CROWDED SCHOOLS SEEN

Cleaning Plant Permitted By Farms Council

POINTE PARAGRAPHS

by THE POINTER
Talking about smooth operators. The other day a City matron engaged a window cleaning company for its usual duties. After they completed their job, it was presumed they would return for their fee.
The next day, a man approached her and asked for the money. She paid him.
A few days later, the two original window cleaners called for their money and she politely informed them that they had already been paid. After police were called, it was learned that someone entirely different from the organization collected.

J. F. Verhelle who worked so hard last year in seeking funds for the conversion of Bon Secours into a modern hospital, is the same gentleman who accompanied Edward Cardinal Mooney to Rome.

The City council meeting was postponed from last Monday night until Feb. 25.

Harry Furton, Grosse Pointe Farms clerk, has been urged by the village council to write, vigorously, to the Lake Shore Coach Lines, protesting the fact that there are no facilities for bus patrons when changing coaches at the city limits. He will ask them to make every effort to provide some shelter for

falling in retail stores, causing small mob scenes among the ladies. But the number available monthly should double within four to six months, manufacturers say.
When the industry reaches its stride, production will hit 30,000,000 pairs per month.

Someone has suggested a shelter for the skaters at the Grosse Pointe Park waterfront park!

Because it observes all national legal holidays, the Farms village office will be closed tomorrow in commemoration of George Washington's birthday.

REMEMBER?

One Year Ago
A series of discussion group meetings had been planned by the adult education division of the Grosse Pointe board of education with topics related to the postwar outlook. A committee of representative citizens assisted the board in the formation of the group.

The proposed retirement system of Grosse Pointe Farms was scheduled to be placed on the ballot at the regular election.

A light vote, expected here by all officials, was the result of the annual township primary election held in Grosse Pointe. At this time, Henry Lavers was re-elected clerk; he defeated William N. Fritz, a World War II veteran.

Grosse Pointe Farms purchased the property adjoining their municipal pier . . . William Stammen, Park village clerk, spiked whispering campaign rumors with a published statement . . . Local Washington officials were urged by Grosse Pointe.

Five Years Ago
Opposition to the proposed city plan for Grosse Pointe Park, sponsored by the Citizens' Association, promised to assume tremendous proportions before the March election.

Two of Grosse Pointe's first large quota of men bound for a year's service in the United States army were rejected because of poor eyesight, but the remaining 13 volunteers successfully passed a strict physical examination and embarked for Fort Custer, Mich.
May Henry W. Jones, 177 W. 11th, was named senior vice president of the Michigan department of the Reserve Army Officers' association.

Mother M. Clark, the former Mrs. Mary Gaskler, of 405 W. Pointe Shores, before entering the convent

Board of Appeals Rescinds Previous Action Monday

The Grosse Pointe Farms building inspector's recent action has been reversed and a new dry cleaning plant will be built in the Farms.
This was the order of the Farms council Monday night after the members presided as a board of appeals on a zoning case.
Theodore Beaupre, the inspector, was approached several weeks ago for approval of the building plans for a dry cleaning establishment to

Committee Issues Revision of Wage Scale in Farms

Pursuant to requests and orders received six months ago, the special wage committee of Grosse Pointe Farms reported to the council last Monday night.
The committee is composed of Councilmen William F. Connolly, Jr., and Richard Maxon; and George L. Schaeffer and Wallace Jensen. Councilman Connolly told the council that after thorough study of the village's wage scale, a complete revision of the basic pay of all employees is required.

It appears in all instances. It averages ten per cent with fluctuations taking in some wages from 15.4 per cent to an amount lower than ten per cent.
The report was tabled for 30 days for study by the council. It will also provide time in which to hear any grievances if any arise.

Daytime Robbery Nets Thief Only Box of Lead Pencils

Grosse Pointe Park police believe that because a doctor attempted to investigate a suspicious noise on the third floor of the Professional building, Mack avenue and Nottingham, a daylight robbery was thwarted.

Last Saturday, shortly after one o'clock, as Dr. L. Nutty entered his third floor laboratory, he heard a commotion in the hall near the offices of the North Detroit Land office company, operated by Mrs. Edna Cumiskey.
Immediately afterwards, he saw a man leave the office and dart down the stairs and into the street. The doctor went to a window and saw the intruder drive away in an automobile which turned down Nottingham at a high rate of speed.

When Mrs. Cumiskey took inventory of her office, the only thing she could find unaccounted for were several dozen lead pencils.
The thief who shot his way out of the Grosse Pointe Park Cafe, 15222 Charlevoix on Feb. 12, has been detained by federal authorities in Detroit.

Second Armed Bandit Caught

The thief who shot his way out of the Grosse Pointe Park Cafe, 15222 Charlevoix on Feb. 12, has been detained by federal authorities in Detroit.

He is Robert Dowling, of 2520 W. 11th, who was apprehended last Thursday when he attempted to cross into Canada at the tunnel entrance. He was charged with resisting inspection by customs officials.

Dowling was released by federal officers on \$2,000 bond, but when it was found that he had no money, he was taken to the Federal House of Detention at Fort Custer, Mich.
May Henry W. Jones, 177 W. 11th, was named senior vice president of the Michigan department of the Reserve Army Officers' association.

Richard Meeting On School Tax Draws Alarming Picture

The possibility of classes of forty-five pupils, half-day sessions, and transportation of many more elementary and junior high school children to schools outside their district, loomed as possibilities for the schools to face if building relief is not provided in the school tax election on March 4, according to a study reported at the Richard Par-

Children's Home Seeks Location; Favor Woods' Site

Representatives of the Protestant Children's Home on East Jefferson avenue, appeared before the Grosse Pointe Woods commission Tuesday night to seek advice on the proposal to purchase a tract of land for a new site for the home.

Mrs. Olney Jones, first director, told the commissioners that property on Cook road near DUS appeared very favorable, but before purchasing it, they questioned whether they would be acceptable to the neighborhood, to the board of education and to the village if it is a tax exempt

ent-Teacher Association meeting last week by John R. Barnes, assistant superintendent of schools.
In response to questions raised at this meeting, Mr. Barnes reported on a study recently completed dealing with the existing enrollment conditions in our schools and estimated enrollment data for the next year period, which is involved in the mill-levy increase proposal to be voted on in the March 4 election.

Mr. Barnes stated that at the present time, due to inadequate school-housing facilities in the Mason and Vernier districts, six rooms of children, the entire fifth and sixth grades, are being transported from Mason to Trembly school. In addition, the 6A grade pupils from Vernier are now being transported to Defer school.

In other words, the school district is now short seven classrooms in the "east end" of the school district.

Kerby School Also Threatened—Conditions in the Kerby school are not much better, according to Barnes' report. While no children present are being transported to the district, the school building

is now short seven classrooms in the "east end" of the school district.

Mr. Barnes pointed out that even if there were no growth brought about because of new home building, there will be considerable growth in all of the "east end" schools due to larger groups enrolling in kindergarten.

(Continued on Page 2.)

Woods Patrolmen Find Stolen Auto in Village

After several hours of investigation, two Grosse Pointe Woods police officers, L. Tobian and W. O'Dell learned that the auto they found at the pumping station on Alford last Saturday morning had been stolen in Highland Park.

The abandoned car is owned by Mrs. Louise Allen, 138 Louise.

Waste Paper Drive Tomorrow

Grosse Pointe students are reminded that tomorrow, Friday, has been set aside as the waste paper collection day.

All Pointers are urged to give their scrap paper to the pupils of the public, parochial and private schools for this salvage drive.

Plan Open House for Parents of High School Students

The parents of high school students of Grosse Pointe public schools are invited to attend open house at the high school next Thursday, Feb. 28, under the sponsorship of the Grosse Pointe high school Mothers' club.

Parents of those attending the Samuel Miller Brownell Junior high school and the high school itself are urged to attend the program.

A program will be held in the high school auditorium from 2:30-3:15 o'clock, after which teachers will receive visitors in their homerooms.

Andy Creamer, president of the Student Association, will be student chairman of the program which will open with the boys' Glee club singing "Beautiful Ohio" and "Alma Mater."

W. R. Cleminson, principal, will then address a welcome to the group after which a demonstration will be presented by the seventh grade girls' gym class. Following the demonstration, the group will be greeted by Dr. Paul L. Essert, superintendent of schools.

The ninth grade chorus will sing "Pirate" and "Hard-a-Lee" and the program will be dismissed at 3:15 p.m. by the student chairman.

The purpose of this open house is to give parents an opportunity to meet the new teachers of their students and to discuss briefly with the teachers any mutual problems concerning the student.

Is Someone Equipping Their Car by Stealing?

Two reports which Park police received last week lead them to believe that someone is completing the accessories equipment on his car with the loot.

Richard Carter, 1882 14th Ave., reported the theft of two 100 lights taken from his car while parked Friday night on Somerset near Jefferson. Dr. L. S. Carter, 250 Middlesex, told of the taking of a hub cap from his new Buick.

On the 17th of February, Monday, the Farms council met Monday night, at 8:00 p.m., at the Grosse Pointe Park Hotel.

The council was addressed by Mayor D. H. Jones, who is now mayor of the village.

"WE LEAD, OTHERS FOLLOW"

CONSUMERS AGAIN

Grosse Pointe communities recently were overhauling their food and restaurant practices to restore something like hygienic order from the thoughtlessness of war, while in New York, waitresses were beginning to nudge patrons with a new determination about enforcing "No Smoking" rules.

Both of these were good signs of returning normalcy, but most of us are still wondering when we can put the shoe on the other foot and not only demand good food at reasonable prices, but remind the waitresses and waiters that after all, we are patrons.

As average Americans, we don't exactly expect genuflections, but there is a great deal more satisfaction in a meal if you know that your patronage and preferences represent something more than just a nuisance.

Most of us want to forget chow lines and queues and enjoy a few of the fuller fruits of peace; and if, to do this, means getting waiters and waitresses who really want to work — well, let's find some way of making the vocation more profitable and attractive. If prices were high, then, we would at least know that we were paying less for food and more for service. As it is now, both price and service are like so many chips on the shoulder.

Reckless Driving
Tickets Issued
Violators Friday

Grosse Pointe Park police issued a reckless driving ticket to Merl Maeson, 170 Lakeview, Grosse Pointe Farms last Friday morning after his car was involved in an accident at Charlevoix and Cadieux road.

The other car involved was driven by Clarence A. Larsen, 2073 Lochmoor boulevard, Grosse Pointe Woods. Both cars were damaged.

Later Friday morning, a ticket was given to George J. Azar, of 3462 Berkshire, on a similar charge, after his car had collided with an auto driven by Beatrice C. Drinkaus, 1029 Yorkshire road.

Shipman and Maunee was the accident. There were no injuries.

Approximately Five
Thousand Names
Removed Here

Approximately five thousand Grosse Pointe voters have been pulled from the township voting rolls, according to the township clerk, Henry Lavers.

He said that the law requires all names to be stricken from the lists who have not voted or registered for two years. This brings the total number of voters in this area to approximately fifteen thousand.

The clerk blamed the decrease on the number of people who are moving out of the township.

William Dansbury,
Farms' Police Officer,
Dies Suddenly

William E. Dansbury, 52, of 79 Mapleton road, Grosse Pointe Farms, died last Friday morning as the result of a heart attack.

Funeral services were held Monday at St. Paul's church with interment in Mount Olivet cemetery.

Mr. Dansbury had been a patrolman on the Grosse Pointe Farms police department for the past 19 years. He worked until the day before his death.

Representatives from the police and fire departments of the five Pointes and St. Clair Shores attended the services.

Surviving are the widow, Anna; one daughter, Betty; five boys, E. J. William Jr., USNR; Louis, 12; and three sons, Donald, 10, and

George, who is the Farms' fire chief; Fred, who works in the Farms' water department; Frank and Charles; two sisters, Mrs. William Mills, and Mrs. Charles Dooley.

Pointe Doctor Seriously
Injured in Auto Accident

Dr. and Mrs. J. C. Tapert, of 406 Fisher road, were seriously injured last Monday in an automobile crash near Springfield, Ill., while on their way to the wedding of Mrs. Tapert's brother in Branson, Mo.

E. J. Korameier of 888 Chalmers, Mrs. Tapert's father, was killed in the crash.

They collided with a car driven by a Springfield, Ill., resident.

LET'S HOPE FOR A THAW

Remember?

was honored by a distinguished gathering of Catholic church prelates and alumnae of Canada's Ursuline Sisters, when she celebrated the golden jubilee of her work at Chatham, Ont., where she was vicar general of the Ursuline community.

10 Years Ago

Grosse Pointe mourned the death of Roy D. Chapin, former president of the Hudson Motor Car company, and resident of 447 Lakeshore Drive, Grosse Pointe Farms. He served as secretary of commerce in the Hoover administration and was a pioneer of the automotive industry.

A school guidance clinic under the direction of Dr. Richard D. Allen, assistant superintendent of schools of Providence, R. I., was to have been held at Grosse Pointe high school.

Said John Smith in his column, "News Digest," "It will shortly be possible to cross the Atlantic Ocean in two days by zeppelin, so the records state. It won't be long until Europe will be just a day's ride from here."

The Grosse Pointe Review Association in a letter to the Grosse Pointe Review cited recent remarks of Clarence L. Ayres, chairman of Governor Brucker's advisory council of budget and finance, in charging extravagance in the administration of Grosse Pointe school district affairs.

The late Edsel Ford's offer to build, at his own expense, on his own property, more than half a mile of 120-foot highway on Jefferson avenue, opposite his Gaultier Pointe estate, awaited only the formality of approval by the Macomb county road commission and the village of St. Clair Shores.

Gratiot Township
VFW Post Proposed

Plans are under way for a post of the Veterans of Foreign Wars to be established in Gratiot township.

Approximately fifty overseas veterans of World Wars I and II have expressed the desire to organize a post in the area.

According to Herman Dubois, who has been and still is active in the VFW organization, a tentative meeting on the opening of the new post will be held at the township hall, Gratiot township, on Wednesday, March 6. All veterans who are interested are invited to attend.

For further information, contact may be made with Mr. Dubois by calling PR 4679.

Fourteen Pointe Children
Are Victims of Measles

Dr. Thomas S. Davies, health commissioner of Grosse Pointe township reported to the township officials that during the month of January there were 14 cases of measles recorded in his office.

There were five cases of chickenpox and one case of whooping cough during the same period.

Wyffels to Head
Metropolitan Club

The Metropolitan club of Grosse Pointe installed their newly elected officers for 1946 in impressive ceremonies held at Concordia hall recently.

The affair was a huge success and was attended by approximately three hundred people from Grosse Pointe and Detroit.

George Elworthy, director of the Neighborhood club was toastmaster for the evening. He introduced several prominent business and civic leaders at the time the officers were installed.

Albert Wyffels was elected president, while Michael Bem and Sidney Alloe were named first and second vice-presidents, respectively.

Other officers are Louis Baldwin, recording secretary; James Flannigan, financial secretary; Earl Cramer, treasurer; Fred Deumling, sergeant-at-arms; James Furton, Don Coates and Albert Crooks, auditors.

The object of the organization is and shall be to foster the spirit of athletics, charity and to increase the

Announce Dates for City's
Board of Review Sessions

The dates on which the board of review of the City of Grosse Pointe will be in session have been announced.

All complaints and requests for adjustments will be heard tomorrow and Saturday, Feb. 22 and 23 in the City building on Maumee, between St. Clair and Neff. The offices will be open from 9 a.m. to 9 p.m.

Last Rites for Woods'
Resident Tuesday

Funeral services for William F. Boerbertz, 1071 Roslyn road, Grosse Pointe Woods, who died Thursday, Feb. 14, were held Tuesday afternoon from the Verheyden funeral home, Mack avenue at Outer Drive. He was 39.

Surviving are the widow, Margaret; two sons, James and Robert; sister, Mrs. Paul Dammes.

He was the son of Caroline and the late William C. Boerbertz.

Firm Has \$1,000,000
Fund for Scholars

An educational fund of \$1,000,000 for financial assistance to college and university graduates desiring higher education and fundamental research in scientific and industrial fields is maintained by one of the three electrical manufacturers.

Fellowships of \$1,500 annually, with an additional \$500 for specific apparatus or other expenses, are granted to qualified graduates. The fund includes \$200,000 for loans and scholarships for the firm's employees, their children and dependents.

Senator
Grassroot

Daphne (that's my Mrs.) used my last good blade to cut her corns, so I went to Tony's. Tony waves a straight-edge and says:

"It's no good. My cousin, Joe, he works in a door factory in Montecarlo; little place in state of Washington. Soldiers want doors for house; quick. Joe, he's busy. Then—name of a name—you know what?"

I says, "No."

"This factory, it shut down. Joe he's got no job."

Tony shoves a weekly newspaper, Montecarlo Vidette, in my face. Tells how the Vancouver Door company closed, despite an order for 30,000 doors; company's been losing \$300 per carload since September, '44. Same old story; material and labor costs up; government ceiling on finished doors. Company can't stand losses, so 50 folks lose jobs.

I got the same thing when I asked Daphne if we were ever going to set down again to greens and hog jowl.

"Don't talk to me, Mr. Senator, about hog jowl," she snaps as she scoops up a plate of sad beans.

"Here, Mr. Big, read that."

"That," tells how a farmer in Paducah, Ky., is quitting the pork business. He spends \$10 for a shoat; \$17.50 on corn; four bucks, food supplement; two bits, vaccination, couple more bucks for hog "mortality." That's \$33.75—and he's got a 250-pound hog (which is just 30 pounds more than Daphne, only I keep quiet). But government says he can't sell for more than \$35.87.

Even I can see his profit on eight months' work is only \$2.12.

Maybe it was the beans. Anyhow, I didn't sleep very good that night.

Got to thinking about a man and his price and wondering what congress will be like when all the Tonys and Daphnes vote next fall the way they're talking now.

Courts Hear
Freak Cases

That the judgment of Solomon is required by magistrates today is illustrated by the wide variety of

cases that come before them.

In Boston seven cousins of the late Woodbury Rand, Brookline lawyer, succeeded in breaking a codicil to his will cutting them off because of their "contemptuous attitude and cruelty towards my cat." They each got \$2,500 of a \$40,000 bequest left in trust for care of the cat, "Buster."

Now dead, the cat, together with the trust fund, were under the care of Miss Margaret T. Thompson, Mr. Rand's housekeeper. She was awarded \$23,500 in a compromise with the cousins.

In New York, meanwhile, Patrick O'Shaughnessy, of 569 W. 192nd Street, was seeking \$10,000 damages from John H. Barrett & Son, undertaker, of 424 W. 51st Street, because he charged, the firm buried a strange man between his dead brother and his sister in the family plot in the cemetery.

- School Election -
(Continued from Page One.)

ten and the lower grades. This growth alone will create serious housing conditions in these schools during the next few years unless additional school facilities are provided.

The report further showed that unless additional school housing facilities are provided and if home building resumes on any such scale as preceded the war, classes of forty-fourty-five, half-day sessions and the transportation of many more children from their own areas will have to result.

Short 14 Classrooms by Sept. '47—If additional school rooms are not provided, the report showed that on conservative estimates, we will be short 14 classrooms in the "east end" of the district by September, 1947.

This is more classrooms than are available in the west end schools to which pupils are now being transported. All classrooms are now in use at Trombly to house the six rooms of pupils from Mason, and only six rooms remain at Defer. Consequently, even if transportation were continued, all pupils could not be housed in this manner by September, 1947.

Looking beyond the school year of 1947-48, the situation becomes constantly worse. By September, 1948, we would be short 20 classrooms in the "east end" of the district, by September, 1949, we would be short 27 classrooms, and by September, 1950, we would be short 34 classrooms.

"These estimated shortages," stated Mr. Barnes, "are based on a 10 per cent annual growth for the years 1947, 1948, 1949, and 1950, which is less than half the actual growth through the period of 1938 to 1942 inclusive in the east end. During that period, the average growth in the Mason school never fell below 25 per cent per year and reached 30 per cent during one of these years."

Picture No Brighter
for Secondary Schools—

The report showed no brighter picture for the secondary schools. According to the figures given by Mr. Barnes, the high school building can satisfactorily care for the pupils enrolled there through the school year of 1946-47. By September, 1947, the building will be overcrowded, and from September, 1948, on, it will become impossible to maintain a satisfactory secondary program without additional classrooms for secondary school students. This situation could be met by transporting junior high school pupils from the Richard and Kerby districts to Pierce, in addition to those from the Mason and Vernier areas. There would still be a seriously overcrowded condition in the high school building and half-day sessions might have to be provided.

In summary, Mr. Barnes, pointed out that unless additional classrooms are provided, with the growth anticipated over the next five year period, not only may it be necessary to transport many more children to schools outside their district, but in addition, class size will have to be greatly increased and half-day sessions may have to be provided both in the elementary schools of the east end of the district and also in the high school building.

GUEST OF THE WEEK

For the next several weeks, White House Cleaners will pay tribute to Grosse Pointe men and women, now at home after honorable discharge from the armed forces. Incidents from their service record will constitute the articles.

Lieutenant
James H. Roberts

"For courageous leadership of his men under fire while unloading supplies in landing operations in the vicinity of Gela, Sicily," Lieut. James H. F. was awarded the army's coveted Silver Star.

Son of Mr. and Mrs. Thomas Roberts, 160 Kerby Road, Mr. Roberts is now engaged in the jewelry business at Pongrac in the City of Grosse P.

Fine cleaning and blocking of men's hats has been a popular new addition to the fine cleaning service offered at White House.

Alexander Charleston Promoted to Major While Stationed With Army in India

Word has been received of the promotion of Capt. Alexander S. Charleston to the rank of major in the transportation corps of the U. S. army. Major Charleston has been stationed in India for the past 2 1/2 years, and is in charge of loading and shipping the troops home from Calcutta, India.

Before entering the service, Major Charleston was associated with the Pfeiffer Brewing company of Detroit as city sales and traffic manager. His wife resides at their home at 681 Hawthorne road, Grosse Pointe.

Allan D. Kales of Kales & Son, florists, 17516 Harper avenue, has just returned from 2 1/2 years of service with the army. Mr. Kales served for two years in the South Pacific with the 72nd military police battalion from Australia to Tokyo.

His last active assignment was with the honor guard with General MacArthur in Tokyo.

He is a former student of South-eastern high school and was formerly associated with his father's floral business.

His first task was the landscaping of his barracks at Fort Custer which was followed by a tour of duty bringing him a Good Conduct medal and four battle stars. He will resume business at the Harper avenue address; old friends may contact him there.

Fort Douglas, Utah. — Corp. Henry J. Keane, son of Dr. and Mrs. William E. Keane, 1007 Harvard road, has been discharged from the army at the Fort Douglas Separation Center.

Corporal Keane, who served 32 months in the States as a draftsman with the 400th AAF Bn., is authorized to wear the American Theatre ribbon, Good Conduct medal, and the Victory ribbon.

Prior to entering the army May 24, 1943, Keane was employed as an illustrator at Detroit.

Ernest E. Thomas, 19, aviation mechanic's mate, third class, USNR, 147 Lakeshore, has been transferred from the Naval Air Station at Daytona Beach, Fla., to Naval Air Transport Service headquarters at Olathe, Kan.

He entered the navy in January, 1945. He has been stationed at Norman, Okla., and Jacksonville, Fla.

Naval Staging Center, Pearl Harbor, T.H. — Lieut. David M. Hinks, 17130 St. Paul avenue, is getting ready to rejoin the ranks of civilians, together with thousands of others going through this naval demobilization center headed for the States.

At this staging center, the prospective discharges are grouped according to what separation center they will report to for their final papers. They are placed aboard cargo ships as soon as shipping space is available.

Pearl Harbor, T. H. — Don J. Haigh, photographer's mate, third class, USNR, 1128 Maryland, is a student at the Navy Pacific university here during off-duty hours.

NavPacU, which opened Jan. 3, has a curriculum of more than 100

The heritage of Washington's courage has cloaked America with a mantle of invincibility, but even he laughed at danger once too often. "Let it go as it came," he joked about a cold he had caught. Fatal complications set in and three days later the Father of his country was dead. Never minimize the danger of a cold however trivial the infection may seem to you. Treat it as a joke and the laugh may be on you. Even a "slight cold" can weaken your resistance against serious diseases such as pneumonia and influenza.

Veteranews from the Office of Veterans' Affairs, Lansing

Indications are that a large stock of building materials is about to be released by the army and navy. The materials to be released include, among other scarce items: Lumber, pipe, nails, lath, plumbing and electrical supplies.

These materials will be released at the following places: The Navy Depot at Joliet, Ill.; the army depots at Columbus, Sharonville, and Marion, O., and Granite City, Ill.

The only restriction in the purchase of this material is that the buyer must certify that it will be used for low cost housing under the \$10,000 limit. Materials obtained under this procedure will be over and above those allowed under the HH priorities (HH priorities are issued by the Federal Housing Administrator and require that the builder build houses for sale to veterans). The disposal procedure is:

a. After inventory is completed RFC will run newspaper ads in the area of the depot which will list the types and amounts of materials available.

b. A coupon will be attached on which prospective buyers check what they would like to order.

c. RFC tallies the prospect orders and then mails to the prospective buyers detailed lists of stocks and prices set within OPA ceilings.

d. Buyers then submit their actual orders and if there isn't enough to go around, RFC will allocate the goods among them.

These materials will be sold in large quantities, such as in a purchase of lumber the minimum purchase will be a car load. Thus, builders, dealers and state institutions and agencies will be the principal buyers. Federal, state and local governments will be entitled to a priority on 30 per cent of the stocks set aside for a 10-day period.

The so-called HH priority is to be issued by the Federal Housing Administrator and the local field offices will be equipped to issue the priorities in the very near future. An HH priority requires that the builder build houses for sale to veterans. These houses are held for veterans during the time of construction and for 30 days thereafter. Fifty per cent of all building materials will be at

employment. In the navy, there are no layoffs or seasonal slumps, such as civilians suffer when manufacturers change models, no pay cuts when business is bad, no uncertainty about holding a job. Navy men are assured of generous pay check every month of the year.

New Weight, Size for Panels to Navy Personnel Overseas

Effective at once panels not exceeding 11 pounds in weight or 42 inches in length and 72 inches in combined length and girth may be accepted for mailing to navy, coast guard and marines personnel overseas. Postmaster Roscoe B. Huston announced this week.

Parcels for both the navy and army personnel may now be insured. Parcels and letters paid at the first class rate may be registered.

No parcels containing any perishable matter will be accepted for insurance. All matter to be insured or registered must be well packed and wrapped.

Parcels to army personnel still requires a written request from the addressee before parcel can be accepted for mailing.

The word "Tip" originated long ago in London coffee houses, where a box was lettered T I P—to insure promptness.

Awards of \$250 each were made to Luther J. Reynolds, Detroit, chief switchman with 32 years of service, and George H. Wylie, Henton Harbor, switchman who has been with the Bell System 26 years. The former developed a new wet-weather test set for locating trouble occurring during wet weather in the wire between the house and the cable, and Wylie worked out a time-saving method for lubricating dial equipment.

Francis N. Furrow, Detroit, switchman, was awarded \$100 for a new method of reducing trouble in dial offices. He has been with the Bell System over 20 years.

Awards of \$50 each went to Ziba A. Winger, retired employee at Benton Harbor; Ralph R. Edwards, Detroit installer; Philip J. Green, Detroit plant clerk; and Rachel Kemp, Emma Gowan, and R. R. Hopper, of the Detroit accounting office.

There were 105 other awards of \$10 each.

Young Veterans Schedule Dance for Saturday Night

The committee which makes up the World War II group of Alger Post, VFW, and the auxiliary, will sponsor a dance at the Roosevelt-Vanderbilt hall at 9189 Cadieux road next Saturday night, Feb. 23.

The public is invited and a pleasant evening of modern and old fashioned dancing is promised for all.

GIVE WITH MUSIC—"You, too, can too," declares the Gray Lady as she helps a disabled soldier fulfill a lifelong ambition to learn to play a saxophone. Instruction is part of Red Cross recreation.

The Science of Satisfactory Living

THE overcoming of disease, important as it is, is but one of the functions of Christian Science.

Indeed the Discoverer and Founder of this Science, Mary Baker Eddy, writes (Rudimentary Divine Science, p. 2): "Healing physical disease is the smallest part of Christian Science. It is only the beginning of thought and

Students of Christian Science have found it bringing them a fuller sense of capability, usefulness, and satisfaction than they had known before; giving new color and interest to their lives; enriching their friendships; giving them understanding and an experience of peace and joy surpassing all their expectations.

They have seen clearly that this Science is the Science of Life and of satisfactory living.

The complete explanation of Christian Science, and of the means of utilizing it on behalf of oneself and others, is given in the Christian Science textbook.

SCIENCE AND HEALTH with Key to the Scriptures by Mary Baker Eddy

Tractors Will Be Prewar Models

Farm implements and tractors to be made this year will be substantially the same as prewar models, and full-scale production will be resumed as soon as raw materials and parts become available in larger quantities, the manufacturers say.

One of the first to complete conversion from war to peace production, these manufacturers suffered a setback as a result of strikes in many bearing-producing plants. Most of them have already begun large-scale modernization programs.

Numerous Rings

Despite labor shortages, manufacturers turned out a total of 900,000 alarm clocks in December, 1945, and expect to hit prewar rate of a million a month this spring.

VFW Auxiliary Celebrated 14th Birthday Feb. 7th

Under the chairmanship of Mary Keller, past president, the past presidents of Alger Auxiliary were hosts to 93 of the members in the Jefferson Room at the Whittier hotel on Feb. 7th.

Seated at the center of the dais was President Effie Schreier, while Myrtle Wynne, senior vice-president and Alice Backman, junior vice-president had the honor of cutting and serving a huge birthday cake.

After the dinner, the chairman introduced the president and past presidents. A very interesting resume of the activities of the Auxiliary over a period of years was read by Ruth Slater.

The rest of the evening was enjoyed by community singing and dancing, with special entertainment by the children of the Wadsworth School of Dancing. Felicitations were given several members on their approaching wedding anniversaries, the member celebrating her 29th anniversary on the following day. "Happy Birthday" was also in order for several of the members. Rae Smith escorted these members up to the president's station where each was presented with flowers.

War Babies' and Clothespins Become A Hollywood Saga

Did you wonder where they sprang all those scooters and cigarette lighters made of aluminum, which suddenly showed up around town?

And those rainbow-hued aluminum clothespins?

They came from out Hollywood way where a lot of factory "owners" are trying, through traditional American initiative and ingenuity, to stay in business now that the shooting's over.

They're "war babies," determined to grow up into peacetime businesses fighting hard, what with shortages of materials, OPA price ceilings, labor disputes, to survive and make the best of goods.

There were something like five thousand small factories which mushroomed around Los Angeles to make the thousand-and-one parts and gadgets which big aircraft companies and shipbuilders assembled into planes and ships.

After the war, many of these "hol-

Mrs. Louis Charbonneau Heads Group Seeking Members for U. of D. Guild

Studying the problems of adjustment between home and university life, especially those problems which face the returning veteran, is the immediate purpose of the University of Detroit's Women's Guild for the coming year, according to Mrs. Louis I. Miner, president.

Organized less than a year ago, the Guild has a membership of more than two hundred women and has set four thousand members as a goal. To reach this peak, the executive board is inaugurating a drive this week under the direction of Mrs. Louis H. Charbonneau, 1044 Kensington, membership chairman. Mothers or guardians of all U. of D. students, ex-students and alumni are eligible for membership.

Climaxing the drive will be a benefit party Saturday, Feb. 23, in Geau Hall. Mrs. C. J. Eberhardt has been named chairman with Mrs. Joseph F. Murley as co-chairman. Among the committee members include Mrs. Charbonneau, Mrs. G. A. Brooks, Mrs. Frank J. Weston, Mrs. Louis I. Miner, Mrs. Emil W. Colombo, Mrs. Bernard A. Clark, and Mrs. T. Edward O'Connor, of 1257 Yorkshire.

The Very Rev. William J. Miller, S.J., president of the University of Detroit will address the group.

St. Matthew Women Plan Millionaire's Party

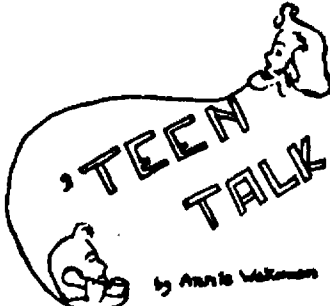

A Millionaire's party has been planned by the St. Matthew's Women's club to be held at 8 p.m. on March 1 in the parish hall at Harper and Buckingham.

Awards, games and refreshments will be the events of the evening. The proceeds from the party will go into the general church building fund. The awards to be given away will be on display at the Halliday Hardware store, 16423 E. Warren.

Cleansing Tissues Now in Booklets for Men and Women

Give-away booklets of lipstick tissue soon may be as common as the free paper matches that used to come with cigarettes and cigars.

A match manufacturer is making the new booklets, and beauty parlors, cosmetic shops, drug and department stores will give 'em away.

TEEN TALK

HELLO AGAIN KIDS, THIS IS DONNA DAHLEN SUBBING FOR ANNIE WAKEMAN THIS WEEK.

'Twas a super duper hayride given by "Izzy" Zimmerman the other night at Ridgmont Stables. Her escort was Floyd Redes and the others bouncing and jouncing in the hay were Pat Williams 'n Ronnie Alford, Giny Gregory 'n Tom Dewey, Dick Stahl 'n Donna Grien, Skippy Drane 'n Gerry Enix and Kathleen College. All went back for hot dogs and Pepsi to Izzy's which was decorated with hearts and arrows to comply with the occasion.

THE GYM AT GROSSE POINTE last Friday night was rocking with excitement as the Devils beat Royal Oak, a team which beat them the first time out. Among those packing the gym I saw Sara Malcomson, Betty Pinkston, Don Barrett, Bill Halliday, Jeff Welscher, Carolyn Orr, Doris Buser, Annie Davis, Louise Mohn, Mary Thorn, Marilyn Buck, Letty and Franke Kretschmar, Joann Johnstone and hundreds more. During the half the crowd was entertained by the bar-tender twirlers under the leadership of Barb Moynaux, who put on a wonderful show.

AFTER A WONDERFUL TIME at the Country Day hag dance last Friday night, which was decorated in true Valentine style, Dawn Ostus had an open house for some of the same kids. Her date was John Penberthy, and a few other dates mingling and munching were Carol MacPherson 'n Bill Wood, Lee Middle-ditch 'n Ann Wedthoff, Bob Smith 'n Martha Johnson, Pat McKee 'n Dave Robb, Sally Waters 'n Charlie Morris, Joyce Mulkey 'n Jim Toss-canny.

MORE HEARTS, CUPIDS, AND valentines made up the theme for the deluxe S.A. (means Student Association to foreigners) dance last Saturday night at the high school. Everyone agreed that it was one of the best ever given. The music

New England Women to Meet February 27

At the meeting of Detroit Colony, National Society of New England Women, to be held Wednesday, Feb. 27, at Newberry House, on E. Jefferson avenue, Mrs. Mattie P. Jacobs, organizing president, and Mrs. Henry Neil, of St. Clair avenue, will be co-hostesses at the 12:30 o'clock luncheon preceding the business session, which the president, Mrs. Henry D. MacKaye, will call to order at 1:30.

Mrs. Henry M. Booth, past vice-president-general, will present a program of "Historical Sketches," a project of the National Society.

British Consul's Wife Among Luncheon Guests

The Lord Duffrin chapter of the Daughters of the British Empire held their anniversary luncheon this afternoon at the home of Mrs. Norman Douglas, 3624 Balfour.

Mrs. D. S. H. Brickell, wife of the British consul general and Mrs. Malcolm MacQueen, state president of the DBE, were among the guests.

was mellow, dancing divine and fun was had by all. Seen dancing with their valentines were Adele Gillette 'n Don Flor, Lorraine Jones 'n Louie Champagne, Betty Auch 'n Don Hiles, Annie Wakeman 'n Ed Isbey, Harry Garman 'n Sally Joyce, Joe Hickey 'n Marilyn Kaiser, Marilyn Buck 'n Dan LaFerte, Dick Wuerker 'n Di Faulk, Priscilla Mann 'n Joe Loomis, Peter Van Osdol 'n June Moffat, Joanie Williams 'n Jim Kennedy, Betsy Bachmann 'n Joe Cobane, and George Mantho 'n Arlene Roy.

The stags seen plotting out their objective for the next dance were Dan Beck, chairman of the big affair; Dick Seymour, Fred Auch, Jeff Welscher, Don McPhail, Johnnie Nelson, Sandy Malcomson, and gobs of others.

JUST TO BE A LITTLE DIFFERENT, last Sunday, Phyllis Biggs had a mother and daughter tea. Those sipping tea and punch around the cheery fireplace were Mrs. Leininger and her two daughters Annie and Jane; Mrs. Dalrymple and Nancy and Janet; Mrs. Somers and Shirley; Mrs. Gallardo and Barb; Mrs. Bachmann and Betsy; Mrs. Ewing and Mary Lou; Mrs. Robinson and Carolyn and Mrs. Russell and Joanne.

'Africa' to Be Subject of Women's Meeting

The Women's Association of the Grosse Pointe Congregational church will meet at the home of Mrs. Paul Griffin, 208 Moran road, next Tuesday.

Dessert luncheon will be served at 12:30 by co-hostesses, the Mesdames John A. Bell, Norton Ives and Donald T. Lester.

The Missionary committee will present a program, "Light on the Dark Continent of Africa." Mrs. George W. Williams will review the book "African Journey," by Mrs. Paul Robson.

A series of slides entitled "In His Name and for Their Sakes," will explain how the offering will be used to aid war victims and help with reconstruction.

The American Principle

In this month when we celebrate the birthdays of two great advocates of the great American principle, let us exercise that prerogative.

IT IS YOUR CIVIC DUTY TO VOTE

in the School Election

Tuesday, March 4

Two important issues, which concern the education of future generations as well as our own are to be submitted on the ballot.

FIRST—A 1½ mill increase in taxes to provide for advance in remuneration to teacher personnel, which has already had its ranks thinned through departure to more lucrative posts.

SECOND—A 3½ mill increase in taxes to create a sinking fund for immediate and future building requirements, brought about by expanding population of the school district.

Both questions are strictly EMERGENCY MATTERS upon which every civic minded citizen is duty-bound to express himself!

Remember to Register at Your School

SATURDAY, FEBRUARY 23
3 p.m. to 9 p.m. EST

THE NEW LOWER ELECTRIC RATES FOR DETROIT EDISON CUSTOMERS

1945 RATES	1946 RATES
for Farm and Residence	for Farm and Residence
8c per unit first 10 units	6c per unit first 15 units
4c per unit next 40 units	4c per unit next 35 units
2½c per unit excess	2½c per unit next 200 units
	2c per unit excess

10% discount for prompt payment

Here at a glance you can see how the new low Detroit Edison rates compare with our former rates for residences and farms. This new rate, worked out by the Company and approved by the Michigan Public Service Commission, became effective in January, 1946. Your next Edison bill will be figured on this lower basis, tending to offset bills which are normally higher during the winter season with its short dark days.

The price of residence electricity has decreased gradually since the end of World War I. Now you get twice as much electricity for your money as you did then.

Detroit Edison rates are now the lowest in the Company's history. The quality of our service remains unchanged.

THE DETROIT EDISON CO.

HONEYMOONING IN NASSAU

For their wedding trip, Mr. and Mrs. Howard F. Smith, Jr., of Grosse Pointe Farms chose Nassau in the Bahamas, where they posed for this picture in the patio of their cottage. Mr. Smith was discharged from the Marine Corps in January.

The couple were married in Christ church chapel on Jan. 19. They are among the thousands of Americans who are visiting Nassau this season, the fashionable colony's first brilliant peacetime season.

Newcomers Club Climaxes Events With Dinner Dance

Following the policy of diversified entertainment, members of the Grosse Pointe Newcomers club held their first dinner dance, last Friday night at the Uptown club, on Second avenue.

As the occasion was a "sweetheart" party, husbands of the group presented their wives with corsages of pink carnations. George Lyons and Willard Naragon were in charge of arrangements.

Women members of the club will meet tomorrow night at the home of Mrs. Willard Naragon, on McMillan road, for an evening of sewing. On Friday, March 1, the club will hold a bridge party at the Clifford Lundgrens, on Harvard road.

Mr. and Mrs. Lester Elliott are the most recent members to join the organization. All newcomers in the Grosse Pointe area who are interested in becoming acquainted with other new couples are asked to telephone the Frank Listers, N1 4324, for details of eligibility.

Woods' Calvary Auxiliary to Entertain at Party March 1

To usher in the blustery month of March with an evening of fun and merriment, will engage the committee in charge of the card and bunco party to be given Friday night, March 1 at 8 o'clock at Calvary Lutheran church, Grosse Pointe Woods.

Assisting Mrs. Louis Moreau, chairman, are Mrs. Henry Zahrt, tickets; with Mrs. Joseph Martel, Mrs. Walter Geffert and Mrs. Howard Ford in charge of refreshments. Tickets may be obtained from any member of the Women's Auxiliary or by calling N1 3364.

Parties Honor Pointe Matron on Her Birthday

There was a whirl of parties last week at the home of Mrs. Elizabeth Stoliker on Lincoln road.

She entertained 15 of her church friends at a luncheon on Thursday and on Saturday night, a large group of friends gathered in honor of her birthday.

Church Discussion Group to Gather Next Sunday Night

The Discussion group of the Grosse Pointe Unitarian church will meet next Sunday night to explore the fact that war restrictions are being lifted; there is a serious debate in the minds of many whether this is not being done too rapidly.

Important experts will participate in the presentation: Allen Brown, Detroit attorney and editor of The Jewish Congress News; John Scoville, former Chrysler economist and Miss Helen Moore, secretary of inter-organization committee for price control extension.

Mrs. Oswald Gruhn, chairman of the Discussion group, cordially invites all who are interested to attend this meeting.

Prepares Publicity for University Fund Drive

Cynthia Penoyar, freshman at Denison university, Granville, O., is a member of the publicity committee for the March of Dollars drive which is taking place from Feb. 18 to March 4.

She is the daughter of Mr. and Mrs. William W. Penoyar, 329 McKinley road.

Book Review to Highlight St. Clare Party Feb. 27

A dessert and book review for next Wednesday, Feb. 27, at 12:30 p.m., will be sponsored by the ladies of St. Clare parish, in the school at Audubon and Charlevoix.

Mrs. Henry Wiedettes will review "Anything Can Happen." All are cordially invited.

Mrs. Marvin Asmus Heads Church Bake Sale Tomorrow

The Women's Guild of St. James Lutheran church of Grosse Pointe is sponsoring a bake sale on Friday, Feb. 22, beginning at 10 a.m., at the Grosse Pointe Farm and Orchard market, Kercheval at St. Clair. The committee includes the following: Mesdames Marvin Asmus, George Kurz, Herbert Manzelmann, Edwin Wagner, and Walter Wilson.

Luncheon to Precede Carmelite Guild Meeting

Previous to the regular monthly meeting of the St. Joseph Carmelite Guild next Tuesday, a pot luck luncheon will be held at 12:30 p.m. in the home on Cadieux road.

Mrs. William Penty will be hostess for the occasion; the president of the Guild, Mrs. H. Dee McCullough, urges all members to be present.

Students Figure Prominently in Campus Politics

Four Grosse Pointe students at Michigan State college have been nominated to fill sophomore and freshman class offices.

Primary elections for both classes will be held this week. These are the first freshman and sophomore elections on the campus since 1942.

George Beyer, Edward Fritz, Ruth Hansen and Doris Rueli will run for offices. Beyer, son of Mr. and Mrs. Fred Beyer of 179 Beaupre avenue, is a candidate for sophomore president. He is majoring in business administration and is affiliated with Sigma Nu fraternity.

Fritz, son of Mr. and Mrs. William Fritz of 1329 Beaconsfield avenue, has been nominated for freshman president. He has not declared his major course as yet. Miss Hansen, daughter of Mr. and Mrs. Chris Hansen of 253 McKinley road, will run for sophomore class treasurer. She is a business administration major and is a member of Pi Beta Phi sorority.

Miss Rueli, sophomore, daughter of Mr. and Mrs. Adam Rueli, of 873 University Place, is a candidate for class treasurer. She is majoring in business administration.

Gloria Buzzelle Is New Beta Member

Beta Beta chapter of the national Spanish honorary, Sigma Delta Pi, at Michigan State college initiated Gloria Buzzelle, Grosse Pointe junior, into membership at a recent meeting.

Seven students in Spanish language courses were taken into active membership. This was the first initiation for the Beta Beta chapter, as the campus Spanish society joined the national honorary, Sigma Delta Pi, only recently.

Miss Buzzelle, 432 Fisher road, is majoring in French.

Cub Pack 19 Stages Father and Son Dinner

A father and son banquet is being held tonight at 6:30 at the Grosse Pointe Unitarian church for members of all of the dens of Cub Scout Pack 19 and their fathers.

Children's Sewing Group Meets in Woods' Home

The Save the Children fund-raising drive will be held at the home of Mrs. Harry Watson, 2045 W. Drive, tomorrow, Feb. 22.

Grosse Pointe Women Re-elected to Posts on Detroit YWCA Board

Eight Grosse Pointe women were elected to serve on the metropolitan board of directors of the Detroit YWCA, at the 53rd annual meeting of the association recently.

At this time, Mrs. Allen B. Crow of West Chicago boulevard, was returned as president.

The Pointe women include Mrs. George A. Schemm of Maumee road and Mrs. Kins S. Collins of Westchester road, who were re-elected first and second vice-president, respectively. Mrs. Willis Bugbee of Kensington road is the new third vice-president.

Other officers are Miss Hope Whitten of Burlingame avenue, recording secretary; Miss Loretta G. Sanders of East Boston boulevard, treasurer; and Mrs. Karl B. Brundage, Pacific avenue, assistant treasurer.

Grosse Pointe women who were re-elected to chairmanships of standing committees include Mrs. Stanford N. Phelps of Provincial road, camps; Mrs. Ward A. Detweiler of Three Mile Drive, endowment; and Mrs. James L. Dickson of Kensington, finance; Mrs. Edward F. Gehrig of Balfour is the new chairman of metropolitan food service, and Mrs. John J. O'Brien of Kercheval avenue, who was president of the Detroit YWCA from 1927 to 1937, was re-elected a member-at-large.

Mrs. Crow's annual report revealed how quickly changing world conditions affect YWCA program. Round-the-clock activities for war workers on regular and odd shifts have been replaced by new layoff clubs for girls without jobs. Sunday war workers parties have become converted into a Victory Cavalcade entertainment program. Interest in servicemen's wives clubs has decreased with the return of veterans but there is a new interest in couples clubs. The wives are acquiring homemaking skills in YWCA classes and clubs for young homemakers. The wartime Teen-Age Hang-outs have now become stabilized into orderly self-governing groups with officers elected to direct and plan their activities. All YWCA

groups are sponsoring more interracial and inter-cultural activities to increase their appreciation and understanding of their fellow YW members.

Fashion Creations to Be Modelled by Sigma Men

Do you want to see what "The Well Dressed Woman" will wear this season? If so, attend the Sigma Zeta fashion preview March 1 and 2 at the Jefferson Avenue Methodist church gym. Jefferson and Marlborough avenues.

The showing will start at 8 p.m. Male members of the Sigma Zeta class will model styles of every type from house coats to evening gowns.

According to Mrs. Othel Gosson, chairman, the men are being given instructions in modeling women's fashions by Miss Shirley Hart, recent college shop model of Ernst Kern company.

Tickets can be reserved by calling Le 3765, the church office. Proceeds will be used to purchase visual aid equipment for the church school.

100 Guests Attend Christ Church Monthly Dinner

The Married People's Group of Christ church chapel gave their monthly dinner last Tuesday night in the chapel hall.

The entertainment consisted of dancers from the Elaine Arndt School of the Dance, the Ford Rambler, Morgan & Flowers, and a sports movie highlighting the World Series.

Mrs. Inez Mohn was chairman of the committee on arrangements; there were approximately one hundred guests.

Faith Bridge Luncheon

Loyalty circle of Faith Lutheran church will sponsor a desert luncheon bridge on Monday, March 4, at 1 p.m., in the auditorium of the Ernst Kern company. There will be table and door prizes.

Children Learn Gardening Best in Helping Grownups

Teach Children the Simple Gardening Skills by Your Example.

Children love gardens; and the lessons they learn, from sowing seeds, and watching plants grow, are not easily taught by classroom instruction. But to ask a beginner to make a garden of his own often results in disappointment.

It's a good deal to expect, for a child to assume the responsibility of regular care for a garden, when there are so many tempting pastimes beckoning him elsewhere. But if you introduce him to the garden as your helper, teaching the simple skills required by your example, explaining the reasons for what you do, and letting him share your pride of accomplishment, you are likely to have an eager and responsive pupil.

Few children can be interested in a child's garden, but most of them will be delighted to help grow the family garden. It is important that their introduction to this pastime shall not be tedious or involve monotonous tasks which may cause gardening to be associated in their minds thereafter with unpleasant work. Children work willingly when there is a reward to be won. The first lessons should be directed to teaching garden techniques, and letting the pupil see how they are rewarded by vegetables and flowers.

In due time, the average child so taught will want a garden of his own. Some may show small interest until they have established their own homes, when they will prove that the lessons which they learned in childhood sank deep, and will never be forgotten.

One of the difficult tasks of educators is to teach city children what the world is really like; to make them understand nature, with which they have small contact. Gardening is an effective means of providing this basic understanding.

Michigan

NOTICE OF Public Hearing

To Consider Proposed Amendment to Zoning Ordinance.

To the Residents of Grosse Pointe Farms:

Notice is hereby given that a Public Hearing will be held in the Village Hall, 90 Kerby Road, Grosse Pointe Farms, Michigan, on

Monday, Mar. 18, 1946

at 8:00 P.M. Eastern Standard Time to consider proposed amendment to Subdivision (B) of Section IV—Residence A Districts.

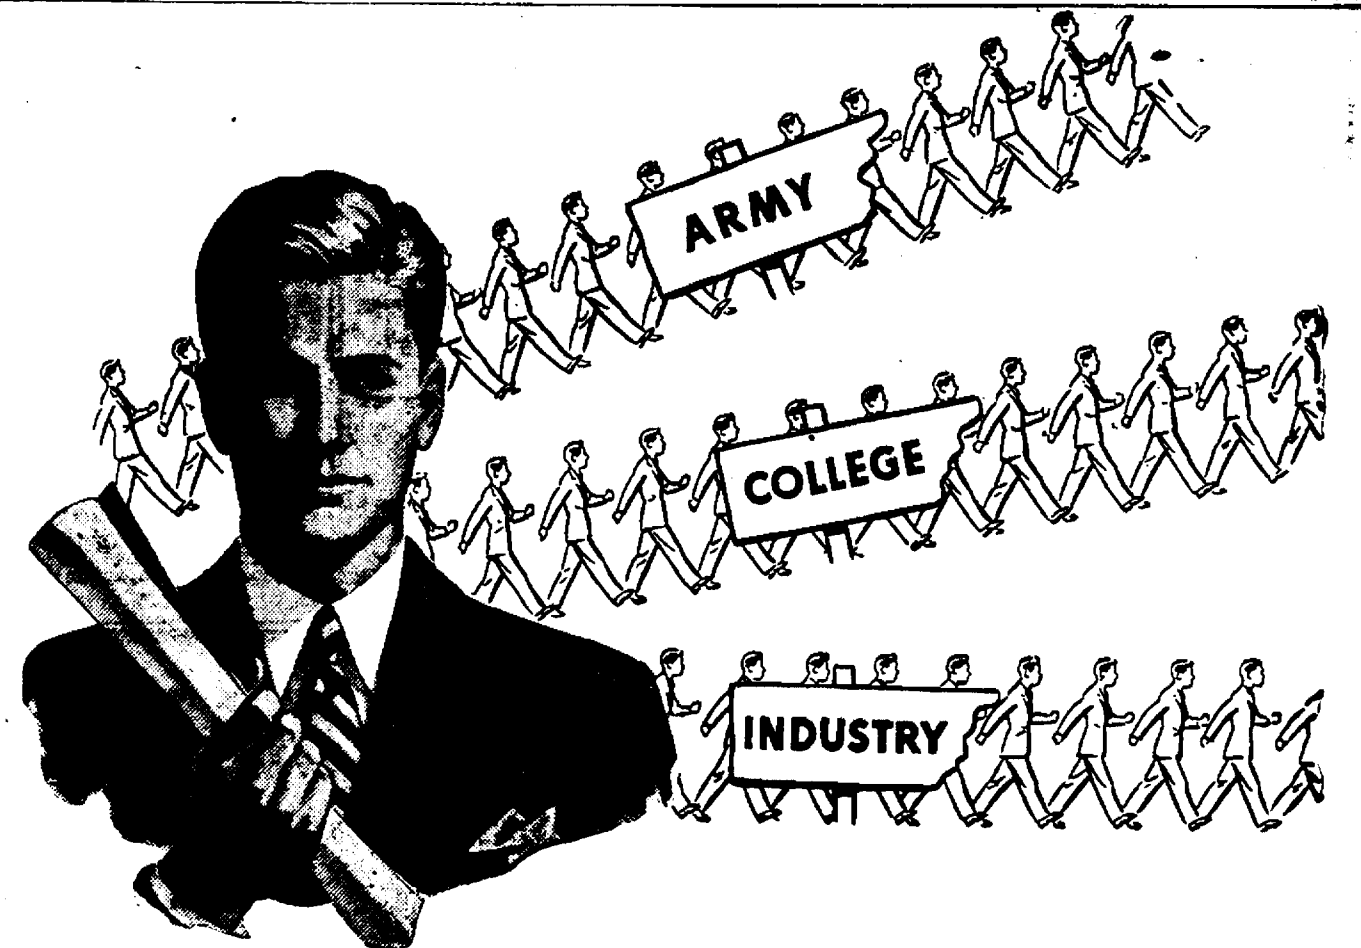

The proposed amendment to Subdivision (B) of Section IV—Residence A Districts is designed to reduce the minimum front yard requirements from 35 feet to 25 feet.

The proposed amendment is on file in the Clerk's Office for examination by any persons interested.

A hearing will be granted, any persons interested, at the time and place above specified.

This notice is given pursuant to direction of the Village Council, and in accordance with said ordinance and the statutes in such case made and provided.

HARRY A. FURTON,
Village Clerk

DUNNE, KNOX D-STARRED IN SHORES' COMEDY

Irene Dunne and Alexander Knox star in the top billing of the Coltheatre for tomorrow and Saturday in "Over Twenty-One." The second picture on this double bill is the much-talked about movie, "The Picture of Dorian Gray," starring George Sanders and Donna Reed.

"Over 21" faithfully following the same version, is the story of Polly, played by Irene Dunne, novelist and commentator, who leaves her movie assignment to set up housekeeping in a tiny bungalow in Miami where her husband, Knox, is in OCS. Since he arrived after resigning his position of The New York Bulletin. The story is light, gay and filled with sophisticated charm and both stars in good performances in their respective roles.

A light and frothy yarn about a couple of fourth-estate adventurers in Uncle Sam's army, "Over 21" at times touches serious depths with an understanding well interpreted by Alexander Knox.

Civic Players Produce 'Double Door' March 1

The Detroit Civic Players, Detroit's own local dramatic group, will present a spine-chilling, mystery melodrama, "Double Door," on Friday night, March 1, at the Music Hall. This is the fourth offering of the Civic Players this season.

"Double Door" is sure-fire entertainment for those discriminating playgoers who appreciate a cleverly written play, calculated to keep an audience writhing tensely in suspense, as they await the thrilling climax of its denouement.

Victoria Van Brett, the sinister, central figure is a masterpiece of fascinating, character delineation. The figure of Victoria stalks through the play, domineering, conniving, subjugating all to her iron will. Victoria's eventual frustration leads to a climax of murder.

Shop Adds Operator

Announcement is made this week of the addition of Miss Mary Van De Wiele, cold wave specialist, to the staff of the Mar-Mac Beauty Shop, 18554 Mack avenue. Marge Jacques is the manager.

Record Amount of Electricity Used Here

Proof of the inherent economic vigor of Detroit and southeastern Michigan, a vigor sustained despite the sudden end to production for war, is contained in the annual report of The Detroit Edison company. The year end found war plants in the area almost wholly reconvered to the manufacture of peace-time products and a continuously rising demand for electricity from residential, farm and commercial customers. The result was a record of gross kilowatt-hour sales in 1945 only 12 per cent below the all-time high of 1944.

The 1945 gross revenues, \$85,177,152, exceeded those of 1944 by \$1,629,635, or 1.9 per cent. This came about because the impounding of funds to eliminate liability for federal excess profits income taxes amounted to \$10,450,000 in 1944 as compared to \$6,000,000 in 1945. Net income for 1945 was \$1.25 per share of common stock and dividends declared amounted to \$1.20 per share.

The Detroit Edison company entered 1946 free of all rate and refund litigation for the first time in three years, the report says. The work of refunding the impounded \$16,450,000 to all electric customers, on a uniform basis, as ordered by the Michigan Public Service Commission and approved by the circuit court, is now in progress. Electric rate reductions totalling \$3,000,000 a year also became effective in January 1946.

GRIMMS' FAIRY STORY FILMED FOR FIRST TIME

"Snow White and the Seven Dwarfs," the famous Walt Disney technicolor film in feature length, will be shown at the Shores theatre tomorrow and Saturday. The companion film, "Texas," co-starring William Holden, Claire Trevor and Glenn Ford is also billed.

The plot of "Snow White" adapted from Grimm's Fairy Tales, deals with the wonder adventures of the beautiful princess, rival in beauty to the wicked queen who seeks her death, but who is foiled by the intervention of the dwarfs of the diamond mine aided by the birds and animals of the forest who find Snow White wandering helplessly through the forest. Drama and thrills, comedy and pathos are replete in this wonder film which delights adults and children alike.

Crime Gets Man Lodging

Milwaukee.—That cold can "thaw" a conscience seemed apparent here recently when Harvey W. Schwedler, 38, of Jackson, Mich., walked into the central police station and asked for lodgings. Refused on the ground that nothing was available, Schwedler faced the cold outside, hesitated, and said:

"Then I'll have to tell you, I'm wanted at Jackson, Mich., on a check charge."

Schwedler got his lodging, and when police made inquiries they found that he was telling the truth.

A new machine wraps enough chewing gum in eight hours to give a package each to 100,000 children. Don't drive blind with the instruments on your dashboard—keep your windshield clear.

Peace Gardens

MILLIONS of home gardeners are debating this spring how large a vegetable plot to sow, now that peace has come. Victory gardens saved the nation from food scarcity. Is that danger over? Whether it is or not, high costs seem certain to continue in commercial production. Leisure hours spent growing food will probably pay a high return for years to come. The home vegetable plot will go far to hold down the cost of living.

And another reason will influence many. The quality of vegetables fresh from the garden has become known to millions who never before realized how delicious they could be. They have enjoyed luxury food of such supreme flavor and tenderness, that vegetables assumed a new importance in their diet. This, nutritionists tell us, is to be desired.

For garden-fresh vegetables are not only delicious, but nutritious. Science has developed many new facts about the loss of vitamins when vegetables grow stale. It has long been known that the sugar content of sweet corn, peas and several others rapidly changes to starch after they are picked, with consequent loss of flavor.

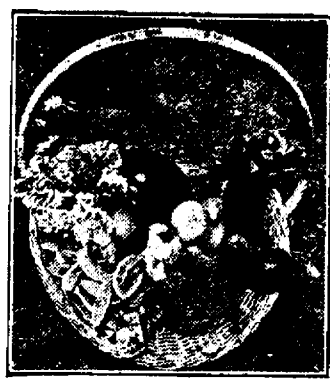

"Holding freshly picked peas in a warm room for 3 to 4 hours will materially toughen the skins," says Extension bulletin 244 from the University of Michigan. And one to two-thirds of their original Vitamin C, the bulletin continues, may be lost by vegetables in 24 hours at room temperature.

The quicker they are eaten, frozen or canned, after being harvested, the more delicious vegetables are. And the time is brief, indeed, before the keen edge of their flavor begins to grow dull.

Paul W. Dempsey of the Massachusetts State college says in his excellent book, "Grow Your Own Vegetables": "Vegetables should be used as soon after picking as possible. Time is one of the elements that favor the home gardener—uncooked vegetables on the table in less than fifteen minutes, and cooked vegetables in less than thirty minutes from the time they were growing!"

That seems an extreme view. For those whose gardens are not close to the kitchen door it would make harvesting a foot-race. But authorities agree that, to be truly "garden fresh," vegetables must be served within an hour or two of harvesting; so that to eat them is an experience which few except home gardeners who grow their own can enjoy.

America has much to gain from the expansion of home gardening which seems certain to follow the war. Homes and communities will be beautified by flowers; and vegetables grown in back-yards will notably improve the health and contentment of those that grow them.

Fresh from the garden.

Course, New Atomic Energy Book

Atomic energy, its production and uses, will receive special emphasis in Dr. Marshall Wheatley's modern physics class at Wayne university this semester. Dr. Wheatley, who has been teaching on the staff since 1925, pointed out the basic simplicity of the approach to an understanding of the principles governing atomic disintegration.

"Very few laymen know how the atomic bomb was constructed," he said, "but physicists can explain in quite plain English the fundamentals involved." Much of the information in his course is so new that it has not been included in textbooks as yet.

Attacking the popular conception that any study of atomic energy is far too advanced for ordinary students, he said, "It is entirely within the scope of any college student who has had a year of physics and a course in trigonometry to comprehend the underlying ideas."

Too busy to eat, crab spiders starve to death watching their newly laid eggs.

UNO Capital Bids Persist

Three cities this week were planning to continue their bid for designation as the UNO capital, despite indications to the contrary. They were:

New York, with its plan for a vast UNO enclave and diplomatic center on the World's Fair site in Queens.

San Francisco, with plans for asking the UNO to reconsider its decision to be located in the east.

Philadelphia, which planned to petition the UNO site committee to inspect sites in that city.

Boston and Hyde Park, N. Y., meanwhile, were believed running nip-and-tuck in UNO preference. Hyde Park's bid had been enhanced by an offer from Vassar college to make its facilities available for meetings now adaptable to the late President Roosevelt's home town and burial place.

Retains Rights

Atomic bomb plants for the government were built by the American industry without profit, and with the agreement that the government must retain patent rights on the revolutionary explosive.

Still Serving... and SAVING!

NEW LOWER GAS RATES MEAN SAVINGS FOR SERVEL USERS
Gas refrigerating, always inexpensive, now costs less than ever under the new, lower gas rates! For instance, an average family can add this superior refrigeration for as low as 60c a month.
And you can always depend on your Servel to give you years and years of silent, trouble-free service.
If you do not have a Servel gas refrigerator, now is the time to contact your gas appliance dealer.
Gas is best
For automatic water heating, cooking, refrigerating, air conditioning and industrial uses.
New Lower Gas Rates Now in Effect

Ordinance Adopted
ORDINANCE No. 75

An Ordinance to Amend Subdivision (B) of Section IV—Residence A Districts of Ordinance No. 34 Entitled "An Ordinance to Regulate and Restrict the Location of Trades and Industries, Etc." (Zoning Ordinance), Adopted December 4th, 1928, as Amended.

The Village of Grosse Pointe Farms Ordains:

SECTION I. That Subdivision (B) of Section IV—Residence A Districts of Ordinance No. 34 entitled "An Ordinance to Regulate and Restrict the Location of Trades and Industries, Etc." be amended to read as follows:

SECTION IV—RESIDENCE A DISTRICTS

(B) FRONT YARDS—In a Residence A District there shall be on every lot a front yard, the minimum depth of which shall be 35 feet, except that on a lot of record at the time of passage of this ordinance, having a depth of less than one hundred and twenty feet, the depth of front yard required shall be reduced to one-fourth of such lot depth, but this shall not permit a less depth than twenty feet in any case. Where at the time of passage of this ordinance more than fifty percent of the lots on one side of the street between two intersecting streets within a Residence District are occupied by dwellings having a front yard of greater or less depth than 35 feet, any building thereafter erected on any one of such lots shall have a front yard not less in depth than the average front yard of such existing dwellings, but this shall not require a greater depth than seventy-five feet or more than one-third the depth of the lot, nor permit a less depth than twenty feet, in any case.

If at the time application for a building permit is made it appears that at least 50% of the lots on the same street opposite to applicant's lot and between two intersecting streets within a Residence District are occupied by dwellings having a front yard of less depth than 35 feet but not less than 25 feet, any building thereafter erected on applicant's lot shall have a front yard depth of not less than twenty-five (25) feet.

SECTION II. This ordinance shall take effect thirty (30) days from the date of passage hereof.

Passed: February 14, 1946

USO ANNOUNCES 1946 CAMPAIGN

Army, Navy Heads
Praise USO Work,
Urge Continuance

REPORT REVIEWS
5 YEARS OF SERVICE

Official announcement that USO will conduct its own fund raising campaign next September and October with a goal to cover minimum service requirements through 1947 was made by President Lindsey F. Kimball at a USO Fifth Anniversary luncheon held in New York, February 4th. Similar announcements were made at anniversary luncheons in other cities.

USO came into being on February 4, 1941, when six member agencies joined hands to create one organization to care for the needs of the men and women of the armed forces. So far the American public has contributed 200 million dollars.

At the New York luncheon the speakers were Lieutenant General J. Lawton Collins, Director of Information of the War Department, and Vice-Admiral Louis E. Denfeld, Chief of Navy Personnel, who described what USO had done in its five years of operation and what it still must do for the service men here and abroad.

Gen. Eisenhower's Message

Gen. Dwight W. Eisenhower, Chief of Staff, sent this message: "May I earnestly commend to your organization and your host of volunteers to stay with us through the dangerous and difficult period of transition to final peace?"

"We still have a pressing need for the services of USO and will be deeply grateful for your continued help in the future as in the past. Fleet Admiral Chester W. Nimitz, Chief of Naval Operations, also sent a message of congratulation.

Need for Fund Outlined

The need for raising a terminal fund in the fall of 1946 is due to the fact that the National War Fund will finance USO only through 1946. Tentative, purely tentative, plans for 1947 call for the operation of some 350-400 USO clubs in the continental United States, largely in connection with hospitalized but convalescent veterans. Operation of station lounges for troops-in-transit, messes on leave, and families of service men must continue. Overseas clubs will carry on in Alaska, Canal Zone, Hawaii, Philippines, etc. Camp Shows will still be seen and heard in 1947 by men in hospitals and men overseas.

Coinciding with the announcement of the USO fall campaign, President Kimball made public his annual report in which he says:

"Our funds that at the peak of activity, it was serving 1,000,000 people a day in one capacity or another, run-

The Navy pipes down while Larry Adler pipes up! The harmonica virtuoso, touring with a USO-Camp Shows troupe, at New Caledonia naval hospital.

ning up to more than 1,100,000,000 the total served since the organization was created.

5,335 Units at Peak

"The number of operations, such as clubs, lounges and similar activities, reached a high point back in March of 1944, a total of 5,335. As training camps closed and the men went overseas this number declined, but the over-all volume of work increased.

"The five-year peak of activity and cost came after peace in Europe and before the surrender of Japan. Re-deployment of troops required many camps, doubled or vastly increased, of various types of service. Expenditures climbed to \$5,800,000 a month.

"Even today five months after -J Day—USO must still operate on a basis of \$4,000,000 a month. Over-all operations, aside from USO-Camp Shows, are carried on through nearly 2,000 units."

New Post-War Problems

Referring to the future of USO, Mr. Kimball says in his report: "The successful conclusion of the war does not, cannot, and will not return the United States to its pre-war status. It is clear even now that our armed forces in the postwar period must be numbered in the millions—and thus present a totally different problem.

"The USO was formed to serve a temporary purpose. It neither seeks nor shirks any specific responsibility, but the particular responsibility it did assume in 1941 will have to be discharged by the end of 1947."

The report concludes with the resolution of the Board of Directors: "USO will complete its wartime, demobilization, and reconversion services December 31, 1947. "In the meantime, the member agencies of USO which will have peace-time responsibilities in serving the armed forces will appraise those responsibilities in the light of the future plans of our country for the armed forces and, giving consideration to the pattern of cooperation by USO, will determine in what fashion those responsibilities can best be discharged."

Age Seeks Many Answers for the Mysterious Key to Youth

When you're young you try to be old... dignified; when you're old you do everything possible to be young.

To confirm the latter part of this equation, look back over recent headline oddities and you'll find people of over 100 getting up at 6 a.m. for breakfast, cupid defying all time barriers, and comparative youngsters of 70 jogging 12 miles annually just "to stay young."

In the class of the early risers is Mrs. Catherine Elkins (Aunt Kate) Johnson, who recently celebrated her 105th birthday in Halltown, Mo. Aunt Kate, who lives with her daughter, Mrs. Mary Hollingsworth, 78, not only rises at 6 a.m., but "doesn't waste time" by lying down during the day.

One of those who link longevity with pipe smoking, Mrs. Johnson treasures her clay pipe. She likes to smoke it while she listens to the radio.

Longevity through activity is also the promise of John Donaldson, of Chicago, who turned the century mark on Jan. 26. He claims to be the nation's oldest living certified public accountant. He has worked for the past 20 years as office manager and accountant for the Martha Washington hospital.

Besides a full day's routine in the office, Mr. Donaldson just "fills in" a bit by reading and writing articles for religious publications in his spare time. He lives with his 84-year-old wife at the Old People's Methodist Home. His philosophy for keeping fit:

"If a man can keep up with the times and stay busy, lay aside the

idea of remaking the world, he can live a long life and be happy."

In the century class, meanwhile, Maine had put forward a claim for having the oldest woman resident in the United States. This was a tentative claim, seeking responses thru the Bangor Daily News, but Mrs. Mae Zidana Glidden, of North Vassalboro, had 107 years to back it up. She celebrated her 107th birthday recently with a five-generation reunion at the home of her son, George Glidden, 82, of North Vassalboro. Her life span has embraced five wars—the Mexican War, the Civil War, the Spanish-American War, World War I and World War II.

A close rival of Mrs. Alice Cahill Hamilton, of Norwalk, Conn., who at 103 is still sprightly, has dark keen eyes, her own teeth, her appetite, and a zest for living. Born in County Waterford, Ireland, she came to this country on a date which she identifies as somewhere around the time when Lincoln was shot.

Those who find continuing companionship and living interests thru matrimony include the following: Mrs. Elyvia E. Read, of Denver, who at 86 years of age recently took her sixth husband, Herbert J. Helmick, 78. Mrs. Read has outlived five husbands, 19 brothers, and four sisters. Mr. Helmick took the vows for the third time.

War bond purchases have helped put 40 per cent of liquid wealth in the hands of 90 per cent of the American people.

Younger Women Wear Diamonds

New York — That war-bound America didn't lose its glitter during 1944 was shown here this week when the diamond industry reported sales totalling \$40,000,000 for the year.

Most of the glitter, however, went into the cutting edges of Uncle Sam's war machinery, for the report showed that of a total volume of 5,026 pounds in sales 4,021 were industrial. Gem stones accounted for other 1,005 pounds.

A highlight of the report was the announcement that the average engagement ring has doubled or trebled its value since the war. Another pointed to a wider distribution of diamonds over a younger age group as a result of war marriages and a general shift in ownership during the last 20 years.

"At no previous time in our history have so many women owned at least one diamond," wrote Sydney H. Ball in "The Jewelers Circular-Keystone." It is true that you now see fewer women wearing a barbaric profusion of diamonds, but today almost every woman has her stone."

Seventy is a youthful age in this round-up, but Otto F. Scoebbeck, of Milwaukee, wants to make sure by keeping up his annual practice of running 12 miles just before his birthday each year. The reason: He won a 12 mile race in 1928 when he was 52, and he wants to see what effect time has on his stride.

Rev. M. Ouwinga, Pastor

10:00 a.m. "The Fall of Man."
11:30 a.m. Sunday school for all classes.
7:00 p.m. "Father, forgive them..."
In the evening service the pastor will begin his Lenten series on the "Seven Words From the Cross." The Rev. George Stob, former chaplain, will speak on "The Longing for Home," on the Back to God Hour at 8:30 a.m. Sunday, over station WCAR, Pontiac.

Christian Science Churches

"Mind" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, Feb. 24.
The Golden Text (Psalms 119:33, 34) is: "Teach me, O Lord, the way of thy statutes; ... Give me understanding, and I shall keep thy law."
Among the Bible citations is this passage (James 1:5): "If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him."

Scout Chief Honored

DR. GEORGE J. FISHER, national Boy Scout commissioner, has been named honorary president of the Fisher Body Craftsman's Guild. This General Motors educational foundation recently announced a \$75,000 model car design and Napoleonic coach building competition for boys of from 12 to 20 as part of its 1946 program.

—QUOTES— OF THE WEEK

"She's been filibustering for 20 years!"—Mississippi constituent, offering wife's services to Senator Bilbo.

"He was a hero. I wasn't wanted."—Mrs. Josephine Onoold Wernuth, filing annulment suit against "One-Man-Army" Wernuth.

"I'm down to two pairs, with holes. The silly OPA is to blame!"—Rep. Jessie Sumner, Ill., on the stocking shortage.

"Maintenance of a firm price level means little if goods are not available for purchase."—Civilian Production Administrator Small, asking realistic price controls to stimulate production.

GAS BURNERS

South's Pulp Industry Due for 100% Expansion

A 100 per cent expansion of the South's pulp and paper industry to a billion-dollar business was predicted at the recent meeting of the Southern Pulpwood Conservation Association.

Anything made of wood cellulose can be made from Southern timber, including rayon, artificial wood, plastics and chemicals, it was reported.

Peanuts can be spun into fibre and woven into cloth — wears as well as wool.

Ninety per cent of car trips in the United States are only 30 miles in length.
