Park Moves To Enter Woods Feud

"Don't Upset Our Apple cart," summarizes Pierre V. Hettler's, Grosse Pointe Park attorney's brief to the Circuit Court of Macomb County.

The brief was prepared in accord with the Park council which ruled to give its support to the Village of St. Clair Shores over Parksite privileges.

The council's action came at a meeting Monday in reply to Jules Berns Woods' attorney, request for all Grosse Pointe communities to join in the Woods case. The rest of the Villages have adopted a "hands off policy."

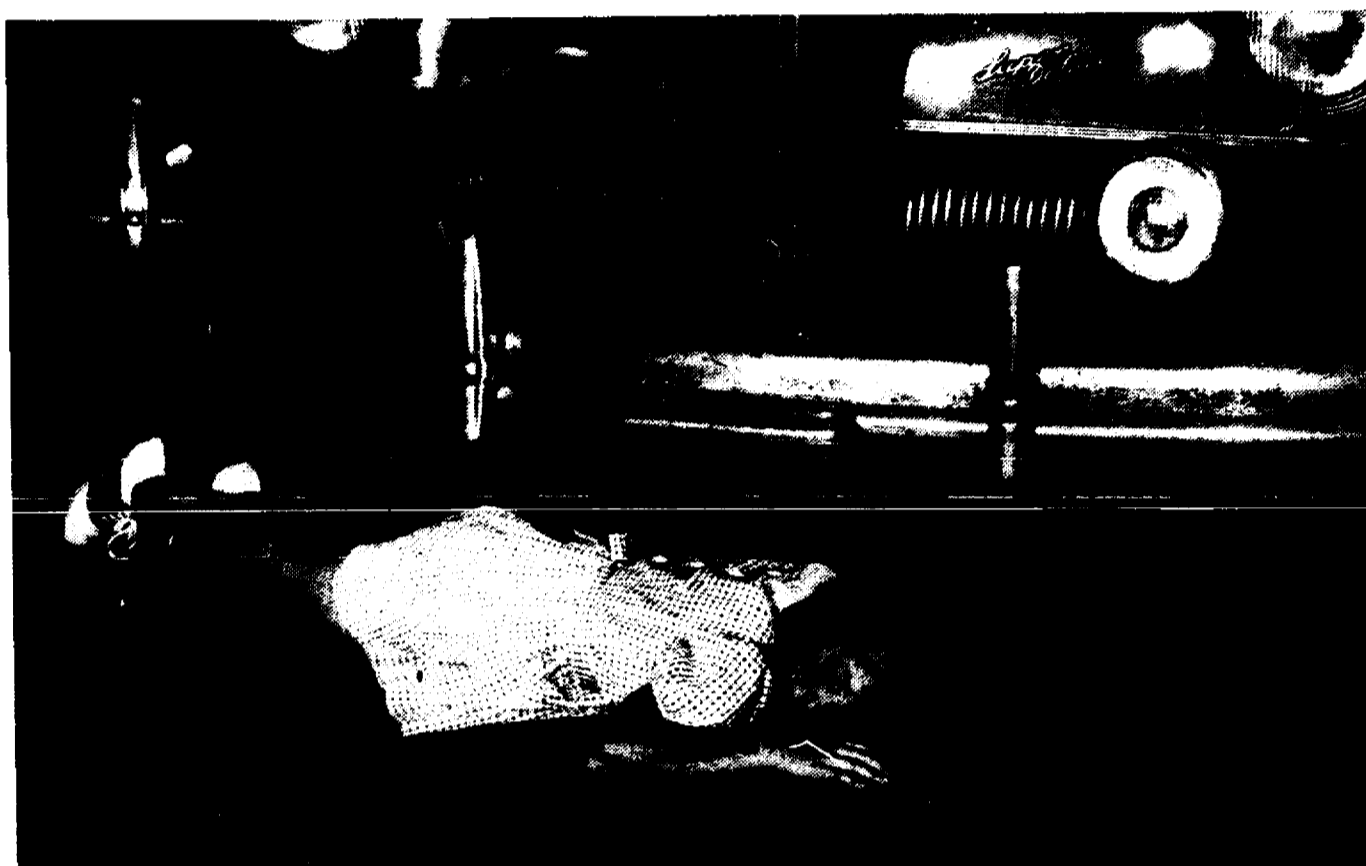

The case which had its first hearing last week, raises two issues:

1. Whether the Woods can own and operate a recreational park on the Ford property which is within the limits of St. Clair Shores without the consent of St. Clair Shores.
2. Whether a municipality which owns and operates a recreational park within the limits of a second municipality can limit the admissions to its own residents.

Hettler indicated that the Park is vitally concerned with the second issue as it is the only one of the other Grosse Pointe communities to have part of its park site located within the limits of another municipality.

The Park's municipal beach extends from Pemberton road to Aller road in Detroit.

Don't Let It Happen Here!

This Could Be Your Child-Or Your Car

By CHARLES MANOS

Warmer weather has filled Grosse Pointe playgrounds sidewalks and streets with playing children.

Children who are so busy playing ball, riding bikes and playing tag that they forget lurking dangers and dash into the street, cut across intersections and run out between parked cars.

Their games bring joy to them but they can also result in tragedy.

Therefore warmer weather adds more responsibility to every adult.

We must continually warn our children about the danger of running into the street.

We must continually warn ourselves when behind the wheel to drive safely to safeguard the child.

Records prove that when traveling 25 miles per hour a normal re-acting driver needs approximately 125 feet to stop his car.

Consequently we must be careful and alert whenever we are driving. It may save a child's life.

"Safeguard the Child — Safeguard the Nation" is the theme of the national observance of Child Health Day, May 1, the Michigan Department of Health announced.

Just as in other years, May Day has been centered upon keeping children healthy, so this year it is dedicated to keeping them safe. — Not only on May 1 but everyday.

Accidents, not disease, are now the greatest single cause of children's deaths in all age groups except infancy.

Grosse Pointe police, who were recently commended by the Automobile Club of Michigan for their splendid record of directing school traffic, ask the co-operation of all motorists to help Safeguard the Child by being alert.

Let us help the police in keeping this coveted record of child safety for it's more than a record — it is the lives of our children.

The above picture was published at the request of National Safety Officials. Parents and teachers are urged to show it to their children and pupils respectively. Study what it represents together so it won't happen here.

A public hearing will be held in the Municipal Office of Grosse Pointe City, Monday, May 19, for final approval of an amendment to the zoning ordinance having to do with the Village property along Mack Avenue.

Most of the property in this area was under condemnation by the Board of Wayne County Road Commission resulting in the necessity for a new determination of building zones.

Owners of property on Mack, Lorraine, Notre Dame, St. Clair, Neff and University Place will be affected by the amendment.

The public hearing is the result of an extensive study and survey by a Building-Zoning committee composed of Chester F. Carpenter, Sidney H. Morgan and Thornton Waterfall. Their report was approved by the Village council.

SEE MAPS

Norbert P. Neff, City clerk, said that the public is invited to see maps and charts indicating the changes at the Village's Municipal Office.

The committee, after a prolonged discussion and having first, in many instances, ascertained the wishes of property owners concerned recommended that:

- (1) The property located between Cadieux and Lorraine Avenue, now within commercial district zone be continued in such zone.

Park Reports Sewage Plans Completed

Considerable progress on sewer installation has been made in Grosse Pointe Park since March 24 the date of the last Village Council meeting.

The statement was made by Everett Lane, Village Manager at a council meeting Monday afternoon.

He reported that the following sewage installations were completed:

The sewer adjoining the 42-inch sewer laid on Balfour has been completed to Somerset and Charlevoix.

The sewer from Charlevoix to the alley south of Mack and running west through the alley to Lakepointe.

The Grayton-St. Paul sewer project from Bishop and St. Paul running east to Grayton and north on Grayton approximately 500 feet.

SETS DATE

In his report to the council Lane said that he expected the entire project in the aforesaid area will be completed about June 1.

Lane added that sewage plans for the Beaconsfield, Lakepointe and Maryland section north of Jefferson are now being readied in preparation for the installation of this project in August or September.

OTHER PLANS

Other business discussed and accepted at the meeting was:

That the \$826,005 annual budget which covers the fiscal year April 1, 1947 to March 31, 1948 was accepted.

That the Good Humor Co. will be allowed to sell ice cream in the Park area in accordance with the Village ordinance.

That approximately \$26,000 received from the Gas & Weight Tax Fund will be spent this summer on street maintenance.

That the street sweeper, recently purchased from the Government, has been practically reconditioned and will be placed in service this week.

No Bones About Throwing Stones

Grosse Pointe Farms released several boys, whose ages ranged from 8 to 13, after giving them a sound lecture on the folly of throwing stones at private property.

Police, who withheld the boys' names said they had been caught throwing stones at homes in the Village.

Farms to Spend \$6,000 To Improve Pier Area

Grosse Pointe Farms will spend an estimated \$6,000 to install about 380 feet of wood sheathing at the Pier to avoid the loss of the parking fill into the beach and boat mooring areas.

The announcement was made by Harry A. Furton, Farms Clerk, who said that the action was approved by the Village Council in a special meeting last Saturday morning.

A portion of this fill is on the north side of the Pier beginning at the beach and extending to a short distance beyond the boat-house. The balance will be placed along the north side of the inner harbor for small boats.

This expenditure brings the total extraordinary authorization for recreational purposes in 1947 to approximately \$8,600, which in addition to the sheathing includes, the dredging out of the small boat harbor, re-surfacing of the Pier parking lot, grading, seeding and fertilizing the new ball park on Kerby near Chal-lente, and putting the present ball park in good condition for this summer's ball games.

In addition to this expense it is expected that the general operating expense for the Pier this year will exceed \$19,000, making the total known expenditures in 1947 for recreational purposes in excess of \$27,000.

Villages Begin Drive to Curb Dogs, Rodents

Two extensive drives directed at dogs and rats have been undertaken by Grosse Pointe Park and Farms respectively.

Acting to rid the Village of stray dogs, Walter Hoyt, chief of Farms police called attention to the Dog ordinance which prohibits dogs being at large.

Hoyt said the department's new dog wagon will pick up and impound all stray animals.

All dog owners are warned that dog licenses are due on Thursday, May 1. Police also warn that all pets should be vaccinated in compliance with the State Health law.

Schweikart is Handy Andy

Carl Schweikart, supervisor of Grosse Pointe Township was named to three Wayne committees by the Wayne County Board of Supervisors at their recent meeting in Detroit.

Schweikart will serve on the Ways and Means and the Health committees. He will also act as chairman of the Juvenile Detention Home committee.

Another Grosse Pointer who was named to office is Attorney William Van Dyke, 40 Beverly Road, who became a member of the Wayne County Library commission.

Raid The Ice Box Routine Is Reversed

A defective refrigerator filled the home of Mr. F. Cusamano, 1005 Vernier, with sulphuric gas, late Sunday night, forcing Mr. Cusamano and his family outside.

Grosse Pointe Woods police who were called to the scene moved the box, a large commercial unit, outside to the rear porch. They opened the windows and aired the home out with the aid of a electric fan.

The Cusamanos were able to return to their home shortly afterwards.

City Agrees to Wage Boost

The Grosse Pointe City Council voted that salaries and wages of employees of the Village are to be increased on a 5 per cent basis to the nearest dollar in the case of salaried employees, and to the nearest cent per hour in the case of hourly rate employees. The probationary rate of employees to be increased 5 cents per hour.

The new rate, effective Thursday, May 1, will affect approximately 68 Village office and public works employees.

The action was taken by the council at a special meeting Saturday at which time it approved of a \$113,000 Village budget to cover the raise.

Last year's budget was \$388,000.

The Village's public works employees belong to Wayne County's Municipal Employees Local 861 affiliated with the American Federation of Labor.

HELP NEEDED

"Help Us To Fight the Rat Menace" — is a plea sent from the Grosse Pointe Park Council to Park residents.

This plea to help rid the community of rats is in co-operation with Detroit in its County wide rat control program.

This rat control program should be of interest to all Grosse Pointe residents because it affects everyone in Wayne County.

Very few people understand what it costs the county to support a number of rats. It costs \$200 to feed a rat for one year. This means that annually the county pays over \$260,000,000 to keep rats alive. Rats breed from three to twelve times a year with one in the average litter. In three years a single pair of rats could produce 530,000,000 off springs if they all survived.

Students Set Concert At Grosse Pointe High

A Spring concert, presented by students of Grosse Pointe High School will be held Sunday, May 4, at 3:15 p.m. at the school auditorium.

Three groups of voices comprised of a Boy's Glee Club, a Girls Glee Club and a choir will offer selections from the works of Sigmund Romberg, Victor Herbert and other noted composers.

Accompanists will be Milton Stetzer, Douglas Krueger and Virginia Grance.

"WE LEAD, OTHERS FOLLOW"

Adult Delinquency

Juvenile Delinquency—This phrase has been shouted across the front pages of America's newspapers since the outbreak of World War II.

It is a phrase completely detested by juveniles. They claim it is responsible for unfair criticism of boys and girls from adults.

The juveniles are right... Only they can be more specific. The older generation has no business criticizing juvenile delinquency because it is the direct result of adult delinquency.

Look at the headlines today—"Mother Shot by Son"; "Young Hoodlums Wreck Home"; "Teen-Age Gangsters Kill Watchman"; "Girl Robs Parents."

They glare with juvenile delinquency, but behind each headline is a delinquent adult. Each headline is foretold years in advance by small news items which appear in newspaper daily.

Most of the items begin in this manner: A mother abandoned her four children; or a drunken father beat his wife and mother of two boys; or little 13-year-old Alice sat in the courtroom crying while her divorced parents were fighting for her custody.

Adults cannot deny the facts:

In 1945 there were 21,133 divorces (which is 43 per cent of the number of marriages in Michigan) with 16,288 children and youths involved. Last year's figures are even greater.

In 1946 police officials reveal that more women were arrested for being intoxicated than ever before in the history of America.

It is a refreshing note to know that while the rest of America is scarred with this delinquency, Grosse Pointe is comparatively untouched.

Chiefly responsible for this is that the majority of the residents of this Township have had the advantage of higher education.

Higher education then is obviously the weapon to fight adult delinquency.

Mass Higher Education for Today's Boys and Girls—the Parents of Tomorrow.

Grosse Pointe should advocate it to America.

Safeguard The Child

Observing its 23rd annual Child Health Day, May 1, Michigan has cause to be proud of its record in improving the health of its children but a definite challenge to do something about their safety, Dr. William DeKleine, State Health Commissioner, said this week.

While preventive and curative medicine since 1924 have tripled the chance of a Michigan child to live until he is fourteen years of age, the chance that he will die by accident has virtually doubled in that time.

Accidents caused every third death among Michigan children between one and fourteen years of age during 1946. In 1924, they caused every sixth death. In the nation, accidents cause every fourth death among children in this age bracket.

Dr. DeKleine called upon all Michigan residents, especially parents, to dedicate themselves this May Day to year around care to lessen the accidental death and crippling of children. National studies, he said, indicate that more than half the children's fatal accidents could have been prevented by care, and that more than half of them actually occur in the home. These are accidents such as burns, falls, poison, wounds, drowning, shock, gunshot, suffocation and the like.

Vehicles propelled or driven by children also cause a large number of fatal accidents. These are such as a child roller-skating or driving his scooter, wagon or bicycle into a car or obstacle or into a path of a large vehicle, or they may include automobile crashes or farm appliance accidents.

"Refuse your child permission to use a vehicle as a means of transportation until he can demonstrate his ability to handle it safely," Dr. DeKleine advised.

"Michigan children's death due to communicable diseases have been sharply cut since parents recognized the necessity for immunization: Deaths due to accidents will fall also when parents recognize and eliminate the safety hazards of childhood," Dr. DeKleine said.

City Announces Public Sale

Norbert P. Neff, Grosse Pointe City clerk, announced that the Village is accepting bids for all labor and material for approximately 7000 square feet of square sidewalk.

Neff also announced a Village Public Sale to be held on Saturday, May 10 at 10 a.m. Abandoned or unclaimed property consisting of bicycles, etc., will be offered at this sale.

do not have food and places to nest and hide. They must be destroyed by trapping, poisoning and fumigating.

For the past three years, much work has been done by your officials in ridding this community of rats. Many hundreds of rats have been killed by using monoxide gas, cyanide gas and poisoning. The rat population can be greatly reduced if all adjacent communities and all citizens will do their part. Rat eradication is a community job which should be participated in by every citizen in the community.

WHAT YOU CAN DO

- 1-Rat-proof all buildings. Repair broken walls, services or windows. 2-Do away with rat harbors such as trash piles and piles of brick, stone and wood. Solid fences and rock gardens made of broken concrete and stones are definitely harboring places for rats. Clean out buildings, garages and protected places under porches. 3-Starve the Rats by removing all possible waste foods. 4-Feed birds from elevated bird feeders, and unused dog food should not be left on the ground. 5-Use a standard size garbage can of substantial metal, provided with handle and tight fitting cover.

In unusual cases call the Municipal Building for additional help and suggestions. Service calls will be answered in exceptional cases and packets of rat poison can be obtained at the Municipal Garage or the Municipal Complaint Bureau, in the Municipal Building, for immediate use.

In the Editor's Mail Box

To the Editor—

We want to thank you for being a civic-minded newspaperman and helping us keep the public informed as to what work the Community Chest of Metropolitan Detroit and its Red Feather services are doing every day all-year-round. Without your help it would be impossible to let people know regularly that the dollars they contribute to the fall campaigns of the Chest are being used daily to enrich the lives of their neighbors.

Trude Sarasohn Director of Publicity

To the Editor:

People have been asked to do so much, and rightly so, for worthy relief purposes all over the world that they are inclined to forget that needy school children right here in Detroit, through no fault of their own, must have help.

The annual spring clothing drive in the Detroit public schools will be held from May 5-17. Its purpose is to provide shoes and clothing for needy school children of indigent families which do not qualify for public relief.

As a cause of absence from school, poverty is second only to sickness. So far in the present school year, such absences have more than doubled. The increased cost of clothing has made it impossible for thousands of indigent families to clothe their children.

The clothing drive is a community undertaking of the utmost importance in the civic duty of making it possible for every child to attend school. We will sincerely appreciate the continued support of your paper in this worthy cause. Please publish as much of the enclosed material as possible.

Health Director Warns Of Small Pox Epidemic

"Outbreak of deadly smallpox in New York state makes it advisable for every adult and child in Grosse Pointe and throughout Michigan who has not been vaccinated for smallpox in three years to be vaccinated at once," Dr. William DeKleine, State Health Commissioner, warned this week.

Michigan is extremely vulnerable to smallpox because of the large number of people who are not vaccinated against the disease. Immediate vaccination is especially urgent. Two deaths have been reported among eight cases in New York State. Smallpox is highly communicable and a traveler from New York might bring the disease to many persons and localities in the state before he knew he was seriously ill, Dr. DeKleine said.

EMERGENCY

The Michigan Department of Health last week complied with an emergency request from the Nassau county, New York, health department for 40,000 tubes of smallpox vaccine to be used in fighting the outbreak there.

Runaway Boy Seeks Mythical Grandma

A ten year old boy who had run away from home was found by Grosse Pointe City police on Fisher road looking for his grandmother's house.

His name is Durand Brennan and he told police that he lived at 9 Mile road and Mack in St. Clair Shores.

He was returned to his parents who told police that Donald had no grandmother in Grosse Pointe.

G.P. Schools Win State Safety Honors

Trombly and St. Clare of Montcalco Schools of Grosse Pointe are among 120 contest winners cited by the traffic safety division of Automobile Club of Michigan for their outstanding traffic safety education programs during the 1946-47 school year.

In recognition of their traffic safety activities, the first named above, will be presented with the Auto Club Traveling Safety Cup Award, and each will be eligible to send one safety patrol boy on tour to Washington, D. C., from May 8 through May 11, Ernest P. Davis, Auto Club safety director announced.

All expenses to and from Washington will be borne by Auto Club, as a small reward from the motoring public to the patrols responsible for guarding the safety of school children in all kinds of weather. The trip will be made in a special train which will leave from Detroit.

The two boys chosen from Trombly and St. Clare are Donald Wagener, 12, 15483 Windmill Pointe, and Roderick Shearer, 14, 4810 Bedford, respectively. Both boys are captains of their school's safety patrol squads.

This year's trip for outstanding safety patrol boys marks the return to pre-war policy when winning schools were awarded trips to Washington, D. C. During the war period, bonds were substituted due to travel conditions, and last year the hotel shortage forced diversion of the trip to Niagara Falls. Approximately 20,000 boys from all over the United States will attend.

Pointe Youth Starts Action In Legislature

A young Grosse Pointe Veteran made the headlines this week, when his bid for employment resulted in an amendment before the state legislature.

James Drysdale, Jr., 1056 Lakepointe, revealed that he had been asked to pay an \$87.50 fee for a \$40-a-week job. The fee later was reduced to \$70 for cash.

Drysdale said he borrowed \$70 to pay the Detroit Vocational Bureau, when a job was obtained for him in an appliance store in Detroit.

An official of the agency said the charge of 40 per cent cash of the first month's salary or 60 per cent if paid in installments is standard among vocational agencies.

State Rep. Chester A. Ferris, Detroit Republican, will propose an amendment to a measure before the Legislature to prohibit "gouging" by some employment agencies.

Ferris said attention was focused on need for such action, after a number of veterans besides Drysdale had complained. He hopes to prevent collection of any fees until an applicant is provided with a job.

An appeal to the community for all types of children's wear is being made by the Thrift Shop, a non-profit organization that sells all donated clothing with all proceeds going to the support of the Neighborhood Club.

Mrs. Charles B. Warren, spokesman for the Women's Board of Volunteers whose efforts make the shop possible, said that although the organization gladly accepts all types of clothing donations, it is presently interested in obtaining children's wear.

Mrs. Warren would like to call the Thrift Shop's wide selection of clothing at low prices to the attention of people who are interested in sending clothes to destitute war victims in Europe.

The Thrift Shop is located at 17121 Waterloo, next to the Neighborhood Club. The phone number is NI. 0773. It is open daily from 10 a.m. to 12 noon and 2 p.m. to 4 p.m.

St. Paul Hi-Lites

by PAULA BEAUPRE

Once again this week-end brings, So many things to do, There's dances, dinners—many things, Hope you enjoy them too!

On Sunday last, Anna Marie Oliver and John Hutton, Vince Oliver and Sally Nancy wedded their way to the P.Punch and Judy before heading for VINCE's menage on Audubon Drive, where they were joined by Nora Allard and Bernice Brewer.

Mrs. Oliver set forth a delicious dinner of roast-beef with all the tasty trimmings for the group and then satisfied their appetites with an extra special lemon-meringue pie.

Next on the evening's agenda was a round of ping-pong in which all of the enthusiastic guests took part.

A few dances brought the affair to a close and the funsters headed happily for home.

Another unique get-together which showed the true spring spirit took place at the Lake Shore home of ALICE FAUSER last Saturday.

The lasses set around an open fire roasting hot dogs and marshmallows and singing their latest favorites. The merry gathering was filled with fun and surprises for all who attended.

Afterwards the gals trekked out to Jefferson Beach where they summoned enough courage to try a ride on the roller coaster!! Enjoying themselves throughout the entire afternoon were Joan Krausmann, Joan Beaupre, Jean Kulka, Frannie Ardito, Aloa Marie Crowe, Mary Ann Hillebrand.

Saturday night at Grosse Pointe High when the SA dance was presented. The title was certainly appropriate because all the fellows and gals turned out in their new spring outfits all set for an evening of enjoyment.

Huge figures of kids waiting with their favorite fellas gazed down from the bleachers to the dancers throughout the night. The peanut stand and power booth also caused much comment among the spectators.

Johnny Titus and his Orchestra received many requests throughout the evening from Stan Stahl and Phil McGahay, Do Backman and Walter H. Frey, Gerry Fitzsimmons and Bill Flynn and Al Constar and Bill Mallonee.

Down the Detroit Yacht Club way, the SHOW BOAT SHUFFLE attracted crowds of spectators. Once again attired in their spring best, the fellows and girls whirled around to the melodious tunes of the orchestra.

Saying "hello" to their friends were Sally Curran and Butch DeRocher, Joan Waldman and George Saad, Joanne Athanson and Ray Huettmann, Joan Beaupre and Jerry Moon, Dan O'Connor and Lois Liberty, and Leo Drolshagan and Sue Joyce.

Once again, a round of "Happy Birthday to You" was heard at the Haverhill road home of Betty DiPaola when she honored NANCY DOWNEY with a party.

The beautifully decorated chocolate cake with its blazing candles proclaimed to everyone that Nancy was 15 years old! And what would a birthday party be like without ice cream to go with the cake?

To top off the affair the girls played a few games of Charades and then (naturally) wound up with a talk-test.

Those laden with gifts as they entered Betty home were Carol Staub, Ann Dungan, Gerry Kirchner, Dorothy Ardito, and Mary Ann Burlingame.

ATTENTION: Watch for it!

A big surprise is coming! Watch for the 16th of May.

Defer School Has Little Longfellows

Despite the big bad weatherman the fantasy of spring has touched the hearts of the fourth graders at Defer School, and they respond with poetry.

Following is a selection of some of pupils' poems as contributed by their teachers.

THE APPLE

By Roxanne Lynn
The Apple is red
It fell on his head
He went to his mother
Who gave him another
And he was happy again.

NONSENSE MOUSE

By Elmer Schmidt
There was a mouse like a house
It's nose like a rose
Its ears like shears
His head like a bed
Claws like paws
He was rotten like cotton
He looked like foam and came from Rome
And that is the end
Of my poem.

GOOD MR. SHEEPSKINIDER

By Eleanor Jones
Good Mr. Sheepskinider climbed a steep hill
At the top he found a pool so blue and still
Beside it moss so soft he lay down to sleep
The moss was so soft it felt like a bed
With a soft little pillow under his head;
When along came Mr. Winter and covered him with a blanket of snow
And in his dreams he dreamed of good things to eat that make little children grow.

SPRING IN THE VILLAGE

By Norma Frohn
It is Spring in the village, and Oh, what a clatter!
Roller skates and scooters, motor cars and such.
What a happy time for children. Mrs. Jones is cleaning house, and oh, what a noise she makes!
A bank of a hammer and a clang of a dish being broken.
Mr. Jones is painting the car— splash here, splash there, Splash, splash everywhere.
It is Spring in the village, and oh, what a noise.
Children running o'er the streets with wagons and toys.
Babies in buggies, children on foot.
It is Spring in the village and, oh, what fun!

SPRING

By Audrey Hill
Spring is here!
Spring is here!
The violets are peeping in air,
The earth is warm
The sky is blue
We are happy, aren't you?

Rumpelstiltskin Reviews

By ISABEL RONEY

Last week this column began the discussion of Folk and Fairy Tales for the child from ten to fourteen (plus) years of age. We concluded with Jacob's English Fairy Tales. This week we shall continue the listing in alphabetical order, according to national origin.

In the realm of French folk literature the name Charles Perrault is a most important one. Although he was a distinguished member of the French Academy his immortality was gained by an artistic rendering of old folk tales under the title "Tales of Mother Goose" published in 1697. A translation of eight of these tales under the title "Tales of the Brothers Grimm" published by Charles Welsh. Published by Heath.

They include "Cinderella," "Sleeping Beauty," "Tom Thumb," "Puss in Boots," "Bluebeard," "Riquet-of-the-Tuft" and "Red Riding-Hood." "The Sleeping Beauty and Other Tales from the French," edited by Sir Arthur Quiller-Couch and illustrated by Dulac, is another good collection. Published by Doran.

A discussion of German folklore naturally brings to mind the scholars Jacob and Wilhelm Grimm, who published the first of their two volume collection of Household Tales in 1812, and the second in 1815. It was the first scientific collection recorded as told by German peasants.

The almost complete translation by Margaret Hunt, published in the last century and gone out of print long ago, has been revised, modernized and completed, and forms the basis of the only complete "Grimm's Fairy Tales" available today. Pantheon Press published this edition in 1944. The illustrations are by Josef Schardt. It is an excellent edition for the adult and for reference purposes. Many of the tales are too grim for the younger child. The following are some well-known editions suitable for juvenile consumption:

"The House In the Wood," with drawings by L. Leslie Brooke. Published by Warns and Co. A collection of ten tales from Grimm.

"Grimm's Fairy Tales," translated by Lucas Crane and Edwards. Illus. by Fritz Kredel. This is an illustrated Junior Library edition published by Grosset and Dunlap in 1945 and contains fifty-five of the well-known ones including:

"Rapunzel," "The Bremen Town Musicians," "The Fisherman and His Wife," "Hansel and Gretel," "The Goose Girl" and "Rumpelstiltskin."

It can be obtained in three different priced editions, one, two or three dollars, and is an excellent value in any one of them. Three different priced editions, one, two or three dollars, and is an excellent value in any one of them.

Teen Talk

By MEEKY MARIE VAN ZANEN

Country Day, and D.U.S. took over DON WALLACE'S couples party completely on Saturday night when he invited: Barbara Fitzgerald, his date, Noel Melville, 'n Sue French, Bert Wicking 'n Gene Salmon Harry Esling, 'n Carol Zimmers, Dave Sherwood, 'n Anita Cote, Pete Van Odol 'n Jean Corbett, and Jay Cope 'n Mimi Du Brul, for an evening of dancing in his exclusive recreation room. Of course pop, potato chips, cake, sandwiches, and pretzels were provided for nourishment.

FEMALES ONLY

In contrast to this, SALLY REYNOLD'S party was for the females only, and the girls spent the evening chattering and playing bridge. Sandwiches, pop, potato chips, and pretzels again provided the cats, while Anne Packer, Clair Kehler, Jean Swan, Sarol Ericson, Jean Morrison, Joan Trefry, "Swishy" Sawusch, and Jean Allah, along with your obedient servant helped consume it all.

And then again another group of girls decided to go all out for adventure and trekked off to New York with CHET SAMPSON. The girls left in two station wagons, dressed in suits, with packed lunches, on Friday, April 25, at 3:30.

The girls: Geraldine Jacobson, Elaine Cabot, Joyce Schriber, Gerry Enix, Lorraine Christia, Virginia Johnson, Shirley Schaening, Kiebt Thayer, Sally Verney, Gloria James, and Marty Lou Straith, will visit congress in session, Annapolis and many other spots of interest including New York.

Ice Cream and Cake along with a few snappy games of bridge, highlighted, MARILYN WALTER'S party for a group of her best gal friends on Sunday afternoon. The gang composed of: Russ Dising, Jane Lundgren, Polly Wilton, Jeanie Webb, Nancy Georgi, Carroll Grylls, Gail Wright, Janice Skillman, Norma Neeb, Janet Johnstone, and Merry Baumen, Barb Baumen and your scribe.

The girls were all decked out in their new Easter Cottons, and looked like a group of pretty colored Easter Eggs as they entered the living room where the fun took place.

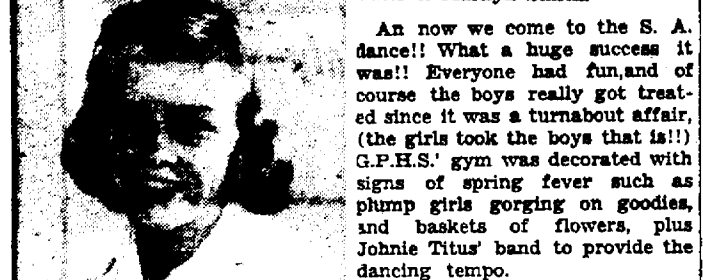

PRE DANCE PARTY

Before the S. A. dance JANIE WORLEY, gave a marvelous dinner of ham, peas, rolls, milk, relishes, and date torts, and invited Barb Orphan 'n Danny Bruke, Katie James 'n Bob Bassett, Norma Neeb 'n Bruce Bell, Janice Skillman 'n Dave Corbett, Mary Prevo 'n Lauren Miller, Annie Candler 'n Gary Langseth, Barb Baumen 'n Bill Pierce, and your scribe 'n Parke Brown to feast on the delicious meal.

Then after everyone was thoroughly stuffed the kids were given little figures of boy and girl couples, made from pipe cleaners with the couples fortune tier into their arms. The boys read the girls future while the girls deciphered the boys horoscope, "was loads of fun, and now everyone knows what's in store for them when they enter the world on their own!!"

Speaking of dinner parties none of them have been more successful this year than the surprise birthday dinner Mrs. Merwin, gave her son, MIKE, before the dance. Again the kids consumed ham to the utmost, while a tossed salad, and relishes provided the sidelines.

The dinner table was set with yellow daffodils, and an angle food cake aglow with yellow candles, while seated around it were: SHIRLEY DAVIS, MIKE'S date, Dick Janickson 'n Jane Lieninger, Blunt Slade 'n Culehan, John Cavanaugh 'n Joan Van Beclere, Bill Coone 'n Mary Luft, and Doug Buck 'n Marilyn Smith.

MEEKY

An now we come to the S. A. dance!! What a huge success it was!! Everyone had fun, and of course the boys really got treated since it was a turnout affair, (the girls took the boys that is!!) G.P.H.S.' gym was decorated with signs of spring fever such as plump girls gorging on goodies, and baskets of flowers, plus Johnie Titus' band to provide the dancing tempo.

Jumpin' to the five were: Bev Martin 'n Gene Stebbins, Di Faulk 'n Dick Wuerker, Janet Hiles 'n Dick Coyle, Jane Lundgren 'n John Mack, Nancy Schmidt 'n Birdie Spurrier, Sally Reynolds, 'n Bob Hancock, Bobbe Bull 'n Ralph Terry, Made Winters 'n Dave Donnelly, Barb Glase 'n Ed Schaub, Joan Quant 'n Jim Brady, Elaine Beuther 'n Marvin Weaver.

Still More!!! Sue Rogers 'n Ray Sawusch, Delcie Sawusch 'n Harry Edsall, Ginny Gregory 'n Jack Goodson, Carroll Grylls 'n Bob Hanson, Shiela Mc Rae 'n Vince Schoeck, Ellie Cortfield 'n Tom Anton, Carol Stuart 'n Bob Bolo, Salle Hoyt 'n Stewie Ward, Dee Lindquist 'n Kirk Walsh, Peggy Hatch 'n Cluene Walsh, Barb Mann 'n Bill truetter, Sharon Ford 'n Bob Snider.

And still more!!!! Sue Cruikshank 'n Doug Trunbull, Mary Gratzler 'n Dick Nightingale, Joan Ghesquire 'n Bob Van Haltern, Marilyn Smith 'n Jack Corfield 'n Marilyn Smith, Calvin Purdy 'n Sue Wheelock, Phyllis Hannah 'n Bob Peterson, Sandra Britt 'n Bud Horsley, Marge Stoerkal 'n Jim Brown, Barb Stoerkal 'n Phil Skillman, Doris Dising 'n Ed Karrer, Doris Reptler 'n Rod Villeneuve.

While the bags that started the ball rolling for the cuts were: Gladys Ostermann, Pat Burns, Mary Stover, Joan Watkins, Ginny Granse, Polly Wilton, and Joan Groves.

CHARLENE SALMON'S

CHARLENE SALMON'S abode on Vendome was then filled with chattering kids who poured into her lovely recreation room after the dance to eat a bit and perhaps cram a few more fast steps into the evening. Sipping the cokes and munching chips along with pretzels were:

BOB LEPLAE, CHARLENE'S date, Sue Joyce and Bob Serge, Carol Diederich 'n art Beck, Sue Scully 'n Tim Antwerp, Mary Sherwood 'n Andy Fraser, and Jean Grey with Joe Fromm.

Neither after the dance party was held at MARY WATERFALL'S home on Lincoln, where a buffet supper was served. The menu was composed of baked ham, baked beans, relishes and for the finishing touches three huge cakes were cut and passed among the crowd.

Mr. and Mrs. Waterfall served while BOB CAMPBELL, MARY'S date, Nancy Weed, 'n Joe Hippel, Nancy Bolles 'n Kenny Christon, Janie Worley 'n Bob Gal, Florence Erringer 'n Jack Wilson, Sue Rogers 'n Ray Sawusch, Minnie Hewitt, 'n Lorne Norton, Jo Ann Brown 'n Lee Kanzer, Barb Elliot 'n Bill Trubill, Helen Stevenson 'n Don Cardoze, Nancy Hodges 'n John Jervis, Mary Prevo 'n Lauren Miller, and Bill Martemer 'n Peggy Best.

Day Camp Leaders Sought

Do you like children? If so the Neighborhood Club Summer Day Camps just the place for you. In past years the camp has been only able to accommodate 100 children due to the lack of leadership. This year officials would like to double that number so that more children could share in the fun and novel events that take place.

OUTDOORS

The boys' and girls' ages are 7 through 14. They meet three times a week, Monday, Wednesday and Friday, from 9:30 a.m. to 3:30 p.m. Camp starts June 30 and ends July 30. It is an outdoor program that includes handicraft, games, sports, nature craft, hiking, story telling, outdoor cooking, dancing, singing, and dramatics. The club does not expect leaders to be experts in all of these activities, but if you have a knack for any one of them G.P.H.S.' gym was decorated with signs of spring fever such as plump girls gorging on goodies, and baskets of flowers, plus Johnie Titus' band to provide the dancing tempo.

UP TO YOU

The amount of time you can afford to give is up to you - whether it be an hour or three days a week, it will be most appreciated. Please call Niagara 4600 and talk to Miss Masak about the possibilities.

Seldom Strike Note Musicians

JUNE CLEMENTS athletes are entitled to a fair share of attention, so are the musicians—but they rarely get it. Grosse Pointe High School bandmen are no exception. Followers observe the band and Senior Bands exercises and precision drills, letters and formations on the cleatly formation. It makes for a staid atmosphere, it also makes for tedious and exacting work. Basketweaving claims the high school bandmen stage a half-time mood. It takes know-how to con- sider into entertainment.

Frost's approach signifies the annual winter production. The bandmen in formal attire and under the baton of Di- miter render a blend of old and modern rhythms. The audience, while apprecia- tion, fails to realize the team and tension involved in con- sideration. A ragged en- semble on the part of one player saps the confidence of oth- ers and leads to the down- fall of the entire organization. More than one director has been ousted amidst tone void musi- cians.

The Brownell and Senior Bands entered the recent state- wide musical mardis gras held at Arbor. These annual instru- mental conventions are sponsored by the Michigan State Band and Orchestra Association to culti- vate student talent and sports- ship. Bands, orchestras, solo- ists and ensembles flock from all over Michigan to face the pre- mium M.S.B.O.A. selected mu- sician.

Modern critics rate particu- larly on tone, intonation, inter- action, and stage deportment. The who capture first or second prize become eligible for the prize. The junior and senior bands are. At the final meet each band is highly desirable sec- tion. Sandwiched in be- tween contest and concert cur- riculum the senior musicians staged a slap-happy, semestery assembly.

Instrumental enterprise the annual Spring Concert. With those sultans of the Swingmasters, the bandmen are mapping a program for the evening of May 8th.

G. P. Teacher Advocates Study of Marriage

By BARBARA SMITH
Should marriage and family relations be taught in public high schools?
Mrs. Nora Blair, homemaker teacher, says that in her opinion these subjects should definitely be taught to all senior high students.

"The course should not concentrate on sex education only," Mrs. Blair said. "It should teach boys and girls how to use their income wisely, how to save a little money out of their income, how to plan a suitable budget, and how to purchase economical goods. How to care for children, and how to make a home."

Mrs. Blair went on to say that boys and girls of high school age should know what qualities to look for in choosing a lifetime partner.

"So many people are attracted to each other by good looks, a pleasant laugh, or some other insignificant factor, and don't stop to realize that they really don't know the inner qualities of the person," Mrs. Blair pointed out. "They enter blindly into marriage and after a few months they wonder why they can't get along."

Mrs. Blair cited the fact that one out of ever three marriages ends in the divorce court, and one of the causes of divorce is hasty marriage.

"So many young people don't know what to expect when they enter into marriage and this is the fault of the parents," she observed. "Therefore, the schools should take it upon themselves to educate the boys and girls of this generation, who in turn will prepare their children for future marital relations."

A successful marriage helps to lessen the amount of juvenile delinquency and helps to build a firm foundation for democracy.

"A child who does not receive adequate love and attention from his parents, will naturally seek this attention elsewhere," she explained. "Often it leads to trouble for both the child and the parents, and the whole misunder- standing can be traced back to the ignorance of the parents in bringing up their child."

Mrs. Blair stated that a minority of Grosse Pointe High School boys and girls leave school early to get married.

"The people who wait until they have completed their edu- cation and are financially able and mentally and socially ma- ture to get married will be more sure of themselves and more likely to lead a success- ful married life," Mrs. Blair in- sisted. "Those who do not con- tinue their education in order to attain a more intelligent out-

Problems of sewage and indus- trial waste disposal and the re- sulting water-supply, lake and stream pollution in Michigan are about to get an airing before in- terested people from virtually every municipality in the state.

Conservationists, municipal officials, consulting engineers and health authorities will have as much interest in the annual con- ference of the Michigan Sewage Works Association to be held in Otsego Hotel, Jackson, May 14 to 18 as the sewage works opera- tors themselves, according to John M. Among those expected to at- tend from Grosse Pointe Town- ship are Everett Lane, Park mu- nicipal manager; Murray Smith, Farms engineer; Norbert F. Neff, City Clerk; Phillip J. Woods, Clerk, and Thomas Jeffries, Shores Clerk.

Municipal officials will have special interest in discussions on engineering, planning of sewage collection and treatment works, the financing of a sewage system or improvements, and the main- tenance and operation of a se- wage system and disposal plant.

St. Ambrose Nine Drops Opener

By DON SIMPSON
Bob Cucchi, three-year veteran of the St. Paul Flyers, set down the St. Ambrose Nine in the opening baseball contest Friday, 5 to 2. In gaining the victory, Cucchi limited St. Ambrose to four hits and struck out 13.
As the snappy St. Paul squad took to the field, Cucchi strode to the mound and promptly struck the first three men who faced him on ten pitches.

EARLY SCORES

Jim Law, leadoff man for St. Pauls, walked and took second on a wild pitch. Ray Huettman came through with a drive over shortstop for the first hit of the game, scoring Law. After DeCender grounded out pitcher to first, Cucchi Walloped a long double to deep center field to drive in Huettman. When the ball got through Bruce, the center fielder, Cucchi took third. John Fushman smashed a hard hit ball down the third base line and was thrown out at first. Cucchi got home when the play was being made at first. George Heidt grounded out to short to end the first inning.

BAD THROW

The last run of the game was forced in when Cucchi walked a batter with the bases loaded. Willis, first man up in the fourth, got to second when a bad throw from third got away from First Baseman Heidt. Bently, up next, struck out. Burns walked and Bruce hit a single to load the bases. Pitcher Breen swung at three to bring up Vanhaise, who walked, after running the count to three and two. Cucchi then retired the side by fanning Howard. Cucchi's two hits in three trips to the plate and the fine display of pitching in garnishing the 5 to 2 victory labeled him the game's outstanding star.

DeCender's Bat Leads Flyers To 2nd Win

By DON SIMPSON
The St. Paul Flyers won their second baseball game in as many starts Tuesday at the Neighborhood Club by smothering St. Bernard 13-2. Again Bob Cucchi pitched fine ball, limiting the visitors to only 3 hits. Ralph DeCender cracked a long home run into deep center field in the second inning knocking home two runs ahead of him.
Three runs were tallied in initial frame, due to faulty control by Pitcher Guitar. Only one hit was made in the first inning and that did not figure in the scoring. The Flyers increased their lead in the following inning by tallying six runs on three hits and a walk. Three hits and two walks produced only two runs in the third.
Berg, pitching for the Flyers, was hit by a pitched ball. DeCender followed through with a double, and when the center fielder let the ball get through his legs Berg scored and DeCender took third. Oliver, after Jursick struck out, grounded out second to first to end the game.
Shortstop John Fushman collected three hits in four trips to the plate to share batting honors with Ralph DeCender who hit a home run and a double in three attempts.

Camera Club To Photograph Characters

Character models will be used by the Grosse Pointe Camera Club at its meeting on Tuesday evening, May 6, for the members to photograph.
Mr. O. P. Eyre is in charge of the evening's program, and from past evidence of his ability in choosing subjects for the club's model nights, it promises to be an especially good one. The models will have props and costumes so that there will be a variety of poses, sufficient to satisfy all of the members, who have been urged to bring plenty of film in order to get full coverage.
Mr. Lester McDowell, the president of the club, also states that there will be a judging of the prints submitted by the members. The meeting will be held in the Neighborhood Club, and the public is invited to attend.

Sportsman's Club To Send Boys To Camp

The Wayne County Sportsman's Club acting in cooperation with the River Rouge Savings Bank through its president and WCSC member Wilfred H. Burke, is sending 10 boys to the Third Annual Junior Conservation Camp at the Allegan State Forest this summer. The Club and bank are sharing the expense of sending the boys who will be selected from among members of the WCSC's new junior organization which will hold its first meeting at the American Legion Memorial Home in Dearborn, Wednesday evening, May 21.
The Camp is sponsored by the Michigan United Conservation Clubs and the Michigan Department of Conservation. Field trips and group study periods covering woodcraft, safety, forest fire protection, land use, forestry, rifle training, wildlife and fish food and other subjects, as well as baseball and other recreation and entertainment, will make up the week of outdoor training.
The membership of the Wayne County Sportsman's Club, organized 16 months ago, passed the 4,000 mark this week. The Club has been conducting an effective campaign for improved anti-stream pollution legislation and increased appropriation for pollution abatement work in the present legislature.

Tennis—That Is Blue Devils Outclass Border Cities Opponents

The Grosse Pointe High School netters, defending champions of the Border Cities League, will be seeking their 69th and 70th straight victories when they face Royal Oak and Monroe in the next few days.
The Blue Devils, hosts to the Royal Oak squad on Friday, will meet Monroe on Tuesday afternoon on the latter's courts.
Grosse Pointe in defeating Wyandotte Tuesday 7-0 for its third victory this season, encountered little difficulty.
Other schools set back this year by Grosse Pointe are Fordson and Highland Park.
According to the Wyandotte coach and players, Royal Oak is considered the most formidable of the Blue Devils' next two opponents.
The Downriver team is qualified to speak in this respect as it has suffered early season losses to Royal Oak and Monroe.

Egan, one of the best known scouts in baseball, has uncovered such diamond greats as Hal Newhouser, Hoot Evers, Dick Wakefield, Barney McCoskey, Mike Tresh, Pat Mullin, Roy Cullenbine, Chet Laabs, Paul Trout and Stubby Overmire. An able baseball technician, Egan will have charge of demonstrations on the field and technical and strategic lectures for the clinic.
Coaches from this area who are expected to attend are Pat Kaulitz, Grosse Pointe High; Ed Palumbo, St. Ambrose and Ed Lauer, St. Paul.

RADIO NEWS AND VIEWS
By JAMES QUELLO

Bing Crosby, ABC radio star, visited Detroit for the first time since 1943 to attend the Silver Anniversary Party of his old friend, G. A. "Dick" Richards at the D.A.C. He sang several numbers at the party as a personal favor including "The Anniversary Song," "The Girl That I Marry," and "Carry Me Back to Old Virginia." He did not broadcast here and came to Detroit as guest, not an entertainer. Bing tried to keep his presence in the Motor City quiet ... but wasn't entirely successful.

THE FIRST leak was apparent at the exclusive and staid D.A.C. It was just before noon and Crosby had finished a workout and shower when he called to ABC Sports Director, Harry Wismer, "I'll see you upstairs in the room when you're through."

The D.A.C. maids and female attendants, accustomed as they should be to big names, recognized America's No. 1 voice, lost control and all restraint, and rushed into the Men's locker room shouting "Bing!" "Bing!"

WE HAD the pleasure of talking to Bing about an hour at the D.A.C., and also of accompanying him around the golf links, with Spike Briggs and Harry Wismer. He is thin haired, never wears a toupee, and usually but expensively dressed. He is quite nonchalant and blazes in speech and demeanor, but has an easy sense of humor. He doesn't carry radio scripts with him so he can't be quite as witty as radio listeners probably expect him to be, although he's plenty fast on the uptake.
