WOODS POLICE COMMISSIONER PAUL W. ROWE AND CHIEF W. J. GOULETTE ARE INVESTIGATING THE FIRE AT 1648 HAMPTON ROAD SUNDAY NOON WHICH CAUSED THE DEATH OF MRS. GEORGE COURTOUR.

Cigarette Responsible For Pointe Fire, Death

A cigarette was responsible for a fire at 1648 Hampton road Sunday noon which caused the death of Mrs. George Coutour, 47. Damages to her home were estimated at \$2,000.

According to Walter J. Goulette, Chief of Grosse Pointe Woods Police and Fire departments, Mrs. Coutour was found lying on the kitchen floor by Firemen Lawrence Allard and Curt Redes. She was immediately taken outdoors where she was pronounced dead by suffocation by Dr. A. B. Stearns of 1681 Hampton road. Later a coroner's examination revealed that Mrs. Coutour had been dead for at least seven hours.

In recounting the events which led to the fire Chief Goulette said that Mrs. Coutour was out until late Sunday evening.

When she returned home she put some food on the stove and went into the living room and lay down on theavenport, falling asleep with a cigarette in her hand.

On being aroused by heat and smoke she made her way towards the door but collapsed in the kitchen where she was found.

Woods Commissioners Rowe and Gardner and other volunteers assisted Woods firemen and policemen in extinguishing the fire which had apparently been smoldering for several hours.

Mr. Coutour, who was deer hunting in Escanaba at time of the fire, completed plans for the funeral this week.

The couple had no children.

City to Study Fare Increase

Ralph B. Netting, mayor of Grosse Pointe City appointed three members of the council to study the activities of the Lake Shore Coach Line during the three month bus fare trial period.

They are Gerald E. Miller, chairman, John H. Mack and Chester E. Carpenter.

These men will have the privilege as agreed upon with Walter Schweikart, president of the company, to periodically check with the other commuters.

At the end of the trial period it will be decided whether the present 25 cent fare increase is justified or not.

Term Pier Plans As Unsound

Termining five of the nine suggestions submitted by a village resident for Farm Pier improvement as unsound and the other four as matters which have been under study, the Farms Recreation Committee released to the council Monday night a 10-point improvement program of its own.

The program includes recommendations for the installation of tennis courts and dressing room improvements.

The committee comprised of Neil S. Meecham, chairman, H. H. Hubbard and William G. Kirby, submitted the following report to the council. No immediate motion was taken.

The Recreation Committee met on November 3, to consider complaint and criticism filed by Mr. Gerald Keating, of 205 Oak Street, on the procedure and practice followed in connection with the issuance of pier permits.

The undersigned members of the committee were present and the Superintendent of Pier, Engineer, and Village Clerk were also present.

Mr. Keating also attended the meeting on the invitation of the committee and submitted the following recommendations:

1. That pier permits be issued henceforth only to residents of Grosse Pointe Farms, except as stated further.

2. That a complete and up-to-date list of courtesy pier permits to be issued for the 1948 season be prepared and submitted for councilmanic approval, and that said list be maintained on file in the Village Clerk's office for inspection by any resident of Grosse Pointe Farms.

Burglars Also Loot Francois

Grosse Pointe City police are seeking burglars responsible for the robberies of two popular Grosse Pointe establishments, the Thrift Shop, Waterloo at Notre Dame next to the Neighborhood Club and Francois Restaurant, 395 Fisher road, across from Grosse Pointe High School.

The Thrift Shop yielded \$500 in cash last Friday night while close to \$300 was taken from the popular high school eatery early Monday morning.

Officer James Flannigan, of the City police said that both thefts were engineered by persons familiar with the surroundings.

Being held in connection with the Francois robbery is William Rodgers, Detroit negro, who once worked at the restaurant.

Police said that entrance to the Thrift Shop was gained by prying a rear window open. A small safe containing the money was removed from the Shop by sliding it down a window.

Mrs. Charles Hicks, of 588 Lincoln road, manager of the shop is reported to have told police that shortly before she placed the money in the safe on the day of the robbery three men visited the clothing store, which is a non-profit organization.

Though they spent some time in the store and looked around quite a bit they did not purchase anything. Mrs. Hicks informed police.

She described two of the men about 45 years of age, one tall and the other short. She said the third man was called Grandpa by the other two. His age was given as 76.

Police believe that Rodgers is connected with the Francois theft, despite the fact that during early questioning he denied any knowledge of the crime.

Police said the burglar after forcing his way through a rear window went directly to a desk in the kitchen where the money was kept.

Francois is owned and operated by Mr. J. Lemmer.

ON TRIAL

Free Press Publisher, John S. Knight, speaking before a group of advertising men in Chicago recently, had some very pertinent remarks to make about our so-called capitalistic system.

"There is a subtle campaign underway in this country," he said, "to discredit the press and render it less able to defend minority rights."

"Perhaps we have failed to do a good selling job just as I suspect the advertising profession must confess that it has failed somehow to sell the capitalistic system to our own people."

"I, for one," declared Mr. Knight, "grow exceedingly weary of hearing how the capitalistic system is on trial. On trial for what?"

"Has any other system accomplished as much or provided better standards of living?"

"Why isn't socialism on trial in England or communism in Russia?"

"If capitalism is through, why are we asked to provide the food, the money and the tools to rebuild Europe?"

"Thoughtful Americans should be on guard against the insidious efforts being made to discredit a system that has been responsible for this nation's continued growth and progress."

"No economic system is perfection but it is a bit sickening to hear references made to our system being on trial, the implication being that if it should fail, it would be supplanted by communism or some other ism. What have they got that even comes close?"

TO THE EDITOR

The writer has noted with interest a column in your paper dated November 6th regarding Mr. Carl Schweikart, who was appointed temporary chairman to the Board of County Supervisors.

For the sake of keeping the records straight, the writer furnishes you the following information taken from the pages of the Official Proceedings of the Board of Supervisors of Wayne County for the year of 1942 and 1943.

On April 21, 1942 a resolution was passed as follows:

To the Wayne County Board of Supervisors:

Whereas there are in Wayne County 614.45 square miles of land of which 475.43 square miles, or 77.37 per cent are outside of the City of Detroit; and

Whereas, according to the 1940 Federal census, there are 2,012,583 persons living in Wayne County, of which 388,731, or 19.32 per cent reside in the county outside the City of Detroit; and

Whereas the total assessed valuation in Wayne County, as determined by the Bureau of Taxation, is \$3,256,320,670, of which \$731,069,910, or 22.45 per cent, is in the county outside the City of Detroit; and

Whereas the County Tax spread is \$17,653,060.41, of which \$4,260,521.27 or 24.13 per cent, is spread on property owners located in the county outside the city of Detroit; and

Whereas it would be in the interest of good government in Wayne County and fair and reasonable to have a supervisor living in the county outside of the City of Detroit as chairman of the Board of Supervisors;

Now, therefore, be it resolved that beginning in 1943, and at least once during every five years thereafter, there shall be selected from the members of the Board of Supervisors a supervisor to act as chairman thereof who shall reside outside the City of Detroit.

Respectfully submitted Chester F. Carpenter

Motion by Supervisor Carpenter that the resolution be adopted.

On Tuesday March 14, 1944 the following resolution was passed: Tuesday, March 14, 1944

The Board was called to order by the Clerk and the following

members answered to the roll call.

ROLL CALL: Ninety-nine members.

Supervisor Whipple moved that in the absence of the chairman, Chester F. Carpenter be appointed as Temporary Chairman of the day.

The motion was supported by Supervisor Sweeny and was unanimously adopted by viva voce vote.

With kindest regards, I remain, Nell Blondell

TO THE EDITOR

I have read your recent editorial entitled "Shores Indifference" and I think it is only fair to the Council of this Village that you know they did not act in an indifferent manner.

The proposed fare increase was reported to the Council at the meeting held October 13, and the minutes of the meeting show that the proposal was discussed. This Council was of the opinion, as were all of the governing bodies of the several Villages, that some increase was justified. The proposed increase for Grosse Pointe Shores was a 33 1/3 percent increase, which is close to the increase decided upon by the Bus Company and the several litigants. Therefore I cannot understand why you term our non-participation as indifference. We, for some reason or other were receiving in the initial proposal something close to what was settled upon.

In due fairness to Village Clerk Clifford B. Loranger your files should be rearranged to show him carrying the title you ascribed to me.

Thomas J. Tetteris

Editor's Note - The initial proposal was for a five cent fare increase but due to the protests of the other four Pointe communities it was reduced to 2 1/2 cents.

Army-trained men get more out of college

says E. R. Silvers, Dean of Men, Rutgers University

This long-experienced educator advises young men to take advantage of the training opportunities in the Army and Air Force before entering college. Here's what his new book, Son of Tomorrow, says:

Recent high school graduates are handicapped

"The tempo of scholastic life has quickened and most of our recent high school graduates find the pace too fast for them... They become followers, with little opportunity of developing the qualities of leadership which a college should give."

Army experience enables student to go ahead faster

"The average seventeen and eighteen-year-old now planning to attend college would get much more out of college and contribute much more to it, if he first gave himself a chance to broaden his experience by going into service for at least eighteen months."

Sixty Civic Leaders Attend Library Meeting

More than 60 men and women, educational leaders, and members of the Grose Pointe Public Library first fall meeting held recently at the Pierce School Library.

Mr. Lloyd G. Hooper, president of the Friends of the Library, presided at the meeting which included discussion of the remodeling of the Murray V. Bates home into a library and a new branch library in Grose Pointe Woods.

Miss Florence Hevera, librarian, presented to the group a remembrance of the services offered by the library to the community. In addition to circulation of books, magazines, pictures, etc., these include reference service, book talks and book reviews by the librarians, sponsorship of the Great Books program and other discussion groups.

The topic of the evening was a discussion concerning the financing of the new library building to be remodeled sometime in the future from the Murray V. Bates home on Jefferson Avenue. Mr. Charles Parrella called Mr. Bates' presentation of his home to the city "the most magnificent gift ever to be presented to Grose Pointe."

When the proposed remodeling of the Bates home is finished, the Boys Admit Starting Fires

Parma police said that three juveniles confessed the week that they attempted to set fire on two homes on McMillan road as a Halloween prank by affixing turpentine on the front porch and throwing matches on them on Friday, October 31.

Police are investigating the possibility of the boys being connected with the missing of several pieces of costume jewelry taken from one of the homes on the same night.

Grosse & Blackwell PLUM PUDDING MINGE MEATS HARD SAUCE

Paula's Hi-Lites

by PAULA BEAUPRE

The attractively decorated gym was the meeting place for the huge crowds at the Bachelors' Doom last Friday night when the gala did the escorting. The six backboards of the St. Paul gym told the story of "girl catches boy" in picture form. We also noticed lots of fellows wearing corsages of flowers provided by their dates.

Some of the crowd seen swinging to the music of The Schneider Brothers Orchestra were Joan Heckendorn and Alfonso Suzella, Joy Kelly and Jack Lemieux, Ann Martz and Bill Murphy, Catherine West and Richard Gallagher, Celestine Blondell and Stanley Gabriels, Ralph Beaupre and Catherine McKillop, Nancy Rockwood and John Gratz, Audrey Haley and Jerry Kirsch, and Jean Gray and Art Molitor.

An "after the dance" get-together was the reason for the couples that hurried to JUDY BEAUPRE'S home on Moross Road. The group remained in a melodious mood by playing the latest recordings. Some fellows and girls were also noticed feasting on hamburgers, coke and potato chips.

Some two-somes for these doings were the hostess and TOM MOONS, Janet Engelhart and Eugene Jarvis, Marie Couvreur and Jim Keller and Ralph Beaupre and Catherine McKillop.

PAULA

Before the dance, a group of Senior girls traveled from one house to another until they had completed their progressive dinner. ALICE FAUSER entertained the girls and their dates first with appetizers and ALDA MARIE CROWE served the salad course in her home on Merriweather Road. The crowd then progressed to JEANNE KULKA'S Kenwood Court home for the main dish and finally, desert was served at MARILYN OTTO'S. Offering their compliments on the delicious meal were the girls dates, Parker Munger, Doug Sutherland, Howie Meathe, and Dick Hoskins. Others included Joan Krausmann and Jack Thomas, Pat Thibodeau and Bob Byington, Mary Ann Hillebrand and Bud Baker, Mary Lou Thibodeau and Phil Van Hollebeke, Frances Ardito and Bill Wybo, Betty Ann Huettelman and John Fushman, and Joan Beaupre and Jerry Moons.

SURPRISE PHYLIS

PHYLIS VAN BECELAERE was given a big surprise by her mother last Saturday night when all her many friends gathered together for a huge party. Phyllis was presented with a lovely birthday cake and also many beautiful gifts from her guests.

Enjoying themselves during the evening were Sharon Sweeney, Ronnie Morketter, Sally Valade, Emmet Tracy, Theresa Lyford, Earl LaFave, Joy Kelly, Duane Streb, Celestine Blondell, Jack Lemieux, Joan Rabaut, Harvey Divens, Carolyn Floer, Le Kennedy, Kathleen Weot, Tom Felkey, Marie Couvreur, Carl Keisgen and Mary Jo Trombley, Kenny Brown, Glen Walters, Lois Cahill, Wayne Brown and lots more!

JOAN'S PARTY

JOAN KRAUSMANN also entertained on Saturday night. All those on Joan's invite list also arrived laden with gifts, for she was another party girl, celebrating her 18th birthday.

Helping to make it a memorable occasion were Alice Fauser, Joanne Kulka, Alda Marie Crowe, Joan Beaupre, Marilyn Otto, Mary Ann Hillebrand, Pat and Mary Lou Thibodeau, Frannie Ardito and Betty Ann Huettelman.

Rumpelstiltskin Reviews

The author and illustrator of "Justin Morgan Had a Horse," Marguerite Henry and Wesley Dennis did it again in their new juvenile, "Misty of Chincoteague."

SOCIAL ITEMS

Miss Borghild Dahl, noted author, educator and lecturer of New York City, has been the house guest of Mr. and Mrs. S. A. Ramsey of Bedford Road.

During her stay here, Miss Dahl autographed copies of her book "Karen" which was released from Random House. She also spoke before the Friday Book Review Club of Grosse Pointe Memorial Church.

The Washington Road home of Mrs. Alfred W. Bender was open Monday to members of the Detroit Iris Society. During the meeting Mrs. Walter G. Fenton, of Mt. Clemens, who has just returned from visiting five Western European countries, spoke about what she saw and experienced.

Mrs. Harold G. Frear is directing the plans for the style show and luncheon to be held at the Grosse Pointe Yacht Club on Thursday noon. The affair is sponsored by the Altar Society and Parish Council of the National Council of Catholic Women.

It is an unforgettable story for boys and girls in a new and unusual setting, the little known islands of Chincoteague and Assateague, just off the shores of Virginia. An Chincoteague live men, but on Assateague, the Isle of the wild things, live only the wild ponies descended, legend says, from the survivors of a Spanish galleon wrecked there long ago.

"Misty of Chincoteague" tells of two of these freedom loving ponies—a strangely beautiful mare and her little colt, Misty—and of Paul and his sister Maureen, who had set their hearts on owning them. How Paul and Maureen help to capture the Phantom and Misty and overcome all obstacles to win a final triumph on Pony Penning Day—makes an exciting, vividly real and swift moving tale.

Anyone who has read Miss Henry's earlier book, "Justin Morgan Had a Horse" knows how completely absorbing her stories can be. "Misty" like "Justin" is a book that will take its place with the best in children's literature. A fine Christmas thought for the child from ten to fourteen who asks for a horse story. Published by Rand McNally. Price \$2.50.

St. Ambrose Society Sponsors Party
The St. Ambrose Altar Society will sponsor a card party at the Parish House, Mack at Hampton, on Friday, November 21 at 8 p. m. Mrs. Bernard Kildride is chairman of the affair.
The public is invited to attend.

Symphony To Feature Miss Adams

The Detroit Community Symphony Orchestra, under direction of Joseph Roy Lanyon, will give Tuesday, November 25, 8:15 p.m. its first concert of the season, at Jefferson Avenue Methodist Church, E. Jefferson and Marlboro.

Emily Mutter Adams, violinist of the Detroit Symphony, will be the guest artist. Miss Adams will do the first movement of Lalo's Symphonie Espagnole with the orchestra. Later in the program she will be heard in Slavonic Fantasia by Dvorak; Jamaican Rhumba by Benjamin; Introduction and Tarentelle by Sarasate accompanied by Margaret Mannebach.

Mr. Lanyon has chosen for his orchestral numbers a rounded program consisting of, overture. The Merry Wives of Windsor by Niccolò Hayden's Symphony No. 6 "Surprise" G. Major and other selections by Greg, Brahms, Strauss and Schubert will be heard.

As a new policy this year, a number of church members and others interested in music have formed a Detroit Community Patrons Club to sponsor the orchestra as a community project, and function as a non-profit group. Patrons and guests will be admitted by tickets obtained at the door without charge. During the concert a free will offering will be taken, the proceeds of which will be used to buy musical supplies and promote good music for those interested in such programs.

Art Objects On Sale at Alger Home

Visitors to the 37th annual Michigan Artists Exhibition at the Detroit Institute of Arts through December 14, were reminded by Director Edgar P. Richardson to cast ballots for their favorite work of art in the election for the popular prize of \$100 donated annually by E. Raymond Field.

It is the only one of the 26 annual prizes which remains to be awarded. Approximately 8000 persons visited the exhibition during its first week. Many of the 204 works of art were purchased by visitors.

Meantime, the exhibition "Art Objects Under One Hundred Dollars" also is a popular show at the Alger Museum, the Detroit Institute of Arts branch at 32 Lake Shore Drive, Grosse Pointe Farms.

All of the objects are for sale. They include Chinese, Peruvian and European pottery and porcelain; fragments of Greek and Roman bronzes and marbles; about 100 drawings and unusual engravings from the 18th century to the present; and a number of illuminated pages from manuscripts dating from the 13th to 15th centuries.

Half are priced under \$50 and many under \$20, according to Isabel Weadock, Alger Museum curator. The exhibit continues through December 14.

Psychologist Advises Jewelry As Part Of Growing Up Process

To develop the logical good taste of your daughter in matters of adornment see that she gets little-girl jewelry as soon as she wants it, psychologists advise. As she grows, meet her changing tastes with decorations suitable to her age.

The early desire of a normal girl for personal adornment is natural these same psychologists say. It's part of the growing-up process and needs to be satisfied with pretty clothes and jewelry of good design if she is to reach her fullest development.

THREE STAGES

A girl goes through three jewelry stages before she reaches maturity, according to the Jewelry Industry Council. These stages are from 2 to 5, from 6 to 12, and from 13 to 17. Today's jeweler carries items suitable to each age.

Jewelry appropriate for the very small girl include chains with locket or cross, decorative gold bracelet or identification bracelet and individual pearls for a necklace that will be completed when she is grown. See that these pieces are simple and well designed, the Council urges, since early impressions last for a lifetime.

In the second jewelry age, a girl should be given a ring with a colored stone, perhaps her birthstone, or her initials, a more pretentious necklace, bracelets and hair clasps of gold or silver. Scissors with silver handles and a gold or silver thimble will also help to encourage her growing femininity.

TEEN DESIRES

As a girl gets into her teens she goes all out for clothes and decoration. She wants to be grown-up and to wear whatever

Editor Finds "New Look" At Least 3,000 Years Old

They call it the "New Look." But, Miss and Mrs. Grosse Pointe, Monsieur Dior and the rest of the fashion designers are just kidding you about the styles you're wearing today. They're at least 3,000 years old!

Mrs. Mabel Johnson, research editor of the World Book Encyclopedia, emerged from a pile of ancient history books recently dusted herself off, and announced firmly that the "new look" was the fashion in ancient Egypt and Babylonia.

ANCIENT GALS
According to history, the Babylonian gals of 1500 B.C. were wearing several garments of which adaptations may now be seen on the Montmartre in Paris, on Park Avenue, New York, on Michigan Boulevard, Chicago, and on Main Street, Anywhere.

The long, tubular tunic and the tight, long skirt was the fashion then. So was the high-necked gown with flowing, three-quarter length sleeves, and the faring, long skirt so smart today.

The only difference between then and now, the World Book researcher averred, was that the women of 3,000 years ago had to provide their own hip lines. They hadn't thought of padding.

FOREVER AMBER
For further parallels of today's styles, the encyclopedia research editor had to skip to ancient Greece, around 550 B.C. The dress of Grecian women then resembled the evening dress of 1947—long and flowing, with plenty of off-the-shoulder effect.

The heroine of Forever Amber wouldn't have been in style today, according to Mrs. Johnson. While skirts remained long during the feudal period and the Renaissance, the bolstered, or hooped, skirts were far away from the 1947 "new look."

Skirts were long during the Napoleonic period, but the trailing trains of those times prevent any comparison to the new look.

WHAT ABOUT HATS
There is no resemblance to today's fashions in the costumes of the early Colonial period in American history, nor in pioneer women's fashions. We have to go through the "gas light" era into the 1920's to come to anything approaching the "new look," stated the research editor.

We've been talking about dresses. What about hats? "They've always been out of this world—from Babylonia on," Mrs. Johnson reported.

Father Is Best Man At Son's Wedding

Ellen Colby, daughter of Mr. and Mrs. Edwin Robert Little, of Rivard Blvd., became the bride of John Sidney Hall Probert, of Kensington Road, in a candlelight ceremony held Saturday in Grosse Pointe Memorial Church. The Rev. Paul Ketcham officiated.

The bride wore her mother's wedding gown of ivory satin and illusion. The yoke and long, fitted sleeves were of shirred illusion, and tiered panels of illusion veiled the full ballerina skirt of satin.

A panel of satin fell from the shoulders to form a long court train. A coronet of rose point lace, which had belonged to Miss Little's great-grandmother, was secured to her hair with clusters of orange blossoms, from which fell her tiered full length veil of illusion.

She carried an heirloom lace fan to which was fastened a bouquet of gardenias and stephanotis. Marjorie Collette Little was her sister's maid of honor and Mrs. R. J. Bishop, of Norwalk, O., was matron of honor. They were gowned alike in turquoise tulle and wore coronets of pink feathers. Their bouquets were of pink and white chrysanthemums.

The bridesmaids, Virginia Probert and Mrs. Robert Little, wore dresses identical with those of the

honor attendants. Their feather coronets were turquoise, matching their dresses, and they carried pink chrysanthemums.

Mr. Probert asked his father to be best man, and the ushers were Dr. Robert Little, brother of the bride; Arthur Nixon, Philip Leitch and G. Douglas Gordon.

Mr. and Mrs. Little were hosts at a reception in their home following the ceremony. Mrs. Little greeted her guests wearing gold crepe with a small hat of matching silk roses and maline. Her flowers were talisman roses.

Mrs. Probert chose pale blue and silver for her son's wedding. Her hat of blue ostrich tips matched her gown, and her flowers were pink roses.

Mrs. Richard H. Probert, of Kensington Road, grandmother of the bridegroom, wore mauve with purple ostrich tips accenting her small hat.

Following a wedding trip South, Mr. and Mrs. Probert will make their home on Santa Rose Drive.

Teen Talk

Winter weather was not only ushered in this year by the burning of leaves and cold north winds but also by an exceptionally large twirl of social life.

Things got started with KATIE'S STEWART'S luncheon at the D. A. C. in honor of NANCY SCHROEDER, of Oak Park, Illinois. Sharon Crawford, Diane Thompson, Jean Giles, and Ruth Becker, were the girls who trekked down to that part of town to partake of the fun.

BIRTHDAYS were celebrated by two popular gals last week in the way of bag parties. BETTY PESAMOSKA, AND MARILYN WROBLOS, hosted this fun. MARILYN gave a bridge party on Saturday night and BETTY, had a variety of things planned such as cards, knitting, ping pong, and records, on Friday night.

Munching and lolling on the wonderful food at both of these were: Jo Ann Lyons, Marilyn Smith, Joyce Schreiber, Pat Barna, Pat Liddle, Gail Robinson, Carol Stewart, Elaine Cabot, Anne Barker, Joyce Cuhlehan, Mariette Hunt, Lois Buch, Sally Hoyt, Marion Rennie, Nancy Gabriel, Gloria James, Pat Martin, Joan Quant, Sally Ferney, and Marilyn Smith.

TURNABOUT PLAY was the theme of the S. A. Dance on Saturday, for it was the girls who escorted the men this time!!! Yes scads of kids celebrated Sadie Hawkins day in rare style this year. The walls of the girls gym were decorated with typical Al Capp characters.

DAISY MAE was chasin' LIL ABNER, on one wall with marryin' Sam and Injun Joe, along with Harless Joe and many others smiling down on the audience from their perches.

Kids who were sipping the sweet Kick-a-poo-joy-juice, and munchin' on the glazed turnips were Lois Mehring, Dale Stevenson, Mary Provo 'n Tom Alvarez, John Mack 'n Sally Seymore, Dane Thompson, 'n Gary Long, Phyllis Hannah, 'n Jim Sanford, Sue Eastington 'n Pete Wunch, Dick Smart 'n Sue Mair, Russ Dising 'n Bill DeGraw, Helene Myer 'n Tom Redmond, Jean Dwyer 'n Walt Flanders, Mary Baumen 'n Dan Guy, Sheila McRae 'n Bob Fosmo, Marti Fairless 'n Don Lewis.

And even more dipping to downbeats of LLOYD EDWARDS BAND, Pat Ford 'n Bill Trousdale, Barbara Goodrich 'n Loren Miller, Sally Smith 'n Jim Hoskings, Phyllis Frank 'n Al Singler, Joy Morrison 'n Carl Stein, Pat Erskine 'n Clune Walsh, Carolyn Johnston 'n Jerry Allen, Ken Venderbush 'n Mary Ann Larson, Polly Wilton 'n Elzaine Miner, and now we come to those prize winning couples. EMMORIE FORD certainly put forth a lot of effort on the huge orchid she presented to her date BOB SCHNEIDER, they captured first prize which was two tickets to see CAROUSEL.

PEG McCARTEN illustrated TOBACCO ROAD, with cigarettes and matches and her date DAVE MEEKER was proud to accept the second prize, two tickets to a hockey game.

FOUR PEOPLE WON THIRD PRIZES, which were tickets to the Punch and Judy. JACK WILSON and FLORENCE ERINGER, won two tickets, with the make whose head and tail lit up around JACK'S neck. DAVE RAMSEY AND NANCY GABRIEL won two more, with an original boy and girls set up which also lit up. MARILYN WROBLOS AND TOM FOLLIS were another lucky couple and TOM seemed most happy with his boy and girl coming out of the tunnel of love corsege. AND YOUNG SCRIBE AND DICK REDMOND also won tickets with a corsege illustrating change of times with an old lamp lighter and atomic power.

NANCY BOLLES SERVED DINNER before the dance to her date KEN CHRISTIANSON, and Don Lewis 'n Marti Fairless, Shirley Davis 'n Lorne Norton, Buffy Wicking 'n Jack McGrae, Bob Johnston 'n JoAnn Broom, Jack Wilson 'n Florence Eringer, Helen Stevenson 'n Bruce Brae, Barb Elliot 'n Ricky Schmitz, and Nancy Carr and Melvin Ehrur.

POT LUCK made MARION RENNIES before the dance dinner such a huge success. SPAGHETTI WAS the main course with pie for dessert. Carol Stewart and Clark McPhail were there and so were Gloria James 'n Ted Latner, Sally Hoyt 'n Stewie Ward, Marilyn Wroblow 'n Tom Follis, Nancy Gabriel 'n Dave Ramsey, Lois Buck and Bob Coleman and Marilyn Smith and Bill Joop.

COCKTAILS were served by MARY STOVER in her lovely home before the dance to Gretchen Kiechammer, and Jim Heart, Nancy Voorhees, 'n Jim Goebel, Alice Savage 'n Clarence O'Dell, Joyce Wick and John Weed, Alice Schiler, 'n Wesley Frank, Marti Watkins 'n Dick Lord, Gerry Jacobson and Joel Margenau, and her date JOHN BANFORD.

SUE CRUIKSHANK opened her home after the dance to gobs and gals for a few hours of munching on sandwiches and sipping pop.

FOLLOWERS of her style were her date Bill Nelson, Arlene Roy and Bob Jenks, Gery Rounds, 'n Jim Lemon, Helen Plath 'n Herman Klinghooffer, Felice Thorpe 'n Terry Thomas, Barb Mann 'n Bill Treuter, Sue Carson, Bob Vince, Mary Ann Mann 'n Dick Fritz, and many more.

FAT MARTIN also proclaimed an open house at which she served pop and potato chips to the same crowd that attended the pot luck dinner of Marion Rennie's.

Marty Smith and Tom Anton, Cal Purdy and Sue Martin, Joyce Schreiber and John Murphy, Carolyn Grylls and Bob Hanson, and Joan Quant and Ed Karrer, along with Pat's date JACK CORFIELD.

Tower Staff Conducts Gum Chewing Quiz

The staff of the Tower, Grosse Pointe High Schools news organ recently conducted a poll among the students asking this question, "In your judgment is the classroom an appropriate place to chew gum?"

Here are the answers:

Win Case, 7B: "Depends on the teacher."

Marietta Casbon, 7B: "Save it until you can chew it without being caught."

Ronald Miller, 7B: "I think it makes you think better."

Miss Gladys Ludwig, biology teacher: "I think the playground is the place to make noise."

Edward Leshey, 8B: "Yes, but it should not be bubble gum or a big wad that makes your jaws go wide open."

Jacquelyn Fricke, 8B: "No, people who chew gum look like cows chewing their cud."

Mr. John Finch, music teacher: "Definitely not. I don't believe it to be any more polite to chew in class than to chew it at any gathering of a group of people."

Sara Jane MacFarlane, 12B: "Anytime, but while giving an English VII speech."

Sandra Findly, 10B: "If you chew and not Chaw."

Mrs. Belle From, mathematics teacher: "Absolutely not."

Miss Dorothy Woodgell, music teacher: "Not when it interferes with the work done."

Mr. Andrew Balas, English teacher: "There are many times in a classroom when it does not seem right to chew gum or eat candy. Whenever you have a visitor during mealtime, you probably stop eating to talk to the visitor. The same basis for politeness seems to apply in the classroom situation."

Pat Hammond, 11B: "I think there is a time and place for chewing gum. One thing I hate to see is a girl all dressed up and chewing gum; however, at home it is perfectly all right."

Schools Get Facts on U-M Scholarships

An opportunity to qualify for a Regents-Alumni Scholarship at the University of Michigan awaits one or more graduates next Spring from every accredited high school in the state.

Full information about the necessary qualifications and the application procedure has been placed in the hands of high school administrators by the University's scholarship committee. February 1, 1948, has been set as the deadline for receiving applications.

The scholarships are designed to serve two main purposes. One is to help students of ability and promise who would find it difficult or impossible to gain a University education without assistance. The other aim is to contribute to the development of leadership and productive citizenship in all parts of the state.

A Regents-Alumni Scholarship carries a stipend equivalent to semester fees for the freshmen year, with provision for renewal through the sophomore, junior, and senior years if satisfactory work is maintained.

One scholarship is available for a qualified candidate in each accredited high school in the state. There are 100 additional scholarships for assignment in those high schools where more than one student meets the scholarship qualifications.

Mason School Council Holds Pupils Interest

The Mason School Council is a group of boys and girls who try to help everyone make Mason School a better school. A member is elected from each room and that member brings a visitor each week. The meetings held every Friday morning with Mrs. Moffat and Miss Sherman as leaders. The principal, Miss Ethel M. Tucker, always attends the meetings.

The meetings are opened with the reading of reports. The reports ask for rules to know while at school, suggestions for making the school more attractive, and reasons for being helpful boys and girls. These reports are always discussed first and decisions reached before taking up new business.

The council not only tries to take care of every day occurrences but also looks into the future to prevent any unpleasantness. They have sponsored Safety Drives, made "Keep Off" signs to be placed on the lawn as soon as the last snow is melted, and given plants as a reward during the "Keep Mason School Clean" campaign.

Having a group such as this seems to give the children a feeling that they are truly needed to have the school well run. It gives them a real chance to express themselves and develop the ability to discuss problems and policies and come to a worthwhile decision.

WILL THERE REALLY BE A COAL SHORTAGE THIS WINTER?

Why not ask your Coal Merchant?

THERE HAVE BEEN A LOT OF GLOOMY FORECASTS RECENTLY regarding a grave shortage of fuels for home heating this coming winter . . . Detroiters, it has been promised, will shiver for lack of oil, gas and coal to burn in their heating plants.

Before you get too panicky about the situation, do this: Call your own local coal merchant and ask him about it. The best authority on your coal supply is your coal supplier; others (including many "experts" who are not connected with the Coal Industry) are too prone to look at a big, hazy picture that conveys only a generalized view.

Of course, your coal man cannot speak with authority on the fuel oil or gas situation; but he can and will tell you the truth about coal. One of the things he will tell you is not to be guided by the size of supplies in his yard. Lake shipments have always had priority at this time of the year; when the navigation season is over the normal shipments direct to Detroit for home heating use will, as usual, take place. So the fact that your retailer's yards may be low now does not mean it will not be amply full by the time you are ready to light your first fire.

Your coal retailer will also remind you of this: Unlike other fuels, there is still three thousand years' supply of coal in the ground. You may not be able to get the exact type or quality of coal you prefer on your first delivery, but barring conditions beyond his control, your coal merchant will be able to keep your home warm, as he has always done during both World Wars, without coupon rationing. You can cooperate with your coal retailer by accepting delivery of the type and size of coal he has available now.

But don't take our word for it. Don't take anybody's word for it . . . except your local coal merchant's. Like your family doctor, his principal concern is your well-being. Before you come to any hasty decision—call him up and ask him: "Will I have coal this winter?"

A CLEAN, MECHANICALLY PERFECT HEATING PLANT—NOW EXTRA IMPORTANT

A furnace or stove in prime condition will give you all the heat from your coal this winter. For cleaning or repair, or for 24-hour emergency service, first call your local coal retailer. If he has no facilities, call CHerry 4331.

THE FINEST MEAL I EVER COOKED!

That's what Jim said after the first meal on our new electric range. And he's right. Postwar electric ranges are a vast improvement over older models. Ovens are better insulated. Heating units are more efficient. That means even faster cooking . . . lower cost.

You save extra time, too, with the automatic control that starts and stops your range by itself. Why, you can go shopping all day and have supper ready to serve when you return. And there's no heating up the kitchen . . . no soot or smoke to bother about.

These easy-to-use electric ranges are in stock right now at your local dealers. Be sure to see them soon.

A group of St. Ambrose bench warmers are more than giving encouraging remarks to a teammate as he scores against St. Vincent in their Parochial League contest Sunday at Grosse Pointe High school field. The final score—St. Ambrose 20, St. Vincent 0.

St. Paul Ends Grid Season In Blaze of Glory and Mud

The St. Paul Flyers put a successful climax to a rather unsuccessful season by wallowing through swamp-like surface of Mack Park last Sunday night to 13 to 0 victory over St. Bernard in the last game of their 147 grid schedule.

Sophomore full back Pete Belanger stood out for St. Paul by scoring both the Flyers touchdowns in the second quarter Jimmy Law tallied the extra point.

The game was played on a field in the worst possible condition. The players sank ankle deep in the slippery, heavy, clinging mud. Within five minutes after the start of the game it was extremely difficult to distinguish the players of the two teams for the mud made them all look alike.

St. Paul scored its first touchdown after taking over a bad punt on St. Bernard's 30-yard-line. In four plays they drove down to the four yard line. Belanger smashing through tackle for the touchdown. Jimmy Law converted.

Three plays later, Belanger scoring his second marker by intercepting a pass on his own 40 yard line and raced 60 yards to score. The try for the extra point failed and St. Paul led 13 to 0 at the half.

Through out the 3rd quarter the Flyers tried to score once more but the mud and fumbles combined with a stiffened St. Bernard defense to stave them off, though they once reached the 10.

During the last period when the Flyers victory seemed fairly safe, Coach Ed Lauer sent in many second and third stringers. Several of them in action for the first time this season.

St. Bernard threatened to

Blue Devils In Third Place

The Grosse Pointe Blue Devils gridiron squad closed their seasonal activities with a defeat handed to them by a fighting Mt. Clemens eleven, 3-0.

The local athletes' biggest enemy was Mother Nature as she turned out the worst possible weather she could find. Throughout the entire game snow was flying, especially during the final quarter.

"The most outstanding feature of the game," Coach Ed. Wernet stated, "was that the statistics were all in favor of us, although the score didn't show it."

Fred Listenebe, the brilliant Bathers' fullback, kicked a field goal from the fifteen yard line late in the third quarter to later decide the victory for Mt. Clemens.

All throughout the game, Grosse Pointe had set up good opportunities for touchdowns only to fumble or lose the ball on downs.

An extremely strange fact was that Grosse Pointe didn't kick once throughout the entire game. "To my knowledge," Wernet said, "that is the first time in two years that anything like that has ever come up."

Grosse Pointe's kicker, John "Fog" Flaughter and his running mate Don Miller played outstanding games. Wernet said, "Without a doubt, they were the two best running backs on the field."

Unsound Suggestions

(Continued from Page 1) 3. That a check be made of the residents of Grosse Pointe Farms prior to the issuance of pier permits for the 1948 season to prevent the continued issuance of permits to persons who were formerly residents of Grosse Pointe Farms but now reside in other communities.

regulations were adequate and the procedure being followed in good order. In summary, the committee wishes to say that Mr. Keating either was ill advised or lacked good judgment in criticizing matters with which he was not familiar.

No. 1 The committee considered and discussed recommendation No. 1 and feels that non-resident taxpayers, whose property is not being occupied by a resident, is entitled to a pier pass since a portion of the taxes which he pays are for the support of the Village recreational facilities and it is questionable as to the legality of refusal.

No. 2. The committee considered and discussed recommendation No. 2 and reports that it examined the procedure employed by the Village Clerk in the issuance of courtesy pier permits and found no abuse of this privilege, and could see no reason for the necessity of submitting the various special requests to the Council.

No. 3. Apparently Mr. Keating is not properly informed as the committee investigated the present practice followed in the issuance of permits and found that reasonable care is being exercised to avoid the issuance of permits to those residing outside of Village boundaries.

No. 4-5-6-8. The suggestions made in the captions listed were felt to be sound, most of which were already planned for the 1948 season. The item in connection with additional sanitary rest rooms is a major problem and is one of the recommendations planned for the future in connection with the expansion or replacement of the present dressing rooms.

No. 9. The Superintendent of Pier has not been granted any privileges to issue verbal instructions to admit non-residents to the pier and park facilities. However, it was recognized that as a department head in charge of such a function it was not unreasonable to expect that he should be allowed freedom to exercise his judgment in such matters. No action recommended.

Pointe Boys Shining Way Through College

Four Grosse Pointe boys are literally shining their way through college. They are Robert D. MacKenzie, of Devonshire road; Willis C. Beard, of Washington road; Jack Keller, of Maumee; road and Bill Kurth, of Calvin road.

The boys have three things in common, they are all graduates of Grosse Pointe High, they are all veterans attending college through the G.I. Bill of Rights and they all could use a little more expense and spending money.

As a result the ambitious quartet has formed a special car washing-simionizing service exclusive to Grosse Pointe residents.

"We offer a four hour service," said Robert, spokesman for the group. "It includes a thorough interior clean up and pick up and delivery service."

All the work will be done at Robert's heated garage on Devonshire. The students charge \$12.

They claim they have a unique system of simionizing which makes cars sparkle.

The boys are all freshmen, Robert and Willis attend Wayne while Jack and Bill are students at Highland Park Junior College.

City Refuses Tavern Bid

Grosse Pointe City council refused the application of Jules Castelyn to establish a tavern on Mack avenue within the Village.

Mr. Castelyn, operated the Colonial Cafe at 17282 Mack before the property was condemned by Wayne County Road Commission to make way for the widening program.

He still holds his liquor license.

Park Resident Adopts Boy War Refugee

Mr. Walter E. Simmons, 1232 Whittier, has "adopted" Giuseppe Amoruso, 10 year old Italian boy in Italy, through the Foster Parents' Plan for War Children. It was announced by Mrs. Edna Blue, Plan International Chairman. American headquarters of the Plan are at 55 West 42nd Street, New York City.

At the present time the Plan is operating children's projects in Holland, France, England, Malta, Belgium, Italy, Switzerland, Poland and Czechoslovakia and is caring for children of fourteen different nationalities.

The child is in one of the projects that the organization operates. The case history of the child who has been "adopted" follows:

He was born in the small town of Torre Annunziata. He is now under PLAN care with one of the children's groups in that town. He is one of a family of five children, whose father is dead and whose mother is at present in serious difficulties.

FATHER KILLED

An explosion at a nearby munitions factory completely wiped out the Amoruso home in 1945. The father was killed. The mother and children were unable to find anywhere else to live, and, for a time, the whole family lived in a tent in the fields. They had less and less food to eat, because the mother was unable to find work. When PLAN found this family, they were on the verge of starvation.

Giuseppe is a good boy, intelligent, and determined to work hard to try and catch up on his studies. But he is still deeply nervous and insecure, and it will be a long time before he returns to the normal outlook of a boy of his age. He is very proud of his American clothes and quite excited at the news about his having Foster Parents in America. He seems to long for letters, and it is believed that this new interest in his life may greatly help along his rehabilitation.

SUPPORT CHILD

On the receipt of an application by the Foster Parents' Plan, the foster parent receives, as soon as possible, a photograph and a brief history of the child and pays \$10 a month for the support of the child.

More than 52,000 children of all nationalities have been helped by the Foster Parents' Plan since its inception ten years ago.

Foster parents include Mrs. James Couzens, Dr. John Haynes Holmes, Tallulah Bankhead, Cornelia Otis Skinner, Fred Allen, Jack Benny, Mark Van Doren, Hildegard, Ella Fitzgerald, Kay Kyser, Beatrice Lillie, Perry Como, Mimi Benezil and Joan Bennett.
