Nine year old Brian Flaherty, 37 Neff, scoffed at being afraid of a buck on Friday, the 13th. He is not superstitious, he is just to have said.

However that day turned out to be a very one for young Brian. He was playing ball at Maire school, he was struck with a baseball bat.

Slowly recovering from shock of the pain that the blow left, he told police who brought him to the hospital that hereafter he would never let his fingers crossed on every day of his life.

Health Department Conducts X-Ray Survey

Check-Up Urged By Dr. Davies

Every person over 15 years of age is urged to have an X-ray taken to ascertain his chest is normal.

The advice is that of Dr. Thomas S. Davies, Grosse Pointe Township Health Commissioner, whose department is conducting an "X-ray survey for residents of Grosse Pointe."

A trailer from the health department will be at 19253 Harper at Washtenaw on Monday, June 23 from 1 to 5 p. m. and on Tuesday, June 24 from 1 to 8:30 p. m.

CELEBRATE SILVER ANNIVERSARY

Thursday, June 12 marked the 25 wedding anniversary of Grosse Pointe Police Lieutenant and Mrs. Arthur Van Becelaere, of 510 Notre Dame, who are shown gathered around the anniversary table with their children. From left to right they are Phyllis, Lt. and Mrs. Van Becelaere, Loretta and Donald.

G. P. Boys On 8,000 Mile Trek

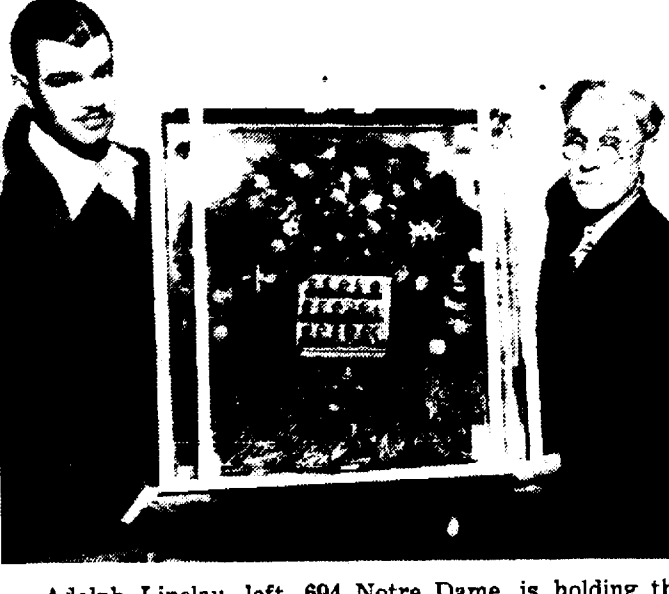

A group of Grosse Pointe youths will leave the comforts of their homes Friday morning to begin an 8,000 mile "rough it" jaunt across the country and into Canada.

Traveling in four station wagons and two trailers, the group will visit 13 states, two Canadian provinces, five American National Parks and five Canadian National Parks. They are scheduled to return on July 25.

Chet Sampson, of 446 McKinley, who has been making such trips since 1940, is the leader of the young adventurers.

He said the boys will sleep in sleeping bags, and do their own cooking and laundry. Their clothing is limited to blue jeans and T-shirts.

TRIBUTE TO 17 WAR HEROES

Adolph Linclau, left, 694 Notre Dame, is holding the memorial wreath which Isidore Ameys, right, 15004 Mack, will take to Belgium in tribute to the country's 17 heroes who were executed for their underground activity by the Nazis.

To Build Homes In Woods

A multiple dwelling project costing approximately \$350,000 and housing 39 families was approved by the Grosse Pointe Woods council Tuesday night.

The development will be the north side on Vernier road between Lakeshore and Marter.

The project was submitted by Mr. Leonard E. Willeke, 1142 Bishop, architect and builder.

He said his plans have been approved by FHA who he hopes will finance the development. He will meet with the FHA officials Friday to complete details of the project which members of the council describe as one of the most beautiful home developments ever presented to them.

FEATURES

Outstanding features of the project, which Mr. Willeke plans to call "Lee Terrace" are:

39 homes, each individually designed with a living room, dining room, two bed rooms, bath and fire place.

Each living room will have a 12 foot wide bay window.

All the homes will be faced inwards towards a large monumental garden.

Each home will be 21 by 23 feet, some will be two stories others will be one.

LARGE FRONTAGE

It will have a frontage on Vernier road of 365 feet.

Shell like garages, which will house eight cars will be built to add beauty to the project.

He said that he would have his own maintenance men to work on the landscape and gardens of the property.

Mr. Willeke said that if plans go according to schedule he plans to begin building sometime in August, and that some of the homes will be ready for occupancy within six months.

The village and township will realize approximately \$5,000 annually from taxes on this property.

Box Top Brings Prize to Pointe Woman

Trading a box top for \$10 is good business—when you're on to receiving end of the currency, according to Mrs. Leslie Young, 778 Rivard boulevard.

Mrs. Young received a check for that amount from Swift and Company for her entry in the recent \$25,000 contest to complete a jingle on the company's new all-purpose shortening, brand lard. Her entry blank came from Kroger Grocery & Baking Company, 16919 Kercheval, Grosse Pointe.

Nine hundred and ninety nine other women throughout the product's sales territory received checks for the same amount.

The contest's grand prize—a trip around the world for two or \$10,000 in cash—was won by Mrs. Charles M. Fay of Bristol, Rhode Island, while Mrs. M. R. Cowper of Kingston, N. C. and Mrs. C. H. Schroeder of Oak Park, Ill. each was awarded a 1944 deluxe Ford sedan as second and third prize.

There were 25 winners of \$100 prizes.

Nearly 400,000 entries from women over 16 were judged on the basis of originality, suitability and aptness of thought. The contest was staged in connection with the forthcoming announcement of a new name for the revolutionary product which has put lard back on top of the shortening list.

Council Takes Action To Sell Salvage Plant

The Grosse Pointe City council took action Monday night to dispose of its salvage plant on Warren at Radnor.

Two factors determining the council's action are:

The property on which the plant is located has been sold and the plant must be removed by September 1.

The village is losing money by operating its own salvage plant.

The disposing of the salvage plant to the highest bidder marks the end of another war era condition which saw the village use the plant to aid the country in the salvage of waste material.

The salvage of paper and other material during the war years brought fancy prices to the village. However, the prices have fallen to more reasonable levels and as a result the council reported that the village has been losing money operating its own plant.

Residents of the village will be asked to burn as much of their waste as possible, the rest will be trucked to the village dump at Quinn road. Additional trucks will be purchased to assist in this waste disposal.

Mayor Netting announced that two men who were employed at the salvage plant will be transferred to other public works projects.

LIFE MAGAZINE

Sampson, whose tours have attracted Life magazine and metropolitan daily newspapers, expects to leave on a second tour early in August.

Following are the names of the local boys who are making the trip: Bob and Bill Bokram, Hank Wilson, Barry Munro, Harvey Reyst, Phil Droll, Bill Hamilton, Vic Hughes, Stu Ward and Doug Ramsay.

Also from Grosse Pointe are Phil Robertson, Don Drader, Pete Giblin, Post Fordon, John Hartzell, Dick Arnold, Jim Voorman, and Jim Williams.

They will be joined by 14 youths from Southeastern Michigan, Ohio and Massachusetts to bring the total making the trip to 32.

The boys will leave from the campus of Grosse Pointe High Friday morning.

Pointe Cobbler Takes Wreath To Belgium

A little shoemaker who operates a shop in Grosse Pointe is a national hero in the eyes of the citizens of Tiel, Belgium.

Isidore Ameys, 62, who lives above his shoemaker's shop at 15004 Mack, will return to his native town by plane Friday morning after 35 years in America.

HOLIDAY

The town will declare a holiday on this day for Ameys will bring with him funds to purchase a memorial for the town's war heroes.

It all started when the little cobbler read in a Belgium newspaper that the people of Tiel were trying to raise money to build a small memorial to the 17 men, members of the underground who were executed by the Nazi.

The little cobbler who hasn't seen his five children since 1913 contributed \$25. He passed the story along to Adolph Linclau, 694 Notre Dame, together this pair raised close to \$1,000 dollars among their Belgium-American friends in Grosse Pointe and Detroit.

On Sunday afternoon Ameys amidst ceremonious rites will present to the Mayor of Tiel the money and a special wreath from their friends in America.

After a reunion with his family and friends the highly patriotic Ameys will leave his birthplace in July to return to his store in Grosse Pointe with a heartfelt of stories to tell his friends.

Pointer Faces Assault Charge

Charged with felonious assault, Frank Zbyszanski, 51, 1053 Beaconsfield, pleaded not guilty when he was arraigned before Judge Victor DeBaeke in Grosse Pointe Park court Tuesday morning. Examination was set for June 27.

Mrs. Lichward revealed marks from the attack on her shoulder.

According to police the trouble started when Zbyszanski, who lives below Mrs. Moore's flat attempted to curb loud noises coming from the upper residence.

Coast Guard Sets "Boat Inspection" Drive

Though the inspections are not mandatory this year plans are being completed by the Auxiliary to make the "check-up" compulsory in 1948.

The inspection consists of a check-up of all equipment which is regularly required to be carried by the various classes of motor boats, and of equipment not mandatory by law but required by good seamanship for safety.

INSPECTION HOURS

Coast Guard crews will conduct inspections at the following stations: Grosse Pointe City pier, Grosse Pointe Yacht Club, Crescent Boat Club, Saturday and Sunday, June 21-22 Miller's Harbor and Michigan Harbor, Saturday, Sunday, June 28-29.

Inspection hours are from 1:30 p.m. to 8:30 p.m. on Saturday and 9:30 a.m. to 8:30 p.m. on Sunday.

The Coast Guard station at Belle Isle will also inspect boats daily from 6:30 p.m. to 8:30 p.m. and on Saturday and Sunday during the aforesaid week-end schedule.

All boat owners are urged to take advantage of this "courtesy inspection" to avoid having defective equipment when the enforcement of the motor boat rules and regulations become rigid.

SAFETY'S SAKE

He said the inspection is for the purpose of enabling owners to get their craft in proper shape and thereby protect the lives of themselves and guests.

HONORED

All motor boats passing this inspection will receive a decal to be pasted on the windshield of the boat. The decal will be honored by the regular Coast Guard.

If the boat fails to pass inspection the owner will be given the check-up report so that he can arrange for correction of the deficiencies and return the craft for a future inspection. No disciplinary action will be taken at this time.

Zoning Amendment Approved

The Grosse Pointe City council will advertise for bids on the Mack avenue widening project this week.

The announcement was made by Prescott G. Brown, village engineer, Monday evening following the council meeting at which time the council passed the Mack avenue zoning amendment without any restriction of clauses.

WORK SOON

Mr. Brown said that he hoped to get the project underway by next month.

The amendment affects owners on Mack, Loraine, Notre Dame, St. Clair, Neff and University Place.

The major development of the amendment is that the Mack avenue business zone will be 100 feet perpendicular to Mack, with 150 feet of parking space at the rear of the buildings.

The final passing of the amendment as submitted by the Building-Zoning committee comprised of Chester F. Carpenter, Sidney H. Morgan and Thornton Waterfall, marks the end of meetings and hearings regarding the issue.

LOWERY PROTESTS

Chief protester to the zoning change was Lester Lowry, who owns property on University Place adjoining the Stalen estate. He feared that cars would be parked on his property.

The new zoning ordinance is the result of the Wayne County pending most of the village property along the Mack avenue area.

IMPROVEMENTS

During the meeting the council also approved plans to spend approximately \$55,000 on improving the pavements on Caroleen Place between Cadieux and Notre Dame and other streets.

A special committee studying conditions of other streets will recommend improvements.

 "WE LEAD, OTHERS FOLLOW"

THE RULES UNDER WHICH WE LIVE
 In a long editorial on the Senate labor bill, the New York Times said: "The history of this country has demonstrated that every so often one group or another has attained under the existing laws powers which threaten the preservation of our free society, and that the condition has been rectified by revising the rules under which we live."
 There are two outstanding examples of that. Many years ago it became apparent that certain segments of American business had obtained monopolistic powers which threatened the common welfare. The people, acting through their Federal and local governments, corrected this through a long series of laws, beginning with the anti-trust statutes.
 The second example is the headlines today. Labor is in much the same position as was capital at the turn of the century. A small number of labor leaders have obtained powers which are a direct and growing threat to all the people of the country—including the workingman himself.
 A democratic country must correct these abuses—if democracy is to survive. The American people have had enough of labor monopoly, labor dictatorship, labor arrogance, labor terrorism. They have determined that no one shall have the "right" to deprive the country of essential goods and services by fiat. They have determined that the workingman shall have a free voice in the conduct of union affairs. They have decided that the closed shop is intolerable in a supposedly free country. This is not an "anti-labor" movement. It is a movement to force labor to accept responsibilities commensurate with its powers.

WHERE IS THE MONEY COMING FROM
 Just how much "social security" can the people afford? That question inevitably rises in connection with proposals for nationwide compulsory medical care.
 One study estimates that compulsory medical care could be financed by a 4.5 per cent payroll tax—which in itself is no small item to people whose take-home pay is now seriously depleted by various deductions. And this study is based on last year's national income, which hit the stratospheric figure of \$161,000,000,000. A child can imagine what would happen in a period of depression, and its sharp decline in payrolls.
 Furthermore, in every country where compulsory medical care has been tried, costs have inevitably outrun estimates—and by a wide margin. For one thing, the system is usually extended to pay cash benefits for wage losses resulting from temporary disability. More and more services are demanded and given. People demand medical attention whether they need it or not, on the grounds that they are paying for it and might as well get something back for their money. Some authorities are convinced that compulsory medical care in this country would cost \$6,000,000,000 a year—and perhaps substantially more.
 Compulsory medical care would impose a tremendous burden on the workers and employers of the country—and in all probability would impose an additional burden on the public treasury which would be called upon to make up deficits. It is the wrong approach to a problem which is being rapidly solved by voluntary medical prepayment insurance plans.

'Belgian Kermesse' Outing Set For Sunday, August 3

Further plans for the "Belgian Kermesse" were announced by President Raymond DeRyck at the last Board of Directors meeting of the Belgian American Business Men's Association.
 Mr. Leo Teestaert, chairman of recreation, stated that many games and races would be held for the children and grown-ups. Prizes will be given to winners of all the races and games. Mr. Teestaert appointed Henry L. Huvere and George J. Vrdonck in charge of softball and golf respectively. Mr. Huvere stated that arrangements had been made for a B.A.B.M.A. team to oppose the local Roose-Vancker American Legion team. This would probably be a resumption of a softball series that began last year between the two organizations.
 In last year's games the B. A. B. M. A. won two games from the Legionaires by scores of 7-1 and 9-2 but the tables may be turned this year as the Roose-Vancker crew has several new faces.
 A "Kickers" gold tournament will feature the morning program of the "Kermesse." It is the second annual tournament of the club. Several fancy prizes have been donated.
 The "Belgian Kermesse" which

is the annual outing of the B. A. B. M. A., will be held on Sunday, August 3rd, at Paris Park, located on Utica Road, seven miles north of Gratiot and just beyond Rammer Golf Course. The "Kermesse" is a copy of the old country festivals and has proven to be very enjoyable and popular by many Easterners. In addition to old time activities, a modern 12-piece swing band has been signed for dancing.
Yale Honors Callaway Baze
 Sixteen students from Michigan were among the 1700 candidates for degrees at Yale University's 246th Commencement held Saturday, June 14, through Wednesday, June 18.
 Included in the Michigan group was Callaway Baze, son of Mr. and Mrs. Louis M. Baze, of 430 Lothrop.
 Callaway, who served with the army for more than three years, in the recent conflict, received a Bachelor of Arts degree.
 The five-day program was marked, for the first time since 1942, by the resumption of the traditional Senior Class Day exercises, which took place on Sunday afternoon, and the Yale-Harvard crew races, on Wednesday at New London.

Summer School Plans Announced

Plans for the summer school session have been announced by Mr. W. R. Cleminson, principal. The summer term will commence on Monday, June 23, and conclude on Friday, August 15. Any student in grades 3B to 12A will be eligible to enroll provided the course he or she desires is being offered.
 A tentative plan of the anticipated courses has been developed based on last summer's schedule. It is subject to change, however, if the enrollment in any class is insufficient.
 More difficulties arise usually when too many rather than too few enroll for a certain class. As a result of this, anyone desiring admittance should make it a point to settle his summer schedule as soon as registration allows.
COURSES LISTED
 The following courses will be offered in all probability: All mathematics courses from third through twelfth grade will be given. Only one science course, Physics I-II, will be offered.
 Three language courses, French II-IV, Latin I-IV, and Spanish I-IV are planned plus junior and senior high school English and Reading and Spelling, 3B through 6A.
 Completing the list are the Social Studies, 7B through 8A, Civics I-III, History I-IV, and Economics; and courses in institutional music and typing I-IV.
MORNING ONLY
 Summer school classes are scheduled for morning hours only. The summer school days last from 8:00 a.m. to 12:40 p.m., and this time is divided into class periods of one and one-half hours each. Students are required to be present only during the periods in which their classes meet.
 The school believes that each individual should be restricted to carrying a maximum of thirteen hours where credit is expected.
 Exceptions are made and students are allowed by special permission to have fifteen hours. This permission is given however, only to those taking a course for no credit, or those who have already obtained a passing grade in a course.
 Registration will be held Friday, June 20, from 2 to 5 o'clock in room 114; Saturday, June 21, from 9 a.m. to 12:30 p.m.; and Monday, June 23, 8:00 to 4:00 p.m.
 Non-residents will be accepted, although preference will be shown Grosse Pointers. There will be conditional acceptance only to non-residents until 3 p.m. o'clock Monday, June 23.
 Upon registration, Grosse Pointe residents are requested to pay a fee of seven dollars per course, non-residents, fourteen dollars.

The teachers instructing during the summer session will be: Mr. Keath Carstena, commercial; Mrs. Beulah Crockett, Mr. Kenneth Gittens, and Miss Gladys Vance, elementary; Mr. Stanley Cook, Mr. Alfred Harris, Mr. Ralph Steriek, and Mrs. Eunice Westfall, English; Miss Gladys Myers, and Mr. Edwin Orwid, foreign languages; Mr. Glenn Bray, Mr. Harvey Christenson, and Mrs. Belle Prom, math; Mr. William Ferry, music; Mr. Howard Case, Mr. Custer Homeier, and Miss Gail Wog, social studies.

Farms Approves Tax Adjustment

Owners of the Township's Ridgmont Subdivision in the Farms have filed a request for an adjustment in their 1947 taxes, levied on the above property, for reason that assessed values were fixed as comparable to surrounding improved properties. The subdivision is still not fully improved at this date.
 When the assessment became known to them they appeared before the Township Board of Review where valuations were adjusted to \$400.00 per lot for this year.
 Members of the Village Board of Review feel that an error has been made and approve an adjustment.
 The adjustment represents a reduction of valuations from \$31,100 to \$13,900, a tax adjustment of \$185.29.
 The institute of short courses at Michigan State college handled 38 short courses and conferences for 7,785 persons during the school year just completed.

Teen-Torial

Editor's Note—Teen-Torial expresses views of today's Teen-agers. Boys and girls are invited to contribute to "Teen-Torial" which will appear periodically in this newspaper. This week's column was written by Sally Nacy, who was recently graduated from St. Paul's High with outstanding honors.
 By SALLY NACY
 The teen-agers are constantly in the lime-light these days. Probably it is because of the War and the accent on juvenile delinquency. Everywhere you go, people talk about the younger generation. Some say the young people of today are worse than they've ever been while others say that they are no worse than their parents when they were young. What do you say?
 Sure, the teen-agers wear blue-jeans and plaid shirts but what's wrong with that? The parents are always complaining about how dirty the kids get their clothes. Besides, it saves a lot of wear-and-tear on their good clothes. The parents of today wore bloomers and blouses when playing so what's wrong with teen-agers of today wearing jeans and plaid shirts? Just because the fashion has changed a little is no reason why the teen-ager should be condemned. Also, when the young people of today go out on a date or out with their parents, they dress up. They dress to suit the occasion.
 NO SLANG
 Another thing is the language the teen-agers use. Any of you who think that the teen-agers use such expressions as "greetings, gates" or the like should listen in on a teen-age conversation sometime. They use the same words and expressions as any other Americans. Of course, they use some slang but doesn't every young generation have some words which belong strictly to its own vocabulary? What's so strange about that?
 Now we come to music. Immediately you say that the young-sters belong to a jivey generation. That isn't so. There are only a few from each school that like jive and jitter-bugging. The majority of the kids like plain popular music. Maybe they don't care too much for waltzes but they do hit the happy medium. Recently, at a dance given by one of the schools, the orchestra constantly played fast pieces or "jive." There were many complaints and finally the orchestra began to play slower pieces because of popular demand. That shows that the teen-agers of today do not like jive.

CLEAN FUN
 As far as entertainment goes, the teensters like the same things that were popular years ago. They like dancing, swimming, ice-skating, bowling, boating, hiking, weiner-roasts and parties. Groups get together and make up a party. No matter what they're doing, teen-agers always manage to have a good time. These so-called "beer parties" are few and far between. With few exceptions, teen-age entertainment is just good, clean fun.
 Teen-agers are serious about important things. Just ask one of them what he intends to do after graduation. They have big ideas and they're working toward their goals. They're preparing for the future but they're having a little fun while they're doing it. They know that competition for the better positions is getting greater and greater and they're preparing for it. Those who can will go on to college and the others will prepare as well as possible in high school.
 Students are working in school as can be seen by the lists of honor students. Honors aren't just handed out. Students work and work hard for them. It isn't the easiest thing in the world to graduate with a B or an A average. It takes diligent work and study. Yes, the younger generation of today knows when to work and when to play.

Hints On How To Keep 'Junior' Busy And Safe

Helpful hints on how to keep "Junior" busy and safe during the summer months were released by Hollis Vick, secretary of the Group Work and Recreation Division of the Council of Social Agencies, as Grosse Pointe schools prepared to close.
 "Wholesome educational and recreational opportunities are offered during the summer months by many Community Chest agencies in Metropolitan Detroit," Miss Vick said. "Among these are settlements and community centers, the 'Y's', Scouts, Camp Fire Girls, Boys' Clubs, CYO, Youth Hostel Groups, day-camps and out-of-town camps as well as totlots and playgrounds.
 Miss Vick suggested that this list of rules for both adults and children be observed to insure safety and health:
WEAR HATS
 1. Don't get too much sun. Acustom yourself to the sun gradually. Adults should be careful about going without hats.
 2. Don't swim alone whether you are a child or adult. Always have a "buddy" along. Don't stay in the water too long. Never go swimming sooner than an hour after meals and it is better to wait two hours.
 3. Don't go boating unless you can swim or unless there is an experienced swimmer with you.
 4. Know the source and purity of the water you drink.
 5. Don't scratch mosquito bites. Use a soothing lotion to stop the itching.
 6. Don't neglect a summer cold. Stay in bed, eat lightly and get plenty of rest.
POISON IVY
 7. Learn to recognize and avoid poison ivy.
 8. Enjoy your vacation by doing something different from your every day activities but be sure to choose an activity that is not too great a stress on your physical powers.
 There are many Red Feather agencies of the Community Chest as well as public agencies of Detroit which offer summer programs, Miss Vick stated.
 Community Information Service, a Red Feather service, at Temple 1-1600, will give you information on what you and your child can do during the summer.

Woods Appeals To Tax Commissioner

St. Clair Shores turned down Grosse Pointe Woods request to exempt their lakefront parksite from assessment.
 The announcement was made by Julius L. Berns, Woods attorney, who said he will bring the matter before the state tax commissioner as soon as possible.
 Mr. Berns action is in accord with a state law which states that all property used by a municipality for public use is not taxable.
 Woods recently acquired the park site after a court suit with St. Clair Shores.

Vanderbilt Graduates

Edgar Geist, Jr.

EDGAR J. GEIST, JR.

Vanderbilt University this week awarded degrees to 426 graduates in liberal arts, engineering, religion, law, medicine, nursing and social work.

Among the graduates who furnished their studies in June, including students from 26 states and 3 foreign countries, was Edgar John Geist, Jr. of Grosse Pointe Farms. Geist, son of Mr. and Mrs. Edgar J. Geist, 331 McKinley Road, was awarded the Bachelor of Arts degree.

Of the 426 graduates, 255 completed their degree requirements this month, while the remaining 171 students had already finished their work at earlier times during the school year. Graduating exercises on Monday morning, June 9, climaxed a four-day commencement and alumni reunion program.

SHORES SETS BUDGET

The Grosse Pointe Shores council approved a municipal budget of \$141,698 for 1947 at a meeting Monday night. This sum is slightly higher than last year's budget of \$140,718.

Information regarding the summer activities program may be obtained by calling the Grosse Pointe Board of Education, Niagara 2000, Extension 25.

America's "Most Useful Dog" Being Sought Here

With the thought that it may be located in this section, the Grosse Pointe Review has been asked to help in the Gaines Dog Research Center's quest for "America's Most Useful Dog."

Plans are under way for honoring the winner of the title and his owner during National Dog Week, which will be observed this year September 21 to 27.

Choice of winner is to be made from nominations submitted to Harry Miller, director, Gaines Dog Research Center, 250 Park Avenue, New York 17, N. Y. Complete data, and if possible a picture, should be in before September 10. The actual selecting will be in the hands of a committee of prominent dog folk now in process of formation.

The number and variety of services the dog performs will constitute the only basis of judging. Pet dogs or working dogs are equally eligible; age, size, color or breed will not be considered. Final decision will not be made until the leading candidates will have been seen and investigated, Mr. Miller states.

MSC Foresters Seek Michigan's Largest Tree

Where is the biggest tree in Michigan?

That's a question that members of the department of forestry at Michigan State college are often asked to answer. And since Michigan has a few million trees, they just don't have the answer at their finger tips.

Paul A. Herbert, head of the department of forestry at MSC, hopes to find the answer and as a lure is offering a half-gallon of pure maple syrup to the individual who reports the tree with the largest circumference.

Just reporting won't be enough—the forestry department members naturally are going to check the biggest ones reported to determine the winner.

Trees should be measured in circumference at a height of 4½ feet above the ground. Information should give an accurate account of the location by land description.

Labor Day, 1947, has been set as the final date for receipt of entries. They should be mailed to: Lester Bell, Forestry Department, Michigan State College, East Lansing, Michigan.

For your starting point, some trees between 17 and 18 feet in circumference have been located in Lansing and vicinity. Forestry officials believe there may be others larger in Michigan so the contest is open to all.

It is not necessarily the owner of the tree who will be rewarded. The person who reports the largest tree (subject to actual measurement) will have the honor and also the maple syrup for waffles.

Teen Talk

By MEEKY MARIE VAN ZANEN

LAST WEEK-END was made for seniors in every way. The weather was beautiful??? and exams provided extra time to plan fun.

Start things off in a big way was the SENIOR ALL SCHOOL PICNIC on Thursday. The kids left from the high school at 11:00 sharp to jaunt over Belle Isle for an afternoon full of baseball, tennis and eating.

Of course it's impossible to publish all the names, but here are a few, just to give you a gentle idea of who was there.

We'll start off with Toni Dawson 'n Don Kobman, Margie Gates 'n Ken Maron, Dee DeCoster 'n Dick Johnson, Marilyn Keith, 'n Bob Van Camp, Trudy Schroeder 'n Ed. Rafal, Betty Keir 'n Paul West, Nancy Stever 'n Immy Clarke, Dorothy Geyer 'n Bill Bolster, Eleanor Forster 'n Phil Clarke, Marilyn Bower 'n Bruce O'Neil, Lois Hildebrand anderry Watson, Harriette Prevo 'n Keenan Jacobi, Diana Dehek, 'n Sonny Broughton, Dolly Patterson 'n Bill Duster, Marion Ryan, 'n Dick King, Flo Michie 'n Harry Stahl and Jane Gehlert 'n Ray Schuman.

Then on Friday night JOAN BAUMAN, give an open house for everyone, and we hear just about everyone was there!! Turkey, pepsi, and potato chips, along with home made cake, were served for noshing, while the kids danced and sang.

A few of the many, many were, Dick Wietker, Diane Faulk, Annie Davis, Ed. Isbey, Tom Redmond, Helene Myer, Gerhard Gaenslee, Herbie Gerhard, Rose Mary Rae, Dan Beck, Doris Muser, Art Beck, Mary Ann Queen, Ellie Hewitt, Ray Sawusch, Doug Long, Gery Thiede, Cynthia Blean, Cherp Cherpelis, Jack Corriason, John Sarvis, Bud Horsley, Phil Skillman, Barb Stoerkel, Jim Brown, Marge Stoerkel, Ted Mumford, Jo Ann Morrison, Ginny Gregory, Jo Ann Russell, Lorraine Jones, Louis Champagne, Floe Michie 'n Harry Stahl, Don Broadbridge.

AND another house was open to seniors and all on Friday night over at JOAN BLANCHARD'S abode on Oxford. The usual in the line of food such as cake, sandwiches, pepsi, and cookies were served. This open house however differed in the aforesaid in that it was a jam session with COBBY BARTLETT, tending to his drums, SONY BOY ARMSTRONG, beating out rhythms on the piano, BILL DREW, on the trumpet, and GEORGE HUGHES at the bass.

Jumping to the jive in blue jeans were: Elaine Bueher, Marge Clements, Shirley Davis, Marge Schulze, Mary Ellen Antrian, Marilyn Smith, or Hiedrich, Nancy Schmidt, Doug Buck, Jack Goodsen, Harry Constant, Bob Olsen, Paul Grubbs, Diane Fruehauf, John Rummell, Don Drader, Burt Spurrier, Dee Lindquist, Quirk Walsh, Clune Walsh, Roland Ricard.

AND, Janet Reid, Peggy Hatch, Pat Erskine, Scotty Scott, Jean Gardner, Bill Penoyer, Joe O'Neil, Marvin Weaver, San Evola, Allen Tyree, Malcolm Sutherland, and John Sturn.

But leaving the seniors for a minute, here's a phase of Country day, D.U.S. news. The kids from both these schools staged a marvelous prom, on Saturday night, held in the D.U.S. gym.

The decorations were symbolic of the scenes seen from a penthouse roof top. The band (BILL GIAL'S) was playing from a terrace with a peppermint striped awning, and on the opposite wall, was the Detroit sky line, with the names of all the students in the junior class, printed on the coa. that there parents owned.

Along the sidewalls were modern automobiles, stars, and a coke stand. The ceiling was of blue crepe paper, and in one corner shone the north star.

And as for names of those who attended — well — were you there? Honestly there were so many people we could not possibly name them all.

But here's a stab at it, the first arrivals were Frank Wilton, and Beth Keegan, Janet Johnstone and Tony Stever, Betsy Waldgott and Tom Pierce, Barb Orphal and Jack Fife, Sally Ives and Bill Turill, Barb Bauman and Bill Pierce, Bezy Smith, and Bill Harrington, Sara Weed, and Dick Buei, Micky Smily and John Rummell, Kay Kurita and Ronnie Helmer, June Moffat and Bill Heater, Liz Murphy and Don Baumont, Annie Candler and Gary Langseth, Marcie Wetherbee and Don Osborn, Joan Ghert and Bob Cudlip, Bob McKendrick and Hattie Howenstein, Butler Iles and Marion Field, Ingrid Koebel, and Jim Flom, Ann Fitzgerald and Dick Palmer, Janey Fisher and Harry Mack and of course you and you!!!!

Providing before entertainment were BILL FISHER and doing the afterward honors were FRANK WILTON.

No lovelier tea this season has been given than the one GLADY'S OSTERMANN gave on Sunday for 40 of her best gal friends. The tea table was set with a lovely arrangement of tea sandwiches, cookies, cake, and of course punch. PAT HAMMOND was honored by the job of pouring the fresh garpe punch, while BETTY OSTERMANN played the part of co-hostess.

Donned in their party best for the affairs were: Bev Phol, Barb Brown, Sally McNeff, Floss Barby, Christina Hoare, Janet Johnstone, Katie James, Doris Dising, Carroll Grylla, Gail Wright, Martie Fairless, Nancy Georgi, and your scribe.

EDITH WALDBOTT, poured the sparkling pastel colored punch, while MRS. WALDBOTT continually filled the tea sandwich plates, with fresh supplies.

The centerpiece was of pin. iris, and pink carnations garnished on either side with silver candelabra.

At a small home wedding Saturday afternoon in Winterport, Me., Elizabeth Worcester became the bride of Frank J. Sladen, Jr. The bride's parents are Mr. and Mrs. Frank Clark Worcester and it was in their home, The Terrace, that the nuptial ceremony was solemnized at 4:30 o'clock. The Rev. Milford Toabay officiated.

Dr. and Mrs. Frank J. Sladen, of Lincoln Road, parents of the bridegroom, were in the East for the wedding.

White gladioli and greens banked the mantel of the fireplace in front of which the bridal party gathered for the service.

Given in marriage by her father, the bride wore a street length frock of shell pink crepe, styled simply with a sweetheart neckline and cap sleeves.

Her small straw hat matched her dress and she wore a corsage of sweetheart roses and stephanotis.

The bridal couple left to spend a few days at Rangeley Lakes, Me., before going to Fairlee, Vt., to take up their duties at Lunika Camp this summer. They will arrive at the camp on June 24.

In the fall, they will go to New Haven, where the bridegroom is attending Yale.

About 40 attended the annual luncheon for Girl Scout Leaders given by the Grosse Pointe Scout Council on June 3 in the Alger Museum.

Mrs. Sidney Morgan, District Chairman, spoke briefly, emphasizing the ever-present need for new leaders.

Midget Pins for at least 3 years of service in Scouting were presented to the following 13 leaders: Mrs. Orville Ashton, Mrs. W. S. Muirhead, Mrs. A. J. Troop 634 went by chartered bus to the Detroit Zoo on May 24. In the morning they saw the many colorful birds in the bird house. After lunch they were off on the narrow gauge railroad to see the animals, which include Ivan, a Siberian tiger weighing 800 pounds. Aside from being a hefty pup, majestic Ivan is quite extraordinary, because he is very fond of swimming. Most members of the cat family do not share Ivan's enthusiasm where water is concerned.

Leader Mrs. Elfas, Mrs. Hegarth and Mrs. Vestal accompanied the troop on this enjoyable trip.

Mary Lou Henderson, Scribe of Troop 539 writes, "May 15 half of our Troop went to Camp Holly for the week-end. The other half will go in June. In spite of showers we did most of the things we had planned: an Alpine hike, shadowgraphs, work on Camp Crafters Badges, and Scout's Own on Sunday.

Paula's Hi-Lites

by PAULA BEAUPRE

Vacation is here!!! And that means lots of fun for everyone—swimming, boating, traveling, et al are on the agenda for every boy and girl. This is bound to be a summer filled with fun and happiness!

PEGGY HYDE sent her friends scurrying all over Grosse Pointe during her scavenger hunt on Saturday, in search of the objects marked on their lists.

Jack Trombley was Peg's date for the gala occasion. The others who went from door to door procuring the fantastic articles were Connie Curran and Chuck Alaska, Barbara Van Tiem and Paul West, Kay Sutherland and Tom Carey, Barbara Houlhan and Jerry Turcotte, Ann Dungan and Jim McCarthy, Dorothy Ardittio and Fred Maddock, Carol Staub and Pete Belanger, Gloria Lutfy and Tom March, and Mary Ann Burlingame and Don Williams, and tagging it were Tom Beckman and Jack Boomer.

PAULA

The group returned to Peg's Moross Road dwelling where the grand prize of a Mexican hat was awarded to the winners.

It seems that Paul West and Barb Van Tiem, and Don Williams and Mary Ann Burlingame were the most persuasive of the lot and so were able to procure the articles first and come out on top.

The others relinquished their treasures and thereupon began to take part in the gaily feasting on the refreshments and taking part in the dancing and record choosing.

To top off the evening of merriment, the lads and lassies sat around the open fire, roasting hot dogs and singing their latest favorites.

Already vacationing people have started on their way!! This is true of the group of gals who headed out Belle River Ontario way for the cottage of JOAN KRAUSMANN and a week of exciting fun.

So that none of the gals would be without mail on the day of arrival, the week before the girls left, they drew names and then each wrote a letter to that person!!

Tha gals who will spend their time swimming, horse back riding, roller skating, acquiring a tan, etc., etc., are John Beaupre, Betty Ann Huetteinan, Marilyn Otto, Joan Whyte, Mary Lou and Pat Thibodeau, Jean Kulka, and many more.

Lots and lots of fellas and gals we know, piled on the Bob-Lo boat for a day of fun. On the way there and back, the group was entertained by dance music and the delightful boat ride.

When they arrived at the island, there was a mad scramble for the picnic grounds so that they would be sure to have a shady, comfortable place to eat.

A huge picnic lunch with everything imaginable to eat was placed before the hungry funsters, but it wasn't long before it had completely disappeared.

The day was then filled with all kinds of exciting rides and some of the group decided to try their skill at roller skating.

To add to the excitement, the well-known Comet broke down in the middle of a ride. Although no one was hurt, it did provide plenty of suspense for the crowd.

Partakers in the fun were Bill Huetteinan, Jerry Lubecki, Chuck Boulton, Mary Ann Stuhldreher, June Allard, Marg Lynch, Judy Hennecke, Mary Vernier, Tom Dolly, Connie Curran, Chuck Alaska, Kay Sutherland, Jerry Turcotte, Fred Maddock, Ann Dungan, Gloria Lutfy, Jim McCarthy and lots more.

Valets for now!!

Rumpelstiltskin Reviews

By ISABEL RONEY

Japanese folk and fairy tales, unlike those of the western world, seldom deal with princes and princesses. The main characters usually are men and women in humble life; farmers, fisher-folk, villagers etc. Frequently the wonderful incidents in the story are woven from the lives of old people. Respect for the aged is always strongly emphasized. The moral, though sometimes hidden, is seldom lacking. The lesson most impressively taught is that heavenly reward comes to the good, and heavenly punishment overtakes the wicked.

The Japanese folk tale usually begins with "In the olden olden time." The ending is quaint. The

final words are "Congratulations! Congratulations!" If the tale has a happy close, and "Sorrowful! Sorrowful!", if the ending is sad.

"PICTURE TALES FROM THE JAPANESE," by Chiyono Sugimoto, illus. by Tetsu Ishii, contains seventeen stories well known to Japanese children. One of the oldest and most beautiful tales in this little volume, called "URASHIMA" is similar to our own Rip Van Winkle. The ending is "Sorrowful! Sorrowful!" Published by J. B. Lippincott.

In "JAPANESE FAIRY TALES" by Lafcadio Hearn, the young fisherman, Urashima, appears again. The stories are illustrated from Japanese prints. Published by Boni. This edition is not obtainable, but some libraries have it in stock.

A few other books of interest to the reader of Japanese folk-tales are:

"JAPANESE HOLIDAY PICTURE TALES" by Chiyono Sugimoto, illus. by Tetsu Ishii. In this book a grandmother tells holiday stories, one for each month of the year.

"THE GOLDEN BIRD AND OTHER STORIES" by Katherine Gibson, illus. by Edwin G. Sommer. "SESSHU AND THE MOUSE" in this edition is one that is popular with young children.

TRADE DOLLARS FOR A PROFIT

... SOUNDS SILLY DOESN'T IT?

But that's just about the case if you have a car that needs repainting. A car you intend to trade some time in the future.

Those "clean used cars" you read about, are cars that have appearance appeal. They're the kind of a car that you would buy. If you're going to hold on to your present car a little longer, why not have it painted. Give it appearance appeal while YOU drive and when you trade it in, take advantage of the extra demand for "clean" used cars.

At Ray Whyte Chevrolet Company, we have a complete paint and bumping department with all the latest tools and equipment. Our prices are lower than the old O.P.A. ceiling. With skilled painters and proper facilities, we can do the job in a minimum amount of time—that saves for you. We're open till midnight so that we can get your car back sooner. You won't lose the use of your car for so long.

Bring your car in for a free estimate. There's no obligation and you'll like the price. Give your car a beauty treatment and increase its trade-in value at the same time.

George Defer School News

The 8A-1 group have completed a bulletin board to herald the approaching vacation. From the door of a little red school house, the teacher waves good-bye to her pupils. School books are stacked in piles just outside the door. The boys and girls, going singly and in groups along the cobblestone road are heading for the big sun "vacation" in the distance. Overhead, large white clouds showing scenes of summer fun, float in the sky and blue birds are flying between the clouds. The Safety Patrol boys of Defer School were guests at the baseball game at Briggs Stadium on Tuesday, June 3. Their invitation had come as a recognition of their faithful service in helping to promote safety among school children.

Six A boys who are serving their last duty at Defer School, and who attended the ball game were James Tipper, Captain of Safety Patrol Squad, John Eckardt, Larry Smith, Tom Schaible, Ronald Southerland, and Bill Rawson. The 3A group at Defer anxiously watched the weather forecast for the past few weeks. An outdoor picnic was scheduled at the home of Mrs. J. H. Downie of Balfour for June sixth. It was one of our first warm days, and the children enjoyed a special picnic lunch in the garden. Sixteen parents enjoyed the outing with the children, and assisted Mrs. Downie with the picnic. The 3A Mothers' Club has been active under the chairmanship of Mrs. Hil Nelson. The Defer Music Festival was held Thursday, June 12th, at 8:00 p.m. in the Pierce Auditorium. The following program was presented. "Peter Rabbit," an operetta presented by the first and second grades. The Rhythm Band played the overture. Characters in the operetta were: Peter Rabbit - Sue Bernard Mother Rabbit - Annette Sirois Flopsy - Mary Lina Bernda Mopsy - Helen Fredrick Cottontail - Sharon Barlow Mr. McGregory, Chas. Harris Flowers and vegetables were played by other first and second grade pupils. The operetta was under the direction of Mrs. Wanda Daniel, Miss Mabel Haddock, Mrs. Marian McKaig, Mrs. Ellen Quinlan and Miss Josephine Cole.

The Defer orchestra, under the direction of Miss Martha Ream, presented the following program. "I'm a little teapot" - Second grade orchestra. "Robin's Lullaby" a violin solo by Billy Thoresen. "Onward Christian Soldiers" and "Daisy Bell" by Beginning orchestra. The Defer Band, directed by Mr. Herbert Nuechterlein played Pleyel's Hymn - Brass and Woodwinds Long, long ago - Beginning Woodwinds Choral - Intermediate class Easy Steps March - Brass and Woodwinds. Miss Josephine Cole directed the fifth and sixth grade chorus in a group of songs to complete the program. A "worlds' fair" was the theme of the final unit for the 5A class of Defer School. James Stark and Richar Zander give their observations. "Our class was excited the day we decided to have a worlds' fair. The same day we elected chairmen. The chairmen selected the continent they wished to study and then gave the rest of the children a chance to choose the group which they could help the most. We decided to set up six booths in our workshop representing six continents. Before we went into our committees we decided our work would be judged by its attractiveness, amount of information, and originality. Then we started to work. "We got information, picture, pamphlets, made charts, posters, and maps, collected objects of interest and displayed them in our booths. When we had finished this we made invitations for our parents. We also made a welcome booklet with information about each continent. "When the big day came all the rooms in Defer School visited our fair. any of our parents came. We served Egyptian date pudding and Greek pastry. We were tired but happy when it was over."

Elaine Arndt Dance Recital Presented

Masonic Auditorium was filled with hundreds of proud parents and interested friends, Tuesday evening, when Elaine Arndt and some 500 of her gifted pupils staged their annual dance recital. From the curtains' opening, revealing Miss Arndt in a charming and graceful pose, to the twenty-ninth and final number, "Ballet On Wheels," the program was outstanding for color and variety and talent. Miss Arndt's summer classes will be open for enrollment June 23 while the Fall classes will be resumed in September.

hands."
Among the Bible citations is this
passage (Isa. 45:18): "For thus
saith the Lord, the creator of the
heavens: God himself that formed
the earth and made it; he hath es-
tablished it, he created it not in
vain, he formed it to be inhabited:
I am the Lord; and there is none
else."
Correlative passages to be read
from the Christian Science textbook,
"Science and Health with Key to
the Scriptures" by Mary Baker Eddy,
include the following (p. 256): "All
things are created spiritually. Mind,
not matter, is the creator. Lord,
the divine Principle, is the Father
and Mother of the universe, including
man."
