### Boat Runs Wild, Hits Park Dock

A 23 foot "Chris-Craft" completely out of control, hurled out of the water and smashed into the Municipal dock at Grosse Pointe Park early Saturday morning.

The pilot, Norman P. Kelly, 33, of 729 Philip, was found unconscious at the wheel by Joseph Rossi, dock watchman, who called police.

Kelly, who suffered shock and slight cuts, told police he must have fallen asleep at the wheel. He said he was returning from Port Huron. No passengers were aboard.

Detective Stanley Enders of Grosse Pointe said there was no liquor or any signs of drinking aboard.

The smash tore the dock's six foot wire fence and severed a water main. Several crafts moored nearby escaped harm.

Kelly said he would take care of the damages estimated at \$500.

Kelly had his boat towed to the Gregory Marine Boat Yard in Detroit. The boat's front end was severely damaged.

In recounting the accident Police said that the impact of reaching shallow water at a high speed sent the craft leaping over the six foot wire fence which stands before the dock. Only a few feet of the boat remained in the water.

Kelly faces a charge of negligence, endangering lives and property of others.

### SEASON OFF TO FLYING START

This 23 foot "Chris-Craft" crashed into the dock at Grosse Pointe Park's municipal park early Saturday morning when the craft's owner and pilot, Norman Kelly, of Detroit, fell asleep at the wheel. He suffered slight injuries.

### Pollution Caused By Rainfall

This year's unusual rainfall is responsible for the pollution of Lake St. Clair, and as long as foul weather conditions continue swimming in the Grosse Pointe area of the Lake will be prohibited.

The statement was made by Dr. Thomas S. Davies, Grosse Pointe Township Health Commissioner, to the Park Council at a meeting Monday.

### SEWAGE WASTE

Dr. Davies said that the pollution was directly caused by the excessive flowage of sewer water into Lake St. Clair by Macomb County.

He explained that Macomb County was forced to do this because its sewage main on Nine Mile road was overtaxed by the numerous rainfalls this season.

In normal conditions Macomb County is allowed to release approximately 8,000,000 gallons of water into St. Clair which according to Dr. Davies does not effect any danger to bathers.

However, due to the rainstorms of the last several days, Macomb County has been flowing more than 20,000,000 gallons of water into the Lake causing the pollution.

### LEGION HONORS POLICE CHIEF

Walter R. Hoyt, left, Chief of Farms Police, is shown receiving a miniature gold police medal from the Grosse Pointe Post 303 of the American Legion in recognition of his meritorious service to the community and to the legion. Ralph S. Farnum, Post Commander made the presentation at a meeting last Monday. Chief Hoyt, a veteran of both World Wars, is a charter member of Post 303.

The Grosse Pointe Farms council approved on the 1947 budget of \$496,728 at a special meeting held in the Farms municipal building Monday evening. This figure exceeds the 1946 budget sum by \$30,698.

According to Harry A. Furton, Farms Clerk, the increase is due to the purchase of new equipment obtainable during the war period and the ability to plan additional maintenance work.

### IMPROVEMENTS

Included in the latter classification are park and beach improvements of \$8,845, curb replacement \$5,250, street opening \$1,700 and new sewer projects \$10,500.

In addition to the aforesaid the Council approved the wage schedule recommended by the Wage Committee adding an additional annual salary cost of approximately \$21,300 representing an average increase of approximately 8 cents of the payroll.

### SURPLUS CREDIT

Furton said that the anticipated revenue for the year is \$68,127 and a surplus credit of \$15,000 reduces the required amount to be levied by taxes to \$413,611.

This year's levy exceeds the 1946 levy by \$28,104.

Valuations for 1947, as reported by the Farms Board of Review, compared with 1946 are as follows:

Real	\$27,984,350	\$27,619,650
Personal	3,048,000	3,001,550
Total	\$31,032,350	\$30,621,200

The resulting tax rate from the foregoing figures is \$13.33 per thousand of valuation, 76c per thousand higher than 1946 when the rate was \$12.56.

### Tony Answers Police Chief

Editor's Note: The following report was received from the Mrs. Tony Kionis in answer to the report prepared by Arthur E. Louwers, Chief of Police appearing in last week's Review.

Much has been said and written of "Tony the Pop Corn Man".

Now comes the last straw. A letter from Police Chief Arthur E. Louwers intended for the members of the Police Department (2) in which letter published in the Review he purports to assume the role of official spokesman on behalf of "persons unknown."

In this letter he becomes the "tribune of these same 'persons unknown'" and takes up the defense of his immediate "employers" who are or should be servants of the people. In his ardent desire to "whitewash" the actions of his own department as well as that of other persons he undertakes to interpret the law and the court rulings "for the benefit of the PUBLIC". He quotes figures on traffic from "GUESSES of others."

Overnight he becomes a traffic expert. THE POLICE DEPARTMENT OF GROSSE POINTE PARK HAS NO SURVEYS ON TRAFFIC OF ITS OWN NOR ANY OTHER UNIMPEACHABLE SOURCE. He also became a statistician and a historian attempting to give the readers an impression that "TONY" started the litigation, costing Tony's interests (which is of no particular interest but the cost to the Village and County is everybody's concern).

The first move along the "GET TONY OUT" movement inspired originally not by majority of citizens but by the whimsical selfishness of ONE MAN pulling probably another "TONY" was the draft of one of "ANTI-TONY" resolutions. From the first the police found it difficult and impossible to find "TONY" violating possible. Therefore the entire police force feverishly worked to "get a conviction on Tony."

THE VILLAGE POLICE GAVE TONY two tickets for a "VIOLATION" because "TONY" (Continued on Page 3)

Lou Bourdreaux, Cleveland's manager shortstop is the idol of Billy Mason, who is in the 7th grade at St. Paul's school.

### Our Children's Education

Editor's Note: This is the second in a series of three articles on "Our Children's Education" as told to this department by John R. Barnes, who succeeds Dr. Paul L. Essert as Superintendent of Public Schools on August 1. Mr. Barnes served as principal of Grosse Pointe High School from 1930 to 1937. From 1937 to 1942, he was Director of Public Instruction. He has been Assistant Superintendent since 1942.

Two major problems faced the Board of Education when public schools opened last September.

1. Teachers salary adjustments
2. Overcrowding in the Mason, Gomer and Kerby schools.

"However," said Mr. Barnes, "through the acceptance of the people to face these problems and accordingly the Board has been able to eliminate one (salary adjustments) and make progress towards relieving the other."

By vote in a special election held in March, 1946, the people gave the Board the "go" sign to take the necessary action to eliminate both problems.

A CHISLER IN FRIEND'S CLOTHING

A few hours after the Grosse Pointe Review's story about the evicted family reached the majority of the homes in Grosse Pointe numerous calls and inquiries were made by people trying to help.

Bus drivers, mailmen and residents joined in the hunt to find these parents of four children, victims of the housing shortage, a place to live.

Though a suitable place has not been found as yet, these parents feel grateful to those who offered their assistance. They feel with this kind of co-operation they are bound to find a home soon.

However, the story also brought to light persons who under the pretense of being helpful were only trying to pad their bank book.

We are referring to a person who offered to rent a cottage at Morosse road, to this family providing they purchased the furnishings at \$500.

A Grosse Pointe Review reporter who investigated the offer told the person that the family had its own furnishing and besides the goods the person had to sell were not worth more than \$150 at the most.

"I know," answer the supposedly good hearted one. "But I must get something for renting the place, homes are hard to get now you know."

BUSINESSMEN'S CLUBS PRE-EMINENT

There is a force that lies in an individual, in a community, in a nation. It is a force that is challenged by conditions in every community. Every community has its inevitable problems. Usually they are civic, social, industrial and commercial, or some economic. These are the things that constitute a challenge to the best that is in us and have set up the need of aggregations of intelligent men, keenly interested in the development of individual and public good.

Among those answering the challenge in this community are the members of the various businessmen's clubs. They have become a civic and business religion.

Just as the community looks to the church to be its guide and inspiration in matter spiritual, so today the community is looking to these organizations to be its guide for its civic and business ethics, for the basic principles of right action. They respond unflinchingly.

Organizations such as these are making for our community and our nation's permanence. Is there any other task more important than this?

Sunday School Teacher - "Now, why was it that Mary and Joseph took Jesus with them to Jerusalem?" - Mary - aged four - "I guess they didn't have a sitter."

Professor: "Hey, you can't sleep in my class." Freshman: "I know. I've been trying for the last half hour."

State Warns Swimmers To Use Caution

Nine out of every ten persons who drown in Michigan are men and boys, according to figures of the Bureau of Records and Statistics, Michigan Department of Health. Only 25 women and girls were among the 285 persons who drowned in Michigan in 1946. Twelve of these were girls under ten years of age.

Deaths by drowning in the state were almost equally divided between persons under 25 years of age and those over 25 years of age. Two thirds of the drownings occurred during the summer months. However, even during these "swimming months" by far the larger share of the drownings did not occur at bathing beaches, and almost as many occurred in rivers as in lakes.

Rivers took the lives of ten children under ten years of age, 37 between the ages of 10 and 25 years and 36 over 25 years, for a total of 83. Eighteen children under ten lost their lives in lakes, as did 27 persons between 10 and 25 years of age, and 42 persons over 25 years of age.

Miscellaneous drownings totaling 95 for the year occurred in such places as quarries and gravel pits (4), cisterns, well holes, bath tubs, a private canal, a dump, county ditches and ponds on farms. These included 31 children under ten years, 25 persons from 10 to 25 years of age and 39 persons over 25 years. The greatest number of miscellaneous drownings occurred in June, July and August, in keeping with the general trend in drownings.

Because there are more miscellaneous drownings than drownings in rivers and lakes the first obvious precaution against drowning is to avoid and to cause children to avoid places where drowning might occur. Other precautions are: Learn to swim. Don't show off. Don't swim in swift water. Don't swim alone. Don't swim after dark. Don't swim on an unguarded beach. Do not swim within two hours after eating a hearty meal. Don't dive into shallow water. Avoid the shock of diving into extremely cold water. And don't continue swimming when you are weary.

sumed 60 seconds from the time he served his rare customer until he put his vehicle in motion. ONE MINUTE DELAY!

THEY GAVE HIM ANOTHER TICKET for a similar "offense" AFTER THIS they received an old illegal and unlawful ordinance which gave the officer the right to order Tony to move under any pretext whatsoever whether Tony had any customers or not. Another ticket was given Tony for operation "without license."

TONY HAS A STATE VETERAN'S LICENSE AND DOES NOT NEED ANY OTHER. To be on the safe side Tony asked the Village authorities for the license, which was refused to Tony but granted to others without any question.

THE GOOD CHIEF also assumes too much when he says that private property is available for Tony's business of POP CORN VENDING. It would astonish the good chief if he made inquiries as to the property at Barrington at Jefferson at Barrington to find how wrong he is.

The Good Chief has been a police officer in the Village approximately 20 years. During this time he patrolled the streets of the village and in general was the guardian of Public Safety. During this same time he was unaware of Tony in the terms of nuisance or traffic hazard. He never saw an accident attributable to Tony directly or indirectly no matter how remotely calculated.

He received no complaints nor was he aware of any. Suddenly upon becoming the chief he visualizes a potential danger to life and limb. Suddenly Tony with no accident attributable to him during 26 years of operation, in the chief's opinion becomes a traffic hazard and a nuisance in some future potential accident.

He suggests that Tony can do "genuine cruising business" traversing all the side streets of the village. What the chief overlooks is the apparent and patent tremendous hazards to the life and limb of the little children attracted to his vending wagon by bell or any other device, dashing out between parked automobiles into the paths of unwarlike motorists. Also he would cause a great deal of congestion and discomfort to the residents traversing these streets. The responsibilities are far too great for Tony to assume.

The much discussed "traffic hazards" is not nearly so great on Jefferson avenue for children as well as adults know that it is the main thoroughfare and are more careful than they would be along the less traveled avenues.

"The potential automobile catastrophes" are for most part a figment of strong imagination born in the "philosophical minds" of a handful of disgruntled prejudiced politicians begging the future to come to their aid in, the fulfillment of their false prophesies.

Signed Mrs. Tony Koinis

Barnes Reviews "Our Children's Education"

(Continued from Page 1)  
Trombly and Defer schools.

**CONGESTION**  
The congestion at the Kerby school will be relieved next September when approximately fifty pupils will be transported to Malre school. The newly appointed superintendent has great faith in the people of Grosse Pointe, whom he has served since 1930. "Through their interest and cooperation" said Mr. Barnes, "we have been able to handle each problem readily and adequately." Mr. Barnes pointed out as an example the manner in which the people accepted the fact that the teachers needed a salary boost. "You only get what you pay for applies to teachers too," said Mr. Barnes, whose five children are graduates of Grosse Pointe High School. "The people's recognition of this fact has enabled the Board to hire the most highly trained teachers."

**BEST SELECTED**  
He indicated that in 1930, 47 per cent of the teachers in Grosse Pointe public schools did not have college degrees. Today, that number has been reduced to one per cent. "In 1930, only 17 per cent of the faculty had master's degrees," continued Mr. Barnes, who received his from the University of Kansas, "today 48 per cent of our teacher have them."

He added that as an incentive the Board arranges the salary schedule in accordance with a teacher's training. Mr. Barnes said that today the Board restricts appointments to high school or junior high school positions to teachers holding master's degrees in most cases.

**TEAMWORK**  
One does not need more than one visit to the Board of Education on St. Clair avenue to note the efficiency and harmony among the staff. It is through their ability to carry out their respective assignments under the guidance of Dr. Essert and Mr. Barnes that the Board has not only been able to set up a nationally recognized school system but a wide program of public services as well. Excusing himself for a moment to refill his pipe, Mr. Barnes then explained about the School District's varied duties. "The major purpose of the Board is to guide the education of the 5000 boys and girls who attend our schools. But our job begins there, not ends as many citizens believe."

**MANY SERVICES**  
According to the veteran educator, who is the husband of the former Wilma Crow, once dean of girls at the local high school, "the Board is responsible for several programs that afford taxpayers added benefits at no additional cost." "These activities," said Mr. Barnes, "also give taxpayers who do not have any children or whose children do not attend public schools the chance to derive a direct and valuable service from our Board."

He said that among the outstanding activities of the Board was the Adult Education program. Mr. Barnes explained that during 1946-47 more than 1000 persons attended Adult Education classes. The diversified program, under the direction of Forrest Geary, offered courses from hobbies and millinery to Spanish.

**10,000 USERS**  
"Another direct benefit for all taxpayers is provided by the Board in the public library. "According to reports received from Director Miss Florence Severs," Mr. Barnes said, "there

are 10,000 regular users of our libraries, with a circulation of more than 200,000 books annually. "This may surprise some of your readers," said Mr. Barnes, "but the Board has also been very active in veteran affairs. Its veterans' institute provides facilities for ex-G.I.'s who desire to complete their high school training. The institute has served more than 140 veterans, studying under the counsel of Mr. Vincent Peterson."

Mr. Barnes added that the Mr. Geary, as part of his varied duties, aided veterans in obtaining "On the Job" training.

**NO "OFF" SEASON**  
"What does the Board do during the summer months?" the former principal of Grosse Pointe High School was asked.

He was quick to answer. "There is no 'off' season for the Board. Last year more than 600 boys and girls attended summer school while 2500 children and adults found recreation and enjoyment on our playgrounds. Both of these highly active programs are made possible by the Board."

He pointed out that public schools and playgrounds are made available by the Board and used virtually every day of the year by various organizations such as churches, clubs, scout troops, PTA and others, at no additional cost to the taxpayers.

For an example he mentioned that the forty different units of scout organizations used school facilities. Summarizing the Board's general activities Mr. Barnes said, "Never in the history of the

Board of Education was there so much done for so many."

## THE DETROIT EDISON COMPANY

2000 SECOND AVENUE  
DETROIT 26, MICHIGAN

May, 1947

To Our Residential Customers:

The Detroit Edison Company has a story that needs telling. It is an important but little noted phase of the story of skyrocketing prices and the now dramatic effort to stop dangerous increases in the cost of living. The fact is that Detroit Edison fought this fight all through the days when there was no drama in it. Through the war, and since then, there has been no increase in the price of Detroit Edison electricity to residence customers. This Company, while PAYING higher prices for labor and materials, has been able to REDUCE the price of electricity. Detroit Edison residence customers now use 50 per cent more electricity than they did in 1939. This increase in use is a major factor in making possible the reductions in price. That process, applied to ALL production, opens the door to lower prices, progress and prosperity, and to better living for the people.

## Mason School Pupils Present Art Exhibit

If you saw banners proudly proclaiming "ART IS FUN", "WE ENJOY ART" or "WORK AND PLAY WITH ART" and smiling faces both on paper and in person to prove it, you were at the Mason School Children's Art Exhibit Wednesday evening, June 4, between the hours of 7 and 9 o'clock.

There you saw gaily decorated booths with backgrounds of chartreuse, shocking pink, turquoise, orange-yellow, and lemon-yellow displaying many media. The animals were made from paper pulp, the puppets were of clay, the pins of plaster, and the belts and purses of yarn, while painted murals, spatter painting, finger painting designs, chalk pictures, and flowers cut from paper showed many other uses, and were all ably demonstrated by youngsters from kindergarten through the fourth grade.

The exhibit was organized under the capable leadership of Virginia Johnston, second grade teacher and chairman of the committee, which consisted of Eleanor Murray, Art Counselor, Joyce Armstrong, Jane Joffe, Gretta Pulley, Pauline Sagala, and Dorothy Sweet, teachers. They were assisted by the other members of the Mason School staff in achieving a colorful exhibit of children's art work which was reviewed by hundreds of interested parents, relatives and friends.

## GROSSE POINTER INTERVIEWS BOB, VERA Woods' Barefoot Boy Scores Scoop With Hope

## Woods' Barefoot Boy Scores Scoop With Hope

WJR disc jockey Ross Mulholland who lives in Grosse Pointe Woods, scored a scoop recently by interviewing Vera Vague and Bob Hope, NBBC comedians on WJR, CBS affiliate in Detroit. Mulholland aired the special interview prior to Hope's recent network feed from the motor city.

"I heard that Bing Crosby was in town recently and sang for WJR's president G. A. Richards," quipped the star. He added, "Okay Mulholland, I can't let him get anything on me... want me to sing 13 or 14 choruses of something?"

Mulholland restrained the famous prankster and aired his in-

terview antics on WJR's morning MUSIC HALL program. He also plugged the special "after-broadcast" program staged for Detroiters by the Hope organization to raise funds for the Cancer drive.

# Annual Horse Show Promises Thrills

The Grosse Pointe Hunt Club's 36th Annual Horse Show, to be held for four days, June 19th through 22nd, promises to furnish entertainment and thrills aplenty for the confirmed horse devotee and the tyro alike. In the colorful setting of the show ring outstanding animals from all over the United States will be put through their paces by topflight riders. The annual Tennessee Walking Horse, the extremely showy Three and Five Gaited types, the magnificent Show Hunter, the stout-hearted Working Hunter and the bold Open Jumper will all be there, participating in 72 varied, and sometimes breathtaking, classes.

which is a masterpiece of the carriage maker's trade.

The Combination Three-Gaited Class, in which the horses are driven, then unharnessed and saddled right in the ring, will be run off on Saturday afternoon, and the \$300 Fine Harness Stake, in which all horses of that type may participate, will be a feature of Sunday afternoon.

**NOVICE OPEN**  
In the Hunter and Jumper divisions spectacular classes are a dime a dozen. The Novice Open Jump provides eager young animals an opportunity to compete for the first time, and how showily they rise to the occasion! In the Open Jump the ability to clear a high obstacle is what counts. The Triple Bar Class demands that a horse jump high, wide, and of course, handsome! At the outset competitors must jump four feet and broad-jump six feet. In jump-offs the broad-jump distance is increased. Other eye-filling features are the Hunt Teams, the Scarlet Hunters, and the Corinthian Class. In the latter the horse's performance and conformation are considered as well as the appointments of the rider.

**OPEN CLASS**  
The Three-Year-Old Harness class is always a source of excitement and pleasure, for the highly curious, frisky colts, under harness for the first season, invariably indulge in high jinks. The Open Fine Harness Class is a notable feature of the program for Friday afternoon, June 20th. In this group the more experienced horses are harnessed to specially designed four-wheel gigs, each of

**RANGER'S HORSE**  
Excitement is sure to crescendo to the final four classes of the show, which will be run off on Sunday afternoon, June 22nd. These are the \$500 Three-Gaited Stake, the \$500 Jumper Stake, the \$500 Five-Gaited Stake, and the \$500 Hunter Stake. Competition will be keen, the performances top-notch, and spectators will undoubtedly cheer their favorites with great enthusiasm.

As a special attraction, the beautiful white stallion, "Hi-Yo Silver," of "Lone Ranger" radio fame, will be shown at all afternoon performances of the four-day show.

The advance ticket sale for the Grosse Pointe Hunt Club's 36th Annual Horse Show is being sponsored by the Alger Post of the Veterans of Foreign Wars.

### St. Paul Hi-Lites

by PAULA BEAUPRE

Sometimes old ideas,  
Sometimes new—  
The teen-sters always  
Have something to do!  
Attention please,  
Now gather round,  
We'll show how St. Paul  
Goes to town!

Heading the list this week was the SPRING FESTIVAL at Pierce Auditorium on Thursday evening, produced by the Verse Choirs, Choral Groups and the Band.

Among the selections of the Junior Choral were "Dark Eyes," "I Love Life" and "To a Wild Rose." JUDY ATHMAN accompanied them on her Marimba. Later in the program, Judy favored the audience with a Solo.

The Boy's Choral then took over and presented "Duna" and Jerome Kern's immortal "Old Man River." The Junior Verse Speaking Choir then offered a few selections which were appreciatively received by the delighted spectators.

After intermission, the Senior groups took over, the Verse Choir presenting "The Congo," "Yeoman of the Guard," and "Daniel," the last, adding a speck of humor to the program.

The Senior Choral helped fill the entertaining minutes with "Out of the Silence," "Ave Marie." Then four couples participated in a square dance while the choral provided the words and music for "Skip to My Lou." The couples were Do Backman and Al Campenhout, Nan Stahl and George Heidt, Joan Weidman and Howie Meathe and Marty Mauer and Don Simpson.

A word should now be extended in congratulation to the Band members who did such a splendid job although none of them had taken music lessons previous to October, 1945. Some of those who

joined in "Banners Blue" and "Air Brigade March" were Nan Bergmann, Jerry Hollerbach, Jim Lee, Richard Limberg, Duane Streb, John Carpenter, Pat Hamlin, Dick Roland, Vince Oliver, John Hoey and Dick Hoskins.

Thanks should also be offered to our guest conductor, Or. Harry Seltz, who did a wonderful job.

Lots of kids were seen scurrying to the Crystal Ballroom of the Book Cadillac Hotel for De La Salle's Junior-Senior Prom last Thursday.

As the couples entered the room, they received programs which were fashioned in the school colors. The girls also received maroon strawstring bags with DLS and the year '47 printed on the front.

The dancers waltzed 'round to the sweet music of Jimmy Straus.

Enjoying themselves during the affair were Joan Beaupre and Jerry Moons, Pat Thibodeau and Bill Gouin, Danny O'Connor and Lois Liberty, Delores Berges and Bob Schanz, Joan Weidman and George Saad.

In the midst of a candle-light setting, a delicious dinner with chicken as the main course, was served to Beatrice Marchand, Mam Stahl, Ellen Boult, Jo Priziola, Pat Van Tom, Pat Rabaut, Jo Mannino, Joanne Athanson by THALMA PFFICHE.

The feast took place at her abode on Ashley Road and afterwards the girls amused themselves with an ever-essential talk-fest.

### U. of M. Offers Camp Program

Nearly 250 Michigan boys between the ages of eight and thirteen and fifty students from the University of Michigan will participate in a unique recreational and educational program at the University Fresh Air Camp, near Ann Arbor, this summer, June 16-Aug. 16.

The University students will serve as counselors for the camp, spending half-time as counselors and half-time in classes. The courses are education, sociology, and social work, and are intended primarily for graduate students.

Boys accepted for the camp come from Michigan's metropolitan areas, and are recommended by several co-operating social and case work agencies, including the Michigan Children's Institute and the Council of Social Agencies of Detroit.

The 300 acres of forest in which the Camp is located offer all the usual camping pleasures for the youngsters. There are 26 permanent Camp buildings, including classrooms, health office, main lodge, and the cabins in which the boys live. Each University student lives in one of the cabins and serves as counselor for eight boys.

### Neighborhood Club News

The next party for the new Neighborhood Social Club will be held this Friday at 8:30 p. m. The theme of the affair is the Cotton Shuffle. . . . Girls are wearing cotton dresses and fellows summer shirts. All fellows and girls 21 and over are cordially invited to attend.

The Neighborhood Club Summer Day Camp is filling up very rapidly and we suggest that if you have a boy or girl, ages 7-14, who would like to attend to register as soon as possible as only a limited number can be accommodated. The Camp runs from June 30 through July 30 on Monday, Wednesday and Friday from 9:30 a. m. to 3:30 p. m. College students majoring in Group Work, Art, Physical Education, or Music are needed for assistance in running the Camp. Please call Miss Masak Niagara 400 for further information. The Neighborhood Club is a Red Feather Agency.

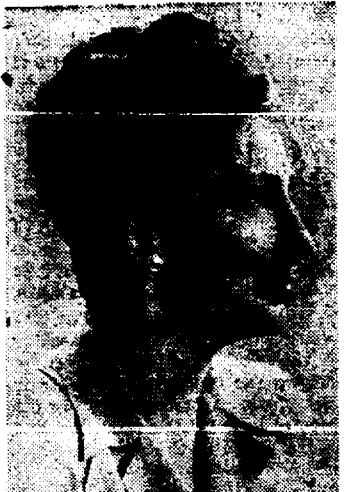

### Socialites Blue Book Announced

MICHIGAN'S BLUE BOOK — with its touch of gold added — makes its 1947 bow, reflecting the state's mounting population of socialites.

According to Mary Ward Dillon, editor, over 300 new names have been included and the list of Debutantes for the 1946 Season in the book's appendix has also lengthened considerably. To be accurate the new book lists nearly 5000 families, with Grosse Pointe being well represented.

Showing how widely-scattered Michigan fashionables are, books have been addressed to every state in the country as well as to Canada, Europe, South America and other foreign lands.

"The most decisive change in this edition," reflects the attractive titian-haired Miss Dillon, "is the absence of military titles." Keeping up with the military promotions and change of addresses during the war years was our biggest headache, so we're relieved that they are no longer necessary." Military titles have

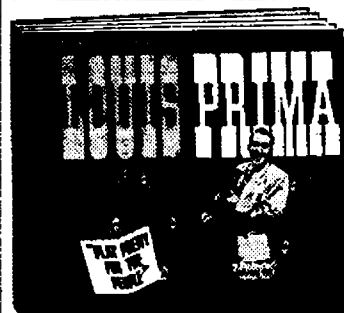

been brought up to date in the individual listings of this blue-book, although, after this year, Miss Dillon says it will be optional whether titles are kept or omitted.

The 1947 edition of the Register is dedicated to the book's sponsors, Mrs. Henry Bourne Joy and Countess Cyril Tolstol, of Grosse Pointe, and Mrs. Walter O. Briggs, of Detroit.

Mrs. Joy and Mrs. Charles Gay Maywood, of Saginaw, top the list registrants in the number of organizations they are affiliated. As in the past years, they split the honors about evenly.

To the question of "What is the purpose of the Social Register?" Miss Dillon replies that the book aims to include people who are active in social, club and philanthropic life and who may be considered leaders in their respective community. There isn't any attempt to cause snobbery in publishing this type of book. It serves its purpose as a glorified address book, making a convenient reference for a hostess in sending out invitations. New names are added annually, which are proposed by those already listed or by a secret committee.

In the fall, Miss Dillon will entertain with a sponsor luncheon, at which time suggestions will be made for the next Register.

### Woods Players Present First Stage Play

The Grosse Pointe Woods Players, an adult dramatics group sponsored by the Adult Education program of the Grosse Pointe Board of Education, will present their first production of three one-act plays on Friday evening, June 6, 1947 at eight-thirty o'clock in the Grosse Pointe High School auditorium.

The plays to be offered in this initial performance will be "The Bracelet of Dom" by Vivian Mayo, "Reciprocity" by Martha L. Levering, and "The Bad Penny" by Rachel Field.

### Betrothals Began Custom of Betrothal Rings

The first betrothal rings were used in Europe when men of Roman legions gave them to their girls as a promise to return. And like an echo bound from the hills of time, the custom of American soldiers, a thousand years later, was the recent war, again left on the fingers of girls in British Isles as a promise to return.

The idea of engagement rings first started when men of an era got tired of tying their girls with grass ropes. Instead they placed a ring of plaited grass on the girl's finger as a symbol of betrothal. Eventually they began to carve the rings from stone and raw metal. The desire for decoration led them to use emeralds and pearls, and a rough stone called adamas in the rings. It was from the word adamas that the modern diamonds and adamant are derived.

**MAN'S INTENTIONS**  
The genesis of the modern diamond engagement ring, though it no longer cannot be traced to a man's intention, indicates that the girl has been

### Musical Tests To Note Pupils' Skill, Interest

By JUNE CLEMENTS,

To accelerate interest in orchestra and unearth latest musical talent the music department of Grosse Pointe School recently administered musical aptitude tests to 211 seventh grade students. These tests, the first of their kind to be used at Brownell, constitute the initial step in a program designed to bolster the orchestra population.

The plan was formulated by W. R. Clemmison, Principal of Grosse Pointe High School, band director Dewey D. Kalember, and vocal instructor John Finch. By encouraging junior high students to adopt string instruments they hope to insure a steady flow of talent to strengthen the orchestra. It will also prove an effective stimulant for lingering band recruits.

The tests, devised by a commercial instrumental house, reveal strength and weaknesses in pitch, vision, tempo, rhythm, melody recognition, cords and mathematics. They serve as barometers of musical adaptability but cannot predict the degree of success the embryonic musician will attain. Skill and perseverance determine this.

The graded tests accompanied by explanatory letters have been mailed to the parents of those students who scored average or above average marks. Ninety percent of the test-takers displayed promising musical ability.

As a follow through Mr. Kalember plans to enlist his string students to demonstrate the violin, viola, cello, and bass at a meeting to be held at the high school on Monday, June 9, at 8 a. m. in room 215.

The orchestra formerly convened in sessions held during lunch hour. Beginning next fall Mr. Kalember will conduct a four period a week all string class. Many students have already expressed a desire to enroll in this class.

### Lutheran Church Marks 100th Year

In celebration of the one-hundredth birthday of the Lutheran Church in America, the Day School and Sunday School children of Bethany Lutheran Church, East Outer Drive and Chatsworth, will present a program of song next Sunday in the service beginning at 10:30 a. m.

"Built on a Rock" is the theme of the song service in which hundreds of school children, of all ages, will participate. The program is under the direction of the school teachers of Bethany School and Mrs. Henry Renhold, Superintendent of the Primary Kindergarten Department.

Vicar Walter Riess will deliver a brief message for this Centennial Song Service. His remarks will be centered, appropriately, on the past one-hundred years of the existence of the Missouri Synod.

The Senior and Junior Choirs, under the direction of Mr. Walter Matthes, will also sing.

### Bride To Be

FOLLY McCALL MURRAY

Mr. and Mrs. G. H. Murray, of Eveleth, Minn., announce the engagement of their daughter, Folly McCall, to Norman J. Nicholl, Jr., of Ann Arbor. Norman is the son of the Norman J. Nicholls, of Nottingham Road. The couple will be married in the fall.

Carson C. Grunewald, 907 Fisher and William C. Healy, Jr., 589 Lincoln were among the 293 new student members of the University of Michigan chapter of Phi Kappa Phi, who participated in initiation ceremonies, last Thursday.

No fish live in Great Salt Lake, Utah, because the average salinity is almost six times greater than that of the oceans.

### Pointe Church Is Scene Of May Wedding

At a 4 o'clock ceremony Saturday, May 31, at Christ Church, Grosse Pointe, Susan Peebles, daughter of Mrs. Robert D. Peebles, of Coplin avenue, and the late Mr. Peebles, became the bride of Eugene Sgiterise Wetmore, son of the Dwight F. Wetmores, of Rochester, N. Y.

The Rev. Francis E. Creamer officiated.

For the informal ceremony the bride wore a dressmaker suit of pastel blue gabardine, fashioned with a peplum. Her hat was of white flowers and straw and her accessories brown. She carried a colonial bouquet of white stephanotis and lilies of the valley.

Her only attendant, Dorothy Ann Comerford, wore a pink gabardine suit fashioned along the same lines. Her hat was of matching shades and her bouquet blue iris. She wore navy accessories.

Robert Wetmore, a brother of the bridegroom, was best man.

A reception at the home of Mrs. Harry C. Brooks, of Nottingham road, followed the ceremony. The young couple left later for a honeymoon at Sky Top Lodge in the Poconos Mountain.

The majority of birds have four toes on each foot, three in front and one behind, however members of the woodpecker and parrot families are voke toed; meaning two toes point forward and two backward.

### Honeymooners Choose Georgian Bay Cruise

Always popular with honeymoon couples, Georgian Bay Line should break all records this summer as cruise host for newly married couples, according to E. J. Goebel, vice-president and traffic manager, Chicago, Duluth and Georgian Bay Transit Company.

More advance honeymoon reservations have been made than in any previous season, Goebel reports, with no particular preference shown for any one of the

many Georgian Bay cruises. The sister ships of the line, South American and North American, open the regular cruise season during the week of June 15 with all-expense, seven day cruises. Mid-week and week-end cruises from Detroit will also be provided.

### Mr. Penny's Ghost Keeps Joe Busy

Joseph Tenbusch of 409 McKinley Road, is Properties chairman for the forthcoming Catholic Theatre Children's Stage production of "THE GHOST OF MR. PENNY." It will be presented at the Art Institute on Friday, June 13 at 4:15 p. m. and on Saturday, June 14 at 10:30 a. m and 2:30 p. m.

Joe has been a member of The Catholic Theatre for less than a year but during that short period of time his activities have been many and varied. He worked on properties for "Sherlock Holmes," "Rumpelstiltskin" and "Little Women" as well as helping in the scene shop and assisting the technical department in moving shows from the scene shop to the theatre.

"The Ghost of Mr. Penny" is a delightful comedy-mystery especially written for youngsters but it has a plot that will interest grownups as well.

Tickets may be obtained at The Catholic Theatre office, 1234 Washington Blvd. or by phoning CADillac 1700.

### Ladies Guild Sets Desert Card Party

The Ladies' Guild of Salem Memorial Lutheran Church, Moross Road and Chester, is sponsoring a Desert Card Party in the Auditorium of the Ernest Kern Company on Tuesday, June 10th, at 12:30 p. m.

The Committee, with Mrs. Melvin Neumann as chairman is arranging an enjoyable afternoon for all who plan to attend. A delicious dessert will be served and there will be door and table prizes.

Tickets may be purchased or reservations made by calling Mrs. Eugene Schaening, AR. 2204. Everyone is cordially invited.

**Sportsman's Club Plans Annual Picnic**

The 4,500 members of the Wayne County Sportsman's Club are looking forward with interest to the Club's Second Annual Picnic and Bar-B-Cue to be held at Capitol Park, Telegraph and Sibley roads, Sunday, June 15, and the regular monthly membership meeting to be held at the American Legion Memorial Home in Dearborn, Wednesday evening, June 11. Claude E. "Parm" Parmelee, nationally known shooting expert is on the program with an exhibition of marksmanship and movies of his hunting and fishing adventures.

"We are going to have pollution in the Detroit River this summer, but less than last summer and next year there will be a lot less," Jack Frost of the Stream Control Commission, told Club members at the May meeting. He showed the anti-stream pollution colored movies "Clean Waters" and colored movies of pollution along the Detroit River shoreline taken from the Commission's river patrol boat. Frost is in charge of the Wyandotte emergency field office and boat, made financially possible last fall when the Wayne County Sportsman's Club put an emergency \$25,000 appropriation through the Little Legislature.

The State Senate has approved an increased appropriation from \$44,000 to \$79,000 for the Stream Control Commission and a rented patrol boat was placed in operation on the river last week pending delivery of a new boat for permanent use by the increased personnel of the local field office which will now be permanent.

The organization meeting of the Junior WCSC was held at the American Legion Memorial Home in Dearborn, Wednesday, May 21, and temporary officers were elected. The second meeting of the Juniors will be held Wednesday evening, June 18. Ten of these boys will receive a week's free vacation at the Michigan United Conservation Club's Junior Conservation Camp at the Allegan State Forest as the guests of the WCSC and the River Rouge Savings Bank.

Preliminary plans are being made by the WCSC to take disabled war veterans from the Dearborn Veterans Hospital at Dearborn on fishing trips on the Detroit River and Lake St. Clair. Automobiles and cabin cruisers will be furnished by WCSC members.

**Newhouser To Teach At Clinic**

Hal Newhouser, ace of the Detroit Tigers pitching staff, and generally regarded as the top southpaw in baseball, will head the pitching clinic sponsored by The J. L. Hudson Company and the Tigers.

Selection of the ace southpaw to teach pitching tricks to the assembled high school and American Legion Junior Baseball coaches of the state was made by A. J. (Wish) Egan, clinic co-director.

Newhouser, himself a graduate of American Legion ranks, has long been interested in bettering the baseball position of teen-aged youth, as shown by the work of the Hal's Pals club and by his willingness to contribute to any project or organization aiming to better sports conditions for youth of high school age.

Newhouser has been one of the top pitching performers in the majors for the past several years, having won 80 games during the 1944-45-46 seasons alone. He will be joined by Paul (Dizzy) Trout, Al Benton, Hal White and Stubby Overmire, other Tiger hurlers, on the pitching faculty for the clinic.

Three-day coaching school, to be held in Briggs Stadium June 26-27-28, is open to all high school and American Legion Junior baseball coaches of Michigan. There is no fee.

**G.P. Tennis, Golf Squads Journey to Kalamazoo**

By **KEN VENDERBUSH**

Both the Blue Devil Tennis and Golf teams will journey to Kalamazoo for the State Tournament this weekend.

In the recent Tennis regionals held here May 23 and 24 against Ferndale, Mt. Clemens, and Royal Oak, the Devils' Tom Willison and Paul Grubbs defeated teammates Broadbridge and Stritzinger in an all-Grosse Pointe final. Both teams will compete in the State meet.

Dan Guy will be the only GP player in the singles competition having taken second in the regionals.

Last year in the State meet, Willison and Grubbs were runner-up in the doubles, losing only to teammates Butch Skau and Ax Jemal who have since graduated. So Tom and Paul are expected to win the doubles championship this year.

Vic Braden, Monroe's star, has won the state singles championship for the last two years and is almost certain to win it again this year. Last year, Jim Kennedy, former Grosse Pointe netter, was narrowly beaten by Braden in the State meet.

This year's meet will be played in Kalamazoo College's newly completed, \$50,000 tennis courts.

Having placed second behind Royal Oak in the State regional golf tourney recently the golf team will also try their skill in a state meet in Kalamazoo, Saturday.

The Pointe team is composed of Bob Olson, who was medalist in the regional with a score of 78; Bob Hanson, who shot 95; Bill Gallagher, who came out with a 97; and Jack Quinlevan who got 104.

Bob Zinn, is the past Royal Oak's star and usually one of Olson's main rivals, was not even low man on the winning Royal Oak team, shooting 90.

**Sandlotters Hope for Break from Weatherman**

The Class B teams of the Grosse Pointe Baseball League will play two games Sunday if they receive just a little co-operation from the weatherman.

Gragg-Scherer meets St. Clair CYO at 1 p. m. and Bob's Drugs faces Wolverines at 3:30 p. m. Both games are scheduled at Grosse Pointe High School's field.

**EDSALL STARS**

In the Class E division games this week, young Harold Edsall, Tom Boyd's pitcher, emerged as the "Sandlotter of the Week," when he fanned 14 and allowed but two hits as his team beat East Warren 7 to 6.

All the runs scored against Harold were unearned.

In the other game this week Grosse Pointe Valets came up on the right side of a 11 to 7 score to beat Kiwanis.

Ten delegates elected to represent Detroit's 2,500 Y-Teens will leave June 14th for the Michigan Summer Conference of Senior High-Y Teens at Camp Tyrone near Fenton, Michigan. With the delegates will go two members of the Detroit YWCA staff, Treva Goings and Eleanor Stehman.

## Boys' Softball Loop Announced

The season will get underway after schools close later this month.

If a diamond is structurally perfect and pure white, it will become invisible in a glass of water.

## St. Paul's Nine Wins, Loses

The St. Paul baseball team broke even in its last two encounters, trouncing St. Vincent 7 to 2 and losing to St. Charles 6 to 0.

The first contest saw Don Williams, St. Paul, hard hitting right-fielder, emerge as the star of the game. His two hits accounted for three runs. He also scored once.

St. Charles' pitching ace Don Hewson, held St. Paul to one hit as he shut them out. The lone hit, a single, came off the bat of Art Smith.

St. Paul, with an average of four wins and three defeats, is

scheduled to complete the season with St. Rose. The time and place of this game was not available at this writing.

The science of changing chemicals into electricity has resulted in the development of a new Eveready general purpose flashlight battery with twice its former capacity.

A diamond will glow in the manner of luminous paint after exposure to sunlight or in the presence of radium.

## Softball Out, Lose

Neighborhood Girls Softball appeared nervous as it debut on the diamond, this afternoon at Atkinson. The game was a loosely played game to the Heel and Toe Club. The game marked the first start of a new team in the Detroit League.

The trouncing Coach Mousakostas felt that with a more practice his team will hold its own in Motor competition.

"Although we lost, we have the makings of a good squad," Mousakostas said after the game. Encouraging was the performance of Pitcher Bonnie Bauder and catcher Margaret Noe, whose accounts for three of the runs.

Players who showed at the plate were Flora St. centerfielder to Gladys Louine, second baseman, scored a run after hit sharp angles. The team will play its second game next Tuesday.

Boys, Girls Musical Recital. Voice and Violin students Edward Kneggs, Muriel Ben and Hans Beck will be present in recital on Thursday, 8th at 8:00 p. m. at the Grosse Pointe School of Music at E. Jefferson Avenue. Mrs. Chapman will be the accompanist.

**Palestine  
Refugees  
Play at U of D**

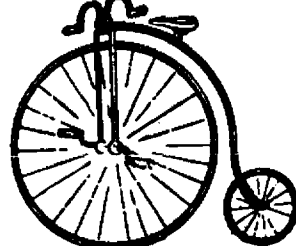

From the barbed wire and mar-  
tial law of strife-ridden Palestine,  
the Hapoel Soccer Team, six times  
holders of the Palestine Soccer  
Cup, will wind up its good will  
tour of the United States in De-  
troit on Sunday afternoon, June  
15 in the U. of D. Stadium. They  
will play the North American All  
Stars made up of outstanding  
players picked by the North  
American Soccer Association.

The team has already enthus-  
iastically received in New York  
and Chicago where they played  
starrer games. A motorcade tour  
of New York, witnessed by more  
than 1,000,000 New Yorkers, fol-  
lowed with a formal reception by  
the Mayor, marked the arrival of  
the team from Palestine. Then  
they made soccer history when  
they played before a crowd of  
almost 50,000 in the Yankee Stadi-  
um, beating a select All Star  
Team by the score of 2-0.

In Detroit, also, enthusiastic  
plans are being made for their  
reception. Mayor Edward J. Jef-  
fries heads the list of sponsors,  
which includes Jewish and non-  
Jewish community leaders repre-  
senting industry, labor religious  
groups and all important comu-  
nical organizations.

Tickets are on-sale at the Pal-  
estine Hapoel Soccer Committee  
headquarters, 11816 Dexter.

For information, call the Hapoel  
Committee, TO. 9-7180.

Michigan, of the face amount of \$43,000.00 will  
be received by the undersigned at the Township  
office in the Village of Grosse Pointe Park,

The Mother's Health Education  
Council held their annual meeting  
at the Grosse Pointe Board of  
Education Library on St. Clair,  
Friday, May 23rd.  
Dr. E. O. Jodar was guest  
speaker and gave a very timely  
talk, with summer vacation just  
ahead, on "Pediatric Emergen-  
cies."  
"Most pediatric emergencies oc-  
cur in the home," he said, "or at  
least in the presence of parents.  
Thus the building of a house and  
the selection of the objects which  
go into it will be well repaid in  
the prevention of accidents. The  
choice of such appliances as wash-  
ing machines, high chairs, and  
tamps should be made with the  
thought of the children in mind.  
Outside the home trouble arises  
most frequently from the improp-  
er use of matches, knives, bi-  
cycles, automobiles and swimming  
facilities."
