## All Urged to Vote at Monday Election

### 2 Villages Will Act on Major Issues

Residents of Grosse Pointe Park, Farms and Woods will have an opportunity Monday to exercise their franchise in the election of their candidates for their village offices.

Farms and Woods voters must also decide on two important issues. A \$350,000 bonding project for sewers will appear on the Farms ballot, and Woods residents must vote on a Bond issue proposal for a recreational park.

In Grosse Pointe Woods, Incumbent Commissioners George M. Burgess, Paul Marco and Paul W. Rowe and Reg H. Johnston and Ward H. McKnight are running for the three Village commissionerships.

Present Woods Clerk Philip F. Allard will be opposed by Joseph J. Beaufait, Margaret L. Shatzer and Norman Steloff.

Others seeking re-election are Treasurer William Wright and Assessor Leo J. Athman. They will be opposed by Ben R. Brothers and Arnold J. Leibold, respectively.

Woods President Alois A. Gesquiere has no opposition, nor has Farms President James K. Watkins.

William F. Connolly, Jr., and William G. Kirby, members of the Farms Board of Trustees, are seeking re-election. Three other candidates are Horace E. Farmer, Henry H. Hubbard and Irving T. Winkler. Three members will be elected to two-year terms.

Bidding for the office of Farms treasurer will be Alonzo J. O'Connor, incumbent, and Francis J. Hock.

Farms Clerk Harry A. Furton and Assessor Russell A. LaBadie are unopposed.

The five candidates seeking re-election on the Park ballot have on opposition. The candidates are Village Clerk William G. Stammen, Commissioners William Gillett, Elmer Ulrich and James McMillan, and Commissioner Peter Koenig.

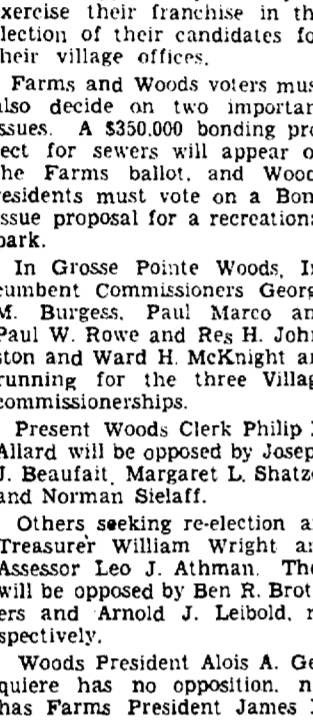

Defying a winter wind and a blizzard from a cold our classmate arrived at the office Monday morning to find the man waiting. He wanted two cents postage due on a postcard. She paid the mailman and the card which said:

Mr. and Mrs. Ralph Thomson, Grosse Pointe, are enjoying a winter vacation at the Fort Montague Beach hotel, Nassau in the Bahamas.

GEORGE PETER

### GP Artist Wins Award

A Grosse Pointe youth with a cartoon in his future will make a bid for national honors after being named among the prize winners of the 20th annual statewide Scholastic Art Awards program held in Detroit this week.

George Peter, 16, 453 St. Clair, of Grosse Pointe High School, whose cartoon received a gold achievement key award and a certificate of merit, was notified by his art teacher, Marion Lampman, that his drawing, along with 170 prize winners, will be forwarded to the Fine Arts Galleries of Carnegie Institute in Pittsburgh to compete for national scholarships and cash prizes.

His cartoon and 917 more prize winners and selected entries are on exhibit through March 15 at the fourth floor of Crowley's Department Store, sponsors of the contest.

Other Grosse Pointe High School art students who had entries in this year's competition were Elenore Foester, Florence Erringer and Matilda Bacce.

According to W. R. Van Ittersum, of Crowley's, this year's 3,044 entries far exceeded the number in previous years. Entries were received from 68 towns and cities, representing 87 public, private and parochial schools.

George, who has been drawing since he was 6, hopes to become a newspaper cartoonist.

### Woods Business Men Plan Session

A very important meeting is planned by the Grosse Pointe Business Men's Association next Wednesday at 12 noon at the Early American Restaurant. Everyone who has business interest in Grosse Pointe Woods should make a special effort to attend.

### Lay Blame on Parents

If mothers would pay more attention to their children there would be less of a teenage problem in Grosse Pointe.

This statement was the consensus of members of the Grosse Pointe Motion Picture Council, who believe that bad pictures and busy parents are mainly responsible for misdeeds among minors.

The council, which seeks the co-operation of every mother and father in attempting to "clean up movies" for children in the Pointe, feels that selective entertainment for boys and girls is a major step toward curbing ill-behavior.

"Parents should take time out to see just what type of pictures their sons and daughters are seeing," said Mrs. Donald C. Hollister, council president. "The result might prove surprising."

Keeping in accord with the council's campaign, Chief of Park Police Arthur E. Louwers said that "gang buster" type of movies inspire crime among teenagers.

Following is a list of movies recommended for children by the council for March:

The Thunder Birds; Little Miss Big; Conquest of Cheyenne; Cuban Pete; Frontier Gun Laws; Rendezvous 24; Caravan Trail; The Showoff.

Two Years Before the Mast; Blondie Knows Best; My Darling Clementine; Personality Kid; Sunset Pass; Dangerous Millions; Cowboy Blues; Danny Boy; Huckleberry Finn; Jack Armstrong serial.

### 3 Confess Looting of GP Homes

Three parole violators, captured by police after a hectic chase in Detroit last week, confessed to the robberies of the following Grosse Pointe homes:

Dr. J. Turner, 261 Merriweather; James Geldart, 2081 Beaufait; R. E. Curtis, 1558 Hampton; Alex McMillan, 458 Gaivin, and Albert Worth, 1780 Allard.

Held by Detroit police were Leo Hardyniec, 32; Sebastian Patti, 28, and Eddy DeGamin, 23, all of Detroit. They admitted robberies when questioned by Detective Sergeant Elmer Labadie and Detective George Champagne of Grosse Pointe Farms police.

According to police, the trio admitted staging more than 100 burglaries in Detroit and Grosse Pointe, which netted them an estimated \$30,000.

Labadie reported that most of the loot, which consisted chiefly of jewelry stolen from Grosse Pointe homes, was recovered.

Held for investigation by Detroit police were Betty Capilla, 22, and Judy Dicammita, 24, both of Detroit, alleged girlfriends of the criminals.

According to Labadie, the men will be returned to prison for violation of parole.

### Detroit Penalizes GP Taxi Pickups for Return Trips

Four Grosse Pointe cab drivers went to jail last week for picking up passengers in Detroit. An investigation developed the following information:

1 That Detroit officials have been giving Grosse Pointe taxi companies the runaround in their request for Detroit licenses.

2 That Checker Cab and other Detroit companies pick up many passengers daily in Grosse Pointe without any trouble from Grosse Pointe police.

3 Grosse Pointe and other suburban companies threaten to form a blockade to bar Detroit companies from picking up or discharging passengers in any suburb.

Efforts are being made by Grosse Pointe cab concerns in an attempt to permit Pointe cab drivers to pick up one fare on a return trip from Detroit.

Representatives of all companies involved, Detroit officials and Grosse Pointe and other suburban officials will meet late this week for further discussion.

"Business as usual" was the comment of James Webb, president of the Grosse Pointe Cab Co., whose drivers were jailed by a Detroit judge last week.

The feud reached a climax last Monday in Detroit Traffic court before Judge George T. Murphy.

"If you expect to get rich in Detroit," said Murphy to the cab drivers, "you've got another thing coming." He sentenced the drivers to 5 to 10 days in jail.

The jailed drivers were Nicholas Danna, 81 Cambridge, Don Gould, 4126 Alter, John P. Danna, brother of Nicholas, 411 Calvin, and Harwell Clements, 858 Neff.

The drivers, who were released after serving one or two days, were bitter toward Detroit city officials and Detroit cab companies, whom they blame for "Putting the pressure on."

The Danna brothers said that if they were forced to return from a trip to Detroit with no passengers they would not be able to earn more than \$25 a week.

Webb said that "all my drivers ask is to be allowed to take a fare back on their return to Grosse Pointe."

Grosse Pointe Park Police Chief Arthur E. Louwers said he would not counter action pressure on Detroit companies.

"If we start to ticket Detroit cabbies it would just bring more grief to our own drivers," said Louwers. "For every ticket we hand out 10 to our drivers. So it's best to lay off."

Webb pointed out that his cabs receive several calls daily from Grosse Pointers visiting in Detroit.

"We just can't turn them down," he said. "I hope Detroit officials see our side of the picture and some mutual arrangement can be made."

### G.P. Woman Foster Mother for 2 Abroad

Two boys, one in Holland and the other in Czechoslovakia, have a foster mother in Grosse Pointe. She is Mrs. Richard Webber, of 437 Lake Shore road.

Mrs. Webber cared for the two children through the Foster Parents' Plan for War Children's projects in France, England, Holland, Belgium, Malta, Italy, Poland and Czechoslovakia and is caring for children of 14 different nationalities.

Mrs. Webber is one of the staunchest friends of children overseas, said Mrs. Edna Blue, plan international chairman.

### Park Fire Dept. Again Wins Honors

The Grosse Pointe Park Fire Department has recently been notified that for the second year in succession it has been awarded second place in the state for educational activities promoted during Fire Prevention Week from Oct. 7 to 13, 1946.

Over 400 state cities participated in the contest, which was won by Benton Harbor for the second successive time.

### Summary on Police Radio Plan

After a complete investigation of the Grosse Pointe Police Radio System, a committee of three, Judges Victor DaBaecke and Don Goodrow and Clerk Henry Lavers of Grosse Pointe Township submitted the following report to the Township Council:

The Township Board of Grosse Pointe Township has caused an investigation to be made in connection with the recent article appearing in the Grosse Pointe Review under a report given to the various villages in Grosse Pointe Township by the Village of Grosse Pointe Shores in connection with the Police Radio System, so that the residents of Grosse Pointe Township may be fully enlightened as to the present operations of the Township Police Radio System, the merits thereof and the difficulties that may be encountered if the Police Radio System were changed to the one suggested in the said report.

The Police Radio System, being radio station WRDR, is owned and operated by the Village of Grosse Pointe and serves the Police Departments of the Village of Grosse Pointe Park, the Village of Grosse Pointe Farms, the Village of Grosse Pointe Shores and the Village of Grosse Pointe Woods, in addition to other services rendered, as will hereinafter appear. The various contentions set up in the report made by Grosse Pointe Shores will be answered categorically.

In a technical sense, the equipment is obsolete, but improvements have been made in the transmitting and receiving apparatus in recent years and particularly during the recent war, so as to bring the Police Radio Station up to the highest point of efficiency, with materials and equipment available to the Township. The equipment, as it now exists, gives service that is equal to any possible new equipment and the present equipment will be replaced only in conformity with orders of the Federal Communications Commission, which will not be for reasons of greater efficiency, but because of the Commission's allocation of a new frequency.

The Southeastern Michigan Frequency Allocations Committee, consisting of representatives of all interested communities, are at present working on a schedule of frequency allocations that will be offered as suggested assignments to the Federal Communications Commission, intended to make for most efficient and practical communication between the several Police Departments and their scout cars. The four villages of Grosse Pointe now served by radio station WRDR are represented on this committee by the superintendent of this station.

It is emphasized that no such frequency assignments have yet been made, and that no date has been announced upon which they will be made. Because of this uncertainty, the apparatus for these new frequencies cannot be purchased, in spite of its availability. It is further indicated that had the

### Smiths Gang Up for Smith

IS THERE a smurf in the house? There are 24,000 Smith College Smurfs, at least in America, not counting the couch drop duo.

The Smiths the college refers to are the 24,000 daughters who have been graduated from that institution since it was founded in 1875 at Northampton, Mass., by Sophia Smith.

The report announces that Sophia's institution will have a birthday in 1950, her 75th.

All the Smiths are working together to give Old Sophia a birthday present which she needs badly. \$7,000,000 must be raised to increase faculty salaries, scholarships and to provide necessary equipment and buildings is sought.

The 24,000 daughters can't do it all by themselves, so they are calling on the rest of the college family. That includes the Saythes, Smithers and even the Jones, too.

"WE LEAD, OTHERS FOLLOW"

SIMPLE JUSTICE

Writing in the Harvard Business Review, Professor William J. Cunningham recently made a scholarly and inclusive analysis of the transportation problem. He pointed out, in a concluding note, that some carriers now receive preferred treatment, while others are, by comparison, penalized. He stated that it is essential that all forms of transportation should be placed under one regulatory body. He then said: "Furthermore, taxation should not put any one form of transportation at a disadvantage relative to others, as is now the case with railroads. Finally, on the question of subsidies, sound public policy would be the imposition of reasonable user charges on trucks, buses, vessels, and aircraft which would fairly compensate the government for its expenditures in providing transportation facilities used by these carriers for private gain."

The problem which Professor Cunningham discusses is not a simple one. Exhaustive studies will have to be made to determine what proportion of public facilities is used by private carriers for profit-making purposes and what proportion is properly chargeable to the taxpayers for ordinary public use. But, at the present time, it is evident that all major forms of transportation, the railroads alone pay their own way. All other carriers rely more or less on public subsidies.

This is an increasingly important problem now, as the need arises for more and extremely costly highways and airports to accommodate the enormous trucks, passenger buses, and aircraft which are coming into use. The suggestion made by Professor Cunningham—that all carriers pay a proper fee for publicly-built facilities they use—seems nothing more than simple justice.

OIL FOR A THIRSTY WORLD

American enterprise is developing the vast oil resources of Saudi Arabia. And the result is a new "Arabian Nights" story of great achievement in the face of great natural odds. American oil development in Saudi Arabia began at the invitation of its King, Ibn Saud. Since 1933, some \$200,000,000 has been spent—and that is only the beginning. Now production runs to more than 200,000 barrels a day from but 44 producing wells in four fields in a small fraction of the 435,000 square miles in the American concession. It is hoped that production will be upped to 500,000 barrels soon. The character of the oil deposits is illustrated by the fact that in the last year not a single unproductive well has been drilled.

Forecasts as to the total Arabian reserves run into astronomical figures. Conservatives estimate it at 5,000,000,000 barrels—while enthusiasts talk of 20,000,000,000 barrels. The latter figure, incidentally, is about equal to the present proven reserves of the United States.

The oil of Arabia hasn't come easily. But American capital, ingenuity and drive are producing it. In doing that it is bringing the miracles of our modern civilization to the people of Arabia, to their economic and social betterment. The whole world, with its insatiable thirst for oil, will share in the rewards. Here, on an enormous and colorful canvas, the inspiring story of free enterprise is being told again.

THE PUBLIC HEALTH

Within the near future, Congress will begin considering a number of proposed measures designed to improve the public health. And when that time comes, certain definite principles should be kept firmly in mind.

First, nothing must be done that will prevent people from choosing their own doctor. This is basic in sound medical practice.

Second, medicine must not be regimented. The doctor must never be dominated by a government official—required to look to some bureau for his livelihood.

Third, we must avoid the mistake of forcing people to pay for a specified medical service whether they wish it or not. Voluntary prepaid medicine is one thing—compulsory tax payments for a service individuals may not desire is something very different.

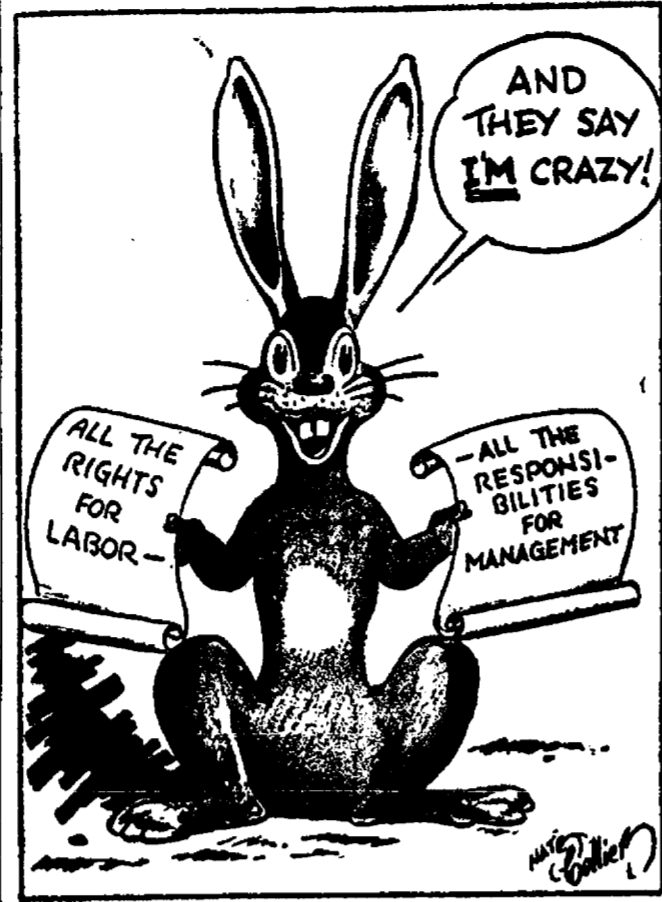

Fourth, we must confine Federally-financed medicine to care for the needy, so far as treatment of the individual is concerned. It is a proper public service for the taxpayers to underwrite medical care for those who honestly cannot pay for it themselves. It is not a proper service to finance it for those who are perfectly able to pay for it.

Fifth, administration must be accomplished at the local, community level—not at the Washington level, with its inevitable wasteful and inefficient bureaucracies.

The goal should be to preserve private medicine—and at the same time to help the indigent. This can be done with a minimum of expense—and without creating still another ever-expanding Federal bureau with an enormous payroll.

Editor's Mail Box

To the Editor:

This letter is written in reply to an article which appeared in a biased Gratiot Township neighborhood weekly criticizing the Republican platform in the coming election.

Nowhere in our platform have we ever held ourselves out as wanting to eliminate such valuable services as are rendered by our Police and Fire departments.

In the article it was inferred that the Republican candidates intended to either abolish the Fire department and Police or remove the present personnel.

Apparently you, the Democrats, have failed to take notice of our party platform which appeared in the Grosse Pointe Review of January 16, 1947. In this issue of the Review it is specifically stated that, and we quote "the candidate for Supervisor also promised that the POLICE and FIRE departments will be SEPARATED and will be FREED of any POLITICAL ENTANGLEMENTS."

Edminston Martin, Candidate for Supervisor

Dear Editor: The Board of Directors of the Grosse Pointe Unit of the American Women's Voluntary Services join me in thanking you for the help and co-operation you have given to our organization during the past five years.

We are especially grateful for your generosity in publishing in last week's issue of the Review the resume of the unit's activities during this five-year period. Sincerely yours, EDITH BAHM.

To the Editor: Grosse Pointe teachers appreciate the position you are taking in an effort to raise the status (and the salary) of the American School Teacher. MARY H. KREMMER.

Legion to Heed Younger Members

For the first time in the history of The American Legion in Michigan a group of World War II "consultants" will take part in policy-making deliberation at the Legion's annual Spring Conference for state officers and committeemen to be held at the Book-Cadillac hotel in Detroit, March 15-16.

World War II veterans now comprise 65 per cent of the Legion's 100,000 members over the state at large. To better acquaint these younger men and women with the work of the Legion each of the five state vice-commanders and the 18 executive committeemen has been authorized to bring a World War II consultant to the Detroit conference. They will contribute to discussions and decisions relative to Legion affairs, and review Legion activities for the past several months, as outlined in reports by standing committees.

Fran Harris, WWJ commentator, can be heard at 11:15 p.m. Wednesdays on her weekly visits to Red Feather agencies at the Community Chest throughout the metropolitan area of Detroit.

The Village Council has been aware of the condition of the extensive improvements thereof during the war years were about present Pier, but any proposed study out of the question and might still be unwise in the face of present costs. Dock and harbor facilities are a very expensive type of improvement.

The charge that the dock is a fire trap is a misleading and unwarranted statement since the premises are examined periodically by fire insurance underwriters and insurance rates are very nominal.

### Cub Scouts Honored

Cub Scout Pack 156 met on Monday evening, March 3 for a Father and Son Banquet at the Parish House of Christ Church. Some 60 Cubs were accompanied by their fathers on this gala occasion which Pack 156 hopes to make an annual event. Mr. David Crawford, Cub Master, presided at the speakers' end of the table beside the guests of honor, Reverend Edgar H. Yoeman and Mr. Dayton Dalley, Scout Master of a Detroit troop.  
The Ford Stringed Orchestra played dinner music and accompanied the singing of the boys and their Dads. Mr. Yoeman welcomed those present to the Parish House and remarked upon the Church's pleasant association with Cub Pack 156. Mr. George Hefferan, Chairman of the Pack Committee, greeted the boys and spoke briefly on the subject of Cub activities. The Denmen, head boys of each Den, were called upon to describe the centerpieces that each Den had made for their section of the banquet table. Many and varied were their creations, ranging from model tepees on Indian Reservations to pipe-stem figures of Cubs in their blue and gold uniforms, saluting a miniature American flag.  
A special table was reserved for the Den Mothers of the Pack. They were honor guests, relieved of responsibility for the evening, commended for their untiring efforts in managing weekly Den Meetings and planning Cub programs throughout the year. Mrs. Roger Dryden headed the Banquet Committee who planned and served dinner for the 122 guests.  
Mr. Dalley, principal speaker of the evening, described Cubbing as an essential part of the Scout program, with its aim that of developing "better boys and better parents." He pointed out the importance of parents helping Cub Scouts with their achievements and the need of a Cub for his parents interest as he progresses up the advancement ladder from Wolf rank through Bear and Lion ranks to the final goal before Scouting of the Webelos Award.  
More than fifty awards including attendance bars and service stars, were presented to the Cubs by Mr. Edward P. Hammond, Jr., Pack Committeeman, in recognition of the Boys' accomplishments. The Webelos Award was given, during an impressive candlelight ceremony, to three hard working boys who are now ready to become Boy Scouts. They were David Dobbins, Kurt Ewend, and Lee Eisey. Another candlelight ceremony initiated twelve new Bob-Cats, (boys just beginning cubbing) to the Pack. Other awards were as follows: Den 1, Bob Lambrecht and Tommy Williams, Bear Badges, David Dobbins, Lion Badge and gold arrow of the Lion rank; Den 2, Larry Berger, Wolf Badge, Peter Gall and Glenn Forcier Bear Badges, Walter Hogue, Lion Badge; Den 4, David Beifore, Silver Arrow of the Bear rank, James Labroske, Lion Badge; Den 5, Jack Fyler, Wolf Badge, Sigurd Wendin, Gold Arrow of the Bear rank; Den 7, John Ottoway, Gold Arrow of the Lion rank, Dicky Conder and Jim Katchick, Silver Arrows of the Lion ranks.  
It was announced by Mr. Dalley that a Scout Show will take place at the Coliseum on April 1 and 12, in which will participate several thousand Scouts and Cub Scouts from all over Michigan. Mr. Dalley said that tickets for this event may be purchased from members of any registered Scout or Cub Scout group in this community.

### St. Paul Hi-Lites

by PAULA BEAUPRE

Even though spring hasn't officially arrived as yet, this season isn't far off in the thoughts of the high school set. Already news is filtering through the ice-filled air about the many spring parties that are being planned, and we must admit that they all sound well worth waiting for. It always seems to us that the way with teenagers to make the present resources do, and so everyone is still thinking up winter get-togethers although the students are still looking to the future and waiting anxiously for the first signs of warm weather.

NANCE STAHL'S Ridgmont Road manna was the scene of much chatter and merriment on Friday eve when a few of her classmates gathered 'round for an ever-popular talk-fest and record session.

Singing and gossiping held the "Hi-Lite" during this feminine favorite.

While feasting on Boston coolers (specially prepared by the hostess), chips, cookies, and tasty candy, the girls selected their favorites to be played on the "vic."

The funsters who were invited to take part in the evenings' fun included Thelma Piche, Beatrice Marchand, Pat Van Tiem, Pat Rabaut, Joyce Alef, Jo Mannino, Martha Lou Mauer, Theresa Luffy, Sally Curran, Henrietta Sutton, Ellen Boulton, Do Backman, Joanne Athanson, and our Scribbin' Scribe.

The Civic Light Opera "Desert Song" has been widely acclaimed lately in just about every conversation. The news finally reached G. P. and captivated four of our opera enthusiasts, Sandy Sittiger and Art Smith and Mary Sparr and Ol Campenhout.

PAULA

The spectacular and colorful "Skating Vanities of '47" drew a huge crowd on Saturday night.

Mary Sparr, Albert Campenhout, George Heidt and Carol Staub dueted for this different and outstanding form of enjoyment.

The second-half — of the CHARITY GAMES filled the extra-curricular periods both this week and last. The students are responding generously in their donations for the games because they realize how much the suffering people of Europe need these proceeds.

The Senior boys hold the "Victors" title for 1947 and the Junior girls won out for top honors in this sport.

Cheering loudly for the victory of their team-mates, we noticed Nancy Logue, Judy Athman, Nancy Bergmann, Johnny Bergen, Joe Cavanaugh, Johnny Clark, John Carpenter, Tim Carrigan, Marge Clarke, Theresa DuPuis, Marlon Brideau, Mike Furguson, Joan Geisler, Jean Hagan Virginia Kaiser, Eggie Labadie, Rita Leithausen, Jim Law, Jane Lodewyk, Marion McLaughlin, Ann Meathe, Eileen Moore, Marie Mel-drum, Phyllis Moore, Von Tamm, Irene Vincke, Marg West, Mary Wade, Christine West, Pat Trombley, Jim Shane, Don Campau, Fred Maddock, Mary Gerardy, Sally McKernan, Jo Camella, Helen Cook, Sue Sharrow, Marilyn Smith, Judy Hennecke, Margaret Lynch, Elaine Wyjek, Donna Klein, Pat Norman, Chuck Boulton, and Ellie Wade.

There were "big-doin's" at Detroit Turners on Friday night and the dance room was "filled to overflowing" with jubilant merry-makers.

The usual in the line of refreshments was served to Joanne Athanson and Ray Huetteman, Do Backman and Walter Brey, Nancy Stahl and Roston Johnston, Marty Mauer and Dick Chandler, Jo Mannino and Ray Evers, who walked 'neath the soft lights.

Pale candle-light illuminated the exquisitely decorated table at 387 Hillcrest when SALLY NACY served grilled cheese, pepsi, milk, pretzels, and cake to three couples.

Recorded melodies put the guests in a dancing mood for the affair, but later in the evening, the sixsome abandoned this for a ping-pong contest which turned into a hilarious confusion.

Taking part in these activities were Hostess Sally and Vince Oliver, Nora Allard and Bernie Brewer, and Betty Sheridan and Al Molr.

VALETTE th next week. See you all then!!

### Ballet Russe Comes to Music Hall

On March 13-14 Sol Hurok will bring to Music Hall not only the Original Ballet Russe, but by special arrangement, Alicia Markova and Anton Dolin will appear as guest artists in their most celebrated roles.

The event offers a formidable array of famous ballet stars in the greatest collection of smash hits in ballet history. Many of the works will be seen in Detroit for the first time in five years.

Acting in the belief that ballet is an essentially classical art, the repertoire emphasizes the classical and spectacular works that are the backbone of the dance. At the same time, the diversified catalog of more than 150 ballets includes many, many new works. The company is restoring a group of the Michel Fokine masterpieces. "Paganini," "Prince Igor," "Schenerazade," "Cop d'Or," and the ever loved "Firebird." Three of Leonide Massine's balletic milestones are included, the symphonic ballets, "Les Presages," to Tschalkowsky's Fifth, "Choreartium" to Brahms' Fourth, and "Fantastic Symphony" to Hector Berlioz's programmatic symphony of the same title.

In addition, there is Massine's witty treatment of 18th century "The Good Humored Ladies," and a fresh new production of that equestrian ballet, "The Blue Danube."

Of interest to Grosse Pointe audiences will be two works of biblical themes, "Cain and Abel" and the new ballet of Wagner, "The Prodigal Son" with a special score by Serge Prokofieff.

The engagement will feature the first local performance of "Camille," the first choreographic

treatment of the Dumas love story by the American John Taras, to Schubert music arranged by Rietl, with decor and costumes by Cecil Beaton.

The company of 150 also has its own symphony orchestra... under the capable direction of Moiz Zlatin and William McDermott.

The roster of "Ballet Russe" fairly bristles with famous names, including Rosella Hightower, Olga Morosova, Genevieve Moulin, Tatiana Stepanova, Nina Stroganova, Vladimir Dokoudovsky, Roman Jasinsky, Marian Ladre, Kenneth Mackenzie, Vania Psota, George Skibine, Oleg Tupine, Kiril Vassilkovsky, Margaret Banks, Tatiana Beche-nova, Rojsika Sabo, Marjorie Talchier and others.

### Women's Association Meets

The Women's Association of the Grosse Pointe Congregational Church will meet at the home of Mrs. William M. Browne, Lewiston Road, Tuesday, March 11th at twelve thirty o'clock.

A dessert luncheon will be served by the co-hostesses Mrs. Duane A. Butterfield, Mrs. Harold W. Beattie, and Mrs. Ralph Thompson.

Mrs. Leonard Slowin will lead the devotions.

The guest speaker will be Mrs. Frances Dunnette of Grand Rapids, Michigan, State president of the Congregational Women's Fellowship. She is also a member of the National Board of Missions.

### Cub Turns Gorilla at Circus

Pictured above are three Grosse Pointe Woods Cubs who participated in Pack 290's Cub Scouts "Big Time" circus at Mason School last week. The big gorilla is none other than Little Bruce Crowley, who is bending the bars of his cage as if they were made of rubber. Dan Montgomery and Eugene Caetsch are in the backgrounds.

### Cubs Present Bang Up Circus Performance

Pack 290, Grosse Pointe Woods' energetic group of Cub Scouts, turned in another bang-up performance at their Pack meeting Friday evening at the Mason School. A regular old-fashioned circus with dare-devil tight-rope walkers, wild animals and cavorting clowns kept the parents rocking in their seats. Of course, the rope was strung out on good old terra firma and the clowns didn't really put that live dog in the machine that the frankfurters poured out of but it looked like the real thing to the younger brothers and sisters that were there. Dan Montgomery, Den 2 did a fine job as Master of Ceremonies and in announcing the acts.

Seven new boys were added to the Packs' roster. Assisting Mr. Montgomery in the induction ceremony were Don MacFarlane and Ed Cornelius. Murray McDonald supplied appropriate background tone with the tom-tom. The newcomers were Frederic Bestner, Richard Bishop, Jimmie DeStefano, Robert Hilker, John Pender, John Struthers and Raymond Zawadzki.

The following Cubs earned special awards: Richard Anderson, ohn DeCicco, Roger Duerksen, John Hicks, Roy Kemp, Charles Liddle, Gus Mayer, Dan Montgomery, Russell McGuire, Andy Rauth, EBob Reed, Louis Roehrig, Donald Sequoin, Durst Thome, and Ed Vance.

Edward Cornelius graduated, and the following Cubs, in addition to their graduation, received the much coveted Webelos: Donald MacFarlane, Dan Montgomery and Ronald Nelson.

This Pack meeting was also the last to be conducted by Mr. L. R. Montgomery, the retiring Cub Master Both Mr. and Mrs. Montgomery, who has so ably assisted him.

### Open House at Pointe Hi

All parents of students in Grosse Pointe High School and Brownell Junior High School are invited to attend the semi-annual open house at the high school Thursday evening, March 6.

Beginning at 8 o'clock the major portion of the evening will be devoted to a conference period during which parents may meet individually the teachers of their children. Teachers will be stationed in various classrooms to which guests will be directed by means of a printed room directory available at the building entrances.

Conferences with teachers will necessarily be brief. Appointments for longer discussion of mutual problems may be made at the suggestion of parents.

At 9:30 o'clock a short program will be held in the high school auditorium. W. R. Clemenson, high school principal, will speak briefly, explaining some of the basic high school procedures involving parent-cooperation.

An established offering of several years, the open house has proved beneficial to both home and school in facilitating the development of high school students.

### Blue Birds Join Camp Fire Trail

The Blue Birds at Trombly School, also known as the Jolly Juniors of Grosse Pointe Park, received diplomas in February and are now ready to follow the Camp Fire Trail.

Mrs. Corey assisted the Camp Fire girls in a beautiful candle-light ceremony in which the Blue Birds were taken into the council fire.

Present were Field Workers Miss Hanson, Miss Laird and mothers of the Bluebirds.

### Mason School News n Notes

Miss Sagala's 2A children at Mason School have been studying the early history of Grosse Pointe Woods. A culmination of this activity was a program for the children and the parents hitting some of the high spots in the history of the community. The time of the first scene, which was set in the deep, dark woods and which showed the Indians having a council meeting, was about 300 years ago. There was much activity in the second scene, which showed the forests being cleared and the "ribbon" farms subdivided. The time of the last scene was the present and showed the audience that where the Indians, French, English, and Americans lived and fought the children of our community go calmly to school each day.

### Girls Swimming Class

There is still time to enroll in the Girls Swimming Class which meets at the Grosse Pointe High School on Tuesday evenings.

This class is available to girls ten years old or older — beginners and intermediates. Beginners must be ready for the pool by 6:30 p.m. and intermediates at 7:10 p.m.

Here's your chance to learn, or brush up on swimming before summer, which is not too far off! Mrs. Hazel Chateau will be your instructor.

Registration fee is \$2.00 for ten lessons.

The Review has the most complete coverage in both news and photos of local activities.

The new Camp Fire members are Ann Elizabeth Bacon, Ann Marie Hellstrom, Francis Butterfield, Irene Stemple, Constance Cavey, Carol Stoneking, Roberta Stebens, Beverly Johnston and Metzli Spiers.

### Lecture Group to Present Iva Kitchell

Grosse Pointe Lectures will present IVA KITCHELL, renowned dancer and humorist on Thursday, March 20th, 8:30 p.m. at John D. Pierce Auditorium, Kercheval near Balfour.

Referred to as the "Bally Ballerina," Miss Kitchell has acquired international fame through her unique dance parodies and pantomimes. She has toured Europe, where she was particularly popular, and has recently given more than two hundred recitals in the United States and Canada, each with remarkable success and response.

Her meteoric success as a one-woman show has been widely acclaimed by cost of the leading newspapers throughout the world and by such popular magazines as "TIME," December 2, 1946, and "LIFE," December 16, 1946.

Don't miss IVA KITCHELL — a great artist with a delightful sense of comedy — and accompanist HARVEY BROWN, who is responsible for the composition and arrangement of most of the musical settings.

Make your reservations now! Call Grosse Pointe Board of Education, Niagara 2000, Extension 25.

Captain Leon J. Jacobi, USNR, Brigade Commander of the Detroit Naval Reserve Unit has been appointed commander of the Michigan Naval Force by Governor Kim Sigler.

The State is building a militia of 6000 men and officers which can be called out by the Governor as a secondary defense to the Michigan National Guard.

Captain Jacobi now commands approximately 3600 Organized Naval Reservists. These and other men will make up the State Militia. The Federal Government bears the entire cost of the organized reserve program and the militia setup.

Captain Jacobi is a graduate of the United States Naval Academy at Annapolis. He has lived in Grosse Pointe for 18 years and resides at 729 Fisher Road.

**Lutheran Club  
Re-Opens**

The club rooms of the Detroit Lutheran Veterans Club at 1502 Randolph Street, which were razed by a fire on January 8, will be re-opened on Sunday, March 9. Carl C. Manske, president of the Club, announced today.

The club rooms have been completely remodeled, redecorated and refurnished.

Rev. Martin A. Haendschke, pastor of St. Thomas and St. Peter's Church, will speak at the re-opening ceremony at 4:00 p. m. The Auxiliary of the Lutheran Vet's Club will serve a buffet supper at 5:30 p. m. A Veterans Variety Show will be presented at 8:00 p. m. Public invited.

Forty members of the Cleveland Lutheran Veterans Club will travel to Detroit by chartered bus for the Re-Opening.

**Brothers Join  
Marine Corps**

Two brothers, Lee D. and Richard A. Muhleck, 530 Barrington road, and John S. Jenks, 1074 Lakepointe avenue, have enlisted in Detroit's 17th Infantry Battalion, U. S. Marine Corps Reserve, at the Naval Armory.

Lee Muhleck is a Marine veteran. He served with the First and Fourth Marine Air Wings from July, 1942, to September, 1945. He holds the Asiatic-Pacific ribbon with two stars, Navy and Presidential Unit citation ribbons and the good conduct medal. He is employed by the Broedell Plumbing & Heating Co. Upon enlistment Muhleck was reappointed to the rank of staff sergeant under the provisions that permits the reappointment of discharged Marines to their discharge rank.

Jenks, the Army veteran, served with Co. "A," 713rd Armored Flame Throwers Tank Battalion and Headquarters Company, 4th Armored Group, from October, 1943, to February, 1945. He wears the Asiatic-Pacific ribbon with one star, Presidential Unit Citation and the good conduct medal. He is now a student at Wayne University.

Richard Muhleck enlisted under the recent ruling that 17 to 18½-year-old men are eligible to enlist in the battalion. He is also employed by the Broedell Plumbing & Heating Co.

**Sportsmen  
Hold Annual  
Buffalo Feast**

The Statler Hotel on Saturday evening will resemble a fishing or a hunting camp when members of the Detroit Sportsmen's Congress will hold their Tenth Annual Buffalo Dinner. Members of the Organization attend the affair dressed in all their outdoor regalia. Neckties are taboo. Governor Kim Sigler will be the principal speaker. He is the first Governor of the State of Michigan to attend this nationally known affair.

Between seven and eight hundred sportsmen will be present from Michigan and adjoining States and Canada as well. F. J. Hoffmaster, Director of Michigan Conservation Department, Russell Bengel, Commissioner, C. A. Paquin, Chief of the Educational Division of the Department as well as Harry D. Ruhl, Chief of the Game Division and Fred Westerman of the Fish Division, and Russell Martin, Supt. of the Higgins Lake Training School will attend. Plenty of outdoor entertainment will be featured. Songs of the hunting and fishing camps will be sung in the lusty voices of the men of the wide open spaces. Tickets can be secured at the Detroit Sportsmen's Congress office, 1331 Majestic Bldg., Detroit.

# Teen Talk

By MEEKY MARIE VAN ZANEN

The finish of the home basketball games, and swimming meets was celebrated in proper manner last week-end when everyone attended the state swim meet and the last basketball game of the season.

Before the game on Friday night MARILYN WALTERS gave a very nutritious and delicious dinner in her home on Hampton road. The dining room table was set with a centerpiece of white and pink snapdragons and carnations, with tall pink candles on either side. Name tags with flowers designated where each guest was to sit. The menu included meat loaf, peas, relishes, scalloped potatoes, milk and chocolate cake.

The invited were: Gay Wright, Doris Dising, Martie Fairless, Janice Skillman, Jean Webb, Nancy Georgi, Polly Wilton Jane Lundgren, Janet Johnstone, and your obedient servant.

Spaghetti, potatoe chips, peeps, cake and ice cream, headed the cats list at CLARICE RYALLS dinner also before the game. The marvelous dinner was served buffet style in the RYALL dining room. Eating the edibles were: Sally Seymore, Connie Baker, Dolly Limbroch, Judy Gehlert, Mary Hardleven, Joyce Clements, and Mary Hodges.

As per usual the G.P.H. gym was jammed with kids to see the blue devils defeat Royal Oak in a fast and exciting game. The cheerleaders led the mobs in some team inspiring yells while PHIL SKILLMAN led a few boys, in a very entertaining musicale during the halt.

Partaking of the fun were: Elaine Buhner, Marvin Weaver, Marie Simons, Ted Mumford, Florence Bardi, Barb Brown, Jean Richards, Barbara Otto, Gretchen Kiehammer, Virginia Blake, Mar Ballerina, Kirk Walsh, Carter Saies, Madge Winters, Barb Carter, Bill Beardslee, Jane Gehlert, Frank McBride, Marilyn Brown, Jim Swift, Al Singler, Jean Dowzer, Myron Yacks, Ginny Gregory, Carolyn Johnson, Myrna Trodan, Vince Shooek, Alan Bryant, and Clune Walsh.

A dining table set with a beautiful birthday cake, announced that 18 years had passed in BARB GLASE'S life, when she gave a simply wonderful St. Patrick's day celebration in her home on Saturday night. The guests were all presented with sooky green hats and shamrock paper plates when they entered the living room.

The whole house was turned into a sphere of green mist with the green and white crepe paper streamers. Tops on the refreshment list was the wonderful baked ham, baked beans, deviled eggs, olives, pickles, carrot sticks, potato chips candy, peeps, and of course birthday cake and ice cream.

Dancing to the recorded music were: ED SCHAUB, BARBS date, Jack Campbell, Beth Townsend, Dick Hudson, Barbara Gough, Jim Alexis, Pat Horsley, Bob Campbell, Evie Gough, Bill Bolster, Dot Geyer, Bob Vincent, Eleanor Forster, Sonny Broughton and Diana Dehem.

Dancing and ping pong highlighted ALICE SICHLE'S party on Saturday night when she invited, Clarence O'Dell, Martie Watkins, Dick Lord, Nancy Voorhees, Jim Goebel, Lois Holts, Milton Setzer, Joyce Wiek, and Jim Mast over for a few hours of fun.

Of course highlight of the evening was the ice cold pop that gave everyone quick energy to continue their activities!

The marvelous spirit that has backed up the swimming team all year long traveled right with the boys when they went up to Ann Arbor for the state swimming meet.

"Birdie" Spurrier, one of the contestants, had his mother MRS. SPURRIER, drive up Jo Russell, Doug Buck, Lois Rieck, Marilyn Smith, and his sister Sue, to see the exciting events.

Dim lights, and a blazing fireplace, set the scene for the stupendous party that TOM ANTON gave on Friday night. The affair was held in the exclusive recreation room where the kids danced and played pool. Helping to make the party a success were: Jo Russell, Bob Hansen, Gloria James, Gerry Webster, Sally Hoyt, Stewie Ward, Ginny Grance, Bob Coleman, Sue Wheelock, Calvin Purdy, John Corfield, Marilyn Smith, Mike Bigely, Barbara O'Leary, Joe Fromm, and Marilyn Wroblos.

BARBY BULL gave another of her popular open houses on Friday night! Yes, once again the BULLS' opened wide their doors to all the kids in Grosse Pointe. And everyone who attended had a simply super time! Sipping cokes were: LeRoy Johnson, Diane Wuerder, Sue Martin, Phyllis Frank, Jimmy Williams, Tom Auch, Dick Lowery, Chuck Gesquire, Dave Pethick, Mary Hodges, Sally Seymore, Mary Hardleben Wesley Frank, Sally Karrer, Dolly Limbroch, Jim Thayer, Jim Barker, and Jim Stewart.

SHIRLEY DAVIS did things up in a big way when she combined three kinds of entertainment at her dinner slumber, and bridge party on Saturday night. The dinner consisted of creamed chicken, peach salad, and ice cream and cake, then the gals played bridge until they were sleepy enough to retire to the beds that were provided for them.

Oodles and oodles of kids attended JOYCE SLACKS' party on Saturday night. The usual pop and potato chips were served, while, Ed Sanders, Margaret Greeg, Gerry Nay, Carl Rossetti, Madge Winters, Bill Iler, Jackie Whitenburg, Carol Krause, Bob McEechen, Dolores Malnar, Bob Champline, Bob Rue, Beverly Martin, Ford Slater, Larry Bredon, Gene Stebbins, Roger Ellis, Pat Coyne, Bill Smith, Ellen Maxwell, Lloyd Murray, Edna Kirshner, Skippy Downey, Jim Fisher, Bill Elder, Doug Michelson, and Jane Hollister, danced the night away to sunrise serenade music.

Nancy Weed, Jane Rogers, Sue Rogers, Nancy Hodges, Barb Barnes, Helen Stevenson, Florence Erringer, Barb Elliot, Jo Ann Broom, Janet Kellied, Buffy Wicking, Betty Pfleiderer, Minnie Hewitt, Mary Waterfall, and Joyce Schmidt, joined in on the fun.

And one more thing before closing— An organization like TUXIS, that has worked to provide the things that the kids in Grosse Pointe have wanted, needs your support— Give it to them by attending there hag dance this coming Saturday— Look what they have done for you— Now do something for them! So long for now!

# Hunt Club Notes

by The Hill Topper

So you think riding is perilous? A certain group of Grosse Pointe Hunt Club members won't agree with you! Whatever injuries they've sustained have all been received far, far from the riding ring and bridle path! Mrs. Elmer Boyd, one of the Club's most ardent and successful horse show exhibitors, was kept out of competition in many shows on last summer's Michigan circuit by a broken collar bone! No — "Harvest Moon" didn't spill her! It was caused of all things in a prosaic automobile accident.

Donna DiMarco couldn't participate in the New Year's Day Junior Show at the Hunt Club this year. Reason — she pulled a ligament in her leg while ice skating.

Susie Essington was kept out of the same show by a strained back which she received while trying to climb over a stone wall — sans horse, of course.

Mrs. Henry Hopkins Jr. broke a leg while skiing in Sun Valley. Janet Allen, who likes nothing better than to go over the jumps on "Bebe," recently had a session on the sidelines. Guess why? She broke her ankle while playing basketball!

Something we never knew before reading "The Horseman's Encyclopedia" by Margaret Campbell Self: the scarlet livery of the Hunt staff and qualified hunters in the field is called "Pinks," after a famous British tailor!

And of course, you know what a "Hill Topper" is! A rider who follows the hunt by observing from the hill tops! Although, to let you in on a secret, your correspondent does her observing, a good deal of the time, from ye olde rocking chair!

If you're a rider — become a better one! If you don't ride — change your ways! Those are the most popular theme-songs at the Grosse Pointe Hunt Club these days. Everybody wants to improve his seat, his hands or his jumping form. Tuesday evenings adult riders brush up or take instruction in the indoor ring. Among the most faithful pupils are Mrs. Walker Stewart, Mrs. Harold Round, Mr. Kenneth Carson, Mrs. Jack Wilderman, Mr. and Mrs. George Custer.

Review want ads are taken over the phone until 5 a.m. Tuesdays. LE 1162

In recorded history no woman ever has set foot on the great continent of Antarctica.

**Latest Highlights From Hollywood**

LeRoy Prinz, veteran dance director for Warner Bros. spotted a gorgeous blond in a line-up of chorus cuties who were rehearsing a routine for "My Wild Irish Rose."

He hastily phoned Solly Baiano, chief talent scout. "Rush right over and cast your eyes on the 'find' of the season," said Prinz.

"What's her name?" asked Baiano.

"Lionie Best," said Prinz. "That's a good name," said Baiano. "I named my daughter Lionie. I'll be right over."

You've guessed it.

Baiano found his own Lionie—all puffed up with pride because she had landed a job through the casting office without benefit of papa's name or pull.

After completing his featured role in "Deep Valley" for Warner Bros., stage celebrity Henry Hull discovered he could not return to his Connecticut farm because it was full of his son's family; that his New York home was bulging at the seams with his daughter's tribe; that his villa in Westwood near Hollywood, was desperately needed by his brother!

Mr. Hull is residing in a Hollywood hotel.

Soon after completing "Two Guys from Milwaukee" and "Two Guys from Texas" for Warner Bros., screen writer L. A. L. Diamond learned that his wife—according to all indications, plus x-ray photo evidence—was soon to become the mother of twins!

Kent Smith, Ann Sheridan's big but somewhat villainous moment in "Nora Prentiss" was once threatened with dismissal from Harvard for neglecting Greek to favor Little Theatre work.

Jean de Briac, one-time leading man for Sarah Bernhardt, told this inspiring story about the great tragedienne:

"I attempted to sympathize with her," he said, "when she came to America for another tour following the tragic loss of her leg in Europe."

"Oh, but I'm really to be congratulated!" she told me, as her piercing eyes sparkled with mischief. "No longer am I just the greatest actress in the world—I am now the greatest dancer also. Whom else can do such a split?—one leg in America and the other one in France?"

De Briac has a featured character role in "The Unfaithful,"

studios and offices in the Fisher Building, including installation of complete FM transmitting equipment. The FM station will be called WJR-FM. WWJ, The Detroit News, called their FM station WENA. In this era where easy identification pays off, the WJR idea of keeping the name of their FM station affiliated with the established AM station, seems to be the best idea.

Bud Watson, former sports director of WJR and a versatile radio writer, is the new publicity manager of WWJ replacing the late Bud Shaver. He brings twelve years of radio experience to his new position.

Elythe Fern Melrose, WXYZ Lady of Charm, has published a new booklet "Charting Your Way to Charm" which deftly boils down the three essentials of a woman's charm—the way she acts, looks, and cooks. It has charts suggesting correct color combinations and proper diets too. If the "ill lady" follows the rules of the booklet, she can become the feminine counterpart of superman.

Starting this week Jinx Falkenburg is being heard over a Detroit station. WXYZ is carrying the "Jinx and Tex" shows 1:15-1:30 Mondays and Thursdays. Jinx and her husband, Tex McCrary, comment on a wide range of subjects and interview famous or interesting persons ranging from Governors to prize fighters.

If you've been hoping to land that \$1000 give away on Pot o' Gold, you'd better give that rabbit's foot a quick rub. The program folds March 26th... Too costly.

Radio wit Walter Klernan is speaking before the Detroit Aeraft Club this Friday. Several radio critics compare him to Will Rogers.

WWJ should have a furious pitch of wits when Fred Allen tangles with Guest Star Milton Berle this Sunday at 8:30 P.M. Both comedians are considered the country's fastest at lb gagsters. I wonder whose side Claghorn will be on? Two days later Berle will start his own show on NBC 8 P.M. Tuesdays.

Don't get the idea that Amos n' Andy are slipping or just riding on their past reputation. Latest listener surveys rank them third in the nation right behind McGee and Hope. They have added six million new listeners within the past month.

Biggest new radio program hitting the air in 1947 will be the Tony Martin show opening March 30th over CBS-WJR. Bob Hope will be the first guest star. Inside track for the fem singing spot is held by Evelyn Knight. Martin replaces the Eddie Bracken show.

With so many programs falling by the wayside, radio row in general and ABC in particular are happy to announce two network programs just signed by sponsors. One of them is Detroit's own, "Green Hornet"; the other is "Famous Jury Trials."

What is believed to be the highest salary ever paid in the theatre will go to radio star Jack Benny when he collects more than \$40,000 a week for a two week engagement at the Roxy in New York starting May 22nd.

The National Association of Broadcasters recently mapped out a vast public relations campaign to combat criticism of the radio industry. It also agreed that stations should be allowed to editorialize as a constitutional right.

The latest from Washington is that no investigation of the FCC will be made at this time as previously announced. Names of announcers are well known to the public and biographical tidbits about radio personalities appear in columns regularly. However, comparatively little is known about the important people behind the scenes like the station managers, sales managers, and directors.

Dick Jones, CKLW Sales head is one of these behind-the-scenes characters with anything but a behind-the-scenes personality. He can talk on almost any subject (and does). He acquired a varied practical education rather than a scholastic one by trying a little of everything before entering the radio field. He was a newsboy, truck driver, boxer, structural iron worker, automobile factory worker, door to door salesman, barker in a carnival, radio and appliance dealer, and a publicity manager of a large hotel.

He was appointed sales manager of CKLW two months after starting to work there. He spent his first two months publicizing Gentile, Binge, and others.

With an agile mind and a high degree of acceptability among the ladies, Dick looks about thirty. Actually, he is crowding forty, happily married with three children.

The radio boys at the club or around the bar all hang a "good guy" tag on Dick.

Commenting on the Royal Oak basketball game Coach Edward Wernet said, "I think that the team was off in shooting that is from the court. They were all right from the free throw line and this pulled them through. If a team can win and still miss a great percentage of their shots it's not a bad sign."

After the state swimming meet held at Lansing the Battle Creek swimmers congratulated the Grosse Pointe squad for winning the trophy for them. The Pointers did this by beating Saginaw Arthur Hill's medley relay team their free styler, and their breast strokers.

The regionals to be held at Ferndale were recently announced. Grosse Pointe will meet Royal Oak on Wednesday night and the winner of this game will meet Dearborn on Friday. Ferndale will play Highland Park also on Wednesday and the winner of this contest will meet Hazel Park on Friday.

Dearborn and Hazel Park drew byes in the first round. The winner of the Dearborn and Hazel Park games will meet on Saturday\* to determine the regional winner.

On his return from Wisconsin swimming coach Frank Banach happily said, "I was very glad to hear the good news. Placing third in the state is excellent considering the fact that some twenty other schools compete. This year's team is the best in all-around balance in the history of Grosse Pointe High School."

Border Cities League Basketball Standings:

	W	L
GROSSE POINTE	7	2
Fordson	5	4
Royal Oak	5	4

After the reserve basketball game Coach Harold Fisher commented, "The boys have shown that they have eventually learned how to play basketball."

Tickets were not sold after 7:45 Friday night. The varsity game did not start until 8:00. During the game Jimmy Williams and Gary Langseth were seen LAYING underneath the bleachers. That is just one example of how crowded that the gym was.

The team's mascot, tobacco chewing Frank Webb gave the basketekers a carton of gum before the game. Mr. Webb was on the players' bench urging "his boys" on to victory. He was absent at both losses that the Pointers suffered.

Royal Oak lost three starters because of mid-term graduation. They are Royce Baum, Gordon Krause, and Duane Dreager.

About 100 fathers, mothers, friends, and girls turned out at Mason School at 7:30, February 28, for the biggest event ever attempted by Intermediate Troop 301, Grosse Pointe Woods.

An American flag was presented to the troop by the Women's Auxiliary of the Veterans of Foreign Wars. Eight members of that organization were on hand; presentation was made by Mrs. Donaldson.

A Court of Awards was held with 30 girls receiving Second Class Badges; 15 Hostess Badges; 15 Child Care Badges, the latter girls having completed a course under Mrs. Frank Morgan, R.N. Drawing attention to the work Troop 301 has been doing, was a large handcraft display. Entertainment was provided by girls of the troop, who put on singing, dancing, and acrobatic acts. Refreshments were served. Leader Mrs. Albert Eyre, Assistant Leader Mrs. J. Kalivoda, the Troop Committee, and Troop Members co-operated to make the evening a huge success.

# Meet Your Coach

**WERNET'S NOTE**—This is the first in a series of articles about the directors and coaches at the Grosse Pointe Schools.

The entire sports world is the story of Edward Wernet, Grosse Pointe High School basketball and football coach. His life is a saga of success and honors not only in sports but also scholastic from his high school here in Grosse Pointe through college, minor league baseball, and the United States Navy.

Wernet graduated from the U.S. in 1933 taking with him five varsity letters. He played four in football, four in basketball, two in baseball, and two in track.

Wernet played football as a half-back, specializing in punting. He averaged over forty yards on his punts. In his first year of competition Wernet weighed 177 pounds. When he was hit the scales at the end of the year he weighed only 5' 8" tall.

Wernet excelled in sports and was a scholar student. He was vice-president of the Grosse Pointe branch of the National Honor Society. Wernet was high school basketball coach winning six let-wo in football, two in basketball, and two in basket-

ball. Wernet averaged 54 yards on his punts. In the same year he had a kickoff for a touchdown.

Wernet is doing much to arouse spirit in football among the students. He has organized a Football Strategy Club which meets every Friday to discuss plays for next year and other information on blocking, tackling, etc. All quarterbacks, the captain of next year's squad, and all reserve members are required to attend. Wernet and Athletic Director Frank Banish have seen to the re-establishment of the intramural system in football and basketball, which will be instrumental in developing young players.

Wernet was signed by the New York Yankees in 1937 and played that year for Norfolk, a class A team. He batted .305 for the year as an outfielder and made the league all-star team.

He played the 1938 season again for Norfolk, alternating between the outfield and second base. He missed the charmed 300 circle, with .289. For the second year in a row he made the all-star team.

After the 1938 season he obtained his release from the Yankees and signed with an independent team, Solix Falls, in the Western League. He burst out with base hits and finished batting .365. That year he made the Western League all-star team and as a result of his batting average his contract was purchased by the Cincinnati Reds in the National League.

Wernet joined the Reds in the 1940 spring training camp but was later shipped out to Columbia in the South Atlantic League. He batted .300 in the AA league.

Wernet enlisted into the navy in May 1942. He was a chief specialist in charge of a battalion of 2,500 men at Newport, R.I. before receiving his commission. He was discharged on December 20, 1945 with the rank of Lieutenant junior grade.

From there he went to teach literature and athletics at Oshtemo, Michigan before coming to Grosse Pointe.

Commenting on his return to Grosse Pointe, Wernet stated "I have always wanted to return here. I guess it's natural with everyone to return to ones Alma Mater."

## Rams Beat St. Ambrose

Lightening struck under the lights of the CYO gym last Friday night when St. Frederick's Rams defeated St. Ambrose's Cavaliers 55-34 in a non-conference game.

The Rams jumped into an early lead in the first quarter and increased this lead in the second quarter. With the end of the half scoreboard read 33-13 in favor of St. Frederick's.

Each team matched bucket for bucket in the second half and the Rams walked off the floor with a 55-34 victory.

Bob McManus led the Rams with 23 points, while Burns and Insell chalked up 15-10 points respectively.

Pictured above are three reasons for Grosse Pointe High School's swimming team's undefeated season and a third place in the state meet Saturday. Left to right: Bob Jenks and Bill Kilow who were undefeated in duel meet competition and capture first in the state breast stroke and 100 yard free style respectively while Bob Fosmoe placed fifth in the individual edley in the state.

## Jenks, Kildow, Win in State Aquatic Meet

@ The Grosse Pointe High School swimming team added more laurels to their already successful season by capturing third place honors in the state swimming meet held at Lansing Saturday.

The Pointers annexed their 27 points on three first places, one fourth, and one fifth, to finish 9 points behind Saginaw Arthur Hill and 12 behind Battle Creek. The latter captured two firsts, two seconds, one third, five fourths, and two fifths while Saginaw got two firsts, four seconds, one third, and one fifth. Grosse Pointe was the only team to take three firsts.

Bob Jenks, Bill Kildow captured first in the breast stroke and 100 yard free style respectively and the medley relay team of Jenks, Bob Essert and Kildow finished first also. Jenks swam the back stroke in the latter event.

The free style relay team of Ted Mumford, Burt Spurrier, Fred LaFerte, and Cobby Bartlett placed fourth while Bob Fosmoe placed fifth in the individual medley.

Jenks remained undefeated in the breast stroke for the year. During duel meet competition he won all of the thirteen races in his specialty and went on to become state champion.

These boys Kildow and Jenks teamed up with Bob Essert later in the afternoon to take first place honors in the medley relay. They barely outouched Arthur Hill's team who set the pool record in the qualifying heats. Grosse Pointe's final time equaled the old pool record of 1:24.3. The school received a trophy for this first place.

The free style relay team finished behind Fordson, Battle Creek, and Wyandotte. Bob Fosmoe captured fifth in the individual medley behind Soncrant of Monroe, Aldrich of Lansing Eastern, and Goretzka and Royal of Battle Creek.

## Reserves Beat Royal Oak

The Grosse Pointe High School reserve basketball team won their third straight game Friday night defeating a quintet from Royal Oak on the local court 44-15.

This victory Friday night gives the Pointers a 500 record of six wins and six defeats. After winning their initial two games they ran into trouble when they lost their fourth straight game on Friday night.

The teams who definitely in the title series with a finishing with a percentage of .500 or better are Francois Bulldogs, St. Paul Indians, Verdons Bakers and East Side Gear.

## Pointe High Wins Border Cage Title

By JOE FROMM

The Grosse Pointe High School cagers captured the Border Cities League crown in basketball by defeating a dangerous Royal Oak quintet on the local court Friday 46-40.

This victory put the Pointers two games ahead of the second place teams Royal Oak and Fordson. Royal Oak lost to Wyandotte the same night. With only one game remaining in B.C.L. play the Pointers are assured of the title.

The Pointers won Friday's game at the free throw line. Both teams scored 19 field goals but Grosse Pointe held the edge in free throws. They scored 8 in 12 tries, while Royal Oak's efforts were confined to 2 out of 12 tries. Coach Edward Wernet has been stressing foul shots all season and Friday they really paid off.

Both teams scored three baskets in the early minutes of play. With the score tied at 6-6

Tom Willson put in a basket that put the Pointers out in front to stay. The initial period ended with the Pointers holding a 11-6 lead.

Royal Oak cut this lead to four points by scoring 13 points to the Blue Devils 12 during the second quarter. Zauchin led the Acorns with nine points. The half time horn sounded with the score reading Grosse Pointe 23, Royal Oak 19.

Twice during the early minutes of the second half Royal Oak pulled to within two points of Grosse Pointe but each time the Pointers surged ahead. Near the end of the period Bob Olson, Don Graham, and Paul Grubbs connected on six free tosses which proved to be the margin of victory. The period ended with the Pointers leading 33-25.

Each team reached their scoring pinnacle in the final period Grosse Pointe scoring 13 times and Royal Oak 15. Zauchin again led the Acorn attack as each member of the Grosse Pointe starting team scored.

Zauchin led the scoring parade with 18 points. These points were scored in the second and fourth periods, nine in each. Olson was close behind Zauchin in scoring 18 points followed with Grubbs with 12 to take third place laurels.

### Police Radio Survey Report

(Continued from Page 1)

township been so unwise as to make purchases of new equipment with frequency allocations so indefinite that equipment would now become obsolete, necessitating the needless double-expenditure of the taxpayers' money.

The question of frequency-modulation versus amplitude modulation was raised. It may be stated emphatically that either of the techniques will give equally satisfactory service. After all, the only purpose of a Police Radio System is to provide communication from the police station to the scout car, and vice versa; and since either system does the job, there is no basis for changing the prevailing system for this reason alone. Insofar as "car-to-car" operation is concerned, this system was tried several years ago at WRDR and found to be most unsatisfactory. Unnecessary confusion, lack of supervision, unintentional violation of FCC rules and regulations by the men in the cars, impossibility of handling more urgent messages while a car was transmitting, and these and other faults contributed to the undesirability of this mode of operation.

#### CAR TO CAR

In the proposed car-to-car system whereby the cars and fixed stations operate on the same frequency without central control, there are many disadvantages. First, and most important, is lack of coordination. This leads to interference caused by two or more stations being on the air at the same time, whereby neither station is intelligible to its respective scout car. In the new type of equipment, the receiving apparatus is automatically disabled when the transmitter is in operation and because of this fact the transmitting station would not be aware that anyone else was on the air. Therefore, minutes could elapse before the difficulty was corrected. This is true of the individual scout cars as well as the main stations. With proper supervision under the one-station plan (as now being used) with two-channel operation this condition does not exist. The proposed plan might be feasible in a small village where only one or two scout cars are in operation, but not in a community the size of the Grosse Pointes, where there would be five main stations and numerous scout cars, several of which might wish to broadcast at the same time.

The present Grosse Pointe Township Police Radio System broadcasts to 14 cars, one patrol wagon, one fire truck and one water truck, as well as being in communication with the four Grosse Pointe Police Stations. Under the car-to-car system advocated, it is possible that all of these units could be on the air at one time, thereby causing untold interference and blocking broadcasting and reception.

It has been argued that the cost of equipment maintenance of five stations would be very low, thereby saving additional money. Manufacturers have clearly stated that the cost of equipment maintenance of five low-powered stations is greatly in excess of the cost of maintaining one station of higher power.

#### PRIORITY

In addition to the above complexities, there arises the question as to who would determine priority of calls when more than one was to be broadcast at a given moment. Under the present arrangement, the operator at WRDR determines the more urgent matter, and puts it on the air first. In the five-station system, it would simply be a matter of "every man for himself," with possibly a stray dog broadcast competing with a hold-up, or worse. It has been suggested that when one of the stations was "on the air," a signal light system could be used to indicate that other stations were not to broadcast at that time. This suggestion refutes the argument that the present leased telephone lines are an unnecessary expense, because similar lines at similar cost would be required for the signal-light system. This cost in addition to the general inconvenience and inefficiency incurred.

Another service rendered by the radio system in its present form is communication with the surrounding communities. This includes relay service to and from Macomb and Oakland counties. WRDR is the only radio link between Detroit and therefore all other States, and these counties. Cooperation from Macomb county is frequently requested by Grosse Pointe Woods and Grosse Pointe Shores.

Being an immediate neighbor of Detroit, it is to the advantage of the several villages to have their radio system coordinated with that of Detroit. Under the present arrangement, it is a simple matter to communicate with Detroit, or for them to relay information to us. Under the proposed system, each station would have to have an additional receiver for purposes of monitoring Detroit.

#### PUBLIC SAFETY

It has been shown that no increase in Public Safety will be provided by a change in the Police Radio System. While it is admitted that the equipment now in use is technically obsolete, and that new equipment will be provided as soon as frequency allocations are made, the public interests are fully protected as they have been since Grosse Pointe first started using police radio.

Frequency-modulation and amplitude-modulation offer no difference in efficiency of handling police work. Frequency-modulation equipment will probably be adopted when the new frequencies are assigned, but only because manufacturers are concentrating their efforts on this type apparatus and greater technical improvements are being made than in the older amplitude-modulation equipment.

Car-to-car operation is not satisfactory, leading to confusion and unnecessary delay in vital emergencies.

One fixed station coordinating the efforts of the several Police Departments is superior to five individual stations, each operating with its own affairs as its primary concern. One station furnishes many added services with no additional cost to the taxpayers, all of these services contributing much to the public welfare.

It is contended that additional personnel must be employed by the several Police Departments to handle the

work now being performed by the radio operators at the one fixed station. It is further contended that these additional employees will more than offset any possible saving made by the proposed change-over to individual station operation.

#### COSTS LESS

Maintenance costs at the one coordinated station will be less and the service rendered superior to that of five stations operated individually. Needed emergency repairs are now performed on a 24-hour per day basis. With the proposed service plan, repairs cannot be made on such short notice.

### "ANNUAL ELECTION HELD IN THE VILLAGE OF GROSSE POINTE WOODS, MARCH 10, 1947

### "ADVISORY BALLOT RE. LAKE FRONT PARK SITE LAND CONTRACT."

"Instructions: If in favor of the Proposition, place an "X" in the square before the word "YES"; if opposed to the Proposition, place an "X" in the square before the word "NO".

"The electors of Grosse Pointe Woods, on September 30, 1946, authorized the issuance of Seventy-two Thousand (\$72,000.00) Dollars in General Obligation Bonds of the Village to finance the purchase of the Eleanor Clay Ford property situated in the Village of St. Clair Shores, Macomb County, Michigan, as a Lake Front Park Site and to finance certain improvements thereon and tax liabilities in connection therewith.

"The Village of St. Clair Shores instituted proceedings attempting to prevent the acquisition and use by the Village of Grosse Pointe Woods of the property in question for a park site, which action prevented the issuance of the bonds authorized to finance the purchase of the property. This litigation is still pending and will require final determination by the Courts before the bonds authorized, as above, can be issued.

"A land contract has been entered into with Mrs. Eleanor Clay Ford, subject to this advisory vote of the Electors, for the purchase of said property at a price of Sixty Thousand (\$60,000.00) Dollars, plus the sum of Fifteen Hundred (\$1,500.00) Dollars, representing prepaid taxes, as of August 9, 1946, which taxes the Village is required to assume and pay, as well as taxes levied subsequent to August 9, 1946, the said purchase price to be paid in manner following:

\$1,000.00 previously paid on the Option of Purchase;

\$2,000.000 on or before March 14, 1947; and the balance of the purchase price of \$57,000.00 to be payable \$1,500.00 May 1, 1948, \$2,000.00 November 1, 1948, and a like sum semi-annually thereafter, with the entire purchase price to be paid on or before November 1, 1951.

\$1,500.00 adjusted taxes to be paid on or before March 14, 1947.

Interest on all unpaid balances to be computed as follows:

Two (2%) Per Cent Per Annum up to November 1, 1947;

Two and One-Half (2½%) Per Cent Per Annum up to November 1, 1948;

Three (3%) Per Cent per annum up to November 1, 1949; and

Three and One-Half (3½%) Per Cent Per Annum up to November 1, 1950;

Four (4%) Per Cent per annum up to November 1, 1951.

In addition, the Village of Grosse Pointe Woods agrees to expend Ten Thousand (\$10,000.00) Dollars over a period of Eight (8) Years to provide a screen or green belt along the line of Mrs. Ford's property.

"The Village of Grosse Pointe Woods assumes responsibility for all taxes levied against said property subsequent to August 9, 1946 (the date fixed for tax assumption by the Village in the Original Option to Purchase).

"In order to obtain possession and use of the property by the Village of Grosse Pointe Woods and to be in a position to claim tax exemption therefor as against taxes levied by the Village of St. Clair Shores and the Township of Lake, both of Macomb County, Michigan, and due to the inability of the Village, because of the pending litigation,

to dispose of the bonds issued to finance the said project, the land contract has been entered into.

"The Electors of the Village of Grosse Pointe Woods are requested to advise the Village Commission as to whether or not funds should be invested in the said property under a land contract, with terms as aforesaid, prior to final determination of the litigation; that in the event the Village shall be prevented from using said property as a Park, limited to the use of residents and taxpayers of Grosse Pointe Woods and their guests, it may become advisable to abandon the project and lose the investment made under said land contract.

Your expression should be voiced upon the following Proposition:

"DO YOU AUTHORIZE, APPROVE and RATIFY the action of the Village of Grosse Pointe Woods in entering into a land contract with Eleanor Clay Ford for the purchase of the Lake Front Park Site, situated in the Village of St. Clair Shores, Macomb County, Michigan, upon the substantially following terms and conditions:

\$1,000.00 previously paid on the Option of Purchase;

\$2,000.00 on or before March 14, 1947; and the balance of the purchase price of \$57,000.00 to be payable \$1,500.00 May 1, 1948, \$2,000.00 November 1, 1948, and a like sum semi-annually thereafter, with entire purchase price to be paid on or before November 1, 1951.

\$1,500.00 adjusted taxes to be paid on or before March 14, 1947.

Interest on all unpaid balances to be computed as follows:

Two (2%) Per Cent per annum up to November 1, 1947;

Two and One-Half (2½%) Per Cent Per annum up to November 1, 1948;

Three (3%) Per Cent per annum up to November 1, 1949 and

Three and One-Half (3½%) Per Cent Per Annum up to November 1, 1950;

Four (4%) Per Cent per annum up to November 1, 1951.

In addition, the Village agrees to expend Ten Thousand (\$10,000.00) Dollars over a period of Eight (8) Years to provide a screen or "Green Belt" along the line of Mrs. Ford's property;

and further authorizing the appropriation of the sum of Seventy-Five Hundred (\$7,500.00) Dollars for the year of 1946 in order to meet the land contract obligations and the tax liabilities in connection therewith; and further authorizing an annual appropriation in an amount sufficient to carry out the terms of the land contract; also said until such a time as the General Obligation Bonds of the Village of Grosse Pointe Woods authorized to finance the said project, may be issued."

## Settlement Calls For Volunteers

A call for volunteers from Grose Pointe to aid in children's work at Sophie Wright Settlement, 4141 Mitchell, was issued Monday by Eleanor Hammer, associate director.

To provide adequate activities and to see that the children are well supervised in their work and play it is necessary that we have a number of workers in several fields," Miss Hammer stated.

"There has been a great deal of talk about juvenile delinquency and its increase during and following the war," she said. "It is up to adults of the community to help youth solve its problems by giving time and attention to providing wholesome leisure time activities for our children."

Librarians are needed for the Children's Library to aid youngsters in selecting books suitable to their age and interests and to help them in checking books loaned out. A woman between the ages of 20 and 65 years with library training is preferred although experience is not necessary.

Assistants are also needed to work with children of nursery school age and to aid in keeping the nursery school equipment in repair. Nursery school or child care training will prove valuable in this position. The nursery is open Monday through Friday from 8 a. m. to 5 p. m. and the volunteer's time may be arranged to suit his convenience.

Persons engaged in business or profession may not claim large and extraordinary deductions for business expenses simply because the earnings of the business have rapidly increased. Payment of management salaries, employees' bonuses, and advertisement expense will be carefully scrutinized by the Internal Revenue Bureau to ascertain whether such expenses are both ordinary and necessary in carrying on the business, and if found not to be so, they are subject to disallowance.

Sales and exchanges of property. The tax laws provide a special set of rules for figuring the gain or loss resulting from the sale or exchange of property by an individual taxpayer. So before you sell that house and make the profit, better give some thought to the tax angle.

Property not used or held for sale in a trade or business is, with certain exceptions, classified as Capital Assets. Gains or losses from the sale or exchange of capital assets are short term or long term, according to the period of time the assets were held.

Assets held for not more than six months are short term; if held for more than six months, long term. Gains or losses on short term capital assets are accounted for at 100%; long term 50%; depreciable assets (furniture, fixtures, trucks, etc.) inventory and property held primarily for sale to customers are ordinary assets, and gain or loss from their sale is taken into account at the sale of a dwelling by an individual who is not a dealer in real estate is the sale of a capital asset, and if owned for more than six months prior to the sale, is taxable at 50% of the realized profit.

However, if the dwelling was rented wholly or in part, and depreciation has been taken as an expense item in arriving at the net rental, the total depreciation allowed or allowable must be added to the amount received for the property when sold, in computing the gain or loss on the deal. The thing that most taxpayers do not understand is that depreciation on rental property is both allowed and allowable, and the full amount of such allowed or allowable depreciation is considered. Thus, if you sell a rental property after 10 years, and the depreciation allowed or allowable is, let us say, \$240 per year, you would add \$2,400 to the amount the property was sold for in arriving at the gain or loss. Also, depreciation must be taken in the year in which accrued, or it is lost. Thus in the example cited above, if you fail to take depreciation to which you are entitled, you cannot recover, and when the property is sold or exchanged, the depreciation will be charged against you, whether taken or not.

Computing the gain or loss on the sale or exchange of capital assets is an involved proposition, and should only be done by a competent tax man. The Government does not ask you to overpay your tax, and it will not permit you to underpay it; to be safe, have the work done properly.

**Income Exempt from Tax.** The tax laws specifically exempt certain items from income tax. These items are excluded and should not be reported in your income tax return for 1946. The principal items exempted by law are as follows: Life insurance, gifts, bequests, inheritances, tax free interest from governmental units, sickness and injury benefits, annuities and pensions, war veterans' pensions, armed forces retirement pay for personal injuries or sickness, etc.

However, not all the items listed in this paragraph are blanket exemptions. All of them are subject to certain restrictions, and it is absolutely necessary for the taxpayer to inform himself of the extent to which he is entitled to such exemptions before attempting to take advantage of same on his tax return.

**Personal Deductions.** Personal or non-business deductions are allowed individual taxpayers in computing his tax. These are principally contributions to charitable, religious, educational, scientific and literary organizations, medical and dental expenses, all money payments, blindness, interest payments, state and other local tax payments, but not excise or so-called luxury taxes, traveling expenses if incurred in connection with services rendered to your employer, or for investment purposes, and for other purposes attributable to the production of income, etc.

However, all claims for such deductions are just that, claims. In every case there are conditions and restrictions, and every deduction claimed must be, if necessary, proved. Also, the burden of proof is on the taxpayer, and the time, trouble and expense involved in contesting the findings of the Bureau are so formidable that every case should be exercised to claim nothing that is not allowable and capable of being proved if and when you are called upon to do so.

**Non-deductible expenditures.** Items not deductible include personal, living and family expenses, which also includes funeral expenses, certain insurance payments, capital expenditures, amounts allocable to exempt income and carrying charges, which arise chiefly with the individual taxpayer in connection with financing time purchases of automobiles, furniture, etc.

In conclusion, a word of warning. Do not attempt to outsmart the Internal Revenue. Modern business keeps detailed and accurate records of what it does, what it pays and to whom. The law is strict and the penalties are severe. The auditing procedure of the Treasury may be slow, but it is sure, as many a deluded taxpayer has found to his sorrow.

## WOMAN OF YEAR

The International President of the Soroptimist Club, Mrs. Hazel Hackett of New Jersey, will make the announcement of the "Woman of the Year" award over WJR, Detroit, Saturday, March 8, at 3:45 p. m. The award is given to the outstanding business woman of the Metropolitan area of Detroit.

## A FIVE-IN-ONE TREE

Grose Pointe home owners, who have room for only one of two apple trees, may be interested in a tree described by F. L. O'Rourke, specialist in horticulture at Michigan State college.

The tree can be described as a "quintuplet." It is an ordinary apple tree which is grown and trained until it has five scaffold branches. At a certain stage of growth, a fifth and one of apple is budded into each of the branches. The combinations are widely varied depending upon the nursery where the tree is grown.

For example, you can start the season off with Yellow Transparent, pick Amos Jonathan, and Wealthy in turn, and end up with Red Delicious. Many nurseries offer them this season.
