G. P. Proclaimed Utopia for School Children

AAA Cites Perfect Record

Grosse Pointe Township is a Utopia of Safety for school children. No boy or girl has been injured or killed at a school crossing since the development of Grosse Pointe.

These facts were made known through Bayard A. Clark, Safety and Traffic Special Committee Chairman of the Automobile Club of Michigan, which is making a determining effort to make Wayne County streets and highways safe for traffic, especially for children going to and from school.

This committee surveyed traffic conditions in Grosse Pointe and out-county areas with emphasis on the protection afforded crossings of streets near the schools.

Though the AAA's committee found room for improvement in virtually every section of the County, it had nothing but commendations for traffic conditions in Grosse Pointe.

"Grosse Pointe police deserve the highest praise for their splendid efforts and interest in providing complete protection for school children crossing streets," said Clark.

He added, "The five police chiefs in Grosse Pointe Township have made it a point to see that either a police officer or a traffic light is directing traffic in every school crossing in Grosse Pointe."

As part of its safety survey, the Automobile Club submitted questionnaires to all schools in Wayne County, asking the school principals to forward any suggestions of criticisms regarding traffic conditions at their schools' intersections.

According to the committee, the reports from all the principals indicated that they were highly satisfied with the present handling of traffic at school crossings.

The committee's survey was prompted after figures revealed that there was a total of 4,853 traffic accidents involving juvenile pedestrians from January 1 to November 1, 1946.

During virtually the same period Grosse Pointe has 27 accidents involving pedestrians 17 years of age and under.

20 in the Park, 4 in the City, 3 in the Farms and none in the Woods and Shores.

None of these mishaps occurred at school crossings. They happened after school, on Saturdays and Sundays and during the vacation periods.

In view of these facts the AAA urges all parents to cooperate with the Grosse Pointe police departments in keeping children off the streets.

"If the parents were as careful with their children when they are away from schools as the police are with pupils at school," said Clark, "no parent ever fear of receiving the word that:

"Junior is in the hospital, he was run down while playing in the street"

At the Height of the Fire

Grosse Pointe Woods Firemen are seen dangerously fighting the DUS fire which was the worse in Woods history. Shortly after this picture was taken the left side of the roof caved in, the firemen narrowly escaped serious injuries.

After the Fire

Despite the courageous efforts of the Firefighters the blaze still took its toll. Pictured above is part of the wreckage left by the fire. Lambert Whetstone, headmaster of the school estimated damages at \$50,000.

Careless Student's Cigarette Believed To Be Responsible

A student smoker is believed to be responsible for the estimated \$50,000 fire which devastated the roof and third floor of the Detroit University School, Cook road near Mack in Grosse Pointe Woods last Friday afternoon.

W. B. Goulette, Chief of Woods Fire and Police departments, is investigating reports that the fire was caused by a cigarette thrown among oil rags in the school's print shop by a careless student.

Lambert F. Whetstone, 51 Grosse Pointe Blvd., headmaster of the school, who did not deny the reports, said that the print shop is adjoining the senior study hall where senior students are permitted to smoke.

According to Whetstone, members of the faculty staff told him that they found the wall, separating the two rooms, ablaze minutes after the fire was reported.

The fire was first seen by Russell Muirhead, 13, of 63 Kenwood road, who was playing on the athletic field.

Russell said he reported it to J. B. Armstrong and Andrew Cole, teachers, who gave the alarm.

The teachers also sounded the school alarm and pupils were calmly ushered out in 43 seconds.

One of the members of the faculty, Mr. McCann, a Latin teacher, was reported to have said, "On the double, this may be the real thing."

Approximately 100 of the 133 students enrolled at the private school were in the building at the time. The rest were on the athletic field.

Among the pupils inside were Harry Jewett, Edward Amaculleyan and George Villierot, fourth graders, who said they thought it was another one of those "bi-monthly fire drills."

The students who had completed their Easter vacation just one day before the fire, returned to school Tuesday to find their regular schedule intact, as no classes were ever held on the third floor where the major damage was confined.

This floor was used only for the aforesaid print shop and study hall as well as a storage place for the school's records and gym annex.

Police, Firemen Unable to Save Heart Victim

"Nothing ever happens around here," lamented a police reporter to Grosse Pointe Park police late Monday afternoon.

A few minutes later a man, virtually dead, was brought into the police station.

He was William C. Brady, 43, a government engineer, who had just suffered a heart attack. Police rushed him to Dr. Sinclair's office, on Barrington road, who pronounced Brady dead.

In a vain effort to revive Brady, police took him to the Park Fire Department, where firemen administered resuscitator treatment. He was pronounced dead, a second time, by Dr. Krohn.

Brady was brought to the police station by Robert G. Ely, of Northville, Mich., a fellow worker. Police notified Brady's family at 1186 Lakewood.

G.P. Psychologist Urges Streamlined Education

Advocating a long-term program of mental hygiene education covering at least 25 years, Dr. Marian J. Fitz-Simons, psychologist, Grosse Pointe Board of Education, said Monday that more teacher education in psychology was needed.

Speaking before members of the Women's Committee of the Community Chest at luncheon at the Central Branch YWCA, Dr. Fitz-Simons said that the educational systems needed "streamlining" so that mental hygiene facts now known could be applied to school children. She urged that in recognizing the symptoms teachers be given additional training of personality maladjustment. Parents also need mental hygiene education, the psychologist said.

"No one would willingly main a child but mental health clinics are swamped now in repairing damaged personalities which have been unwittingly crippled by parental mishandling," Dr. Fitz-Simons said. "I look forward to the day when parents will take their children to the doctor for an emotional check-up just as they take them to a physician for a physical check-up."

She pointed out that parents could be educated to such an extent that they could recognize

"The common signs of emotional disturbance just as they can now recognize common signs of mumps or measles."

Dr. Fitz-Simons repudiated the ideas that while training children in good habits no exceptions should be made or that bad habits should be nipped in the bud. She stated that such theories were outmoded and that strict enforcement of the rules often led to a bad situation between parents and children.

She also termed outmoded the idea that love and affection were not good for a child. Studies have shown that children brought up in an institution do not develop physically and mentally as well as children brought up in an atmosphere of love and understanding. The great increase of foster home care for children over institutional care was the result of these findings, according to Dr. Fitz-Simons.

More research and coordination of schools of psychological thought should be made so that parents would not become confused over the various methods advised for helping their children toward mental health.

Mrs. Louis C. Miriani, vice-chairman of the Women's Committee, presided. Mrs. Howard M. Bingham is chairman of arrangements.

Boy Gets Sour Note from Stolen Horn

Action was the keynote of the Grosse Pointe City police department in this particular case:

In less than one hour after Mrs. Nora Pekly, 656 St. Clair, reported the theft of a gold clarinet, valued at \$55, from her home to Tom Trombly, Chief of Grosse Pointe City police, Monday morning, the culprit was captured.

Charged with the theft is Russell R. Dunn, 18, 2945 Lenox, Detroit, who was apprehended while walking down Lenox carrying the instrument.

Dunn told police he was returning the clarinet to his boy friend Floyd Pekly. Police, however, believe the youth was on his way to a pawnshop downtown.

Mrs. Pekly said her son had only met Dunn a few weeks ago. She said he must have stolen the clarinet when he was visiting Fred last Friday.

Chief Trombly said that Dunn has been in considerable trouble before.

He was recently released by Detroit police on a \$500 personal bond, charged with breaking and entering.

Police Seek Maid in \$850 Ring Theft

Grosse Pointe City police are looking for a young negro woman who is reported to have stolen a diamond ring valued at \$850 from the home of Mrs. Allan Renshaw, 17508 Charles, Friday morning.

The negro was seen leaving the Renshaw residence, shortly before the crime was discovered Friday noon, carrying two suitcases.

Mrs. Renshaw told police that some of her clothing was also missing. She said that she had employed the woman as her maid, just a short time before the theft.

Mrs. Renshaw was unable to tell police the name or address of the negro.

Six Year Old Has Close Shave

Though Joseph Satoro is only six years old, he was busy telling his playmates this week about the close shave he had.

Joseph was playing in front of his home at 32 Kercheval Place when he suddenly darted out into the street and in the path of a car driven by Raymond Berendt, who was going about ten miles an hour, was able to maneuver his car enough to just brush Joseph aside.

Joseph was taken home, unharmed, but quite resolved never to run out in the street again.

Lochmoor Club Wants Fence Built

A petition for a six-foot fence to be built around the Lochmoor Country Club, was submitted by representatives of the club at the Grosse Pointe Woods council meeting Tuesday night.

The announcement was made by Phillip F. Allard, Woods clerk, who said no action will be taken on the matter until a public hearing is held on May 6.

Other business completed during the Woods meeting was:

- The Village Commission has made a request to the DSR to extend its service on Gratiot avenue into the Woods.
- The Detroit Edison company has submitted a complete report on street lights needed in Grosse Pointe Woods. The Village will begin to install the new lights as soon as possible.
- A request by residents of Kenmore Drive to pave that street was referred to the Village engineer. Bids for the work will be accepted within six weeks.
- Bids were received from several sources for the purchase of two trucks and for playground equipment.
- Richard Priety, of Anita road, has been added to the Woods police department.
- Mr. Russell Harkness Woods druggist of Anita road, was named, to succeed Rex Johnson on the Grosse Pointe Woods Planning Commission at the Woods meeting Tuesday night.

Johnson, who is on the Village Commission, will continue in that capacity.

HOME SWEET HOME—AT A PRICE

A great man people must feel a sense of frustrated sadness now as they remember those wartime advertisements which pictured the "dream home" of the future—a miracle of convenience, beauty and functional design, in which all you had to do was to touch a few buttons and silent machines would press your clothes, mix your drinks and do practically everything else.

Peace has been around quite a while now, but the dream house hasn't put in an appearance. The grim truth is that obtaining any kind of a house at all is the toughest problem faced by millions of Americans.

Business Week recently ran an article on housing with the cynical and highly accurate, title: "Home Sweet Home—At a Price." It touches on some of the most immediate problems facing the home-builder and homebuyer. First of those problems, of course, is cost.

VETERANS DISAPPOINTED

The veterans home program, with its emphasis on under-\$10,000 homes, is so far in the doldrums as to be practically invisible. Many veterans, who put only a few dollars of their own money into projected homes, have found payments beyond their means and have let them go.

The reasons for high costs are obvious enough. Labor costs about twice as much as it used to, and complaints are heard that labor productivity is low. Material costs run to as high as three times the prewar level.

High hopes have been held by some for prefabricated houses. These represent an attempt to apply mass-production principles to the building problem. A number of concerns are producing prefabs.

NEW HOMES ARE INFERIOR

Another complaint is that newly-built homes are inferior as well as expensive. Instances are cited of green lumber, bad foundations, flimsy hardware, inefficient heating plants, etc.

So far as existing homes are concerned, they are still being listed at high prices practically everywhere. But—and this is a very important "but" indeed—they are moving much more slowly than they did even a few months ago.

What it all adds up to is that housing is a problem to which no one has found a solution. The dream home is farther away than ever, so far as the bulk of us is concerned—and it's come down to a question of how to get four walls, a roof and a floor at a price we can afford.

Letters to the Editor

To The Editor:

As a weekly newspaper editor, you know perhaps better than anyone else in your community that the United States must remain strong if peace is to be assured.

One of the surest, most economical ways to accomplish this is through speedy reorganization of the National Guard up to authorized strength of 682,000 men—three times the pre-war force.

You know that the National Guard is a local, civilian-soldier organization, maintained at comparatively low cost to the nation. The volunteers are trained in their own communities; the pay they receive from the Federal government is spent with local merchants and professional men.

The National Guard Bureau is lending every assistance to the reorganization of the National Guard of the several States. Newspaper advertising material have been made available to the Adjutant General in your State Capital and to the Commanding Officers of all organized units, to be run either at State expense or through local sponsorship.

vising him on the proper use and placement of this material.

Because of the National Guard's contributions to the people you serve, as well as its importance to the nation, I feel you will appreciate having this brought to your attention.

Sincerely yours, Butler E. Miltonberger Major General Chief, National Guard Bureau

St. Paul Hi-Lites

by PAULA BEAUPRE

A huge open house was the first thing on the agenda for last week's entertainment. PAT NORMAN captured the honors by hosting the affair. Much celebration was carried on throughout the evening because of the whole week of vacation that was yet to come.

Getting in a little dancing between snacks of coke and chips were Ann Dungan, Bill Huetteman, Mary Ann Burlingame, Pierre Belanger, Dot Ardito, Jerry Turcotte, Nancy Downey, Judy Hennecke, Dan Campau, May Vernier, Ray Bieski, Marg Lynch, Bob McBride, Peg Hyde, and Ralph Schneider.

Red and white streamers adorned the walls of the party room when a huge crowd met at BETTY SHERIDAN'S place. They were her best friends gathered round for a colossal party. This occasion was the object of many rumors and whispers during the days preceding the memorable event.

At the stroke of midnight (or there about) lunch was served, consisting of sandwiches, cake and cookies.

As a practical joke, Peewee-weenee was played on Sal Nacy who, we heard, was a real victim who suspected nothing.

Some of the schemers included Betty's date Al Moir, Sally's escort, Vince Oliver and Grace Niedermiller and Dick McCollom, Nora Allard and Bernie Brewer, Rose Marie Cook and George River, Joan Betzing and Don Kasey, Barbara Nacy and Carl La-Frambois.

The KAISER home on Three Mile Drive was the scene of much chatter and merriment on Thursday eve when a few of VIRGINIA'S Sophomore classmates got together for an ever-popular talk-fest and record session.

While feasting on the tasty food provided, the couples selected their favorites to be played on the "vic."

The funsters who were invited to take part in the evenings fun were Dick Morketter and Virginia, Jane Lodewyk and Dick Hoskins, Chris Weot and Harry Hammond, Warren DeCook and Pat Colton and Joanne Schummer and Chuck Wylie.

JOANNE SCHUMMER opened wide the doors of her lovely Roslyn Road home last week, this affair being for girls only! Timely chatter and singing helped to make the minutes fly by for the six guests.

Gathered round for a gossip session were Mary Ann Backman, Judy Athman, Norine Schaefer, Shirlee Allard, Nora Allard, and Your Scribblin' Scribe.

JANE O'CONNOR decided to get together with a few of her ex-classmates while she was home for her Easter vacation from Siena Heights College in Adrian, Michigan, so on Tuesday of last week she invited Theresa Kerbrat, Shirley Allard, Shirley Williams, Mary Lou Gouin and Harriet Burton to come over to her Ridgemont Road menage for an evening of fun and to talk over old-times.

St. Clair's dance at Pierce Auditorium was definitely a social success. Just about everyone was there!

Waiting in the refreshment line during the affair, we noticed Howie Meate and Carolyn Trapp, Kenny Ames and DoDo Hoffman, Phil Van Hollenbeck and Mary Lou Thobodesau, Gerry Kirohner and Don Williams, Fran Auditto and Tom Verhiesh, Nan Stahl and Don Moran.

St. Ambrose also had a dance last week which attracted lots of the younger set. There were big doings that night and the dance room was filled with jubilant funseekers.

Swirling around to the soft music were Ann Dungan and Bob McBride, Ellis Wade and Chuck Tanner, Howie Meate and Carolyn Trapp, Don Simpson and Kay McDonald and Stage Ted Vernier, John Pushman, Ralph DeCander and George Heidt.

These popular melodies provided lots of happy moments for the guests at the St. Clair Card Party. Some of the songs they sang were old favorites while others were the newest hits.

Another featured entertainer on the program was Paul Hillebrand.

The six girls who comprise the Melodiers are Joanne Schummer, Rita Leithauer, Nan Bergmann, Dot Hillebrand, Sally Murphy and Pat Trombley.

Four Pointe Playgoers make their way to the Schubert-Lafayette for the play "The Eagle Has Two Heads" last week.

After the performance, SHIRLEY ALLARD and STEVE LYONS and NORINE SCHAEFER and CHUCK BARRINGER dropped in to see the stars of the play, Miss Bankhead and Helmut Dantine. Mr. Dantine is a very good friend of the Barringer family so the four-some had quite a chat with the two. The stars sang the programs for the group and then Mr. Dantine accepted their invitation to be driven to the Book-Cadillac where he stayed while in Detroit. Quite an evening!

Mrs. Chauvin, Makes Good In Radio

By James H. Quello Mrs. Russell E. Chauvin (Dorothy Ann Marks in professional life) of 983 Fisher Road, is a young native Grosse Pointer who is forging ahead in the radio-advertising field.

She has advanced by leaps and bounds since leaving her "Pointe Secretarial Service" business here in 1938. The complete story of her rapid climb to the top would require magazine space coverage and make a colorful feminine sequel to the Horatio Alger series. Suffice it to say, that today she is co-owner and production manager of Neff Radio Productions and Neff recording Company in the Stroh Building.

"Markle" as she was labelled by John Slegie of ABC eight years ago, has what most people would consider a glamorous career. Like other successful people, she is too busy to think about glamour. She runs the entire radio scale from writing commercials and singing jingles, to producing entire programs. She also personally manages Ross Mulholland and other radio personalities.

She still finds time from her 12-hour day to be active in the Women's Advertising Club of Detroit and The National Writer's Club, to say nothing of writing lyrics for several popular numbers in collaboration with Don Large.

Even her hobbies are a showcase for her creative talents. The expensive originals "Markle" wears are a result of her favorite pastime, designing and making her own clothes. About clothes she says, "No one can read the label in back of a dress, you label yourself by the way you dress."

Because she likes people, she entertains in her home frequently, especially radio personalities. Of her parties, Harry Heilmann recently said, "My dear, you're the Elsa Maxwell of Detroit Radio."

LAST WEEK-END WOUND UP THE FUN, THAT'S BEEN GOING ON SINCE VACATION BEGUN. AND YET NEXT WEEK YOU WILL SEE— ANOTHER COLUMN PACKED AS CAN BE. 'CAUSE FUN WILL NEVER STOP YOU KNOW, AS LONG AS KIDS ARE ON THE GO!

At one moment being entertained, at another entertaining, popular, NORMA NEEB opened her home once more for one of those all-gal sessions on April the 9th, at which Doris Diesing, Marilyn Walter, Janet Hobson, Merry Bauman, Janice Skillman, Marcy Wetherbee, Susie Johnson, Ginny Granse, Sheila McRae, and Meg MacKenzie, gathered together for a few hands of bridge, and to sip cokes and munch on potato chips for a few gay hours.

'n then again on Saturday night NORMA went in with MERRY BAUMAN to give another bag party, only this one was at MERRY'S house on Harvard. The fun started at 8:00 sharp and continued on until the wee hours of the night. The gals gorged themselves on goodies such as sandwiches, pop, potatoe chips, and cake. Meg MacKenzie, Doris Diesing, Marilyn Walter, Janet Hobson, Sally MacDonald, June Moffat, Alice Neville, Sheila McRae, Annie Candler, Nanci Georgi, Susie Johnson, Marcy Wetherbee, and Polly Wilton were in on the fun.

Just gobs of kids attended the wonderful party that was given by BEV POHL, SALLY McNEFF, BETTY MITCHELL, FLOSS BARDY, BARB BROWN, and CHRISTINA HOARE, who had the time of their lives ending up rhymed invitations to their "no boys allowed gathering on Thursday night." The emphasis was put on blue jeans and sloppy shirts and potatoe chips, cake, and pretzels provided refreshment to the gab sessions. Those who r.a.v.p.ed in person were: Martie Fairless, Gladys Ostermann, Jane Lundgren, Jean Webb, Katie James, Julie Ford, Janice Skillman, Susie Johnson, Betty Grey, Kathy Strek, Polly Wilton, Doris Diesing, Marilyn Walter, and many more than space gives to mention.

Such crazy things as looking for a piece of red thread, or a burned out light bulb, or the letter "the" cut out from a newspaper, highlighted JOYCE WIEK'S and NANCY VOORHIES' scavenger hunt on Thursday night. The kids gathered at JOYCE'S and then trekked on their way looking for obnoxious things, before venturing to NANCY'S to see who won the prize, and also to dance in her exclusive recreation room which was decorated with colored balloons and crepe paper streamers. Coke, jelly doughnuts, popcorn, and potatoe chips provided the "eats". Coupling it were: Martha Watkins 'n Jim Mast, Alice Sichter 'n George Kypros, Lois Hertz 'n John Weed, Joan van Beclere 'n John Sanford, Julie Ford 'n Dick Lord, while JOYCE'S date was ALAN BRYANT, and NANCY was with JIM GOEBELS.

Discussing current topics and senior class doin's was the theme of SUE CAMPBELL'S all-girl party on Wednesday night. Kay Kernkamp, Myra Hahn, Shirley Drake, Marilee O'Brien, Helen Manson, Pat Gullberg, Lois Rieck, Les Yeager, and Gerry Morse, gathered to feast on cheez-its, potatoe chips, and soft drinks, while talking about senior activities in the coming few months. Of course the girls also found time for a round of bridge, and a few gay hours of playing hide-go-seek, in the dimly lit room, which all the girls claimed was just loads of fun!

Emphasis were put on glamour at KATIE JAMES' and YOURS TRULY'S tea on Sunday afternoon. Both girls donned their best black dresses for the occasion and for the finishing touches they wore white iris corsages. Weeks before the date of the tea the girls had scribbled out rhymed invitations to approximately 120 girls! Nearly all of them attended to partake in the eating of sweetmeats which consisted of candy, nuts, dainty sandwiches, punch, cake, and cookies. The tea table was set with an heirloom lace cloth, and was decorated with lighted tapers and a center piece of yellow snapdragons mid other spring flowers. Those who arrived in their party best were:

PARTY GUESTS

Still more were Barb Orphal, Martie Watkins, Martie Fairless, Gladys Ostermann, Pat Perrone, Betty Grey, Jean Smith, Nancy Dougherty, Ruth Jacques, Nancy Stillberk, Mary Roberts, Marlene Daniels, Pat Coffee, Kathy Greig, Gretchen Kiechammer, Cathy Droege, Barby Otto, Joyce Schreiber, Rene De Leon, Bev Martin, Madge Winters, Carol Roemer, Ellen Jane Worley, Sally Andrus, while DORIS DIESING, and JULIE FORD assisted in pouring; both girls wore white iris corsages.

A wonderful slumberless slumber party was given by NANCY GREGORY on Saturday at her home on Hawthorne. The girls, Mary Patterson, Pauline Laquere, Sue Wilson, May Gieche, and Dorothy Burg, made their own dinner which was macaroni and cheese, for the main course and sundaes with cookies for desert. Before jumping into bed they played pinchhole and sang songs around the fireplace until all were sleepy enough to settle down before rising to a wonderful breakfast all ready prepared for them.

A group of RICHMOND LUX'S friends surprised him at his house on Lincoln Road Monday evening. After a wonderful dinner the gang trekked over to the Punch for the show returning to RICHE'S home for dancing, potatoe chips and pop.

Included in the party were Evelyn Mann, Church Chesquire, Joan Watkins, Dick Lowery, Pat Underwood, Jerry Neg, Millicent Heese, Jim Fyiser, Jean Orrierson, Joan Trefry and Rick O'Connell.

Honeymoon In Cuba For Pointe Newlyweds

Cynthia Rose Allington, daughter of Mr. and Mrs. Leslie I. Allington, spoke her wedding vows last Saturday afternoon 1 Christ Church with Philip Lewis Leidich, son of Mr. and Mrs. Emu Leidich of Harvard Rd.

She was lovely in her ivory velvet gown trimmed in lace which had belonged to her great grandmother. The gown had previously been worn by the bride's sister Mrs. William G. Butler. It was designed in a long flared skirt that extended into a court train. A band of orange blossoms held her exquisite full length veil in place and Cynthia's bouquet was made up of white roses and sweet peas.

Mrs. Butler was her sister's matron of honor. She was dressed in aqua crepe with matching lace mitts and tiara. She carried yellow roses.

Ellen Little and Barbara Simonds were the bridesmaids in rose crepe. They carried talisman roses.

Sweet little Jill Duffield, the bride's cousin, was also in the bridal party in ivory net set with a pink sash. She wore a lace cap and carried as her flower, rose buds and sweet peas.

William Butler acted as best man and ushers were John Eich-

enlaub, William J. Kirby, cousin of the bridegroom; Robert Burns Jarter and Jack Rush.

Mrs. Allington was all spring in her pink crepe dress with matching hat and gardenia. A floral print and floral hat was the choice of Mrs. Leidich. Her corsage was of shattered pink carnations.

After a small reception in the Allington home, the couple left for Miami, Fla. They will also journey to Cuba.

The bride wore a gray wool suit for traveling. Her accessories were of royal blue.

How well do you know your own home?
How many electric motors are there in your home? And how many electric heating appliances do you have?
When you check the list below, perhaps you'll find that you've underestimated the electrical equipment that keeps your home pleasant and comfortable.
Our records show that customers are using more and more current in their homes—our production of electricity is at record-breaking heights, far greater even than when war plants worked round the clock. But that increased use of current means that—for a few more pennies a week—you get household tasks done in less time—with less effort—and for less money than in any other way.
Check your electrical equipment against this list...
Motors: Sewing machine, refrigerator, washing machine, clock, razor, record player, furnace fan, electric tools, ventilating fan, ironer, vacuum cleaner, kitchen mixer, dishwasher, vibrator, stoker or oil burner, electrical toys, home freezer.
Heating Appliances: Toaster, heating pad, electric blanket, range, water heater, roaster, space heater, bottle warmer, hand iron, mangle, coffee maker, waffle iron, bun warmer, curling iron, grill, tea kettle, heat lamp.
(Figure show that the average Edison customer has more than five of these.)

What's the Score, Son?

A group of Cub Scouts from Troop 219 and their Dads took part in a bowling party at the Grosse Pointe Woods Bowling center Saturday afternoon. Pictured above watching their sons keep score are Mrs. Ernest P. Lamb, left, 1137 Audubon and Mr. Samuel L. Armstrong, 642 Lincoln. Sammy, Jr., is sitting down while Tommy Lamb, stands by with a few scout mates in the background.

Boy Scouts Thank Drive Supporters

Boy Scout Troop 290 of Grosse Pointe Woods, wish to thank all residents of the Woods for their support in making the Scouts recent paper drive a complete success.

The collection of old papers weighed more than 900 pounds. The Boy Scouts expect to use the proceeds to finance two special trips.
One will be a camp trip for the entire troop and the other will be a trip down the An Sauble River for the ten troop members who will be named winners of an Attendance and Appearance contest, currently going on.

Pointe High Develops Court Stars

The comparative superiority of Grosse Pointe High School tennis players is further shown when they go on to college.

Almost all of the varsity letter winners make the tennis squad in their freshman year. Even many of the boys whose educations were interrupted by the war are playing on various college varsity squads.
Bob King and Al Jemal of last year's G. P. team are on Kalamazoo College's traveling team which recently completed a trip through the South.
Bob Kundinger who served in the Marines is on Kalamazoo's home team.
Butch Skau and Ross Herron are on the University of Michigan squad.
Doug MacKenzie and Mike Ware who were also in the service are playing for Colgate. Doug won the freshman tournament and made a southern trip with the team.
Andy Creamer who graduated last June plays on the University of West Virginia team.
The outstanding achievement by a recent G. P. player was made by Johnny Park who returned from the service last year to play number two doubles and number four singles on Kenyon College's undefeated team.

Baseball Strikes Out Delinquents

"Grosse Pointe professional and business men can help solve the juvenile delinquency problem by sponsoring neighborhood sandlot teams" said Louis Hopping, former United States attorney. "The requirements of their time and money would be small."

Hopping, who backs a sandlot team himself, cited as his exhibit A, Edward Sells, a fellow attorney, who for several years has sponsored sandlot nines.

Sells has a farm system of his own, and has nearly a hundred lads under his wing. He watches their behavior in the home and school as well as on the diamond.
Speaking about his sandlotters, Sells said, "I know that's a hundred boys who will be too busy thinking of base hits and fly balls to get into any mischief."
Grosse Pointe sandlot follows agree that Hopkins suggestion would be a swell break for kids and for the younger veterans of World War II who are anxious to play organized baseball, but cannot due to the scarcity of team backers.
Any professional or business man who is interested in sponsoring a sandlot team this year can obtain complete information by calling Mr. Arnold Dising at CA. 8240 (days) or NI 1595 (evenings).

St. Paul Nine Girds For Opener

By DON SIMPSON
With the opening game against St. Vincent less than a week away St. Paul's baseball squad is hurriedly preparing for their first contest. Easter vacation seriously hampered the pre-season practice, and due to the spring rains and low temperatures much is left to the forming of a top-notch ball club.

Coach Ed Lauer has among his returning lettermen: pitcher, Bob Cuchi; catchers, Ray Huettegan and Ralph DeCender; infielders, Art Smith, George Heidt, John Fushman and Chuck Tanner; outfielders, Bob Sharpe, Bill Sharpe and Vince Oliver.
Two veterans, Ralph DeCender and Chuck Tanner, are returning after a year's absence. Ralph was ineligible last year and should bolster the team with his catching and batting ability. Chuck Tanner, after receiving a letter in his freshman and sophomore years, changed schools but is now back in the flyers uniform for another season.

All home games will be held at the Neighborhood club, starting time is 3:15 p.m.

Sportsmen Hear True Fish Stories

A larger muskie than any that has ever been caught makes his home between Belle Isle and the Detroit shore, Percy Haver, world's champion muskie fisherman told members of the Wayne County Sportsman's Club at the membership meeting at the American Legion Memorial Home in Dearborn, Wednesday evening, April 9.
Haver, who caught the largest muskie on hook and line ever recorded, more than 62 pounds, in Lake St. Clair, told the 600 members of the Club present that he had hooked the still uncaught champion three times but he had broken the sturdiest tackle. Other expert muskie fishermen and some amateurs have had the same experience with him.
Haver declared that if it were not for pollution Lake St. Clair would be the finest fishing lake on the continent.
George "One Shot" O'Neil, so named by Alaskan Indians, because he has killed so many Kodiak bears with one shot, showed motion pictures of and described his latest bear hunt in the far north.
Secretary Victor Beresford reported that the Club's campaign against stream pollution had been heard in the legislative halls at Lansing and with the support of the Wayne delegation it appeared probable that a more drastic anti-stream pollution law would be enacted and the Stream Control Commission would receive an increased appropriation to carry on its work despite the recent blow to state finances.

Bench Weatherman — Coaches Cry

"First it was snow, now it's rain and mud. Wonder if we'll ever have any spring weather around here," moaned Pat Kaultz, head baseball coach of Grosse Pointe High School.
The facts bear him out. The Blue Devils' athletic fields are a sea of mud, and with a fresh cloudburst almost every day there seems to be little hope of getting things in full swing in less than another week.
"Our first baseball game is with Monroe High School on April 22," continued Kaultz. "I'm afraid it will be impossible to get a real line on the new candidates by that time, so it looks like we'll start a veteran nine and hope for the best."
Frank Banach, Blue Devils track mentor, is another unhappy man. "Even the cinder track is too soggy," he lamented. "Working out under such conditions would lead to a bigger group of sprained ankles and pulled muscles. With a tough schedule facing us we can't afford to take a chance," he concluded. "We'll stick to squad meetings and limbering-up exercises until things dry up."
All in all, Kaultz and Banach agree that Grosse Pointe should get itself a new weatherman. "The man they've got now is conspiring against us," they say.

CHRISTIAN SCIENCE CHURCHES
"Doctrine of Atonement" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, April 20.
The Golden Text (Isaiah 53:5) is: "The Redeemer shall come to Zion, and unto them that turn from transgression in Jacob, with the Lord."
Among the Bible citations is this passage, (Romans 5:10,11): "For if, when we were enemies, we were reconciled to God by the death of his Son, much more, being reconciled, we shall be saved by his life. And not only so, but we also joy in God through our Lord Jesus Christ, by whom we have now received the atonement."
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.19): "Jesus aided in reconciling man to God, by giving man a truer sense of love, the divine Principle of Jesus' teachings, and this truer sense of Love redeems man from the law of matter, sin, and death by the law of Spirit—the law of divine Love."

Little Girl Has Talent, Personality

Little Miss Personality of Grosse Pointe.

Though she is only eight years old, her dancing, singing and piano playing has captivated radio and stage audiences for more than four years.

She has been a regular member of the Radio Schoolhouse of the Air, presented from the stage of the Broadway Capital Theatre since 1942. She also appeared in the Civic Light Opera's "Wizard of Oz" as one of the munchkins.

Despite her tender years, this dainty little girl, with a curl on her forehead and a pair of sparkling blue eyes, has entertained thousands of people with the poise and personality of a Hollywood musical star.

Her guest appearances at benefits, hospitals and at Veteran Centers, have never failed to stop the show.

Dick Osgood and Freddie Rivard, directors of the Radio School House program heard on WXYZ, predict great things in show business for Grosse Pointe's Little Miss Personality.

Her name is Darlene Rolph, daughter of Mr. and Mrs. S. F. Rolph, of 901 Oxford road. Darlene is a pupil at Vernier school.

Prize Comedy Drama Coming To Schubert

C.

Unitarian Men's Club To Meet

The Grosse Pointe Unitarian Men's Club will hold its regular meeting on Monday, April 21st, at 8:00 p.m. The program is in charge of John McPherson. He has asked Mr. John D. Gordon, General Manager of the Progressive Welder Company, and Mr. Howard E. Jackson, former Director of Labor Management Committee of W.P.B. as speakers. The men of the Church and their friends are cordially invited to what promises to be a fine meeting on "The Problem of Labor and Management Peace."

Rumpelstiltskin Reviews

By ISABEL BONEY

There are many titles which might be placed on a reading list for the child from seven to nine years of age which are quite beyond the scope of his reading (but not his listening) ability. There are others which the nine-year-old might read quite easily, but which would hold slight interest for him because of the simplicity of the "plot" structure.

In the following list of titles therefore we shall confine ourselves to the books enjoyed by children from seven to nine—and which some eight and nine-year-olds can read by themselves.

(1) "Aesop For Children," with pictures by Milo Winter. Published by Rand McNally. A large picture book edition, profusely and clearly illustrated.

Two other good editions for the older child are "Aesop's Fables" written by Munro Leaf, illus. by Robt. Lawson, published by Heritage. "Aesop's Fables" illustrated with wood-en-gravings and published by Viking is a distinguished — if more formalized edition.

(2) "Gordon The Goat" by Munro Leaf, illustrated by the author. As funny as "Ferdinand" the story of a little foolish goat who got himself into a jam because he followed the crowd instead of thinking for himself. "Wee Gillis" by the same author and illustrated by Robt Lawson is another delight.

(3) "They Were Strong And Good," written and illustrated by Robt. Lawson. The Caldecott medal winner for 1940. The story of the author's ancestors who were not "great or famous, but they were strong and good. They worked hard and had many children. They all helped to make the United States the great nation that it now is."

(4) "The Little Fellow," by Marguerite Henry. Illustrated by Diana Thorne. The story of a lit-

Woods Church Offers Weekly Movie Program

The showing of movies at Calvary Lutheran Church, Mack and Lancaster, will be resumed beginning Saturday, April 19, at 2 p.m. The purpose of these programs is to provide wholesome entertainment for the children of the community.

Each program will include an approved feature picture, a comedy, and an educational short. Features already booked include "Captain Fury," "Jacare" — a Frank Buck thriller, "Duke of West Point," "Abe Lincoln in Illinois," and "Atlantic Flight."

The first picture, "Captain Fury," to be shown on April 19, is an epic of pioneer days in the Australian wilderness. Irish rebels, exiled to Australia, escape their guards and free the land from oppression. It is a skillful blending of exciting action, human tenderness and rollicking humor.

Parents are assured of well planned and supervised recreation for their children each Saturday afternoon.

This method of modern visual education will continue to supplement the usual instruction in Bible doctrine.

In addition to services in the Sunday School, the projector will be used for entertainment by the church societies and special movie programs for the community on Saturday afternoons.

The complete projection equipment was acquired through Mr. G. E. Grenier, a resident of Grosse Pointe Woods.

International Dinner Set For Encore

The International Dinner held in January at the Grosse Pointe Unitarian Church was such a success that by popular request another such gathering is planned for Sunday afternoon, April 20th, at 3:30 o'clock. Dr. Paul Butterfield, Assistant Professor of History at Wayne University, will speak on "Prejudice — Barrier to World Peace."

Invitations have been extended to nationality, racial and student groups throughout Greater Detroit, as well as to representatives of local youth groups.

Tea will precede the meeting in charge of Mrs. Donald Corey and Mrs. Oswald Gruhitz, Mr. Leslie G. Field will introduce Dr. Butterfield and act as moderator.
