"Tony" Koinis Appeals Decision Of Park Court

Ernest "Tony" Koinis was found guilty Friday morning of violating another ordinance in Grosse Pointe Park.

POINTE PARAGRAPHS

by THE POINTER We have received several complaints about very small children tampering with the mailboxes in Grosse Pointe Park.

What - Won't - They - Think - of - Next - Department. A little man with big ideas has just patented, and has ready for a manufacturer, an "instantaneous beverage cup" that does everything but drink it for you.

Your help is needed to put the automobile...

In the court proceedings Friday, Detective Enders said that he issued the violation ticket at his own discretion when he found that the vendor's wagon was causing traffic congestion and endangering the lives of several people.

He explained that at the time the ticket was issued, approximately six cars were parked on the north side of Jefferson and several on the south side - in front of and in the rear of the wagon. Traffic at this time, at 7:55 p.m., was heavy, the detective said, and the two lanes of traffic traveling each way had to swing into single lines as it approached "Tony's" wagon.

The second ticket which was given Mr. Koinis was for the same charge. Issued by Detective Hazen Hennig, "Tony" would not move at his request Sunday night, April 28 at 7:20 p.m., while parked on Jefferson between Trombly and Harcourt.

On the stand, Detective Hennig said that as he approached the popcorn wagon, two people crossed the street through the heavy flowing traffic, and that in his opinion, the vehicle was also congesting traffic at the time he gave the ticket.

It was brought out that "Tony" was serving several customers at the time he was requested to move and was conforming to all village regulations and laws.

The automobiles which were parked and whose occupants were purchasing popcorn were parked in the same manner as the wagon.

Justice DeBaeke said that it was not the practice of a lower court to state whether an ordinance or a law is unconstitutional, and upheld the Grosse Pointe Park ordinance under which Mr. Koinis was ticketed.

He issued a fine of \$10 and \$5 court costs on each ticket. Legal papers were immediately made out by the defense to appeal the decision of the justice court.

The fine which was imposed on "Tony" on April 15 for a ticket issued under the not moving ordinance, (No. 73, Sections 133 and 135), which states that any vehicle which is serving at the curb, must be kept in motion except when making sales, has also been appealed.

At the time this violation ticket was issued, a second one was given because "Tony" was operating without a village license. After investigation, it was learned that a state law was passed which permitted a veteran to operate without a village license while another state law has been adopted that he must have one. This was taken under advisement by the court before further action could be taken.

In the meantime, a formal application has been presented to the Park commission for a village license. Action of some sort is expected by the commissioners at their meeting next Monday night.

Florida snow: Some senators got hot under the collar recently when they learned that the War Assets Corporation had been trying to sell surplus army snow plows in Florida.

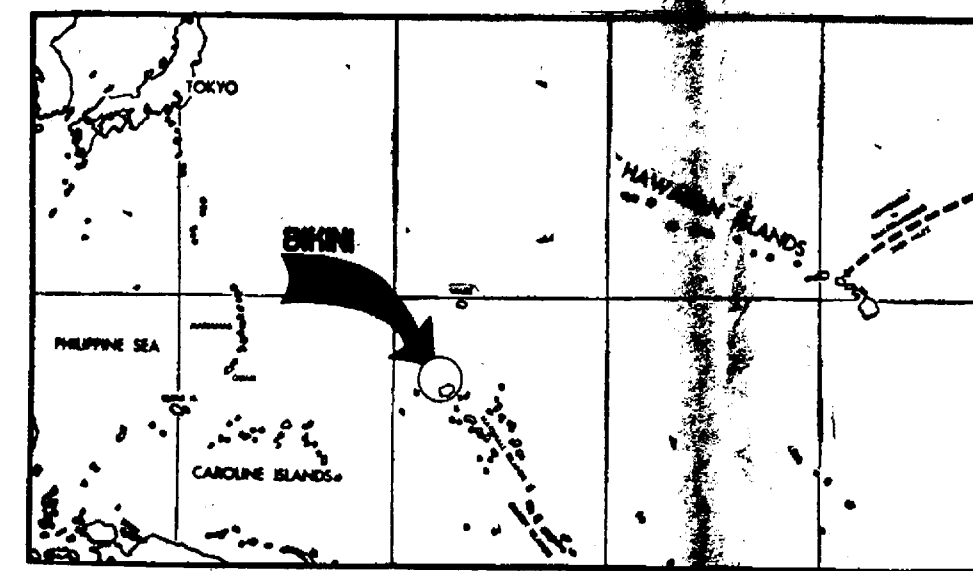

The renowned Tulip Time in Holland Festival, held in Holland, Mich., is to be staged next week after a four year lapse caused by the war.

With the celebration of the first anniversary of V-E Day this week, we learn that thousands and thousands of people are still starving in Europe. Are you doing your bit by cultivating that vegetable garden which you so faithfully planted and guarded during the war years again this year?

We understand that a great supply of those precious two-somes - nylon hose - can be won at an east side amusement park which has boxes and boxes of them about the park.

No wonder we can't get the hose in hosiery shops...

EXCLUSIVE A-BOMB TEST COVERAGE FOR THE REVIEW

Bikini Atoll, Central Pacific, where the tests will be conducted. Bikini is the perimeter of the Marshall Islands, bitterly contested chain of islands wrested from the Japanese...

EDITOR'S NOTE—While some six thousand newspapermen applied to cover the atom bomb test, only 150 can be accommodated and will be permitted. Through an arrangement with his parents, Mr. and Mrs. Fred P. Salton, 1260 Maryland, Y/3c Roy R. Salton will write his observations for The Review on the trip to Bikini Atoll and his reactions to the test. Thus presenting an exclusive and different slant on the tests which will involve a total personnel strength of 37,000 army-navy-civilian group.

Y/3c ROY SALTON

There are two Hospital ships to participate in the "A" bomb test. The Haven (AH-12), my ship, which will not be used as a hospital ship, will house a Radiological unit, made up of army scientists, both officers and enlisted personnel, and civilian scientists.

Pointers Propose Community-Wide Radio Station

A group of Grosse Pointers, headed by Lorenzo Gentile of Fisher road, are seeking a transmitter site for the operation of a community radio station in the Grosse Pointe area.

Appoint Planning Group

Don Goodwood of Wicks Lane was named chairman of the Grosse Pointe Woods planning committee Tuesday night upon the recommendation of the village president, A. A. Ghesquiere.

The proposed site is located in a wooded section near Marter road and the county line in Grosse Pointe Woods.

Mr. Gentile appeared before the Woods commissioners Tuesday night to ask legal procedure in the changing of the zoning ordinance which would permit the transmitter in the Marter road area.

At the present time, it is undeveloped farm land, a great distance from the nearest residence.

A public hearing was immediately scheduled for Tuesday night, June 4, in the municipal building to hear the opinions of residents who would be concerned with the transmitter site.

Park Businesses to "Brown-out"

Grosse Pointe Park police are contacting all business owners today to refrain from using an excessive amount of electricity, especially with their signs and displays, during the week of the fair.

Woods Tax Rate Same Despite Budget Increase

A. A. Ghesquiere, Grosse Pointe Woods village president, explained Tuesday night the necessity of increasing the village budget for the next fiscal year.

CIVILIANS AGAIN!

EDITOR'S NOTE: Every week, The Review will publish the names of the men and women of Grosse Pointe who have been and are being discharged from all branches of the armed services.

MOTHER'S DAY

The theme of the old song, "I Didn't Raise My Boy to Be a Soldier" must be thumping on the heart strings of millions of mothers throughout the world as we approach Mother's Day.

It has always been the fervent prayer of mothers everywhere that their children would grow up to enter into a peaceful, safe and prosperous existence and that the scourge of war would never approach them.

But in addition to her love and fear for her children, the American mother has a love of country which is inextricable interwoven with her hopes for her children.

The present American mother, steeped in the ambitions of generations of mothers before her, considers these goals essential to the permanent welfare of her children.

No mother wants war. But the American mother has faced war and will face war bravely rather than permit the destruction of our way of life and the ideals toward which America has constantly struggled.

Let us hope that by some miracle the prayers of the mothers of the world will bring the destruction of life to a quick end and that the world's stage may soon be set, once again, against a background of peace.

High School Choir Entertains Rotary Club at Luncheon

The Grosse Pointe Rotary club which meets every Monday noon for lunch at the Whittier hotel, was entertained last Monday by the Grosse Pointe high school choir, under the direction of Chester Wood.

The program included the following: "Lord Bless You and Keep You," "New Dawn," "Forsyth," "Madame Butterfly," "Puccini," "The Song of the Sea."

Other members of the choir included: "Set Down Servant," "Spiritual," "Andrew Creamer, baritone; Sue Campbell, contralto; Douglas Kreiger, pianist; "Star Spangled Banner."

Unitarian Church Holds Election Sunday

The annual meeting of the Pointers of the Grosse Pointe Unitarian church was held at the home of Jane Marks on Lincoln road last Sunday. A picnic supper was enjoyed in the garden, beautiful with many flowers.

Government Asks Vets to Register Souvenir Guns

GIs returning from the war are bringing back with them many thousand weapons of all descriptions, including machine guns, and automatic small arms.

The government is pleading with the returned soldiers to register small arms with the police departments and federal agencies as a means of protection to the owner and likewise society generally.

Types of weapons which must be registered with the federal office include machine guns and machine rifles, pistols and revolvers with detachable stocks, (e.g. Mausers and Lugers), automatic pistols which can be converted into fully automatic weapons, (Mausers and Astras, the latter a Spanish make.)

Marvin DeMeyer, was exonerated by the prosecutor's office of negligence in an accident on Moross road when his car struck and severely injured a 19-year-old Ridgemont road girl.

SPEAKING OF "SURPLUS PROPERTY?"

Remember?

(Continued from Page One.)

Auctioneers Joe Gentile and Ralph Binge of radio fame were prepared to do their stunts at the huge war bond and service rally scheduled for the high school.

Spring cleanup days were proclaimed in two Grosse Pointe villages by their respective councils. The Monday, April 22, Detective Stanley Enders issued a ticket to "Tony" under Ordinance 83, Section 14A.

Carl Schweikart, Grosse Pointe township supervisor, said that it was not his intention to follow the recommendations of the Michigan tax commission, following their study of the township.

The local draft board, No. 57, was established as a veterans information center. Carl D. LaRue, high school inspector for the University of Michigan, issued a high recommendation for the local high school.

Thrill seeking local motorists who chased fire trucks and who carelessly parked within 500 feet of a fire, were warned by Thomas V. Trombly city police chief, that they would be ticketed and fined.

Two serious roof fires kept City and Farms firemen busy and caused damages estimated at five thousand dollars.

A stolen car was recovered by City police after a Neff road resident had reported that a car had been standing in front of his house near St. Paul "for several days."

Residents of Grosse Pointe Woods who lived on Wendy Lane, Young

Light Sheets

The plastics manufacturers have done it again—this time with a phosphorescent sheeting which, after it's exposed to light, gives bright light itself or a few minutes.

Lane, Wicks Lane, Toles Lane, Ford Court, Norton Court and Vernier Circle were notified by the police department that parking restrictions were to have been put into effect on these streets.

The voters of Grosse Pointe Park were scheduled to go to the polls to decide a question which had been discussed both pro and con during previous months: Whether Grosse Pointe Park desired to continue as a village or change to a city form of government.

Another baseball season opened for the Grosse Pointe Farms baseball team at Kerby field.

Tore Franzen of 1333 Nottingham, escaped serious injury while testing a new car in New Mexico. Driving at 60 miles an hour, the car hit a culvert, careened in the air and rolled.

closed minor bruises and scratches to the driver.

Grosse Pointe Farms led the other villages in the township in births with 423 during 1930; the Park had 79; Village (city), 73; Shores, three.

Activity of the township radio station, WRDR, during April, was substantially increased over March, according to a report issued by the station's superintendent, W. A. Neff.

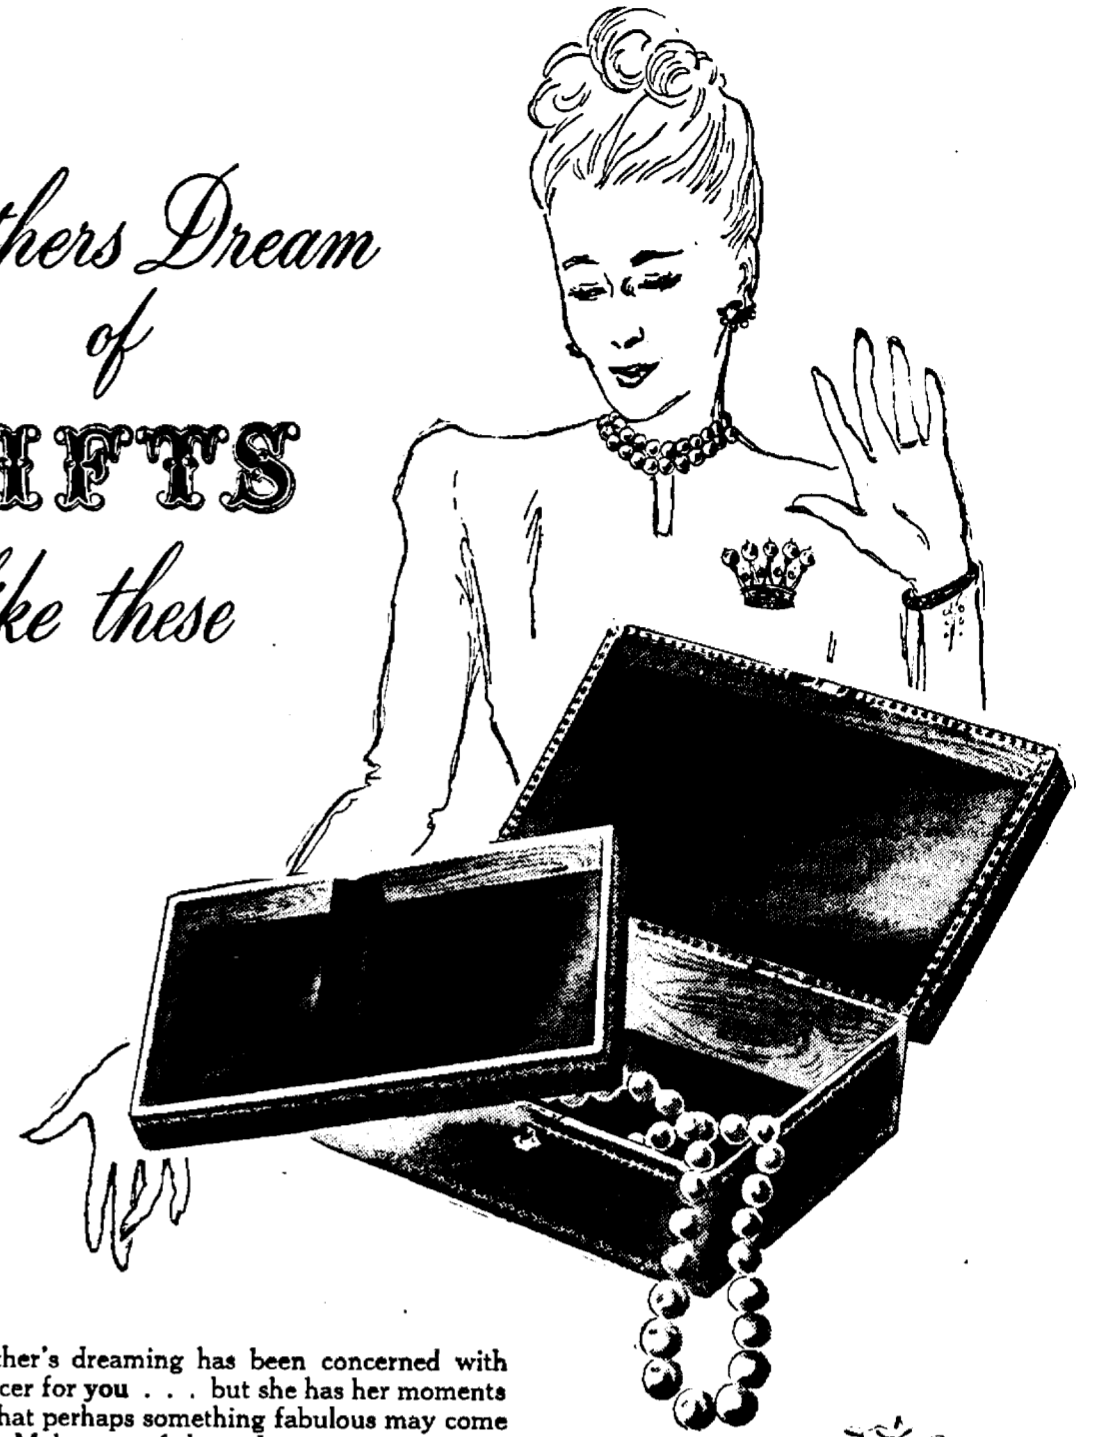

The smoker put on by the Kercheval Boosters Improvement Association was one of the best ever staged by an East Side association, according to officials of the organization.

Specials offered by a market on Kercheval avenue, included such items as butter, lb., 44c; pastry flour, 5 lb. sack, 29c; oranges, doz. 35c. In the meat department, lean short ribs of beef, lb. 12c.

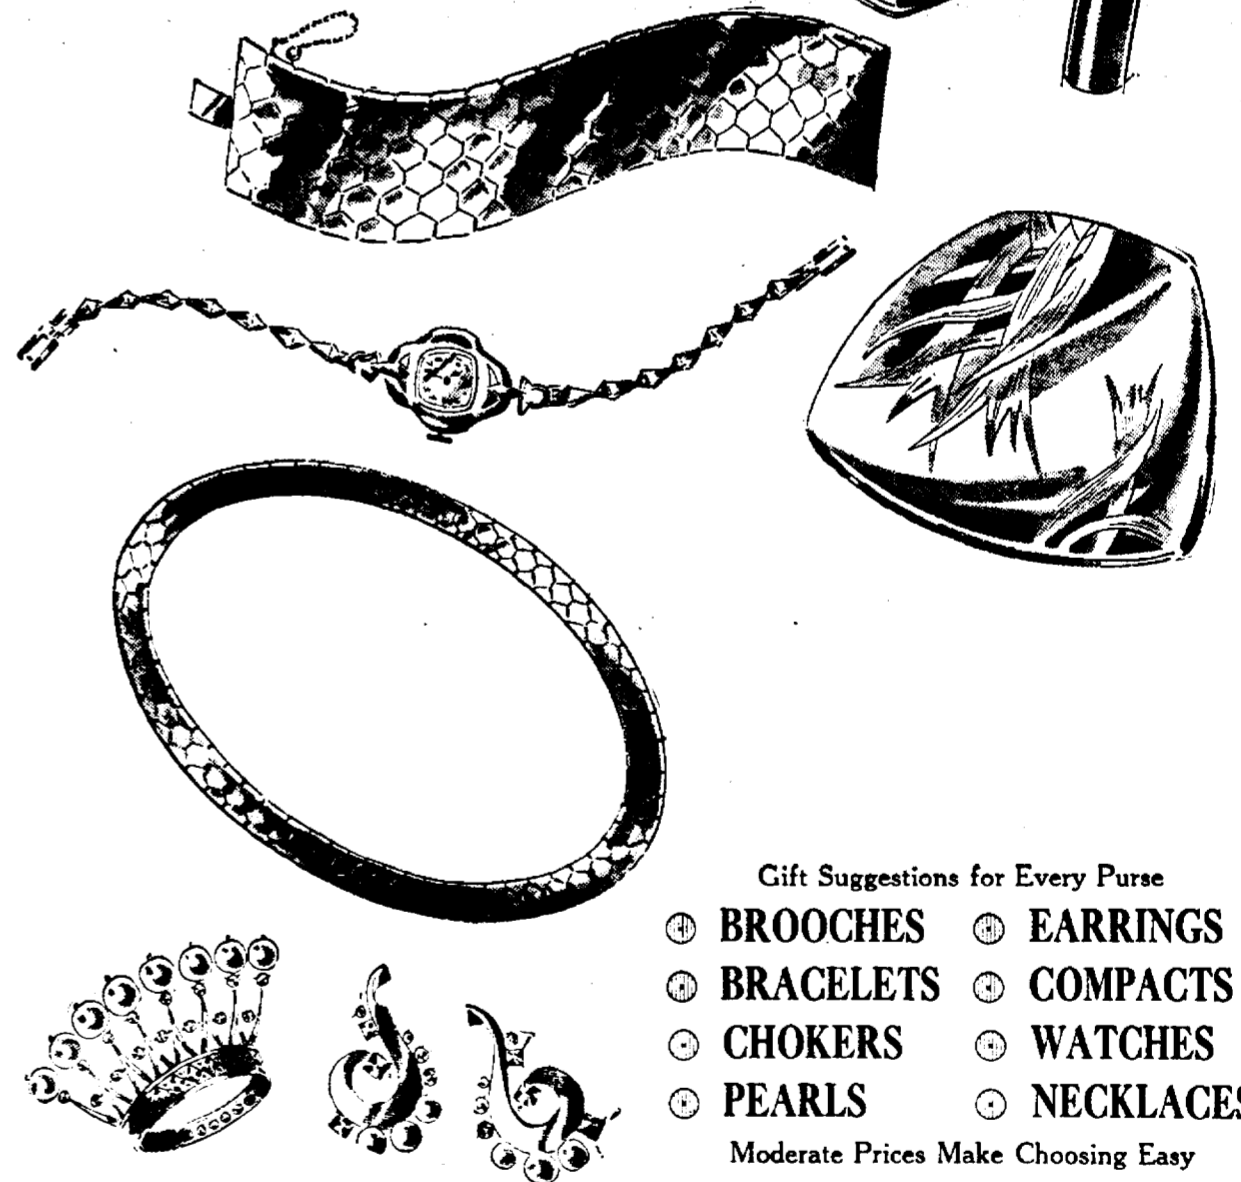

The straw vote taken in the Village (city) of Grosse Pointe on the proposal to widen Waterloo to a width of 120 feet was defeated.

Trombly School Children Dramatize Studies for Enjoyment of Parents

For their parents and friends, several elementary groups at Trombly school have been giving auditorium programs recently.

Miss Olga Martin's 2A-3B group gave a program as a summarization of the work covered in the social studies unit, "The Postman." Chuck Norris stood in the doorway of the Centerville post office and did the announcing. Bruce Rockwell, Jeff Barry and John Stroh gave reports about Eski, the Eskimo dog and mail delivery in the snowy North.

Peter Huestis and Alice Lynn Martin gave reports about the swimming postman on the South Sea Islands. Bill Rieger and Alice Jane Moore gave reports about the Pony Express and Buffalo Bill. Other children who participated in the program were Gail Lawrence, Carolyn Moody, Martha Hayes, Tom Knapp, Mary Ogden, Irene Stempfle and Wanda Walgenbach.

Miss Mary Gargan's 2B-2A group gave a program entitled "The Country Bunny and the Gold Shores." Cindy Ramer was the interpreter. Betsy Davidson played the part of the Country Bunny, Ella Mae Harrison, the Mother Bunny, and Brian Bringham, the grandfather rabbit. Jack rabbits were Wendell Faulk, John Vatis and Bill Carnegie. White rabbits were Beverly Jensen and Nancy Hayes. Baby rabbits were Harold Joerin, Denise Sovanio, Betty Pernokis, Reggie Hudgins, Wendell Faulk, Steve Horn, Beverly Jensen, Kirk Lamkins, Jerry Tobler and Mary Ann Ray.

The IA group of Miss Harriet Gifford's gave "Little Black Sambo" for their parents and friends. The role of Black Sambo was played by Joel Smith and Foster Winter. Mumbo was played by Linda Stroh and Harriet Drachenberg. Jumbo was played by Neil Georgi and Robert Dunlap. The scenery was made by Miss Mary

DUS Among Schools Seeking Electronic Laboratory Material

Priority claims for electronic laboratory equipment by Michigan educational institutions are being bypassed by the War Assets Administration, a group of Republican senators revealed recently.

The group disclosed that schools are being delayed because their priority claims or letters of inquiry are being consigned by the WAA to the Land Grant Institute of Technology, Highland Park; University of Michigan, Ann Arbor; Detroit University School, Grosse Pointe Woods; Michigan Technical Institute, Inc., Detroit; Albion college, Albion; Dundee high school, Dundee; Bay City public schools, Bay City.

The Republican senators, led by Alexander Wiley, Wisconsin, charged that both veterans' and schools' applications for electronics materials are standing in dead files while "dealer minded" WAA administrators permit so-called "manufacturer agents" to receive and sell this equipment on a 10 per cent commission basis.

"Is it because these 10 per centers get no commission on priority sales to veterans and schools that these priority claims are being ignored?" Wiley asked.

The Republican senators began their personal investigation after the press pointed out repeated abuses of priority claimants by administrators in disposing of surplus property. Their demands for a congressional investigation were brushed aside by Democrats who merely said, "there are too many investigations."

The 17 races in the Soviet Union speak 125 different languages.

Buy and Sell With Review Quick-Acting Want Ads.

VETERANNEWS

From the OFFICE OF VETERANS' AFFAIRS LANSING

Priority for veterans in the purchase of surplus property is provided for by H.R. 6157 which the senate passed on April 19 and sent to the White House for the President's signature. Quick concurrence is predicted.

This measure gives veterans preference to purchase surplus property second only to the federal government. It authorizes the surplus property administrator to set aside available quantities and types of any surplus property except real property which he determines to be appropriate, for the exclusive disposal to veterans for their own personal use and to establish and maintain their own small business, professional, or agricultural enterprises.

The bill also amends the present surplus property law insofar as it authorizes the sale of items for personal use by veterans.

Quantities and types of veterans' preference stockpiles, length of preference sales and types and quantities of items available for personal use are left to the discretion of the WAA.

Therein is the reason why the veteran — although he will be benefited by provisions of the measure — should not expect too much.

In the first place, the WAA, by admission of Lieut. Gen. Edmund B. Gregory, WAA chairman, has one salient interest: The rapid disposal of surplus stockpiles.

LETTERS TO THE EDITOR

To the Editor:

I'm in complete accordance with the recent story in the East Side Shopper which stated that parents are just as much a problem to their children as their children are to them.

I don't know what parents are thinking when they expect their offspring to be model citizens when they go out drinking and carousing all night long.

Welcome Opinions

I agree with Dr. Lang's statement that parents too often overlook the fact that their teen-age children must be recognized thinking citizens and young adults. Even little children deserve to be heard out and their opinions welcomed.

"Home" in any language means a place where a person is surrounded by his loved ones. Where he can find peace and understanding and happiness. How many real homes do we have on the East Side?

Forms Character

The home plays the most important part in the drama of life. There the character is formed and strengthened to stand up under the pressure of living in this world of ours. In the home, virtues are planted and nourished. The love for God and His Goodness is taught. It is the parents' duty to see that the home fulfills these obligations.

Parents should open their homes to their children's young friends. Make it a place where it's fun to be. They should try to be friends as well as parents to the young people.

I have seen young children, boys and girls under 12 years of age on the streets past midnight, and teenagers who were their parents' children.

Said Cases

It is a tragedy I have seen many cases with dire results involving these ill-taught children. Ill-legitimacy, venereal diseases and death often resulting from the parents' neglect to supervise their children and teach them morality and the basic facts of life.

Too many parents follow the old fashioned rule of considering venereal diseases a hush-hush topic. They must be aired. The infection rate of these diseases among boys and girls between 15 and 19 has been on a steady rise during the past 10 years. Parents want their children to be spared infection, but they do not act. They must not shut their eyes and mouth to the facts. Children should be told the when and why of the diseases, and be cautioned how to avoid contracting them.

Teach Facts

If children are taught the facts of life, as much as they can digest according to their ages, they will be spared the necessity of seeking what may be distorted knowledge and finding out through experimentation.

I think that our children need our help. They need to know how to be healthy Americans, and how to maintain their health. We as parents must be friend, confidant, teacher and even pupil. Let's act—now—for better citizens of a better world.

Key Personnel at Packard Motors Still Driving Old Autos

No individual in the factory organization of the Packard Motor Car company is driving a new Clipper, and no one—from President George T. Christopher on down — will get a new car until persons in essential categories have been served.

Lyman W. Slack, vice-president and general sales manager, in announcing this policy today, said, "Nearly one thousand here at the plant are clamoring for new cars. Normally they would be entitled to new cars. But the company has a limited supply of cars and must be selective in the way they are distributed."

They are literally "in need of new transportation. They come first."

Tickets on Sale for Dessert Benefit

In order to raise money for their benevolences which includes work in India and China and settlement work in Detroit and the southern states...

Mrs. Edward F. Gehrig of Balfour road and Mrs. E. C. Baumgarten of Windmill Pointe Drive are co-chairmen of the affair.

Tickets may be obtained now from Mrs. Gehrig, NI 6723; Mrs. E. F. Suite, LE 8651; Mrs. Herbert Schumann, TU 2-7535; Mrs. C. R. Smith, NI 2110; Mrs. A. G. Herreshoff, NI 6382; Mrs. J. C. Hurley, TU 2-3145; and Mrs. Phelps Newberry, NI 4213.

Attend National Meeting in East

Mrs. Charles Horton Metcalf, state president of Michigan chapter, Daughters of Founders and Patriots of America, announces that the 48th general court of the national society will be held May 15 and 16 at Hotel Dennis, Atlantic City, N. J.

Michigan's delegation includes Mrs. Henry Bourne Joy, honorary national president; Mesdames Osmond D. Heavenrich, Marvin L. Hoagland, Albert L. Hart, Edward H. Eichler, Edward J. Savage and Miss Laura C. Cook.

The general court will open with a banquet on Wednesday night, to which guests may be invited. Business sessions on Thursday will be recessed for a one o'clock luncheon.

JOINS POINTE HUSBAND

MRS. JOHN HUME, nee Margot Tingle, arrived in Grosse Pointe early in April after arriving in New York on the S.S. President Tyler from England. Margot and John were married Aug. 11, 1945, in Chalmersford, Eng., while John was stationed overseas serving with the armed forces.

Elect Mrs. Flancher Head of Unitarian Women's Alliance

The regular meeting of the Women's Alliance of the Grosse Pointe Unitarian church will be held at two o'clock on Tuesday, May 14. Mrs. Albert M. Mackey, vice-president of the American Cancer society, will be the guest speaker.

Mrs. John H. Flancher, elected new president last month, will preside at the meeting. Mrs. Charles B. Marks is chairman of the tea, assisted by Mesdames G. Hubert Noble, George A. McBride, Frances Bagley Wallace, W. K. Wheelock and Miss Helen Nurnberger.

At the annual meeting last month the following officers were elected: Mrs. John H. Flancher, president; Mrs. Frederick E. Gould, vice-president; Miss Florence Adams, recording secretary; Mrs. John A. Herrmann, corresponding secretary; and Miss Helen Nurnberger, treasurer.

Pointers Invited to Join Ranks of New Couples' Club

An organizational meeting of the Parkside branch of the Married Couples club, sponsored by the department of parks and recreation, was held at the Parkside center, Friday night.

Approximately one hundred people attended the meeting which was addressed by Messrs. Rissmann and Chapman of the department.

Seven couples were appointed to an executive committee which planned a social evening for tomorrow night, with cards, dancing and refreshments.

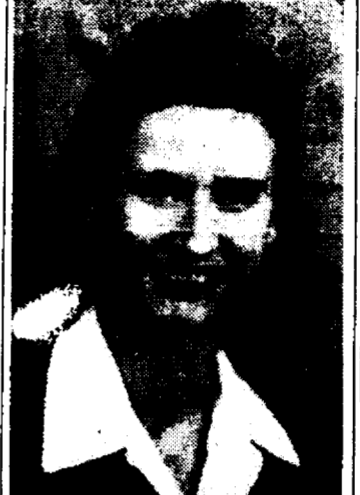

The club is open to married couples living in postal zones 15, 24 and 30; and parts of zones 5, 13 and 14, east of Conners. Those living in Grosse Pointe, St. Clair Shores, East Detroit and Roseville are also included in this membership group.

For further information, call RA 6570, the department of recreation in Detroit.

Shaeffer Girl Wed

Before her recent marriage on March 23, in Grosse Pointe Memorial church, Mrs. L. D. Shaeffer was Martha Anne Buser, daughter of Mr. and Mrs. John A. Buser of Barrington road.

The bridegroom, Dr. Leland Dale Shaeffer is the son of Dr. and Mrs. Arthur M. Shaeffer of Jackson, Mich.

MRS. L. D. SHAEFFER Miss Buser was attended by her sister, Doris Buser, while Fred Miller of Jackson, was best man; ushers were Drs. Z. A. Brashares and B. D. Serrester.

The new Mrs. Shaeffer graduated from the University of Michigan; Doctor Shaeffer is a graduate of the University of Michigan medical school and is a member of Alpha Kappa Kappa medical fraternity.

Returned Chaplain to Speak at Bon Secours

The management of the Bon Secours hospital, Cadieux road, Grosse Pointe, will entertain the officers and members of the Bon Secours Guild next Tuesday, May 14, at a luncheon. The Rev. Albert Zinger, chaplain, who recently returned from service with the armed forces in Europe, will speak.

The afternoon will be given over to the annual meeting at which time officers for the coming year will be elected.

Marjorie Sheppard Married Saturday

The marriage of Marjorie Sheppard and Marvin Slomke took place Saturday afternoon, May 4 at five o'clock, in Peace Lutheran church, Warren avenue and Balfour.

The bride party was made up of Marjorie Williams, Marie Hoffman and Mrs. Fred Rider; Ruth Ann Walinske, five years old, was flower girl. The groom was assisted by Harold Walinske, Edward Schuler and John Walinske.

Junior League To Maintain New Home

The Junior League of Detroit has announced completion of plans to undertake an extensive group therapy project which looms large on their roster for fall. Their aim is the rehabilitation of children with behavior and personality problems, and their program calls for five years of sustained support.

The League has purchased a house located near Wayne University which they will open for occupancy this fall under the direction of Dr. Fritz Redl, Professor of Social Work at Wayne University. In the home they plan to house from 10 to 12 children at a time for care and guidance.

The children are selected from the referrals by Dr. Redl. Only children between 7 and 11 years of age will be chosen, and the home will be operated only for boys during the first year. Some of the children will probably remain in the home for a year or two, others for shorter periods. Coming from disturbed or broken homes, they will be of normal intelligence, but will be children who, without special care at this stage of their development, would not be able to adjust to normal living in the future. At present in Detroit there are no similar services available.

New England Women Elect Mrs. Savage as New President

Mrs. Edward J. Savage of Yorkshire road, has been elected president of the Detroit Colony, National Society of New England Women, at their recent annual meeting. Advanced to first vice-president was Mrs. George J. Grohs, while Mrs. Horace Anderson was re-elected recording secretary. Mrs. Albert C. Pasini of Bedford road, is the new corresponding secretary.

Other new officers are: Mrs. George C. Coones, second vice-president; Mrs. John Hutton, treasurer; and Mrs. Edward V. MacCallum, of Devonshire road, financial secretary; Mrs. George R. Howes, registrar. According to custom, the retiring president, Mrs. Henry D. MacKaye, was made a director, thus retaining her upon the board of management.

AWVS Juniors Plan Student Art Work Exhibit at Museum

The Juniors of the Grosse Pointe AWVS are organizing an exhibition of art work from the private, parochial and public schools of Grosse Pointe at the Alger Museum. The exhibit will be open Sunday, May 19, with the exception of Monday, May 13, when the museum will be closed as usual.

Foreign Countries Represented at U-D

One hundred seventy-six foreign-born students, representing 23 countries, are enrolled in regular day school classes at the University of Detroit this semester, according to a survey released by university offices.

More than fifty per cent of the foreign-born students are freshmen, 34 are sophomores; 21 juniors; 14 seniors; and 12 are unclassified students.

Students come from as close as Canada and as far away as Japan, the Middle East and Eastern Europe. Among the countries with the highest representation are Canada; Scotland, Poland, Italy, England, Germany, Ireland, Jamaica, Yugoslavia, Spain, Cuba, Rumania, Greece and the Republic of Mt. Lebanon.

RECENT BRIDAL PARTY

THESE three sisters, Marion Momcilovic, maid of honor; Mrs. Olga Momcilovic Kukolic, bride; and Mrs. Cecelia Momcilovic Omaler, matron of honor; opened the bridal season at the Serbian Orthodox church recently. The bridal pair, Louis and Olga Kukolic, will return from the East this week and will be at home, 1176 Yorkshire road to their friends.

Roles Given in Neighborhood Club Minstrel Show, May 17

MARIE VON ARX
 You've all heard about the famous circus and plays that the Neighborhood club fellows and girls have put on in past years. In keeping with the tradition of these productions, the Neighborhood club is again going to present a minstrel show that will be the talk of the town for months to come.

The date for the big event is Friday night, May 17, at eight o'clock. Among the groups participating will be the girls' GPAC, who will act as end men, the Humorettes who will put on a boogie woogie dance to "Your Feet Too Big," and the junior and advanced tap classes who will represent piccaninies and southern bells. Camp Fire Girls and Bluebirds will be the mummies.

There will be special gags and musical numbers featuring Virginia Moore with her accordion and Virginia Vanden Heuvel and her guitar. Don't forget the date, May 17 at 8:00 p.m. A small admission will be charged.

Junior Boys' Baseball League— Junior Boys' Baseball League is being organized by the Neighborhood club. Boys who are 15 years of age and over are eligible.

Legion Ladies To Sell Poppies May 23

Materials for making more than twenty million memorial poppies have been distributed to disabled war veterans by the American Legion Auxiliary and Posts.

Millions of the little red flowers which will be worn in honor of the war dead on Poppy Day, May 23, already have been completed. It is estimated that 25,000,000 would be ready for distribution throughout America on Poppy Day.

Poppies are being made under direction of the American Legion Auxiliary in nearly one hundred hospitals and convalescent workshops located in all parts of the country. Disabled veterans of World War II in large numbers are making poppies for the first time this year, working side by side with disabled World War I veterans, who made all of the memorial flowers in the years before the second conflict, many of these boys having sold them in previous years.

The poppies which will be distributed here May 23 are being made at Battle Creek and Grand Rapids, where the Department of Michigan is giving employment to disabled men of both wars. The veterans who shape the flowers are the only paid workers in the poppy program. The poppies are distributed on Poppy Day by unpaid volunteers, permitting all contributions to go for the benefit of the disabled men, their families and the families of the dead.

The Grosse Pointe Post and Auxiliary members will be on all corners starting May 23 at 12 o'clock. If you care to send a check for this worthy cause you may do so, simply make it out to the Grosse Pointe Unit No. 303 and send it to Elva Nielsen, 1024 Beaconsfield, Grosse Pointe Park 30, Michigan, or to the post chairman, Elmer Ulrich, 1076 Berkshire, Grosse Pointe Park 30, Mich.

Local Membership Drive— Seven hundred members were enrolled in the American Legion Auxiliary for 1946 when the organization entered its April activities, according to Mrs. Nielsen, membership chairman for the Detroit Districts Association. These districts have gone over their quota for 1946 with a membership of 3,808, April 15. Reports received by Mrs. Nielsen from national headquarters in Indianapolis, Ind., show that enrollment of new members is continuing rapidly, largely women newly eligible through the World War I servicemen of their families.

In the first three months of 1946 approximately sixty-five thousand more members were enrolled than during the entire year of 1945, when the previous high membership record was set. New units are being chartered in every part of the country to serve with newly organized American Legion Posts.

The American Legion Auxiliary is now the largest women's organization of its kind in the world. Its service work for veterans and their families, along with its civic and patriotic activities, is attracting thousands of women into its ranks.

The Grosse Pointe Unit No. 303 of the Auxiliary is continuing its invitation to all eligible women to come into its membership for 1946. The unit now has an enrollment of 94 members, its quota for this year and will be eight years old this month. We cordially invite you to visit with us; meetings are held the third Monday in each month, at the Post clubrooms, 18316 Mack avenue, Grosse Pointe Farms.

The Actual Science of Prayer

THAT prayer—for safety, health, usefulness, happy relationships, progress, satisfaction, or any other legitimate achievement or condition—can be a scientific as well as a religious experience, and therefore unailing in its results, is clearly shown in Christian Science.

Through growing understanding of such prayer, or treatment, increasing numbers of Christian Scientists in many countries are proving its value and thus are seeing the fulfillment of the Scriptural assurance, "Ask, and ye shall receive, that your joy may be full."

The complete explanation of Christian Science and its healing and enriching prayer is given in the Christian Science textbook.

TO MOTHER

I love you dearly, Mother mine,
And so through all the days
I'll try to show it by the things
I do in loving ways.

I'll try to show it by the help
I give in the task I do,
I'll try to show it by the marks
In school and studies, too.

I'll try to show it thoughtfully
In things I do and say,
So that each day for you 'twill be
A happy Mother's Day.

—William Wulff

Harmar DAR Women to Elect Officers

General Josiah Harmar Chapter of the DAR will hold its next regular meeting and election of officers on Saturday, May 18, at one o'clock, at the home of Mrs. Harold E. Doyle on Terry avenue. The meeting is being called one hour earlier than usual in order that the regent, Dr. Nina A. Mangas, may leave on that day for the Continental Congress in Atlantic City.

A dessert luncheon will be served at twelve o'clock. Mrs. Harold McMahon and Mrs. Claude Reagan will assist the hostess.

Pointers Assist in Arrangements for League Concert

Mrs. Clune Walsh, Mrs. Thomas Clancy and Mrs. Glen Wallace are Grosse Pointe poster and ticket chairmen for the Paulist Choristers concert to be given at Masonic Auditorium in Detroit, Monday, May 27. The concert, sponsored by the League of Catholic Women will benefit St. Peter Claver Nursery.

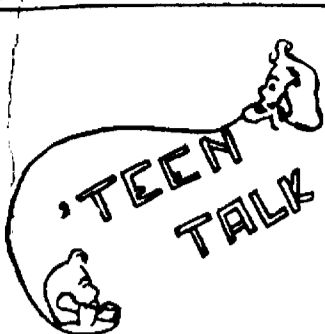

The Paulist Choristers of Chicago will be directed by Fr. Eugene O'Malley, who has been conductor of this famous choral group since 1928.

Mrs. Sidney Willis is general chairman of the concert; Mrs. William F. Connolly, chairman of boxes; Mrs. Harry B. Sharkey, Mrs. Carl H. Anderson, tickets; Mrs. John T. McGee, posters.

MARRIED SATURDAY

THE MARRIAGE of Barbara Reynolds and Sidney Lee Terry was solemnized Saturday morning at ten o'clock in St. Paul's church on Lakeshore Drive. Mrs. Terry is the daughter of Mrs. John Reynolds and the late Mr. Reynolds, of 398 Rivard boulevard; Mr. Terry is the son of Mrs. Alex McCoy of Tulsa, Okla. Following the ceremony, a breakfast and reception were held at the Beachgrove Golf club in Tecumseh, Ont., Can. The couple will make their home on Newport avenue after a honeymoon in the Smokey Mountains.

by ANNIE WAKEMAN and DONNA DAHLEN

GROSSE POINTE'S calendar of social events last week-end was a mighty large one, what with the Pierce "May Hop" Friday night, and the high school junior prom Saturday night. By the way, kids, the pictures you see of both these dances were taken by our photographers, Hugh Heck and Bob Vincent, and thanks to them we have really sharpened up the column.

AT PIERCE, WHIRLING MERRILY about to the strains of Joey Mannino, the rhythm king, and his band, we found scads of guys 'n' gals. The decorations were simply beautiful with the frolicking scenes from all the countries, namely, Russia, Spain, Holland, Sweden, and Hawaii, and the bright strips of crepe paper adorning the top of the gym. It was really something with Joe Fazio, president of Pierce, and his art committee doing the decorating.

Among the turnout were: Mag Winter 'n' Dave Donnelly, Sue Johnson 'n' John Mack, Bonnie Reitz 'n' Ronnie Beatty, Janet Hobson 'n' Harry Mack, Phil Robertson 'n' Kathy Streck, Myra Troden 'n' Bill Turrill, Bev Martin 'n' Ronnie Knope, Peggy Dickin 'n' Joe Fazio, Janie Bundy 'n' Howie Clark, Ginny Grasse 'n' Frank Wilton, Margo Gessler 'n' Jim Jacobs, Shiela MacRae 'n' Arnold Arends.

More 'n' more: Alice Neville 'n' Larry Reynolds, Mary Bauman 'n' Hugh Dill, Judy Gehlert 'n' Tommy Auch, June Moffat 'n' Pete Van Osdol, Janie Fordan 'n' Dick Kingswood, Sally MacDonald 'n' Dick Heidrick. After the dance most of the crowd went to John and Harry Macks for cokes and some more dancing.

THE SAME NIGHT BOB JOHNSON invited all the senior boys out to his abode in St. Clair Shores. Among the Friday night stags were Buster Pinkston, Bob Halbrook, Earl Lapp, Bob Beaspre, Wally Peasamala, Bill Hallock, Marty Beer, Chuck Bob Nette, Jeff Welsher, Don McPhail, Bill Queen, Mike Chargo, and Joe Hickey.

SLUMBERING AT FRAN HARRIS' was echoed from the lips of a few gals last Friday night. I'm afraid not much slumbering was done, but there was loads of food and lots of gab. Jo Ann MacLeod, Charleen Ward, Mary Ann Eldridge, Rosemary Neuling, Gerry Shepstone, Barb Smith, and Marge Convery were those whom Fran spread the beds for.

BEFORE THE PROM FRED Auch served a delicious turkey dinner to all his friends. The guys 'n' gals that trooped over to Auch's included Donna Dahlen and Jeff Welsher, Marilyn Kaiser and Joe Hickey, Annie Leininger and Bob Nette, Betty Auch and Don McPhail, Marilyn Lamb and Bill Queen, Barb Klensk and Mike Chargo.

JENNY QUIRK WITH HER gang of artists primped up the gym at the high school in a grand fashion for the junior prom. A Chinese setting was the theme with a waterfront scene along both the walls and a gigantic dragon behind the bandstand. It was indeed a realistic scene with a wishing well where the kids pitched pennies during intermission, and the gayly colored Chinese lanterns hanging 'round. Sandy Malcomson, class president, and his date Gerry Morris led the traditional grand march with Bill Penoyer, vice-president, whose date was Judy Zick, following them, next in line was Marilyn Smith, class secretary, with Andy Creamer, and the last officer was Sally Slocum, IIA class treasurer, who was escorted by Don Visscher.

Also saw Joan Wertz and Don Winslow, Joan Rheinstein and Bob Sherdia, Judy Harger and Paul Grubbs, Annie Davis and Ed Isbey, Ingrid Koebel and Jimmy Flom, Betty Backman and Joe Cobane, Barb Molyneaux and Dick Phillips, Diane Faulk and Dick Wuerker, Letty Kretschmar and Ray Schumann, Janie Gehlert and Paul Friese, Lois Buck and Bill Moll, Libby Powell and Eddy Baker, Evie Osborne and Harry Downer, Joanie Gehlert and Bob Cudlip, Sue Hughes and Tom Mercer, Joann Morrison and Bill Reardsley, Caroline Orr and Alan Tyree, Lois Rick and Art Ramsey, Bunny Kitten and John Rummel. Loads more were: Joan Cronin and Dan LaFerte, Dorothea Davis and Ron Dextra, Dick Fox and Nancy Brill, Tom Roman and Loretta McNeil, Rose Schneider and Buster Pinkston, Sylvia Teeg and Bob Johnson, Joan McGenty and Bill Baker, Carol Hawksworth and Bill Gallagher.

Given National Post

Mrs. Lloyd DeWitt Smith of 731 Grand Marais, was appointed honorary president, national, of the National Society, United States Daughters of 1812, at the closing business session of the 53rd association council meeting, Saturday, May 4, at the Book Cadillac hotel.

Mrs. Smith served as president, national, of this society for the past three years. At the banquet Saturday night, she was presented with a gift of sterling silver by her retiring national board of directors. The presentation speech was graciously worded by the president-elect, national, Mrs. Lucius W. McConnell, of Atlanta, Ga.

Installed with Mrs. McConnell at a tea given in honor of the new national officers by the Michigan Society at Newberry House Saturday afternoon were:

Mrs. William L. Bond, Schenectady, N. Y., first vice-president; Mrs. Wayne F. Shaw, Lawrence, Kan., second vice-president; Mrs. Charles L. Sowers, Morgantown, W. Va., third vice-president; Mrs. Frederick B. Ingram, Dallas, Tex., fourth vice-president; Mrs. Cyrus G. Martin, Chattanooga, Tenn., recording secretary;

Mrs. Carl A. Schafer, Camden, N.J., corresponding secretary; Miss Grace Houston, Chicago, Ill., treasurer; Miss Stella Picket Hardy, Little Rock, Ark., registrar; Mrs. S. Dana Sutliff, Shippensburg, Pa., historian; Mrs. Charles W. Kutz, Washington, D. C., librarian; Mrs. Albert W. Mears, Baltimore, Md., curator; Mrs. Charles H. Stephenson, Charlotte, N. C., chaplain; and Mrs. Robert P. Armistead, of Washington, D.C., honorary vice-president, national, for Tennessee.

With the formal announcement of the end of World War II, the national meetings of the National Society, U. S. Daughters of 1812, will return to a hotel in Washington, D.C., where the society maintains a National Headquarters building.

Annual Reports to Be Given by Church Women Tuesday

The Women's Association of the Grosse Pointe Congregational church will meet at the home of Mrs. Glenn E. Wilkerson, 225 McKinley road, May 14.

A dessert luncheon will be served by the co-hostesses: Mesdames Alton Huntington, Arthur G. Williams and Max R. Eting, at 12:30 p.m. Devotions will be led by Mrs. Edward H. Vogt.

The annual business meeting will include a report by the president, Mrs. Benjamin Rush and reports by all officers and committee chairmen of the association.

Mrs. Wedwar S. Bloom and Mrs. Harry J. Kyzivat will entertain the group with an interesting and animated musical program.

Mrs. White Helps Plan Luncheon for Ministers' Wives

Mrs. Raymond J. Wade, wife of the resident bishop of the Detroit area of the Methodist church will be the guest speaker at the May luncheon of the Detroit district Methodist Minister's Wives Association on Monday, May 13 at 12:30 p.m. at the Dorothy-Mary Tea Room.

Mrs. Wade has just returned from an intensive tour of the war areas with her husband. Before the war, Mrs. Wade was president of women's activities in the Methodist work in Central Europe. She has had an excellent opportunity to view the problems that women face in the European reconstruction period.

Presiding over the meeting will be the president of the Association, Mrs. Thomas M. Pryor, wife of the pastor of the First Methodist church of Royal Oak. The program committee is, Mrs. Howard W. Burden, wife of the pastor at Henderson Memorial Methodist church, Mrs. Merton L. Stevens, wife of the pastor at the Campbell Avenue Methodist church and Mrs. Hugh C. White, wife of the pastor at Grosse Pointe Methodist church.

Trombly P-TA Meeting Scheduled for Wednesday

The final meeting for the current year of the Trombly P-TA will be held next Wednesday night, May 15. Room visitation will include music by the All-City Elementary School band under the direction of William Ferry. A business meeting with election of officers will follow.

Save the Children Federation Meets in Woods Thursday

The Save the Children Federation of Grosse Pointe Woods will hold their general sewing meeting at the home of Mrs. Harry Findlay, 1867 Lancaster, next Thursday, May 16.

Mrs. Charley Tidd Cole will speak to the Detroit federation group at the YWCA on Monday, May 27. She is director of the rural child service of America committee for the Children's Federation.

Reservations for this must be made by May 22 by calling NI 6954.

Christ Church Women Plan Sale Tuesday

A white elephant sale will be held by the Women's Auxiliary of Christ church next Tuesday, May 14, between 1 and 3 p.m. The affair will be held in Miller Hall.

The women who have been active in this association throughout the year invite the general patronage of Grosse Pointe.

The executive committee is made up of the Mesdames Wilson Mills, Francis Creamer, James Ogden, Edgar Yeoman and Stewart Baxter. Mesdames J. Milton Robb, Josiah Scobell, William Rosborough, A. Ford and Detweiler are members of the committee.

Those on the hostess committee are Mesdames Walter Russell, Alice Glotch, Grace Frederick, A. Radford Johnson, Arthur McGraw, A. W. Copland, Fletcher, Remick, Wilkins, Muir, Sinclair and Miss Frances Sibley. Mrs. Fredrick Campbell, Mrs. F. C. Ford and Mrs. Woods Williams are flower committee members.

Chairmen of the tables are the Mesdames Paul Maxon, William Eringer, John Sweeney, Maurice Wood, Leslie Woods, Ralph Free, Henry Ledyard, Julian Hecker, William Werd, Julius Huebner, Clyde Adams, John Watkins, Ferris Fitch, Armstrong, Rebstock, William Penoyer, Henry Earle, Simpson Leonard, Guy Wedthoff, Donald Stevenson, S. W. Wallace, George Sherrick, and Clarence Justice. Mrs. Clark Bassett, Mrs. William Penoyer, Mrs. M. J. Hickey, Mrs. Farr and Marjorie Hendrie have charge of the publicity and Mrs. Schurecht is in charge of the check-room.

ALGER CLEANERS

SURROUNDED BY GLAMOUR

GAYELORD HAUSER surrounded by "Gilt Girls" after Mrs. Preminger's luncheon included June Vincent, June Brewster, Virginia Fields, Beverly Woodson, Betty Newling and Mrs. Preminger.

Nearly ten years ago fabulous Lady Mendl gave a party for Gayelord Hauser in her Paris apartment, at which the twelve most glamorous women in Europe were the only other guests. Included in this group were the Duchess of Windsor, Mrs. Harrison Williams, Princess Karam of Kapurthala, and Lady Charles Cavendish.

Last week in Beverly Hills Lady Mendl, now reported to be approach-

ing her eighty-eighth birthday, was herself a guest at the same kind of a party given for Dr. Hauser by Mrs. Otto Ludwig Preminger, the beautiful Hungarian wife of the producer of Laura. Mrs. Preminger's guests (in addition to Lady Mendl) were twelve of the most glamorous young Hollywood actresses. Included in this group were June Vincent, Mrs. Martha Kemp Mature, Virginia Field and Betty Newling.

It was at this party that the phrase "Gilt Girl" was born. According to Dr. Hauser a "Gilt Girl" is a combination of the "It Girl" of the 20's and the glamour girl of the 30's, plus a new natural beauty and intelligence. She wears sophisticated clothes of simple line accompanied by well chosen accessories. Her hair is well groomed and more than likely worn upswept. Most of all, she possesses healthy natural vitality because she lives according to the rules laid down in Gayelord "Hauser's" new book, DIET DOES IT!

Gayelord Hauser will lecture in Detroit at the Music Hall on May 13th and 14th at 8:15 p.m. The theme of his lectures will be "Get Ready To Live," and he will discuss the importance of diet in relation to health and beauty. These lectures

Duke's Name Taken Space

Towson, Md. — Maryland has discovered that His Royal Highness, the Duke of Windsor, doesn't get away with a signature as simple as "Duke of Windsor."

The state also has claim to one of the longest signatures in American legal record with the duke's "Edward Albert Christian George Andrew Patrick David Windsor," on a quitclaim deed filed recently at Towson in the circuit court.

Also on the document is the signature of the duke's wife, Bessie Wallis Warfield Windsor. The deed records the sale of the Manor Glenn estate, formerly owned by the late S. Davies Warfield, an uncle of the duchess.

Neighbor Club

(Continued from Page 5.)
 Members of the Junior Sports club will be played after school on Monday, Tuesday, and Wednesday, and Saturday afternoons.

At present there are four teams entered in this league. If there are other junior boys' teams in Grosse Pointe who are interested in entering the league, the manager should contact Charles Wrona at the Neighborhood club, NI 4600.

Girls' Softball League— Calling all girls—enter now—the Grosse Pointe Girls' Softball League to be held every Thursday night on the Neighborhood club playground.

Girls 14 years of age and over are invited to participate by either forming their own teams or becoming a member of a team already organized. Please call Miss Masak, NI 4600, for further information.

Humorettes— The Humorettes are planning to make a tour of the Detroit News radio station, WWJ, and the Dossin Food Products company.

Baseball team, with Gladys Constantine as captain, will be started soon.

Taking part in the minstrel show to be given at the Neighborhood club on May 17, the Humorettes will be dancing to the song "Your Feet Too Big." Virginia Moore is coaching the dance.

Junior Sports Club

Members of the Junior Sports club have ordered pins. New members include Marilyn DeBarba, Lucy Soski, Susie Ball, Hollie Patter, Maureen Ferris, Nancy Hitchens, Mary Lonksky, and Ginger Van Antwerp.

In addition to a baseball league, future activities of the club include golf, riding, and tennis.

Fencing— After nearly three years of inactivity because of the war, the Grosse Pointe Sword club is again meeting every Tuesday night for fencing practice.

Many old members are once again being seen around the Neighborhood club. Evie Trustham, John Spitzer, George Wlodyska, and Paul Foran are back. The army released Bill Osis, George Reed, Al Kunzman, Herb Bower, and Don Roebert. Al Collins and Greg Flynn are back from service in the Marine Corps and navy respectively.

Three new names have been added to the club's roster since activities were resumed. Greg Flynn's wife Ginny Flynn, Al Kemeny, and Gilbert Krestzer are now adding their bit to the clash of blades emanating from the upstairs room of the Neighborhood club on Tuesdays.

Next season the club expects to see all of their veterans back in fencing uniforms and winning state, mid-west and national titles.

War Time Tank Arsenal In Grand Blanc To Be Used for Buick Spare Parts

Flint, Mich. — Buick's greatest expansion and modernization program in its 40-year-history moved forward steadily as company officials announced the acquisition of more than 1,000,000 square feet of additional floor space through lease and purchase of government buildings.

Harlow H. Curtice, Buick General Manager and Vice President of General Motors Corporation, disclosed that Buick has leased the government-owned tank arsenal at Grand Blanc, Mich., near here and purchased the aluminum aircraft parts foundry built on its property during the war.

The Grand Blanc arsenal in which Fisher Body produced medium and heavy tanks during the war will be converted into a huge parts warehouse and shipping department to facilitate flow of spare parts to Buick dealers and owners throughout the country. One thousand Buick workers eventually will be employed at the parts depot.

Curtice said the aluminum foundry utilized by Buick for production of cylinder heads and blocks for bomber and fighter plane engines will be converted into a machine shop and integrated into Buick's expanded manufacturing operations.

Each of the plants has approximately 500,000 square feet of floor

space. Government-owned machinery still housed in the plants will be moved as quickly as possible to expedite their reconversion to peacetime operation.

Operation of Buick's new parts warehouse at Grand Blanc will resemble closely a typical assembly line manufacturing operation. Service parts will enter the plant at the northwest end off Dort Highway and after careful inspection, will flow progressively, to storage bins and packing and shipping areas in the western section of the plant.

A loading dock 60 feet wide and 160 feet long will be built to expedite moving of parts from the plant to truck trailers and railroad cars. Prompt handling of parts inside the plant will be assured by six new power conveyors and electrically-driven "fork" trucks.

It is expected to get the Grand Blanc plant ready within 90 days to handle all Buick spare parts from transmissions and large body stampings, including doors, fenders and hoods, to small engine parts. Buick normally carries a backlog of spare parts for all of its models built within the last eight to ten years. Last year it shipped nearly 35,000,000 pounds of spare parts to Buick dealers.

Late City-Wide Mail Collection Service Inaugurated by Detroit Post Office May 7

As a first step in the postwar expansion and improvement of the postal service in Detroit, Postmaster Roscoe B. Huston announced that a new late night, city-wide collection of mail from all street letter boxes beginning at 9:00 p. m., was started last Tuesday.

This new collection service will give Detroit two complete night and two day collections of all street boxes. The day collections will be made by the regular foot carriers, who will collect the mail from the boxes and take it to the stations where it will be dispatched to Roosevelt Park Annex for distribution and dispatch.

The day collections outside of the downtown sections will begin at 8:30 a. m., and 1:30 p. m. The collections in the downtown business section will be made every 45 minutes.

The night collections in the business sections begin at 3:30 p. m. The first residential collection will begin at 6:00 p. m. and will be completed at 8:30 p. m. The second collection will begin at 9:00 p. m. and will be completed at 11:30 p. m.

The mail collected on the last night collection will be delivered the following morning if it is addressed within the Detroit postal area. That for out-of-town will be dispatched on early morning trains thus advancing delivery from 12 to 24 hours. Under the present one collection system, mail deposited in boxes after the first collection, would not be picked up until the following morning when the regular foot carrier made his rounds.

"Early mailing is emphasized," Huston said. "Mail intended for next day delivery in eastern cities must be in Roosevelt Park Annex not later than 5 p. m."

Closing of pouches for the Detroit is made at 7:05 p. m. and any mail that has not been cancelled, and distributed by this time will not be dispatched on this train. Mail dispatched on any other train will not receive morning delivery in any eastern city.

The mail boxes which were removed during the war are being replaced and in addition approximately one hundred new boxes are being placed just as fast as they are available.

Fourth Telephone Cable Laid Through Windsor Tunnel

The first telephone cable to be placed through the Detroit-Windsor tunnel under the Detroit river will go into operation this week and provide a fourth telephonic tie between the two cities, Michigan Bell company officials announced today.

The new cable will supplement the three present submarine cables now in use and provide circuits for 500 more telephone conversations between the metropolitan good neighbors. The capacity of the submarine cables, the first of which was laid in 1919, is approximately one thousand circuits.

BETTY HUTTON GIVEN LEAD ON SHORES SCREEN

Laughs galore are found on the bill which will be shown to Shores patrons Sunday, Monday and Tuesday.

Betty Hutton, Barry Fitzgerald and Don DeFore share starring honors in a picture which everyone is raving about. It is "Stork Club," set in the well-known night club in New York City.

Betty is cast in the role of hat check girl at the Stork club, but she baffles everyone with the huge sums of money she spends, more than she can earn as hat check girl.

The story centers around an incident in which she saves the life of Barry Fitzgerald after he falls into the river, trying to retrieve a hat. Fitzgerald, posing as a poor man, is in reality very wealthy; as a gesture of gratitude, he places a large sum of money in Betty's name in a bank account. She spends the money but doesn't know where it comes from, and cannot even explain the situation to her boy friend, played by DeFore. However, everything turns out for the best in the end.

The accompanying feature on this double bill is "Strange Mr. Gregory," in which Edmund Love and Jean Rogers are given the leading roles.

Michigan's approved tuberculosis hospitals and sanatoria have a total of 4,733 beds available for tubercu-

POPULAR STARS THRILL FANS IN COLONY MOVIE

It's a popular bill which has been scheduled for the Colony theatre for tomorrow and Saturday. Several of Hollywood's most popular stars appear in the two films: "Week-End at the Waldorf," and "Terro by Night."

"Week-End at the Waldorf" is a story of 48 hours crammed with romance, drama, comedy and tragedy at the world's most famous luxury hotel. Van Johnson, Lana Turner, Ginger Rogers and Walter Pidgeon play the feature roles. Van, a returned war hero; Lana, the hotel's public stenographer; Ginger, well-known actress; and Walter, world-renowned correspondent.

The top flight supporting cast features Edward Arnold, Phyllis Thayer, Keenan Wynn, Robert Benchley and Xavier Cugat and his orchestra.

Basil Rathbone and Nigel Bruce have the honors of stirring up a lot of thrills and adventurous escapades in the drama, "Terro by Night."

Permit Issued for Theatre in Woods

A temporary permit was given the United Detroit Theatres Tuesday night by the Grosse Pointe Woods commission to begin construction of a theatre on Mack avenue near Bournemouth.

Approval was given for the parking lot at the rear of the show.

Plans are also proceeding by the realty company which is handling the project for a subdivision to be established in this section. It will be known as Colonial Village and will include approximately sixty-three lots.

Red Cross Opens Community Blood Bank for Emergency Transfusions in Hospitals

To meet a critical need of whole blood for use in Detroit medical emergencies, the Detroit Red Cross opened a community blood bank Monday, April 29, at 153 E. Elizabeth.

Detroiters are asked to donate their blood which will be supplied primarily, to the two city owned hospitals—Herman Kiefer and Receiving, and to meet emergency needs in any other hospitals. The blood will be supplied free of charge to those who need it.

Donors to the community blood bank, which will be operated in cooperation with the Detroit department of health and Wayne County Medical society, will be given credit for each pint of blood they donate. This credit will entitle the donor to the same amount of blood upon request, or, he may transfer the credit for the use of a friend or relative at any time. This feature depends on the wholehearted support of the public in building up reserve stocks.

In this way, the Red Cross hopes to build a blood bank which will stand ready for those emergency transfusions that make Detroit an average user of 30,000 pints of blood yearly.

Because immediate blood transfusions during World War II worked such miracles in saving lives, doctors today are employing it more and more freely in private practice.

When blood is needed it must be ready. There isn't time for typing and testing in an emergency. The community blood bank will be stocked with all types of blood, and it will be ready for immediate use.

Blood is used in treating hemorrhages, shock, burns, accidents in hemophilia, after childbirth, acute and chronic anemia, and other blood diseases.

The Red Cross will, as it did during the war, manage the blood procurement program. The common council recently appropriated sufficient funds to staff and maintain laboratories for typing and testing the blood for disease. This laboratory will adjoin the bleeding rooms at the Red Cross building.

the Red Cross swings into a "Save A Neighbor's Life" program, replacing the highly successful "Save A Soldier's Life" service during World War II. Red Cross officials are confident that Detroit, which responded so magnificently in donating blood during the war (667,551 pints) will support the community blood bank, serving now one another. A special appeal for support is directed to those who gave blood during the war, and those who donate during the month of May will become special founder members.

Appointments to donate blood can be made by calling CA 3900, and asking for the blood bank appointment desk. The blood bank will be open: Mondays, Tuesdays, and Wednesdays, from 2 p.m. to 7 p.m.; Thursdays and Fridays from 10 a.m. to 3 p.m. The bank will be open one Saturday each month, and on that day, hours will be from 10 a.m. to 3 p.m.

Dr. Bruce H. Douglas, Detroit health commissioner, is chairman of the community blood bank. Technical director is Dr. Warren B. Cooksey. Dr. Earl Harris of Red Cross, is director of blood procurement. Mrs. Harley G. Higbie is director of recruitment, and Mrs. Henry T. Ewald is to be director of volunteers.

The community blood bank comes in answer to an "urgent call" from health commissioners in 48 states who have asked Red Cross to go back into the blood procurement field in the interests of public health and to meet a critical need.

Thieves Stage Cold Burglary

Police reported that cold fingers must have been suffered this week by thieves who robbed a meat store in Camden, N. J. They departed with \$500, some butter and a couple of hams, which were all the "frozen assets" they could gather.

The money had been hidden in the store's meat storage refrigerator, and since it was well hidden its owner said, the culprits must have been well chilled.

In Sowing Flowers, Know When Growth Should Show

The fact that many flower seeds take considerably longer to germinate than vegetables is responsible for some failures by amateurs who sow them directly in the garden. Those which germinate quickly, are the easiest to grow in this manner. Among these are the following annuals, which should germinate in 5 days: Ageratum, amaranthus, anemone, candytuft, cardinal climber, centauria, clarkia, calliopsis, cosmos, cyglossum, dahlias, annual pink, helianthus, helichrysum, annual marigold, marigold, mignonette, four-o’clocks, Virginia stocks, viscaria, and zinnia.

Cosmos should germinate in five days.

Scabiosa takes ten days to show.

Datura (French Lily) needs fifteen to twenty days.

When, in addition to quick germination, a flower has large seed and colorful blossoms, it is bound to be widely grown and popular, because easy to grow. Marigolds and zinnias, which share with petunias the popular leadership, are fast growing, large seeds; yet petunias, which rival them in popularity, have the smallest seeds of any, take 10 days to two weeks to germinate and are seldom sown directly in the garden.

These small seeded, slow germinators are as easy to grow as the fast ones if they are started in a seed box. Success, in fact, is even surer, because of reduced hazards. But it helps to know how long you must wait after sowing for the sprouts to appear, and it enables you to sow varieties of about the same germination period in the same box.

Ten day germinators include acroclinium, pimpinell, anchluss, snapdragons, asters, balsam, brachycome, calendula, carnation, cerastium, cleome, cosmos, dimorphotheca, California poppy, gypsophila, lobelia, lupin, nigella, pansy, poppy, portulaca, scabiosa, tithonia.

Varieties which take from 15 to 20 days to show growth include begonia, datura, annual larkspur, godetia, impatiens, kochia, primula, salvia, salpiglossis, sweet peas. Of these, larkspur and salpiglossis do not thrive when transplanted, and can be grown from seed sown direct in the garden, if care is taken not to disturb the seed bed before they grow. This list of germination periods is not easy to obtain, as few catalogues or books give them. It will be a good one to keep.

D. D. T., Used Early, Kills Garden Pests from Ambush

Spraying and dusting the garden in time to prevent damage, which is the right way, will be much facilitated by the peculiar nature of D. D. T., the new insecticide, which promises to be a boon to amateurs, and to be plentiful this year.

D. D. T. is different in action from the older contact insecticides and stomach poisons. Insects had to be hit by the contact poisons, and it was not easy to hit leaf hoppers, for example, which swarmed up and flew away when you approached the plants they were destroying. Stomach poisons only affected insects which ate plant tissues, and left the juice drinkers unharmed.

But D. D. T. gets both kinds, by contact; only instead of hitting the insect direct it lies waiting on the plant until the insects walk over it, then with deadly effect it strikes, through the feet of the crawler. This “residue” may remain sufficiently on the plant for days, or months, depending on its strength in the first place, and its exposure to sunshine and rain, both of which shorten the toxic period. But in any case it remains effective far longer than the older poisons, requiring fewer applications.

A review of reports made by state experiment stations shows the following garden insects which are immune to the new killer: Red spider, Mexican bean beetle, and “some aphids.”

The insects against which it was said to be more effective than older materials included cabbage worms, European corn borer, pea and potato aphids, leaf hoppers of all kinds, the codling moth, canker worm, gypsy moths, Japanese beetles and the bark beetles which transmit the Dutch elm disease.

There are so many different kinds of aphids, that it will take a long time to determine just which ones succumb to D. D. T. and which do not. Meanwhile the home gardener can use rotenone, which kills them all. It mixes well with D. D. T. Fungicides also may be combined with D. D. T. without lessening the effectiveness of either.

D. D. T. is harmless to users, according to these reports, except when combined with oil, and then reasonable precautions make it safe. The form most recommended for garden use is a dust, from 3 to 10 per cent in strength, or a wettable dust which can be used for spraying, when mixed with water. Most of the garden tests were made with dusts.

Dust or spray your plants before insects damage them.

Of the older insecticides which D. D. T. threatens to displace, the chief one is arsenate of lead, which is more poisonous than the new material both to humans, and to bees. Some experimenters think that D. D. T. will replace all forms of arsenic, especially on potatoes and fruit trees.

Town in West Honors Quints

Fairbury, Neb., turned out almost 100 per cent this week to celebrate the first public appearance of its quintuplets, now 4½ months old. With a brass band playing, the quints paraded down Main street. The Fairbury quints are calves, and their names are United States, Russia, England, China and France. Each wore a white blanket with his name on it. France is the only heifer in the group.

The quints are the offspring of a shorthorn cow and a Hereford bull. When born, they weighed less than 200 pounds in all, and they were weaned on a diet of oatmeal and mixed feed.

Stirring Soil is Needed To Give Plants Ample Air

Cultivating the garden not only benefits the plants, but gives posture training to the planter.

Latest news from the experiment station front is that the age-old practice of stirring the garden soil, to create a “dust mulch,” after being attacked as useless by some advanced experimenters, is now proved to be necessary to prevent a crust from forming on the surface and excluding air. Critics had argued that stirring dried out soil instead of conserving moisture; and disturbed the roots of desirable plants, perhaps doing more harm than good. But Ohio State university, working on greenhouse crops, has developed new information about the role which air plays in soil; and the factors which seriously interfere with the frequent change of soil air.

change of air is prevented. When the soil is flooded air is driven from the soil, and if this condition continues too long, then the plants die for lack of air. All this supports the contention which most experienced gardeners have made, that whenever they stir the soil around their plants, to break up the surface crust, the plants immediately show improved growth. Whether cultivation helps conserve moisture, as well as aiding the free circulation of air, may be considered as still in question, though plenty of “dry farmers” insist that it does. These new developments in a really serious conflict of scientific opinion should encourage amateurs to cultivate often, and keep their garden soil, unless it is covered by a much, well, but not deeply, stirred. Deep stirring is not necessary, and may cause harm by disturbing roots, and drying out soil unduly. Shallow stirring after every rain, when the soil has dried out enough to crumble, will kill weeds in the sprout stage, and keep the dangerous surface crust from forming.

Every hour, the Ohio report says, soil air must be completely changed to a depth of eight inches, if maximum plant growth is to be had. This exchange is favored when the soil is granular (or coarse) and porous. Pores are the spaces between soil particles some of which should be filled with water, some with air. When the soil is compacted or forms a crust, free exchange of air is prevented.

Two-tone marigolds of Harmony type are favorites for border edgings.

no marigold called; others in which two species, called African and French (though all are actually Mexican in origin) have been crossed for the first time to produce hybrid strains, more lavender flowers of red coloring than were known before. Progress has also been made in the dwarf type, which is so useful for low borders along walks, or in front of taller flowers. At present, thus fill many roles in the garden, from background to foreground, and they bloom so freely that every garden should grow some.

The seeds are large and soft, easily sown in soil which is damp and cold. They should be sown directly in the garden, about the time that peas are sown. They should be sown in rows, and the soil should be covered with a thin layer of soil. They should be sown in rows, and the soil should be covered with a thin layer of soil. They should be sown in rows, and the soil should be covered with a thin layer of soil.

There are varieties which have no serious disease.

To Sow Seeds in Hills You Start With a Hollow

Hills are fixed points for planting, lined up and spaced equal distances apart.

When instructions say to sow seed in hills it does not mean to build a mound of soil and sow the seeds on top of it. Hills may be hollows in the modern garden; they are seldom elevated, except in sections where rainfall is heavy and drainage poor. To sow seeds in hills means to spot them at definite intervals some distance apart, instead of sowing a continuous row.

Plants often sown in hills are the vine crops — cucumbers, melons, squash — and those that grow very large or tall, such as sweet corn, bush squash and tomatoes. The procedure is to stretch a line, just as you would for seed drill, and along this mark the location of the hills at the proper intervals. Three feet or more should usually be allowed between hills, and at least as much between the rows of hills. Scoop out a shallow depression and mix with the soil at its bottom

Cover Flower Seeds With Soil That Will Not Crust

With flower seeds, even more than with vegetables, the depth to which they are covered, and the light, porous character of the soil that covers them, is of vital importance. The rule as to depth is that seeds be covered four times their diameter. This is obviously too precise for practical use, since some seeds are so tiny it would take a micrometer to determine the sowing depth. There is no need for such precision, but the practical way to proceed is merely to press the finest seeds into the soil and sprinkle just enough earth over them to cover the seed. For those that grow larger, a group of flowers, or a single plant is wanted in one place, the seeds just as you would when sowing vegetables in hills.

and it will pay in many cases to prepare a special soil for covering. Mix a third of your best top soil, passed through a sieve, with a third coarse sand, and as much peat moss, or humus from the compost pile. When flower seeds are sown in rows, fertilizer is best applied in shallow trenches in each side of the drill, just as with vegetables. But when a group of flowers, or a single plant is wanted in one place, then sow the flower seeds, and cover lightly with garden soil, or the prepared soil which has been described. Mark the spot with a stake, so you will not crush it over the seeds. The main point is to prevent a crust from forming, seeds sprout.

NOTICE! To All Taxpayers

in the Village of Grosse Pointe Park Wayne County, Michigan

The Assessment Roll for the Village of Grosse Pointe Park, Wayne County, Michigan, for the year 1946, having been compiled, a meeting for the purpose of reviewing of same by the Board of Review will be held on

Tues. May 14, and Wed. May 15, 1946

in the Council Chamber of this Village in the Village Hall, 15115 East Jefferson Avenue, Grosse Pointe Park, Michigan, from 8:00 A.M., to 8:00 P.M., of each day.

All those deeming themselves aggrieved by said assessment may then be heard.

 Speakers at the annual meeting of the Lutheran Women's Missionary League of Greater Detroit will include Walter J. Geffert, pastor of Calvary Lutheran church, Grosse Pointe Woods. This gathering, beginning at 1:30 p.m., will take place at Pilgrim Lutheran church, Chalmette and Quincy, next Thursday, May 16.

Miles N. Culehan, Congressional Candidate, Pledges Himself to Veterans' Cause

"Army service in two wars has given me a first hand appreciation of the paramount problems confronting the returning veteran in regards to a job, a home and future security" is the message to East Side citizens from Miles N. Culehan, combat veteran of World Wars I and II, and Republican candidate for congress from the 14th district at the primary election, June 18. "I believe only a veteran can know how other veterans feel about these, our most critical national issues today," continued Culehan, "and how to best solve them."

MILES N. CULEHAN

First, a financial penalty is placed on a veteran who enters a hospital under an existing legislation, because his compensation allowance is reduced, in spite of the fact that his absence from his family increases his fixed obligations, such as the maintenance of his home, insurance, and members of his household. This condition must be rectified immediately. Second, the government has failed wholly to date in its obligation to furnish adequate, or any, housing for the ever-increasing number of veterans who need it. Only one-tenth of one per cent of our veterans have been able to obtain approved housing loans, although the housing situation, resulting mostly from the countless thousands of new veteran families, throughout the nation, is the most serious problem facing our government today.

It is a shocking blow to our self-sufficiency to note that this failure to obtain adequate housing is in a ratio to the increase in crime that the major crime of the nation is steadily increasing. Culehan is available for consultation, or obligated to, any group or organization, politically or otherwise.

As your congressman, he will fight for legislation for the rehabilitation of our many disabled veterans, and legislation to assist our veterans to obtain the jobs, homes, and security we promised them and which they are entitled to.

He is an advocate of the immediate development of waterways to the sea to increase our world commerce and national prosperity.

He advocates that the government immediately declare the recent war at an end, thereby ending wartime restrictions on industry and labor—This would furnish another terrific spurt toward stabilized prosperity.

Culehan is favorable to compulsory military education, but is opposed, through practical knowledge, to compulsory military training as proposed under pending legislation. He favors an amended income tax to grant more family exemptions, including one for tuition for school children. He is opposed to socialized medicine or any other regimented restriction to personal initiative and individual enterprise, both basic reasons for the success of our democratic system of government.

It is his belief that the taxpayers burden could be lowered considerably by the discharge of thousands of officer personnel from our armed forces who find their military job in peacetime a soft berth compared with the return to private occupations and the necessity to earn a living.

Miles N. Culehan's slogan—"Jobs, Homes and Security" is being carried to thousands of homes throughout the East Side as a basis for the hopes of 50,000 East Side veterans for long overdue governmental action in their behalf.

Culehan is admirably qualified through training to represent all of the people as congressman. He is 45 years of age, a successful practicing attorney for 23 years, was assistant prosecuting attorney from 1930 to 1935 and chief assistant attorney general of Michigan in 1935. He was chief trial lawyer during his service as assistant prosecutor and obtained the convictions and convictions in the nationally famous "Loddingwood Massacre" case, which smashed the Purple Gang, and in the "Sisilanti Torch Murders," a horrible crime which appalled the entire nation.

Culehan lived with his family at 294 Somerset Avenue, Detroit, Michigan, from February, 1942, to February, 1944, and served for two years in Europe as

To Play for Mother-Daughter Banquet

LOUISE SAINSBURY

Principal speaker on the varied program planned by the Women's Auxiliary of Calvary Lutheran church, Grosse Pointe Woods, for its mother and daughter banquet on Friday night, May 17, is the well-known Detroit News poet, Ann Campbell, chosen several years back as Michigan's representative mother.

Highlights of the evening's entertainment will be the lovely voice of Joyce Schmidt, Grosse Pointe high school junior, and the keyboard artistry of Louise Sainsbury, graduate of the Detroit Conservatory of Music.

In charge of arrangements are Mrs. Edward Groth, general chairman; and Mrs. William Duell, entertainment chairman. Toastmistress for the evening will be Mrs. Henry Zahrt with Mrs. Robert Ziegler directing the children's portion of the program.

Radio Broadcasts Sponsored by Detroit Public Schools Used at Richard School

The radio has much to offer the school as a supplement to school work. It brings the school into contact with the outside world and can add greatly to the effectiveness of other teaching.

The radio also interprets the activities of the schools to the public and provides pupils with an opportunity to participate in broadcasting and listening.

Richard school has fine radio equipment and utilizes radio education on such subjects as the national program. The radio is used in the classroom to supplement the text.

Another popular program is "The School Music Hour" over WXYZ on Tuesday afternoon from 1:15 to 1:30. This is a series of vocal and instrumental music offered as a supplement to the regular program of music education.

On Thursday afternoon, 1:15 to 1:30, the program "Musical Youth" is offered over WWJ. In this program miniature concerts are given by vocal and instrumental artists from the Detroit public schools.

There are several local and regional broadcasts of material especially designed for classrooms which are not available over Detroit stations. Monthly bulletins were received from leading stations announcing new programs of special interest. Perhaps in the future more educational programs will be available for our listening pleasure.

Modern industry has cut down the farmer's mileage from 170 miles per month, caring for livestock, to 35 miles.

VFW Post No. 995 Sets Buddy Poppy Goal at 10,000

A goal of 10,000 Buddy Poppies for his Post at the annual sale in May this year, was announced today by Commander Julius A. Stork of Veterans of Foreign Wars Post 995.

Commander Stork also disclosed that the Post's Buddy Poppy committee this year will be composed of George J. Tilton, Sr., chairman; and Tom Reed, co-chairman.

This year, Commander Stork said, the Veterans of Foreign Wars is making 20 million poppies to be sold by VFW Posts throughout the nation prior to Memorial Day. The flowers are made by disabled veterans of both World War I and II in Veterans Administration hospitals. They are paid for the work, thus providing them a means of earning money, while the work itself has the hearty approval of hospital authorities as an invaluable form of occupational therapy.

Commander Stork said the Buddy Poppy chairman will choose other members to help plan the sale. Post Adjutant Bob Soldatt; Post Quartermaster Ted Schroeder; and Commander Julius A. Stork are ex-officio members of the Buddy Poppy committee.

The VFW devotes the entire proceeds from the sale of poppies to the service work of the organization. This includes the Post's service activities in aiding distressed and disabled servicemen and their dependents; the national organization's rehabilitation and welfare program; and maintenance of the VFW national home at Eaton Rapids, Mich., for widows and orphans of veterans.

Farms Police to Enforce Village Dog Ordinance

E. Bolo, Grosse Pointe Farms acting police chief, promises strict enforcement of the dog ordinance which requires all canines to be licensed each year beginning May 1.

Before a license can be obtained, the dog must be vaccinated against rabies. This vaccination must have been given in the current year.

Last year Grosse Pointe Farms issued 650 licenses and Chief Bolo asks the residents to cooperate with the police department by obtaining the license immediately for fido; this ends the necessity of issuing violation tickets. By complying, the citizen also avoids embarrassment, annoyance and the possibility of being fined for violation.

Application for licenses must be made at the village clerk's office, 90 Kerby road, during the office hours, 8:30 a.m. to 4:30 p.m.; Saturdays until 12 noon.

Representative Rabaut Raps State Dept. Practices; Recommends Cut in Funds

Developed during the C. Rabaut, Democrat of Michigan, this measure indicated that all of the chiefs of mission, who are presumed to be familiar with the philosophies and thinking of the countries in which they are located, are not in full accord with the program, a few approving the program in part and a small number not favoring the program at all.

Also, Rabaut said that he is, "not satisfied with the types of books which have been and are proposed to be distributed by the division of libraries and institutions. Many of them do not represent the American viewpoint at all and at times border on ideologies and philosophies which never have been considered a part of American life."

In particular, the committee recommended the discontinuation of the magazine currently circulated in Russia, with a distribution at 10,000 copies per month. The report stated that, "it is not believed that this publication, selling at 10 rubles, or approximately 80 cents per copy in United States currency, is reaching the type of individual that it is intended to reach, in addition to being distributed in a very limited area."

Legion Offers Six Amendments to 'Pay for Enlisted Men' Bill

Recommended by the American Legion, six amendments to the bill offered by Rep. Dwight L. Rogers of Florida, to provide terminal leave pay for enlisted men will be considered when the measure comes up for action in the house early this month. These amendments are as follows:

1. Extend period in which application of discharged veterans may apply from 90 days to one year after enactment of the law.
2. Lump sum payment of pay and allowances on honorable discharge.
3. Pay to be computed at the rate of base pay plus longevity pay.
4. Allowances for quarters and subsistence to be not less than 70 cents per day. (This is the usual subsistence given enlisted men on leave).
5. Payments not assignable. Exempt from taxation, claims of creditors, including the United States and not subject to attachment, levy or seizure by any legal or equitable process whatever either before or after receipt by payee.
6. All amounts go to family of individual who dies before receiving lump sum payment.

Quick action on the bill was assured when the Legion's national legislative committee urged all congressmen to sign House Petition No. 23 to discharge the committee on military affairs from further consideration of the measure. The necessary 218 signatures were secured April 17 and under house rules the bill will reach the floor May 13 when the author will move for immediate consideration and the Legion amendments will be offered.

Among the 218 congressmen who signed the house petition were seven from Michigan: Fred W. Stewart, Representative; Carl F. Bohner, Rette J. Johnson, Frank J. Beck, George G. Packard, William W. Bonner, Louis C. Kasart and Roy O. Woodruff.

MICHIGAN AND THE OLD NORTHWEST

The habitants were chiefly employed in trade, with its basis in furs.

Dwelling on a ribbon farm, a family might also have a house inside the fort.

The habitants were gay and high spirited. River racing was a winter sport.

Old folk yarns and frontier gossip or singing were after-dark diversions.

BY LUKE SCHEER
EDITED BY MILO M. QUAIFFE

Dolls, Stoves and New Toys Occupy Mason Children's Minds and Hands

The children of all three kindergartens at Mason school were delighted beyond measure at the sudden appearance, in their different rooms, of a number of new toys. The new toys were made possible through the kindness and generosity of the P-TA mothers who gave a bridge party for that purpose.

The little girls in Mrs. Irene O'Reilly's room are busy caring for a precious new baby doll whom Mr. LaDuke, their friend, named, "Lullie." An attractive highchair was purchased also and in it Juliet proudly sits while her many dotting mothers feed her imaginary cereal in lovely new plastic colored dishes.

Miss Dorothy Swett's children are happy over a new maple doll bed complete with mattress and pillow. As their recent interest has centered around washing and ironing doll clothes, a much needed ironing board and clothes basket was provided. New dishes also appeared in their doll cupboard.

Miss Estelle Quigley's boys and girls are busy preparing make-believe foods for the family meals on a new cook stove of the latest model which now graces their play corner. Their other presents include new dishes and a chubby little girl doll whom they call "Estelle."

Any fourth grade girl at Mason school who has proven that she is a responsible person, may be selected to join the Service Girls' club. The present membership includes 21 girls, chosen from the three 4A classes. They have special rules, aims, duties and officers. These duties rank in importance with those of the Boy's Safety Patrol. Meetings are held under the guidance of Mrs. Cleverdon, one of the 4A teachers, but the activities are usually managed by Merwyn Keys, captain, and Joan Marks, her lieutenant.

Recently the girls presented a program at the Mason council meeting, it consisted of an interesting, original skit, describing the work of the club. The girls closed the program by singing an enjoyable song, written by the members of their group.

11:00 a.m. Morning worship.
"Our Estimate of Mother" constitutes the theme of Sunday's sermon. This Mother's Day service will include a musical setting of "A Mother's Day Prayer" by Henry Van Dyke as sung by the boys and girls of the Junior Choir.

U. S. Army Stocks to Lick Japs Now Bring Aid to China Through UNRRA

Washington, D.C.—The vast stores of U. S. military surplus in the Pacific to be used to vanquish the Japs will help revive China's shattered economy.

A joint mission of representatives from UNRRA and the Office of the Foreign Liquidation Commissioner, representing the buyers and sellers, is now surveying these surpluses. UNRRA expects to procure between \$25,000,000 and \$100,000,000 of these stocks for peacetime use in the Far East.

Heading the list of supplies sought is transportation equipment, particularly for water transport. The urgency of transport repair is increased by the need to move relief supplies into the interior before tens of thousands starve.

China is confronted with a critical coastal and inland shipping shortage, which virtually blocks her main arteries of trade and transportation. During the war, more than ninety per cent of the country's water transport facilities were destroyed, and more than three-fourths of the tonnage engaged in coastal and lower-river trade, which handled mass transportation of both passengers and goods.

An adequate fleet of river steamers and other powered craft is urgently needed, particularly on the Yangtze, which is said to carry half of China's commerce. A steamer can transport thirteen and one-third times as much freight per year as the junk, and deliver each shipment in one-eighth the time.

With the aid of equipment obtained from surplus military stocks, it is planned to get Yangtze river transport operating from Shanghai, with smaller operations centering at Kowloon-Canton. Among the equipment UNRRA hopes to obtain are LCM landing craft, LSM and

Edison Company Gives Statement on Coal Situation

"We are issuing this statement because of several press and customer inquiries about the present coal shortage and how it may affect Detroit Edison customers. The questions usually asked are: How many days' supply of coal do you have and when and how will electric service have to be reduced?"

"Whether and how much electric service is restricted depends on how long the coal strike lasts, on the amount of coal that we have and on when our larger industrial customers in this area begin to shut down or reduce operations because they lack process coal and raw materials such as steel.

"Such shutdowns are bad news for the area but they will decrease the use of industrial electric power and so stretch out the electric-coal supply for household and other uses. Until this situation is clearer we cannot give a true or very significant estimate as to the days supply of coal. We have been talking to these larger industrial users so as to better estimate the coal situation and to enlist their help in all practical conservation of the electric-coal supply. If it becomes necessary we would not hesitate to ask industry to shut down to avoid any interruption of essential services vital to health and safety. That time has not yet arrived. Before it does we will also ask for the elimination of commercial, display and other lighting such as was done in the wartime brown-out. Meanwhile any voluntary reduction of electrical use will help some and as soon as it appears that drastic cuts in electrical use are necessary, our customers will be advised.

"While there is cause for concern, we are doing all we can to meet this situation. The purpose of this statement is to inform but not alarm our customers. We plan now to issue another statement on the matter later this month unless by that time the strike has been settled and coal shipments are again moving."

'Regulations is my meat - I break 'em'

NEW KIND OF PROHIBITION
This country is now having another period of Prohibition. But this time it is not prohibition of liquor—it is Prohibition of Opportunity—Prohibition of Honest Enterprise.

If you want to start or run an honest business there are so many rules and regulations and taxes and other government-inspired headaches that it is all just too much trouble.

Just as liquor prohibition produced a breed of bootleggers, this era of Prohibition of Opportunity is putting many people out of business and producing a tribe of blackmarketeers, profiteers, law-breakers, cheaters, tax dodgers and skinnifers.

Too much Prohibition of any kind creates nothing but crooks and cheaters.

QUOTES OF THE WEEK

"A smiling America is a happier, stronger America."—Jay Burton, Washington, D. C., promoting "National Laugh Week," April 1-6.

"The war is over, and babies have fewer diapers than ever. This is serious."—C. A. Cannon, Kannapolis, N. C., textile mfr.

"Price control at present is unfair and unworkable."—Ralph E. Flanders, pres. Federal Reserve Bank of Boston.

"The danger is that collectivists will seek to fasten on us for an indefinite period the so-called temporary economic controls."—M. S. Rulkyser, economist.

"I still feel able to give the people of Kansas as good a chance as ever."—Senator Arthur Capron, on being 80.

INCORRECT VERSION FOUND IN RECORDING HISTORICAL BRITISH EVACUATION OF DETROIT

(EDITOR'S NOTE: This is one of a series dealing with myths and inaccuracies in Michigan's history, some of which have persisted despite disclosure of the real facts.)

Aan Arbor, Mich. — British troops did not destroy public property before evacuating Detroit in 1796, according to F. Clever Bald, war historian of the University of Michigan. He says the story is an example of the numerous myths which distort Michigan history.

Bald indicates the incorrect version of the British evacuation in accordance with the terms of Jay's Treaty first was published in 1839 and was repeated, with variations, by at least 10 writers in subsequent years.

"The myth has done a great deal of harm in keeping alive American animosity towards Great Britain," Bald says. "The correct account of the incident was published in 1915, but three histories of Detroit published after that date repeat the fictitious story."

One historian wrote that Detroit was vacated by the British after the wells had been filled with stones, windows broken and the gates of the fort locked.

General Wayne, commander of American troops taking over the fort, reported it had been surrendered in "the most polite, friendly and accommodating manner." The general was so pleased with the British attitude that he ordered a ship's captain going to Mackinac to transport British troops on the return trip, Bald says.

Another indication of friendly relations existing between the British and Americans was the lend-leasing by the British of 20,000 pounds of pork for the American troops, Bald indicated. It was stipulated that the Americans would repay the loan in fresh beef after the weather became

Baby Signed for College

Current overcrowding of American colleges was stressed this week in the registration of a six-weeks old baby for the freshman class at Loyola college, Baltimore. The foresighted parents are Dr. and Mrs. Louis T. Pratt. They have heard too much talk about growing college enrollments and they are taking no chances that Louis, Jr., will have no classes to attend.

So far the baby's days have been busily spent getting acquainted with the world and catching up on his sleep. His full schedule has not allowed him to get out to the school to look over the campus. However, if contented gurgles mean anything, he is pleased with the selection, his parents said.

Tire Costs Down

Today's synthetic rubber passenger car tire contains half again as much material as its natural rubber predecessor of 25 years ago, gives nearly 2 1/2 times the mileage and yet costs the consumer about one-third less, a rubber manufacturer reports.

NOW!

IS THE TIME TO GET RID OF THOSE UGLY

WEEDS

Use 2, 4-D

A NEW DISCOVERY

Science has at last developed a new and amazing chemical called 2, 4-D to EASILY and INEXPENSIVELY KILL DANDELIONS and ALL BROAD LEAF WEEDS.

Results are amazing and almost unbelievable. 2, 4-D sprayed on the lawn in the PROPER SOLUTION does the trick.
