PREPARING FOR ANNUAL SCHOLARSHIP BRIDGE

—Photo by Dee

Final preparations for the annual Spring Card Party of the Mothers' Club of Grosse Pointe High School on April 29, are being made by Mrs. Robert B. King, Lincoln, Mrs. Lamar Newberry, 231 McMillan, and

Mrs. Robert T. Schaller, 1140 Yorkshire. Proceeds from the party are to be used for the Mothers' Club scholarship fund.

Clean, Safe Pointe Is Objective

Grosse Pointe Clean-Up Week, beginning April 23 through April 30, took on impetus when members of the Clean-Up Committee lunched Wednesday with the Municipal Officials of Grosse Pointe, at their invitation, at their regular monthly meeting at the War Memorial Center. Members of both groups discussed the objectives for Clean-Up Week and mapped out a campaign of action.

In an interview with committee members at the meeting, Mrs. Matthew Houghton, Chairman of Clean-Up Week, pointed out that a clean community not only makes for better health and safety, but protects property, prevents waste, and enhances property value. Mrs. Houghton's committee, which has been coordinating and formulating plans for the week of concentrated polishing of our community, inside and out, takes a long-range view of the project.

It is hoped that Grosse Pointers will be so proud of the results of their efforts that they will continue to pick up and clean up every day of the year. Mr. Frederick Schumann, president of the Grosse Pointe Garden Club Council, said that the belief was that Clean-Up Week would eventually lead to a study of the trash and garbage collection system throughout all the Pointes, which might lead to improvements such as new light-weight covers for garbage trucks, easy to manipulate, and a tidier system of collection which would prevent scattering of papers and debris along streets and curbs.

Mrs. Fleming, Education Chairman for Clean-Up Week, has said that during her investigation of the community's needs, she found that some of the worst debris centers lay around new buildings, where refuse had not been cleared away. Mrs. Houghton urged everyone to start inspection of their homes and neighborhoods now, so that cleaning up will start immediately. There is much that can be done in preparation, such as provision of suitable containers.

Grosse Pointe's new Automobile Club of Michigan home will have its formal dedication and Grand Opening Friday, April 21, at 8:30 a.m. when Club President Roy Hood cuts a ribbon stretched across the pillars of the structure at 15415 East Jefferson Avenue.

The new colonial-style home of 15,000 Grosse Pointe Auto Club members has been called the finest Automobile Club building in the world. Club buildings all over the country were studied and the best and most modern features of each incorporated into this one.

Following the ribbon cutting ceremony, the building will be thrown open to the public for inspection.

On hand to greet Grosse Pointe members and residents will be Auto Club general manager Richard Harfst; Detroit Automobile Inter-Insurance Exchange general manager Howard Brown, Club President Roy Hood, Club board of directors members, Division Manager George Measel, members of the Grosse Pointe staff and other officials.

Open house at the new Grosse Pointe building will extend over a two-day period, Friday and Saturday, April 21 and 22.

"I sincerely hope all Grosse Pointers will come in and see our new home, get acquainted with our staff, and see the manifold services of the Club in action," said George Measel, Grosse Pointe Division Manager, yesterday.

Residents Granted Hearing

Property owners on Neff Road appeared at the City of Grosse Pointe Council meeting Monday night to demand a hearing on the proposed subdivision plat between Neff and St. Clair, south of Mack. The property in question, owned by Henry Huvaere, Jr., was discussed at a meeting of the Building and Zoning Commission of the City of Grosse Pointe and tentative restrictions approved last Saturday. Property would be limited to single-family dwellings one and one-half story high. One-way traffic would be required on the street which would be at least 20 feet wide between curbs.

A five-foot sidewalk would be laid on the westerly side of the street and a 20-foot paved alley would be provided by the subdivision. Buildings would be set back at least 20 feet from the front of the garage or house to the lot line.

Norbert Neff, City Clerk, stated a hearing would be granted to the property owners.

A six-million dollar building peak in Grosse Pointe Woods that has never been exceeded in former years was announced by Philip Allard, Village Clerk, this week. At the close of the fiscal year, April 1, 1950, 651 building permits had been issued with an estimated \$6,453,682 to be spent for construction.

Figures for March alone in 1950 showed that permits for single homes numbered 72. During March of last year records indicated that 32 permits for single residences had been issued.

"It is very likely," says Mr. Allard, "that this year will reach an even higher peak in construction in Grosse Pointe Woods."

The number of single homes for which permits were issued last year was 443 with a valuation set at \$5,691,504. Permits were also issued for 156 garages at a cost of \$109,278.

Eight stores are being erected at a cost of \$72,200 and two office buildings will take the combined total of \$33,420.

Additions to property number 41 and will cost \$47,280. The Protestant Children's Home is estimated at \$500,000.

Members and invited guests of the J. T. Wing Committee Detroit Historical Society on board the Schooner "Wing" at Belle Isle this morning to see the largest on the lakes passing her maiden voyage.

"Fight Communism Intelligently!"

"Let's Fight Communism Intelligently" urged Mr. Alberto Billalón of Chile, who addressed Grosse Pointe Rotarians Monday at the Memorial Center at the club's annual Pan-American program.

Verbatim reporter for the Chilean Parliament for seven years, now on leave, Mr. Billalón is a law graduate, working on his doctor's in Library Science at the University of Michigan.

Our State Department and FBI estimate that there are well over half a million Communists directly identified with Moscow in the United States, said the speaker, adding that they are not only around us everywhere but also among us.

The populous countries of Russia and China, now under the Kremlin's hand, contain about one-third of the population of the world today. And, said Billalón, Latin America is a ripe, fertile and active field for Communism.

"The United States and the world are failing in their fight of Communism because of the lack of a constructive program of action," said the speaker, who added that Communism is not of the mind or of the heart, but of the stomach. There is where the communists have beaten us to the punch.

Billalón attacked American imperialism and dollar diplomacy, both of which, said he, had injured our good neighbor status with all countries south of the border.

America's hope, and the hope of the world, in the fight against Communism is an intelligent effort to project American idealism on the peoples of the world, concluded the speaker.

Woods Gives Temporary Nod to Plat

Objections registered by the Hawthorne-Hampton-Roslyn Protective Association to the subdivision of an extended area between Hollywood Avenue between E and W Streets were resolved at a Tuesday night Council meeting when it was revealed that the revised subdivision plat of the area had been made.

This revised subdivision plat was tentatively approved by the Grosse Pointe Woods Council. To conform with protests previously registered by the Hawthorne-Hampton-Roslyn Protective Association, the proposed subdivision has increased the size of the lots to correspond with the width of lots in the neighboring area.

Square foot area of the homes has also been increased so that they will be in keeping with homes on adjacent property. Frame houses are not to be permitted in the subdivision. Combinations of brick and frame brick veneer and stone are permissible.

The Council added that Mr. Scudley will submit a bond to be used to absorb the cost of construction of a bridge on Hollywood over the Milk River.

"Why"—Such An Interest On School Bonds

The New York Times on Thursday, April 13 and the Wall Street Journal, April 14, made special stories over the low interest rate obtained by the Grosse Pointe School District in selling \$3,185,000 in general obligation bonds at an interest rate of slightly over 1 1/2% to Lehman Brothers & Associates of New York, on April 12 as reported in last week's REVIEW. The rate was 1.3616, lowest known interest rate ever obtained by a Michigan school district.

The reasons behind the scenes were obtained from the Board of Education this week and reflect immense credit support in the neighborhood last Friday. The pilot, Joseph, photographer, 2601 Newport, was released by police officers on \$50 bond.

citizens who served the district in an advisory capacity. Immediately after the approval by the voters in February of the \$3,185,000, a group of local experts in the bond field, serving on a voluntary, without-pay basis, went to work on an analysis of the financial condition of the School District and prepared a resultative to bidders by establishing, among other things:

- 1) The school district has never defaulted on interest or principal payments on any school bonds, even during the darkest days of the depression when many districts of the State were defaulting and refunding.
- 2) Even considering the sizeable bond issue, the bonded debt ratio of the Grosse Pointe School District is still low and not large compared to its resources and physical equipment.
- 3) The levy to meet the interest and principal is mandatory, according to the terms of agreement, until all callable bonds are paid off, making the issue attractive to purchasers who would thus be assured that monies would be available to meet interest and principal obligations on schedule.
- 4) The record of the operation of the School District presents a very sound financial picture. Operation has always been on a strict budget and the budget has been kept in balance.

Target Practice

Residents in the vicinity of Charlevoix and Hampton were without streetlights last Sunday night after several youths concluded a session of target practice with B-B guns.

Another case of destruction of property by B-B guns was reported by Walter H. Mast, Eleven windows were broken in his home under construction at 1447 Sunningdale.

Motorcyclist Hurt

William J. Holt, 29, was taken to Sagatoga Hospital for treatment of a head injury sustained when his motorcycle struck a car driven by Frances Mayfield, 4876 Marlborough. The accident occurred at Fairholm and Mack last Saturday. Holt resides at 28113 Shock, St. Clair Shores.

Stunt Pilot

A Piper Cub plane flew 300 feet over the City of Grosse Pointe municipal offices and Bon Secour Hospital, terrifying residents in the neighborhood last Friday. The pilot, Joseph, photographer, 2601 Newport, was released by police officers on \$50 bond.

THE REWARDS OF SERVICE

It is not always that the dollar yardstick can be laid on the project to determine the actual value of citizens service to the community.

The very nature of our communities and our government is such that the dollar and cents savings through the contributions of service by public officials often escape notice.

Thankless, it seems, hours of study, toil, research and meetings have run our communities for years, seeing them born into Villages and graduated into Cities.

We are thinking of the men and women who have applied themselves to those tasks, often without thanks and too often, it must seem to them, for only criticism. Then along comes another service to

the taxpayers of the community, which bore fruit in the saving of thousands of dollars a year in interest that can actually be measured. See page one story on "Why—Such Low Interest on School Bonds."

Here is a concrete example of service, to which the dollar yardstick can be applied.

And, immensely deserving of full credit for the coup were the men who served with the Board of Education and the Superintendent of Schools as the Grosse Pointe Citizens Financial Advisory Committee. Turn now to page one and re-read their names.

It would be only fitting to properly thank and salute them!!

WARNING TO SPEEDSTERS

Are you speeding into spring? This is the time of year when the air seems fresher and the world takes on a brighter hue. It is the time, too, when future stars on the baseball diamond dart into streets to catch pop flies. Children lost in their daydreams wander happily home from school and in every neighborhood there is the familiar sound of roller skates grinding over the pavement.

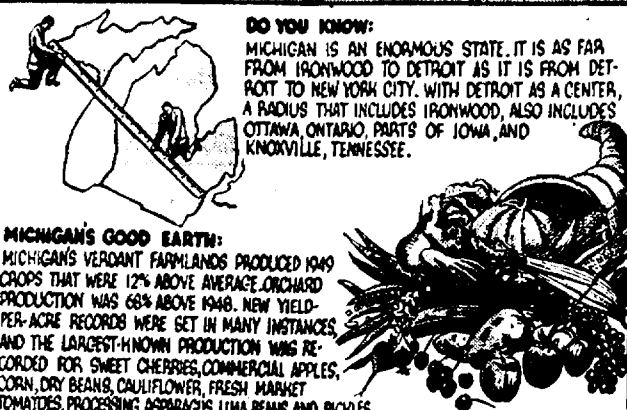

The temptation is to hustle home or to the office. Think twice before you exceed the speed limit. More than 400,000 casual-

ties in 1949 were the direct result of speeding. Speed has been causing a greater percentage of accidents year after year.

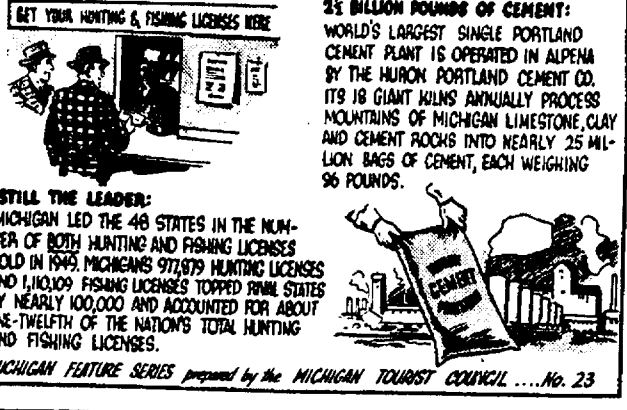

Traffic laws and law enforcement are part of the answer. Without the cooperation of every driver these mounting statistics cannot be curbed. Take every opportunity to practice safety.

When you drive where children are at play be prepared to stop suddenly. Look out behind parked cars. Thoughtful drivers are humble drivers. Humility is a virtue which could save the life of a child.

Woods to Get New Wilson Dairy Store

Construction is well along on E. Ricelli's second Ira Wilson and Sons Dairy store in Grosse Pointe at Mack and Rosse roads in the Woods. Completion and opening is expected about June 15.

Mr. Ricelli states that the second store will follow the same design of his Mack and Washington dairy store, handling a complete line of Wilson dairy products, including cream, with ice cream and candies, with sandwiches featured at a soda bar.

The first Wilson Dairy store in Grosse Pointe was opened by Mr. Ricelli on June 18, 1948 and has received wide patronage and succeeded in his management.

Mr. Ricelli was in the food business before the war, in which he served with distinction as an officer in the Pacific theater of operation. After leaving the service, he was with the Shops, Inc., as manager in Birmingham and subsequently in Penobscot building.

Clean Up Week Is April 23-30

(Continued from Page 1)
for rubbish, and tools for tidying up.

Fire Prevention is a major part of the objectives set for Clean-Up Week, as is made clear in bright red lettering on the posters which are appearing all over town. Now is the time to check on faulty wiring, defective furnaces, sooty chimneys and stoves and clothing and rubbish placed too near heating apparatuses.

Members of the municipal officials who were present at the luncheon Wednesday had already voiced confidence in the Clean-Up Campaign, although it has been pointed out that some city and village pick-up departments are not equipped at this time to give extra days of service. The Farms City has reassured Mrs. George B. Duffield, chairman in that area, that extra pick-ups will be supplied in the Farms when necessary to handle the extraordinary trash and debris which householders are expected to amass from house and yard and empty lots. The only stipulation is that all extraordinary rubbish be placed between the sidewalk and the curb to facilitate collection.

It is also urged that as much cleaning up as possible be done the week-end of April 22 and 23 so that collections can be made early, thereby assuring a spotless community by the end of the week. Residents of communities other than the Farms may count on collection of extraordinary debris as quickly and as efficiently as possible. Citizens are also reminded that it is against regulations to burn leaves between the sidewalks and curbs. Damp or burned leaves, branches, brush, will be carted away as quickly as possible.

It will require the individual effort of every man, woman and child to make a real success of Clean-Up week, Mrs. Houghton said. But with the splendid support already promised by schools and organizations, garden clubs, merchants, and many individuals, as well as local governments, it must be a success. Schools, particularly, have outlined an effective program for Clean-Up Week, and are expected to launch a long-term educational project among all students, with the aim of developing civic pride in keeping their own school grounds clean. Our goal is a spotless community. As we all know, our individual homes are only as clean as the surroundings in which we live.

Present at the luncheon were Mrs. Houghton, Mrs. Thomas Mann, chairman of luncheon plans, Mrs. Schumann, Mrs. Arthur Fleming, Mrs. H. Hunter Williams, Mrs. Harold Bailey, Mrs. Kenneth Beardslee, Mrs. Henry B. Jop, Jr., Mrs. George B. Duffield, Mrs. Donald Hanna, Mrs. John McCaughey, Toni Ebner, Robert Edgar, Vincent De Petris, Edmund West, Norbert Neff, Dr. Tom Davies, Philip Allard, William Stammen, Harry Furton, Carl Schweikert, Harold Husband and Forrest Geary.

Health Dept. Reports on Skeleton

The mystery concerning the skeleton remains reported by Grosse Pointe Farms Police on March 30 in the vicinity of 234 Stephens was clarified somewhat in a Michigan Department of Health report that claimed the bones belonged to a young girl who was buried at least 20 years ago.

From all the evidence the report stated that the remains had probably been placed in a rough coffin made of boards nailed together with old wrought-iron nails. The exact identity of the skeleton is not known.

Parents Gather For Open House At High School

Parents of the 1461 students of Grosse Pointe Senior High School and Brownell Junior High School will gather Thursday, April 20, from 8 to 9:45 p.m. at the high school building to confer briefly with their children's teachers at the semi-annual Open House.

Although conferences will be brief, it provides opportunity for a quick check-up by the adults guiding the lives of the high school's young people and indicates desirability of longer conferences, for which appointments can be made.

Both parents and faculty put a high value on the helpfulness of Open House meetings. "Often-times, some tip exchanged at Open House," said C. E. Saitzer, assistant principal, "gives a parent or teacher an insight which can lead to the solution of some child's problem—great or small."

Directories will be given parents as they enter the building to show where teachers are to be found. With a number of night-school classes meeting in the building, room assignments are changed in some cases so that teachers will not be found in the rooms where they work during the day. Students are advised to provide their parents with lists of their teachers but not to attempt to indicate room numbers.

Students guides in the halls will direct the parents about the building. The semi-annual Open House is sponsored by the Mothers' Club, and members serve as hostesses in welcoming guests to the homerooms.

Recital to Feature Classical Favorites

A spring recital by pianist Helen Ruth Briggs is to be given Friday, April 21 at 8:00 p.m. in the social hall of the Grosse Pointe Congregational Church, 240 Chalfonte.

The recital program includes a wide variety of styles and periods with well-known favorites Mozart, Mendelssohn, Chopin, Debussy and Ravel. The final group on the program is of particular interest because these compositions selected are by a modern Czech composer, K. B. Jirak, whose works are widely recognized throughout Europe.

During the last two years, Miss Briggs has studied piano with Maurice Dumesnil, French-American artist teacher and authority on modern French music, at Toledo Conservatory and at the University of Michigan where she received a Bachelor of Music Degree in piano.

Among her numerous performances, Miss Briggs has appeared on Tuesday Musicales morning concerts.

In April she will give a recital in Chicago.

Proceeds of the recital being given April 21 will be donated to the building of the Grosse Pointe Congregational Church.

Also representing Michigan at the Associated Council will be Mrs. Edward B. Flack, Saginaw, state president; Mrs. Chester F. Miller, Saginaw, honorary state president; Mrs. Hugh W. Glover, Midland, president of Maj. Andrew Hunter Holmes Chapter, of Saginaw, Bay City and Midland.

Mrs. Harold M. Hastings, president of Gen. Alexander Macomb Chapter, Detroit, will head her chapter delegation, which will include Mrs. Sidney C. Probert, of Kensington Road, Mrs. Edward H. Eichelzer and Mrs. Z. R. Peterson.

Mr. and Mrs. Club Sets May Dance

A committee of the Mr. and Mrs. Club of Faith Lutheran Church composed of Mr. and Mrs. Don Gill, Mr. and Mrs. Dale Buckles, Mr. and Mrs. Ed Randall, Mr. and Mrs. Roy Pretty, and Hal Piper met at the home of Mr. and Mrs. Al Momenee, of Lochmoor, on Tuesday, April 11. Plans were formulated at this meeting for a May Dance to be sponsored jointly by the Mr. and Mrs. Club and the Brotherhood of Faith Church. It was decided to hold the dance May 13 at the Neighborhood Club located at Waterloo and Neff Road Grosse Pointe. A donation of \$2.00 per couple would be received and tickets are available from members of both organizations with a limited number to be made available at the door the night of the dance.

Party to Honor GP Art Teachers

The program committee of the Grosse Pointe War Memorial Association, under the chairmanship of Mrs. Frederick C. Ford, is entertaining the art teachers of all the Grosse Pointe schools at a tea, Saturday, April 22. The tea is in connection with the Art Exhibit, made by the children of the Grosse Pointe schools, now being held at the War Memorial Center.

More Americans die from cancer of the digestive tract than from any other type of cancer.

Mothers Slate Party

The scholarship fund maintained by the Mothers' Club of Grosse Pointe High School will receive another boost as a result of the annual Spring Card Party which will be held this year on Friday, April 29, in the High School gymnasium, at 1 p.m. Tea will be served from 2:45 until 4:15 p.m.

The Mothers' Club scholarship fund, which has provided financial aid to 87 students since the first scholarship was granted in 1931, supplies help to worthy high school graduates who might not otherwise be able to further their education. The awards are bestowed after due consideration to boys and girls who have attained a high scholastic record, done well in extra-curricular activities, and who through their accomplishments, sound character, and leadership have shown promise of college success and future civic usefulness. \$1,200 was allotted in 1949 and 1950 to six applicants, making a total of \$30,000 awarded since 1931.

Mothers' Club dues from its 730 memberships take care of school program activities and community participation. However, the scholarship plan could not be carried on without outside source of income, according to Mrs. Harold S. D. Davis, President of Mothers' Club.

The annual Card Party is the Club's largest source of income and only with a full attendance can it support an ambitious scholarship program. Therefore Mrs. Foley, Chairman of this year's card party, urges everyone to attend and add their share to the success of this worth-while project.

A large committee of women have been working for some weeks past on plans for the party which, according to Mrs. Foley, promises to be the same happy affair that Grosse Pointe High School mothers have come to expect. There will be tables waiting on April 29 for all Grosse Pointe High mothers, past, present, and future, and their friends, where they can play their favorite card games. However, those who are canasta lovers are asked to bring their own cards as the committee can only supply one deck of cards to a table. Mrs. Robert W. Conder is in charge of tables and will be assisted by a group of girl scouts who will also help in the check room.

A fine array of table prizes has been collected by Mrs. Edward F. Lambrec and her committee. Chairman of door prizes is Mrs. Robert T. Schaller. Neighborhood shops have again generously supplied a number of these which will add variety and interest.

Tea will be served under the chairmanships of Mrs. Henry H. Hubbard. An added feature will be a bake sale, of which Mrs. Robert B. King is chairman, with Mrs. J. Lamar Newberry as Co-chairman. All donations will be heartily received by Mrs. King, Mrs. Newberry and their committee members.

Ticket Chairman, Mrs. William Rossiter, urges all guests to purchase their tickets early in order to facilitate the school and various committee members in estimating the possible attendance. Tickets may be obtained by calling Mrs. Rossiter at TU. 2-6891 or by contacting any one of her committee which includes: Mrs. Alonzo C. Allen, Mrs. Ralph Emerson Cross, Mrs. Manfred G. Whittingham, Mrs. Lester E. Bauer, Mrs. Walter Mast, Mrs. Howard Kaser, and Mrs. William Rogers. Tickets are \$1.10 each, including tax. Ticket holders are welcome at tea even if they do not come for card playing.

You'll be surprised at the great size of the picture—the 15-inch direct-view tube has a screen face of 132 square inches.

You'll be surprised, too, at the exceptional picture quality—better even than you have come to expect of a DuMont. There's new sensitivity—new freedom from interference in the Hastings that gives a clear, steady brilliant picture, even in areas where reception is normally poor.

The Hastings, like all DuMonts, has FM radio—not as an accessory but as an integral part of the television receiver, taking full advantage of DuMont's fine tuning, its powerful audio circuit, and fine-tone speaker.

You'll like the simple, dignified cabinet of fine-grained mahogany veneers—and last, but not least, you're going to like the price tag, which is exceedingly modest for a receiver of such screen size and of DuMont quality.

DAC Reception Brings Out 2000 Members

Grosse Pointe members of the Detroit Athletic Club turned out in large numbers for the gala party which marked the club's thirty-fifth anniversary Sunday, April 16.

From the time the reception and open house started at 4 p.m. in the afternoon until a little after 7 p.m., approximately 2,000 members and their wives streamed through the D.A.C. rooms decorated with red and pink roses, first stopping to admire the huge tiered anniversary cake in the center of the main lobby.

D.A.C.'s president, Ben R. Marsh, officiated at the cake-cutting ceremony during the party, Mrs. Marsh having the place of honor at his side.

It was all pleasantly informal as to gay chat and visiting. A fifteen-piece string orchestra of Detroit Symphony musicians, under the direction of Valter Poole, furnished delightful selections during the reception hours. Featured, too, were the Alexander Brothers, guitar-playing and singing duo.

The party went right on through the evening when 750 members and wives stayed on for dinner, filling all the second floor dining rooms. Later they went to the gymnasium for the floor show presenting Jane Pickens and her six Escourtiars in their singing and dancing act.

Mr. and Mrs. Marsh joined at dinner with Mr. and Mrs. Charles A. Hughes, the Thomas H. Keatings, the Sherwin Hills and Mr. and Mrs. John R. Davis.

Mr. and Mrs. Hugh Martin, Jr., attended with the senior Hugh Martins, of Grosse Ile. It was Hugh Jr.'s birthday anniversary, too, and there was a special family dinner to honor the occasion.

Teen Talk

By JOYCE CLEMENTS

Things seemed rather quiet last weekend. Maybe a relapse after Easter vacation. With the semester half over, people may have wanted to get a little studying done before spring fever really takes hold. Anyway, the weekend seemed to revolve about the very successful "Spring Fling" dance at the Memorial Center. Three rooms at the Memorial were reserved for dancing, but most people crowded into the ballroom where Wally Engel's band was located. They were making their way around the packed dance floor were Joanie Merrill 'n Skip Pessel, Barb Mensing 'n Jim Davison, Sue Spurrier 'n Paul Williams, Judy Nellis 'n Tony Stever, Betty Rietz 'n Ken Rice, Bonnie Reitz 'n Howie Clark, Barb Wescott 'n Larry Swart, Gary Gratzler 'n Dick Nightengale, Maddie Hackman 'n Don Jones, and Mimi Roane 'n Tommy Nelson. Helping themselves to orange punch were Betsy Davidson 'n John Hamilton, Beau Fuger 'n Ginnie Davis, Laurie Barth 'n Bill Armstrong, Patti Lawler 'n Terry Lynch, Eli Jackle 'n Don Duncan, Scharle Allgood 'n Punky Brown, Ann Young 'n Dick Carson, Donna Steenrod 'n Dave Donnelly, and Jeanne Giles 'n Gary Schroeder. More G.P.H.S. kids seen at the dance were Lyn Huntington 'n Jack Marcus, Annie Hoover 'n Sam Shaw, Crystal Gregory 'n Al Meyer, Leroy Pepsinski 'n Noel Wood, Russ 'n Joanie Johnston, Joan Rexford 'n Don Striker, Ann Hoffman 'n Harvey Fisher, and Arlene Zink 'n Tom Anton.

Six representatives of Wing Scout Troop 209 spent Easter vacation in Washington, D.C. Nancy Newton, Marlene Goodson and Judy Newell cited George Washington's beautiful Mount Vernon home as their favorite spot, but Sandra Findlay, Lynn Joy Grosshans, and Barbara Robertson said they couldn't choose between the George Washington monument, Abraham Lincoln's monument, and Arlington National Cemetery. Other points of interest included the U.S. Capitol and the Bureau of Printing and Engraving. The girls also had a meal in the Senate's restaurant.

Don't let them kid you, girls. The boys are waiting just as anxiously for that bid to the big dance as you usually are. It is your one chance to show them how Sadie Hawkins treats her man, so march up that cotton dress and bring your man to the "Spring Fling" dance, Friday, April 21.

The Tuxis Club of Memorial Church will hold an Open House, April 28, so mark it down, and make your plans now.

(Editor's Note: Lack of space did not permit us to run Teen Talk last week. For this reason both columns appear in this edition.)

The Easter Parade seemed to talk right into Mary Hodges' major tea last Sunday. Navy boys seemed to be a favorite with Perry, Shirley Yuronis, Mary Anschutz, Julie Hibbard, Mary Ann Schmidt, Sally Seymour, Connie Baker, and Carolyn Hahn. Proudest exhibitors their Easter costumes were Adele Huebner, Louise Peley, Mary Ann King, Gloria Hama, Margie Goodisr, Dolly

Ammel, Andy Geary, and Sally Reynolds. Joan Massey, Janet Rice, Judy Nellis, Mary Hardison, and Nancy Hodges took turns turning at the attractively decorated tea table.

Embossed napkins with Class of 1950 on them were tucked away for souvenirs by Joan Kengel, Bryce Fern Boyer, Grace Schuman, Alice Schlaepfer, Marlene Hesse, Anne Klingenstein, Rita Saneska, Mary Lou Dennis, Iris Kretschmar, Jean Swan, Delia Sawush, Nancy Logue, Mary Lou Dujardin, Rosemary Lech, Grace Kanser, and Carole Wright. "G.P.H.S. Class of 1950," decorated cakes and matchovers at Margie Walling's senior tea Monday. Cathy McCormick, Betsy Skoff were Margie's hostesses, serving delicious orange punch, and sandwiches to Carole Cause, Pat Underwood, Pat Goye, Barb Wallace, Jeanne Morrison, Elli Jackle, Carolyn Bauer, Ruth Arends, Jackie Cronin, and Anne Packer. Margie's beautiful home on Pemberton had plenty of room for the many girls who came. More were Sue Kitson, Elsie Corfield, Jackie Cronin, Judy McNeil, Bobby Bull, Madeline Ackman, Shirley Krueger, Jodie Jeffrey, Mary Lou Meininger, Anne Wuerker, and Betty Strad-

Roger Mulier invited his date, Mar Smith, Dolly Limbrock 'n Dave Weaver, Phyllis Frank 'n Rubs Lawler, Sharon Crawford 'n Jim Thayer, Pat Morrissey 'n Alex Bardy, Marge Emeritt 'n Ed Mumford, and Janie Fordon 'n Jimmie Barker to his home for an Easter night for dancing and can-

Alice James had an informal gathering for her date Tim Leach, Janie Smithers 'n Bill Rupp, Patti Lawler 'n Terry Lynch, Patti Lee 'n Winnie Lukert, Janet Soltz 'n Neil Smith, and Fran Townsend and Gary Long Monday night.

Chet Sampson left Wednesday with a group of boys to tour New York and Washington. George Lombard, Don Kramer, Pete Davison, Bill Winkler, Dave Maguire, Tom Tapert, Don Mendelsohn, Gene Myers, and Bill Methner were seen packing their belongings into Chet's stationwagons. Library Spotlight

By JEAN TAYLOR

"No books tonight, thank you. I'm busy these days getting my boat shipshape," said Skipper Norbert Neff at the library last week. Heartening words in mid-April, when snow flakes are still flecking our windows.

There is an increasing interest in boats and boating each year in this community. In quest of some expert advice we questioned Mr. Neff about the books on this subject he had found most worthwhile.

"You can always rely on H. A. Calahan," was the reply. "Learning To Sail, Learning To Cruise, Learning To Race, The Ship's Husband and Gadgets and Wrinkles by this author, all in your library, are tops in this field. But," continued this seasoned navigator, "I'm no authority on sailing. You should ask Eugene West. He's the man who knows!"

So we sought advice from Commodore West of the Crescent Yacht Club. "I agree with Norbert," said he. "For practical purposes, you can't beat Calahan. Of course, on the art of navigation, Chapman's Piloting, Seamanship and Small Boat Handling is a 'must.'" Following advice with a concrete help, these two generous mariners are presenting your library with copies of Chapman. Very grateful we are to them. We know their gifts will be much appreciated and put to good use.

Also recommended by Commodore West is The Cruiser's Manual by Carl D. Lane. This gives you tips on everything from clothing to the guest afloat, to dinghies, to food.

"Nobody ever learned to sail without sailing," says Rufus G. Smith, "but books can help and pictures can help a great deal." Mr. Smith's book, Sailing Made Easy, Told in Pictures, is one of the best books of its kind. Used extensively by classes and clubs.

Another excellent photo-and-caption book for the beginner is Start 'Em Sailing by Gordon C. Aymar.

Two books on boat building by Edwin Monk are recommended: Modern Boat Building is practical to the last nail and is concerned with how to build a boat rather than what to build. The methods advocated apply to all boats. The directions are intended for the novice but even an expert will find them interesting and helpful.

Small Boat Building is a book of designs with complete instructions and plans as well as specifications for lumber, fittings, etc. Interest in racing dinghies is not great in this community perhaps, but for those concerned a suggestion might be the sound and practical handbook Racing Dinghy Maintenance by Ian Proctor, one of England's leading dinghy skippers. What he has to say may be applied just as effectively in this country and his advice will be welcomed by all who own a dinghy.

Sailing as a hobby knows no age limitations. Lest we forget the young fry, we mention The Junior Skipper's Handbook by A. H. Baldwin. This is a guide to sailing for boys and girls. "The carefully explained rules for 'safe' sailing together with excellent diagrams, simply drawn and easy to follow, provide a splendid handbook for the would-be skipper."

As well as books on boats and boating, the library subscribes to two periodicals on the subject, Yachting and Rudder. Copies of these for several years past are available.

If you are going nautical this summer and wish to brush up on sailing "know-how," call your library and these books will be reserved for you.

Old Timers Stage Reunion

"Tremendous success!" was voiced by more than 200 attending the Old Timers Stage Reunion and dinner at the Sheraton Hotel, Wednesday evening, April 12.

Old friends and former teammates met for the first time in years and reminiscing went on far into the night. Among this group were Fred Shinnick, Dr. C. B. Lundy, and A. J. Ward, who were among the games "original" when the game started in 1892. Jake Mazer admitted that he didn't get going in basketball until 1900. So great was the response that Mazer, originator of the party, said it would be an annual affair.

Those on the committee who also contributed much to the success of the affair were: Jack Williams, George Jaglowicz, Gailey Stockham, Walter "Tillie" Voss, Billy Gray, John Bobrowski, and A. Louis Schulte.

E. A. Bachelor Sr., former sports writer, and Harry Le Duc, were the main speakers.
