POINTE PARAGRAPHS

Five scouts from Shores and Woods Police were led a merry chase through Grosse Pointe parks and hills last week trying to capture a runaway horse. The horse, tagged Silver by the officers, broke away from his corral at the Charles White estate at 832 Lake Shore and began his jaunt through Grosse Pointe streets.

Mack avenue motorists stopped and looked twice, when they saw the four-legged creature bounding down the street. Close behind the animal followed scout cars with officers speeding by ready to corral the horse.

A spectator claims he heard the officers cry: "Hi-yo over."

The animal was captured near the Woods Police Station and returned to his stall. It is owned by Mrs. Charles White, daughter of Judge Theodore Richter.

A few years ago, Mrs. True created a social storm when she invited two Negro graduates to an AAUW tea at her home.

Gratiot Merger Balked

Grosse Pointe Woods Council assumed a "no deal" attitude on the proposal of Gratiot Township property owners who would become a part of Grosse Pointe Woods at a special hearing Tuesday.

The hearing was requested by Gordon Spoor, president of Gratiot-Woods Property Owners who would rather join the Grosse Pointe Woods than submit to the City incorporation of the Township.

The area concerned is bounded by Harper, Kingsville, Mack and the County Line. It constitutes approximately 25 per cent of the present township area. It has an assessed valuation of \$2,000,000 and a population of about 2,500.

Though the Woods Council favorably eyed the additional revenue that the annexation would bring they also considered the expense of servicing the new area, particularly the drainage costs.

Also discouraging the merger was the mountains of legal red tape entailed.

Woods Attorney said that separate elections would be necessary in the Woods, Gratiot Township and the area affected. The total result would then decide the issue.

Another obstacle pointed out by Mr. Berns is that the Township currently in the process of switching to a city government would add to the hardship of any part of that district attempting to leave.

"It's too bad this plan was not considered some time ago," he said.

Berns advised Spoor to get per-

Building Permits Hit Record 835

A record number of 835 residential building permits were issued during 1949 in the Grosse Pointe School District, which includes a small section of Gratiot Township, according to figures released by the Board of Education.

The previous record was 831 established in 1941.

SUMMARY NOTES

1. A total of 835 residential building permits were issued during the year 1949. This is an all time high, exceeding the previous peak of 831 in 1941 by four permits.
2. There has been a steady increase in the rate of home building each year since 1945 when building operations resumed following the war. 1945 - 115; 1946 - 281; 1947 - 594; 1948 - 820; 1949 - 835.

Urgent School Building Program Needs \$4,345,000 Special Election Feb. 24

GPH Parent Clubs Back Educators

Grosse Pointe High School Mothers' Club and Dads' Club have deferred their petition to place a proposal for a gymnasium project on a special ballot at the special election Feb. 24 to support the School District's emergency building program.

A few weeks ago the Friends of the Library withdrew their petition for a new central library to give vital school buildings top priority.

Mr. Clark Swart, president of Dads' Club and spokesman for both parent groups, told the School Board Monday that it was the parents' judgment that nothing should be permitted to jeopardize the basic schoolroom program.

He said: "We request our program for more physical education facilities be deferred to a subsequent election, when it can be submitted separately and stand or fall on its own merits."

Mr. Swart assured the Board that the Mothers' Club and the Dads' Club are solidly behind the new program and will work militantly to assure its success. Before his departure, the Dads' Club president offered a few words of appreciation to the members of the School Board.

"I would like to take advantage of this opportunity to convey to this Board the respect and admiration many of us have of the unstinting effort you have all given to the problem before you. Only you, yourselves, know of the many hours you have spent; of your unselfish denial of personal pleasures; and if I may be so bold to say, of the havoc you must have caused your home lives. You are to be admired and respected, by foe or friend, for the courage you have shown after the defeat experienced last year. I am confident you will receive the only reward you desire—approval of your plan at this coming election."

"IT CAN AND WILL BE APPROVED!"

CONFIDENT

SIGURD R. WENDIN

Favorable Vote Seen By Wendin

Sigurd R. Wendin, president of the School Board, expressed confidence that the people would support the new school building program.

In a statement to the Review he said:

"The program represents the collective thinking and opinion of the many individuals and groups in the school district who have helped to develop it. The estimates of building costs have been made by the four architectural firms who have been employed for this preliminary work and are based on the lowest possible figures to cover current needs.

"Several points may be of interest to residents of the Grosse Pointe School District with respect to these needs. In the first place, they are based on children who are here now and not on estimates of future births. We know what the educational requirements for these children are. It is a simple matter of arithmetic, and the schools we recommend building are essential to cover them. We have made no attempt to prepare now for long-term future needs. The budgets we have proposed provide for financing immediately needed schools and the cost of operating and maintaining them for nothing else. If the bond (Continued on Page 3)

Officials Fix New Proposal

An emergency school building program to relieve crowded conditions in the Grosse Pointe Woods area will be placed before the School District electorate at a special referendum on Friday, Feb. 24, it was decided by the School Board at a regular meeting Monday.

The program will cost \$4,345,000.

A bond issue of \$3,185,000 would be required to help finance the building. The balance would be appropriated from the School District's reserve fund.

The present tax levy of five mills would be hiked to six mills for the period from July 1, 1950 to June 30, 1951 to meet the interest charges on the bond issue.

However, after the latter date, the tax levy would be reduced to 4 1/4 mills.

The program would relieve the overcrowded condition and the transportation problems now existing.

It calls for the completion of the Parcels Junior High in Grosse Pointe Woods, and the new Kerby elementary in Grosse Pointe Farms.

Elementary schools would be built in Gratiot Township and on Cook road and in Grosse Pointe Woods.

Sigurd R. Wendin, board president, expressed confidence that people would accept the proposal.

A school building program was defeated by the electorate last May at a special election.

The new proposal has 100 per cent support of the school board, comprised of Mr. Wendin, Mr. Bert Wicking, Mr. Glenn M. Coulter, Mr. Shirley T. Johnson and Mrs. Alice Moody Sheaffer.

Park Firemen Cut 9 Hours

Park Council ruled Monday to cut the Firemen's work week from 72 hours to 63 in accord with a State wide movement.

The short week will become effective April 1 and it requires the addition of three men.

According to Everett B. Lane, Park manager, Detroit, Wyzn-dotte and Highland Park are currently using the short week which is an amendment to State Law No. 125 of Public Act 1925 scheduled to come before the State Legislature shortly for the second time. It vetoed once before.

The Act is subject to considerable controversy. The Michigan Municipal League is against it while the State Fire Fighters Association are supporting it.

William Stamma said that if more than two candidates file for any one position, a primary will be held Feb. 13.

Deadline for filing is Jan. 30.

Park Commissioner Peter J. Koenig has been appointed to the Village Planning Commission to succeed Commissioner Peter Burgess.
