood bank was scheduled for Grosse Pointe at St. Clare's parish . . . Upon recommendation of the Park village attorney, the village commission rescinded their action taken earlier on the vacation of Goethe and dismissed their case . . . The street maintenance program in the Farms was proving a success . . . Gratiot township residents cast their votes opposing "tuition aid" to students attending school outside of the district . . . Sgt. Charles Marsack was reported missing in action in Germany . . .

Business Frontage Extension Asked For Somerset-Jeff.

Real estate men approached Grosse Park Park commissioners recently with a proposal to extend the business district on Jefferson avenue to include the northwest corner of Somerset and Jefferson.

If this is done, the Michigan Automobile Club intends to build a branch office building of Colonial design.

Cupid's Ticketed for Violation of Closing Hour Here

The question of Cupid's restaurant, Harvard and Mack avenue, was again brought before the Park village commission Monday night, when an application for a night license was read by William Stamman, clerk.

Gus Constant, proprietor of Cupid's, asked for this license because he wishes to keep open after two o'clock in the mornings on the weekend.

Police Chief Piel was asked if any new disturbances have been noted by his officers, for reports from nearby residents are continually being made regarding noise and general nuisance. He said that the management had been issued three tickets for violation of the 2 a.m. closing within the past two weeks.

On Sept. 14, Officers Endres and Hough found the restaurant open at 2:10; they warned the proprietor that he must close earlier. The following morning they gave him a ticket for the same violation.

Tickets were then issued on Sept. 21 and 22 for further violation.

Signal Decried to Be Unnecessary

A survey was conducted by Henry Piel, Park police chief, E. B. Lane, village manager, and William L. Potts, AAA representative, regarding traffic conditions on some of the Park streets.

For class reservations or information, call the Grosse Pointe board of education, N. L. 2000, ext. 25.

"Duration" Meaning To Be Defined For Park War Plants

Because many of the Park's small war plants were given permission to operate in the village for the duration, village attorney Fred McGraw has been instructed to draw up a resolution showing where the village and these plants stand.

At the time many plants began operation, residents complained, but because of the nature of their work carried on, the plants were given the go-ahead sign. The residents were promised that the buildings would be restored to their former conditions, and work would cease after V-J Day.

Cloverly Road Residence Entered by Roving Lads

Wandering boys were blamed by Farms police for damage to the Ledyard residence, 228 Cloverly road, last Saturday. The home has been vacant for many months, and is periodically visited by roving bands of youths.

Joseph J. Stempl, 12839 E. Outer Drive, appeared at the Park police station to report an accident on Saturday afternoon. The other motorist involved was Stanley Walker, 1205 Lakewood.

Robert Bishop, 15034 Mack avenue, reported that his car had been hit while it was parked, and while calling police, the second car left the scene of the accident. Investigating officers issued a ticket to James West, 214 E. Hancock for reckless driving and driving while his operator's license was revoked.

He was fined \$150 for the charges in the Park justice court Wednesday.

Quarter Century At Cottage Hospital

More than a quarter of a century ago, the Grosse Pointe Cottage Hospital was the beginning of a dream. Today, it is a large institution, expanding so that already an additional wing has been made to the original building erected in 1928 on Kercheval and Oak street in Grosse Pointe Farms.

Its history dates back to the Mutual Aid and Neighborhood Club which was founded as a meeting place for all sorts of clubs. Girl and Boy Scouts and many neighborhood activities. This was in 1919.

A change was made in the original staff of the Club at a meeting in the house which was held in connection with the hospital, a formal building on Rivard street, when one of the directors was a bright-eyed little woman from Oak street, who electrified all by telling that her children had been ailing for several days, and only that morning had been sent home from school because they had scarlet fever! Spurred by this alarming experience, Miss Johansen, a visiting nurse was added to the staff of the Neighborhood Club.

A house on Oak street was purchased about 1912 as the new building for the Neighborhood Club. It was the center of all neighborhood activities, and during the influenza epidemic of 1918, in World War I, it was used as a military hospital.

In early 1920s, The Cottage Hospital, dated December 1, 1920, was founded there. "The Cottage Hospital is a direct result of the influenza epidemic of 1918. There were at that time nearly 600 cases, with seven deaths in the township of Grosse Pointe . . . the crying need for a small hospital where severe cases could be concentrated was most evident, and Baroness Von Seltzer, who, as a Nurse's Aid during the epidemic, had had this situation especially before her, initiated the movement to raise a fund to buy and furnish a Cottage Hospital, and she enlisted the help of Mrs. Benjamin Warren, Mrs. John S. Newberry, Mrs. Phillip McMillan, Mrs. Murray W. Sales, Mrs. Walter Busby, and Mrs. R. P. Joy.

The residents of Grosse Pointe responded generously, and a house at 34 Oak street was purchased in January, 1919. It consists of three wards, containing 5 beds for adults, 5 for children and 3 bassinets . . . On August 1, 63 patients were cared for. This surprising demand taxed the hospital beyond its capacity . . . and in September, the adjoining cottage on the east was purchased, and, between the two cottages, an adequate operating room and a maternity room were built, thus making the two buildings.

Had it not been for the generous contributions of the residents, who in private life were engaged in various professions, associated with industry and in the tasks in connection with the war, a hospital of this nature would have been impossible. The Cottage Hospital, with its 14 patients, and surgical . . . (Continued on Page 5.)

WANTED—Men Who Like to Sing!

Any man in Grosse Pointe who likes to sing (regardless of talent or ability) is invited to join the Grosse Pointe Men's Chorus which opens its 1945-46 season at eight o'clock Wednesday night, Oct. 3 in the band room at Grosse Pointe high school. The group is directed by Glenn Woods, one of America's outstanding authorities on choral work. Members of the group last year are enthusiastically expecting a growth in membership. Anyone interested is welcome to attend any or all sessions.

"WE LEAD, OTHERS FOLLOW"

CAN YOU HELP?

The Community War Chest needs volunteers to help with the annual campaign. Two kinds of campaign workers are especially needed: Canvassers and team captains.

Canvassers go from door-to-door and seek contributions from housewives, retired persons, small business places and the like.

Team captains organize the canvassers, assign blocks, distribute campaign material and make reports on progress of the campaign. All volunteers can work in their neighborhood.

Even though soliciting is not always easy, more than twenty thousand residents in Wayne county volunteer to do this type of work each year for the War Chest drive. Nearly everyone who works at it gets a feeling of satisfaction for having participated in a really worthwhile enterprise. It is also a way to meet your neighbors as well as fellow campaign workers.

Why not get in touch with the War Chest in Detroit, or one of the local chairmen and offer your services this very week. This is an opportunity which should not be ignored.

SATURDAY WAS ANOTHER big night, for Don Hiles hung out the welcome sign to many of his friends. The kids that busily amused themselves down in the recreation room, dancing, eating and singing were: Don and his date Beth Klaver, Dave Hunter 'n Joanie Gehlert, Tommy Ronan 'n Janie Gehlert, Joe Keane 'n Sally Stickney, Janet Reid 'n Frank Wilton, Mike Foster 'n Alice Fauser, Ed Roney 'n Mary De Connolly, and Harold Haupt 'n Sue Rogers.

A PARTY AT NANCY PIERSON'S was the highlight of Saturday night for Lois Buck 'n Larry Williams, Joan Mulford 'n Andy Laver, Libby Powell 'n Pete Dixon, Joan Wetherby 'n Don Beaumont, and Ted Osius Nancy's date. After the party the gay group sped to Birmingham for fish and chips at the popular Sussie-Q.

ANOTHER WEEK-END FULL of fun and frolic and many a party has flown swiftly by. With fall at its peak right now everyone's getting into the swing of social life with a boom! Parties and dances are constantly haunting Grosse Pointe.

LAST FRIDAY NANCY BALKEMA gave a slumber party for about seventeen gals. Among the chattering, bridge playing, and eating bunch were: Kay Morris, Flo Michie, Nancy Lightbody, Jo Jo and Ann Armstrong, Joan McGinty, Sally McBride, Mary Brooks, Joan Crowley, Pat...

THE MAC WAS BUSTLING with excitement last week-end as many guys and gals gathered for one of their weekly dances. The group from Grosse Pointe included: Megs Vierling 'n Jim Flom, Ann Armour 'n Johnny Trost, Jo Jo Armour 'n Bryan Briedes, Beth Klaver 'n Don Hiles, Art Daniger 'n Barb Greenleaf, Joan Wiedman 'n George Saad, and Wood Geist (who's home on furlough) 'n Marilyn Buck.

THE U. OF D. FOOTBALL game was a popular place last Friday night. Some of the dates on the sidelines were: Sally Stickney 'n Roy Lienweber, Jack Wetjauer 'n Ann Fitzsimmons, and Joan Morrison 'n Clare Sober. This gang wound up at the Hotel Leland to dance. Some of the stags cheering U. of D. on were:

A big night at Alice Neville's house for she is dusting off the welcome mat to Herman von Arn, MARY Bauman, and Sally McDonald-whose birthdays it is. The triple birthday party will start with a scavenger hunt and wind up back at Alice's for eats and dancing. It's a hag drag the stag affair that will include: Alice 'n Ernie Plegger, Herman 'n Meg MacKenzie, Mary 'n Tommy Auch, Sally 'n Jim Williams, Martha Weatherby 'n Jim Swift, Suzie Johnson 'n Dave Connell, and Ginny Grasse 'n Pete Van Osdol.

Gabriel Richard School Plans Interesting PTA Meeting

The first meeting of the Richard school PTA for the 1945-46 school year comes on Tuesday night, Oct. 2 with a very instructive program being planned.

The visitation of the parents in the classrooms at 7:30 will be dispensed with this time, such visits to take place after the auditorium program. The auditorium program will begin at 8:00 p.m. and will consist of a brief business meeting conducted by Charles Scheid, PTA president; a discussion of some school problems and policies by the principal, Clarence Messner; and the introduction of teachers and officers of the PTA.

Following this auditorium meeting all parents will proceed to the several classrooms of their children where there will be an informal discussion headed by the teacher. The discussions will center around such topics as the daily program, methods used in teaching certain materials, textbooks and workbooks used in our schools, desirable traits and habits of conduct the home and school can co-operatively inculcate, the record system and the report cards.

An excellent opportunity is this being presented to the parents of Richard school children to learn of the educational procedures of our school.

SERVICE PARADE

Hondo Army Air Field, Hondo, Tex. — Another graduating class, representing nearly every state, completed the 36-week Army Air Force B-29 Flight Engineer course at Hondo AAF, Hondo, Tex., on Monday, Sept. 17, and at graduation exercises were awarded the newly-

adopted AAF Flight Engineer wings. Among the graduates is F/O Rex E. Bohner, of 886 University Place, Grosse Pointe.

The flight engineer is the latest addition to the officer ranks of the AAF. He is virtually in control of the Superfort almost all the time in his role of master mechanic, aeronautical engineer and the "boss of the gas can." Stationed at an instrument panel, which dwarfs that of the B-29 commander, his highly technical job enables a Superfort to carry heavier bomb loads over longer distances, with less gasoline.

★
Corp. William E. Hawkins, son of Mr. and Mrs. William E. Hawkins of Nottingham road, is now attending the Army University Center No. 2 at Biarritz, France. He was previously stationed at a Reinforcement Depot at Compeigne, France, before being selected to attend this university.

Biarritz is located on the Atlantic coast of France near the Spanish border and is considered one of the most beautiful resort cities in France. The army has set up a university there to accommodate 4,000 students. Over one hundred professors, all from various colleges in the United States, comprise the noted faculty. Almost every course and subject to be found at any of our large universities is available to the G.I. students there. A normal 18-

week semester's work is crowded into an eight week term and each student is permitted to take three subjects. Corporal Hawkins is studying subjects in connection with the business administration course which he pursued at Alma college for three years prior to entering the service in March, 1943. He has been overseas since March, 1944. Bill graduated from Grosse Pointe high school in January, 1940.

★
On the U.S.S. Bon Homme Richard Off Japan (Delayed). — James P. Gluga, aviation ordnanceman, second class, USNR, 2167 Beaufort Drive, Grosse Pointe Woods, is serving on this aircraft carrier, which has been assigned to duty as part of the U. S. occupation fleet.

For 45 days preceding the end of the war, the vessel steamed up and down the Japanese coast as the 3rd Fleet staged 13 air raids and five bombardments on the Jap home islands — and fired her guns, only once. That was when the almost-perfect air cover permitted a Jap suicide plane to sneak through, only to be shot down just short of another carrier.

"Gosh!" yelled one of the men as he seized his helmet and dashed for his gun mount, "the war's over — it would kill me to get killed now."

★
Chief Yeoman Donald J. Carey, is expected home on leave soon. His wife, the former Nancy Baker, resides at 932 Lakepointe.

His ship, the U.S.S. LaGrange, was the last boat to be hit by a Jap suicide plane at Okinawa on Aug. 13. There were 21 casualties. Carey is now in San Francisco.

★
Richard Cotter, son of Mrs. James W. McKay of 24726 Charlevoix, is stationed aboard the U.S.S. Halsey Bowell participating in Japan's occupation.

★
Corps. G. W. and John Monaghan, sons of Mrs. G. W. Monaghan, Sr., of Maryland avenue, Grosse Pointe Park, met in Hawaii last month, they have informed their mother. John is now stationed on Guam with 2½ years service to his credit, while his brother is in Hawaii with 18 months of service.

★
John A. Baker, MM3C, son of Mr. Baker, is taking part in the Japanese occupation while serving aboard the U.S.S. Kennebec.

While passing through Pearl Harbor recently, he spent a two-day holiday with his uncle, Lieut. Cmdr. James McNally, who is stationed there.

★
Maj. and Mrs. Allan F. Rowley are spending the major's 30-day leave with his parents, Mr. and Mrs. Mark Rowley, 600 Lincoln road. He has been in the armed forces since before Pearl Harbor and spent the last year in the ETO.

★
Hilary H. Micou, Jr., a member of the Army Airways Communications system, has recently been promoted to the rank of corporal, as a reward for his fidelity to duty and in recognition of the quality of leadership that he has demonstrated.

Corporal Micou entered the armed services Dec. 4, 1942 at Cornell university, Ithaca, N. Y. He left for overseas duty Aug. 27, 1944, served first in Puerto Rico and is now stationed with an AACs unit in Puerto Rico.

He is the son of Mr. and Mrs. Hilary H. Micou, 30 Kerby road, Grosse Pointe Farms. He attended Cornell from 1942 to 1943. His activities while there included track and hockey.

★
On the U.S.S. Pilotfish in Tokyo Bay, (Delayed). — Lieut. (jg) Harold J. Marty, USNR, 575 Lakeland road, Grosse Pointe, recently witnessed the formal Japanese surrender from this submarine, one of the 12 representatives of the undersea service which sank more Jap ships than any other Allied military unit.

The Pilotfish made extensive patrols in the East China Sea in Japanese empire waters.

★
Fifteenth AAF in Italy. — Lieut. John R. Gilmore, 1032 Nottingham road, Grosse Pointe Park, is a member of the 531st Air Service Group which services the 99th Heavy Bombardment Group, Commanded by Lieut. Col. Robert E. White, 531st Air Service Group is composed of men from the service organizations of the Twelfth and Fifteenth Air Forces who have not had the required number of points to be discharged from the army, but who have been greater than that of the units which have been played to the Pacific theatre.

These men will have an important task in the poisoning of the assassination of Germany. It will be as important for the tactical units have their planes operational during the time of active campaign, and it will be the job of this organization to keep them flying.

ated in 1940. Prior to entering the army, he was employed in the Grace hospital. Captain Gilmore entered the army from Selfridge Field, Mich., in September, 1942, and was ordered to overseas duty in August, 1943.

Returns to Memorial Choir
His wife, Mrs. Inez R. Gilmore is living in Port Huron, Mich. At the present time he is a medical officer with the Headquarters and Base Service Squadron. He attended Central high school in Detroit from which he graduated in 1933. He attended Wayne university and graduated in 1937.

Malcolm M. Johns, who served three years as chief specialist in music in the navy, has been detached from service, and is returning to his former position in the Grosse Pointe Memorial church as assistant organist and director of the boys' and girls' choirs.

CHRISTIAN SCIENCE CHURCHES
 "Reality" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, Sept. 30.
 The Golden Text (Lam. 5:19) is: "Thou, O Lord, remainest for ever; thy throne from generation to generation."
 Among the Bible citations is this passage (Isaiah 44:6): "Thus saith the Lord the King of Israel, and redeemer the Lord of hosts; I am the first, and I am the last; and beside me there is no God."
 Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (472): "All reality is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made."

NOW THAT THE WAR IS OVER...

Telephone manufacturers are reconverting to civilian production as fast as they can. Michigan Bell already has launched its \$120,000,000 five-year post-war program of expansion and improvement. We will step it up as rapidly as sufficient equipment and trained manpower become available.

Between a third and a half of the 125,000 families now waiting for service can be cared for as soon as enough telephone instruments are produced—a matter of months.

To fill the majority of orders, however, instruments alone won't do the job. Thousands of miles of wire and cable will have to be produced and placed—central offices enlarged—many new ones built. Central office equipment will have to be manufactured and connected into the system. Much of this is slow, pain-taking hand-work.

So, many of those now waiting will not have service for a long time. It may take nearly two years before telephones can be installed generally without delay.

If you are waiting, we appreciate your patience. We promise to provide you with service just as quickly as possible.

and stage entertainment to American children and youth, the local Parent-Teacher Association had announced the presentation of several plays by Junior Programs, Inc., during the season. The productions were scheduled for the Pierce Junior high school for Saturday mornings and afternoons.

Tom Boyd, Inc., announced the appointment of Cliff Lewis, popular automobile service man, to the post of service manager with their company . . . Registration for a women's gym class were taken for the Grosse Pointe high school . . . The Gratiot township water project was nearing its completion.

TEN YEARS AGO
For one hundred per cent efficiency in safety education and patrol work, the Trombly and Defer schools of Grosse Pointe won the Automobile's club safety trophies for the 1934-35 season.

15 YEARS AGO
The stage was set and necessary preparations were completed for what was conceded by all to be one of the most important and interesting elections in Grosse Pointe; it was the special school district election. It was called to authorize a \$399,000 bond issue for the purchase of three junior high school sites. A great deal of opposition was raised against this proposal with both sides making public their viewpoints in The Review.

An accident that started in Detroit and finished in Grosse Pointe Farms, resulted in two Pointe residents, occupants of one car, receiving only minor injuries.

Planting upon Grosse Pointe high school's reforestation plot began according to word received from the state forester; the plot was located in the Ogsmau Forest Reserve near West Branch, Michigan. The plot was purchased by the students and named in honor of Jerome Burt, former principal.

In an effort to calculate when the last Turkish polygamous family would have been expected to die out, the Turkish authorities were to have taken a census throughout the country. Many families were still practicing polygamy, some the law as much as they were the overflow from the polygamy regime which was abolished a few years before. It was believed that the polygamists had been diminishing at a great rate during the previous years and special statistics were to have been drawn up regarding them in a general count of the Turkish population.

Denby Mothers' Club to Meet Next Thursday Afternoon
The Denby Mothers' club will hold their first meeting for new members next Thursday, Oct. 4 at 1 p.m. in the school library. Community singing, followed by a business meeting at 1:15 has been scheduled. This precedes an all-student program.

Dr. Leigh Cooper and counselors will be presented and introduced to the new mothers. Doctor Cooper will give the welcoming address.

Mothers of new students entering Denby school are invited to attend this meeting. It is not necessary to be a mother of a student to be present; anyone interested is welcome.

dressings took up the time of many of the prominent citizens who wanted to help the busy nurses.

The two frame cottages on Oak street began to be entirely inadequate to care for the growing population and by 1927, arrangements were started for the purchase of new property to build a larger hospital.

It was also at this time that the Cottage hospital became incorporated as a separate organization, and the Mutual Aid and Neighborhood Club legally signed a paper, transferring various properties to the hospital organization.

invasion. He was home on a 30-day leave a year ago this month, reporting to the San Diego Naval Base when his leave was over. He was assigned to the base at Coronado Beach until April, 1945, and at that time went into the Pacific area of operations, aboard the U.S.S. Mount Olympus, communication ship of the staff commander of the Third Amphibious Force, with Vice-Adm. T. S. Wilkinson, and his duties are in the communication office of the ship.

Toepp attended St. Ambrose and at the time of his enlistment was employed by Continental Aviation and Engineering corporation. He enlisted three months after he was 17 years of age on March 28, 1943. He is now 19. At the time of the Normandy invasion, he was aboard a LGG (landing craft guns).

Never burn leaves or other plant refuse unless they are infected with disease. All healthy plant material should be spaded into the soil (after it has rotted down) to add organic matter and improve its physical condition. Build a compost pile. When doing so, be sure to leave a depression in the top to catch rain and snow which will help to speed decomposition.

Fall plowing or spading is particularly desirable on heavy soils. Pepper plants can be pulled and hung in the basement before freezing. Green fruits will mature and they can be used over a comparatively long season.

Kale is an excellent cool weather crop and it will improve as the frosts come. With a light protecting cover of straw it can be used from the garden until early winter. It can be harvested by cutting only the outer leaves as they mature, or by cutting the entire plant.

Pull up corn stalks and vine plants, as soon as the crops are over and stack to burn, or place next to the curb for village rubbish trucks to pick up. They do not decompose except over a long period and are likely to house injurious grubs over the winter if left in your garden. (Garden council advice).

Rally Day Plans Changed If Gas Is Still Restricted

If the gasoline strike is still on next Sunday, Sept. 30, the Rally Day exercises at Grosse Pointe Memorial church will be postponed until the first Sunday that gasoline is generally available.

"Mary's like a LITTLE LAMB in her all-electric kitchen"

"Just before the war Mary and I moved into a new home equipped with an all-electric kitchen. Mary's whole attitude about kitchens changed immediately. She used to be impatient with the way a kitchen ties a woman to the home. Now she's very happy with her homemaking tasks. Her electric range gives such uniform results that failures and disappointments are a rarity, and the automatic features make cooking much easier. Perhaps her favorite helper is the electric dishwasher. I did a little time-study of her dishwashing and found that the dishwasher saves her about one working day every month. My mechanical mind is fascinated by the garbage disposal unit in the sink. My wife says it's a real convenience—this way we never really have garbage. Well, I could go on a good deal longer about the help she gets from her mixer, juicer, percolator and toaster—and I guess I don't even need to mention her electric refrigerator, for everybody recognizes now that there's no other method of refrigeration that equals the modern, electric way. Boy! Our all-electric kitchen sure has made a difference in our household."

HOW GARBAGE DISPOSAL WORKS

Simply scrape refuse from dishes into disposal unit. It makes no difference whether refuse is soft or hard.

Close cover on disposal unit and turn on motor. Grinder reduces all refuse to a soft pulp in a few minutes.

Water from the tap washes away the finely ground material.

Electric kitchen equipment is not generally available for sale now. Some is being manufactured and distributed. It will be to your advantage to have your name on your electrical dealer's list, so that you will be able to get it at the earliest possible time.

It's not too early to be thinking about what electricity can do for your home in the days to come. Forward-looking families are giving careful consideration to all the labor-saving, comfort-making conveniences that electricity can provide. They have learned by experience that the old-fashioned way is the wasteful way. They know that the magic of electricity can make their living better, safer and happier. They are about to turn on the electric life.

Detroit Veteran Council Sponsors Public Meeting

A public information meeting has been scheduled for the Rackham Memorial building next Monday evening at 7:30 for the general dis-

ussion of services offered to the veteran and his family by the Council of Veterans Affairs of Detroit.

Speakers for the evening will be Governor Harry F. Kelly, Mayor Edward J. Jeffries, and Judge Joseph Moynihan.

Marines Open Enlistments for Men 17 to 26 Years

The opening of voluntary U. S. Marine Corps enlistments to men from 17 to 26 was announced here recently by Maj. L. W. Carmichael, officer in charge of the Detroit Recruiting station in the Griswold building.

Major Carmichael also announced termination of further duration enlistments in the Marine Corps Reserve.

Marine Corps applicants must have had eight years of school, must be single and have no dependents. Those between the ages of 17 and 18 must have the signed consent of both their parents or their legal guardian. Those who have passed their 18th birthday do not need their parents' consent to enlist.

SHE TAKES BABY PICTURES

JACKIE McKAIG . . . Snapped by Guelda Hamilton,

Arrival of her first son, six years ago, started a hobby that has developed to the point that Mrs. Guelda Hamilton, 11029 Nottingham, is making a career out of child photography.

Her husband promptly armed himself with a dollar camera from the corner drug store and set himself about the fascinating business of picture taking, with the new arrival his No. 1 subject.

When Mr. Hamilton's work put him on the road for a year, his wife started photographing children, as a hobby.

A new model, now five, plus a fine new camera, spurred her to unanticipated heights and her fame was spreading throughout the neighborhood. In fact, Mrs. Hamilton was practically forced into business by mothers of photogenic children.

Instead of opening a studio in the conventional manner, Mrs. Hamilton, who photographs only children between the ages of three months and 13 years, works in the basement of her home, which has been fitted out as a play room. "Here, with toys belonging to my daughter, Christine, 2½ and to my two boys, the child is

encouraged to play and in a surprisingly short time is caught in a casual and natural pose," she says.

Mr. and Mrs. Laurence Hamilton both graduated from MSC and were married on graduation day. With three children, Mrs. Hamilton has had ample opportunity to learn what makes little tykes tick. The mother instinct, plus an ample dose of child psychology, enables her to obtain such unusual poses as is seen in the above baby's picture.

Anchors, like potatoes, are being sold by the pound these days by the Maritime Commission which is endeavoring to peddle at reasonable prices a huge store of surplus assorted marine items. A nifty new folding anchor, weighing 20 pounds, will set you back \$1.77 per pound. But the price scale declines as the size of the hook increases and if you fancy a 7,700 pound anchor (used), it retails at 4½ cents a pound. The commission has for distribution a 32-page catalogue describing bargains in everything from air vents to winches.

Hollywood Stars to Appear in Detroit for Fund Solicitors

Bob Hope and Jerry Colona will be in Detroit Oct. 6 for a rally of community war chest workers. To be held at 8:15 p.m. at Olympia, the meeting will be opened to Red Feather workers and their families.

Eddie Peabody, banjo artist who has just been released from navy duty as lieutenant commander in charge of special services at Great Lakes Training Station, will also appear on the program. There will be an orchestra, and Frank D. Eaman, president of the war chest, and Edwin J. Anderson, campaign chairman, will give brief talks.

There is still time to become a red feather worker. About 300 zone captains and 5,000 block workers are needed. If you would like to volunteer some of your time and effort to help put this drive over the \$8,490,336 goal, call CO 1600. The general solicitation begins Oct. 8.

Entertains Rotarians

Vocalist Wendell Holmes presented a musical program as guest of the Grosse Pointe Rotary club at their noon luncheon Monday at the Whittier hotel. He was accompanied at the piano by Leo Miller.

Need More Workers

Food manufacturers expect to re-absorb their returning veterans and employ an additional 200,000 persons, they report. A million and a half workers are now engaged in this field.

Taste This Fine Scotch-Type Whisky

ONCE YOU'VE TRIED Royal Banquet Scotch-type whisky, you'll know why some of the most particular Scotch drinkers compare this fine American product to their own favorite brands.

We brought a complete pot still over from Scotland and, under the direction of native Scotch distillers, followed the old traditional methods exactly, even to drying the malted barley over peat fires.

Some of the finest clubs and hotels in the country serve and praise Royal Banquet. We urge that you make its acquaintance at the first opportunity, for we feel sure that you will like it too.

GOODERHAM & WORTS LIMITED, PEORIA, ILLINOIS

35% Malt Whisky
65% Grain Neutral Spirits—86 Proof

*Standard poswar bottle illustrated. Today Royal Banquet is being packaged in the round Victory Bottle.
