This Is The Way To Go To School

Varied are the means of transportation bringing Grosse Pointe High pupils to school on time. At the left Ray Schumann of 1434 Balfour finds his motor scooter gets him to his 12A classes. Center, King, 12B student, has steady customer Marion, 9B, who is away from their midget car. Dick Chalmers, Detroit, arrives to catch an extra 40 winks of sleep in the morning now. At the right, Harriet Hunt of 907 Bedford Road anticipates no tire or engine troubles from her wooden go-car. Besides it helps keep her in trim.

POINTE PARAGRAPHS

Mr. and Mrs. Edward A. Vogt, 687 University Place, have received a newspaper picture of their son Dr. E. G. Vogt, Ph. D. showing him with his wife and little daughters Sally and Sue camping in a tent on the campus of Washington State College at Pullman, Wash.

When Dr. Vogt arrived at the college, where he is professor of chemical engineering, he could find no housing for his family—so, he took to the tent. Three days later the family was given accommodation in a college dormitory pending completion of their new pre-fabricated home.

A graduate of Grosse Pointe High School in 1926, Dr. Vogt completed his education at University of Michigan.

Policemen in the City aren't the only ones who have been painting recently. . . new parallel parking lines. . . an expert black on white job on the Grosse Pointe Congregational Church sign, Kercheval and Cadieux, was executed by none other than Rev. Charles W. Scheid, pastor of the church.

Speaking of the new parallel parking in the City business district, many motorists have exclaimed, "the street seems twice as wide." Certainly movement of traffic through the zone has been greatly facilitated, especially at the five to six o'clock heavy traffic hour.

Two distinctly different long-to-be-felt shortages are bound to develop from Truman's "There's plenty of meat" slogan.

Ballot 1013-190 to OK Purchase of Lakefront Site

The forty-three acre park site, purchase of which was approved by Grosse Pointe Woods property owners Monday by a vote of 1013 to 190, will be cleaned up as soon as possible and prepared for winter use for skaters, Alois A. Ghesquire, president of the Woods Commission said today.

Woods taxpayers also voted overwhelmingly, 1087 to 113, to authorize the financing of additions and improvements to the sewer system of the village through a \$90,000 bond issue.

League Hails Woods' Vote to OK Park

"The Grosse Pointe Woods Civic League is extremely gratified at the splendid turnout of voters who so overwhelmingly voted for purchase of the lakefront park site," Harold O. Love, director of publicity for the League said today.

"We feel that the large and favorable vote was due in great measure to the work of the League," Mr. Love told The Review. "Members of the League had distributed handbills and canvassed homes in the woods over the week-end, but the results were indeed gratifying."

"The Commission will go right ahead with the sewer improvement project, most of the engineering for which has been completed," Mr. Ghesquire said.

The Commission will now enter into a contract with the Detroit Edison Company for the electric underground cables and standby service and will ask for bids on other phases of the sewage improvement project, he said.

Purchase of the lakefront park site from Mrs. Edsel Ford will be completed shortly now that the voters have given such a definite decision, Mr. Ghesquire said.

Balance of the purchase price will be paid as soon as details are completed. Total price is \$60,000 and \$1,000 of it was paid when the Commission took an option on the site.

The bond issue voted upon was for \$72,000, which includes the purchase price, \$2,000 for share of repairs, taxes for

Study Group Picks War Memorial

The Permanent War Memorial Study Group of Grosse Pointe announces with great pleasure the names of the three winners of the contest for the best suggestion for a permanent war memorial.

The winner of the Resident Group is Kenneth L. Moore, of 422 Neff Road; the winner of the Veterans' Group is Samuel P. Shepard, of 776 Loraine Avenue; and the winner of the Student Group is the student body of St. Paul's School, 170 Grosse Pointe Boulevard.

Chief Stresses Fire-Safety in Construction

The Chief Inspector today cautioned property owners in Grosse Pointe Park, who plan to remodel their homes, to use fire-resistant materials and sound, fire-safe construction.

"Grosse Pointe Park needs more new living units, especially for veterans," the Chief declared. "But let's be careful, in our zeal, to see to it that we build homes and not mere fire-traps.

The roof exterior and interior walls, as well as floors, ceilings, doors and partitions should all be planned and constructed with an eye to fire-resistance and preventing the spread of fire. This is particularly true of the roof, which is vulnerable to sparks unless it is constructed of asphalt shingles, or similar fire-resistant materials.

"Interior fire-stops at the floor and wall intersections, masonry partitions for basement furnace rooms with fire-resistive ceiling construction above, and proper insulation to lessen the chance of furnaces overheating during periods of extreme cold are other protective measures that should be kept in mind by the property owner planning to remodel or repair his home."

Classes to Start Monday in Veteran's Institute

Final plans have been completed for the operation of a Veterans' Institute by the Grosse Pointe Board of Education. Evening classes 7:00 to 10:00 P.M. will begin next week in the high school building.

Any veteran eligible for training under Public Act No. 346 is eligible for enrollment. He need not be a resident of the school district. The veteran may take work for credit or as refresher work in the areas of English, mathematics, social studies and physics.

Vincent Peterson, Field Counselor, will be in direct supervision of the Veterans' Institute. "One of the chief features of this program is that a veteran will be permitted to progress at his own rate," Mr. Peterson said.

Veterans who plan to take work in the Institute should complete their registration previous to the first meeting of their classes. Registration can be completed with Mr. Peterson in room 141 of the high school building at any of the following times:

Oct. 3-7:00-9:00 p.m.
Oct. 4-9:00-11:00 a.m.
1:00-4:00 p.m.
7:00-9:00 p.m.
Oct. 5-9:00-11:00 a.m.
Oct. 7-9:00-11:00 a.m.
7:00-10:00 p.m.

If the cost of the veteran's training is to be paid by the Veterans' Administration, then the veteran must present evidence that he has filed Form No. 1950 with the Veterans' Administration. This form is the application for the letter of eligibility.

However, if the veteran prefers to pay for his training himself rather than use his GI benefits at the present time, he must present evidence to show that he has been a member of our armed forces. The cost per veteran will be 50 cents per clock hour of enrollment in each subject.

In the case of a veteran who is paying for his own instruction, such payment must be paid at the beginning of each month.

Classes will meet according to the following schedule:

COURSE	Evening	Hours
English III & V	Tues.	7-9
English IV & VI	Wed.	7-9
History I, II, V, VI	Thur.	7-9
Economics	Fri.	7-9
History III & IV	Mon.	7-9

Plane Geometry I, II	Fri.	7-10
Solid Geometry	Fri.	7-10
Trigonometry	Fri.	7-10

Veterans who have additional questions concerning their Institute program or related problems should call Mr. Peterson at Niagara 2000.

Remember?

Eight automobile thefts were solved with the arrest of two Grosse Pointe City youths. Another lad, resident of the Park was later implicated in the thefts.

Initial announcement of the program for the 1945-46 lecture season at the High School was received with enthusiasm by residents of this area.

Cupid, one of the younger crowd's popular hang-outs was ticketed for violating the closing hour ordinance.

The proposed traffic signal for Cadieux and Jefferson was deemed unnecessary by local and Detroit traffic officials.

S/C Charles E. Toeppe participated in the early days of Jap occupation. Lengthy letters home gave vivid accounts of the first days of American service-men's arrival in and around Tokio, and the Jap's reaction to their coming.

Six schools in this location offered adult education courses.

The Cottage Hospital observed twenty-five years of service to this community. The hospital was the fulfillment of a dream for the good of humanity.

Dog Days Upon Farms Police

These are the dog days for Grosse Pointe Farms Police. Twice during the past week the officers have been notified of boys having been bitten by dogs.

The victims were Joseph Muer, 10, of 255 Kenwood road and Jack Goodman, 16, of 1858 Country Club Drive.

Police warned the owners to keep the dogs tied for 10 days.

Youths Fined For Breakage

John Sarvis, 17, of 904 Lakepointe, and McNeil Fraser, 17, of 625 Washington road, were fined 35 and 10 cents when they appeared before Justice Leslie P. Young in Grosse Pointe City police court.

The pair, along with two juveniles, were found guilty of breaking store windows on Fisher Road August 17.

The juveniles were brought to court to hear the sentences given the older boys on the disorderly conduct charges. The younger pair were warned by police and allowed their freedom.

Sergeant Returns from Conference

Sgt. Fred Schanbeck of the City of Grosse Pointe police department and Mrs. Schanbeck returned from Washington, D.C. Sunday. Sgt. Schanbeck and Arthur Westphal of Port Huron, represented the Michigan Association of Weights and Measures at their national conference at the Mayflower Hotel.

Sgt. Schanbeck is the Weights and Measures official for the City of Grosse Pointe. He is also on the executive committee of the state association.

Officers Complete Details for New Lecture Series

A meeting of the officers of the Grosse Pointe Lecture Series was held this past week to straighten out details concerning not only the popular Tuesday evening series, which will start Oct. 22 with Dr. Phillip Cummings as the speaker, but with the new Sunday afternoon Travel and Adventure Series starting Nov. 10.

The pictures to be presented in this series are in color and are not only beautiful to look at but are educational in nature. This series should be of interest to all members of the family.

The following pictures will be presented: "Blue Grass and Blue Roads of Kentucky" with Edward Cammisch, "We Live in Alaska" with Karl Robinson, "Mexican Holiday" with Robert Priers, "Sheep Stars and Solitude" with Francis Raymond Lane.

Following Dr. Phillip Cummings, Honorable Karl E. Mundt, Dr. Ruth Alexander, and Colonel Melvin Purvis are scheduled to appear on the Tuesday evening series.

Mrs. Alger Sheldon, Mrs. Charles Ellis, Mrs. A. Edward Wilcox, Mr. Henry Horn and Mr. Forrest Geary attended the meeting and urge all those who have not already made reservations to do so at once, by calling the Grosse Pointe Board of Education, Niagara 2000—ext. 25.

Driver Fined

Anthony Russo, 2206 Pennsylvania, Detroit, was fined \$5 when Justice Leslie P. Young found him guilty of reckless driving in Grosse Pointe City police court.

Russo was involved in a five-car accident on Fisher near Maumee on September 22.

Hit and Run Driver Fined

Daniel Simmons, 583 University Place, was fined \$75 and costs of \$10 when he was found guilty of leaving the scene of an accident when he appeared before Justice Leslie P. Young in Grosse Pointe City court.

He was placed on probation until damages were paid on the cars he struck.

Simmons' car collided with one driven by Hugh E. Symons, 430 McKinley Road, Grosse Pointe Farms, and then into a second car owned by Mary Kremen of 503 St. Clair, on Kercheval, between St. Clair and Neff on Sept. 12.

The accused was arrested at his home a few hours after the crash.

Angle Parking Spaces Marked

Police Chief Thomas V. Trombly of the City has asked motorists to cooperate by obeying the traffic ordinance providing for angle parking on the south side of Kercheval avenue in the business district between St. Clair and Cadieux. The parking lines have been drawn on the pavement.

Footprint - - Not Fingerprint Leads Police to Young Thieves

Not fingerprints but footprints led to the arrest of a Grosse Pointe juvenile who is now in custody on a charge of larceny from a car. His companion, a Detroit juvenile, who confessed to helping steal four pairs of sun glasses and two pairs of Air Corps glasses from a car parked at Neff and Mack on Sept. 22 has been released with a warning.

The boys took the glasses from the glove compartment of the car owned by E. Diebel of East Detroit. They failed in an attempt to break the front window of the car but left a heel mark on the dust on the glass bearing the letters "IG FOUR."

End Course

Officers Douglas Allor and George Moffat of the City Police have completed a sixteen-week police school course conducted by the FBI under the sponsorship of the Southeastern Michigan Police Chiefs Association.

"WE LEAD, OTHERS FOLLOW"

WOODS SHOWS WISDOM

Grosse Pointe Woods now need not take a back seat to any contemporary community on the lake-front park score, as definitely decided in Monday's special election.

Yeoman work upon the part of the Woods Civic League is deserving of a full share of credit in the overwhelming majority given both propositions on the ballot.

It was the Civic league which "discovered" the availability of this parcel from the Edsel Ford estate and that group followed through the punch.

Far-sighted Woods taxpayers gave a comfortably convincing majority also to the bond issue for sewer improvements. Sights of the Commission, as well as electors are logically trained upon the growth, development and improvement of that municipality.

In making their village a better, happier place in which to live, once again the Woods showed wisdom.

ESPECIALLY FOR YOU

With the opening of a greater Grosse Pointe Lectures season little more than two weeks away, the community begins to look forward to a program easily acclaimed as the "finest program in America, today."

As a non-profit community project, the series has enjoyed a remarkable patronage and the highest degree of appreciation of any activity in this area.

This year in addition to the usual Tuesday evening series, now starting its fourth year, a Sunday afternoon series of four illustrated travel and adventure colored films will be presented in Pierce auditorium.

Seldom is a community given an opportunity to enjoy such stellar attractions within its own boundaries. It has been made possible only through the foresight of a culturally-minded populace.

And so it is with the highest degree of appreciation that the community turns to these two great programs.

National Employ the Physically Handicapped Week, October 6-12

"Hire the Handicapped — It's Good Business!" is the national slogan for the week of October 6-12, set aside by joint resolution of the 79th Congress and proclaimed by President Truman as "National Employ the Physically Handicapped Week."

Why?

Because today, a total of 225,000 disabled veterans and 75,000 physically handicapped non-veterans are seeking jobs through 1800 U.S. Employment Service offices throughout the nation. Of that total, some 14,000, of whom 8900 are veterans are registered in Michigan's branch U.S.E.S. offices, according to O. K. Fjelstad, State Director of the USES.

Because an estimated two million living casualties of World War II, are now listed on Veterans Administration records, in and out of crowded hospitals. As they are discharged to civilian life, they want jobs for which, by the way, they CAN qualify.

Each year an estimated 130,000 workers are victims of industrial accidents. Added to these are more thousands injured in traffic, on farms and hills engaged in recreation. Put down more thousands of disease and sickness victims who survive with impairments that affect their employability by forcing them to learn new skills, seek new fields of occupations. Today the nation's

Leaders Being Schooled

Deanery officers and district chairmen in the forthcoming membership crusade "More Men for Christ" of the Holy Name Society, are being schooled in talks to stress the benefits of membership on those who will act as "Visitors" throughout the Archdiocese.

Probably the chief benefit to be derived from membership in the Society is the excellent Catholic example displayed to one's family, friends and fellow parishioners.

Memorial Contest Winners

(Continued from Page 1)

I devoutly trust that it will be used for a useful building and not simply for a monument however beautiful.

Grosse Pointe has two excellent hospitals, a number of fine schools with playgrounds and ample athletic fields. Necessary additional schools for the immediate future were provided for financially at a recent election. The outstanding community need of our five municipalities is an adequate and centrally located library.

There is something inherently fine and dignified about a library that makes it peculiarly appropriate as a memorial. A library not only has permanence — it lives and grows; its only limitation as to beauty is the ability of its architect and the funds at his disposal; it serves every member of the community over six years of age; and the demand for books and the use made of service libraries by members of our armed forces during the war make it appear as most suitable memorial for those who did not return.

Our present library is one wing of the Pierce Junior High School. It is a pleasant room which, together with the small adjoining stacks accommodate about twenty thousand volumes. It is in the extreme corner of a community two miles wide and extending more than six miles along Lake St. Clair.

The temporary frame buildings, which have for some years housed the City Branch of our library, must be torn down. They contain some eight thousand volumes which will overflow the Quonset hut proposed as another temporary library. The remaining two thousand volumes of the Grosse Pointe Library system are in the Woods branch in a small store on Mack Avenue, a few in the Farms municipal building and the balance in the bookmobile.

The Board of Education deserves all praise for the facilities which it has provided, but they have been, after all, wholly secondary to its main business of providing an education for our children. Both the number of volumes in our libraries and their housing are entirely inadequate for a community of more than forty thousand people.

Grosse Pointe, to be on a par with cities of its size throughout the country, should have in its library and branches eighty thousand books against the thirty thousand that we have. This is not due to a niggardly budget but to there being no place to put more books, if they were bought. A total of forty thousand dollars, thirty-four thousand of it from local taxes, will be available for our library system this coming year. According to accepted library standards reasonably satisfactory facilities could be furnished for sixty thousand dollars a year, but it can not possibly be done until we have a main library building.

We are proud to say, and I believe rightly so, that our schools are better than those of Detroit. Why, then, are we satisfied with definitely second rate library facilities?

The Board of Education has a fine location for a central library at Kercheval and Fisher Road which I might well provide free of cost to a War Memorial. It would not in the least infringe on the space needed for the High School Athletic Field. This Board, on the other hand, can not be expected to provide the building as its schools are overcrowded and seem likely to continue so, in spite of addition.

al revenue for buildings recently made available.

Most projects that might otherwise serve well as a Memorial, would raise a knotty question as to cost of operation and maintenance. Only in the general use of the name Grosse Pointe and in our schools are the five municipalities joined as one community, and prepared to give financial support to a common project.

The operation of a library, however, is entrusted by State law to the Board of Education, which would surely consider the necessary increase of the library budget a small matter as compared with escaping the eventual necessity of providing the capital funds for a main library building.

Returning for a moment to the uncertainty as to the sum of money that may be raised, it is obvious that a library may be fitted to the amount that becomes available. The size of the initial building is not of primary importance, but only that its appearance be satisfactory as Memorial and that it be well planned and built. Wings may be added as they are required and when further funds are available.

The tax-supported public library is an institution which originated in America and it is here that it has attained its highest development. It is not an overstatement to say that it is essential to the proper functioning of a democracy.

Most of us think of the public library only as a convenient place to find recreational reading. How much more than that the great city libraries of the country have become may be discovered by reading such a report as was published last December by Mr. Ralph A. Ulveling, Detroit City Librarian.

In closing I quote from his report: "The Public Library is the agency in our educational system which traditionally has the responsibility for promoting and guiding adult reading and study. More than ever before there is a need now for widespread knowledge on all public questions. No longer are we securely protected from international disaster by geographic isolation, or from economic crises by a wealth of untapped natural resources. With a fabulous national debt which will levy economic burdens never before known in this country, with the development of bombers which can 'stack any sky' and return to a friendly base, and with atomic bombs which are in their infancy have become a dread to nations, we cannot longer risk survival by mass guessing. The need for education of adults on problems confronting them at this time cannot be questioned. It is a national necessity."

On July 12, 1946 Mr. Moore submitted the following additional data dealing with the cost of a recreational building: "The suggestion has been made to your committee that an athletic field house would be the most desirable war memorial for Grosse Pointe.

It seemed likely to me that the cost of such a field house would be far in excess of the sum of money that might be raised in Grosse Pointe. I made inquiries in this connection and thought the information I got might be of use to you in determining the advisability of such a project.

The Case Memorial Cage of Phillips Academy, Andover, Massachusetts, was erected in 1913 at a cost of \$125,000. Its interior dimensions were 150'x150'. A rough estimate of the cost of

the same building today based on conversations with Mr. Saulson of the Albert Kahn office and Mr. Lineweber of Smith, Elchman and Grylls would be \$300,000.

The Yost Field House at the University of Michigan, built in 1925 when building cost was considerably higher than in 1923 but obviously a much more elaborate building than that at Andover, cost \$355,000. Mr. Lineweber's estimate of its cost in 1946 is \$610,000.

(Editor's Note: Contributions from Mr. Shepard and from St. Paul's School will appear next week.)

Farms DAR Schedules Talk on Election

Elizabeth Cass Chapter of the Daughters of the American Revolution, Grosse Pointe Farms, will open the fall season Monday with a luncheon at the Women's City Club.

Mrs. Dwight T. Randall, regent, will preside at the business meeting and program scheduled for 1:30 p.m.

Guest speaker will be Mrs. Donald S. McGuire of the League of Women Voters. Her topic will be "The Coming Election."

Delegates to the regional conference at Mt. Clemens will give their reports, and delegates will be elected to the National Continental Congress in Washington.

The newly elected officers, besides Mrs. Randall are, Miss Elise A. Phinney, vice regent; Mrs. James D. Jeffrey, chaplain; Mrs. George E. Neal, recording secretary; Mrs. Eugene S. Smith, corresponding secretary; Mrs. Frederic A. Fairbrother, treasurer; Mrs. Donald M. Carson, registrar; and Mrs. Jesse W. Shields, historian-librarian.

The pavement sealing program in Grosse Pointe Farms, 1946 was reduced due to the shortage of materials (tar and stone) and where engineering officials planned to cover 56,000 square yards of Village streets at a budget cost of \$3,520, they were only able to get sufficient material to cover 35,400 square yards at a cost of \$2,650.

Time ran out last Saturday afternoon at Ferndale when Grosse Pointe's Blue Devils were in pay dirt territory.

With four minutes to go—Grosse Pointe took the ball on their own twenty and rushed and passed down to the Railsplitters four yard line when the final gun cracked, giving Ferndale a 9 to 6 victory.

Royal Oak Next Eleven on Blue Devil Schedule

Saturday afternoon the Grosse Pointe Blue Devils begin their campaign for the Border Cities Convention title at Royal Oak high school stadium at 2 p.m.

With the experience of a game under their belt, the Devils are pointing for victory over the Oaks.

In spite of last Saturday's loss, Wernet is well pleased with his squad's blocking and tackling and expects that first game jitters will have dissolved and his charges will really go to work on Royal Oak.

Out to end a four year victory famine for the locals are Mumford, Patterson, Werker at ends; Cherpelis and Brabb at tackles; Bady, Dewey and Drew at guards and Allen at center. Any combination of this forward wall may start against Royal Oak Saturday and are capable of giving a bad afternoon to the Oak's backfield.

Probable backfield starters are veteran Isbey at lb. with Champine as his running mate, Rummel at quarter and Serra or Gearhard at fullback.

What is this Healing Prayer?

THE practical results of Christian Science have impressed vast numbers of people, including many natural scientists, clergymen, and physicians. The Christian Science textbook, SCIENCE and HEALTH with Key to the Scriptures by Mary Baker Eddy

fully explains the prayer, the manner of thinking, which produces these results—heals the sick, supplies the needy, binds up the brokenhearted, releases men and women, whatever their present position, into greater usefulness, security, and satisfaction.

The book is enabling people in all walks of life to prove Jesus' words, "Ask, and ye shall receive, that your joy may be full." A book for everyone to understand and use. 3.50

Teachers Ballot Against Sales Tax Rebate

Following recent meetings of the Local Federation of Teachers group, members of the organization were polled on the question as to whether or not the proposed Sales Tax Rebate Amendment should be adopted. Discussions pro and con were held at the meetings and the

group voted 96% in favor of voting against the proposal. Some of the arguments against its adoption were:

1) The amendment is poorly drawn and contrary to all sound principles of economics and government. It implies acceptance of the sales tax by incor-

porating specific reference to it in the constitution. It trenches the sales tax still more firmly in our tax structure, by giving local governmental units and schools a vested interest in it. Legislators, cramped for funds, might raise the sales tax rate, levy additional taxes, or pass legislation aimed at restricting the effectiveness of the amendment.

2) The existence of a surplus of state funds is a debatable question. If the state has a surplus, it should not be handed out indiscriminately. Either the sales tax should be reduced, or state funds should be distributed to communities on an objective basis.

3) Many of our wealthiest communities are receiving large amounts of state aid but refuse to support their services. Adoption of this amendment will encourage this tendency, to shirk responsibility.

4) The prime movers for this amendment are interested in keeping local taxes down not in improving either school services or any other services. If the amendment is adopted such an approval will be interpreted as a support for increasing the state burden and decreasing the local burden.

Remember

(Continued from Page 1)
ONE YEAR AGO
 Village president in the Shores died after a long illness.

The Detroit Society of the Hard of Hearing celebrated its 20th anniversary with a dinner dance.

TEN YEARS AGO—
 The University of Detroit's varsity team was ready for their first football battle of the season with Western State Teachers College.

September 26 was Gamber Day at the Beverly Hills Golf Course. The G. G. Club scheduled to exhibit in the city and wizardry to golf enthusiasts.

Dora Van Gelder delivered an illustrated lecture to Pointers. The Historic Memorial Society made final arrangements for their October meeting.

Aloysius Cadieux, top Kellinator salesman was rewarded with a trip to Havana, Cuba, by his company.

The Lions Club announced the final arrangements for a baby clinic to be opened at the Detroit Hotel Statler under the supervision of the Wayne County Medical Association.

Mrs. M. Kreighoff, chairman of the Women's Republican Club expressed her views publicly on the national affairs at the time. She congratulated those who expressed disapproval of the late president Roosevelt's New Deal.

William F. Dorn was chosen delegate to the State convention of the Democratic party.

FIFTEEN YEARS AGO
 The Grosse Pointe Board of Education completed plans for a tour of inspection of all the schools included in their jurisdiction.

Edmund A. Vernier, Township supervisor solicited the aid of all Pointe residents in contributing wood for the needy families in this area. It was feared that many families would suffer from the cold weather unless more contributions arrived in time.

The Farms team downed the Village team 3 to 2. The proceeds of the game were given to charity. A record crowd turned out to see the teams battle to the end.

The D. A. R. were holding a national convention at the Detroit Hotel Statler.

The Camp Fire girls busied themselves with preparations for a camp fire party to be held at the Neighborhood Club. Two Classes were opened for pre-kindergarten students at the Neighborhood Club.

Such names as Edith Taliaferro and Donal Brian rated top billing at the Wilson Theatre, and Mary Astor, Ricardo Cortez and Charles Bickford were thrilling audiences with their screen roles.

Pointers not touring the European continent were finding new points of interest along the east coast or on the western plains.

TWENTY YEARS AGO—
 Gene Tunney won the world's heavy-weight championship by defeating Jack Dempsey. The fight went 10 rounds, and the new champ won every round on points.

Murray W. Sales, Jr. was the victim of an automobile accident. Park and Detroit police were making an intensive search for

a hit and run driver whose car fatally injured Hugo Weig. A \$10 towing fee was urged by safety officials as a cure towed from a restricted parking zone.

Mr. and Mrs. M. Daldinger, Pointers, brought home with them from their trip to Switzerland four beautiful St. Bernards. The luxurious yacht, "Delphine" owned by Mrs. Hugh Dillman, formerly Mrs. Horace E. Dodge, Sr., caught fire and sank. Plans were made to have it raised and reconditioned.

Action Taken On SCC Proposal

Plans for the immediate installation of an emergency temporary field office of the Stream Control Commission in the Detroit area with a patrol boat on the river checking sources of stream pollution are being made by Milton P. Adams, executive secretary of the Commission as the result of a \$25,000 emergency appropriation made by the Little Legislature at Lansing Thursday.

The Commission requested and Governor Kelly and Wayne County members fought for a \$35,000 appropriation for the establishment of a permanent office but opposition lead by Senator Otto Bishop of Alpena and Representative T. Jefferson Hoxie of St. Louis, Mich. necessitated a compromise on the lesser appropriation and temporary quarters until the legislature as a whole has an opportunity to pass on the matter next January.

Addressing the members of the Little Legislature, Governor Kelly said that neither he nor many of those present would be there next year and he knew of no greater thing they could do before going out of office than making this appropriation to combat stream pollution. He said he regretted that the war had stymied his administration from doing more about it than it had.

After the session Adams gave full credit to the Wayne County Sportsman's Club for obtaining the appropriation for the office and river patrol. He will appear before the regular membership meeting of the club Wednesday evening, Sept. 11 at the American Legion Memorial Home in Dearborn and outline his future plans for combating the stream pollution menace in the Detroit river and Lake St. Clair.

Christian Service Meets Wednesday

The Women's Society of Christian Service of the Grosse Pointe Methodist Church will meet Wednesday afternoon at the home of Mrs. C. R. Wylie, 1253 Kensington. A dessert luncheon will be served, in which Mrs. Wylie will be assisted by a co-hostess, Mrs. W. W. Radde, 455 Calvin.

The regular business meeting under the leadership of the president, Mrs. M. F. Sathary, will be held at 7:30 p.m. at the home of Mrs. W. W. Radde, 455 Calvin.

Latest Highlights From Hollywood

Trade talk has it that David O. Selznick is trying to make a deal with Warner Bros. for the services of Paul Henreid in one picture per year.

"Deception," with Bette Davis, Paul Henreid and Claude Rains, will finish in another month.

Dorothy Malone, scheduled to start a new picture for Warner Bros. will not be able to do so, because her brother, in Dallas, Tex., has the mumps. She's with him in quarantine.

Fritz Lang vows it is absolutely true that while he was directing "Cloak and Dagger" at Warner Bros., a bright young thing visited the set and asked him whether he knew the title of any books by that famous French author, Rhsque.

With some dismay and no little inconvenience, film folk are learning that globe trotting is becoming a mighty complicated business. Ere going to Mexico on location, cast and crew of "Captain from Castile" must be inoculated against typhoid, tetanus and smallpox!

London friends write Irving Rapper that England is parching for olive oil, just like Hollywood. Absolutely none to be had for anything short of a mortgage on the old homestead.

Meanest thieves! While Jeffrey Lynn, the Warner Bros. star, was in the Army, vandals stripped his mountain cabin down to the bare, including hinges and window weights. Looters broke through a sign on the door which read, "Off to the wars."

Local gossipers have been wondering why Paul (the great lover) Henreid keeps a huge tank of goldfish in his bedroom! "They're better for sleep than counting sheep," explains Paul.

Lecture Speaker Missing in Crash

Royal Arch Gunnison, scheduled to appear as one of the speakers on the Grosse Pointe Community Lecture Series this season, was reported missing in a plane accident over Hong Kong this past week. Mr. Gunnison was on an around-the-world trip for the Mutual Broadcasting System and was to appear in Grosse Pointe next March.

Word received at the Grosse Pointe Lecture office is that Mrs. Gunnison, the former Marjorie Hathaway, has not as yet received any official confirmation of Mr. Gunnison's death.

Mr. Gunnison made many friends in Grosse Pointe when he appeared on the Community Lecture Series as the bonus speaker in 1945 and it is hoped that word of his survival will be received shortly.

Shores Announces Chapter One New Serial Fri. Sat.

The management of the Shores theatre, Mack at Nine Mile road this week announces the start of a new serial, "Chick Carter, Detective," with the first chapter scheduled for Friday and Saturday.

Also on the program are two fine pictures which provide a balanced program of drama and lighter entertainment. Brian Donlevy, Joel McCrea and Sonny Tufts are co-starred in "The Virginian" which is filmed in lovely technicolor. The stirring saga of pioneer days again finds Donlevy in the "villain's" role with handsome Joel McCrea playing a characteristically "straight" part.

On the lighter side of the program, Robert Shayne and Ann Gwynne are teamed in "I Ring Door Bells," a hilarious comedy. Chapter one of the new serial and a cartoon are added attractions.

ABC commentator Drew Pearson, noted for his accurate predictions of things to come, continues to broadcast news of world interest from the nation's capitol.

Strikes and Spares

Well Boss I guess you're right at that. Maybe we should leave this bowling to the younger fellows. Perhaps we had better stick to the task of dodging printer's ink, type lice, and a lot of other things that are aimed at our grayed brows. Even if it does get pretty tiresome at times, it still isn't as strenuous as trying to toss a cast iron cannonball a hundred feet just to push over a bunch of tooth picks. Maybe you've realized that too, by way of a comparison.

Anyway we tried. If the Review team got off to a bad start with the Grosse Pointe Business Men's league at Woods recreation it wasn't all our fault. We were in there with our arms waving and fire in our hearts. In fact, now that I can use my arm again, I've been expecting a bill for damages, seeing that I did burn a little more varnish off those gutters beside the slots than you did. They should have had widows and a number of children dependent on you. That way it wouldn't have looked as though the score keeper dropped his pencil when he passed our names and forgot to pick it up again.

Yeah. It was a valiant if futile attempt we made to have our names go down in bowling history. And how fast they went down. Three games up—our names down—and off the list but definitely. And that remark about a couple of old fogies. It was rugged enough. But what added insult to the injury was over at East Warren the next day. A fourteen year old boy—Don Richardson—rolled a total of 436 in Red Kelly's youngsters league on Saturday mornings. H-U-m-m-p-h.

The East Warren Business Men's Club have a card over the desk advertising chances on a new Ford car. The drawing will be held at Roose-Vanker hall on Cadieux Road November 15th. The proceeds will go toward buying wheel chairs for crippled children for one thing. Sure. I bought a few chances between us. But what I want to know is, if we win what will we take—the Ford or just settle for a couple of wheel chairs?

Turner-Garfield Co-Star in "Postman Rings"

Lovely Lana Turner and swarthy John Garfield are teamed together in the screen's version of Cain's famous novel, "The Postman Always Rings Twice" at the Colony Theatre, 16535 Mack ave.

The film is a melodrama of tense proportions and the viciousness of woman is eminently portrayed by Lana Turner who is a blonde of the Harlow type in the picture.

Garfield turns in his customarily fine dramatic role as the young man with itching feet, who is tied down only because he can't get Cora off his mind or out of his system. A fine supporting cast rounds out an excellent film.

Model and actress Jinx Falkenberg and lovely Marjorie Reynolds combine talents to make the musical, "Meet Me on Broadway," a delightful picture. There is the usual triangle as the two lovelies seek the affections of a carefree producer, but the movie ends with everyone happy, including the movie audience. The tunes incorporated in the picture never reached the hit parade, but they're good listening. The costumes are cleverly designed, but fall short of the more elaborate production.

A cartoon will also be shown.

Farm Editor Penetrates SOVIET IRON CURTAIN

A Series by
JOHN STROHM
Formerly of Prairie Farmer

To refute charges frequently made that American correspondents are not permitted to travel freely in Soviet Russia, John Strohm, now president of the American Agricultural Editors' Association, was given every opportunity to report on conditions in cities, villages and farms. He came back with a series of illustrated articles that are almost unique in Russia-American press experience because he went where he wished and wrote what he saw without being officially guided.

Not only that but he took four cameras along. Other radio and news correspondents were amazed and envious. Now The News brings you views and news of what lies behind the Soviet Iron Curtain!

Among the Bible citations in this passage, (Luke 14:11): "For whosoever exalteth himself shall be abased; and he that humbleth himself shall be exalted."
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy include the following (p. 455): "God selects for his highest service one who has grown into such a fitness for it as renders any abuse of the mission an impossibility. The All-wise does not bestow his highest trusts upon the unworthy."
