City Govt. Favored by Woods 'Citizens'

The Citizens Committee of the Village of Grosse Pointe Woods, which was appointed to study the matter of incorporation, by its president Alois A. Ghesquiere, prepared the following long report favoring the City incorporation of the Village of Grosse Pointe Woods:

The Committee consisted of George A. Beauchamp, Earl O. Cramer, Harry B. Miller, Byron A. Burchby, Rex Johnston, Leon D. Ratcliffe and David C. Crawford.

This Committee unanimously recommends city incorporation for Grosse Pointe Woods and presents the following outline of the problem:

The State of Michigan is divided into counties with County Governments handling the following responsibilities: Regional planning, County highways, Sheriffs and Coroners, Judicial system, Registration of Deeds, Health Department and Welfare Department.

Within counties, there are three alternate forms of Government depending on the density of population and the services desired.

No. 1—In rural areas where the population is sparse, the Township Government is sufficient with the functions of tax assessing and tax collecting for county, school and township; state, national, county and township elections; representation on county board of supervisors, health department, local judicial system and welfare department.

No. 2—When people live closer together and need such things as more police and fire protection, better streets, parks, water, etc., they incorporate as villages to perform the extra functions of engineering and building safety; tax assessing and collecting for local services; street lighting; parks and recreation; police protection; fire protection; water supply; rubbish and sewage collection and disposal.

No. 3—When an area is sufficiently matured to govern itself completely, it replaced the township and village by a single city government incorporated under a charter which the people themselves write and accept.

"City Incorporation" does not mean joining with the City of Detroit or any other Grosse Pointe municipality. It does not effect the present operation of our school system. It does not materially change our present local village functions. "City Incorporation" merely means that the Village of Grosse Pointe Woods will continue its present

Violators Pay Traffic Fines In Park Court

Harry J. Majchrzak, an employee of the Lake Shore Coach Line, was fined \$25 by Judge John L. Potter in the Park traffic court Wednesday morning.

Majchrzak, of 20500 Kingsville, was charged with failure to observe a passenger entering his bus at Kercheval and Wayburn several weeks ago.

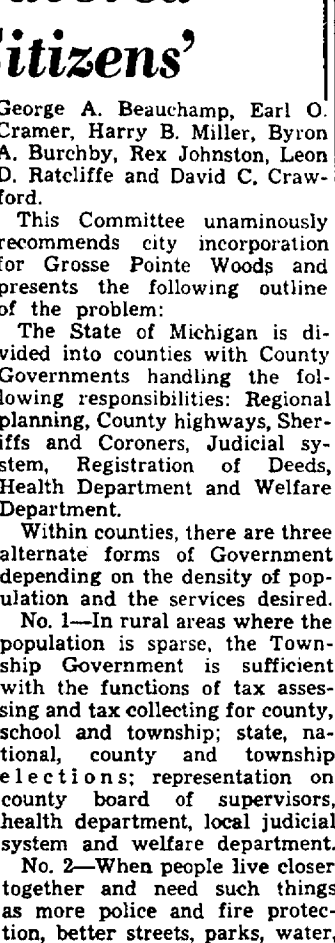

Other drivers fined in court were Donald Matheson, 1218 Wayburn, \$10 for reckless driving; Oscar P. Dodd, Jr., \$15 for reckless driving; and Elwood Weber, 2552 Anderson, for speeding on Kercheval.

Jack Sevian, 365 Roosevelt, forfeited a \$15 bond for speeding when he failed to appear in court. Ordered to attend two sessions of traffic school, Helen P. Wilson, 1084 Bedford, was found guilty on the charge of causing a stop street accident.

Plan Hearing To Rezone Lots

The Grosse Pointe Park Council moved at its meeting Monday night to hold a public hearing at the earliest possible convenience for the purpose of rezoning three lots at Mack and Whittier.

\$50,000 Goal of War Memorial Endowment Drive

A campaign to raise \$50,000 to swell the endowment fund of the Grosse Pointe War Memorial Center has been planned by the Board of Directors, according to an announcement made this week by Alger Sheiden, President of the Association.

The drive will be conducted largely by mail with a pamphlet containing data concerning the center's use and needs going out to those who did not give before because they were out of the city, not at home or for other various reasons when contacted by solicitors during the initial Memorial campaign.

Included with the mailing of the pamphlet will be a pledge card by which anyone can arrange to pay his contribution over a period of two years or by check.

During the first seven months of operation the Center has seen more than twenty thousand persons make use of the facilities for meetings, exhibits, luncheons, dinners, etc. Use of the Center and activities at the center are spiraling upward, necessitating additional maintenance costs and added personnel. Directors of the Association are highly gratified at the increased usage being given the facilities and are now seeking to establish stable income to handle all operating costs.

Next year it is planned to ask everyone in the community to become a "Friend of the Memorial Center," sending in nominal annual gifts.

Thereafter, it is hoped that the Memorial Center can be completely maintained by (1) endowment fund income (2) special annual larger gifts from a small group over a period of ten years (3) use income from clubs and organizations and (4) income from "Friends of the Memorial Center" annual gifts.

The campaign will formally get under way immediately after Memorial Day and continue through the first two weeks of June.

Honor War Heroes At Ceremony

Grosse Pointe will "remember her own" next Tuesday with Decoration Day Services at the War Memorial Center which will be marked by the unveiling and dedication of the permanent bronze tablets bearing the names of the some 3,000 who served and the one hundred twenty-seven who made the supreme sacrifice in World War II.

Special invitations have been mailed to all one hundred twenty-seven gold star families, and the entire community is invited to attend the services, according to City Clerk Norbert P. Neff, program chairman.

Robert Van Tiem, Tom Davies and other scout leaders will be in charge of Cub Scouts and Boy Scouts in raising and half-masting the colors in a ceremony at 10:45 a.m., prior to the customary 11 a.m. Memorial Services.

With the unveiling of the bronze tablets, the temporary honor roll building will have passed its state of usefulness and the Board of Directors have decided to sell it. At present it is located on the lake-side grounds of the Memorial Center. Previously it had stood at the Fisher-Maumee corner of the High School and later at Fisher and Kercheval, before being moved to the Memorial Center site. The names have now been removed from the panels which have been painted white. Anyone interested in the purchase of the building for a summer house or any other use may contact the Memorial Center.

Tuesday will also find approximately 800 tulips flanking the shrubbery in the gardens of the former Alger estate in full blossom. Visitors at the Memorial Service will want to avail themselves of this beautiful display of colorful blooms.

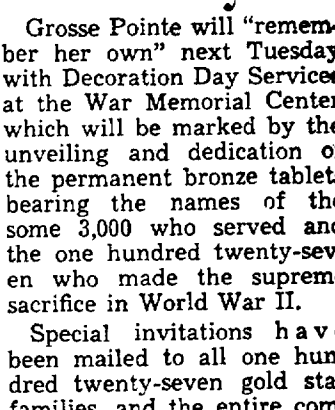

Following is the complete program for next Tuesday, submitted by Mr. Neff: MEMORIAL DAY CEREMONY 10:45 A.M. Raising of Colors and Half-Masting of same Boy Scouts of Grosse Pointe 11 A.M. Park Charter Commission Again Meets

Seven out of the nine members of the Grosse Pointe Park Charter Commission were present for an important meeting last week at the municipal building.

General discussion on the organization, methods and procedure of developing a suggested form of government resulted in two conclusions, namely: First, that the commission would seek consulting services from experts, giving consideration to the Michigan Municipal League and some attorney well-versed in charter affairs.

Second, it was the general consensus of opinion of all present that before any important decision is reached on the type of government or charter, public hearings will be held to feel the pulse of the taxpayers in the matter.

Some time will be required to study and prepare questions on which to sound out public opinion. Meanwhile, the commission is meeting as frequently as possible, twice a month or more.

Fund Nets Half Million

More than half a million dollars has been raised in the general campaign of the Greater Detroit Hospital Fund in one week since the kick-off dinner. The results of activities, as announced at Hospital Fund report luncheons last Tuesday and Friday, show contributions for this period of \$327,194, bringing the total subscribed to the Hospital Fund to \$15,709,680.

Troops to Pitch Tents on Sat. For Weekend Scout Camporee

Scout Camporee will be held next week-end, May 27-28 at the Grosse Pointe Woods Park. Originally scheduled for April 22-23.

The camporee was postponed because of the uncertain weather conditions.

The troops will pitch tents beginning at 10:00 a.m. Saturday. A treasure hunt will highlight the afternoon's activities. Coyle Fisher, popular district emcee, will entertain the scouts at the evening campfire.

Group religious services will be held Sunday morning, followed by inter-troop scout games. Awards will be made to competing troops at 4:00 p.m. Sunday. Parents are invited to attend the closing ceremony at that time.

Troop leaders who have not yet registered for the Camporee are requested to contact Dan McGinty, Scout Commissioner, or Doug Simpson, Camporee Chairman.

Appoint New Men To Woods' Post

Andrew Vingi, of 1555 Anita, has been newly appointed as Building Inspector for the coming year by the Grosse Pointe Woods Council. Vingi, who succeeds John Grates, was formerly construction inspector.

William Meecham, 1552 Bryson Drive, was appointed to the post of Plumbing Inspector by the Council.

No More Monkey Business for Customers at Joe's Place

Mischievous Mike, the favorite monkey of hundreds of Grosse Pointe School children, has a new home behind bars.

Mike lost his freedom last Tuesday night when he bit one of the hands that fed him. The victim was Claudia Conroy, age 6, of 1119 Beaconsfield.

Owner of the pet is Moses Joseph, owner of Joe's Friendly Service at Lakepointe and Kercheval. He was presented with Mike when a customer was unable to pay a \$100 debt.

Pointe Team Gets Booby In Tug Race

During the tugboat race last Saturday a father and son team from Grosse Pointe had three chances to win.

As the workaday boats raced to the finish, Russell G. Candler and his son, Thomas, of 655 Rivard, succeeded in copying only the booby prize with their entry, Macco.

Their other tugs, the Birmco and the B. E. West IV, fared somewhat better. B. E. West IV was nestled in second place during the first lap but retired to fourth position when engine trouble developed.

Fifteen minutes before starting for the race, Birmco was slipped into the water after a final examination.

All three tugs had been newly painted and polished for the spectacle. The boats are the property of Candler and Bass Incorporated.

Following the race a television audience was introduced to the Candlers, the pilots and engineers who were the promoters and participants in this bumping, banging pushing match.

Park Tax Rate Decreases

The Tax rate in Grosse Pointe Park has been reduced 90 cents per thousand dollars assessed valuation, according to a report read at the Park Council meeting Monday night in the Municipal building.

In 1949 the tax rate per thousand dollars was \$19.45. The rate for 1950 has been set at \$18.46 per thousand dollars valuation.

Parks Open

Grosse Pointe's five waterfront parks will be officially open on Saturday and Sunday, May 27-28, on Decoration Day, May 30. Life guards and recreational directors will be assigned to the parks beginning the middle of June.

BEHIND BARS

In the future Joe requests that all bills be paid in cash.

Until Mike lost his freedom he was the favorite pet of many Grosse Pointe children. Pictured with the monkey is Robert Allard, son of Mr. and Mrs. Leslie Allard of 1246 1/2 Wayburn.

BEST FOOT FORWARD

Grosse Pointe put its best foot forward last week for the annual Garden Club Pilgrimage. The flowers were in full bloom when 500 admirers came to see the multi-colored spectacle.

As flower fanciers, both expert and amateur, toured the five spacious gardens on that sunny Saturday afternoon, the general consensus of opinion was that the choicest specimens were at the peak of their beauty.

It was somewhat disconcerting that a greater number of persons did not respond

to the generous invitation to visit these gardens.

A trained corps of hostesses were sprinkled at strategic points to answer questions about names of plants, where they come from and how they grew.

For the public that did not have an opportunity to visit the Grosse Pointe gardens, the 1950 Garden Pilgrimage will be continued this weekend. Dearborn will be host to the tour on Friday, Grosse Ile on Saturday and the final showing of gardens will be in the northwest section of Detroit on Sunday.

INEXCUSABLE DELAY

The House Ways and Means Committee—for a reason which will be a mystery to consumers—apparently does not think that repeal of the wartime excise taxes is an immediate need. In any event, it resisted all attempts to give priority to their repeal, and it now looks as if there will be no action before July 1.

To assure action at all, it may be necessary for a great many more people to make their views on these taxes known to their Congressmen. Continuance of the taxes, now that the war has long been over, amounts to a breach of faith. They were strictly emergency measures, designed as much to reduce production of non-military items as to raise revenue. They prevent full production and employment

in the many industries which they affect. Retailers have testified that they are a strong barrier to sales in many lines. And they have jacked up the cost of living another notch for millions of consumers.

These taxes apply to such things as baby oil, cosmetics, costume jewelry, furs, transportation tickets, long distance telephone calls, and so on. Thus, they are not "luxury taxes" in any reasonable meaning of the term. Most of the goods and services they hit are regarded as necessities and semi-necessities in a country with high living standards.

Congress should have repealed these taxes long ago. Refusal to act is inexcusable.

Letters to the Editor

AN OPEN LETTER TO GROSSE POINTE FARMS POLICE DEPT.
Chief Walter P. Hoyt
Village of Grosse Pointe Farms, 90 Kerby Road.
Grosse Pointe Farms 30, Mich.
Dear Mr. Hoyt:

Enclosed please find my check in the amount of \$2.00. I haven't the faintest idea what the \$2.00 is for—I did not receive a ticket on the date mentioned. The only ticket I have ever received was paid for three days later and you have that record and I have a cancelled check for \$1.00.

I have no knowledge of this recent ticket and it wouldn't be worth the argument, or any deliberate lying on my part to get out of paying \$1.00. However, there are no two sides to it as far as the Farms Police Department are concerned. They simply mail a Traffic Court Notice and I was told today to mail \$2.00 to settle something I know nothing about.

However for \$2.00 I have the right to express my own opinion—the Farms Police Department spend more time on Kercheval than in any other part of their territory. We see trucks and cars speeding up and down our street—just the other day a speeding truck hit our dog and killed him, the truck didn't stop. It could have been one of our children. There is never a time of driving on Kercheval that we don't see violators—but never any policemen because they spend their time on Kercheval.

There are a large group of women around us who feel just as we do about this matter and instead of shopping "On the hill" in Grosse Pointe Farms, we will

We have lived in Grosse Pointe Farms for 13 years but do not expect to be residents here very much longer as we are in the market for a new home right now. Perhaps by moving to a new location we will receive the courtesy we once received in the Farms when it was "new."

Certainly the business men in the new "On the hill" section do not approve of the constant patrol of Farms Police. It might have something to do with business places in that section having trouble keeping their doors open. We sincerely hope that our \$2.00 donation will help the Farms budget and it will be nice to know that it will not make it necessary for you to "serve a warrant for our arrest."

Sincerely,
MILDRED E. ANDERSON.

Ty Tyson interviewing Harry Weigand at Bon Secours movie premier Tuesday night at the Woods Theater. A capacity crowd of 2,470 persons attended one of the biggest charity successes of the season.

Ladies Get Free Roses from 'Tony'

Free roses to the ladies will be the order of the day when Ernest "Tony" Koinis, Grosse Pointe's nationally famous "Pop Corn Man," swings open the doors of his new store on Friday at 11 a.m. His new store, located at 15008 E. Jefferson, will feature drive-in service, a brilliantly lighted interior and gleaming stainless steel fixtures.

As always, "Tony" will have a special batch of his "World's Finest Pop Corn" ready for his customers. Frozen custard, homemade ice cream and "the best lunches money can buy" as "Tony" says, will be regular features at the soda bar.

A complete line of fresh, finely boxed or bulk candies will be in stock regularly in the confectionery department.

Customers who have been waiting for "Tony's" grand opening will have a real chance to catch up on special banana splits, sundaes, sodas and barbecues.

Bon Secours' Movie Premier Is Huge Success

More than 2,400 people chuckled through the hour and a half performance of "Father of the Bride" last Tuesday evening in the straight-from-Hollywood movie premier at the Woods Theater.

At three dollars per person the Bon Secours Assistance League was assured of a financial success in their undertaking.

The lobby of the theatre matched the lobby of any big showhouse on the opening night of a big production.

Ty Tyson, veteran radio announcer, stood near the door with a mike to greet and interview Pointers and their guests as they arrived. With Ty were Pat Tobin and Johnny Slagle, popular television team.

An orchestra conducted by Charles Costello filled the air with light music to suit the occasion. Baskets of flowers were everywhere.

Among the reception committee were Mrs. William J. Lilly, Mrs. Chilton Drysdale, Mrs. R. E. Thibodeau and Mrs. Clarence Kramer.

A fashion show was presented before the movie through the courtesy of B. Siegel.

Library Spotlight

By JEAN TAYLOR
of the Grosse Pointe
Public Library Staff

To paraphrase Edna St. Vincent Millay,

"Lord, I do fear
Thou'st made the world too
beautiful this year;
My soul is all but out of me, let
fall
No single blossom; pritheer, let
no bird call."

Intent on putting this beautiful world on canvas, budding young artists, and they are myriad, are taking palette and brush out of doors these days. Among the most enthusiastic are students of Mrs. John Pear, who has taught both watercolor and oils in the Grosse Pointe Adult Education program and has done much to promote the interest of art in this community.

We discussed books on this subject recently with Mrs. Pear and came away much wiser. Among the books she recommended are several by a well known painter, teacher and writer on art, Frederic Taubes. He has a variety of titles from which to choose, among them "The Amateur Painter's Handbook", "The Technique of Oil Painting", "Studio Secrets" and "Oil Painting for the Beginner".

As good background material, Mrs. Pear suggests "Art in America" by Suzanne La Follet. The author here correlates art with the sociological development of our country.

Three books by Eliot O'Hara are widely used by watercolor enthusiasts; "Making the Brush Behave", "Making Watercolor Forth" and "Watercolor Fares Forth". There are two schools of thought about O'Hara however, and Mrs. Pear is not one of his disciples, maintaining that the color theory which he has worked out for himself is still a matter of controversy.

For the amateur painter, a number of other books on the library shelves may prove helpful.

"Anyone Can Paint" by Arthur Zaidenberg gives "practical instruction in the various media of art; oil painting, watercolor, mural painting, tempera, woodcut, etching, pencil, pen and ink, pastel, etc."

Lawrence V. Burton's "Week-End Painter" is for the dabbler who does not take his art too seriously.

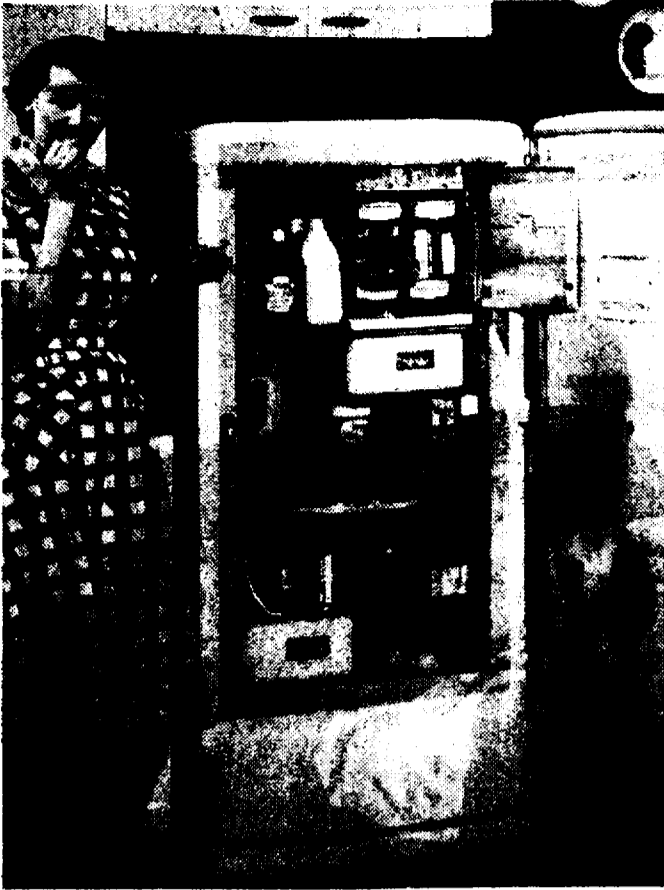

"Still Life Oil Painting" by Marion Zimmer is "expected to appeal equally to the average person interested in learning how to paint and to the teacher who is required to handle large classes of students learning to paint in oils."

"I Wish I Could Paint" by Bradshaw consists of demonstration lessons in watercolor.

"Painting for Enjoyment" by Arnold Blanch is a simple basic text on gouache painting.

Although we have already mentioned "Painting As A Pastime" by Winston Churchill, in this column, it deserves a place on this list. It is written from the psychological angle of painting as a hobby.

In "Pastel Painting Step-by-Step" by Elionor L. Sears, emphasis is placed on the author's specialty, child portraiture.

Families Witness Double Ring Rites In Church

Sue Ann Carson, daughter of Mr. and Mrs. Kenneth Carson, 302 Somerset, became the bride of James Emerson Meeks, Jr., at 8 p.m. on Saturday, May 6.

The couple exchanged marriage vows in a double ring ceremony solemnized by Dr. C. B. Allen, of the Detroit Metropolitan Methodist Church, in the presence of members of the immediate families.

For the ceremony the bride wore a gown of ice blue satin and nylon tulle designed with a fitted bodice which featured cap sleeves and a full waltz-length skirt.

A small ice blue bonnet held her shoulder length illusion veil and she carried a colonial bouquet of white roses and stephanotis centered with a white orchid.

Barbara Taylor, of Buffalo, N. Y., her only attendant, performed the duties of maid of honor, and chose a gown of filmy yellow dotted Swiss over yellow tulle. A wide sash repeated the sunny tone of taffeta with a matching bonnet. Her bouquet consisted of yellow tea roses.

Joseph Bashore was best man and Donald Metzler ushered.

For her daughter's wedding, Mrs. Carson wore a toast crepe and lace gown and a corsage of orchids.

The bridegroom's mother donned a navy blue sheer crepe ensemble accented with shell pink accessories and an orchid corsage.

Mr. and Mrs. Meeks will live in Lansing, Michigan, following their Northern Michigan honeymoon.

SCHOOL NEWS

VERNIER SCHOOL
Equipped with red wagon and purse of money, the Kindergarten children visited the Michaux farm where they purchased a flat of dwarf marigolds. The plants were put in small flower pots and each mother received one of these gifts for Mother's Day.

At Parent's Day, last Friday, the Vernier First Grade children presented an activity which correlated all school subjects including Health Education.

The 4th, 5th and 6th grade music classes gave a program for their parents Friday evening. About 80 guests came. Jim Ayling, Jo-Ann Bertotti, Gary Stone and Marie DiCenzo announced different groups of songs. Ernest Kurschat and Joanne DiCenzo sang and during the intermission Lloyd Schultz introduced Barbara Wilson, Kay Marbut and Dick Mertz who played piano solos. Dotty Bauer and Michael Kroeyer played a violin duet.

The last part of the program was the operetta entitled "The Special Town Meeting," announced by Carole Williams. Participants were: Bill Lafer, David Roll, Michael Kroeyer and David Gaskin. Leo Burch and Tim Johnson joined the act. Bellin LaHood was the school teacher.

The 4th grade were very excited last Monday to discover a pair of robins busily making a nest on one of our upper window ledges. The children have tried not to disturb the mother in hopes of watching eggs and later the babies.

PARCELLS SCHOOL
Parents of the children in Miss Mercedes Merrill's 5A Group gathered recently to watch their youngsters perform in a Health Program. Presented in the Parcels School playroom, the program consisted of a culmination of all the aspects of the Health Unit which the boys and girls have studied throughout the year.

Physical education training was displayed as the children snappy marching led by Mickey McKee. Prowess in tumbling was in evidence even to the building of human pyramids.

A contrast in modern and old time dancing was effected. Boys and girls first of all waltzed gracefully to the strains of some favorite waltz tunes. Following this the youngsters proved that they are very much aware that square dancing is once again popular. As they chose partners for this dance, John Lee came forward to act as "caller." The invitation to join in the square dancing was extended to the audience who gaily accepted.

A short play entitled, "Vitamins," was presented also. Those in the cast were Carol Easton, Marilyn Hoff, Darlene Mosley, Muriel Simpson, Germaine Rehahn, David Barr, and Kenneth Bonnell.

A delightful evening was concluded with the serving of refreshments.

MAIRE SCHOOL
The boys and girls in Mrs. Parent's second grade are studying about life in Holland. They have an exhibit of wooden shoes, Dutch figurines and Ceremonial clothing in their room. To this they have added originality of purpose in building and painting a windmill four feet high. The windmill is constructed of cardboard and masonite for the arms of the wheel.

The children have searched in the libraries for literature of the Netherlands. They have studied the art of Dutch painters, the nature of the dairy industry, the use of dykes, the importance of the Zuider Zee and have even compared the government of Holland to our own.

Mr. Klaas Jongens, of 529 St. Clair, who was in Holland during 1938 and again in 1946 showed the colored movies he had taken on both trips. These pictures gave the children a better idea of how the Dutch people actually live, of their work, their recreation and their schools.

Frank Sweet, one of the second grade boys, is now visiting the Netherlands with his parents. Dr. and Mrs. Leon Sweet, of 1028 Caudeux Road.

Belles and Beaux Give Spring Square Dance

The teachers of the group, Mrs. James B. Blahill, of 405 McKinley, and Mrs. Chas. Sharrer, of 1133 Grayton, were proud of their young students. Every swing and do-si-do took on special significance as the parents of the dancers observed the many square dances the youngsters had learned.

Of course, there were favorites, such as, Indian Style and Rose of San Antonio which are always very popular in any group.

Among the interested spectators were Mr. and Mrs. Louis Marick, of Merriweather, Mr. and Mrs. Andrew B. Harper, Jr., of Moran, Mr. and Mrs. Francis H. Striker, of University Pl., Mr. and Mrs. Roger K. Ellis, of University Pl., Mr. and Mrs. M. B. Hutchinson, of Merriweather Rd., Mrs. A. P. Teetzel, of Merriweather, and Mr. and Mrs. H. W. Completes First Driver Education Program at DUS

Last week at the Detroit University School the first student to complete the course was graduated from the school's Driver Education Program.

John Watling received his certificate from Headmaster John Gillette, Jr., in the presence of the Grosse Pointe Woods Police Department, F. MacKay of Grosse Pointe Motors, Inc.; G. M. Garrett, Assistant to the Headmaster; and Samuel C. Beeler, Director of Mechanical Arts at D. U. S.

The Driver Education Program is sponsored by the State Department of Public Instruction, assisted by the Automobile Club of America and the Automobile Association of Detroit and Michigan. Much credit is due the Grosse Pointe Woods Police Department for their approval, cooperation, and encouragement. The dual-controlled car was provided by Grosse Pointe Motors, while permission was given by the Woods Theatre to use its large parking lot for elementary practice.

The Driver Education Program complements the examining and licensing of the driver by the state department. At Detroit University School the course is taught as part of the required high grade Civics course.

A scholarship provided by the Automobile Club of America and the Automobile Dealer Association of Detroit and Michigan enabled Samuel C. Beeler to take the course for driving instructors at the University of Michigan. Mr. Beeler is a certified driving instructor under state requirements.

Fire Chief Warns Citizens About Alarms

What people don't see, both in their homes and in their businesses, is that many fire alarm boxes are concerned.

So says Fire Chief Edward L. Reardon of Grosse Pointe Park, who reports that many people do not know where their nearest fire alarm boxes are located. The boxes are painted a vibrant red and are usually placed on prominent corner locations so they may be seen. Frequently, they're overlooked, even by those who may pass the emergency signal stations day after day for years.

According to Chief Reardon, a recent survey shows that six out of ten people queried have no idea where to ring in an alarm in case of fire.

He urged every family to make it their business today to find the nearest fire signal box.

"Fire spreads so quickly," the chief declares, "that time wasted turning in an alarm can result in tragedy." In a matter of a few minutes, a small fire mushroomed. Your best bet is to turn in a fire alarm quickly at the nearest box. It is placed conveniently for the protection and use of the public. Phone messages often are garbled, misdirected or delayed. The emergency signal sent by the fire alarm box is automatic and virtually foolproof. When you turn in an alarm, stand by the box to give the Fire Department the exact location of the fire.

Chief Reardon strongly advises each member of the family to know the location of the nearest fire alarm box. Those not quite sure where it is may get the location from the Fire Headquarters.

Funeral Home Gets Hearing

A public hearing has been set for June 20 in Grosse Pointe Woods to consider the proposed location of a \$150,000 funeral home by Joseph A. VanDeweghe, Mack and Stanhope.

VanDeweghe requested that the Council permit him to include the building as living quarters on the second floor of the building. To comply with the zoning ordinance provisions for dentists' offices, but has not requested provisions for funeral

to amend the zoning ordinance to construct this establishment within 300 feet of the proposed building and their approval.

Chief Trombly Celebrates 25 Years In City Police Dep't

Born in Grosse Pointe, Trombly has spent the better part of 35 years in the community. He attended St. Paul's Grammar School

and the Henstein School, formerly on Cadieux Road. At home on 532 Notre Dame, Trombly and his wife, Marion, have four children, Jack and Anthony are students at St. Paul's. Dates are not necessary for this evening of fun which is designated as a mixer. Bill Cole is Chairman of the informal evening to be held from 8:30 until 12:00 p.m. John Packer and Bob Cooper head the refreshment committee.

Cut by Power Saw

Yeatman Vestal, age 43, of 1837 Brys Drive, was taken to Saratoga Hospital last Saturday for treatment of a four-inch cut on his wrist. Vestal had been cutting down a tree in his back yard when the power saw he had been using slipped and injured him.

Choose Mrs. Kenneth W. Smith for 'Loveliest Mother' Award

The title "Loveliest Mother," was bestowed on one of Grosse Pointe's own matrons. She is Mrs. Kenneth W. Smith, mother of two children and director of Camp Charlevoix. As part of the honor she will receive a cash award of \$100 from The Free Press. For the past five years, Mr. and Mrs. Smith have looked after their flock of 120 boys at the Camp where they spend their summers. Mrs. Smith's children, 22-month old Peter and Julie, six years old, were very proud of the selection of their mother. As a moment of the occasion, Mr. Smith presented his wife with her first orchid. At Grosse Pointe Woods Presbyterian Church last Sunday, Reverend Andrew F. Rauth read a letter of congratulations from the pulpit. He recalled that she was a charter member of the church. Mrs. Smith was the first president of the Women's Association of the church and until a year ago Mr. Smith was the church organist. The Smiths reside at 1922 Beaufait, Grosse Pointe Woods. Son Born Mr. and Mrs. Kappaz, of 5780 Eastlawn, announce the birth of a son, Nicholas Anthony, born Sunday, May 7. Mrs. Kappaz is the former Helen Vaptisma.

At an annual Honors Day Assembly at Oberlin College, Robert Trees was named in the sophomore honor list. He is the son of Mr. and Mrs. Daniel Trees, of 946 Lincoln.

G. P. Printing Cops Business Men's Bowling Trophy

Boutin's Service Is Runner-Up

A beautiful bronze trophy, symbolic of the Grosse Pointe Business Men's Bowling League championship for 1949-50, was presented to Grosse Pointe Printing Co.

Sponsor Robert Oldham received the trophy at the League's annual banquet Saturday at Mike's Palm Room, St. Clair Shores.

The Printers captured the title by defeating Boutin's in a playoff match last week, 2462 to 2351.

About 200 bowlers and their wives who attended the banquet also saw individual trophies awarded to members of the title team, Jack Regotti, Charles Heise, Arthur Louwers, Charles Colombo, and Herb Heger.

Boutin's team, comprised of Tom Kelley, Harry Nelson, Andy Carroll, Bruce Warren and sponsor Marvin Boutin, received a team trophy and individual cups.

Boutin's also earned awards for team single high, 992, and team three high, 2756.

Individual single honors went to William Ford, of Imperial, 278. Carroll took individual three high with 647.

Robert Kehrer, of Bruce Wigle, was cited for being the most improved player. He raised his average 11 points.

Turner's, defending champion, fell to 12th place this season.

Bruce Warren, secretary, described the 16-team season as one of the most successful in the league's history.

DEFENDERS IN REGIONAL TENNIS TOURNAMENT

These netters are chief defenders for Grosse Pointe High School in the State Regional Tennis Tournament which gets under way Friday and Saturday, May 19 and 20. They are, left to right, Bobb Hardies, 821

Hampton, Bob Peterson, 956 Lincoln, Bill Whittingham, 157 Merriweather, Cort Lecklider, 848 Berkshire, Skip Pessl, 1584 Roslyn, and Dick MacKenzie, 1688 Lockmore.

Navy Names Candidates Pointer in Navy Training School

Three Grosse Pointe men, Harry Robert Esling, Jr., of 668 Nef rd., Theodore Hall Fuger, of 252 Cloverly, and Robert James Stringer, of 2044 Brys, were named by the Bureau of Naval Personnel as successful candidates for the Naval Reserve Officer Training Corps.

Home on Leave

RMSN Barry Salton, son of Mr. and Mrs. Fred Salton of Maryland avenue, is spending a ten day leave visiting in the Pointe. Barry is stationed on a PCE (patrol craft) with the amphibious forces at Norfolk, Virginia.

Working for his Wings of Gold and a commission as Ensign in the United States Navy, Reese flew for the first time unescorted by an instructor in the Navy's sturdy SNJ Texan Trainer.

Reese, who attended Grosse Pointe High School, and the University of Michigan, arrived aboard Whiting Field on March 28th.

Devils Dump Bears for 42nd Victory on Tennis Courts

The Grosse Pointe High School net team won its 42nd consecutive victory Tuesday at the expense of Wyandotte 5-2. This was a return match in the Bear's home territory and was expected to be a repeat of the thriller at Grosse Pointe two weeks ago.

The line-up was changed slightly by both coaches. Coach Schultz put Skip Pessl with Jim Barker to play the No. 1 doubles and Coach Beach of Wyandotte had Don Meyers play No. 1 singles exchanging places with Merle Jones.

Al Mann easily put Don Meyers out of the running 6-1, 6-2 for the first point of the afternoon. Cort Lecklider playing No. 2 singles put up a good fight for the first set before losing 7-5, 6-1 to Merle Jones to tie the match at one all.

Jim Barker and Fred Pessl played heads-up tennis to defeat Bob Jones and Dick Menzel 9-7, 6-0. The last set was a slaughter. Barker and Pessl just couldn't miss. This was the only defeat suffered by Jones and Menzel this year.

Ray Leonard and Bruce Terris repeated their victory of two weeks ago by winning 7-5, 6-1 over Charles Trietch and Eugene Wrinkle. Bruce Allen and Bill Rossiter took the measure of Ed Downing and George Stepanovic 9-7, 6-2. Two weeks earlier it was the other way around. Allen played a hard driving game and forced the opposition into countless errors.

DUS Nine Pitches Loser

In a Southeastern Suburban Conference game with Detroit Country Day School last week, Detroit University School lost 3-2. Bert Miller, pitching 9 innings for D. U. S., had a record of 20 strike outs. A wild pitch allowed the winning run in the last of the 9th to cross the plate.

Back on the home diamond, D.U.S. in a non-conference game finished on the short end of a 13-1 score with Beaconsfield. Four pitchers tried to hold the opposing team in vain.

D. U. S. broke its string of 5 losses by whipping A. E. Smith School, Wyandotte, 15-3. Dave Rentschler went the distance on the mound for D. U. S. The home team collected 13 hits against 9 for the opponents. Outstanding in the afternoon's rout were Bob Kratzel driving in 5 runs, and Bruce Garbutt collecting 4 for 4. Garbutt, a freshman regular on the team, began this week with a batting average of .514.

Chesterfield Card Has Dobie, Klein

"Gentleman Jim" Dobie and Louie Klein meet Fierro Ghetti and Paul "Tarzan" Orth in an Australian tag match as the feature attraction Friday, 8:30 p.m., at Chesterfield. Bert Ruby meets Dutch Schultz and Walter mixes with Dan Hurley.

G.P. Netters Swamp Monroe in State Regional Tourney Near

The Blue Devil net team defeated Monroe again Friday on their home courts 6-1. The match was a repetition of the slaughter at Monroe on Tuesday with the exception of the second doubles.

Ray Leonard and Bruce Allen started off with a bang, winning the first set easily and then Dan Braden and Carl Herkimer started steady down and soon had the upper hand. The second set was a deuce set and that finally went to Monroe. The last set was as lop-sided for Monroe as the first one was for Grosse Pointe.

This was Grosse Pointe's 41st consecutive winning streak match. The singles matches all were quickly disposed of with all four Grosse Pointe players winning in two sets.

Al Mann, Cort Lecklider, Bill Whittingham, and Dick MacKenzie played in that order. Jim Barker and Fred Pessl won the No. 1 doubles easily, 6-1, 6-1, and Bob Peterson and Bob Hardies won the No. 3 doubles handily, 6-3, 6-1.

The local boys have four more matches to play this year with the biggest chance of having their winning streak stopped when they meet Wyandotte at Wyandotte on Tuesday. This match should again be a thriller.

READY FOR MILITARY BALL

Lieutenant S. Cerbus, 1141 Wayburn, and Private Carolyn Culp, 1070 Lakepointe, are listening to the music of Ray McKinley, who will be here in person to play for the Military Ball on Friday, May 26, at the U. S. Naval and Marine Corps Reserve Training Center, 7600 E. Jefferson. For the first time since before the War the Reservists and veterans will be able to attend one of the most colorful social events of the season.

State Regional Tennis Crown Goes to GP High School

Doing it the hard way, Grosse Pointe High School annexed the State Regional Tennis Crown on the local high school courts last Friday and Saturday in beautiful playing weather. Four schools were entered in the Class A competition: Grosse Pointe, Hamtramck, Mt. Clemens, and Port Huron, and they took honors in that order.

First round matches found Bill Pope of Hamtramck with a bye; Bruce Terris defeated Robert Zieg of Port Huron 6-1; 6-0. Cort Lecklider, G.P., defeated Fred Riggan of Port Huron, 6-1; 6-1. Dick MacKenzie of G.P., D. Ward of Mt. Clemens, and J. Temple of Port Huron received byes and Dick Potter of Hamtramck defeated Louis DeGroot of Mt. Clemens, 6-0; 6-1.

In the first round doubles Zoski-Parchute of Hamtramck, Stoner-Nordgren of Port Huron, Girson-Johnson of Mt. Clemens, Hootman-Schwoppe of Mt. Clemens all received byes. Fred Pessl and Jim Barker defeated Miller-Kawa of Hamtramck; Mann and Whittingham of G.P. defeated Magee-DeShano of Mt. Clemens; and Leonard-Allen of G.P. defeated Lamlein-Sommer of Port Huron, 6-0; 6-1.

Cargas-Byczek of Hamtramck won over Robinson-Currie of Port Huron, 6-2; 6-2. At the end of the first round the team standings were: Grosse Pointe, first; Hamtramck, second; Mt. Clemens, third and Port Huron, fourth. Things began to tighten up in the second round matches. Bruce Terris of Grosse Pointe tangled with Bill Pope of Hamtramck and put up a real fight before going down, 4-6; 6-1; 6-4.

Cort Lecklider of G.P. tangled with Jack Albee of Mt. Clemens and had a real struggle on his hands to finally pull the match out of the fire, 7-5; 7-5. Dick MacKenzie came through with a fast win over D. Ward of Mt. Clemens, 6-1; 6-0. Dick Potter of Hamtramck defeated J. Temple of Port Huron, 6-0; 6-0.

In the doubles Zoski-Parchute of Hamtramck whitewashed Stoner-Nordgren of Port Huron, Pessl-Barker of G.P. defeated Girson-Johnson of Mt. Clemens, 6-1; 6-6. Mann-Whittingham of G.P. easily triumphed over Hootman-Schwoppe of Mt. Clemens, 6-0; 6-2. The big match in this round was between Leonard-Allen of G.P. and Cargas-Byczek of Hamtramck. It was a very close match. Both matches went to 7-5, G.P. winning. In the semi-finals Mann-Whit-

ingham went on to defeat Leonard-Allen, 6-1; 9-7.

Zoski-Parchute tangled with Pessl-Barker in the late afternoon and some of the best tennis seen on the local courts was witnessed by about 200 tennis enthusiasts.

Jim Barker and Skip Pessl put up a game fight before losing, 6-3; 8-6.

In the singles Bill Pope ran over Cort Lecklider, 6-1; 6-1. Potter outplayed Dick MacKenzie, 6-2; 6-2.

On Saturday the doubles final had the makings of a good match but Al Mann and Bill Whittingham folded under the onslaught, 6-1; 6-1. Never once did the local boys get under way and were outplayed all the way. Both boys have much better tennis in them than shown but couldn't rise to the occasion.

Coach Schultz stated that the only real upset occurring in the tournament as far as he could see was the defeat of Barker-Pessl.

Natural History Museum Offered At Richard

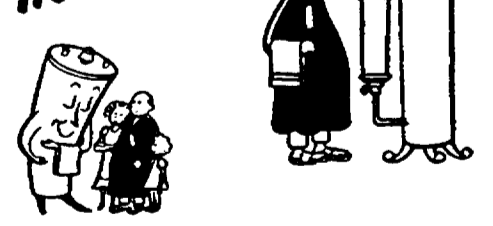

The display of arrow heads, fossils, cocoa beans and mounted frogs are only a few of the many items on display at the Richard School Natural History Museum. Starting experimentally several years ago, the collection of natural history pieces has grown steadily.

In reference to this program a recent Richard School Teachers Bulletin, directed by Elsera Nault, stated, "Museums are an important part of American culture and give much impetus to a scientific approach to a study of the world's problems."

Leave for Eastern Conventions

Mrs. Edward J. Savage, of Yorkshire, left Friday by train for Newport, R. I. to attend the 37th Annual Congress of the National Society of New England Women.

Mrs. Lloyd DeWitt Smith, of Grand Marais, president of Grosse Pointe Colony, left by motor Saturday for Newport, where she will read her report as a Colony president. She was accompanied by Mrs. Albert E. Stewart, member of Grosse Pointe Colony.

YOUNG ADULTS MEET
The Young Adult Group of The Grosse Pointe Methodist Church held its regular monthly meeting on Saturday, May 27, at 8 p.m. in the parsonage, 2049 Van Antwerp Road.

Miss Della VanHouse, an instructor at the Detroit Institute of Arts, and a recent addition to the church, led the group in a session of "Finger Painting."

Skate Champ In Accident

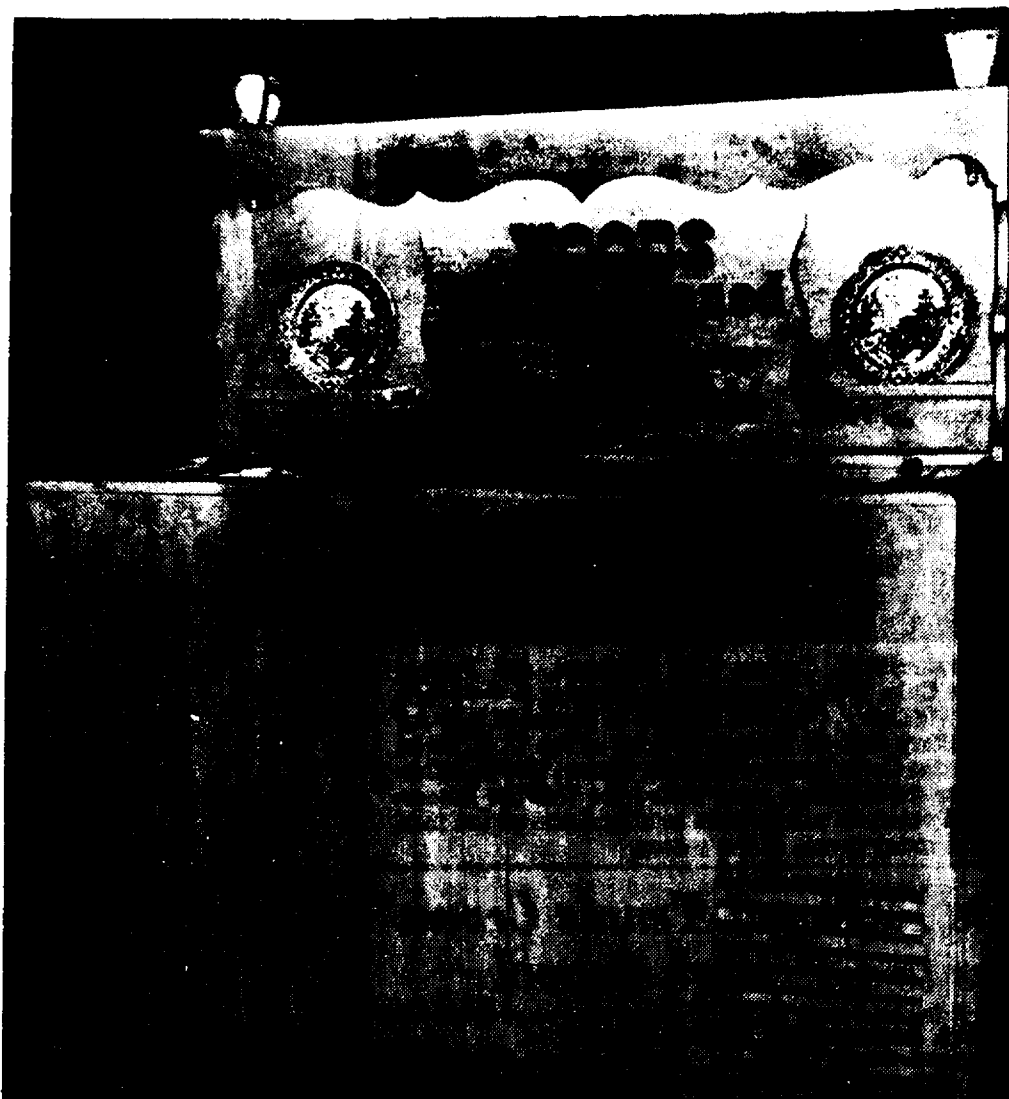

Loretta Neitzel, of 2849 Montclair, was driving south on St. Clair when she struck a car driven by Marie L. Anderson, 822 Bedford, who was traveling on Maumee.

Miss Neitzel was a world's champion figure skater more than 20 years ago. She was ticketed by City of Grosse Pointe Police for pulling into traffic and causing an accident.

Hazel Tidman, age 67, a passenger in Miss Anderson's car, suffered slight cuts and bruises on her face.

New Police Cars

Three new police cars and two administrative cars will be purchased by the Grosse Pointe Farms, according to the request approved at the Council meeting held recently in the Municipal Building.

The handsome antiques case above houses the Woods Old Fashioned Ice Cream, featured exclusively in Grosse Pointe at Sfires, successors to the G. & R. McMillan Co. Flecks of the vanilla bean found in the whole cream product, are evidence of the old fashioned "flavour" and goodness of the ice cream.

Praise Merchants For Cooperation

"It is only through the cooperation of local merchants and organizations that the community theatre can hope to succeed," says Russel Werneken, director of the Grosse Pointe Theatre's latest production, "I'll Leave It to You," by Noel Coward.

An example of a neat bit of cooperation was seen during production on the stage of Police Auditorium. Mary Fran Galvin, at 8:30 p.m. Mary Fran Galvin, who enlists the role of a frivolous, middle-aged woman of the Billie Burke type, appears in a coiffure especially designed for her by Don of 5th Avenue, well-known hair stylists, whose Mack Avenue Shop is a mecca for many of the Pointe's smartest misses and matrons.

Other Grosse Pointe groups and merchants who have given the Grosse Pointe Theatre a helping hand along the way are Jacobson's, Doubleday's, Paul Gach, the Defer School P.T.A., the Optimists Club, the Rotary Club and the Grosse Pointe Lions.

Grosse Pointe Farms OFFICIAL NOTICE OF ORDINANCE ADOPTION

SPECIAL ASSESSMENT ORDINANCE (ORDINANCE NO. 87)

An ordinance to provide for the making of public improvements and defraying the expense thereof by special assessment.

The City of Grosse Pointe Farms Ordains:

Section 1. The term "improvement" as used in this ordinance shall mean any public improvement, any part of the cost of which is to be assessed against one or more lots or parcels of land to be especially benefited thereby, in proportion to the benefit to be derived therefrom.

Section 2. The term "cost" as used in this ordinance, when referring to the cost of any improvement, shall include the cost of surveys, plans, right-of-way, spreading of rolls, notices, advertising, financing and construction and all other costs incident to the making of such improvement, the special assessments therefor and the financing thereof.

Section 3. The term "engineer" as used in this ordinance shall mean the Engineer of the City of Grosse Pointe Farms.

Section 4. The Council shall have power to determine by resolution that the whole or any part of the cost or expense of any improvement shall be defrayed by special assessments upon the property especially benefited, in proportion to the benefits derived or to be derived.

Section 5. The Council, in order to ascertain whether or not a reasonable number of property owners to be assessed desire any particular improvement to be made, may request and receive a petition therefor, or may receive such a petition voluntarily presented; but in either event, such petition shall be advisory only and shall not be jurisdictional.

Section 6. Before determining to make any improvement, any part of the cost of which is to be defrayed by special assessment, the Council shall determine by resolution what portion of the cost shall be paid by special assessment and what part, if any, shall be a general obligation of the City, the number of installments in which assessments may be paid and the lands which should be included in the special assessment district.

Section 7. After such filing, a public hearing shall be held before the Council, which hearing shall be held not less than ten (10) days after notice of the time and place thereof has been published and sent by the Clerk to all property owners in the proposed district as shown by the current assessment roll of the City.

Section 8. At the time and place specified in such notice for the public hearing, the Council shall meet and hear any person to be affected by the proposed public improvement. The hearing may be adjourned from time to time by the Council.

Section 9. After said public hearing, the Council may, by resolution, determine to make and to defray the whole or any part of the cost of the improvement by special assessment upon the property especially benefited in proportion to the benefits derived or to be derived. By such resolution the Council shall approve the plans and specifications for the improvement; determine the estimated cost thereof; determine what proportion of such cost shall be paid by special assessment; determine by resolution what portion of the cost shall be a general obligation of the City; determine the number of installments in which assessments may be paid; determine the rate of interest to be charged on installments not so paid; determine the date of payment, or designate the district or land and premises upon which special assessments shall be levied; and direct the Assessor to prepare a special assessment roll in accordance with the Council's determination.

Section 10. The Assessor shall thereupon prepare a special assessment roll including all lots and parcels of land within the special assessment district designated by the Council, and shall assess to each such lot or parcel of land its proportion of the whole sum to be levied against all the lands in the special assessment district as the benefits of such lot or parcel of land bears to the total benefits to all lands in such district as shown by the current assessment roll of the City.

When the Assessor shall have completed such assessment roll, he shall attach thereto, or endorse thereon, his certificate to the effect that said roll has been made by him pursuant to a resolution of the Council, and that the amount of the assessment therein is, in his judgment, conforming in all respects to the directions contained in such resolution, and to the provisions of this ordinance. Thereupon he shall file said special assessment roll with the Clerk who shall present the same to the Council.

Section 12. Upon receipt of such special assessment roll the Council shall cause it to be printed and the Clerk shall publish and send by the time and place specified in such notice for the public hearing, the Council may, in its discretion, publish notice of said meeting not less than ten (10) days prior to date of said meeting.

Section 13. Any person desiring himself aggrieved by the special assessment roll may file his objections thereto in writing with the Clerk prior to the date of said meeting, which written objections shall specify in what respect he deems himself aggrieved.

Section 14. The Council shall meet and review the said special assessment roll at the time and place appointed, or at an adjourned meeting, and shall consider any written objections thereto. The Council may correct said roll as to any assessment or description of any land or parcel of land, or other matter appearing thereon. Any change made in such roll shall be noted in the Council's minutes. Any such change shall be subject to the same provisions as to the original roll. The Council may, however, in its discretion, direct that any portion of such roll be subject to a special assessment roll to be made by the Assessor, which special assessment roll shall be made in accordance with the provisions of this ordinance, and shall be subject to the same provisions as to the original roll. The Council may, however, in its discretion, direct that any portion of such roll be subject to a special assessment roll to be made by the Assessor, which special assessment roll shall be made in accordance with the provisions of this ordinance, and shall be subject to the same provisions as to the original roll.

Section 15. The Council shall cause to be printed and published a copy of the special assessment roll as amended, and shall cause the same to be sent by the Clerk to all property owners in the special assessment district as shown by the current assessment roll of the City.

Section 16. The Council shall cause to be printed and published a copy of the special assessment roll as amended, and shall cause the same to be sent by the Clerk to all property owners in the special assessment district as shown by the current assessment roll of the City.

COW ADOPTS DISOWNED LAMB

LITTLE ORPHAN ELSIE, a twin lamb disowned by her mother, has been adopted by a black angus cow on the farm of Lynn M. Follett at Hubbardville, N. Y. It is rare, for most anguses refuse to nurse any children except their own. Sheep which have twins will feed only one. Elsie, apparently thriving on angus milk, is an alert lamb and doesn't let anyone pull the wool over her eyes. She likes to romp with calves and Donna Follett, 3.

City Government Favored By Woods 'Citizens'

(Continued from page 1)

The township government rather than through the township government.

The Study Committee does not foresee any sizeable cost savings in city incorporation. It does see definite possibility of a more efficient and effective local government and certainly the increasing costs of government can better be held down with a unified city administration than by a division of services under the present township-village method. The township government in 1949 cost Grosse Pointe Woods taxpayers \$18,242. Under city incorporation and with no increase in net overall taxes, this full amount would be available to duplicate the township services. To the extent that these services could be rendered for less, funds would be available for other purposes.

As villages withdraw from the Township, the total cost of operating the Township becomes concentrated in the villages which are left. With the recent vote of Grosse Pointe Park to become a city, the entire cost of Township services must be maintained by Grosse Pointe Woods and Grosse Pointe Shores. It is, therefore, desirable that steps be taken as rapidly as possible to also become incorporated as a city.

The procedure for incorporating Grosse Pointe Woods as a city is as follows:

A. Petitions signed by at least 1% of the Village population but not less than 100 (all petitioners must be registered voters) are submitted to the Village Commission.

B. The Village Commission establishes an election date following receipt of the petitions.

C. An election is held to determine if the voters are in favor of or against city incorporation and at the same election a charter commission of nine residents is elected.

D. The Charter Commission prepares a City Charter which must be submitted to the voters for acceptance and, at the same charter election, new officers are elected as provided for in the Charter. If the Charter is approved, these elected officials take office on the date prescribed by the Charter and at this time the incorporated city is officially in effect and the community withdraws from the Township.

The City Study Commission has found no disadvantages from city incorporation, some definite advantages, and many possible advantages. We, therefore, unambiguously recommend that steps be taken to incorporate the "City of Grosse Pointe Woods" without change of boundaries.

The Township has already notified the Village of Grosse Pointe Woods of the termination of its Health Service. The county is taking over the greater part of the functions formerly performed by the township.

Traffic and minor court cases now heard by township justices would be handled under city incorporation by duly elected judges.

The present welfare service would be maintained by payment directly from the city government.

Drawing of the New St. Michael's Chapel

HERE'S AN ARTIST'S CONCEPTION OF HOW THE NEW ST. MICHAEL'S CHAPEL, OF GROSE POINTE WOODS, WILL LOOK WHEN IT IS COMPLETED.

Campaign to Raise \$100,000 for New Chapel

A campaign to raise \$100,000, to be used to start work on the planned new building for the St. Michael's Chapel, started Sunday, May 21, according to Aaron L. Evans, general chairman of the drive.

The present location of the chapel is at Fairway Dr., at Lochmoor, Grosse Pointe Woods. The new location will be on Sunningdale Dr., overlooking the Lochmoor Golf Course, also in Grosse Pointe Woods.

THE ENTIRE cost of the building will be about \$500,000. Construction on the first \$100,000 portion is scheduled to start in October.

The proposed seating capacity of the new chapel will be approximately 320. The English Village type of architecture has been followed in the building's design.

Arthur J. Hyde, representing the firm of Giffels and Vallet, is the architect.

Chas. R. Beltz Announces New Dehumidifier

Charles R. Beltz and Company, Chrysler Airtemp distributor in Detroit and Grosse Pointe, recently announced the advent of the new Chrysler Airtemp dehumidifier.

This completely new Chrysler unit is portable, light-weight, and is available for use in homes, hotels, apartments, clubs, storerooms, basements, work shops, and a multitude of other places, wherever there is a moisture problem.

Mr. Beltz, who resides at 234 McKinley, points out that the Chrysler Dehumidifier is considerably larger in capacity than similar units in the same range. One unit will remove as much as twenty-two pints of water a day in areas up to 13,500 cubic feet. The Dehumidifier is a simple, plug-in appliance, suitable for domestic or commercial use.

The Dehumidifier, an actual refrigeration unit, is similar in principle to that recently installed by the Charles R. Beltz and Company at the Detroit Skating Club's indoor skating rink. Moist, humid air is drawn by means of a quiet operating fan across cooling coils, thereby effecting condensation of the moisture on the coils and actually extracting it from the air.

The unit when used regularly prevents rust and corrosion indoors, prevents wall and floor dampness, and warping and mildew of furniture. It will even enable the housewife to dry wet clothes much faster on a hot humid or damp day.

Units are on display at the Charles R. Beltz and Company showroom.
