At the right, Meeky is pinning a pennant on her well-decorated walls.

Schools Will Close Oct. 25 as Staff Attends MEA Session

All Grosse Pointe public schools will be closed all day Oct. 25 so that members of the staff may attend the various sessions of the annual conference of region one of the Michigan Education Association, Dr. Paul L. Essert, superintendent of schools, has announced.

Ray Witting, of the high school staff, is a member of the planning committee of the MEA.

Miss Berniece Moore, dean of girls and Pierce Junior High will take part in one of the round tables on reading. She will discuss the effects of reading success or failure on the child's all around development.

Dr. Marlon Fitz-Simmons, psychologist of the board of education, spoke on "Techniques in Visiting Teaching" at a meeting of region six of the MEA in Detroit Friday.

An extensive program of speakers has been scheduled for the Region One Conference Oct. 24 and 25. It will be headlined by John H. Furbay, the director of air world education for TWA, Kansas City, Missouri, who will speak on "Educational Implications of Living in an Air World." Eugene B. Elliott, state superintendent of public instruction, and Lee B. Durham, president of the Michigan Education Association, both will address the general session of the Region One Conference Friday morning Oct. 25.

Music for the general program Friday will be provided by the Highland Park High School concert chorus, directed by Roy M. Parsons.

Registration headquarters for teachers attending the Region One Conference in Detroit will be in the Consistory lobby of the Masonic Temple. Registration will take place Friday morning Oct. 25 starting at 8:30 and the general program of the conference will follow at 9:30 in the Masonic Temple auditorium.

Unlike some of the other Regional Conferences the Region One session has been compressed mainly into one full day of activity. Adult Education, Parent-Teacher, and Rural divisions will hold their programs Thursday afternoon as will the Council of Girls and Deans of Women, a section program. Otherwise the entire conference will take place on Friday.

Throughout all of its eight regions, the Michigan Education Association has undertaken many broad efforts to help the teachers abreast of national and state affairs. The conferences are "in-service" education for teachers who attend, and schoolmen feel that at no time in the history of the conferences has the need for their enlightenment and inspiration been so keen. "Atomic age" is regarded by Michigan educators as no idle phrase, and they point to national and world news and the questions of their own pupils as ample evidence of this.

As in the past, the Regional Conferences have been officially designated state teachers' institutes by the State Superintendent of Public Instruction; teachers may therefore attend without loss of pay.

Programs are divided among general, division, and section types. The general program is for all who attend a Regional Conference and will present outstanding state and national speakers. Divisions — the larger classifications of education effort, such as adult education and PTA work — will hear prominent educators and laymen discuss topics of the times, as well sections, which consist of groups organized about individual study subjects, such as geography and arithmetic.

A portion of the general session in each region has been given over this year to a discussion of the proposed sales tax amendment, Proposal No. 2 on the November 5 ballot.

This year's eight Regional Conferences opened October 3 with the Petoskey, Region Five, and Escanaba, Region Seven, institutes.

Mrs. Leon Jacobi, president of the Grosse Pointe High School Mothers Club, is serving as general food chairman for the seventh annual community Halloween party.

Assisting Mrs. Jacobi are Mrs. Charles Ellis, Mrs. Harold Davis, Mrs. Edward F. Gehring, Mrs. Wm. Rossiter, and Mrs. Howard Quakenbush.

Junior High school age students will again have parties at the Neighborhood Club and the John D. Pierce school.

TROMBLY SCHOOL NEWS

Projects individual and in groups are again the main topic in each classroom at Trombly.

The 1A group are building a model farm in connection with their study of farm life.

The 2B and 2A children are learning many useful and helpful ideas from the red ant colony they have in their room.

The children brought in the queen ants and the workers. They feed them sugar and water. They are watching how ants all work together for the good of the group.

The 2A and 3B room has built a Centerville Post Office. They took a trip to the Trombly office to see the post office for the teachers. They then put individual post boxes in their post office.

The children enjoy sending letters and receiving them. Nancy Hays had a birthday package and letters through the Centerville Post Office. The students are studying R.F.D. mail delivery on a small island and Pony Express. Bruce Rockwell is the Postman and Church Norris is the Mail Clerk.

They are making oral and written reports on post office activities.

The 3A and 4B grades are working on murals and reports about an island village and San Francisco. They are making a model of Sutter's Fort with an Indian Village near it.

The 3A class are working on an island village made of clay. The 4B-4A room is studying about California.

Dennis McGinty brought many articles from Chinatown. Phil Hutchins brought some samples of the redwood tree and Roberta Stevens some petrified redwood.

They have many folders and pictures of Hollywood. Committees are busy making California scenes and reports on California.

The 5B-2 class are planning a showcase which will show how Detroit looked at the time of Pontiac's Conspiracy. The boys and girls, under the leadership of David Lyndrup and Richard Andrews, are modeling Indians, houses, bridges and utensils from clay.

Fast Work!

Commissioner Paul Marco, of the Woods, is mighty proud of his police department. Mr. Marco is also chairman of the village police commission.

But the thieves who stole Mr. Marco's car Saturday night at 9 didn't know the connection and didn't realize that the Woods police had vowed to get that car back in a hurry.

So five hours later Woods police recovered the car and returned it to Mr. Marco.

The 5A-1 class had an interesting flag raising exercise Friday morning, October 4. Margo Knoch, Gretchen Schroeder, Suzette Dauch, Jay Ann Covault, Charles Reese, Ronald Hartung, and Patsy Kelly told about the correct ways of displaying the flag. Jim Jackson, Durst Thome, Tom Donahue, and Wilson Bryce with their wind instruments accompanied the student body in the singing of America.

The following students in the 6A-1 Ronald Neison, David Cobb, Lawrence Daniel, Pat Burke, Gall Matzen, Donald Schmidt, Kay Jameson, Raymond Osborne, and Joan Cougler are brightening up the cafeteria with a big mural 4 feet long and 24 feet wide. It depicts the different types of food that are brought to our tables from all over the world.

The fifth and sixth grade art classes are capturing some of Autumn's gay colors in pictures done with pastel chalk. Fall trees and fields of corn stalks and pumpkins give the art room the appearance that Halloween is near.

In connection with the unit on Medicine and Health a committee of three pupils in 6B-2, Judith Evans, Mary Jane Hoover, and Richard Wade are making a chart 24"x35" of the circulatory system of the human body.

McNally Raps O'Brien Record

In a stirring political address Thursday, James N. McNally of the Park, who is Republican Candidate for prosecutor, vigorously attacked the incumbent Gerald K. O'Brien.

Text of Mr. McNally's address, delivered to an enthusiastic audience, is as follows:

"On October 4, of this year, a morning newspaper carried the heading, 'Prosecutor Reveals County-Wide Checkup on Meat Hoarding.' The investigation further said that the cold storage warehouses and slaughter houses will be checked for hoarded meat.

It would appear that all of a sudden that the present Prosecuting Attorney has a change of heart and that he is now interested in the people of Wayne County.

"A public official is elected upon his record, now let us see what the record says:

"In an editorial on Friday, May 10, 1946, the Detroit Free Press carried an article quote, 'The grocers have pitted themselves against an organization wielding immense power. They have no reason to expect assistance from Prosecuting Attorney O'Brien. The bloc votes which certain labor leaders are willing to deliver for avaricious ends helped elect him.

"Mark you. This does not speak of Labor or of all Labor leadership. It confines itself to, I quote, Certain Labor Leaders. Neither the editorial writer nor this speaker meant to imply that Labor is not entitled to consideration in politics. It is...

"What the editorial writer criticizes, and what I criticize, is the implication that in exchange for votes your prosecuting attorney was influenced to refrain from prosecuting a few men who had every appearance of having broken a law for the safeguarding of you, the public.

"Again on May 11, 1946, in the Detroit Free Press an editorial entitled, 'The Grocers Get Help' that newspaper in an editorial said as follows: 'It is an unlovely condition when the Federal Government has to come in because local authority — this time in the person of Prosecuting Attorney Gerald K. O'Brien — is too fettered by political attachments to perform his duties.'

"Then again on the same day in the Detroit News an editorial entitled, 'What About State Laws, Mr. Prosecutor?' The prosecutor is quoted, 'He says the merchants merch. are told they will get no meat to sell, unless they buy a union permit.'

"On May 15, 1946, the Detroit Free Press carried an article, 'Now Prosecutor O'Brien — who has also depended upon the Hoffa quick delivery system of mass production votes — says he will prosecute Hoffa vigorously; though he still insists he can't find any evidence.' — 'A prosecutor who announces he cannot find evidence is not the

man to prosecute Hoffa."

"Then on Tuesday, May 14, the Detroit News carried an article, 'The situation is a peculiar one, in that the people have been given good reason to doubt the zeal and diligence in the case of the county prosecutor, Gerald O'Brien. Mr. O'Brien throughout has been unwilling to consider the possibility — except under the narrowest construction of the applicable laws — that a crime was being committed, and in the same article, Mr. O'Brien is openly out of sympathy with the charge and questionably able, even if willing, to serve the people effectively in prosecuting it.'

"Then again on May 16, in the Detroit Free Press after public demand had insisted that a Grand Jury be called, that newspaper states as follows: 'O'Brien gives the appearance of a man goaded into acting against his will, and anxious for the arrangement least likely to inconvenience the scoundrels against whom he has been so laggard in taking action.'

"Now what has gone on in history and that is that your present prosecutor attorney refused to indict any member of the Teamsters' Union, and then when the pressure went on, my opponent did request a grand jury and as you all know, a few days later Hoffa and his aides were indicted for the very thing that your present prosecuting attorney said was not a crime.

"Could it be that there was an unholy alliance, agreement or conspiracy between your present prosecuting attorney and the Teamsters' Union not to prosecute? Wasn't this the same Unulon who assisted your present prosecuting attorney to defeat Bill Dowling in the last election?

"My opponent in asking for his re-election has placed under his name on several sign boards, 'A Fair Play in Every Way.' Now I will ask the present prosecuting attorney to answer the following:

1—Did he show any performance to this Teamsters' Union?

2—Did he consider the merchants and grocers when he said it was all right for the Union not to deliver meat?

3—Did he consider you, Mr. Voter, the one who uses that meat when he said it was all right for the Union not to deliver the meat unless the grocer paid for a license to deliver it?

"Now with officials of the Teamsters' Union indicted all of a sudden he takes an interest in you, Mr. Voter, and he says he will find out if there is any meat hoarding. Why the change in heart, Mr. Prosecuting Attorney?

"Three months ago you said in effect to the small merchants, grocers, and butchers that Mr. Hoffa was right and a permit had to be obtained to deliver meat. Since then Hoffa and his gang had been indicted for the very thing that you said was not a crime, and it wasn't you, Mr. Prosecuting Attorney, who indicted Hoffa but a courageous Grand Jury.

"Now Mr. Prosecuting Attorney, I wish you would answer this question, 'Knowing what you know today, would you have been on the side of Mr. Hoffa, or on the side of the grocers and butchers, or would you be on the side of the voters to whom you made a solemn oath that the rights of all citizens would be protected and guaranteed to the end that this racket and other rackets that are now flourishing in Wayne County would cease to exist?'
