WOODS VOTES TO BECOME CITY

G. P. May Combine on Garbage Disposal

POINTE PARAGRAPHS

by The Pointer
The Grosse Pointe War Memorial has already established itself in the hearts of our citizens. The Center, dedicated to the memory of those who served their country, is a hub of constant community activity. A drive is presently being staged to raise \$50,000 to support this project. The returns to date total a scant \$2,700.

The man who almost came to dinner... was easy to please. Mrs. J. del Monte, of 37 Lewiston, heard a strange request when she answered her phone last Friday at an hour when most families are sitting down to their evening meal.
"Do you think I could come to dinner?" an unfamiliar voice asked her. After a few hungry words the gentleman hung up and left his would-be hostess very puzzled.

Grosse Pointe Woods Police had the tables turned on them last Tuesday. Two small eight-year-old boys, armed with a B-B gun, were blithely aiming their fire at a cruising patrol car. The youngsters lost their fight in the ensuing battle and now the B-B gun has a new home.

Three Grosse Pointe Woods Police Sergeants left for Ann Arbor Wednesday to attend the three-day session of the Michigan Fire-College. The officers are Wilbert LeDuke, Walter O'Dell and Donald Coats.

Not even two accidents shook the determination of the juniors entered in the opening events Thursday of the Grosse Pointe Hunt Club's 39th annual horse show. Riders stayed on their mounts to wait their turn in the jumping classes even after Carol Curry, of Flint, and Joan Rothman, of Birmingham, were tossed from their saddles in the first jumps of the afternoon.

Grosse Pointe Woods officials opened its outdoor pool last Saturday. Residents who dared the chilly weekend breezes noted numerous improvements in their swimming facilities.

Detroit Hikes Fire Aid To Grosse Pointes

By action of the Board of Fire Commissioners and the Common Council of the City of Detroit a new form of emergency fire contract has been submitted to the five Grosse Pointe municipalities.
The proposed new contract provides a change from the old contract in that each community will be required to pay an annual standby charge of three cents per \$1,000 of the County equalized total assessed building valuation.

The valuation in the case of Grosse Pointe Farms is estimated to be approximately \$25,000,000, representing an annual rate of between \$750 and \$900.
At the Farms Council meeting Monday night the contract was referred to the Public Safety Committee for study and recommendation.

Other Grosse Pointe communities have turned the contracts over to the fire chiefs for further study and investigation.

Driver Strikes Barricade on Mack

Joseph Wedyke, of 1592 Brys, was ticketed by Grosse Pointe Woods police last Friday for driving while not having his car under control.
Wedyke was returning from work at Budd Wheel when his automobile struck a barricade at Mack and Beaufort. Two men were working behind the barricade at the time of the collision.

Economies Seen In Joint Handling of Common Problem

Administrative officials from the five Grosse Pointe municipalities met Tuesday afternoon to discuss the feasibility of several proposed garbage and rubbish disposal plans.
Everitt Lane, Grosse Pointe Park Village Manager, stated that the communities have the authority, under a new state law, to unite in a joint operation for a permanent, sanitary and efficient plan for disposal of rubbish and garbage.
In the present garbage disposal methods, the communities are forced to tote their refuse to the city limits or use their own dumps.

Rotarians Told Trucks Vital To Economy

Americans spend more money on transportation than any other commodity, Capt. D. J. Scavarda, of the Michigan Truckers' Association, told members of the Grosse Pointe Rotary Club Monday noon at the Memorial Center.

Trucks hold the key to our economy, said the speaker, because of their mobility over America's three million miles of improved streets and public highways.

Our country said Scavarda, was originally settled along the rivers, oceans and lakes because boats were the cheapest and best form of travel. Next came the railroads, which our government helped get started through huge grants of lands.

With the advent of trucking in about 1900, even the most remote farmer, or inland community, has been placed on the "main line" in daily delivery touch with markets of the country overnight.

China, said the speaker, may have famine in one province and bumper crops in another, mainly because she has no adequate supply of trucks or good roads to move them over.
America's fine highways have made trucks an indispensable element in our every day life and our national economy, concluded Scavarda.

Farms Park Opened Friday

The Grosse Pointe Farms Park was officially opened to the residents last Friday. Within two weeks the Park will be nearing the completion of its \$13,778 building and repair program.

Major construction work includes a bicycle rack, a new slide, proper public signs, an outer walk in small boat harbor, and a lower walk in main harbor at the southeast corner of the Park for boat moorings.

For the past three weeks samples of the water at the Pier has been tested daily in preparation for the opening of the swimming season.
Bacterial analysis have been run on these samples at the Water Plant and the results of these tests show that the water is safe for swimming.

SAFETY MEETING

The Grosse Pointe Traffic and Safety Committee will meet Friday noon at 12:15 in the Memorial Center.

Dogs Graduate from Obedience Training Course at High School

Last Tuesday another class was graduated from Grosse Pointe High School. This time some 76 pooches frisked through their graduation exercises to mark the completion of their ten weeks obedience-training class.
During the Tuesday night sessions the masters were preparing their dogs for the final examinations. With their owners they were judged for the following commands: heel on leash, heel free, recall, stand for examination, long sit and long down.
The purpose of the course was to teach the dog to mind. The owner, in turn, learned how to give commands and what commands to give.
Instructors for the course were

Rotarians Told Trucks Vital To Economy

Americans spend more money on transportation than any other commodity, Capt. D. J. Scavarda, of the Michigan Truckers' Association, told members of the Grosse Pointe Rotary Club Monday noon at the Memorial Center.

Trucks hold the key to our economy, said the speaker, because of their mobility over America's three million miles of improved streets and public highways.

Our country said Scavarda, was originally settled along the rivers, oceans and lakes because boats were the cheapest and best form of travel. Next came the railroads, which our government helped get started through huge grants of lands.

ST. AMBROSE'S TWIRLERS TAKE TROPHY

Baton twirling champions from St. Ambrose school proudly display their trophy, won at a recent contest at Holy Name school grounds. The winning team is Maureen Sullivan (kneeling) and left to right, Virginia Petracci, Judy Gill, Mary Pagato, Phyllis Hielman and Sally Strubank.

Population Quintupled In Woods Since 1940 Census

According to a preliminary report by the U. S. Census Bureau, the population in Grosse Pointe Woods has increased five times since the count a decade ago.
In 1940, Grosse Pointe Woods had a population of 2,805. The recent count in the Woods totaled 10,407.

Grosse Pointe Park with a population of 13,029 retains its title as the largest of the five municipalities. In 1940 the Park had a population of 12,646.

Thousands See Prize Roses At Exhibition

Streams of visitors numbering close to 10,000 or more visited the Annual Show of the Detroit Rose Society last Saturday and Sunday at the Grosse Pointe War Memorial.

The admirers were not disappointed when they viewed some 1,200 specimens of the finest blooms rose growers in this area could offer.

Three blue ribbons were won by roses exhibited from the Memorial Center's spacious gardens. As a special honor for winning three awards, the Detroit Rose Society contributed a medal to the Center. The prize blooms were Doubloons, Rufaiyeh and Freedom.

Harold F. Marsh, of Pemberton, was presented with a Past President's Trophy for showing the best open blooms.
Among the many exhibitors was Dr. Jerome A. Ankley, of Lakepointe, who displayed his roses in a special showing.

Prankster Is Fined In Court

Donald Sarvis, age 19, of 904 Lakepointe, charged with removing the hands from the clock at Grosse Pointe High School tower several weeks ago, was sentenced in open court on June 14 by Judge Burgess Book III.

Sarvis was placed on probation for one year and fined \$25. The court ordered the offender to pay \$43 for restitution and banned him from trespassing on school property in Grosse Pointe Farms for the period of his probation.

Passenger Injured

Dr. Wilbur Sanders, 2111 Lancaster, was making a left turn off Mack into Anita last Thursday when his automobile struck a motorcycle driven by Alvin Whitmore, Jr., 26324 Avalon St. Clair Shores.

A passenger on the motorcycle, Richard Colpaert, was treated for minor arm injuries.

Off-Street Parking Plan of Verheyden

In order to help the Village maintain streets for their primary purpose of affording means of travel, Charles Verheyden, Inc., Grosse Pointe funeral directors, have been making plans to provide off-street parking on properties owned by Mr. Verheyden, along Whittier road, south of the present funeral establishment.

A petition has been submitted to the Village Commission, and a public hearing will come up next Monday night on his request to vacate the alley lying immediately back of the present funeral home and to have the next three lots along Whittier re-zoned to "business parking district."

As a native Grosse Pointe and son of a pioneer Grosse Pointe family, Mr. Verheyden has taken pride in bringing one of the most beautiful funeral homes in the country to the community and promises in his petition that if permitted to add these improvements, they will be done in the same quiet, dignified manner as his funeral home is conducted and will, at the same time, be a public improvement as well as a safety measure.

The proposed parking lot, according to Mr. Verheyden, will conform in every respect to the set-back requirements of the area, will be landscaped, unobtrusively lighted, properly drained and surfaced with a dustless, nonglare material. If desired, the area will be fenced or enclosed. The parking facilities under the proposal would be for the sole use of the funeral home.

An existing ordinance in Grosse Pointe Woods, stating that lawns must not be watered in early evening hours, will again be enforced. Handbills will be distributed shortly warning residents about the danger of using water during these hours and asking their cooperation, especially during the hot summer days.

The City of Detroit is putting in a new main at Harper and Mack to give the Woods more water pressure.

In order to realize the full use of the main, Grosse Pointe Woods will be put to the expense of continuing the line from Harper to Mack, on Vernier.

The authority to sell bonds to finance the installation of the water main will be requested at the fall election when residents vote on the City Charter.

Amend Ordinance for Funeral Home

At a public hearing in the Municipal Building of Grosse Pointe Woods Tuesday night the Village Council amended the zoning ordinance to permit the construction of living quarters on business property.

The tract was granted to A. J. Van Doren on his proposed funeral home at Stanhope and Mack.

Hits Parked Truck

Minnie J. Glauser, of 225 Chalfonte, struck a parked truck on Mack Avenue Thursday evening as she was returning home.
Her car damages were estimated at \$500.

Subscriptions for Hospital Fund Grow as Campaign Nears Goal

With business and professional fund leaders concerning the final achievement of the \$19,720,000 objective by January, 1951, M. E. Coville, chairman of the corporations committee, and Sherwin A. Hill, co-chairman of the memorial gifts committee, pledged continuation of their committees' activities until all assignments are completed.

James B. Webber, Jr., president of the federated hospital construction program, pointed out that the corporations committee expects to produce additional subscriptions of approximately \$1,000,000 and the memorial gifts committee and the doctors committee are expected to bring in amounts necessary to bridge the gap.

Optimism was expressed by

Fourth Community Will Incorporate; Charter Commission Selected

Grosse Pointe Woods became the fourth Grosse Pointe community to vote for City Incorporation by a margin of nearly two and one-half to one as 1,300 voters went to polls Monday for a special election.

At the same time nine Charter Commissioners, who will write the new Charter for the City of Grosse Pointe Woods, were selected from a field of twenty-one candidates. Russell M. Harkness, Woods pharmacist, lead the vote count for Charter Commissioner with 848 votes.

Next in order with vote totals for Charter Commission were: George A. Beauchamp, 575; Arnold L. Dising, 559; George M. Burgess, 518; Wald H. McKnight, 486; Herbert N. Savage, 466; Harold O. Love, 433; Albert Beever, 413 and Albert L. Eyre, 301.

Many Attend Park Charter Hearing Mon.

The Grosse Pointe Park Charter Commission chamber was filled Monday night for a public hearing on major issues in connection with the writing of the Village Charter. The meeting was called by the Grosse Pointe Park Charter Commission.

Purpose of the meeting was to provide the Charter Commission with the sentiments and ideas of the taxpayers concerning the form of Government and major issues involved in the new Charter itself as related to their desires for its operation.

Almost every issue suggested as subject for discussion was touched upon by many residents and former Village officials in attendance at the hearing.

Agreement was somewhat general upon the type of government desired—council-manager form, with the manager to be appointed by the Council.

It was generally thought that the governing body should consist of a seven man council, including the mayor, who would vote only in case of a tie decision. Most people present thought that the Council should be elected on a rotating basis for two year terms.

Remuneration of the Council was also discussed, with former Village President and Commissioner Karl B. Goddard favoring fixed token compensation for councilmen for each meeting attended. Village attorney Pierre Heffler stated that a financial tag on an office might attract unqualified officials, but it was pointed out that by elections every two years, undesirable officials could be weeded out.

Discussion of elective officials, including comment from J. Dunton Barlow, who stated that he believed that at least one of the Village officers should be elected by popular vote, namely the City Clerk, so that one City officer holder, in addition to the appointed City Manager, would be in the City offices every day.

Barlow also favored the seven man council, stating that by keeping the body that large, a better representation of the community would be effected.

Village President Homer C. Fritsch stated that he was strongly in favor of the Council-Manager form of government with a seven man Council elected every other year and staggered so as to provide a certain percentage of experienced Councilmen every year. A City Manager, under this plan, would be hired on a merit and qualification basis and retained for a period depending upon his performance, only.

It is to be understood that the meeting itself was called for the (Continued on Page 2)

Farms Bldg. Has May High

Building permits for 44 new homes were issued in May in Grosse Pointe Farms. This is believed by City Engineer Murray Smith to be the largest number ever recorded in any one month in the Farms.

Since January 1, 147 permits for residences have been issued at a total valuation of \$2,732,000.

Three new business establishments are being erected at a cost of \$60,000.

Applications have been made since the first of the year for 58 permits to construct additions or make improvements on existing properties. The valuation on these permits is well over the \$80,000 mark.

WASHINGTON SIDE SHOW

GREATEST HIGHWAY KILLER

America's greatest highway killer—speed—was named by Mr. F. M. Alger, Jr., Chairman of the Michigan State Safety Commission, the sponsor of the June-July program of traffic safety education on Speed Control.

"About 28,000 traffic accidents occur every year in which at least one person dies," Mr. Alger said. "Some 9,000 of these accidents involve a speed violation on someone's part. This staggering cost in human life can be eliminated or reduced only when the motoring public comes to realize that driving too fast for conditions is so hazardous that it makes throwing lighted matches at the bung hole of a powder keg look tame in comparison."

Mr. Alger quoted National Safety Council estimates that the end of the year will have seen about 15 or 16 million American drivers involved in traffic accidents of varying severity. About one of every three of these accidents in which someone is killed will entail a speed violation.

"Take it easy when you drive," Mr. Alger warned. "You might save a minute by speeding, but take a look at your life expectancy as it stands now and then

decide if it's worth gambling against that one lone minute."

The Michigan State Safety Commission listed the following tips for drivers:

1. Heed both legal and common sense speed limits.
2. Slow down for curves, intersections, and any place where vision is obscured. Always be prepared to stop quickly.
3. Maintain control over your car at all times. Do not let yourself be lulled into carelessness.
4. Keep at least one car length behind the car ahead for each 10 miles an hour of speed.
5. Avoid on-a-dime stops and remember your responsibility to the driver behind when coming to a stop.
6. Keep the range of your headlights in mind at night. At some speeds it may be impossible for you to stop by the time your headlights warn you of danger.

The Michigan State Safety Commission's June-July program of traffic safety education on Speed Control is being sponsored in cooperation with the 69 Member Advisory Committee and all Cities and Counties.

THE FOLKS BACK HOME

One of the healthiest current signs is the growing concern of the people over excessive government spending, deficit-financing at a time when the national income is running at record levels, and the depressive effects of present-day taxes. But it is also apparent that a great many people are not putting the blame entirely where it belongs.

It is all very well to criticize Congress and the Administration for their fiscal sins. However, the forces that make for wasteful government are right at home in the grass roots. Virtually every chamber of commerce, every civic organization, every industrial council, farm organization and labor organization constantly pounds the drums for more tax money for their special benefits. Economy is okay for the other fellow, but the more money

the Treasury pours out in their direction the happier they are. There are honorable exceptions to this, but they are too few in number.

This is also true of a great many businessmen—who, of all people, should know better. They are the first to point to the need of economical government as a bulwark to the national security. Yet, time and time again, as members of the various civic groups, they are at the forefront of those who demand that endless amounts of Federal tax money flood into their regions, as pure political handouts.

The members of Congress are only human. They generally follow the wishes of the "folks back home" who pack the votes. We will have sound, stable and economical government when, and only when, the people demand it.

NINTH-INNING RALLY

There's no more thrilling way to win a ball game than to come from behind with a big rally in the ninth inning.

But every player knows that it takes a lot of heart to win 'em that way. Each man in the batting order has to come through—has to put every ounce of fight and drive and skill he possesses into that last winning effort.

That is the spot we are in right now. Like other good teams that sometimes start slow and finish with a rush, the Independence Drive on U. S. Savings Bonds is lagging behind.

The drive was officially launched in Grosse Pointe with a dramatic ceremony

at the War Memorial Center.

The goal set for Wayne County is \$18,100,000 and by June 10 the sales in this area totaled \$6,667,957.

With a ninth-inning rally, the goal would be reached.

George Cook, director of the savings bond sales in this area, said that, "Every resident should put forth every effort in order that Michigan shall not fail in the Independence Drive."

Cook urged businesses to aid the drive by encouraging employees to sign up for regular systematic investments in United States Saving Bonds on the Payroll Savings Plan.

POLICE WARN MOTHERS

The accident figures for the month of May in Grosse Pointe Woods reached a peak that has never been exceeded at any time in the history of the village.

"The reason for this tremendous upsurge in injuries," said Chief of Police Walter S. Goulette, "is partly due to the large number of two and three-year-old children who float through the neighborhood and wander into the streets from behind parked cars.

"Children of this age," Goulette stated, "are too young to be riding their tricycles down driveways and into the streets without a chaperon."

During the school months the Woods Police, as well as every police department in the Grosse Pointe area, exert every effort to help the children cross the highways and byways.

Giving the children a little safety lesson at home may send the accident figures for June into a nose dive.

Driver Hits Car At Signal Light

Vernon T. Hamilton, 14630 Riverside, was waiting for the signal light to change at Moross and Lake Shore last Sunday when he was struck by another car driven by Dorothy W. Stinson, 8120 E. Jefferson. Hamilton's auto received damages to the grill and fender.

Driver Ticketed for Accident

Harold Sadowski, 1410 Webb, failed to stop for a stop street at Kercheval and Wayburn last Sunday and struck an auto driven by Elias Campbell, 3806 Wash.

Sadowski was ticketed by police for failing to observe a stop street sign.

Fisher Rd. To Get New Signal Light

The signal light posts at Grosse Pointe Blvd. and Fisher, recently bombed by a group of vandals, will be replaced by overhead lights. The Grosse Pointe Farms Council accepted the proposal at their Monday night meeting on the recommendation of Walter R. Hoyt, Chief of Police, and Harry Fulton, Village Clerk.

Letters to the Editor

TO THE EDITOR:
On behalf of the sponsors of the Grosse Pointe Children's Carnival, I wish to thank you for your many kindnesses in handling the publicity for the Carnival. We are very grateful for your part in helping us to make it such a success for all the children of the neighborhood.
Most Cordially,
Frank J. Sladen, Jr.
For the Detroit Univ. School Alumni Assoc.

Name Pointer For Award

J. Randolph Kennedy, 400 Lincoln Road, representative of the New England Mutual Life Insurance Company, has qualified for the 1950 National Quality Award through his exceptional record in life insurance conservation. This annual award, sponsored jointly by the National Association of Life Underwriters and the Life Insurance Agency Management Association, is given only to life insurance representatives who meet rigid qualifications and who furnish outstanding service to policyholders.
Kennedy has been awarded the Chartered Life Underwriters designation. A member of the Leaders Association, the company's top honorary production group, Kennedy has been associated with the New England Mutual for 19 years.

Local MUCC Finds Jobs for 468 Vets

During the past three months, 1170 veterans have registered for work at the M.U.C.C. Branch Office, 14421 East Jefferson Ave. In this period, 1047 veterans were referred to job openings by this office and 468 were placed on jobs. Of the 468 placements, 122 were handicapped veterans.

These figures show that employers in this area are very much interested in the unemployed veteran of today. Especially true, of the handicapped veteran.

Mr. E. Gleason, the Veteran's Employment Representative of the M.U.C.C. Branch Office No. 03 states that at the present time there are still 503 veterans registered at this branch office and seeking employment. Mr. Gleason urges all local employers to utilize these veterans for any job openings they may have. In this group there are various skills and abilities available.
Local employers who wish to list job openings with this office, which makes no charge for services, please call Va. 2-9500.

Mack Gets New Lighting System

Thirty-five 6,000 lumen lights will be installed within the next six months on the widened section of Mack avenue in Grosse Pointe Farms.
The new lighting system was suggested by Murray Smith, City Engineer, and supported by the Council Monday night.

Remember

25 YEARS AGO
A local orchestra was boosting its music by advertising thusly: "We can make the oldest pair of shoes do the Charleston."
An editorial in the Review cracked, "The postage stamp secures its success through its ability to stick to one thing until it gets there."

14 YEARS AGO
Joe Louis and Max Schmeling were preparing for one of their biggest fights.

Many Grosse Pointers were departing for the Republican Convention in Cleveland to nominate Landon and Knox.

11 YEARS AGO
Dr. S. M. Brownell presented diplomas to 140 graduating seniors at Grosse Pointe High School. William Lyon Phelps made one of his frequent visits to the community to speak at Grosse Pointe Memorial Church.

Eddie Arcaro appeared at the Detroit Fair Grounds to pilot Memory Book in the \$10,000 Frontier Handicap.

6 YEARS AGO
Grosse Pointe was falling behind in their sale of bonds in the gigantic drive to help the war effort.

A victory garden show was being held at the Neighborhood Club.

AWVS was offering unlimited supplies of khaki yarn for persons willing to knit sweaters for soldiers.

1 YEAR AGO
Citizens approved the plan for City of Grosse Pointe's new \$100,000 swimming pool.

A heat wave hit the local area as temperatures soared into the nineties.

Lt. Colonel D. Walter Allard of Grosse Pointe was honored by the French embassy in Washington.

Many Attend Park Charter Hearing Mon.

(Continued from Page 1)
ment and its operation. No decisions were arrived at Monday night and the meeting merely served the stated purpose of letting the Charter Commission hear various opinions and sentiments.

"The Charter Commission is very well pleased with the turnout Monday night," said William Gillett, secretary-treasurer of the Charter Commission. "We felt that the citizenry came forward with convictions which indicated that they had given the matter considerable thought and the ensuing discussion will be greatly useful to the Charter Commission."

The next step will be a sifting and digesting process by the Charter Commission from which will probably evolve a written proposed City Charter, which will be presented for discussion at a future public hearing.

Glenn Coulter Is UM Alumni Pres.

Last Friday the Board of Directors of the University of Michigan Alumni Association met in Ann Arbor and elected a Grosse Pointe as their national president.

He is Glenn M. Coulter, 214 Merrilweather, Coulter succeeds Wyeth Allen, of Milwaukee, as president.

Seven-Time Loser

A 16-year-old City of Grosse Pointe boy, who has seven previous arrests, was apprehended by police Friday and turned over to the Juvenile Division of Detroit Police.

Subscriptions for Hospital Fund Grow As Campaign Nears Goal

(Continued from Page 1)
purpose of discussion and sounding out opinions of the residents regarding the form of government.
"Already, more funds have been raised in Greater Detroit than in any other program of this kind anywhere in the country," Webber commented. "But it is not like Detroit to leave a job partially finished and there is still more to do."

"We have progressed step by step on schedule and in the months ahead we will reach our objective of nearly \$200,000."

Leaders of the Hospital Fund's business and professional campaign on the east side were: Thomas T. Petzold and Ray W.

Macdonald, area co-chairmen; Y. Wilson, W. F. Burgess, R. D. Stoup, W. Stettbacher, W. E. Ladd, W. S. Hayes, R. F. Ladd, C. M. Wallace, M. G. Kennedy, B. Baudreau, Gordon McClellan, Charles Erdman,

Eight GPH Students Receive Mothers' Club Scholarships

Grosse Pointe High School presented diplomas to its twenty-fifth class in semi-annual commencement ceremonies last Thursday evening.

Guests of honor were ten of the twenty-four members of the first class of 1925. A special salute to these people was given by the 234 members of the Class of June, 1950. Representing the first class were Mrs. Frank Banach, Mrs. Harry E. Cornelius, Calvin Cutler, Mrs. Frederick Gillam, T. A. Hinz, Mrs. George S. Holme, Mrs. John Laphis, Kathleen Morrison, W. E. Renaud, and Mrs. Fred S. Wolf.

The twenty-fifth anniversary theme was developed by three student speakers. Mary Banach, the daughter of Agnes Kerr Banach of the first class, Kenneth Rice, and John Chase surveyed the record of the high school in its first quarter century and indicated future directions.

Two other graduates who contributed to the program were Alice Schlaepfer, clarinetist, and her accompanist, Shirley Krueger.

Following the awarding of diplomas by Mr. John R. Barnes, superintendent of schools, an imposing array of honors and scholarships were announced by Mr. Walter R. Clemons, principal.

The honor boy and the honor girl of the class were Bayard Johnson and Adele Huebner. Their names will be engraved upon the trophies provided by the Mothers' Club to maintain a special role of honor of the most outstanding boy and girl of each class.

Under a revision of the citizenship award plan, five percent of the graduates were cited as outstanding in citizenship. They are Mary Banach, John Chase, Howard Clarke, Mary Hodges, Bayard Johnson, Joan Massey, Gerald Way, Dunwayne Peterson, Kenneth Rice, Susan Riggs, Charlotte Smith, and Sue Spurrier.

The alumni athletic award recognizing the most outstanding boy athlete of either the January or the June class was given to Bayard Johnson, whose name will be engraved upon the Plebian Club trophy. As the most outstanding athlete in the class Bayard Johnson was also given the Trinity College Alumni award—a dictionary.

As the outstanding girl athlete of the class Susan Riggs will have her name engraved on the girl athlete trophy.

The Rotary Club Service Award also went to Susan Riggs as the student who had given the most unselfish service to the school.

The Rotary Club Band Trophy will list the name of Alice Schlaepfer as the June graduate who excelled in musicianship, citizenship, and general contribution to the welfare of the band.

The Bausch and Lomb medal went to Glenn Coury, selected as the graduate showing most promise in the field of science in view of an exceptionally high record in science and mathematics. (All A's in four years of mathematics and two years of science).

The Mothers' Club awarded \$300 scholarship gifts to Lila Binney and Mariq Ortolof of the January class and to Shirley Krueger and Joy Perry of the June class. The mothers also gave \$200 scholarships to Glenn Coury and Danna Hendrykowski, and 150 scholarships to Mary Ellen Hiener of the January class and to Adele Huebner.

The Grosse Pointe Rotary Club gave scholarship awards of \$200 each to Eleanor Jackie and Mary Thomas.

The Grosse Pointe Kiwanis club awarded \$200 to Robert Hafer and \$100 to Gloria Clyma.

Scholarship awards have also

Pointer Graduates From Stanford

Stanford University awarded degrees to a record-breaking class of 3,012 graduates on June 19 at the 59th Annual Commencement exercises in Laurence Frost Amphitheater.

Among the graduates was Douglas Willoughby Mackenzie, of Grosse Pointe, who received a Bachelor of Arts degree.

Glenn Coulter Attends U of M Campaign Meet

Peacetime atomic energy development through private enterprise has started on the path of fulfillment. At a meeting of the Executive Committee of the Michigan Memorial Phoenix Project, on Sunday, June 18, at Ann Arbor, alumni leaders of the University of Michigan from all parts of the country reported that \$450,000 has been subscribed to Michigan's atomic research center, as the campaign is officially launched.

Glenn M. Coulter, of 214 Merriweather and a member of the Executive Committee of the Phoenix Project, reports this from Ann Arbor, where he attended Executive Committee meeting and took part in the University's commencement exercises.

The atomic research center of the University of Michigan, it was disclosed, will cost approximately \$6,500,000. This sum is being sought from alumni of the University and certain corporations and foundations in all parts of the country.

Included in the \$6,500,000 goal are research projects in medicine, chemistry, agriculture, forestry, engineering, and the other physical and biological sciences.

Also planned is research in the social sciences. In this field investigations into questions raised by atomic energy in law, psychology, political science, economics, and other subjects affecting our everyday lives will be conducted.

Dr. Alexander G. Ruthven, president of the University of Michigan, announced at the Executive Committee meeting that the Phoenix Project would go forward without government interference and without government funds.

Resume Cruise on Historic Lake St. Clair

The historic "Venice of America" route across Lake St. Clair and up the St. Clair River, first discovered by explorer Louis Joliet in 1699, will again see daily excursion cruises beginning Sunday, June 23, when the Ashley and Dustin Steam Line, operating the S. S. Put-in-Bay, revises the Detroit to Tashmoo Park and Port Huron cruises after a four-year lapse in daily service.

The cruises renew a tradition which began before the turn of the century, well-remembered by old-time Detroiters and Michigan residents who, before the days of the automobile, customarily traveled northward by steamship. The S. S. Put-in-Bay will stop only at Tashmoo Park and Port Huron in order to establish brisk service to the Harzens Island recreation center and to provide for Moonlight Dance Cruises on Lake St. Clair every night.

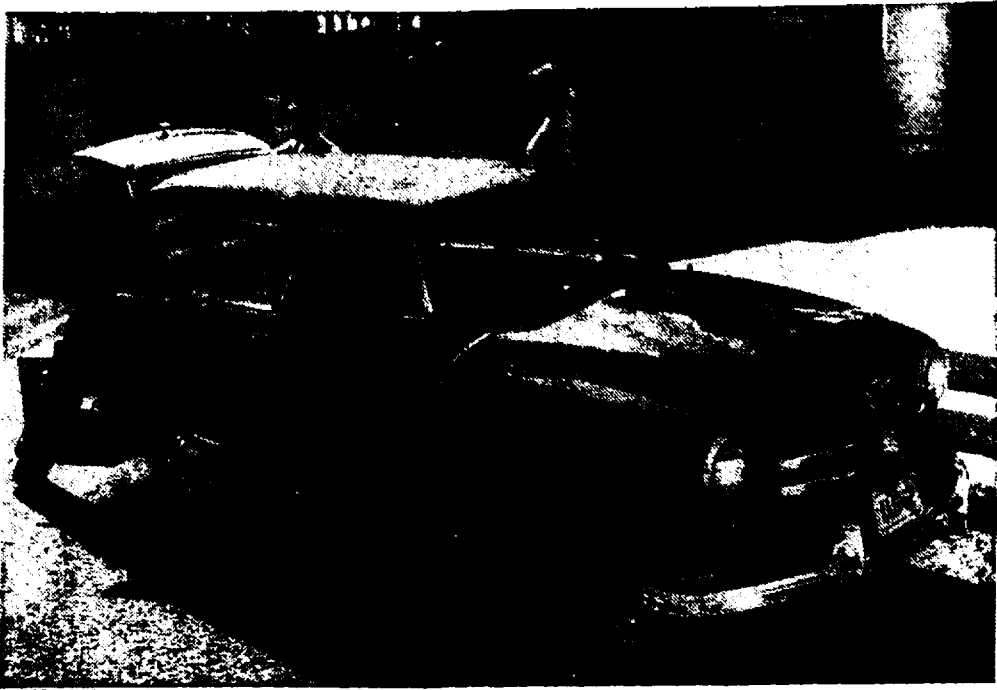

Tashmoo Park, located on Harzens Island in the scenic St. Clair River Flats, has been renovated for the coming season and will feature conservative amusement rides for children and adults. The Park facilities include an athletic field with softball diamonds, dance pavilion, roller skating rink, picnic groves with tables, refreshments and many other attractions. Admission to the park is free to cruise passengers.

The big Steamer will leave her new dock at the foot of Bates Street every morning for Tashmoo Park. After landing at the Park, the ship sails on to Port Huron three days each week, Wednesday, Saturday and Sunday, leaving Detroit at 9:30 a.m. and returning at 7:15 p.m. on these days. On Monday, Tuesday, Thursday and Friday leaves Bates Street at 10:00 a.m., returning at 5:45 p.m. after a four-hour stay at Tashmoo Park.

In addition to its new Bates Street dock, the Steamer Line will sail this year to new dock facilities as well at Tashmoo. One hour stopovers at Port Huron will be made at that city's colorful Pine Grove Park, almost beneath the famous Blue Water Bridge.

New shoes hurt the worst when father has to buy new ones for the whole family at one time.

New Nash Rambler Station Wagon Introduced

Here is America's newest and lowest priced station wagon—the Nash Rambler. Standing a road-hugging 62 inches, it is a 5-passenger, two-door utility car with ample space for extra passengers and cargo. The factory delivered price of \$1898 includes about \$300 worth of extras, factory installed equipment, such as radio, Weather Eye conditioned air system, directional signals and many other custom extras. The new car is on display tomorrow at Dennis Hickey, Inc., 14811 Kercheval.

GIRL SCOUT NEWS

The Second Class Badge was awarded to 12 girls at the last meeting of the new intermediate troop 843 of Parcels School by their leader, Mrs. Gerald Shortz.

On June 15 the girl scouts of troop 703, Mrs. B. D. O'Neill's troop, enjoyed going to the basketball game. Before they left for the game, a Court of Awards was held at which the following badges were awarded:

First Class to Carolyn Elliot and Judith Westphal; Second Class to Janet Donnelly; Hostess Badge to Nancy Boyer, Mary Frizell, Gretchen Klein, Susy Leach, Judith Westphal and Marilyn Winter;

Sewing Badge to Janet Clark, Carolyn Elliot, Joal Grundy, Shirley Nelson and Elsa Purdy;

Leather Badge to Donna Mumford, Janet Donnelly, Meredith Miller, Carolyn Elliot, Carolyn Thomas, Elizabeth Henderson, Dorothy Galanos, Margaret Knight, Elsa Purdy and Kathie Benson.

Twelve girls received the Outdoor Cook' Badge; the whole troop won the My Troop Badge and there were other individual awards.

Second Grade Student from Mason to Star in Educational Film

Caroline Jane Nold, seven-year-old second grade student from Mason School, has been leading a busy life during the past month.

While most of her classmates are vacationing, Carol is still hard at work. She has been making a six part educational slide film for Jam Handy.

The film depicts the life of an

average child from early morning until bedtime. The film is to be used in schools as a pictorial aid in teaching first graders, through the good examples set by the boy and girl in the film.

The principals are Nancy and Tom, twin brother and sister. Carol plays the role of Nancy and Tom is played by Bobby Menell of Ferndale.

Miss Marion Norris of Richard School assisted in writing the script for the film.

Carol lives at 1899 Lancaster, Grosse Pointe Woods, and is quite a veteran at this sort of work. She started her career at the ripe old age of 18 months as a model. An automobile accident halted her work temporarily, but she has been a busy little lady for the past three years.

She has been cast in films for Frigidaire, Youngstown Kitchens, the Lutheran Church and numerous other organizations. She will appear in both the August and September issues of Friends Magazine.

Her brother, Edward Graham, is following in his sister's footsteps. Graham, now three years old, made his first movie appearance at the age of one.

Caroline and Graham are the children of Mr. and Mrs. Edward Nold, Jr.

Latvian Couple to Entertain

Mr. and Mrs. John Oswald Lemans, the displaced persons from Riga, Latvia, who have been adopted by the Grosse Pointe Methodist Church, have been asked to dance for the International Red Cross Convention on International night, Wednesday, June 28.

Mr. Lemans is a choreographer and was Ballet Master of the Latvian state opera at Riga, Latvia and Mrs. Lemans is a Prima-Ballerina. The Lemans' have found employment at the Detroit Institute of Musical Arts as Ballet Instructors. Classes begin on June 25.

Mr. and Mrs. Lemans appeared recently on television with Jeane Dishong and were very well received.

Index Shows New High for Way We Live

Maybe every American isn't a millionaire, as Europeans seem to think, but as a people we're pretty well off at that. Just consider these facts about U. S. families which the Federal Reserve Board reported recently:

More than half (51%) of the 50,400,000 families own one or more automobiles.

Really Holdings Large Nearly half (45%) own their own homes or farms. And nearly one in six (16%) owns other real estate.

Moreover, in other forms of savings, the picture is even brighter. For instance, the Federal Reserve Board found that:

Three out of four families (77%), hold life insurance policies. Seven out of ten (71%), have bank accounts or Government Savings Bonds.

One in 11 (9%) owns a business or has an interest in one, not counting those who own stock in corporations. The Federal Reserve Board found that 4,000,000 families (more than one in 13) owned stock.

Progress Made This isn't a perfect picture, but it shows we are making good progress. It looks even more encouraging when we remember that only a few generations back only the wealthy owned homes—and no one had an automobile or an insurance policy.

We developed this high standard of living because, until taxes became too high in recent years, our manufacturers plowed back into business a large percentage of earnings, and consequently, our production increased faster than our population grew.

Insurance companies should base their rates on the idea that you're only as old as you feel!

Theta Sigs To Convene In Detroit

Isabella Haldeman Finnie, one of Grosse Pointe's most distinguished novelists, will be among the featured guests at the eighteenth national convention of Theta Sigma Phi.

Approximately 200 delegates from coast to coast will convene at the Fort Shelby Hotel from June 22-25. Men and women who have gained special note in the fields of journalism, radio, television, public relations, publicity and advertising will also appear on the program.

Fran Harris, of WWJ, is president of the Detroit Alumnae Chapter and Marie Margaret Winthrop is convention chairman. Jam-Handy held an open house Wednesday evening as a special welcome to the delegates. Social highlights of the convention include a luncheon Thursday at the Fort Shelby and dinner that evening at Dearborn Inn, following a tour of Greenfield Village.

On Friday convention delegates will attend a luncheon and dinner at the Fort Shelby and on Saturday the Grosse Pointe Yacht Club will be the setting for a luncheon.

Saturday night a formal Matrix dinner will be held at the Book Cadillac. Convention climax is the "Ladies of the Press" breakfast on Sunday.

Bicycle Safety

The new regulations for bicycles set up by the Traffic and Safety Committee of Grosse Pointe state that upon sale of a licensed bicycle, the licensee should notify the Chief of Police. The new owner may then secure without additional payment the proper registration for his bicycle.

Every person engaged in the business of buying or selling new or second-hand bicycles is bound by the regulations to make a report to the Chief of Police of every bicycle sold. The dealer must record the name and address of the person from whom the bicycle was purchased or sold, a description of such bicycle, the frame number and the number of the license plate, if any.

A rental agency is not permitted to offer a person any bicycle unless it is properly licensed and is equipped with lamps and other necessary equipment.

Pointers Receive Academy Honors

At the commencement exercises of Phillips Academy on June 11, George Jacoby, Jr., of Bishop Ed, and George Beatty, of Pine Court, received distinguished honors.

Both were elected to the Cum Laude Society during their senior year.

George Jacoby was awarded the Dalton prize in chemistry and the McCurdy prize in math. He also received the Rensselaer Medal, for excellent work in the field of mathematics, the John Hopkins award and a \$50 honorary matriculation prize from Yale University.

George Beatty will share half of the \$1,000 James C. Graham prize for attaining the highest grades in a minimum of ten years of science.

Beatty will sail for England in the fall for a year's stay as an exchange student.

Where 10,000 ragged, sick and hungry soldiers served under George Washington at Valley Forge, Pa., 40,000 Boy Scouts will camp together June 30 to July 6.

SCHOOL NEWS

MAIRE SCHOOL

Schools and pupils of Grosse Pointe are experiencing an authoritative form of recreation in their educational trips. Evelyn Stewart's 4A group of Greenfield Village this year. Careful preparation must be made for an excursion. Pupils are required to present consent from their parents to take the trip. Instruction in conduct must be given to prevent accidents in traffic. Teachers and leaders are responsible for keeping their groups together in an orderly manner. Plans are discussed prior to the excursion where they go, and how, what they will see, and what to notice especially, to conduct themselves in the places.

Note books and pencils must be as important as lunch. They may find a need for them after the trip the teacher want to find out if the reward warranted the effort by a session. Some pupils may start other activities as collections, exhibits, and activities. The experience prove to be a memorable one for many children. Here are two of reports written by the pupils after their trip.

Greenfield Village. Many wonderful things I had hardly believe what I saw. We saw Stephen Foster's and Lincoln's death chair. We saw a Rose Wood Cot that was made from large logs. It came from England. The guide said they numbered it shipped it over here and it up. He said it was a jig puzzle and I believed him. I saw mills, and the corner where Thomas Edison was born. In the Museum I saw old cars, trains, motorcycles, rocking horses, hearses, sleds, stage coaches, old dishes many other interesting things. We saw a bicycle built for two. We saw bicycles with big wheels in front and a small one in back. After we saw everything we went home tired and happy.

Key Thompson Greenfield Village is a very beautiful and educational place. You go you will see many wonderful things, such as the floral clock that is rung by the figures of men. There are homes of famous people. You know how people lived in the 18th century.

In the Village there is a very beautiful and beautiful museum. There are many things that show how people did and living long ago.

The name "Greenfield" was given because that was the name of the township near Dearborn, Michigan, where Mrs. Henderson spent her childhood and she became part of Detroit.

WEDDINGS IN BLOOM

ON THE THRESHOLD OF A HAPPY OCCASION, this bride-maid awaits her entrance into the limelight. Her gown, designed by Bridal Fashions, Inc., has an old-fashioned air that harmonizes with her bouquet of pink roses and sweet peas. Counterpoint in a modern wedding.

SYMPHONY IN WHITE is composed by a beautiful blonde bride and a Bible bouquet. Alyn Wayne, fashion authority of the Florists' Telegraph Delivery has arranged butterfly orchids, pure white spray orchids and stephanotis in motif of enduring love and spiritual unity.

BRIDAL SHOWERS, whether of gifts or raindrops, hold no fears for the flower girl who carries a parasol of blooms. Designed by the Florists' Telegraph Delivery for garden ceremonies, the novel device is resplendent with red pinocchio roses, cornflowers and daisies.

LAST MINUTE DECISION is afforded by a daisy bouquet, suggests Alyn Wayne, Florists' Telegraph Delivery stylist. However, the bride-to-be's smile indicates she loves me, he loves me not routine will be superfluous. In her hair lily-of-the-valley and a white ribbon.

NEWS IN SIGHT

By Arthur M. Majester, O. D.

Eyestrain runs down your nervous system just like a short circuit runs down a battery in the automobile. Fortunately, the majority of people who lead strenuous lives, are awakening to the fact that unless they stop all the leaks in their supply of nervous energy, they will some day experience a serious nervous breakdown.

Eyestrain spoils the pleasure of reading and seeing. Also it is a drawback to efficiency and a handicap to earning power.

Ocular service, by relieving eyestrain, not only brings help to tired, burning, aching eyes, but may also correct nervous disorders, such as eye headaches, frowning, squinting, and the twitching of certain facial muscles.

It is impossible to be absolutely certain about the exact condition of your vision until you have had your eyes thoroughly examined. Even though you may think your vision is perfect, and even though you may read easily and see distant objects clearly, you may be obtaining your clear vision by unconsciously straining your eyes.

Pointers on Sub Fleet in Pacific

Charles C. Adams, seaman apprentice, USN, son of Mr. and Mrs. Howard S. Adams of 256 Ridgmont Rd., recently reported aboard the submarine USS Bergall with the Pacific Fleet.

Adams, who was graduated from Madison High School in Madison, N. J., joined the Navy in November, 1948, and received his recruit training at the Naval Training Center, Great Lakes, Ill.

Before reporting to the Bergall, Adams was graduated from the Naval Submarine School at New London, Conn.

Social Agency Picks Pointer As Chairman

Mrs. Harry W. Kerr, 55 Touraine, was re-elected chairman of the Group Work and Recreational Division of the Council of Social Agencies of Metropolitan Detroit at its annual meeting recently.

Mrs. George Klein, representing the Detroit Federation of Settlements, was elected vice-chairman. Mrs. Klein resides at 1034 Devonshire.

All major recreation services in the metropolitan area are represented in the membership of the division. A Red Feather service of the Community Chest. Through cooperative effort and planning in the division, recreation agencies strive to meet all needs for recreation in the city and seek to provide additional facilities.

DAR Chapter Discusses Plans

Mrs. Ralph Edwin Thomas entertained the committee chairman of Fort Ponchartrain Chapter D.A.R. at her Edinburgh road home at a salad luncheon at 12:30 p.m. Thursday, June 22. Plans for the coming year were discussed.

Among those present were Mrs. Fred T. L. Grimm, Mrs. William B. Spurrer, Mrs. O. Dale Reynolds, Mrs. Paul J. Meiser, Mrs. Gilbert K. Pulliam, Mrs. Harry E. Barnard, Mrs. Hartman A. Lichwardt, Mrs. Edward J. Savage, Mrs. C. Blair McCord, Mrs. Ross Allen Backus, Mrs. Paul E. Waldorf, Mrs. Merle J. Churchill, Mrs. Adolph J. Bleckl, Mrs. Theodore L. Danielson, and Mrs. Robert Hale Peterson.

DAR Chapter Names Officers

Preceding a midweek tea at Newberry House committee chairmen of Louisa St. Clair Chapter, Daughters of the American Revolution, were briefed on their program duties for the coming year by the recently elected regent, Mrs. Sidney C. Probert.

Officers and directors who will serve with Mrs. Probert are: First Vice-Regent, Miss Eloise O. Goddard; Second Vice-Regent, Mrs. C. Haines Wilson; Chaplain, Mrs. Dorman L. Rogers; Recording Secretary, Mrs. Melvin H. Humphrey; and Corresponding Secretary, Mrs. Harold I. Tanner. Other officers are: Treasurer, Mrs. Clyde F. Kell; Registrar, Mrs. Jacques P. Gray; Historian, Mrs. Sterling S. Sanford. Directors are: Mrs. Frederick H. Curtis, Mrs. Albert E. Stewart, Mrs. James W. Reid, Finance, Mrs. Harold R. Smith, House, Mrs. Earl R. Perkins and of junior members, Mrs. Walker Ryan Graham.

Pointer to Lead Workshop Division

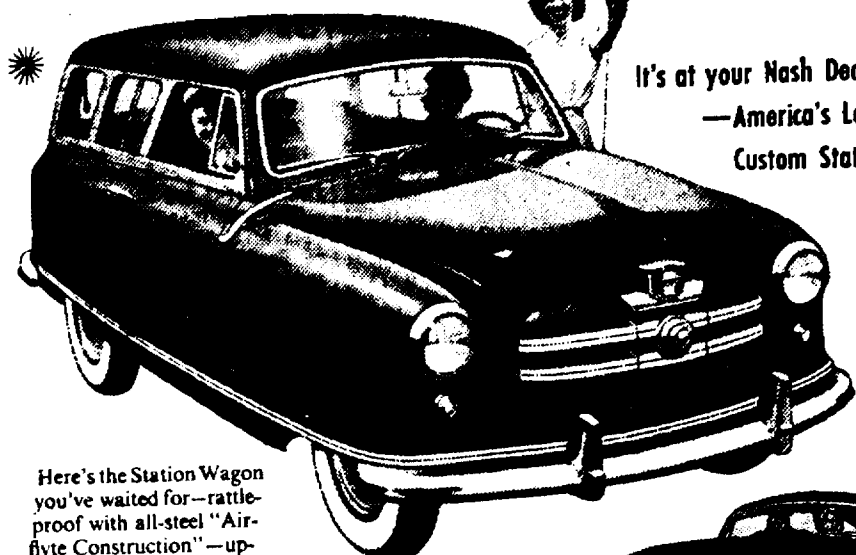

Dorothy Fisher, of 1300 Maryland, will be an adult leader for the Summer Fun Workshop at the Central branch YWCA beginning June 27.

The workshop is open to intermediate school girls and the divisions include dramatics, operetta, newspaper and art construction.

Any girl who will be in grade 7, 8, 9, or 10B next September is invited. The registration office at Central Branch YWCA is open from 9 a.m. to 5 p.m. Monday through Friday.

Fill out the card given you at the door and drop in the box. The lucky number will be drawn on Monday, June 28 at 10 A.M. The ticket must be dropped in the box on Saturday, June 24th. See the large ad elsewhere in the paper for EXTRA SPECIALS for this event.

Tri Deltas To Stage National Convention At Mackinac Island

Michigan Alliance members and all of these groups will attend the convention to formulate fraternity policy and elect national officers for the next two years. The principal philanthropic activity of the fraternity is an extensive program of scholarships available to all college women enrolled in school which has a Tri-Delta chapter on the campus. In the past seven years, Delta Delta Delta has given over \$70,000 to 525 college women. In addition to supporting the national philanthropy, local Alliance members have donated their help to the Detroit Cancer Clinic, the Quaker Friends and a rural school in Tennessee adopted through the National Save the Children Federation.

Syrian Visitor Tells About Work at Church Meet

The Women's Association of Grosse Pointe Congregational Church met on Tuesday, June 13, in newly formed groups and those officers and committee representatives for the coming year. The meetings were arranged so that Miss Yeranoubi Haidostian, of Syria and Turkey, guest of the church for the week, could visit all the groups and speak informally about many of her experiences. Group II met for breakfast at the home of Mrs. Rex Regan, of 1047 Whittier road. Groups I and III met for a dessert luncheon: the former with Mrs. Ralph Jones, 1209 Nottingham Road, and the latter at the home of Mrs. Marcus Kalgheisch at 790 Lincoln Road. Mrs. James Bolles, missionary chairman, entertained the members of the missionary committee and the executive board at luncheon between the morning and afternoon meetings. Group IV included their husbands in their dinner party at the home of Mrs. Loren Raymond, at 15 Radnor circle.

Talcott Heads Kerby P-TA

At its annual organizational meeting, the Board of Directors of the Kerby School Parent-Teachers' Association elected R. H. Talcott, Jr., as its president. Other officers elected were: William Swartz, vice-president; Anne Wallace, secretary, and Joseph Henry, treasurer. John Pingel and Mrs. Ross Wilkins, Jr., were appointed as co-chairmen of the program committee for the coming year. James Lee accepted the chairmanship of the publicity committee. P-TA meetings for next year will be held on the following dates: October 10, December 5, January 16, February 23, March 30, and May 8. It was decided that the February meeting would be devoted to a Family Fun Night. Members of the Board of Directors for the ensuing year are: Richard Talcott, William Swartz, Miss Anne Wallace, Joseph Henry, John Pingel, Mrs. Gertrude Beddow, Mrs. Ross Wilkins and James Lee.

Church to Hold Outdoor Services

Beginning this Sunday, June 25, Ebenezer Baptist Church will hold its evening services at 7 p.m. Throughout the summer the evening services will be held in the "Chapel in the Trees," in the Park on the church property. This Sunday evening music will be provided by the Seminary Quartet of Sioux Falls, South Dakota. They will sing several numbers. Carl Witt, Jr., will lead the congregational singing, assisted by musical instruments. Rev. E. Arthur McAsh will bring an interesting message from the Bible. All are welcome to this series of outdoor summer evening services, with special gospel music each night. The church is located on Moross road, near Harper.

Marilyn Buck Is Indiana Grad

Marilyn Jean Buck of Grosse Pointe was a member of the 1950 Indiana University graduating class for which commencement exercises were held last week in the University's Memorial Stadium. This year's class at Indiana University, which is the largest in the school's history, numbered 3650. Forty-six states and twenty-seven countries outside the continental boundaries of the United States are represented in this year's class at Indiana. Miss Buck was a candidate for the bachelor of science degree in education.

OBITUARIES

Marie Schiapparese June 18, of 945 Belmont Road, Grosse Pointe; beloved wife of Maurizio; dear mother of Martin, Giovanni and Dolores; sister of Louis, Gust, Thomas, Stephen, Louise, Catherine, and Helen; also 2 grandchildren.

Mystery Gal

Susan Douglas, talented young actress of radio, TV, stage and screen, is currently heard in the role of a college girl innocently involved in a case being investigated by CBS' "Perry Mason" in the popular five-a-week mystery series.

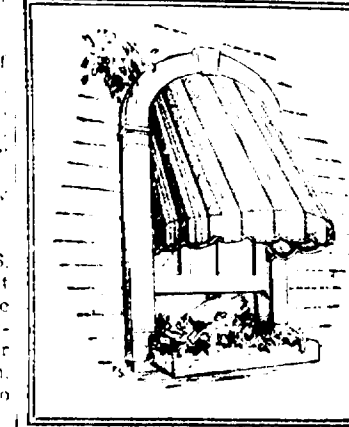

Hickey Shows Newest Nash Station Wagon Tomorrow

DETROIT — Nash Motors today announced its completely new Rambler custom station wagon of all steel "Airfyte" construction. It is the lowest priced custom station wagon on the market, and goes on public display in the showrooms of Dennis Hickey, Inc., 14811 Kercheval tomorrow, according to H. C. Doss, vice-president in charge of sales. Including about \$300 worth of custom "extras," the car is priced factory delivered at \$1,808. For comparison it is \$251.95 to \$257.70 less than similarly equipped station wagons available in the lowest price field. Custom equipment offered at no extra cost includes: radio, Weather Eye conditional air system, directional signals, foam cushions, chrome wheel discs, electric clock, courtesy lights, custom upholstery. Hickey said.

The car has been in limited production for several weeks and dealers are being supplied with models as rapidly as possible, he said. The new station wagon is a 5-passenger two-door car, and is designed to meet the needs of owners requiring ample passenger and cargo space. It combines the riding comfort and performance of the finest sedans with the utility of carrying large quantities of luggage, sports equipment and supplies. It is the second member of the new Nash Rambler line. The Rambler convertible sedan, introduced earlier this year, also is the lowest priced car of its type, though it too includes about \$300 worth of custom equipment at no extra cost. According to Hickey, "the new Rambler is nimble and remarkably easy to handle in traffic. It offers easiest parking, and on the open highways owners will find the Rambler station wagon is a real eye-opener for comfort and performance." The car gives up to 30 miles per gallon at average highway speeds. The new Rambler is the first

Metro Club Sends Four to Camp

Four children from Grosse Pointe will spend two carefree weeks at the Franklin Settlement Camp at Lake Orion through the generosity of the Metropolitan Club of Grosse Pointe. The children will leave July 1 and for the trip the Club is providing complete camp clothing and all necessary spending money. Director of the Child Welfare Committee is Jack Burnett, who undertook the camp project. George Elworthy and Mrs. Elliott have also cooperated with the camp program.

Grosse Pointers Attend Grosse Isle Dance To Honor Midshipmen

The summer social season was officially opened last night at the Grosse Ile Naval Air Station when visiting midshipmen from the Naval Academy were guests of honor at a dance in the Officers' Club. Officers' wives and guests of the midshipmen, in their brilliant formal, had considerable competition, sartorially speaking, from the officers and

midships who were making their first appearance of the season in their sparkling whites.

Captain J. P. Walker, Commanding Officer of the station, was the host. Mrs. Ernest S. Wemp, president of the Women's Council of the Navy League of Detroit, and Mrs. Neill E. Graham arranged for partners for the midships. The music was furnished by Earl Perkins' orchestra.

The midshipmen are on their annual air cruise that will take them to all sections of the United States. The purpose of the cruise is to permit the men to observe, first hand, the economic and social life of the country. Thursday the midshipmen were guests of the Ford Motor Company at the Rouge Plant, luncheon was served at Dearborn Inn followed by a tour of Greenfield Village. They will continue their cruise Friday morning.

Sailing Club Sets Date for First Race

The Grosse Pointe Sail Club held their first meeting of the season 'under the elm' at the Waterfront Park and elected a new slate of officers.

Retiring Commodore Franklin A. Miller, handed his duties over to Ralph Johnson. Newly elected Vice Commodores are Jim McCarthy and Mark Yaeger.

Bud Wellman and Bob Connelly will serve as Rear Commodores. Other officers are: George Genematis, Fleet Measurer; Dr. R. C. Connelly, Fleet Surgeon; Bill Walch, Fleet Captain; George Young, Dave Beauvais and Mr. McCarthy, Board of Governors; and Toni Ebner, Secretary.

The group decided to race their wind buggies on Sunday, June 25. Skippers will meet at dock at 10 a.m. for racing instructions.

The race committee is working out a plan whereby a cup or prize will be awarded to the winner of each race. New boats will be handicapped according to size or craft and sail area.

Donna Dahlen Receives Degree from DePauw

Donna J. Dahlen, 253 McMillan, was graduated recently in the 111th Commencement exercises held on the DePauw University campus. The group was the largest graduating class in the history of DePauw. The commencement address was delivered by Rear Admiral Robert D. Workman, retired chaplain, U. S. Navy, who spoke on "Expectations."

Conclude Church Social Season with Potluck

The Evening Group of the Women's Association of the Grosse Pointe Memorial Church will conclude its season with a potluck dinner meeting at the home of Mrs. James Rowan, 1007 Cadieux, on Tuesday, June 27, at 6:30. Mrs. Fraser of the Institute will be the speaker.

Pointer Plans Summer Rites

A summer wedding is planned by Nancy Ann Joyce and Frank X. Hillebrand, Jr., whose engagement was announced by her parents, Mr. and Mrs. Henry Joyce, at a cocktail party in the home on Trombley Road.

Nancy attended Georgetown Visitation Junior College and graduated from the University of Detroit, where she was affiliated with Alpha Chi Tau, women's oratory sorority.

Frank, son of Mr. and Mrs. Frank X. Hillebrand, of 8000 Road, attended Wenzel College, Eau Claire State Teachers College and U. of D.

Denver Graduate

William Robert Taylor, son of Mr. and Mrs. William B. Taylor, 418 Belanger, was among 2,500 students to receive degrees June 10, from the University of Denver.

Wood Joins Congressional Race for 14th District

One of the East Side's best known civic leaders, S. A. Wood, 21772 Moross Road, who is President of the Marquette P.T.A., Eastside Civic Council, South-eastern Detroit Improvement Association and 14th Congressional District Clubs, and a member of the Mayor's Charter Study Committee and the Citizens' Com-

S. A. Wood

tee on Alcoholism to clean up "Skid Row," this week announced his candidacy for Representative in Congress from the Fourteenth District, Republican ticket. Mr. Wood is a production engineer for the Briggs Manufacturing Company, with a record of 11 years' service.

In recent years as president of the East Side Civic Council, he spearheaded the drive for petitions demanding a vote on a district plan for the election of Councilmen because of the unequal representation which the East Side has had to accept on account of the greater population of the West Side. Eastsiders will remember that the East Side Civic Council filed a sufficient number of signatures to require an election, but election authorities ruled out a large number and the committee was not given sufficient time to have these replaced. As President of the S. D. I. A., Mr. Wood spearheaded the successful drive for a new pumping station to eliminate flooded basements.

In his platform as candidate for the Republican nomination Wood says he will fight for reduction of income taxes levied on the average working man by increasing the personal exemption from \$600 to \$800. "That is the equivalent of an increase of 10 cents per hour for every worker, giving him \$200 a year more buying power, or saving power if he would prefer to put the money in the bank," Wood explained. "I would also ask that a specified exemption for the small businessman be reinstated and raised above its former level of \$2,000 a year."

"I would also work to see that

Vervakes Attend Son's Graduation

Mr. and Mrs. A. J. Vervake and their daughters, Carol and Anne, of 1418 Somerset road, returned recently from the graduation of Albert J. Vervake, Jr., from Purdue University, Lafayette, Indiana.

The new graduate received a degree of Bachelor of Science in Civil Engineering. He will join the Semet Solvay Division of the Allied Chemical and Dye Corporation at Tralee, West Virginia, on July 3.

Pointers Are Europe-Bound on Mauretania

Eileen Brown and Ruth Stichel, of Balfour Rd., are sailing on the Mauretania June 24 for a two months vacation abroad.

They will spend some time in England and Scotland and later they will visit Germany, Switzerland and France.

Painter Completes Real Estate Program

The first group to complete the program in Real Estate offered by the University of Michigan Extension Service will be presented with certificates on June 22.

Among the Pointers in the group will be Kenneth W. Carter, of 2081 Lochmoor.

An optimist is a man who thinks his new car upkeep won't exceed his original estimate.

ELECTED

Former Village Commissioner George M. Burgess was one of the nine successful candidates for the Charter Commission in the Grosse Pointe Woods election Monday.

Baileys Visit Pointe

The Henry J. Baileys, of New York, are visiting Mr. and Mrs. Frank G. Ebner, of 877 Barrington Road.

Mrs. Bailey is the former Marjorie Jane Ebner.

Memorial Plans Semi-Formal Saturday Night

Plans have been completed for this Saturday night's semi-formal dance at Grosse Pointe War Memorial Center for all Pointe young people college age through twenties.

Bill Erne and Mary Lou Long are co-chairmen of the party at which LeRoy Smith and his orchestra will play for the dancing from 9:30 p.m. until 12:30 p.m.

Lois Gehrig is arranging for flowers the night of the dance. Each girl will be presented with a small corsage. These are included at no extra charge in the ticket price of \$3.00 per couple. Tickets will be on sale at the door of the Center Saturday night.

Publicity is being handled by Ann Shenefield, Marjorie Little and Carol Sanford. George Gerow is ticket chairman.

Others assisting on the various committees include Hank Murray, Ruth Neff, Jean and Harry Schroeder, Bill Cole, Jean Leavitt, Chuck Reno, Sally Stratton, Muriel Gillette and John Packer.

Some stenographers are careless about their spelling, but seldom are about their figures.

Sigma Eta Elects New Slate of Officers

The Iota chapter of Sigma Eta held their final business meeting and installation of officers at the home of Mrs. E. R. Ross, 653 Lakewood.

The new officers are Mrs. L. G. Terbruggen, president; Mrs. O. H. Mann, secretary, and Mrs. M. Sutton, treasurer.

A luncheon is being planned at the Detroit Yacht Club to close the season's activities.

UCT Elects Pointer As Grand Commander

M. A. Marwede, of 1037 Wayburn, was recently elected Michigan grand counselor of United Commercial Travelers.

He was installed at ceremonies at the state convention in Lansing.

Mr. and Mrs. Marwede departed Wednesday morning for Salt Lake City to attend the national convention of U.C.T. Mr. Marwede is one of ten delegates representing Michigan at the convention.

The Neighborhood Club, 17145 Waterloo, has organized a Ukelele Club which meets every Wednesday evening at 7 p.m. Beginners' lessons are offered to the members. Anyone interested in learning to play the Ukelele is cordially invited to join.

SUMMER ACTIVITIES FOR TEEN AGERS

Teen Ager will have the opportunity to take both tennis lessons and handicraft at the Neighborhood Club this summer, every Tuesday from 2 to 5 p.m.

Diesing Gets Double Honors In One Week

This was a week of honors for former Woods Commissioner Arnold L. Diesing, who on last Thursday completed twenty-five years with the Travelers' Insurance Company and on Monday was elected to the nine man Charter Commission which will write the new Charter for the City of Grosse Pointe Woods.

Marking the completion of his

ARNOLD L. DIESING

twenty-five year stint-with-honor in Travelers, Diesing was presented with a handsome plaque from the company, saluting his achievement with the words "This is evidence of two-way confidence, friendship, and loyalty in which the companies take befitting pride." The document was signed by J. W. Randall, President of Travelers.

A resident of Grosse Pointe Woods for many years, Diesing has been active in affairs of the community at large in addition to that of his own Village. As a member of the Grosse Pointe Kiwanis Club he pioneered with others in the annually successful Grosse Pointe community Fourth of July fireworks festival. He has been active in Boy Scouts and other youth work in the community.

In addition to receiving the plaque from the president of Travelers, Diesing was showered with congratulatory letters from insurance officials across the country on the occasion of his silver anniversary with the company.

Cycle Riders At Speedway

Michigan's top motorcycle racers, headed by Alan Davis of Howell, return to Motor City Speedway Saturday night, June 24, to resume the torrid competition that has left many fans unbelieving.

The powerbike racers were idle last week-end in Detroit while they went to Ionia on their annual Gypsy Tour. During the tour Davis, one of the top riders at the Speedway, captured the state championship.

The program will mark the return to action of Russ Peterson, 26-year-old defending champion who was injured a month ago when he spilled during a feature event at Motor City Speedway. The leg injury he suffered is now healed and Peterson is determined to regain the prestige that goes with being the leader in the point standings.

Three New Entries In Golf Tourney

Tournament Chairman Harold R. Kelly announced today the receipt of three additional entries for the \$15,000 Motor City Open, July 1-4, at Red Run Golf Club. Sam Snead entered the tourney Wednesday.

Lawson Little, Henry Ransom and Buck White comprise a trio of seasoned veterans who should evoke memories from veteran galleries.

Prose Award Goes To Kenyon Grad

Myron B. Bloy, Jr., son of Mr. and Mrs. Myron B. Bloy, of 1101 Grayton Road, was graduated from Kenyon College in Gambier, Ohio, on June 12.

He won the George B. Ogden Award presented by the college for the best written prose. Bloy will attend the Kenyon School of English for post graduate work during the summer and study for his Master's degree at the University of Washington, in Seattle, this fall.

A little caution on that summer trip may save a life—and it may be your own.

MUCC Chief Warns Merchants About Stolen Benefit Checks

More than 2,000 Michigan Unemployment Compensation Commission blank benefit checks are in the hands of safe robbers who have twice in recent weeks raided outlying Detroit branch offices of the M.U.C.C. Efforts to cash these checks may be expected anywhere in Michigan within the next few days, Frank G. Koory, Branch Manager of the East Side Branch, 14421 E. Jefferson, said today.

The checks included both state industrial checks and G.I. checks, Koory said. In an effort to protect merchants, small business men, banks and other business establishments from cashing these forged benefit checks under the

impression that they are valid checks, the Commission this week issued a warning to banks, merchants, gasoline stations, grocers, and others to be on the lookout for checks bearing the following serial numbers recently stolen from the Commission's Branch Offices.

Industrial checks on the Detroit Bank are B929,972 thru 930,800, B-808,427 thru B808,600 and B891,301 thru B892,100. G.I. checks in the Industrial National Bank are A541,994 thru A542,100, and A540,616 thru A540,900.

"These checks are forgeries," Koory said. "Therefore, the people who cash them will have to stand the loss themselves."

"In order to protect the small merchants from this type of depredation, the Commission asks them to keep this list of serial numbers and consult it every time he is requested to cash an unemployment benefit check."

"Should any check bearing any of the above serial numbers turn up, the Commission desires the merchant who is asked to cash it to immediately call the nearest police department."

"A primary rule to observe in cashing checks of any type, is to know the person for whom you cash it, Koory said."

Collier Named Packard Mgr.

F. W. Gareiss, Detroit zone manager of the Packard Motor Car Company, today announced the appointment of W. J. Collier as general manager of the company's Grosse Pointe retail store at 12205 East Jefferson.

Collier, who lives at 944 Nottingham, joined Packard in 1936 as national used car manager. He left in 1942 to join the U. S. Army Air Service Command as officer in charge of aircraft maintenance at the Rome (N.Y.) Army Air Field. He attained the rank of Lieutenant Colonel and received a citation of Army Commendation for his services.

Since the war, Collier has spent three years as manager of Packard's Cincinnati zone and more than a year and a half as Detroit zone manager.

The Grosse Pointe store, containing 25,000 square feet of space, is located on a lot 140 feet wide and 310 feet deep, which provides parking facilities for at least 100 cars. The service department has stalls for work on 35 cars at a time.

Ducks On Increase In Mich. Lakes

Michigan has more ducks nesting on its marsh and lake areas than have been present for the past two years, according to Herb Miller, waterfowl biologist for the Conservation Department. This was revealed at the 13th annual convention of Michigan United Conservation Clubs, held at Ludington, June 15 to 18.

Representatives of sportsmen's clubs throughout the state heard the Regional Supervisor of the U.S. Fish and Wildlife Service describe the complex problem, involving Canada, Mexico and the United States, in determining waterfowl seasons and bag limits.

Here's the 'COOLEST' Way to Cook This Summer!

For the **THRILL**
of **BARBECUED FOOD**
—Every Day!!!
HERE'S
ROTISS-O-MAT
THE MODERN BARBECUE

It's a Rotisserie for home use, with an automatic revolving spit. Not only that, but you'll get the tenderest, juiciest roasts you've ever had — easily and quickly. There's a 3 position flat grill, too — for broiling steaks, chops — for grilling — for toasting! It will take up to 10 pounds of poultry or meat. It's portable — so bring it to the table if you like. It'll be fun to watch your food, through the heat resistant glass sides, deliciously turning a perfect golden brown!
