War Memorial Fund Eyes Alger House; Calls Vital Meeting

An important meeting of the Board of Directors of the Grosse Pointe War Memorial Library Fund has been called by President Alger Shelden for 8 p.m., Monday, Dec. 3 at the Neighborhood Club. All directors of the organization have been contacted by phone and notified by letter of the urgency of the meeting. Others are welcome to attend. Chief order of business will be to arrive at a decision to be followed in the Memorial Fund drive. It is hoped that some avenue may be found to make use of Alger House, providing, of course, that members of Alger House, providing, of course, that membership until some such suitable disposition can be arranged. The Grosse Pointe Board of Education refused outright gift of the property from the Alger estate at a special session Saturday, November 13 in the board offices on St. Clair. Board President Bert Schick alone favored its acceptance. Letters from Review readers expressing their opinions on the issue appear in the "Letters to the Editor" column on page 2.

Mental Patient Brings Headache To Farms Police

One of the most perplexing cases in the 21 years of police work Sgt. Dr. E. Labadie of Farms Police closed this week with these developments. A 26 year-old Detroit woman, claiming to have been raped by seven men in Grosse Pointe is in Receiving Hospital awaiting return to a state mental institution. Roy Ives, of 252 Moross road, who in pursuit of the assailants lost control of his auto and wrecked it against a light pole at Kercheval near McKinley. Four youths who were riding in the car where the attack was allegedly committed proved that they were not in this area on Saturday night, the time of the crime. Sgt. Dr. Labadie released them. The Farms Police official entered the case when he went to Cottage Hospital to question the woman who was taken to the hospital following the Ives accident. Ives told Labadie that the woman, who looks more like a girl 16 stopped him when he was returning home Saturday night, claiming that she had been attacked by seven men. "She jumped in the car and we gave chase," Ives was reported to have said. "But before we travelled far I lost control of my car due to wet pavement and smashed up."

Doctors at the hospital who examined the girl said that she had not been attacked. Meanwhile Labadie waited hours until the woman was able to answer a few questions. Upon talking to her a few minutes he discovered that she was mentally unbalanced and any testimony she could give would not be considered in any court. He later learned that the woman had spent most of her life in a state institution, and that Detroit Police were looking for her on a vagrancy charge. Sgt. Dr. Labadie returned the patient to Detroit with a sign of relief.

Bingay Sees Serious Era of World Upheaval

Private, State, National and International problems can be solved with a little more general application of the Golden Rule and Ten Commandments, Malcolm W. Bingay told a Grosse Pointe Rotary Club audience Monday night at the Whittier Hotel. The eminent editorial writer and popular columnist for the Detroit Free Press stated that the world is in a state of transition which will be recognized in future years by historians as an epochal era of upheaval unparalleled since the days of the Pharaohs. "We are too close to see what is happening, we cannot draw off to get the perspective which will be seen in future years in retrospect," said the speaker, who added that no one today, and no nation or group of nations knows what tomorrow will bring. Bingay attacked our diplomatic service, saying it was staffed by unqualified men who won the distinction as a political plum for large campaign contributions. He believes that Labor should have a part in our diplomacy. International understanding and distrust ended, can be accomplished by intelligent applications of the principles of the Golden Rule on a national and international scale, said Bingay. "Everything that's wrong with China has been going on for seven hundred years," said he, "and nothing we can do financially, or by spilling American blood, will improve the situation." The speaker humorously told how he personally broke with Dewey when the candidate called his mother "Mater" publicly in Owasco during the campaign. "Little Harry" (Pres. Truman) was treated as lightly by the speaker.

Schweikart Upholds Bus Lines Service

"I'll be glad to meet the general public at any time or place that they may suggest," stated Walter Schweikart, Lake Shore Coach Lines president in answer to an Open Letter to him appearing in the Review last week suggesting an open discussion between officials and passengers in an effort to reach a better understanding. "Meanwhile I would like the few who criticize our service and who cry that there are no seats to bear these facts in mind," he explained the company head. "The only time passengers are forced to stand on a Lakeshore bus is during the peak morning and evening hours—and the number that is without seats is far smaller than on any transportation system in Michigan. Our service per mileage in 1947 was 2,103,352 miles. This year it will be 2,191,984 miles—an increase of 88,631 miles. That our company for several years has attempted to purchase property at Jefferson and Maryland at a fair price to build a beautiful bus terminal with waiting rooms and other accommodations. But property owners held out for exorbitant prices. Since 1946 we have added 22 new buses at a cost of \$14,000 each. Our total now is 53 buses. We have 70 of this area's most capable, courteous, and qualified men for our operators. They have a splendid record for safe driving. Each school day we have 51 special school runs. The Lake Shore Line is the only transportation system in Michigan that has operated without an interruption for 25 years. We have received only six letters in five years criticizing our service. The company provides Sunday and holiday service at a loss of about \$15,000 a year.

Put Holes in Panes, Dad's Pocketbook Too

Three Grosse Pointe Park youngsters, ranging in ages from 7 to 9, were responsible for what Park Police termed the most malicious destruction of private property seen here in a number of years. The youngsters broke more than 100 windows in two homes under construction, one on Trombly road and the other on Harcourt. Their parents agreed to pay the damages amounting to about \$100 to Edwin Torosican, 1253 Kensington, owner of the Trombly, home; and Clarence Bossett, of Detroit, owner of the Harcourt property.

Newsboys Hope To Get Record Sum

Carl Schweikart, chairman of the 1948 Grosse Pointe Lions-Grosse Pointe Review "Goodfellows Day" sale announced that the goal this year is \$5,000. However he indicated that the Lions in cooperation with Grosse Pointe police and firemen would definitely try to pass last year's record sum of \$6,500, raised from the sale of a special edition of this newspaper. The sale will get underway early Monday, Dec. 13 and continue through noon at which time all "Old Newsboys" will report to the sale headquarters at the Park Municipal building. All proceeds are used to support the Lions "No Kiddie Without A Christmas Fund" and their year around goodwill program. Working with Mr. Schweikart as co-chairmen are Dr. William Watkins and Dr. Werner Kersten.

Operators Demand Wage Hike

"We must meet the justified demand of our employees for a wage increase or face a perilous strike," Walter Schweikart, Lake Shore Coach Lines president, told officials from the five Grosse Pointe municipalities at a special meeting Friday at the Park Municipal building. Schweikart said that the company with an eye on the rising cost of living proposed to raise the hourly scale ten cents to \$1.45 per hour, January 1. He said that the increase would add \$23,000 to the company annual payroll. According to Schweikart, the service cannot absorb this increase in production without additional revenue. Consequently he seeks to offset a major part of the burden by gaining \$17,000 per year by eliminating us tickets (discount fares). He filed a notification of such action in the Michigan Public Utilities Office Commission at Lansing Tuesday as required by State law. Presenting complete financial statements to each official at the Friday meeting, Schweikart said that only through sound management and drastic economic measures his company was able to realize a \$24,000 profit in 1947. He explained that if his request was not granted he would be forced to go out of business. He said that present cash fares of 15 cents in the Park, City and Farms; and 20 cents in the Shores and Woods would remain. School fares will remain at six cents. According to the coach lines' official, Lake Shore rates compare favorably with fares in other communities. Among the officials at the meeting were Homer E. Fritch, president, Karl Goddard, commissioner, and Everett B. Lane, municipal manager, of Grosse Pointe Park; Gerald Miller, City of Grosse Pointe commissioner; Harry Furton, Farms clerk; Thomas Jeffers, Shores superintendent; and George Burgess and George Gardner, Woods commissioners. The municipal officials are expected to report to their respective councils at early meetings before further action is taken.

Council Studies Goethe Problem

Members of the Park Council are conducting a traffic survey at Goethe near Maryland in regards to a request made by First Christian Reformed Church to close the dead-end block of Goethe. The congregation would like to convert the street which adjoins its building to a playground and off-the-street parking grounds. Property owners in that area rose to protest this action at a public hearing last week. They stated that vacating the street would create a traffic nuisance and hazard to them. The Council expects to reach a decision at its next meeting, Dec. 13.

REAL CHRISTMAS JOY

As Christmas approaches each of us would like to feel that we have done something to add to another's happiness at this season.

The joy that Christmas normally brings is not complete unless we have that inner satisfaction that comes with knowing we have made a contribution to the welfare of others, that we have overlooked no little thing that might make this Christmas a better Christmas.

Each person may know of some special thing he can do to make Christmas happier for another. For one person, it may be buying a doll for a neglected child. For another, it may be sending a basket of fruit to an invalid. But, regardless of what we may do for individuals, there is one thing all of us can do for everyone in the community, including ourselves.

We can all buy and use Christmas Seals with the double-barred cross in red!

CARBON MONOXIDE IS QUIET KILLER

Give a little thought to carbon monoxide right now; it may save your life this winter.

Each year carbon monoxide poisoning takes the lives of 20 to 30 Michigan people.

This, the season of the year when cars are warmed up in the garage, when motors are left running to keep the occupants of a car warm while parking, when hot furnaces are built and when water heating equipment gets extra use, is the time when carbon monoxide deaths occur.

Carbon monoxide gas is a colorless, tasteless, odorless gas which has no irritating effect on eye, nose or throat. It is caused by incomplete combustion of carbon compounds such as gasoline, fuel oil, gas or coal. It cannot be detected by any of the senses.

Do not sit in a parked car with the motor running, unless you know for sure that the exhaust system of the car is absolutely tight. Eight parts of carbon monoxide gas to 10,000 parts of air during a two-hour period may kill you. You may just snore, and unless someone wakes you, you may sleep forever. Drive with a window open. Only two parts of carbon monoxide to 10,000 parts of air on a three-hour drive may put you to sleep and wreck your car. If you begin to feel drowsy, if your head begins to ache, or if you begin to feel dizzy or ill, get out of the car at once.

Open the garage doors before you warm up your car. The most satisfactory way of eliminating the danger of carbon monoxide fumes from a running motor in a garage is to attach directly to the exhaust pipe, a device which will carry the fumes outside the building.

Readers Sharply Criticize School Board's Action

TO THE EDITOR:

The members of the Board of Directors of The Grosse Pointe Artists Association deplore the ill-advised action recently taken by the Grosse Pointe Board of Education declining the gift of the Russell A. Alger Home as a Memorial Public Library to commemorate the men and women of the Grosse Pointe Communities who served in the military service of the United States of America in World War II.

The Grosse Pointe Artists Association was organized in 1938, and its purpose are educational. Its membership is open to persons residing in or owning property in any of the Grosse Pointe Communities for the study and criticism of sculpture and painting and for sponsoring the works of its members in exhibitions.

Many members of the association have contributed to the Memorial Fund raised to commemorate the Grosse Pointe veterans and it is generally felt by them that the continuance of the use of the Alger Home as a public educational institution or library would be a splendid contribution to the cultural advancement of all local citizens.

From our frequent use of the property we know that it is conveniently situated for public use. It has unusually ample space for off-street parking, and the building could be readily adapted, and without too great expense, to use as a general library with sufficient space also available for community meetings.

We believe that if the matter were submitted to the citizens of the Grosse Pointe Communities they would be overwhelmingly in favor of the Alger Home being accepted for such public use as has been outlined. We heartily commend you for the attitude you have taken in favor of this public question, and sincerely hope that appropriate steps may be taken to arouse the citizens of the Grosse Pointe Communities to a realization of what they will be deprived of in case the Board of Education cannot be persuaded to re-consider its action and to accept the gift.

Yours very truly, Marian H. Fitch, President, Grosse Pointe Artists Association

TO THE EDITOR:

I'm looking for the answer to your open letter to Mr. Walter Schweikart of the Lake Shore Coach company this week. I'm hoping also to find a notice of a public meeting on the matter.

I hope to find both in this issue of the paper and I also hope that you will publish my letter.

If I don't find any word from Mr. Schweikart, I will not blame you, because I know that you would publish it unless your fearless message fell on deaf ears.

Perhaps the Lake Shore Coach company's 'board of strategy' decided to ignore it. Perhaps they couldn't answer it. But, the really surprising thing to me is they accept the charge as 'guilty' when they fail to answer or deny the situation.

Certainly, the least they could do would be to explain their position.

A Straphanger

TO THE EDITOR:

As a Trustee of the Board of Education in voting against acceptance of the Alger Home as a Memorial Library, I am pleased to express my personal views.

In my opinion the explanation covers three main points:

- (1) The responsibility of a Trustee. (2) Policy. (3) The so-called 'unconditional nature' of the gift.

With reference to the responsibility of a Trustee, as I see it, my first responsibility is to the children of this district to see that they get the best education possible for the tax payers' money. Adult education, while highly desirable and of importance, is secondary to this concept.

Regarding library policy, it is my opinion that a library should be for USE at minimum long range maintenance cost to the taxpayer. While, as a citizen I am completely in favor of a War Memorial nevertheless, as a Trustee of the Board of Education, when the concept of a Memorial over-rides the concept of a library for use, then there is a question in my mind.

The goal of every library if it is to serve its proper function, is large circulation. There can be no better Memorial than a library which meets that goal—and a library conceived through voluntary contributions of the community certainly deserves the cooperation of everyone.

The technical details of rejection have been well covered in the open letters of Mr. John Barnes, Superintendent of Schools, Miss Florence Sewers, Director of Public Libraries in Grosse Pointe, and Charles Mohrhardt, Associate Librarian of the Detroit Public Library, which have appeared in both the Grosse Pointe News and the Grosse Pointe Review.

The third and last point, namely the 'unconditional gift' creates the impression that the Board would have had the moral and ethical right to sell the property immediately. While it was indicated that such right would be given legally nevertheless, as honorable individuals, it would have been necessary to follow through on the understanding that the property would be sold only if the Memorial Association failed to raise sufficient funds to convert to a library.

It was suggested at one of the meetings that the matter be submitted at a public referendum to the community, but since prompt action was apparently necessary there was not sufficient time available for this course of action.

It was suggested that it be given directly to the Memorial Association, but apparently the donors were unwilling to consider such action. Suggestion was also made that it be given to the Board and then sold immediately for cash and proceeds applied to the building of a library in a more desirable location, but this thought was considered unfair and not worthy of consideration. It is to

be doubted that the Alger would have given the property on the understanding that it would be accepted by the Board and then immediately offered for sale.

This is a summary background of the reasoning behind my decision.

Sincerely yours, Sigurd R. Wendin

TO THE EDITOR:

Who do they think they are, anyhow... this Grosse Pointe Board of Education.

They cry for funds (remember the last election involving sales tax diversion) and yet they turn down a gift, conservatively estimated as worth \$100,000.

We approved an extra millage to provide funds for the Parcels school. The matter was submitted to the voters.

Shouldn't those same voters have been given a chance in this matter.

Constant Reader

TO THE EDITOR:

It was with a great deal of amazement that I read in last Wednesday's Review that the Grosse Pointe Board of Education had turned down the unreserved offer of the Alger family to give the magnificent former Alger Museum to the School District.

As a citizen, and taxpayer, I can scarcely let this matter escape my expression of disapproval.

Regardless of the fact that members of the Board may have thought there might have been an implied obligation to convert the property to a War Memorial Library, the final letter offering the property was certainly strong enough evidence to the contrary.

It would seem to me, that with the exception of the Board President, members of that body were very ill advised in their action. Our School District told us at the time of the recent National Election, when two school proposal changes to the State Constitution were offered to voters, that we needed funds, more funds; buildings and more buildings.

If the Board didn't want the property for a library, that was one thing. But, not to accept it, is another. Refusal, to me, is downright foolhardy and inconsistent... and I definitely condemn it.

I am signing my name to this letter, as is customarily required as evidence of good faith, but ask that it be withheld. I have talked with two members of the Board and they know my sentiments and identity, but I must conceal the latter from the general public because of what would be an obvious reason, were it to be generally known.

A Disgruntled Taxpayer

TO THE EDITOR:

Permit me to express my surprise at the recent action of our Grosse Pointe Board of Education.

I can scarcely accuse them of snap judgment, because I believe they must have given Alger House serious thoughts. But, I don't believe that a small group of four members and a president should be able to say yes or no to an actual out-and-out gift offer property that could be sold for from \$75,000 to \$150,000 and would cost a million and a half dollars to replace.

Like your editorial of last Wednesday pointed out... 'offer of such proportion are not often rejected.'

Certainly the Alger family debated about the disposition of the property for some time and word must have sifted through to the Board. It would seem to me that they should have gone to the voters or at least obtained a fair sample of public opinion (in addition to opinion of so-called experts) about that magnificent property.

And, if the property hasn't already been lost, I believe that

On Tuesday, the Women's Guild is sponsoring a Christmas Fair in the church basement during the entire day and at night the men will have a fellowship gathering. The young people have their Christmas party scheduled for Thursday evening and Friday is family night with a dinner and the Reverend E. T. Bernthal of Epiphany Church as guest speaker.

On December 12 at 11:00 a. m. a second dedicatory service will be held with Pastor Kurz addressing the congregation. Immediately following a memorial service will be held for Nelson L. Carr, A.M. 3-c of the famed Torpedo Squad No. 8, reported missing in the Battle of Midway, June 4, 1942. A son of Mr. and Mrs. Leo Carr of 263 Kenwood Court, he was a rear gunner on one of the 6 planes which, by reconnaissance of a Japanese fleet of 82 ships, was able to alert the American defense. It is in his commemoration that the tower cross on the new church home is dedicated.

Barbara Brinkman Plans Wedding On New Year's

News Told By Parents At DBC Party

Barbara Ann Brinkman and John Alexander Jeffrey will be among the very first bridal couples—if not the first—of 1949 in the Grosse Pointe area. They have decided upon Jan. 1, New Year's Day, as their wedding day.

This news was revealed with the formal engagement announcement by Barbara Ann's parents, Mr. and Mrs. Milton George Brinkman, of Balfour road.

The bridegroom-elect's parents, Mr. and Mrs. Stanley John Jeffrey, came from their home in Brantford, Ont., for the engagement dinner party given by Mr. and Mrs. Brinkman at the Detroit Boat Club.

It will be a whirl in the Brinkman household for the next several weeks, combining Christmas festivities, wedding arrangements and preparing for the European trip on which Mr. and Mrs. Brinkman will embark from New York on Jan. 15.

It was due largely to this proposed journey of Barbara Ann's parents that the couple made their decision to be married on New Year's Day, since they had first considered tentatively a March date. Other motivating reason was the sentiment of the Christmas season.

The bride-elect attended Pinebrook School for Girls at Leelanau and graduated from Grosse Pointe High School. Her fiancé served in the Canadian Navy for two years. Now making his home here, he has been carrying on his studies at Wayne University.

Bride Wears Satin Gown

A trip to the Homestead at Virginia Hot Springs climaxed the wedding vows of Shirley Ann Young, daughter of Mr. and Mrs. Benjamin E. Young, of Lakeshore Road, and Howard H. Robinson, son of the Howard H. Robinsons, of Berkeley, last Saturday.

For her marriage in Grosse Pointe Memorial Church, the bride appeared in ivory satin with an illusion yoke, and a train falling from the full skirt. A heirloom rosepointe lace bonnet crowned her double veil of illusion, and she carried Stephanotis with white orchids.

As her sister's maid of honor, Joan Young wore a gown of dusty rose faille, with halo to match, and a bouquet of rubrum lilies and trailing ivy, while American Beauty faille gowns attired the bridesmaids, Sharon and Colleen Finley, Elizabeth Prescott, Carole Fenley, Hazel Wood, and Ann Robinson, of Dunkirk, N. Y.

Serving as best man was David Robinson, while Kirk Denier, Palmer Heenan, Paul Richmond, Joseph Mason, John Grayson, of Pennsylvania, and Jack Young, ushered.

The Country Club was the scene of the reception following the ceremony.

Nothing complements success like ownership of a fine car!

● A fine car, like a painting from the brush of a master, is a modern masterpiece of artistry—fashioned by the finest skills in countless fields.

The name "Lincoln" on a motor car is a hallmark of quality. It is recognized as a symbol of intrinsic value, the same as the "Sterling" mark on silver or an "18 karat" mark on gold. It stands for the finest—a reputation earned down through the years.

Of equal importance to the owner of a Lincoln or Lincoln Cosmopolitan, is what its possession means as a complement to an individual's success.

Three dominant qualities are found in a car bearing the name of Lincoln... Vision, Power and Balance... qualities also found in the successful individual.

The wide expanse of the curved, one-piece Lincoln Cosmopolitan windshield offers a new, clear vision that is exhilarating—and safer, too!

The sensitive, silent power of the new, V-type, 8 cylinder, 152 HP engine provides a reservoir of energy as smooth as electricity—priceless in mastering traffic on the highway.

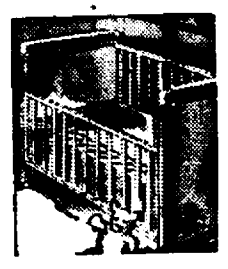

The perfect balance of the spacious, luxurious body on a long, sturdy chassis results in a self-righting ability on sharp turns and road twists that spells control confidence.

Rare beauty and matchless performance combine to reward the Lincoln owner with a deep-down feeling of pride in transportation of a superb character.

You must, however, get behind the Lincoln wheel yourself—to "feel" the full meaning of fine car ownership! When you do, a thrill awaits you!

Father's Night To Conclude Yule Book Sale

Detroit University School and Grosse Pointe Country Day School this week are presenting their Christmas Book Sale display in the auditorium of Country Day School, 43 Grosse Pointe Boulevard. Friday night will conclude the sale with Father's Night, the display being open for them from seven until ten.

Great activity pervades the entire school, which is in gala attire for the big occasion. Students and faculty of both schools have had an opportunity to see the large display and to make their selections from over 400 books. The music lover, collector of special editions, the art minded, and all who have a fondness for books are delighted with the large selection. Also included with the books are globes and reference books, mounted wall maps, and children's unbreakable records.

An Art Exhibit prepared by Mrs. Doris Hass, Director of Art for the two schools, shows the correlation of English and Art in book illustrations and famous quotations. Art students have also on exhibit studies in value and texture; color harmony in tempera; shape, texture, and color in two and three dimensions. Mr. Samuel Beeler, Mechanical Arts Director, is displaying work of grades 5 through 12 pertaining to perspective.

The auditorium at Country Day School is a most colorful place with the various exhibits and many colorful books. Christmas trees and a huge Santa Claus make a delightful atmosphere in which to browse around and make selections for personal and friends' libraries.

The Christmas Book Sale will be open Friday from nine in the morning until four in the afternoon, and especially for Dads, from seven until ten in the evening.

GIRL SCOUT NEWS

Troop 559 went camping at Camp Metamora the weekend of November 12. They were joined by some of the scouts from troops 703 and 377. The highlights of the trip were puppet shows — the puppets being made from potatoes and carrots — and a hayride, using a tractor instead of horses. Mrs. J. C. White, Mrs. L. N. Orebaugh, Mrs. J. A. Henderson and Miss Patricia McCleary were the leaders. These scouts have just completed three complete clothing kits for European children.

Troop 385 also took a trip to Metamora over the week-end of November 19. They did not let the rain interfere with their football games.

St. Paul's Brownie troop 257 took advantage of the fine fall days by going hiking. On November 15, they climaxed their hike to 7-Mile pier with a wiener roast. They are working hard on their Red Feather credits.

On November 16, Troop 620 invited their mothers to a unique shower at Kerby school. The girls were to form a clothing kit for a European baby. Games were played and the girls served refreshments to their mothers.

POPULAR PLACE IN GAY NINETIES

Kramer's Roadhouse Was Gay Mark Of Colorful Nineties In Pointe

Editor's Note: This is one in a series of illustrated articles entitled "Pointe on Parade" conducted by Leslie P. Young, veteran resident of Grosse Pointe. The articles feature stories and pictures of many of Grosse Pointe's first buildings and other centers marked with tradition.

During the Gay Nineties, Grosse Pointe had several interesting roadhouses along Jefferson Avenue. Among them Kramer's, occupying a site on Jefferson and what is now known as Park Lane, Michie's Beach House, where Grosse Pointe City Park is now located, John Neff's East End Hotel, next to the present Grosse Pointe Garage, and the Weaver House at Jefferson and Notre Dame.

According to Norbert P. Neff, City Clerk for the City of Grosse Pointe, whose family were early settlers here, and who is the nephew of John Neff, Kramer's Roadhouse was the rendezvous of Detroiters who were attracted by its famous fish, frog and chicken dinners.

Kramer's was the scene of many local boxing matches and also offered balloon ascensions on the rear of the property between the roadhouse and the lake. In the winter it was the center for local ice boating enthusiasts. Mr. Neff also tells us that before the breakwaters were built, the ice was much better and smoother than it is now and that ice boating was a most exciting attraction.

Strange as it may seem, the taverns such as Kramer's, were the only public buildings in the area big enough to accommodate large crowds, and consequently were used also for political caucuses and the holding of elections.

Another interesting story about Kramer's told us by Mr. Neff was that it was probably the first building in Grosse Pointe to have electric lights. It seems that Mr. Kramer was then the local agent for the Detroit United Railway which ran its electric interurbans out Jefferson Avenue and because of his connection with that company he was permitted to have a connection with the power line to light his tavern. It is said that when the interurban cars passed his place all the lights in the building nearly went out.

Elizabeth Cass Chapter D.A.R., Grosse Pointe Farms, will hold their meeting December 6th at the Womens City Club. Speaker will be Miss Flora L. Anderson whose topic will be Early American Literature.

Miss Elise P. Tinney regent will preside.

PARCELS

Miss Wolfe's 6B group, under the supervision of Miss Harger, have published Parcels' first newspaper, The Golden Arrow. Ruth Snell and Laurel Vortman wrote a Thanksgiving report. Bob Schuerle gave some advice on trout fishing. Jo Anne North wrote a story about her dog. Patay Veit told of two popular sports at school—yo-yos and trading cards. There was a poem on Michigan by Charles Dorsey, a continued story "Fun at Cedar Lake" by Phyllis Lawrence, and a Cross Word Puzzle by Duane Kalember.

Miss Johnson, Red Cross Representative, showed a movie entitled "Altogether" in which the pupils saw the work the Red Cross is doing in foreign countries at Christmas time.

The 4A groups listened to the Thanksgiving program broadcast by the children of the Longfellow School in Pontiac, under the supervision of the Pontiac High School Radio Workshop. Then they had a short Thanksgiving program of their own.

MASON

The Senior Kindergartens of Miss Irene Miller performed an Indian Pow-Wow for several Kindergarten groups at Mason School recently. The children made their own head-dresses from colored paper. Paper straws, cut into small pieces, were strung together to form necklaces. Tom-toms were made from round boxes. Both groups created their dances from the steps and used their tom-toms for their accompaniment.

An extensive study of the living habits, characteristics, and history of the American Indian is progressing in D. Hynes' 2B room. As a result of this study, children have made Indian war bonnets, tom-toms, tepees, canoes and other articles which are typical of the "Early American," and some of these items are displayed in the showcase in an effort to share the experiences of this group with others.

Plan Youth Clinic

In the purpose to formulate a more effective youth program in their churches, the pastors and youth leaders of all the American Lutheran Churches in Greater Detroit are sponsoring a Youth Clinic in conjunction with Youth Director Marcus Rieke and his staff of assistants from Columbus, Ohio.

On Friday, a District Youth Committee meeting will be held at Faith Lutheran Church, E. Jefferson and Philip and on Saturday, the General Board of the District Lutheran League will meet at First English Lutheran Church, Mt. Elliott and Mack. These two groups are composed of representatives from all over the state and parts of northern Ohio.

One of the differences between newspapers and radio stations is that when a newspaper gives free space to government, churches and other organizations there is no occasion for special thanks.

Plan Guidance Program Here

"Vocation Guidance" and "Choosing a Career" will be the subjects discussed at a lecture sponsored by the William Scott, Co. Detroit Management Engineers at Grosse Pointe High School auditorium at 8 p.m. Thursday, Dec. 9.

Speakers will include J. Thomas Dasef, Detroit attorney, and Samuel Kellman, Scott psychologist.

Both of the men will enter in a general discussion following their brief talks.

The lecture was brought here in co-operation with the Grosse Pointe Board of Education. It is open to all junior high and high school students and their parents.

25 Hope To Earn Place On St. Paul Girl's Cage Team

Review: Junior Correspondent
The long awaited day has arrived for the sports minded girl. The basketball season has rolled in with enthusiasm. Some students say that the team has a chance to go places, while others are doubtful. Coach Ed Lauer has a wide selection of girls to choose his team from, for there are about twenty-five hopefuls out for practice. Some of those trying out for the varsity team are: Sally Walker, Sally Murphy, Peggy Hyde, Marilyn Meurer, Barb Slocum, and Rita Leithauser. The election of captain has not as yet taken place, but they will definitely take place before the first game of the season. The girls have a certain glint in their eyes, for they hope to secure new uniforms for the squad of '49'.

Did somebody mention "The Friday Nite Club"? Sure enough, there are rumors flying around that on December 3, a talent show will inaugurate the new series. Some of the acts will be the Melodiers, a piano solo by Larry Gelineau, a harmonica quartet, and a song by Joanne Schummer. Refreshments are definitely on the schedule. Everyone from school is cordially invited to attend and to make a big success of the opening affair.

GPH Cagers, Swimmers Start Season

BY JOHN E. SANFORD
 Review Junior Correspondent
 With a probable line-up containing five returning lettermen the Grosse Pointe cagers will open their 1948-49 basketball season this Friday night on the Viking's home court.

At forwards will probably be sharpshooters Bayard Johnson and Vince Schoeck. These two players took final first and second scoring honors for the Blue Devils last year. Schoeck was high point man in six of the Pointer's last seven games.

Lanky "Spike" Quirk will be back again against Hazel Park. Last year he started against the Vikings in the Devils' first game of the season. Although Quirk did not score many points last season Coach Ed Wernet looks for a big improvement in the six foot three junior.

With three returning lettermen at guard position the starting choices will probably not be made until game time. Leroy Peplinski, a junior, and Harry Munro, a senior, have the inside edge, however due to their experience and height. Letterman "Sparky" Farquhar and Bob Hafer up from last year's reserves are also strong contenders for starting berths.

Last year the Devils trimmed the Parkers twice. In the opener Grosse Pointe came out on top 36-21 and raised the score to 50-33 in their second encounter. Tuesday the Pointers travel to Mt. Clemens to take on the Bathers for their second game of the season. Coach Frank Banach's swimmers will meet the Viking natators on Tuesday also. Hazel Park has never caused any trouble to the Devils in swimming and fell easily 63-21 last year.

During the war there were those who said it was punishment for man's sins; who can explain what we are going through, now that we have peace?

Young Actor Prefers Girls Who Pitch Baseball--Not Woo

There's a handsome young actor in Hollywood to whom, believe it or not, girls mean—nothing! His name is Ted Donaldson, he has the title role in Warner Bros.' domestic drama, "The Decision of Christopher Blake," and he is going on 14-years of age, which is old enough, these days, to know a thing, or two, or three about the weaker sex.

Interviewed recently about his views on girls in general and particular, Donaldson shook his head, frowned, gazed upward woefully, and said, "Aw, women."

Then he sort of smirked, and continued: "Who wants to go to parties? Who cares about makin' moon-eyes, and listening to soft voices? Who wants to dance? Not me. I'd rather play baseball, and act."

So far as is known, according to Donaldson's parents, only one girl has wormed her sly way into his affections, and that one was beautiful Alexis Smith, who portrays his mother in "Christopher Blake." She did it by playing catch with him between scenes. He thought she was wonderful, and he told her so. But he did turn her down, one day, when she offered to take him to see a light opera.

"He said, 'Phooey!'"

"Well, how about a football game, then," said Alexis. That's where they went.

Between halves, Donaldson confided that he was going to become a professional baseball player when he got tired of making motion pictures.

He told Alexis that he was sure he would get tired of the things because there's too many girls in 'em.

Despite his tender years, young Donaldson has had a lot of experience with the sex he doesn't care too much about—professional experience, that is. He has been acting since he

was four years old, on the radio, on the Broadway stage and "Life With Father" and "The Screen in 'Once Upon a Time'" "Mr. Winkle Goes to War," "Tree Grows in Brooklyn" and "The Red Stallion."

Husbands and wives have been trying to reform each other the past few thousand years, reverse the stunt and see if it works.

Becomes Star Bowler, After Dismal 98 Game

Though he only carries an average of 130, Richard S. Dixon, 29, of Hollywood road, is the number one bowler of the St. Michael's Chapel League.

He caused a mild sensation last week at Woods Recreation when he effected one of bowling rarities by netting the 7-10 combination. Adding to the feat was the fact that Dixon bowled a dismal 98 in the previous game. He concluded the three game series with 134 and 156 for 388.

According to officials it is the third time in the eight year history of Woods Recreation that the 7-10 split was made.

Dixon bowls with the Smelts team.

Lynch Gets Close Shave From Hanson, Now Faces Bearded House of David '5'

Listed as basketball's tallest player, John (Moose) Ludka, 7 feet 3 inches tall, House of David center chats with teammate Bobby Roth who is considered one of the game's fastest forwards. The bearded wonders meet Jerry Lynch at the Neighborhood Club, 17145 Waterloo, Tuesday, Dec. 7.

Shake-Up Due In Rotary Loop

Only two points separate the first four positions in the G. P. Rotary Bowling League. There is a possibility that all four may come out on the short end with their friendly rivals after scores have been tabulated at the end of their respective matches at the Woods Recreation Friday evening. Houston Bros., Inc., will be pitted against Middle All Transp Co., and the Middies are out to avenge the early season defeat handed them by the Houston "service boys." Punch & Judy Cocktail Lounge, off to a poor start this season, are mowing them down week after week now and will show no partiality in their show down with Monday Cleaners. The other match, to hold your attention, if you are one to be interested, will be the Auto Club vs Earl Holzbaugh frack. McCarron has hit his mid-season form now and as Dave goes, so goes the Club.

In last Friday's competition Charlie Beck (516), Art Runkis (520) and Iry Schoof (534) combined for Houston to drop Earl Holzbaugh, 3-1. Dave McCarron's 224 in 529 helped the Auto Club to win over Kopps Pharmacy, 3-1.

Losing the first game to Middle All Transp Co., Monday Cleaners won the next two and total for a 3-1 win over their fiery opponents. Punch & Judy Cocktail Lounge swept four points from G. P. Review despite Peplinski's 578 series for the losers. Piches Barber Shop, hotter than the proverbial fire-cracker now, blasted Farms Market 4-0. One game being decided by one pin and another by seven pins. Motor City Tires, picking up now, over turned Harrison Carpets, 3-1. In this one Al Meyers and Bob Smith sparked with 534 and 568 respectively. Jack Pazel shot his usual good series for the Harrison clan, inserting 299 in a 577 series.

Court Clowns To Play Here

One of the nation's most colorful basketball teams, the bearded House of David quintet will come to Grosse Pointe next Tuesday with their razzle dazzle brand of court play to meet the fast moving Jerry Lynch five.

The game will be played at the Neighborhood Club, 17145 Waterloo, immediately following a contest between Hanson Chevrolet and Old Brick Inn. Both of these teams are entered in the Neighborhood Club Basketball League. Hanson is defending champion. This game will start at 7:30 p.m.

Among the bearded stars on the House of David squad is John "Moose" Ludka, a center who stands seven feet three inches tall and who at times is accused of hiding the ball in his long whiskers.

In the Jerry Lynch squad, the fugitives from a razor blade will find formidable competition. Coached by veteran mentor, Cincy Sach, the Lynchers are considered one of the strongest independent teams in the Midwest.

Victory over House of David before a Neighborhood audience would be double sweet to Sach as his boys did not look too impressive in winning from Hanson last Monday, 44 to 41.

Tickets are on sale at the Neighborhood Club and at the office of The Grosse Pointe Review, 15121 Kercheval.

Lynch Edges Hanson 44-41

A highly touted Jerry Lynch independent basketball team was nearly upset by Hanson Chevrolet Neighborhood Club League champion last Monday before a near capacity crowd at the Neighborhood Club. The final score was Lynch 44, Hanson 41.

The Lynch team, comprised of seasoned college and professional players, came from behind in the last few minutes of play to wrest the game from a hard fighting group of good amateur players.

Alex Taub, former Lawrence Tech star, led the Lynch attack with 11 points, while teammates Don MacIntosh, ex-U-M man and Bernie Friedman, who starred for Wayne, each netted 9 points.

Glen Holt paced Hanson, scoring nine points. Messmer, who also shifted defensively made eight points.

Equally as thrilling as the feature attraction was the preliminary game between Old Brick Inn and Francois Bulldogs with the former winning 37 to 32.

This game saw the lead change hands several times.

Westerholm, of Francois, was the game's high scorer with 11 points. Crandell led Old Brick Inn with ten.

2 Pointers Mentioned On All-State Eleven

Two Grosse Pointe football players received honorable mention on the All-State Elevens picked by two Detroit newspapers.

The Detroit Free Press honored Tom Follis, Grosse Pointe High Schools' staff backfield man; and The Detroit News credited Bob McFarland, St. Ambrose's backfield ace and captain.

Every nation has its wise men but they haven't said anything about how an election will turn out.
