## Fire Prevention Week Begins Sunday

### Invite Citizens to Open Houses at Local Depts.

The engine houses in all five municipalities will open their doors to the public from October 8 to 14 in a special observance of Fire Prevention Week. Fire officials are urging citizens to take advantage of the opportunity to visit the fire departments in their villages, meet the men who protect their homes and to see the equipment and how it operates.

### POINTE PARAGRAPHS

by The Pointer

Someone in Grosse Pointe will be celebrating Fire Prevention Week with all the decorations. Last week a shiny new helmet fell off one of the fire engines while en route to a call. If the hat doesn't fit, Park firemen ask for a speedy return.

A wounded woodpecker made his home at the Woods police station last week. Through the tender care of Harry Duross, Woody Woodpecker is feeling much better. It won't be long before he joins other members of free-tamping fraternity.

Five sad-faced youngsters emerged from the Punch and Judy Theatre last Saturday afternoon to find their bicycles missing. Spirits perked up when Farms police were able to locate all five vehicles.

Commissioners and firemen of Grosse Pointe Park are invited to a steak dinner at Pete Moor's Tuesday evening, as the guests of Edward C. Watson, District manager of the American LaFrance Corporation.

One of the early entries in the Torchlight Parade to be held October 18 is the 1915 Model Ford, owned by Moses Joseph of 15200 Kercheval.

### Mrs. A. J. Lane Dies in Calif.

Requiem Mass for Anna Juliana Lane, 64, who died Sept. 20 in Fontana, California, was celebrated on Sept. 25 at St. Joseph's Church here.

Mrs. Lane was a former member of St. Paul's Church in Grosse Pointe.

Surviving are her husband, John A. Lane, St. Fontana; two daughters, Mrs. Mildred Schulte, and Mrs. Dolores Medel, Detroit; three sons, Clarence, John A. Jr., and George, all of Detroit; five brothers, Bernard, Hermann, Fontana, and Frank; three sisters, Mrs. Arthur, William and George Neumann, all of Detroit; and one sister, Mrs. Betty Van Sickle, and 10 grandchildren.

### MRS. SVBIL B. SMART

A native Detroit, Mrs. Smart, 53, of 327 Roosevelt Place, Grosse Pointe, died Tuesday.

Mrs. Smart was active in the Grosse Pointe Republican Club and the Grosse Pointe Memorial Church.

Surviving are two daughters, Mrs. Albert Craig, Jr., of Rochester, N. Y., and Mrs. Curtis V. Meyer, and a son, Lewis L. Jr., of Grosse Pointe.

### Car Strippers Have Merry Time In Lot

A band of car strippers had an active week-end in the Woods Parking Lot. Parts from three cars were reported missing.

Chester Lynch, of 19770 Holiday, told Woods police his fender skirts and radiator ornament had been taken.

Leland H. Russell, of 26500 Lehigh, had four Cadillac hub caps stolen and Charles G. Smith, of 9525 Stoepele, reported the loss of fender skirts.

### Two Residents Fined In Park Traffic Court

Two Pointe people were among the 14 traffic violators arraigned in Judge John L. Potter's Court in Grosse Pointe Park on September 27.

Joseph Boyer Candler, of 537 Lakeland, was fined \$17.50 on a reckless driving charge involving an accident on August 25 at Wayburn and St. Paul. Candler was placed on 90 days probation during which time no driving will be permitted.

Frederick John Rehner, 1445 Maryland, was placed on 30 days probation and assigned to two sessions of Traffic School. He was charged with reckless driving involving an accident on September 4 at Mack and Whit-

### 14 Yacht Club Boats Looted

Fourteen boats at the Grosse Pointe Yacht Club harbor were plundered Tuesday night and quantities of liquor taken.

The entries were discovered by harbormaster Jerry Laughlin as he was making his rounds Wednesday morning.

Police said the vandals smashed doors and windows in gaining entry to the boats.

Among the missing items are two portable radios.

### Beware of the Bugs

Two Michigan State College professors arrived in the community Friday to survey trees for possible signs of the dreaded Dutch Elm disease.

The Grosse Pointe Park and Club Council has launched a "Prevention and Protection" program to preserve the elm.

### Scout Troop Takes Outing In Own Bus

A boy scout troop in Grosse Pointe has tossed transportation worries out the window. Last weekend Troop 479 took their first overnight excursion in a converted bus which they recently took possession of for their own private purposes.

The trip included a camp-out at Howell, Michigan.

Chairman of the Troop Committee is Alfred R. Tapert. Purchase of the bus was possible through loans from the boys' parents and from the sponsoring organization, the Gratiot Township Kiwanis Club.

The troop will finance the bus through the collection and sale of old newspapers.

Members of the Troop Committee, selected September 25, are: Harold Wright, scoutmaster; Robert Methner and Henry J. Bock, assistant scoutmasters; William Methner, junior assistant scoutmaster; Warren J. Wessell, secretary; Gilbert T. Jerome, treasurer and Howard H. Kaser, indoor activities.

Other officers are: Stuart A. Friedrich, camping and Explorers' activities; Clark L. Bassett, Harold Bay, Sr., Paul Heinrich and Donald Neill, advancement; Alfred T. Wilson, chaplain; Ernest O. Mueller, quartermaster.

### Parade and Rally Set for Oct. 18

Cars of all kinds and colors are being enlisted for the huge "Cavalade of the Pointes" on Oct. 18 which is the kick-off parade of the Torch Fund Drive.

Chairman George P. Richardson Jr. is asking any persons who would like to participate in the parade or rally that evening to contact George Elsworth at the Neighborhood Club, 17145 Waterloo.

The parade will assemble at the end of Alter Rd. and Windmill Point Drive at 6:30 p.m. on Oct. 18, tour with police supervision throughout the community and arrive at the High School at 8 p.m. for a mammoth rally of Grosse Pointers who are expected to congregate for this opening kick-off of the Torch Fund Campaign.

Cars in the parade will be given special windshield stickers which will not only assure each car of parking facilities but will authorize them to compete for parade awards. Blanks may be obtained from the Neighborhood Club.

At a meeting of the Grosse Pointe Promotion Committee for the United Foundation Drive, held at the home of Chairman Joseph P. Standart Jr. on Oct. 1, plans for the parade and rally were discussed and formulated.

It was announced that John R. Barnes, Superintendent of the Board of Education, with the cooperation of Walter Cleminson, Principal of High School and Charles Leavitt, Principal of Pierce Junior High School, will proclaim a "no-homework" night on Oct. 18 in order to permit full participation of all the students, as well as their parents, in the parade and rally.

High-Y boys at Grosse Pointe High School have already been co-operating in preparations for the campaign by giving talks at community churches and wrapping publicity materials. School students throughout the Pointes are assisting by making posters which will be on display in Grosse Pointe shops during the campaign Oct. 17-Nov. 9. Boy Scouts will usher at the rally.

Any further information concerning the parade and rally may be obtained by calling TU 1-0805 or TU 1-1179 any time after Monday, Oct. 8.

### Rent Hikes Range From 40 to 50 Pct. Over Present Rates

Tenants in the City of Grosse Pointe are up in arms over the proposed rental hikes which landlords say will be put into effect shortly.

Many of the increases will range from 40 to 50 per cent more than tenants have been paying. Notices of increases were sent out by numerous landlords this week after the City council favored rent decontrol by a five to two vote at their meeting on September 25.

In a recent amendment to the Housing and Rent Act of 1947 governing bodies in communities were permitted to remove rent controls in an area where a housing shortage did not exist.

In accordance with this amendment, the City council held a public hearing on August 29 which was attended by more than 70 tenants and landlords.

The hearing was held at the request of numerous landlords who submitted petitions asking for decontrols of rent.

It was pointed out by landlords at the hearing that a housing shortage did not exist in the City and therefore the rent controls were no longer necessary.

The resolution passed by the council on September 25 was sent to Housing Expediter Tigue E. Woods, in Washington, D. C., for approval.

An acknowledgment of the resolution was received this week by Norbert P. Neff, Clerk in the City of Grosse Pointe.

The letter, written by Woods, said: "My staff is now reviewing the resolution to determine whether it was adopted in accordance with the requirements of the Housing and Rent Act of 1947, as amended. When this determination has been made, appropriate action will be taken and you will be promptly notified."

A tentative date of October 1 was established for the removal of rent controls in the City, subject to approval from Washington.

## A VISIT TO THE ENGINE HOUSE

With engines polished and welcome mats out, the fire departments in all five Pointes will be host to the community during Fire Prevention Week. During this time it is significant that we pay tribute to the men who protect our homes and families.

Great emphasis is being placed on millions of dollars worth of property destroyed

and the countless number of lives lost through fires each year.

The purpose of the fire prevention program is to point out the importance of practicing safety rules, not only during this week, but every day in the year.

Take this opportunity to visit your neighborhood engine house. Learn what you can about checking fire hazards.

## NOVEMBER REMINDER

An event of importance second only to the war in Korea is soon to take place in this country—the November general elections. And if precedent is any portent, about half the eligible voters will stay home on election day. If that happens, it will simply mean that the best organized and most aggressive minority can impose its will upon the American people. The danger becomes greater as the government becomes larger and more powerful. Regardless of the party label of the Administration, politicians will try to stay in office. As the activities of government expand, the evil of patronage expands in direct proportion. In a thousand ways pressure is brought to bear upon larger and larger groups of voters—job promises, funds for local projects, legislative favors. If a Congressman or Senator resists these abuses of trust as a matter of principle he is hooted down by the "realists." A few months ago that very thing happened when Senator Paul Douglas futilely offered amendments to cut some of the wasteful patronage out of the \$1,565,000,000 rivers and harbors bill. In the words of a press report, "Each amendment was greeted with raucous laughter. Each was howled down, and some of the loudest shouts were from those Republican and Southern Democrats who moan most about economy

between appropriation bills. Only one voice was raised in support of Douglas—by Democratic Senator Harry F. Byrd of Virginia who pointed out that, unless whittled down, the rivers and harbors bill eventually would cost the nation \$30,000,000,000."

It is easy to see, in the light of an event of this nature, why the general elections this fall are of grave importance. The vested interest in big government has reached the point where nothing but a record turnout of public spirited voters can alter the trend. There is encouraging evidence that an unprecedented effort is being made to get out the vote. Thousands of rural newspapers are taking part in a nationwide get-out-the-vote campaign. Retailer organizations, labor and business groups are working to stimulate interest. A Denver businessman, after questioning Colorado businessmen and finding that over one-third were not even registered voters, launched his own get-out-the-vote project. This illustrates a curious phenomenon that accounts for the long tenure of so many irresponsible officeholders. Millions of Americans who bear the major tax burden of supporting government show the least interest in going to the polls. Their default is the principle reason why an aggressive minority may decide the fate of the nation in years to come.

## Bethany Offers Informal Series

Sensing an increasing interest in religion and religious matters, members of Bethany Lutheran, E. Outer Drive and Chatsworth, have made arrangements for a series of informal talks on the principles of Christianity.

The first one, planned for Thursday evening, Oct. 12th at 8 p.m., will give information as to "What Is the Bible?"

The talks are designed for the general public and it is hoped that many will take advantage of this opportunity for increasing their religious knowledge.

Children in grades 7 and 8 and also invited to attend similar classes at the church at 10 o'clock on Saturday mornings. Parents or anyone desiring further information are asked to call the church office, T. 5-7721.

### "BROTHER, I CAN SPARE A DIME"

## Michigan Mirror

By GENE ALLEMAN

Baseball, war and politics crammed front pages in Michigan this week. There'll be another world series next year, but no second chance in Korea.

Now it can be told. This year saw the biggest primary turnout (900,000 voters) since 1940. What would happen to baseball if spectator participation reflected such apathy.

But the coming election will get its share of news space in the next month. Both sides are lining up for a slugfest, with the GOP recognizing the heavy Democratic turnout as a call to arms. Both major parties are treading lightly. An error now might reveal a chink in political armor for the opposition to hammer.

When the new state legislature convenes Jan. 1, it will again take time for them to get acquainted. There will be 42 changes.

Sure sign that fall has arrived is the return of children to school—and a lessening of the now annual polio epidemic. Experts report a "better year" in combatting the crippling disease.

Housewives are getting a sur-

prise now that chilly, meat-eating weather is back. While they served cold cuts and potato salad this summer, roasts, chops and even poultry jumped a few cents in price. And eggs are going up even faster despite the fact that the U.S. grade A egg production was the highest on record for the month.

But sugar may go down, officials in the industry state. U.S., European and Cuban crops were highest on record this year. Many a housewife may find herself sweeping around that 50-pound sack in the basement.

Farmers also are coming into the state spotlight over the oleo referendum this fall. The fight for ready-colored oleomargarine has raged for a year now. Both dairy and margarine interests are confident of victory—both are beating the bushes in these last weeks before the people decide the issue for them.

Since the Korean war has taken a turn for the better, the news that half of the Michigan men called for pre-induction examinations have been rejected is not so disheartening. Of 18,384 examined, 9,502 were rejected.

Relief for those inducted—draftees and recruits can fight their bills. While in the service not even income tax evasion can be prosecuted and the service men's family cannot be evicted for non-payment of rent without a special court order.

But if the serviceman gets a Korea he may miss out on his beer ration—at least if the law (Continued on Page 3)

# Al Mann Leads Netters, In High School Tournament

Fall tennis at the high school courts has resulted in approximately 50 boys participating. The fall singles tournament has worked itself down to the semifinals with Al Mann easily leading the field.

The other three remaining contestants are Dick MacKenzie, Bill Rossiter, and Bruce Allen. The finals will be played this week.

In the doubles tournament two factors have thrown the event wide open. The Skip Pessel-Dick MacKenzie. Seeded Uo. 1, combination withdrew because of illness of Pessel and Bob Kopf was substituted for Pessel.

The No. 2 seeded team, Pat Brogan-Bruce Allen, is unable to play because of the broken leg suffered by Brogan in the football game with Ferndale. Anything can now happen with the remaining contestants who are in the quarter-finals.

Saturday a team of ten boys journeyed to Wyandotte. The Wyandotte coach and Coach Schultz agreed to not playing any boy who had already won a letter in tennis which resulted in a show of reserve strength. Wyandotte won the match 4-3 winning the four singles and Grosse Pointe winning the three doubles. With the huge number of boys graduating from last year's varsity squad the Blue Devils need a good replacement group and from the results of this match it is doubtful that it will be forthcoming.

### RESULTS

Ed Hinsman, Wyandotte defeated Jack Westphal, G.P., 6-4; 6-4.  
Charles Davenport, W. defeated Dave Terris, G.P., 6-2; 6-2.

Revere Cleaners broke into the win column for the first time this season by scoring a surprise sweep over dormant Boutin's Service.

And the Turner Buick machine continues to roll. This time it was Cramer Electric who enabled the league leader to maintain its unbroken string.

Max Brown, sponsor of the Pointe Insurance Agency team, finally found the groove and paced his team to a three-point victory over Bruce Wigle. It was Wigle's first point scored in league play. Bob Keher had 547 for the losers.

Not yet up to preseason expectations, Imperial Cleaners, nevertheless, managed to hold the strong Testa Cement Company even, each winning two.

Hall-Dodds, bowling consistently won three from Schulte Hardware who were not so consistent.

Second place teams, Dart In Bar and Belding Cleaners, maintained a tie for that position, each winning three. The former won from Better Made Potato Chips; the latter from Kennelly Catering.

Next Wednesday, unbeaten Turner Buick meets Imperial Cleaners, a team that is fully capable of winning from any team in the league.

## NEWS IN SIGHT

by Dr. Arthur M. Majester, O.D.  
Ever stop to think how often we blink in the course of a day, or in a minute? We don't blink our eyes at the same time or at the same rate. Tests have shown that the involuntary blinking may be as low as twice per minute and goes as high as thirty times per minute. In the voluntary act of winking, you can set your own rate.

This rapid closing and opening of the eyes, voluntary or involuntary, is to protect the eye tissues from dust, cuts down the amount of light that enters the eye, and spreads the tears over the front part of the eye ball.

The eye lids in closing do not come straight down, rather they take on sort of a scissor action.

# Annunciation Trounces St. Paul Squad

Jimmie O'Connor St. Paul playing Annunciation at Water Works Park Sunday, was drubbed 20-6, in their second league game of the season before a comparatively large crowd.

Nick Billardello scored the Cougars' first touchdown in the middle of the first quarter. McDonald kicking the extra point.

Halfway in the second quarter Gabe Ramant sprinted 25 yards around end for Annunciation's second marker, McDonald again kicking the point.

Battling desperately in the third quarter neither team could score although the Cougars were always on the offensive.

In the fourth quarter Larry Nahas caught a pass on the three yard line and bulled his way over for a touchdown. McDonald again kicking missed the point. Then the plucky Flyers took to the air with Jack Trombly passing 35 yards to Gary Fett for St. Paul's only tally. Trombly fumbled the ball missing the point.
