FOR OUR CHILDREN'S EDUCATION

Two years ago, public education in the State of Michigan received a "Shot in the arm," which it has needed in varying degrees...

To our community, already starting to strain to maintain quality of education for our children, it is a boon which we can ill afford to repudiate.

Repeal of the Sales Tax Diversion amendment (Proposal No. 2) would make the schools once more dependent upon biennial appropriations from the State Legislature.

Under Sales Tax Diversion, our local schools are given a stipulated percentage of the sales tax money each year, which is approximately 28%.

These vital government funds should not be dependent upon the decision of the biennial legislature.

Therefore, in order to at least maintain the standards and facilities set by local educators (and demanded of them by Grosse Pointe) Sales Tax Diversion must be continued by a vote of "No" to its proposed repeal...

It should be duly pointed out here, that the public is being confronted this year with a confusing ballot by the very statement of the proposals. Proposal No. 2 requires a "No" vote to continue Sales Tax Diversion...

Proposal No. 5 calls for a "Yes" vote to modify the state constitution to permit communities to finance school bonds on a twenty year instead of the present five year basis...

With the already evident waves of increase in enrollment in the kindergarten and first and second grades, expected to range through the other grades and hit a crest with the rest of the nation by 1953, Grosse Pointe faces a school house problem of serious proportions.

Even now, attic and basement rooms are being used in Mason and Vernier Schools, and, junior high school students are being transported by bus many miles daily from the northeast end of the district to Pierce Junior high.

It scarcely seems fair or wise to expect the cost of new buildings to be completely covered in a five-year period. No-one finances their home on that basis.

And the present requirement of a two-thirds majority to increase tax limitation is scarcely democratic, since it permits a one-third minority to cancel the wishes and needs of two-thirds of the district.

Both of these proposals are vital to the education of your children. Our best advice, in their interest, and in yours is

- Vote "NO" on Proposal No. 2.
Vote "Yes" on Proposal No. 5.

Old folks at home

Shelter and peace—a couple of plants to water and watch—warm, soft wool to keep worn fingers busy—the gentle motion of a familiar rocking chair—and good friends to talk to. Red Feather services provide these simple pleasures for folks in their declining years.

Proposals

(Continued from Page 1) to levy at a lower rate per year over a longer period of time, if needed.

The lengthening of the period during which the 15 mill limitation could be raised would not provide a "blank check," as is claimed, for no increase, regardless of size, or the length of period, could be voted except by the majority will of the electorate, according to Proposal No. 5.

And, the present requirement of a two-thirds majority to increase tax limits seems undemocratic, since it permits a minority of voters in a district to hold up construction of buildings which would benefit the entire community.

Following is an analysis, jointly issued on Proposals No. 2 and 5, by Bert Wicking, President of the Grosse Pointe Board of Education and John R. Barnes, Superintendent of Schools.

FACTS ON NO. 2

1. Grosse Pointe received in 1947-48 fiscal year a total of \$412,874.61 in State Aid of all types. Of this total \$183,086.16 was directly from Sales Tax diversion.

2. During 1948-49 the Grosse Pointe Public Schools will receive somewhere between \$200,000 from Sales Tax diversions. To raise such an amount locally we would need approximately a \$2.00 a \$1000 increase in taxes.

3. The largest amount of State Aid ever received by Grosse Pointe prior to adoption of the Sales Tax diversion was \$214,543.34. That sum is approximately of the amount anticipated this fiscal year in state aid.

4. Many poor school districts in the State of Michigan are so dependent upon state aid that a repeal of Sales Tax diversion provisions of the constitution would seriously threaten the closing of some schools.

5. The Sales Tax diversion amendment, adopted by a large majority in November 1948, is particularly important to Grosse Pointe since it guarantees us far more generous State Aid than we were ever able to get from a legislature dominated by rural interests. We now get 28% of our school support from state sources.

FACTS ON NO. 5

1. Grosse Pointe is far behind in providing for housing pupils in the area east and north of Fisher Road. We have approximately 1200 children now enrolled in three buildings serving the Grosse Pointe Woods, Grosse Pointe Shores, and Gratiot Township areas.

2. The Parcels School should be completed at the earliest possible date and available for Junior High School use. We are now transporting 325 junior high pupils from the Grosse Pointe Woods and Gratiot area to the west end of the district (PIERCE). This number will increase rapidly as homes now under construction are completed and occupied.

3. The money raised by the 3 1/2 mill excess levy voted by the people of Grosse Pointe in 1946 will not be sufficient to complete the Parcels School and the New Kerby School. This is due to the fact that building costs have increased so much since March 1946.

4. The year 1948 will probably see a record number of residential building permits issued in the Grosse Pointe school district. This means that by the fall of 1949 we must be prepared to house a greatly increased number of children in our public schools. Unfortunately the lion's share of this

new home construction is in the area that is already woefully short of school buildings.

5. War year birthrates are already pushing elementary enrollments to record heights. The full effect of this greatly increased birthrate will not be upon us until 1953, but we already have evidence of the seriousness of the problem in our Kindergarten, Grade 1 and Grade 2 enrollment.

6. The Board of Education and the school staff are convinced that there is no possible way to catch up on our present school construction needs and prepare for greatly increased enrollments which the facts cited in 4 and 5 insure unless the existing limitations are liberalized by the adoption of Proposal No. 5.

7. The effect of the two-thirds majority and five year limitation requirements on school districts out-state has been even more disastrous than in Grosse Pointe. Many schools are being conducted in remodeled garages, lodge halls, church basements, store buildings, unsafe and unsanitary over-age buildings because many communities lack the financial ability to meet buildings needs in a period as short as five years.

Estate Turns Down Farms \$10,000 Bid

An offer of \$10,000 made by Grosse Pointe Farms to the Newberry estate for their Radnor Park property near the village "boom" shopping area on Kercheval was turned down, Commissioners William Kirby and Richard Maxon disclosed to the council body Monday.

The Commissioners appointed by President Watkins to study the matter of acquiring this property estimated at 60,000 feet, said that Newberry attorneys are holding out for \$12,500.

After hearing the committee's report, the council ruled to reject the original offer for the property which is now used for parking by many business men and shoppers, unauthoritatively.

The council did not make any plans as to what they would do with the property if the transaction is completed. A strong possibility appears that they may convert the space into a public parking lot.

Authorities report that the property could accommodate close to 150 cars, greatly relieving present parking problems in that area.

Local Members To Observe Optimist Week

Optimists of Grosse Pointe are girding their loins for the nationwide celebration of Optimist Week on November 7th to 13th, according to Dr. W. C. Tuttle, President of the local club here.

The past year has witnessed a phenomenal growth of our organization," said Dr. Tuttle. "Optimist membership now stands at approximately 50,000 and almost 700 clubs are now in Optimist International. Every one of these members and clubs is devoting much time and effort to our work of rescuing boys from circumstances and surroundings which might lead them into ways of crime."

"One week every year," continued the president, "we have attempted to impress upon the public the vital importance of welfare service work for boys to the social structure of our country. Members of the Optimist organization in every corner of the nation recognize the work that has to be done in bringing up the qualities of good citizenship and moral strength in boys if they are to become useful citizens tomorrow. With the eyes of the nation focused on the present election campaign, nothing could be more fitting than our theme for this year's celebration: Optimism and Leadership."

The event marks the Optimists 25 year and the Grosse Pointe organization's third anniversary. In accord with this occasion, local

Optimists are currently circulating tickets for their annual party on Nov. 12 at the neighborhood Club.

School Traffic Study Planned

Farms Commissioners Neil McEachin and George Schaefer were named by President Watkins to study the school traffic problem which has been taxing the facilities of the village police department.

The object in mind is to have the Grosse Pointe School District provide additional man power to direct traffic at school crossings in the village.

To meet the present demand and need for officers at intersections during school hours the department is forced to curtail other police duties.

"No Questions Asked" For Return Of Gems

"No Questions Asked" is a phrase included in a classified ad that appears in the Grosse Pointe Review this week. The words pertain to the disappearance of \$15,000 in jewelry early Saturday from an automobile owned by Ernest A. Bows, president of the Pittsburgh Sash & Door Co., Pittsburgh, Pa. He was attending a family reunion party at the home of his niece and her husband, Oscar B. Marx, Jr., 954 Lakepointe.

The Pittsburgh executive told Park police that the jewelry and some clothing belonging to his wife was in a large box in the rear of the car.

Mrs. Marx placed the ad which offers a liberal reward for the return of the valuables.

A Community Chest donation of \$100 will provide food for an infant for one year.

Beginning during the first week in November, phone numbers of mothers of Grosse Pointe High School and Brownell Junior High School students will be dialed by sixty members of the Membership Drive committee to issue an invitation to non-member mothers to join the Mothers' Club of Grosse Pointe High School.

Mrs. Henry Hubbard, of Muskoka Road, will be general membership chairman of this committee who will phone these mothers to explain some of the many purposes of the Mothers' Club which was formed in 1927, the very first of its kind.

Three mothers attending a school football game that fall noticed the shoddy attire of the players and determined to do something about it. This was accomplished by organizing thirteen mothers into a group, with Mrs. W. F. Mohrroff, of E. Outer Drive, as President, and raising funds by sponsoring small benefit parties.

When this did not prove reliable enough, Mrs. W. E. Neumeyer, of Three Mile Drive conceived the idea of the neighborhood groups, which meet about twice a month for various social entertainment and contribute their MRS. LORD admission fee toward the Mothers' Club, which in turn provides table prizes for each group. Mrs. Neumeyer's original group of twelve women have now been extended into twenty-seven groups, with many of the mothers still continuing while no longer having children in the school. Mrs. H. G. Goebel, of McKinley Road, is their present chairman.

During this time the members formulated their constitution which sets forth the object of the organization "to benefit the students of Grosse Pointe High School, socially and financially and to interest the mothers of the community and teachers in the Club work."

While this is similar to the objectives of modern PTA groups, the Mothers' Club also extends beyond that into an alumni group because of the Scholarships awarded each year to graduates who meet certain requirements.

Plus its direct assistance to the students, the Club supports various local groups, and holds an annual Bridge benefit, a Christmas Tea, monthly social events, Class students' mothers orientation teas, annual community Halloween Party food committee, and Open House twice a year when all the parents are invited to meet the teachers.

This semester's Open House will be held on October 28 from 6 p.m. to 10 p.m., with Mrs. Clarence Odell, and Mrs. H. Underwood as co-chairmen, and two home-room mothers acting as hostesses to the parents. The purpose is to provide an opportunity for parents to become acquainted with the teachers, and give the opportunity to the teacher if they wish to discuss any of their child's problems.

The Mothers' Club sixteen executive board directors are composed of representatives of all school and church areas, and include Mrs. Ruth Flom, Dean of girls at the Grosse Pointe High School, and Mrs. Ann Majner, student counselor.

Mrs. Charls B. Lord, of McMillan Road, who was elected President in 1947, has been a member for the past nine years and on the board for two years, and also active in various other groups pertaining to young people and parents.

Mrs. Lord believes she enjoys most the responsibility for growth and development of the children which she considers a real challenge and most important of all. "As we become acquainted with

BRIDE OF OCTOBER

MRS. HAROLD L. SCHROEDER Photo by Paul Gach

New Couple To Reside In Pointe

Fleetwood avenue will be the new address of Mr. and Mrs. Harold L. Schroeder who are honeymooning in the Smoky Mountains after exchanging nuptial vows last Saturday in Grosse Pointe Memorial Church.

Dr. Frank Pitt performed the ceremony uniting the former Jean Elizabeth Schultz, daughter of Mr. and Mrs. Robert J. Schultz, of Kenwood St., and the son of Mr. and Mrs. Frederick Schroeder, of Yorkshire Road.

For the ceremony, the bride was gown in off-the-shoulder white satin, with gathered bertha and a hoop skirt. Her bridal bouquet was composed of gardenias and stephanotis.

Sister of the bride, Helen Schultz, was matron of honor in a gown of marquisette over aqua satin, patterned after the gowns worn by Mrs. Michael Madarasz, Marion Parker, and Nancy Macpherson, who served as bridesmaids.

With Raymond Schroeder, who served his brother as best man, were the other groomsmen, Michael Madarasz, Jack Laing, and Jack Morley.

Daughters Meet

The Society of Daughters of Colonial Wars, State of Michigan, will hold its fall meeting Saturday, October 30, at the Women's City Club, Detroit. A luncheon at 12:30 o'clock will precede the business session at two o'clock, over which the state president, Mrs. Osmond D. Heavenrich, of Jackson (formerly of Detroit) will preside. Mrs. Hessel Tenhave, of Royal Oak, will be the speaker.

each other, our problems become common problems, and we can all help each other," maintains Mrs. Lord, who often considers herself in a more or less public relations role because of calls and visits by parents to her which provides a chance for her to "give them a more thorough appreciation of the school people and the Board of Education and all it is doing for the community, not just the school."

Because of the vast program which is handled by many committees and sub-committees, Mrs. Lord greatly appreciates the willing cooperation from all the members, and definitely believes that this same spirit will help Mrs. Hubbard's Membership Committee in successful achievement of its Drive to obtain a goal of one thousand members this year.

Since its existence the club has awarded more than \$15,000 in scholarships to deserving students of the school.

2 Pointe Schools Meet In Field Hockey Contests

Grosse Pointe Country Day School played two games of field hockey with Grosse Pointe Central last Friday.

In the varsity game Country Day School was defeated 2-1. All scoring came in the second half, Elsa Barr scoring for Country Day.

The reserve game was won by Country Day School, 1-0. Elise Hahn scored for Country Day in the first half.

Spirit and enthusiasm ran high at the rally put on by the cheerleaders at Country Day prior to the game when they put on a clever stunt in the auditorium for the Upper School. All members of the teams received "lucky pennies" and strains of the Alma Mater filled the entire school. Sally Foy is head cheerleader and she was assisted by Carla Lipski, Elizabeth Allen, Jo Ann Barkley, Paula Sutton, Susan Richardson, Cynthia Quayle, Katrina Kanzier, and Judy Mann.

Much credit is due Country Day's Coach Jane Savery and Patricia Leydon, of the Physical Education department, for the excellent training given the girls this season.

Their next game will be played on the hockey field at Detroit University School, Cook Road, Friday, October 28, with Lawrence Avenue Central.

Seniors Plan Busy Autumn

By BETA LEITHHAUSER
 Review Junior Correspondent
 The C.O.E., Committee on English, held its first autumn meeting recently. Its fifteen members elected Chris Weot as their chairman, and Jerry Hollerback as secretary.

From the vivid rumors it seems that the club is planning many exciting and important events for the school year. Next week a symposium concerning our relations with different nations as revealed in books, will be sponsored by the club.

Election day is coming soon not only for those eligible by age but also for the students of St. Paul when a mock election will take place. Before the voting takes place, however, several members of the American History classes will address the student body and discuss the candidates for President. Other members of the classes will be appointed to take care of the registering, voting and counting of the ballots.

Emphasize Good Family Traits

Dr. H. L. Selmeir, Director of Instruction of the Grosse Pointe Board of Education, was guest speaker at the first meeting of the Mother's Health Education Council.

In his talk "Family Life Education in Grosse Pointe Schools", Dr. Selmeir said the course would be an elective one. Emphasis would be put upon the positive factors that make up good family living rather than the problems that sometime disrupt it.

The meeting was held at the home of Mrs. T. R. Springett, president, on Nottingham Road, Tuesday, October 19th. Hostesses were Mrs. L. McKinney, Mrs. Chester Perry, Mrs. L. D. Ratcliffe and Mrs. M. Sievers.

The Council recommends that parents attend the Child-Parent Relations study groups as planned by the Board of Education and announced in last week's Grosse Pointe Review.

Wrigley's Plans Cooking School At Woods Theatre

Grosse Pointe's "own" Wrigley Super Market will conduct a five day FREE Cooking School at the Woods Theatre starting Monday, November first. Conducted by Mrs. Katherine B. Stafford, nationally-known home economist, the school will stress new ideas in cookery and practical suggestions to help each and every Grosse Pointe Housewife in her own kitchen.

In consideration of the price consciousness of the public today there is a great interest in better ways to serve foods economically. Through Mrs. Stafford's expert guidance Grosse Pointe's housewives will find new and better ways to stretch their shrinking food dollar. Through years of experience, Mrs. Stafford as lecturer and teacher will show further, how to add charm and new interest to food preparation and how to secure the most in nutrition for the least expenditure.

In addition, daily awards of groceries, appliances and the foods prepared on the stage will be given away to the lucky housewives who attend. A Frigidaire electric range, valued at approximately \$300.00 and contributed by Grosse Pointe's nearest Good Housekeeping Shop at 14328 East Jefferson will top off the week's prizes on Friday, November 5th.

"Pointe On Parade"

Parcels School Pointe's Newest School Marks Tribute To Parcels

Editor's Note: This is the second in a series of illustrated articles entitled "Pointe on Parade" conducted by Leslie P. Young, veteran resident of Grosse Pointe. They will feature stories and pictures of many of Grosse Pointe's first buildings and other centers marked with tradition.

By LESLIE P. YOUNG
The newest of the public schools in the Grosse Pointe School District is the first unit of the Charles A. Parcels Junior High School which was opened for classes this September.

Construction on this unit was started in October, 1946. In its present stage it takes care of the 3A, 4th, 5th and 6th grades. When it is completed it will be used as a Junior High School, housing 7th, 8th and 9th grades. At the present time it accommodates approximately 500 students.

The school is located on the southeast corner of Vernier Road and Mack Avenue. It is named in honor of Charles A. Parcels who was a member of the Grosse Pointe Board of Education for 21 years from 1926 to 1947. He was President of the Board for 15 years of that period. Mr. Parcels

TROMBLY
"Safety at School and on the Roadways" was the theme of an "all school" assembly program in the Trombly School auditorium recently. Pupil service organizations presented the program. Safety habits at school, on the playground, on the streets, and bicycling, along with the duties and responsibilities of service members, and pupil cooperation were stressed by the student speakers. The Safety Patrol Club was represented by Armin Jocz, Robert Bell, Nelson Sherbourne, and Walter Eversman; while Ann Marie Hellstrom, Julie Fox, and Sharon Davis spoke for the Service Squad.

The Safety Patrol Club has a membership of 38 boys selected from the fourth, fifth, and sixth grades. Ten street crossings in the immediate vicinity of the school are patrolled on school days by the boys in all kinds of weather. The club is organized into two squads of eleven members each with alternate weeks of patrol duty. Boys without regular posts are carried as substitutes and serve as occasion demands.

Officers of the club are Walter Eversman, Captain, and Robert Bell and John Winans, Lieutenants. The weekly club meetings are conducted by the officers with Mr. F. J. Welchenbach acting as advisor. Patrol assignments, traffic problems, reports about the quality of service rendered by members during the previous week, playground and bicycle safety are matters for discussion each week.

At its last meeting the Trombly Parent-Teacher Association voted to equip the club with new rainwear. Sam Browne belts are supplied to the club by the AAA.

The members of the Boys Patrol and Girls Service Squad clubs were the guests of the Grosse Pointe High School at the Highland Park-Grosse Pointe football game on Saturday, October 23.

Mr. and Mrs. Joseph Bleck were hosts to the Trombly School faculty, their wives and husbands, and members of the PTA Board, at their cottage, 27 miles northeast of Windsor, Canada on Saturday afternoon, October 9.

The party numbered 35 people in all. Mrs. Shirley Gerogi, social chairman, and her co-chairman, Mrs. Charles Jacobson, of the Trombly PTA and a committee of Room Mothers gave two beautifully appointed Teas for the fifty new Trombly mothers at the Georgi residence, 828 Berkshire Road on Tuesday and Wednesday afternoons, October 12 and 13. The Trombly faculty members were also present. These Teas provided excellent opportunities for PTA officers, members, and new comers to become acquainted.

Tea was poured by Mrs. Ethel Crowe, Mrs. John Maynard, Mrs. Albert Law, and Mrs. Alfred King. Mrs. Georgi and Mrs. Jacobson were ably assisted by Mrs. Edward Andrews, Mrs. George Baer, Mrs. Robert Huestis, Mrs. Albert Law and Mrs. Oscar Marx.

The initial effort of the Social Chairman was a meeting at Mrs. Georgi's home to which the Room Mothers were invited on October 6.

Bride Wears Gown of Satin

Beautiful ivory satin fashioned the bridal gown of Dolores Malooly, of Bedford Road, as she entered Our Lady of Redemption Church last Sunday to exchange nuptial vows with Dr. Edward A. Sawan, of Akron, Ohio.

Present at the ceremony were the bride's parents, Mr. and Mrs. Ameen Malooly, and Mr. and Mrs. Saleem Sawan, parents of the groom.

Cluny lace trimmed the bridal gown, extending in a long cathedral train, with the finger-tip veil of silk illusion crowned by a lace bonnet. White orchids and Stephanotis covered the white prayer-book she carried.

A sister of the bride, Thelma Malooly, was gowned in gold taffeta styled with a full corded skirt, and she wore ostrich plumes as headpiece. Bronze mums composed her cascade bouquet.

The bridesmaids, in similar gowns of emerald green, were the bride's sisters, Lila and Dianne Malooly, with Mary Shaway, Margaret Azar, and Marie Fikany.

Fred Joseph served as best man, with George Azar, Eugene Sawan, Nathan Sawan, Gerald Malooly, and Fred Boshara as ushers.

The newlyweds will reside in Akron, Ohio, upon return of their wedding trip East.

A. W. SEMPLINER

In a series of rapid fire addresses throughout Wayne County, Arthur W. Sempliner, Circuit Court Commissioner linked the present housing shortage with the growing problem of juvenile delinquency. As the presiding officer of the Court dealing with the housing problem, Judge Sempliner said: "The doubling up of families—two and three to a space ordinarily built for one family, provides no place for children and teenagers to play. This causes them to gather on street corners and to seek amusement elsewhere."

Cite Record of Dr. Hughes

A man, whose record in public office is unsurpassed for continued efficiency, co-operation and courtesy over many years of faithful service, is Dr. Albert A. Hughes who served as Wayne County Coroner from 1933 through 1946, and is a candidate for re-election as Coroner on the Democratic ticket next Tuesday.

Dr. Hughes is a graduate of the Detroit College of Medicine, Class of 1911. He served as Health officer of St. Clair Heights for 7 years and as City Diagnostician, 7 years.

While Coroner of Wayne County, he was always noted for his intelligent co-operation with all law enforcing agencies in the course of his duties to determine the cause of fatalities. He was always gentle, courteous, and helpful to everybody, regardless of race, color, or creed, who came in contact with him as Coroner.

Dr. Hughes has practiced medicine on Detroit's east side for 37 years, is a member of the Wayne County Medical Society and a life member of the State Medical Society.

Dr. Hughes has for many years been a resident of Grosse Pointe Park, residing at 1322 Nottingham.

Sheriff Is Native of Wayne County

Sheriff Edward Behrendt, Republican seeking re-election, is both a native son and a life long resident of Wayne County. He was born February 25, 1897 on his father's farm, which is the site of his present home, at 4206 E. Eight Mile Road. The farm, then located in Hamtramck Township, was included in the tract later annexed by the City of Detroit.

While yet a young man, Sheriff Behrendt served as a member of the Hamtramck School Board and later as Clerk of the Township. It was during his incumbency as Clerk that the township became a part of Detroit.

Behrendt has the unusual distinction of having been elected to head the department in which he served four years as a deputy. That was during both administrations of the late Sheriff Henry Behrendt, 1931-32 and 1935-36. Despite the odd coincidence of the identical spelling of surnames, the two Behrendts were not related.

P. W. Pays Tribute To George Gershwin

The versatile skipper of the American Broadcasting Company musical director, Paul Whiteman, often startles his contemporaries in the swanky A.B.C. salons with a few surreptitiously hummed bars of "El Rancho Grande" or "I'm An Old Cow-Hand." Those in the know, however, don't worry about the musical reputation of A.B.C. for the maestro will play pop concerts as a musical tribute to George Gershwin and his music on October 31, 2:20 and 8:00 p.m. at the Masonic Auditorium.

They know too, that portly P.W. is merely sniffing the Jersey sagebrush and mentally riding the round-up at Rosemont where his 600 acre Walking Horse Farm is located.

Re-Election James McNally

James McNally, Republican nominee and candidate for re-election to his term as Wayne County's Attorney General, is contending for victory at the polls next week. His endorsements continue to pour in from civic, fraternal, business, veteran, and labor groups throughout the county.

McNally's policy of working impartially with both sides and management in so-called "labor cases" has resulted in many cases involving labor during his administration. In any time since organized labor became a factor in Michigan politics, McNally has earned the highest respect and esteem of his fellow workers.

McNally's "open door" policy of court prompt and intelligent handling of all who seek the aid of the State's Office will be continued as long as I am Prosecuting Attorney.

McNally served as Attorney General of the Peace in Grosse Pointe for 12 years, and was the first to work in this position in 1914, serving overseas in the Pacific Theatre from June 1942 until January 1946 with distinction.

McNally is married, has five children ranging in age from five to fifteen years, and resides in his home on Nottingham.

14th District Not For Sale—Rabaut

The 14th District is not "For Sale" for the alert people who reside therein will not permit the Republican party to buy it. Huge political spending, evident in every quarter, cannot purchase the loyalty of a devoted people. "The effort to mislead, by the sheer force of money, will come to naught," Rabaut warns in his talk concerning the fruitless relationship of the small businessman and the Republican Party.

The Democrats, for example, sought to exempt the first \$10,000.00 of a concern's net income to permit strengthening reserves, modernization and improvement of competitive position. — The Republicans defeated it.

The Democrats sought to make available banking credit and long term financing facilities at fair interest rates to small business. — The Republicans killed all proposals to give small business equal access to capital needed at the same interest rate as their giant competitors.

The Democrats sought to prevent mergers and consolidations creating monopolies. This measure

was killed in the Republican Senate Committee.

As to scarce materials, the Democrats attempted to have Congress set up a system of all scarce materials, steel, etc., which would guarantee every small producer receiving his fair share to keep his plant operating—the Republicans rejected all proposals to insure equal treatment for smaller producers in obtaining necessary raw materials.

And as to Government assistance, President Truman sought to expand and improve the services of the Small Business Division of the Department of Commerce. — The Republican Congress abolished the Office of Small Business and its seventy-seven field offices.

The Democrats sought to improve the small business section of the RFC—the Republicans cut the RFC appropriation by 40%.

It is quite one thing to spend money lavishly in the campaign—it is quite another to serve the people and the small business man during the term of office. If the residents of the 14th District will look at the record, they will realize the brazen indifference of the 80th Congress to the general welfare of the nation, and looking ahead they might well contemplate what a dire result might be ours if the Republicans are permitted to continue in their ruthless indifference to the people.

No! The 14th District is not "For Sale."

Youngblood Gives Views On Labor

In response to many requests for a statement of his position on labor legislation, Congressman Harold F. Youngblood asked the Grosse Pointe Review to quote him as follows:

"I voted for the Taft-Hartley Act because I felt it was vitally needed legislation. In making my decision, I considered both the protection of my own rights as a card-carrying member of the American Federation of Labor as well as the best interests of my district. I do not believe that this Act is perfect and I invite the people I represent and labor groups to call to my attention any provisions of the act which they believe should be changed.

"At the same time, I earnestly request every working man to read the act and not to accept propaganda directed at the act by name only. I challenge the working men to have these propagandists point out one provision of the act which is directed against or which hurts the individual, wage earner. As a matter of fact, the working men should know that each one of the individual provisions of this act was approved by union members in public opinion surveys before these provisions were joined to form the act.

"If the act had served no other purpose than to drive Communists out of labor unions that alone would justify its enactment. I believe that most CIO men believe that they have a courageous and able leader in Walter Reuther. Without the provision requiring union leaders to sign non-communist affidavits, Reuther would have been powerless to move against the radical groups which he has opposed so successfully.

"I have had many expressions

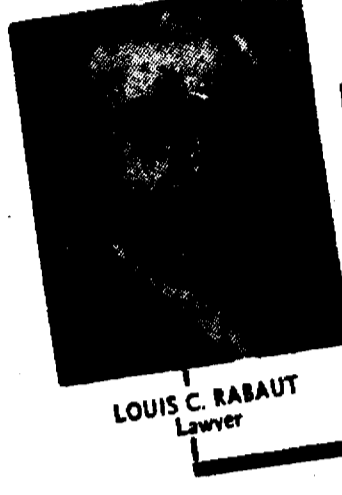

of gratitude particularly from the wives of working men as to the act's effect in reducing the amount of time and money lost by the individual workers due to strikes. The act materially has gained these savings for the working man without taking away any of his power to strike to obtain legitimate labor gains."

Salute the men of our Army, Navy, Air Force, Marine Corps and Coast Guard, for in them, in great measure, lies our strongest power for peace!

Mondry's Bill Mertz Paces Rotary Bowlers With 256

In this match Mondry's mild mannered Bill Mertz who, last year, rolled 288 against the same team, unkered a 256, high thus far in the Rotary League. He finished with 202 and 280 for 638.

P. Reserves Ounce Oaks

In each of the four years and twice in the last, the Pointe reserves racked up third win of the season 33-0 Thursday against Royal Oak. Friday the Reserves take a victory on the local grid, 28-14, by the Dotted Dots. Last year it was the Dotted Dots who only defeat on the 19-0.

Bray, speedy tenth grader, showed a reversal of form in the next two games to finish "out front", 3-1. In this match Mondry's mild mannered Bill Mertz who, last year, rolled 288 against the same team, unkered a 256, high thus far in the Rotary League. He finished with 202 and 280 for 638.
