A large number of Grosse Pointe City residents stormed the public hearing Monday evening held in the City Fire Department to vigorously oppose the council's plan to erect off-the-street parking areas in their neighborhoods.

The council proposes to establish these areas at Waterloo directly across from the Neighborhood Club and behind the business places on Kercheval between St. Clair and Cadieux. Both of the proposed areas will extend to pproximately 300 feet from the

It was the contention of the residents that came from St. Clair, Notre Dame and Neff roads that the proximity of the parking lots would not only decrease the value of their property but also create a day-long nuisance.

"Cars would be coming and go ing, in and out all day long," asserted one gentleman. "We would seldom have any peace."

The official house-to-house canvas has ended and all volunteers have been asked to make their reports. Many of the reports find pledge card lists still unfilled.

Newlyweds Sojourn To Bermuda

Joyce, the former Marva Audrey Machris, are now in Bermuda for a honeymoon stay, following their marriage last Saturday, June 19. Grosse Pointe Memorial Church was the wedding scene for Marva, daughter of Mr. and Mrs. Charles Edward Machris, of Lochmoor Boulevard, and Charles, whose parents are Mr. and Mrs. Dwight Page Joyce, of Cleveland.

The couple repeated their vows to Dr. Frank Fitt at 4 o'clock before the altar table decked with white stephanotis, gladioli and lilies, and lighted at each side with tapers in cathedral candelabra. Their frocks, alike in design, were of marquisette over taffeta, with full skirts and fitted bodices finished at the off-shoulder necklines with softly-shirred berthas. Their matching picture hats were open-crowned and banded in velvet ribbon ending in streamers.

Miss Jacob carried blue belladonna delphinium combined with yellow carnations, and the maids' bouquets were of yellow painted daisies and carnations. The garden reception at the

Machris home followed the rites, the bridal party receiving before the living room fireplace banked with white flowers. The garden was a charming scene with blooming flowers and tables with bright-hued lawn unbrellas.

It's a landslide, folks, a regular walkaway! Every precinct and every ward is all-out for electricity!

There's no mystery about these votes for volts. Electricity does literally thousands of jobs in homes-in factoriesand on the farms. Most of us use it hundreds of times a day. It does these jobs quickly—easily—cheaply—dependably. In fact, electricity does most jobs far better than any other way!

Live electrically . . . and enjoy the difference!
