## CITY EYES NEW SWIMMING POOL

### POINTE PARAGRAPHS

**By The Pointer**  
Three Grosse Pointers were elected to office at the annual meeting and election of the Detroit Chapter of Chartered Life Underwriters. They are: William A. Post, 1058 Hampton, Connecticut General, president; Edward R. Poppen, 505 Pemberton, Metropolitan, vice president; William G. Hogue, 1110 Yorkshire, New York/Life, secretary.

A burst of applause greeted Staperfene, 17, as he wheeled himself up to get his diploma at LaSalle High School Commencement exercises last week.

The rain which disrupted the Phi Rho Kappa school lawn party Sunday marked the first time the commencement was forced indoors in 17 years.

Lovely and talented Lois Easter of Barrington road leaves this week for Springfield, Illinois to join the ice revue, "Holiday on Ice." The show opens June 27.

Lois has been vacationing with her parents, Mr. and Mrs. Berle Easter for the past six weeks.

She has been a star performer with the ice revue for several seasons.

Pet phrase of Alger Sheldon, president of the Grosse Pointe Memorial Fund: "don't-you-know."

Farms Council ruled to give vacation pay due to the late Sgt. Lester LaBroski, who died recently, to his widow.

"I trust you found that novel interesting," a local librarian remarked hopefully.

"The book wasn't so much," Fox replied, "but that letter someone left in it for a bookmark as a lulu."

### Commission Needs Time For Charter

The Farms Charter Commission, busy since the Farms voted to divorce itself from the Township administration last March or "home" rule government, has asked for more time to prepare a charter to be submitted to the electorate.

### ATTENTION TAXPAYERS

Grosse Pointe Park announced a cut in the 1949 tax rate. Last year's rate was \$19.50 per thousand dollar valuation. The reduced assessment is \$19.45 per thousand.

### Report Car Theft

Reuben Fox, reported to Park Police that someone broke into a car while parked near his home at 15319 E. Jefferson.

### Promotions Announced At Farms

Detective George Champine of Farms Police was promoted to sergeant Monday by the Village Council in accord with the recommendation of the Police and Fire Committee and Police Chief Walter Hoyt.

Champine fills the vacancy created by the death of Sgt. Lester LaBroski.

The Council also approved the elevation of Police Officer Harold Seelow to assume Champine's position in the Detective Bureau and the hiring of Thomas Hilets, 23, of 430 Manor road to serve on the police force.

Champine joined the force in June, 1927, and was promoted to the detective division in January, 1947.

Seelow became a member of the police department in October, 1943.

Hilets, a navy veteran, is a graduate of Grosse Pointe High School. He is married and the father of one child.

All three men posted high marks in competitive examinations conducted by the Michigan Municipal League.

### Optimists Plan 4th Field Meet

Grosse Pointe Optimist Club will hold their Fourth Annual Field Day for boys and girls of the community at the Washington Club grounds on Monday, July 4, beginning at 10 a. m.

Besides track and field events, a penny scramble, a pie-eating contest and other novelties will be included on the "fun" packed program.

Prizes will be awarded. Though the competition is limited to those 16 years of age and under who will be classified in accord with their ages, everyone is invited to attend and enjoy the fun.

A flag-raising ceremony will launch the meet. Optimist President Preston Smith will preside. Ernie Hobbs is chairman of the program.

### Pointes Will Fight Project

Municipal officials of Grosse Pointe Park, City and Farms who seldom see eye to eye on administrative policies have united to establish a firm "hands off" policy of Detroit's proposed 8 million dollar Fox Creek sewage project.

Park Manager Lane, City Attorney Meader and Farms Engineer and other officials will repeat their protests of this construction to divert Fox Creek overflow to Connors Creek with the local communities paying the lion's share—\$562,000, at a meeting with Detroit engineers Monday, June 27.

Lane contended that the Village would not consider the proposal until it was approved by the Michigan Water Resources Commission.

Smith stated that since the proposal was made more than a year ago, Detroit engineers have failed to prove the necessity of the transition.

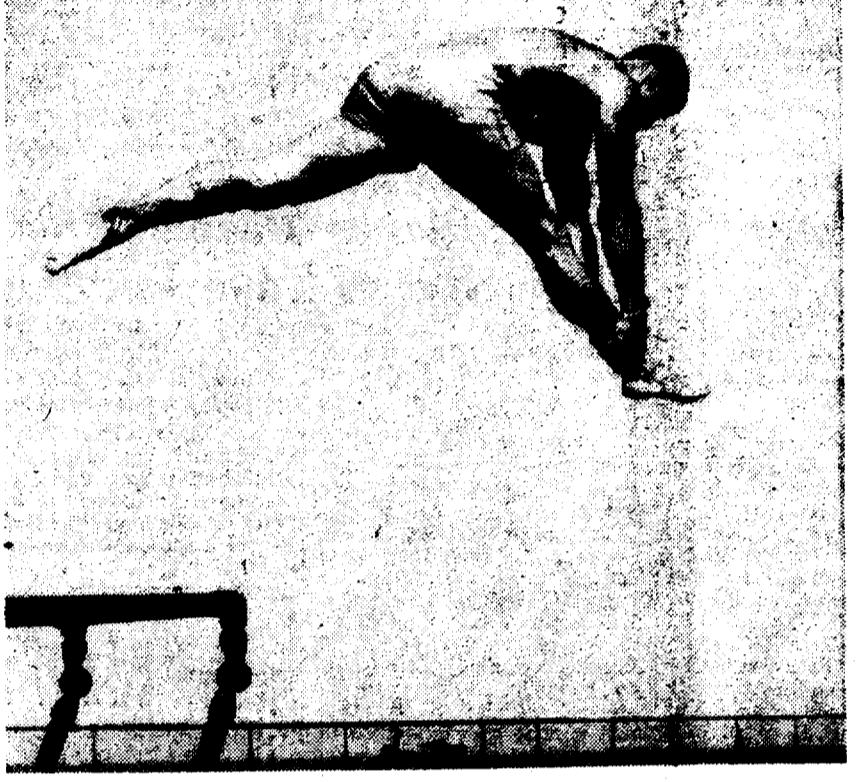

The local officials declared that they would make firm formal protests at the meeting.

### Farms Undertakes Pavement Project

A pavement sealing project covering 69,400 square yards of Grosse Pointe Farms streets will get underway shortly.

The cost will be \$7,325. Streets included in this project are: Colonial, Allard, Bourne-mouth, Roland, Moran, Fisher, Fishers, McKinley, McKinley, Edgemere, Elm Court, Lake Shore Rd., Hall Place, Radnor Circle, 30' Alley to Hamlin, Kenwood, Muir, McMillan, Country Club Lane, Meadow Lane, Stanton Lane, Handy, Cambridge, Maison, Champlaine, LaBelle, Kerby, Country Club Dr.

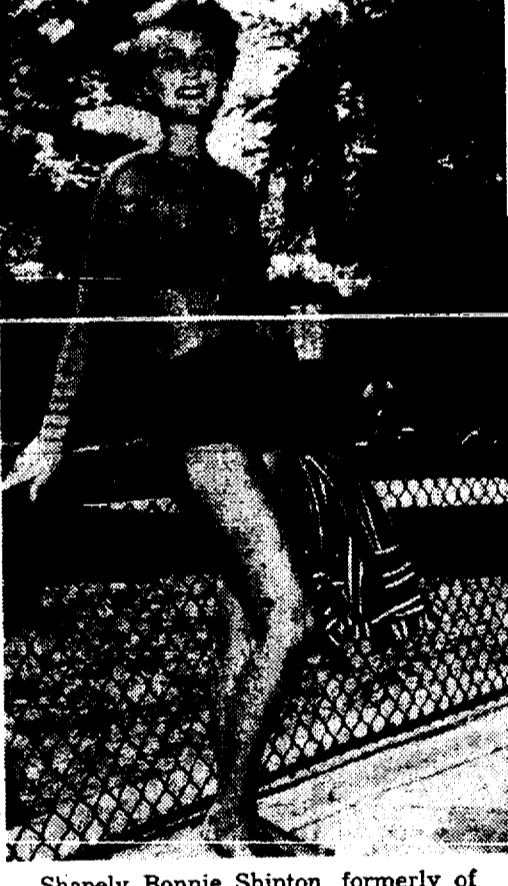

### POINTE VERSIONS OF COOLING OFF AT PARK'S BEACH

Lee Walker, 865 Bedford, life guard, hurls through the air with comical ease. Lee recommends this dive for a refreshing laugh.

Baby Barbara Randolph, 14 months old, just sits and makes quite a splash as mother, Mrs. W. E. Randolph, 1014 Hawthorne, watches.

Shapely Bonnie Shipton, formerly of Grosse Pointe but now from out California way does not go near the water but still enjoys a pause that refreshes. Bonnie is visiting friends here.

### Thousands Visit Parks As Mercury Hits 90's

The temperature which hovered about the nineties during the past few days sent thousands of Grosse Pointers to local beaches for refuge.

Joseph Craig, chief attendant at Park's Waterfront Park estimated about 10,000 visitors during the heat wave. Other municipal officials reported large attendance.

Despite the huge throngs at the waterfront no serious mishaps were reported.

However, many bathers and picnickers absent mindedly left articles at tables and beaches.

One woman at the Farms reported the loss of her hand bag and her husband. The former was found on a table while the latter was discovered, away from it all, relaxing in the cool shade by the lake side.

Craig announced that if a certain young trespasser will see him at the Park gate, the rest of his trousers found pinned on the fence will be returned with no questions asked.

The ban placed on swimming Friday, June 17 due to lake pollution caused by the heavy rainfall was lifted early Sunday morning just in time to accommodate the army of bathers.

Connie Schroeder, 6, of 1167 Kensington, pours as Sally Shannon, 6, of 1174 Kensington, sits in the lake and coolingly takes it all in.

### Youth, Gang Attack Boy, Couple Here

Two persons, one a 13-year-old boy, were victims of felonious attacks in Grosse Pointe streets, Park Police disclosed.

David Stapleton, of 1157 Bedford suffered a head concussion, a black eye and other bruises as a result of an alleged beating he received from Paul Rankin, 22, address unknown.

Police said that Rankin, visiting friends on Bedford, beat-up the boy when he (Rankin) lost his temper over a childish prank.

Wayne County Prosecutor's Office has issued a warrant for Rankin's arrest. He is charged with assault and battery.

The second victim, Jack Swan, 21, of 365 Roosevelt was attacked by a gang of teen-age hoodlums at the foot of Grand Marais.

Swan fought with two of his assailants but fled when one charged towards him with a broken beer bottle.

Dolores Moore, 19, of Detroit was with Swan at the time.

### "PENNIES FROM HEAVEN," BOSH! Rain Costs Local Promoters \$150,000

By JOHNNIE BACHELOR  
The composer of "Everytime It Rains It Rains Pennies from Heaven" had better not encounter any member of the Junior League, the Grosse Pointe Hunt Club or local man Nick Londres, one of the big guns in the promotion of the Cerdan-LaMotta title bout at Briggs Stadium.

To say the least, rain caused the aforesaid principals approximately \$150,000, and that's not counting the pennies.

Last week's drizzle caused one-day postponements of the Junior League's Country Fair and Mr. Londres' fistic festival.

The Hunt Club did not interrupt its three-day show but it is reported that even the colts were heard moaning "Rain Rain Go Away."

According to officials, the fight gate suffered the biggest blow due to the adverse weather. The loss was estimated at \$100,000.

Though the Junior League managed to sponge through a successful fair, assistance from Sammy Sunshine would have made the cash box shine much brighter. The League's Fair of 1946 netted \$48,000.

Hunt Club directors declined to comment as to how much the bad weather affected their receipts. It was agreed however, that the "rats fund" could have been more.

Well, the only consolation we can offer to these victims of the "downpour" is a copy of that old ditty we just happen to have in the office: "Let A Smile Be Your Umbrella On A Rainy Rainy Day."

### Farms Denies Petition For I-Way Traffic

Hall Place will remain a two-way thoroughfare as the result of the Farms Council's denial of a petition from Hall Place residents that the street be changed to a one-way lane.

The Council based its action on the Police and Fire Committee's report that one-way traffic on this street would add to the traffic problem on Muir road and Mapleton road between Grosse Pointe Blvd and Kercheval.

However, the Council assured James S. Bingham, attorney, an Hall Place resident speaking for his neighbors, that the Police Department would make every effort to keep that thoroughfare free of excessive speeding.

Precaution and warning signs have been erected.

Petitioners claim that commercial truck drivers and teen-age motorists speed through their street and feel that a one-way traffic restriction would reduce such violations and danger to their children.

Mr. Bingham told the Council that the residents would cooperate with the police. He added, however, that if this enforcement does not eliminate the problem, he would return with another petition.

The camp will be open every Monday, Wednesday and Friday from 9:30 a. m. to 3:30 p. m.

### Warn Parents

Walter Hoyt, chief of Farms Police, warned parents that the department would not issue operator's license to boys or girls under 16 years of age to operate motor bikes or scooter bikes.

This warning is to curb salesmen of these vehicles who encourage sales by stating that "there is no trouble in getting a license."

Chief Hoyt stated that regular driver's license is required for the smaller vehicles.

### Attempt Hold-Up

Robert Fredericks, chef at Rathskeller Cafe, 15402 Mack, reported an attempted hold-up.

### Committee Approves Proposal

A citizens committee comprised of City of Grosse Pointe residents have approved the City's plan for a new \$100,000 swimming pool to replace the present limited lake-front bathing facilities, Norbert Neff, City Clerk, disclosed following a City Council meeting Monday.

A complete outline of the project has been presented to each member of the council by Engineer Leslie Brown, after he made an extensive study of the proposal.

If a formal plan is accepted by the council, the next step would be to place the issue before the City electorate, Neff said.

According to early indications the people will accept the plan the veteran official declared. "The pool could be ready by next year," he said.

### Pointe Beaches Described As 'Questionable'

Grosse Pointe frontage on Lake St. Clair was listed as one of the "questionable areas" where a changing conditions occasionally result in unsafe swimming, by the State Health Department and Water Resources Commission.

Three Detroit area locations were included in a list of 43 lower Peninsula lakes, rivers streams condemned Wednesday by these official organizations.

Water tests and site inspections showed 19 Upper Peninsula points also have inadequate pollution controls, officials said.

Condemned local swimming areas include:  
Downtown Detroit to Lake Erie frontage and Grosse Ile frontage on Detroit River; Lake St. Clair frontage adjacent to inlets and drains; Rouge River from Michigan avenue to Detroit River.

### Plan Dances For Youth At Center

A teen-age dance Saturday, July 9 will be the first in a series of monthly parties to interest young people in the War Memorial Center, Mrs. Charles B. Lord announced at the War Memorial Center's Board of Directors meeting Monday night.

College students and young married groups between 20 and 30 will join for a dance at the Center Saturday, July 16, Mrs. Lord said.

The meeting, one in a series of weekly sessions, included the following developments:  
Price Waterhouse and Company will audit the Center's books without charge. Paul Moreland, treasurer, reported.

American Legion Post 303 will use the Center for the installation of their officers at a luncheon meeting Saturday. The Historical Society was approved and added to the growing list of organizations planning to hold regular meetings at the Center.

A baby grand and an upright piano are badly needed by the center. Those with possible donations are asked to contact Mrs. Hubert Goebel, TU. 2-0277.

### Explains Ban On Swimming

Murray M. Smith, Farms engineer, explains why the Pointe beaches were closed Friday through Sunday morning due to lake pollution.

1. The four days of rain caused a large runoff with resultant turbidity.

2. The Nine Mile Drain was opened into the lake at 8 o'clock p. m. June 15th due to excessive runoff.

3. Bacterial analysis of the water due to the above two causes exceeded the limits of moderate pollution and warranted closing the beaches till conditions improved.

## Congratulations Junior League

Sometime ago the renowned columnist and writer Paul Gallico took the Junior League to task. His article in a national magazine described the "Leaguers" as a group that "pumped, powered and publicized" about; playing bridge, holding parties and contributing nothing constructive to the community.

He satirically referred to the Smart Set as frustrated matrons who, instead of raising junior, spend their time in superficial and feeble attempts at raising funds for charity.

Now what prompted Pounding Paul who is usually apt with his word jitney to pattern such a cynical and unjust view is a mystery. Perhaps he was tired of covering subjects he was informed about, so he picked on something new and strange, the Junior League.

We regret we are not as gifted as Gallico to glibly show how he struck out with the bases loaded as far as the Junior League is concerned.

We call to the attention of Gallico and his likes the local Junior League's Country Fair.

Even he will admit that the unprecedented stamina of the Junior League in successfully presenting this mammoth benefit despite adverse weather conditions is worthy of praise.

The "Fair" with the color and grandeur of a Barnum and Bailey festival, top flight promotion, attractive programs and expensive prizes required many hours of earnest effort from a host of volunteer workers. And after many hours of preparation, they saw their plans virtually washed out by continuous rain.

Refusing to accept defeat, League members announced that the fair would be held the following day, rain or shine.

Unlike the weather, this undampened spirit caught the fancy of the community and thousands literally sprinkled into the Fair to make it one of the most successful benefits ever staged here. It means the realization of thousands of dollars for family service and welfare work.

Congratulations, Junior League, for a job well done.

## Don't Cruise To Tragedy

Cruising Down the River is a pleasant way to spend a Sunday afternoon but it may result in tragedy unless some precaution is taken.

Though the season is just getting in full swing, Lake St. Clair and other Michigan lakes have already taken a large toll of lives.

Bear these words in mind:

Be sure the person who takes you on a boat ride can handle the craft. Do not rock the boat. Remain seated aboard small boats.

If you cannot swim, wear a lifejacket or take a life preserver or old inner tube along with you.

Carry oars in motor boats. Do not fill the engine while smoking. Carry an extra shear pin for the propeller.

Stay ashore or put for shore when a storm threatens. Avoid the swell of larger boats. Stay out of swift currents.

Last year, 289 people drowned in Michigan waters. Sixty-five per cent of the drownings occurred during the summer months. Six out of seven of these who drowned were men and boys.

Two thirds of the men and boys who drowned were under 30 years of age with the greater number in the 15 to 30 age group.

Two thirds of the women and girls who drowned were under 15 years of age.

Lakes took the lives of 77 persons; rivers, 75 persons boating accidents, 75 persons, and quarries and miscellaneous places, 62 persons.

## Letters to the Editor

**TO THE EDITOR:**  
On behalf of the congregation, I am writing to express our appreciation for the splendid publicity you gave our church during the past church year through your paper.

Sincerely,  
Loreen E. Beattie,  
Church Clerk.

**TO THE EDITOR:**  
We, the pupils, teachers and patrons of the Pere Gabriel Richard School wish to thank you all for placing in your columns this past year the many news items we have sent you dealing with the program going on in our school. May you all have a pleasant summer.

Cordially yours,  
Clarence J. Memner,  
Principal Staff of School.

## Remember

**15 YEARS AGO**  
Grosse Pointe Farms baseball team defeated Merchants team for second time. Grosse Pointe Park reduced water rates.

**10 YEARS AGO**  
Township supervisor Norbert Denk, elected president of Lions Club. Golf tournament for municipal employees of the Township held at Ridgemoor Golf Club.

**FIVE YEARS AGO**  
Adolph Linclau, the little shoemaker, left for Belgium to take part in memorial services for heroes executed by Nazis. Grosse Pointe City approved Mack Avenue zoning amendment.

**ONE YEAR AGO**  
J. W. Comerford, 112 Beasonsfield, reported to Park Police the theft of two flashlights from the glove compartment of his car Sunday.

Mrs. Arthur Kern 4402 Chatsworth, suffered minor arm bruises when she fell on the sidewalk near Audubon and Mack. She was treated at Cottage Hospital.

## Historic Bell to Ring Last Time Sunday

Historic bell atop the tower of the Grosse Pointe Farms Municipal Building will ring for the last time at a special ceremony Sunday noon. Interested residents will hear the landmark's background and determine its disposition. Removal of the bell will begin Monday.

Information on how the bell came to the village is needed for historical records. Residents with such information are asked to contact Murray Smith, Farms Engineer.

## Act for Safety

Farms Police have erected stop signs at the Beaupre Lane-Cambridge road intersection to reduce the traffic hazard there in accord with a request of a resident in that area and a recommendation of the Police and Fire Committee.

## DES MOINES DISINFLATION!

## Doctor Claims People "Don't Know How to Take Vacation"

Many people who wait a whole year for their annual "two weeks with pay" often find it difficult to enjoy them. The trouble, says Dr. Robert Tyson in the July Journal of Living, is that most folks just don't know how to take a vacation.

To get the most out of your holiday, you have to prepare for it, points out Dr. Tyson. He suggests starting two weeks before you actually intend to leave. Begin by clearing the decks. Make a note of all bills to be paid, services to be stopped, repairs to be made and provide a definite time to take care of them before your vacation begins. This leaves your mind free of the countless minor irritations that can spoil any holiday.

List all the clothes and equipment you will need and get them ready well in advance to save last-minute scurrying. Make up your mind that your vacation will cost a certain amount of money and then forget about it. After a year of careful budgeting and cautious shopping, not having money troubles is a vacation in itself. It is better to have ten care-free, extravagant days than two full weeks of penny-pinching and diligent purse-stretching.

Don't get off on the wrong track by thinking you must do what is supposed to be fun. You're the only one who can say what gives you most pleasure. If you'd rather sit in an easy chair and read than go boating, fishing, hiking and swimming, then sit!

## Council OK's Dodge Project

Subject to a few changes, Farms Council approved plans for the construction of 20 single dwellings on the Wilson property, formerly the Dodge Estate, between Lake Shore road and Grosse Pointe Blvd.

The plot will have one main street running from Lake Shore to Grosse Pointe. Three lanes will intersect with this street.

This property adjoins Kerby road on the west end and Moran on the east.

Representatives of the property owner, E. D. Thompson, Robert N. Lynch and Rodger D. Hubbard plan to start construction as soon as the details are cleared.

## Study Pollution

Norbert Neff, City of Grosse Pointe. Clerk, will meet with the International Joint Commission relative to lake front pollution at the Federal building on June 29 or July 1. Other local officials are expected to attend.

William F. Cody, "Buffalo Bill," became a Pony Express rider at the age of 14.

## Pedestrian Meets Death While Chasing Bus

John E. Farrell, 28, of Kensington, was involved in a traffic accident that took the life of Frank Weiderski, 41, of the Library, when he dashed in front of Farrell's car while running a bus at Russell and Erie Thursday.

Farrell was not held by Detroit police.

COURTROOM SCENE OF POINTE EXTORTION CASE

James Risk of Detroit leaving the office of Park Police Chief Art Lowers for examination before Judge C. Joseph Belanger in Park court Wednesday morning.

Mr. and Mrs. Fred Dennis of 977 Nottingham chatting in court. They claim to have been terrorized by Risk in a fantastic tale of extortion.

Dennis Tells of "Threats of Death", Defendant Seeks Lie Detector Tests

Challenging his accusers to a lie detector test, alleged extortionist James M. Risk, 26, of Detroit, entered a plea of not guilty when he appeared for examination before Judge C. Joseph Belanger in Grosse Pointe Park Court Wednesday.

He was released on \$3,000 surety bond pending trial in Circuit Court.

Risk told the Review that at the trial he would disclose factors that will be "far more fantastic" than the unprecedented tale of terrorism told by his alleged victims, Mr. and Mrs. Fred Dennis of 977 Nottingham, and John Murray and his sisters, Elizabeth and Mary, all formerly of 990 Nottingham.

"I'll tell my story to a lie detector," Risk explained, "and I would like to see the Dennis do the same."

Mr. and Mrs. Dennis agreed that they would be willing to submit their testimony to a lie detector.

Dennis on the stand for more than three hours, said that he first met Risk while he (Dennis) was drunk, and that he first learned about Risk's trouble with "enemies" through Mrs. Dennis.

He told how he and the Murrys gave Risk money at various intervals over a three-

month period beginning in March, and how Risk confided that he was a member of the "Seal of Saputo," a terrorist organization whose members were angry because the Murrys and Dennis had helped him.

M. A. Preston Dies, Helped Build GPH

Final rites for Martin A. Preston, 66, of 248 Ridgeman, construction engineer, were held Wednesday afternoon in the chapel of the Verheyden Funeral Home, 16300 Mack.

Mr. Preston, died Sunday in a Bon Secours Hospital. Burial was in Prestonville.

A graduate of the University of Michigan, he held memberships in the Detroit Engineering Society, the Grosse Pointe Rotary Club and the Grosse Pointe University Club.

It was Mr. Preston who solved the quicksand problem in the construction of Grosse Pointe High School, when it was found that the section which houses the heating plant was over a bed of quicksand. A combination footing of floating and driven piles were designed by Mr. Preston.

He was the consulting engineer on many other large building projects throughout the Detroit area.

He leaves his wife, Harrie, a sister, Mrs. Hazel Kruse, and a brother, Ira.

Milton Setzer Awarded Hoff Scholarship

Milton Setzer, 804 University, was awarded the Hoff scholarship to Kalamazoo College. In announcing the award, Mr. E. R. Shober, Dean and registrar of the school indicated that it was a \$300 grant, supplementing the \$150 to be earned by the student in campus employment. The scholarship is renewable.

Milton graduated from Grosse Pointe High School this June, where he was an excellent student. He was an active member of the Pointe Players, the high school band, the Conservation Club, and was president of the Music Appreciation Club. Throughout high school he has been recognized as an outstanding pianist.

At Kalamazoo College he will major in music. It is his desire to become a concert pianist. At present he is studying piano with Mr. Edward Bredshill. He has been receiving instruction in piano since the age of five. He also plays the French horn.

Milton is the son of Mr. and Mrs. J. Milton Setzer.

JOHN MAZER

Party Honors New Attorney

The Lorraine road residence of the John Mazers was the scene last Saturday evening of an open house party given by Mrs. Mazer in honor of her husband's passing the Michigan State Bar Examination.

Among those invited were the John Paris; A. Tashnick; Finley Ailens; Frank X. Martel, Jr.; George Menendez; Juste Rosati; Carl Withchurch; Kgneth Ericksons; George Squires; Jerry Harness; Howard McCarthy; and the John Applegates.

Others on the list were: Mr. and Mrs. Henry Bernard; Mr. and Mrs. Paul Hohenstein; Mr. and Mrs. Frank Lister; Mr. and Mrs. Frank McDonald; Mr. and Mrs. H. Schollenberger; Mr. and Mrs. W. Tyler; Mr. and Mrs. Keener Wallace; Mr. and Mrs. W. Wybe; Dr. and Mrs. E. Freimuth; Mr. and Mrs. John C. Kennedy; Mr. and Mrs. Don Hoffman; and Mr. and Mrs. Harold Finn.

French Embassy Honors Lt. Col. Walter Allard

Lt. Colonel D. Walter Allard recently returned from Washington, D. C., where at an impressive ceremony in the French Embassy he was made an honorary citizen of the City of Melun and also received the Croix de guerre with palm.

His Honor, the Mayor of Melun, M. Tunc, representing the French, made the official presentation to Allard and Major General Hobart Gay, former Chief of Staff to famed General George Patton.

Allard was honored by the French as a result of his being the first American officer to swim the Seine River, enter the City of Melun, and do battle with the Boche.

While in Washington Colonel Allard was a guest of General Gay.

Presently Allard is associated with Monday Cleaners and commands the 34th Infantry Battalion of the 21st Armored Division-Reserve.

'M' Club Names New Officers

At the recent annual social and election of the Grosse Pointe University of Michigan Alumni Club at the Buckingham road home of Joseph H. Parsons, Paul Franseth was elected president.

Other members of the new official family are: Mrs. Joseph A. Murphy, vice president; Bernice Moore, treasurer, and Mrs. Sanborn Brown, secretary.

Elected to the Board of Governors were Mrs. William George Belanger, Mrs. Sanborn Brown, Howard D. House, R. Gerveys Grylls, Dr. John H. Cobane, and Paul Franseth.

Ensign Visits Italy

Ensign Arthur W. Moesta, Jr., USN, son of Mr. and Mrs. A. W. Moesta, Sr., of 60 Sunningdale, has been on a 10-day visit to Naples, Italy, as a crew member of the destroyer USS McCARD, enabling him to relax after intensive training with the Sixth Task Fleet in the Mediterranean. Visits to Rome plus tours of nearby Pompeii and the Isle of Capri were on the liberty schedule.

### Grosse Pointe High Cellist Named to All-State Orchestra by U-M Professor

Professor Earl V. Moore, Dean of the School of Music of the University of Michigan, announced that Judith Lyndrup, daughter of Mr. and Mrs. Harold Lyndrup, has been chosen to be a member of the two-week All-State High School Orchestra conducted by the University at the National Music Camp, Interlochen, Michigan from July 4 to 17.

JUDITH LYNDRUP

Maddy, Elizabeth Green, William D. Revelli, and Maynard Klein.

The purpose of the All-State groups is to provide special training and experience in orchestra, band, choral and piano

music for youth of high school age. The daily schedule includes sectional rehearsals, public performances, concerts, broadcasts, and elective courses in student conducting, theory and harmony, radio-drama, electronics, art, ensembles, and solo playing. Each student also receives private lessons from the artist members of the National Music Camp faculty. Organized recreation in swimming, tennis and outdoor sport is directed by the Department of Physical Education and Athletics of the University of Michigan.

Interlochen has attained a unique place in the fields of music and related arts, for no other place on earth produces a symphony a week by teenage musicians. In its perfect woodland setting on the shores of Twin Lakes in northern Michigan, the National Music Camp provides an ideal interplay between talented, creative youth and stimulating artists from the fields of music, radio-drama, and art.

### At Dorothy's Party

Stephen Galanos of Washington road decorated center tables of his Blossom Inn dining room on East Warren for the birthday celebration of his daughter, Dorothy Elaine, Saturday afternoon. Helping Dorothy observe her 13th birthday were her two sisters, Patricia Jean and Connie Marie, and chums from Richard School. From left to right they are: Joanne Georgades, Sharron Janals, Patricia Jean and Dorothy Elaine, Mary Theokas, Connie Marie, Donna Jean Mumford and Margaret Knight.

### YWCA Offers Summer Fun Camp Norcom Opened

The YWCA's schedule for summer fun for the girl-with-a-job offers four events of interest in the next week.

Thursday, June 23, is the date of a picnic at Belle Isle where canoeing, a ball game and band concert are attractions along with a picnic supper.

On Thursday, June 30, chartered buses will take the group on a tour featuring "Detroit yesterday and tomorrow." Supper at Central Branch YWCA will precede the tour. Reservations for this trip should be made by June 27 at any YWCA Branch.

The above listed events are for girls only, but co-ed specials are listed for Friday and Sunday, June 24 and 26. On Friday the group will picnic at Palmer Park and then return to Highland Park YWCA for swimming and dancing. Sunday, the picnic is scheduled for River Rouge Park. Advance reservations are necessary—call WO 1-9220. The YWCA is a Red Feather Agency of the Detroit Community Chest.

A few openings still exist for the boat trip to Buffalo and Niagara Falls for the weekend of July 15, according to Gladys Pantone of the YWCA business and industrial staff. Reservations close July 9.

**Camp Norcom**  
The YWCA's Camp Norcom for school girls, 8 to 18, will open its 21st season June 27. The season is divided into three 12-day periods and openings are available in all three, according to Dorothea Jackson, camp director.

Camp Norcom is located on a private lake near Dexter, Michigan, just 57 miles west of Detroit. Girls may register now at Lucy Thurman Branch YWCA, 569 E. Elizabeth.

School girls of every nationality, race and creed are invited to find fun, new friends and new skills at Camp Norcom. College-trained instructors will offer instruction without charge in a variety of sports, including swimming, tennis, archery and badminton.

Camp Norcom's 51 acres include the big lodge, sturdy cabins in which campers sleep, and a newly completed bath house which boasts hot and cold running water.

School girls still have time to register for three weeks of fun which begin the last week of June in three branches of the YWCA of Detroit—Central, Highland Park, and Lucy Thurman. Swimming, roller skating, dancing, dramatics, operetta and crafts are a few of the exciting things offered. All girls who will enter grades 7A through 10B next September are eligible. The YWCA is a Red Feather Agency of the Detroit Community Chest.

### Women Battle Prejudice to Fill Medical Shortage

Prejudice against women doctors has kept the number of women practicing medicine in the United States proportionately smaller than in Russia, England, and many other European countries. In addition to being unfair to thousands of capable women, such discrimination is depriving our nation of much-needed medical care, and of the special talents women bring to caring for the sick, according to Selwyn James. Discussing the obstacles lady physicians have to battle against, in Redbook Magazine for June, he points hopefully to the growing public recognition they are beginning to receive:

"Today there is growing awareness among the lay public that women doctors are endowing the medical fraternity not only with the skill and knowledge that makes good physicians, but also with those age-old feminine talents for patience, endurance, manual dexterity and simple human kindness.

"The hostility to female physicians is depriving our nation of much-needed medical care. The health of millions of Americans is jeopardized today by a chronic shortage of doctors, variously estimated at between 20,000 and 40,000. Given half a chance, women can make up a sizable part of the deficiency.

"At present they get somewhat less than half a chance. Fewer than 8,000 women are practicing medicine today. Contrast this with the situation in 'backward' Europe. In Britain, for instance, more than seventeen per cent of all licensed physicians are women. And behind the Iron Curtain a patient probably would be astonished if a man doctor treated him, for Russia's medical corps is eighty-five per cent female."

"A nation-wide survey conducted in 1946 by the New York Infirmary showed that forty-two per cent of our hospitals still kept their doors closed to women internes, and thirty-five per cent maintained a rigid all-male policy for residencies.

"Staff jobs for women are also rare. A woman's chances of rising above the 'assistant' level are hardly better than that of officiating at the birth of three sets of twins in the same night. Some hospital authorities seem to feel that a woman as full-fledged chief of a department would be a gross humiliation to the men doctors under her, would disturb their morale and quite possibly lower the standards of their work.

"But even when a lady doctor has gained the admiration of her fellows, she still may find herself barred from membership in organizations of medical specialists. The American Gynecological Society has bowed to pressure to the extent of admitting one woman only.

"Pinning down the men on

their objections to women in medicine usually evokes the favorite gripe that women quit the profession when they marry, when they have children, or when — halfway through their training — they suddenly decide the going is too rough.

"Not long ago, Professors Florence Lowther and Helen Downes of Barnard College polled 1,240 women physicians who had graduated within the last twenty years from Columbia, Yale, Johns Hopkins, Cornell, New York University, the Women's Medical College in Philadelphia, and the University of Pennsylvania. They came up with these happy results: Ninety-one per cent still were engaged in practice, teaching or making names for themselves in laboratory research, and eighty-two per cent of the 451 married women in the group were at work in their chosen profession.

"In recent years the number of patients who deliberately seek out women doctors has increased markedly. This is particularly noticeable in the fields of obstetrics and gynecology."

### Julie Ford on Staff At Camp Maqua

Julie Ford, a member of the Grosse Pointe High School June class, is swimming counselor at Camp Maqua, Hale, Michigan.

Winner of a scholarship at GPH, Julie plans to attend Michigan State College next Fall as a Home Economics major. She is the daughter of Mr. and Mrs. A. R. Peter Ford of Moran road.

### For Home Owners

One of the bugaboos that continually worries that homeowner who is about to redecorate is the proper selection of suitable colors, according to Maskell Hardware, local Patterson-Sargent paint dealer.

Usually the first step is for her (and we use her advisedly because in most cases it is the woman who decides) to go to her favorite paint store and get a handful of color cards. Armed with a 100 or more color possibilities, she returns home and begins the long task of selecting the two or three colors that she believes will give her room the most charming appearance.

Modern decorators must have been thinking about these women when they created the new modern motifs in home decoration. They have found that rooms look far more spacious and far more inviting when they are completely done from the ceiling to the floor in one color.

They also sight other advantages of this single color trend, especially for the older-type home. They find the single color technique eliminates most of the "eye-stubbing" obstructions in the room, such as radiators, woodwork, ceiling moldings, odd size doors, window seats, and bookcases.

### PROMOTE POINTE CADET

At the close of the Commencement exercises at Culver Military Academy, Culver, Ind. this week Richmond J. Laux, son of Mr. and Mrs. Cletus M. Laux, 764 Lincoln road was appointed to the rank of Cadet Lieut. and Regimental Posture officer for the school year 1949-50.

QUESTION, PLEASE—To button or not to button—that is the question considered by model Jo Jordan as she suns herself in a new lastex swimsuit. Done in a vivid coral print, the two-piece costume boasts a bra top with halter strap that can be buttoned on or off to suit the wearer's pleasure. Regardless of Jo's decision, she's sure to suit her seaside audience.

### England's Favorite Drink Taking Root with Smart Set

Summer entertainment for the hostess presents many problems, chief among them that of providing liquid refreshments that please the guest, and yet are not too complicated to serve. Transplanted to this country by travelers from England, and now taking root in smart city and suburban homes, is a new drink, Pimm's No. One Cup, long a favorite abroad, now available in this country.

Pimm's Cup was invented just 100 years ago by the bartender of one of the Pimm's Restaurants of London. This unique Gt. Sling was called Pimm's Cup No. One, after its sponsor, and became popular overnight. It was bottled by the owners of the restaurants, and became a favorite hot-weather drink the world over.

Pimm's is cool and refreshing, with almost all the mixing done in the bottle, which contains a combination of gin and secret ingredients. Served either in tankards or long glasses, with "7 Up," or ginger ale, and garnished with lemon and mint, or cucumber rind, even the appearance of this drink spells airy coolness and sparkling fun. The cucumber rind, sliced into thin slivers, gives Pimm's Cup, as it is universally known, an ultra refreshing flavor, according to many gourmets. However, there are strong differ-

ences of opinion about this, many Pimm's Cup fans in this country, eliminating the cucumber. The only way to settle this question is to sip the beverage with and without cucumber, and let that supreme arbiter, individual taste, decide. Pimm's Cup is ideal to serve with thin, butter-and-water-cress sandwiches, shrimps, or patés of various kinds. Mild and bland, it fits in at luncheons, afternoon occasions, and at fresco dinners. Unlike so many summer concoctions, this is a clean-tasting drinking, and is definitely not a fruit salad soaked in liquor.

### Opportunity for Young Singers

Young singers in the metropolitan Detroit area have until Friday, June 24, to apply for the 1949 Belle Isle vocal auditions, the Department of Parks and Recreation announces. The contest seeks Detroit's ten best unknown amateur singers, between 16 and 29 years old, to give them a chance to demonstrate their talents before large audiences and make a solo appearance at the Belle Isle band concerts this summer.

Preliminary auditions begin June 27 at the Detroit Conservatory of Music. Any application postmarked not later than June 24 will be accepted.

### Where 'ya goin' with that Steam Hose?

—keep it away from BUICK transmissions!

Buick factory-specified LUBRICARE says "Never steam out transmission"—thoughtful planning typical of LUBRICARE, Buick's factory-specified program of matched-to-mileage maintenance. Take thoughtful care—add thorough lubrication—the what, where, when and how much that come with knowing Buicks best. Then you've got LUBRICARE—that keeps Buicks best. Ask us for details.

### Women's Club Installs Staff

The Columbus Women's club held its last meeting of the semester on Wednesday, June 15. The new officers for the coming year were installed.

A musical program was presented by the Glee Clubs. The social tea which followed was served by Mrs. Richard Clements and her committee.

The next meeting will be held in the school auditorium at 1 p.m., Wednesday, September 21.

### 53 Get AAUW Scholarships

A total of \$117,529 for fellowship and study grants to scholars has been raised during the fiscal year by the Association of University Women, Dr. Meta Glass, chairman. AAUW Fellowship Funds Committee, announced at the 1949 National Convention now being held in Seattle, Washington.

This year 55 young women recipients of the AAUW international awards have studied in the United States. Arrangements are being made to bring as many more for the 1949-51 academic year. Since 1945, when the program of AAUW International Awards started, 166 women from 29 countries have studied in this country.

# Localites Choose June For Fashionable Weddings

## Couple Reside in New Home

A new home in Washington will be ready for the newlywed William Carleton Healy, Jr., after their Western honeymoon. The couple followed their marriage ceremony in Christ Church, Saturday in Christ Church, Delores Massey's ivory satin gown was complimented with a cathedral veil and a tier of French lace, when she was crowned with a tiara of French lace, when she was crowned with a tiara of French lace, when she was crowned with a tiara of French lace.

## Virginia Scripps June Bride

Virginia Scripps' betrothal to John R. Gardner was announced by a party given by her mother, Mrs. Samuel Pace of St. Louis, Mo., last Saturday. The daughter of William J. Scripps of Charles avenue joined the son of Russell Gardner, Jr., of St. Louis, in September.

## Kathy Stuart Wears Gown of Satin

A candlelight satin gown was worn by Kathy Stuart, daughter of Mr. and Mrs. W. Alexander Stuart, of Fisher road, when she wed Wayne Thompson, son of the E. L. Thompsons of South Bend, Ind., on Saturday in Christ Church.

## Recent Bride

Mardee Martin Shank-wiler, daughter of Mrs. Holmes Ripley Martin, 528 Cadieux road, became the bride of Lt. (j.g.) James Arthur Dillan at Mrs. Martin's home recently. The bridegroom is the son of Mr. and Mrs. James A. Dillan of Akron, Ohio.

## Pointers Baptize First Grandson

Mr. and Mrs. David Sherwood, 77 of 730 Phillip, Detroit, announced the baptism of their son, David George, on June 5 at Jefferson Avenue Presbyterian church. Mrs. Sherwood is the former Sally Lucille Curran, daughter of Mr. and Mrs. George F. Curran of Indian Village. Mr. Sherwood is the son of the David Sherwoods of Bellingham, Wash.

On January 10, baby David was the fifth living generation in the Curran tree. He is the first grandchild.

## On Western Honeymoon

MRS. WILLIAM C. HEALY

Delores Massey, daughter of Mr. and Mrs. Leonard Massey of Fisher road, whose marriage to William Carleton Healy, took place on Saturday, June 18. Mr. and Mrs. Carleton Healy, 9589 Lincoln road are the parents of the bridegroom.

## Robert Den Uyl Claims Bride from Illinois

Andrea Jorgenson, daughter of the John P. Jorgensons of Wilmette, Ill., became the bride of Robert D. Den Uyl, son of Mr. and Mrs. S. D. Den Uyl of Touraine road, last Saturday afternoon in the Episcopal Church of the Holy Comforter in Kenilworth, Ill.

## Joan Armour Becomes June Bride

Joan Armour, daughter of Mr. and Mrs. James W. Armour of Rivard Blvd., became the bride of Mr. Lowell Blake Mason on Saturday afternoon, June 25.

The bridegroom is the son of Mrs. Grace Mason of Oak Park, Ill., and Mr. Lowell Blake Mason of Washington, D. C.

The Rev. Charles W. Schied of the Grosse Pointe Congregational Church officiated at the double ring ceremony which took place at the St. James Lutheran Church since the Congregational Church is not yet completed. The wedding reception took place at the home of the bride.

The bridal gown was of white satin, lace trimmed with a long sweeping train. Joan carried a gold prayer book with a white orchid and streamers of stephanotis.

Ann Armour, Joan's twin sister, served as maid of honor.

The bridesmaids were Mrs. Benjamin T. Schiek of Chicago, Ill., sister of the bride, Margaret Vierling of Grosse Pointe, Mich., and two of Joan's college classmates, Loel Diamond of Kankakee, Ill., and Jan Laven of South Bend, Indiana. The maid-of-honor and bridesmaids wore identical gowns of white taffeta and carried colonial bouquets of red and white carnations.

Mary Council, Joan's college roommate, sang before and during the ceremony.

The best man was Edward Rowlett of Oak Park, Ill. Seating the guests were Hugh Woolverton, Jr., of South Bend, Ind., William Tonkin of Terre Haute, Ind., Jack Wallblich of Birmingham, Mich., and James W. Armour, Jr., of Grosse Pointe, Mich.

The couple are honeymooning on the Mason yacht and will return to their new home in South Bend, Indiana.

## Kilmer Claims Jackson Girl

Ned Arntz Kilmer, son of Mr. and Mrs. Ned Arntz Kilmer of 1088 Beaconsfield, will claim for his bride, Miss Jane Whitney Quirk, daughter of Mrs. Everett Quirk of Jackson, Michigan, and the late Dr. Quirk, on August 6 in Jackson.

News of the couple's engagement was announced this week by Mrs. Quirk.

Jane, a graduate of the University of Michigan, studied at the University of Chicago for her master's degree.

After receiving his diploma at Grosse Pointe High Ned furthered his education at the Ann Arbor university, where he was graduated.

The rehearsal dinner will be given Friday, August 5, at the home of Mr. and Mrs. Paul Young of Jackson.

## Garden Club Names Officers

The Pointe Garden Club elected officers at their final meeting of the year on Monday, June 20th. The meeting was held at the home of Mrs. C. Stewart Baxter on Rivard Boulevard.

The new president is Mrs. Clarence L. Fox, vice-president, Mrs. Harold A. Baxter, recording secretary, Mrs. Earl R. Bridge, corresponding secretary, Mrs. Arthur D. Sutherland, and treasurer, Mrs. Richard A. Forsyth.

Following the meeting the hostess, assisted by Mrs. Kenneth R. Beardslee and Mrs. W. Hurst Montee, served tea.

## Davis-Dykstra Rites Held

MRS. HENRY R. DYKSTRA

Grosse Pointe Memorial Church was the scene of last Saturday's nuptial rites uniting Dorothea Mae Davis and Henry Ronald Dykstra, son of the Emery Dykstras of McKinley Road.

Serving the bride were Laura Davis, Myra Hahn, Sallie Slocum, Catherine Cruise, and Helen Manson.

The groom's attendants were Douglas Krieger, Richard Winkler, Donald Graham, Aiden Haign, and best man Jerome Dykstra.

The bride's parents, Mr. and Mrs. Walter Davis were hosts at a reception in their Neff Road residence.

## Reception Follows Nuptials

A reception at the University Place home of Dr. and Mrs. C. H. Ewing followed the marriage of their daughter, Mary Louise Ewing, last Saturday in Grosse Pointe Memorial Church to John Eugene Herrold, son of the J. E. Herrolds of Country Club Drive.

A rose point lace crown accentuated the ivory illusion veil and ivory satin gown topped with heirloom aleonca lace which was worn by the bride.

Identical gowns of embroidered organdy over pale green taffeta were worn by the bridal maids, Mrs. S. Lamer, Ann Leininger, and Mrs. Thomas McNall.

Best man was Gerald Leone, with Stanley Lamer, William Hanson, and Henry Meyering assisting.

The couple will live in Columbus, Ohio, after a northern Michigan honeymoon.

## Engaged

The engagement of Rose Anne Ciaramitaro, daughter of Mr. and Mrs. Salvatore Ciaramitaro, 1376 Bedford, to Brian T. O'Keefe, son of Mr. and Mrs. Thomas F. O'Keefe, 738 Balfour, was announced at a family dinner. The bride-elect was formerly a student at the University of Detroit, where the groom-elect is at present a law freshman. No plans for the wedding have as yet been made.

## Wedding In Christ Church

A northern Michigan honeymoon trip followed the Christ Church nuptial ceremony last Saturday uniting Diane Dwyer of Merriweather road, and Robert B. Fox, of Audubon road.

Antique satin was chosen by the daughter of Mrs. Jewitt Dwyer of Grosse Pointe, and J. Vincent Dwyer of Texas, when she became the bride of the son of Mrs. Clarence Fox of Audubon road.

Matron of honor Mrs. Herbert Book, Jr., attended the bride with bridesmaids, Caroline Taylor, Mrs. Walter Drayton of Rhode Island, Patricia Jerome and Elizabeth Fowell.

Groomsmen with best man Thomas Fox were George Duffield, Charles Hicks, Raymond Ives, Stanley Price, Robert Hasset, Bradley Norpell, and Arthur Stuckey, all of Ohio.

A reception was held at the Country Club.

## Shields Visit Sons

Mr. and Mrs. J. W. Shield, of 582 Neff road, returned to Grosse Pointe after a three-weeks visit to the East.

They visited their son Carl D. Shields and his family at Wilmington, Del., and attended the commencement rites at Rutgers University, at New Brunswick, where a second son John R. was graduated with honors.

## Girls, If He Forgets Important Dates, Consider Yourself Lucky

By Susan Smart

Wives whose husbands forget anniversaries and birthdays may be luckier than they think. Millions of married men are undemonstrative, according to the July Journal of Living, but that does not mean they love their wives any less.

Husbands can be divided into three classes: those who always offer little gestures as proof of love; those who used to do it but have slipped out of the habit; and those who by nature never could and never would be demonstrative with their wives. Women married to the last group simply need a sharper sense of values to understand these men. With such a man, a smile, a quirk of the eyebrow, a hand dropped on the shoulder, can signify a great deal. Such gestures are as

reassuring as a mink coat or a string of pearls would be from a different type of husband—and they mean exactly the same thing.

If the phrase "I love you" sticks in his throat and won't come out, the undemonstrative husband will say it by approving of a special dish, or the way the house is kept. Maybe he's phlegmatic and not given to enthusiasms, but that, too, has its compensations. In the long run, smooth sailing in marriage is lots more enjoyable than extremes of calm and storm.

There is one great advantage in having an undemonstrative husband, the Journal of Living article points out. Since he can't bring himself to whisper sweet nothings to his wife, she can be sure he won't utter them casually to some predatory female he knows less well!

## Lutherans Sponsor Picnic

Sixty-seven local branches of the Aid Association for Lutherans in Detroit, Dearborn, Oakland and Macomb counties are sponsoring a Lutheran picnic Sunday, June 26, at the picnic grounds of the Lutheran Institute for the Deaf, 6861 E. Nevada Street, Detroit.

There will be clowns, band, balloons and contests of all kinds. \$250.00 in gifts will be given away, including a tricycle and bicycle for A.A.L. juvenile members. Tables and benches will be provided for those who wish to bring a basket lunch.

The festivities will begin at 1:00 p.m. and the committee on arrangements states that everyone is invited to attend.

The executive board of the picnic committee consists of Fred Freuh, chairman; Henry Gohlke, vice-chairman; Paul Sattelmier, secretary and treasurer.

# Junior League Defies Clouds To Find Silver Lining

FUN AND SMILES AT COUNTRY FIAR DESPITE ADVERSE WEATHER

Making a last minute check at the Garden Booth is Mrs. Frank J. Sladen, chairman of the Fair, and three League members, from left to right, Mrs. Sladen, Mrs. Lydia Kerr, Mrs. Reynold Morris, and Mrs. William Hart.

Among the many youngsters that enjoyed the Fair's circus, merry-go-round and other delights were Kenneth Baetz, 2, and Sanda Boss, 3, with their mothers, Mrs. Wilbur Baetz, and Mrs. Edward Moss.

## League's Fair Nets \$17,000

THE Junior League brushed through the clouds that hung over their "Country Fair" Friday at the Emory Ford Estate, 285 Lake Shore, to net a silver lining of \$17,000 for the League's welfare fund.

Mrs. Frank J. Sladen, chairman of the Fair, made the announcement at the annual meeting Tuesday noon at the Country Club.

She described the Fair as most successful and expressed her appreciation to many whose efforts made the mammoth benefit possible.

The large number that braved the rain spent approximately \$21,500.

Following the postponement of the Fair Thursday, June 16, Mrs. Sladen announced that the festival would be held the following day "rain or shine."

Judging by the result, it was a wise decision.

A portion of the funds will go to aid the work of the Detroit Council of Social Agencies. Support will also be given to other welfare and family services.

The man members who attended the League's final session, heard Miss Evangeline Sheibley, executive secretary of the Detroit Council of Social Agencies, describe how the League's financial assistance will be used.

At the meeting, Mrs. Daniel W. Goodenough welcomed 53 girls to provisional membership and elevated 50 women to active membership.

Among the functions of the organization, locally, is the Junior League Shoppe on Kercheval and the Thrift Shop on Waterloo. The latter contributes to the support of the adjoining Neighborhood Club.

## Girl Scouts Visit Falls

Girl Scout Mariner Troop 201 boarded the City of Detroit III to visit Buffalo and Niagara Falls Friday, June 17, under the direction of Mrs. Alton Huntington, leader, and Mrs. Howard Reed. This trip is the climax of a year of hard work selling Christmas cards, holly, cookies, and having rummage and bake sales to earn money for it.

Once on board, the girls inspected their cabins and were pleased with their quarters and the huge dinner table reserved especially for them. At dinner, the captain inquired about the troop and upon learning that they were Mariners suggested they visit the pilot house. There they saw in use the new compasses, the steering and emergency wheel, and radar actually in operation.

When the ship docked in Buffalo, the girls took the waiting buses for a sight-seeing tour of Niagara Falls. They enjoyed the conventional tourist's itinerary—lunch at the Falls, visits to the Gorge, rapids, whirlpool and Cave of the Winds. In typical tourist fashion, the girls collected rocks and menus as mementos and spent much time at souvenir shops.

The evenings aboard ship were passed in singing and dancing and requests were made by the passengers for scout songs. A grand finale to the returning trip was square dancing with a troop of Boy Scouts who were returning from a similar trip.

The girls who went were Judee MacNaughton, Emily Harding, Janet Holtz, Janice Gelhaar, Linda Huntington, Barbara Reed, Jane Oachim, Roberta Davis, Nancy Ramsay, Elle Frizzell, Anne Lampman and Barbara Coffey.

The special committee studying parking problems in the City's shopping center reported progress at the City Council meeting Monday.

## Church Plans Final Service

The Grosse Pointe Congregational Church meeting in Richard school will hold Communion service Sunday, June 26, at 11 a. m. Rev. Charles W. Schied will preach.

A special commission service for the young people attending the Congregational camps during the summer will also be conducted at the morning service. Those attending will be: Senior Camp: Barbara Reed, Carol Cooper, and Fred Slocum. Junior Camp: Judy Huntington, Cynthia Martin, Donna Mae Smith, Mary Lou Henderson, and Paula Hathewson.

The Sunday services will then be discontinued until they are resumed on Sunday, September 11.

## HISTORIANS EXPLAIN

### Prince of Wales Called "That Most Angelic Imp"

The Prince of Wales was once referred to as "that most angelic imp," according to language experts gathering information for The World Book Encyclopedia.

The researchers explain that the original meanings of many words change in peculiar ways. "Imp" once meant "a young shoot of a plant." Then it came to mean "a child," and prayers were once offered in England for that most angelic imp—the Prince of Wales.

Taxi drivers will no doubt be pleased to learn that the researchers have discovered the word "cab," short for "cabrio-

let," originally meant "to leap or caper like a wild goat."

Another rather prophetic word origin is found in the Old English marriage service, which read "till death do us depart." "Depart" used to mean separate or divide.

The word "jig" got out of hand with the passing years. The jig was originally a fiddle to which country folk danced.

Another word went back and forth across the English channel several times, and got itself roasted in the process. The old French word for beef was "boeuf." The word and the food were adopted by the English, and they changed it to "beef." But the English liked it roasted and, evidently, so did the French, as they soon coined a new word, "rosbif."

But probably the greatest injustice was heaped on the shoulders of the French villain. Originally, a villain was a farmer, one attached to a villa or farm. Later, the word came to mean a rough portwini fellow. The next meaning of villain was rascal, and now it means a polished, sinister wrongdoer.

## Puppeteers Here for Fete

By Doris Milatz

One group of conventioners whose wives not only suspect—but know there are "plenty of strings attached to it" are the Puppeteers of America who are planning a four-day workshop and National Puppetry Festival on June 28-July 1 at the Detroit Art Institute.

Mrs. Emery Kovach, of 263 Mount Vernon, who presented her own Lily Paul puppeteers at the Institute last year, is quite active in this group, some 400 puppeteer and marionette authorities from all over the country attending the convention.

"Such prominent authorities as Alfred Wallace and Rufus Rose will present their own shows as 'The Mouse in Noah's Ark' and 'Joan of Ark' to the public in the evening performances," explained Mrs. Kovach, "and local puppeteers will also plan children's plays."

During the all-day program, noted puppeteers will preside at workshop sessions about all phases of puppetry at the Hotel Tuxedo, beginning at 9:30 a. m., which is also open to the public.

Because of the wide interest aroused by last year's publicity on her own shows, Mrs. Kovach believes the church and children's groups will especially enjoy the Festival not only for pleasure but for information on the technicalities of puppetry. Reservations may be made by phoning Mrs. Kovach at TUxedo 1-2333.

## GPH Seniors Win Scholarships

Two Grosse Pointe youths awarded honors in scholarship and athletics as students of Kalamazoo College are Tom C. Willson, of Maison Road, and W. Richard Ralph, of Yorkshire Road.

An honor student and active in sports, the son of Mr. and Mrs. Frank Willson won a Hoff scholarship of a \$200 grant and \$100 stipend, to be earned by the student in campus employment. Tom, who will be president of his sophomore class next fall, proved himself an outstanding tennis player when he and Paul Grubbs won the State Class A doubles championship in their senior year at Grosse Pointe High School.

The "All Around Athlete" trophy in the college's program of intramural sports was received by sophomore Ralph, another Grosse Pointe High graduate. He won the tennis singles tournament, took first in the 100 yard free-style swimming event, went to the semi-finals in badminton, and the quarter-finals in table tennis.

City Police are conducting a traffic survey of conditions at Lorraine and Cadieux roads.

## Open House at Boos Motors

Announcement is made this week by Boos Motors, Inc., Dodge dealers at 19391 Mack avenue, of their open house to be held Friday, June 24, from 10 a. m. to 10 p. m.

Boos Motors is owned and operated by Charles F. and George F. Boos, life-long residents of Detroit. The former is president and George F. Boos is vice-president.

Charles F. Boos spent twenty years with the Cadillac Division of General Motors and with the Ford Motor Car Company.

He has a daughter, Jean, who will teach in Grosse Pointe this fall. His brother, George F. Boos, has been in Federal service for the past twenty years. The George Boos have two sons.

Other officers and personnel include: John S. Putman, secretary, who has had long experience in business management and dealer accounting; Anthony Ritz, sales manager, who has been in the retail automobile business for fifteen years; Roger M. Griswold, service manager, who has had wide service experience in the high and medium priced car field in Detroit, and Walter W. Herbst, veteran parts manager.

Boos Motors is a community conscious organization with complete service facilities including the newest and most up-to-date equipment available.

Balloons will be given to the children during open house and a television set will be awarded to a lucky visitor.

## Pointe Personalities

By TONI EBNER

MRS. DANIEL GOODENOUGH

Grosse Pointe slicked up last week for a real Country Fair that sparkled with the color of the midway, clowns, pink spun candy, circus tent, and merry-go-round. Gifts included champagne, fur pieces, traveling bags, hams, blankets, and even a refrigerator and new Ford car. Under a couple of elm trees on the Emory Ford estate that night an auctioneer was pumping the bidding on furniture and objects of art.

It was a cheery crowd that came to the Fair despite the regular downpours and even happier were the 900 members of the Junior League who were behind the big event. When the tents were folded and the cash register stilled there was time to think about some of the lighter moments that went into the making of this major production. Neighbors of one loyal leaguer report that she was seen in the early hours of the morning giving chase to escaped rabbits that had gnawed their way out of their cage and almost out of one of the prize exhibits for the children.

The postponement of the Fair from Thursday to Friday was the verdict of one very conscientious weather-eyed member who rose at four in the morning and spent the rest of dawn pacing the front lawn peering at the rain clouds.

Despite the lack of co-operation from the weatherman, officials report that the "Fair" was a huge success. Proceeds will be used for family service and welfare work.

One of the most satisfied members of the Junior League is the president, Mrs. Daniel Goodenough, who geared the club successfully through the "Country Fair." When she is not busy settling the affairs of the League her favorite place is home with her three children—Dan, Jr., 10; Pixie, 8; and Elizabeth, 2, who watched the shenanigans at the Fair from a box seat in the Tot-Lot.

Mrs. Goodenough has a fondness for music which dates back to her early education in this field. She studied piano in New York under Lee Pattinson, and spent three years at the New England Conservatory of Music in Boston. Her present outlet in this vein is the Wednesday Morning Music Club which meets twice a month at various homes and holds informal concerts by its constituents.

Until 12 years ago when she settled down to housekeeping in Grosse Pointe, Mrs. Goodenough spent her time traveling about the continents. Her early education was obtained in Europe and more consistently in Rome. Now her sole link with Italian and French is through a few foreign magazines which she subscribes to.

The history of Mrs. Goodenough's family in Detroit dates back more than 150 years, long before the smoke stacks of industry ever peeked over the skyline.

For amusement her tastes follow a liking for dancing, swimming, and traveling.

Vacations are spent usually in their log cabin in Grand Bend, Ontario, or touring the country to places which might satisfy an amateur geologist like her husband, who is also a prominent lawyer.

### Shores Theatre Schedules Matinee

The Shores Theatre has now scheduled a matinee for the kiddies for Wednesday afternoon beginning at 3 p.m. The management of the theatre was surprised to find a full house at the first matinee which had not been publicized. The kiddies may seek refuge from the heat in the newly airconditioned theatre, and enjoy an afternoon of fine entertainment.

#### WJR DECLARES DIVIDEND

Chairman of the Board George A. Richards announced today that the directors of WJR, the Goodwill Station, Inc., have voted a dividend of 10¢ per share to be paid June 30, 1949, to shareholders of record at the close of business June 20, 1949.

According to Childcraft Books, Mt. Beard, a peak near Mt. McKinley in Alaska, was named after Daniel Carter Beard, who started the Boy Scout movement in America. Beard was born June 21, 1850.

### CRAMER ACES

Henry Cramer, electrician of Beaconsfield avenue, has joined golfdom's Hall of Fame. He recently made the coveted "hole-in-one" at Hawthorne Valley's 144-yard 17th hole, using a number three wood. According to "Let's Think," magazine of Detroit Electricians, he is the first of their membership ever to accomplish the feat.

### Resume Tennis Clinic Here

Tennis instruction will be offered again this summer at the Grosse Pointe High School courts on Tuesday, Wednesday and Thursday afternoons, starting June 28.

The instruction classes will be divided into two groups according to age. The twelve year and under age group will meet from 1:30 p.m. to 3:00 p.m. The over twelve year age group will meet from 3:00 p.m. to 4:30 p.m. Jack Dillon, well known Grosse Pointe High School and Michigan State College athlete, will be in charge of the instruction. Roland Gray of Gray's Racquet and Sport Shop, formerly in charge of the tennis program at the Detroit Country Club, will work with Mr. Dillon in providing an outstanding program of tennis instruction for the children of Grosse Pointe. Participants in the program will be expected to furnish their own racquets. Do not bring any tennis balls to class. There will not be a charge for the tennis instruction program. If you desire further information, please call the Grosse Pointe Board of Education, TU. 5-2000, Extension 25.

### Interest Lagging In Gray's Fish Contest

To date, very little interest has been shown in Gray's second annual fishing contest, in fact, unless the opening of bass season on June 25th, produces a flurry of entries, the contest will probably not be held again next year. A galaxy of expensive prizes are on display at Gray's, 108 Kercheval, with awards for both the longest and shortest fish (within the legal limit) in many of the classifications, and it is rather ironical that some classes are still without an entry, especially in the light of the fine prizes offered.

Piscatorial experts are strongly urged to take their fish, regardless of size, to Gray's between five and six p.m., to be measured—you might be the lucky one. Results to date:

MUSKIE—	Length
Walter Hammer	47 1/4"
PERCH—	
Wayne Lanter (Aged 14), 11 1/4"	
TROUT—	
Dr. A. Groetz (Brook) 14 1/4"	
PICKEREL—

### RODGERS CAPTURES STOWAWAY

A belligerent raccoon was finally subdued after a two-hour battle with Robert Rodgers of 1123 Lakepointe who found the stowaway recently at the control of his cabin cruiser docked at Edwards Boat Harbor. The animal was accused by Rodgers, local Studebaker dealer, of eating his fish caught the day before and a chamois cloth. A friend, Dr. Neal Issetts, assisted in capturing the visitor.

### Fishing In State Reaches "Big Business" Status

More than one million people—men, women and children—can't be wrong!

Fishing in Michigan has become "big business." Nearly one-third of the million plus fishing licenses to be issued in 1949 will go to non-resident tourists. Fishing and Michigan have one-and-the-same-to several hundred thousand summer travelers.

All of this is timely. Saturday (June 25) opens the tra-

ditional bass and panfish season on lakes otherwise closed to year-round fishing.

This point bears emphasis for the legislature permitted the state conservation department, beginning in 1947, to designate 20 lakes for year-round fishing. The latest lake on the experimental list is Hess lake in Newaygo county. Anglers may fish at any time, summer or winter, for bluegills, sunfish, perch, rock bass and calico bass.

### Seek Sponsors for Boy Teams

Sponsors are being sought for the Neighborhood Club Boys' Baseball League, announces Bill DesRocher, man's athletic director.

About 60 outfits will be needed for the four-team league. Anyone wishing to sponsor one or more teams should contact DesRocher at the club, NI 4600.

Coaching the teams will be fathers of the young sandlotters—three on each team.

The 1949 legislature weighed evidence submitted by fish management experts and voted to liberalize the rules still further. Effective Sept. 23, the six-inch size limits on panfish will be removed. The legal limit continues at 26-in any combination per day. The bluegill and sunfish season will be lengthened one month, ending March 31 instead of Feb. 28.

### WAYNE REGISTRATION

Registration for the summer sessions at Wayne University will begin Wednesday, June 22, and continue through noon Saturday, June 25, on an alphabetical-timing system. Classes for six-week and eight-week session will begin on Monday, June 27.

This year is the first in which all prospective registrants have been asked to register upon the alphabetical plan outlined in the schedule of classes, the 1949 edition of which is available at the registrar's office. In previous registrations, graduate students and teachers were not included in the alphabetical arrangement.

### Watch "21"

In order of numbers, the most crimes were committed by persons 21, 22, 23, 19, and 20 years old. These figures were revealed in 377,933 fingerprint arrest records received by the Federal Bureau of Investigation, reports

### Doctors Urge Precaution With Fluorescent Tubes

Recently at a national meeting of the American Association of Industrial Physicians the hazards of handling fluorescent lighting tubes were brought under discussion.

The physicians disclosed that: **FLUORESCENT LAMPS** are coated on the inside with a fluorescent powder called a phosphor. The composition varies, but the phosphor usually contains beryllium in amounts ranging from a fraction of a percent to approximately 4 percent. The lamps also contain small amounts of mercury.

a child playing with a lamp or with broken pieces of one. While this is an industry safety data sheet, THE FOLK AT HOME as well as your fellow workers should be warned of dangers of broken fluorescent lamp tubes. Tell them particularly about the extreme pressures that would be necessary to break a lamp does fall on the floor breaks, and explain that by means should anyone attempt to pick up bits of glass or material from the lamps with fingers.

**SERIOUS INJURY** is possible by glass from a broken tube of a fluorescent lamp, if there is a cut from the glass, or if the powdered material (phosphor) from the surface of the glass enters a wound or cut. If a person is cut by a piece of glass from a fluorescent lamp, or if the material on the glass enters a wound or cut, chronic inflammation may result and months may be required for the wound to heal. There have been a number of instances in which the surgeon's knife had to be used, in such cases, perhaps several times, to remove dead or degenerated tissues and tumor masses from the region where the cut occurred. Indeed in some cases, removal of large areas of skin, muscle, or bone may be required.

The first thing to do if a lamp falls and breaks is to get out of the room and stay out until the dust produced shall have settled. The broken glass should be swept up with a brush and, if possible, wet it down with sweeping it up. Then wash the floor with a rag and clean the rag away.

A NUMBER OF CASES have been reported by physicians. In one, a woman was cut on the left wrist when an overhead fluorescent tube dropped from its socket and broke. The wound took eight months to heal, and then only after surgery. The process of healing would begin and then the cut would "break down." In other cases there were similar wounds, and tumors occurred which resembled tumors found in the lungs of fluorescent lamp workers who had breathed fluorescent lamp powder.

Roy Stevens, Tartar hurler, faced the U. of Detroit four times in the past three years and has won all four games.

**SPECIAL PRECAUTIONS**  
 Never discard lamps by placing them with rubbish or refuse where they can be carelessly handled or broken.  
 Never destroy them in incinerators.  
 Do not permit them to be placed where children may have access to them or can play with them. Dust and fumes from the materials of the lamp must be prevented by all possible means from getting into the human system either through a wound or through the nose or mouth; it would be almost impossible to prevent such entry in the case of

**Education Is Good Time to Teach Safety**

Public school children put their books this week, but carried home a lesson in safety they will study all summer.

Stickers, seven by seven inches, designed to be used by parents on the screen of the child's car when he runs play, carries the following message:

Stop at the curb. Look both ways. Wait until it's safe, then cross the street.

The first three lines are printed in red, the fourth in green, the fifth in blue, the sixth in yellow, the seventh in orange, the eighth in purple, the ninth in brown, the tenth in pink, the eleventh in white.

The stickers were prepared by the Traffic Safety Association of Grosse Pointe, in cooperation with the Police Department and the Public Safety Bureau.

The stickers were handed out to the children.

Back of the sticker carries a message to the parents: "The child's teacher points out that summer time is a dangerous period for traffic accidents involving children. Last year in Detroit, 11 children were killed and 736 injured. Coming into the street from where the driver cannot see, for example, from behind a parked car—is the most dangerous thing a child does," the message points out.

Accidents would be reduced 30 per cent if children were always to STOP at the curb before going into the street. Make sure your child does this."

**Eyeful Gets Eyeful**

Bobbie Trelease, one of the Toastettes, permanent chorus line of Ed Sullivan's "Toast of the Town," gets a cameraman's-eye view of her choral colleagues between rehearsals of the star-studded full-hour Sunday night CBS Television revue.

**Natural Oil**  
From about 25 years on, the natural oil that keeps skin soft and supple gradually decreases. Many women lose as much as 20 per cent of their natural skin oil needs before reaching the age of 40.

**Disappointed Gophers**  
When planting bulbs, drive a tin can with both ends removed down around them. Gophers, moles and mice meet a solid wall of tin instead of the juicy bulb.

**More people have become successful by profiting by mistakes of others than by reading success stories.**

**Moonlight Cruise Sked Announced**

A new schedule of daily and moonlight cruises was inaugurated for the famous steamer Put-in-Bay last week.

Now under the new ownership of Nicholas M. Constans, the famous excursion vessel no longer sails to Put-In-Bay, Ohio, but instead will ply the waters of Lake St. Clair and the St. Clair River.

Sailing twice daily, the steamer Put-in-Bay leaves the First Street dock on week days at 5:45 p.m. for the new "Twilight Picnic Cruise" on Lake St. Clair, returning at 8:00 p.m. At 8:45 p.m. the "Moonlight Dance Cruise" begins, ending at 11:45 p.m.

Saturdays and Sundays the steamer leaves at 2:00 p.m. for the "Skyline Sightseeing Cruise" which travels across Lake St. Clair and up the St. Clair River, non-stop, to Algonac before returning at 8:00 p.m.

On Saturday evenings the "Show-Boat Moonlight Cruise" which sails at 8:45 p.m. and returns at 12:45 a.m. will feature floor show entertainment in addition to dancing. Frank Sidney and his orchestra will provide the music for dancing beginning Saturday night.

**Teen Talk**

(Continued from Page 6)  
ON TO ROCHESTER

On to Rochester about ten carloads of weary graduates and their dates went to eat breakfast. Jan Johnstone, Hill Pierce, Merry Bauman, Bill Pierce, Barb Boothie, George Abbott, Helen Hipfel, Jerry Kolp, Rose Lietke, Bob Green, Patti Perrone, Bill Hollister, Jean Richards, Cliff Ammon, Judy Richardson and Vince Schoeck had milk and donuts.

And now we have to take down that imaginary reminder "this too shall pass away" for it will need to be cleaned, polished and put back up again. But this time in a different setting—a college dorm.

The last six years it made us work harder all the time, enjoy the football games and basketball competition, take part in assemblies, run for office, enjoy those near us, respect our well chosen and brilliant teachers, wonder whether we'd have a date for the next dance, plan our schedule so we'd have credits to graduate, and see that our honor point average would be high enough so we'd be accepted by the college of our choice. Of course that really wasn't enough to see us through the last six years, but it helped.

**GOODBY AND GOOD-LUCK.**  
It's been fun writing TEEN TALK, and we hope you didn't get too bored with the column. We tried to cover all parties we heard about, and if we left any names out, it was unintentional.

P.S. If an arrow marked Camp Maqua, Hale, Michigan, is on your doorstep some morning, you'll know that as archery counselor, we are sending a guided missile hoping you'll drop us a line. N.N.

**Scouts Must Register**  
Registrations of Blue Birds and Camp Fire Girls planning to attend the Day Camp for the Southeast District are now being accepted in the individual groups. Day Camp will be held each Tuesday and Thursday from ten o'clock to three o'clock during the month of July and will be at the Grosse Pointe Woods Park. Many interesting activities will be centered around Nature, Camp Craft, and Hand Craft. Each girl will provide her own lunch, except on cook-out days, and will be able to purchase milk at the park.

**Pointe Marine Visits England, France Ports**

Cpl. James I. Tribble, Jr., USMC, son of Mrs. Angelina Tribble of 2161 Ridgemont avenue, is scheduled to visit Portsmouth, England, and Cherbourg, France, this summer as a member of the crew of the battleship USS Missouri, which will be part of a ten-ship Midshipmen Practice Cruise Squadron.

Tours to both London and Paris also are being arranged. During the cruise, which is designed to give practical shipboard training to Naval Academy and Reserve Midshipmen, the embryo Naval officers will stand watches and participate in training exercises alongside the regular ship's companies.

**The BOAT CORNER**

For and About Boats . . . Fishing . . . Etc.

year's Gold Cup race on Detroit River will be full of action.

can take the word of Jack Elliott, president of the Detroit Yacht Club, for that.

of the new-fangled ideas placed into effect for the race will be a change in the course from its former three-mile race to 2 and one-half miles, Elliott said.

ther will be that only the best qualifying heats of 30-odd entries expected, be permitted to start in the 2 events, and these will all start on one.

new course will be similar to one used during the Ford Memorial race the past two years and will also be used in the De-Memorial race this year, Elliott said.

enders for the Gold Cup race will get the strating gun at foot of Burns Drive where course is 500 feet wide. This flow plenty of room for the to jockey a good starting on.

take the word of Elliott that they'll need plenty of room.

DRRA's plan to have a start with the fastest boat pole and the slowest bring up the rear (such as is done in 300-mile Indianapolis auto race) was turned down at a meeting of the American Power Boat Association in New York last week.

As a result, Elliott vows, it will be a mad scramble at the start.

the past, due to the narrow

SWIM FUN WITH SAFETY WITH SAFETY HEALTH AND SAFETY SERVICE BOY SCOUTS OF AMERICA

Care of Towels Will Give Them A Longer Life To get longer wear from your towels, remember a few practical suggestions that may not be new to you, but will serve as useful reminders. Buy the best quality towels you can afford because the better the quality the better construction and greater strength. Choose a suitable towel for each person in the family. For instance, small-sturdy towels are best for children - stronger and bigger towels for men. Your good towels can be for regular bath use. Distribute the wear evenly among all your towels by rotating them in use. Do not use

ST. PAUL EVANGELICAL LUTHERAN CHURCH Jackson School Auditorium Marlborough and Waveney Rev. Charles W. Sandrock, Pastor Thursday, June 23, 8 p.m. - Brotherhood (Martin Luther), book review, "The Emperor's Physician," by Miss Viola Rieflah. Friday, June 24, 8 p.m. - Choir rehearsal. School picnic at Chandler Park. Saturday, June 25, 10 a.m. - Sunday School and Adult Bible Class; 11 a.m. - Children's Church; 2:30 p.m. - Laymen's Seminar (Salem Church).

BETHANY LUTHERAN CHURCH Outer Drive E. at Chatsworth Avenue Mr. Lowell Guebert, who has served as vicar at Bethany Lutheran Church for the past year, will deliver his last sermon next Sunday. He will preach in both the 8:30 and 10:30 a.m. services. Mrs. Reinhold will lead the Kindergarten - Primary department of the church as they review their last ten lessons. Grades three to eight of the Sunday School will hear Pastor Biew tell the story of Peter and John "On Trial" as they set it projected on the screen.

THE GROSSE POINTE METHODIST CHURCH Meeting Now in Kerby School Kerby Near Kercheval Rev. Hugh C. White, Pastor Telephone TU. 1-1129 Sunday, June 26, 10:45 a.m. - Morning Worship and Sermon, 10:45-11:45 - The Infant and Toddler Nursery will meet during the Church Service. All of the members of other departments of the Church School are in-

VILLAGE OF GROSSE POINTE WOODS BIDS WANTED The Village Commission of the Village of Grosse Pointe Woods will receive bids at the Municipal Building for the installation of new sidewalk and the replacement of broken sidewalk up to 8 o'clock p.m. on Tuesday, July 5, 1949. Plans and specifications are on file in the office of the Village Clerk, 20775 Mack Avenue. PHILIP F. ALLARD, Village Clerk

VILLAGE OF GROSSE POINTE WOODS BIDS WANTED The Village Commission of the Village of Grosse Pointe Woods will receive bids at the Municipal Building for the purchase of three Police scout cars up to 8 o'clock p.m. on Tuesday, July 5, 1949. Specifications may be had from the Chief of Police. PHILIP F. ALLARD, Village Clerk

Try our CLASSIFIEDS

the same ones over and over again. Towels, like people need a rest. Another point to remember is to protect towels from sharp points or splinters. Bathroom or kitchen clothes hampers may be of a rough surface and could easily snag a towel. This same rule holds true for clothespins, towel bars, or linen closet shelves. AFTER-LIFE Convert your worn towels into many useful household articles: dusting cloths, scrubbing or utility cloths, pot holders, oven mitts, cleaning mitts, or hot water bottle covers. Other helpful suggestions for discarded towels or towels that are worn only in a few spots is to make bibs for children, beach coats, high chair seat covers, or small pads for crib or carriage. Most of all, remember when buying to look for brand names and then choose the towel with which you are most familiar or which is guaranteed to have longer wear.

# KELVINATOR

*gives you more for what you pay!*

**HERE'S PROOF**

**Proof of Performance!** Revolutionary new engineering design — "cold clear to the floor" — answers the need for greater food storage space without increased floor space. Introduced a year ago, the nearly half million already sold is clear proof of American home-makers' acclaim for these brilliant new refrigerators.

**Proof of Usable Features!** The revolutionary "cold clear to the floor" design, gives you an extra full 2 cu. ft. of refrigerated storage space... the equivalent of a shelf and a half... in a cabinet taking no more floor space than former "sevens". You get a bigger frozen food compartment... more general storage space... and the new and exclusive refrigerated Fruit Freshener.

**Proof of Modern Design!** Kelvinator's full length door is visible proof that you have the refrigerator of tomorrow with the latest advancements in domestic foodkeeping... a refrigerator that will not become old fashioned in styling in a few years. Remember, you buy a refrigerator for years of service.

**Proof of Dependability!** Kelvinator is the product of the oldest manufacturer of electric refrigeration for the home!

**It's Cold Clear to the Floor... Yet No More Floor Space** 10 Cubic Feet PLUS...  
\*97% within shelf area—3 in the Fruit Freshener case.

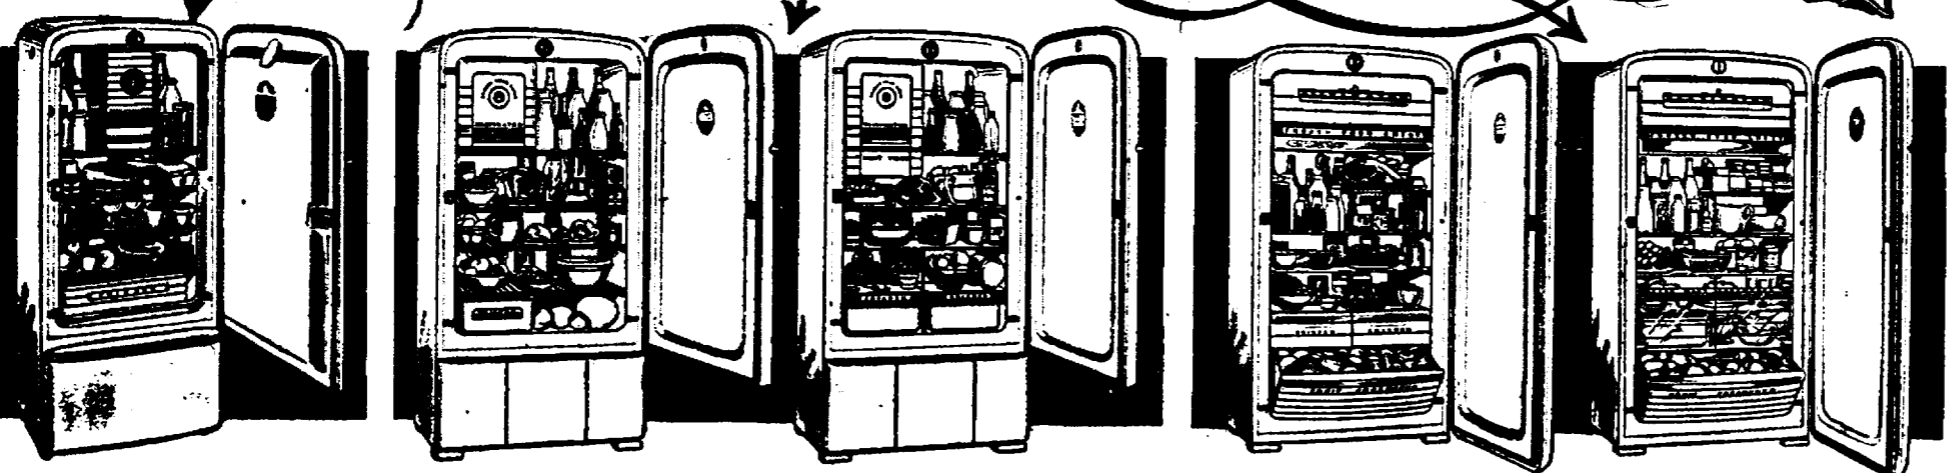

**MORE FOOD STORAGE SPACE — EXTRA FEATURES — UNMATCHED VALUES**

- Big Frozen Food Chest, holds 40 lbs. of packaged frozen foods.
- Four, large, "quick-release" ice trays.
- "Magic Shelf" — makes extra space for tall bottles, large melons, bulky foods.
- Big Crisper Drawer. Holds 12 quarts of fresh vegetables and salad greens.
- Tilt-out, refrigerated Fruit Freshener gives extra-moist storage for fruits, vegetables and bottled beverages.
- Powered by Kelvinator PolarSphere refrigerating unit, famed for dependability and penny-pinching economy.
- Masterpiece Model CM... illustrated at left... now only \$299<sup>95</sup>

Pay as Little as... **10% DOWN** As Long As 24 Months on Balance

\*Prices shown are for delivery to your kitchen with Five-Year Protection Plan. State and local taxes extra. Price and specifications subject to change without notice.
