### Park Citizens Group Explains City Benefits

Editor's Note: On the issue of city incorporation to be decided at the March 13th election, the Citizens Association of Grosse Pointe Park has compiled some frequently asked questions, and the Association's answers. The Association favors the proposal to convert the village of Grosse Pointe Park to a city. Here are the questions and answers:

#### POINTE PARAGRAPHS

Fishing in the 15th Annual Metropolitan Miami Fishing Tournament, Adolph M. Padelt, of 1265 Buckingham, landed a 77 lb. 8 oz. white marling, while fishing off Baker's Haulover on the cruiser Surf King. While not top fish in its class, the catch will earn for Mr. Padelt an Entry Award and one of the attractive year books issued at the close of the tournament.

Rabbi Glazer will speak on "Human Relations" at the Richard PTA meeting Monday, March 13, at 8 p.m. Patrons of the school and their friends are invited to attend.

A Grosse Pointe woman had the unusual experience last week on a Lake Shore bus of recognizing the man who snatched her purse a few weeks ago. The man also recognized his victim and immediately got off at the City limits.

The matron followed and hurried to the Park Police, but they could not find any trace of him.

Open house for Col. William St. John's home squadron of the Civil Air Patrol will be held at Mason school, 1840 Vernier, Friday March 3 at 8 p.m. The program will feature the Squadron Cadet Drill Team.

Grosse Pointe's Vera B. Bates, University of Michigan Regent attended a Student-Regent coffee hour at Ann Arbor last week.

School Supt. John R. Barnes is at Atlantic City attending a national convention.

Mr. and Mrs. Lawrence K. Butler, of 401 Lincoln, leave San Francisco Bay Friday for Hawaii.

"Good Government" procedure was explained by Park Municipal officials to Trombly school students who toured the building Thursday.

Frank H. Tendick, Jr., only Grosse Pointer, to earn an A.A. report card at the end of Fall semester in College of Engineering at U-M according to their news bureau.

Officials Meet For Health Dept.

Plans for Wayne County Health Service here will be discussed at a meeting of officials from Grosse Pointe municipalities Friday at 8 p.m. at Grosse Pointe Municipal building.

David Littlejohn, Wayne County Health commissioner, Dr. T. S. Davies, Township Health Commissioner, are expected to be present.

Health officials moved to reorganize the Township service seven weeks ago. The Wayne County Department will assume duties here April 1.

What difference would it make in our governmental set-up? Grosse Pointe Park now has a double government; in that the Village conducts most of the local activities—but the Township also provides a number of government services (and the home-owners of the Park of course pay for both types of service). Conversion to a City would separate the Park from Township rule.

Is there any question of consolidating with other Grosse Pointe communities or with the City of Detroit?

City incorporation should not be confused with the proposal that has sometimes been discussed, but may never be realized, of joining the five Grosse Pointe communities into a single city. The present plan to convert the Park government from the Village form has no connection whatever with consolidation of communities; nor is there any question of becoming a part of the City of Detroit.

What part of the cost of the Township government does the Village pay?

Now that Grosse Pointe Farms has become a City 57.6 per cent of the entire cost of maintaining the Township will be borne by the home-owners of the Village of Grosse Pointe Park.

Which form of government would be easier on the taxpayers?

There would be a substantial saving in establishing "home rule" government by converting to the City form. The present Village administration can with-

### Tuxis Club Presents 'Happy Daze'

The Grosse Pointe Memorial Church Tuxis Club will present its second annual musical variety show, "Happy Daze" Thursday, March 2, and Saturday, March 4, at 8:15 p.m. at the Pierce Auditorium. The show includes 25 acts with a cast of 150 high school boys and girls.

Under the direction of Chet Sampson, the show will include production numbers, a barn dance sequence, ten comedy skits, and solo specialties. Music will be by Ralph Cross and his band. The production staff includes Bill Carruthers, vocal, Carol Sharrer, dance, Sue Spurrier, dramatic advisor; John Chace, music advisor; Bill Wittingham and Kenny Rice, stage designers; Bayard Johnson, Sue Riggs, and Hank Hubbard, ticket committee; Alice Jaems, make-up chairman; Bob Bokram, stage manager, and Joan Rexford, house chairman.

### Alger Beer Store Held Up Again

Alger Beer Store, 17320 Mack, was robbed for the second time this year. Walter Price, 40, of 5719 Beaconsfield, was held up in his store by two men, one armed. They took \$50. He told City of Grosse Pointe police that one of the men may be the same one who robbed him in January.

### A LONG COUNT - BUT A SUCCESSFUL ONE

Intense interest coupled with confident satisfaction is seen on the faces of Board of Education members as they watch tabulation of the special election vote last Friday night at the "Town Meeting" in the Grosse Pointe High School library. Standing, left to right, Sigurd Wendin, board president; Bert Wickling, Franklin D. Dough-

erty, Mrs. Alice M. Sheaffer and Shirley T. Johnson. Election clerks, left to right, Alois A. Gresquiere, Mrs. Ghesquiere, Mrs. John Easton, Mrs. Rex Johnston, Mrs. Herbert Savage, Mrs. Stanley MacKenzie, Mrs. Carl Spieske, Jim Sutton, Mrs. James Sutton, Mrs. Jack Refoir and Mrs. Edward M. Apple.

### Wide Network To Broadcast Bishop's Text

Episcopal Congregations in churches across the country will hear a radio message from The Presiding Bishop, The Rt. Rev. Henry Knox Sherrill summarizing the objective of the "One World In Christ Campaign" Sunday, March 12.

In Grosse Pointe and Detroit the broadcast will be heard on station CKLW at 11:30 a.m.

The radio hook-up will be one of the largest ever used for a church broadcast. The program will originate from St. Paul's Chapel, New York.

It will climax a nine-week crusade aimed at informing every member of the Episcopal Church about the work being done by the church at home, overseas and in Christian education.

Members of Christ Church, Grosse Pointe, led by their rector, The Rev. Dr. J. Clemens Kolb, have worked intensively with the national organization.

### U. S. Sues Pointer For 2 1/2 Million

The Federal Government has filed liens against Sam Lucido, a big numbers operator for the Italian syndicate, to collect \$2,479,026.43 in additional income taxes.

Giles Kavanagh, United States collector of internal revenue, in Detroit, said that the taxes are owed on Lucido's income for 1944, 1945 and 1946.

The amount of Lucido's reported incomes and the amount of taxes paid were not disclosed, but agents said the additional taxes claimed would indicate an income in excess of \$3,000,000.

Lucido, 42, of 1507 Sunningdale, Grosse Pointe Woods, is appealing a conviction on a numbers charge.

The Government claims that he owes \$1,241,604.25 for 1944; \$631,303.11 for 1945, and \$606,029.07 for 1946. Lucido's reported occupation was not revealed.

Lucido was convicted on Feb. 11, 1949, as the head of a numbers ring grossing \$3,000,000 to \$5,000,000 a year. He and four associates were sentenced Feb. 28, 1949, to serve one to five years.

Fourteen other defendants were fined and placed on probation. Lucido appealed to the Michigan Supreme Court.

### Bond Issue Approved; Record 5,610 Vote

"Full Speed Ahead." That will be the key phrase for the building program approved by the Grosse Pointe School District at the special election Friday.

The \$3,185,000 issue approved by a vote of 3,666 to 1,503 will be used to complete Parcels Junior High School and Kerby Elementary and new elementary schools on Cook Road and in Gratiot Township. An additional sum of \$1,160,000 from the reserve fund will be used.

John R. Barnes, superintendent of schools said that work on Parcels School will get underway in May. The Cook Road school in June and the others shortly after.

He said the four buildings will be ready for occupancy by September, 1951.

The election saw 5,610 vote, the largest in the history of school elections according to Edmund West, a member of the school board for more than 20 years.

Voters adopted a tax increase to pay the bonds, 3,990 to 1,620. A third proposal, increasing millage for operational purposes, carried 3,908 to 1,694.

Precinct	Yes	No
1-Trombly	193	160
2-Defer	196	248
3-Maire	383	308
4-Kirby	459	241
5-Richard	558	233
6-Vernier	267	233
7-Mason	1,610	233
Total	3,666	1,503

### Candidates To Speak At Rally

Grosse Pointe Woods Civic League is sponsoring a rally for all candidates in the March 13 election, at the Village Hall, Mack at 8 Mile Thursday, March 9 at 8:30 p.m.

Woods residents are invited to attend. Expected to express their views on Village administration are Councilmen Arnold Dising, Leon Ratcliffe and George Gardner, and George Heckendorn, their only opponent for the three vacancies.

A. A. Ghesquiere, president, unopposed, will also speak. Harry Pratt, Civic League president, said that members of the Park Commission will explain the \$81,000 bond issue proposal which will be on the March 13 ballot. The money would be used for park improvements.

### SPEBSQSA To Say It With Songs

The SPEBSQSA Inc. will "say it with songs" Saturday, March 11th at 8:30 p.m. at Pierce Auditorium.

A parade of barber shop quartets will offer a choice selection of ballads, old and new. The voices will include The Clef Dwellers, The Oldtimers, The Four Horsemen, and the local Fourstones, The Twilighters.

The alphabet soup stands for "Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc."

Tickets are available at Belding's Cleaners, Kercheval at Lakepointe, also at the box office.

### Contest Offers Ocean Trips To Prepsters

A prize essay contest, sponsored by the Propeller Club of the United States, is open to all students of local high schools. The prizes include 10 ocean voyages.

The title of the essay is "The American Merchant Marine for World Trade and World Peace."

The winner in the local contest will compete in national competition.

Entry blanks are available at local high schools. The Propeller Club is a non-profit organization dedicated to the promotion and support of the American Merchant Marine.

### Park League Holds Meeting

The Grosse Pointe Park branch of the National League of Women Voters will hold its first general meeting at Memorial center, Friday, March 3 at 1:30 p.m.

Dr. Leif Friedland, from Wayne University, will speak on the "Council-Manager Form of Government." This will be followed by a question and answer period. Mrs. Walker Cislser will report briefly on the organization and administration of the fire and police departments.

### Drunk Driver Runs Amuck on Jefferson

A motorist who zig-zagged across Jefferson avenue and then traveled more than three blocks on the wrong side of the street was scheduled to appear before Judge John L. Potter in Grosse Pointe Park Traffic Court Thursday morning.

Charged with drunk driving is Virgil W. Dixon, 44, of 21700 Grand Lake, St. Clair Shores, a plant protection man at Hudson Motor Co.

Police said that Dixon's car struck one driven by Albert W. Wirta, 36, of 22004 10 Mile, St. Clair Shores, at Jefferson and Anderson.

Wirta, a Lake Shore Coach Lines bus operator, was on his way to work.

No one was injured.

### Burglar Cuts Way to \$200

A skillful burglar who cut a three foot hole through the roof of Miller's Drugs, 14945 Kercheval, Grosse Pointe Park, absconded with about \$200 from the cash box early Sunday morning.

Miss Pat Schneider, 1155 Wayburn, assistant manager, reported to Grosse Pointe Park police.

Miss Schneider told police that she discovered the theft shortly before noon Sunday when she opened the store.

### FOR PARK IMPROVEMENTS Woods \$81,000 Loan Would Not Hike Taxes

Grosse Pointe Woods' \$81,000 bond issue to pay for park improvements will have little or no effect on the present tax rate, according to Councilman Rex H. Johnston.

The bond issue proposal will be on the ballot at the March 13 election.

Johnston, chairman of Parks and Recreation committee, said the bond issue would:

1-Permit almost immediate use of all planned improvements, rather than deferring some utilities for a year or more.

2-Justly equalize the cost by allowing future residents to assume a fair and proportionate share of the expense of the improvement program.

The money will be used to erect a bathhouse, build concrete inner walks for the swimming

### Emergency Crew Organized; Adult Classes Stopped

The prolonged coal strike which has crippled the nation necessitated the following measures in Grosse Pointe:

1-An emergency headquarters was established at Neighborhood Club, 17145 Waterloo.

2-The Adult Education Program at public schools was discontinued Monday. This does not include Parcels and New Kerby classes, these buildings are oil-heated.

3-Steam pressure is cut off an hour earlier.

4-All social activities at public schools have been cancelled.

Harold Husband, of the Board of Education said that if the strike continues another week classes will close at Grosse Pointe High, Mason, Vernier, Old Kerby, Trombly, Richard, and Defer.

Classes will continue at Parcels, Maire, New Kerby and Pierce, all oil-heated buildings.

Parochial Schools will not be affected.

St. Ambrose has plenty of coal. St. Paul's buildings are oil heated.

Grosse Pointe Country Day and Detroit University may be shut down in ten days.

Meanwhile they will continue with full schedules.

Municipal officials met with George Elworthy, social director, at the Neighborhood Club Wednesday to draft plans of operation.

Grosse Pointe residents who are in dire need of coal should call Elworthy, at the Neighborhood Club, TU, 5-4600.

Persons who have surplus coal should also call that number.

Norbert Neff, City clerk, is assisting Elworthy to meet emergency needs here.

Municipal officials report nu-

### Youth Faces Drunk Charge

Grosse Pointe Woods police released Stanley Jozefaki, 17, of Detroit, Monday on a \$100 bond. He is charged with drunk driving. Police said that Jozefaki lost control of his car Sunday on Mack near Lancaster and cut across traffic into a car driven by Ben Hinnan, 26, of Detroit. Hinnan suffered a broken collar bone and internal injuries. He was taken to Saratoga General Hospital. Police said that Jozefaki was also treated at the hospital for bruises. The youth would not disclose where he purchased a bottle of liquor found in his car, police said.

## "WATCH OUT FOR KIDS"

"Watch out for kids: The child you save may be your own."

"Observe national Watch Out for Kids Month by watching out for your child's safety in his home as well as in traffic," the Michigan Department of Health said today.

"Accidents kill 640 Michigan children each year—more than any disease—and over half of these accidents occur in the child's own home."

"A child is not safe at home until his home is made and kept safe for him," the Department continued.

Home fires take terrific toll of Michigan children's lives. Check up on frayed electric wiring, open fuse boxes, shorted appliances and questionable water or home heating equipment in your home. These things caused fires which killed many Michigan children last year.

Suffocation takes a tremendous toll also. Most of the babies who suffocate or smother are under one year of age. Many little children die from drinking common household poisons left where they can get

them—insecticides, laundry bleaches, cleaning or lighter fluids, paint solvents or medicines. Some die when they fall from their cribs, from unprotected windows, down stairs, over railings or into uncovered wells. Others fall into pails of water, ponds or creeks or scald themselves with tipped, boiling fluids. Do something about these dangers too.

Don't leave your children at home alone even "just for a minute," the Department urged. Be sure that the "sitter" is old enough to be responsible and that she know that saving the child's life is her first responsibility.

Watch out for other people's children in traffic, between cars or on crosswalks, but watch out for your own child in your own drive. Know that your child rides only with a competent driver.

Teach your child never to play in or run into the streets, to cross only at intersections and with the light and, more than that, to watch out for careless drivers. The Department concluded.

## DO IT NOW

"Wartime excise taxes, still in effect four and a half years after the war ended, are depressing certain lines of business," says the Houston Press.

"The original chief purpose of these taxes was to discourage travel and business-as-usual, thus releasing transportation facilities, manpower and materials for war work. They continue to serve that purpose when all lines of business need every possible encouragement to produce and sell, thus providing more jobs and more government revenue from individual and corporate income taxes."

The Executive Secretary of the Illinois Federation of Retail Associations said, "If these taxes are not eliminated at once, they are here to stay. They were imposed as a wartime measure, at which time prom-

ises were repeatedly made that they would be removed after the war. Anything less than outright repeal of them amounts to betrayal." He also said that many retail merchants were reducing handbag lines, discontinuing furs, and cutting jewelry inventories to a bare minimum, because of the adverse influence of the taxes on sales. The depressing effect of this is felt by manufacturers, distributors, labor and everyone else involved.

Time is a very important factor in this problem. Retailers find themselves faced with increasing buyer resistance to the affected items, because people are putting off the purchases in the hope that Congress will repeal the taxes. In the interest of our economic welfare, Congress should act without further delay.

## BRA BUSINESS BOOMS

### "Poses" Bring Fortune To Pointe Designer

By JOHNNIE BACHELOR

Postal authorities are satisfied that there is nothing "false" about Poses, the new strapless-tape-on-bra conceived by a Detroit industrialist last summer.

A recent investigation opened the door to the 1950 model scheduled to go sale in Detroit stores this spring.

R. B. Beatson, Postal inspector, said the brassiere lived up to all specifications—as far as mail orders were concerned.

Beatson was called to this unusual investigation when scores of women complained that they were not getting mail delivery as promised.

A few disillusioned ladies stated that Poses allegedly failed to perform as advertised.

One embarrassed wearer, for example, complained:

"They don't stay affixed to the body as described. If I'd dared venture out in them I would soon have lost my dignity."

Designer Charles L. Langs, 39, of 1003 Balfour, Grosse Pointe Park, explained that he had not been prepared to handle the avalanche of orders that arrived shortly after Poses were announced in national magazines.

He sold his "Brain Child" to a New York

textile firm which was able to cope with the demand.

According to a Wall Street Journal report, Yalman Langs netted \$750,000 plus royalties for the transaction.

About the women who were disappointed, Langs said:

"They failed to follow directions."

He stated that more than a million women have purchased Poses, conceived at the suggestion of Mrs. Langs, who sought "something more appropriate for sun bathing and swimming."

The wearer fastens her "Poses" on with an adhesive coated tape around the rims of the cloth cups. The tape is said to stick through sun and water.

Michigan State co-eds, who assisted in an under water test attested to the bra's dependability Langs said.

Available in a selection of colors and sizes, Poses are also appropriate for sports wear and formal dress.

Langs, who once designed grills for Cadillac and Ford, explained that the "cups" can be removed painlessly and leave no sticky residue.

"Though Poses have a 'startling look' from the rear, they are far more conservative than other 'foundation' wear, said Langs."

## MOTORISTS WARNED

### Turn Violations Cause Mishaps

This is the third in a series of six articles on the new accident prevention system adopted by our city.

A left turn often is complicated because the driver may have to cut across the path of oncoming traffic, through a pedestrian crosswalk, and requires all traffic behind the turning vehicle to slow down, stop, or go around.

The new system lists three maneuvers and so attempt to pass specific left-turn violations on the Traffic ahead or to the left of the ticket. The least serious is speed, vehicle making the turn may be as "no signal," meaning the driver is not going to give the hand signal, or the driver is not going to give the hand signal required by law (putting Pedestrians may not figure on the arm straight out) or operate the turn and be hit by a mechanical turn signal.

This failure causes accidents, "cut corner." The driver behind the vehicle must go around the two points about to turn may not expect the formed by the intersection of the

center lines and the near side of the crosswalk, whether painted or unpainted. If the driver cuts inside either one of these, police will stop him.

The most serious left-turn violation is "turning from wrong lane." The motorist must start to make the left turn from the lane nearest the center line. If he starts to make it from a different lane, everyone is confused. A vehicle behind may try to pass. One coming from the opposite direction may try to go straight through. And pedestrians may find themselves trapped.

Regarding right turns, the least serious and most serious degrees are the same as on left turns—failure to give a signal for the former and turning from the wrong lane for the latter.

The more serious right-turn violation is "turning into wrong lane." The driver must turn into the lane of traffic nearest the right-hand curb, otherwise he is violating the law and executing a maneuver which lead to an accident.

## New Recruit

## COAL—Another Nightmare

## IT BEGAN CENTURIES AGO

### Coal Trouble Is Nothing New

A wagonload of anthracite coal would look mighty fetching in anyone's bin today, but as recently as 88 years ago a Philadelphian was arrested for trying to sell the worthless stuff.

The culprit, Colonel George Shoemaker, was accused of perpetrating a fraud, according to Wilber C. Fritz, assistant professor at the University of Pittsburgh and specialist in coal research. As everybody knew at the time (1862) soft coal was the only coal worth burning. Anthracite's superior qualities were discovered too late to do the Colonel much good.

This incident was only one of several controversial episodes in the history of coal, as pointed out by Fritz in his article for World Book Encyclopedia.

The first reference to the use of coal in England dates back to A. D. 852, when the mineral was believed to give off poisonous gases. Still following this theory, King Edward I made the use of coal a capital offense in 1306, and at least one man was put to death for violating the law.

There appears to be a definite tie-in with coal trouble and the speaking of English, as the ancient Greeks and Chinese and got along quite happily with the fuel.

The Greeks used coal several hundred years before the birth of Christ. Aristotle, Fritz points out, mentioned it in his writings; and still another reference is made to the mineral in the Book of Proverbs (26:21).

As usual, China was a little ahead of the game. Coal fires were warning the toes of the ruling Shang family as early as 1100 B. C.

## Letters to the Editor

### TO THE EDITOR:

I have just renewed my subscription to the Review. After being a resident in Grosse Pointe for 20 years, it is most enjoyable to receive the current news you put out here in California.

## Remember

**16 YEARS AGO**  
Grosse Pointe markets were selling smoked hams at 19 cents per pound and butter at 34 cents per pound—all you wanted and no waiting or questions asked.

**11 YEARS AGO**  
The Detroit City Council was informed by the Farms Council that it would oppose any steps of converting the private Alger residence on Lakeshore Road to an art museum.

The estate, valued at \$1,000,000, was offered by Mrs. Alger to Detroit for the aforementioned purpose.

**SIX YEARS AGO**  
1,755 voted no in a Park Election to change the village form of government to a City administration.

**ONE YEAR AGO**  
Dr. Stuart A. Curtis, professor emeritus of the University of Michigan, will address members of the Richard PTA at their next meeting, Tuesday, March 22 at 7:30 p.m. His subject will be "Crumbling Superstitions in Education."

Aileen Spafford, former Home Decoration editor of the Detroit Free Press, is organizing a class in Home Decorations as part of the Adult Education program at the local high school.

## Hit-Run Driver

Edward S. Rieker, 4844 Gray, reported to Farms Police that a hit-run driver struck his car while it was parked near Mack and Tourette. He estimated damage at \$400.

## Wendin Thanks Voters

### TO GROSSE-POINTE CITIZENS:

I wish to say on behalf of all of the members of the Board of Education that we are extremely pleased and gratified with the results of the special election. We have attempted through every channel available to us to present the complete facts relative to the needs of the school district, the proposed methods of financing the program and to answer any and all questions raised concerning the issues involved.

We feel that the results of this election prove conclusively that the people of Grosse Pointe are anxious to provide adequate and balanced school facilities for all children in the school district.

We wish to take this means of thanking publicly the Grosse Pointe Review which so graciously and wholeheartedly aided in the furtherance of this program. We also wish to thank each and every individual who has in any way contributed towards the success of this program. We want each of you to feel that your part has been most valuable in bringing about the conclusive results which will insure a continuance of fine school facilities for Grosse Pointe's children.

As members of the Board of Education we will make every effort to move ahead on the election and equipping of the school buildings which have been approved and it is our hope that some of the units will be ready for occupancy by September 1951 and that the others will be ready as soon as humanly possible.

Again we wish to express our thanks to all who have played a part in this successful campaign.

Sigurd R. Wendin, President  
Board of Education.

## Stresses Need For Children's Recreation

Every normal child needs four hours of physical activity every day, Bernie Falk, Health and Physical Education counselor told the Mothers' Health Education Council at their meeting last week.

Falk emphasized the importance of physical education for the general well being of the child.

"Through this branch of education not only is the physical need stressed and helped, but also the emotional and mental aspects," he said. "These factors are all working together to make for a well adjusted individual."

He said that a child can gain stature and self confidence by doing well in sports.

## Driver Returns to Mishap, Arrested

Sgt. Wilbur LaDuke, Woods police, reported the arrest of Robert E. Cook, 31, of 1595 Ford Court. He was released to Detroit police who had been chasing him for reckless driving.

Woods Police picked up the chase after the Detroit scout car slid into a snow bank on Vernier between Mack and Jefferson.

LaDuke reported that he found Cook sitting in his car at the scene of the mishap.

Police said that Cook was sentenced to 15 days.

A good many people owe their success to their friends—others their friends to their success.

## Goddard Criticizes Schweikart

**Editor's Note:** The following  
statements were submitted by  
Karl B. Goddard, Park coun-  
cilman and candidate for re-  
election, March 13.

"In 1940 the people of Grosse  
Pointe Park went to the polls  
and registered their protest  
against having their government  
dominated by a political boss.  
More people went to the polls at  
that election than ever before. I  
was drafted as a candidate for  
Village president. My associates  
and I pledged ourselves to ab-  
olish a government run by a politi-  
cal boss. We voluntarily turned  
our paychecks back into the Vil-  
lage treasury and served without  
any compensation. Our salaries  
were utilized to help defray the  
salary of a trained village man-  
ager. The council-manager form of  
government was established for  
the first time in our Village.

"The Village commissions that  
have been in office since then can  
be justifiably proud of their re-  
cord. Instead of operating on a hit-  
and-miss basis, a long-range pro-  
gram of improvements was es-  
tablished, new relief sewers were  
built, old sewers which hadn't  
been cleaned for years were put  
in operating condition, streets  
were resurfaced, miles of street  
curbing replaced, and the bonded  
indebtedness of the Village re-  
duced. Improvements were made  
to the Park swimming pool and  
a complete chlorination system  
installed. Other improvements in-  
clude the purchase and replace-  
ment of equipment in the Depart-  
ment of Public Works, Police and  
Fire Departments, Water Depart-  
ment, and the municipal offices.

"This program was carried out  
on a pay-as-you-go basis and in  
the face of steadily increasing  
costs.

"Mr. Carl Schweikart has de-  
clared that he is opposed to the  
council-manager form of govern-  
ment and in favor of a strong  
mayor type of government. This  
in fact would be substituting a  
political figure for a profession-  
ally trained municipal manager.  
The people at the election to be  
held March 13 will have to decide  
on the type of government they  
want for the Village. It isn't a  
matter of personalities. By elect-  
ing a person who stands for a  
strong mayor type of govern-  
ment, the Village will be taking  
a long step backward to where  
we were prior to 1940.

"This matter of a council-man-  
ager form of government is not  
to be confused with the question  
of incorporating as a city. A city  
can have a manager as well as a  
Village.

"A government dominated by  
a political figure is definitely a  
more expensive type of govern-  
ment. Our present Village man-  
ager is a registered civil engineer  
as well as having professional  
training as a municipal manager.  
The fact that he is a civil en-  
gineer has saved the Village his  
salary several times over. We  
avoid the necessity of hiring out-  
side engineers as consultants. A  
political figure at the head of the  
government, whether it is Mr.  
Schweikart or anyone else, could  
not have the grasp or the knowl-  
edge of the problems that affect  
the Village.

"An example of what happens  
when a political boss dominates  
the government of a small com-  
munity can be found by reading  
the daily accounts in the news-  
papers of what is happening in  
Dearborn.

"Although I have served many  
years as Village president and  
Village commissioner, my friends  
have urged me to run again for  
office and I feel obliged to do so  
because I believe the situation at  
present is critical. If Mr. Schweikart  
and his associates are elected,  
I feel that our present form of  
government will be wrecked and  
the work of many years un-  
done. This is particularly true  
with respect to the co-operation  
which has been established be-  
tween the five Grosse Pointe com-  
munities in solving mutual prob-  
lems. Problems are always aris-  
ing between the municipalities  
and it is frequently very difficult  
to solve them. However, in the  
past several years a very fine spir-  
it of cooperation has been estab-  
lished between the representa-  
tives of the Park and the other  
municipalities and a great deal  
has been accomplished.

A typical example is the man-  
ner in which the work of the po-  
lice radio was taken on by all  
the municipalities. We were able  
to accomplish this despite efforts  
of Mr. Schweikart to obstruct us.  
Instead of trying to work with us  
on the most vital services of the  
community, he was constantly  
obstructing our efforts to estab-  
lish proper police radio protec-  
tion. At present there are matters  
affecting the health service and  
other problems concerning very  
important improvements. These  
matters can be worked out sat-  
isfactorily under the prevailing  
spirit of co-operation, but what is  
going to happen to that progress  
with Mr. Schweikart acting as a  
political boss?"

## Boos' Manager 200 To Eat Roast Beef At Cub Fete

Announcement was made  
this week by Mr. Charles  
Boos, of the appointment of  
Mr. John A. Fitch as sales  
manager of Boos Motors,  
Inc., 19391 Mack Ave.,  
Grosse Pointe Woods. Fitch  
has been in the automobile  
field for the past twenty  
years. He is a resident of  
Grosse Pointe. Mr. Boos in-  
formed the Review that they  
are now dealers for  
Plymouth cars, as well as  
Dodge models.

## Cite Bar Owner

A sixteen year old Grosse  
Pointe Farms boy was charged by  
Grosse Pointe Park police with  
using a fraudulent draft registra-  
tion card to obtain liquor at H  
and H Bar, 15136 Kercheval. He  
was found drunk by police.

Det.-Sgt. Arnold Hough said  
that the boy was released to his  
parents pending investigation.

Mr. and Mrs. Henry Kowalski,  
owners who reside above the bar  
were cited to the State Liquor  
Commission for serving a minor,  
Hough stated.

He said that Mrs. Kowalski is  
alleged to have served the boy.

## Death Takes Former Local Business Man

Raymond Van Dyke, age 46,  
affectionately known as Ray to  
hundreds of Grosse Pointers,  
passed away suddenly Wednes-  
day, February 22, following a  
heart attack. Funeral services  
and burial were at Croswell,  
Michigan, Sunday.

The Van Dykes left Grosse  
Pointe about two years ago and  
had been residing in Mt. Clem-  
ens. Recently Mr. Van Dyke be-  
came associated with a well-  
known downtown supper club  
and it was there that he passed  
away. While in Grosse Pointe,  
Ray endeared himself to many,  
especially through his activities  
for service personnel.

A member of the Grosse Pointe  
Rotary Club, Ray had been iden-  
tified with several fine eating  
spots in the Pointe.

He is survived by his wife,  
Florence, and four children.

## Park Studies

Grosse Pointe Park municipal  
officials fear that Detroit's pro-  
posed Riverside Drive would  
cause traffic problems in the area  
south of Jefferson.

Detroit would erect the Drive  
from Belle Isle to Alter Road,  
with west bound traffic moving  
on to Jefferson via Windmill  
Pointe and Bedford.

Local officials prefer to direct  
the traffic to Jefferson from Al-  
ter.

The Planning Commission is  
studying the matter.

## Cub Scout Pack 147 Banquet Monday Proves Big Success

Some two hundred Cubs, par-  
ents, brothers, sisters and guests  
of Cub Scout Pack 147 attended  
a banquet held at 6:30 p.m. Mon-  
day night at Pierce junior high  
school.

Cub Pack 147 is sponsored by  
the Defer School PTA. New com-  
mittee members who went into  
office Monday are: Melvin Huf-  
faker, Committee Chairman; Otto  
Scherer, Sr., assistant chairman;  
C. S. Harrett, Secretary and Mrs.  
E. B. Parsons and Mrs. Joseph  
Rouse, assistants; Paul L. Kol-  
voord, treasurer; Carl Schweik-  
art, awards, and Leslie Pressel,  
supplies.

At Monday night's affair, Pack  
Committee Chairman Otto Scher-  
er, Sr., was ably assisted by Mrs.  
Ernest W. Rapallee and seven  
den mothers in providing a fine  
pot-luck dinner. Tables were gaily  
decorated with blue and gold and  
sailing ships were the general  
theme.

The main guest speaker for  
the evening was Deputy Council  
Commissioner of the Detroit  
Area Council, B. S. A., Mr. Jerome  
E. Friesema, who held the atten-  
tion of the boys during his in-  
teresting and amusing talk. He  
was followed by magician Carroll  
Fox (The King of Corn) who  
held the youngsters spell-bound  
for fifteen minutes with his  
magic. Highlight of his perform-  
ance was when he put the ingre-  
dients for a cake, including a  
raw egg, into the coat pocket of  
Dr. Ben F. Freeman, lighted a  
match to the Doctor's handker-  
chief and put it in his pocket to  
bake the resultant cup cake that  
he pulled out.

Another highlight of the even-  
ing was the impressive combin-  
ed introduction, advancement and  
Webelo graduation ceremony.

## Church Organ Dedication Sunday Night

Mr. Ole Foerch, famous concert  
organist, will play the dedicatory  
recital of the Ruth Raymond Ives  
memorial organ at the Grosse  
Pointe Congregational Church,  
Chalfonte and Lothrop, on Sun-  
day, March 5 at 7:30 p.m. Rev.  
Charles Scheid, pastor, will of-  
ficiate at the dedication cere-  
monies.

Mr. Foerch has for 20 years  
been organist with the WWJ stu-  
dios, an instructor at Wayne Uni-  
versity in composition of music  
for the radio drama and teacher  
of organ at Baldwin studios.

Included in the dedication pro-  
gram will be a group of vocal  
duets by Mr. and Mrs. Vernon  
Gehart, who are well known in  
musical circles in New York and  
Chicago. Both have sung principal  
roles for the Chicago Opera and  
for national radio broadcasts.

The new Baldwin Electronic  
Organ consists of a walnut con-  
sole, eight speakers, baffle boards  
and chimes which are housed in  
the loft at the right of the chan-  
cel; four speakers are placed in  
the loft at the rear of the balcony  
and used for the echo organ.

Following the recital, which is  
being sponsored by the Women's  
Association, a reception will be  
held in the Social Hall. A free-  
will offering will be taken.

Life would be much simpler if  
human's didn't follow the creed  
that the more they have, the more  
they want.

## PAPER DRIVE

Fourteen thousand and forty  
pounds of old newspapers and  
magazines were collected by Cub  
Pack 147 and their Dad's last  
Saturday in the face of near zero  
weather.

The Pack's drum and bugle  
corps, under the able direction  
of Cub Master George Ryerson  
and District 3 Commissioner  
Vince "Doc" Leach, is showing  
fine progress. Drums and instru-  
ments are needed for boys whose  
parents are unable to afford them.

### Blue Devil Cagers Face Highland Park Here

By JOE REDFIELD

Grosse Pointe High cagers are hoets to Highland Park Friday in their last league game. The Devil cagers will be in danger of sharing the B.C.L. title with Monroe, a team they have defeated twice this season. The Devils fell into this danger Friday when they lost to Wyandotte by 31-38. By beating Highland Park for the ninth league win, they will take the championship but if they lose the game to the Parkers Friday they will tie with Monroe. Glenn Courey and Al Mann on the Grosse Pointe team scored against Wyandotte; both made eight points. Hutchinson of Wyandotte was high scorer with 14.

Against Mt. Clemens Tuesday, the Blue Devils started to pull out of their slump winning 55-50. Until the fourth period the Devils were behind in a close fight. With the score tied, Bayard Johnson sank a free throw to put the Devils ahead in the last minute of the game. After the free throw the Devils took the winning lead with baskets by Dick Lowery and

Al Mann. Johnson led the scoring with 17 points, 10 of which he made in the Blue Devils' last period rally. The reserves lost to Wyandotte 23-21 and to Mt. Clemens 12-34.

### Rotary Loop Barbers Trim Mondry Five

Piches Barbers continued their winning streak by drubbing the league leading Mondry Cleaners, 4-0, at the Woods Recreation last week. Since the first week in January the barbers haven't lost a series and although they may not stop the bunting they sure are going to have a lot of fun trying.

Despite the shutout by Piche, Mondry still held onto their top position, all because the next four teams in order failed to win over their opponents. Middle Atl. lost three to Harrison Carpets; G.P. Review dropped four to Farms; Houston won three from P & J Lounge and Auto Club let Earl Holzbaugh take them in, 3-1.

Five teams are now tied for third place and with eight weeks to go, including tomorrow night, a bang-up race for the trophy will be on. Friday's schedule brings together Mondry Cleaners and Motor City Tires, Mondry holding a 2-2 advantage in season play rules the favorite. Middle Atl. with 7 points against Piches, 1 point the Middle should be able to break up Piches' winning streak. Farms Mkt. and Earl Holzbaugh get together for the last time this season, the Earls have it on the Farmer so far, winning 7 and losing 1. Although Kopp's Pharmacy has been only able to win one point from G.P. Review all season, they could pull a surprise. With four wins apiece, P & J and Auto Club will do battle on alleys 5 and 6. Houston and Harrison each have won four and they'll do their stuff on the last pair of alleys.

**Reserve Cagers Beat Ferndale**  
Devil reserves lost to Wyandotte last Friday 23-21. Larry Kennedy was the high-point man for the Blue Devils, scoring six points. The reserves just didn't have enough steam to win, but you can give them "A" for effort.

A week ago, in one of the most thrilling reserve games ever seen in the Grosse Pointe gym, the reserves beat the Ferndale reserves 43-42. The Devils were behind until Bill Tyson sank one from the sidelines, tying the score 41 all. Then a Ferndale boy sank a free throw, but when he threw the ball out, George Parker got his hands on it. George dribbled down the floor and tossed a swisher from the Devil 10 second line to send the Grosse Pointe reserves out in front 43-42.

### Tankers Trounce Oaks 50-31

Grosse Pointe scored a surprising 50-31 victory over the league champions, Royal Oak, last Friday to take sole possession of second place in front of a strong Monroe squad.

Breaking his own pool record in the 100-yard breast stroke by 2/10 of a second and unofficially bettering his national record in the individual medley by one full second, Jerry Nay showed the form that makes him one of the best swimmers ever to come out of old G.P.H.S.

Never to be denied, Robin Hesse also showed great speed as he took two firsts in the 40- and 100-yard free style. Both Roe and Wayburn, seconds to Hesse, beat him at Royal Oak.

The turning point of the meet came early when Heath and Novak slammed the back stroke for an important seven points. Leading by 14 counts going into the diving, the Devils picked up six points on a first and third, virtually sewing up the meet.

Needing only to finish in the last two relays to pick up enough points to win, the medley relay capped a first place for good measure and gave the team a well-earned victory.

The win marked the last home meet for a number of swimmers. They are: Jerry Nay, Rick O'Connell, John Chase, Ross Heath, Hap Watson, Dan Barrett, Jim Rogers, and Ted Shannon, all in the 12A.

With only the state meet remaining the Devils finished up a very successful season.

### James Waller To Address Camera Club

Demonstration on print finishing will be given on Tuesday evening, March 7, by James Waller, well known photographer, before the members of the Grosse Pointe Camera Club.

Mr. Waller will show the technique of spotting, mounting and varnishing the print. These are items that have bothered every amateur and the lecture being in such able hands, will give the audience much help with their individual problems.

Mr. Vincent Ayres, president of the Club, also has announced that at the close of the talk, there will be judging of prints submitted by the members.

The meeting is open to the interested public and will be held at the Neighborhood Club in Grosse Pointe.

### Dry Gas Tank Leads To Mishap

Mrs. Vera Kuhn, 53, of 687 Ashland, suffered severe cuts on her face and hands when the car she was riding in struck an auto which had run out of gas at Charlevoix near Neff. She was treated at Bon Secours hospital.

Motorist Ralph Pulliam, of 218 Merriweather, was given a ticket for not having his car under control, Park police said.

Pulliam's car struck one owned by Theodore Cimbal, 5039 Lakepointe, who was out after gas. Mrs. Cimbal was in the car at the time. She was not hurt.

### Park Citizens Group Explains City Benefits

(Continued from Page 1)  
out additional cost conduct a number of important Township functions, so the owners of our community would be paying once, rather than twice, for such services.

For example, our homes are now assessed for County and School Taxes by the Township, and again for village taxes by the village assessor. Then, more duplication, there are Boards of Review in both governmental units. Certainly, one Assessor and one Board of Review is enough for taxpayers of the Park, and that is what we get if we become a City. Then one Assessor and one Board of Review would take the place of two, with of course a saving in administrative cost.

The same simplification and saving applies to the collection of taxes, and to a number of other governmental services now being performed in two separate places, and paid for twice, by the Park's home-owners. The village taxes are due in the summer, and county taxes in the fall. Our treasurer can perform both functions without any additional staff whatever.

Salaries and expenses of the Township Supervisor, Township Treasurer and Township Clerk now total \$17,400 a year. What do these officials do for the home-owners of the Park, that could not be done under city "home rule" by the Commission, Manager, Treasurer and Clerk of the Park? Bear in mind that the Park will now stand more than 57 per cent of the upkeep cost of the Township government, unless it eliminates duplicating costs and functions by becoming a City.

What would happen to the present confusion of many different voting places?

Simplifying of elections, and elimination of the vast confusion that exists about when and where to vote in township and village elections is given as another important reason for the converting to a City. Under the present confusing setup a voter to cast his ballot in national, state and township elections, must be registered with the township office and must vote at least once every four years to maintain his right to vote. Likewise, for village elections, he must be registered in the village office and must vote at least once every four years in village registration rolls shows that the right to vote has lapsed in the case of a surprising number of village voters, who are unaware that this has happened, so confusing is the voting situation described. Under city incorporation, only one registration would be required for national, state, county and city elections and a ballot cast in any of these elections during any four year period would protect the voter's right to vote.

Present village elections are held in the early spring; township elections are held in the late spring; voting places are different for most voters for the two elections to add still more to the confusion. City incorporation could easily pave the way for local elections that would coincide with state and national elections, reducing the number of elections for the voters of the Park. This simplification would obviously mean participation in elections by more voters. The need for this is indicated by the fact that of an estimated 8,000 eligible voters in the Park, there are now only about 2,800 registered, and in the last four annual village elections an average of only 566 votes has been cast.

What about representation on the Wayne County Board of Supervisors? By becoming a City the Park would also have two of its own representatives to fight for its interests on the Wayne County Board of Supervisors. There is

now one Supervisor to represent the Township as a whole.

What effect would this have on the nice residential character of our community?

The suburban atmosphere of the Park can be maintained by vigilance of the voters in electing officials who will protect our zoning laws, and it makes no difference in this respect whether we are called the Village of Grosse Pointe Park or the City of Grosse Pointe Park. Certainly, our neighbors, the City of Grosse Pointe, have suffered no deterioration in the character of their community as a result of their move, years ago, in freeing themselves of the burden of the Township and running their own community affairs as a City.

What about health services?

The Township has rendered health services for all of the Grosse Pointe area, but has notified the residents that it will discontinue this service this spring. Arrangement has been made with the county to assume such health services. Better representation on the County Board of Supervisors, that would result from City incorporation, would help to insure the proper amount of health service for our community.

What about the judicial system?

Justices of the Peace would be elected by residents of the Park rather than by all the residents of Township. Two of the present Justices are residents of the Park and would qualify in that way for City Judgeships.

What about the "Manager" form of government?

The only change need be in name, calling the "village manager" a "city manager" instead. The Citizens Association was instrumental in bringing the manager form of government to the attention of the voters, and strongly endorses this type of government which from all evidence has worked out well during the years it has been in operation in Grosse Pointe Park.

How do the residents of the City of Grosse Pointe feel about their form of government?

We have yet to hear of a single resident of the neighboring City of Grosse Pointe who advocates returning to the village form of government.

How do the commissioners, candidates and others, feel about the City proposal?

Both Homer C. Fritsch and Carl Schweikart, opposing candidates for the presidency of the Park have declared in favor of converting to a City (Mr. Schweikart's recommendation is even more impressive because he is the present head of the Township, which would lose control over the village if this change were made).

The study committee headed by William Gillett, which was appointed by the Village Commission, reported unanimously in favor of city incorporation.

Directors of the Citizens Association of Grosse Pointe Park unanimously favor the change to city form of government, as it is understood, do all members of the present village commission, and most of the candidates for the commission who will be voted on the March 13th election.

(Continued from Page 1)  
merous calls from persons seeking fuel: About 15% of homes here are coal heated.

Grosse Pointe Libraries are all oil or gas heated and are not affected.

The War Memorial Center uses oil fuel, and will continue with normal activities.

The basketball game between Highland Park and Grosse Pointe High will be played Friday night but the local gym will not be heated. The school pool and gym classes were closed Monday.

Husband said that about a ton of coal remained in the Board of Education office.

"We may have to move to other quarters," he said.

Cottage Hospital officials said that they have about a ten-day supply of coal.

"After that we don't know just what we'll do," said an official who asked that her name be withheld.

Bon Secours, the other, local, hospital has enough coal for the winter.

Grosse Pointe Bank's George Reno said Wednesday that about ten days supply of coal was left.

Young Playgoers Enjoy Children's "Cinderella"

The enchantment of one of the world's best-loved fairy tales was brought to the footlights of the Scottish Rite Cathedral in the Masonic Temple last Tuesday afternoon, when the professional adult actors of the celebrated Clare Tree Major Children's Theatre of New York presented "Cinderella."

Young Grosse Pointe playgoers who enjoyed the popular play based on the ageless story of the oppressed little kitchen drudge who became a princess, were Jean Joan Baer, Clifford Brunk, Jr., Tony and Anne Clark, Buddy Lott, William Linn Montgomery, Mary Malott.

Still other junior theatre-goers from the Pointe, that saw "Cinderella" which introduced locally, professionally speaking, Eve Ann Schneider, a Detroit girl, who was cast as the fairy godmother, were Bain and Carlos James McKinney, Jr., whose mother was Ethel Norris of Broadway fame, before she decided on marriage for a career.

"Cinderella" has, indeed, all the elements which makes an appealing story: suspense, mystery and romance.

The stage version of "Cinderella" was the February offering of the Children's Theatre of Detroit was brought here by Corinne B. Ferguson.

Mary, known to the members of the University Theatre as "Mack," is now in her junior year at Wayne University and is majoring in speech.

Neighbors Joined In Marriage

When Jack Allen Kerns of Moran Road took his former neighbor, Mary-Jo Roesch, as his bride Saturday in the Capilla de San Antonio, Orange, California, the daughter of the Henry J. Roeschs chose an off-the-shoulder ballerina gown of white lace over white taffeta.

Light blue, ballerina length, was the style gown worn by maid of honor Natalie Chisholm of Montreal, for the ceremony held in Orange, where the Roeschs now live.

The son of the John H. Kerns was assisted by best man Dick Anderson of Los Angeles, and ushering were James Hess of Orange, and Herbert Hill of Alhambra, California.

The bride's mother appeared in an afternoon French blue crepe dress, while Mrs. Kerns donned a navy blue faille suit.

The bride changed to navy and white British tweed with navy accessories to honeymoon in Palm Springs after the reception.

AAUW Meets

The general meeting of the Grosse Pointe Branch of the AAUW will be held Thursday, at the Memorial Center. Following the election of officers, there was to be a book review by Mrs. Morrison Boothe of the Grosse Pointe Library.

Cooling-off periods in some endeavors may serve a purpose—but in marriage it is the beginning of the end.

St. Paul Hi-Lites

The Juniors are feeling mighty low. During the past week they've been moaning and groaning and for a very good reason—they lost both basketball games.

The first game, played between the Junior, Senior girls on Monday, February 20, was a very close one. Throughout the first quarter the Seniors were ahead by a wide margin, but as the game progressed the Juniors tied it up 31-31.

Determined to win the second game, played Friday between the Junior, Senior boys, the Juniors fought hard and long to squelch the Seniors' lead over them. Time and time again they got the ball down to their end of the gym, but when it came to sinking the ball, they just couldn't seem to find the basket.

Many of the Seniors who gathered at Betty Di Paola's home Tuesday night for a Senior Class party were Mary Ann Burlingame, Pat Gant, Mary Lou Vernier, Duke Dulka, Chuck Boulton, Duke Quirk, Gloria Luffey, Pearl Frontera, Carol Staub, Jack Boomer, Bob Berg and Larry Reynolds.

Those playing cards and listening to records were Connie Curran, Bob Modaff, Chuck Alaska, Denny Roehl, Tom Wyllie, Pete Belanger, Sue Sharrow, Fred Maddock, Zeno O'Brien, Medard DePre, John Kramer, and Jack Pollick.

Making the most of the snow and ice that has covered the hills and lakes in the Michigan area, Joan von Rosenberg and Rob Barie, Mary Ann Burlingame and Don Faquette, Sally McKernan and Jan Drake, and Bob Hollar and your scribe spent Sunday tobogganing and sledding at Jan's cottage on Lake Angelus.

Congratulations go to the girls' varsity team who played an excellent basketball game Sunday with St. Gregory's, west side champs. Winning this game, the first of the playoffs for the city championship, with a score 23-19 gave the girls the title of east and west side champs for the high school division.

Mary Margaret Van Damme invited Jack Trombley, Dave McCarron, Carole Carter, Margie Beste, Glen Walters, Jack Carroll, Corky Sierens, Janet Oxley, Donna Mayo, Jim Hoskins, Marilyn Sutherland, and Al Beste over to her home Saturday evening for a sweet sixteen birthday dinner.

## Arthur Murray's School of Dancing

Michigan's Most Distinctive Studios

The nationally-known Arthur Murray Studios have taught more people to dance than any other school of dancing in this country.

This popular unit is located in downtown Detroit at 1209 Washington Blvd. corner of State st., and features instruction in Waltz, Fox Trot, Rhumba, Tango, Samba and Jitterbug, and provides instructors who are well known and accomplished members of the profession. Rates of tuition are reasonable.

By means of this Trade Review we are pleased to be permitted to refer a local studio of dancing of such a character to all our suburban people. The institution is

under the highly efficient direction of a well-known member of the profession and a successful instructor.

The student here has the added advantage of instruction by eminently successful and accomplished dance instructors who have the student's interests at heart.

Dancing is one of the necessary prerequisites of a social education, bringing out and developing the innate poise and grace which is a part of every nature, when properly trained.

Along with the plans for your recreation throughout the current season, why not add a bright spot

to it by including a course in dancing. It will break the monotony of every day life and a feeling of pride and graceful carriage will be noted as you progress.

Dancing is one of the most healthful exercises and adds grace to your every movement.

The Arthur Murray Studios of Dancing have won wide public favor by means of their ability to produce some of the finest dancers in the country.

Why not give some member of your family or a friend one of their popular "Gift Certificates" as a birthday, wedding, or anniversary present.

qualified and dependable organization upon the title of their contemplated purchase. For reliable service, consult this firm.

You cannot afford to run the risk of your title proving cloudy when this prominent organization will look into the matter for you. It is mighty poor business to take such a risk in this day and age and when the cost of abstract is so small.

It is a pleasure in this Business Review to compliment this worthy organization upon their success and we assure the people that it will be to their interest to consult them when in need of such service.

Their offices are in Downtown Detroit at 350 E. Congress street. Phone Woodward 2-9800.

## Carl's Bar and Chop House

One of Detroit's Finest Restaurants—Famous for Fine Foods and Beverages For Over a Quarter of a Century

In making this review of our leading business concerns it is indeed a pleasure to have the opportunity of calling our readers' attention to a few of the facts, of why this popular meeting place has gained such a strong hold on the hearts of our people. It is under the personal direction of Mr. Rosenfeld who has a long record of satisfactory service in this field.

Carl's Bar and Chop House is located at 3020 Grand River Ave., and has become so popular because of the fine foods and

beverages, courteous and interested service of the personnel, the pleasant surroundings, and the moderate cost involved.

There is never a cover or minimum charge and they provide a complete line of high quality beer, wines, liquors, and mixed drinks. In addition they specialize in complete dinners which are prepared under the supervision of trained chefs who are backed by years of experience.

If you are looking for a place to take your family or guests

for a quiet and enjoyable evening out, it will pay you to stop at "Carl's" whether it is for a sandwich or a full meal. Here you may dine at leisure and enjoy the famous food of this famous restaurant which is known throughout Southern Michigan as a gathering place for social and business leaders.

## Friends Support Leon Ratcliffe

The many friends and supporters of Leon D. Ratcliffe are urging his re-election for a further term on the Village Commission of Grosse Pointe Woods.

They point out that during his first term he has made an enviable record. He has taken an active interest in the Woods Police Department and the pension plan for village employees. He is now serving as one of the trustees of the board administering the village pension plan. He is also a member of the committee recently appointed to study the merits of city incorporation. His candidacy is endorsed by civic leaders from all sections of the Village.

Mr. Ratcliffe is a graduate of the Harvard Law School and has resided at 1080 North Oxford since 1939. He is associated with a Detroit law firm.

## Blanks Ready for Kiwanis Talent Show

Application blanks for the Grosse Pointe Kiwanis Talent Scholarship contest can be obtained at the Neighborhood Club, Grosse Pointe High School, St. Paul School, and any public library here.

The applications should be filled out and returned to any of the aforesaid locations.

Any boy or girl attending local schools is invited to enter the contest.

Scholarships will be awarded to those judged most promising as vocalists, instrumentalists, dancers or any other talent.

Date of the first audition will be announced shortly. Winners will appear on radio and television programs.

Any business that stands still is a monument to the past, rather than a promise for the future.

## 12 Years Service Back Diesing

Arnold L. Diesing, who has served Grosse Pointe Woods as a citizen and as a public official for 12 years, is seeking re-election to the Village Council, March 13.

Highly interested in the welfare of youth, Diesing organizes the Grosse Pointe Baseball League. He is also a charter member of Cub Scout Pack 290 and is chairman of Sea Scout Ship 680.

He is the originator of the Annual Kiwanis 4th of July Picnics.

Associated with Travelers Insurance Co., for more than 20 years, Diesing lives at 1419 Roslyn with his wife and two sons.

## Choir Program

On Wednesday, March 8, at 8 p.m. at Faith Lutheran Church, E. Jefferson at Philip, there will be a program of sacred music by the Senior Choir of Faith Church.

#### Summary of Proceedings, Regular Council Meeting

FEBRUARY 20, 1950

Present: Mayor William F. Connolly, Jr. and Councilmen Henry H. Hunsard, John M. S. Hutchinson, William G. Kirby, Neil S. McEachin, Richard L. Maxon, and George L. Schlaepfer.

Absent: None.  
Meeting called to order by the Mayor at 8:00 p.m.

Minutes of the meetings held on January 30, 1950 and February 13, 1950 were approved.

The Clerk's report on General Fund Operations for the eleven (11) months ending January 11th was approved.

The Grosse Pointe Rotary Club's request for cooperation of the city in its adult education program was tabled to the March regular meeting.

The attorney was requested to draft the following ordinances:  
1. To provide for an alternate justice.  
2. To regulate weights and measures.

The Wayne County Treasurer was authorized to act as agent for the Parks and Recreation Commission and receiving of monies from property owners to request the withholding of properties from auction sale.

Two special bills were approved for payment.  
Workmen's compensation insurance coverage was renewed with the Employers Mutual Liability Insurance Co. of Wisconsin, present carrier.

The application of Meyerhous Builders for permission to erect a new building on the corner of Mack Avenue and Calvin Avenue, United Realty Co. Inc. Engineer for non-compliance with Section 3.08-9, of the Zoning Ordinance, because the rear 20 feet of the property was not being reserved for parking, was ordered referred to the Board of Appeals for hearing to be held at 8:00 p.m. Monday, February 27, 1950.

The Engineer reported that complete cooperation was not given by the property owners of the Mack Avenue alley between Kerby and Calvin Avenues. A hearing will be held between Fisher and McKinley. The matter was ordered tabled pending the adoption of a special assessment ordinance.

The Council approved changing the Parking Meters on Kercheval between McKinley and McMillan to permit 2 hour parking for five (5) days a week.

Minutes of the Fire Chief and Treasurer for January were approved.  
The Building Department was authorized to issue permits for the construction of homes on Lothrop Road west of Ridge Road with the understanding that property owners are fully aware of the standard fire codes still uninstalled.

The Council voted to continue seven (7) voting precincts modified to reflect 1950 population, suitable locations and future growth.  
The Council approved and adopted the following budget for the fiscal year ending March 1, 1950 to June 30, 1950, required by the Michigan Constitution, which changed the fiscal year to the period of March 1st to February 28th to the period of July 1st to June 30th.
