## 1945 Very Active Year Attuned To War and Peace

Taking a quick glance through the files of The Grosse Pointe Review for 1945, a recapitulation of the activities of Grosse Pointers, both at home and away is presented. This includes the Pointe's civic, service, social, patriotic and municipal groups.

The death of President Franklin D. Roosevelt in April just prior to the all important United Nations conference was mourned by the peoples of every nation in the world. He was succeeded by Harry S. Truman.

The news of the year, of course, is the cessation of hostilities on the Eastern and Western fronts; the surrender in Germany in May and the fall of the Japs in August.

George Elworthy, director of the OCD in Grosse Pointe, warned the Grosse Pointe residents of the danger of robot and rocket bomb attacks which were prevalent at that time, and issued new regulations for all to observe in case of such attacks. In July, much talk was circulated to discontinue the OCD, but this was not accomplished until the early part of September when the operation of this war measure office was dismantled.

Although the women of the AWVS branch had only a part of the year under which to serve as a wartime service, their accomplishments tower beside many of the other service branches. Members spent hours and hours on the making of cancer pads and remodeling clothes and hats (the savings went into war bonds and stamps), and directing the sale of bonds and stamps from their quonset hut on Kercheval avenue. Their volunteers were many in the Seventh War and Victory Loan drives, in the salvage campaigns and in national and local drives having to do with community service. The AWVS moved out of their hut in the middle of November, but the members are still carrying on their work, operating from private homes.

Casualty lists brought tears to Pointers' eyes, and these were mounted side by side with the stories relating the heroic deeds of the youths and maidens serving on the world-wide battle fronts in the various theaters of operations. The boys were proud to present to the public the names of the fallen and to tell of the oppressed peoples of other nations as well as their hardships and their joys; and weekly the names of the returning discharged veterans have been published.

Despite the ending of the war, it was announced that approximately ninety-two Grosse Pointe men gave their lives in the defense of their country. Stories of the presentation of medals, awards and crosses were found, praising these boys "for gallantry in action," for "meritorious achievement beyond the call of duty," and for "aerial flights" against the enemy. The sad note was found in the posthumous presentation of similar awards to wives or parents of those who died in action.

Leaving the war news, we find that one of the most successful drives concluded in the early months of 1945 when the Bon Secours hospital completed their campaign to raise \$50,000 to convert the former convalescent home, located on Cadieux road near Maumee, into a modern hospital. The goal was passed on March 15, and soon afterwards, the staff to this up-to-date hospital was named.

Grosse Pointe finally succeeded in obtaining a permanent post office even though postal officials ordered a "stop" notice to be posted in the branch office on Maumee between Neff and St. Clair. The order was soon rescinded a few days later when scores of protests were sent to the officials, asking that the branch be maintained the year 'round. Complete facilities were obtainable in the office in early fall.

Four municipal elections took place in 1945, and great upheavals were noted in three of the village councils. Despite a strong opposition, William Stammen was re-elected as village clerk in Grosse Pointe Park; and newcomers James McMillan, Elmer Ulrich and William Gillett were named to the commission; in the Farms, William G. Kirby became the only new member on its council, and in the Woods, Paul W. Rowe was the people's choice along with Paul Marco and George Burgess. In the fall, the City election caused a great deal of attention, but the results were that Ralph B. Netting, unopposed, succeeded Dr. Hugh L. Dill as mayor, and Sidney H. Morgan filled the vacancy on the council.

Of great interest to the employees and residents of the Park, Farms, and City were the approval given pensions for the employees by the Park commission and the City and Farms voters. The Farms' was approved in March; the other two pension plans were given the go-ahead sign within a day of each other in November.

Some controversy was found over the Park's water rate early in March when the Detroit Water Board was blamed for the high rate; the latter body denied this and demanded a retraction from the Park's village manager which was ignored. The annual revenue was boosted from \$6,500 to over \$50,000.

More municipal changes were made in March when Ward S. Van Deusen resigned as Park commission president and Charles Parshall was later named to the vacancy. At the time of Mr. Van Deusen's resignation, a similar move was hinted by E. B. Lane, village manager. Karl Goodard was appointed to the vacancy made by the moving up of Mr. Parshall.

Several public issues came up during the year, and one of the most protested issues was the proposed multiple dwelling development which was to have been built in the Moross Challenge area. The builder was seeking permission to start construction when hundreds of homes residents attended a village

(Continued on Page 3)

## Annual Grosse Pointe Kiwanis Club Christmas Party Thrills Hundred Children Tuesday Night

CLUSTERED around the patron saint of childhood, children at party Tuesday night, December 18th, at the Club Lido.

## Ice and Snow Cause Accidents; Send Five to Hospital

Place on public streets this past week. Last Friday, Mrs. L. Robinson, of 17160 Healy, while driving on St. Clair, ran the stop street at Charlevoix and hit a car driven by John Snay of 843 Neff road. The Robinson car continued on after the first crash and hit a house at 823 St. Clair; she was ticketed for reckless driving.

A second reckless driving ticket was issued to John S. Schacki, 12812 Wade, after his car was involved in an accident at Cadieux road and Mack avenue involving a car driven by Byron J. Chambers, 21723 Moross road.

Two young people were taken to Bon Secours hospital after the cars in which they were riding were part of a three-car smashup, Saturday night at Whittier and Jefferson. George Vanderginst, 17, of 5040 Chalmers, hit a car driven by Adam Pruziara of New Jersey, who was attempting to turn into Whittier. Vanderginst, in turn, was hit by an auto driven by Benjamin R. Gibson of 183 Eastlawn. The injured were Pat Morgan, 41, of 66 Lenox and George Durum, 16, of 4370 Manistiquette.

A Grosse Pointe taxicab, driven by Neal A. Greiner, 3900 Maryland, was hit by a car driven by Norman A. Preble, of 471 Rivard at Whittier and Jefferson. The taxicab skidded on the ice and crashed into a third car driven by John Foote, of St. Clair Shores. Greiner, Preble, and Miss Constance Preble were released from the Bon Secours and Cottage hospitals after treatment for lacerations.

## Hit and Run Crash Solved by Police

A hit-and-run accident in the City of Grosse Pointe was cleared up by Park police shortly afterwards, last Thursday when Park police picked up John J. Jennings, 21, who it is alleged, was in an unlicensed condition and who was driving a damaged automobile.

## Announcement For First Gifts to Baby

Announcement for a baby who was presented to the baby who was her first appearance after the chimes have rung a year of 1946, if the parents of Grosse Pointe or the Gratiot township area covered by the Grosse Pointe Review.

The parents of the new heir will be offered them as congratulations for the mother and dad. These for the baby and the parents highly useful and will be much appreciated.

This annual contest is sponsored every year by this paper and is open to any parents who are residents of Grosse Pointe and Gratiot township; it does not matter where birth of the baby takes place.

In order to qualify for these prizes a letter from the attending physician giving the exact time of birth must be filed at The Grosse Pointe Review office. There are no other rules of the contest; the decision of the judges will be final.

The winning baby and parents may be known in time for next week's edition on January 3, but preclude any late report of a bit of the official winner will not be announced until Thursday, January 4, 1946. A letter of credit for the gift will be furnished to the official winner by The Grosse Pointe Review.

## Gifts to Baby

The formal "Sendoff" ceremonies which have accompanied each departure of servicemen from Grosse Pointe will cease at the end of the year, announced Norbert P. Neff, chairman of the Home Front committee.

## Sendoff Ceremonies End After Five Years of Service

Concluding nearly five years of operation, this committee together with the women of the Breakfast club, have been honoring the men in the early hours of the morning before they reported to the induction station, with a short program followed by breakfast for them, their families and friends. However, it is believed that public interest can no longer be served by continuing this procedure.

"The committee desires to express its extreme gratitude to the organizations, municipalities and individuals who have insured the success of the work undertaken by their spontaneous and continued support. This limitation of space would not permit the enumeration of those to whom we are everlastingly indebted and to list names would constitute a veritable 'roll call' of Grosse Pointe," said Mr. Neff.

"The Grosse Pointe newspapers have likewise been most agreeable and the occasion is taken to thank them, together with all of our benefactors most sincerely for our successful career now being terminated," he concluded.

## Review Holiday Deadlines

Because of New Year's Day on Tuesday of next week, the following schedule will be in force for news and advertising copy for The Grosse Pointe Review:

## Rotary Maintains New Service for Pointe Residents

The schools, Grosse Pointe high school, St. Paul's, and Pierce Junior high, have furnished the Rotary committee with this list. It includes the names, addresses and telephone numbers of these young people.

This group of names is available to Grosse Pointe residents who address a letter or card to Remington J. Purdy at 264 Kenwood court, Grosse Pointe Farms 30, requesting that the list be forwarded to them. Mr. Purdy said that requests made by telephone will not be granted.

This is another service which the Rotary club is maintaining for Grosse Pointers, and it is expected that this is of special interest to the mothers of the community.

## Youth Confesses to Theft of Churches' Poor Boxes

A 14-year-old boy who was caught while rifling the poor box in Saint Martin's church on Dec. 19, confessed to juvenile authorities that he had done the same thing in St. Ambrose church and Faith Lutheran church at Philip and Jefferson.

The boy told police that for three successive days, he stole wallets, a child's overcoat and money from St. Ambrose church and school. He is being held at the juvenile detention home.

## Police Ask Cooperation in Apprehension of Thief Who Entered Three Park Homes

Three Grosse Pointe Park residents were entered and ransacked last Thursday and Friday nights. Joseph Harrington is believed to be the thief who entered three homes and a house.

## Kiwanians Fete Children in Annual Christmas Party

This year's event included a turkey dinner with all of the trimmings, free gifts for each child in attendance, a visit from Old Saint Nick in person and an evening of varied entertainments, which proved a great hit with every youngster. Chairman in charge of arrangements was Larry Cloutier.

Among the evening's highlights was a marionette show, presented by children from the Ives school class of Mrs. Helen Cloutier. The youngsters presented a play which they had written themselves, using marionettes and a stage setting which they had designed and built themselves.

## Three-Car Crash

A three-car crash took place late Christmas Day when a car driven by Victor P. Franks, 1052 Wauville hit a car operated by Clare E. Stanberry, of 125 Wauville. The crash caused the Franks' car to ram into a parked car owned by the Johnson Milk Co.

## Group To Pay Under Protest

Announcement was made of week of impending payment of Grosse Pointe township taxes under protest by a group of residents who are opposing the assessment of lake front properties by the township supervisor, Carl Schweikart.

This was revealed this week when the following letter was made public: "To every owner of property in Grosse Pointe Township abutting Lake St. Clair: "On Monday of this week, the undersigned, representing a group of 67 Grosse Pointe Township taxpayers, sent you the following night letter telegram: "Suggest you do not pay Grosse Pointe Township tax until you receive letter from us this week."

"It has been decided to institute a suit or suits in the Wayne County Circuit Court to test the legality of the assessments made by the Supervisor this year on Lake Shore properties. Only those taxpayers may join in such suit who do not pay their taxes voluntarily; hence the telegram.

"We have been advised by counsel that the most satisfactory procedure, in order to clearly present the issues involved, will be for the taxpayer to pay his taxes in full but under protest, and to then sue at law for the recovery of such portion thereof as represents the unfair and discriminatory tax."

"If you are not already a member of our group, no protest has been filed on your behalf to the Supervisor. Township Board of Review of the Michigan Tax Commission and hence no action can be brought in your behalf and no form of protest is enclosed herewith. This letter should be considered by you as merely informative of what is being done by those who are carrying on the fight. The results of their efforts have already inured to the benefit of many lake shore taxpayers and their continuing efforts will, if successful, benefit all such taxpayers.

"Detailed instructions as to the use of the suggested form of protest are annexed to the forms where the same are enclosed. "If the foregoing is not entirely clear or requires explanation, you are at liberty to call Mr. Fred A. Behr, our Group Counsel at Cadillac 0054.

## CIVILIANS AGAIN!

- EDITOR'S NOTE: Every week, The Review will publish the names of the men and women of Grosse Pointe who have been and are being discharged from all branches of the armed services. The service people, themselves, their families or friends are invited to send their names to The Review office. Welcome Home!

... TO MEN OF GOOD WILL

In this holy season which marks the advent of the Prince of Peace, let us pause for an earnest moment to try to understand one another—to consider how we may approach a trust in one another, how we may dispel at least a part of the current wave of suspicion.

Might we not, for a change, seek for a glimpse of the good that takes refuge in the heart of man—instead of holding that all men's motives are forever evil?

Perhaps it is because, for so many years, we have told ourselves that other men are monsters—that we have begun to think we must create other monsters to exterminate them.

Let's make a start toward changing that feeling. Let's begin in our hearts to bring out the good there may be in one another.

Let's assume, for the season, that the other fellow is not altogether hard and selfish. Maybe, then, the fresh and bright New Year will justify some of our hopes.

POINTE PARAGRAPHS

by THE POINTER

If you heard distant sounds of sleigh bells and parts of "Jingle Bells" and "White Christmas" last Sunday evening and wondered where they came from, it was probably the Carolers from the Neighborhood Club who began the pre-holiday activities by caroling on the streets, in individual homes and at Bon Secours and Cottage hospitals.

The girls were gaily decked out in red capes and caps and proudly did honor to themselves and to the Club with renditions of "Silent Night," "O, Come All Ye Faithful," "Come, Little Children," and the "Westminster Carol."

With apologies to Olin Miller in the Reno Evening Gazette: Socialistic Great Britain is trying to borrow billions of dollars from capitalist United States. It's the same old story.

Wisdom In A Line: How to make a few words into a "mouthful of good sense" was demonstrated this week with the following: A correspondent suggests that what civilization has to be careful for now is to make sure that World War II shall continue to be world war won.

Hear tell that Santa Claus kisses are banned for all "St. Nicks" in Newark, N. J., upon order of city officials. Seems it is unsanitary.

In London a woman sued for divorce because she had six children.

Lights are blazing again on Grosse Pointe's famous "Colored Milky Way" for the first time in many years for residents have been scouring attics and closets for their strings of Christmas lights for their outdoor trees, bushes and other items of decorations.

Because the war years, this practice stopped for most Pointers, but it was wholeheartedly taken up in full again this holiday season.

Definition: Small town—one in which, when a girl dines with a man old enough to be her father—he is!

Congratulations

Mr. and Mrs. Thomas D. Edgar of 890 Washington road, announce the birth of a daughter, Candace Corine on Nov. 22. Mrs. Edgar is the former Patricia Mahoney of Grosse Pointe.

Daughter, Josephine, born to Mr. and Mrs. Josephine, born to...

To Give Cocktail Party

Mr. and Mrs. Jesse W. Fleck, of Charles street, Grosse Pointe, will be hosts at a large cocktail party on Sunday afternoon, Dec. 30, at the Grosse Pointe Yacht club. At the fete with his parents will be James Fleck, A/S USN ROTC, who arrived last week from Austin, Tex., where he is at the University of Texas. He will return to his studies next Wednesday.

In London a woman sued for divorce because she had six children.

Announce Daughter's Marriage

Mr. and Mrs. R. R. Tobin, 1246 Balfour road, Grosse Pointe Park, announce the marriage of their daughter, Patricia "Pat" Elizabeth, to Capt. Harry Joseph "Pat" Murphy, U. S. Army Air Corps, son of Mr. and Mrs. Henry W. Murphy, 11120 Glenfield avenue, Detroit. The ceremony took place Friday, Dec. 14, at 3:30 p.m.

Mrs. Murphy was graduated from Stephens college, Columbia, Mo., last February. At present she is employed by a local advertising agency as women's feature writer and announcer and is heard regularly on two local radio programs.

Captain Murphy, now on terminal leave from the Air Corps, was released from a German prison camp last spring after more than two years' internment. He was captured when his fighter plane was shot down in the African campaign. Prior to serving in the American forces, he trained and flew with the RAF in air battles across the Channel and over France. They plan to make their home in Ypsilanti in the near future where Mr. Murphy will have his headquarters as advertising manager for the Dixie Shops in four southeastern Michigan cities.

Call on Children, Colleges to Support Clothing Campaign

Dr. John W. Studebaker, Commissioner of the U. S. Office of Education, has called upon the nation's school children, college youth and educational leaders for utmost support in the Victory Clothing Collection for Overseas Relief. His statement was made public today by Henry J. Kaiser, national chairman of the Collection.

Simultaneously Mr. Kaiser announced that 16-year-old Lorraine Ross, member of the junior class in the Whitewater, Kansas, High School, is the youngest chairman yet named in any community to conduct a local Victory Clothing Collection. Miss Ross has already organized her campaign committee to solicit

clothing gifts in Whitewater, which has a population of 600, and in four neighboring communities in Butler County. Six high school students have key positions on her committee. Miss Ross was suggested for the chairmanship by John B. Carter, publisher of the Whitewater Independent.

Dominican Mothers to Meet Next Wednesday Night

The first meeting of the new year scheduled by the Mothers' club of Dominican high school will be held next Wednesday night, Jan. 2 in the school hall at eight o'clock. Tea will be served after the meeting.

Employment in aluminum plants remains approximately 60 per cent above prewar levels. A greatly expanded demand for aluminum is expected to result from newly developed uses.

GREEN TALK

"TWO THE NIGHT BEFORE Christmas and all through the house not a creature was stirring, not even a mouse," is the familiar Yuletide poem running through everyone's mind this and every Christmas time. Dances and parties for the teenagers are in full swing this peacetime Christmas and New Year's holidays.

DECEMBER 14 SHIRLEY GUE invited some of her pals from Pierce over for a sort of pre-Christmas get-together. Some who showed up in jeans and buzzed themselves down to her recreation room playing fast games of ping pong were Nancy Weatherby, Jimmy Hosking, Skippy Downey, Mary Ann Wagon, Jimmy Martin, Courtney Leachler, Lorenz Balkema, Navel Pack, Kay Sutton, Jack Holm, and just loads of others.

LAST FRIDAY NIGHT THE high school turned out to be a gala alumni reunion at the basketball game. Guys 'n' gals galore from colleges all over the country were there, and it was really swell to see all of 'em again. Bixie Bitchell, Kathy Stuart, Janie L'Leon, Todd Penoyer, Margie Grasse, Pat Baumgarten, Bobbie Hawksworth, Ruth Walters, Sara Van Osdol, Don Sullivan, Shorty Taylor, Bill Kerr, Bill Halliday, and so many more I couldn't even name them all.

MAYBELLE AND BILL WOOD decided to entertain together Friday night as they opened their door to all their friends. Many who attended included Carol MacPherson with Bill, Annie Wedthoff popped in with De Middelitch, Jim Corefield, brought Lois McKindly, Sally Frost, came with Paratrooper Tom Joyce, Joyce Mulkey dropped in with Jim, Rosemary, Artie Davis, squired Sally, and with Eliot Peck.

BOB CUDLIP'S CABIN SEEMS to be quite a popular place these cold days with all the folks enjoying the fireplace immensely. Saturday night Bob played host to Larry Higgins and Betty Powell, Bill Murphy, and Eddy Baker and Joanie Cochran, Bob Johnson and Ginny Molla, and his date Joanie Gehlert.

THE CHRIS' MAS HOLIDAYS will be mighty gay in many many homes as lots of Grosse Pointe folks will be 'round these parts on leave for Christmas or New Years. A few on the list are Frank Thorn, Bob Donnelly, Art Brownell, Al Forrest, Jack MacKenzie, Jim Gulberg, Dick Alph, Jack Huckins, Harry Downey, Dick Kremal, Bob Smith, Tom Peck, and Danny and Chuck Sullivan.

TWO NIGHT MARY ANN QUEEN, date is Tommy Ronan, scheduled a big party at the Boat club for her fellow classmates, Dan Beck in Joe Buser, Marilyn Kaiser in Joe Dorsey, Annie Davis in Eddy Isbey, Hank Faulk in Dick Wuerker, Bill Dineen in Jo Russell are the couplest. They'll be in on Dec. 27 on their calendar that night.

COURSE WE HAVEN'T forgotten about the Christmas teas scheduled for this week. First on the list was the one given by Patricia last Sunday for her chums from college, then came Ann Ross and her friends, Saturday two are on the social calendar: Lois Rech is the one for the girls in her class and Lois Gehrig, home from Denison college, is having the other one. Day Ginny Johnson set the date for tea and cakes in honor of Jay Gehrig, who recently moved to Chicago, and will be here for part of the holidays.

DAWN OSIUS, DAUGHTER OF Mrs. Theodore G. Osius, of Washington road, and Marjha McClellan, daughter of the James L. McClellan, of Moran road, will entertain at a luncheon party tomorrow at the DAC.

FORGET ABOUT preparing New Year's Eve parties, and have a real New Year!

Veteranews from the Office of Veterans' Affairs, Lansing

Veterans who plan to enter the state service will find that the veterans' program of the Michigan Civil Service Commission is one of

the most generous of all such programs in the country. Under this plan, he points out any veteran, or the widow of a veteran, who takes an examination for a position with the state will have a credit of 10 points added to the rating he earns in the test. A disabled veteran who has a service-connected disability officially recognized by the Veterans' Administration will receive a credit of 15 points. In the case of a veteran wife, whose husband has a disability greater than 50%, she will receive a credit of 15 points. If a veteran's earned rating is the same as that of a non-veteran, he will be given priority over the non-veteran on the list of candidates eligible for the job for which he has been tested. Disabled veterans will have priority over both veterans and non-veterans. To obtain these preference credits, veterans must apply for them at the time they file their applications to take examinations with the Civil Service Commission.

### Legion Auxiliary Brings Gift Shop to Veterans

Christmas shopping was made easy for 1100 veterans of two world wars at Foot Center by members of the Michigan American Legion Auxiliary. A Christmas shop was opened at the Veterans Administration Building and the men shopped for their families without money and without leaving the hospital. The Legion Auxiliary took over the problem of wrapping and shipping the gifts which were mailed to the forty-eight states and to Poland and Sweden. The four thousand gifts in the shop's "stock" were made and donated by Auxiliary members from the 329 units in the Department of Michigan.

Pictured above are some of the veterans selecting their gifts and members of the auxiliary from left to right are: Mrs. Ward M. Aisher of Battle Creek, Occupational Therapist Director for the American Legion Hospital at Battle Creek, Mrs. Bertha Prosser of Detroit, Detroit Department Secretary, Mrs. A. Ann Lemmon of Battle Creek, Department Rehabilitation Chairman and Chairman of the Project, Mrs. William O. Benjamin of Detroit, Department President and Mrs. A. Benjamin Aiber of Ann Arbor, National Committeewoman.

### Capitulation

(Continued from Page One.)

the duplexes which were under discussion by all concerned, it was an ordinance prohibiting any more single family homes. At the present time, many of these same people are opposing the erection of a retail lumber store and the moving of a local tavern to a new site on Mack avenue. The latter two questions were disputed at a recent meeting.

Coupled with this housing development, plans for a new shopping center was presented to the Farms council for Mack avenue between Moross and Kerby. It is to include stores and shops of all descriptions and a large theatre. A restraining order was served on the Farms officials by rival developers (who were interested in the Woods shopping development across Moross road) but they were denied an injunction by a circuit court judge because they lacked sufficient cause for such a stop order.

Taxpayers were concerned with a request to Carl Schweikart, township supervisor, and an appeal to the Michigan Tax Commission to reduce the assessment on the lake front and mansion type homes in Grosse Pointe. Mr. Schweikart turned down the request in May as well as the local board of appeals, but after a hearing by the state commission, a slight adjustment was made; it amounted to a quarter of a million dollars although the original request was several millions. A similar situation was again brought up in late fall and the outcome of this second hearing before the state commissioners was a slight readjustment of the supervisor's reduction made in the spring.

The board of education and school activities rated several headlines in The Review. The board announced plans for the huge junior high school plant which is to be erected at Vernier road and Mack in Grosse Pointe Woods. It was stated that this would partially relieve the Mason school congestion for the time being. Another immediate project was a new elementary school on Kerby in the Farms to substitute the overcrowded Kerby school.

The high school students offered their services as domestic assistants in a war bond auction which was held in the school in May. Many householders responded and students were seen for several days, washing windows and automobiles, minding babies, and giving help wherever it was needed.

Machinery was set in motion the latter part of April to assist the returning war veterans. Many well known and qualified Grosse Pointers were named to the board to set up a council. Organizational arrangements were made throughout the summer and a counselor was sought for the area. In October, Joseph R. O'Connor was appointed a veterans' counselor for the Grosse Pointe Council of Veterans' Affairs. Headquarters were made in the former AWVS quarters, but on Kercheval avenue near Cadieux road. Many veterans have already received assistance through this office.

Both V-E Day and V-J Day were celebrated in the Pointe in quiet dignity, with hundreds of residents flocking to the churches to offer thanksgiving for "the bloodiest war in history" had ceased.

The battle of Ermine, known as "Tuff's Popcorn Man" and the village continued to be a nuisance. Koinis requested the commission to rescind their action in regard to the enforcement of the vendor's ordinance for "the popcorn man." This request was denied and Koinis was ordered to remove his wagon from the corner of Bishop road and Jefferson avenue by April 1, 1946.

The state health department in the Grosse Pointe township board of health assurance that swimming would be allowed because little pollution was entering the lake early last spring. However, in October, a protest was sent to the Macomb county drain commissioner by Grosse Pointe Farms, scoring the opening of the gates of the Lakeshore Interceptor and allowing pollution to flow into the lake waters. The condition was cleared up several weeks later when the interceptor was again used.

Attention was focused on Grosse Pointe Woods in November when the residents of the Country Club Woods subdivision protested the erection of a floral and gift shop at Broadstone and Mack, on the grounds that they thought all of the Mack avenue frontage in the area was residential. After some investigation, it was learned that 18 lots remained business. When these people learned this, they requested action to change these into residential. After several discussions, it was decided by the village commission to hold a referendum vote by the village to determine the wishes of the people. Keen opposition to this move has been made by the owners of the business lots and residents elsewhere in the Woods.

Briefly we find that throughout the year that Victory gardens for 1945 went begging but those who kept digging in the earth were rewarded with excellent crops. Park police officers Gus Boone and Pat Conlan captured three thugs who had slugged and robbed a business man in St. Clair Shores. Blood banks in the Pointe were well attended by local people. The area was challenged to help clothe Allies in a national clothing drive and receiving stations were announced for the Pointe: over eighty-nine thousand pounds were collected which was "tops" for communities of this size. The Park police solved the mystery of three attempted thefts from homes. City police found a young boy carrying the loot he had stolen from a Merriweather home after the robbery. Park employees received a \$15,000 wage increase and Farms employees were given a five per cent raise. A thorough file was set up in the AWVS hut in May to assist all servicemen and women to find out who was home on leave or furlough. A woman forger was caught by Chicago police; she was accused of passing over four hundred dollars in worthless checks in the Pointe. Ernest Morris, accused of robbery, was apprehended by Detroit police and convicted; it was learned that he was the one who terrorized several Grosse Pointe homes. An impressive lecture program was announced for the winter season of 1945-46. Several automobile thefts were solved by the apprehension of eight youthful thieves average fifteen years of age. Complaints were filed against school boys who caused a disturbance in front of the Pointe Pool in October when they jumped on several automobiles and frightened the occupants. The tin and waste paper sale was a success. A permanent membership drive met with their usual success. A permanent membership drive met with their usual success. A permanent membership drive met with their usual success.

These and other major and minor happenings of 1945 which we too numerous to mention, were and are striving to better and finer place in which to make this community.

### Service Parade

Joseph Gregory Gousselin, fireman, first class, 897 Geaconsfield, Grosse Pointe Park, serves on the submarine U. S. S. Pompon, affectionately dubbed the "Peaceful P" by her crew members, although she belied the name long enough to sink or damage 27,000 tons of enemy shipping.

The Pompon completed nine war patrols in enemy waters, numbering among its exploits many narrow escapes, including a near miss by one of her own torpedoes, a near miss by the torpedo of an enemy submarine, depth charges from Jap destroyers and a dive that almost meant her end when the conning tower hatch latch failed to release.

On patrol off Japan, the sub was almost destroyed by one of her own torpedoes. While on the surface, with the enemy bearing down, one of her own "fish" circled and narrowly missed astern. Driven down by gunfire, the ship escaped without damage.

Not long afterward, while making a morning trim dive, the conning tower hatch latch failed to release and the sub reached a depth of 44 feet, with the conning tower and control room partly flooded and the pump room completely flooded. She finally limped back to safety.

Corp. Michael W. Dillon, USMC, son of Mrs. Edward J. Dillon, of 610 Rivard boulevard, and Rogers E. Hern, C.Y. USNR, son of E. J. Hern, of 16901 Cranford Lane are on their way home on the "Magic Carpet."

The men left Pearl Harbor and will go directly to the separation centers nearest their homes to complete the formalities of obtaining their discharges before returning to civilian life.

Fort Sheridan, Ill. — Pvt. Bernard H. Hallis, 16937 Cranford Lane, Grosse Pointe, Mich., has enlisted at Fort Sheridan in the regular army. He has volunteered for duty with the AAF in the Caribbean. Private Hallis attended Grosse Pointe high school.

### Prominent East Side Optometrist Tells Views on Nation

A civic-minded East Side business and professional man who played an important role in 1933 in helping to inaugurate the federal government's work relief program is taking the

views of Dr. A. J. Forster, optometrist and jeweler, who has been in business at Charlevoix and Chalmers for over fifteen years.

This week Doctor Forster voiced a plea to civic, business and veterans' organizations to take a whole-hearted and active interest in the problems facing the country today. He is particularly concerned with the present labor-management strife and with the problem of providing old-age security.

"The people of America do not want charity, but they do want, and have a right to expect security," Doctor Forster pointed out.

"What's the matter with our country?" he said, "is a question that has been asked many times. The answer, as I see it, is 'Nothing that straight thinking can't cure.'"

The necessary straight thinking.

Doctor Forster believes, must come primarily from the country's plain citizens and not from politicians.

"The people of our country are the employers of the politicians—that is why office holders are called public servants," he said. "As employers in the business of government, every one of us must see to it that the business functions the way we want it to function."

The present trend of business to work out annual wage scales and profit-sharing plans for employees is a step in the right direction toward insuring the welfare of the working people and, therefore, of the country, Doctor Forster believes. Management itself, he says, should take the lead in attempting to make higher wages. It is necessary, however, for labor and management to reach compromises so that prolonged work stoppages do not interfere with progress, he explained.

Doctor Forster proposes a partially planned economy as a solution to the country's ills. He would like to see a plan whereby every person reaching the age of 60 would be granted a pension of \$100 a month. Half of this amount would be contributed by the government, and half would come from a special fund built up by deductions from wages and contributions by employers. Persons drawing pensions would be ineligible to hold city or other government jobs.

Recognizing that many persons are critical of government planning and interference with people's lives, Doctor Forster says that "if the government doesn't interfere to try to help people, then 'at good is the government?'"

Formulation of constructive plans for solving the country's problems is a

Silence is golden; but sometimes it is yellow.

CHILDREN STAGE SHOW

—Photo by E. R. Hill

MEMBERS of the Ives school class of Mrs. Helen Cloutier captivated over a hundred young hearts Tuesday night, Dec. 18, with a marionette show at the annual children's Christmas party sponsored by the Grosse Pointe Kiwanis club at the Club Lido. The children made their own marionettes, designed and built the stage and presented a play which they had written themselves. Top row, left to right: David Wilson, Bob Onofrey, Jim Wade; bottom, Betty Colwell and Lorraine Girouard.

Arranging Flowers - Circular Design

ONE of the three simplest, best patterns in elementary design for home flower arrangements is the circular design. Here's an example that suggests ideas - and shows how to achieve striking beauty with the help of a few simple rules. If your figured vase strikes a circular note, then repeat this theme by a flower arrangement that is circular, too. Above, Alyn Wayne, flower stylist for FTD, demonstrates how to do this with just a few poses to produce an unusual and attention-compelling effect.

Women's styles may change, but their designs remain the same.

"Fingerprinting" could be in fallible as fingerprinting since no two irises are alike.

There isn't always room for one more

THERE isn't room for one more in this bridge foursome—even for a kibitzer... all he does is cause trouble for the players. And one appliance too many on an electrical circuit may be the cause of that troublesome blown fuse. Many people are accustomed to inadequate wiring. But overloaded circuits are not your only handicap to home happiness if you have inadequate wiring. It may mean improper distribution of outlets—not having the electric roaster where you want it, because there's no outlet convenient—or maybe Dad can't plug in his new electric shaver where he wants it. For tomorrow's electrical living, an adequately wired home should accommodate a new frozen-food cabinet, electric range, automatic laundry, electric dishwasher and many other electrical appliances that will make living more pleasant and easier. And, of course, if your plans for tomorrow include a brand-new home, it's doubly important that your plans and specifications be checked for adequate wiring.

This is one of a series of advertisements prepared in cooperation with the Electrical Association of Detroit in the interest of insuring adequate wiring for every home in this area. Be sure your home is properly wired. When you are planning a new home, for wiring recommendations, call:

**Woods Employees Get Holiday Bonus**

At the regular meeting of the Grosse Pointe Woods village commission meeting held Dec. 17, it was voted, four to one, to give a Christmas bonus of a \$50 Victory bond to all village employees with one year's service or more, including elective officials serving with remuneration.

Commissioner G. Burgess approved the bonus plan for hourly, salary and appointed employees, but objected to the payment of a bonus to the village clerk, treasurer and assessor on the grounds that the village charter provides that their salaries are established prior to their election and that it is improper for the village commission to augment such salaries with a bonus.

When their troopship tasks are completed, American passenger lines will be reconverted to peacetime trades.

*don herold says:*

But I made \$85 a week during the war

Some arguments for increased pay for workers are pretty good, but there is no sense whatever in the argument that because somebody made certain wages during the war he should continue to make them now.

War wages were paid with borrowed money. The government went almost 300 billion dollars in debt to pay war wages. It will take us 50 to 100 years to pay off this debt.

The motto then was "Pay anybody any price in order to shorten the war and save lives." The war was a spending spree.

But you can't go 50 years in debt every year in order to have wartime prosperity every year.

**QUOTES OF THE WEEK**

"I am deeply conscious of the honor."—The President, after receiving the Medal of Honor, showing its name to Truman.

"The nut may want to do a new nut—walk from coast to coast without crossing a picket line."—Sen. Soaper.

"Self-interest alone should impel local and national labor officials to leave management's functions to management."—The American Machinist.

"Most of my customers are high when they come in."—Edward Gaezel, 3 feet, 7 in. tall, prop. of Chicago's Midget Club bar.

"It is economic illiteracy to disregard the fundamental economic principles of Americanism for decadent Europeanism."—Erle P. Halliburton, Oklahoma industrialist.

"It's too Bo-peepish."—Actress Bette-Jane Greer, explaining change of name to plain Jane.

*don herold says:*

A government is dumber than its people

Governments have made all the really big blunders of history.

Yet some people want more government—not less.

Look what the Hitler government did to Germany, and the Mussolini government to Italy.

One of the great things about the American system of individual opportunity is that it gives many individual people encouragement to use their individual brains. You have millions of people thinking about their own projects and creating general prosperity.

No government is smart enough to do all the thinking for all its people.

The best government realises this and delegates all possible initiative to its individual citizens.

**QUOTES OF THE WEEK**

"I'm strong and healthy—maybe because I wear two pott-coats."—Mrs. Adelaide Hill, Fort Atkinson, Wis., celebrating 107th birthday.

"I've never done anything different—except being a faithful smoker."—George Livermore, Ithaca, N. Y., celebrating his 101st year.

"Political power, not bargaining, has become the means to labor's ends."—Pres. Ira Mosher, Natl. Assn. of Manufacturers.

"Government's job is to help, not to direct."—Under Secretary of Commerce Alfred Schindler, in re. American business.

"Stop being veterans. Attack the civilian problems."—Charles G. Bolte, American Veterans' Comm., to fellow ex-GIs.

"I know of no more sincere pacifists than American soldiers and veterans."—Gen. Ike Eisenhower, urging universal training.

"I don't know anything about burglary."—Al Jennings, 82, once "terror of the Southwest," now raising chickens in Calif.

"She doesn't mean any more to this court than Joe Zilch."—Detroit judge, threatening contempt proceedings against actress Martha Raye.

"I cannot imagine any more inflationary proposal."—Senator Taft, Ohio, on "full employment" bill.

"Highball before dinner, good night's sleep, fewer letters from voters."—Prescription for tired Congressmen from Capt. Geo. W. Calver, Capital physician.

"We cannot and will not use money saved up for many years for the purpose of modernizing and expanding our plants, and for providing more good jobs, to pay excess wages for work not performed. This money cannot be spent twice."—Pres. C. E. Wilson, General Motors, refusing CIO demand for 50% pay boost.

"Oh, its Northern charm and Southern efficiency."—Senator Magnuson, Wash. State, on the nation's capital.

*don herold says:*

**ELECT ME AND YOU'LL NEVER HAVE ECONOMIC WORRY**

**BUT SOMEBODY WILL**

Let's suppose now that there are only three people in the United States—you and I and another fellow.

You are the best worker of the three. The other fellow and I are a little lazy.

The other fellow decides to be a politician. He runs on a sort of socialist platform and gets my vote by telling me that he'll take care of me all my life. He gets my vote and he gets his own, so he is elected.

He levies high taxes, and since he doesn't work and I don't work—it is YOU who work and worry and pay taxes to carry me AND him.

**Calvary Lutheran Church**  
Grosse Pointe Woods  
Walter J. Geffert, Pastor

The last Sunday morning service of the old year on Dec. 30 at eleven o'clock will be marked by the installation of church officers and carry as its theme, "Your Stewardship," Luke 13:18-24.

A special New Year's Eve service is planned for eight o'clock with the Rev. Norman Rieck of St. Paul's Lutheran church, St. Clair Shores, officiating. Pastor Geffert will supply the pulpit of St. Paul's that evening.

"Our Priceless Faith in the New Year" comprises the timely subject matter to be presented at the morning service on New Year's Day at 10 a.m. Music by the adult choir.

**DON'T WAIT—**

## DOUBLE FEATURE BILL EXCELLENT AT THE COLONY

The week-end program at the Colony theatre for tomorrow and Saturday is two top-notch pictures with Hollywood's favorite actors and actresses. The bill is "I'll Be Seeing You" and "Where Do We Go From Here."

Ginger Rogers, Joseph Cotten and Shirley Temple play the important parts in "I'll Be Seeing You." This is the story of Ginger who takes the part of a young girl sent to prison on a manslaughter charge. Because of her good behavior during the first three years of her six year sentence, she is allowed to spend the Christmas holidays with relatives in a distant city. On her way there, she

meets Joseph Cotten who is a soldier returning from war; he shows signs of nervousness and battle fatigue, and when Ginger gets off at Pinchill, the town of her relatives, the soldier accompanies her. Their story with interludes of the gay and fun-loving actions of Shirley Temple who plays the 17 year old cousin of Ginger's makes this a fine picture.

are co-starred in "Where Do We Go From Here," a story with a mythical background, couples with plenty of laughs.

## VAN JOHNSON IN SPECIAL HIT AT SHORES THEATRE

Not only will the bobby soxers, but all movie fans will enjoy the bill which is to be featured next Sunday and Monday at the Shores theatre. The double bill is scheduled for only two days; it is "Thrill of a Romance" and "Woman in Green."

## Carlos Cortez Now at Torch Club

Carlos Cortez, pianist and singing star, has begun an engagement at the Torch Club, 12620 East Jefferson. Patrons of the club, which is located across from Hudson Motors, can hear Cortez every night except Monday.

Another new performer also has been engaged by Perreca. He is Sammy Serra, a Detroit boy who works for Hudson during the day and tickles the ivories in the evenings. He will be on hand every Monday night, starting at 8:30.

When passion is on the throne, reason is out of the window. — M. Henry.

## QUONSET READY FOR FARM JOBS

### War-Famous Structures Now Available to Civilians

Quonset buildings such as those adopted by the "Cucumber Commandos" in farming Pacific islands for our fighting forces are now available to American agriculturists at home. The Great Lakes Steel Corporation Stran-Steel Division announces.

The "Cucumber Commandos" operated under Navy and Foreign Economic Administration direction to provide fresh food to Americans in Japan. The fire-resistant, rot-and-termites-proof, round-roofed structures were used principally for feed and implement storage, dairy barns and residential purposes.

Quonsets are built of arch-ribbed Stran-Steel framework into which nails are driven. The framework is assembled quickly with bolts and screws, and the building can be dismantled and re-erected, will. Cost of erection and maintenance is less than for similar-sized structures of other types, according to the manufacturer.

Production of the packaged buildings will continue for farm, industrial and aviation purposes in the sizes most used by the Navy. Retail prices are about \$900 for the basic "Quonset 20," a 20-by-48-foot structure, and about \$3,000 for the "Quonset 40," a 40-by-100-foot general-purpose building. Shorter or longer Quonsets in those widths and wider multi-arch structures may be purchased at proportionate price differences.

## ★ Service Parade ★

Aboard the U. S. S. Dixie in Seattle. — It was a long, anxious trip from Shanghai to Seattle but this war-weary destroyer tender was flying her "homeward bound" pennant that meant a lot to Norman McLroy of Grosse Pointe.

It meant that he had taken his last voyage of his navy career for he was on his way to receive his honorable discharge, the reward for a job well done.

McLroy, a radioman, third class, SNR, had been assigned to this back repair ship and he had watched the major role she played as a hospital ship for men-o-war. He is proud of her many accomplishments during her four-year-long road to victory which took her to New Caledonia, Munda, Ulithi, Leyte, Okinawa, and finally to the China coast and Shanghai.

Veteran of 21 months sea duty, McLroy is being sent to the navy separation center at Great Lakes, Chicago, and then on to his home.

His mother, Mrs. Ann McLroy, lives at 462 Notre Dame, Grosse Pointe.

Greensboro, N. C. — First Lieut. Mark C. Rowley, son of Mr. and Mrs. Mark L. Rowley, 600 Lincoln road, Grosse Pointe, received orders with the AAF.

This post, one of a network conducted by the AAF Personnel Distribution Command, is designed to expedite a speedy return to civilian life for the veteran.

While at this post Lieutenant Rowley was invited to enjoy the many recreational facilities available for his entertainment during the short period of his stay prior to receiving his orders.

Burns at River     LEnox 9000

# MICHIGAN AND THE OLD NORTHWEST

BY LUKE SCHEER  
EDITED BY MILO M. QUAIFE

At Detroit the missionaries came upon a heathen spirit stone, or idol.

Plagued by bad luck, they broke the idol and threw it into the river.

They fired a gun near the Jesuit fort, South St. Marie, May 25, 1678.

Groline's Map, 1669

## Village of Grosse Pointe Woods Ordinance No. 48

Adopted December 18, 1945

An Ordinance to License, Regulate and Provide for the Sanitary Inspection of Restaurants, Restricted Restaurants, Bars, Bakeries, Hospitals and Food Manufacturing Establishments. To Require Food handlers' Permits and to Provide for the Controlling and Taking of Samples of Foods Processed Therein, and to Provide for a Penalty for the Violation Thereof.

It is hereby ordained by the people of the Village of Grosse Pointe Woods:

**Section 1. License:** No person, firm or corporation shall keep, maintain or operate a restaurant, bar, bakery or food manufacturing plant in the Village of Grosse Pointe Woods without first having obtained a license therefor from the Village Commission. For the purpose of this Ordinance, the following establishments shall be included: Every bar, buffet, lunch room, lunch counter, dining room of hotel or otherwise, and every other public place where food or alcoholic beverages are prepared, served or consumed on the premises; including also, establishments such as factory or industrial lunch rooms, caterers, clubs, club rooms, lodge halls, churches, hospitals, and the like, wherein food or alcoholic beverages are prepared, served or consumed on the premises. This Ordinance shall also apply to all establishments where food or candy is bottled, packed, repacked, prepared or manufactured for use, including bakeries.

**Section 2. Definitions:** The following definitions shall apply in the interpretation and enforcement of this Ordinance.

- (a) **Restaurant:** Shall mean a restaurant completely equipped with facilities for serving complete meals.
- (b) **Restaurant-restricted:** Shall mean an establishment, bar or soda fountain equipped to serve only a limited type of foods or sandwiches, which shall be restricted to those foods listed with the application.
- (c) **Bar:** Shall mean an establishment properly equipped to serve beer, wine or liquor, and licensed by the Liquor Control Commission of the State of Michigan, wherein food, such as potato chips, pretzels, popcorn, etc., coming from inspected and approved dealers only, may be served.
- (d) **Bakery:** A bakery shall mean an establishment wherein bread, cakes and pastries are prepared and baked.
- (e) **Food Manufacturer:** A food manufacturer shall include any establishment where processed food or candy is bottled, packed, repacked, prepared or manufactured; the license shall denote the types of food processing it has been approved for, and no added processing shall take place unless approved by the Department of Health.
- (f) **Food Handler:** A food handler is one engaged in the handling or processing of food or drink or the utensils which they are prepared or served in the establishment licensed hereunder, and the nature of whose work shall, as declared by the Department of Health as involving definite danger of infectious contamination.

**Section 3.** Before the Village Commission shall issue or approve any license provided for herein, the applicant shall furnish to it a Certificate from the Department of Health stating that the establishment where applicant conducts or is about to conduct such business, is a proper place in which to conduct such business. The Department of Health is hereby authorized to issue such certificate upon application of any person, firm or corporation desirous of engaging in or continuing to engage in such business.

The Department of Health shall have printed, and keep on hand, sufficient copies of this Ordinance so that each licensee may be supplied with a copy, and shall supply to each new applicant a copy at the time of making application. Every applicant shall be able to read the English language sufficiently well to read and understand this Ordinance; an applicant unable to do so may be considered not a proper person to be licensed hereunder. The Village Commission is hereby authorized to grant a license as herein provided to any person of good moral character or to any firm or corporation to operate a restaurant, bar, bakery or food manufacturing plant as herein defined upon the payment of the sum of \$10.00; such license shall cover but one place of business which shall be stated therein and the same shall not be assignable except by written consent of the Village Commission. Every such License shall expire on December 31st of each year.

**Section 4. Application and inspection:** Application shall be made at the office of the Village Clerk. Blank applications for this purpose shall be issued by the Village Clerk. Such applications shall contain such information as shall be required by the Department of Health and shall further contain an agreement by which the applicant consents to have the inspectors of the Department of Health enter, examine and inspect any part of the premises used in conducting such business, or any product or food manufactured or sold therein, and to take samples for the purpose of analysis; each application shall further contain an Agreement to conform to the rules and regulations of the Department of Health relative to the conduct of the business for which he is seeking a license. No licensee shall sell or offer for sale or manufacture any article of food or drink which is not clean and wholesome and which, if eaten by a human being, would be deleterious to health, or which has been manufactured or prepared in a private home or an unlicensed establishment.

**Section 5. General Requirements:** Every licensee shall conduct his establishment in a clean and sanitary manner, and in accordance with the following requirements:

- (a) Buildings must be free from contaminated surroundings and vermin-proof.
- (b) No living or sleeping rooms in direct connection with any part of a food establishment will be permitted.
- (c) Residences and other non-commercial buildings which are to be used as food handling establishments must be approved by the Department of Buildings before such change is effected.
- (d) All plumbing must be done in accordance with the Plumbing Code and approved by the Department of Buildings.
- (e) Floors must be tight, sound and smooth, easily cleaned, well drained and free from obstructions.
- (f) Walls, ceilings and partitions must be of material that will make a tight, smooth surface, easily cleaned and glazed or painted with light color oil paint.
- (g) Fixtures shall be made of all parts of premises are adequately covered as follows:
- (h) Adequate toilet facilities must be provided for both men and women; each toilet must be provided with hand wash basin and individual sanitary towels and soap.

(i) Sinks. Restaurants must provide a mechanical dishwasher or a two-compartment metal sink with metal drain boards for washing dishes, and when required by the Department of Health, such additional sinks and facilities as the business demands to properly clean and sterilize glasses, utensils and equipment. Two-compartment sinks for glasses must be provided for all bars and fountains; hot and cold water must be connected to both boxes of each sink. Other food establishments shall provide such facilities as the business demands to properly clean and sterilize all utensils and equipment.

- (j) Hot Water. An adequate supply of running hot water shall be piped to all sinks. Where a storage tank is used, the minimum capacity shall be 30 gallons.
- (k) Refrigerator shall be adequate and of sufficient size to properly store all perishable foods, and must be kept at a temperature of 50 degrees Fahrenheit or below. Ice boxes must be properly drained to special waste drain sink.
- (l) Ventilation. Mechanical ventilation shall be provided to comply with Section 7 of this Ordinance.
- (m) Fume Pipes. All gas ovens, ranges and water heaters must be equipped with fume pipes extended out of building.
- (n) Screens. All doors, windows and other openings shall be provided with screens or other approved mechanical means of eliminating flies.
- (o) Work Tables. All work tables and benches must be of a tight, smooth material, free from cracks and easily cleaned.
- (p) Garbage Receptacles. Watertight, properly covered, metal containers must be provided to take care of all waste.
- (q) All employees shall carry food handlers' permits of current issue, as provided in Section 8 of this Ordinance.
- (r) Employees shall wear clean, washable clothes. Street clothes must be covered while working.
- (s) All employees shall wear suitable head coverings.
- (t) Adequate lockers must be provided for all employees.
- (u) Storage. Rubbish or unused fixtures shall not be stored on any part of the premises.

### Section 6. Basement Requirements:

- (a) Basement or cellar kitchens will not be permitted unless the floor of the entire basement be of terrazzo, tile or hard smooth-finished cement, in good condition, with three-inch cove base throughout, properly pitched to drains to facilitate flushing.
- (b) That portion of any basement or cellar hereafter installed and used as a kitchen for the preparation or storage of food or food products shall not be less than three hundred (300) square feet in area and shall be separated from all other portions of the basement or cellar by vermin-proof partitions, so constructed as to be plastered on both sides with not less than three-quarter inches of cement or gypsum plaster, having a smooth, hard finish and painted with not less than two coats of light colored washable paint; provided, that in case such partitions are constructed by employing either wood or metal studs, metal lath shall be employed to serve as a rodent arrestor. No openings, other than those required for service or exit purposes, shall be permitted in such partitions and such door openings shall not connect directly with any space which is not so finished and maintained in every respect as to comply with the minimum requirements for kitchen spaces or uses accessory thereto. Such door openings shall not exceed two in number and shall be provided with tight-fitting self-closing doors so maintained as to be as nearly rodent and vermin-proof as possible. Any door openings in intermediate spaces shall not exceed two in number and shall also be equipped with tight fitting self-closing doors. Any intermediate space serving as a passageway between the kitchen proper and those portions of the building where the prepared foods are served shall be finished and maintained in such a manner as to reasonably comply in every respect with the specifications herein prescribed for kitchen areas.
- (c) The minimum finished ceiling height for any basement or cellar room hereafter installed as a kitchen shall be not less than eight (8) feet, and any room accessory thereto shall have not less than eight (8) feet clear ceiling height. Said ceiling or ceilings shall be constructed with metal lath and not less than three-quarter inches of cement or gypsum plaster, smooth-troweled and painted with two coats of light colored washable paint.
- (d) No exposed overhead steam pipe lines, water lines or sewer lines will be tolerated.
- (e) All basement or cellar kitchen windows existing or installed may be utilized to afford light only. In no case may such windows be arranged to open for purposes of ventilation.

### Section 7. Ventilation.

- (a) Mechanical ventilation shall be provided for all kitchens and workrooms where food is manufactured, prepared or processed, having sufficient capacity to maintain a reasonable working temperature and remove objectionable odors, vapors and humidity.
- (b) The minimum ventilation rate for kitchens shall be twenty (20) changes of air per hour. The rate of air change for food manufacturing rooms shall depend on the nature of the operations performed, but in no case shall be less than Ten (10) air changes per hour. Basement kitchens shall be mechanically ventilated at a rate of not less than Thirty (30) air changes per hour. Whenever such ventilation rates do not maintain satisfactory air conditions, the number of air changes per hour shall be increased accordingly.
- (c) Canopy-type hoods over ranges, grills, ovens, dishwashing machines or other heated or steam producing equipment must be provided with a minimum air exhaust of fifty (50) cubic feet of air per minute for each square foot of hood area. "Hood area" shall be the gross area bounded by the lower edge of the hood. The lower edge of canopy hoods shall be not more than seven (7) feet from the floor and shall project horizontally not less than Ten (10) inches beyond the equipment on each side that is not adjacent to a wall.
- (d) The use of high velocity exhaust slots around the perimeter of canopy hoods shall not reduce the total quantity of air to be exhausted, as computed by multiplying the gross hood area in square feet by five (5).
- (e) If the total quantity of air required for all exhaust hoods results in a greater number of air changes than specified in subdivision (b) of this section, the larger quantity of air exhaust shall be provided so that hoods will maintain proper pressure.
- (f) The air supplied to kitchen and food manufacturing rooms shall be free from contamination by dusts, vapors or gases. Air intakes shall be located not less than ten (10) feet above the grade, except where lower elevations are approved in writing by the Department of Health. When an approved air intake is located near the point of an intake, it shall be so placed as to prevent the entrance of air through building head windows or gratings at grade or sidewalk level.

- (g) Arrangements shall be made for preheating the supplied air to the proper temperature during the winter season. Cold air drafts directly on workers in kitchens or near high temperature equipment will not be permitted at any time during the year.
- (h) All establishments should be ventilated over the top of the building and must not cause a nuisance to adjoining property owners. Exceptions may be permitted in writing by the Department of Health for buildings higher than four stories, provided that the discharge can be located remote from windows or doors and will not create a nuisance to nearby structures. No exhaust fans will be permitted directly over a sidewalk.
- (i) Variable speed fans may be permitted, provided that suitable control of fan speed is conveniently accessible to workers for which such ventilation is installed.
- (j) Detailed plans and specifications shall be submitted for all ventilating systems installed in basement kitchens. Plans and specifications may be requested for other installations at the discretion of the Department of Health. Plans shall indicate the quantity of air (cubic feet per minute) passing through each supply opening or grille, and each exhaust opening, grille or hood in the kitchen. The air moving capacity of each fan, blower or exhaust when connected to the ventilating system shall be stated in cubic feet per minute. Plans shall include detail drawings of all hoods in both plan and elevation views.

**Section 8. Food Handlers' Permits and Infectious Diseases:** It shall be a violation of this Ordinance for any licensee hereunder to employ any person as a food handler or for any person to work as a food handler who has not secured a permit of current issue from the Department of Health; further, that the Department of Health may require any employee engaged in a food handling establishment as herein defined to submit to a physical examination at any time when he has reason to believe that such employee may have an infectious disease in communicable form or that he is an exposure to or a carrier of such disease. If as a result of such examination, the person shall be found to be infected with an infectious disease in communicable form, such employment shall immediately cease and such person shall not be permitted to work in any food establishment until the Department of Health has information that he is free from infection.

**Section 9. Public Toilets:** Establishments dispensing alcoholic beverages for consumption on the premises shall provide Two public toilets, one for male guests and one for female guests. Such public toilets shall be kept clean and well lighted and ventilated and shall be provided with soap, individual sanitary towels and toilet paper.

**Section 10. Citizenship:** All licensees, if a person or partnership shall be citizens of the United States, and if a corporation, the majority of the stockholders thereof holding a majority of the stock shall be citizens of the United States.

**Section 11. Moral Conduct:** No licensees receiving a license under this Ordinance shall permit any disorderly conduct in his place of business, nor shall such licensee permit his place of business to become a resort or meeting place for thieves, prostitutes, or other disorderly persons, nor shall any licensee permit any gambling in his place of business or permit the placing or use of any gambling apparatus paraphernalia about his premises, nor shall any licensee permit any lewd, obscene or immoral exhibition or entertainment on his premises or any other conduct likely to corrupt the morals of youth.

**Section 12. Entertainment:** Licensees providing entertainment, amusement, exhibitions, music or places for dancing shall comply with and abide by all rules and regulations of the Police Department of the Village.

Every licensee under the provisions of this Ordinance who is also licensed to sell alcoholic liquors shall abide by and comply with the laws of the United States and the State of Michigan relative to the sale of such alcoholic liquors and the rules and regulations of the Liquor Control Commission of the State of Michigan, and shall not violate any provision of such laws.

**Section 13. Age of Employees:** No licensee under this ordinance shall employ anyone under the age of Twenty-One Years; provided, that this restriction shall only apply to those licensees who are dispensing beer, wine and/or liquor on the premises in accordance with the so-called "Liquor Law of the State of Michigan."

**Section 14. Penalty:** Any person, firm or corporation violating any of the provisions of this Ordinance shall, upon conviction thereof, be punished by a fine of not more than One Hundred (\$100.00) Dollars or imprisonment in the Village or County Jail for a period not to exceed Ninety (90) Days, or both such fine and imprisonment in the discretion of the Court.

**Section 15.** Should any provision or section of this Ordinance be held invalid for any reason, such holding shall not be construed as affecting the validity of any of the remaining portion of such section of this ordinance, it being the intent that this Ordinance shall stand notwithstanding the validity of such provision or section.

**Section 16.** All ordinances or parts of ordinances in conflict herewith are hereby repealed.

**Section 17.** This Ordinance is to take effect Twenty (20) Days from the date of enactment.

STATE OF MICHIGAN, COUNTY OF WAYNE, SS.  
I hereby certify that the foregoing ordinance was published in The Grosse Pointe Review on the 27th day of December, 1945.

**Philip F. Allard,**  
Village Clerk

### Smiling Service, Natty Drivers, With Your Coal

You phone your coal dealer and a voice carefully cultivated to be pleasant and courteous takes your order. Then up drives a clean, brightly-painted truck. The driver wears a spotless uniform. He tips his hat and says "Thank you" when he leaves after giving you a textbook on how to get the most heat from your coal. That is the plan being adopted by the coal producing companies and coal dealers of Minnesota's Twin Cities of St. Paul and Minneapolis—to prove that "coal can be clean" as well as warming.

Likewise they are promoting furnace conditioning to save householders money and the cities from being smoky. Dealers are moving to fancy approved offices from shack beside the railroad tracks.

The coal producers and retailers even plan a year-round service—including such extras as starting your fire in the fall, removing ashes regularly, putting on screens and storm windows, and cutting your lawn!

Any girl can handle the heat in a man of that cagey energy. Wasn't that a great idea? It's a new model in sight—Boston Globe.

### Begin Relief Work in Philippine Islands

A Detroit, Mrs. Irene R. Murphy, will leave for the Philippine Islands in January to set up and administer a medical, recreation and relief program there. Mrs. Murphy, who has been family and child welfare secretary of the Council and Social Agencies, will serve as field representative for Philippine War Relief, one of the foreign relief agencies for which funds were collected during the recent Community War Chest campaign.

Arriving in Manila with Mrs. Murphy will be a shipment of nearly a million dollars worth of relief supplies. This will be the first shipment of any appreciable size to be sent from America to the Philippines. It represents an expenditure of nearly two-thirds of the funds allocated to Philippine War Relief from Community War Chest campaigns throughout the United States this fall.

### Busy Society

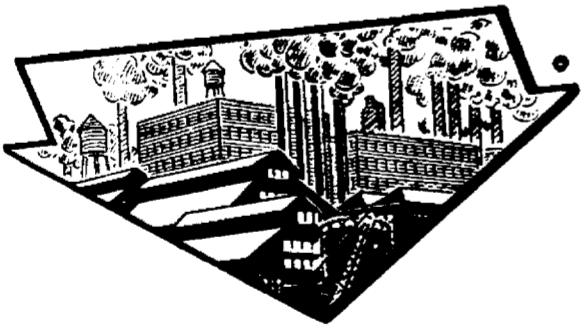

Each month the Michigan Humane Society answers more than 400 calls, inspects nearly 100 animals, and receives between \$100,000 and \$200,000 from many animal predators.

## That Co-operation Won't WHIP!!

The United States of America... the greatest nation on earth... is basically sound. Ripped at present by a tide of strikes... America will arise again to absorb the shock of misunderstanding and strife, if American citizens arise and assume their share in solving the problems which beset the country. It is the assignment of industry to bend toward labor, just as it is the assignment of labor to bend toward industry.

Victoriously we stand upon the threshold of an importantly new year... perhaps the most important in our history. The year 1946 opens the door to peace time, out of the dark, trying years of war. We enter an era of scientific magic, born of ingenuity and man's aspiration for a happier and more efficient life.

If each individual will do his part, if each community will do its part, to meet the opposite ends of the current trouble on middle ground, which can form a basis of better understanding... our whole nation will be permitted to enjoy the benefits of wonderful new discoveries and a more pleasant and peaceful way of life.

This Appeal for Understanding Sponsored by

### Radar Guarded Allied Leaders

(United Nations Photo)  
NEW INVISIBLE ELECTRIC RAYS of that amazing scientific war secret—used—can now be disclosed to have played a vital part in protecting the great performance of Allied leaders. This picture shows British Air Force Engineers atop the Great (or Cheops) Pyramid in Egypt with their radar equipment ready to detect any possible enemy air attack during the Cairo Conference, November 1943, between President Roosevelt, Premier Churchill and Generalissimo Chiang Kai-shek. The Kheops Pyramid is beyond. In the same way, the world's best chain of radar stations around the coasts of Britain was already in operation protecting that country a full year before the outbreak of the European war. They enabled the gallant few R.A.F. pilots to win the Battle of Britain in the summer of 1940 and were the first operational demonstration of a whole range of new applications with infinite beneficial peacetime uses.

## EXPOSURE!

Millions of children like this one face a winter of suffering from exposure.

WHAT CAN YOU SPARE THAT THEY CAN WEAR?

Clothing that you may consider old can bring new life to some person to whom war brought despair and destitution. Your spare clothing will be distributed free, without discrimination, to victims of Nazi and Jap oppression in Europe, the Philippines, and the Far East. Dig into your attics, trunks, and closets today... dig out all the clothing you can possibly spare.
