POINTE PARAGRAPHS

One woman in the meat line-up at one of the big markets on Kercheval in the Park Friday morning found that the roast cost her far too much money. She discovered that while standing in line with several hundred others someone had picked her pocket of \$5.

Edward U. Blanchard of 1500 Oxford Road, in the Woods, was appointed chief metallurgist recently for the Gear Grinding Machine Corp. of Detroit.

He formerly was connected with the Bower Roller Bearing as chief metallurgist and with the Wright Aeronautical Corp. and as a consulting metallurgist of his own company.

Presence of Marshall Field's New Deal-propelled Chicago Sun hasn't hurt Col. McCormick's Tribune one iota. In fact, Tribune daily circulation has passed the million, one hundred thousand mark and Sunday over a million and a half. And, the Marshall Field department store is one of the heaviest advertising space buyers in the Tribune.

A self-styled curbstone sage, who edits a tab weekly in the city, is the one that the Review used three pictures of Sigler and company when he visited Grosse Pointe recently.

Said philosopher repeated a rumor that business of printing handbills was involved in the courtesy of pictures for Sigler.

Handbills for gubernatorial candidates went out with the horse and buggy, and any time a gubernatorial candidate, an ex-governor, a local candidate for state office, and members of Grosse Pointe's local chapter of four international service clubs get together, there will be "art" in the Review, with or without comment or permission from the Outer-Warren "sage."

Grosse Pointe football fans who have seen Ed Wernet's Blue Devils perform are excited about two backfield aces, namely Champine and Ed Isbey.

Remember?

ONE YEAR AGO—Nineteen men preparing to leave for the armed service were feted at a morning breakfast send-off at the Neighborhood Club.

With a momentous sendoff by Bob Hope and Jerry Colona at the Olympia, Grosse Pointe volunteers soliciting for the Community War Chest began their work in earnest in an effort to raise \$8,490,336.

Three additional car thefts were cleared by local police. Carpentry and design classes were organized for men at the Neighborhood Club.

Civic Cleanup 'Bee' Is Planned Sunday For Woods Park

A community "bee" to clean up the recently acquired lakefront park site, the northerly section of the Edsel Ford estate, will be sponsored Sunday afternoon by the Grosse Pointe Woods Civic League in co-operation with the Woods Village Commission.

Committee Sets Party Plans for Halloween

A series of parties on Halloween night will be sponsored again this year throughout the Grosse Pointes by the Community Halloween Committee.

Programs for elementary school age children will be presented at the Trombly, Defer, Maire, Richard and Mason Schools. The Parent Teacher Association of Grosse Pointe will plan the parties for the elementary age children.

Junior high school age students will again have parties at the Neighborhood Club and the John D. Pierce School.

The Grosse Pointe High School will be the center of activity for all senior high school students.

The following were elected to the following committees to plan for this year's party:

TICKETS — Walter Cleminson, chairman; Mrs. Edward Gehrig, secretary; Willard Hosking, treasurer; Neil Blondell, assistant treasurer.

FINANCE — Willard Hosking, chairman; Neil Blondell, Edward Pongraz, Paul Moreland, George Elworthy.

FOOD — Mrs. Leon Jacobi, chairman; Mrs. Charles Ellis, Mrs. Harold Davis, Mrs. Wm. F. Rossiter, Mrs. H. M. Quackenbush.

SAFETY — Arthur Louwers, chairman; Thomas Trombly, Walter Goulette, O. C. Ingalbe, William Rice.

Rotary Club of Grosse Pointe Will Welcome District Governor

The Rotary Club of Grosse Pointe on Monday will welcome Joseph V. Brady, Governor of the 153rd District of Rotary International, which includes sixty-three Rotary Clubs in southeastern Michigan and a goodly portion of Ontario, Canada.

Mr. Brady is vice president of the Citizens' Mutual Automobile Insurance Company in Howell, Mich., and is a member of the Rotary Club of Howell.

Mr. Brady will visit the Rotary Club of Grosse Pointe to advise and assist President William Moir, secretary Robert K.

O'Neil and other officers of the Club on matters pertaining to Club administration and Rotary service activities.

He is one of the 157 District Governors of Rotary International who are supervising the activities of some 5,800 Rotary Clubs with more than a quarter of a million members in 73 countries and geographical regions throughout the world.

Today, this world-wide service organization continues to grow in numbers and in strength. During the last fiscal year, 404 new Rotary Clubs were organized in 12 countries of the Americas, and in Australia, Belgium, Burma, China, Czechoslovakia, Denmark, England, Federated Malay States, Finland, France, Greece, Hong Kong, India, Ireland, Luxembourg, New Zealand, Norway, Portugal, Straits Settlements, Sweden, The Netherlands, The Philippines, and Wales.

Wherever Rotary Clubs are located, their activities are similar to those of the Rotary Club of Grosse Pointe because they are based on the same general objectives — the promotion of better understanding and fellowship among business and professional men, community betterment, undertakings, raising the standards of businesses and professions, and fostering the advancement of good will, understanding, and peace among all the peoples of the world.

Republican Committeeman Is Seeking Re-election

Fred W. Kaess, 4321 Buckingham in Detroit, heads the delegation from Grosse Pointe which will attend the biennial state convention of the Young Republicans of Michigan at the Hotel Book-Cadillac Friday at 8 p.m.

Chairman of the committee arrangements, Kaess will seek re-election as Young Republican National Committeeman at the convention. He is chairman of the Midwest Young Republicans of the Young Republican League.

Fall Open House at High School Draws Interest

Parents and teachers instead of students will fill the halls of Grosse Pointe High School on Friday evening when the annual fall open house begins at 8 o'clock.

But the students, although they are not to be present, will be the main point of interest.

In view of the success of last year's open house, the same plan will be followed again this year.

Parents are asked to find out the names of their children's teachers beforehand. Programs with the teachers' names and room numbers will be distributed at the doors. Between 8 and 9:30 p.m. parents will hold brief conferences with the teachers. Inasmuch as there will be many parents to see each teacher the discussions will be short and to the point.

A brief assembly program will be given in the auditorium at 9:30 o'clock. W. R. Cleminson, principal, will give a short address and the junior high band will play several selections. Eleanor Hewitt, 12B, will preside.

The open house is sponsored by the Grosse Pointe High School Mothers' Club, of which Mrs. Leon Jacobi is president, as well as by the high school staff.

A special effort is being made to inform the parents of new students of the event.

BEDROOM AFIRE

Farms Fire department put out a small fire in a bedroom at the home of Mrs. E. T. Giancy, 251 Mt. Vernon, early Thursday. They found a chair, pillow and curtains smoldering. Damage was estimated at \$85.

Dive-Bombing on Children Leads Pet Crow to Grave

That pet crow in the Trombly School area which suddenly went berserk and took to "dive-bombing" children in the neighborhood is no more.

The crow caused consternation in the district when he came zooming down at children, then would fly up in the air again and come down with both motors wide open.

Since the Park police had not an official anti-aircraft division, Sgt. Frank Snay was sent out to see what he could do about it. After watching the performance, Sgt. Snay figured a bullet would be best for the children and the crazy crow.

And so it was done. Previously the crow had been a pet of the children and had allowed them to feed it but it had no use for adults.

First Lecture Brings Noted News Analyst

Phillip Cummings, the first speaker on the 1946-47 Grosse Pointe Lecture Series, is well qualified to talk on "World Affairs from the American Viewpoint," which was scheduled for Monday at the University of Michigan.

Rollins and Middlebury College but also at the University of Dijon and the University of Madrid.

Besides being an authority on affairs of the Mediterranean area where he lived for more than five years, Mr. Cummings has an understanding of the problems and peoples of 27 different countries.

He spent 15 years in various parts of the world as a geographer, sociologist, commentator and news analyst. His knowledge of Australia and the islands of the South Pacific was invaluable during the war and he was appointed consultant on the Southwestern Pacific to the United States Government.

Mr. Cummings has the ability to look at the world through the eyes of an American who can appreciate the part this country plays in events in every quarter of the globe. His material is as timely as tomorrow's newspaper and his repeat engagements throughout the country prove his popularity as a speaker.

Mr. Cummings opens the lecture season in Grosse Pointe Tuesday, Oct. 22, at 8:30 p.m. at Pierce Jr. High School. Anyone who has not made reservations for season tickets or individual seats may still do so by calling NI 2000 — ext. 25 — Grosse Pointe Board of Education.

Loud Gunfire Is Only Tire

Mrs. Simon Lachat of 508 Notre Dame reported to City Police that someone had fired a shot from a large calibre gun at her husband.

She reported it had landed about two feet from him while he was working in the yard of their home.

Police investigation revealed it was just a bicycle tire blowout next door at 510 Notre Dame.

CAT BITES TRIO

Three persons were bitten by a stray cat in the 600 block on St. Clair on Monday. They are Thomas Nelson, 2, and Janet Burkemo, 13, both of 694 St. Clair, and Mrs. Mountford of 696 St. Clair. Officer Moffat brought the cat to the City Police station.

BOY IS BITTEN

Stephen Suor, 6, of 677 Lincoln, was bitten on the left hand and on both legs when he was romping with two dogs near his home.

When Bruce Carroll, 20, of 1214 Hillinger, dropped into Capt. Shumway's Bar at Jefferson and Barrington road it wasn't for a drink nor was it intentional.

The youth miraculously escaped injury early Saturday morning when he fell asleep on the wheel of his car westbound on Jefferson and crashed through the wall right into the tavern.

His car, owned by his father Francis Carroll, was completely wrecked but Bruce suffered only a small laceration to his forehead. His glasses were not broken.

Park Police Chief Arthur E. Louwers said young Carroll has been charged with reckless driving. According to police, Carroll

Estimates \$170,000 as Pointe Share from Amendment

Dr. Paul L. Essert, Superintendent of the Grosse Pointe Public Schools, received this week a letter from Charles E. Brake, Deputy Superintendent of Wayne County Schools, informing him that the local public schools would receive \$170,000 additional next year if Amendment No. 2 receives favorable vote in the November 5 election.

The increased revenue could allow further desirable increases and corrections on salary schedules and should also provide help in the building program, Dr. Essert said.

A similar letter from Mr. Brake was received by Aden Newton, superintendent of schools for Gratiot Township.

The letter of Deputy Superintendent Brake to the local school executive follows:

"Using \$190,000,000 as our estimate of the total collection of sales tax, and we think this is a very conservative figure, the increase in state aid over and above what you now receive in your district would be \$170,127.

"It has been suggested that you might like to give publicity to this figure so that all electors of your district would understand exactly what the passage of the amendment means in terms of assistance to your district.

"We shall be happy to furnish any additional information which

there could be further desirable increases and corrections on salary schedules that we have yet been able to make even with the addition of the mill and a half voted by the taxpayers at the March 4, 1946 election.

"It should also provide sufficient revenue to be of considerable help in the building program, in the improvement of service and eventually a relief to the property taxpayer."

The Superintendent pointed out that Amendment No. 2 would give the voters an opportunity to spread the support of local public schools so that there would be a broader base for school revenue than just the property tax.

At the present time the property taxpayer is assuming approximately 86 percent of the burden of school support in Grosse Pointe. "Amendment No. 2," he said "would provide an opportunity for the schools to continue on a strong and improved basis during a period of rising prices."

"The major argument that is being advanced against this measure by some is that they are opposed in principle to the sales tax. This argument seems strange to me since the sales tax is already imposed and is being levied. The issue is simply whether the schools will share in the receipts from the sales tax.

"Citizens of Grosse Pointe are already paying this sales tax. Certainly those who are concerned with increased salaries and better buildings and improved services in Grosse Pointe," Dr. Essert concluded, "should be anxious to see this measure passed. Personally, I hope that every citizen will cast his vote for it."

Burglars Rifle Gun Cabinet

There are some well armed burglars in this area—or maybe they were Detroit visitors—in any case Homer Pharis, 780 Lincoln road, reported to City Police that his home had been entered and several rifles taken from his gun cabinet.

Pharis told police that the burglary occurred Sunday between 6 and 8:49 p.m. when he and his family were out for dinner.

When they returned they found the front door open and the door taken off the gun cabinet.

Missing were one 30-30 Winchester rifle in a shiplined case, valued \$100; a 12-gauge Remington automatic shotgun in a green canvas case, valued at \$100; a 12-gauge Winchester 97 pump gun 28 years old in a gray canvas case; and a 22-caliber Remington rifle, bolt action with peep sight, single action, valued \$10.

Also missing was a Franklin air pistol.

The Editor's mail box is open to all our readers. Letters must be signed, but we will withhold any name upon request.

Driver Drops Into Bar and Takes His Car With Him

Chief Louwers said that had the accident occurred early Sunday or late Saturday night customers in the bar would have been injured, as the accident happened at 2:10 a.m.

Police said Carroll's car swerved sharply from the north to the south side of Jefferson, then dived into a gas station driveway at Barrington, slid between a street light and a flood light pole with only 18 inches clearance.

If then shot west across the street, missed the tavern door and crashed through a section of glass brick.

Two drivers were ticketed for reckless driving by Farms police as the result of an accident in front of Country Day School. They are Adeline K. Pardee, of 56 Lochmoor boulevard, and Walter Champine, Jr., 28, of 114 Oak street.

Police said the Pardee car was attempting to make a U turn to go west on Grosse Pointe boulevard when it was struck by a Farms Market delivery truck driven by Champine. Damage to each vehicle was \$75.

\$455,851.23, based on the total assessment for 1946 of \$86,472,720.

This rate is \$5.27 higher than last year's figure of \$16.94. The 27 cents is an increase in the county rate and the \$5 was voted by the people for school purposes.

The figure includes \$5.40 county rate for the Township.

"WE LEAD, OTHERS FOLLOW"

Voters Are Urged To Register

Voters are being warned that to protect their hard-won right to a free ballot they must be registered with the clerk of their municipality.

The importance of all eligible voters registering so that they protect their right to vote November 5 cannot be stressed more strongly than quoting a message from Senator Arthur Vandenberg now in Paris in which he expressed his grave concern over the low percentage of re-registrations in some sections of Michigan.

"I am afraid that many people do not understand that they will lose their right to vote in November if they do not register," the Senator said. "They will disfranchise themselves. One of the things we are struggling for over here in post-war Europe is to get FREE BALLOTS into the hands of FREE ELECTORS."

"Upon our success in this regard may well depend the fate of several European countries. In our own democracy it is no less true that the fate of the nation depends upon FREE BALLOTS in the hands of FREE ELECTORS. But they are of no use unless the ELECTORS do their part."

"It would be tragic if our good people at home were to ignore this priceless privilege which we are fighting to make available to free men abroad. I am sure every American values his ballot as he does his life."

"I earnestly urge that every possible effort be made to acquaint all our Michigan voters, regardless of Party, with this new re-registration requirement so that no citizen will be unaware of the fact that unless he re-registers at once he will be as ballotless on November 5 as if he lived in one of these enslaved European minorities."

'AN ACCOUNTING TO TAXPAYERS'

The State of Michigan through its auditor general, John D. Morrison, has adopted a commendable practice by giving to its "boss," The People, through the effective medium of the newspaper, a handy and concise report of where it spent the money entrusted to the state by The People.

In his "Accounting to Taxpayers" Mr. Morrison chose the most effective and economical way to report on the revenues received and the expenditures made by the State during the fiscal year ending June 30, 1946.

The practice of giving such a report through the press is one that future administrations at Lansing would be wise to follow. It contains information which the taxpayer, whose groans are always frequent, should have and which he desires to have.

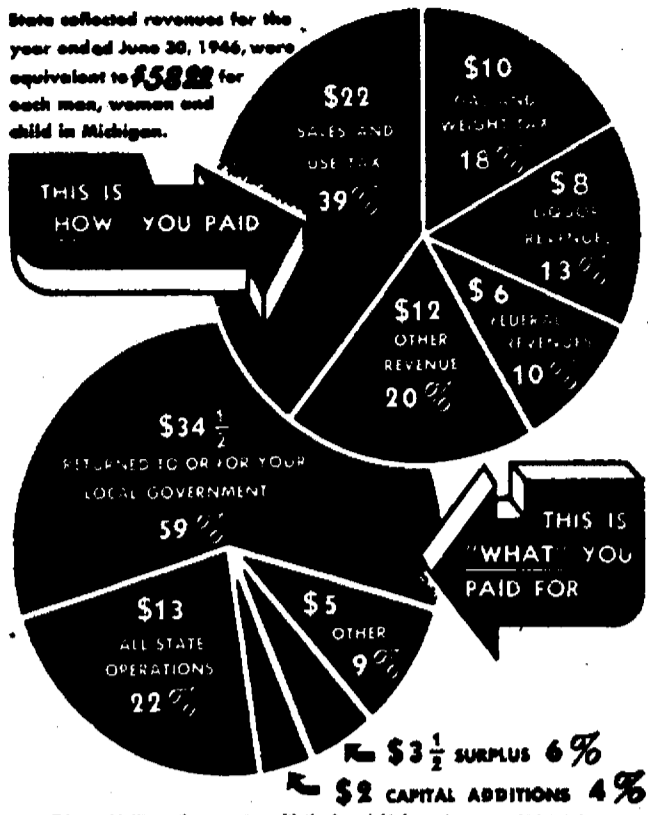

It is good for the State to remind the taxpayers that approximately \$180 millions — nearly two-thirds of the State's expenditures—are returned to local governments.

Parallel Parking Pleases Chief

Police Chief Thomas Trombly is highly pleased with the manner in which the public has been co-operating by observing the amended parking regulations which provide for parallel parking on the south side of Kercheval in the business district. He added that he had received many compliments from motorists and pedestrians in favor of the change.

YOUR STATE TAX DOLLAR

State collected revenues for the year ended on June 30, 1946, were equivalent to \$5822 for each man, woman and child in Michigan.

This graphic illustration, together with the financial information upon which it is based, was prepared by the office of John B. Morrison, Auditor General. Therein is a summary of all revenues and expenditures of the State of Michigan for the fiscal year ended June 30, 1946.

Air Medal Awarded to Ensign H. W. Lester

Ensign Herbert Wilson Lester, husband of Mrs. Julie McNair Lester of 629 Rivard Blvd., Grosse Pointe, has been awarded the Air Medal by Secretary of the Navy James Forrestal for the President.

Ensign Lester received the award as Navigator of a medium bomber in action against enemy-held Miyoshino Airfield, Shimushu Island in the Kuriles, June 14, 1944.

Serving as a cover for a surface task force he carried out a glide bombing attack without fighter escort or cloud protection. He succeeded in aiding his pilot in placing all bombs on the assigned target area.

Text of the citation is as follows:

"For meritorious achievement while participating in aerial flight as Navigator of a Venture Medium Bomber in action against enemy Japanese-held Miyoshino Airfield, Shimushu Island in the Kuriles, on June 14, 1944.

"Volunteering for a mission as cover for a surface task force carried out without fighter escort or cloud protection, Ensign Lester rendered valiant service during a glide-bombing attack and, by his courageous and skillful performance of duty in the face of severe anti-aircraft fire and enemy fighter opposition, aided his pilot in placing all bombs on the assigned target area.

"His gallant conduct throughout the fulfillment of a vital and hazardous mission was in keeping with the highest traditions of the United States Naval Service."

Pedestrian Hurt, Driver Charged

Fred Gamber, 68, of 623 St. Clair, was treated at Bon Secours Hospital for injuries received when he was struck by a car at Kercheval and St. Clair. City Police charged Ralph D. Gartrell, 30, of 1620 Belvedere, Detroit, with reckless driving. They said Gamber was attempting to cross the street and Gartrell was about to make a right turn from Kercheval onto St. Clair when he struck Gamber.

Voters Warned to Register Before Oct. 16

Warning to voters that the last day for registering for the November 5 election is Wednesday, Oct. 16, Henry Lavers, clerk of Grosse Pointe Township advised the public not to wait until the last day to get their names in.

On the final day, Oct. 16, Mr. Lavers said that he will be at his office from 8 a.m. until 8 p.m. with a staff to handle everyone. He pointed out that the law requires that he close the books 20 days before the election.

To qualify, voters must be 21, a United States citizen, a resident of Grosse Pointe Township for 20 days prior to the election and a resident of Michigan for six months prior to election day.

Mr. Lavers reports many applications received for absentee ballots. Mostly they are from business men who are going to be out of town on election day.

Absentee ballots are mailed or delivered to Mr. Lavers sealed and are kept in safekeeping until 5 p.m. on November 5. At that time the clerk will distribute the absentee ballot to the various precincts in which the voters are registered.

The precinct election officials place the absentee ballots with the regular ballots in the sealed boxes so it cannot be determined what votes were cast in advance of the regular poll.

Some applicants are failing to ask for the application for ballot which permits them to vote on the proposed bond issue authorizing Wayne County to borrow \$5,000,000 for a period of five years to provide funds for the development of the Detroit-Wayne major Airport, Mr. Wayne said.

Only those electors having property assessed for taxes or the wives or husbands of such electors may apply for this special ballot. Similarly on November 5 only such electors will be given a bond issue ballot.

Trombly School News

Dr. Essert, superintendent of schools is to be the speaker at the first meeting of the Trombly P.T.A. Wednesday.

His presence will be of special interest because he will discuss practical issues and will answer questions of school concern as time permits.

Some of the problems he hopes to clarify are: the new annual promotion policy, new buildings, and our Physical Education variety of services rendered in program. He will present the the Grosse Pointe Schools and other services it would be desirable to have introduced here.

The room mothers and teachers will be in classrooms from 7:45 p.m. until 8:20 p.m. to meet and talk to parents.

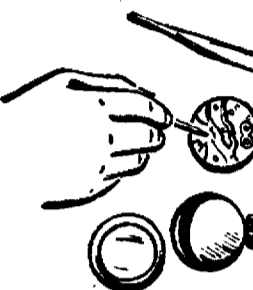

The mothers serving as room mothers for the current year are Mrs. R. Mohr, for the B Kdg.; Mrs. A. Conder, for the A Kdg.; Mrs. C. Fox with Mary Gargan the 1B teacher; Mrs. H. C. Turrell with Martha Graham the 1A teacher

Voters' League Reports Are Filed

The League of Women Voters has placed copies of its reports on the candidates seeking election in both the Grosse Pointe Libraries.

The League's report is ready for all voters who wish to vote intelligently, who wish to be convinced that they are contributing towards better government in sending a wisely selected delegate from their district, and state.

You can find out the answers to any or all of the questions that could be asked concerning the candidates for the coming state election. There is no comprehensive report similar to this one in the country. Nothing like this has been attempted before. Each candidate has been personally interviewed throughout the summer.

An autobiographical sketch has been given of each man, his answers to vital issues listed, and a daring estimate of the caliber of each man, in an attempt to give a strictly non-partisan evaluation of all candidates. Details have been tracked down, and double checked to ascertain their authenticity.

Distribution of the Report will be handled by Mrs. William Gall, 72 Moross Road, Mrs. Taylor Seiber, 213 Merrilweather, Mrs. John Foley, 393 Merrilweather, Mrs. E. F. Gehrig, 1230 Balfour, and Mrs. George Waldbott, 1144 Balfour.

Michigan Tells Where Taxes Spent

In The Review today appears an unusual advertisement.

Headed "An Accounting to Taxpayers," the paid message is from the State of Michigan through John D. Morrison, state auditor general. It is a handy report to Michigan taxpayers of revenues received and expenditures made by the State of Michigan during the past fiscal year ending June 30, 1946.

Mr. Morrison, who incidentally is not running for re-election, chose newspapers as the most effective and economical way to inform taxpayers about the state's financial operations and the current surplus.

The official report shows total receipts of \$304,118,039.36 and total expenditures of \$286,499,092.39, leaving a year's surplus of \$17,618,946.97. As the state began the year with a surplus of \$5,219,753.68, the unrestricted surplus in the treasury on June 30 that was available for legislative appropriation was \$21,538,356.01.

The above surplus does not include funds restricted by the legislature for future definite needs, such as the veterans' trust fund and others, and hence not available for legislative appropriation.

Detroit Symphony Adds Stellar Guest Artists

Karl Krueger has added three stellar musical stars to his list of guest artists who will appear with the Detroit Symphony during the 1946-47 season.

Yella Pessi, famous harpist, is booked for a pair of concerts, Nov. 7 and 8.

Rudolph Firkusny, eminent Czech pianist, has been assigned the dates, Nov. 14 and 15. For his first Detroit performances, Mr. Firkusny will play the Brahms D Minor Concerto for Piano and Orchestra, thus honoring the memory of that great composer who died 50 years ago this season.

Mr. Krueger has previously announced his plan to conduct all of the major works of Johannes Brahms commemorating this event.

Tito Schipa, great Italian tenor, comes to sing with Karl Krueger and the orchestra in Music Hall, Jan. 24 and 25. When Mr. Krueger was in Paris last Spring he saw Schipa and he reported a sensational success for him.

Mr. Krueger will shortly be in rehearsal for the opening concert in Music Hall, Oct. 24.

More Aids For Busy Housewives

Aid for busy housewives is offered by the Visiting Housekeeper Association, a Red Feather service of the Community Chest. The Visiting Housekeeper's headquarters are at 51 W. Warren, but she'll call at your home to help solve your budgeting, cooking or other homemaking problems.

This week she offers readers of THE REVIEW suggestions on making a little sugar go a long way.

The rule of four to one—at least four quarts of canned fruit for each pound of sugar used—will be followed again this year by thrifty home canners interested in putting up the most fruit on limited sugar supplies.

Figuring by the jar, the rule provides an average of ½ cup of sugar to each quart jar. This makes a moderately thin sirup.

Use honey, if you wish, to replace as much as half the sugar called for in canning, and corn sirup can replace as much as one third the sugar. Proportions suggested are: 2 cups fruit juice or water to 1 cup sugar, or 2/3 cup sugar and ½ cup corn sirup; or ½ cup sugar and ½ cup honey. Boil the ingredients together 5 minutes and skim off any scum. Then the sirup is ready to combine with the fruit.

Don't use sirups that have strong flavor, brown sugar, or unrefined sirups like sorghum; these may cause food to spoil. Don't use saccharin either, as this may give canned food a bitter flavor.

Many homemakers use no sugar for canning. Sugar helps canned fruit hold its shape, color, and flavor, but it isn't necessary to keep fruit from spoiling. If your sugar runs short, fill up some fruit without sugar and sweeten it to taste when you serve it. Process unsweetened fruit the same as sweetened.

If you need help with household problems, call this Red Feather service. Just dial Temple 1-1600 and ask for the Visiting Housekeeper.

Memorial Contest Winners

Below are the letters of the winner of the veterans group and of the student group in the contest sponsored by the Permanent War Memorial Study Group of Grosse Pointe.

Mr. Shepard's Contribution Is As Follows

"On the Second of September 1945, the fighting ceased throughout the world. The Axis and its satellites had unconditionally surrendered.

Now that it has been proved that there is no such thing as a "Master Race," we stop a moment to look back and count the costs of destroying the machinery which would plow under our civilization with its freedoms of speech and of the press.

As a permanent memorial to those who died so that our system of government and living may continue, nothing could be more fitting than a memorial library which would make available to all the opportunity to read the best literature of all nations.

"The Grosse Pointe library system has shown a remarkable growth since its inception. The expansion of the library system has not, however, been able to keep pace with the sharp increase in the population of Grosse Pointe Township. Moreover, the center of population has shifted from a point near the city limits of Detroit to a point near the Grosse Pointe High School. As conditions exist now, the inhabitants of the Grosse Pointe Farms and Shores communities are not receiving the library service which Grosse Pointe Park and Grosse Pointe City are now receiving. With the imminent closing of the City branch library, our library service is being greatly curtailed rather than growing with the community. With the construction of a Veterans Memorial Library, the two objectives of creating a suitable veterans' memorial and the constructing of a new library will be accomplished. Everyone who would enter the Memorial Library could see for himself just what the efforts and sacrifices of Grosse Pointe veterans have meant to those citizens of the present and generations to come.

In a community of this type it is indeed a disappointment that our library system cannot boast a building of its own. As conditions are now, the main library is in a school; two branches are in police stations; one in a store; and the City branch library is in a store. Because it must evacuate its premises,

Before the services of the City Branch Library are curtailed completely, something should be done to replace it with a building of which Grosse Pointe can be proud.

Under the guidance and supervision of the Board of Education of Grosse Pointe the school system of the township has become one of the most outstanding school systems in the country, and under the same supervision our library system has expanded from a one room building which was open only a few days a week to the enlarged system which exists now. As the population of Grosse Pointe increased, the library system has endeavored to increase and offer more services to the residents of the community.

Of course, the library will cost money to construct, but with a community of this size and type, surely we can find ourselves able to raise the necessary amount. With the costs of labor and materials being what it is now, the sum of two hundred thousand dollars has been suggested. Of course, it could probably be raised by increasing the school taxes, but to do so would spoil the spirit of the memorial. I firmly believe that it can be raised by public subscription.

The corner of Kercheval and Fisher Roads, on the Grosse Pointe High School grounds is suggested as a location for the proposed library because there is no problem of securing the land; it is near a center of population, and it will in no way interfere with the present athletic program of the Grosse Pointe High School which has never used the land. Both the residents of Grosse Pointe Farms and Grosse Pointe City will find the location very convenient.

As a veteran, I personally feel that a memorial of the sort which would prove to the coming generations that the ideals of being able to write and say what you thought were important enough to fight for and is the best tribute a community could pay to the supreme sacrifice, and a Memorial Library, open to all, and available to all the opportunity to read and study what one wishes is the most satisfactory and complete solution to the problem of a memorial to our Service men and Service women."

The St. Paul School Contribution Is As Follows
"The faculty and students of St. Paul School believe that a library would be a fitting memorial to our service men and women. Surely the library we

now have is inadequate to meet the needs of a cultured neighborhood and one in which there are so many educational institutions. What would more honor our service men and women than a quiet place of beauty where students and parents, young and old, might find many interesting, educational and pleasurable experiences in the realm of books.

Within the walls of this library would reside the tales, the poems, and the historical facts about the service men and women themselves, and their personal, or imagined, experiences.

We recommend that you make our war heroes, dead and living, truly memorable by erecting a public institution which will serve and benefit all the residents of Grosse Pointe."

Navy Donates Excess Property To Education

Detailed instructions for the donation by the Navy of excess usable property to schools, colleges, and universities were issued today by the Navy Department.

Donations previously have been authorized for certain items, but no procedure had been established to permit educational institutions to readily locate available property. Despite the difficulties of location, property costing \$2,780,000 was donated by the Navy during May and June.

The categories of donable property are limited both by statute and War Assets Administration regulations to the following types of items:

- (1) For use in course of vocational training and instruction: Excess or obsolete machinery, mechanical equipment, tools, boats and boat equipment.
- (2) For use in aeronautical courses, if not used in actual flights: Obsolete airborne electronics and radar equipment.

Under the new procedures, the United States Office of Education, Federal Security Agency, is charged both with the location of donable property and the approval of the applications of institutions which desire to receive donations. Its field representatives will maintain liaison with major Naval activities for the purpose of locating donable property.

Woods Boy Studies Biological Science

Jerrold William Maben, Jr., Grosse Pointe Woods, who lives with his parents, Mr. and Mrs. Gerald C. Maben at 1600 Hampton Road, was a successful applicant for study in the basic biological science program at the Wayne University College of Liberal Arts this autumn, officials of the University have announced.

Maben graduated from Grosse Pointe High School last June. While attending school, he was very active in student activities and was a photographer for the school paper and magazine.

Wayne's College of Liberal Arts offers not only work for students who are seeking degrees, but extensive additional programs for adults. Many specialized, short courses are available in distributive occupations, home management, and public administration.

The College is accredited by the North Central Association of Colleges and Secondary Schools.

Truck trailer manufacturers say they can produce 60,000 motor freight trailers this year "if conditions stabilize."

Pulitzer Winner Heads Department Of English at MSC

Professor Russel B. Nye, winner of the Pulitzer prize in biography in 1944, has been named head of the English department at Michigan State College, succeeding Dr. Ben Ewens, who resigned to become Dean of the School of the Liberal Arts at Pennsylvania State College.

Nye's book "George Bancroft, Brahmin Rebel," won for him the Pulitzer prize for the outstanding biography published in 1944. He is now working under a fellowship from the Rockefeller Foundation of New York, making a study of civil liberties during the anti-slavery controversy. He has been on the faculty of Michigan State College since 1940.

WOULD YOU LET Your SON DO HIS HOMEWORK LIKE THIS?

OF COURSE NOT, you say. Abraham Lincoln didn't become a fine lawyer and a great president because he did his sums on the back of a shovel before a flickering fire.

But—a flickering fire is no more difficult to study by—no more tiring on the eyes—than too much or too little electric light. Our lights aren't poor, you say?

But are you sure? Lights can be very deceptive. You can grow so accustomed to a particular lamp that you won't realize its light is tiring. You may not notice it, but another lamp may glare enough to make a youngster instinctively squint—may cause headaches or even harmful eyestrain.

There is one way, though, that you can be certain about your lights. Ask an Edison Home Service Advisor to call. In a very few minutes, she will check over your lamps and fixtures and make

valuable suggestions for improving the lighting in your home. There's no charge for her visit—no obligation to you. And it's a real "ounce of protection" for your family's eyesight.

FOUR WAYS TO GET THE MOST FROM YOUR LIGHTING—

- 1 Dust seals light. Keep bulbs, shades and reflector bowls clean.
- 2 Replace dark-colored shades with lightshades with white lining. Flaring sides are better than straight-sided ones.
- 3 Use correct-sized lamp bulbs and shades. Too large a size may cause fatiguing glare. An Edison Lamp Exchange Serviceman will be glad to replace your burned-out bulbs.
- 4 Have your lamps and fixtures scientifically tested for quantity and quality of illumination. Your Home Service Advisor does this with a light-meter.

Pointe Blue Devils Conference Victory Score 7-6 Win For

Bouncing back after a 9-6 defeat at the hands of Fern- dale High School, the Grosse Pointe Blue Devils nipped Royal Oak High School 7-6 last Saturday afternoon before 5000 spectators.

It was Beck's blocking of the Oaks attempted extra point from placement that provided the margin of victory. Grosse Pointe scored first in the middle of the first quarter after possession of the ball had changed three times in four plays, the Pointers finally taking hold on Royal Oak's 31.

After Nick Serra picked up a yard thru tackle, Lewis Cham- pine raced around his own right end for 8. Ed Isbey com- pleted a 15 yard toss to Cham- pine for first down on the sev- en. On the first down Serra was stopped cold but on the next play Isbey ploughed thru to the 2. With two yards to go for the score quarter back John Rummel crossed up Royal Oak and sent Champine sweep- ing around his own right end for the Touchdown. The Blue Devils faked a kick and Isbey passed to Ted Mumford for what turned out to be the win- ning point.

It wasn't until the fourth quarter that Royal Oak dis- played any of the power they had shown in previous games. Starting on their own eleven yard line the combination of Fin and Gibbs chalked up three successive first downs and 46 yards before the Pointers stop- ped the threat. Gibbs kicked to Champine on the nine.

On the punt return Royal Oak took over on the Pointer's 37 and started their scoring march. Six plays put the ball on the six yard line with goal to go. Perry picked up three but the Oaks drew a 15 yard penalty for holding back to the 21. On the next play Jackson, Royal Oak's right end raced be- hind the Pointer's secondary and grabbed a touch down pass in the end zone. Beck, of Grosse Pointe, blocked the all impor- tant place boot.

Grosse Pointe had two other good scoring opportunities, one when Beck dropped Isbey's 25 yard pass on the sixteen yard line of Royal Oak. The second in the third quarter after Rum- mel had booted a punt out of bounds on the Oaks four yard line.

After downing the return punt on the Oaks 46, Isbey passed to Beck for 21 yards and a first down. Two plunges and a penalty against Royal Oak

Monroe Next

Friday Night at 8 P.M. the Pointers engage Mon- roe High there in the Blue Devils second Confer- ence game. Altho Monroe dropped two of their first three games, they fielded a strong team last week to outscore River Rouge 14-8 and promise to provide plenty of trouble for the victory seeking Pointe squad.

put the ball on the 9 yard line, first down and goal. Isbey slip- ped around his own right end to the 1 but the Oaks stiffened at that point and finally took possession on their own eleven.

Royal Oak's only serious threat came in the fourth quar- ter on their touchdown drive. Rummel's beautiful kicking and the hard charging Pointer's line kept them pretty well tied up.

St. Paul's Halt Late Rally To Defeat St. Charles 6-0

By BOB McBRIDE

The "Flyers" of St. Paul's High again proved their cham- pionship qualities Sunday by defeating St. Charles 6-0.

In the first quarter neither team scored and few first downs were gained. Near the end of the second quarter St. Paul's, who up to this time had been playing mediocre ball, started to click.

Ray Huettman dashed around left end for a gain of 20 yards.

A penalty for unnecessary roughness brought the ball to the 35 yard line. Bob Cucchi set up a St. Paul's touchdown by catching a pass on the 5 yard line. Ray Huettman then surged around left end for the touchdown.

The kick for the extra point failed, the score at the end of the second quarter remained 6-0.

St. Charles came back in the third quarter with fight and determination and got to St. Paul's 10 yard line twice.

With only three minutes left

Railway signals to direct American trains were first used in the 1930's on the New Castle and Frenchtown Railroad. Be- fore that, an engineer had only a time card to guide him.

to play St. Charles ran and also passed.

But the tackling of Captain George L. Geldt, who suffered a serious thumb injury early in the day, and the firmness of the Flyer's line held St. Charles even when it seemed certain that they would score during the last few minutes of play.

Lady Luck favored St. Paul's however, and they held their 6-0 margin.

Cab Sets Pace in Post Office Bowling League

Continuing its top flight bowl- ing record, Grosse Pointe Cab Co. shutout E. Holzbaugh Ford 4-0 and retained its four game margin over the two second place teams in the East Side Detroit Post Office Bowling League.

The Cab Co. team has won 17 and lost only three to date. DeSantis Undertakers and St. Clair Shores Post Office kept pace with victories but have won only 13 and lost 7.

High scores were Stanley Farnum 222-210; Al Krause 215; Lee Mareeau 210; and John O'Connell 206.

Results were:

THE CAMERA CORNER

Enlarging For The Fun of It

Enlarging at home is no longer limited to the gadgeteer with the fancy budget who never leaves a camera store without an armful of high-priced, trick items. In fact, if you know what you're doing, if you follow a simple routine till you master it, you can, with moderate priced equipment, produce better enlargements than many an amateur who flops because his technique never keeps pace with the gadgets.

No one can learn enlarging in one, short, easy lesson. What follows is not a step-by-step procedure (there isn't room here). These are just a few tips to help you avoid a lot of fumbling and impatient cursing. If you aren't sure which paper to buy for a given negative, show it to your dealer when you buy the paper.

Since you hardly ever want to print the entire negative, a good way to determine what to crop is to make a contact print first. Then take a pair of L-shaped pieces of the white cardboard, use them as an adjustable frame and outline with a pencil the cropping that will give you the best picture.

CLEANLINESS ABOVE ALL. Before you start, lay out your equipment so you'll know exactly where each item is. Clean everything and keep it clean—your negatives (use a camel's hair brush or chamois), your trays, your fingers (it's better to use tongue than fingers in handling prints). Go over the enlarger to make sure it's free of dust. Dust the lens lightly with a soft camel's hair brush or blow the dust off with a rubber ear syringe.

Now follow your printed instructions. And follow them exactly.

You went to a lot of trouble to find a subject, photograph it and process the film. Don't be satisfied with an enlargement until you're sure it's the best print that can be made from the negative. The best photographers often make a half dozen or more enlargements from the same negative, with slight variations, before they are satisfied. Be just as hard to please yourself.

PHOTO FORUM

1. Some of my negatives have a scum on the surface which I cannot wash off. Can you tell me what causes this and how this scum may be removed?

ANSWER: The scum on your negatives is probably caused by insufficient agitation when the film was placed in an exhausted fixing bath. Careful wiping with a viscose sponge following or during the final wash will remove this deposit, although it is very tenacious once the films have dried.

2. I have an excellent print which was severely stained when a bottle of red ink was accidentally tipped over. Since the negative is not developable, is there anything you can suggest for salvaging this print? Should I try bleaching?

ANSWER: Try rephotographing the print through a red filter, then make a print from the negative thus obtained. The correct filter to be used for removing evidence of a stain may be determined by viewing the print through various filters.

3. My shutter does not seem to operate properly. Do you have any instructions or suggestions that will aid me in fixing it?

ANSWER: Do not attempt to repair your lens or shutter, as this is a job for experienced technicians. If you insist on being a camera repairman, confine your activities to keeping your camera clean and maintaining your other accessory equipment in top condition.

NOTE THE CAMERA FANS

New Chatham Village Market Very Impressive

Another of Gratiot township's landmarks gave way to the march of progress this morning when the Chatham Village Market moved into its new home at Kelly and Washtenaw, Gratiot township.

The old store, which has served the community so well for the past five years under the ownership of Jack Adler and the four brothers, all veterans, who are associated with him in the business, has blossomed into one of the most beautiful and completely modern Self Serve Markets on the East Side of Detroit.

"We have had many sleepless nights," Mr. Adler stated, "in getting this building constructed, arranging the new store's layout and the thousand and one things required in securing the stock we have."

The new store's cooling system for meats and vegetables is the latest in refrigeration. The meat counter reaches the full length of the rear of the building. On one side there is a long display counter for fruits and vegetables.

The market will operate its own bakery in connection with its well stocked grocery department. In all, the new Chatham Village Self Service Market is the answer to a long felt need of the community's households. You are invited to come in and inspect the new store at any time.

Camera Club to Hear Talk on Lenses, Optics

George Schlaepfer, well known engineer and photographic expert, will give a detailed talk and lecture at the Grosse Pointe Camera Club, at its club rooms in the Neighborhood Club, Grosse Pointe, on Tuesday evening on optics and camera lenses.

Mr. Schlaepfer lives at 251 McMillan road in the Farms. To accompany his talk, Mr. Schlaepfer has prepared a special bit of equipment in order that his audience may visually follow the subject as well as clearly see a demonstration of the functioning of the camera lenses.

He is well versed on this subject and the lecture promises to be of great interest to all camera lovers. Mr. Stanley Kenn, President of the Camera Club, has asked the members to bring in prints for exhibition and judging which will follow the main part of the evening's program. An invitation has been issued to the public who may be interested, to attend the meeting.

Seniors Fete Freshmen Class at St. Paul's

St. Paul seniors gave a welcome dance to the freshmen Friday, from 9-12. The Knights of Melody played.

The dance was given as the climax of the initiation which took place in the gym Friday afternoon.

Social chairmen Josephine Mannino and George Heldt were in charge of the affair.

The gym was decorated to follow the Indian theme which the seniors used in their initiation ceremony. The dance was called the Tommahaunk Tassel.

Mr. and Mrs. A. Bachman, Mr. and Mrs. F. Piche and Mr. and Mrs. Sololowski were chaperons.

Couples who attended included Joyce Aief and Doug Sutherland; Joanne Athanson and Ray Hueltzman; Marthalou Mauer and Al Camperhout; Nance Stahl and Mike Schultz; Thelma Piche and Bob Matzka; Howie Meathe and Carolyn Trapp; Dolores Berges and Bert Rohlman; Jo Mannino and Tony Virginia; Delores Backman and Bob Chateau; Art Smith and Sandy Sittinger; Bob McBride and Joanne Krehnbrink; Ted Vernier and Marilyn Otto; Joan Beaupre and Art Molitor; Vincent Oliver and Virginia Johnson; Joan Weldman and George Saad; Paula Beaupre and Ro Jahnsen.

Stags included: George Heldt; Phil Van Hollenbeke; Jim Cavanaugh.

This happy foursome was snapped by the Review photographer just as they entered the Punch and Judy. Left to right are Ingrid Koebel, Jim Flom, Ed Isbey and Annie Davis.

Community Symphony Opens New Season

The current season of the Detroit Community Symphony Orchestra, with Joseph Roy Lanyon, director, will open Tuesday at 8:15 p.m. in the auditorium of Jefferson Avenue Methodist Church, E. Jefferson and Marlborough avenues.

Featured as guest artists on the program are the Tuesday Muscular Choral Ensemble, under the direction of Gertrude Heinz Greer of Dearborn. The Ensemble will give two numbers, one accompanied by orchestra and one with piano accompaniment.

Charming, light orchestral numbers have been chosen by Mr. Lanyon to lighten the Symphony's series of concerts. This will offer a musical program more along the lines of "Pop Concerts," one which the average person will enjoy.

This is the first concert where the orchestra assists a group of artists rather than an individual artist. This non-professional group is composed of business people, students and other lovers of good music.

Of the net proceeds from these programs, half goes to the church and half to support the orchestra's musical needs. The public is invited.

Somebody has come up with a key guard door lock designed to prevent burglary by use of skeleton key. The gimmick fits into the keyhole and only the proper door key will open it.

Carillon Recital Marks Vespers at Cranbrook

A Carillon recital Sunday afternoon by August Maekelberghe, began the fall series of Vesper Services at Christ Church Cranbrook. This program will be followed by three more carillon recitals to be given on the remaining Sunday afternoons in October.

For each Sunday in November and December additional musical Vespers have been prepared by Elwood Hill, organist and choirmaster of Christ Church Cranbrook, including such special programs as the rendition of Verdi's "Requiem" on November 10 and Handel's "Messiah" on Dec. 22 by the Christ Church choir.

Mr. Maekelberghe Mus. M., F.A.G.O., is at present the organist and music director at the Church of the Messiah in Detroit, professor of organ at Marygrove College, and Carillonneur at the Peace Tower in Belle Isle. He received his musical training in Ghent and Ostend, Belgium, long known the world over as the center of the art of bell ringing.

Mr. Maekelberghe has just returned from Belgium where he gave an organ concert at the invitation of the Belgian government which was broadcast to all of Europe.

Immediately after Mr. Maekelberghe's recital there will be a short worship service inside the church as part of the Vesper Service.

The time of the Vesper service has been changed from 4:00 p.m. to 4:30 p.m., to enable more people to attend without inconvenience. A second series of Vesper services to be announced later, will be given during the Lenten season next year.

Children to Share Celebration

Three hundred and fifty Day School and Sunday School children will take part in celebrating the 25th anniversary of Bethany Sunday School, East Outer Drive at Chatsworth, on Sunday. Festivities will begin at 10:30 a.m.

In the regular church service, the children will present a song service in which all members of the kindergarten will sing. The address delivered by Rev. Oswald Egan, will be shorter than usual because of the Rally Day festivities.

After the service, the children and their teachers will gather in the auditorium of Bethany, where a banquet will be served at noon. The celebration of the 25th anniversary and annual Rally Day will conclude with after-dinner entertainment.

Twenty-five years ago, Bethany Sunday School was organized at the former church on Mel-drum and Fulford Avenues. Since then, the enrollment of the school has increased steadily. When Bethany moved its plant to East Outer Drive and Chatsworth in 1940, a new peak in enrollment was reached.

Extension Service Will Dramatize Literary Classics

Dramatizations of some of the great classics of English and American literature will be featured in an eight-week series of film programs which opened Tuesday at the Rackham Memorial.

A feature of the fall program of the University of Michigan Extension Service, the series has been arranged in conjunction with the Bureau of Visual Education of the Extension Service. Two showings will be made each Tuesday, one at 3:45 and one at 8:00 p.m.

Most of these films are abridged versions of feature length theatrical productions that have been edited for use by educational institutions. The films for the eight programs are as follows: Oct. 8, Treasure Island; Oct. 15, David Copperfield; Oct. 22, David Copperfield, The Man; Oct. 29, The Lady of the Tiger and The Tell-Tale Heart; Nov. 5, Julius Caesar and Master Will Shakespeare; Nov. 12, Romeo and Juliet; Nov. 19, Adventures of Huckleberry Finn; and Nov. 26, Pride and Prejudice.

The public is invited to these programs, for which no admission is charged. Teachers and club program chairmen are particularly invited because the showings offer an opportunity to preview the type of material available for rental for educational purposes or club programs through the Bureau of Visual Education. Teachers who are interested in having groups of pupils attend in a body are asked to make arrangements in advance with the Detroit office of the Extension Service, TE. 2-7400.

Camp Fire Girls Line Up for Theatre Party

The Campfire Girls had lots of fun at their theatre party at the Esquire Saturday. Waiting out front shortly before the program started are, left to right, Lois Lennon, Judie Simpson, Pat Frasad, Lila Hederly, Pat Jacob, Earlene Cuthberton, Carolyn Gates, Jean Corey and Alice Corey. The Camp Fire Girls are assisting the Community Chest Drive.

'Teen Talk

by Meeky Marie vanZanen

The girls did their bit of entertaining last week-end by throwing hag parties for their fellow cronies.

NANCY BOLLES was the first with the idea. Her party took place Friday night. Helen Stevenson, Nancy Weed, Sue Rogers, Jane Rogers, Marilyn Hirt, DoDo Glumond and Shirley Davis are a few of those who partook in the fun.

Another group gathered over at MARILYN WROBLOS' on the same night. Those who spent the evening chattering and eating were Barbara Carter, Kathy Strek, Marion Renny, Joyce Schrieber, Harritte Hunt, Lois Beck, Betty Pesomaska, Gloria James, Sally Hoyt and Carol Stewart.

On Saturday afternoon there was a FOOTBALL GAME at Royal Oak. The school spirit was well represented by Jerry Rauen, Dick Hiedrich, Betty Mitchell, Marilyn Quigley, Hill Pierce, Bill Pierce, Barb Baumen, Doris Diesing, Vince Schroeck, Doris Buser, Anne Wake-man, Marilyn Smith, Barb Molyneux, Dick Phillips, Bob Holbrook, John Mack, Anne Davis, Carol Chadwick, Clume Walsh, Quirk Walsh, Lou Ellen Marks and Bob Serge.

JO ANN RUSSELL gave a dinner party after the game for Dan Beck, Doris Buser and Tom Dewey, celebrating the success of the team.

CHRISTINA HOARE gave a slumber party for six girls on Saturday night. Bev Pohl, Floss Barty, Sally McNeff, Barb Brown and Marilyn Walters helped make the party a success.

Earlier in the evening Chubs Lawler, Jim Hoskings, Bert and Paul West, Tom Vanten and Frank Swartz dropped in and spent a few gay hours together dancing and singing.

Apron Booth Will Feature Church Bazaar

Annual bazaar of Jefferson Avenue Methodist Church will be held Friday, Nov. 1 at 10 a.m. in the Ladies Parlors E. Jefferson and Marlboro Aves.

This year the committee chairman, Mrs. Blake Marlin, is featuring an unusual "Apron Booth." Concentrated effort has been put forth to get quality cotton materials for aprons. These have been faultlessly made and styled with a new interest for children, "Mr. and Mrs." sets, mother and daughter sets. Also, delightful house aprons of the practical kitchen and dressy styles will be available.

Scores of beautiful and useful items will be ready for alert shoppers at the Wesleyan Guild and White Elephant Booths. A cafeteria luncheon will be served from 11:30 to 1:30.

The committee in charge assisting Mrs. Marlin are Mrs. Otto Hagan, Mrs. Archie Hart, Mrs. George Gartig, Mrs. James Richards, Mrs. Maurice Campbell and Mrs. John Kinch. The public is invited.

Decorated Nisei Veteran Marries Woods Resident

Mr. and Mrs. James Adachi.

The marriage of Cowl Takoo to Mr. Jim Adachi took place at the residence of Mr. and Mrs. E. L. Gardner, 1688 Severn road, Grosse Pointe Woods last Thursday.

The marriage was performed by the Rev. Shigeo Tanabe of the Trinity Methodist Church. The attendants were Mr. and Mrs. William Arthur Gardner of

1688 Severn road.

The bride wore a street length dress of Aqua satin with a corsage of gardenias and roses.

The bridegroom is a veteran of World War II who served his country for four years and earned the rank of lieutenant on the field of combat. He is the holder of the Silver Star and the Purple Heart.

Martin-Schroeder Nuptials Read

At Grosse Pointe Memorial Church Saturday, Mary Lou Schroeder exchanged marriage vows with Robert H. Martin in a ceremony presided over by Dr. Frank Pitt.

The bride is the daughter of Mrs. Edward Albert Schroeder of Indian Village Manor and the late Mr. Schroeder. The groom is the son of Mr. and Mrs. William R. Martins of Ball-four road.

The couple will live in Chicago.

The Martins were hosts at a reception at their home after the ceremony. The bride was given by her brother William C. Schroeder.

Sally Vasic was maid of honor and the bridesmaids were Shirley Ann Smith, Marjorie Holland and June Collins.

Best man was Robert Williams. Ushers were Wallace Riley, Jack Kingswood and George Booth.

Phyllis Jane Hartwell to Wed Herbert Windham Hewitt

Phyllis Hartwell

Mr. and Mrs. Harry Tunis Hartwell were hosts at an "at home" on Sunday afternoon in their home on Lincoln Road, to announce the engagement of their daughter Phyllis Jane Hartwell to Herbert Windham Hewitt, son of Mrs. Herbert Windham Hewitt, Sr., of Lincoln Road, and the late Dr. Herbert Windham Hewitt. Guests were friends of Phyl. and Herb.

Phyl. received her A. B. degree at Wayne University and her M. A. at University of Michigan. She is now enrolled in College of Law at Wayne University.

Herb. spent his early days at Detroit University School. He attended Albion College before enlisting in the Army, where he served for three years and eight months.

While overseas he was with the Allied Military Government. Since his return he has been enrolled at Wayne University.

Wedding plans will be decided late.

Leaders of some 1,500 Cub Scouts in 33 East Side Packs will meet at Jackson Intermediate School on Monday, at 7:30 p.m. to receive guidance in planning their respective pack programs for the fall, winter, and spring.

Jerome E. Friesema, District III Scout Commissioner, will chair the meeting. Ed Stoelling, Al Newman, and Robert C. Reusch from the Detroit Area Council Cub Scout Service will describe the monthly theme idea of planning pack programs and present each pack with printed guides to program planning.

Exhibits of Cub Scout craft-work will be made by the following Packs: Gabriel Richard School pack 98, Robinson School pack 113, Stellwagen School pack 118, and Wayne School pack 129.

Army
Request from Army Personnel will not be required during the Christmas mailing period. Addresses should be complete and plainly written including name, serial number, unit number, APO and postmaster through which the APO is served.

Navy, Marines and Coast Guards

In addressing parcels for members of any of these services, be

sure to designate which service the serviceman is a member of. Parcels for civilians receiving mail through Fleet or Army Post Offices are subject to the same rules as regular members of the service to which he is attached.

Preparation
It is absolutely necessary that all articles for overseas be packed in boxes of metal, wood, solid fiberboard or strong double faced corrugated fiberboard testing at least 200 pounds. Each

"I'm going to kiss every movie actress in Hollywood!"—Governor-designate Jim Folsom, Alabama, leaving for visit.

box should be securely tied with strong cord, preferably by four separate pieces two lengthwise and two crosswise, knotted at the crossings. Sealing the box with gummed tape is not sufficient. Fiberboard boxes should be tied with cord first, then wrapped in strong paper and tied with cord. Articles should be well cushioned inside the box, so they will not move around or rattle. Unless the box is full and well packed, it is likely to be crushed.

Hard candies, nuts, caramels, cookies, fruit cake and chocolate bars individually wrapped in waxed paper, should be enclosed in inner boxes of wood, metal or

cardboard. Soft candies should not be sent. Valuable articles should be registered or insured.

Christmas Greeting Cards

Greeting cards to Army Personnel must be in sealed envelopes and paid at first class letter rate of 3 cents per ounce. Greeting cards to members of the Navy, Marines or Coast Guards may be sent at the 1/2 cent rate in unsealed envelopes provided they bear no writing aside from the signature of the sender and usual Christmas greeting. It is suggested, however that all cards to servicemen overseas be sent as first class mail.

Registry and Insurance
Parcels properly prepared may be insured or registered.

Money Orders
Gifts of money should be sent by means of post office money orders. Currency will not be accepted for mailing to Army APO except those out of New Orleans and Seattle.

Frequency of Mailing
Only one parcel per week will be accepted for mailing from any one sender to the same addressee.

Newly Bought Car Wrecked in Crash

When Douglas MacLeod of 483 Conner, Detroit, purchased a 1937 light coupe out this way he thought he would have a car for a while. But he was mistaken. The car was badly damaged when it crashed into the rear of a 1946 car driven by Mary Sheed Crabb of 1169 Devonshire at St. Clair and Kercheval. City Police ticketed Joseph Zmud of 679 Conner for driving with defective breaks. Zmud was driving with MacLeod beside him.

TAKES COURSE

Robert J. Silva of Silvas Motor Sales, Grosse Pointe Woods, has completed a week's course in the farm service school of Graham-Paige Motors at the Willow Run plant. Mr. Silva is part owner in the farm service division of the Silvas Motor Sales, which is a distributor of Graham-Paige farm equipment.

Latest Highlights From Hollywood

Maddest equine in Hollywood this week is Mr. Roger's Trigger, whose next picture, "Opache Rose," is to be a color film. They've gone and peroxided his mane and tail. Telegram just received from the United States Pictures' unit filming a western epic entitled "Pursued" near Gallup, N. M., reports not a scene could be shot on the location sites until a tribe of Navajos was hired to clear the land of rattlesnakes, centipedes, tarantulas and scorpions. Teresa Wright, starred in the opus, simply couldn't work among them. A children's album, entitled "Willie and Hannibal in Movieland," has been recorded by Jack Carson, popular Warner Bros. star.

Lou Nova, onetime heavy-weight boxing contender credited with a "cosmic punch," has been assigned a comedy role in "Love and Learn" at Warner Bros. Nova has played numerous screen roles since his retirement from the ring after his defeat by Joe Louis. Ariene Dahl, signed to a studio contract only three months ago by Jack L. Warner after a short career as a New York model and stage actress, has been given the lead in "My Wild

Irish Rose" opposite Dennis Morgan. After seven agreeable and profitable years for both, Paramount and Brian Donlevy have agreed to go separate ways. Ann Sheridan, one of Hollywood's leading farmerettes in absentia, has just received word that her truck ranch in Encino, Calif., has yielded a bumper crop. Ann's latest Warner Bros. picture, "Nora Prentiss," is in process of editing. At Warner Bros., Dennis Morgan is recording songs for the Chauncy Olcott life story, "My Wild Irish Rose." Maureen O'Hara has fully recovered from a severe attack of summer flu.

Crosby and Hope Team Together in Colony Film

Patrons of the Colony Theatre are due for one of those extra special treats on Friday and Saturday when two of the top favorites of movieland and radioland appear together. The pair, Bing Crosby and Bob Hope, team together in "Road to Utopia." Of course any picture with both Crosby and Hope in it near Utopia. As anyone could guess, the fun-filled film is packed with laughs from those two great stars and in addition Crosby gives forth with some tuneful melodies that you'll enjoy even if you don't swoon. In the same program Friday and Saturday Frederic March and Betty Field top a fine cast in "Tomorrow the World."

Psychologist Opens Series of Lectures on Personality

Dr. Theodore V. Moldenke, well known psychologist, instructor, and conductor of Life Adjustment clinics in and about New York City, will give a series of ten lectures on "The Psychology of Personality" on Thursday evenings at Eastminster Presbyterian Church, Manistique and East Jefferson. His first lecture will be this evening at 8. The public is welcome.

Dr. Moldenke gave this same series of lectures at People's College, Floral Park, New York, and at various other centers to about 5,000 people. Dr. Moldenke gave a series of lectures on "The Psychology of Happy Marriage" to a large number of people last fall who urged him to give another series of psychological lectures this year. A manufacturer is bringing out a new poultry "de-feathering" machine that will take the feathers off 5,000 chickens, turkeys, ducks or geese in one hour.

Hourly earnings of workers in 25 leading manufacturing industries have gone up each month this year. Wages per hour reached an all time peak in July, a gain of 8 per cent over July, 1945.

Catholic Theatre Stages Two Plays

"The Adventures of Huckleberry Finn" will be produced by the Catholic Theatre Children's Stage at the Art Institute auditorium Friday at 4:15 p.m. and Saturday at 10:30 a.m. and 2:30 p.m. Last night the Catholic Theatre presented "Sherlock Holmes" to an opening night audience. The presentation, also at the art institute, continues tonight, Friday and Saturday. Tickets for both productions are available at The Catholic Theatre office, 1234 Washington boulevard, Detroit 26, or phone CA. 1700.

Jennifer Jones at Shores

The combination that screen fans have been calling for these many months will appear on the screen of the Shores theatre at Mack and Nine-Mile Sunday, Monday and Tuesday as lovely Jennifer Jones and Charles Boyer are teamed. "Cluny Brown" is a vehicle which enables both screen notables to display their natural charm and innate greatness. Jennifer was never more exotically lovely nor Boyer more irresistible. The younger set will enjoy the other feature along with their elders as Johnny Weissmuller is paired with Brenda Joyce in a newer and finer Tarzan picture entitled "Tarzan and the Leopard Woman." The splendid program is completed with a late newsreel and cartoon.

Town Hall Series Opens Oct. 18 at Cass Theatre

A change in program has been made for the opening of the eighteenth season of lectures for the Detroit Town Hall in the Cass Theatre Friday morning at 11. Mary Van Rensselaer Thayer will be the speaker in place of Pvt. Marion Hargrove, who had been under contract for that date but who has just been ordered by his physician to cancel all speaking engagements. Mrs. Thayer, attractive New York socialite, is one of America's gifted writers and analysts. She is one of the few women chosen for big-time newspaper assignments during the war and the only woman journalist to travel inside the Russian-occupied Balkans from Poland to Greece and Italy.

Psychology Course Will Begin Monday

A course in psychology under the direction of Mrs. H. R. Sherman of Wayne University, will begin Monday at 1 p.m. at 10924 Whitehill. Classes will be Mondays from 1 to 3 p.m. and run for 12 weeks. There is a nominal enrollment fee of one dollar. It is being sponsored by the study club of the Edwin Denby Mothers Club. Mrs. John S. Singler is the chairman and can be contacted for further information at AR. 1942. Mrs. Robert C. Hanson, publicity chairman for the club announces that all women in the district are welcome to attend.

Chief Rector Stresses Fire Prevention

Business places in the Park are being inspected as part of the work of Fire Prevention Week, which concludes Saturday, Fire Chief Ed Rector reported.

Chief Rector said that Boy Scouts are distributing fire prevention pamphlets to each of the 3,200 homes in the Park.

The Chief also gave a brief reminder to members of the Rotary Club and stressed fire safety precautions for hotel guests.

In a message to the public Chief Rector said:

"Fire losses this year, according to the NFPA, will probably reach the all-time high of more than 11,000 persons killed and almost \$600,000,000 in property destroyed. These figures represent an increase of 22% over 1945.

"A home catches fire every 90 seconds somewhere in the country," the Chief declared. "But the tragic part of these losses is that nine out of ten fires could be avoided by the use of common-sense, in the elimination of fire hazards; such as, careless smoking and negligent use of matches; accumulated piles of rags, papers, old bedding, etc., which should be cleaned out of every home.

"It's the business of the fire department to know the common fire hazards. We're ready and anxious to help the people of Grosse Pointe Parks rout them out during Fire Prevention Week, and every week in the year.

"We ask that everyone learn the location of his nearest fire alarm box and how to operate it. In communities where there is no fire alarm system, learn how to call the Fire Department by telephone and be sure the exact location of the fire is clearly stated. We ask also that everyone inspect at regular intervals the fire extinguishers in his home."

Bank Robbery False Alarm

City Police thought they had a bank robbery on their hands when the alarm from The Grosse Pointe Bank on East Jefferson rang in.

Two Scout cars with officers ready for any emergency sped to the bank. There they found everything serene, and "Skipper" Montford cleaning up. They figured "Skipper" must have hit an alarm button by mistake.

CHILD FALLS FROM CAR

Sam Gallucci, Jr. 3, was treated for lacerations to his face at Saratoga Hospital when he fell out of his mother's car on Mack avenue. Woods police investigated.

RADIO NEWS AND VIEWS

By JIM HENRY
 After seeing a national survey revealing that radio columns compete with front pages and comic strips in reader popularity, we have instituted your weekly radio-gram for your reading pleasure.

This new weekly column is designed to give you a compact capsule of the week's highlights in the radio world. Naturally, Detroit radio will be its main concern, but interesting sidelines on popular network shows will not be slighted.

We hope to cull the currents out of radio events and in brief, entertaining paragraphs cover everything from sketches on local executives and talent, to tidbits on Crosby, Hope, McCarthy, Morgan, the McGees and all the rest.

LOCAL AIRINGS

Detroit's George W. Trendle, former head of WXYZ and WOOD, which were sold recently to ABC for \$3,650,000, is not through with the radio industry. He plans to apply his executive genius to a new station, reportedly an NBC outlet in Flint. Besides, he and his general associate, H. Allen Campbell still have an important piece of radio merchandise in the Lone Ranger and the Green Hornet.

The industry will watch the development of the new Trendle-Campbell venture with great interest to see if business history repeats itself. Trendle has always been able to expand a comparatively small investment into a million dollar operation. With Master Salesman Campbell at his right bower, the majority of Michigan radio executives believe they can't miss.

Lanny Pittman, WWJ publicity head, has lost none of his enthusiasm for the Coffee Club program which has developed into the leading audience participation show in Detroit. Talk to him and its a 2 to 1 bet that Coffee Club will be mentioned in the first three minutes of the conversation. Its gone NBC network on Saturday mornings.

Lyall Smith, Free Press sports editor now in its second week sports broadcast at 8:40 p.m. over WXYZ which is being well received.

WWJ, Detroit's first radio station, apparently plans to be the first in television too. They are sponsoring a television exhibit at Convention Hall October 17 to 20. However, American Broadcasting Company threw its hat into the Detroit television ring with an announcement this week by Paul Morrey, Nat'l director, who said "We expect to be the first broadcasters on the air in the Detroit Area." Morrey added that ABC will be producing live shows on its Detroit outlet by next June. John Pival will ordinate television activities for ABC here.

Shipbuilder George Eddy who turned his personal cruiser into a press, radio and television boat during the recent Gold Cup race was looking ahead to 1947. He plans to enter one of his new aqua-flow boats with one point forward and two back in the race next year and gave a few radio men a preview.

Competitive radio locally isn't nearly as cut-throat as depicted in "The Hucksters." We heard several execs of WJR, WXYZ and WWJ all agree that CKLW had the most congenial bunch in the business.

Eddie Chase who does very well giving bandleaders "the needle" on his popular "Make Believe Ballroom" program has renewed his contract for the fifth consecutive year. His new time from 3:15 to 4 is for the benefit of his enthusiastic school fans.

On the stage, "the play is the thing," but radio announcers apparently believe the PAY is the thing. . . . In reply to a questionnaire from their publicity department, three announcers named as their pet dislike "the present wage scale in relation to the cost of living." In answer to a general background question "What is the secret of your success," another staff an-

Police Fire Warning Shots at 'Prowlers'

Farms Police fired several shots into the ground early Sunday morning when they were called to 109 Touraine where prowlers were reported to be breaking into the garage. The officers picked up the fifteen-year-old daughter of the house and her male friend of 16. The girl admitted they broke the garage window to try and get in to take out the family car.

Police later picked up a 12 year old girl and a boy 17. All were released to go home.

Reckless Driving Charged to Girl

Rosemary Schroeder, 22, of 1361 Beaconsfield was given a ticket by City Police for not having her car under control as the result of an accident on Kercheval between St. Clair and Notre Dame. Miss Schroeder drove into the rear of a car driven by Mrs. Hanna Jane Sims of 1350 Somerset. Mrs. Sims' baby in her car at the time was unhurt.

Remember?

(Continued from Page 1) to fight obscene literature. Members of the council planned a system of checking all stores in this area.

October 11 was set as the final date for City candidates to file for offices of mayor, city clerk, councilman and assessor and constable.

As a result of protests filed with the Farms Council the Commissioners prepared to make a detailed study of the tax assessments.

Farms commissioners at their meeting unanimously agreed that henceforth all department heads in their village municipal offices would be held responsible to the Council alone.

Tickets for the eight monthly lectures on "The New Books and Plays," sponsored here by the University of Michigan Alumni Association of Grosse Pointe township were reaching peak sales records.

A new ordinance designating Kelly road, Harper avenue and Vernier road as stop streets was adopted at the Gratiot township commission meeting.

Work was progressing rapidly on the new addition to Grosse Pointe high school. The total cost of the new building was estimated at approximately \$145,000.

TEN YEARS AGO—

The Grosse Pointe Republican Women's Club staged a huge open air rally in Lochmoor with a view to enlightening the voters as to the platform and aims of the Republican party.

The membership committee of the League of Catholic Women gave a Fall Frolic to benefit the mortgage fund.

The Democratic club planned a rally for the last of October.

The University of Detroit's second home game was scheduled against Oklahoma A. M.

Tiny Ann Marie Schultz, four year old daughter of Mr. and Mrs. Stanley J. Schultz traveled with her mother to Chicago where she appeared before the members of the Chicago Association of Dancing Masters during their convention.

Mr. A. Cadieux of Lakepointe avenue and one of Kelvinator's top salesman who was awarded a trip to Cuba returned to Grosse Pointe.

A benefit Halloween masquerade dance for a contemplated Children's Christmas party was arranged to be held at Mason school.

Impressive ceremonies drew crowds to the dedication of the Grace Evangelical Church.

Otis Skinner, popular author and actor addressed an enthusiastic audience at the Detroit Town Hall. Recognized as the first gentleman of the theatre he thrilled audiences across the country with his impersonations and speeches. He is the father of the now top billing actress and authoress, Cornelia Otis Skinner.

FIFTEEN YEARS AGO—

The mix up in the boundary line dividing the Farms from the Village which existed for many years appeared to be reaching an arbitrary settlement. Council members of both municipalities agreed that the strip of land lying between the then existing boundary and the lines dividing Private Claims 241 and 300 would be annexed by the Village if ratified by the vote of the Village residents.

A barnyard golf tournament that started a week previous was finally completed with James Buysse, of Detroit and Lucian Vandenaebale of Grosse Pointe Park capturing the Championship honors after playing more than 500 games.

The University of Detroit team was awaiting the arrival of the Iowa State eleven for one of the season's most talked of games.

The Review moved from its old location at 14935 Kercheval to its present location. Dr. S. M. Brownell, superintendent of schools was scheduled to address members of the Trombly School PTA at their October meeting.

Greta Garbo was thrilling movie goers with her characterization of the lead role in "Susan Lenox," from the book "Her Rise and Fall." Clark Gable played opposite Miss Garbo and won the acclamations of movie critics for his fine performance.

TWENTY YEARS AGO—

Northville defeated Grosse Pointe high school by a score of 6 to 2.

Delegates for the Grosse Pointe high school athletic association were elected at the group's early fall meeting.

A local hardware store offered two prizes to the weekly readers of The Grosse Pointe Review.

A warning printed in The Review cautioned parents to watch for the first signs of illness in their children as cases of diphtheria was quite common in this area.

The Island View Rebekah Lodge No. 466 announced plans for their annual Halloween party to be held at Amity Temple.

Michigan Mirror

With two important amendments to the state constitution and a \$270 million veterans' bonus, plus the election of state officials, congressmen and a United States senator, coming up Nov. 5 for a ballot showdown, thousands of Michigan citizens in cities, villages and townships of less than 5,000 population may lose their right to vote on these issues.

"Why? There's no dictatorship in Michigan!" you reply. "Vouchsafed for by Secretary of State Herman H. Dignam, the statement still stands. All citizens now residing in cities, villages and townships of less than 5,000 population MUST re-register by Oct. 16 with the town clerk.

If any citizen fails to re-register by Oct. 16 — the last day — he cannot vote on Nov. 5. "Act 291 of the Public Acts of 1945 provides for permanent registration in all townships, cities and villages regardless of population," states Secretary of State Dignam.

Permanent registration of electors is now mandatory in all election precincts in Michigan. In 1931 the state legislature amended the election law to require permanent registration of voters in all townships and cities having a population of 5,000 or more. The 1945 legislature extended this provision to governmental units of less than 5,000 population.

Failure to vote within a period of two years will automatically cancel registration unless application for continuation is made within 30 days from receipt of notice from the clerk.

Education Views of Michigan's two party nominees for governor — Murray D. VanWagoner and Kim Sigler — were solicited recently by the Michigan Education Association.

Ballot proposal No. 2 at the Nov. 5 election would divert one cent of the state sales tax to local governments and would "freeze" into the state constitution a formula for state aid to public schools. Based upon the 1946 tax collections, school state aid would be increased from \$60,000,000 to \$100,000,000 a year.

Van Wagoner's statement to the M.E.A., whose membership comprises school teachers, pointed out that the "crux of the entire issue" is the "restricted narrow local tax base," the 15-mill limitation which was put into the state constitution in 1932.

"Enabling legislation is needed, I profoundly believe, to permit the broadening of the local tax base, both to give the municipalities badly needed funds and to encourage democratic self-government at the local level.

"Given sufficient funds municipalities would, I am confident be compelled to face up honestly to the educational demands of their communities." It is the opinion of Van Wagoner that "sales tax funds, subject to fluctuations in amount from year to year and subject to demands of reservations of an oftentimes hostile legislature provide no firm or lasting basis for a constructive and progressive school aid program."

"Consolidation of small, inefficient school districts is one of the most crying needs in any over-all solution to our school problem," stated Van Wagoner. "Hundreds of school districts in Michigan with 15 or less pupils, simply point up this wasteful, inefficient phase of our educational picture.

"In further evidence of my good faith toward a betterment of education, I appointed, as Governor in 1942, a State Public Education Study Commission made up of the best cross-section of urban and rural educators I could find, and representatives from both major political parties in the Houses of Legislature. If re-elected to the office of Governor in November, I pledge a continuing and forceful effort in behalf of our educational system."

Sigler's views of the proposed constitutional diversion of state sales tax revenue include the following excerpt taken from his statement to the M.E.A.: "Public education as I see it, is one of the most important functions of government. It is recognized by the Michigan Constitution as a State responsibility. But it is more — much more — than a responsibility. It is a real moral obligation.

"However, down at the grass roots of our educational system is the local school district. That is as it should be. It is a guarantee of the application of democratic principles in the conduct of our educational system.

But I am entirely aware of the fact that the local districts are restricted by the fifteen-mill tax limitation in the amount of money that can be raised locally for school operation.

"Thus, in addition to the supervisory advantages of centralized leadership and guidance, the State has a definite financial responsibility. But in a

consideration of this responsibility I again insist upon being realistic rather than politically expedient.

"And I repeat that such responsibilities should and must be met on the basis of financial availability and public approbation, keeping in mind of course that public education is one of the most vital functions of government.

"I will never be in favor of ignoring the public in the expenditure of public funds. But by the same token, I can assure you that I will always support any expenditure necessary to guarantee to the people of Michigan an honest, efficient, and forward-looking administration of their State governmental affairs. For that, I assume, is a standing order among honest citizens everywhere.

"I am entirely in accord with the principle of a sound teacher's retirement, with adequate pensions and a proper retirement age. The teacher's retirement fund should be ample to meet all equitable needs, and should receive adequate and proper State aid.

"So far as tenure is concerned, it should be based upon performance and never upon whim or any kindred consideration. To give the highest type of service expected of them, teachers should be given a maximum of security in the jobs, and I consider the leadership and guidance involved in this guarantee to be the direct responsibility of the State."

More than 8,000,000 radio sets were produced, despite strikes, government restrictions and shortages. In the first year of reconversion, the manufacturers report. The figure is 60 per cent of the 1941 production of 14,000,000 sets.

"Your red-blooded organization is not only known in this county and state but by the official people in Washington, D. C. and Ottawa, Can., for its great help to us in trying to abate the stream pollution menace as quickly as possible." Milton P. Adams, executive secretary of the Michigan Stream Control Commission told members of the Wayne County Sportsman's Club at its regular monthly meeting at the American Legion Memorial Home in Dearborn Wednesday evening.

"It was not until you people began to take hold of it that we began to see any effect on the legislature," he said in speaking of the \$25,000 appropriation for an emergency office of the commission in the Detroit district with a patrol boat on the river checking sources of pollution, made by the Little Legislature recently. He said that this money would make it possible for the state commission to work in cooperation with the Joint Commission of U. S. and Canadian authorities on the problem and urged those present to note such matters as tainted fish and ducks bogged down in oil for presentation at public hearings to be held in the near future.

Visible Black Light

The black light below the red end of the spectrum can be made visible by a new process worked out by Dr. Gordon Fonda, of the General Electric laboratories. Zinc sulphide, which produces phosphorescence with ultra-violet light, is used with a fraction of a per cent of lead added. The zinc-sulphide screen first is illuminated with ultra-violet light, which causes it to glow. After the glow has faded it can be caused to glow again by having the infra-red black light fall on it.
