There'll be no more barbecued ribs for a while at the home of E. C. Smith at 420 Kensington road. It seems that last Friday the Smiths were not so keen on spareribs. You see the Smiths had to call the Grosse Pointe City Fire Department to their home Friday about half past dinner. They had some luscious spare ribs on the oven to barbecue and forgot about them. When the firemen arrived they found the kitchen full of smoke and the Smiths meat-

Quality at Minimum Price

A recent release from the National Retail Dry Goods Association, which represents a large number of merchandising systems, illustrates the work being done by representative retailers to protect the interests of the consumer.

The letter quotes Lew Hahn, general manager of the Association, who said: "Before the war, retailers carried goods of familiar quality at well established price lines. Consumers knew from experience what to expect from various types of goods. Retailers knew from experience at what prices such goods would most readily sell. During the war, all this passed out."

"Now the war is over. The time has come to re-establish those conditions which make for orderly trade and consumer satisfaction. Because of inevitable increases in cost, it may not be possible to provide the qualities which were familiar at the prices which prevailed before the war, but there is a price at which those familiar qualities should be available. That price must be a reasonable price and one which the great masses of the public can afford to pay."

"It is time that retailers began to show manufacturers the things which their public wants to buy and the prices at which it will buy them."

Retailers in all lines of business, including the progressive independents as well as the chains, are pursuing policies directed toward a similar end.

Even as they attempt to hold price increases to the minimum, they are working to improve quality—which in itself is a form of price control. The end result is a wider variety of goods, of known qualities, sold at prices which are as low as the economic factors of the present permit.

"Please don't always assume that the other fellow is doubledouble crossing you. Maybe he isn't. Assume the other fellow is acting in good faith until you see that he isn't—Lord Inverchapel, British ambassador.

From speeches at the close of the UN Assembly:—"The League of Nations was a gathering of diplomats. Yours has been a gathering of statesmen."—President Spaak.

"Many have dreamed of the parliament of man and now we are at the beginning of it."—Secretary-General Lie.

"It's the difficulty of taking a licking in politics that causes revolutions."—President Truman.

"Freedom of information is a most integral part of building the peace."—Brig. Gen Carlos Romulo, of the Philippine UN delegation.

"Unless labor can sit down with American industry and in a rational and intelligent manner settle which wages can be increased without increasing prices there will be another wave of strikes."—Walter P. Reuther, President UAW, CIO.

"Show me the man you honor, and I will know what kind of a man you are, for it shows me what your ideal of manhood is, and what kind of a man you long to be."—Carlyle.

"I stand for one ideal. That jobs, peace and freedom can be attained together and can make possible one world, prosperous and free, within our lifetime."—Henry A. Wallace, Editor of New Republic.

## Pioneer or Parasite Amount to U. S.

with Alexander, international economist, rocked a Pontiac audience last night in Pierce auditorium with a brilliant analysis of a politico-economic situation entitled "Our America." The future of this country, the speaker, "depends upon what we do as pioneers, or parasites."

Alexander told the audience the United States has been through a period of one hundred and sixty-five years of revolution. The past few years have been a nature of a counter-revolution as we have experienced the technique of "government by emergency." The counter-revolution really began, said Dr. Alexander, later, during the first World War when the government in the name of emergency, telling people "what they must do" instead of what they "want to do," as defined by civil law.

The speaker drew a parallel with our American picture in the history of Italy which was undermined by transgressions of her constitution "in the name of emergency."

"Our national destiny hangs in a preposition," said Dr. Alexander, "whether we are to have FROM, FOR or TO." FROM is defined as a "condition of being free FROM," said Alexander, "and in government it is freedom FROM state interference, as long as we obey criminal law and business and social ethics."

Dr. Alexander, our counter-revolution, we are experiencing chiefly a "FOR the State to do" and "TO the individual."

Being defined as a "condition of being in the power of" Residents of Germany and Russia have been or a condition of slavery to the. And, as compared to laws of the past, when we are telling us what we should NOT do, under the counter-revolution, we have had telling us what we can do.

Alexander, "we can't both. In other words, if we depend upon the security of the State for food, shelter and clothing."

For the State to permanently over and guarantee security is a profession of economic dependence and a destroyer of individual initiative and freedom, upon

## Macaulay Cuts Red Cross Quota

Because of the generosity of contributors in previous American Red Cross drives, the quota for the 1947 Detroit Campaign which begins March 1 will be only \$1,334,400, Alvan Macaulay, Jr., of Grosse Pointe, Campaign Chairman, announced this week.

The average above quota from previous Red Cross campaigns here was placed in reserve, Macaulay explained, and fifty per cent of this average—or \$300,000—will be turned into the 1947 Detroit campaign to bring the net down to \$1,334,400.

While the work for the next fiscal year will require an overall budget of \$92,000,000, the fifty per cent coverage from previous campaigns that will be thrown into the 1947 drive will bring the net national campaign down to \$60,000,000.

Both national and chapter quotas have been sharply reduced since 1945. In 1945, the national quota was \$200,000,000; in 1946, \$100,000,000; and in 1947 it will be \$60,000,000.

In 1945, the Detroit Chapter quota was \$5,137,000; in 1946, the quota was \$2,400,000; and in 1947 the quota will be \$1,334,400.

## Mail Ballots to Sportsmen for Election

Three thousand members of the Wayne County Sportsman's Club will be given the opportunity to vote for new officers whether or not they attend the first annual meeting of the club at the American Legion Memorial Home in Dearborn, Feb. 12. Ballots and proxies are being mailed to all members.

The present executive officers were renominated without opposition and 23 candidates for 14 directorship vacancies were renominated at the nomination meeting held in Dearborn, Jan. 8.

Milton P. Adams, Secretary-Engineer of the State Stream Control Commission, reported on the evidence of stream pollution that had been uncovered by the Detroit River patrol boat.

The boat was obtained for the commission along with a field office in Wyandotte, through special legislative appropriation sponsored by the Wayne County Sportsman's Club.

Secretary Victor C. Beresford reported to the club members that he and President William H. Hines had met with Governor Kim Saylor and Attorney General Eugene Black of Lansing, and been assured of full support of the anti-stream pollution program by the present administration.

At Beresford's request, the Conservation Commission approved the proposed \$150,000 appropriation for the Stream Control Commission's work this year and the WSCC is urging the legislature to favor this appropriation as its part in the Michigan United Conservation Clubs anti-stream pollution program.

First Vice-president, Ted Redmond, is arranging a wild cat hunt for club members at St. Helen, Michigan, this week end of February 8-9.

## Marks Joins Dearborn Motors

James H. Marks, of 622 Rivard, Grosse Pointe, former executive vice-president of the Packard Motor Car Company, has joined the Dearborn Motors Corporation as a consultant to coordinate the procurement and engineering of farm implements, Frank R. Pierce, president, announced.

At the same time, Mr. Pierce revealed the appointment of Arthur H. Kitson, former Eastern regional manager for Harry Ferguson, Inc., to his sales staff, and Vernon E. Nickel, former assistant manager of the marketing and organizational department at Nash-Kelvinator, as director of consumer research.

Mr. Marks, who had been with Packard for 30 years, will serve on the executive staff of the newly-formed company which will succeed Harry Ferguson, Inc., as distributor for Ford tractors on June 30, 1947.

A native of Grand Rapids, Mr. Marks attended high school there and was graduated from the University of Michigan School of Mechanical Engineering in 1908. He was employed by the University of Michigan as a construction engineer until 1916, when he joined Packard as plant engineer.

He served as manufacturing manager and industrial engineer with Packard from 1925, when he was named director of purchases, a post he held until 1940, when he became vice-president in charge of procurement. ## Girl Scout News

On Saturday, Capt. Henry Robinson of Selfridge Field played host to 17 Wing Scouts from Grosse Pointe. Accompanied by their leader, Mrs. Harry Findlay, the girls made a general tour of the field, spending considerable time in the "link-trainer," and the gunnery range.

Capt. Robinson was not only extremely cordial to the girls, but was also greatly interested in Wing Scouting. On Thursday, he is going to attend a meeting of Wing Scouts at Miller Hall, and will show his aviation films.

During the holidays, our air-minded lasses entertained the Air Scouts from Royal Oak and

Detroit at Miller Hall. The girls brought box suppers for their guests, and were evidently very successful hostesses as the boys were already planning a return engagement even before they said their good-byes!

Troop 257, our orphan troop still struggling along without a leader, is planning a three day camping trip to Metamora, the week-end of Jan. 31.

Mrs. Harry Findlay and Mrs. T. E. Poster, former leader and assistant leader, are seeing that these girls get a long-hoped-for wish — being at Metamora in the winter, and are already helping them make their plans. Let's all pray for snow that week-end!

# Blue Devils Win Against Monroe

**By JIM FROMM**  
The Grosse Pointe High School Blue Devil basketball team, after a three week lull, returned to the victory trail by defeating the Monroe Trojans at the latter's court, 36-23 on Friday.

The contest was evenly matched during the first period and through part of the second when the score was tied four times.

Center Bob Olson scored the first point, a free throw, after three and a half minutes of playing time. He also sank another free throw and a basket in the remaining minutes of the period. The period ended as Tom Wilson put in a charity toss to tie the score at 5-5.

In the second, Grosse Pointe came from behind three times to tie Monroe. Midway through, the Pointers began to click and left the floor at halftime leading 17-11. During this quarter, the Devils, paced by forward Dick Wuerker's seven points, outscored the Trojans 12-6.

The third period was relatively tame compared to the others. Only seven points were scored, four by Grosse Pointe and three by Monroe.

The fourth period saw a rebirth of action, both teams committing a large number of fouls. Olson of Grosse Pointe and Whitel of Monroe were forced to the sidelines because of fouls.

Grosse Pointe and Monroe were given seven and nine free chances, respectively, to score. Both capitalized three times.

Holding a 32-16 lead, Coach Ed Wernet, sent in his second stringers, who finished the game.

Wuerker led both teams in scoring, totaling 13 points. He was followed by Olson and Whitel, both with ten.

Grosse Pointe outscored Monroe in both field goals and free throws. The Devils sank 12 baskets to seven and made good on 12 charity tosses out of 23 to Monroe's eight out of 25.

The Devils will play two games in the next six days. They will play host to Wyandotte on Saturday and travel to Royal Oak on Wednesday.

There were many Grosse Pointers who traveled the long distance to Monroe to see their team play. Their cheering section, led by Tom Anton, came close to matching that of the home team.

# Clerks Upset Pace-Setters

Although they split the points against each other, St. Clair P. O. and DeSantis Undertakers both gained a point on the league leading Jefferson No. 1 in the Detroit Post Office East Side Bowling League.

Jefferson dropped three points to Kercheval Clerks, whose giant-killing act lifted them out of the cellar.

E. Holzbaugh Ford took three points from G. Wilshire Studebaker and left the latter in undisputed possession of last place.

Altes Lager captured three points from Fox Creek Meats and Meyer Pharmacy won by the same margin from Grosse Pointe Cab Co. The cabbies have dropped from first place to a tie for sixth spot.

Welding Gas and Equipment held OK Hat Cleaners to a split and kept them from moving ahead of the cabbies.

# St. Ambrose Loses to St. Charles '5'

**By FRANK KEARNEY**  
What may be the decisive game of the year in the Catholic League East Side second division brought St. Ambrose basketball team against St. Charles in the St. Charles gym Tuesday.

St. Ambrose lost their crucial game against St. Charles Tuesday, 43-32, in the Catholic League.

The powerful St. Ambrose Cavaliers went into the game with a record of 30 victories and two defeats in scheduled league competition in the past three years.

Pacing the 1947 victories of the St. Ambrose outfit has been Frank Carroll, who scored 12 points as the Cavaliers trounced St. Paul Friday by 33-18. Carroll also scored a dozen points to help St. Ambrose batter out a close 29-25 victory over St. Martin's.

The score was tied 25-25 with 90 seconds to go when St. Ambrose sank two baskets.

# Bob Jenks Breaks Record as Pointe Natators Win

The Grosse Pointe High School swimming team, under the direction of Coach Frank Banach, started the new year off right by defeating the Monroe Trojans Friday in a duel meet here 51-33.

This meet not only extended the Grosse Pointe winning streak to five but it saw a nine-year old record broken.

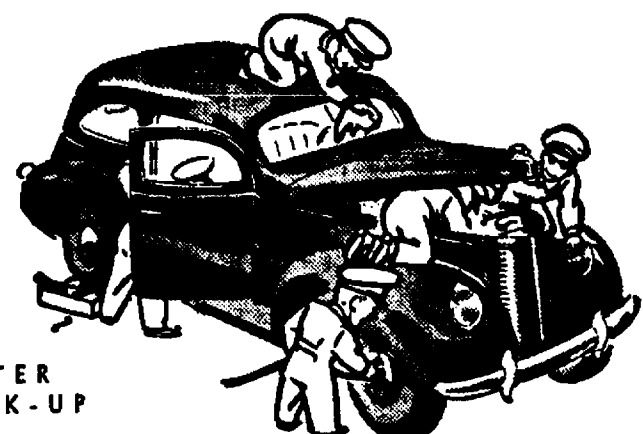

Bob Jenks set the 100-yard breast stroke time at 1:08.7, bettering the local pool record, set by Skinner in 1938, by one-tenth of a second. Skinner swam for Ann Arbor High School at the time and later for the University of Michigan.

The best time by a Grosse Pointe swimmer was 1:08.9, set by William Carlson in 1940. Jenks, a tenth grader also took a first in the 120-yard individual medley, to become the outstanding swimmer in the meet.

Bill Wolfe and Paul Friesse gave the Pointers an early lead

### St. Paul Hi-Lites

by PAULA BEAUPRE

The first back-to-school week-end of 1947, a whole lot of things took place including teas, card parties, basketball dancing.

SCHAEFER'S home was the scene of much merriment on Saturday night when 26 of her friends gathered for cards and dancing. Light from burning candles and a blazing fire produced interesting shadows of the dancing couples as they moved around the room.

Guests who joined in on the fun were Shirley Allard, Heleniens, Mary Lou Gouin, Jim De Cou, Thelma Piche, Pat Van Tlem, Dick Champline, Pat Rabaut, Tom Allen Boult, Gene Stein, Shirley Williams, Ed Trombley, Fred, Babe Parsons, Isabel Rabaut, Don Hoose, Barb Frank Huxley, Eleanor Hock, Gus Van Tlem, Mary Ann Smith and Georgette DeDecker.

Another week-end affair was the SPLASH PARTY at DYC which was attended by Joyce Alef and Ken Marshall and Edna Sutton with David Smith.

Two movies were next on the agenda and the whole evening was the height of fun when the FOUR-SOME disposed of delicious food at Anastasia's.

The St. Paul-St. Ambrose basketball game on Friday provided fast-moving action for the interested spectators. Among the crowd which thronged the gym for the first home game of the season we noticed Nancy Stahl and Vic Fetah, Joanne Simpson and Joe Mannino, Marilyn Otto, Rosemary Wruble, Al Allard, Sally Nacy, Joan Betzing, Dolores Backman and Betty, Carolyn Englehardt and Steve Adams, Betty Sheri and Al Moir, Al Campenhout and Mary Sparr, Jim Cava and Anna Marie Tamm, Kay Sutherland, Rita Leithauser, Jursak, Ellie Wade Dot Arditto, June Allard, Ralph Decker and Mary Smith, Jo Mannino and Ray Evans, Bob McArthur, Art Smith and Sandy Sittiger, Ted Vernier.

THE YOUTH CLUB DANCE which followed the basketball game was attended by many of the fans. Games and dancing were enjoyed for George Helat, John Fushman, Marion and Myra Lou Backman, Martha West, Jane Ludewyk, Haddock, Ralph Beaupre, Mary Kelly, Jack Auskland, Ashman, Pierre Belanger, Ray Aller, Virginia Kaiser, Don Al Klein, Judy Henneke, Carol Staab.

THE SUTTON home was filled with the sound of feminine voices on Saturday when a few of HENRIETTA'S best "gal" friends got-together for a talk-fest. Munching potato chips while listening to an interesting conversation were Joyce Alef, Jerry and Edna Trombley.

The ingenious decorations at Grosse Pointe High's Senior Prom were around George Gershwin's popular song "RAPSBODY IN THE RUE". Each wall of the gym was transformed with a different scene. Behind the orchestra was the large-scale score of the song.

Formally dressed dancers whirled gracefully across the right side of the far end of the room with a piano accompaniment. The left wall was adorned with the New York skyline. The event was Joan Melvin and Tim Stevenson, Sally Curran and Bill Kildow, Larry Clarke and Margaret, Nancy Stahl and Boston Johnston and many, many other couples.

Junior girls were entertained at a luncheon on Saturday afternoon by twins MARY, LOU and PAT THIBODEAU. It was a hot, meat casserole and chocolate eclairs were served by the guests. Records and gossiping completed the session for Joan Beaupre, Betty Ann Huettman, Alice Fauser, Aida Crowe, Joan Krausmann, Jean Kulka, Mary Ann Hillenbrand, Franny Arditto.

Again this week, a group of girls made their way to the Grosse Pointe Woods Bowling Alley for a few games. Afterwards a few "gals" trekked to Francois' for a bite to eat. In on the trip included Nan Stahl, Joanne Athan, Joan Whyte, Joane Krehnbrink, Alice Fauser, Betty Huettman and Your Hi-Liter.

It is noted that the Weatherman has seen to it that there is ice on a plenty many, many "fellas" and "gals" have gotten out their ice skates and made use of them at all the available skating rinks. Seen gliding around the rinks on these cold winter days were: Mary Lou Vernier, Sally Nacy, Judy Henneke, Bill Huettman, Vince Oliver, Shirley Allard, Mary Ann Camp, Ted Vernier, Pierre Belanger, Do Backman, Bob McArthur, Mary Ann Backman, Dan Campau and Pat Van Tlem.

HEARD TO OUR MASCULINE MEMBERS! The Senior Prom is coming up soon. There are only two weeks until it actually takes place. No girl likes to be called at the very last minute why not get busy and do your asking right away. Your date will really appreciate it! St. Paul will challenge St. Charles this Friday night for the fourth game of the season. The Reserve will play at 7 o'clock and the Varsity at 8. Lets see everyone there! Until then VALETE!

### Defer School News

As part of their social studies, the 5B class are writing a book on Michigan. Copies will remain in Defer School to be used as reference material for forthcoming 5B classes.

When completed the book will consist of three sections. The Coming of the White Man to the Great Lakes Region; What Countries have Contributed to the Development of the Present Day Michigan; and Michigan, Natural Resources, Their Use and Conservation.

Every member of the class has the opportunity to submit suggestions and stories which in turn are discussed by the class for acceptance or rejection. Some maps, charts, stories and pictures have been accepted.

The cover design will be planned in art classes. Most of the time has been spent on gathering information. After a general overview, stories for the first section were written from notes taken from various references.

The information for the second section was gathered by reading and then making a class outline from which the stories were written. The third section will be covered by special assignment.

The Class has shown initiative and enthusiasm in this project and is looking forward to the day they can autograph their contribution to Defer's reference library.

## What's Your Trouble?

★ Automobiles seem to have the unhappy faculty of developing trouble just at the wrong time. Any trouble, at any time, is the wrong time, especially in winter.

There's another important thing to remember about your car—small troubles, if not remedied, grow into serious, expensive repair jobs later. Voltage regulator trouble is remedied by a simple adjustment or replacement, if not fixed, can require towing, a new battery, a new generator, and adjustment or replacement of the regulator—not to mention the time wasted. It's true that a dollar spent in time can save nine.

Ray Whyte Chevrolet, with expert trouble shooters and mechanics, can remedy car troubles, quickly and inexpensively. Complete parts inventory, modern equipment, and long experience is your guarantee. Look over the WINTER CHECK LIST at right—any of the troubles and causes can be remedied—and quick. Stop for money and trouble-saving service, at Ray Whyte Chevrolet.

## Best Books Reviewed

By WALTER RIESS.

"Kaputt," by Curzio Malaparte, E. P. Dutton Co., New York; 1947, 407 pages, \$3.75.

"Kaputt" is another in a long line of war books, and as such was born at a disadvantage. At a time when people are turning to "escape" novels, fiction and biographies, it may be smothered by smaller lighter books.

That has been the inevitable fate to a good many novels of World War I. Some of them died justly; many deserved a wider circulation.

CROSS SECTION OF WAR

It is therefore difficult to foresee what manner of reception Curzio Malaparte's novel will receive. His is a powerfully-written journal of a "four year journey through war."

It doesn't deal only with a few of war's victims. Malaparte traveled through Sweden, France, Poland, Finland, Germany, Italy, Russia, Romania. Prince Eugene of Sweden and the enslaved prostitutes of Soroca, royalty and poverty, all have a niche in a novel of international significance.

Modern authors are inclined to limit the setting of their books to a small area. We think particularly of Hemingway, whose novels all deal with a select group of character (generally shunned by society) who move within a tiny locality.

But "Kaputt" is different. Malaparte, an Italian author of note, caught in all their horror the sufferings and tortures of his own people and those of other nations. He did not wish to limit the scope of his novel. The war he saw and lived through hit everybody, the French and Finnish and Swedes. He wrote about all of them. That's why editions of this war panorama are being published also in England, Italy, Sweden—because it belongs as rightly to those countries as it does to us.

COMMON MAN TOO

But Malaparte, intrigued as he must have been by his tremendous subject, did not write only of nations and kingdoms.

True, these lay in the background, but the thoughts and feelings of these nations he portrayed through the speech of their citizens. "... shadows of young men with brows marked with drink, lack of sleep and lust;" men, women and children who represented the struggles of their governments; those who, in reality, bore the heaviest burden of war.

This combination of international background with the portrayal of the European individual will be to a large extent, responsible for any success "Kaputt" may realize. Its success will be deserved.

IT LOOKS GOOD

To be published soon: "Country Dance," by Wallace Stegner, late this month.

Florence Harriet Fargo, daughter of Dr. and Mrs. Charles W. Fargo of Pemberton road exchanged nuptial vows with Henry W. Houston in Grosse Pointe Memorial Church Saturday.

The groom is the son of Mr. and Mrs. Harold W. Houston of Urbana, O.

The bride chose ivory satin fashioned with a court train. A crown of orange blossoms held her full length veil of French illusion and she carried a bouquet of stephanotis centered with an orchid.

Mrs. Clyde C. Crane was matron of honor with Thelma McBride, Dorothy Hayne and Mrs. Leon Shilson as maids.

All four attendants wore gowns of tulle and crepe and matching half hats. They carried maline muffs pinned with orchids.

William Owen was best man with James B. Johnson, John R. Gaumer, Nelson E. Rhodes and Robert S. Mosses seating the guests.

At the Detroit Yacht Club reception, Mrs. Fargo wore a gray crepe dinner dress trimmed with turquoise and gold sequins, a turquoise feather hat and an orchid corsage.

The bridegroom's mother chose a light blue crepe with a blue flowered hat. She too, wore an orchid corsage.

The couple will make their home in Urbana.

# Lutherans Sponsor World Action Rally

On Sunday the Lutheran Churches of the National Lutheran Council of Greater Detroit will sponsor a World Action Rally to be held at Faith Lutheran Church, located at Jefferson and Park Sts. at 7:30 p. m.

Speakers at the rally will be Dr. F. C. Frey, president of the United Lutheran Church of America, who has just returned from a tour of war-ravaged Europe, and Dr. P. O. Benson, president and past president of the National Lutheran Council of America.

The rally is being planned to promote the cause of the World Action which was inaugurated some years ago to care for the orphaned millions of China and New Guinea.

At present, the chief objective is the rebuilding of the Lutheran churches of Europe which were destroyed by the war, as well as provide clothing and food supplies for the stricken people.

Music for the rally will be furnished by the combined choir of Faith Church, directed by Harold Tallman.

The public is invited to the rally, but particularly the Lutheran Churches of the East Side of Detroit.
