To Fight High Cost of Living

The Grosse Pointe Victory Garden Council, cited by Washington officials for its efforts during the war years in supporting a food growing program may be asked to go to work again in an immediate revival of a nationwide Victory garden program in order to relieve the serious food crisis.

FACE CRISIS

IN A telegram sent to Secretary of Agriculture Clinton P. Anderson, by Rodney H. Brandon, newly re-elected President of the National Garden Institute stated: "The scarcest commodity in the world today is food," Mr. Brandon pointed out. "There is only one sure way by which food supplies can be increased and that is, as you aptly pointed out in your Town Meeting broadcast, by production and more production. On this depends the world for peace and security today and in future years."

"Our people demonstrated during the war that they could produce important amounts of food to supplement commercial production. It is not too late to effect a great increase in the number and extent of home gardens in the South and on the Pacific Coast this year," Mr. Brandon continued, "and next spring most other victory gardeners can be remobilized. Intelligent leadership and guidance is needed to inspire householders, both in towns and on the farm, as to kinds and quantities of crops they can grow or preserve to combat present high food costs."

"The National Garden Institute, which helped spark the home garden movement since 1943, in Annual Meeting last week, directed that this message be sent to you offering our services in the encouraging of home food production. . . . We feel that your own forces should be thrown unreservedly into this emergency including an appeal from the Federal Extension Service to all state universities and other agencies."

WIN PEACE

"If we are to win the peace as well as the war, immediate steps must be taken to meet this crisis. Delay means a year lost. We stand ready to do our part. Will you lead or shall we?" V. R. Depetris, Chairman of the Grosse Pointe Garden Council before it disbanded last May, stated in this newspaper Monday that he was prepared to take action to reorganize the council.

FIGHT HIGH PRICES

"Present high prices will not come down by legislation," said Depetris. "What we need is more production of food and other commodities." The former chairman said he would take action to call a council meeting as soon as he receives official word from President Brandon.

WORD TO GOVERNORS

Messages are also being sent to the Governors of all states urging their immediate cooperation. (Continued on Page 2)

War Hero Held In Ring Theft

Unable to resist a moment of temptation a war hero is being held at the Wayne County jail charged with grand larceny. His name is Alfred Lawson, 26, of Detroit, a former DSR bus driver, who confessed to the theft of two rings valued at \$3700 from the home of Mrs. Ruth D. Chapin, Jr., of 296 Cloverly road.

PLEADS GUILTY

Pleading guilty when he was arraigned before Judge George Beauchamp in Grosse Pointe Farms court, Lawson was ordered held when he was unable to provide a \$1,000 personal bond.

HE'S SORRY

"I'm sorry it happened," said Lawson to Det. George Chapwine, of the Farms Police, "but when I went upstairs to get the lotion and I saw the rings in Mrs. Chapin's room. I took them without thinking of the consequences." Det. Chapwine said that Lawson who is a fanatic of shaving lotions, did not involve his former wife in the theft.

PAWNS RING

Lawson's arrest was the result of his attempt to pawn one of the rings, valued at \$3,500 for a wrist watch and \$75, to Harry Kay, a jeweler on Harper avenue. Kay became suspicious and questioned Lawson, who immediately broke down and confessed the theft.

FIRE CHIEF SPEAKS

This week is Fire Prevention throughout the nation, and people of the Pointe would do well to observe the following suggestions offered by George F. Dansbury, Chief of Grosse Pointe Farms fire department:

"There have been numerous fires in the Pointe caused by incinerators. It is recommended that you have your incinerator screened, checked for corrosion, and repaired if needed.

"There are also quite a number of homes that have Ivy growing up the side of the house and chimney. In many cases this grows into the stack and plugs it up, causing a serious hazard. If your home is in this condition, it is recommended that you have this Ivy trimmed at the top of the stack.

This is Fire Prevention Week, but every day of the year is Fire Prevention Day. Keep the following ten rules in mind:

- 1. Do not keep paper or rubbish too near furnace or any open flame. For safety sake place in metal can or have same removed. 2. Do not attempt to clean clothing with naphtha or gasoline near an open flame. Take same outside and be sure that you close door behind you as these fumes travel to open flame.

HALLOWE'EN PRANKS

We are not too far advanced in years to forget the pranks and mischief we participated in during the days preceding Hallowe'en. However we also remember that when we were a bit over enthused and our soaping markings and other pranks hurt other persons and damage private property beyond the jest stage, then Mom and Dad did a little marking of their own—and they did not use soap.

NOT ENOUGH JAILS

In a recent editorial, Chain Store Age said: "The threat of the Attorney-General to jail those who are responsible for the current high cost of living is not apt to accomplish very much. . . . The fact is that if we were to put in jail everybody who is responsible for high prices, very few of us would remain at large, for most of us, to a greater or lesser degree, must share the blame."

It may be a logical human reaction to attack business for jacking up prices, but it certainly isn't sensible. No business wants to price its consumers out of the market. All major business depends not only for its profit but its very existence on mass consumption. That goes for the manufacturer, the supplier of raw materials, the middleman, the retailer and everyone else involved in the job of getting goods to the ultimate consumer.

If violations of the antitrust laws are found, it is the obvious duty of government to act. But it is a safe bet that deliberate violations are few and of minor importance so far as prices of commodities are concerned. No one, in these times, can seriously interfere with the normal processes of competition and the operation of a supply-and-demand market. The price problem is infinitely complex, and it cannot be solved by the simple device of actions at law.

Gardens

Junior Chambers of Commerce, state extension directors, national and state garden clubs, youth agencies and other organizations will be appealed to urging that there be no delay in the mobilizing of the gardeners of the nation in this vital movement.

The recent hurricane, other storms and early frosts have ruined many crops and devastated farm areas all the way from Florida to Michigan, Mr. Barndon said. This, in addition to the effects of the bad weather during the season and the unusual demand for American farm produce both at home and abroad, has added to the food crisis which came to a peak a year ago and which has not yet been relieved. The average American family cannot produce butter, beefsteaks or eggs, but everyone with a suitable piece of ground can grow many of the nutritious vegetables which are an excellent substitute for critical and high-priced foodstuffs.

Letter Box

TO THE EDITOR: October 2, 1947 The average citizen, we suppose, hardly ever gets an urge to write a letter to a newspaper. That is, unless something is so good or so bad that it prompts his action. Well, that's just about our case, but we'll try to make it brief, and to the point.

First, we think the "Review" is a pretty terrific paper. It gets very thoroughly read by all of us, and is, most certainly, "the pulse of the Pointe." That was the good part we mentioned in the first paragraph. The bad part is the gist of our complaint!

By now, you have probably gathered that we are teen-agers. We all go to Grosse Pointe High School, and are students of good standing. Every week, just about the entire student body reads the Review as religiously as they do "The Tower" (the high school paper). We pay particular attention to the "Teen Talk" column. What we would like to know, in all sincerity, is why the column is not called The Memoirs of Marie Van Zanea and her Friends!

Each week we go to the football games, some of the parties, and honestly—we even go to the dances. There are something like 1,500 students at the high school. But frankly, any activity that concerns students, like football games and dances, receive about a 6% representation.

Of course, it is impossible to include everyone at once. . . . But why, in the name of common sense, can't your charming little scribe ask a few people their names, rather than putting in her own set each week as well as her own name no fewer than three times in a column???

This letter represents thirty-two students, who, after two years of weary reading about the social life of the Remarkable Miss Van Z., and her friends, are getting pretty darn sick of it!

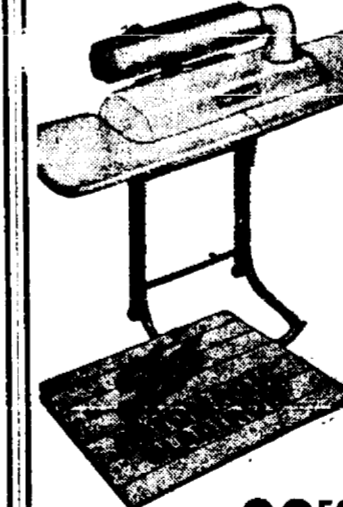

LAST RITES

Editor's Note—"All right we will accept your dare, and request letters of comment on Meeky's column, but all letters must be signed."

TO THE EDITOR:

The Grosse Pointe Girl Scouts wish to thank you for your constant and generous help in keeping the news of Scouting before the Community. Our campaign for leaders was most successful and we feel that a large part of this success is due to your cooperation in publishing the need for leaders.

The Grosse Pointe display at the Public Relations Institute of the Metropolitan Girl Scouts received many favorable and envious comments. Your cooperation made such a display possible. Our publicity chairman Mrs. Wesley Robinson, has found it a real pleasure to work with one who has so much community spirit.

We deeply appreciate all you have done for the Girl Scout organization.

Perhaps you'd like to know that the largest number of Volunteers Grosse Pointe has ever had enrolled in our Leaders Training Course this year. Of course we are overjoyed—and of course we will really never have too many for more and more little girls want to be Girl Scouts all the time. But thanks to people like yourself we will keep up with them.

Sincerely, Mrs. Sidney H. Morgan Chairman Grosse Pointe Girl Scout Council

MRS. CHARLES FRENCH

quizzed was Ralph Anderson, of 256 McKinley, who rides daily to his job at Chrysler Motor.

TOO HIGH

"The fare will be a little high for me," said Anderson, a Navy veteran. "But I guess there is nothing else I can do now but drop another nickel in the box." Mrs. Charles French, 2081 Anita, a Grosse Pointe housewife, returning from a busy day shopping was queried at Jefferson near Wayburn she said that everything else was going up so she didn't see why the bus fares should be an exception.

NO DIFFERENCE TO HER

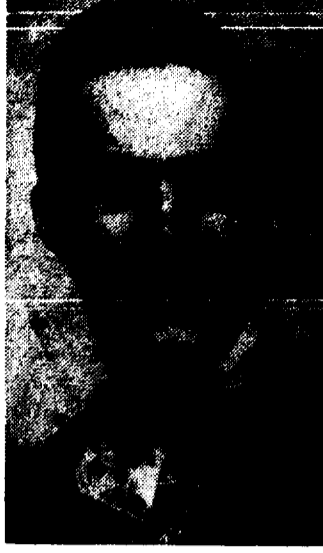

"A nickel more won't make any difference to me," said Mary Helmak, 1363 Brys Drive, a 14 year-old Pierce School girl.

Other viewpoints were voiced however by several persons who did not care to be quoted.

Fall from Car Injures Woman

Miss Anna Profata, 51, of 212 Moran, was injured when she fell out of a car driven by her brother, John A. Profata, 61, of Detroit, near 168 Moran road Thursday afternoon. She was taken to Cottage Hospital.

Farms Police said that Profata stated that he was driving at a moderate speed when the car's front door accidentally opened and his sister fell out.

RALPH ANDERSON

"I seldom use the bus," reported a Neff Road friend. "But those people who have to use them should say plenty."

Again a teen-ager voiced an opinion. "Too bad they aren't raising the fares for school kids. We could rebel — then, no more school."

TRY TO STOP IT

An elderly man said "it's outrageous. My friends in cities bigger than Detroit pay less than ten cents for bus fare. Now these people want to make general fare five cents more. We should find a way to stop it."

G. P. Optimists Hear District Governor

The Grosse Pointe Optimist Club in conjunction with national Optimist Week, celebrated throughout the nation, heard Robert Zimmerman, Governor of the 17th District deliver a talk on "The March of Optimism."

MARY HELMAK

TEEN-AGER SPEAK

A group of teen-agers overheard the reporter asking the question and asked if they could say something.

"Most of us kids only get so much a week for allowance and that also includes bus fares. It would take a good portion of that allowance just to ride the bus a couple of times. Most of us don't own a car and we have to hop a bus every time we want to go someplace," said the first.

Will you be one of those best-dressed women?

Will you be one of the Red Feather Volunteer Workers in the 1947 Community Chest Campaign?

Your help is needed urgently. This year's plans call for 12,000 Volunteer Workers to make calls and collections—one for every block. The block can be your own or, if you prefer, one in another part of the city.

Wherever you go, you can wear your Red Feather proudly. Doors of every type will be open to you—people everywhere will recognize the importance of your cause and the important part you are playing in it.

May we hear from you today? Just call Temple 1-1600 and say, "I'll be glad to wear the Red Feather and do my share!"

"And what about our dates," asked the second. "They're not millionaires and can't afford to spend 60 cents for bus fare on one date. And mind you, that's just going and coming home. What happens if you happen to want a hamburger?"

Number three asks, "Could they make it any harder for us?" It certainly seems as if they're trying. Everything costs so much anyway, couldn't they leave the bus fares as they are?"

From number four. "We ought to revolt. Honest, I mean it."

It seems as if people of every age and from every walk of life are required to ride the buses at some time. Some don't seem to like the boost in fare. What do you think?

Paula's Hi-Lites

by PAULA BEAUPRE

The first reunion of the Graduating Class of 1947 from St. Paul High took place on October first. The former classmates all joined together for the unveiling of the Class Picture. Conducting the gathering was former president, Howard Meathe. Other officers, George Heidt, John Fushman, Josephine Priola, and Jo Mannino also took the lead. Refreshments which were served later in the evening were enjoyed by all the participants including Pat Van Weidman, Martha Mauer, Pat Rabaut, Henrietta Sutton, Ray Huetteman, Ted Vernier, Virginia Miklavich, and Beatrice Marchand.

BEA WILSON, formerly with the Grosse Pointe Review, is now back at Michigan State College continuing her studies for her journalistic career. Bea is now very active on the school paper.

Mrs. Lester Curl arrived in Grosse Pointe from Montgomery, Ala., on October Third for the wedding of her niece, Elizabeth Beaupre on October 18. She will be joined by Lt. Col. Curl the day before the wedding and they will return home on the 20th.

On Saturday evening, MARGIE HEIDT hosted a box picnic at her home on Faircourt Road in Grosse Pointe Woods. Marjorie asked each of her girl guests to pack a luncheon for two. When the group arrived, each box was numbered and corresponding numbers were drawn from a box by the male guests. Then the lucky fellow shared the lunch with the gal whose number he had drawn. The result was a very unusual but effective way of hosting a party. Later in the evening, bridge and dancing were offered.

"We want a touchdown," "Hold that ball," "Let's have a cheer" and many other such exclamations echoed throughout the stands at the G. P. H. S. Students flocking through the gates and heading for a choice seat in the bleachers included Pat Thibodeau, Pat Trombley, Sue Sharrow, Jonne Schummer, Aida Marie Crowe, Fran Ardito, Judy Atham, and lots more football fans.

Twins Pat and Mary Lou Thibodeau entertained at a dinner last Saturday night. Guests included the hostess' dates Bob Byington and Phil Van Hollenbeke, Jeanne Kulka and Herb Adams and Nancy Rockwood and John Gratz. Afterwards the four couples took in a movie.

SECRETARIES AID HOSPITAL

Members of the Grosse Pointe Schools' Secretaries Association are shown listening to the new radio-phonograph combination which they presented to Marine Hospital Monday evening. Secretaries Present Gift To Hospital

On Monday evening, October 6, a group of young ladies representing the Grosse Pointe School Secretaries Association presented the Marine Hospital with a radio-phonograph combination. Along with this gift, the Association also presented the Hospital with four albums of records. Their selection of records includes music by Steven Foster, Richard Rogers, Morton Gould and the ever popular Cole Porter.

Each year the School Secretaries sponsor an evening of entertainment with the object of aiding some local community project or charity. This year the veterans of the Marine Hospital were the recipients of their gift, while last year the Association made a cash donation to the Percy Jones Hospital in Battle Creek to aid them in the building of a green house for their occupational therapy work.

The members of the School Secretaries Association who were present at the Marine Hospital were Miss Mary McElroy, Mrs. Germaine Muir, Mrs. Bess Aryres, also Mrs. Pauline Wade, Marlon Letsring and Marty Mayer, who is the President of the Association.

Radio Stars To Launch Community Chest Drive

The 1947 Community Chest drive opens Wednesday, Oct. 15, with thousands of volunteers beginning solicitation in industrial plants, in business houses and from door-to-door in residential areas throughout Detroit and suburbs in a concentrated effort to raise \$5,350,000.

The future of 125 invaluable Red Feather services depends on reaching the goal which is the absolute minimum on which Detroit's private social agencies can operate during 1948. John R. Davis, Chest drive chairman, has said:

"Touching off the drive at 8 p.m. Tuesday will be a gigantic radio show staged in Bagley avenue near Grand Circus Park, which the public is cordially invited to see and hear. All Detroit radio stations and Detroit radio stars are joining in a unique broadcast to carry the Red Feather message into Detroit homes. Appearing before an audience of thousands will be such radio stars as Bruce Beemer, nationally known network star, who will serve as master of ceremonies. Toby David, the "man with a thousand voices" and Bud Guest, radio columnist from WJR, will perform. Joe Gentile and Ralph

Binge, heard on CKLW and Dave Zimmerman, master of ceremonies of WWJ's Coffee Club, will add a comedy touch.

Disc jockeys Ross Muhlolland and Johnny Slagle, WXYZ and Jack the Bellboy, WJBK are to appear. Fran Harris, women's commentator from WWJ and the Detroit News' beloved H. C. L. Jackson will bring to the microphone a story of heartbreak which was healed by the services of a Red Feather agency.

Sports announcers Harry Heilman, WXYZ; Ty Tyson, WWJ and Harry Wimmer, WJR; will join forces in a hilarious burlesque of their own profession—sportscasting.

Tony Weitzel, WWJ commentator and News columnist; Dick Osgood from WXYZ and The Hermit from WJR are to appear.

Music will be furnished by Paul Lavole and his orchestra, Vivian Martin, recently-discovered Detroit singer, the "Accent on Youth" chorus from WJR and the "Radio Schoolhouse" Quintet from WXYZ.

Mayor Edward J. Jeffries, Jr. will open the hour broadcast with a plea for support of the Community Chest drive.

It is the first time in Detroit radio history that such an array of radio talent has been gathered for one show over all Detroit stations, William J. Hendricks, advertising and sales promotion director of WXYZ, who is chairman of the Adcraft-Red Feather Radio Committee in charge of the broadcast, said.

How many Edison Services do YOU use?

Most everyone knows that Detroit Edison will replace a burned-out fuse. But many people aren't aware of the other services Edison offers residence customers.

You can, for instance, exchange burned-out lamp-bulbs from your house for new; your new bulbs need not even be the same size as the old ones. You can also exchange a worn-out appliance cord for a fresh one.

Edison will repair the operating parts of electric ranges, water heaters and of many small household electric appliances, irons, toasters — and so on.

A consulting service to aid householders in the use of electricity is also available. This includes advice on using electric ranges to the best advantage; also advice on freezing, canning and preserving and recipes for special dishes. Home Service Advisors will be glad to help you adapt the latest ideas in home lighting to your particular needs.

There's no charge for these special services, except where new repair parts are needed. Just call your nearest Edison office.

Teen Talk

By MEEKY MARIE VAN ZANEN

This week unfolds a new list of fun for the future!!! Yes, our schedule now launches forth two weeks a head. First for the next football game of the season which will be a home game, on October 11th against Monroe, second we hear between the grapevines that the next S. A. Dance of the season will be October 18th, and third TUXIS has set the date for its annual hay ride, which will be given October the 24th.

Soooooo stock up on confetti now, and boys — take heed and get your date early for the other kinds of fun.

Now we come to past tense. First on last weeks agenda was the swimming party that BOB LYNCH gave up at his cottage over the week-end for LESTER BAUER, JACK BEYER, and BILL TROUS-DALE who journeyed up to Gratiot Inn for a last swim before the snow falls.

The boys drove up on Saturday night and stayed until the early hours of Sunday morning before repacking to trek back home again.

Then before the game on Sturday MARTIE FAIRLESS entertained at a luncheon in her home on Fisher road. The girls came clad in blue jeans with confetti in their hair to nuzzle themselves before watching the most spectacular game of the season.

On the invitee list were such names as Merry Baumen, Nancy Georgi, Jane Lundgren, Ginny Grasse, Janet Hobson, Jean Downer, Mary Wetherbee, Susie Johnson, Janet Johnstone, and many, many others.

Now we come to that exciting game. The game that was won for Grosse Pointe during the last few minutes of the last quarter. Yes it certainly was spectacular and more fun!!!!. Soods of kids were there including Carroll Grylls, Wright, Elly Corfield, Dick Smart, Dick Redmond, Bill Mondry, Clarice Ryall, Diane Thompson, Connie Baker, Carol Stewart, Bill Duster, Felice Thorpe, Bill Treuter, Johnny Ackerman, Jack Flattery, Tom Bero, Marge Clemens, Carol Krause, Jane Fordon, Eddie Beaver, June Moffat, Nancy Bolles, Florence Er-ringer, Barb Elliott, Don Lewis, Bob Schneider.

Also seen by your reporter, were Larry McMillan, Jane Worley, Judy Lyndrop, Erviss Gaugh, Pat Marma, Pat Finnegan, Jean Webb, Bob Bordon, Jim Brady, Bob Peterson, and the rest of Grosse Pointe High School.

Then around 'bout the time of 10:00 at 1246 Kensington BOB VAN HALTEREN was given a surprise birthday party in memorandum of his 18 years. However it seemed the news somehow slipped before the fatal hour and so BOB was really not as overwhelmed as everyone expected, but the party turned out to be a success anyway with the major fun being a virginia reel barn dance, after Bob had been peddled and presented with a genuine leather gun case that all the kids chipped in to buy.

Swinging their partners left and right were Pat Burns and Loren Miller, Joyce Hartung and Frank Reid, Barb Mann and Bill Treuter, Sus Crunkshank and Doug Trumbull, Sus Carsons and Phil Kiehl, Sharon Ford and Bob Schneider, Mary Graiser and Dick Nightingale, Mary Ann Mann and Dick Fritz, Joan Ghesquire and Carl Bahr, and tagging it were Bob Peterson, Bob Fosnoe, Bill Trees, Bob Strizinger, George Kennedy, Chuck Waggonner, Bud "Harold" Golla, and YOUR SCRIBE who was BOB'S date.

Mrs. Van Halteren did a wonderful job of preparing food for the gang. She provided wonderful tomato salad, relished, baked ham, chinese rice, rolls and cake and ice cream, along with afore punch.

And say did you hear about the S. A. Ticket Sales? Well if you haven't here's a newsy morsel, only 261 students do not possess one. Congratulations kids that's the kind of school spirit we need.

St. Paul's DuRocher Runs 95 Yards To Score

Leads Team To Season's First Win

St. Paul High School gridgers will be seeking their second victory in four starts when they meet St. Charles, undefeated leaders of the Parochial League's Second Division (East Side), Sunday at Neighborhood Club field. The kick-off is at 3 p. m.

The Flyers won their first game last Sunday when they beat St. Rose 12 to 6 at Grosse Pointe High School field.

Captain Paul Du Rocher set up St. Paul's first marker when he intercepted a pass near midfield in the first five minutes of play and raced to St. Rose's 40 yard line. A pass from John Bingham to Pete Belanger brought the Flyers to the 25-yard line from where Jim Law scored on an end run.

St. Rose kicked off to the Grosse Pointers to start the second half. DuRocher took the ball on his own 5 and ran 95 yards through the entire St. Rose team with good blocking from his team mates and out-ran all of his pursuers to score the clincher for St. Paul. Again the kick was wide.

The visitors battled back in the last quarter and managed to score when Will Burke went around his own left end for 30 yards to the Flyers 1 yard line. Joe Callahan then drove over for the touchdown. However, St. Rose's belated attack failed to match victory from the Flyers, who for the first time this year showed a fighting spirit.

St. Paul had switched from a double wing, unbalanced line attack to a T formation with a balanced line for this game.

Bill Mertz Bowls 288 in Rotary League

Bill Mertz, bowling with Monday Cleaners, had 10 perfect strikes in a row, but was a little high with his next ball and left the 4-7 standing. He promptly spared and then rolled another strike for good measure to bowl a 288 game. His team however lost 4 points, as Holzbaugh Motors, as a team, was very hot too. They rolled 891-887-859, high for the season.

In other matches, Houston Bros. Inc. took 4 from Martin Outboard to remain one step from first place. Fische's Barbers stepped up a few notches by trouncing G. P. Review 3-1. Middle Atlantic Trns. were a 3-1 winner over Punch & Judy Cocktail Lounge. Harrison Carpets surprised themselves by winning three from Farms Market. Motor City Tires split with Wolverine Potato Chips.

GET THAT MAN!

The Review's photographer shows Jim Flom, Grosse Pointe High quarterback, breaking through for a short gain against Royal Oak. The two teammates behind Jim intent on helping out, are Bill Webb, end, and Capt. Tom Dewey, guard. On the ground are Tom Follis, halfback (14) and Herb Gerhard, fullback (42). Grosse Pointe won 19 to 14.

Blue Devils Seek Third Straight Against Monroe

By BOCKY PHILLIPS

The Grosse Pointe Blue Devils will meet their third grid opponents, Saturday on the Pointer's home field. The opposing eleven will be Monroe High School. The kick-off is at 2:30 p.m.

Last Saturday Grosse Pointe met Royal Oak here with the final score standing at 19-14.

With only four minutes to play in the fourth quarter, Grosse

Pointe's right end Matt Patterson blocked a Royal Oak punt knocking it in the end zone. The Devil's left end Marv Weaver pounced on it for the winning tally.

During an interview with Coach Ed Wernet about the game he said, "You can't say that we were lucky—that's football!" He said that the team's showing was not up to his expectation and that "Play better improve 50% or there will be more changes in the starting line-up."

As a result of Saturday's contest Don Miller, halfback, who played an excellent defensive game, Bruce Bray, tackle, and Marvin Weaver, end; have all won starting positions.

Last week Monroe met Fordson and in spite of eight fumbles within the Monroe twenty-yard stripe, Fordson was victorious 13-6.

Last Thursday the Grosse Pointe Reserves beat Ferrdale by the score of 43-6. This week the Reserves meet Fordson on the Dearborn home field.

South Africa Has Every-Thing U.S. Has

The Union of South Africa has everything we have in America, except opera and vthe theatre, J. R. Borden of Capetown, South Africa, told members of the Grosse Pointe Rotary Club Monday noon at the Whittier hotel.

Shortage of union labor, since blacks and half-whites are not admitted to the unions, is cramping business expansion and residential modernization, the speaker explained.

Out of a population of eleven million, there are seven and a half million native blacks, 280,000 Hindus, 900,000 mulattos, and only 2,300,000 whites. Only the whites have voting franchise. Mr. Borden said, "You think you have racial problems in America... brothers, you 'ain't got nuthin'."

Boyer Home To Be Scene of Meeting

The East Side Section of the American Association of University Women will meet Thursday, Oct. 16 at 1:15 p.m. at the home of Mrs. William Boyer, 414 Madison, Grosse Pointe Farms. Mr. M. G. deNavarre, vice president and director of beauty counselors will speak on "How Modern Cosmetics are Safeguarded." Mr. deNavarre is a nationally known consulting chemist and writer in the cosmetic industry.

Zoning Changes Proposed

The Farms Zoning committee comprised of Councilmen William Kirby, Richard Maxon and Village Clerk Harry Furton met for three hours Monday evening and proposed the following changes and recommendations in the Village zoning ordinance:

1. A more definite description of a private dwelling to conform to the existing ordinance which permits only single dwellings in this community.
2. The permission to building hotels or community garages is recommended eliminated.
3. The creation of a new parking district on the Kercheval Avenue business district located on the west side of Kercheval Avenue in the rear of the business frontage already used as such.
4. The committee is recommending control of additional buildings and filling in of the lake beyond the existing breakwater.
5. The minimum lot width in a Residence "A" district has been fixed at 50 feet with the same number of square feet 5000.
6. In a Residence "B" district 45 feet minimum width is required, formerly required only 4000 square feet.
7. The committee is recommending that no buildings be erected in either the local business district or the commercial district that is to be used for dwelling purposes either in whole or part. (This decision came as a result of the minimum amount of available business area to support the community).

The last major meeting on these matters was held in January 1946. Since then the Village has adopted three amendments to the Zoning Ordinance. Two of these were the change of the minimum depth of front yards in Residence "A" districts to permit in new subdivisions the development of ranch type homes in subdivisions so restricted and the elimination of the commercial business district from the Village Mack Avenue frontage beginning at about one block north of Moross Road to the Village north boundary line to conform to the residential nature established by the sub dividers.

The committee met Monday evening to consider the many other proposed amendments to the Zoning Ordinance of the Village up to date and to correct it for the changes that have occurred in the Village since the ordinance was adopted in 1928. These proposed changes were compiled by the Furton from various sources, sometimes they came from other officials of the Village, other times from the Trustees and some from the citizens. Committee discussions disclosed others.

On The Night Beat

By Norm Wyatt

Most any music lover would be happy to possess the ability to play an organ, what with all the gadgets, footwork and all, but not Harry Moore, Hollywood organist, currently playing dinner and dance music at The Alcom Inn, Harper at Ten Mile road. Harry is known as the only man who plays both the Electric Novachord and Hammond Organ at the same time.

HARRY MOORE
 There was a time when Harry, just like any other organist, was content to play just a Hammond Organ. Tragedy, in the form of

a fire, came along one night and burned the night club, where Harry was playing. To ashes, taking with it Harry's only Hammond Organ. During the war, organs, like everything else, were scarce so for two years Harry continued his work playing a Novachord. Eventually, he was able to locate another Hammond Organ but was at a loss as just what to do with the Electric Novachord. The thought occurred to him that he now owned two beautiful instruments so why not use them both at the same time, if it was possible. The answer, of course, is that it was possible and he is playing them both much to the delight of hundreds that have already heard him since his arrival in Detroit.

Moore originally studied theatre pipeorgan under Jesse Crawford at the time Mr. and Mrs. Crawford were playing twin consoles at the Chicago Theatre back in the 1920's. He has appeared at such famous Hollywood night clubs as The Players, MacDonald's on Wilshire Boulevard, Maxime's on the Sunset Strip, and many others.

Mason School Notes

The Pied Piper Puppets of Detroit presented the show, "Pepe and the Circus," to the boys and girls of Mason School on Friday, Sept. 26, in the school auditorium.
 The show told the story of Pepe's adventures as he tried to find a job with the circus. Somersault Smallfoot, the Clown (so called because he couldn't turn somersaults and his feet weren't small) was one of the favorite puppet actors. So was Messy the Mopper, who was a balloon seller with a head full of the same thing as his balloons were: Trion the Lion growled and prowled his way through an exciting act.
REALISTIC
 So real did the puppet people become, as a delighted audience watched the show, that when Pepe promised to introduce a real live giant, no one was surprised when a real live giant did walk out on the stage, seat herself on the floor, and talk to the children in sign language. When she waved to the children to tell them that the show was over, everyone waved a happy but regretful good-bye in turn.
 Miss Carol Tait, who was the giant, and one of the puppeteers, explained that the word puppet meant both the hand puppets and those with strings, but that marionettes meant only the stringed puppets.
 Comments from the children, as they discussed the show later, indicated that they thoroughly enjoyed "Pepe" and would be happy to see him again.
P.T.A. REPORT
 An excellent attendance is reported for the first meeting of the Mason School P.T.A. that was held Tuesday evening. The parents were able to confer with their children's teachers during the early part of the evening. Various activities were displayed and the parents had an opportunity at this time of becoming more familiar with the type of work being carried on in the different rooms.
 The new president, Mr. Rex Johnson, took charge of the business meeting which followed in the gym. The teachers were presented to the parents by Miss Ethel Tucker, principal. A color film, "The Dairy Farm," was shown to demonstrate the new movie projector which was purchased last year through the efforts of the P.T.A. and Room Mothers.
 After the business meeting coffee and doughnuts were served.
