"WE LEAD, OTHERS FOLLOW"

FAIRNESS NEEDED

Several years ago when Grosse Pointe was in the midst of becoming thickly populated, the business frontage along Mack Avenue was "just taken for granted."

In recent years, much of this property has changed hands to progressive individuals whose only desires consist of establishing a small business and serve the neighborhood and the general public.

However, the ambition of these small businessmen was stymied in many instances by protesting neighbors.

It appears that many of our Grosse Pointe residents moved here thinking that the community was strictly residential. It is, except in the few instances where property borders on Mack Avenue, Kercheval Avenue or any of the other so-called business streets.

People knew that, when they purchased property in such districts, they were bound to be the neighbors of small stores, markets and shops. If such property was vacant then, it does not follow that it will be vacant in the future.

It so happens that in several recent cases, merchants and businessmen have attempted to obtain building permits, only to be stopped by action of nearby residents, "protesting" the type of building, the nature of the business or giving any other reason they can think of.

This has been found to be especially so in the Farms and Woods although it is occurring in the other municipalities as well. Stormy public hearings seem to be the order of the day whenever a new commercial building is being contemplated.

Does it seem fair to these merchants that after carefully studying the zoning ordinances of their respective villages, they have plans drawn and materials ordered and in many instances, building permits issued, only to be stopped at the last minute by someone who doesn't think the building or the business conforms to the locality or to the "desires of the residents."

It can be seen that these merchants oftentimes lose part of their investment and had feelings are created between the residents and the businessmen.

As the building of new stores proceeds in Grosse Pointe it is hoped that the governing bodies as well as the people will take these facts into consideration and proceed in all fairness to the residents and to the businessmen.

Red Cross Campaign Hits Quarter Mark

Herbert B. Trix, chairman of the Detroit chapter of the Red Cross, was signally honored by appointment to an advisory committee of 27 chosen from all sections of the country to study the structure of the national Red Cross in the light of its tremendous growth and expansion in the last 40 years.

With the Red Cross campaign contributions approximately five hundred thousand dollars at the half way mark, E. A. Schirmer, campaign chairman, makes a plea for more generous giving if this campaign is to be a success.

"Our showing so far has not been so good," he commented. "While the campaign period is half over, we have collected almost twenty-five per cent of the quota of \$2,400,000."

"In addition to a more generous response from the public, we also need more former Red Cross volunteers for our general division of

Five Years Ago Showed under by a more than two-to-one margin, the Citizens Association's "city plan" designed to change Grosse Pointe Park's form of government was soundly defeated at the annual village election. The total vote cast was 2,608, with 2,255 of these ballots recording a "No" opinion against the incorporation proposal, while only 840 "Yes" votes were tabulated.

Dan Tallant, proprietor of a gas station at Notre Dame and Mack avenue was the hero of the week for he was instrumental in the capture of two teen age thieves who attempted to rob his station. With a gun in his face, he threw a hammer at one thief, injuring him; when he tried to escape, Tallant's two dogs chased him to a waiting car. Because the hat he dropped had his name in it, City police were able to trace the youth who admitted the attempted robbery and named his accomplice.

Farms Patrolmen Walter Hoyt and James Furton while investigating an accident, escaped serious injury when their scout car was smashed. . . . A departing group of draftees and volunteers were served one of the first "sendoff" breakfasts in Grosse Pointe.

10 Years Ago The Detroit city council referred to the corporation counsel the offer of Mrs. Russell A. Alger to donate her home at 32 Lakeshore road to the city of Detroit, as an art museum. A letter from John R. Kirby, Grosse Pointe Farms village clerk, notified Detroit city fathers that the action would be opposed by the village on the grounds it was illegal and contrary to the state constitution; the estate was valued at one million dollars.

From Jan. 1 to Dec. 1, 1935, 110 new buildings were built in Grosse Pointe Park at a cost of \$1,406,760, and 22 minor building alterations were made at a cost of \$25,775.

The Grosse Pointe Women's Republican club planned a huge rally for local women at the Neighborhood club. . . . Theodore H. Hinchman was returned as Grosse Pointe Farms village president.

15 Years Ago The incumbents were returned to their posts in nearly all instances in the village elections which were held. Construction work totaling \$1,956,210 was undertaken during the year ending March 1, according to figures released by the Grosse Pointe Farms building department. There were 91 new homes and 40 miscellaneous construction projects completed. Smoked picnic hams were available at only 19c per pound in a local market and butter sold at 34c per pound. . . . all you wanted and no lineup!

Pointe High School Makes Survey for Evaluation Purposes

A follow-up study of former students of Grosse Pointe high school will be made as a part of a general evaluation of the high school program being made by the high school staff. An estimate of the value of their training in Grosse Pointe high school is being sought from former students and alumni under the direction of Charles E.E. Salter, field counselor.

A questionnaire will shortly be mailed to students who entered the senior high school in 1940 and any others who may have entered later to graduate in 1943. Later this year it is hoped that the students who were members of the classes of 1936 and 1941 will also be contacted.

These alumni will be asked to report certain facts about their home life, educational progress, vocational progress and leisure time activities. This information will constitute the beginning of a program to compile the views of former students of the high school regarding their after-school lives.

The school will try to help those former students who are poorly adjusted in any way possible. This may be done by assisting in getting new jobs, in counseling, and giving of those who need assistance.

In addition to helping former students it is hoped that information may be gathered that will aid present and future students of the high school. This information will supplement other studies in keeping the school program up to date so that it meets the ever changing needs and problems encountered in after-school life. Students to whom questionnaires are sent are urged to be prompt in filling them out and returning them to the school.

Senator Grassroot

A couple of monkey wrenches have been tossed recently into the administration's carefully-gear'd plans for the continuation - without change-of the price control act.

The administration had hand-picked a list of witnesses before the house banking and currency committee and they were expected to defend the OPA and urge the status quo.

But something went wrong, Ralph Flanders, president of the Federal Reserve Bank of Boston and member of the advisory committee to the Office of War Mobilization and Conversion, did not defend the price control agency. To the obvious astonishment of Committee Chairman Spence and New Deal members, Mr. Flanders attacked the agency and proposed sweeping changes in the existing act.

Upset by Bankhead— On the senate side of the Capitol, another unexpected development perturbed the administration. An investigation by a sub-committee of the senate agriculture committee into cotton textile exports turned into a series of resounding attacks on OPA.

One witness, Charles Cannon, chairman of the board of the American Cotton Manufacturers Association, termed the OPA textile program "a miserable failure," and recommended wide revision of existing price regulations.

The development which upset the administration was the attitude of Sen. John Bankhead, Alabama Democrat, who headed the subcommittee. He criticized OPA almost as sharply as Mr. Cannon did.

VFW Post Organized in Gratiot Township

A new post of the Veterans of Foreign Wars is well on its way to the induction stage in Gratiot township. A group of 15 veterans of World War II, assisted by Comrade Tribby of the VFW state department and four members of older posts who intend to transfer, met in the township hall to fill out applications for the new post's charter.

As yet, no name has been decided on, although a Detroit family has expressed the desire to furnish an American flag and post colors in case the name of their son, an air force lieutenant who was shot down after 33 missions over Europe, is chosen.

In expressing their appreciation of this offer, the members of the new post have tabled the name until a canvas has been made of Gratiot township in order to award this honor, if possible, to some resident who has lost a son or daughter in the service. Comrade Tribby is the new acting commander with Police Chief Beardman acting as quartermaster. Meetings will be held at the township hall each Tuesday night up to the date of induction.

Optimist Club Seeks Membership for Pointe's Newest Service Organization

Helping boys to become useful citizens is one of the prime objectives of the Optimist International organization.

There are Optimist clubs in the larger cities in the United States, Canada, Nova Scotia, Hawaii, Australia, Mexico, Puerto Rico, and England.

The Optimist club of Grosse Pointe will be a civic organization with ideals for the highest achievement. It challenges the best that is in its members; it offers fine fellowship, social and business contacts, boy friendships, community loyalty, patriotism, entertainment and inspiration. Any man can be proud to be an Optimist.

Both the creed and objects of optimism are applicable in the life of every right-thinking man, and when sincerely followed, their influence and inspiration are dynamic.

In an interview with Clarence Duseberry, international extension counselor, he answered the question:

"Isn't it true that even though you are an Optimist, it is rather hard and there are times when being optimistic is rather difficult?"

He said that he believed that we have a right to be confident and optimistic right now but, of course, not to the point where we may assume a tendency to become complacent.

"I will agree that at times it is difficult to be optimistic, but those are the times when a man's true character is tested," he said. "It is easy to be optimistic and cheerful when everything is going along smoothly. But when the going is rough, and when the future is dark, those are the times when real optimism is needed—the kind of optimism exemplified by determination and confidence which our clubs instill in their members and the kind of determination and confidence that the Grosse Pointe club of Optimists will have in the various fine projects they will participate in, locally and nationally. The true Optimist does not refuse to face realities . . . he is well aware of the problems which confront us today. But he realizes, as an Optimist, that these problems can only be solved through co-operative effort, mutual understanding and realistic optimism."

Forming Pointe Club—A fine unit of Optimist International, known as the Grosse Pointe Optimist club is now being formed and a group of territories is being picked and personally called upon to form the charter membership of this internationally known business and professional men's club.

Only the highest type of citizens of Grosse Pointe are being selected and an announcement will be made in a later issue, when the charter night for the Optimist club of Grosse Pointe will be held.

The downtown Detroit Optimist club is sponsoring the Grosse Pointe club and is assisting in the formation of the new international unit.

Thomas F. O'Keefe, 1117 Yorkshire, Grosse Pointe, is past international president and international

chairman of extension activities. The Grosse Pointe Optimist club will have a charter membership of 25 members, and, as Clarence Duseberry says, "Optimism has helped millions of its members and will help everyone else who sincerely follows its principles. That is not an idle theory; it is a demonstrable fact. Practical optimism makes us happier, stronger — makes us feel better, and enjoy life more. The successful man has the ability to inspire others — he is a leader."

Historic Fort Mustered Out

After 29 years in "military service" Fort Niagara, N. Y., has been mustered out, with a status something like the current G.I. in civvies. Official action was taken recently to close the fort as a military post.

Built as a stockade in 1678 along the shore of Lake Ontario at the mouth of the Niagara river, it was the scene of clashes between the British and French during their colonial struggles, and played its part in the American Revolution and the War of 1812.

With a rating of machinist mate, first class, Spitzley was attached to the engineering office of the 4th Naval Construction Battalion at Honolulu, Guam and Okinawa.

In addition to his duties with the R. L. Spitzley Heating company, he will devote part of his time to the firm's subsidiary, the Spitzley-Rettener Sheet Metal company.

Offer New Program to Former Navy Men

Spurred by the double attraction of ideal flying weather and added flight time, 58 pilots of the new navy reserve roared through the skies over the U. S. Naval Air Station, Grosse Ile, during the first week-end in March.

At the same time, Lieut. Cmdr. Wilbur J. Engman, officer in charge of naval air reserve training at the station, announced that the number of pilots and enlisted men who had expressed interest in the program had mounted to over five hundred.

This number should increase as pilots and aircrewmen take advantage of the increased flight time now permitted. Lieutenant Commander Engman added, "Previously restricted to two hours per month, navy airmen may fly six hours in March and may be allotted even more time during succeeding months."

Although response thus far has been encouraging, more former navy pilots and particularly more former navy aircrewmen are needed for reserve carrier air groups being formed.

Form Pointe Youth Group To Co-ordinate Activities

A Grosse Pointe inter-state group consisting of representatives of the young people's organizations of six Grosse Pointe churches has been formed recently. They met to clarify aims, organize plans and to elect officers last Sunday, March 15.

The aim of the group is to further understanding and cooperation

among the various religious denominations represented in the community. The youth group intends to join together to promote relief drives, joint social activities, work-service projects and exchange discussions of the various religious beliefs.

Immediate plans have been made for a large meeting of all the members of the youth groups on the afternoon of March 31. At this meeting, plans will be discussed and a speaker will talk on the subject of youth centers; a social hour will follow.

Committees have been appointed, one to study the organization of youth centers in other communities, the other to investigate the possibilities of a work-service project to aid a local institution.

The steering committee will meet at the Grosse Pointe Unitarian church Sunday afternoon, March 24. Officers of the group are as follows: Co-chairmen: Ione Hedges, Bill Bowles; secretary, Jim Brown. The office of treasurer has not as yet been filled.

Nurses' Aides Honored

Several Pointe women were active in planning meetings yesterday and today at which Dr. Clarence Cook Little, director of the Roscoe B. Jackson Memorial laboratory for cancer research at Bar Harbor, Maine, was guest speaker.

Last night, Dr. Little spoke on "Cancer Charity and Citizenship" at an all-city rally for the nurses' aides of Wayne county at the Rackham building.

A. J. Berres, Jr., director of the Detroit chapter of the American Red Cross, introduced Dr. Little, and Mrs. Carl Grawn, chairman of the corps, explained the awards which were given to 2,000 aides for rendering 200 hours or more of service during the war.

On the platform, as honored guests, were aides whose names have been placed on the national Red Cross honor roll because they have served 2,000 hours.

Pointers included in this group of 14 were Miss Nancy Dodge, and Mesdames Karl Lysinger, Jack Williams and Eugene Hoelzle. Mrs. Richard Webber was chairman of the rally.

This afternoon, Dr. Little spoke at a tea given by the newly organized patients aid committee of the tri-county division of the Field Army of the American Cancer society. Mrs. Howard Bingham is chairman of the tea which will be given in the Georgian room of the J. L. GIRL SCOUT WEEK — MARCH 11-17, 1946 PROCLAMATION BY THE CHIEF EXECUTIVES OF THE FIVE GROSSE POINTE COMMUNITIES.

March 12 marked the 34th anniversary of the founding of the Girl Scout movement in the United States. In the years since 1912 Girl Scouting has grown from 12 girls and two leaders to its present membership of more than a million. The Girl Scout program of recreation, self-development and training in citizenship has been carried on successfully through two world wars and nearly three decades of peace.

The principles and ideals for which Scouting stands have deepened and strengthened through the years, so that today we find them with a renewed depth of appreciation, by the American people, for the higher conception of good citizenship, as exemplified by the Girl Scouts.

Then, too, in times of disaster and turmoil the Girl Scouts have contributed in many ways to the relief of suffering. In terms of community service their efforts and accomplishments have been of inestimable value.

As a community, Grosse Pointe is proud to number many members of this organization among its residents.

Therefore, we, the undersigned executive heads of our respective municipalities, do hereby recommend that the citizens of our communities do whatever they can to suitably observe "GIRL SCOUT BIRTHDAY WEEK" and give their support to this organization in a furtherance of their extremely fine endeavors.

We sincerely extend our hearty congratulations to all of the individuals who are enrolled in the Girl Scouts of America.

Two Pointe Students to Visit Schools for State College

Jean Loring and Mary Whitehead will be among the 126 Michigan State college students who will visit their home high schools one day during the week of March 18-23 to talk with seniors who are interested in receiving information about the college, according to Karl H. McDonel, MSC secretary.

Jean will visit Grosse Pointe high school and Mary will visit the high school at Grosse Pointe Woods.

For several years members of Michigan State teaching staff visited the various high schools in the state to discuss plans for college with students in the graduating class. When this became impossible during the war, the plan of student visitation was adopted.

Mr. McDonel said that many excellent reports have been received regarding the students' visits since the new plan was begun. Most Michigan State college students will be at home during the time the visits are scheduled because of the vacation period between terms. Registration for the spring quarter will be held March 25-26.

All members of the audience will be encouraged to participate in an open discussion of topics considered in the talk. The discussion leaders will be Dr. Marion Fitzsimons, psychologist, and Lynn Bartlett, director of pupil personnel, both from our Grosse Pointe schools.

This meeting will be of interest to all parents and all are urged to attend. Classroom visitation from 7:45 p. m. to 8:15 p. m., as usual, followed by a social hour in the gym will be a part of the evening's program.

What do I want most in a Job?

Good wages, of course.

But more than that . . . a chance to get ahead . . . a feeling that you're secure . . . a clean, pleasant place to work in . . . nice people to work with, the kind you'd be proud to have as friends.

These are some of the advantages of telephone work. If you are looking for a good job that can be fun and be interesting work, too, Michigan Bell may have just such a job for you—an important job as a business office representative or teller, a switchboard operator, a clerk or a typist.

You need no experience, and you'll be paid while you learn.

Telephone jobs for girls pay higher wages than ever before. If you're interested in a good job with regular pay increases, drop by our employment office, 1365 Cass Avenue, and get full details.

Girl Scouts To Stage Huge Birthday Rally Tomorrow

Happy birthday, Campfire Girls! March 17 is your 34th birthday, and we all join in wishing you a most successful year.

Our own birthday celebrations are still going on, and the grand finale will be a huge rally, staged by all the Girl Scouts in Grosse Pointe City and Park. It will be held tomorrow night, from 7:30 to 9:30, in the Richard school gym. Polly Kay, a senior Scout, will welcome the guests, and after the flag ceremony, Mr. Schied, pastor of the Grosse Pointe Congregational church, will speak on the Juliette Low fund, and the importance of Girl Scouts in the community.

All 19 troops will participate in that part of the program concerning the presentation of their money to the Juliette Low fund, and the acceptance speech will be made by Mrs. F. Clements, chairman of the fund.

All Girl Scouts are reminded to bring their canned goods contributions at this time, so that they may all be sent to the Good Will committee. Brownies, remember that you're to bring canned baby food!

Keeping up with the times, the Girl Scouts have taken to the air, and their program now includes a new classification, Wing Scouting. Members of our Grosse Pointe troops who want wings are invited to attend a meeting on March 16, at 10 a.m. at the YWCA. This will be a joint meeting with the Boy Scouts (air Scouts), to launch a new Wing-

Air program, sponsored by the Aero Club of Michigan.

The tentative course, as planned, will include six months of lectures on general information, followed by six months of lectures on flight instruction. If a girl has survived this year of training, she will receive 16 hours of actual ground instruction at a flying school. If she lasts through this, she will then be given 20 hours of actual flight instruction. Then she will be eligible to compete for a scholarship to help her get a pilot's license. The cost of this entire course is five thousand dollars, but it is offered free to all Girl Scouts, over 14 years of age.

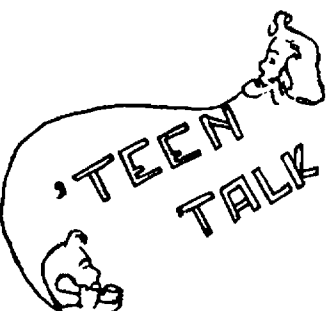

The members of Mrs. Findlay's troop are busy as beavers, sewing on baby bibs and other garments for the Needlework Guild.

One patrol from this group is planning a swimming party for their dates at Turner's, on Friday night. Mrs. Donald Newell will be chaperone.

AN EVER-POPULAR PROGRESSIVE dinner party was the order of the evening last Friday. "Cocktails" were served at Sally MacBride's abode, while her date Lee Waker poured out the soup for everyone, Phil Skillman dished out the main course assisted by his date Barb Stoerkel, and the crowd wound up, in the latter part of the night, at Bob Essert's for dessert. Bob's date was Jeanie Collinson, and others were Alice Sellers squired by Doug Krieger and co-ed Pat Fell, home from U. of M., attended the party with Bud Horsley.

Sally Viasic, Barb Rising, Gerry Morris, Betty Brady, Kay Kerncamp, and Sally Slocum were the fun-loving gals who showed up.

MARGIE BULL WAS HOSTESS at a closed open house last Friday night when she invited a select clientele over for a bit of gossip here and there, eats mainly pepsi and chips, and some "hot jive." WHAT HAPPENED AT SALLY Stenrod's house last Saturday night? Oh, a scavenger hunt, that's right, with hot dogs and pepsi to top it off afterwards. Comic books, a pink toothbrush, a balloon, a doll, a Dewey button, and a green candle were sought by Bonnie Reitz, Mary Lou Needham, Louise Lee, Pat McKinney, Bill Deling, Jack Shakeford, Eleanor Gerlock, David Mott, Joan Houghton, Malcolm McCall, Cherry Neeme, Nancy Wetherbee, and Teddy Dernway.

Two Junior Red Cross assemblies were held last Friday at Trombly school, one for the lower and one for the upper grades. The programs set forth the purposes of the Junior Red Cross and the ways Trombly school children were earning their contributions for the Red Cross drive. Guests at the programs were Mrs. Alice M. Sheaffer, sponsor of Junior Red Cross in Grosse Pointe and Miss Viola A. Doty, director of the Junior Red Cross in Waage county, Mo. POWER and LIGHT STRENGTH and VISION
For 43 years The Detroit Edison Company has loaded the life lines and the light lines of the communities it serves. Promptly and efficiently it has met the ever-growing demands and desires for the necessities and niceties of modern living.
The Detroit Edison Company has provided, and will provide, POWER and LIGHT, STRENGTH and VISION.
It has brought electricity to hundreds of thousands of families at a steadily decreasing price.
It has produced energy for the growing factories that have won an industrial empire for southeastern Michigan.
It met the challenge of war by pouring each day into the mammoth plants of the Arsenal of Democracy constant, unflinching power equal to the combined strength of more than forty million men.
It is prepared today to meet the pent-up demands of peace and progress.
As a citizen of Michigan, The Detroit Edison Company looks now toward the future with confidence in the experience and knowledge of its engineers, in the energy and loyalty of its 8,000 employes, and in the ability and vision of its management.
The Detroit Edison Company enjoys the opportunities and obligations of citizenship. It is a "private citizen." It has consistently justified that citizenship, and the Company's vital place in the life of the communities it serves, by contributing its utmost to their upbuilding.
For, as a "citizen," The Detroit Edison Company does not regard its obligations as discharged with the manufacture and distribution of light, heat and power. This Company should be—and is—interested in all the things that affect the welfare of the 800,000 Michigan families which it serves.
It must be and IS interested in the broad sweep of all the things that are Michigan.
THE DETROIT EDISON COMPANY

Have you ever seen a Brave Man Cry?

IT HAPPENED somewhere in the Pacific. The boys of the 5th Air Force were "occupying" a God-forsaken jungle island which had been taken from the Japs.

The heat, and the bugs, and the dirt were unbearable. The loneliness was beyond belief—beyond anything we who haven't been there can imagine.

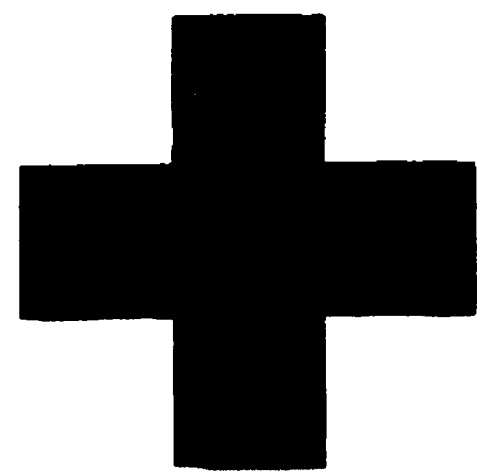

Then—on a sweltering airstrip one morning a plane came down out of the sky. And out of it stepped two Red Cross girls, *American* girls.

"Hi there, Soldiers!" Their voices were like magic.

American girls, like the sisters and sweethearts they hadn't seen for so many long months—greeting them as they'd been greeted so often in the old, happy days at home. Yes, tears filled the eyes of *most* of those one of those fighting men. Brave men they were, crying unashamed!

* * *

Many thousands of our men are still overseas. They're lonely. They're homesick. They need your Red Cross *now*. And Red Cross men and women are at their side. But only *you* can keep them there. Through your contributions you make it possible for the Red Cross to *see them through*. Give today!

YOUR Red Cross MUST CARRY ON . . . **GIVE!**

Next Light Opera Offering Romberg-Gershwin 'Rosalie'

"Rosalie," that fanciful and fascinating story of the Princess of Romania and the West Point cadet, is the seventh in the series of all-star operettas to be offered by the Detroit Civic Light Opera Association in Masonic Auditorium. "Rosalie" will open for one week starting next Tuesday night, March 19, and continue through Sunday night, March 24. There also will be a Sunday matinee performance.

With the music by Sigmund Romberg and George Gershwin, the lyrics by P. G. Wodehouse and Ira Gershwin, and the book by William Anthony McGuire, the production of "Rosalie" promises to be one of the high points of the 10-week season.

Headed by those two shining personalities of the Broadway breather, "Oklahoma," Evelyn Wyckoff, as Princess Rosalie, and Lee Dixon, as Bill Delroy.

Vernier School Selects Student Red Cross Heads

The boys and girls of Vernier school are all working hard for the Junior Red Cross drive. They have made plans for a movie to be shown at the school.

Mrs. Alice Sheaffer, the Grosse Pointe Junior Red Cross coordinator, is planning on visiting Vernier. The following have been chosen to be grade representatives:

Sharon Janals, kindergarten;

Richard Mertz, first grade; Kenneth MacDonald, second grade; Barbara Marco, third grade; Stuart Smith, fourth grade; and Mary Roll and Richard Mason, fifth grade.

120-Piece Symphonic Band Features Compositions

With many of its returned veterans in ranks, the Wayne university bands will present its annual spring concert with a full complement of 120 pieces at Music Hall, Thursday and Friday, March 21 and 22.

Graham T. Overgard, director of Wayne university bands and professor of music education, has arranged an ambitious program including modern compositions of both North and South America. Other musical numbers to be heard are: "Overture, Reizni" by Wagner; "Valse de Concert" by Glazounov; "The Courts of Granada, Suite" by Chapi; and Wayne university songs and marches.

Gene Fenby, teacher of vocal and instrumental music at Redford high school and Wayne university senior student, will be featured as piano soloist.

STRIKES

and SPARES

If this was not a single column . . . if we could fan the boss out of enough space . . . about the best way to cover the activities of the night spots would be to show a large picture of the combined owners sweating it out under an ice bag . . . headaches seem to be the order of the day.

Anyway bowling seems to carry on like Old Man River in most places . . . That over average ladies' tournament at East Warren is still open for entries . . . the added attraction being . . . all things . . . Nylons for the fortunate . . . Mary Posa drew a pair on 91 pins over her average, a 234 and a 577 for the series. Phillis Kobinski, Netta Skinner and Ann Hair were also among the favored few . . . you may as well enjoy yourself—instead of standing in line.

Not much to report on St. Patrick's . . . it may be a case of who gets how much and when of that amber brew . . . It's getting so you don't know if a place is open or not . . . until you try the door. One place that will open . . . Saturday night . . . is that dance the young vets of World War II are sponsoring at the Alger Post clubrooms on St. Paul. All members are welcome and are assured a good time.

SHORES PATRONS TO SEE HUTTON IN PEPPY ROLE

That woman with all the pep and vivaciousness which can be penned up in one person comes forth in the characterization which Betty Hutton brings to the screen in "Incendiary Blonde." This picture will be scheduled for the patrons of the Shores theatre for Sunday, Monday and Tuesday.

Betty plays the part of one of the most widely known night club actresses who played the top spots after the turn of the century. She is excellent in this role for Betty is almost a second edition on the screen as this actress was the same type of personality as Miss Hutton is today. Excellent support is given by Arturo de Cordova who plays the lead man in Betty's life, and by Barry Fitzgerald, well known popular character actor.

STORY OF YOUNG BERNADETTE ON COLONY SCREEN

The Colony theatre will bring to you one of the finest stories to be shown tomorrow and Saturday.

In addition to this excellent movie, cartoons and selected short subjects are also on the program.

Franz Werfel did a stupendous job when he decided to write the story of young Bernadette and the miracles which were performed at the site which is now the "Shrine of the Lourdes" in France. In the picture, Jennifer Jones is cast as the little French girl who overcomes some of the highest obstacles when she tries to inform relatives and church dignitaries of the incidents which finally led up to her canonization as a saint in the Roman Catholic church.

Hollywood has done its utmost to make this picture as authentic as possible and the scenes depicted as those occurring in France and in the life of Bernadette are very true to life.

Camera Club Fans to 'Shoot' Table Top Arrangements

"Table Top Photography" will be the subject dealt with at the Grosse Pointe Camera club at its regular semi-monthly meeting on Tuesday night, March 19.

Stanley Keen, president of the club, has arranged experienced lecturers to arrange the table top subjects, lighting them in accordance with the best known photographic methods, and discussion on the various methods that they can and should be photographed or set-up. Table top photography has been one of the many things of interest that have held fascination for those interested in camera work.

Afterwards the club members will be allowed to "shoot" pictures of the table top arrangements to their hearts content and are urged to bring along a good supply of film with them when they attend the meeting Tuesday night.

In addition there will be print judging of the pictures taken of models on a previous meeting.

Mr. Keen has issued an invitation to those of the public that may be interested in attending the meeting which will be held at the Neighborhood club, Grosse Pointe.

Ex-Baseball Players Hold First Reunion

Former members of the Grosse Pointe Park baseball team of the 1920's held their first annual reunion at the home of Harry Cole, 13117 Maiden Lane, Saturday, March 2.

Among those present were Roy Odgers, Eugene Doonan, Anthony Hilgendorf, Walter Kuntney, Charles Zahn, Russell Vogel and Roy Miller. A. T. Phillips, formerly of Grosse Pointe Park, and sponsor of the team, drove up from Toledo where he resides. Justice J. M. McNally, of the Park, also attended.

Anticipate Large Playground Program for Gatirot Kiddies

If the present program of the Gatirot township Community Welfare council works out according to plan, those long summer evenings will find boys and girls, even the grown ups, engaged in a free-for-all and community-wide contest of America's favorite sport — baseball. A sort of little world series on every vacant lot as well as a specially prepared playground around the Mason school.

This was apparent during the discussions of the council at their meeting last Thursday night. Organized by the township, the program is a study of the township's needs and resources, cooperative planning of health and welfare services, the promotion of social improvements and the creation of public opinion, the council has already made tentative plans for a playground.

Officials of the township board, Home Owners club, the Boy Scouts, police, fire department and board of education who attended the meeting were very enthusiastic as well as eager to see their program succeed. Each expressed the intention of sponsoring ball teams. Officer Smith of the police department is trying to obtain the pool at Denby for the exclusive use of township children one night a week.

The council is composed of representatives of all the township departments and civic leaders. They hope to have the full cooperation and support of residents' and business men.
