City Plans General Changes In Zoning and Parking

Beaches Closed For Year

POINTE PARAGRAPHS

A negro maid reported the theft of her wrist watch to Park police recently. She said that the watch was missing shortly after a visit from a friend.

Police suspected her friend, another negro maid who worked in the vicinity. Detective Stanley Enders was assigned to investigate.

He found the maid home alone as the family was away on vacation. After searching her room and questioning with no results, Det. Enders warned, "You better tell the truth."

"Honest, mistah policeman, ah didn't steal nothing from that house, if ah was a stealing woman, ah wouldn't walk that far, and steal right from heah," answered the maid.

Detective Enders left satisfied that she had nothing to do with the theft.

Schools Set for Opening

The Grosse Pointe Public Schools will open Thursday, September 4 with twenty-seven new teachers in a total professional staff of 245. Twenty-one of these new teachers are assigned to Elementary schools, three to Junior High School, two to Senior High School, and one to work throughout the entire system.

Three of the new staff members are graduates of the local high school. Miss Doris Cain, a recent graduate of the University of Detroit, will teach a Four B group in the Mason School. Miss Carol Evans, a graduate of the University of Michigan in 1946, has accepted a Kindergarten assignment in the Mason School. Miss Mary Louise Haldean, graduate of Michigan State College in June, 1947, will be in charge of a Six B-Six A group in the Vernier School.

GOOD STAFF

"We feel very fortunate," said John R. Barnes, Superintendent of Schools, "in being able to attract so many fine young teachers to our school system in these days of national teacher shortages. It would have been impossible to fill our vacancies this year had it not been for the generous provisions of the salary schedule adopted by our Board of Education last April."

The new academic year officially opens Tuesday, September 2 with a meeting of all employees in the high school auditorium. Principals have been at work this week in all schools enrolling pupils new to the local system. A record enrollment of approximately 3,500 pupils has been predicted by local school authorities. All pupils are expected to report for regular school activities Thursday, September 4.

ASSIGNMENT CHANCES

Several changes in staff assignments go into effect with the opening of school next week.

Clarence J. Messner, who was on leave of absence the greater part of the 1946-47 school year, returns to his duties as Principal of the Richard elementary school. Marshall Jameson, acting principal of the Richard school during the absence of Clarence Messner, will be principal of the Vernier elementary school and also of the new elementary school unit now being built at the corner of Mack and Vernier. Due to the delay in the completion of the new school, Mr. Jameson will divide his time during the first semester between the Vernier school and the Board of Education building.

He will assist John R. Barnes, who took office as Superintendent of Schools on August 1, in carrying on the work of the Department of Instruction during the first semester absence of the recently elected Director of Instruction, H. L. Selmeier. Mr. Selmeier is completing his Ph. D. degree at Yale University before taking over his duties February 1, 1948.

FIELD COUNSELOR

Donald Campbell, guidance counselor and social studies teacher in the Senior High School, will act as Field Counselor in Guidance this coming year during the absence of Vincent Peterson. Mr. Peterson, who did an outstanding piece of work in his position last year, has been forced to give up his work temporarily because of personal matters.

(Continued on Page 2)

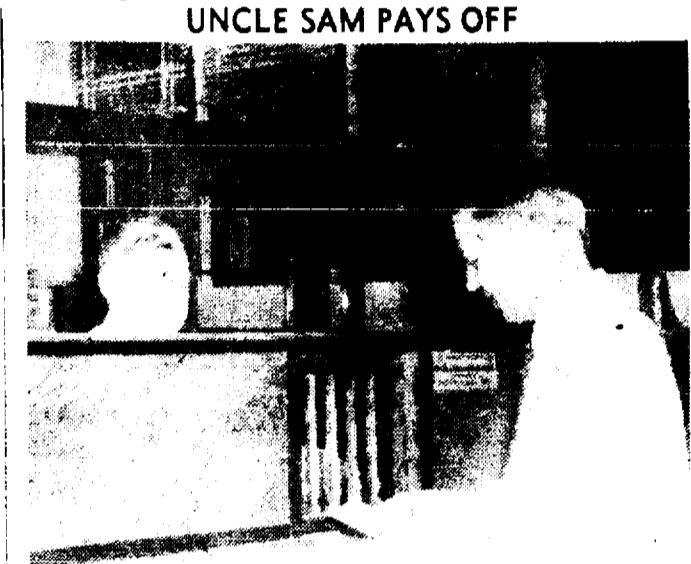

Fire Precedes Fatal Heart Attack

William J. Kotlach, of Mt. Clemens, 41, a gas station owner, died of a heart attack at cottage hospital late last Saturday night. It was reported by Farms police.

Farms police reported that Kotlach was brought to the hospital for treatment to hand burns suffered in a fire at the gas station a few hours before his death.

VILLAGE SEEKS BIDS.

Grosse Pointe Park is seeking bids for sewage construction work in the Maryland - Bonaventure - Lakewood area. It was announced by Village Manager Lane, who estimated the cost at \$55,000.

UNCLE SAM PAYS OFF

On Tuesday, September 2, veterans throughout the country will visit banks to cash their terminal leave pay checks which become negotiable on that day. Typifying this action are L. C. Reno, vice president of the Grosse Pointe Bank and Laurel Burroughs, an army veteran, who is a teller at the bank.

NO RED TAPE

Banks To Cash Veterans' Checks

There is no red tape connected with the cashing of the veterans' terminal leave bonus according to William DeBaek, manager of the Grosse Pointe Bank.

"All an ex-G.I. is required to do," said Mr. DeBaek, "is to bring his bonus check with proper identification, preferably his discharge certificate to any bank or authorized government agency. No notary's or anyone else's signature is required."

The veteran banker expects a fair turnout of Grosse Pointe ex-G.I.'s to be in the bank beginning Tuesday September 2 to cash their checks.

This date marks the first day the checks will be negotiable since they were issued more than a year ago.

Mr. DeBaek expects many veterans to keep their checks to draw a 2 1/2 percent interest.

Grosse Pointe Bank's summer hours are from 8:30 a. m. to 3 p. m. daily with the exception of Wednesday when it closes at noon. The bank also closes at noon on Saturday.

City Acts to Curb Flooded Basements

A proposal for a \$85,000 bond issue to finance construction of sewage to prevent flooding of basements in the Maumee to lakefront area is being considered by Grosse Pointe City's council.

Acting on the recommendation of Village Engineer Brown, who submitted the proposal at the council meeting Monday, Mayor Netting named a committee of three to study the matter thoroughly and submit a complete report at the next meeting scheduled for September 22.

The committee is comprised of Councilmen Chester Carpenter, Gerald Miller and Sidney Morgan.

Meanwhile City Clerk Neff has authorized to advertise the council's intent of such a bond issue immediately.

This step is a necessary precaution taken in the event the council fails to place the issue on the ballot at the November election. The public would have received a 60 day notice as required by law.

Crazed Man Captured In Village

Through the efforts of Det. George Champane, of Farms police, an escaped mental patient who was called dangerous by authorities has been returned to a Dearborn institution.

Pedro Perez, 31, of Cleveland, was found loitering around the vicinity of Vendome and Kercheval by Farms police who released him to Det. Champane.

Investigation revealed that Perez had escaped from St. Joseph Retreat, a mental institution in Dearborn. He was released to Dearborn police.

Willie Werner Party Set for Pointe Lions

The annual Willie Werner Farm party will be held at the Werner farm, Foley road off M-19 near Port Huron on Thursday, August 28.

Held for the entertainment of Grosse Pointe Lions and their guests, host and hostess, Mr. and Mrs. Werner have gone to unrelenting efforts to make the occasion a complete success.

"Say Bub, Watch Where You're Going"

A motorist who was traveling east but looking north struck a street sign at Waterloo and Notre Dame.

Grosse Pointe City police issued a ticket for reckless driving to Richard W. Moore of Detroit. His car knocked down the street sign.

Mowing of Farms Lots Gets Top Priority

The Farms clerk's office announced that the mowing of vacant lots has not been completed but this work is being given as much priority as possible.

Equipment breakdowns rain and unmanageable condition of some lots due to brush piles were some of the causes given for the slow progress of the work.

Consultant Hired to Investigate

"Ask the Man Who Knows" is advice heard often these days and the Grosse Pointe City council intends to follow it.

In fact, at its meeting Monday, the council ruled to hire a highly-rated professional planning consultant to study the village's zoning and parking problems.

As a result, Norbert Neff, village clerk, has been authorized to inform George D. Ross, of Ann Arbor, that his offer to handle the aforesaid assignment at a service cost of \$300 has been accepted.

Ross, who is highly recommended by the Michigan Municipal League, will work with a selected village committee on an extensive study of building, zoning and parking conditions in the village.

The council expects to receive a comprehensive report and recommendations from Ross in time to enable the council to study them at the next meeting on Monday, September 22.

Outstanding matters pending the planning consultant's report are:

1. The proposal to change the David Meyers sub-division on village Lane between Cadieux and Notre Dame to a Class A residential district, from a Class B.
2. A plan to enlarge the parking in the village shopping area.
3. The Neighborhood Club's request to convert the lot across from it's building into a parking lot.

Action to change the Meyers area into a Class A district was started by property owners in that vicinity in an effort to stop construction of terraces on the Meyer sub-division by it's new owners.

It is against the zoning ordinance to build terraces in Class A districts.

Holiday Motorists Warned

Grosse Pointe motorists and motorists all over the state must exert every effort to drive safely over the Labor Day week-end, or the traffic death toll will exceed the 21 persons killed last year.

In an effort to curb accidents this year, Grosse Pointe police are cooperating with Michigan's state police, whose Commissioner, Donald S. Leonard, has ordered an intensified highway patrol from 3 p. m. Friday, August 29, to 3 a. m. Tuesday, September 2.

In issuing an appeal to drive safely, the Grosse Pointe police chiefs pointed out that although the police will be out in force in order to intensify highway and street patrol, the officers can't do the safety job alone.

"It's up to the driver if he wants to get home safely. He must not only watch his driving, but the other fellow's too. Don't take chances. It's just not worth it."

Travel is expected to be at the peak on Friday evening and on Labor Day between 3 p. m. and 10 p. m. Included among the travelers will be hundreds of families returning home for the opening of school after spending the summer at cottages and camps.

52 Firms Dump Waste Into Local Waters

Fifty-two manufacturing plants and other sources from which liquids are dumped into Lake St. Clair, Detroit River and St. Clair River are being studied by the United States public health experts.

It was reported by the International Joint Commission which was formed to suppress pollution of the aforesaid waters.

SEWAGE RELIEF

Throttling of the storm water basins to relieve Farms basement flooding is near completion, it was reported by the village office.

Meetings Planned for New Pupils

For the instruction and guidance of students new to Grosse Pointe High School and Pointe High School, the high school principal, Walter Johnson, has announced two meetings to be held on Wednesday, September 3.

All 72 pupils new to Grosse Pointe who will attend Brown Junior High School are requested to attend a meeting in Room 218 at the Grosse Pointe High School building at 2 o'clock and should come prepared to pay fees for towels and deposit on locks.

At 2:30 p.m. in the auditorium of the Grosse Pointe High School, the faculty will receive all 108 pupils and high school students new to Grosse Pointe. These students should also come prepared to pay fees for towels and deposit on locks.

Registration Ends Friday

Farms property owners or their husbands or wives who have not registered for the \$400,000 bond issue election on September 18, have until Friday, August 29 to do so.

The clerk's office will be open on that day from 8 a. m. to 8 p. m.

All persons who have registered at the village within the last two years are not required to register again.

(Continued on Page 2)

FOUR OF A KIND

Four generations of Piches are photographed above at the 79th Birthday celebration of Edward Piche, of 347 Hillcrest. Mr. Piche is a Frenchman, loves Euchre, Bowling, and old Grosse Pointe politics as well as new. Left to right, above, are David Piche, the grandfather, Donald Piche, his son, Donald Piche, Jr., his son, and Edward Piche, the great grandfather. See story on Page 3.

MINORS TAKE HEED

Police Chief Warns Traffic Violators

"An ounce of prevention is worth a pound of cure," is an unwritten traffic law in the books of the Grosse Pointe City Police Department.

The first to feel it's effect was Alfred Whiteaker, 18, of 17000 Jefferson, who pleaded guilty of failing to stop for a stop sign at Maumee, before Judge Leslie Young in the village court, Monday evening.

Alfred was fined \$15, and his license was revoked for 30 days. The usual fine for this offense is \$5.

Chief of Police, Tom Trombley, said that hereafter all persons who fail to observe stop signs will be brought to court and their license revoked.

"We must take this action, said Chief Trombley, to safeguard our community against careless and reckless drivers.

Maumee is the same street on which the smash-up occurred which took the life of Dick DeYonker and seriously injured two girls.

Lochmoor Club Seeks Permission For Fence

The Lochmoor Club's request to erect a five foot fence along Vernier road and Sunningdale will be discussed at a public hearing in Grosse Pointe Woods' municipal building Tuesday evening.

A request by the club earlier this year for a six foot fence was turned down by the Woods Council after a public hearing.

60 WINDOWS BROKEN

Farms police are looking for the culprits responsible for the breaking of more than 60 windows at Grosse Pointe High School Saturday evening.

DR. DAVIES' LETTER

The following is a copy of the letter sent by Dr. Davies to all the officials of the four Grosse Pointe communities concerned.

"On August 20, 1947, I banned swimming at the beaches located in Grosse Pointe Shores, Farms, City, and Park. This action was taken after much study and was based upon reports of analyses of water samples submitted to the Michigan State Health Department. A table of the reports is enclosed and I have regarded an index of 2400 as moderate and above 2400 as indicating sewage in excessive amount.

At all times the Nine Mile Drain has not been in operation and this drain is not a factor in the present situation.

(Continued on Page 2)

Registration Ends Friday

Farms property owners or their husbands or wives who have not registered for the \$400,000 bond issue election on September 18, have until Friday, August 29 to do so.

The clerk's office will be open on that day from 8 a. m. to 8 p. m.

All persons who have registered at the village within the last two years are not required to register again.

(Continued on Page 2)

Swimming has been banned at the Grosse Pointe beaches for the remainder of the 1947 season by the order of Dr. Thomas S. Davies, Grosse Pointe Township Health Commissioner.

The announcement was made after repeated long range tests at each beach revealed a bacteria count too high for the safety of swimmers' health.

In a statement to the Review, Dr. Davies said that he was unable to name the source or sources of the pollution, which cuts short the chief pleasure of Grosse Pointers.

THREE FACTORS

However, village officials are of the opinion that three factors are the cause of the pollution: (1) Grosse Pointe Shores, not having any sewage system, dumps all its wastes into Lake St. Clair; (2) Upstream communities dump waste materials into the water; (3) This year's unusually heavy rainfall.

This marks the second time this season that the Grosse Pointe beaches have been closed. Earlier this year, swimming was banned for three days when pollution was caused by Macomb County's dumping its overflow sewage into Lake St. Clair.

Parks Remain Open

Though the beaches of Grosse Pointe Park, City, Farms and Shores will be closed for the season, the parks will be open for picnics and recreation activities. This was announced by officials of the communities.

In his letter, Dr. Davies indicated that Macomb County is not responsible for the present situation.

TESTS PROVE

The Health Commissioner also said that tests of the water at each pier have been taken for a long enough period of time to determine that the beaches must be closed for the rest of the season.

Dr. Davies stated that Jefferson, Olson, and Murray Beaches were free of pollution, and open to swimmers.

Detroit newspapers reported that the Grosse Pointe beaches were closed so as the keep out Detroiters. There is nothing to this report.

DR. DAVIES' LETTER

The following is a copy of the letter sent by Dr. Davies to all the officials of the four Grosse Pointe communities concerned.

"On August 20, 1947, I banned swimming at the beaches located in Grosse Pointe Shores, Farms, City, and Park. Bell Co. Promotes Pointer

The Michigan Bell Telephone company today announced the appointment of Alfred B. Chapman, 1232 Devonshire, general commercial supervisor, to the post of assistant general manager. He will be succeeded by Miles E. Hoisington, general commercial methods supervisor.

MR. CHAPMAN
Chapman began his telephone career 37 years ago at Chicago as a student inspector. He transferred to Michigan Bell at Detroit in 1918 as private secretary to the general manager. He was promoted to general commercial supervisor in 1925.
Hoisington is a graduate of the University of Michigan and holds a master's degree in business administration. He has been with Michigan Bell 11 years, all in the Detroit metropolitan area. He formerly was manager in the East-Grosse Pointe area and district commercial superintendent of the center-downtown area of Detroit.

Kenneth S. Hogg, manager in the Townsend district, will take over Hoisington's duties. The change became effective August 25.

In the Editor's Mail Box

To the Editor:
I'm sure all Grosse Pointe residents would be interested in knowing the name of the justice of peace who released the attacker of a little six-year-old girl, under personal bond last week. If it is your duty as a community newspaper of warn the citizens of our city that such a man is free to repeat the offense at any time.
It was "front page news" when you told us of the danger lurking at our beaches, why not the same publicity for the danger to our children in our streets?
An Indignant Citizen

Schools
(Continued from Page 1)
illness.
Robert Hanson, Senior High School Social Studies teacher, will take over the guidance and teaching responsibilities formerly assigned to Mr. Campbell. Mr. Hanson holds a Master's degree in guidance and personnel work from Northwestern University.

NEW FEATURES
The opening of the new school year will see the initiation of two new features in the instructional program.
For the first time in the history of the local schools a carefully planned program of activities have been provided for children less than five years of age. Children who will be five years of age by November 1, 1947 are eligible to enter the usual one year Kindergarten program. Children who will be five years of age between November 1, 1947 and April 1, 1948 will be accepted for enrollment in Junior Kindergarten groups this fall for the first time. School authorities have made careful plans for dealing with this new instructional situation, and are confident that parents and pupils will profit from the new offering. Enrollment in this Junior Kindergarten program is, of course, entirely optional so far as parents are concerned.

SPEECH SPECIALIST
The second new feature in the instructional program of the Grosse Pointe schools is the employment of a full time specialist in the field of Speech Correction. A part time worker in this field has been employed for several years. A survey made just before school closed in June confirmed the need for a full time teacher of Speech Correction. Miss Bernice Horn, a graduate of Michigan State College with a major in Speech Correction will be in direct charge of this work which will be carried on in three major centers located in the eastern, central, and western portions of the school district.

"Ban on Swimming" Poll Conducted By Review

Swimming is one of the favorite sports of Grosse Pointers, and because of this fact, many of them were angry when swimming was banned for the remainder of the season by order of Dr. Thomas Davies of the Health Department. But in a poll taken by the Review, it was found that the anger has turned to the cause, not to the result, and most people are in complete agreement with Dr. Davies and are only anxious to remedy the situation, so that it won't come up next year.

In answer to the question, "What do you think about the Grosse Pointe beaches being closed?" Mrs. Ralph Griffith, of 625 Lincoln Road, said, "I think that if the beaches are closed because of water pollution, there is no alternative now. But there should be some means of keeping the water clean."
Mrs. Harold Scott, 17525 Maudslowe, answered, "We just arrived home after a holiday on the West Coast, so I don't know much about it, but if it endangers the children, the beaches should be closed."

Cardinal To Preside At School Opening

The calendar for all Parochial Schools in the Archdiocese of Detroit, which includes St. Paul's and St. Ambrose in Grosse Pointe, for the school year 1947-48 has been released by Msgr. Carroll F. Deady, Superintendent of Schools. A solemn Mass of the Holy Ghost, with his Eminence Cardinal Mooney, presiding, will open the school year on Wednesday, Sept. 3 in the Blessed Sacrament Cathedral. All religious teachers in the Archdiocese will attend. School bells will ring for approximately 107,000 Parochial school children on Thursday, Sept. 4.

The first quarter comes to an end on Nov. 7 while Thanksgiving vacation begins on Nov. 26 at the close of classes. The children return to school on Monday, Dec. 1.

Dec. 8, the feast of the Immaculate Conception, is a free day for all Parochial Schools. The students begin their Christmas vacation at the close of classes on Dec. 19 and return on Jan. 5. The close of the semester on Jan. 23 is another holiday for all pupils.

Easter vacation begins on the afternoon of Mar. 24, (the end of the third quarter) and ends on Apr. 5. Two holidays are scheduled for May: May 6, the feast of the Ascension and May 31, the delayed Memorial Day holiday.

High school graduations will take place on Sunday, June 13 and all schools close for summer vacation on Wednesday, June 16.

SCHOOL CALENDAR

Sept. 3	Pontifical Mass
4	Schools reopen
Nov. 7	First quarter ends
Nov. 26	Thanksgiving vacation begins at close of classes
Dec. 1	Schools reopen
Dec. 8	Feast of the Immaculate Conception (Holiday) — Holiday
Dec. 19	Christmas vacation begins at close of classes
Jan. 5	Schools reopen
Jan. 23	Second quarter ends — Semester holiday
Mar. 24	Easter vacation begins at close of classes — Third quarter ends
April 5	Schools reopen
May 6	Feast of the Ascension (Holiday) — Holiday
May 31	Memorial Day holiday
June 13	High school graduations
June 16	Schools close

Open Tuesday, Thursday, Friday, Saturday Till 9 P.M.

Hazards at Mack-Kerby To Remain

Any proposed changes to improve traffic conditions at Kerby road and Mack Avenue will be postponed until the Mack widening has been completed.

The announcement was made by the Farm's clerk office following the Wayne County's Safety and Traffic commission reply to the village council's request that the county improve traffic control at that intersection.

Following is the county's reply: "Only a very small volume of traffic was found to travel on Kerby Road during week-days although, at times, in the summer, the volume was small in comparison to the volume of about 13,000 vehicles per day on Mack Avenue and it appeared that, if the traffic on Kerby Road would observe the stop signs and wait for a break in traffic, it would not be difficult to enter Mack Avenue. There might be a little more difficulty in crossing Mack Avenue into Gateshead Avenue but very few vehicles drive straight through into Gateshead Avenue.

There are certain times of the day, especially in the late afternoon and early morning hours when the traffic is heaviest on Mack Avenue, that vehicles from Kerby Road may have some difficulty entering Mack Avenue immediately without a few seconds wait. However, this is the same condition that exists at all intersections entering Mack Avenue. This condition is aggravated by the fact that the pavement on Mack Avenue allows approximately one lane only in each direction, and each lane is fairly continuous for a short period.

Since we were unable to observe any special hazards at this time that could not be corrected by the new construction, we suggest that any changes in an effort to improve traffic conditions be postponed until the Mack Avenue pavement has been rebuilt."

Police Report Theft Of Car, Radio
Park police reported the theft of a 1941 Ford and a \$80 radio Sunday evening.
Ralph Schneider told police his car was stolen from a parking lot at a village theatre.
The auto radio was taken from a car owned by William Brietz, of 1385 Lakepointe.

UNEMPLOYED
Lifeguards at Grosse Pointe Park's beach have been released from duty for the remainder of the season due to the ban on swimming.

POINTERS MUST FIGHT POLLUTION

Grosse Pointers are as sluggish as a mud-filled stream, about talking definite action on anything!

For fifteen years serious sewage problems have caused complaints from every side, and the complaints, in turn, have brought on the usual meaningless excuses. Nothing has been done.

Now the problem is the closing of the Beaches for the remainder of the season. What is the reaction? A spurt of indignation, followed by the usual apathetic, "I can't do anything about it", or the plaintive, "What can I do?"

The official statement from the Health Department's office says the closing of the Beaches is due to pollution of the water. That pollution is caused by wastes released by Grosse Pointe Shores, and all the up-stream communities. This problem has bothered the Pointe for nearly six years, and what has been done about it? Nothing!

"Let's blame the officials!" is the universal cry. People who are dissatisfied always blame someone else for their troubles. And the officials are not to blame.

As an example Grosse Pointe Shores has no sewage system, and their only means of getting rid of waste is to release it into the lake. In an election early this year, Shores officials gave the people a chance to vote on improving the situation. The proposal for a sewage system was voted down. So the Pointe Beaches were shut down a month early.

Perhaps Pointers don't realize that the maintenance of their parks costs them money, and what is the good of this maintenance if Pointers don't receive full benefit from it?

Action should be taken now! Though the Health Department is right in banning swimming because the too-high bacteria count endangers lives, Pointers are not right in letting their beaches be closed every year for the same reason, without trying to remedy the situation. Water doesn't have to be polluted, and the beaches don't have to be closed!

A committee representing the township should study the problem, and offer proper recommendations and realistic solutions. More respect and admiration is given to those who say, "I came, I saw, I conquered", than those who say, "I came, I saw, I ran away". Pointers should not try to be like the Ostrich who is as well known for sticking his head in the sand, as he is for his fine feathers!

HAY FEVER AND WEEDS

Grosse Pointers who suffer from hay fever would greatly appreciate a little consideration from their neighbors.

This consideration can come by ridding the area of ugly weeds, a major cause of hay fever, which have filled virtually every lot in the Pointe.

Every owner should take it upon himself to this task of cleaning up the weeds on his property. These weeds are not only a menace to health but are highly distracting from the scenic beauty of Grosse Pointe.

We can help those who suffer from hay fever and also add to the beauty of our community by cleaning out those weeds now.

POINTE PETS PESTER POSTMEN

Last week in Grosse Pointe, four mailmen were bitten by dogs as they tried to deliver the mail. One was taken to a hospital for treatment.

The Grosse Pointe mailman has enough on his mind and back not to be forced to contend with barking and snapping dogs.

Dog owners are urged to obey the law which requires them to keep their pets under leash or in a restricted area at all times.

Only with complete observance of this regulation can we rid the community of animals running at large.

Stray dogs are a nuisance and a menace not only to the busy mail carrier but to the entire community as well.

Guest Columnist Tells the Truth About 'Little Toe'

'Teen Talk'

By MEEKY MARIE VAN ZANEN

Editor's Note:
While Meeky Marie Van Zanen is away on vacation her column will be written by guest columnists. This week it's Mary Gratzer of Bedford road.

By MARY GRATZER
The author of this article has been reported of sound mind and body by the Board of Health. Any similarity between said author or a former Eloise inmate is purely coincidental.
Stop reading this article if you're easily excitable!
Just pretend you never saw Teen Talk if you don't care what the future has in store!

This is as far as you should go if you're afraid to face realities! All those to whom the aforementioned doesn't apply, bear with me while I unfold one of the main problems of the day.
It concerns the little toe.

LITTLE TOE THEORY

Before the truth about the little toe can be exposed to you, a history of the 'petite one' might break the news to you more gently. It all started in the year 1,000,000 B.C. Ooga Booga was only a baby cave boy then, but his tiny toe had already begun to fascinate him. "Some day my little toe will be my lifeline," he thought to himself. And sure enough! As soon as he became of age to work in the tribe kitchen, he got a reputation for stirring a better broth with his little toe than any other brotch stirrer for miles around.

Ooga Booga X, who lived many decades later had quite a bit of trouble living up to the stirring standards of the Ooga Booga I. Now, don't think it was his fault. He wasn't responsible for the fact that his toe wasn't as long as his famous ancestor's. So he had to console himself by merely using his toe as an eating device. (They didn't have eating utensils in dem days).

But Sir Ooga Booga XXXXX (he lived during the Renaissance) took advantage of the fact that art and culture were coming into the world. As apprentice to Raphael he became the best paint blender in all of Europe. And what did he use to mix the paint? You've guessed it—his little toe.

TOE MAKES GOOD

But as the centuries passed, the toe became less useful. Ooga Booga XXXXXXXX, who was a coolie in China, used it only for the sole purpose of letting air out of automobiles and bicycle tires. His toe fit the valve perfectly . . . and with airless tires, his own business reached a matchless peak.

—And so go the success stories of the Booga family. But let's look in on the Booga family of the future. The little Booga baby is found busily reciting the Piggy Poem . . .

This little piggy went to market

This little piggy stayed home

This little piggy had pork chops

This little piggy had pork chops

AND THERE HE STOPS because there isn't any piggy to go crying all the way home.

Yes, scientists have predicted that chances are in the distant future our beloved little one will be nothing but air.

TOE QUIZ

Now that I've broken the news to you (are you still there?) you are ready to hear the big question of the day. **WILL THE LOSS OF THE LITTLE TOE BE AN ADVANTAGE OR A DISADVANTAGE?**

The following are viewpoints of eminent authorities on the subject.

LEANA LINDH: "It'll definitely be an advantage. Think of the material they'll save in the stocking industry!"

SUZIE JOHNSON: "Less toe nails to cut."

DAN BECK: "How will they hold their knife and fork?"

SHIRLEY DAVIS: "I wouldn't be able to pick up my bubble gum anymore."

TOM ANTON: "I could wear a smaller shoe. Goodbye 10 Ea's."

JANET HOBSON: "Less corns."

NELLIE DEGROOT: "What would my bed do without a little toe to stub every night?"

DOUG TURNBULL: "How will they write?"

CAROLYN ORR: "Nail polish will last longer."

GIMMY GRANSE: "What will the fifth piggy do?"

DICK GRANN: "When I come in from a Saturday night binge it helps maintain my equilibrium. They'll probably have to resort to canes."

SALLEE SLOCUM: "At least they'll be able to get into those fashionable pointed shoes they're selling nowadays."

HELEN PLATH: "How could I count to 20?"

ALDEN HAIGH: "One less toe to wash."

These intelligent responses are here for the purpose of making you think. Base your own conclusions. **WOULD IT BE AN ADVANTAGE OR DISADVANTAGE TO BE MINUS YOUR LITTLE TOE?**

PIGGY?
A familiar mental institution is on the look-out for the author of this article. She was last seen stomping along Kercheval making like the tobacco auctioneer.

ST. PAUL BOOK STORE HOURS ANNOUNCED

School will reopen on **SEPTEMBER 4**. There will be a full day session. All students will present their report cards to their advisors on opening day. All books must be in the hands of the students by Sept. 4. The 7th and 8th grade students will purchase their books on Tuesday, September 2 from 9 to 11 a. m.

PURCHASE OF BOOKS SCHEDULE

Freshmen	Tuesday	September 2	1:00 to 3:00
Sophomores	Wednesday	September 3	9:00 to 11:00
Juniors	Wednesday	September 3	1:00 to 3:00
Seniors	Wednesday	September 3	3:00 to 5:00

No Sale for Hot Dogs

In his report to the Grosse Pointe Farms council, Clerk Harry Furton stated that he has received communications from residents protesting against any plans to allow the sale of refreshments at the Pier Park as suggested by the Grosse Pointe Review.

John Emery Returns

James A. Emery, son of Mr. and Mrs. Charles Emery of 1304 Beaconsfield, is just back from a trip to New York, where he studied advance hair-styling.

Mental Patient Found in Village

An alleged mental patient who was found wandering last week near Loraine and Mack, by Grosse Pointe City police, was released to his relatives in Detroit. He is Christian Frey, 71, of Detroit.

Bride-to-Be

GLORIA ANNU BEARD
Mr. and Mrs. Clark A. Beard, of Washington road, announce the approaching marriage of their daughter, Gloria Anne, to Robert Leland Kennedy. They will exchange vows Saturday, September 6, at Grosse Pointe Memorial Church. A reception will follow at the home of the bride's parents. The couple are building a house on Kenmore, in Grosse Pointe Woods.

Mozart, Duke Get Nod from Blond Star

Constance Dowling, the lovely honey-colored blond who plays so well the role of Lorna Moon opposite Dane Clark in Clifford Odets' prize play "Golden Boy" which opened last Wednesday at the Music Hall, has an unusual heritage. Her father is partly Russian, and from him she inherits her intense dark brown eyes, which at times seem almost black, and her deep emotional flair for the artistic. Her mother is strictly Irish, and from her Constance inherits her gayety, her whimsical charm, and also her exquisite blond hair. No wonder Constance always craved to be an actress. A mixture such as this was bound to produce something colorful.
Constance is extravagantly fond of exotic food and spends much of her spare time locating strange, exciting restaurants. Her taste in reading is almost universal, but when dancing she likes to concentrate on the rumba, samba, and the boogie-woogie. As for music, her natural taste runs to Mozart and Beethoven — but she doesn't want to disguise the fact that she gets a lot of fun out of Duke Ellington and Jimmy Lunceford.
Constance stands five feet five, and weighs 110 pounds. She loves to dance and likes her escorts to be good dancers. They must have a lively sense of humor, too, for Constance likes a merry time when she goes out. Her role in "Golden Boy" is highly dramatic and completely foreign to the roles she's had before.
Miss Dowling made a hit in films several years ago when she co-starred with Danny Kaye in "Up in Arms" and later appeared in the Goldwyn Folies.
"Golden Boy" will continue at the Music Hall through Sunday, August 31, with matinees Thursday, Saturday and Sunday.

It costs less than the price of one bus ride to keep a Girl Scout in the organization for one week, figures released Thursday by Catherine V. Richards, executive secretary of Detroit Girl Scouts, show.

TRANQUIL GARDENS

By Helen Yearsley

Very few gardeners consider the color combinations carefully. The nicest guide is a Color-Helm, found in most stationers, or art stores. It gives the exact degrees of color contrasts. For instance, if you want a rich accent at the steps or at the end of a long

view from the porch, etc., by checking on the Color Helm, you will find each shade of green has its own particular complementary color, or exact opposite. Test your background to find if purple, magenta, deep rose, orchid, scarlet, or delicate pink will be most effective. Then pick flowering plants in that shade.

Women Golfers Vie at Franklin

Approximately two hundred of the country's top women golfers will vie for the 47th annual Women's Amateur Golf Championship at Franklin Hills Country Club Sept. 22-27. The tournament, sponsored by the United States Golf Association, is the foremost women's golf event of each year, and since the withdrawal of last year's champion, Mildred "Babe" Didrikson Zaharias from amateur ranks, is being termed "wide open."

ATLAS IS CHAIRMAN

Edward A. Atlas is general chairman locally and Oscar A. Kaufman is his vice-chairman. Honorary chairmen for the event are Leo M. Butzel, Judge Charles C. Simons and Franklin Hills president Samuel H. Rubiner.

Women's committee co-chairmen are Mrs. Leonard T. Lewis, Mrs. Robert H. Newman and Mrs. Gerald Sandorf.

Other committee chairmen include Leonard Simons, program and publicity; Dave Idzal and Jules Schubot, admissions; King Schwydler, course and grounds; Edward Bernstein, parking; Sidney Allen and Jacob Nieman, hotel reservations and transportation; and Henry Sosa, David Zack and Robert M. Newman, finance.

Others are William Mazur, galleries; David Well and Bert Silverman, house; Irving Oberfelder, Frank E. Kenney, Doc Cochran and Hugh Syron, caddies.

Also at work on tournament plans are Matt Matteson, Franklin Hills, pro; and Charles Rankin, club manager.

TICKET SALES

Gallery tickets for the matches are on sale this week in downtown sporting goods stores. Sold in books of ten, they admit the purchaser to the six days of tournament play and to four practice rounds the preceding week.

USGA par for the rolling, wooded, Franklin Hills Course has been set at 75, and several holes are being shortened for the championship tilt.

Among entrants received in New York are those of Louise Suggs, Atlanta, Ga., golfer who recently won the Western Women's Amateur; Polly Riley of Port Worth, Tex., and Mrs. Edwin H. Vase Jr., six times winner of the Women's Amateur. All are considered outstanding contenders.

If you have a particularly lovely flowering crab in shell pink, perhaps coronaria, the latest to bloom, see that no strong yellows, reds, or blues, are near. Blues go well with salmon rose and flesh tones. And greys are very softening. Remember your greatest asset, the sky. Tall blue flowers will make the sky a part of the immediate scene.

Large stones, or earth clouds as the Chinese call them, have a strange effect on the psychology. Perhaps its our cave man progenitors. Never use small stones. Something you can barely life is the very smallest. Always group your stones the same as you would your plants.

A specimen may be alone, the same as a specimen shrub. But they lack better grouped sort of half-heartedly, not scattered. Unless the stone is very large, do not use a bold planting of striking colors and magnificent blooms. Leave that to the Zoo where a wild strength seems natural. Ferns half hiding the rugged sides, tiny, sprawling hen-and chickens or such at the front grass edge. Pale petals in spring crocus (always at the foot, looking up at the rough exterior), summer forget-me-not anything filmy. A dainty thing is the little hardy cyclamen, looking like a rose-colored adder tongue. Don't forget, the combination is the thing.

Newlyweds Receive At G. P. Yacht Club

Claire Davenport, daughter of Mr. and Mrs. Talmon A. Davenport, of University place, exchanged vows with Howard E. Owens, son of Mr. and Mrs. Ralph J. Owens, of Wolcott, Ind. Sunday, the Rev. Paul Ketchum officiating at the o'clock ceremony at Grosse Pointe Memorial Church.
The bridal gown was of white marquisette, with a sweetheart neckline, long sleeves and a full skirt. Her fingertip illusion veil was held in place by a tiara of seed pearls. She carried a cascade bouquet of white roses tied with white ribbons.
Matron of honor was Mrs. John S. Burchenal, and bridesmaid, Phyllis Owens. Both wore gowns of blue marquisette.
Robert J. Owens was his brother's best man, and the ushers were: William G. Burchenal of Evanston, Ill., John S. Burchenal, John L. Emery, and Ensign Terry R. Rager, of Oceana, Va.

A reception followed at the Grosse Pointe Yacht Club.
On their return from a honeymoon in Northern Michigan, the couple will go to Bloomington, Ind., where they will make their home while the bridegroom completes his studies at the University of Indiana.

BENEFITS STUDENTS
The Pointe Conservatory of Music, at 20947 Mack avenue, is founded for the benefit of music students, whether professional or amateur. The purpose of the school is to promote the study of music, with complete courses of instruction to meet the requirements of musicians and qualify them as performers and teachers.

Paula's Hi-Lites

by PAULA BEAUPRE August 28, 1947

Dear Jeanne:
After your Hi-Liter wrote an article about two weeks ago telling just what the Movie Stars were really like, a few interested folks popped right up and said, "why not more?" So I once again delved into all available movie matter and found a little more lowdown on your Hollywood idols. Before I ask the movie-minded to gather 'round, why don't you, who definitely detest movies or you, who can't stand to hear any more about those movie stars settle yourself in a nice comfortable chair with that good book you've wanted to read for so long and just pretend you never even saw this article! (Let me know how the story ends!) And now — Screen Fans, gather 'round for:

INSIDE BRIEFS!!!

Something new under the sun: Janis Paige is knitting a ribbon dress . . . Miss Paige also caused a flutter of excitement last week by wearing a white derby while dining at the Brown Derby . . . Don Ameche is learning how to hypnotize Claudette Colbert — for a scene in "Sleep My Love," that is . . . Errol Flynn is serious about writing a screen play based on the life of Robert Louis Stevenson; claims to have rounded up some hitherto unknown anecdotes . . . Shirley Temple is taking golf lessons to keep up with husband John Agar . . . Bette Davis has given her large stamp collection to the vets at Birmingham Hospital . . . Character of Father Paul in Lasky's "Miracle of the Bells" is described in the script thus: "an insignificant fellow with a thin, undersized body topped by a small head with too-large ears and a chin too small for the nose above it." Guess who Lasky chose to portray it? It could be no one other than Frank Sinatra!

PAULA

After having her hair dyed red for "Romance in High C," Janis Paige bought a new home in Sherman Oaks. She didn't want her regular neighbors to see her! . . . For glamour purposes, it has been decided that mermaids in "Tarzan and the Mermaids" shall not wear the traditional tails! . . . Dane Clarke is planning a vacation in Gotham, thence to Europe with his wife, on conclusion of his current starrer, "Whiplash" . . . William Powell's hair has been taking a terrible beating. First it was dyed red, and kept that way for months in "Life with Father." Now it has been bleached white for "The Senator was Indiscreet."

CINDERELLA STORY!

Herewith a Cinderella story to end all Cinderella stories from Filmland!
Rhoda Williams, pretty 17-year-old student of the drama at U.C.L.A. was recently selected from a group of extra players to portray star Shirley Temple's school chum — an important role with lines to speak — in "Mary Hagen", because she had braces on her teeth!
The story called for such equipment and Miss Williams turned out to be the only known actress or near-actress who had them, acquired against the day she hoped to begin her screen career with beautifully straightened molars. Miss Williams does extra work to pay for her tuition — and braces.
When selected she was watching director Peter Godfrey interview a group of established young actresses, who had applied for the part she eventually received. She just happened to smile and Godfrey just happened to notice the braces.

SHIRLEY PLANS FLING

Apparently Shirley Temple means to run the gamut of the cinema.
Recently she accepted a starring role in "Mary Hagen" for Warners because it gives her a chance at heavy drama as against the lighter comedies that have marked her return to the screen as an adult actress.
Last week she informed friends that she is taking vocal lessons from the noted Hollywood coach, Robert Keith, against a fling at musicals in the future. Years ago audiences went wild about her childish treble. Now her voice is a clear soprano.

CELEBRITY DATA

Joan Crawford has lived in the same house in Brentwood since 1929. Originally it had six rooms: now it has 27!
One of her prized possessions is a fan once owned by the late Barbara LaMarr.
She is an avid screen fan and runs double bills in her garden theater as often as three times a week along with a newsreel, short subject and cartoon.
She knits constantly, on the set, at home, in the theater, and deluges friends with sweaters, socks, and afghans. Ice cream sodas are her pet vices.
She maintains a New York apartment the whole year round — for herself and for homeless friends.
She dislikes seeing woman wearing slacks and is very particular about her own wardrobe because "I owe it to the public always to appear well groomed."
She yearns to produce her own pictures one day or possibly direct.
In "Possessed", her latest starring role she plays a woman with a split personality. She regards it as her most exacting role to date.

NEW ARRIVAL

Yves Montand, prominent French singing personality signed by Jack Warner last winter, is scheduled to arrive at the Burbank studio within a week. Montand is said to possess the Gallic charm of Maurice Chevalier and the versatile talent of Danny Kaye.
Bette Davis has been named the most popular motion picture actress in France by Cinevie, leading film magazine published in Paris.
Runner-up was Marlene Dietrich followed by Greta Garbo, Greer Garson and Ingrid Bergman.
Gary Cooper captured top male honors. Eric von Stroheim was second . . . Now let's go to the movies!!!

KEEP THIS DATE OPEN!

Joe Mannino and his Band have been working hard this summer so that their band will be the best around — and they are really good!! Joe and the 12 music-makers have some swell new arrangements. You won't want to miss hearing them on September 13 when they play at Pillar Recreation Center. An added attraction will be the new quartet which will make its initial appearance at this affair. See you there!!!

Valeta for now,
Paula

MUNISING NUPTIALS

MR. and MRS. JACK BINSFIELD

Mr. and Mrs. Jack Binsfield are at home in Birmingham, Michigan following their marriage recently in Sacred Heart Church, Munising, Michigan. Fr. Connal, cousin of the bride, performed the ceremony.
Mrs. Binsfield is the former Constance Berube, an alumna of Siena Heights College, Adrian, Michigan. Jack attended De La Salle College and St. Mary's College, Winona, Minnesota, and spent 3 1/2 years in the Army Air Force.
Agnes and Rita Binsfield, Dorothy Singer and Dorothy Ward were the bride's attendants. Bill Berube gave his sister away, Jack Greening, Robert Berube, Norbert Crombe and Charles O'Connor made up the wedding party.
Jack's former residence was at 1824 Hampton, Grosse Pointe Woods.

Engaged

BETTY JEAN CHANDLER

At a dinner party at the Detroit Yacht Club, Mr. and Mrs. Robert J. Chandler, of Audubon road, revealed the betrothal of their daughter, Betty Jean, to Thomas J. Lounsbury, son of the Leo J. Lounsbury, of Seneca avenue. The bride-elect attended Michigan State College, where she was affiliated with Chi Omega sorority, and her fiance's school is Assumption College. No wedding date has been set.

SEED PROTECTION

Seeds sown before the soil is warm need all the protection you can give them against moulds and fungi, which have more time to form, when germination is slow. Easily applied fungicidal dusts will protect the seed.

"Volunteer of the Week" Honors to Mrs. Kerr, Jr.

Mrs. Robert M. Kerr, Jr., 294 Touraine, has turned her artistic talents to help Red Feather agencies during the past 10 years. For her services she has been named "Volunteer-of-the-Week" on the "Red Feather Revue," Community Chest program heard weekly over Radio Station WWJ.

Prior to her marriage Mrs. Kerr served as counsellor at a YWCA camp and for the past seven years has conducted an art class at Sophie Wright Settlement. For three years she worked on the Girl Scout recruiting drive planning and executing art work and display posters. All these agencies are Red Feather services of the Community Chest.
She was also poster chairman for the American Women's Volunteer Services in Grosse Pointe.

Mrs. Kerr's background in art includes training at Erskine School in Boston, Mass., and work in the Pewabic Pottery.

In addition to her artistic efforts in the civic field she also designs and makes her own clothes and decorates her own home. She has two children.

Fran Harris, well-known woman commentator of WWJ, is heard weekly on Wednesday at 5:15 p.m., in the "Red Feather Revue." The program is broadcast from a different Community Chest agency each week. In addition to interviewing the "Volunteer-of-the-Week," Mrs. Harris reads answers to listener's personal problems prepared by the Community Information Service, a Red Feather service.

'DUEL' RETURNS

For the Detroiters who failed to see David Selznick's startling "Duel In The Sun" the Downtown Theatre brings it back for a limited return engagement. Jennifer Jones, Gregory Peck, Joseph Cotten, Walter Huston and Lionel Barrymore are starred in Niven Busch's dramatic narrative of the love of two brothers for a seductive Indian halfbreed. Performances are continuous.

INFORMATION PLEASE

Community Information Service, a Red Feather service, answers 82 inquiries per day on special service in Metropolitan Detroit during July.

Who put the sapphires in Mrs. Murphy's basement?

Tommy Murphy was incredulous. "G'wan, how can there be sapphires in our basement?" he demanded. "Where are they, anyhow?"

"Right in this little black box, son," grinned the Edison man, tapping the Murphys' meter. "In there you'll find tiny sapphire-jeweled bearings, made with the same skill and precision that go into your dad's watch."

The careful workmanship in your meter is reflected in its absolute accuracy, whether it be in your basement or outside your home. And the man who checks that meter is so well-trained that he reads its figures as quickly and accurately as you tell time.

This emphasis on accuracy is part of the Edison way of doing business . . . it contributes to the uniformity and the year-round reliability of your electrical service.

THE DETROIT EDISON COMPANY

Horticultural Society Information Listed

Grosse Pointe and Eastern Horticultural Society's annual Flower, Fruit and Vegetable Show will be held Saturday and Sunday, September 6 and 7, at the Neighborhood Club, Waterloo at St. Clair.

There is a complete list of regulations as received from the show's general committee.

CLASSIFICATION OF ARRANGEMENTS

1. A mass arrangement of flowers, in any container measuring 10 inches or over (high).

2. An arrangement in a green or vegetable dish to be placed on a sideboard, against a wall.

3. An arrangement of fruit, flowers or fruit and vines, to be placed in the center of a table.

4. A green and white arrangement in any container, to be placed on a table only to people who have won a ribbon.

5. A small arrangement, to be placed on a table.

6. Vegetables and/or fruit arranged in a suitable container for a dinner table. Vines not allowed.

RULES

1. All entries must consist of at least three varieties. 2. All entries in these classes must have been processed by exhibitor. 3. Containers: Jelly glasses, jars, etc., may be of any capacity. 4. Entries: Must be labeled as to contents. 5. All entries should be in the hands of the secretary (William P. Thomas, 5231 Gateshead Street, Detroit 24, Mich., or c/o The Neighborhood Club) one clear day previous to the show. 6. Exhibits should be in place for judging by 12 o'clock noon on opening day (Saturday, September 6th).

SCHEDULE COMMITTEE

Mrs. J. Heslop, chairman; Mrs. Roy Berry, Mrs. Ernest Binning, Mrs. B. Nankervia.

SCHEDULE OF CLASSES

Amateur or Home Garden Section

CUT FLOWERS

1. Collection of Annuals, 3 vases, 6 in a vase, \$1.50, .75; 2. Vase of Asters, 6 blooms, .50; 3. Vase of African Marigolds, 6 blooms, .50; 4. Vase of French Marigolds, 6 blooms, .50; 5. Beans, pole, 12, .50; 30. Beets, round, 3, .50; 31. Cabbage, green, 1, .50; 32. Cabbage, red, 1, .50; 33. Carrots, half long, 3, .50; 34. Carrots, long, 3, .50; 35. Cauliflower, 1, .50; 36. Celery, 1, .50; 37. Cucumber, 2, .50; 38. Sweet Corn, white, 3, .50; 39. Sweet Corn, colored, 3, .50; 40. Swiss Chard, 1, .50; 41. Eggplant, 1, .50; 42. Leek, 3, .50; 43. Lettuce, 1, .50; 44. Onions, 6 (sown outside), .50; 45. Parsnips, 3, .50; 46. Peas, 12, .50; 47. Pepper, green, 2, .50; 48. Pepper, red, 2, .50; 49. Pepper, yellow, 2, .50; 50. Potatoes, 3, .50; 51. Pumpkin, 1 (pie), .50; 52. Radish, 6, .50; 53. Squash, Hubbard, 1, .50; 54. Squash, Summer, 1, .50; 55. Tomato, 3, .50; 56. Tomato, 3, ornamental, .50; 57. Turnips, 3, .50; 58. Vegetable Marrow, 1, .50; 59. Any vegetable not mentioned, .50.

RULES

1. All exhibits in above classes must be grown and staged by non-professional gardeners. 2. Paper plates for exhibits will be provided by the show management; 3. All exhibits must be in place by 12 o'clock noon on opening day of the show, Saturday, September 6th, 1947; 4. Seals awarded, indicating First and Second prizes; 5. All exhibits and awards to remain in place until end of show or removal only by permission of the show management.

GROUP 1. JELLY

1. Apple, green; Class 2, Crab; Class 3, Blackberry; 4. Current; Class 5, Gooseberry; Class 6, Grape; Class 7, Class 8, Quince; Class 9, Raspberry; Class 10, Rasp; Class 11, Any other variety.

GROUP 2. JAMS

1. Blackberry; Class 2, Class 3, Plum; Class 4, Plum; Class 5, Raspberry; Class 6, Raspberry; Any other variety.

GROUP 3. MARMALADES

1. Orange; Class 2, Quince; Class 3, Grapefruit; Class 4, Class 5, Pear; Class 6, Any other variety.

GROUP 4. PRESERVES

1. Cherry; Class 2, Peach; Class 3, Plum; Class 4, Plum; Watermelon Rind; Class 5, Tomato; Class 6, Any other variety.

GROUP 5. BUTTERS

1. Apple; Class 2, Peach; Class 3, Plum; Class 4, Pear; Class 5, Tomato; Class 6, Any other variety.

GROUP 6. FRUITS

1. Apricots; Class 2, Cherries; Class 3, Cherries; Class 4, Currants; Class 5, Gooseberry; Class 6, Grape; Class 7, Class 8, Pear; Class 9, Pear; Class 10, Raspberry; Class 11, Strawberry; Class 12, Any other variety.

GROUP 7. PICKLES

1. Cucumber; Class 2, Class 3, Sour; Class 4, Class 5, Bread and Butter; Class 6, Mixed; Class 7, Class 8, Onions; Class 9, Class 10, Mustard; Class 11, Pickle; Class 12, Any other variety.

GROUP 8. VEGETABLES

1. Asparagus; Class 2, Class 3, Beans; Class 4, Beans; Class 5, Class 6, Peas; Class 7, Class 8, Tomato; Class 9, Beans; Class 10, Any other variety.

BRIDE

Mrs. George Douglas Gordon

Dorothy Ann Foley Weds at St. Ambrose

Dorothy Ann Foley, daughter of Mrs. Edward J. Foley and the late Mr. Foley, became the bride of George Douglas Gordon, son of Mr. and Mrs. Cyril Gordon, of Seward avenue, at a double ring ceremony on August 23, at St. Ambrose Church. The Rev. Francis Van Antwerp officiated.

Pat Foley was her sister's maid of honor, and Muriel Ziegler, her bridesmaid. Dayton Clapper served as best man, and Jack Gordon, brother of the bride-groom, and Sydney Probert seated the guests.

Following the ceremony, a reception was held at the Village Manor. The couple then left for a honeymoon in northern Michigan.

Local Stage Group Plans 2nd Season

Robert F. Hampton Productions have announced the first play of their '47-48 season. This will be *Stage Door*, the brilliant comedy of a would-be actress by George S. Kaufman and Edna Ferber. It will be presented Sept. 26-27 at the Detroit Institute of Arts.

This will be the second season for the acting company headed by Hampton, young Detroit producer. Other plays for the season will be: *Dangerous Corner* by J. B. Priestly to be presented Dec. 5-6; *Death Takes a Holiday* by Alberto Casella, March 19-20; and *The Devil in the Cheese* by Tom Cushing to be presented May 28-29.

Berkshire Road Resurfacing Ends

The resurfacing of Berkshire road between Jefferson and Windmill Pointe has been completed at a cost of \$11,000. It was reported by the Grosse Pointe Park office.

The work is part of a general over-all improvement of streets in the village.

CHILDREN'S FRIEND

Did you know that there are 24 Red Feather agencies providing services for dependent and neglected children in Metropolitan Detroit?

the secretary: Special note: For intending exhibitors. Kindly mail your list of entries by Thursday, September 4th, to William P. Thomas, secretary, 5231 Gateshead Street, Detroit 24, Mich., (phone TUxedo 2-4635) or direct to show chairman, care of the Neighborhood Club.

JUNIOR VICTORY GARDENERS SECTION CLASSES

1. Best dish of any vegetable. Three of one kind; 2. Best collection of vegetables arranged in a basket. Variety and arrangement to count; 3. Artistic arrangement of flowers in bowl or vase. Any foliage; 4. Miniature arrangement. Container to be not more than 5 inches in width and 5 inches in height. Originality to count. Any foliage; 5. Best collection of wild flowers. Each specimen to be marked with common name. \$1.50, \$1.00, .50.

RULES

1. Open to all children in Grosse Pointe Community. Ages 8 to 14, inclusive; 2. Vegetables exhibits must have been grown by exhibitor either on a registered Victory Garden plot or in own home garden; 3. First, Second and Third prizes will be awarded in each class and where merited special or honorable mention; 4. Decision of judges final; 5. All exhibits must be in position for judging by 12 noon Saturday, September 6th.

Special note: For additional information apply to Miss Pauline Masak, c/o The Neighborhood Club, to whom all entries should be made, previous to the show. On your entry list be sure to give your age, full name and address.

STEWART-WARNER ELECTRONIC WHEEL BALANCING SAVES TIRES

• All four wheels balanced without removing from car. Absolutely no guesswork—every job is perfect.

Tire, tube, wheel, hub cap, brake drum, all balanced as a single unit.

Balanced wheels don't pound pavement. They give a smoother ride, save tires and many other moving parts of the car.

Superintendent's Annual Report

Editor's Note: Following is the annual report of Superintendent of Grosse Pointe Public Schools.

By **DR. PAUL L. ESSERT**

Each year in addition to frequent monthly reports of the Superintendent to the Board of Education, there is an Annual Statistical Report submitted to the Board, which is available to citizens of the community upon request, giving statistical data on the enrollment, the population trends of the district, the growth of residential building, scholastic achievement reports, the success of the schools as shown in statistical measurement, the report of the Grosse Pointe Public Libraries and other data of current value to those who are interested. This report, therefore, is purely a summary review of some of the major developments of the schools.

This year marks the twenty-fifth year of the organization of the school district. It is fitting, therefore, that this report is something of a review of the Grosse Pointe Board of Education over the past quarter of a century.

Continuity of Service of Board Members

The report of the President has reviewed some of the more significant activities of the schools over that period and certain recent activities. Probably the most significant factor in the development of the Grosse Pointe Schools since 1922 has been the continuity of service of Board members. In the present Board, one member, Mr. Charles A. Poupard, has given continuous public service throughout the entire history of the organization of the district. Mr. Charles A. Parcels is completing his twenty-second year, and on June 30 will retire from active service on the Board. Mr. Ralph Clark has given fifteen years of public service to the Board. Mrs. Alice Sheaffer and Mr. Bert Wicking are now serving their second three-year terms. This continuity of service of citizens in the welfare of children and youth is, without question, one of the major factors in the splendid record of this school system.

There is no question but what it has been a great record of planning and thoughtful development.

Comparisons in 1922 and 1947

In 1922 there were 947 pupils in membership as compared with over 5,000 today. In 1921 Grosse Pointe children could go only as far as the 10th grade and very few of them were able to go that far; today every child can have 13 years of education in this school system. In 1930 over a third of your teachers had less than two years training beyond high school. Today only 1 per cent have as little as two years training and 97% have four or five years training beyond high school. In 1922 your school plant consisted of the old Cadieux, the old Trombly, the old Kerby, a part of the Defer School and the present Vernier School each under separate Boards. Since that time you have added the Cadieux addition, the new Trombly and the Trombly addition, Grosse Pointe High School, Richard School, Mason School and the Mason addition, Defer addition, the Mair elementary school, the Pierce Junior High School, the Industrial Arts unit at the high school, and have at present under construction the first wing of a second junior high school and are about ready to break ground for a new elementary school at Kerby and Beaupre.

Fifty-Two Acre Campus

You have, in this perfectly amazing construction of school housing, used the best materials, made careful studies of the needs and advanced educational thinking in school building. You have expanded your school site and playground area from 10 acres to a campus of 52 acres. If you were to place these buildings and grounds together on one campus of 52 acres together with the landscaping and architectural beauty that surround them, you would have us imposing and as large a campus and facilities as most universities in the nation with an enrollment of 5,000 students.

Not only have you built these beautiful grounds and buildings as well-planned educational homes for your children and the children of tomorrow, but you have paid for them or have adequate provisions for paying for whatever outstanding indebtedness re-

mains. The President's report points out the detailed figures regarding the plans and provisions for meeting the remaining indebtedness. This plant represents an investment of over six million dollars, not including the plant now under construction. Against this there exists an outstanding indebtedness of one and one-half million dollars yet to be financed, for which you have a definite schedule sinking fund plan.

Professional and Instructional Growth Over Quarter of Century

Twenty-five years ago, the minimum salary for teachers in this school system was \$1200 per year. Today it is \$2500. In 1922, the maximum salary for teachers was \$2,000. Today it is approximately \$4500 and by 1948-49, it will be possible by special functions being assigned to the teachers for thirty positions to attain maximums of from \$4700 to \$4900.

In 1917 and 1918 children of Grosse Pointe School District No. 1 were given an opportunity to study music occasionally as a result of the Board paying the transportation of Detroit music teachers for "singing school."

Today every child is given regular instruction in choral and instrumental work from the earliest grades on through the high school. Art, home economics, gymnasium, dramatics, shops for wood work, electricity, metal work, mechanics, a carefully planned sports and recreational program—these and many other services have been added in a quarter of a century to make your schools a challenge to all American youth rather than simply meeting the needs of 10% of selected children who in 1922 might have been contemplating the completion of a college education.

In 1925 to 1930 and for some years previous, your high school was under severe criticism by citizens of the community for its poor preparation of its graduates to enter college. Today there is evidence to indicate that your graduates are making as distinguished records in colleges as any high school, private, parochial or public, in the State of Michigan, and are able to meet scholastic competition in any of the leading colleges of the nation.

High scholarship in the three R's in the elementary has been maintained as well as the development of a carefully planned program of teaching children how to get along with people. No records of measures are available previous to 1930. From the Superintendent's report of 1933, however, we find that in the national testing, the Grosse Pointe

work of the school may be conducted, government should guard this frame work and guarantee to the teaching profession and the educational authorities freedom and opportunity for the intelligent and loyal discharge of their duties, intervening directly only in case of their breach of trust. This, rather than the detailed development of administration and supervision of the program of education, is the responsibility of democratic government. In discharging this obligation, governments should:

First, establish a special authority for the general conduct of the school.
Second, provide generous and sustaining financial support of the educational understanding.
Third, insure the broad, thorough and democratic training of the teacher.
Fourth, safeguard the integrity of the teacher.
Fifth, refuse deliberately to make full use of its own power over the school.

Evaluation of Policies for Education of Free Men

Not only have you shown in the past twenty-five years the remarkable record in the building of an excellent plant, in the selection of outstanding and well-qualified and well-trained corps of teachers and administrators, and in the scholastic growth of the pupils and in the development of a wide variety of excellent educational opportunities for all children in all types of activity, but you have in addition, through the efforts of an excellent Board of Education developed some high standards and policies of fiscal planning of school administration and instruction. These high standards and policies that have been evolved by your Board of Education as to its method of work and working relationships in the community, have not come about by any accident but have been worked out by careful and thoughtful procedures throughout the years by the Board of Education that was sincerely interested in a high professional quality of education. It is well to review some of the standards and policies of procedure and of working relationships which have been evolved by your Board of Education. The evidence of the actuality of these policies and procedures come not only from my own association with this Board in the past six years but from a recent review and study of the minutes and records and proceedings of the Board of Education for the past twenty-five years.

The fundamental responsibility of government is to establish and maintain from generation to generation broad conditions under which the education of free men may be carried on. Having set the frame work in which the

work of the school may be conducted, government should guard this frame work and guarantee to the teaching profession and the educational authorities freedom and opportunity for the intelligent and loyal discharge of their duties, intervening directly only in case of their breach of trust. This, rather than the detailed development of administration and supervision of the program of education, is the responsibility of democratic government. In discharging this obligation, governments should:

First, establish a special authority for the general conduct of the school.
Second, provide generous and sustaining financial support of the educational understanding.
Third, insure the broad, thorough and democratic training of the teacher.
Fourth, safeguard the integrity of the teacher.
Fifth, refuse deliberately to make full use of its own power over the school.

The above statement taken from "Education of Free Men in American Democracy," by the Educational Policies Commission, defines broadly the over-all policy of the Grosse Pointe Board of Education as I have interpreted it during my six years as Superintendent.

The balance of this report will attempt to outline specific policies developed by the school district under each of the first four criteria stated above, the fifth having been dealt with in the previous discussion.

Editor's Note: Due to its length the report will be continued in next week's Review.

Enlistments Open for Local Duty

Col. Walter C. Cole, Commanding Officer of the Michigan Recruiting District announced that there are now many openings throughout the continental limits of the United States for qualified personnel with previous service in the Armed Forces.

One of these Regular Army installations, right here in Michigan, at Percy Jones General Hospital, has openings for the following qualifications: Automotive Equipment Operator and Photographer, Orthopedic Mechanic and Physical Therapy Technician.

For further information call at your local recruiting office.

Bell Notifies Farms Council of Rate Increase

The Bell Telephone Company has advised the Grosse Pointe Farms council of the following proposed increases in the village rates:

	PRESENT	PROPOSED
1-Pty. Business	\$6.00 for 100 calls*	\$6.00 for 75 calls*
1-Pty. flat rate residence	\$5.00 for 100 calls	\$5.50 for 75 calls
2-Pty. flat rate residence	\$4.50 for 100 calls	\$4.75 for 75 calls
1-Pty. residence measured	\$2.60 for 65 calls*	\$4.25* for 90 calls*
2-Pty. residence measured	\$1.00 for 40 calls*	\$3.00 for 60 calls*
2-Pty. residence measured	\$2.25 for 30 calls*	\$2.50 for 30 calls*

*Additional calls @ 5c each
*Additional calls @ 4c each

Also, while asking for the rate increase, the company proposes a new and more liberal style of rate treatment on calls to suburban communities. Those customers having flat rate residence service in outlying Detroit areas, such as our Grosse Pointe suburban communities, could call adjacent communities without additional charge and the charge to all other suburban zones would be reduced from 5 cents to 4 cents per interzone unit for such users. Message rate business and residence service will have the same allowance applied against interzone usage as well as local zone usage and the excess units will be billed at 4 cents each instead of the present 5 cent rate, with one exception that the customer who has the minimum 2-party 30-unit service will continue to pay 5 cents for each call.

Meek Coal Wins Club Softball Championship

Joe Mocerri Favored for Class B Title

This week found the four eligible teams of the Class B division bidding for the championship title, and according to the standing released Monday, Joe Mocerri's team bid fair to become the winner.

The schedule for the remainder of the season has the Northeast Harper Merchants playing Gregg-Scherer on August 27, Tuesday, at Kerby Field at 5:30. The winner of that game will play St. Clare at the Kirby Field at 5:30 on the following day. The winner of the August 28 game will play Joe Mocerri on August 29, at the same time and place. If necessary another game with Joe Mocerri will be played on August 30.

Last Saturday's and Sunday's games involving Northeast Harper Merchants, Gregg-Scherer and St. Clare were not counted because of ineligible players being used.

The following are last week's standings and box scores:

Standings	W	L
Joe Mocerri	2	0
Gregg-Scherer	0	1
N. E. H. M.	1	1
St. Clare CYO	0	1

JOE MOCERRI

WOLVERINES' NOTE
Michigan's 1947 football team at peak strength will be close to par with last year's runner-up squad in the Big Nine, but Wolverine reserves definitely will be weaker than a year ago.

"If You Can't Beat 'Em, Join 'Em" - Dudley Does

If you can't beat 'em, join 'em. That ancient adage was Bill Dudley's summation of his decision to sign this fall with the Detroit Lions after the Detroit club had gained permission to deal with the former Pittsburgh star.

AUSTRALIAN TAG
Wrestling fans' favorite feature - An Australian Tag Team match - will headline the show Thursday night at Chesterfield Hall, Gratiot at 10-Mile road. The No. 1 team will be composed of Harold Chaundy and Jack Thomas, two local favorites, against Steve Zold and Tony Vagonne, two of wrestling's meanest villains, as team

troit Lions after the Detroit club had gained permission to deal with the former Pittsburgh star.

Last year, when Dudley led the National Football league in ground gaining for the second time, it was Pittsburgh whom the Lions beat for their only victory of the year. Furthermore, in that game, Dudley was held to seven yards - compared to his 135 against Green Bay and 113 against the New York Giants.

Community Chest health services cared for 68,770 patients during 1946.

Grid Call Set for G. P. High

By ROCKY PHILLIPS

The first football practice is scheduled to begin on Tuesday, September 2, only three days before the official opening of the fall term in the school year. The first game of the season will be under the lights at Ferndale, Friday, September 19.

For the information of the boys who plan on going out for football this year, the only eligible gridderes are those who have been invited by Coach Edward Wernet to come up in varsity practice.

This season will witness another major change in reference to the reserve football squad. In the past years the reserve was a separate team and under the direction of a separate coach. Since many of the Border Cities Schools consider their third and fourth string varsity as reserve and have met with reasonably good success Grosse Pointe High School has followed in step.

The success of all the sports during the school year has a twofold purpose. First, defending the ownership of the Border Cities League Sweepstakes trophy awarded to the school with the best all-around sports record and second, the equaling or bettering last year's fine football record of three wins and three losses.

Dearborn Beats Local Team In Title Play

News, championship team of the Class E division of the Grosse Pointe Baseball League, was eliminated in the semi-finals for the state Junior Baseball championship, on Sunday, August 24. The victor was Dearborn, which defeated News, 3-1. Dearborn also went on to shutout Ecorse 3-0, and win the Junior State championship.

Previously, the Grosse Pointe team had squeezed a victory over Port Huron, by the score of 2-1, on Saturday, August 23.

News became the Class E champs after defeating Tom Boyd in two straight games, 11-0 and 5-1.

Bear Hunters Warned Of Deadline

The 10,000 members of sportsmen's clubs in Wayne County, affiliated with the Michigan United Conservation Clubs who wish to take part in the MUCC bear hunt with hunts at Lake City in Missaukee County, September 15 to 20, are reminded that their application to be among the lucky 150 hunters to be chosen by lot, must be in the hands of the MUCC secretary by September 2. They should file them with their local club secretary before that time.

There will be three two-day periods for hunting with 50 persons for each period. The hunters will leave at 6 a. m. for a location to be advised. Guides from the Missaukee Conservation Club will accompany hunters.

JONES PAYS OFF Ex-Tiger Star Fails To Shine

By JAMES H. QUELLO

Dick Jones, chief CKLW Hucker, scored on showmanship but lost a bet at the annual Adcrafter party at Oakland Hills.

Dick bet that the West side adcrafter ball team would beat the East side ad men for the eighth straight year. After placing the bet, he went to work to eliminate any chances of an upset.

The afternoon of the soft-ball classics two jauntily clad characters in CKLW sweat shirts started working out with the West-siders. Large letters on the back of the sweat shirts read "O'Brien and Ginsberg, Religious Supplies."

One of the characters parked himself on first base, did a pretty fair job of stopping the ball. The other CKLW character took over second base. He looked like he had played ball before too. When they took

To Get Review Trophy

An aggressive Meek Coal team won the Neighborhood Club Senior Men's Softball Championship Wednesday by defeating Tire Service 7-1 at Neighborhood field.

The title game marked the end of a season which saw 10 teams compete for top league honors and the coveted Grosse Pointe Review trophy.

The champions, who were managed by Onar Martier, went through the season with only two defeats in nine starts. They will receive the trophy shortly.

Following are the members on the title club:

Jerry Oldenkamp, Vic Liagre, Carl Traynor, pitchers; John Jones, catcher; George and Al Ghesquiere, Stewart Argo, Forest Piche, infielders; Henry Huvaere, Al Folbout, Morris and Norman DeFour, Bob Marshall and Ralph Beels, outfielders.

Happy DeNeve and George Marshall handled the coaching assignments.
