Held in Wayne County Juvenile Detention Home are four boys of Detroit who were arrested by Park police for the theft of five cars.

The arrest was set-up when the vouths attempted to drive off with a 1948 Packard car owned by Mrs. Bruce Burlingame of Pontiac, Mich., who was visiting friends at 578 Barrington road Monday evening.

The driver of the car lost control of the auto after travelling a short distance and smashed into a tree near 514 Barrington road, wrecking the front end of the auto.

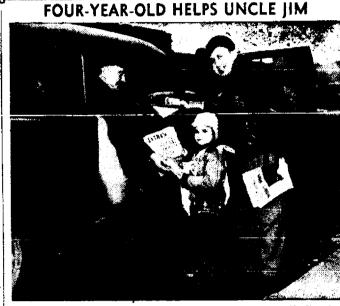

Police officers Art Conlon and Charles Slusser, who investigated the accident, traced footprints in the snow to a trailer camp near the foot of Alter road where they found two of the boys hiding.

According to Carl Schweikart, chairman of the benefit drive, members of the Lions Club and Grosse Pointe police and fire men garnered in the record sum of \$6,500. The previous high was \$5,800 taken in last year.

Schweikart revealed the good news at a luncheon immediately following the sale at the Bay View Yacht Club honoring the police and fire men whose efforts made the day a overwhelming success.

Lions President Freddie Mevers also paid particular tribute to the police and fire men before introducing Dr. Werner Kersten, who was co-chairman of the drive.

When your car's front wheels are out of alignment, the tires wear excessively and unevenly. New tires are expensive. Your steering is hard and the car rides "hard."

Our front end alignment stops excessive tire wear --makes easy steering and riding. We do all this for the price of a new pair of shoes. A big value by any comparison!

Beginning Wednesday with the J. Arthur Rank British movie, "Brief Encounter," which was written and produced by the illustrious Noel Coward, the Colony expects to accord outstanding foreign productions their initial showings as a regular practice each Thurs., Fri. and Sat.

Colony Manager Al Keith points out that the British are making more good photoplays today than ever before and asserts his confidence in the existence of an intelligent audience locally of sufficient size to insure the success of his venture.

He has made an excellent selection for his initial feature. Noel Coward's "Brief Encounter," has just been chosen at the International Film Festival at Cannes in France as the outstanding movie manufactured in England during the past year. It prodded enthusiastic huzzahs from the New York and Boston critics, when shown at the Little Carnegie and Exeter Theaters in those cities.
