"WE LEAD, OTHERS FOLLOW"

JUSTICE TRIUMPHED

Five women, members of a jury in a trial heard in Grosse Pointe have final FHA approval within a City, should be highly commended for their sense of justice in the few days. That was on June 19, performance of a civic duty.

These women, housewives and mothers, were in complete sympathy with the defendant's wife, a mother who is expected to have another child shortly.

It was a difficult duty for these kind and considerate women to perform, in waiving their sympathetic and personal feelings to find the defendant guilty. Justice triumphed, and a few moments later the Judge, under-

standing the unexpressed feelings of the jury and bearing in mind the circumstances of the case, imposed the lightest sentence possible the defendant, a non-Grosse Pointer. Though the case was of a minor nature, the judge and the jury

revealed once again the justice and consideration that is present in the courts of Grosse Pointe. The Judge was Joseph P. Uvick and the women of the jury were: Mrs. Vivaias Johnson, Mrs. P. Bedell, Mrs. Stewart Frazer, Jr., Mrs.

Marjorie S. Kilgore and Mrs. Evelyn Kolowich. LUXURY OR NECESSITY

Representatives of nations where there is no freedom of the press and where the people enjoy no privileges of personal liberty have often remarked that the American system of individual freedom is a luxury only a rich nation may afford. This is a flimsy excuse for the brutalities of dictatorship. But would we be so difference ent from these other nations which are tobogganing back into the dark ages, if we were hard pressed by economic chaos? Not if we are to listen to some of our most notable, self-styled liberals who claim with fearful urgency that should another depression descend upon America, she too would abandon the "luxury" freedom. Some of them would even jump the gun by setting up a planned raining at the time and Mrs. Mastate now-fixing prices, rigging supply and demand to artificial standards, controlling production, and in effect, establishing government as a spurious God.

When this county was founded, the going was tough. Freedom was the first goal of life. It was not achieved easily. The privilege of going to the church of one's choice was not considered a luxury, nor were ownership of property and the right of assembly and free speech. These things were as vital as air. To infer, no matter how indirectly, that they have become luxuries at a time when millions of people over the whole world are looking to the United States to keep alight the torch of civilization, is inexcusable.

Very likely there will be depressions in this country in the future, as in the past. They can either be short pauses in the march forward of a great nation—or any one of them can be the jumping off point for state socialism and the subjugation of the people. It will depend upon our point of view-whether our freedom is a lux-

UP TO THE COMMUNITY

The Action Program developed at the President's Conference on Fire Prevention is now being put into effect. A basic need, which is essential to the success of the entire program, is to overhaul laws and law enforcement procedures as they apply to fire.

Every state and community should at once initiate a study to determine whether its fire prevention regulations are so antiquated as to create perils to life. Many such codes are a generation or more Thousands of communities have no codes whatsoever. This lack amounts to a constant invitation to destructive fire.

Secondly, every state and community should create a continuing advisory board to make recommendations to keep the regulations up to late. As new materials and new engineering techniques are developed, they should be incorporated into law.

Lastly, the key to the whole problem is rigorous enforcement of safety laws and building codes. The best code ever devised is worthless of enforcement officials allow it to become a dead letter.

There can be no excuse for states and communities which fail to discharge their responsibilities in these vital matters. The life and property of every citizen is at stake.

Her life has been a lovely song Which her lips echo all daylong; She's like the sunbeams in the sky That warm and cheer each passer-by. She's still a child so sweet, so gay, And yet so wise in her own way; She spoke to me as to a friend. . . A mother's cherished dividend.

vill join her parents.

SPLASH PARTY

Of course not everyone is in this moving category, some of the en-agers prefer to hold the home front and flirt with the handsome fe-guards at the parks, or attend Eastwood Gardens, to hear the lation's leading bands.

In on the swimming part of it were: Parke Brown, Mary Anna arson, Larry Brieden, Helen Plath, Gery Rounds, Sandy Malcomson Martie Fairless, Don Lewis, Pat Hammond, Tom Redmond, Mike ferwin, Carl Stein (one of the life-guards!), Madge Winters, Clarice Ryall, Norma Neeb, Gail Kidney, May Giechie, Bonnie Lee, Shirley Davis, Sahon Ford, and many, many, many others.

Helping to consume it all were: Susie Johnson, Sheila McRae. Nancy Georgi, Barb Baumen, Jean Webb, Norma Neeb, Martie Fairless, Janet Johnstone, Carol Grylls, Merry Baumen, and yours truly.

JANET JOHNSTONE also tried to make sure that none of her best friends, were undernourished and so she served a tempting hunch to Jane Lundgren, Jean Webb, Nancy Georgi, and Ruth Jacques on Tuesday.

AND so ends the list, but remember—there is to be more news next week.

At the Foot of St. Clair

Paula's Hi-Lites NOS BY PAULA BEAUPRE

DEAR JEANNE:

Well, one more week of summer vacation has flown bye and this one, just like the others, was packed full of fun. Now if you have settled yourself in a big, comfortable chair and are all ready to hear the latest activities that have been taking place in that home-town of yours, I'll bang away on my faithful typewriter and bring you last

To begin at the beginning, which was last Friday, to be exact BOB SCHNEIDER, BARB NACY, CHUCK SCHNEIDER and SALLY NACY, drove to the Nacy cottage in Marine City to take a swim, enjoy a boat ride, and have a wonderful time in general. When the four come in from their dip, they were treated to a delicious meal, prepared by Mrs. Nacy.

SALLY told me that she met NORA ALLARD, JOAN BETZING and LORRAINE MANDEVILLE downtown the other day and they

all went to lunch and then trakked over to the Adam's Theatre to see "The Yearling." She says that

you should definitely see it! By the way, Jeanne, remember when BEVERLY, PEGGY and ELLEN BERGMANN left with the U.S.O. to go overseas to sing for the servicemen? Well, they arrived home last week after visiting Toyko, Guam, Hawaii, Korea China and lots of other places. Ellen wanted to see some of her old friends again so she hostessed a party at her Lake Shore home on Friday night. The girls -Mary Ann Backman, Shirley Williams, Shirley Allard, Theresa Kerbrat, Harriet Furton, Mary Lou Gouin and Jane O'Connor - were

greeted at the door by an enthusiastic Ellen who was very anxious to tell them all about her exciting trip. They were all ushered into the living room and seated in comfortable chairs. Chips, coke and cookies were served and then everyone started popping questions at Ellen. After answering all inquiries (which took quite some time!). Ellen brought out all her souvenirs from the trip. Later in the evening some very interesting films were shown. There were pictures from all the places that the three Bergmann's had visited. Just before leaving, the girls were told that the next stop of the Sister's will be either New York or South America. Sounds like lots of fun no matter which way you look at it!!

BIG PLANS

Big plans had been brewing for some time concerning the wiener roest that JOAN BEAUPRE and JEAN GRAY were hoping to give on Sunday night. And when Sunday dawned very, very dreary, the hostesses were just about ready to forget about the roast and bring the party indoors, but as the hours passed bye, the day continued to brighten up until finally the wiener roast was once again definitely on!! Even though it ws a little damp for a picnic, the crowd all met at Joan's home and then proceeded to the Farms Pier. Before feesting on the hot dogs, potato chips, cake, coke, etc. that was prowided, everyone donned their swimming suits and braved the cold Only the families and a few water for awhile. Then the group gathered 'round the fire and roasted hot dogs and sipped cokes.

Some of those who were trying to keep away the mosquitoes with one hand while balacing a coke, hot dog and a piece of cake in the and seed pearls. Her antique il-other were Joan and Jerry Moons, Jean and Art Moliter, Dan O'Connor and Peg Hyde, Pat Thibodeau and Bob Byington, Mary Lou Thibodeau and Harold Beattie. Afterwards, the ten piled into cars of a Mary Queen of Scots cap. and preceded to the Burns Ave menage of Jerry Moons where they The bridal bouquet was white orcontinued to finish off the refreshmnts and also add dancing to the evenings' entertainment.

Well, Jeanne, that takes care of this week but if you're interested in receiving next week's news, just look for my letter next Thursday and I'll try and bring all the latest happenings from your favorite town, Grosse Pointe.

Everybody and his left-handed nephew wants to save.

But it has to be made easier than rolling off logs before most of us

That's why buying U. S. Savings Bonds has been such a sure-fire method of saving for millions of people.

What an in-vest-ment!

First—U. S. Savings Bonds are backed by the credit of the United States. Nothing's safer.

Second—they're flexible as a double-jointed eel. Suppose next year you need a spot of lump cash. You can get it fast!

Third—they pay interest that's got an awful lot of fellows who own silk hats buying them. You get four dollars out for every three put in, after only 10 years.

Here's WHY it's Easy!

Nothing's really hard that you can reduce to a system . . . that you ____

can make a habit. And there are not one but two systems for buying U. S. Savings Bonds. Both aimed to make you save regularly, automatically, so you hardly miss the money. Both aimed to help you avoid your (and everybody else's) weakness for spending money because you have it in your pocket or purse.

NUMBER 1—The Payroll Savings Plan. Old Faithful! Saved billions for millions!

NUMBER 2—The Bond-a-Month Plan. For people who aren't on a regular payroll but who have checking accounts. It's new and wonderful—your banker will give you the dope.

With either plan, you invest regularly and automatically... with either plan, you keep piling up those good U. S. Savings Bonds against the day when they'll come in really handy.

If you haven't already, latch on to one plan or the other. Ten years from now you'll be awful glad you did.

Save the easy, automatic way—with U.S. Savings Bonds
