POINTE PARAGRAPHS

At 9 a.m. on Monday a beautiful cock pheasant strutted proudly across the intersection of Maumee and Rivard and continued his walk down the street.

Another honor has come to Mrs. Glenn Anderson, of 329 Ferriweather. She has been invited to join the Fifth Women's Air-Lift Tour to Fort Leavenworth, Kansas. The party will leave Detroit on May 18. Never underestimate the power of a woman. One afternoon this week a dozen young boys were playing baseball on the corner lot at Pemberton and Essex. The pitcher of the game went into a mighty wind-up as her flaxen locks tossed in the breeze and the team cheered for another strike-out.

Charles Heise, Treasurer of Grosse Pointe Park, received powers recently from fellow municipal employees to commemorate his 25 years of service to the community.

Elworthy Chairman Campaign

The greatest national peace-time drive to sell U. S. Treasury Savings Bonds will be launched in Grosse Pointe next Tuesday at 9 a.m. when an exact replica of the Liberty Bell will be escorted from the limits to schools and the War Memorial Center for exercises which will officially open the U. S. Treasury Savings Bonds for Independence Drive, according to plans revealed this week by George Elworthy, area chairman and his program committee, headed by City Clerk Norbert P. Neff.

The bell, which will be brought to Grosse Pointe, is one of forty-nine replicas of the Liberty Bell which will tour the nation during the weeks of the Independence Bond drive, which ends July 4th.

Six of the country's major copper companies collaborated with Dr. Arthur Bigelow, bell-master at Princeton and one of America's foremost carillonists, to make it possible for Americans everywhere to see and hear their country's most hallowed national symbol for the first time. For through Dr. Bigelow's study and due to the fact that each bell is cast without the crack in the original, the actual tone of the (Continued on Page 3)

Pooches Face Air-Conditioned Ride on Way To Dog Pound

The pooch with the yen to romp freely about the neighborhood has a new enemy in Grosse Pointe Park. A dog catcher, completely outfitted with the latest bait and tackle for rounding up stray animals, will be patrolling the streets daily.

His black vehicle with the fenced-in back enables the dogs to have an air-conditioned ride on their way to the pound. Before the dog catcher took over, the wagon was used as a patrol wagon by police.

Possible Growth of 2,000 Persons Seen In School District

Based upon advance information obtained in a survey of building permits issued in the school district during the past year, L. M. Bartlett, Director of Pupil Personnel for the Grosse Pointe Public Schools, stated today that "there will probably be an increase in total population this year over last of from 1,500 to 2,000 persons or more" as his crew of enumerators started out on the annual school census.

Last May's census showed a total population of 40,072 for the area comprised in the Grosse Pointe School District and the indicated and estimated population growth is based upon detailed information reported in last week's Review which Bartlett had obtained through a survey of permits issued in each community with previous years and periods.

INDEPENDENCE DRIVE

(NOTE: The following statement and appeal was released to The Review by George Elworthy, Grosse Pointe Chairman for the Independence Drive, and the fine message is repeated here.)

"It will sound the opening of the Treasury's Independence Savings Bonds Drive and steeple bells throughout the nation... in every city, town and hamlet... will take up this new note for Savings Bonds and ring in local campaigns."

proved that they believe in the program. Their bond-buying record during the war years and during 1948's Security Drive, and last year's Opportunity campaign, prove that."

"The 1950 bond drive, extending from May 15 through July 4, is dedicated to the promotion of individual financial independence through saving, and will urge America to 'Save for your Independence.'"

"I urge them to participate in the 1950 drive, the Independence Drive, with the same enthusiasm, the same interest that they have demonstrated in the past. It is still true that every time you buy a bond, you help yourself, and you help your country."

"Through the U. S. Savings Bonds program, millions of thrifty Americans are insuring themselves of a better financial future."

"During the drive we will be honored by the visit of one of the Liberty Bell duplicates that will tour the nation as the contribution of America's copper industry."

"BACK-DOOR" RATE RAISE UNPOPULAR

occurred to some, that there may have been some collusion (perhaps unintentional) between the gas company and the electrical utility which services our area.

Why the Public Service Commission would approve such a "back-door" method of indirectly raising gas rates is scarcely more than one can conceive.

All of which adds up to complete disagreement with the method of obtaining a rate raise by the gas company and the approval given it by the Public Service Commission."

Half-Million Pledged St. Paul School Fund

With ground-breaking for the new addition to St. Paul's Parish School only a few weeks away, the building fund campaign committee announced that a total of \$500,000 has been raised to date in a drive that was launched in January.

The total, according to Ross Roy and Joseph R. Parker, co-chairmen of the St. Paul School Fund campaign committee, represents contributions from 980 parishioners. A total of \$215,082.28 was in cash, the balance of the pledges to be paid during 1951 and 1952.

The co-chairmen announced that because many parishioners are still away from their homes and also because contributions can be given over a three-year period, no definite date has been set for closing the drive. This means, they said, that pledges can still be made and due credit given the parishioners.

Because of the fact that nearly half of the total amount pledged has been received in cash, the construction for the new classroom building can be started in the near future. This work is expected to get under way within the next few weeks as soon as preliminary details have been worked out.

The school building committee, headed by George H. Zimmerman, met recently with members of the various campaign committees and reviewed plans for the new classroom building. Discussion centered around the type of building to be constructed, whether it should follow the architecture of the present buildings, or whether it should be of modern design. The architect has been instructed to prepare estimates before a final decision is made, it was said. The new building is to be completed by February, 1951.

Mr. Roy and Mr. Parker lauded the work of the many committee chairmen and committee members. The drive has been successful, they said, only because of the whole-hearted co-operation of everyone who participated in it. Especially commended was the work of the Solicitation Committee. Members of this committee were Mrs. Francis H. Bourke, Mrs. J. Arthur Mullen, Ledyard Mitchell, Jr., William B. Cudlip, and Harry A. Furton.

A Promotion Committee supervised and prepared various educational materials. Among these was a sound slide film which was shown to a rally in February attended by 500 parishioners. Chairman of this committee was Anthony R. Mutschall.

In all, approximately 250 people acted as solicitors in the campaign. These solicitors were divided into teams. Team captains were as follows: W. C. Roney, Jr., Wilfred Casgrain, William J. Croul, Mrs. Martha Bourke, Sherman J. Fitzsimons, Jr., Mrs. Michael J. Kearins, Mrs. W. Dean Robinson, Mrs. Emmet E. Tracy,

Seven GPHS Seniors Get Scholarships

(Continued from Page 1) largest number of winners that have heretofore been selected in one year to receive the scholarships.

Selected from the June graduating class were Glenn Elmer Coury, 1061 Maryland; Harry August Eason, 768 Hampton; Daniel Patrick Moroney, 763 Rivard; Joseph Franklin Redfield, 416 Cadieux, and Donald Sutton Schmitz, 33 Radnor Circle.

Scholarships were awarded to Mary Ellen Hiener, 408 Manor and Diane Lucille Schleicher, 647 Washington, from the January class. All of the awards were given to honor graduates.

The scholarships consist of tuition for one year with a possibility of continuation for future years if high grades are maintained.

Earlier in the year the Scholarship Committee of the University of Michigan Club of Grosse Pointe interviewed nineteen applicants for the scholarships, and the committee made its recommendations to the University, which also made its own evaluation of the applicants.

G.P. School Census

(Continued from Page 1) each municipality and elementary school district in the school system. In a rapidly growing area such as Grosse Pointe such data are invaluable to the Board of Education and its staff in planning for the educational facilities needed in the district.

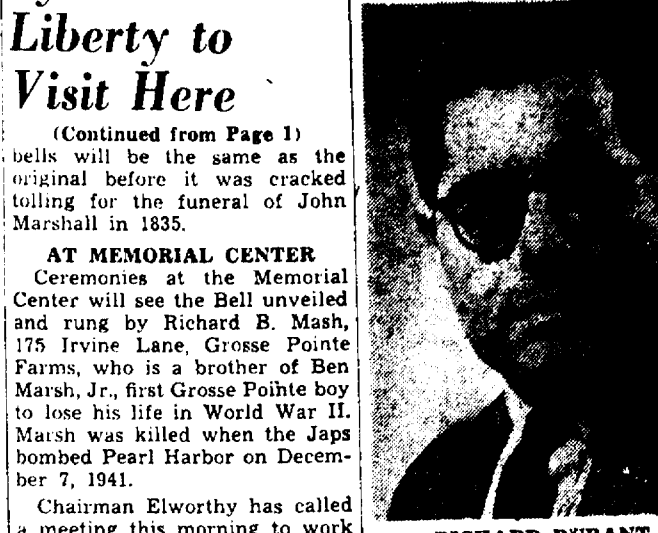

Every home in the school district will be visited by a census enumerator. Residents are asked to cooperate with these enumerators and provide the necessary information. All information is confidential. Due to the importance of the school census, accurate information from parents is desired. Probably the greatest difficulty met by enumerators when calling at homes is obtaining the correct birthdates for each child in the family. Therefore, parents are asked to check over their children's birth records before the enumerator calls and be ready with correct information.

All census enumerators will be furnished with an identification card signed by L. M. Bartlett, Director of Pupil Personnel, which will be gladly shown by them upon request.

CANDIDATE

Announces Congressional Candidacy

Richard Durant, 425 Lincoln Road, Grosse Pointe, announced today his candidacy for Republican nomination as representative of the 14th Congressional District in Congress.

"I believe I have the ability to run and win in the forthcoming elections," Durant said in announcing his candidacy. "I also believe that the Republicans in this district are in a receptive mood for a candidate who aggressively and intelligently advocates what he thinks are the true standards of the Republican Party. I believe that I am that candidate. In Congress, on committee work I would give reasoned and forceful argument pertaining to certain legislation that will be and has in the past proved harmful to this country."

Durant, who spent six years in the Army, is married and has three children. Since the war he has been head of his own investment counsel firm, Durant and Company. His political activities include four years service on the 14th Congressional District Republican Committee.

Pierce P-TA To Discuss Occupations

On Tuesday, May 16, at 8:30 p.m. in the Pierce Auditorium, the Pierce P-T.A. will feature a program different from others planned for parents this year.

Representatives from six different business and professional areas have consented to appear on the stage to be interviewed by 9A Pierce pupils regarding vocational opportunities.

Prospective engineers can direct questions to Mr. Ray Eddy, engineer for the Chrysler Corporation. The field of education will be represented by Dr. Leroy Selmeier, Director of Instruction, Grosse Pointe Public Schools.

Pupils from the 9A Civics classes, where vocations and careers have been studied during the year will be selected to interview these six representatives. Pupils selected will be ones who have indicated a strong interest in the field of work for which they will interview. All 9th grade pupils will receive a "Career Book" as the culmination of many weeks' work studying occupations in the light of their own interests and aptitudes. The six pupils chosen for this program will be ones who wrote their "Career Books" in one of these business and professional areas represented on the program.

The regular P-T.A. business meeting will be conducted promptly at 8:00 p.m. with the vocational program slated for 8:30 p.m.

Police Radio Receives Nod

The present Police Radio System received an official nod of approval in the Municipal Activities Report which was read at the Grosse Pointe Park Council meeting last Monday night.

Recent improvements to the System include the Macomb County receiver installed at Grosse Pointe Shores, which permits monitoring of Macomb County calls and Macomb County, in turn, monitors the calls from this system.

The Detroit receiver is now being used at Grosse Pointe Park, which permits monitoring of east side calls. The Park has a direct telephone line from its desk to police headquarters.

Two transmitters, the report states, are now in operation to provide an automatic change-over within a reasonably short time, in case of a power failure or breakdown of one transmitter.

Clean-Up Drive Report by Park

Collections of 800 cubic yards of rubbish and refuse were removed from the lots and homes in Grosse Pointe Park during the Clean-Up Campaign which closed April 30.

Marriage Solemnized at Home In Double Ring Ceremony

MRS. WILCOX

An ankle-length gown of imported French lace over tulle was worn by Natalie Jean Schreck as she stood before the fireplace banked with fern and tall tapers in candelabra in the Three-Mile Drive home of her parents, Mr. and Mrs. George Walter Schreck, Saturday afternoon, with William Wendell Wilcox.

The couple exchanged marriage vows in a double ring ceremony solemnized by the Rev. Dr. Frank Fitt, of Grosse Pointe Memorial Church, in the presence of members of the immediate families.

As the bride entered the living room, the wedding march was played on an antique organ which was played at the weddings of the bride's three sisters.

Her gown was designed with a fitted bodice which featured cap sleeves and a jewelry neckline, and full ballerina skirt.

A small cap trimmed with powder blue lilies of the valley held her nylon fingertip-length veil, and she carried a bouquet of lilies of the valley and stephanotis centered with white orchids.

Mrs. Keith Schnepf was matron of honor, and Mary Lou Haldeman performed the duties of maid of honor.

Their identical gowns of white organza over powder blue taffeta were fashioned with full ballerina skirts, and were complemented with satin powder blue pumps and matching crownless bonnets.

The attendants' colonial bouquets consisted of violets centered with pink rose buds. George B. Schreck, brother of the bride, was best man for the bridegroom, who is the son of Mr. and Mrs. Wendell Garrett Wilcox, of E. Jefferson Ave.

For the ceremony and later reception, Mrs. Schreck wore a navy blue sheer crepe frock and a corsage of white orchids. The bridegroom's mother donned a water lily green crepe ensemble and accented it with a corsage of green orchids.

Garden Club Conducts 37th Annual Meet

The 37th Annual Meeting of the Garden Club of America will be held in Detroit May 15, 16, 17 and 18 with headquarters at the Hotel Statler.

Representatives from 35 states and Hawaii will attend. The objects of the association shall be to stimulate the knowledge and love of gardening among amateurs, to share the advantages of association through conference and correspondence in this country and abroad, to aid in the protection of native plants and birds and to encourage civic planting.

Since the founding of the organization in 1913, the growth of the garden idea has been phenomenal all over our country and to the Garden Club of America must be accredited a very large share in this development.

A Fellowship in Rome was established in 1928 to sustain in perpetuity a Fellow in Landscape Architecture at the American Academy in Rome, a two-year course.

At the development of the Armoretum at Washington, D.C., three Ravines have been planted by the Garden Club of America. Five thousand acres in the Canoe Creek Redwood Grove have been acquired by the Garden Club since 1931.

The Founders Fund was established in 1934 in memory of Mrs. J. Willis Martin, first President of the Garden Club of America. Income of this Fund is used for projects recommended by Member Clubs. During the 2nd World War planting was carried out in over 100 camps. Gifts of Berman Locators and Field Ambulances were made and the Garden Club of America collaborated with the American Red Cross and many other War Relief Societies. Seeds were sent to devastated areas in Europe and food production and preservation organized in co-operation with the U.S. Department of Agriculture.

In horticulture they have assisted in introducing many rare plant materials. At this time a delphinium test is being carried out by 15 Clubs and the Garden Club members-at-large to find the best varieties for different sections of the country.

Instrumental in opposing legislation detrimental to national welfare, a resolution was passed in March by the Garden Club of America to urge the Secretary of the Interior to ask Congress to authorize an investigation of those now advocated for the proposed Split Mountain Dam and the Echo Park Dam which would do such serious damage to Dinosaur National Monument.

Tucked among the white and blue iris in their bouquets were white and yellow daisies.

Party Honors Dignitaries
Preceding Navy Ball Saturday

Interest in the Navy League Ball, to take place this Saturday evening, May 13, has reached a high pitch, and matters have now reached the stage of completing plans to attend together in groups.

The Grosse Ile Naval Air Station will be the focal point for a large number of Grosse Pointers. That is where the Ball is to be staged under the auspices of the Detroit Women's Council of the Navy League.

Dancing to the smart rhythms of Tommy Dorsey and his orchestra will take place in the huge Recreation Building of the Grosse Pointe Ile base, but before the ball opens at 9 p.m., there will be a cocktail party in the Officers' Club lounge for the sponsors of the party which will honor the visiting admirals and other Naval dignitaries.

A dinner will follow in the Enlisted Men's Dining Hall for the sponsors and distinguished guests.

An exciting facet will be the outdoor cafe adjoining the Recreation Building, especially planned so dancers may have brief respites between the Dorsey tunes.

"Ruffles and Flourishes," the official music which pipes high ranking Naval dignitaries aboard ship, will open the ball at 8 o'clock immediately after a swift introduction from the stage of the Hon. Dan A. Kimball, Assistant Secretary of the Navy, a half-dozen admirals, and the other distinguished visitors.

Grosse Pointers Mr. and Mrs. Lloyd G. Hooker, the Harley Earls and the Harold R. Boyers will attend the cocktail party and dinner in the group of Mr. and Mrs. Norman F. Haig, of West Bloomfield Hills.

The Hon. William J. McNeil, First Assistant Secretary of Defense, and Mrs. McNeil, of Washington, D.C., who will be the Haig's house guests, will be in this group, as well as Vice Admiral John L. McCrea and Mrs. McCrea, of Washington, and Rear Admiral J. Cary Jones and Mrs. Jones, of Great Lakes, Ill.

Others in Mr. and Mrs. Haig's group at the festivity will be guests from Detroit and Birmingham, including Mr. and Mrs. Robert E. Morris, the Donald Mitchells, the H. K. Whites, Mr. and Mrs. Roger M. Keys, the Francis L. Burkes, the W. F. Andersons, the Edward R. Godfreys and the Roger J. Emmerts.

Mrs. Fred T. Murphy, honorary chairman of the ball, will attend, and of course, the Council president, Mrs. Ernest F. Wemp with Mr. Wemp, and the general co-chairman, Mrs. James O. Murfin.

Mrs. Walter O. Briggs, and Mrs. James P. Walker, wife of the commandant of the Grosse Ile Naval Air Base.

Mr. and Mrs. Walter B. Connolly will be in Mrs. Briggs' party, as well as the James Koups and the Philip A. Harts, Michigan's Secretary of State, Frederick M. Alzer, Jr., and Mrs. Alzer will attend, and others will be the Charles Creedons, the William M. Joys, the John Norton Lords, Mr. and Mrs. George N. Monro, III, Mr. and Mrs. John B.

Others in the group will be the Elizabeth Group, Mrs. W. H. McKnight, 822 Hawthorne; Martha Group, Mrs. Edmund B. Vance, 2049 Beaufait; Mary Group, Mrs. John Rowe, 1611 Hollywood.

Esther Group will have a luncheon and meeting at the church at 12:30 p.m.

Memorial Tribute Fund Honors Former Grosse Pointe Teacher

As a fitting tribute to one of Grosse Pointe's most beloved teachers whose pupils are prominent everywhere in the business and social world, a Rose C. Osterhaut Memorial Fund is being established.

The Fund will be used to buy equipment for the Bay Court Camp at Green Lake which is sponsored by the District Nursing Society for the benefit of underprivileged mothers and their children.

For this reason a luncheon was held at the Detroit Club on Tuesday afternoon. Present were Mrs. Wallace MacKenzie, past President of the District Nursing Society, Mrs. Henry E. Beyster, current president of the Society, and Mrs. Cameron B. Waterman.

On the basis of an earlier suggestion by Mrs. Waterman, a suitable memorial is being established so that friends and associates may share in honoring the memory of the late Miss Osterhaut.

She was an outstanding woman who devoted her life to the charitable and educational interests of the community. When Country Day School was a little white house on Roosevelt Place more than 35 years ago, Miss Osterhaut injected her own enthusiasm and charming ways into the lives of the children who came before her discerning eyes. Often she was their inspiration and amused them, as well, with her antics. Each Christmas she donned a Santa Claus suit and brightened up the annual Christmas Party. She later became the director of Bay Court Camp when it was situated in New Baltimore.

Contributions to the Rose C. Osterhaut Memorial Fund can be sent to the Tribute Fund of the Social Agencies, Detroit Community Chest, 51 West Warren.

To name all of Miss Osterhaut's pupils would be impossible. The roster includes the

names of Mrs. John H. Buell, Dr. Edward MacKenzie, Mrs. C. H. Haberkorn III, Joseph J. Dodge, William C. Newnan, the late Thomas Joy, the late William Mills, Mr. and Mrs. Cameron Waterman III and Mrs. Harold Boyer.

Others are Mrs. Ralph Farwell, of Lake Forest, Ill., Mrs. Frederick Alger, Mr. and Mrs. John H. French, Jr., Mr. and Mrs. Henry B. Joy, Jr., Mrs. Samuel Bell, Mrs. Herndon Wagers, John S. Newberry, Joseph J. Standart, Jr., Henry Bodman and Mrs. Edward B. Caulkins, Jr.

Mrs. W. Frederick Schreiber, Lansing Pittman, Mrs. Henry Swan II, John and Henry Wardell, Charles B. Warren, Jr., and Robert and John Buel Warren were also in school under Miss Osterhaut.

Library Spotlight

By JEAN TAYLOR

In her popular novel of a few years ago, *All This And Heaven Too*, a book that is still widely read, Rachel Field says "For most of us one life is not enough. I want to find out what goes on under the thatched roofs of cottages and behind the walls of palaces and hotels. I want to watch people everywhere, whether I can understand the words they are saying or not. It is too much to ask perhaps, but I want to get behind the faces of men and women and feel what they are feeling."

Books of biography recently added to your library's collection include a tempting variety of titles. *Leap Over the Wall*, by Monique Baldwin. A young English girl, a niece of former Prime Minister Stanley Baldwin, enters a convent to become a nun in 1914, just before the outbreak of World War I. Twenty-eight years later, shortly after the launching of World War II, she returns to the world. Her life in the convent and her subsequent experiences are described with simplicity and considerable humor.

Benefits Forged, by G. B. Stern. Miss Stern reckons her three favorite virtues as gratitude, courtesy and mental health, conceding the while, that Faith, Hope and Charity may be found to contain these. In this, the fourth volume of her literary reminiscences, her theme is gratitude; gratitude for what she has been spared as well as for what she has been given; for peace after war, for security after peril, for little everyday pleasures. It is however, not what this author says that counts most. It is the way she says it. Skillful writing.

John C. Calhoun, by Margaret L. Coit. A man who has been frequently misunderstood and whose actions often have been misconstrued, comes to life under Miss Coit's sympathetic pen. *Love Story*, by Ruth McKenney. An amusing account of the author's married life, its trials, triumphs and tribulations. *All the Ships at Sea*, by William J. Lederer. "The story of Commander Lederer's career in love for, and war with the United States navy from the days when he was 'Captain of the head' in Newport's Barracks B up through his arrival in scrambled egg rank." Good fun.

Dickie Mayo, a second grader with a keen interest in everything from earthworms to Einstein, is impatient to read all about these fascinating subjects for himself. Eager to advance from the primer corner, he took from the library shelf a small book *Two and Two are Four*. "May I take this one Miss X?" "Certainly Dickie, if you think you can manage it."

To illustrate his prowess Dickie began to read aloud. He made a valiant effort but it was obviously tough sledding. Finally he looked up with a grin, "I can't do it, Miss X. I guess this time two and two only make three!"

Enthusiasm for the square dance is now country wide and Grosse Pointe, it would seem, has a sizeable share. Clubs, churches and any number of organizations in this community are developing new fans every day.

The present generation is discovering that granddaddy's way of having fun has much to offer. All walks of life, young and old seem equally enthusiastic. The best way to learn "to do" is of course, by "doing." However, if you are a beginner, it will help to know before you start, a few of the terms and fundamental steps. Swing your partner, grand right and left, couple promenade, do-si-do and allemande left need afford you no terror. The library comes to your aid with a number of books on square and folk dancing.

Miss Jean Mastin, of our library staff, attended her first square dance recently and went through her paces like an old timer, "thanks," says she, "to the book, *Dances of our Pioneers* by Grace L. Ryan." A collection of quadrilles, contra dances, circle dances and couple dances, with detailed instructions, the calls and suggestions for music.

Other recommended titles are—*Honor Your Partner* compiled by Edward Durlacher; eighty-one American square, circle and contra dances.

BROWNIE SCOUTS REHEARSE FOR PLAY

Brownie Scout Troop 302 is going into the final rehearsal for their major presentation of "Bookworms Don't Bite." The play is being directed by Mrs. Franklin Dougherty and will be presented Friday, May 19, at 4:30 p.m., in Mason School. Included in the cast are, left to right, Lynne Dougherty and Linda Russell, in the bottom row. Standing behind them are Christine Kellershals, Susan Sautter, in the center, and Claudette Hubbell.

but he has, nevertheless, some interesting advice and ideas on growing older. His best seller of several years ago, *Life Begins at Forty*, was a springboard for later writing on this subject. In 1946 he wrote *The Best Years*, *How to Enjoy Retirement*, and now we have his recent book, *The Road to a Richer Life*. It is less concrete than his earlier books, directed more to thinking than to doing.

Winston Churchill's essay, *Painting as a Pastime*, first appeared in his book, *Amid These Storms*. It is now published in a small book, illustrated with reproduction in color of 18 of Mr. Churchill's paintings. It is a convincing brief for the cultivation of hobbies, particularly painting, and his polished style is a delight to read. "Armed with a paint box, one cannot be bored, one cannot be left at a loose end, one cannot have 'several days on one's hands.' Good gracious! What there is to admire and how little time there is to see it in! For the first time one begins to envy Methuselah. No doubt he made indifferent use of his opportunities."

Don't miss this one. It will take less than an hour to read and is well worth the time. Among the thirteen recently announced Pulitzer prizes, we are glad to note that the fiction award goes to A. B. Guthrie for his novel, *The Way West*. This story of the emigrant trek from Missouri to Oregon in the 1840's has been widely read and generally liked. The critics and judges are in accord on this one, a fact not always true. The judges on the Pulitzer awarding board are largely newsmen and rightly so, since a great number of the awards are in the newspaper field. They have however, frequently clashed with the literary critics and the Pulitzer awards have been the cause of much sharp discussion.

The biography chosen is John Quincy Adams and the Foundations of American Foreign Policy by Samuel Flagg Bemis: "an exhaustively detailed biography of John Quincy Adams, treating of his career as a diplomat up to his election to the presidency." *O. W. Larkin's Art and Life in America* wins the history award. "By far the finest general history of the visual arts in America that has yet been written, and one that might very well supersede all other general histories," says the San Francisco

Chronicle. The New York Times counters with the comment, "A lock of critical proportion is frequent throughout the book." These annual awards were set up by the will of Joseph Pulitzer, a Hungarian immigrant, who rose to prominence as an American journalist. The prizes are awarded "for the encouragement of public service, American literature and the advancement of education."

Popularity does not indicate merit necessarily, but it is interesting to look back over the list of previous Pulitzer fiction winners, to discover whether or not interest in these titles has stood the test of time. A few have dropped into limbo but a number are still asked for at the library. Margaret Mitchell's *Gone With the Wind*, the choice for 1937, has probably had the largest circulation. The library has worn out forty-one copies. Twenty-one copies of Pearl Buck's *Good Earth*, winner for 1932, have seen circulation. This is one of the few times when the award was given to a book without an American backdrop.

In 1934 it was specified that the prize be given preferably to novels dealing with American life by an American author. John Hersey's *Bell for Adano*, winner in 1945, although laid in Italy, deals with Americans in the locality during the war; a fine book of timely interest. The choice for 1939, *The Yearling*, by Marjorie Rawlings is on the other hand, a timeless book. Seventeen copies have circulated at the library and we predict it will have a moderate circulation for some years to come.

The Friends of the Grosse Pointe Public Library are planning a dinner at the Grosse Pointe Yacht Club for their annual meeting Tuesday, May 23, at 6:30 p. m. The speaker will be Dr. Walton E. Cole, rector of the First Congregational Church and a member of the Michigan State Library Board. Reservations may be made at any of the Grosse Pointe Public Libraries. Everyone in our community is invited.

Jeff. and Mack To Have New Street Lights

A new and improved street lighting system is on order for Mack and Jefferson avenues in the Grosse Pointe Park area, according to a general improvement plan submitted to the Park Council last Monday night.

Jefferson will have 86 new lumens ornamental street lights and 51 will be installed on Mack. Each light displaces 15,000 lumens.

Other plans for improvement include development of the Civic Center area, which includes the north and south side of Jefferson from Maryland to Lakepointe, and acquisition of property for off-street parking.

Replacement of the relief sewer on Essex Blvd. is being planned, from Balfour to Three Mile Drive, to supplement the old Balfour sewer running from Essex to Jefferson.

Two miles of concrete curbing will be constructed and four miles of street reconstructed, according to the report.

The chlorination system in the Park pool has already been improved through the installation of a pipeline from behind the bathhouse to carry the purifying agent to the pool.

Alert Citizen Prevents Harm

An alert citizen was responsible for protecting an innocent child from possible injury last Monday as he was driving west on Charlevoix after taking his child to school.

Seeing a suspicious man leaning out of his car talking to a small child on a bicycle, Ted Wessen, of 15201 Charlevoix, stopped his car and noted the license number. The other party noticed Wessen and sped away. Police are holding the description and license number for further investigation.

Comedy Opens At Shubert

"A Policeman's Lot," a cartoon in three acts by Philip Goodman, will open a two-week engagement at the Shubert Lafayette Theater on Sunday evening, May 14, with matinees on Saturday only. After its Detroit engagement, the production is scheduled to open on Broadway.

Broad and zesty, "A Policeman's Lot" stars Bert Wheeler, long one of the theater's brightest comic stars, and famous for years as the more wistful half of Wheeler and Woolsey. Effie Atton is featured in a cast that also includes James Little, Gertrude Beach, Harry Kadison and Don Grusso.

Students Ready For Annual May Day Festivities

Students of Detroit University School and Grosse Pointe Country Day School will entertain their parents and friends on Wednesday, May 17 at Detroit University School.

The annual May Day festivities will take place in the morning, followed by a buffet lunch for students, parents, and their guests. In the afternoon, the annual Field Day will be held on Edsel Ford Field, the baseball diamonds, cinder track and athletic fields.

The Queen of the May and her court will review their subjects at 11 a.m. before a natural setting of trees, shrubs, and flowers. "The Bartered Bride" will be presented by an all-student cast in true holiday fashion. As various groups of villagers gather for the gay occasion, court jesters and clowns will be much in evidence to entertain. Leading parts will be played by Sarah Weed and Judy Frost.

Heralds in the May Day Court are Ann Fink and Linda Jackson, from the third grade. Flower Girls are Susan Haberkorn and Annette Whitehead, from the Kindergarten. Crown Bearer is Buhl Ford, from the first grade. Peter Lord and Tommy Stevens, from the second grade, are train bearers.

Following the tradition of former years, the May Queen and her Court are selected by vote of the Upper School, while the moppet attendants are sons and daughters of alumni and alumnae.

Detroit University School's annual Field Day will take place at two o'clock. Every student participates in the various athletic contests, while members of the Senior Class act as sponsors during the afternoon. Competition runs high as special awards will be made for winners in each event.

Thousands of Indian photographs may be seen near Bad Axe, Michigan. Here primitive rock carvings of men, animals, and other decorations cover the boulders over a four acre area.

'Pop Corn Man' Nearly Ready for Opening

After many delays beyond his control, involving construction material and fixtures, Ernest "Tony" Koinis, Grosse Pointe's nationally famous "Pop Corn Man" is about ready with his new building at 15008 E. Jefferson for a grand opening in the very near future.

Of course, "Tony" will always have his "World's Finest Pop Corn" freshly popped or for home popping. All his corn is his own home-grown hybrid corn and his years of experience in the business has added to his corn the knowledge of just the right time to process it for finest popping.

Food specialties in the soda bar and luncheonette will include frozen custard, home-made ice cream and "the best lunches and sandwiches money can buy," says "Tony."

A complete line of fresh finely boxed or bulk candies will be a feature of the confectionery department. "Watch for our Grand Opening feature in the near future," Tony said to this reporter as he handed him a box of corn.

Rotarians Host to Sponsors; Honor Local Gov-Elect

Members of the Hamtramck Rotary Club, charter sponsors of the Grosse Pointe club, were guests of Grosse Pointe Rotarians Monday noon at the Memorial Center.

Cass Piotrowski, of 1099 Grayton, Governor-elect of the 223rd District of Rotary International, was honor guest of the day. George Stark, of the Detroit News, was guest speaker at the luncheon and delivered interesting historical highlights of Hamtramck and Grosse Pointe history.

High Tension Wire

A 4800-volt high tension wire broke in the vicinity of Lincoln and Mack last Tuesday morning and shut off electricity in the neighborhood for more than half an hour.

The fire department and police officers from the City of Grosse Pointe rendered assistance until Detroit Edison crews were able to repair the damage.

DUCK!

LOW RAINBOW!

It's nice taking a stroll like this!

No traffic to bother you up there in the bright sunlight—except the flocks of bluebirds sailing lazily around.

And rainbows! There are so many of *them* that you're forever getting them round your shoulders because you forget to duck!

Fantastic? Not at all—it's a walk that you can take.

Just ask anybody who's buying U. S. Savings Bonds regularly. He'll tell you that owning a good-sized (and ever-growing) batch of U. S. Savings Bonds is *exactly like walking on air*.

And best of all, you can start getting yourself in shape for this wonderful stroll today. Sign up for all the U.S. Savings Bonds you possibly can under your firm's Payroll Savings Plan. Or if you work for yourself, use your bank's Bond-A-Month Plan.

Either of these plans offers you an automatic way to make your savings grow and grow. Every \$3 you invest becomes \$4 in ten years. And U.S. Savings Bonds are the safest investment in the world.

And a new Ford Car or Truck is your next best investment!

P. S.—

It is significant that all forty-nine replicas of America's most hallowed tradition—THE LIBERTY BELL—are mounted on new Ford Trucks—another great American tradition...

And, therefore, your investment in a new Ford Car or Truck is your next best investment.
