FORD PROMOTION Appointment of M. E. Shepley as general assistant controller of the Ford Motor Company was announced by L. D. Croves, vice-president and director of planning and control

The Grosse Pointe Farms Village Clerk, Harry A. Furton, recently sent out 150 "Notice of Registration Suspension" which caused a great deal of confusion on accounts of many persons received them who had not been in the recent National election.

Clerk of Farms Clarifies Confusion on Registration

The confusion comes from the fact that the general registration laws apply to villages as it does in Townships, that is, not voters must vote at least every two years in order to keep their registration in proper order. Mr. Furton says.

There are three separate sets of registration records in a community which is overlapped by Township government and a combined School District, he said.

One for the School, which is permanent and not affected by the two year voting requirement; one for the Township, which is used for all Township, County, State and National elections; and one for the Village which is used solely for Village elections.

Persons recently receiving "Notice of Registration Suspension" are those who have not voted at the local Village election within the two year period and should sign the card provided for a continuation of their registration if they so wish to do.

About Teachers' Salaries

The following editorial is taken from T-A-B, the Grose Pointe Teachers Association Bulletin for November:

Apparently the thinking of the citizens in the United States is becoming aroused over the plight of our public schools—particularly in regard to teachers' salaries, as evidenced by articles in regard to teachers' salaries, as would like to bring some of these to our readers attention. The Problem: (From October Coronet) 'Surely the youth of America has never been more desperately in need of teaching and enlightenment. Yet today, the shortage of competent teachers in the U. S. has risen to more than 125,000—and is still climbing rapidly.'

The situation can be summarized in two statements: (a) teachers want, need and should have better pay; (b) the country wants, needs and should have better teaching. What to do about it: 'The first thing to do, obviously, is to assure teachers not only of a decent wage but a wage that will attract and hold capable men and women and reward their undoubted devotion.'

'Dr. Harold F. Clark, professor of education at Columbia's well-known Teachers College and a close student of this problem, believes that the national average of increase must be about 100%. Salaries, he says, of \$5,000 \$6,000 and \$7,000 must be normal and routine in the classrooms.'

'In certain progressive communities, there are salary committees studying the problem. We will have a salary committee too, and their recommendation, I hope, will be generous enough to solve our problem once and for all.'

For years we have been studying the salary problem and it is still with us. With the Personnel Study Commission seriously investigating this problem it may be hoped that this year Grose Pointe will develop an exemplary plan.

That news report on the theft of baby diapers assures us that in at least one place there will be fewer changes made.

The truth is that this land of the free and the home of the brave has become an occupied country.—N. Y. World-Telegram.

Now that they have radios to fit a woman's purse, maybe they'll have hourly programs telling the owners where they find that dime for carfare.—Boston Globe.

Perhaps reconversion would do better if everybody didn't get so hot up about it. More motion and less emotion might help.

Just in case. There is a new law, making it a federal offense to rob an aircraft or its passengers. Also included are rocket ships.

Nickel is being put back into the nickel. But where's the hamburger or the hot dog or ice cream cone you could get for one?—Christian Science Monitor.

'The Wage Stabilization Board is dead, it needs only to be buried.'—Eric Johnston, former president of the Chamber of Commerce of the United States.

'We should try to make the status of a wage earner that of a partner rather than that of an irresponsible employee.'—Winston Churchill, addressing the English Conservative party congress.

'Teaching as a profession cannot depend much longer upon that loyal band of men and women who teach because they love to teach.'—Miss Mary Titus, president, department classroom teachers, National Education Association.

'The Hawaiian Islands are now within 60 flying hours of any lace on earth, and are 50 years ahead of the rest of the world in the mixing and blending of the races.'—Rt. Rev. Harry S. Kennedy, Protestant Episcopal Bishop of Honolulu.

Christmas Tree Season Arrives

The Department of Agriculture inspectors from the Bureau of Plant Industry will again be required to enforce the provisions of Act 124, Public Acts 1933, known as the Evergreen Tree Act or Christmas Tree Law, says Director Charles Figy.

Cut Christmas trees are not required to be inspected but must be accompanied by a Bill of Sale. Some 30,000 forms for this purpose are being mailed to Conservation headquarters, State Police headquarters, County Agents' offices, County Sheriffs' offices, U. S. Forestry Service, or the forms may be obtained by writing directly to the Department of Agriculture at Lansing.

No person is allowed under this law to cut, remove or transport Christmas trees, evergreen boughs or other parts of plant material without obtaining the permission of the property owner and be furnished with a Bill of Sale by the person owning the property to show that this permission has been granted. However, any tree or plant material with roots attached constitutes nursery stock and must not be moved or transported in Michigan until it has been inspected by an official inspector of this Department and a certificate issued indicating its freedom from disease and insects.

The Department of Agriculture will establish highway police posts operating on a 24 hour basis each day throughout the season where this material will be checked by Department staff inspectors, says Director Figy. We are appealing to all hunters, particularly deer hunters, as well as those interested in this law from a commercial standpoint, to comply with the provisions of the law.

The penalty for not complying constitutes a misdemeanor and upon conviction, the offender can be fined not less than \$25 or more than \$100 for each offense, or imprisonment in the county jail for a period of not to exceed three months.

Driver Phones from Taxi

Wally Davis, driver of car No. 13, (the only No. 13 cab in the Detroit area) of the Grose Pointe Cab Co. is shown above talking to the dispatcher in the Cab Co. office over the mobile radio telephone installed in his car.

Mobile Radio Phone Put in Cab

Grose Pointe is showing the way to the rest of the Detroit Metropolitan area in use of mobile radio telephones as Grose Pointe Cab Co. has installed the equipment in the first two of its 13 cars.

James Webb, owner of Grose Pointe Cab Co., revealed that he plans to have the equipment put in all his cars as quickly as Michigan Bell Telephone Co. can supply it.

The mobile radio telephone permits the Cab Co. office to keep in direct contact with the car at all times and to dispatch it without delay on new calls. 'We expect the car phones will enable us to give far better service at all times, said Mr. Webb.

In each cab with the mobile radio telephone the equipment consists of a cradle type car and mouthpiece which is fitted in a holder beneath the dashboard. On the roof is a short aerial and in the rear luggage compartment are two metal boxes, one containing the transmitter and the other the receiver.

When the Cab Co. wants to call its car No. 13 on the mobile radio telephone it asks the operator for 'Mobile' and then gives the call number of that cab, WJ 6-2483.

A bell rings on the dashboard of the cab and the driver picks up his receiver. On the receiver is a button which is pressed down when you are speaking on the radio telephone and let go when you are listening.

If the driver wants to make a call to his dispatcher in the Cab Co. office he merely takes his dispatcher in the Cab Co. office he merely takes his receiver up, presses the button and asks the Michigan Bell operator for 'Dispatch 7', which is Grose Pointe Cab Co.'s designation.

Mr. Webb pointed out that the mobile radio telephone would be of great benefit in calling the police in case the driver were held up or in case he witnessed a crime being committed. A call may be made from the cab to any home or to any city.

Claude Rains discusses role: 'After years of being classed alternately as either the worst kind of siren villain or the finest heroic type, I wound up doing a combination of the two in 'Deception'. 'I portray Hollenius, a composer-pianist who is ruthless and petty and cruel, yet at the same time a great and generous man. It all seemed very confusing at first, as I recalled being the mean-spirited Prince John in 'The Adventures of Robin Hood'; the kind chemistry teacher in 'White Banners'; the mad doctor in 'Kings Row'; the tender,

amiable father in 'Four Daughters'; the unscrupulous Napoleon II in 'Joana'; the good psychiatrist in 'Now, Voyager'; the 'mad scientist' in 'Cassanova' and the Caesar in 'Caesar and Cleopatra'.

'Then, suddenly, I got an inspiration which made the whole business a pushover. I simply combined all those characters, good and bad, into one fellow as many scenes as possible. Bette Davis and Paul Henreid, who star with me in the piece, tell me that I did all right.'

Sidney Fields, known to the film trade as a 'gag man' because he's writing funny dialogue for Warner Bros. current comedy, 'My Wild Irish Rose,' reveals the secret of all humor: 'A joke,' he says, 'is nothing but formula clothed in current calamity!'

"Gentlemen — Be Seated"

Try Sugarless Pumpkin Pie for Thanksgiving

You may not have any sugar but you can have pumpkin pie for your Thanksgiving dinner.

Mrs. Annanell Jubb, research instructor in foods and nutrition at Michigan State college, says that you can substitute honey for sugar with equally good results. Use 3/4 as much honey as you would use sugar and both the quality and flavor will be highly desirable.

Mrs. Jubb suggests that you use a honey pumpkin pie recipe which makes two pies 9 inches in diameter. First combine 2 1/2 cups of mashed pumpkin, or squash, 3/4 cup of honey and 2 tablespoons of molasses.

Mix together these dry ingredients — 2 tablespoons flour, 1/2 teaspoon salt, 1/4 teaspoon soda, 1 teaspoon cinnamon, 1/2 teaspoon ground cloves, and 1/4 teaspoon nutmeg. The spice measurements can be cut down as much as one-half if you like your pie less spicy.

Next add the dry mixture to the sweetened pumpkin. Then beat 2 eggs and add with 2 cups of milk to the mixture.

The pie filling may be cooked two different ways. You can pour it in the unbaked pastry shells and bake at 425 degrees

for 20 minutes. Then reduce to 250 degrees and bake 40 minutes, or until the filling sets and does not cling to a silver knife.

Proper Cooking Produces Tender, Delicious Turkey

Crisp and brown on the outside, tender and juicy on the inside — is that the way you want your Thanksgiving turkey?

Some tips on the selection and cooking of the turkey are offered by Jeanette Lee, assistant to the dean of home economics at Michigan State college.

Select a young, plump, well-fattened bird for roasting. Buy one which will allow 3/4 to 1 pound for each person. This amount is based on the dressed weight not the drawn weight. A 15-pound dressed turkey makes about 20 generous servings.

Roast young birds on a rack in a shallow pan without water and without a cover. You can avoid over-cooking the breast by starting the bird with the back up and breast down.

To cook the whole turkey evenly, turn and baste every half hour. Turn from one side of the breast to the other, then breast up, and repeat. If the bird is large — 12 to 20 pounds — turn every hour. To turn the bird, lift it by the legs and neck with a cloth or paper towel. If you use a fork, it will break the skin.

How long you will cook the turkey depends on weight and oven temperature. Heavier birds need longer cooking at lower temperatures. For birds weighing 6 to 9 pounds, roast 2 1/2 to 3 hours at 325 degrees. Slightly heavier ones from 10 to 13 pounds should roast 3 1/2 to 4 1/2 hours at 300 degrees. Birds from 14 to 17 pounds can be roasted at 275 degrees but will require 5 to 6 hours. Temperatures from 250 to 275 degrees will cook turkeys weighing 18 to 23 pounders tender in 6 1/2 to 7 1/2 hours.

Remember

Trombly School was awarded a trophy won in competition with others in the district for safety activities. The presentation by the Automobile Club of Michigan was made to the principal and staff.

Chief Warns

(Continued from Page 1) The next step is to provide equipment which will knock out a small fire . . . FAST. Proper type portable extinguishers in the home often mean the difference between a small fire and a big one. Many small fires are extinguished by the use of the local Fire Department, while large fires can be retarded and kept under control until the professional fire-fighters arrive.

Carbon Dioxide portables are the ideal first aid fire extinguishers for the heating and cooking hazards that account for a majority of the fires in the home.

They smother small household fires in seconds, do no damage and leave no after fire mess. The extinguishing agent, inexpensive carbon dioxide gas will not freeze or deteriorate with age.

The prevention and "first aid" fire fighting equipment are the best insurance against a serious fire in your home. Remember that a clean house seldom burns. And don't forget to have handy portables on hand. They are always ready to go into speedy, effective action.

Be sure that you and your family follow these essential safety rules:

- 1—Send clothes to the cleaners or use non-explosive cleaning fluids.
- 2—Burn oily rags in the incinerators, or keep them in covered metal cans.
- 3—Have your smoke before you go to bed.
- 4—Use only fire safe roofing.
- 5—Keep matches away from small children.
- 6—Replace frayed electrical cords and repair defective electrical equipment.
- 7—Keep a screen in front of your fire, and watch the fire.
- 8—Use only metal barrels for ashes and rubbish.
- 9—Keep stoves, furnaces and smoke pipes in good repair. Use paper and kindling, never Kerosene.
- 10—Burn rubbish only in an incinerator.

Teen Talk

By MEEKY MARIE VAN ZANEN

Everyone's time was well occupied last week-end. Some kids were dancing to the sweet strains of an orchestra while some were lulling beneath a harvest moon, and others chose to stuff themselves with turkey.

On Friday night BUNNY SHIPTON gave a very original wiener roast and hayride for her many friends. The kids all gathered at the Clover Lome Stables for the ride and then back at the farm for the wiener roast.

After this surprise balloons were busted which contained gifts. The evening wound up with dancing and singing by the open fireplace.

Bunny's date was Bob Clark; Mag Schulte was the Lee Walker and Diane Fruehauf was with Bill Anderson. Mrs. Robert Stewart Preebles

Betty Olson Bride of Robert Preebles

Betty Priscilla Olson, daughter of Mr. and Mrs. Thor M. Olson of Westchester road, was married Saturday in Emmanuel Lutheran Church to Robert Stewart Preebles, son of Mrs. Robert D. Preebles of Coplin avenue and the late Mr. Preebles.

The bride wore a gown of sheer white marquisette fashioned in redingote style, with a fitted bodice and long sleeves. A panel of appliqued material extended from the neckline to the hem of the skirt, which extended into a long train. Her fingertip veil of illusion fell from a halo of crushed illusion and ostrich feathers. She carried an arrangement of calla lilies.

Margaret Wood was maid of honor and Mrs. Joseph Hadley was matron of honor. Bridesmaids were Susan Preebles, sister of the bridegroom, Elsbeth Mills and Mary Ellen Tappen.

The attendants were all gowned alike in Chartreuse faille, fashioned with fitted bodices, sweet heart necklines and bouffant skirts, with short trains. They wore matching half hats, trimmed with bitersweet ribbon, and carried bouquets of shaded bronze chrysanthemums.

The bride's twin nieces, Karen and Marilyn Baer, were flower girls.

Mrs. Olson was gowned in sheer gray crepe. A hat of ostrich feathers in shades of orchid, completed her costume.

Mrs. Preebles chose black crepe with aqua trimming and a black hat.

A reception at the Whittier followed the rites. The couple chose Sky Top Inn, in the Pocomo Mountains for their honeymoon. When they return, they will live in Pontiac.

For traveling, the bride wore a French blue suit, trimmed

with brown sequins. Her accessories were brown and she wore a brown squirrel jacket.

Her hair and eyes were made up to harmonize with the gown.

St. Paul Hi-Lites

by PAULA BEAUPRE

Parties and get-togethers were seen aplenty this last weekend, providing very happy times for all who attended.

All streets leading to the U. of D. stadium were crowded with cars and busses filled with St. Paul students and friends who were on their way to view the game against St. Mary of Royal Oak for the All City Championship.

Even though the players didn't bring home the Championship, they still are East Side Champs and should certainly receive a loud cheer for their excellent playing throughout the year.

Some of the Fanlites cheering for their grid stars included Dot Arditta, Sal Nacy, Jack Auckland, Dan Campau, June Allard, Tom Carrier, Dick Hoskins, Do Backman, Nan Stahl, Marie McLaughlin, Joe Cavanaugh, Ellie Wade, Marty Maier, John Hoey.

Amid the red balloons and streamers we noticed Doug Kerich, Betty Sheridan and Al Moir, Nan Logue, Nan Downey, Connie Curran, Sue Sharrow, Margaret Lynch, Sue Burke and Ray Alor.

NANCY BERGMANN and JOANNE SCHUMMER were really surprised when the party given by some of their sophomore friends took place last Friday night.

Each girl was presented with a lovely birthday cake which showed their ages to be fifteen years. Ice cream and orange beverages completed the refreshment list.

Joanne received a compact and Nancy a scarf from the girls who attended the gala session. Their dates for the big doings were Tim Carrigan and Dick Morketter.

The guest list also included Marg Clark and Chuck Wylie, Ann Meathe with Jim Law, Judy Athman and John Hoey, Dot Hillebrand with Jerry Ghouid, Marilyn Mureur with Stan Jursek and Pat Trombley with Harry Hammond.

When the train for Ann Arbor and the Michigan-Wisconsin game left the station, MARILYN OTTO and NANCY ROCKWOOD were on board, on their way to view the last home game of the season. They were met at the stadium by some of their friends and later on Marilyn and Andy Paton decided to get in a little dancing at the League.

PEGGY LABADIE's home was the scene of a huge celebration after the Flyers became the East Side Champs. Lots and lots of people were there discussing the players' newest achievement. Some of the couples in on the talk-fest were Joan Schummer n' Dick Morketter, Marie Meldrum and Chuck Wylie, Marg Clark and Harry Hammond, Nan Bergmann and Dick Hoskins, Pat Trombley and Joe Cavanaugh, Sal Murphy with Tim Carrigan, and Von Tamm with Stan Jursek.

Because there was no school on Monday, Sunday nite seemed like an opportune time for JOAN WEIDMAN to have her strictly feminine get-together.

Joan provided sleeping quarters for the girls who finally made use of them after an evening filled with fun. The delicious breakfast which was served the next morning was a perfect ending for the affair.

Henrietta Sutton, Pat Van Tiem, Pat Rabaut, Carolyn Englehardt, Ellen Bout and Beatrice Marchand all joined in and had a wonderful time for themselves.

THE YOUTH CLUB DANCE summoned lots more fellows and girls this week. The many games and music from the juke box again provided amusement for the crowd.

Some of the students enjoying themselves at the badminton table were Joan Whyte, Butch DeRoche, Anna Marie Tamm, Joan Beamer, Myra Lou Backman, Chuck Wylie, John Clark, and Harold Hickman.

Another chamber party took place at FREGGY WORTLEY's home on Friday eve. Before being notified down to get in a party, the girls were in a quandary as to what to do. The girls who accompanied Nancy Schummer, Betty Ann Hechtman, Alice Fausser and Joan Kalka kept the conversation going for hours.

The SSS dance "Stairway to the Stars" will take place on November 29, at 9:00 sharp! During the ball the King and Queen will be crowned. Remember this is a semi-formal affair and absolutely no flowers are to be given. A perfect evening, for only \$1.50 is promised to all who attend. Valets for now!

Pioneer House Opened by the Junior League

The official opening of Pioneer House, which took place on Tuesday, when the Junior League entertained several hundred people at an open house and tea, marked the end of many months of hard work on the part of Junior League members to renovate and furnish the house they had purchased at 5740 Second Blvd.

All the current problems of obtaining materials and labor delayed the opening of Pioneer House which had to be made ready to accommodate the ten boys chosen by Dr. Redl and his staff to live there under his group therapy care.

You remember the Junior League's new project is to provide specialized care for little boys between the ages of eight and eleven who need particular training to equip them to lead normal lives in their community.

At the Open House on Tuesday, the rooms were open for inspection, and play-rooms, work rooms, and bedrooms, complete with ten man-sized beds, waited the arrival of the boys, which will begin in the first week of December.

The children will come mainly from Detroit and Wayne County and have been accepted only as referrals from social agencies. All public and private agencies may refer children. The agencies will remain in contact with Pioneer House Staff. No charge in guardianship will take place.

Besides financing the project, and working to prepare and equip the House for occupancy, the Junior League will continue to play an active part in its operation. All volunteer League workers, planning to assist with the children or in any way join in the running of the project, are attending a special seminar on group therapy taught by Dr. Redl, covering problems of child development, techniques of work with difficult children and interpretation of child behavior.

Under the guidance of the co-chairmen of the Junior League Board of Pioneer House, Mrs. Roy D. Chapin, Jr. and Mrs. Harry Hoey, many League members have donated their time, energies, and inspiration as well as possessions, to equip all the various rooms.

Store-rooms and cupboards, attics and basements, as well as many a house furnishing store, have been ransacked to provide good, usable furniture, kitchen ware, athletic equipment and material for the indoor and outdoor games rooms.

A children's library and arts and crafts tools have not been overlooked, and Junior Leaguers have also been busy contacting outside community resources to provide essentials for Pioneer House.

Members of the Advisory Board representing other community interests, who will assist the Junior League Board and their staff at Pioneer House, include:

Leo Bartemeier, M.D., Mrs. E. J. Bemis, Miss Katharine Faville, Miss Alice B. Hanchett, Miss

Glowing Warmth

WHERE YOU WANT IT - WHEN YOU WANT IT

Chilly corners can be warm as toast these cold fall mornings. A modern electric heater gives you instant warmth from your nearest outlet. Easy to carry, easy to operate. There is no cleaner more convenient type of heat. These new, low-priced heaters are ideal for warming baby's bath area, your dressing room, bathroom, or grandmother's favorite corner.

And It Costs Only A Few Pennies An Hour...

but unlimited use can cause high electric bills. For example, a thousand watt heater at residence rates costs only 17 1/2¢ a week when used one hour daily for seven days. This same unit, however, when used 8 hours a day costs \$1.40 a week and will add \$10.20 to your two months' bill. Consult a reputable electric dealer who can recommend a heater of sufficient wattage to fit your particular needs. He can also tell you just how much it will cost to operate.

After a toast of happiness, Mr. and Mrs. Sato Saverino of 3531 Audubon announced the engagement of their daughter, Mary Margaret to Frank J. Sorrentino, son of Mr. and Mrs. Carl Sorrentino of 1331 Beaconsfield, at a dinner on Sunday.

The bride wore a gown of heavy white satin designed on classic lines. Her illusion veil was held in place by a coronet of seed pearls and bugle beads. She carried a bouquet of bride's roses and gardenias.

Jean Tarnowicz was the bride's maid of honor. Her gown was of emerald green faille and she wore a matching headdress of ostrich plumes. Her flowers were bronze chrysanthemums.

The bridesmaids in pale yellow faille were Mrs. O. J. Gagne, Mrs. Walter Kunow and Joyce Farley. Their flowers were of the same bronze chrysanthemums.

J. Howard Mitchell, of Grand Rapids, was the best man. The ushers were O. J. Gagne, Walter Kunow and the bride's brother, George Saad, Jr.

For her daughter's marriage Mrs. Saad wore a gown of fuchsia crepe with a matching ostrich plume hat. Her flowers were white orchids.

After the ceremony the wedding breakfast and reception were held at the Detroit Yacht Club. When the couple left on their honeymoon to Chicago, the bride wore a dark green suit with a beige hat and black accessories. She also wore a corsage of white orchids. Mid-Year Grads Sought to Take Nursing Career

Girls graduating from high school in mid-year are urged to consider a career in nursing.

Michigan hospitals which will enroll new classes in February are Community Hospital at Battle Creek, Hurley Hospital in Flint, St. Mary's Hospital in Grand Rapids, Mercy Hospital and Hackley Hospital in Muskegon, Mercy Hospital in Bay City, Foote Hospital in Jackson, Borgess Hospital in Kalamazoo, Sparrow Hospital in Lansing, St. Joseph Hospital in Mt. Clemens, St. Mary's Hospital in Saginaw, St. Joseph Hospital in Hancock, Deaconess Hospital, Grace Hospital, Harper Hospital, Ford Hospital, Providence Hospital, St. Mary's Hospital and St. Francis Hospital in Detroit.

Miss Hilborn directed a plea to high school graduates as she announced opening of a drive to enroll students in the February classes in schools of nursing in the state.

"More than 500 girls must be enrolled in our schools of nursing in February if Michigan is to maintain sufficient health protection for its residents," Miss Hilborn declared. She pointed out that the desperate need for nurses which has existed since 1941 still continues.

"Some of the very reasons why a nursing shortage exists are the reasons, also, why nursing offers almost unlimited opportunities to the young woman who chooses this profession as her career. There are many fields in which the graduate nurse may specialize, and there are opportunities for her to follow her profession in practically whatever state or country she may want to live."

Miss Hilborn urged that interested young women write to the Michigan Council on Community Nursing, 51 West Warren, Detroit 1, or communicate with the director of nursing at one of the hospitals which have

St. Paul Scores First But Loses Division Title

While St. Paul's High School Flyers failed in their bid to capture the Catholic League Second Division football title Sunday, they surprised the "experts" by holding the highly rated team from St. Mary of Royal Oak to a 12-7 score. The game was played at University of Detroit Stadium.

Tommy Dorais' St. Mary of Royal Oak eleven ended the season unbeaten.

The surprising Pointers, two-touchdown underdogs, twice turned back the Irish with goal-line stands in the fourth period before St. Mary's broke through to clinch the game with two minutes and fifty seconds left.

A five-yard pass play, Ken Barnowski to Job Sevald, was the payoff pitch.

On the first play of the last period St. Paul stopped a 45-yard Irish march on its own six. Five minutes later the Flyers stopped a St. Mary threat on their one-yard stripe.

With less than four minutes left, Bob Cucchi's punt from the end zone was partially blocked and St. Mary took the ball on the St. Paul 10. It was from here that the Irish finally went on to score on the Barnowski-to-Sevald pass.

St. Mary tallied first in the second quarter when Bill Wagner climaxed a 74-yard drive by spinning over from the 10-yard line on a fake reverse.

St. Paul came storming back to lead, 7 to 6, at the half when

Yule Trees Decorated as of Old

The ban on Christmas tree lighting this year, because of the current dimout, does not detract from the simple charm of the Yule tree now standing in the Detroit Historical Society's headquarters at 441 Merrick Ave. It is trimmed with old-fashioned weighted candle holders, complete with their original candles used during the early nineteenth century.

Together with simple, home-spun ornaments in use during great-grandmother's day, the candles recall a type of Christmas tree decoration which today's children know only through story books.

Only the oldest will remember the strings of nuts, the paper and popcorn garlands, the fish ornaments made of gilt paper, the tiny gilded bottles with candy in them, and the little paper cornucopias.

The tree might not be regarded by all as a thing of beauty or color in these days of lavish ornaments, fluorescent lighting, and modern gadget. It is rather a reminder of the days of the pioneer — of a perior of horse-drawn sleighs and Currier and Ives engravings.

The ornaments and trimmings on the tree are the gift of Miss Hulda Starok, whose family has handed them down from generation to generation. An old-style fence, at the tree, has been erected annually through four generations by the Harlan family of Dearborn.

The society also is displaying a number of Christmas greeting cards of the 1800's.

Museum hours are 1 to 5 p.m., Tuesday through Friday; 10 a.m. to 4 p.m., Saturday; 1 to 5 p.m., Sunday, and also 7 to 9 p.m. on Tuesdays. The public is invited to visit the museum. There is no charge.

Scottish Society to Pipe the Haggis

Ninety-eighth annual dinner of St. Andrew's Scottish Society will be in St. Andrew's ballroom, 431 East Congress, Thursday, December 5 at 6:30 p.m.

Dr. Norman Rawson of Hamilton, Ont., noted traveler, lecturer and humorist, will be the principal speaker. Val Clare, radio commentator and humorist, will be toastmaster.

Embellishing the big turkey dinner will be Scotch oat cakes, scones, short bread and tarts.

The St. Andrew's pipers will pipe the haggis in with Thomas D. Leadbetter giving the "toast to the haggis."

Other features are being arranged by the president.

The president, William G. Clunis, will be in the chair.

Reservations may be made to Tuesday by calling John J. MacEwen, 861 Beaconsfield, Grosse Pointe Park, Lenox 8527.

Sports and Boat Show Will Start on Jan. 25

Final plans have been completed for the annual Detroit Sports and Boat Show, which again will be held at Convention Hall from Jan. 25 to Feb. 2, with William H. Pfau as the manager. Last year the show attracted 150,000 person from all parts of Michigan.

This year's show will have on display more boats than the national boat show in New York City. Other exhibits will include everything of use for the hunter, fisherman, camper and sportsman. More than 115 exhibits will be set up in Convention Hall which has a floor space of 131,000 square feet.

Defer Forms New Club

The Service Club of the lower grades of Defer School has been organized for the semester.

The officers are Jean Clemens, captain; Dan Leach, assistant captain; and Craig Husband, secretary.

Officers are chosen from the 3A group with pupils from the 3B, 3A and 4B classes assisting.

Meetings are held regularly, and the pupils participate in the formulation of rules for good citizenship.

The fifth and sixth grade pupils of Defer School attended a program at Pierce Junior High School, Thursday afternoon.

Mr. Geer talked of the wonders of nature and showed slides of pictures he had taken.

Mr. Geer often took groups of children with him on his nature walks. The children helped him to locate subjects for pictures and to take the pictures. He showed a great many pictures of the tiny frogs called spring peepers, who live in trees and swell their throats before they keep.

SWEDISH TENOR

Thanksgiving

IN THE CHURCHES

GO TO THE CHURCH OF YOUR CHOICE ON THANKSGIVING DAY.

An ancient legend tells us that the Lord God sent out two of His angels, each equipped with a sack. One was to gather all the prayers addressed to God for His help in the need of men; the other was to gather all their thanksgivings for the help they had received from Him. The first angel came back rather soon, quickly having filled his sack; but the other came back very much

later, since there were comparatively such few men who would think of God when their prayers had been heard and their need ended by Him, and Titholes of terror they sent many prayers for help during the recent war. Now let them be equally ready to thank Him wholeheartedly, praising the Almighty who still is gracious to America for the sake of the merits of His Son, Jesus Christ, the Redeemer from all sins for all sinners. Americans, go to the church of your choice on Thanksgiving Day and

St. Paul's Organizes New School Band
St. Paul's newly organized band, under the direction of Sister Grace Adelaide, who teaches voice, piano, string instruments, made its first appearance before the school Friday, on Father Melvin's feast day.
The band surprised the audience by playing Whistler's Long Long Ago and other classical favorites. Most of the players are beginners and are boys from both the high school and the grade school.
This band will soon be ready to play during the basketball season and for other school activities.

RADIO NEWS AND VIEWS
By JIM HENRY
We have read that the way to build up readership for a column is to mention names — big names. We have been doing that quite regularly, but we are departing from our regular format to bring you a timely item that will explain broadly and in simple terms what you can expect from television. And everyone is talking television these days.
Many people believe that all radio will be televised. Others ask, "It's going to be impossible to televise all radio programs. Will shows not suitable for television be scrapped?"
This condensation from Andrew McLellan's "Television" should satisfactorily answer the above question in the language of the layman.
All radio programs will not be televised. Only those shows which lend themselves to a "picture" will be seen on television. It is not so simple as it seems and do not hesitate to predict that very little more than eight hours of a station's schedule will be devoted to television. There will always be a majority of "blind" or sound radio.
Television demands of its viewers undivided attention. A housewife will not be able to do her housework and follow her favorite soap operas at the same time.
During the three daily meals the television audience will be too small to cater to and the same will be true of the very late evening hours as people begin to rub their eyes and doze off on the sofa.
One authority has suggested that the following hours will comprise a future television schedule:
Monday to Friday — 11 a.m. to 12 noon; 3 p.m. to 6 p.m.; 7 p.m. to 11 p.m.
Saturday — 10 to 12 noon; 1 p.m. to 5:30 p.m. (sports and opera time); 7 p.m. to 11 p.m.
Sunday — 10:30 a.m. to 12 noon (Church services); 1 p.m. to 5 p.m.; 7 p.m. to 11 p.m.
All broadcasts during these hours will not necessarily be televised. Many excellent radio shows are not suited to television (Lux Radio Theatre, Theatre Guild of the Air, Walter Winchell, transcriptions, speakers, serial dramas, etc) as the full enjoyment derived is from listening alone.
It is interesting to note that the audio or sound portion of television is FM. Black and white television has been allocated frequencies from 44 to 216 megacycles, which is equivalent to 44000-216000 kilocycles.
FM transmissions are practically free from natural and man-made static. It also reproduces sound (particularly music) with high fidelity tone quality.
It looks like the time is arriving when one can no longer say that "radio static, like the poor will always be with us."
Of course, FM will not be used exclusively for television. A number of FM stations are operating already (65 in the USA) and 270 construction permits have been issued with 864 FM permits on file.
However, manufacturers are slow getting FM sets on the market. The Federal Communications Commission is supposed to give the public the greater benefits of FM reception. It is speeding action on FM applications.
However, the public won't get a chance to judge the new service until the radio industry is ready to sell FM sets. A lot of AM models must be unloaded first.
Thus, the end of the day's lesson on Television and FM which will probably be the only types of sets we'll be dialing in two or three years.
We're off to New York. The next column will come from there, so be back with us next week at the same space for the latest radio-grams.
